Proposed Campus Bulletin Board Will Soon Be Erected At State Blue Key Fraternity Announces

Project Plans Begun Three Years Ago By Fraternity

'MIKE' WHITEHURST HEADS THE COMMITTEE ON PLANS

Bulletin Board Is Civic Necessity On State College Campus, According to Robert Gatlin, President of the State College Chapter of Blue Key—Students Will Be Asked for Contributions for Small Part of Erection Expenses of Board—Brock Chairman Construction Committee.

Work on the proposed centrally located campus bulletin board, sponsored by Blue Key fraternity, will be begun shortly, it was announced today by Robert H. Gatlin, president of the fraternity.

Plans for the structure have been completed and arrangements made by the fraternity to secure as donations the major portion of the materials needed.

The plans, which were drawn from an original design by Prof. J. D. Paulson, calls for a brick structure with limestone facing and coping, glass front, and electric illumination. Sufficient metal has been secured to cast a solid brass tablet to adorn the front of the bulletin board. This brass tablet will give the usual information concerning erection of the structure.

The pattern for the casting and the actual casting and finishing of the tablet will be designed and carried out by members of the fraternity in the shops of the college.

The bulletin board will be placed between Peele Hall and Watauga Hall, and will occupy the space immediately between the two concrete walks leading to the dining hall. It will face Holladay Hall and the back of the board will be masked off by appropriate shrubbery.

"The bulletin board will satisfy a long-felt need on the campus," according to Bob Gatlin. "As conditions are now, there is no one central place where students and others can confidently go and expect to see important or otherwise bulletins and notices. The erection of the bulletin board,—Continued on page 4.

State Musicians Announce Concert Sunday Afternoon

Sunday afternoon the State College Band will present another concert on the lawn near the Memorial Tower. This will be the fourth of a series of concerts which the band is presenting for the students and friends of the college.

In the concert Sunday the band is featuring two well known and popular compositions of the Austrian composer, Franz Von Suppe. The first is "Morning, Noon, and Night," and the second will be the ever popular number with its stirring military air, "Light Cavalry."

This composer, Austrian by birth, began his musical career as conductor of an orchestra in one of the smaller Viennese theatres, gradually working his way up to be one of the most popular composers of ephemeral light opera of the day. His works, however, are not as well known as some of the other famous Austrian composers.

The program for the concert Sunday afternoon is as follows:

- The New Dawn.....Russell
- Passing in Review (march).....Aldrich
- Morning, Noon, and Night, Von Suppe
- Barnum and Bailey's Favorite, King
- The Flower of Italy.....DeSofano
- Ponderosa (march).....King
- The Little Chatterbox.....Ellinburg
- Gloria (march).....Losey
- Light Cavalry.....Von Suppe
- Bombasto (march).....Farrar
- Enchanted Night.....King
- The Old North State.....Gaston

PARADES OMITTED

The parade which the R.O.T.C. regiment at State College has been holding each Monday for the general public will be omitted Monday, April 20.

The regiment is preparing for the annual War Department inspection. This inspection will take place during the week beginning April 27.

Cotswold H. G. Davids, senior instructor of the National Guard of North Carolina, has been designated inspecting officer.

Women's Colleges Send 71 Students To Textile Show

The North Carolina State College Textile School closed its twelfth annual Textile Exposition yesterday after setting a new high mark in attendance of more than 2,000 persons who viewed the fourth Style Show and school of textiles.

Dr. Thomas Nelson, dean of the textile school, and other college and North Carolina mill officials said that this year's exposition was the largest in the 31 years since the school was founded.

Seventy-one women representing Meredith, Peace, Louisburg, Catawba, Eastern Carolina, Teachers College, and Queens College took part in the Style Show.

Dresses worn in the show were made by the home economics departments of the women's colleges and fabrics and designs represented the work of State College textile students.

Miss Mary Louise Johnson of Raleigh, representing Meredith College, was awarded the grand prize for the most attractive dress and was named "Textile Queen" of the exposition.

