

### Negro Students At State College 25 Years Hence?

C. P. Loomis, sociology professor, at the request of his students, had Lieutenant Oxley, Negro chairman of the Committee on Race Problems of North Carolina, to speak to his classes last meeting.

Lieutenant Oxley talked on social problems of the Negro; outstanding men of his race; ancestry of the Negro; difference between the Northern and Southern Negro; white leaders who had been favorable to the Negro; racial prejudice; and at the end of his lecture the classes asked him many questions about racial differences, which he answered with that ease and facility that he possesses.

Lieutenant Oxley was a member of a North Carolina colored division during the World War. He has attended several colleges, Harvard being the most outstanding. Oxley was one of the six delegates who were sent to the American Legion Convention in Paris in 1927 from North Carolina. One of the predictions pertaining to the social mixture of the white and colored race that Oxley made was that within 25 years the student body of State College would be composed of both colored and white students.

BETSY SHORE

Sponsor of the State College Forestry Club.

### LOST!

Registrar W. L. Mayer of North Carolina State College said that only 49 students were not allowed to reenter the institution for the winter term because of failure to pass the required amount of work.

Despite the loss of nearly half-hundred "flunks," the college population has increased by 66 over winter term enrollment last year. The present enrollment is 1,695.

### JENKINS TALKS ECONOMICS TO MEMBERS OF "AG" CLUB

The "Ag" Club met Tuesday night, February 3, 1931, at 6:45, in Harrison Hall, to hold its weekly meeting. The meeting was called to order by President B. D. Robertson.

A. S. Jenkins, local "Ag" student, talked on "Agricultural Economics." Approximately fifty per cent of the members were in attendance. At the next meeting of the club J. W. Kelley will discuss "Poultry."

**Beautify Campus**  
Shrubbery received soil and young trees and shrubbery were set out in the plot between the gymnasium and the railroad this week. Also grounds were raked and new soil placed on campus drives.

### Thirty New Books Added To Library, Announces Capps

The library has received 30 new books during the past two weeks, and these new books are more of a technical nature than the last list of new books which was published in THE TECHNICIAN some time ago, Frank Capps announced today.

The following books and periodicals have been received:

Why News is News—Corbin; Magazine Article Writing—Brennecke and Clark; The Journalist's Manual of Printing—Allen; New England Essays—Packard; Success—Feuchtwanger; Essentials of Systematic Pomology—Drain; The Beginning of Critical Realism in America—Parrington; National Education; The Working Press—Sorrells; The Development and Significance of the Newspaper Headlines—Makin; The Outcome of Sociology—Ross; Country Journalism—Allen; Public Employment Offices—Harrison and Associates; The Varieties of Religious Experience—William James; History of Cooperative News-Gathering in the United States—Rosewater; Agricultural Journalism—Crawford; Newspaper Reporting of Public Affairs—Bush; Writing to Print—Harrington; Robots or Men—Dubreuil; Editing the Day's News—Bastian; The Country Newspaper and Its Work—Safley; Courses in Reading in American Literature—Williams and Adkins; An Introduction to Statistical Methods—Secrist; News Reporting—Warren; Vocational Psychology and Character Analysis—Hollingsworth; What the Coal Commission Found—Hunt; Tryon and Willets; Money—Robertson; Essentials in Journalism—Harrington and Frankenburg; News Writing—Spencer; Group Incentives—Balderson.

### Four Students Ill

Four students Wednesday were confined in the infirmary with influenza. They were: W. L. Starnes, senior; J. B. Meacham, junior; N. H. McQueen, sophomore; and E. G. Lindley, freshman.

### Bull Observes Bull

Prof. R. H. Huffner and 28 students in Animal Breeding recently visited the Quail Roost Farm, containing 1,350 acres, just north of Durham. While there they saw a bull, High Point Prince Maxium, valued at \$7,500.

### Tame Meeting

Only incidental cases, related to individual students, were taken up at the faculty council meeting Tuesday. No proposals concerning the student body or the welfare of the school, as a whole, were introduced.

### Warren Pleads For Support Of State College Athletics

Intercollegiate athletics should be supported by our college as an activity demanding wholehearted and unselfish service, Coach Robert S. "Bob" Warren, director of freshman football here, declared to THE TECHNICIAN this week.

Coach Warren pointed out the fact that students are trying to cast aside the old traditional school spirit cause for participating in athletic activity while in college and in the place are adopting selfish motives. This theory, he said, is meeting with an unusual degree of success.

Good sportsmanship is not an intercollegiate or interscholastic problem as it was a few years back, but the lack of it is becoming more and more apparent, according to the football mentor. He urged that college students look upon athletics more as a part of the institution and not from the standpoint of personal elevation.

In making recommendations for the present situation, Coach Warren said: "If they can bring to the campus and maintain that happy attitude of mind that reaches out for a hard task to be performed without any promise of an immediate reward, we will be able to maintain these student activities that have stood the test of time, whether they be athletic, journalistic, forensic, or otherwise; and at the same time develop a stronger, more sensible, and more co-operative attitude toward our campus activities."

### SPORT CALENDAR

Next week will see the close of basketball activities in North Carolina for the 1931 State College team.

State has defeated Wake Forest this year, but lost to Davidson at Charlotte, at the beginning of a disastrous road-trip into Southern Conference schools.

The varsity and freshman wrestling teams of State are also marked up for action next week, facing the Duke University teams at Durham, Tuesday afternoon. The varsity meet had been scheduled for Saturday afternoon and the freshman for Friday.

The weeks' calendar will close with a boxing match between State and The Citadel at Charleston, S. C., Saturday night, February 14.

### "SPRAY GUN" ADDED TO TEXTILE SCHOOL

Other New Equipment Added To Facilities for Work in Department

The Textile School has recently added to the Dyeing Department and Research Laboratory a "Spray Gun" and artist's air brush.

This equipment will be used by students to make designs in colors on cloth by spraying the dye in much the same manner as some types of painting are being performed. The design is made on stencils by the students, who then lay the design on the cloth and spray on the dye in its proper media.

