North Carolina 4-H Congress - N. C. State University

KING AND QUEEN OF HEALTH CROWNED AT ANNUAL HEALTH PAGEANT

North Carolina has a new King and Queen of Health. Crowned at the conclusion of last evening's Health Pageant by State 4-H Leader Chester Black were King Douglas Lee of Lenoir County and Queen Jocelyn Sharpe of Rockingham County.

Miss Sharpe, who plans to become a doctor of medicine, won a trip to National 4-H Congress sponsored by Eli Lilly Company. Lee, who plans to major in landscape architecture, also won a trip to the national meeting, his sponsored by the Medical Society of North Carolina.

The new Queen of Health has worked as a candy striper in a hospital, with low-income families on health, planned and directed 29 local and county health activities, and has given many talks, demonstrations, TV and radio programs on health.

Lee has participated in 180 community health activities reaching over 5,000 people. He has also worked with low-income, senior citizens, mentally retarded, and groups from a correctional institution.

King Lee, Dr. Black, Queen Sharpe

ADULT LEADERS HONORED AT LUNCHEON TODAY

Volunteer leaders upon whom so much of the success of 4-H work in North Carolina depends were honored today at a luncheon held on the fourth floor of the new University Student Center.

Presiding was Gerald W. Witherspoon of Scotland County. The luncheon followed a workshop for adult leaders conducted by 4-H Specialist Dick Smith. Topic for the session was "Viewpoints." As luncheon speaker Mrs. Barbara Downer of Anson County discussed "Learning Experiences at the National 4-H Leader Forum."

Arrangements for the program were made by Joy Frauson, Chr., of Buncombe County, and Mary Seaford and Everette Hartzog from Pasquotank and Yadkin counties respectively.

He has served as North Carolina's delegate to the Tennessee 4-H Round-up.

Additionally he has been an applicant for the national Who's Who Merit Scholarship.

VISITORS TO N. C. 4-H CONGRESS

The North Carolina 4-H'ers welcome the out-of-state and out-of-country delegates to the State 4-H Club Congress.

This year the out-of-state delegates are from Virginia, Tennessee, and Georgia.

Charlie Statzer is an out-of-state delegate from Virginia. Charlie answered a question about the slogan people are wearing--"Virginia is for lovers." It started from the fact that Virginia is a varied place and anything you love can be found there, thus--Virginia is for lovers. This slogan is now the property of Virginia and cannot be copied by another state.

This is Charlie's ninth year in 4-H and his major projects have been entomology, leadership and achievement. He was 6th runner-up in the national entomology project and state veterinary science demonstration winner. Charlie is a member of the Virginia All-Stars, an organization similar to the North Carolina Honor Club. A member must be at least 14 years old and is chosen on an achievement basis.

Charlie noted several differences between Virginia's Congress and North Carolina's. In Virginia, a member must be 14 to attend. The 4-H members are divided in Junior and Senior divisions. The Junior members compete, only with Junior members and advance up to District level. Virginia's congress runs for six days, beginning on Monday and ending on Saturday. The All-Stars meet through Sunday. In Charlie's opinion, North Carolina's Congress is not as strict as Virginia's.

FORSYTH COUNTY SPORTS NEW BUS

Have you noticed a new green and white activity bus traveling around the NCSU campus?

Forsyth County is the proud owner. Their 4-H'ers sold donuts, held an auction sale, ran a greenhouse, and received donations from organizations. The Forsyth County Extension Homemakers Club and the Z. Smith Reynolds Foundation made contributions toward the purchase of the bus.

Maybe your county can have an activity bus next year to exhibit at the 1973 State 4-H Congress.

4-H'ERS HAVE THE SAME QUALITIES
WHEREVER THEY ARE

Mrs. Sally Valentiner Extension Agent in Bladen County came to us about one and a half years ago from Frederick County Maryland. In Maryland she was an extension agent of 4-H and youth.

I talked with her about Maryland's State 4-H program which is called Maryland State 4-H Conference at the University of Maryland in College Park.

Maryland's Conference versus our Congress is smaller, about 400 people. Maryland has 23 counties versus our 100. To attend Maryland's Conference you have to be a senior member. Their program differs from ours in that they do not have a Dress Revue, Health Pageant, State Demonstrations and other activities such as those. These functions are usually held at the Maryland State Fair.

Maryland delegates attend different activities in Washington, such as plays, and have out of state speakers.

Similar to North Carolina, Maryland has geographical likenesses from the seashore to the mountains and 4-H'ers come from all parts of the state, urban and rural.

Mrs. Valentiner said, that "Regardless of where you are 4-H'ers are basically the same, they possess enthusiasm," and we do!

4-H'ERS EARN THEIR WAY TO CONGRESS

4-H'ers from the Shamrock 4-H Club in Mecklenburg County earned their way to Congress this year. They discovered a new "product" that they could sell in order to raise money. The discovery was a compact and handy tool kit which included a nail set and screwdriver.