The six first prize winners of the North Carolina women's colleges are: Louise Gattis of Louisburg College, Agnes Debusk of Glade Springs, Va., for Queens College; Margaret Menges of Hanover, Pa., for Catawba College; Janyie Martin of Sanford, for Eastern Carolina Teachers College; Grace Carr of Washington, D. C., for Meredith College, and Bessie Wilson of Montreat, for Peace Junior College.

Meredith College led the prize winning with five places. They are: Sledge Ricks of Whitakers, Mary Bess Van Landingham of Scotland Neck, Hattie Mullis of Morganton, and Janie Blalock of South Hill, Va. Catawba College winners are: Margaret Menges of Hanover, Pa., Virginia Surratt of Lexington, and Mary Leazer of Kannapolis.

Audria Alexander of Charlotte, —Continued on page 4.

Install New "Y" Officers Tuesday At Eight O'Clock

The installation program for the new Y.M.C.A. cabinet members will be held on Tuesday, April 21, at 8:00 o'clock, in the "Y" auditorium.

The main purpose of the installation exercise is to have the new officials sworn into office. These include H. Y. Brock, president; C. N. Gross, vice-president; A. L. Drumwright, secretary, and R. W. Cummings, treasurer. These men were elected by popular vote of the student body at the final election held April 8.

The installation speech will be by Rev. E. McNeil Poteat, following which the men will take the oath of office, given by Dean E. L. Cloyd. H. Y. Brock, new president, will then give his presidential address. At this exercise C. L. Clark, retiring president, will render his "Swan Song," which is more or less a traditional farewell address given by the retiring president.

Here is the program to be followed: Song—Congregation. Devotional—J. R. Walker. Song—Congregation. "Swan Song"—C. L. Clark, retiring president. Oath of Office—Given by Dean Cloyd. President's Talk—H. Y. Brock. Closing Ceremony—Congregation.

CLEMSON PRESIDENT SPEAKS AT SCHOLARSHIP EXERCISES

Dr. E. W. Sikes Principal Speaker To State Honor Men April 22

Dr. E. W. Sikes, president of Clemson College, will be the principal speaker at the Scholarship Day exercises to be held next Wednesday, April 22, in Pullen Hall.

The exercises will begin at 11 o'clock and will last until 1. In addition to the speech to be made by Dr. Sikes, those who attend will be entertained by "Daddy" Price's State College Orchestra.

Scholarship Day has been observed for a number of years by the students and faculty of State College. On this day honor students will be given honorable mention for outstanding work in scholarship.

Honorary fraternities of State are sponsors of the day. They are: Pine Burr Society, Phi Kappa Phi, Tau Beta Pi, Alpha Zeta, Los Hidalgos, and Phi Eta Sigma. The members of these fraternities will attend a luncheon to be given in the "Y" at 1 o'clock.

Cummings and Davis Win In "Sales Tax" Debate

H. W. Davis and R. W. Cummings won a unanimous judges' decision from their opponents in a debate Friday evening, before the Pullen Literary Society.

The question debated was, "Resolved, That the General Assembly of North Carolina should pass a general sales tax for the support of the MacLean school bill." W. E. Vincent and D. W. Bennett spoke in favor of the sales tax, while H. W. Davis and R. W. Cummings presented a very forceful argument against the proposition.

In the course of the debate the pros and cons of the sales tax were given in detail. The affirmative contended that the sales tax was desirable and practicable, since it sought to tax the people who were able to pay and relieved the overtaxed farmers of the ad valorem tax, which has succeeded in driving many of the farmers to the "Cross Roads."

The negative objected seriously to the argument voiced by the affirmative, and contended that a sales tax, if passed by the legislature, would not only be impossible of collection, but should it be collected in part it would place the farmer in a worse condition than he is in at the present time.

The society will hold its next meeting Friday evening at 8:30. At this meeting four of the members of the society will discuss the subject, "Resolved, That a further restriction of our immigration would not be practicable."

