# FOREWORD

In publishing the 1952 AGROMECK we, the staff, try to put into the hands of every student a pictorial review of a year's activity at State College. In doing so, the AGROMECK Staff strives to produce the finest annual possible, so that it will serve as a lasting memory of those pictured in it and the college from which it originates. We consider this to be the purpose of the AGROMECK; and if we have accomplished it with your approval, we are more than gratified.

*In memory*

NORWOOD WADE WILLIAMS

ROBERT H. RUFFNER

WILLIAM L. CLEVINGER

## *of outstanding service*

MR. WILLIAMS was born in Johnston County, October 17, 1895, and was educated in the Johnston County public schools. He was a veteran of World War I. He received two degrees in poultry science at North Carolina State College and had been a member of the faculty of State College since 1925. Mr. Williams was a Professor of Poultry Science and also served as coach of the Poultry Judging Team.

---

1895-1951

MR. RUFFNER was born in Warrenton, Virginia, May 22, 1882. He studied at William and Mary, the University of Maryland, and Cornell University. He received his bachelor's degree at Maryland in 1908 and joined the State College faculty in 1919 where he received his master's in 1931. One of the best known members of the college faculty, Professor Ruffner retired last year as head of the Department of Animal Industry after serving the institution for 30 years as teacher and in official capacities. Since his retirement, he had had charge of the State College dairy herd.

---

1882-1951

MR. CLEVINGER was born October 7, 1881, in Fletcher, Ohio. He had been a member of the State College faculty since August 1, 1923. Professor Clevenger received his B.S. degree in Agriculture from Ohio State in 1906 and his M.S. in Animal Husbandry at State in 1932. He served State College both as Professor of dairy manufacturing and as specialist of the Agricultural Extension Service. In March, 1951, the dairy processing industry of North Carolina created the "W. L. Clevenger Research Fellowship in Dairy Manufacturing" to provide a graduate training program at N. C. State.

# DEDICATION

To a man who has long been a leader in the field of Agriculture, whose time has been spent unselfishly in raising the standards in his school until it is one of the best in the country and yet is so humble and down to earth that his students call him a "swell fellow," we feel privileged to dedicate the 1952 AGROMECK to DR. JAMES H. HILTON.

## SCHOOL OF AGRICULTURE

Agriculture is basic to North Carolina's whole economy. Today changes are taking place in the state's agriculture which will have a profound effect on the lives of all of our people.

The School of Agriculture is attuned to the training of men to meet these new changes in the various fields of agricultural sciences. Various curricula have been developed which will enable students to select the field of work in which they are most interested and best qualified to serve.

### DEPARTMENT HEADS

- C. H. BOSTIAN, *Director of Instruction*
- D. S. WEAVER, *Agricultural Extension Division*
- R. W. CUMMINGS, *Agricultural Research*
- H. B. JAMES, *Agricultural Economics*
- L. E. COOK, *Agricultural Education*
- G. W. GILES, *Agricultural Engineering*

- D. W. COLVARD, *Animal Industry*
- D. B. ANDERSON, *Biological Sciences*
- R. S. DEARSTYNE, *Poultry Science*
- M. E. GARDNER, *Horticulture*

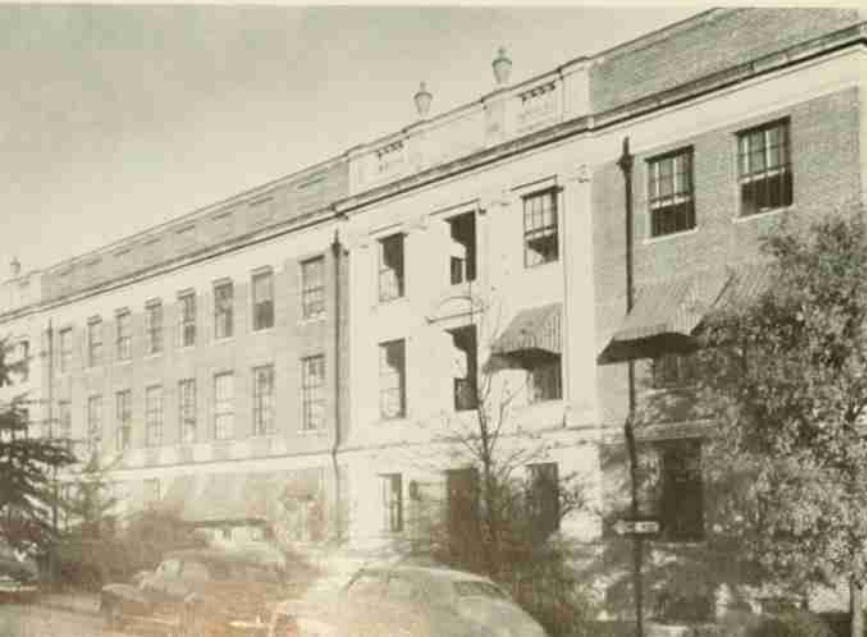

## SCHOOL OF DESIGN

The School of Design is devoted to the development of organic architecture and the related arts to meet the needs and conditions of the southern regions.

As the only Department of Architecture in the State and the only Department of Landscape Architecture in the region, the opportunities are unlimited for the School's graduates to contribute to the solution of problems in building design, planning and general construction.

HENRY L. KAMPHOEFNER, *Dean*

### DEPARTMENT HEADS

- H. L. KAMPHOEFNER, *Architecture*
- MORLEY J. WILLIAMS, *Landscape Architecture*

J. H. LAMPE, *Dean*

## SCHOOL OF ENGINEERING

### DEPARTMENT HEADS

W. E. ADAMS, *Director of Instruction*  
 W. W. KRIEDEL, *Ceramic*  
 E. M. SCHOENBORN, *Chemical*  
 R. E. FADUM, *Civil*  
 C. G. BRENNER, *Electrical*

 D. E. HENDERSON, *Industrial*  
 KARL P. HANSON, *Mechanical*

The School of Engineering offers technical and engineering instruction to meet the needs of the people and industries of North Carolina.

In keeping with the rapid industrial development in North Carolina, the School of Engineering is an effective contributor through its modern educational program and research activities. The School's curricula and outstanding research department provide educational facilities for students who seek an opportunity to be a part of the industrial and scientific growth of the State.

M. E. CAMPBELL, *Dean*

## SCHOOL OF TEXTILES

Continuous development of new fibers, new fabrics, new processes and equipment has made the textile industry not only the second largest, but also one of the most colorful, most fascinating, and most dynamic in our economic life.

With new and improved technology in the Textile Industry, there comes a demand for men with technical training to meet and solve its problems. It is the main objective of the School of Textiles to provide the training in Textiles which, coupled with practical experience following graduation, equips young men to assume positions of real responsibility in the industry.

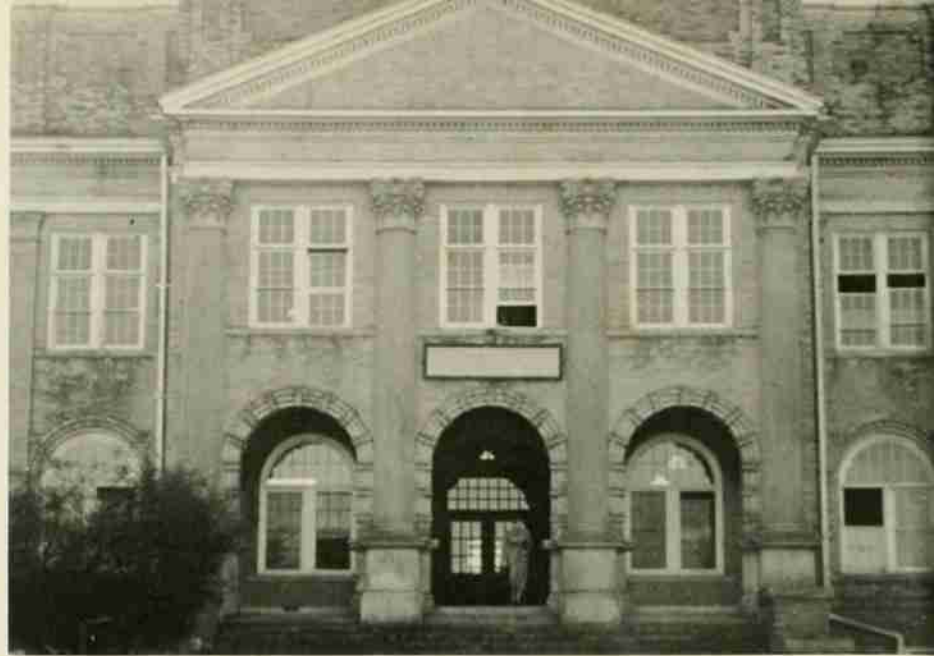

### DEPARTMENT HEADS

C. M. ASHILL, *Research Engineer*  
 H. F. SCHIEFER, *Research*  
 E. B. GROVER, *Yarn Manufacturing*

J. BRYANT KIRKLAND, *Dean*

## SCHOOL OF EDUCATION

The School of Education offers the training required to attain a teacher's certificate in Mathematics and Science, Vocational Agriculture, Industrial Arts, and Industrial Education. The curriculum in each of these departments is designed to aid prospective teachers in acquiring an understanding of high school students and in selecting and using acceptable teaching methods. The school also provides undergraduate training for recreation leaders in industrial and rural areas.

Programs are offered at the graduate level for those who wish to attain further professional development in these fields.

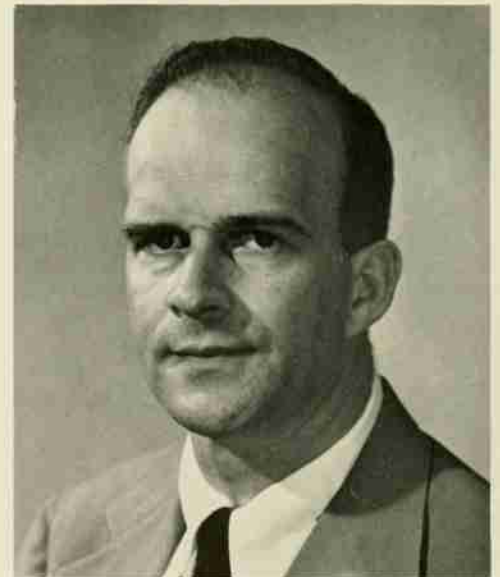

### DEPARTMENT HEADS

- L. E. COOK, *Agricultural Education*
- IVAN HOSTETLER, *Industrial Arts*
- L. B. BERES, *Industrial Education*
- T. I. HINES, *Industrial and Rural Recreation*
- ROY N. ANDERSON, *Occupational Guidance*
- D. J. MOFFIE, *Psychology*

## SCHOOL OF FORESTRY

The growing demand for forest products, coupled with the progressive depletion of the forests, has brought a rapid increase in the demands for trained foresters. Forests are one of the most important and fundamental resources of the Southeast. Wood products industries rank second to textiles as a source of employment in manufacturing.

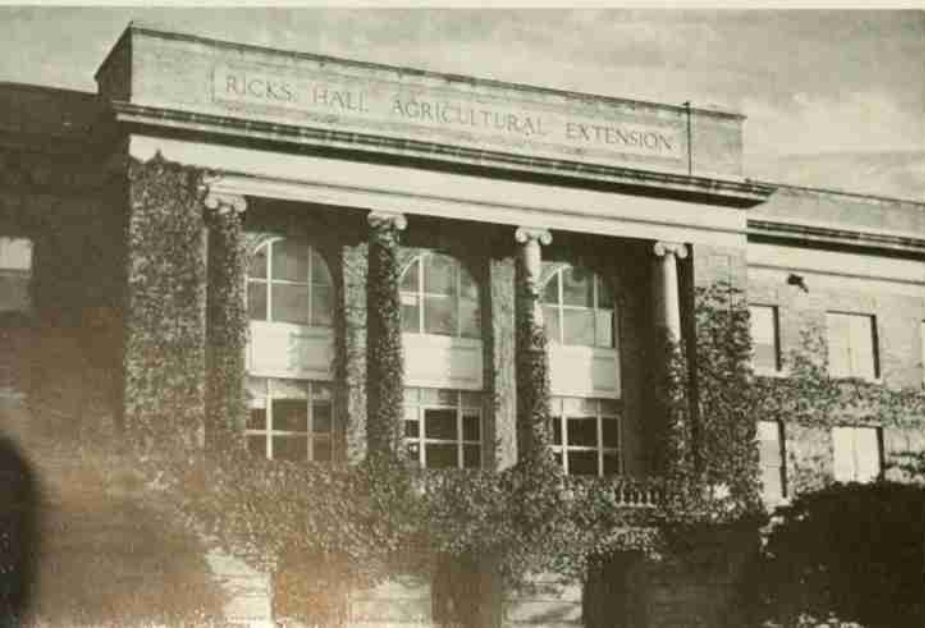

The School of Forestry offers undergraduate and graduate instruction in the fields of forest management, wood technology, pulp technology, and lumber products merchandising.

