4-H GIFT TO ADD ANIMALS TO STATE ZOO

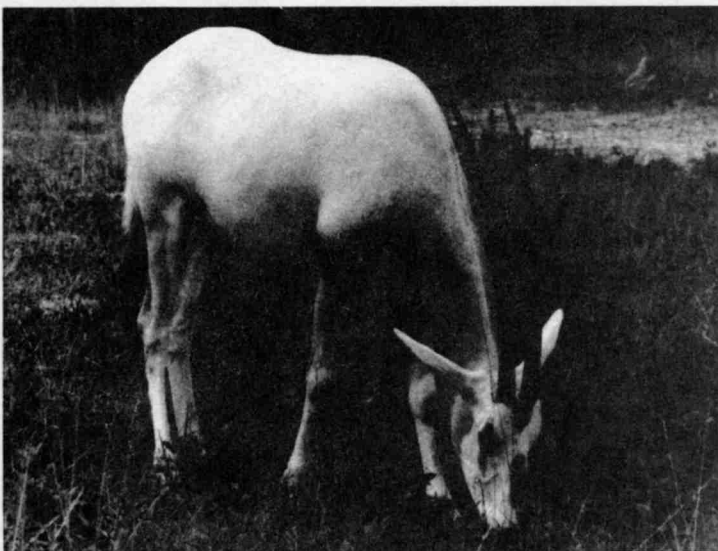

North Carolina 4-H'ers ended a year-long fund raising drive for the North Carolina Zoological Park near Asheboro today with the presentation of a check for \$10,125 to zoo director William Hoff.

The presentation was made by State 4-H president Chris Heavner on the third day of the 1975 North Carolina 4-H Congress.

The 4-H'ers ask that the money be used to buy a pair of oryxes for the zoo. The oryxes--a type of antelope---were selected during a meeting Monday afternoon.

The zoo fund-raising drive was launched in July, 1974, as a service project. The initial goal was \$8,000.

COUNTY PROUD OF 4-H HERITAGE

Do you know why Hertford County is famous? That's a question many delegates are being asked this week. If they don't know the answer, they're in for a treat!

Hertford County members are very proud of their historical past and don't exactly keep it a secret. During a District Day at county retreat, one can't help but mention that Hertford County is the home of the first 4-H club in the state. In front of the Ahoskie Middle School, a North Carolina Historical sign has been erected to verify the fact. The first club was in 1909, and called the "Corn Club".

WHO was this lucky fellow? WHY did they not have a new 4-H'er chosen as State president? You may have seen him around the campus this week. But WHAT was happening back then?