College Trustees Selected By State General Assembly

The General Assembly named three sets of trustees yesterday, two to fill out terms of the individual boards of the University of North Carolina and N. C. State College, to serve until July 1, 1933, when the consolidation of the University, State College, and N.C.C.W. takes place, and the other consolidated board of one hundred members for all three institutions, to take office July 1.

The boards were named in joint session, but not without outcroppings of discontent over representation on the joint board. This was voiced by Senators MacLean and Gower, who protested multiple representation from wealthier counties and none from many less important counties.

A number of changes were made on the floor. W. H. Woodard of Pitt was substituted for J. R. Turnage of the same county, who was nominated by the committee for the consolidated board.

At his own request the name of Executive Counsel N. A. Townsend was stricken out and that of W. T. Shore of Mecklenburg substituted on the consolidated board.

W. D. Merritt of Person was substituted for J. A. Long on the consolidated board. An amendment to substitute Kingsland VanWinkle of Buncombe for J. D. Murphy was withdrawn, and an amendment to substitute H. L. Lyon for Irvin B. Tucker, member of the Federal Parole Board, was lost.

"Swan Song"—A. A. Hicks of Granville moved that his name be stricken out and that of Judge A. W. Graham of Granville be substituted, but Senator

NAME AGROMECK NOMINEES AT WEDNESDAY BOARD MEET

"Campus Gossip" Says Henry Ricks Slated for Senior Class President

Election of senior class officers and Agromeck officials Wednesday, April 22, will bring to a close major political activity on the campus.

George Hobson and W. L. Belvin are gunning for business management of the Agromeck, senior year book. Henry Burrus is running unopposed for editorship. These three men have passed the publication board, and, although candidates may be nominated from the floor, it is not probable that other students will fling their hats in the ring. Experience is essential for an efficient editor or business manager, present officials said.

Although no students have announced themselves for presidency of the class, it appears that Henry Ricks, Textile student, will lead the class next year.

The class meeting is scheduled for 1:30 Wednesday, and Romeo LeFort, class president, urges all juniors to attend and take part in the election.

LeFort and Paul Leave For Federation Meeting

Dan M. Paul, president of the North Carolina State College student body, and Romeo LeFort, president-elect for next year, left the campus Wednesday for Tuscaloosa, Ala., where they will attend the annual convention of the Southern Federation of College Students, held at the University of Alabama April 16 to 18.

The Federation is composed of the leading colleges of the South and State College Student Government has held membership in the organization for more than three years.

Last year the Southern Federation of College Students met at State College.

FREEMAN COOK ELECTED PRESIDENT OF I. R. CLUB

Freeman W. Cook, graduate in poultry, was unanimously elected president of the International Relations Club at a business meeting held Wednesday night.

Other officers elected were: Dick Yates, vice-president; F. A. Shoe, secretary; J. W. Southerland, treasurer, and Ralph Cummings, assistant secretary.

H. F. Litchy, Hugh F. Anderson, and R. S. Hivatoke were voted into full membership. Charles Simmons, W. T. Jordan, Ralph Cummings, and R. P. Moore, associate members of the club for several months, were unanimously given regular membership.

College Trustees Selected By State General Assembly

Grier, paying compliment to the generosity of the Granville Senator, urged the members to vote down his motion, which they did.

The name of Mrs. Lillian Rowe Frye of Swain was stricken out, to make room for that of Senator E. L. McKee of Jackson.

Senator H. P. Grier of Iredell had the word "Junior" added to his appointment, thus conveying it to his son.

Senator Folger made a magnanimous gesture after the protest of non-representation, offered an amendment to strike out his name and insert "whomever wished." It developed, however, that Senator Folger was not a member of the consolidated board, but of the State College board which goes out of office next year.

On the State College board F. A. Hargett of Onslow was substituted for E. L. Cox.