R. J. PRESTON, *Dean*

### DEPARTMENT HEADS

- D. A. STECHER, *Wood Products Laboratory*
- R. M. CARTER, *Wood Utilization*

J. W. SHIRLEY, *Dean*

## BASIC DIVISION

### DEPARTMENT HEADS

L. C. HARTLEY, *English*  
 P. W. EDSELL, *History and Political Science*  
 H. A. FISHER, *Mathematics*  
 L. E. HINKLE, *Modern Languages*

 R. O. MOEN, *Economics*

We feel we are training leaders for great responsibilities. As the problems which they must solve will never be free of economic, social and cultural implications, so must their education combine the humanities and social sciences with their technical studies.

In co-operation with the various schools of the college, the Division has planned its program for all students with the conviction that familiarity with the humanities and social sciences must coincide with thorough technical training to provide the background for responsible citizenship and for intelligent leadership.

D. B. ANDERSON, *Dean*

### DEPARTMENT HEADS

R. W. CUMMINGS, *Agriculture*

## GRADUATE DIVISION

The Graduate Division provides graduate training in the sciences and technologies of Agriculture Engineering, Textiles and Vocational Teacher Training. Graduate Students have the advantages offered by the Agricultural Experiment Station, the Engineering Experiment Station, and the Research Laboratories of the Textile School, in addition to the regular laboratories used for instruction.

Individually developed courses of study lead to the degrees of Master of Science and Doctor of Philosophy.

## THE GOLDEN CHAIN

*Senior Honorary*

Golden Chain, Senior Honorary Society, was organized in May, 1926. The purpose of the society is to promote better citizenship and leadership on the campus. In May each year, twelve Juniors, considered the outstanding members of their class, are added to the Chain by a tapping ceremony at the Memorial Tower.

Blue Key Honor Fraternity was founded at the University of Florida in October, 1924, to perpetuate belief in God, to preserve the principles of good citizenship, and to promote the best interest of the students.

The fraternity recognizes outstanding qualities in character, scholarship, and service, placing equal emphasis upon leadership in student activities. Membership is composed of graduate and undergraduate students of all departments of American colleges and universities.

Each year Blue Key co-sponsors the Homecoming Celebration and a dance following the Homecoming game. Annually, the fraternity presents the citizenship award to the senior who has distinguished himself as the foremost citizen of his class. In addition, Blue Key cooperates with other campus organizations in various activities to perpetuate a more meaningful campus life.

# STATE COLLEGE

# MILITARY STUDIES

COLONEL SAMUEL A. GIBSON, *Ret.*  
*Coordinator*

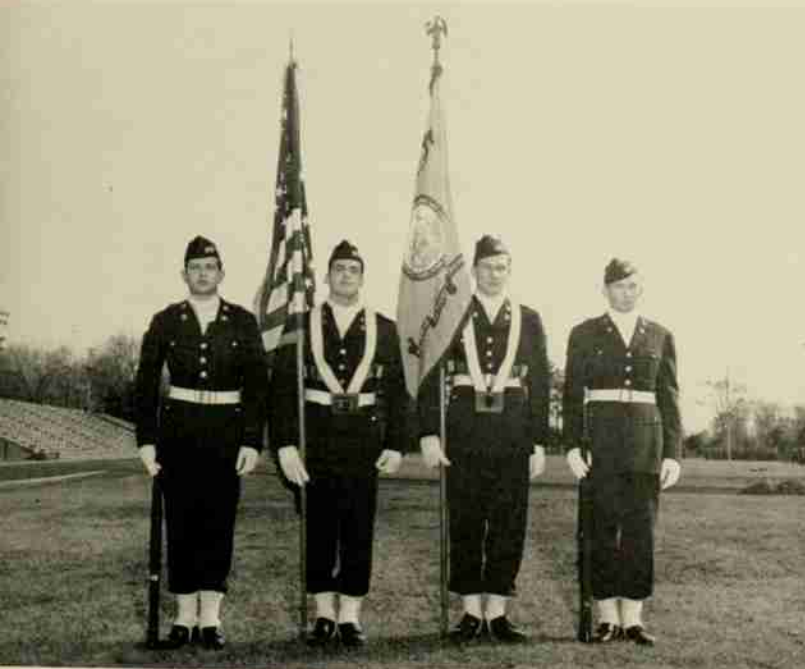

## ARMY

The Department of Military Science and Tactics headed by the Professor of Military Science and Tactics (PMS&T) directs Army R.O.T.C. training at State College in accordance with programs of instruction prepared by the Department of the Army. This training which consists of both classroom and drill field instruction includes basic and advanced study in any one of five branches of the Army: Infantry, Corps of Engineers, Signal Corps, Quartermaster Corps and Ordnance Corps.

## AIR FORCE

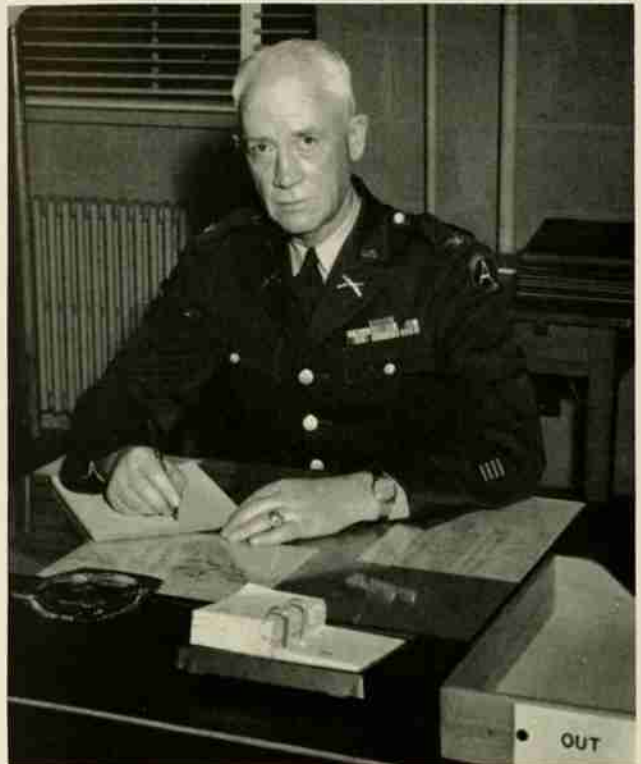

The mission of the Air Force Staff at State College is the training of officer specialists for the rapidly expanding United States Air Force.

Under the supervision of a highly competent staff of commissioned and non-commissioned officers, the Air Force Training Program at State College is sending on active duty young officers trained under the highest military and academic standards.

# THE 1952 AGROMECK

This is the Fiftieth Edition of the AGROMECK. This golden anniversary will be represented by a formal and unpretentious book but one of which the staff is proud because to us it represents a year of hard work and study. It also means to us, as it should to you, a catalog for future memories of four important years. The 1952 AGROMECK is a pictorial review of college, yours and ours, which was possible only through your presence and participation in campus activities. We hope you like it.

A consistent award winner for excellence among North Carolina collegiate publications, *The Technician* has for thirty-two years been published weekly by the students of the college.

As the only financially self-sustained publication with a minimum contribution from student fees, it offers unlimited opportunities in training and experience for creative writing, reporting and salesmanship.

Salaried positions are available to those who qualify for them; the editor and business manager having been elected during Spring term in campus-wide elections.

The primary function of the student branch of the American Institute of Electrical Engineers is to promote professional interest in this field and to develop latent abilities of its members.

The student branch of the Institute of Radio Engineers aims to promote fellowship among students interested in communications. Interesting speakers from the radio industry are brought to the campus by the organization.

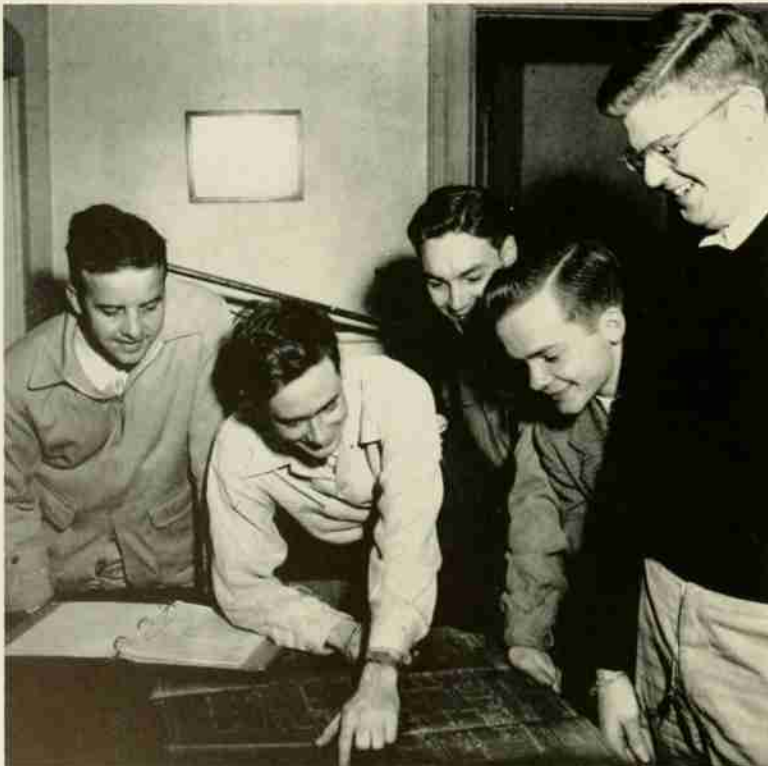

# W V W P

WVWP, The Voice of the Wolfpack, brings programs of special interest to State College students each week night. This radio station is staffed entirely by students and during the past year brought announcements and disc jockey presentations over the airwaves. Within the past few years the radio station has been remodeled extensively, and the coverage has been increased to a great degree.

## THE AGRICULTURIST

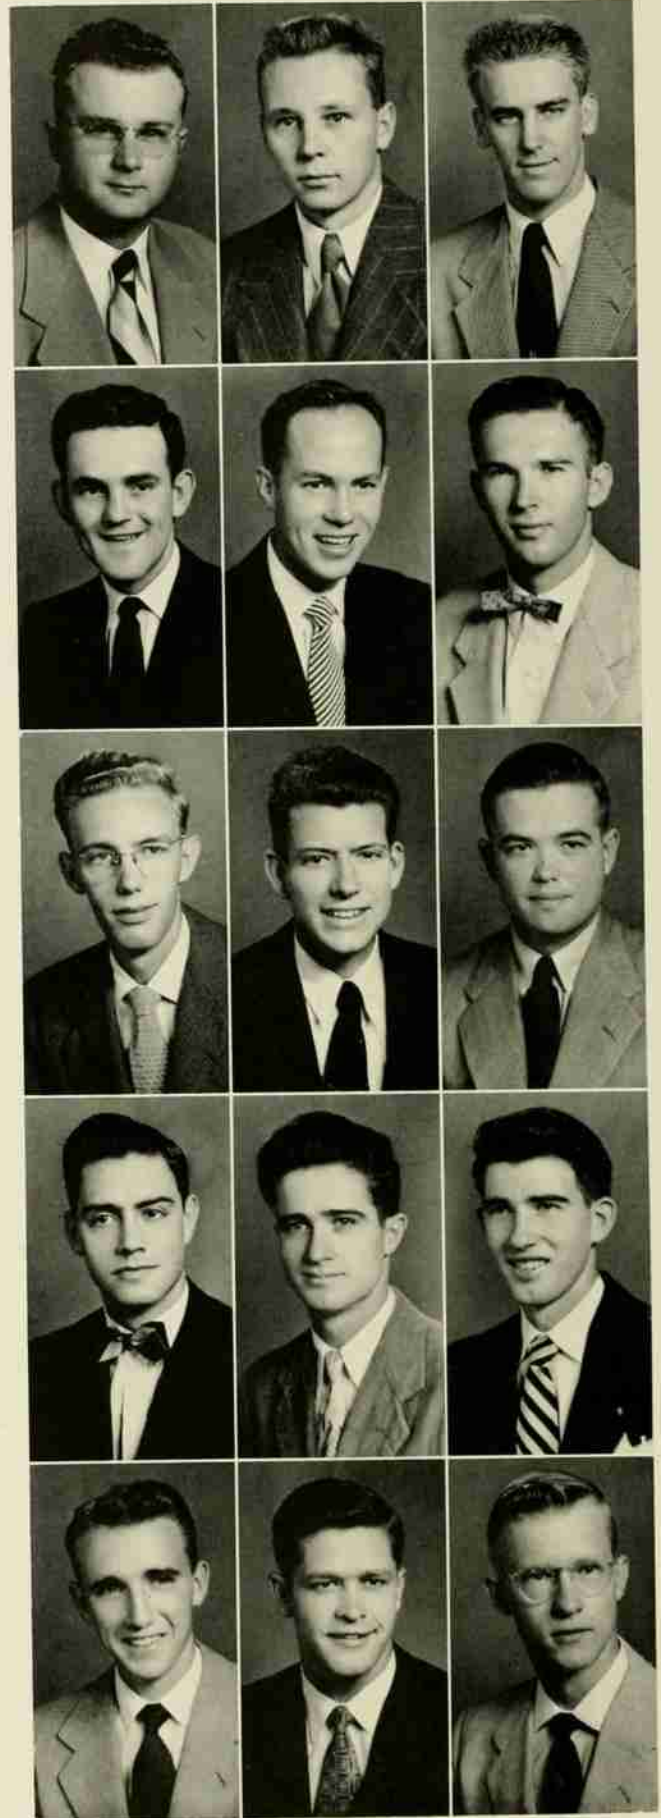

The *Agriculturist* is the official organ of the School of Agriculture and the "Ag" Club. It is published six times a year. This magazine, by printing articles on soils, livestock, and other items that are invaluable to agriculturists, promotes closer co-operation between students, faculty, and alumni. The *Agriculturist* serves as an important mode of publicity both within this state and others.