The club sold 10 dozen tool kits which paid their way to camp or congress. Next time you see a Mecklenburg County delegate ask him about a tool kit and you just might buy one!

WHAT YOU SEE IS WHAT YOU GET

For the first time yesterday afternoon Bobbie and Dee Dee Marshall from Onslow County gave their first State demonstration. After winning the Southeastern District Competition they came to try their skill at State with a catchy demonstration entitled, "What You See Is What You Get."

This demonstration included very important information on correct lighting in the home. It also gave several helpful hints in explaining the best way to keep from straining your eyes by using certain light bulbs in specific areas of the home.

Bobbie and Dee Dee are among the youngest delegates here at 4-H Club Congress this year. Bobbie is twelve and Dee Dee is eleven. Both enjoy their work in 4-H and are hoping to come back with their demonstration next year.

I think all the State 4-H demonstrators deserve a big thank-you for representing their districts so well this year. I am especially proud of the 4-H'ers in my own Southeastern District for win or lose our 4-H'ers live up to their motto "Make the Best Better."

BOWLES AND HOLSHOUSER TO SPEAK

With selection of state champions completed, State 4-H Congress delegates focused Wednesday on their theme for their annual meeting, "Care for the Future, Time Is Running Out."

Environmental topics were among those discussed in a series of rap sessions held throughout the morning, following a keynote address by University of Georgia vice president Eugene Younts.

Wednesday afternoon was set aside for free time, but it wasn't free for state 4-H officers and candidates and their campaign staffs. They were actively seeking commitments for Thursday's election from county delegates.

Milton Cunningham of Rt. 2, Franklin in Macon County and Danny Moore of Rt. 2, Hudson in Caldwell County are seeking the presidency of the 125,000-member Tar Heel 4-H organization.

The youthful office seekers will get a chance to see how the professionals do it Thursday when North Carolina's candidates for governor, Jim Holhouser and Hargrove Bowles, address the 4-H Congress. It will be the first time the Republican and Democratic candidates have met since the May primary.

They will speak at the Reynolds Coliseum at the morning assembly, which begins at 8:30.

YOUNTS SAYS POLLUTION--IT'S HERE

This morning in his address to the 4-H Congress, Dr. S. Eugene Younts, Vice-President of the University of Georgia stated, "Pollution is not a fad but that it is here now."

Dr. Younts stressed the role of 4-H Congress in the area of ecology because the problems and solutions of pollution

NORTHWESTERN DISTRICT FORMULATES OPINION

The Northwestern District held its District 4-H Council Meeting at 136 Harrelson Hall with Cathy Fritts of Davidson County presiding.

Program suggestions for changes were discussed. A suggestion was brought up about the "Sing In" before assemblies. It was suggested that instead of a "Sing In", a talent presentation could be used to provide live entertainment to incorporate enthusiasm within the delegates.

The "Report to the State" program was discussed and was considered to be an excellent program for 4-H and its promotion.

Many of the disputed topics on state officer elections were discussed. Fred Baggott made the suggestion that a notice of nomination be sent in by those 4-H'ers interested in running for state officers several weeks before the actual State 4-H Congress. This would eliminate the problem of write-in candidates.

MORE ON IFYE

The second delegate is Jan Geluk from the Netherlands. Jan has finished his schooling and plans to become a crop farmer. Jan believes the N. C. Congress is unique and a very good thing for its members. In the Netherlands, 4-H members are ages 16-28 and mainly a group of young farmers. Instead of our demonstration members there hold discussions concerning their problems. Jan sees 4-H as a good contact experience. He was impressed by American hospitality and feels it is a great experience to be in a new country.

As members of IFYE, the delegates come to learn the American way and agricultural methods. Both delegates highly recommend the program and their advice is to go if given the chance.

Every five years IFYE stages an international conference. This year it was held in Colorado with some 700 people

attending and 32 countries represented. IFYE alumni in Europe have a conference every year. In 1977 the conference will be held in New Zealand.

All of the delegates interviewed concluded that 4-H is good and through 4-H younger members are guided through a difficult age.

could be presented to many members of a "searching generation." He added that it will be up to the youth of the world to solve the environmental problems.

Younts went on to discuss the specific areas of pollution and the ways in which an individual may combat them. According to Dr. Younts the most effective means were the purchasing of environmentally sound products and the ballot.

GIRLS PERFORM FOR DELEGATES

Tuesday evening, July 25, several delegates in the Sullivan Dorm put on a water show for a large group of 4-H delegates. 4-H'ers gathered quickly after someone reported being "bombed" by a water balloon that "seemed to appear out of nowhere." It was later discovered that the balloons--as well as full cups of water--were being dropped from the higher windows of the girl's dormitory.

The show continued for several minutes, with many unsuspecting delegates being "showered" from above while entering the Sullivan building. This continued until an extension agent was the unhappy recipient.

Soon after security was placed in the halls and elevator, with agents and leaders "standing guard." The "water bandits" were not caught, but the 11:00 curfew broke up their audience. Wednesday the incident was only recalled as "one of those things."