The consolidated board, showing members as their terms expire from 1933 to 1939, is as follows: Sidney E. Alexander of Mecklenburg, Pascal S. Boyd of Iredell, Josephus Daniels of Wake, Arthur M. Dixon of Gaston, Richard Tillman Fountain of Edgecombe, C. C. Gold of Guilford, Mrs. Annie Shepherd Graham of Chowan, Jas. Alexander Gray of Forsyth, George Chancellor Green of Halifax, Junius D. Grimes of Beaufort, A. A. Hicks of Granville, Robert Eugene Little of Anson, Mrs. Lillie C. Mebane of Rockingham, Angus Wilton McLean of Robeson, Cameron Morrison of Mecklenburg, George Stephens of Buncombe, Irvin B. Tucker of Columbus, and J. Kenyon Wilson of Pasquotank.

Twelve North Carolina Colleges Will Be Represented At Meeting Of College Writers April 23-25

Gorham Announces May 9 For Junior-Senior Prom

The annual senior-junior prom, inaugurated last year, will be held in Frank Thompson Gymnasium Saturday night, May 9. Frank Gorham, chairman of the dance committee, announced yesterday.

Jimmie Stephenson and his State College Collegians will play for the informal dance.

Members of the committee, besides Chairman Gorham, are George Hobson, E. W. Freeze, A. P. Moss, R. G. Richardson, and J. W. Halstead.

Agriculturist Officers Elected At Tuesday Meet

W. C. Boyce was elected editor and Clyde Blackwelder business manager of the N. C. State Agriculturist, revived publication of the Agricultural School, at a mass meeting and banquet of Agriculture students in the dining hall Tuesday night.

H. B. James was the defeated candidate for editor of the publication. Blackwelder overwhelmingly defeated his opponents, Jim Parks and J. G. Pollock, who were nominated from the floor.

R. G. Vick and W. B. Callahan, outgoing editor and business manager of the publication, respectively, immediately will turn the publication over to the newly elected officers.

Theta Phi Theta Joins With Alpha Gamma Rho

No chapter of Alpha Gamma Rho at N. C. State will become one of the strong chapters of the national organization, as well as one of the ranking fraternities on the campus by its union with Theta Phi Theta. The local group, sensing an unavoidable decline in the future, due to the limited number from which it could choose its members, will discontinue at the peak of their achievement.

Members and pledges include: H. J. Loughhead, president; A. A. Grumble, vice-president; G. W. Barner, secretary; W. T. Buhman, treasurer; H. A. Foreman, J. B. Cartwright, W. B. Ward, N. B. Alter, C. F. Phelps, G. K. Stocum, J. O. Artman, W. H. Warriner, C. G. Royer, G. K. Schaeffer, A. H. Maxwell, J. J. Kedst, R. A. Wood, W. J. Clark, G. W. Pettigrew, P. W. Allred, W. E. Stroud, J. M. Stingley, W. S. Barker, and E. H. Corpening. Alumni and honorary members number nearly forty and are in all branches of forestry.

Alpha Gamma Rho is said to be one of the strongest agricultural fraternities in the country, having 34 chapters. The first chapter was organized at Ohio State University in 1904. At present it has more foresters than any other recognized national fraternity. Its numbers and distribution evidence the popularity of the organization.

Formal initiation of the members and pledges of Theta Phi Theta, and the pledges of Alpha Gamma Rho, will be held tonight, Saturday, April 18, a banquet at Wilson's Coffee Shop, followed by a dance at the chapter house on Woodburn Road, will commemorate the occasion.

E. B. Owen Portrait Fund Complete With Large Gift

The amount necessary for the portrait of the late E. B. Owen has finally been raised, and the work will soon be finished, according to information received this week from Polk Denmark, alumni secretary.

Due to the philanthropy of a certain friend, who wishes to have his name withheld, the final amount was contributed to complete the necessary fund.

The lady who is painting the portrait has reduced the price originally quoted, thus adding, in effect, another contribution to the work.