## PINETUM

The *Pinetum* is the annual publication of the Forestry Club. For the past 20 years it has been the major outlet for activities of the students in the Forestry School. The book is an attractive reminder of good times together, as it contains pictures of graduating seniors, camp events, and trips. The alumni maintain a knowledge of the whereabouts of each other through the alumni section of the book.

## TEXTILE FORUM

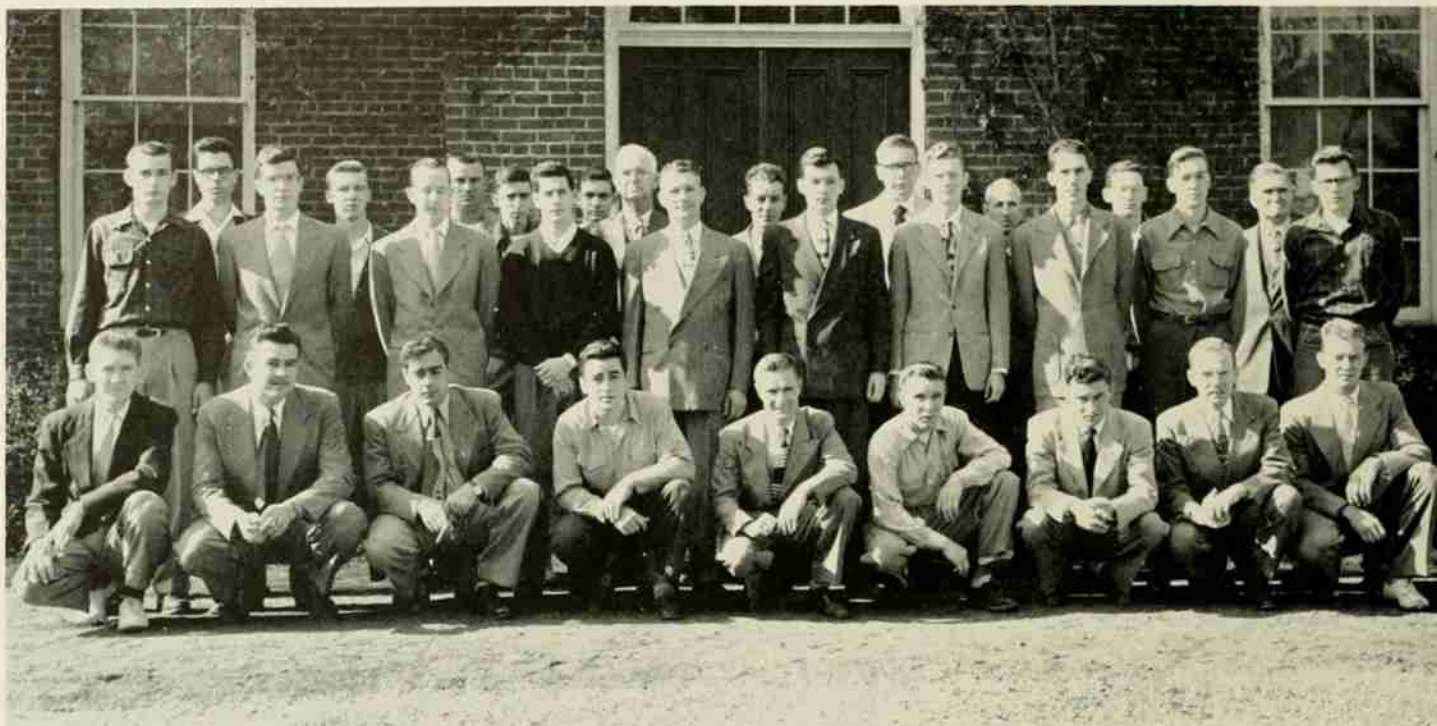

The *Textile Forum* carries articles of technical interest by members of the faculty, by men who are actively engaged in the textile industry, and by students themselves. Through this means it serves as an important link between the textile industry and the students of the School of Textiles. This magazine is published quarterly and is sent to leading mills throughout the country. Two members of the faculty are on the Editorial Board, and they recommend the appointment of an editor and a business manager each year. This Board consists of Dean M. E. Campbell and Prof. E. B. Grover.

This spring marks the end of the fourth year since the Cosmopolitan Club was founded on the State College campus. The club serves as a means of fostering friendship and better understanding among the students of other nations as well as with the American students.

Social and recreational activities have been held throughout the year. Parties with other colleges such as W.C., U.N.C., Duke, and Meredith are included in the social events. As recreational activities there have been tournaments in ping-pong, chess, checkers, dominoes, bridge, canasta, and bowling.

# CAMPUS GOVERNMENT

It is the purpose of the Student Government to handle all matters of student conduct, honor, and general student interest; and to promote in campus life self-control, personal responsibility, and loyalty to the college and to the student body. Every duly registered student of North Carolina State College automatically becomes a member of the Student Government and is subject to the jurisdiction of its legislative branches.

The Student Government is valuable to the students in that it develops a sense of responsibility in the student and trains him along lines which are conducive to good citizenship.

## ENGINEERS' COUNCIL

The Engineers' Council is composed of elected representatives of the various engineering societies on the campus. The primary function of this group is to coordinate the activities of the engineering societies represented. Each year the Engineers' Council sponsors the Engineers' Exposition. It is also responsible for directing the publication of the *Southern Engineer*. Another outstanding event sponsored by the Council is the knighting of outstanding engineering students into the Order of St. Patrick. The outstanding senior engineering student is recognized and given a gift by the Council. Scholarship is encouraged at the freshman level by selecting the two outstanding Freshmen from each department as Companions of St. Patrick.

## INTERDORMITORY COUNCIL

The Interdormitory Council is composed of the President and Vice-President of each Dormitory Club on the campus. The purpose of the Council is to promote a co-operative and progressive attitude in the minds of the students, to consider and work for the benefit of the dormitory occupant, and to better his life socially, physically, and morally.

During its existence the Council and Dormitory Clubs have done much to better our school spirit, our intra-mural program, and to give the students in the dormitories a schedule of social activities never known before on this campus. The future success of this organization depends primarily upon the continued work and co-operation of all the students in the dormitories.

Developing the personality of the citizens of the college community in the Christian tradition stands as the objective of the Young Men's Christian Association. Students, faculty, and staff earnestly attempt to enrich the college experience through a co-operative program of worship. Christian conviction and Christian service we consider as invaluable assets to the full life.

Related to the activities of the Y.M.C.A. are its many service features: the reading rooms, the student lounges, information and telegraph facilities, telephones, meeting rooms and game room which have been a constant accommodation to the college populations. The development of leaders of high principles through a religious, educational, and social program, however, remains the primary purpose of the organization.

Alpha Zeta was founded at Columbus, Ohio, on November 4, 1897. The North Carolina chapter was the eighth of forty-five chapters and was chartered in 1904. Its aims are perhaps best expressed in the words of its founders: "Alpha Zeta was established neither as an honorary nor as a social fraternity, but as a professional fraternity in whose membership shall be combined the qualities of high scholarship, fine fellowship, and sound character. These are the vital qualities of real leadership, and it was the actual potential leadership in the field of agriculture for which the fraternity was established to encourage and develop."

The "Ag" Club is an organization whose membership includes all students in the School of Agriculture and the Department of Agricultural Education in the School of Education.

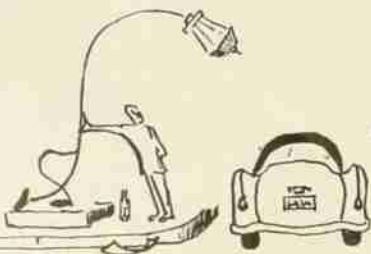

The Club sponsors educational and recreative events such as the Student's Ag Fair (held in conjunction with the N. C. State Fair), the Barnwarming, the Students' Livestock Day, the "Ag" Club picnic, hayrides, and smokers.

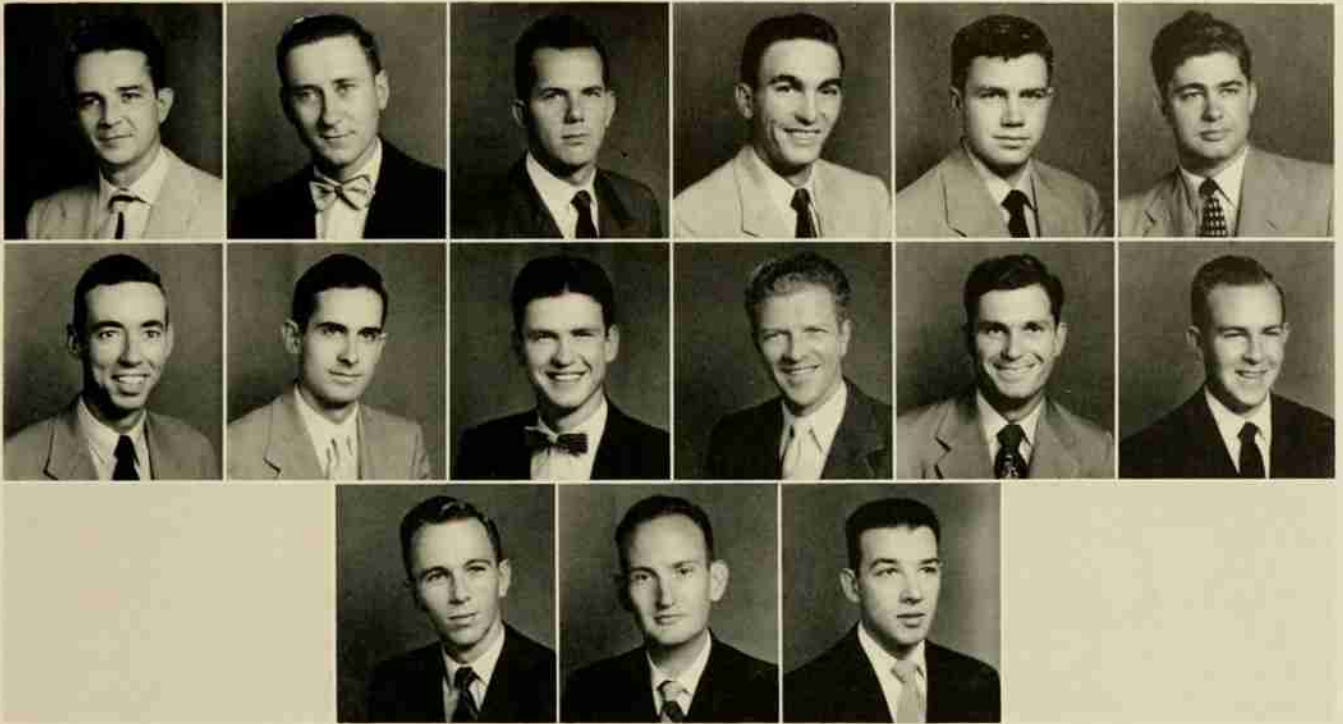

At the weekly meetings, members enjoy informative talks, illustrated lectures, educational movies, and stunt programs. The "Ag" Club publishes its own technical publication, *The N. C. State Agriculturist*, one of the finest college student technical publications anywhere.

Since its organization around 1917, the club has been student governed with the faculty members acting only in an advisory capacity. The student members plan and execute all of its activities.

The Cadet Officers' Association is an organization composed of men from each year and each branch of the army.

The purpose of the Cadet Officers' Association is to encourage and to promote in R.O.T.C. students a greater

interest in this college, community, and country, and to enable the members to meet other men with whom they may serve a tour of duty in the army.

The club has grown from 40 last year to 500 this year.

