

# CLOVER LEAVES

1967

STATE 4-H CLUB WEEK / NORTH CAROLINA STATE UNIVERSITY

Bob McLean, Janie Shipley, Nancy Landen, Bruce Armstrong

CLUB WEEK IS HERE -- CHALLENGING FOUR DAYS AHEAD

Welcome! The 1967 State 4-H Club Week is going to be the best ever. Clover Leaves will be bringing you information you want during the next three days. And right now, take another look at the capable leaders you have elected to guide you at the morning and evening assemblies during the next week.

The four State Council officers, elected at last years Club Week are:

President is BOB McLEAN, Henderson County, who served as vice president of the Western District. He has been president, vice president and reporter for county council; state winner in dairy, dairy management demonstration, dairy production, dairy herd management; had a trip to National 4-H Congress in '62; and is a student at N. C. State University.

JANIE SHIPLEY is vice president, and from Watauga County. Janie has been president of the Western District; county council president two years; state

Monday, July 24, 1967

"LEARN, LIVE, SERVE, THROUGH 4-H"

dress review winner; district demonstration winner in electric, sewing and public speaking; member of 1966 Report to the State Team; and is a student at University of North Carolina at Greensboro.

Secretary-treasurer is NANCY LANDEN, Anson County. She has served as secretary for the Southeastern District; county council president and secretary; state winner in citizenship, home management, and dairy foods demonstration. She was National 4-H Conference Delegate, member '66 Report to the State Team; Delegate to '66 Citizenship-Leadership Conference, Georgia; and is a student at University of North Carolina at Greensboro.

BRUCE ARMSTRONG, Lincoln County, is reporter. He has been vice president, for the Southwestern District; served as president, vice president, reporter and recreation leader of county council; district winner in leadership, public speaking and soil and water conservation demonstration. He is a student at the University of North Carolina at Chapel Hill.

#### A CORDIAL WELCOME FROM CHANCELLOR CALDWELL

It is an exciting occasion for North Carolina State to have nearly 1,500 4-H'ers here for the annual 4-H week. It is an honor for us to be your hosts since you represent the outstanding young leaders of one of the most progressive and constructive groups of the nation and the world.

Already, you have developed a keen awareness of the rapid developments taking place around you--in our society, in the economy and in education and research. You will quickly sense the excitement and forward thrust on this campus where so much invigorating activity is occurring today.

I know you will take the wonderful opportunity afforded by this great week to make warm friends, to exchange ideas and to sharpen your consciousness and understanding of the tides of change that sweep about us. Each of you will be better prepared thereby to profit from further education and to contribute with full richness to the future of the state and nation and to mankind in this significant era of history.

CHANCELLOR CALDWELL

## EXTENSION DIRECTOR GEORGE HYATT GREETES CLUB MEMBERS

Your being here at N. C. State University for Club Week is an honor and privilege both for you in 4-H and for us in the Extension Service.

We look on you in the North Carolina 4-H Clubs as a key group in our effort to extend the information of the land-grant university to the people of the state.

I hope you will take full advantage of the opportunities during these five days to work with others, learn by doing and make the best better. And I trust that when you return to your communities you will continue the fine work which made it possible for you to be here this week.

DR. HYATT

### ITEMS FOR CLOVER LEAVES

Do you have an announcement or special information that should be printed in Clover Leaves?

Bring it to Room 120 Ricks Hall by 9 a. m. on the day you wish the item to appear.

In addition to today's issue, Clover Leaves will be published Tuesday, Wednesday and Thursday.

## LAUNDRY SERVICE

Dry cleaning and laundry services are available at the N. C. State University Laundry located on the West side of Riddick Stadium.

One-day service is available Tuesday and Wednesday. If laundry is deposited between 7:30 and 9 a. m., it may be picked up the same day between 4 and 5 p. m. Laundry may be picked up any day including Thursday.

No laundry may be deposited Thursday.

Secure laundry slips from dorm counselors or at the laundry. List name and articles and include this with each bundle of laundry.

All laundry or dry cleaning left at the laundry during the week should be picked up before 5 p. m. Thursday.