Until the final contribution had been made, only about \$130 had been received. A bit less than \$200 was required to complete the necessary subscriptions.

Everett Couch President of Collegiate Press Association

PROMINENT NEWS MEN TO JUDGE PUBLICATIONS

Meredith and State College Will Be Joint Hosts To Convention—Officers' Meeting Will Be Held On Saturday Morning—Elaborate Entertainments Are Planned for Guests of Colleges—Meetings To Be Held On Campuses of Both Colleges Acting As Hosts.

Representatives from publications of twelve North Carolina colleges and universities will meet on the State and Meredith campuses Thursday, Friday, and Saturday of next week to attend the spring meeting of the North Carolina Collegiate Press Association, according to Everett Couch, president of the association.

State and Meredith will act jointly as host and hostess to the members of the association, two delegates from each publication attending.

Delegates will register at Meredith Thursday afternoon, where they will be given a tea by the home economics department of that college. Friday and Saturday morning will be given over to two business meetings. At the former time publications of the colleges will be judged by prominent newspapermen of the state, the results being announced Saturday morning. The newspaper, magazine, and annual of each college will form a basis for the judging.

Saturday morning officers for the coming year will be elected by members of the association, who will meet in the library and Y. M. C. A. building. The officers elected last spring, who will retire with this meeting, are: Everett Couch, of State, president; Evelyn Wright, E. C. T. C., secretary; Betty Brown, N. C. C. W., vice-president; Clyde Pugh, High Point College, vice-president; Bob King, Davidson, treasurer.

Golden Chain, senior honorary society, will help entertain members of the association while they are on the State campus.

Delegates from the following colleges and universities will attend: High Point College, N. C. C. W., G. C. W., Duke, Wake Forest, E. C. T. C., Catawba, Mars Hill, State, Meredith, Queens-Chicora, and Davidson.

Monogram Holders Reorganize Club On Tuesday Night

The Monogram Club, which has been defunct on the campus for the past several years, was successfully reorganized Tuesday night at a called meeting, announced Coon Silver, who acted as presiding officer.

The old members of the club discussed several important items and business matters which were brought up. After the business had all been disposed of Coaches "Clipper" Smith and Frank Reese made talks on the value of the Monogram Club and the results such a club should accomplish. They also stressed the importance and necessity of reorganizing the club on the State campus.

At the close of the talks of both coaches the boys decided to hold another meeting next Tuesday night and elect officers for the remainder of the term and also officers to serve next year. They also decided to write Notre Dame for a copy of their constitution and by-laws.

Fourth Estate Guests

Press men of Raleigh and Major Herbert A. Dargue, leader of the Pan-American fight in 1927, were guests of honor of the R. O. T. C. regiment at a special parade held Thursday noon.

After the parade the guests were honored at a luncheon in the "Y." Thursday night Major Dargue gave an illustrated lecture on the Pan-American fight.

It's a great life, if you don't "week-end."

How well "Romeo" will hold "Le Fort" remains to be seen—"Dan" did nothing "a-PAUL-ing."

Well, spring is here, and young man's fancy turns to thoughts (of the things girls have been thinking about all winter).

If the North Carolina General Assembly would pass a "Luxury Tax" we bet, at the rate they've been going, they would tax the Pullen Hall auditorium.

The Sophomore Class voted to give a midnight show this year—you can see a midnight show most any night on the campus. "The shades of night were falling fast," but the windowpanes were clear.

Coach Chick Doak has protested the game with Duke University. Although we don't know what it's all about—if there's any doubt, we're for Coach Doak—not because he is our coach, but because he has made baseball his business for many years; and, as baseball is a business, Coach Doak is a successful business man.

There are certain Deans on the campus who do not favor military training in many of its phases, but we believe that they are "big enough" to see the good in this element of our college.

They reviewed the Regiment—we would like to think it was done in a spirit of recognition of good endeavor.

There are many opponents to military on the campus—but they are not as well organized as the department they criticize.