# ERNITY COUNCIL

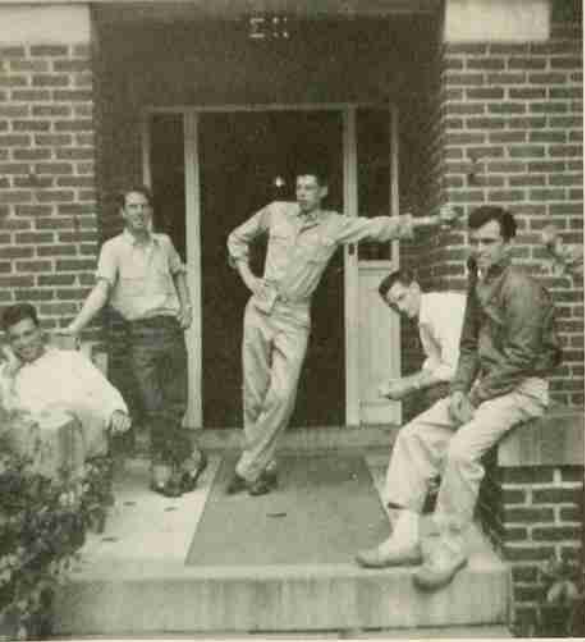

The Interfraternity Council was organized in the Spring of 1931 through the efforts of the College Administration and the fraternity leaders. The purpose of the Council is "to advance the interests of North Carolina State College; to promote the general interests and welfare of the associated fraternities as a body; and to insure co-operation between them in their relations with the faculty, student body, and the public in general." The Council is composed of two representatives from each chapter, elected by the chapter.

As the social feature of the college year, the Council sponsors three series of dances—the Pledge Dances in the fall term; the Mid-Winters in the winter term; and Spring Finals on the week-end preceding commencement.

Sigma Nu originated from the Legion of Honor, a secret society organized in 1868 at the Virginia Military Institute. The four founders were moved by idealistic hopes, and they founded a society which would inculcate honor and mutually benefit its members. Since its founding the fraternity has prospered, and at the present time there are 102 active chapters throughout the country.

It is the oldest fraternity at State College, Beta Tau Chapter having been installed here in 1895. The purpose of its founders was "to establish through the warm friendships of a group of congenial college men, on the foundation stone of honor, ideals of intellectual achievement, character, and social development, all to the end of becoming better men and better citizens."

Five years after the Civil War, William Grigsby McCormick, former head of the McCormick-Deering Corporation, and four friends founded the first American chapter of Kappa Sigma. Kappa Sigma had its original founding at the University of Bologna in 1400, and soon spread to many of the larger universities of continental Europe. Since its founding in America on December 10, 1869, at the University of Virginia, Kappa Sigma has expanded until now it has at least one chapter in every state in the union. There are over 100,000 living alumni of the 122 active chapters. Beta Upsilon was founded on the State College Campus in 1920. Easter of every year finds Kappa Sigma entertaining at the annual Easter Egg hunt for underprivileged children.

Kappa Alpha was founded at Washington and Lee University in 1865 to perpetuate the Southern ideal of gentlemanly character by Robert E. Lee, its spiritual founder. The fraternity is patterned on an order of knighthood, and members are expected to conform to the discipline of the order and cultivate the graces of Southern gentlemen.

Kappa Alpha restricts its field to colleges and universities south of the Mason-Dixon Line. At present there are 70 chapters within the order.

Alpha Omega Chapter was chartered at North Carolina State College in 1903, being the second oldest fraternity on the campus. The chapter publication, *The Rose and Magnolia*, has been published periodically since 1941.

Sigma Phi Epsilon, like the fraternities with which it competes at colleges all over the nation, is built on the ideal of brotherhood—the same ideal that led to its birth at Richmond, Virginia, in November, 1901. N. C. Beta was the thirteenth of over a hundred active chapters to organize throughout the United States.

Our chapter strives for good scholarship, conduct, and personal responsibility, along with living, playing, and working with others for mutual benefit; the real worth being in what you can do for others and for yourself.

Located near campus on Clark Ave., our modern house is the home of over 60 boys.

Delta Sigma Phi was founded at the College of the City of New York on December 10, 1899. At the present time there are sixty-four active chapters comprising a membership of over 30,000. Rho Chapter is the outgrowth of a local fraternity, Gamma Alpha Nu Gamma. On May 20, 1915, the local fraternity was designated Rho Chapter of Delta Sigma Phi.

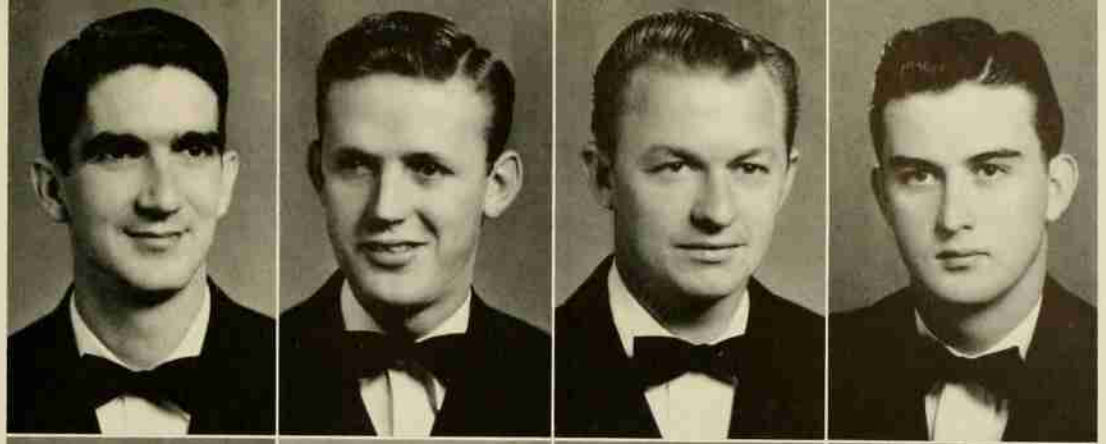

The purpose of Delta Sigma Phi is to give its members that intimate fellowship with men of good character so necessary to their full development and to supplement their cultural and professional education with training in those qualifications for citizens and leadership which are not directly a part of the university function.

Alpha Gamma Rho is a national social fraternity, and was founded in 1908 at Ohio State for the purpose of developing the best social, moral, mental, and physical qualities in each brother and to promote a wider acquaintance and broader outlook on the part of agricultural men through fellowship in a national organization.

There are 32 active chapters of Alpha Gamma Rho. Nu Chapter, before becoming national in 1919, was the local fraternity Theta Beta.

One of the aims of Nu Chapter is outstanding scholarship, and all members are expected to develop a high standing. The national organization awards annually to the chapter with the highest scholastic average a plaque, which has been won six times by Nu Chapter. Nu Chapter has also won the I.F.C. Scholarship Cup eight times in the fourteen times that it has been awarded.

Pi Kappa Phi was founded at the College of Charleston in South Carolina, December 10, 1904. It was a concrete and permanent result of a friendship that had flourished since the elementary school days in the environments of one of the South's oldest towns. With the definite purpose of extending the influence of the organization, the incorporation as a national fraternity took place in 1907. The purpose of the fraternity is to promote fellowship and mutual trust among its members, to uphold the ideals and traditions of the college where its chapters are located, to encourage excellence in scholarship and to inculcate in its members the highest ideals of Christian manhood and good fellowship.

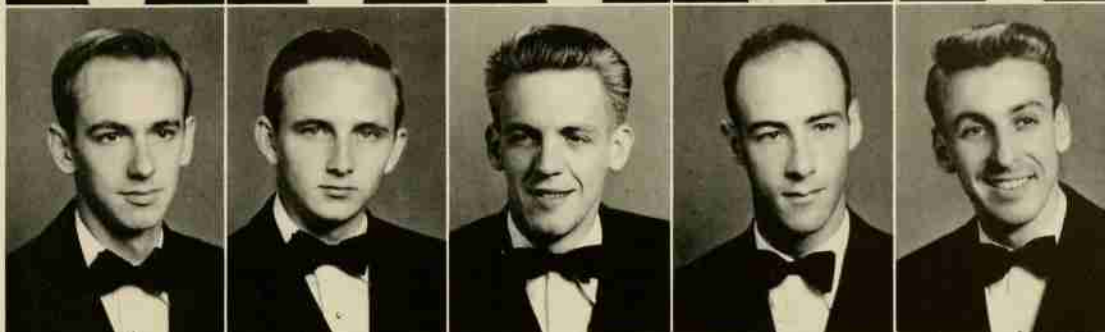

Two years ago Pi Kappa Phi instituted an annual interfraternity sing to promote cultural interest and competition among fraternities at N. C. State College.

Sigma Pi, national social fraternity, was founded at Vincennes University, Vincennes, Indiana, Feb. 26, 1897. The purpose of its founders was "to organize the most worthy activities, social, athletic, and scholarly, and to set a high standard of manliness and college loyalty." The fraternity now has forty-three active chapters located throughout the nation.

Rho Chapter, formerly the local Sigma Chi Gamma, was installed at State College in 1921. The chapter owns its own chapter house located at 2513 Clark Avenue, two blocks from the college campus.

The event of the year for the fraternity is the annual Founders' Day Banquet, held this year on March 1, at the Sir Walter Hotel. The formal event was in celebration of the founding of the fraternity, and at this dance, which was called the Orchid Ball, each girl was presented with an orchid corsage.

In 1906, four outstanding students at Miami University, Oxford, Ohio, founded the Phi Kappa Tau Fraternity. The fraternity and its ideas were drawn up by Dwight I. Douglas, William H. Shideler, Taylor A. Borradaile, and Clinton D. Boyd. Phi Kappa Tau was founded to break up a monopoly on student elections which were held by fraternity unions. The growth of the fraternity has been slow but consistent. Phi Kappa Tau has 57 active chapters and 31 alumni chapters throughout the nation. Chi Chapter at North Carolina State was granted its charter in 1923. Before that time the chapter was a social fraternity composed of outstanding textile students. The local was called Phi Psi Lambda.

Tau Kappa Epsilon was founded at Illinois Wesleyan University, Bloomington, Illinois, on January 10, 1899. The founders established a fraternity of men chosen "not for their wealth, rank, nor honor, but for their personal worth and character." Today, Tau Kappa Epsilon has 86 chapters at leading colleges throughout the United States.

Tau Kappa Epsilon began its expansion into the South with the Beta Beta chapter, which was installed at North Carolina State College on January 19, 1947. There are now ten active chapters located in the South.

The chapter owns its house at 10 Enterprise Street.

MISS CAROL ANN JACOBS

At the College of the City of New York, on Thanksgiving Eve, November 26, 1909, Sigma Alpha Mu was founded. The eight men who pledged themselves to an everlasting bond of friendship never realized that they were the seeds of a vast organization which would soon spring up in the United States and Canada.

The object of the fraternity is "to foster and maintain among its sons a spirit of mutual moral aid and support, to instill and maintain in the hearts of its sons love for and loyalty to Alma Mater and its ideals, to inculcate among its sons such ideals as will result in actions worthy of the highest precepts of true manhood, democracy and humanity."

In 1938, Theta Phi was inaugurated into Sigma Alpha Mu. Since inauguration, the fraternity has maintained moral and scholastic standings of the highest type. The fraternity's new home is located at 304 East Park Drive.

The Sigma Chi Fraternity was founded at Miami University, Oxford, Ohio, on June 28, 1855. It was the nineteenth college fraternity to be founded, and the third at Miami University. Today Sigma Chi consists of 121 active chapters, and 115 alumni chapters.

The Sigma Chi Chapter at North Carolina State College was installed on May 15, 1943, after two years existence as a local fraternity known as Chi Sigma.

Some of the outstanding events which highlight Sigma Chi's year are the Annual Sweetheart Ball and the Annual Christmas Party for Raleigh orphans.

Sigma Alpha Epsilon, first Southern Greek-Letter Fraternity, was founded March 9, 1856, on the campus of the University of Alabama. Since that time it has gradually grown and expanded until today, with national offices housed in the beautiful Levere Memorial Temple at Evanston, Illinois, 129 chapters collegiate represent S.A.E. in forty-six of the forty-eight states.

N. C. Alpha of Sigma Alpha Epsilon was born on October 24, 1947, and in its few years of existence has come to take a prominent place in the Greek-Letter world on State College campus. Guided by high ideals and noble ambitions it hopes to help prove the worthiness and value of fraternal living.

In June of 1949, a local fraternity, Phi Epsilon Tau, was chartered into the national fraternity, Phi Epsilon Pi. Originally founded in 1947, Phi Epsilon Tau was formed under the principles of fraternity, liberalism and nonsectarianism. These ideals furnished the spark to weld together a strong brotherhood.

In 1948, the group moved into the white house on Park Avenue and began to be known on the campus.