-----

## REGULATIONS GOVERNING ELECTION OF STATE 4-H OFFICERS

### Candidates Eligible for Office:

Only present or former District 4-H Officers (those elected in 1964, 1965, 1966 and at the 1967 District Demonstration Days) now active in 4-H work may be nominated for one of the State 4-H Council offices of President, Vice President, Secretary-Treasurer, and Reporter. Club members who have completed one year of college work and are currently enrolled in college are not eligible for nomination. The officers this year will follow the usual rotation plan: President - Girl, Vice President - Boy, Secretary-Treasurer - Boy, Reporter - Girl.

### Election Procedure

Nominations will be made at the morning assembly on Wednesday, July 26 at 9:30 a. m. in the Coliseum. There may be any number of candidates for any one of the four offices. Short qualification speeches for each candidate should be made by campaign managers at this time and the candidate should make a short speech. Time allotted for campaign manager and candidate together is limited to two minutes.

The election will be held on Thursday afternoon, July 27. Each county will have a certain number of electoral votes depending on its 1966 4-H Club member enrollment in Community 4-H Clubs. Every county will have four votes plus one additional vote for each 100 enrolled 4-H members. They will have this number of votes for each office. For example: County A has 658 currently enrolled members. Therefore, County A receives 6 votes in addition to the 4 votes for a total of 10 electoral votes. Any number less than 100 such as the 58 members remaining in the above illustration of County A are disregarded.

Each day during Club Week each county is encouraged to have a group meeting of all delegates to help club members receive maximum benefit from Club Week. Early in the week at one of these meetings a county Election Representative should

be elected. This representative will assist in conducting county delegates meeting and will cast the county's vote.

The decision of how each county's allotted electoral votes are to be cast must be made by the county delegation to State 4-H Club Week. Counties will decide, in the county delegates meeting to be held on Wednesday, how their votes are to be cast on the first ballot. Votes must be cast in whole numbers, no fractions. For example: County A has 7 electoral votes. But, County A has 10 4-H delegates at Club Week. These 10 delegates vote on candidates for the various offices in their county meeting on Wednesday. Their vote may be split - 5 for candidate Jim and 5 for candidate Bob. Therefore, 4 of the electoral votes may be cast for candidate Jim and the other 3 for candidate Bob. Another example: County B has 24 delegates at Club Week and has 12 electoral votes. These delegates split their votes - 10 for candidate Jim, 9 for candidate Bob and 5 for candidate Sam. Therefore, County B's electoral vote may be 5 for Jim, 5 for Bob and 2 for Sam; or 5 for Jim, 4 for Bob and 3 for Sam. Another example: County C has 6 electoral votes and 16 delegates and cast all votes for candidate Jim so all 6 electoral votes go for Jim.

All officers will be elected at the Thursday afternoon assembly held at the North Carolina State University Coliseum at 2:00 p. m. Club members are asked to sit in the area designated for their county. A separate area will be assigned for Extension agents and 4-H leaders. To be elected a candidate must receive a simple majority vote. For example, if the total number of electoral votes held by all counties combined is 900, a candidate for any one office must receive at least 451 votes before being declared the winner.

There will be a roll call of counties at which time the representative will call out the county's vote for all offices. If a candidate receives a majority vote on the first roll call, he is elected. If on first roll call none of the candidates for a particular office has a majority, a second roll call will be held for this particular office to vote on the two candidates receiving the highest number of votes. A short caucus period will be allowed for county groups following the first roll call if needed. During this caucus period, campaigning will be allowed if desired. The county representative will again cast the county's votes for the respective candidate as determined in the caucus.

#### Campaigning:

A county group may mail to other counties a summary of their candidate's qualifications before State 4-H Club Week if they desire. Active campaigning may begin immediately following the nominations on Wednesday morning. Posters and campaign literature may be used. It is recommended that county groups prepare the campaign material before coming to Club Week so there will not be a conflict with the Club Week program. Posters may be used if they are placed on or near the bulletin boards at the Student Supply Store, Dining Hall, Gymnasium, Coliseum and dormitories. There is a limit of eight posters per candidate. Other campaign literature may be distributed only in dormitories and cafeteria or carried by club members as portable banners or posters. Glue, nails or any other materials which will harm structures are not to be used. Scotch tape or masking tape may not be used on the walls in the Coliseum. Candidates should

be conservative in the amount of money spent in elections. The State 4-H Council Executive Committee has gone on record opposing candidates conducting expensive campaigns.