Agree that the players in the one-act play, "That Disreputable Fellow," were good. Especially good. The play wasn't bad, but the talent could have been put to much better use.

The audience got laughs, but they didn't know when the show was over—it was over our heads also.

But, we should give them a big hand—"Rome wasn't built in a day"—although it burned in a night.

The Red Masquers are still "potential heat," but a few more bum plays, not acting, will find them among the "ashes."

FAIR TO THE ENGINEERS

Pause to pay tribute to the Engineers. The builders—builders of good will for State College and North Carolina.

The Engineers' Fair, recently staged at the college, is not only a booster for the School of Engineering, but for the whole college. It has become known nationally—and justly so.

It encourages initiative, originality, and progress.

Some professors say that the Engineers' Fair should be discontinued—there was a fellow named William L. Brownell who said:

"The ladder of life is full of splinters, but they always prick the hardest when we're sliding down."

GOOD AND BAD ALIKE

Your old editor sang his Swan Song with the last roll of the presses that gave you last week's *TECHNICIAN*, and your new editor takes the helm with this issue.

It is fitting that this first editorial, written by the new editor, shall give the future policy of the paper.

First in importance is the staff—your representatives on your paper.

Men will fill staff positions who are the most capable—no other criterion could be used. On the masthead you will see the names of such men—from the managing editor to the newest reporter. These men have not been beaten for a position and until better men make their appearance thus this staff will be.

The primary duty of this paper is constant consideration for the student body, who make publication possible. The "Open Forum" is for your suggestions and the front page is for your successes and failures—news is impartial.

The duty to the college does not include that this paper should serve as a "propaganda sheet" for its eminence—but the building of high ideals and the preservation of all the good will be reckoned with.

You are making history—our duty will be to preserve it.

It shall be the aim of this paper to be just and fair to all departments alike. You shall act as "censors" to justice and fair play.

THE *TECHNICIAN* is, of necessity, divided into several departments. Although the business staff and the editorial staff are separate and complete in themselves, connected with the editorial staff and working directly under its guidance is the news department. This department must have a policy that is separate from the policy of the strictly editorial staff. It must, if it is to deserve the name of "news," print what it considers to be of interest to students. A news department that fails in this respect has no reason to continue.

On the other hand, the editorial policy of the paper will represent one that is much more human and one that takes into consideration the welfare of the students to a greater extent. That which will aid the students, and incidentally the college (for the students compose the college), will be supported by the editor and his assistants. That which merits attack, for the good of the students, will be attacked in a like manner and for the same reason. The policy of the news department will differ little from the news policy of any good newspaper. That of the editorial department will be molded to fit the needs of the students.

Columns will be conducted by members of the staff, and these columns will represent the opinions of those members—not the editorial policy of the paper. If you differ with the sentiments expressed by the columnists, remember there are two sides to every question, or there would not be a question. Although the editor and the editorial policy may conflict with the columnists, their opinions will be respected.

Without your criticism we cannot progress. Criticism is solicited and suggestions for the betterment of this paper are always welcome. In the absence of criticism one is apt to think that all runs smoothly—when all runs smoothly, growth has ceased.

Any change in our policies will result from the suggestions of the student body.

Sup-PRESSED news is PRESS news. We shall print items as long as they are news stories. This paper will be no scandal sheet, but scandal shall not be forgotten on our pages. We shall seek the good and the bad with equality.

YOU'RE INVITED

What do you like on the campus? What do you dislike? What are your suggestions for improvements—and in general, what could be done to make your college better in any way?

There's a little heading for a column in this paper called "Open Forum"—it is dusty with age.

If you have only criticism for any phase of the college—send it to the "Open Forum." It is better to have the criticism and give others a chance to solve the problem than to let discontent remain on the campus.

We're not at all amazed to know that Dr. Thomas Harrison is listed in "Who's Who in America." All the students in his classes know.