Scholastically, the fraternity has always ranked in the upper quarter of the fraternities at North Carolina State.

Theta Chi was founded on April 10, 1856, at Norwich University, Norwich, Vermont. Theta Chi consists of 100 active chapters in all sections of the country with over 32,000 living members and alumni. Other chapters in North Carolina are at Carolina, Wake Forest, and Duke.

Theta Chi colony at North Carolina State was organized May 26, 1950, and included eleven members. During the Fall and Winter terms of 1950-51 and in the succeeding terms the colony was busy earning its place among the other fraternities on the campus and working to meet the standards necessary to become an active chapter.

## ATHLETIC ADMINISTRATION

Roy B. Clogston came to State College after a twenty-year tenure as Athletic Director at St. Lawrence University in Canton, New York. His formal education includes a degree from New York University.

His first official post was at Middlebury College in Massachusetts as assistant director of athletics, after which he returned to Springfield and completed work on a B.S. degree. The following year he attended New York University and received a master's degree. At the present time he has nearly completed work for a doctor's degree.

Clogston lends a very personal and conscientious interest to the school's athletic program. He is constantly endeavoring to improve the facilities in all of the sports and has been instrumental in expanding the program in general.

The State College Athletic Director is rapidly becoming one of the top men in the Southern Conference, thus expanding the reputation he has enjoyed for many years. Roy B. Clogston is truly one of the outstanding college athletic directors of the nation.

Other members of the athletic administration are Willis Casey who serves in the capacity of Assistant Athletic Director as well as Swimming Coach. Ed Storey is Athletic Publicity Director and is one of the better known men in this field in the South because of his excellent work in bringing the sports picture at State College before the eye of the national public as well as the local fans. John F. Miller has long served as Head of the Department of Physical Education but this post has recently been taken over by Paul Derr.

# FOOTBALL 1951

The Wolfpack started the season off with a bang by walloping the Catawba Indians 34-0. In the opening game, State showed promise of being the darkhorse team of the Conference but was plagued by consistent bad luck all during the rest of the fall. The backfield was sparked by tailback Alex Webster with Elmer Costa and Walt Schacht proving to be stalwarts in the line.

ELMER COSTA  
*All-Southern*

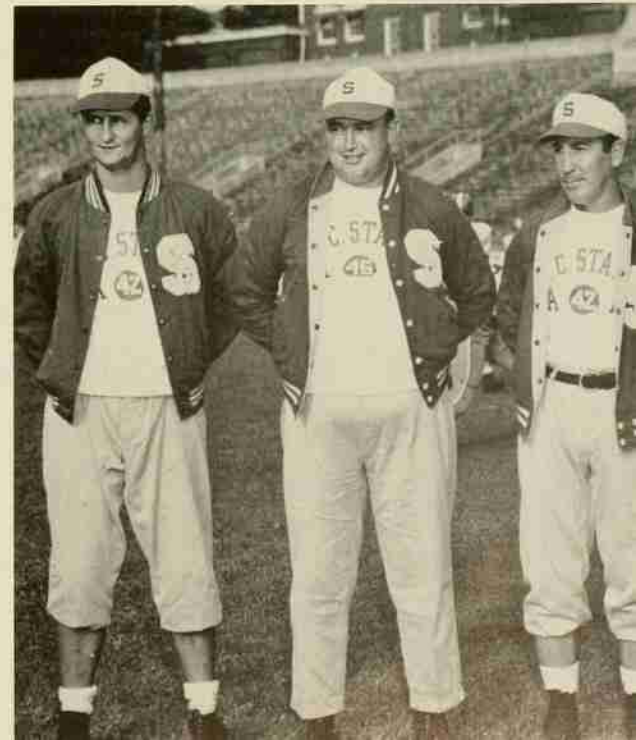

The 1951 season proved to be a fairly tough one with the Wolfpack getting the worst end of the schedule by winning 3 and dropping 7 games. Key men were crippled with injuries throughout the fall, but the team still gave its opponents plenty to worry about with close scores.

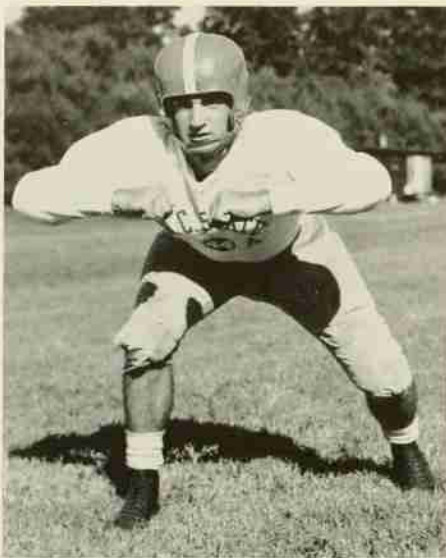

BEATTIE FEATHERS

In the game with its traditional rival, Carolina, State seemed unable to make much headway either offensively or defensively and Carolina won with a 21-0 score.

Losses followed in quick succession in games with Wake Forest and Clemson, but the heartbreaker came with Duke when State seemed destined to break into the win column again only to fall to defeat in the waning minutes, 27-21. Alex Webster again ran and passed to a near victory with the line led by Duke's old foe, Elmer Costa, making one of the best stands in any game played during the entire season.

*The State and Wake Forest Game*

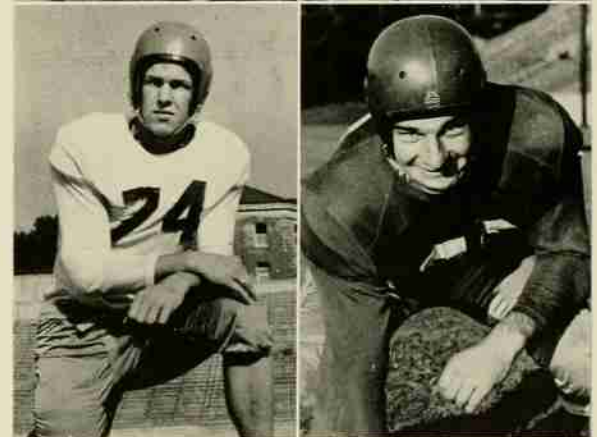

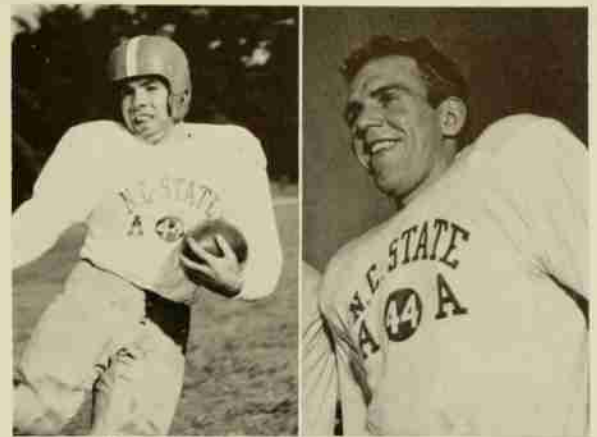

Next came a close loss to William and Mary followed by a five point win over Virginia Tech. A trip to Louisville proved disastrous with the game's being played under extremely poor weather conditions.

The Wolfpack came roaring back into the win column, however, with a decisive victory over Davidson in which they excelled in practically every department including the score, 31-0.

A poor season couldn't have ended on a more sorrowful note, when State took a 53-0 shellacking at the hands of powerful Maryland.

It would be difficult to pick out many outstanding stars, for each of the players had a field day in one game or another.

A second team All-Southern position was awarded to Alex Webster also.

EVERETT N. CASE  
*Head Coach*

## BASKETBALL

For the sixth consecutive year Coach Everett Case, with the aid of Butter Anderson and Vic Bubas has produced an outstanding basketball team. During the 1951-52 season the Wolfpack has compiled a record of twenty-four wins and ten losses.

Not only did the Wolfpack have a fine record in regular season games but they also captured the Southern Conference Tournament for the sixth straight time by beating an old rival, Duke, and retained the Dixie Classic title.

The Wolfpack received a NCAA bid but lost a close battle in the first game to St. John's. The team rallied in full force the next night, however, and defeated Penn State handily in the consolation round. This tournament showed the coaches and the fans that State has some outstanding freshmen and sophomores and indications of having one of the best teams in the country next season.

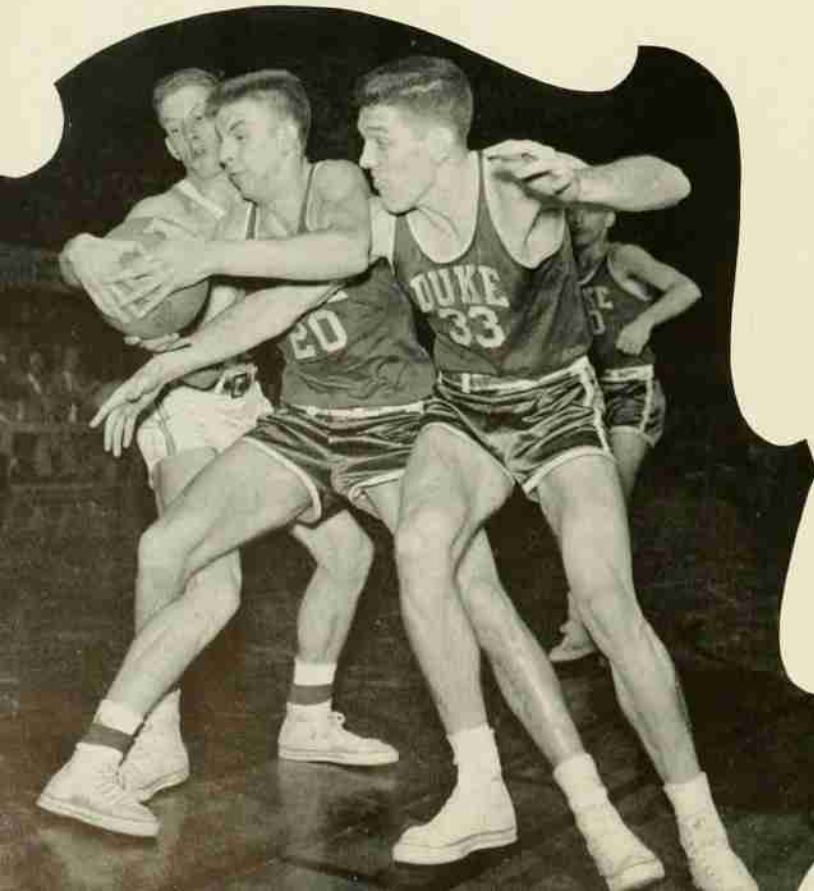

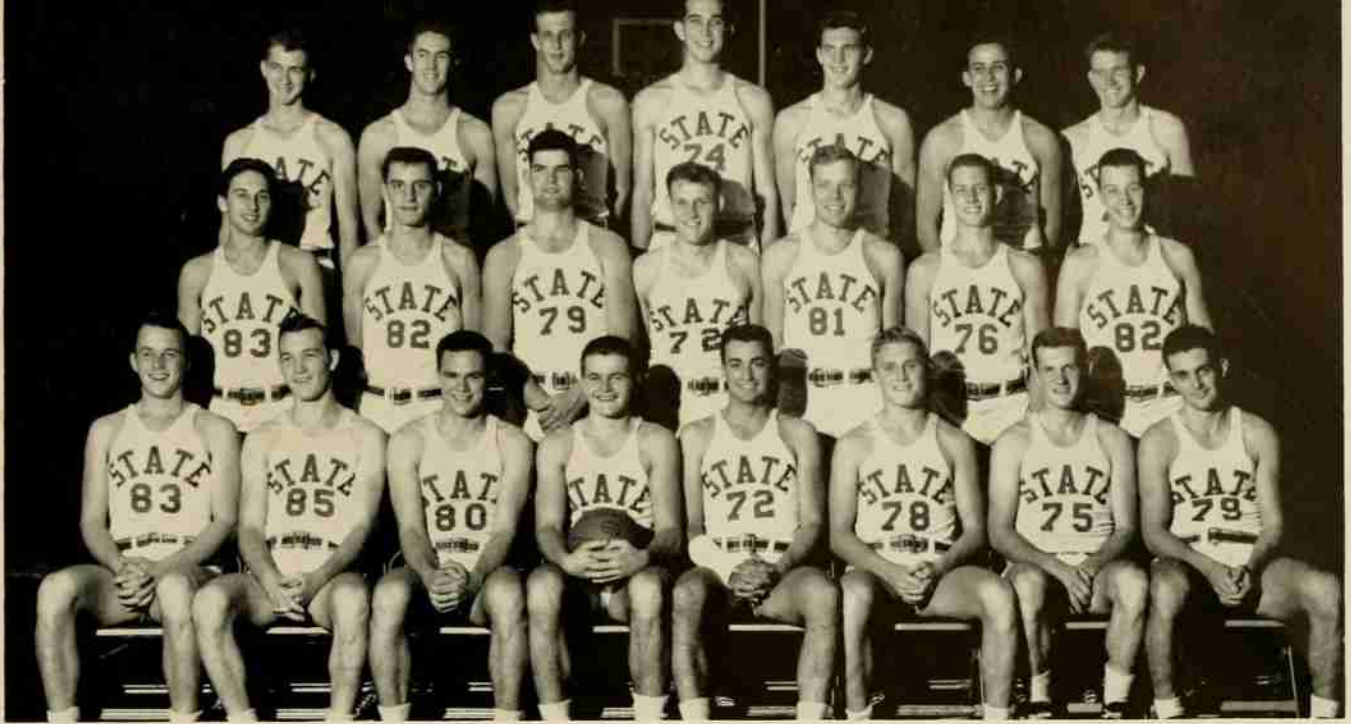

### SIX TIMES IN A ROW!

Captain Lee Terrill has reason to be happy for the Wolfpack made it six, thanks to some of the most brilliant playing and leadership in his basketball playing career.

