## ACADEMIC COSTUME

Academic gowns represent a tradition handed down from the universities of the Middle Ages. Universities were founded by the church and students, being clerics, were obliged to wear the prescribed gowns at all times. Round caps later became square mortarboards. The hoods, originally cowls attached to the gowns, could be slipped over the head for warmth.

Many European universities have distinctive caps and gowns different from those commonly used in this country. Some of the gowns are brightly colored and some are embellished with fur. A number of these may be noted in the procession.

Traditionally, the color for academic gowns in the United States is black. However, many institutions have chosen to use their school color for undergraduate robes as is evidenced by the Wolfpack red you are seeing today. The bachelor's gown is worn closed, the master's and doctor's may be worn open or closed. The shape of the sleeve is the distinguishing mark of the gown: bachelor's have long pointed sleeves; master's are oblong, square cut in the back with an arc cut away in front; doctor's are bell shaped.

The tassels for the Ph.D. degree are gold, and those for other graduate and professional degrees may correspond to the trimmings on the hoods. Of all the components of the academic costume, the hood bears the heaviest symbolic burden. The hood must make clear the level of the degree, the faculty in which it was given, and the institution that awarded it. The level of the degree is shown by the size of the hood, the width of the velvet trimming, and in the case of doctors, by the shape. The bachelor's, master's and doctor's hoods are three feet, three and one half feet, and four feet long, respectively. The velvet trimming in the same order is two, three, and five inches and extends all around the hood on the exposed edge. This same trimming identifies the faculty in which the degree was awarded. For each faculty there is a corresponding color, so a glance at the trimming is all that is needed to identify the faculty.

The tassel for master's candidates corresponds to the following colors: Agriculture, maize; Architecture and Art, brown; Science, golden yellow; Economics, copper; Education, light blue; Engineering, orange; Forestry, russet; Physical Education, sage green; Religion, scarlet; Speech, silver gray; Veterinary Medicine, gray; Textiles, wine red. Anthropology, History, Languages, Literature, Philosophy, Political Science and Sociology are all dark blue.

## ACADEMIC HONORS

Undergraduate degree honor designations are noted on transcripts and diplomas for the following grade point averages.

- Cum Laude - for GPA of 3.250 through 3.499 (white sash)
- Magna Cum Laude - for GPA of 3.500 through 3.749 (silver sash)
- Summa Cum Laude - for GPA of 3.750 and above (gold sash)

Students have the opportunity to participate in several programs that provide a more individualized and rigorous approach to learning through special classes, seminars, and research. Participants in the University Honors Program, University Scholars Program, the Park Scholars Program, the Caldwell Scholars Program, and college or departmental honors programs are listed in the full graduation program.

## THE ALMA MATER

ALVIN M. FOUNTAIN, '23

*Music by:*  
BONNIE F. NORRIS, JR., '23

Where the winds of Dixie softly blow  
o'er the fields of Caroline,

There stands ever cherished N.C. State,  
as thy honored shrine.

So lift your voices; Loudly sing  
from hill to oceanside!

Our hearts ever hold you, N.C. State  
in the folds of our love and pride.

## COMMENCEMENT SPEAKER

### *Philip Rivers*

---

Philip Rivers, a record-setting passer for North Carolina State University, is the starting quarterback for the National Football League's San Diego Chargers. The 2003 Atlantic Coast Conference Player of the Year, Rivers started all 51 games at quarterback for the Wolfpack over his four-year career. He rewrote the record books for both NC State and the ACC in every passing and total offense category. Rivers ended up the second leading passer in NCAA history with 13,484 career passing yards and finished tied for fifth in NCAA history with 95 career touchdown passes.

He capped off his career with a stellar senior season in which he led the nation with a 72.0 completion percentage and 170.49 pass efficiency rating. Rivers became the first quarterback in ACC history, and only the seventh in NCAA history, to throw for 3,000 yards in three different seasons. His jersey, number 17, was retired before his final home game on November 22, 2003. He graduated with a degree in business management in December 2003.