To believe in signs is not always indicative of one being superstitious. Those "Please give the grass a chance" signs should be respected. They say, "This is your campus and when your friends from other colleges see it, you should want them to be 'green with envy' after seeing the 'green grass.'"

THROUGH THE TRANSON

BY DICK YATES

Booby Buyers

If you want to get a real laugh—a deep belly-laugh that will make the old stomach ache like a tooth—analyze some of the advertisements appearing each day and each week in the leading newspapers and magazines of the country. I maintain, with a seriousness that puts to shame the frame of mind in which the early Christian martyrs died, that the methods by which advertisers attempt to separate buyers from cash are calculated to make anyone who analyzes them roar with laughter. The fact that these advertisers are reaping a rich harvest not only proves the efficacy of their work—it also throws a blinding light upon the cupidity of the American people. If this be treason—but wait!

A prominent chewing gum manufacturer contends via the advertising columns of leading magazines that by chewing gum the youthful appearance of the face can be gained or retained, as the case may be. He adds, seemingly as an afterthought, that the gum he manufactures is of a much better taste than others, and implies very delicately that its use will give more lasting and pleasing results.

An up-and-coming tobacco manufacturer of the Old Dominion State assures harried males that the pipe is one means of smoking that women won't appropriate, allowing himself a few observations of the value of this amazing discovery. He also adds that his tobacco is mild, mellow, and well-seasoned. It would be a most ironical result if women, persuaded by the force of this advertisement, would start the manly practice of smoking a pipe.

Two yeast companies have for the past year or so been vying with each other over the comparative merits of their respective products. Each states with singular wisdom that his is the only yeast that will give promised results. One attempts to eliminate the horrible taste of the plants by placing them in a chocolate bar, maintaining all the while that the yeast vitamin content in the bar is greater—much greater—than the content found in the ordinary yeast cake. The other attracts a great part of the country's population around radio loud-speakers, and, after graciously allowing them to hear "The Stein Song" crooned, informs them that the practice of placing yeast in chocolate bars, although it may make the product taste better, really destroys the value thereof.

The manufacturer of a mouth-wash informs a waiting world that kissing spreads disease germs, but gently adds—no doubt to keep the vast multitudes from refraining from this highly entertaining pastime—that the use of his mouthwash before and after the act will kill—positively kill—every germ so contracted. I suppose a germ-frightened world can now proceed with its kissing.

Another chewing gum manufacturer invades the field of the tooth-paste magnates with the startling information that by chewing his gum teeth may be made "white as lovely pearls." "Chew—and smile," is the advice given a teech-conscious nation.

Then I notice, as I come to the end of a magazine I'm examining, that some unfortunate chap has just missed another date with the "only girl in the world," simply because he was the unhappy possessor of "B.O." A cer-

tain brand of soap, we are assured, will remedy this distressing condition and once more put him on an equal footing with his fellows.

But enough of this! From the advertising columns of a hundred newspapers the same type of advertising may be found. Appeals to emotions rather than reason are calculated to make buyers buy as they have never bought before. Arguments that would insult the intelligence of a child, if they were analyzed carefully, continue to form a great part of the nation's advertising.

I do not contend that all advertisers proceed in this manner; neither have I implied that a majority do. But it is apparent that thousands of buyers are inveigled into parting with their money by arguments that are weak as diluted spring water.

All of which convinces us that Barnum was right and that Fourth of July orators are manufacturers and dispensers of just so much hot air.

COMMENTS From Other Colleges

According to the Daily Tar Heel, the State College baseball team is scheduled to finish in second place in the Big Five race. The writer, Duke Betts, places Carolina, State, Duke, Wake Forest, and Davidson to finish in order named. Perhaps he is right; only time can tell.

The coach for Notre Dame is to be Heartley "Hunk" Anderson. The appointment of Anderson was made by

Rev. Fr. Charles L. O'Donnell, C.S.C., president of the university. However, he will not be called the head coach—that title belongs to Knute Rockne.