The department had also received a "chlorometer" to determine the active constituent of hypochlorites and bleaching to tell the strength of the bleaching solution. They have also received a "saponometer," used to determine the content of fatty acids in soaps and Turkey Red Oil; and a "hydrosulfometer," used to determine the strength of hydrosulphites and sulphoxylates.

### Davidson Victorious Over State Grapplers

State's varsity wrestling team bowed to the Davidson Wildcats in their first State meet last Saturday night at Davidson College by a score of 17-13.

Cap George Eason and Smithwick, State's star grapplers, did not participate because of injuries.

Oakley, Gurneau, and Laney were victorious for State.

Coach W. N. (Red) Hicks and his matmen left yesterday for V. P. I. with full-strength, including Captain Eason and Smithwick.

The summary:  
115-pound: Vick (Davidson) won over Karig, with time advantage; 5 minutes, 53 seconds.  
125-pound: Graham (Davidson) won over Bazemore, with time advantage; 5 minutes, 56 seconds.  
135-pound: Preston (Davidson) won over Evans, with time advantage; 4 minutes, 4 seconds.  
145-pound Oakley (State) won over Tyack, with time advantage; 2 minutes, 49 seconds.

155-pound: Taylor (Davidson) pinned Jones, with double wrist lock; 5 minutes, 37 seconds.

165-pound: Captain Conway (Davidson) won over Sutton, time advantage; 3 minutes, 15 seconds.

175-pound: Laney (State) pinned McFayden, with leg scissors and double arm lock; 2 minutes, 11 seconds.

Unlimited: Gurneau (State) pinned Boyle with body lock; 2 minutes, 30 seconds.

### Freshman Wrestlers To Meet Oak Ridgers

The State College freshman wrestling team and Oak Ridge meet Saturday night at the mountain school. It will be State's second tussel this year.

Durham High School defeated the Techlets 28-3 in the first meet. Since that time, however, Coach Joe Moore has been training the men overtime and he announced that the team is in fine shape.

Coach Moore will probably use the following men against the Cadets: Maglio, 110; Strickland, 115; Kidd, 125; White, 135; Farmer, 145; Cooper, 155; and Newcomb, 165.

### To Award Military Cup Honoring Dr. E. C. Brooks

(Continued from Page 1)

year of theatre passes to each member of the winning squads.

Prizes or coveted places on the permanent honor roll will be awarded the following: best drilled company, best drilled platoon, best drilled squad in regiment, best individual junior, sophomore, and freshman student, best musician (band), best drummer (drum corps), best bugler (bugle corps), and best competitive shot.

### No Crip

You who consider Education a "crip" course might well scan these statistics:

Of the 954 freshmen and sophomores taking Physical Education last term, 94 "flunked" and 47 got incomplete. Other grades announced by Johnnie Miller, director, were: 374 made A; 207, B; 142, C; and 90, D.

And there's the poor guy who got a shoeshine and then remembered that he had on his roommate's shoes.

## Red Terrors Meet Duke Basketeers On Saturday Nite

North Carolina State College and Duke University will meet Big Five foes for the second time this week, when the Devils and Terrors play at Durham, Saturday night, February 7.

State defeated Carolina in Raleigh, Tuesday night, 23-20, at the same time Duke was handing the Davidson Wildcats their first defeat by a Big Five foe this season. In defeating the Cats, the Devils stepped to the top of the ladder with three wins and one loss, Davidson going to second place with two wins and one loss.

State is resting in third place by virtue of its win over the Tar Heels, with three wins and one loss. A win for State over Duke, whom they defeated earlier in the season, will give the Terrors possession of the top, sending Duke down to third place.

State's three wins this season have been over Carolina, Duke, and Wake Forest. Carolina and Davidson have defeated Ray Sermon's tossers.

## FROSH WRESTLERS LOSE TO DURHAM HIGH SCHOOL

Durham High School's grapplers substituted for Duke University freshmen here Friday afternoon in a wrestling match with the State Frosh, and made a good job, winning 28-3.

Joe Moore's yearlings were up against keen opposition. Experience counted for the Durham youngsters.

Primo Maglio, State's diminutive athlete, scored for the Tech Frosh by the time decision route over Vick Vickers.

## State Revives In Second Half To Nose Out Tar Heels 23-20

Carolina Held 12-7 Lead At End of First Half—Johnny Johnson Is Star Scorer With 10 Points—Carolina Has Strong Defense During First Half

A gym-packed suspenseful crowd Tuesday night saw the "Red Terrors" unleash in the second half and from a handicap first-half score of 12-7 gain on and outstrip the strong Carolina aggregation by a score of 23-20.

Carolina outplayed State the first half, the score being 12-7 at the end of the period. Carolina's defense held well during the first half, Marpet and Alexander leading the score for Carolina. The second half opened up with State showing a freshening spirit, which they held through the remainder of the game. Johnny Johnson showed flashy work and led State's scoring with four field goals and two foul ringers. Clark showed good floor work and defense and all-round playing throughout the game. Rose showed his usual steady floor work. The whole team played well against its formidable rival, and this game had an important bearing on

the State championship. State engages Duke Saturday night at Durham. Knight of Durham "Y" refereed the game.

## STATE FROSH LOSE GAME TO CAROLINA BASKETEERS

Final Score Is 28-19—McQuage, Palm, and Jay Are State's Best Players

Carolina frosh cagers defeated the State Wolflets 28-19 in the preliminary to the Carolina-State varsity game Tuesday night. Carolina led 16-11 at the first half and continued their lead throughout the game. Stars for Carolina were Weathers and Collett, with 10 points each, and McCachren showed fine floor work. Jay, McQuage and Palm were the best players for State. The Carolina freshmen marked most of their scores from long shots and showed accuracy in looping the goal.

## Intramural Basketball Narrowed To 3 Lodges

The race for the State College Intramural basketball cup offered by the athletic department, has narrowed down to three fraternities and five clubs. J. F. Miller, head of the physical education department, announced yesterday.

The final game for the cup will be played February 24.

Thirty-two teams entered when the contest first began, but two rounds of play has left these eight teams: Theta Phi Theta, Sigma Pi, Kappa Alpha, Sixth Dormitory, Ag Club, Thompkins' Textile Club, Second-floor Seventh dormitory, and the Chemical Engineering Club.