A first-round draft choice, Rivers was selected by the New York Giants with the fourth pick of the 2004 NFL Draft and was traded to the San Diego Chargers minutes later. He has been selected to the NFL Pro Bowl four times. He is the Chargers' all-time leader for career completion percentage (63.5 percent) and passer rating (95.5). He is coming off a milestone 2011 season with 27 touchdown passes and 4,624 passing yards, and is closing in on 25,000 career passing yards and 200 career touchdown passes. He was selected by teammates as the Chargers' Most Valuable Player for four consecutive seasons.

Rivers grew up in Decatur, Alabama. His dad, Steve, a former linebacker at Mississippi State, was the head football coach at Decatur High School, and Rivers was a water boy for the team. Shortly before Rivers was set to enroll at Decatur, his dad took the head coaching job at nearby Athens High School, and Rivers followed. He played linebacker as a sophomore and moved to quarterback as a junior. Since his first season under center at Athens, Rivers has never had a losing record.

Off the field, Rivers was named one of three finalists for the prestigious Walter Payton NFL Man of the Year Award for his work with the Rivers of Hope Foundation. Rivers and his wife, Tiffany, launched the foundation in 2010 to help unwanted, abandoned and orphaned children find permanent loving homes. The Rivers of Hope Foundation has raised more than \$650,000 through football camps and a 5K fun run, and Rivers personally contributes 100 percent of his off-the-field revenue to the foundation. Additionally, Rivers and teammate Quentin Jammer partnered to help fund the creation of a football stadium for San Pasqual Academy, a first-in-the-nation residential education campus designed specifically for foster teens.

Philip and Tiffany have six children – four girls and two boys.

## HONORARY DEGREE RECIPIENTS

### *Robert B. Jordan, III*

*Honorary Degree Recipient - Doctor of Sciences*

---

Robert B. Jordan, III is a business and civic leader who has worked to improve education and economic opportunity throughout a career spanning more than half a century. Born and raised in Mount Gilead, he grew up in a family that valued community involvement and public service. For inspiration, he looked to his father, a founder of Jordan Lumber, the family business.

In 1954 Jordan graduated with honors from North Carolina State University with a degree in forestry, and then served two years in the U.S. Army. A month after he returned home, Jordan joined the town council, beginning his record of public service that continues to this day.

In 1958 he married Sarah Cole, a Raeford schoolteacher. Together, they immersed themselves in business, community and public life.

In 1961 Jordan became one of the youngest members of the UNC Board of Trustees, where he was instrumental in expanding the system and forming the Board of Governors and the 16-campus system. As an original member of the Board of Governors, he chaired the committee that studied the establishment of a medical school at East Carolina University. In 1976 Jordan was elected to the North Carolina Senate, where he served four consecutive terms and promoted sound fiscal policy and championed children's issues. He served as lieutenant governor from 1985 to 1989, using the strength of the office to lead efforts to improve access to education. He promoted the creation of the Recreational and Natural Heritage Trust Fund to purchase and preserve land for future generations.

Jordan has served on the State Board of Education, State Board of Community Colleges, Southern Regional Education Board, board of directors of the North Carolina Rural Economic Development Center and member of the Board of Trustees for UNC-Charlotte. At NC State, his leadership has been tremendous, serving as a member of the Board of Trustees and chairing the 2004 and 2009 Chancellor Search Committees. He has received numerous awards and honors for his service to the state, including the North Carolina Farm Bureau Distinguished Service Award, Darrell Menscer Cup, North Carolina Award for Public Service, North Carolina Forestry Association Distinguished Service Award, Honorary Doctor of Laws from the University of North Carolina at Charlotte, Honorary Doctor of Humanities from the Methodist College, Beal Award and Watauga Medal, to name a few.

## UNIVERSITY MACE

The NC State University Mace is carried by the chief faculty marshal, a position held by the chair of the faculty. The academic mace, derived from a medieval weapon, represents the need to protect and nurture the fragile search for knowledge. The NC State University Mace has been specifically designed for this community. Each aspect of the mace represents an important characteristic of the university.

When freestanding, the mace is supported in a base of North Carolina stone representing the foundation of knowledge and the dependence of this academic community on the support of the people. At the base of the mace is a brass ring with the names of individuals who have held the position of chancellor, indicating the contribution of generations of academic leaders to the formation and maturation of NC State University.