## 1951-52 BASKETBALL SQUAD

State this season had one of the most well-balanced teams in Case's tenure. Coach Case and his assistant, Butter Anderson, found it difficult to pick a varsity team when it was necessary to cut the number of players on the squad. As a result, State had a Jayvee team which lost only one game and easily outscored its other opponents. Vic Bubas made his coaching debut a memorable one.

*Gotkin lays in another*

Photo by Burnie Batchelor

What the Wolfpack lacked in experience was made up by the spirit and determination exhibited all during the 1952 season. Losing only two conference games, the Pack found intersectional foes a bit tough and lost eight.

The season's thriller was the Duke game played in Durham which ended with State edging Duke 72-70 in a double overtime breathtaker.

One of the most gratifying wins was a 71-69 decision over Villanova, a team which held a jinx on the Wolfpack for several seasons.

Mel Thompson and Bobby Speight shared high scoring honors for the season; however, Lee Terrill and Dave Gotkin stole the show in the battle of the baskets during tourney play by snagging a few points of their own with some sensational set shots. It would be impossible to mention basketball without giving Bill Kukoy credit for always playing a superb game and adding that extra drive to the team which enabled it to come through during a close scrap.

While the record might not have been comparable to some of the past seasons, many a team would look with envy on this year's record. Everett Case has hung up a coaching record by winning 161 out of 199 games at State and 93 of 101 Southern Conference games.

Captain Lee Terrill played himself right into a berth on the All-Southern first team and Bobby Speight snagged similar honors on the Southern Conference Tourney Team.

Photo by Burnie Batchelor

## BASEBALL

Although baseball has not achieved the eminence and gained the publicity that has been focused on football and basketball at State, the team has managed to compile an impressive record. During the 1951 season, their over-all record was eleven wins and ten losses.

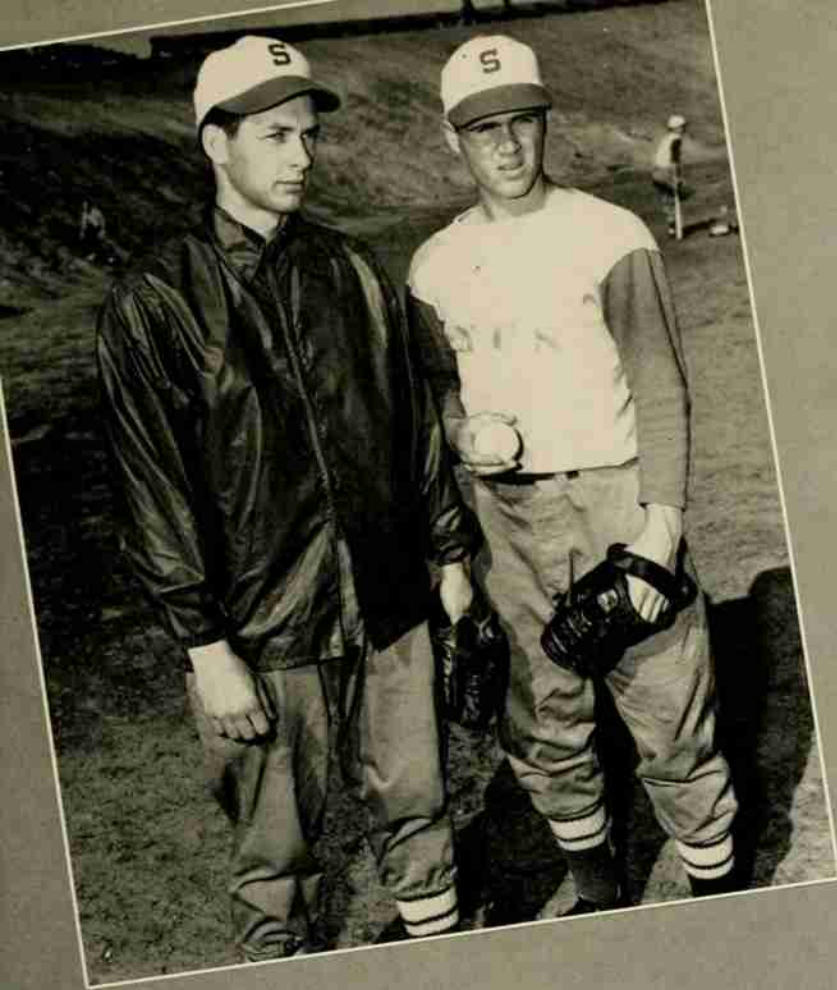

State wielded some powerful bats led by Centerfielder John Fuscoe, who lost no time making a niche for himself among Southern Conference stars by becoming a unanimous choice on the All-Southern Baseball Team for 1951. Eddie Morris gave Fuscoe most able assistance in the hitting department along with Ed Horbelt and Roland Brinson. Captain Roland Brinson captured the interest of State fans with sparkling field play and is winning applause again this year.

During the 1951 season, the Wolfpack played twenty-one games. Their record was not as good as the previous year and the season ended with eleven wins and ten losses. In Big Four competition, Duke and Carolina tied for first place with 7 wins and 5 losses each, while State tied Wake Forest for second place with 5 wins in Big Four play and 7 losses.

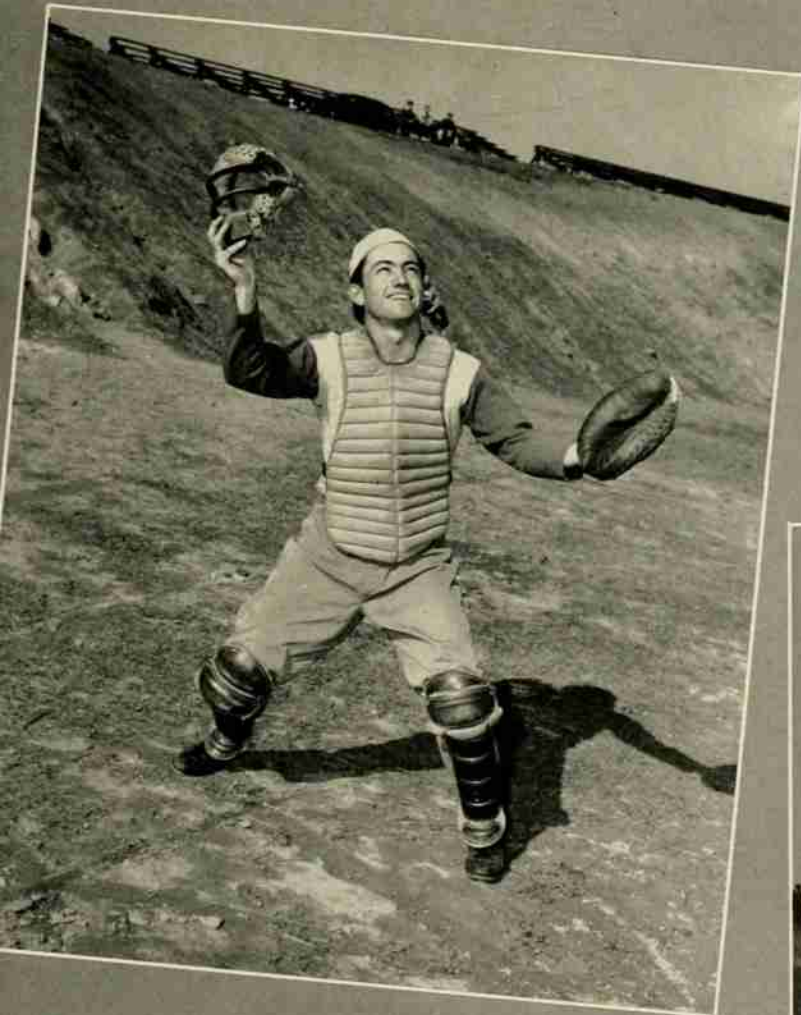

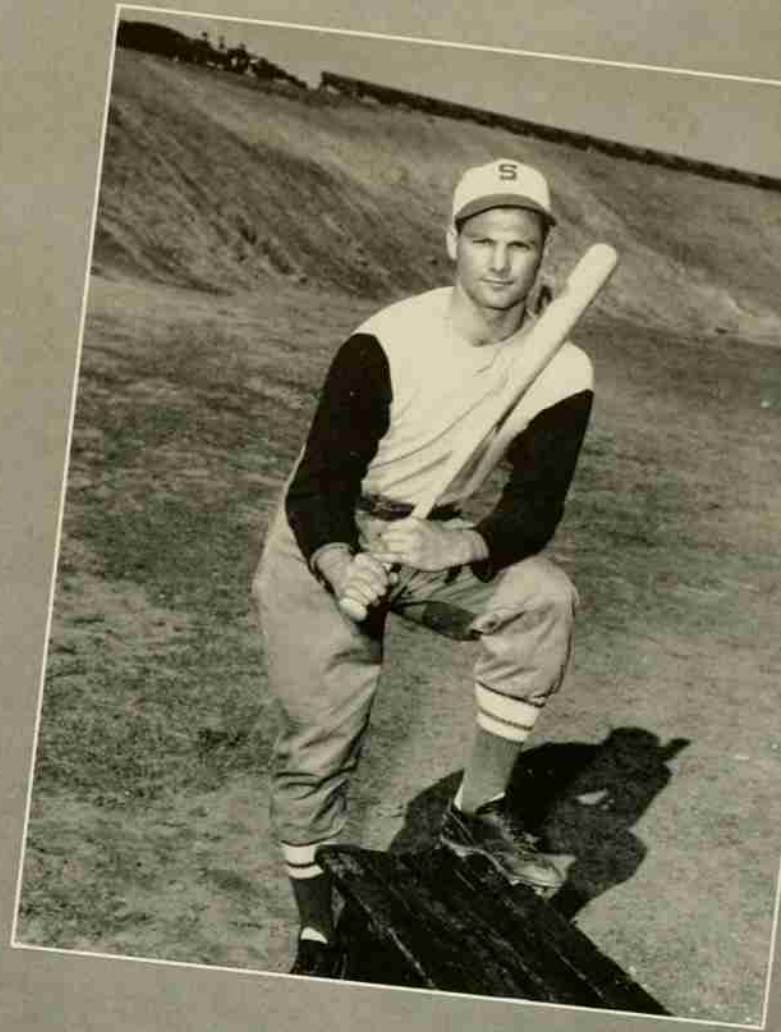

COACH VIC SORRELL

The 1952 season is expected to be one of the best in recent years, and Coach Sorrell thinks that he has one of the potential power teams in the conference. There are some outstanding prospects in Shortstop Johnny Yvars and Pitchers Bob Gardner and Roger Kendrick.

LUNSFORD LEWIS, *Pitcher*  
ED HORBELT, *Pitcher*

JOHN FUSCOE, *Centerfielder*

State has practically the whole varsity team back for the 1952 season plus two members of the pitching staff that played last season. These men together with some of the best freshmen prospects in several years are expected to produce an impressive record on the diamond during the 1952 season.

# SOCCER

Soccer at State College is a result of the post-war swelling of the school with students from every corner of the world. Several years ago a group of these students from India, China, Mexico, Norway, and other foreign countries, finding themselves a little lost in the prevailing "basketball, baseball, football" atmosphere of the college, formed an informal soccer club and began to play the game in their spare time.

Before long interest among the soccer boosters at State College reached such a height that Eric DeGroat of the Physical Education Department

was asked to coach a varsity soccer team. In addition to organizing the club members, Coach DeGroat aroused the interest of quite a few American boys. He also obtained approval from the Athletic Department to provide financial support for the team.

Although soccer is a minor sport on the campus, one of its members received a high honor in the sport's world recently. Kare Kragas was elected to a position on the All-American Soccer Team to be placed among State's few All-Americans.