Eight fraternities and six clubs remain in the consolation group composed of teams which lost in the first round of play. A trophy will also be presented the team winning in the consolation group.

The eight fraternities are: Lambda Chi Alpha, Delta Sigma Phi, Phi Kappa Tau, Tau Rho Alpha, Theta Kappa Nu, Alpha Kappa Phi, Alpha Lambda Tau, and Beta Sigma Alpha. The six clubs are: Union County Club, Mechanical Engineering Club, First-floor Seventh Dormitory, Third-floor South Dormitory, First Dormitory, and the Forestry Club.

## TICKETS

To prevent outsiders entering on student tickets, Dr. R. R. Sermon last week edicted that all student ticket books must be signed and presented by the rightful owners.

About eleven tickets were taken up at the gate Tuesday night when they were presented by persons not enrolled in the school. Owners of the books may get them by calling by Dr. Sermon's office.

It was not personal grudges that caused confiscation of tickets by doorkeepers, but merely exertion of duty, Dr. Sermon said.

## NEW ASSISTANT

Frank Reese, who resigned Saturday as head coach at Spring Hill College, Mobile, Ala., is new State College backfield coach. He is the choice of Head Coach John Smith.

Reese is a Notre Dame man, as is Smith, and alternated with Stubbldreher in the Irish backfield in 1924. He will replace "Butch" Slaughter, who served as backfield coach under Tebbell, Van Liew, and Sermon.

## Freshman Boxers Defeat Duke; Varsity Loses By 4 To 3 Count

Espey Defeats Hyatt To Mark Up Perfect Score of Three Wins—Hinson and DiMeco Also Victorious for State.

State won the freshman boxing bout while losing the varsity by the count of 4 to 3. State freshmen showed good boxing ability and coolness in the ring, the best fighters being Rhyme and Garner. Both of these men were up against two of the best freshman boxers in the South. Garner exhibited the ability as a fighter of an experienced man, having no trouble in getting the decision over Gross.

Among the varsity fighters Espey, started slowly, but during the second and third rounds showed good timing and powerful punches, gave the best fight of the night, winning all three rounds. This was the third time that Espey has entered the ring this year, winning all three fights. DiMeco also put up a good fight, as well as Hinson.

Duke won technical knockout in extra round over McGee.

135 pounds—Fuller, Duke, won technical knockout over Greenhaugh in second round.

145 pounds—Captain DiMeco, State, won decision over Wentz.

160 pounds—Hinson, State, won decision over Eshler, extra round.

175 pounds—Espey, State, won decision over Hyatt.

Unlimited—Brewer, Duke, won decision over Gurneau.

Freshman Summary

115 pounds—MacHoney, Duke, won decision over Blum.

125 pounds—Wellings, State, won decision over Hulze.

135 pounds—Rhyme, State, won decision over Cole.

145 pounds—Garner, State, won decision over Gross.

160 pounds—Mills, Duke, won technical knockout in second round over Comisky.

Unlimited—Skinner, State, won decision over Swindell.

The boxing teams will engage in a meet with South Carolina at Columbia Saturday night. With the showing that they put up against Duke, we are expecting a win.

## State Pugilists Leave To Meet South Carolina

The State College boxing team will leave Friday night for Columbia where it meets South Carolina in the ring Saturday night.

The fight with the Gamecocks is the fourth for State this year.

In its last fight, State lost to Duke University 4-3, a team that defeated South Carolina a few weeks ago, 6-1. State lost to Duke the first of the season by the same score and in its other fight this winter was defeated again 6-1 by Washington and Lee.

Lieut. C. H. Elmes, coach of the boxers, did not state whom he would use against the Gamecocks, but very few changes, if any, are expected from the card against Duke.

A new man for the unlimited class will have to be secured as Sam Gurneau, who was used in this class against Duke, will be unable to go to Columbia as the State basketball team plays Duke on that night.

Several new men have reported for the team this week and a heavyweight is expected to be picked from that crop.

The team State will most likely use is: Karig, 115; McGee, 125; Greenhaugh, 135; Capt. DiMeco, 145; Hinson, 160, and Red Espey, 175.

No freshman card will be fought.

looked good in Madison Square Garden.

Sheba—Would you put yourself out for me?  
Sheik—Gladly, baby.  
Sheba—Then do it. It's after eleven, and I'm tired.

## SYMPATHY

To Walter Clement, Jr., THE TECHNICIAN, the student body, and the faculty wish to express heartfelt sympathy in his bereavement caused by the death this week of his father, Hon. Walter Clement, of Enfield.

Things never seen: Evelyn Riggan without a mouthful of chewing-gum.

In Shakespeare's time woman held her tongue, said Professor Clark in class. Janie Andrews soon put him wise to the change in feminine habits.

Then there was the Science and Business dean who could not see why there should be a military department at State when the students can drill in the "machine shop."

We wonder how many of Prof. J. D. Clark's English students kept their word and listened to his talk on Chaucer?

## DEATH VALLEY!

The strong arm of the law, so rigorously wielded on speedsters last week, following two fatalities on Hillsboro Street, apparently has weakened, and now automobiles whizz over the main thoroughfare recklessly in uncurbed speed.

"Death Valley," new synonym for Hillsboro Street, exacted two deaths in 48 hours—tragedies which may occur any time, unless caution is exercised by both pedestrians and motorists.

And while students and faculty members harangue for stop-lights on the main thoroughfare, something might be done about speedy and reckless driving on the campus. Automobiles often speed over the dusty roads as blindly as the "thundering herd," and apparently with a little regard for the rights and lives of others.

## BUFFONERY ALL WET

Horse-play of three students—humorous to themselves, but embarrassing to others—was detected Tuesday night and the buffoons scheduled for trial by the student council.

This is not the first time students have perpetrated low pranks for the amusement of themselves and their unthoughtful followers. Last year they unfurled black core tissue paper. Then signs, procured by nocturnal pilferings, were placed on top of buildings. Newspapers dubbed the campus "Little Chicago." For years water-throwing has been an intramural sport among students, but until this year they have been content to play among themselves and not drag in outsiders.

Outsiders interested in State College enough to attend athletic events at least should be allowed to return home unmolested, not besieged with water-bags and firecrackers.