No campaigning will be permitted during classes or assemblies, except Wednesday morning assembly when time is provided.

North Carolina State and personal property must be respected at all times. The candidate is responsible for seeing that all literature is taken down and picked up after the elections. No cars are to be used by anyone for campaigning purposes. A special effort should be made to prevent litter from being left on the campus grounds or in buildings.

-----  
MEETING THE 4-H STATE STAFF

State Extension Staff members primarily responsible for 4-H work are ten 4-H specialists.

Heading the group is Dr. T. C. Blalock, assistant director of the Agricultural Extension Service in charge of 4-H programs.

A Wilson County native, Dr. Blalock earned his bachelor's degree in animal industry in 1948 and an M. S. in 1952, both from N. C. State University. He received his doctorate in Extension administration from the University of Wisconsin in 1963.

W. C. Cooper, who has particular responsibility for 4-H work among disadvantaged youth, has been working at the state level since 1945. Former Anson County agent, he holds a B. S. from Hampton Institute and an M. S. From Cornell University.

Lyman Dixon, 4-H specialist in the East Central District, has been working in 4-H at the state level since 1950. Formerly assistant agricultural agent in Northampton County, he is an N. C. State University graduate.

Specialist William M. Garmon joined the state staff in 1963. A 1953 graduate of N. C. State he holds an M. S. from Clemson College. He has served as assistant agent in Transylvania County.

Northwestern District 4-H Specialist Dan F. Holler joined the staff in 1950, coming from the position of cotton marketing specialist at N. C. State. A graduate of State, he has done graduate work at State and Cornell University.

Newest 4-H specialist is Cleo Jones, formerly home economics agent in Edgecombe where she had been since 1955. A Meredith College graduate, she has done graduate work at N. C. State. She is Southeastern District Specialist.

Pauline Moore, formerly home economics agent in Iredell County, has been on the state 4-H staff since 1964. A graduate of Bennett College, Miss Moore is completing graduate work in adult education at N. C. State University. She is East Central District Specialist.

Mary Sue Moser, Northeastern District 4-H specialist, joined the state staff in 1948. She formerly served as home demonstration agent in Davidson County.

Dick W. Smith was assistant agent in Buncombe County before joining the state staff in 1960 as Western District 4-H specialist. He holds a B. S. in agricultural business and an M. S. in agricultural economics from the University of Tennessee.

Specialist in charge of camping and literature is Fred H. Wagoner who has been with the state staff since 1949. He also is a N. C. State graduate.

#### DRIVING SKILLS CONTEST SET FOR MONDAY

Some of North Carolina's top young drivers will compete for honors in Reynolds Coliseum Monday afternoon.

Fourteen top rated drivers from 4-H Districts in the state will find the going different inside the huge building, away from the asphalt parking lot outside. The event had been held previously out-of-doors.

The contest, starting at 2:30 p. m. , will be in charge of John Glover, Extension Agricultural Engineering Specialist. Major E. W. Jones, State Highway Patrol will be special observer.

"The purpose of the contest," stated Dr. T. C. Blalock, is to focus attention on the 4-H automotive project and to stress the importance of developing good, safe driving habits. "

The winner will be presented with a handsome trophy.

Contestants competing are: Richard Jones, Brunswick; Eddie Modlin, Martin; Edgar Pritchett, Alamance; David Steele, Caldwell; Annette Harrington, Iredell; David Teague, Guilford; Michael Chapman, Burke; Billy White, Perquimans; Joel Harris, Vance; Charlotte Shupe, Madison; David Sigmon, Catawba; Cynthia Williams, Sampson; Douglas Hux, Rockingham; and Jimmy White, Craven.

---

4-H'ers practice safe habits in use of farm and home chemicals. They read and heed the labels on pesticides, and store them out of the reach of children.