*Second row:* Coach DeGroat, Robert Ramirez, Philip Adams, Max Pruzan, Thomas Fuller, Kare Kragas, Charlie Culp, Sanford Riskin, Al Fiore, Charles Pitts, Gilberto Villa, Alan Nishball, *Manager.*

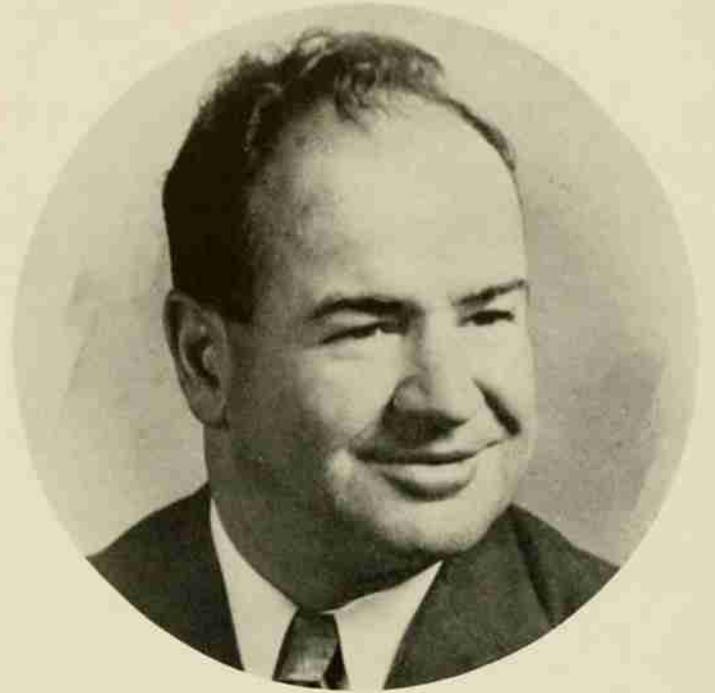

# CROSS COUNTRY

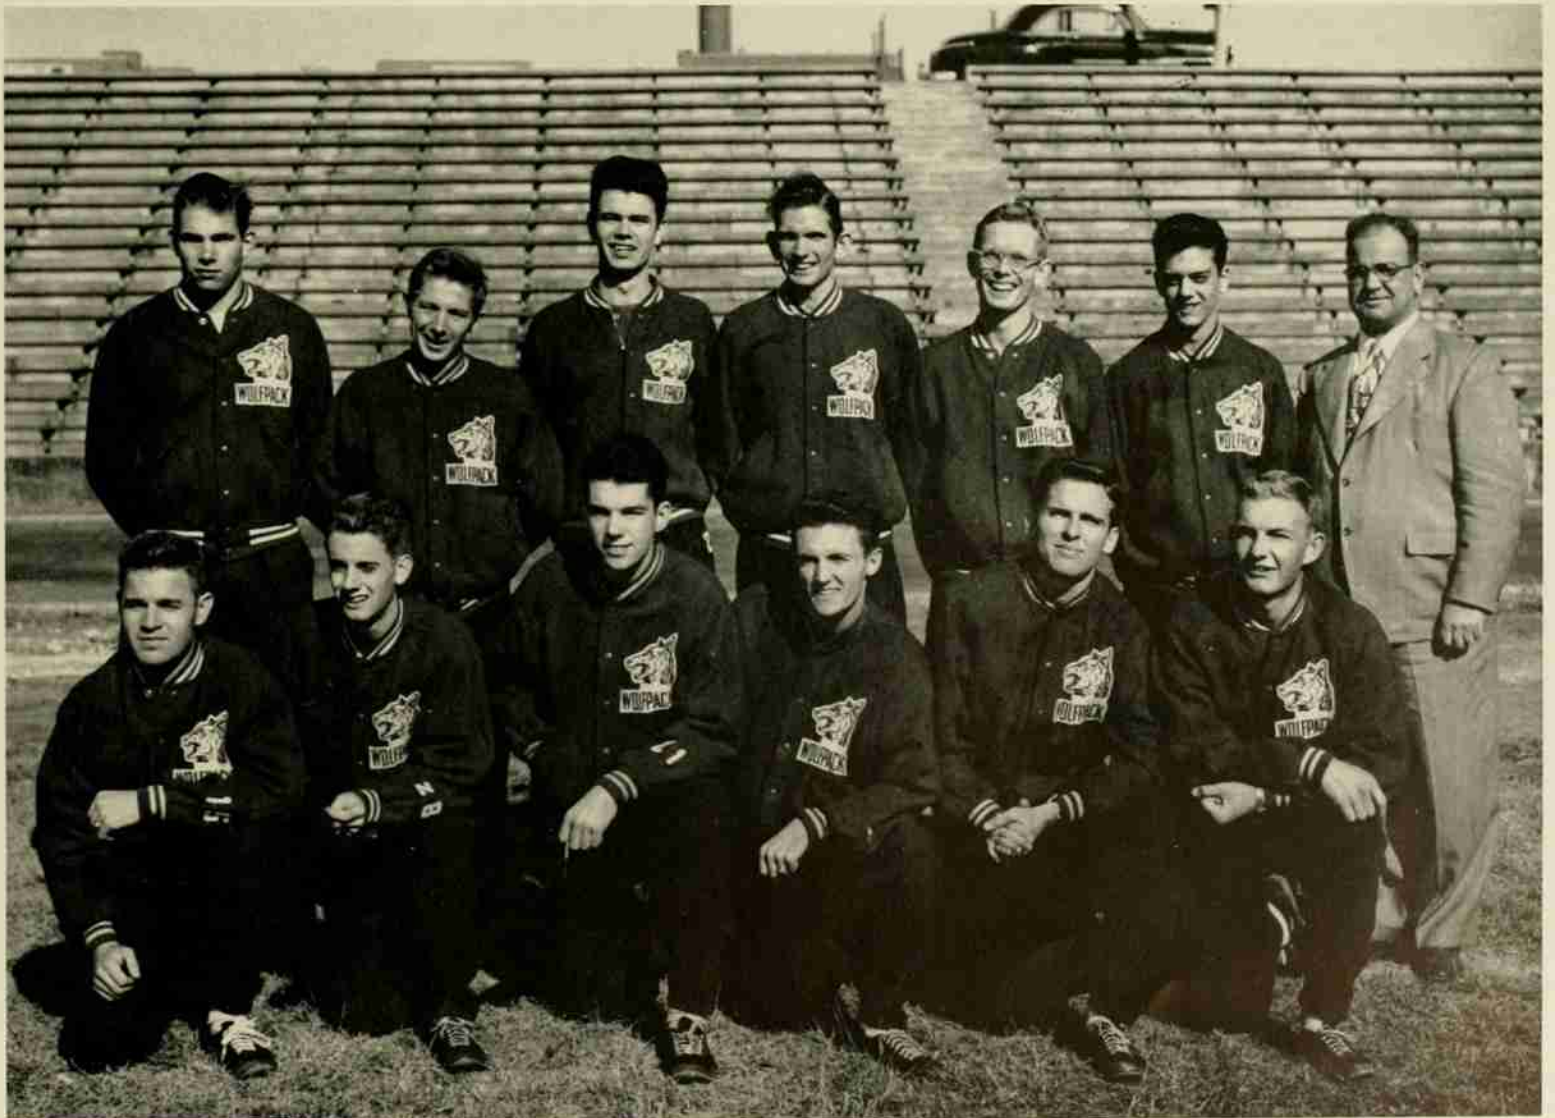

The cross country team again this year proved itself in an outstanding manner. Coach Tom Fitzgibbons' men won seven meets and did not lose any.

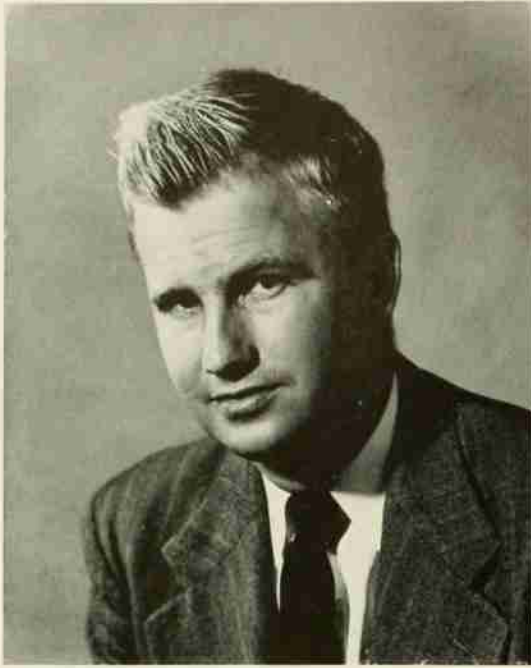

Some of the team participated in the NCAA Cross Country Meet at the University of Wisconsin and made a very good showing.

To top off this excellent season, the team entered the Southern Conference meet at Chapel Hill and captured the conference championships in fine style.