As long as students persist in unscholarly and beastly pranks townspeople will brand them as uncouth "hill-billies."

## THROUGH THE TRANSON

By DICK YATES

### Poor Smedley!

It isn't often that a lecturer speaking in Philadelphia gets world-wide recognition; yet, that's just what Smedley Butler received, when he spoke those few sentences about Mussolini carelessly running over a child in Italy. A good man as military men are judged, Butler made the fatal mistake of saying the wrong thing at the wrong time. Each word he uttered was packed with dynamite, and officials in Washington are still rocking on their heels from the explosion. Butler seems to have the same alibi as the man had who absent-mindedly shot his mother-in-law in the back—he didn't know it was loaded.

In this "land of the free and home of the brave" a man has many privileges—and many restraints. He can, if he chooses the locality carefully in which he speaks, say anything about the President that he wishes. He may lose the respect of his neighbors, and his wife may be dropped from the D. A. R., but he can "cuss" the government until his face takes on the proverbial blue. But if your citizen makes a few remarks about some Premier's propensity for running over children, the cables will burn for a space, diplomats will tear their hair and demand an apology, and if your citizen is in the Service, other citizens will show a marked concern about his official status.

### News and Observer vs. Divorce

During the last three days the News and Observer, that eminent local paper, has published three editorials imploring the legislators to kill the bills tending to make divorce easier. In these three editorials just two reasons are given for this plea. First, it was broadly intimated that by reducing the time of separation from five to three years, the American home (and more specifically, the North Carolina home) would be threatened with a break-up. Second, to quote from one of the editorials: "Easy divorce brings in undesirable people who spend money."

I may be a bit too naive, but from all this talk of hard times and depression, it seems that people who are desirable are those who spend money, and freely, too. Of course the local paper meant that they were undesirable because they wanted to be divorced from unwanted mates. But I think "unfortunate" is the word needed to describe these visitors.

Just how an easy divorce law would break up the family was not explained. Maybe a college student shouldn't be talking about such things, but it seems that a family in which the father and mother are at loggerheads would be much better broken up. Anyway, there's nothing that a law can do, or even an editorial, for that matter, that will turn incompatible people into perfect mates.

### Weekly Definition

Woman may be defined as a biological necessity that is now becoming rather closely identified with luxuries.

## OVER THE CAMPUS

By ELBERT OVERTON

Stopped in at Pullen Hall one night this week and took a look at the "Collegiate Comedians" in the rehearsing of "Dickelard Minstrels." That "Bobby" Chapman can really sing. The staunch director, "Tubby" Hanks, was putting the boys through their lines, songs, and frolicking without any hesitation. They're going to turn out a musical comedy that'll cause you to sit up and take notice.

Lieutenant Elmes and his men of the ring deserve commendation for the splendid amateur boxing exhibition they put on in the gym Friday night. It's a good thing there were ropes and some space between the ring and the press table. About this fellow Epey, who did such excellent fighting against his strong opponent, Add Warren, North Carolina heavyweight, says he would look good in Madison Square Garden. How do we know but what he may be there some day?

While glancing over the campus the electrical engineering students were found drowsing around and recuperating from over-eating. An investigation revealed that Prof. William Hand Browne, Jr., had taken the boys on an inspection tour during the earlier part of the week, and they were complimented with two square meals by two of the power companies they visited in North Carolina.

Tonight the college debaters enter another verbal clash in an attempt to add another to their seemingly endless string of victories. They are meeting the fair lassies from Farmville, Virginia, the state noted for the "blue blood." Let us hope that the young ladies don't turn the blood blue in the faces of our debaters by out-talking them.

Students relate that Professor Ogg brought his little child to class with him this week. After talking of chemistry formulas for part of an hour (the little girl fell asleep. He acknowledged then that he could see why his freshmen close their eyes during his lectures. He must have a musical voice.

The ground hog saw his shadow. If you are superstitious, that means that the students will again be reminded, before school is out, of the fact that our walks and drives are not all paved. There will probably be some speech made on that subject in the forensic department.

The campus seems to be turning into a speedway. A traffic cop was seen chasing a machine through the campus this week.

Last week the Wataugan made its monthly appearance. It has turned into a labor-saving device. We noticed that the staff has already written epithets from various students, which will eliminate the trouble after their death.

## Student Forum

### Now Wouldn't That Be Nice?

If Governor Gardner wants to start a real revival of prosperity, and send hundreds and thousands of people to work whistling, all their wives on a shopping expedition, let him recommend an increase of 10 per cent in wages and salaries. Of course there would be a howl from the taxpayers, who would howl anyway. They will not be satisfied with the 10 per cent reduction. They are never satisfied. And that is not for the moment denying that they have a just cause for complaining now. But when the news spread over the State that the Governor had recommended a cut of 10 per cent in the pay envelopes of thousands of people, and said recommendation was considered more or less by other than heads of public departments and institutions, there was gloom everywhere. In business organizations there was an uneasy feeling. Some business men found it advisable to reassure their employes that there would be no reduction. It was the biggest wave of economic pessimism that has been let loose in this State—in the memory of any living person.

But if the Governor had announced a salary raise, there would have been joy among thousands. There would be light steps and light hearts; a new energy would be put into their work, and he would be surprised at how much those workers would turn out in their allotted time and how they would buy the things they need, thereby putting money into circulation, giving the merchants better trade, enabling them to take up the note that may be pressing them.

Of course, the Governor could not advise such a step, and the State, city, and county governments could ill afford it. But at least it is a glance at the other side of the picture he created.—Durham Herald.

## Theatre Tickets

To test the efficiency of theatre advertising without the added stimulus of a discount coupon, officials of Publix-Saenger for the past three issues have discontinued use of "cut rate" tickets in THE TECHNICIAN.

In all probability use of discount tickets will be resumed sometime in February, according to Business Manager Land.

## STYLE HINTS

By Courtesy of MUNEYCUTT'S LONDON SHOP

That gray will be the leading hat color with the college men this spring is clearly indicated by survey of well-dressed men at Princeton and Yale. And in addition a greater interest is shown by a trend toward greens and browns.

The snap brim hat continues to be the leading model of soft felt hats. It was noted last year that there was a slight trend towards the wider brim hat. However, the vast majority of all types of soft hats still have the narrow brim.

