THE ALMA MATER

Words by:

ALVIN M. FOUNTAIN, '23

Music by:

BONNIE F. NORRIS, JR., '23

Where the winds of Dixie softly blow
o'er the fields of Caroline,

There stands ever cherished N.C. State,
as thy honored shrine.

So lift your voices; Loudly sing
from hill to oceanside!

Our hearts ever hold you, N.C. State
in the folds of our love and pride.

CONGRESSMAN J. D. HAYWORTH

U.S. Rep. J.D. Hayworth, R-Arizona, represents Arizona's Sixth Congressional District. He currently is serving his second term in Congress.

Hayworth serves on the House Ways and Means Committee, the first Representative from Arizona to be appointed to this important post. The Ways and Means Committee is responsible for all tax-related legislation as well as issues involving trade, Social Security and Medicare. Hayworth also serves on the Veteran's Affairs Committee and as an Assistant Republican Whip.

A North Carolina State University alumnus, Hayworth earned a bachelor's degree cum laude in speech communication and political science in 1980.

During his first term in the House, Hayworth founded and chaired the Constitutional Caucus, and he sponsored the "Congressional Responsibility Act," which is aimed at improving accountability in the legislative process.

Hayworth also chaired a bipartisan task force that investigated the possible misuse of more than \$2.4 billion in Indian Trust Fund accounts.

He serves on the Natural Resources Committee, the Banking and Finance Committee and the Housing and Community Opportunity Committee.

National Review magazine listed Hayworth as one of the top 10 conservative newcomers to Congress. Hayworth's congressional district is one of the largest geographically in the nation.

Before his election to Congress, Hayworth was a public relations consultant, a radio news commentator and a television sports anchor.

A longtime community activist, Hayworth has been a board member of the American Humanics Program. He has served as a volunteer reader for various community groups and is a speaker for D.A.R.E. He also is active in Boy Scouts.

At NC State, politics and the news media became Hayworth's main interests when injuries ended his football career in his sophomore year. He was elected student body president in his senior year.

Hayworth and his wife, Mary, live in Scottsdale, Ariz., with their three children.

ACADEMIC COSTUME

Academic gowns represent a tradition handed down from the universities of the Middle Ages. These institutions were founded by the Church; the students, being clerics, were obliged to wear the prescribed gowns at all times. Round caps later became square mortarboards; the hoods, originally cowls attached to the gowns, could be slipped over the head for warmth.

Many European universities have distinctive caps and gowns which are different from those commonly used in this country. Some of the gowns are of bright colors and some are embellished with fur. A number of these may be noted in the procession.

The usual color for academic gowns in the United States is black. The bachelor's gown is worn closed, the master's and doctor's may be worn open or closed. The shape of the sleeve is the distinguishing mark of the gown: bachelor--long pointed sleeves; master--oblong, square cut in the back with an arc cut away in front; doctor--bell shaped.

Caps are black. The tassels for the Ph.D. degree are gold and those for other graduate and professional degrees may be of the color corresponding to the trimmings on the hoods.

Of all the components of the academic costume, the hood bears the heaviest symbolic burden. The hood must make clear the level of the degree, the faculty in which it was given, and the institution which awarded it. The level of the degree is shown by the size of the hood, the width of the velvet trimming, and in the case of doctors, by the shape. The bachelor's, master's, and doctor's hoods are three feet, three and one-half feet, and four feet long, respectively. The velvet trimming in the same order is two, three, and five inches and extends all around the hood on the exposed edge. This same trimming identifies the faculty in which the degree was awarded. For each faculty there is a corresponding color; so a glance at the trimming is all that is needed to identify the faculty. A partial list of the colors follows: Agriculture, maize; Architecture and Art, brown; Science, golden yellow; Economics, copper; Education, light blue; Engineering, orange; Forestry, russet; Physical Education, sage green; Religion, scarlet; Speech, silver gray; Veterinary Medicine, gray; Textiles, wine red. The following faculties have the same color--dark blue: Anthropology, History, Languages, Literature, Philosophy, Political Science, Sociology.

ACADEMIC HONORS

Honors participants benefit from a more individualized and rigorous approach to their desired degree through special classes, seminars and individual research.