COACH TOM FITZGIBBONS

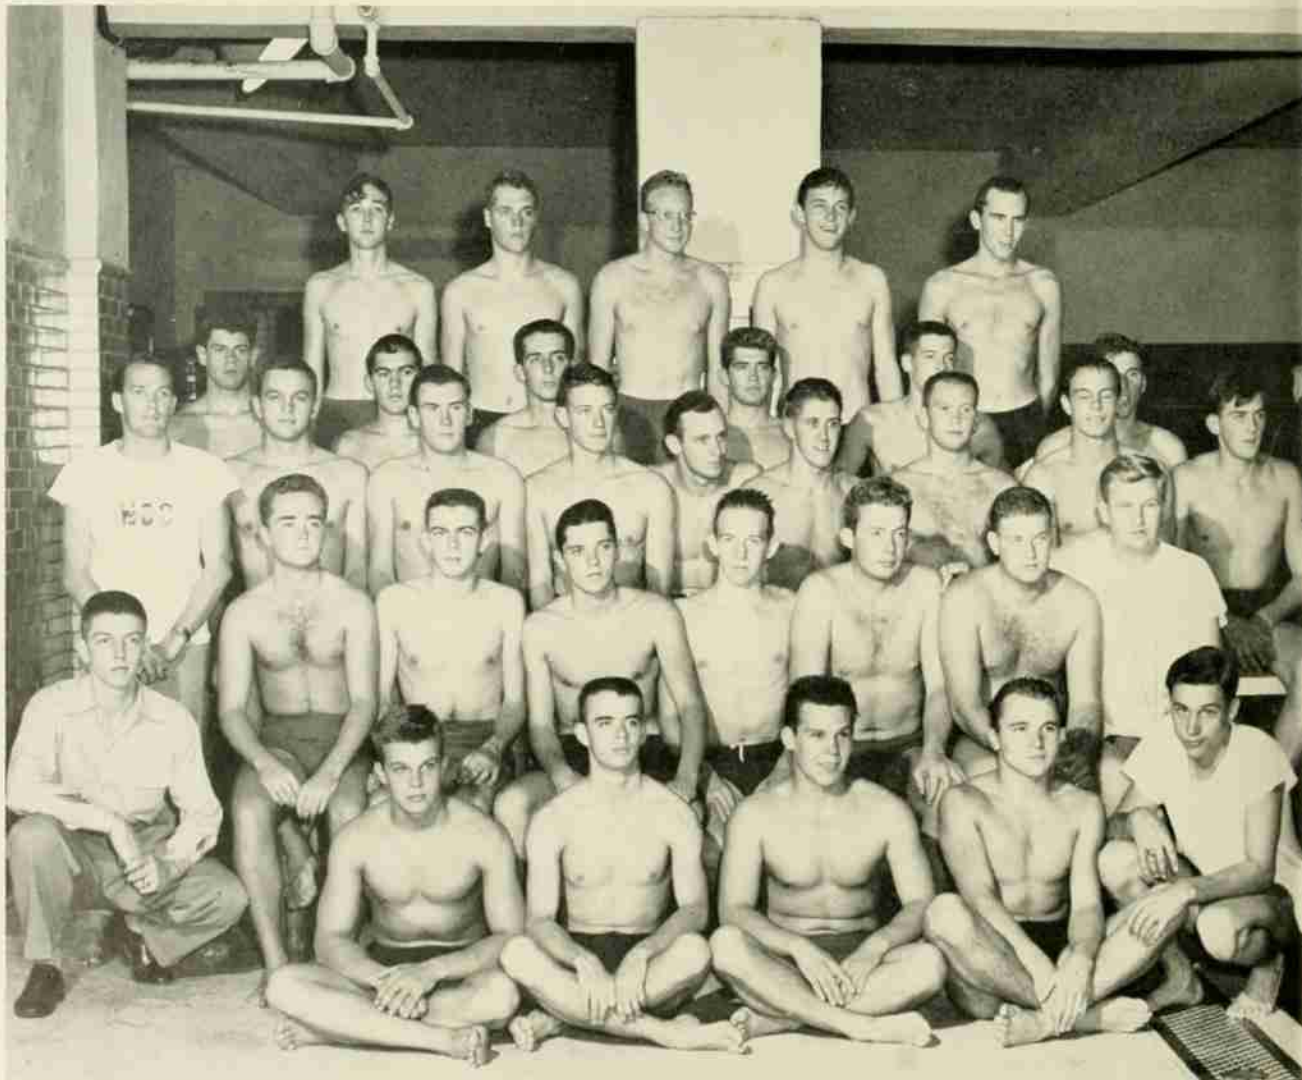

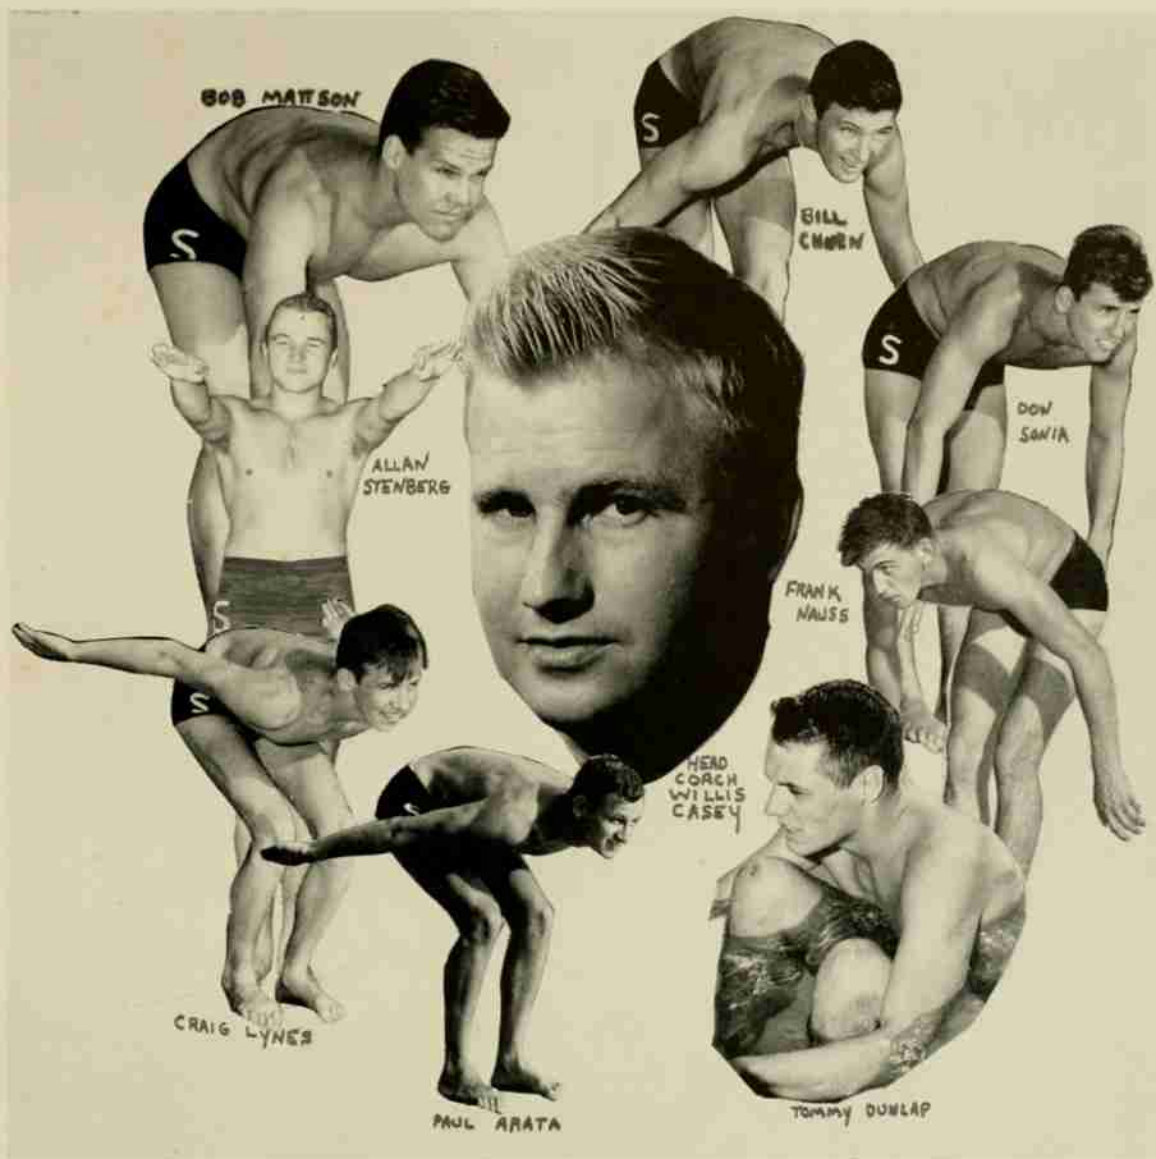

WILLIS CASEY

# SWIMMING

The State team faced the strongest schedule in its history during the 1952 season against such teams as V.M.I., Virginia, North Carolina, Duke, Georgia Tech, Georgetown, and Georgia. The team swam in fifteen meets and lost only to Carolina in a close meet. One of the biggest upsets was against Georgia with the State team winning brilliantly.

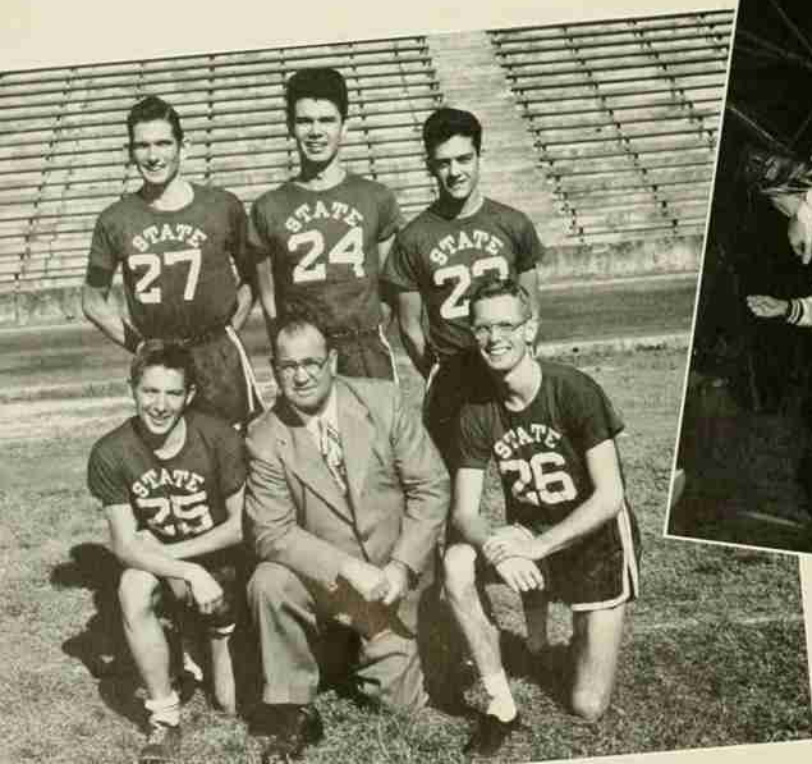

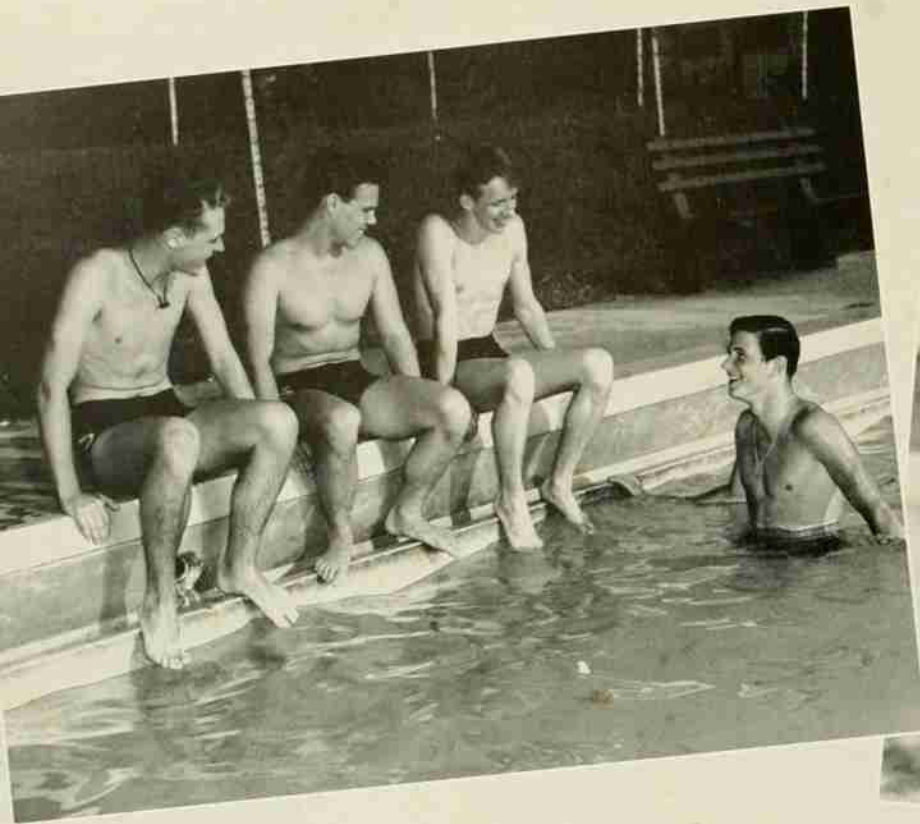

In the Southern Conference Individual Championship event, State outdistanced everyone, including Carolina, by taking eight of the fourteen events.

**FLEXIBLE DYEING EQUIPMENT**

Here's the dyeing machine that eliminates dye-room "bottlenecks," and puts a premium value on modern, high-speed winding and spooling methods! Extremely flexible, Gaston County Combination Beam and Package Dyeing machines dye either new or conventional type packages with equal efficiency. You can install improved, fast winding equipment without the necessity of expensive dyeing machine changes.

Accuracy, simplicity, and economy unmatched by any dyeing machine now on the market are assured by the new electronic DYNAMASTER controls, used exclusively on Gaston County equipment. This, and other patented automatic features, gives you positive control from start to finish.

STILL WIDE OPEN  
THE GATES OF OPPORTUNITY

Our American inventors and scientists, backed by our remarkable industrial know-how and skills, may seem to have produced today about everything it's possible to produce. Those with little faith in our country and its future would have us believe so.

But to American youth the gates of opportunity are wider open than ever before. Thousands of new and better ways of doing things, of new products and new developments, will be created by those who properly prepare themselves.

## **THANKS!**

So many people have made this **AGROMECK** a success that we can't thank everyone personally. To the following we would like to express our deepest appreciation for the advice and aid given as well as your patience and kind understanding when we made mistakes and had to bother you again to correct: Mr. M. L. Glover, Mr. Ed Coleman, Mr. Manson Allen, and all the other grand personnel of the Lynchburg Engraving Company; Mr. Harrie Keck of the Observer Printing House; Mr. Fay Smith, Mr. Billie Waller and all their fine people of Waller and Smith Studios; "Pop" Taylor and Frances Thompson of the Alumni Association; Lindsay Whichard, Secretary of the Publications Board; to the Military Department personnel, who were always being interrupted but took it with a grin; to the Athletic Department and Council for their wonderful cooperation; to the various organizations and fraternities; and most of all to the student body, without whom it would be impossible to have a yearbook.

The 1952 **AGROMECK** is far from a masterpiece but we have enjoyed it and hope it will bring many pleasant memories.

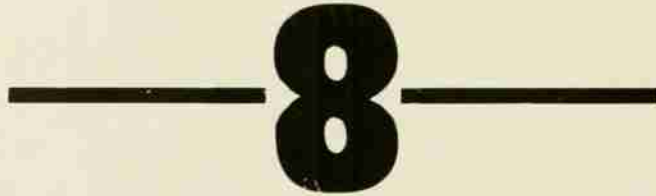

Since  
**Andy Jackson**  
was  
president . . .

We've been turning out cards and frames, nappers, openers, and pickers for the entire woolen and worsted industry. Visit our salesrooms in Charlotte. We'll be glad to show you the tops in machinery.

# ABINGTON SYSTEM

FOR BEAM AND PACKAGE DYEING

Stainless throughout, this sample or small-lot dyeing unit gives completely satisfactory results in dyeing samples and small lots. Built with the same controls and having the same complete instrument panel as the full-scale system, this unit will be found to be a most useful addition to the modern dye-house. The kier will handle two Barber-Colman cheeses or three 6" x 4½" packages wound on 6¼" x 1⅝" tubes; or may be dummied off to handle one of either type package. Floor space, 36" x 66".