**Awarded Medal**  
Albert S. Jenkins, senior in Agricultural Economics, is winner of the Progressive Farmer essay contest on "The Cooperative Marketing of Tobacco in North Carolina." He was awarded a gold medal by Dr. Clarence Poe, editor of the farm periodical.

You can tell by a man's grip what kind of a fellow he is. If it leaks, he is a congressman.

## Semper idem

"ALWAYS THE SAME" . . . a good slogan for any one of a thousand advertised articles whose superior qualities are maintained year in and year out.

Have you ever stopped to consider the time, patience, skill, money, and experience invested in every one of the articles you see advertised in this newspaper? No matter what it may be—a lead pencil or a cigarette—the problems of maintaining and improving quality are constantly in the minds of those responsible for their manufacture. Quality must be maintained at all hazards. Quality must be bettered wherever and whenever possible. Price must be kept at a level that will insure the utmost in value.

Advertised goods must, and do, live up to their advertising. "Semper idem"—always the same. They cannot afford to vary in the least.

Trust advertised goods. Buy them regularly. Read advertising to learn what is new. Read it to know what others are buying. Read it to ascertain how you can save money and yet get better merchandise.

Read the advertisements . . . they stand for quality merchandise . . . semper idem

## STEPPING INTO A MODERN WORLD

## Fitting the service to the customer's needs

Bell System service is custom-made. Each of the 65,000,000 telephone calls handled in the average day must meet the exact wishes of the person making the call.

Telephone men study a customer's communication needs, then advise the type of equipment that fits them best. For department stores they may recommend the "order turret"—a special switchboard for taking orders by telephone. Thus they enlarge the

store's service and simplify ordering for the customer. They develop equipment and plans for brokerage houses, police departments, nation-wide sales forces—and all manner of business firms.

The telephone industry continues to grow by fitting its service more and more completely to the user's needs. For men with insight and the ability to coordinate, the opportunity is there!

## BELL SYSTEM

A NATION-WIDE SYSTEM OF INTER-CONNECTING TELEPHONES

Frederic March is playing, at the Palace Theatre Monday, Tuesday, and Wednesday of next week, the very role in films which, when he played it on the stage two years ago, got him his chance as a screen performer.

"The Royal Family of Broadway" is the story of the home lives of a leading family of American stage folks. It is a rich, human story, garnished with rare comedy and satire, and a tinge of drama.

In the cast with March are Ina Claire, famous stage actress; Mary Brian, talkie favorite; Henrietta Crosman, grande dame of the Broadway stage; Arnold Kroff, and other Broadway theatrical celebrities.

A good comedy, "Big Splash" and Pathe Sound News completes a good program.

**ROY V. WRIGHT**  
who will speak in the "Y" auditorium Saturday at 10 o'clock

Damita head an exceptionally large and forceful cast of well-known screen favorites in this epic picture of the forefathers of the American West.

"Fighting Caravans" is Zane Grey's best-seller novel brought to the screen, made to live against the gorgeous natural backgrounds of the California High Sierras. In the cast are Ernest Torrence and Tully Marshall, those two-told scouts of "The Covered Wagon."

A Krazy Kat cartoon, "Taken For a Ride" and Pathe Sound News completes the program.

Barbara Stanwyck achieves the supreme triumph of her career in "Illicit," the startling comedy-drama of modern love and matrimony, which is coming to the State Theatre next Monday, Tuesday, and Wednesday.

The lover is played by handsome James Rennie, his father by Claude Gillingwater—the first courtly old gentleman that that sterling actor has created for many a day. Charles Butterworth—most unique of all Broadway funnymen—acts the part of an inebriated and wozy friend of the family—with big-eyed Joan Blondell as his companion in ribaldry. Then there is that blonde menace of all blonde menaces, Natalie Moorehead, and Ricardo Cortez—successfully playing an unsuccessful suitor. Don't miss "Illicit"—intriguing—sophisticated—human—different.

The program will be completed by a Paramount Sound News, a Laurel-Hardy comedy, "Another Fine Mess," and "Step On It," a novelty cartoon.

**RALEIGH HIGH BOXERS ENGAGE STATE FROSH**

Raleigh high school boxing team, unbeaten in its own circles, will try bigger game tonight by meeting the State College freshman punchers in the Broughton High School gymnasium on St. Mary's Street.

The meet, which will start at 8 o'clock, will offer seven bouts. It will be the first meet for the highs in a fortnight.

"Willie," said the mother, "I must insist that you stop shooting craps—the poor little things have just as much right to live as you have."

"I want an asylum Hershey bar."  
"What the Sam Hill!"  
"You know—one with nuts in it."

**Lowell Thomas Recognizes Former State College Boy**

"And now, here's a queer one," said Lowell Thomas, radio spokesman for the Literary Digest, in his fifteen-minute talk Tuesday night. "W. C. Yelverton, of North Carolina State College, gives me information of one freak holdup that was pulled at his college."

At this point Thomas proceeded to relate the details of a holdup that was pulled last year on a State student. The student, it seems, was on his way to see his girl, carrying, as students will, a box of candy under his arm. Suddenly a Negro stepped behind him, pressed a blunt instrument, presumably a pistol, in his back, and commanded him to drop the box. The student complied, and was also relieved of two dollars. As the Negro stooped over to get the candy, the student, almost consumed with a cold rage, pressed his pipe into the Negro's back, commanding him to return the stolen goods. After the candy and money had been retrieved by the student, he searched the Negro, with the intention of removing his gun. He found no gun; he merely found another pipe.

Yelverton, who sent in the information to Lowell Thomas, is now confined with sickness to his home in Fremont, where he has been since the middle of last term.

**American College Men Are In a High Class**

American college men were given large bouquets recently when Dr. John M. Thomas, president of Rutgers University, spoke over a nation-wide radio station hook-up.

"By and large," he said, "American college men are clean, manly, and honorable. They will tell the truth, almost all of them, even in a tight place. They are neither yellow, red, nor even pink. They have much to learn, but they are learning it faster than any generation of any people on record. They prefer hard games to easy ones, difficult jobs to soft snaps. They will attend to the work that needs doing and the problems that need solving equally as well—and I honestly believe a little better—than we of the older generation have attended to ours."