The long lower fluted handle is the primary means by which the mace is grasped, representing the responsibility for the stewardship of knowledge. The shorter fluted, upper handle is the primary means by which direction is shown, and therefore represents the responsibility for guardianship. A block embedded with the seal of the university on four faces represents the university community and its charge to reach out in all directions. At the top of the mace is a geometric progression of layers representing the continual experimentation and testing of knowledge within the NC State academic community. At the very top of the mace is a bronze prong symbolizing the continual exploration that energizes our community.

The mace is fashioned from burl walnut recovered from a North Carolina tree felled in a storm, emphasizing the need to make wise use of resources even in difficult circumstances. The wood is a gift of the Jordan family, representing the importance of the generosity of the people of North Carolina to the university. The wood is complemented by bronze and silver fittings emphasizing the precious nature of the academic experience in society. During the course of fabrication, an error was made. After much discussion, the design team decided to make the revisions necessary to correct the error rather than refabricate the flawed component. This adjustment, difficult to identify, represents the valuable lessons learned from failure as an essential component of the university experience.

The mace was designed and fabricated by a team that included College of Design Dean Marvin J. Malecha, Chris Jordan (1975, Product Design), Jack Lancaster and Jim Dean (1983, Product Design) in the College of Design Materials Laboratory.

## UNIVERSITY MEDALLION

The NC State University Medallion is worn by the Chancellor for ceremonial occasions such as commencement, convocations and installations.

It is similar to the University Mace. Both come from ceremonies of the Middle Ages, during which time the modern university developed. Today, universities create medallions to commemorate special events, the contributions of exceptional individuals and recognition of those in positions of responsibility.

The NC State Medallion is designed with various symbols that describe characteristics of the university. The design features two circles, one small and one large on opposite ends of the necklace, representing the diverse nature of the academic community. The large circle, which joins the chain, is inscribed with the university's year of founding (1887) as a tribute to the vision of the founders. The necklace also consists of etched metal plates, chained together in a whole, signifying the many voices that comprise the NC State community. The medallion hangs from the necklace and features the NC State seal, a representation of the responsibility and authority of the Chancellor.

The necklace and medallion are made out of customized gold-plated brass, a strong material that represents NC State pride and the wealth of knowledge within the university.

Mary Ann Scherr was the first to design the medallion and necklace. It was redesigned by a team that included College of Design Dean Marvin J. Malecha, Chris Jordan (1975, Product Design), Jack Lancaster and Sarah Tector.

## GREETINGS FROM THE ALUMNI PRESIDENT

Dear 2012 NC State Graduate:

Congratulations. I welcome you to the NC State alumni family - more than 180,000 strong.

Through hard work and diligence, you have succeeded in making a dream come true: a college education. Your NC State degree will change your life forever. I am proud that NC State has played a pivotal role in your life, and I urge you to stay connected to your alma mater through membership in the NC State Alumni Association.

Your membership will keep you connected to friends and classmates through an e-mail forwarding address and online directory. Our award-winning NC State magazine will highlight the accomplishments of your fellow alumni (or your own).

Through our monthly Prowling Pack e-newsletter, keep informed about events and the latest campus news. Our Web site - [www.alumni.ncsu.edu](http://www.alumni.ncsu.edu) - provides countless opportunities for staying connected and providing feedback.

The Alumni Association can be your home away from home, wherever you go. We have active alumni networks throughout North Carolina and across the nation. We'll roll out the red carpet for you for Homecoming, reunions, travel offerings and special events. Alumni Career Services can help you pinpoint job opportunities to advance your career. And we'll welcome you with open arms at NC State's new alumni home: the Dorothy and Roy Park Alumni Center, located on shores of Lake Raleigh on Centennial Campus.

Join us and stay Red & White for Life. We'll keep you connected, involved and informed. We'll nurture the pride you feel today for NC State into a lifelong bond.

Go Wolfpack!

Robert A. Barnhardt  
President, NC State Alumni Association Board of Directors