Undergraduate degree honor designations are:

Cum Laude--for GPA 3.250 through 3.499 (white sash)

Magna Cum Laude--for GPA 3.500 through 3.749 (red sash)

Summa Cum Laude--for GPA 3.750 and above (gold sash)

BONNIE F. NORRIS, JR., '23

Where the winds of Dixie softly blow
o'er the fields of Caroline,

There stands ever cherished N.C. State,

RECESSIONAL (Platform Party only)

The audience is requested to be seated during the Recessional.

ACADEMIC COSTUME

Academic gowns represent a tradition handed down from the universities of the Middle Ages. These institutions were founded by the Church; the students, being clerics, were obliged to wear the prescribed gowns at all times. Round caps later became square mortarboards; the hoods, originally cowls attached to the gowns, could be slipped over the head for warmth.

Many European universities have distinctive caps and gowns which are different from those commonly used in this country. Some of the gowns are of bright colors and some are embellished with fur. A number of these may be noted in the procession.

The usual color for academic gowns in the United States is black. The bachelor's gown is worn closed, the master's and doctor's may be worn open or closed. The shape of the sleeve is the distinguishing mark of the gown: bachelor--long pointed sleeves; master--oblong, square cut in the back with an arc cut away in front; doctor--bell shaped.

Caps are black. The tassels for the Ph.D. degree are gold and those for other graduate and professional degrees may be of the color corresponding to the trimmings on the hoods.

Of all the components of the academic costume, the hood bears the heaviest symbolic burden. The hood must make clear the level of the degree, the faculty in which it was given, and the institution which awarded it. The level of the degree is shown by the size of the hood, the width of the velvet trimming, and in the case of doctors, by the shape. The bachelor's, master's, and doctor's hoods are three feet, three and one-half feet, and four feet long, respectively. The velvet trimming in the same order is two, three, and five inches and extends all around the hood on the exposed edge. This same trimming identifies the faculty in which the degree was awarded. For each faculty there is a corresponding color; so a glance at the trimming is all that is needed to identify the faculty. A partial list of the colors follows: Agriculture, maize; Architecture and Art, brown; Science, golden yellow; Economics, copper; Education, light blue; Engineering, orange; Forestry, russet; Physical Education, sage green; Religion, scarlet; Speech, silver gray; Veterinary Medicine, gray; Textiles, wine red. The following faculties have the same color--dark blue: Anthropology, History, Languages, Literature, Philosophy, Political Science, Sociology.

ACADEMIC HONORS

Honors participants benefit from a more individualized and rigorous approach to their desired degree through special classes, seminars and individual research.

Undergraduate degree honor designations are:

Cum Laude--for GPA 3.250 through 3.499 (white sash)

Magna Cum Laude--for GPA 3.500 through 3.749 (red sash)

Summa Cum Laude--for GPA 3.750 and above (gold sash)

CONGRESSMAN J. D. HAYWORTH

U.S. Rep. J.D. Hayworth, R-Arizona, represents Arizona's Sixth Congressional District. He currently is serving his second term in Congress.

Hayworth serves on the House Ways and Means Committee, the first Representative from Arizona to be appointed to this important post. The Ways and Means Committee is responsible for all tax-related legislation as well as issues involving trade, Social Security and Medicare. Hayworth also serves on the Veteran's Affairs Committee and as an Assistant Republican Whip.

A North Carolina State University alumnus, Hayworth earned a bachelor's degree cum laude in speech communication and political science in 1980.

During his first term in the House, Hayworth founded and chaired the Constitutional Caucus, and he sponsored the "Congressional Responsibility Act," which is aimed at improving accountability in the legislative process.

Hayworth also chaired a bipartisan task force that investigated the possible misuse of more than \$2.4 billion in Indian Trust Fund accounts.

He serves on the Natural Resources Committee, the Banking and Finance Committee and the Housing and Community Opportunity Committee.

National Review magazine listed Hayworth as one of the top 10 conservative newcomers to Congress. Hayworth's congressional district is one of the largest geographically in the nation.

Before his election to Congress, Hayworth was a public relations consultant, a radio news commentator and a television sports anchor.

A longtime community activist, Hayworth has been a board member of the American Humanics Program. He has served as a volunteer reader for various community groups and is a speaker for D.A.R.E. He also is active in Boy Scouts.

At NC State, politics and the news media became Hayworth's main interests when injuries ended his football career in his sophomore year. He was elected student body president in his senior year.

Hayworth and his wife, Mary, live in Scottsdale, Ariz., with their three children.