The Rutgers president said he believed the college student of today "has a pretty hard time of it," for he is asked to continue the preparatory stage of life at an age when his parents were out in the world and had families.

"It is hard to be always getting ready to do something by and by. It takes a good deal of patience and grit to stick at it through the long years of preparation necessary for superior service in this complex world. In youth it is the itch to get away and get at something practical and real. Parents may well be patient, sympathetic, and encouraging. Don't blame the boy for being restless and perhaps unappreciative of his opportunities. College is probably the first thing he has undertaken; challenge him to make a success of it."

**Iowa Co-eds Find Their Ideal Man**

Iowa City, Iowa.—(I.P.)—The co-ed's ideal man at the State University of Iowa is Francis O. Wilcox, of Fort Madison, Iowa, who is poor, but handsome.

He doesn't smoke, yet, or drink. He is a Phi Beta Kappa and winner of a major athletic award. And, according to the girls, he satisfies all the requirements—personality, ambition, dependability, conscientiousness, sincerity, and popularity.

In a questionnaire circulated in the thirty sorority houses on the campus, Wilcox was found to be the ideal of the majority of the women students.

Wilcox is president of his fraternity, is a star track man, and has kept his scholastic average among the first dozen in the university.

**Carideo Opposed To Marital Publicity**

Beverly Hills, Cal.—(I.P.)—When some one announced for Miss Nina Quatero, film actress, that she was to be married soon to Frank Carideo, all-American quarterback of the Notre Dame University football team, the athlete accused the actress of attempting to gain "cheap publicity."

Learning of the Notre Dame star's remarks, Miss Quatero told newspaper men that it was "all a joke" someone had pulled on the two of them.

The two were brought up in Mount Vernon, N. J. When the Notre Dame team played in Southern California in December, Carideo accepted the film star's invitation to come out to her house to renew the childhood acquaintance.

"And this is what I get for being courteous," he said. "I went because she was from my home town."

Hortense—And do you think he was in earnest when he proposed to you?  
Marjorie—Yes, his cigarette went out and he didn't notice it.

**GIVE WEEK-END CAROLINA DANCES**

A number of dances have been announced for the month of February at the University of North Carolina, two to be given this week-end.

Friday night, February 6, the Woman's Association, of which Reeme Moore is president, will entertain with a dance in Spencer Hall, to be followed Saturday night by a Grail dance, the second of the season.

Next week-end, February 13 and 14, the University German Club will sponsor the annual midwinter dances. Leaders for these dances are William Dann of New Bern, Lynn Wilder of Raleigh, and George Bagby of Charlotte.

On the week-end of February 27 and 28 two more dances will take place. The annual dance given by blind students at Carolina will be given Friday night of that time, followed Saturday night by the third Grail dance.

**Need of Education Is More Money for Salaries**

Chicago, Ill.—(I.P.)—The greatest need of American education, according to the youthful president of Chicago University, Robert Maynard Hutchins, is more money for faculty members to "make education respectable and to enable colleges and universities to compete with business for the nation's best minds."

"In the past twenty-five years," he says, "the best minds of America have been drawn into business. Hence, American education faces a new problem in competition—competition with big business for the best men. If you spread \$100,000,000 over all the worthy colleges in the land you might increase each professor's salary as much as \$134. You might as well throw the money in the lake. But spend it on the key universities and you will develop pacemakers that will revitalize American education."

His plan would be to select three "key universities," one in the East, one in the mid-West, and one on the Pacific.

**Fire Destroys Barns Of Prof. Yates' Dairy**

A fire, causing around \$6,000 damage, this week destroyed two large barns and a tool shed at Lakewood Dairy, located several miles south of Raleigh, owned by Prof. R. E. L. Yates, a member of the faculty of State College. The fire, started by the explosion of a tractor which was shredding corn near one of the barns, left a herd of 75 cows without shelter or feed.

Professor Yates estimates that his loss of feed and hay alone would run around \$1,500. A large quantity of feed is still in the fields, he said, but, with the burning of the storage barn, there now is no place to store it.

A number of cows were in the barns when the fire started, but these were saved.

The property was partially insured, Professor Yates said.

**TEACHES LANGUAGES THROUGH THE MOVIES**

Unique Plan Put In Operation At Chapel Hill By E. Carrington Smith

Chapel Hill, Feb. 5—A unique plan of educating youths through the talkies has been evolved and put into operation by E. Carrington Smith, the enterprising manager of the Carolina Theatre here.

The idea is to carry the regular program by presenting a foreign language picture each Wednesday night. The plan was put into practice in December and has proved so successful that Manager Smith says it will be continued indefinitely. Incidentally, he says, this is the first theatre in the country to inaugurate such a program.

In these pictures all the talking is in some foreign language. Spanish, French, and German are the three that have been selected so far. Moreover, all the actors are natives of the country whose language they speak, and most of the pictures are filmed in foreign lands.

University of North Carolina professors who teach foreign languages are enthusiastic about the plan. They say these pictures should help their students immensely in their study of foreign languages.

"Marriage," said the philosopher, "is like a railroad sign. When you see a pretty girl you stop; then you look, and after you are married you listen."

**Tech Freshman Center Out of Sports Picture**

George Beaghan, big center whose play featured several games for the State College freshman basketball team this season, has been withdrawn from freshman sports competition at State.

Beaghan attended Lehigh University prior to coming to State, and it is in view of his one term's matriculation at that institution that he is not eligible for freshman sports under Southern Conference rules. State officials say he will be eligible for varsity play after completing his year of residence here, as he participated in no sports at Lehigh.

**Arc  
Welding**

Diminishes the Din of Steel  
Construction to a Whisper

IN Boston—Dallas—Los Angeles—and  
in other cities, lofty buildings are going  
up so quietly that the passerby all but  
stops and strains an ear for the old familiar  
clangor.

Silently, swiftly, rigidly, economically, arc  
welding knits steel with joints as strong as  
the metal itself.

Arc welding is being used more and more  
in the fabrication of buildings and machinery,  
the construction of pipe lines and tanks,  
and as a repair tool of universal utility.

Development of General Electric arc welding  
has largely been the work of college-trained  
men. Others of the college men at General  
Electric are largely responsible for the high  
reputation won by hundreds of G-E products  
used in industry and in the home during the  
last thirty-seven years.

# SOCIAL ACTIVITIES

**Fraternity To Entertain**  
The Alpha Chi Beta Fraternity of N. C. State College will entertain at a formal Founders' Day dance Friday evening at the Capital Club, from 9 until 1 o'clock. The dance will be preceded by a banquet for members of the chapter, pledges of the fraternity, and their ladies.

The banquet will be featured by impromptu talks by each member of the chapter. Fraternity colors, scarlet and grey, will be evident in the decorations and favors will be presented the guests. Faculty members and their wives attending the banquet will be Prof. and Mrs. J. D. Paulson and Prof. and Mrs. S. T. Ballenger. J. E. King will be toastmaster.

At the dance following, additional

## What's YOUR favorite pipe tobacco?

### Most PRINCETON men smoke—

If you walk along Prospect Street in Princeton you'll notice how many men lead their pipes from the familiar blue Edgeworth tin. At Senior Singing on the steps of Nassau Hall this spring the pipes will glow with Edgeworth.

A pipe and Edgeworth—this is the smoking combination that has won the college man. Yale, Dartmouth, Cornell, Illinois, Stanford... all agree with Princeton.

College men everywhere respond to the appeal of pipes—packed with cool, slow-burning Edgeworth. Be guided by their choice: Try Edgeworth yourself. Taste its rich natural savor that is enhanced immeasurably by Edgeworth's distinctive eleventh process.

You will find Edgeworth at your nearest tobacco shop—15¢ the tin. Or, for generous free sample, address Larus & Bro. Co., 105 S. 22d St., Richmond, Va.

### EDGEWORTH SMOKING TOBACCO

chaperones will be Prof. and Mrs. J. S. Whitener, Dean and Mrs. E. L. Cloyd, and Dean and Mrs. B. F. Brown. Jimmie Stephenson and his N. C. State Collegians will play for dancing.

The members of Alpha Chi Beta who will be hosts on this occasion are J. B. Williams of Clinton, president; F. M. Sumrell of Ayden, vice-president; E. M. Burke of Gibsonville, treasurer; W. A. Parrish of Creedmoor, secretary; H. A. Leyerly of Spencer, house president, and J. B. Barnes of Como, J. E. King of Norfolk, Va., and Clem Campbell of Greensboro.

The fraternity pledges are W. R. Middleton of Laurinburg, R. B. Kimrey of Sanford, F. L. Faulkner of Greensboro, W. E. Tullock of Sanford, P. J. Hathaway of Creswell, and John H. Kennedy of Cumcock.

The young ladies who will be guests at the banquet are Misses Frances Moore, Frances Stallings, Adella Hart, Louise Martin, Sayde Harris, Ruth Staunton, Jen Peay, Edna Fields, Ruth Payne, Claudia Dowell, Margaret McCabe of Greensboro, Sallie Williams of Clinton, and Elizabeth King of Fredericksburg, Va.

**Phi Kappa Tau Dance**  
The Phi Kappa Tau Fraternity were hosts at an informal dance given in their chapter house on Groveland Avenue last Saturday evening, from 9 to 12.

Refreshments were served during the evening.

Chaperones for the dance were Mr. and Mrs. J. D. Paulson, Mrs. A. O. Alford, and Mrs. T. C. Yates.

The following young ladies were present:

Misses Martha Ruth Kendall, Anderson York, Caroline Tucker, Dorothy Furr, Louise Kennedy, Dot Davis, Clarice Mitchell, Ray McKinley, Shelton Shaw, Alice Partin, Sarah Clay Falter, Mary Bell Gray, Gertrude Glavis, Mary Hellen Keller, Diana Linticum, Marion Cobb, Anne Lee Evans, Harriett Cobb, Sarah Snipes, Shirl Glover, Peggy Bert, Charlotte Duffie, Pattie Moore, Ada Spencer, Mary Emma White, Emily Storr, Lib Dunn, Eliz. Layfield, Eleanor Laxfield, L. B. Bryan.

**Elect Sponsor At Dance**  
Miss Betsy Shore, of 1405 Wake Forest Road, was elected sponsor of the State College Forestry Club at the program-dance given by the foresters in the Woman's Club last Friday night.

Miss Shore is a graduate of Raleigh High School, and Peace Institute, and is a very popular and well-known member of the younger set.

Young ladies at the dance were: Betsy Shore, Caroline Ashe, Ruth Payne, Elsie Hunt, Eloise Jordan, Sara Holoman, Rose Byrd, Polly Bruton, Aridella Jordan, Ernestine Holland, Lillian Covington, Julia Brown, Elvina Hart, Francis White, Ruth Byrd, Pearl Humphrey, Margaret Payne, Alice Jones, Dorothy Jones, Verna Sullivan, Margaret Adams, and Margaret Bullock.

## Announcements

Self-Help Club meeting Saturday night, at 6:30, in the club room in the Y.M.C.A. Visitors welcome.

Freshman Friendship Council meets Sunday afternoon, at 1:30, in the north end of the Y.M.C.A.

Los Hidalgos, language fraternity, will meet Tuesday, February 10, in the library, at 7 o'clock.

Football equipment issued for spring practice, 4:30 to 6 p.m.: Varsity, Thursday, Feb. 12. Freshmen, Friday, Feb. 13. All others, Saturday, Feb. 14.

E. W. CROW,  
M. H. HUTCHISON,  
Managers.

### Stage Hands Wanted

Students who have had experience in property and lighting work on the stage are urged to meet J. E. McIntire in The Technician office Monday afternoon between 5 and 6 o'clock, to arrange for work in "Dixieland Minstrels."

The discussion on military training will be continued at the Sunday evening meeting of the Young People's Society of the West Raleigh Presbyterian Church. A social is being planned for February 21, at Powell's Cabin.

### State Theatre

Thursday, Friday, and Saturday, "Dracula" will bring to the State Theatre a rare treat for theatre fans. Chuck full of breath-taking climaxes, mysterious happenings, and an absorbing plot, "Dracula" is a forceful, gripping picturization of the novel bearing the same name. As the novel was a best-seller—so "Dracula" is fast becoming a best movie seller.

Helen Chandler and Bella Lugosi are co-starred in a picture that will make you sit on the edge of your seat until the last scene. You'll thrill! You'll chuckle! You'll be amazed when "Dracula" comes.

The program is completed with an "Our Gang" comedy and latest news reels.

cluded: Dr. and Mrs. J. V. Hofmann, Prof. and Mrs. R. W. Hayes, Prof. and Mrs. M. C. Leager, Dr. and Mrs. Metcalf, Dr. and Mrs. Poole, Dean and Mrs. E. L. Cloyd, Prof. and Mrs. Weaver, Mr. and Mrs. J. S. Holmes, Mr. and Mrs. Charles H. Flory, Mr. and Mrs. F. H. Claridge, and the officers of the State College Agricultural Club.

The auditorium was decorated with pine and other forest trees so as to give it a sylvan atmosphere. Music was furnished by Don Ellington and his orchestra.

### STUDENTS TO ORGANIZE UPPERCLASSMEN COUNCIL

Upperclassmen will meet in the "Y" Auditorium at 1:30 Sunday afternoon to organize a council for upperclassmen. Tentative plans have been discussed concerning the organization by a committee appointed by Leroy Clark, president of the Y. M. C. A. A discussion will be held as to the formation of the council and a more specific goal. It is thought, however, that the purpose of the proposed council will be on this thought, "To create and extend throughout the State College campus a more Christ-like feeling."

This council will be made up of men from the upperclasses, and all upperclassmen who think that they would be interested are cordially invited to attend the meeting Sunday afternoon.

### WIDOW OF HAYWOOD TO ASK FOR COMPENSATION

Notice has been given the college that the widow of Allen Haywood, veteran employe of the college who was killed by an automobile several weeks ago, has filed notice of the accident with the North Carolina Industrial Commission.

A hearing of the case will be held later, according to the notice, and will decide whether damages, under the Workmen's Compensation Act, are forthcoming.

The college will probably introduce evidence tending to prove that Haywood, when killed, was on a personal mission.

If the maximum damages are allowed, the widow of the deceased will be awarded approximately \$4,000.

### PROFESSOR R. W. HENNIGER TALKS TO LOCAL CIVITANS

Prof. R. W. Henniger, executive secretary of Governor Gardner's Unemployment and Relief Commission, Tuesday told local Civitans that, not only does industry and agriculture need stabilization, but that society needs it also.

Work relief and not charity relief is what is needed, he asserted.

## Radio Club Men Begin Work On Short Wave Set

The Short-Wave Radio Club, a student organization formed for the scientific study of radio at North Carolina State College, began active work on a short-wave radio set this week, with sixteen members pledging a "part" in assembling and building the new campus project.

John Rabb was elected temporary chairman of the club and Dr. H. L. Caveness of the chemistry department and licensed operator, was selected as faculty advisor.

The short-wave station will be located in the electrical engineering building.

Members of the club are: W. M. Bell, T. J. Raber, T. P. Robertson, S. I. Allen, C. D. Barker, R. L. Willis, L. I. Chidester, H. A. Eudy, D. L. Webb, G. M. Smith, R. H. Cottrell, S. W. Spencer, D. A. Worsley, Dr. Caveness, John Rabb, and C. D. Whaley.

Seven of the members have government radio licenses.

### FOLGER LEAVES STATE AFTER VISITING "Y"

D. F. Folger, instructor in the Y. M. C. A. Graduate School of Nashville, Tenn., left State College last Tuesday after spending several days at the College Y. M. C. A.

Mr. Folger came to State College to instruct and advise the cabinet and officers, and to interest men in the work of the Y. M. C. A. Graduate School.

Last Sunday Mr. Folger spoke to the Freshman Friendship Council on "Creative Thinking."

Coming here from the University of North Carolina and using State College as his headquarters, Mr. Folger visited Gulliford, E. C. T. C., and A. C. C. His itinerary includes Duke, Elon, and Furman.

### JANUARY AGRICULTURIST DISTRIBUTED TO STUDENTS

The fourth issue of the N. C. State Agriculturist is off the press.

The magazine is purely departmental, containing informative and news articles of interest to students in the agricultural school.

Contributors to this issue are J. E. Hill, Hagop Hagopian, George K. Shaeffer, F. H. Jeter, Roy H. Thomas, D. H. Latham, H. B. James, and C. G. Murray.

### Cannot Order Rings

According to reports from the registrar's office, 95 third-year men are listed as sophomores, and will not be allowed to order rings with the Junior Class.

Romeo LaForte, president of the class, announced that a further check-up on the accuracy of the reports would be made before the students' order were finally refused.

## OH, HENRY!

Practice teachers from the school of education sometimes get more than academic credit for their work—they very often get a huge laugh out of the papers handed in by the students.

After reading one of O. Henry's short stories to his class, one of the practice teachers, plying his trade in a nearby town, asked for a summary of the story to be written and handed in by the students. In modest compliance with the request, one pupil wrote the following summary:

"Sooby was a old man seated in a park on a bench. The autumn leaves were falling on him. He was tudyng out a way to get back to Blackwells Islands sooby had been there for many winters in perison. Winter was coming on. It was getting cold. Sooby walk the street, But the policeman would not arrest him. He finally loss an umbrella in rusuant and saw it on a street one day. A policeman was watching. But he did not seem to care if he did see him. But at last he did not want to go back to Blackwells Island."

ware River in the Catskill Mountain region. He also told of the tri-State Delaware River compact between New York, Pennsylvania, and New Jersey, and the necessary negotiations which were carried on by the three states before New York was able to obtain the water which was vitally necessary to her continued growth and prosperity.

D. K. Clodfelter then spoke lengthily upon the care of the water supply of New York City. In his talk he told of the various ways and means which New York City used in purifying her water and maintaining this purity.

A short business session preceded the program in which the Floot Committee, of which J. L. Shepherd is chairman, told the society about the new float which it had designed for use in the parade of the Engineers' Fair. The Floot Committee has begun work on the float.

Einstein's theory of the extent of space proves that he has never been in a rumble seat with three or four girls.