The interfraternity council at Auburn sponsored an Easter egg hunt for the members of the freshman class. It might have been an egg hunt, but the main feature of the event was the judging of the costumes. They came dressed as infants, hula-hula girls, Roman gladiators, and various comical characters.

Big times are ahead for the students at the California Agricultural College when the student body gets together for their 22d annual picnic. The theme this year will be "See the University Farm Thru a Knot Hole." This event is one of the most important social events of the college.

DOES A CLEAN
BUSINESS

Summoning a Ghost to your bidding

The chemist Van Helmont in 1609 discovered an invisible substance, an emanation from coal, that he named "geist," meaning ghost, shortened in English to gas.

Only now do its miraculous possibilities begin to be glimpsed. Only now can modern industry, like a latter-day Aladdin rubbing his lamp to summon a vaporous genii, turn a valve and order this Ghost to any one of a hundred tasks.

From the beginning, the problem was one of piping. When Crane Co., a half century ago, set itself to develop and produce the right materials for every gas and oil purpose, it began an incalculably valuable contribution to the solution of problems that had held back the gas industry since the Chinese used hollow bamboo.

So in the development of the natural and manufactured gas industry, as in practically every other industry, the Crane line of valves, fittings, fabricated piping, and specialties have played an important part. No matter what branch of industry you enter, you will find Crane materials playing a similarly important part.

STATE MEETS V.P.I. IN THIRD TRI-STATE GAME THIS SEASON

Contest To Begin At 4 O'Clock On Frosh Field

SEITZ OR McLAWHORN WILL OPEN FOR STATE

Practice In Hitting Has Occupied Local Players for Past Week—Win Over Virginians Will Put State Above Halfway Mark—Turner Will Probably Catch—State Will Play Davidson There Monday.

State College plays its third Tri-State League baseball game Friday afternoon, April 17, when it meets the strong V. P. I. team on Freshman Field at State.

The contest will start at 4 o'clock. A win over the Virginians will put State above the halfway mark, as the Techs are now sporting a win over Maryland and a loss to Washington and Lee.

State's stick-work hasn't come up to expectations this spring, and Coach Chick Doak spent most of the afternoons this week in batting practice. Coach Doak will probably start Rudy Seitz, the big sophomore, on

THIEVES!

The backstop of State's new baseball diamond has been without a section of wire five by twenty feet for a week as a result of a theft committed last week-end.

Coach Doak says: "I have heard of chickens being stolen, of lockers in the gymnasium being looted, and of blind men being robbed of their pennies, but never before of a backstop being lifted. It looks like we will have to take it down every night and have a guard posted around it. This was a worse theft than the prize robbery of last year, when the straps on all the bases were taken.

"Seriously, it is anything but a joke when a visiting team—the Washington and Lee Club—is robbed of ninety-five dollars, as happened week before last. Something ought to be done about it," Coach Doak concluded.

the mound Friday. Hank McLawhorn, a left-hander, may get the call.

State's infield will probably stack up in this manner: Charlie Turner, catcher; Outen Gerock, first; Ned Wood or Tony Furtado, second; Snoozie Morris, third, with Fred Wilkie at short. Willie Duke, Bill Brake, and Willie Hargrove will most likely patrol the outer gardens.

The next foe will be Davidson at Davidson, Monday. Wake Forest will play here next Saturday.

The next week Coach Doak will take his men on a trip up through Virginia and Maryland, playing V. P. I., Washington and Lee, the University of Virginia, University of Maryland, and V. P. I. After this trip most of the remainder of the games will be played at home.

BLUE DEVILS WIN GAME FROM STATE AT DURHAM SAT'Y

John Manning Pitches a Masterful Game, Strikes Out 11

McKEITHAN, DUKE HURLER, RELIEVED IN SIXTH FRAME

Most of Five Men Walked By Lanning Score—Duffey, Who Relieved McKeithan, Saves Game With Hits and Pitching—Morris Shows Up Well On Third—State Players Being Worked Out for Today's Game With V. P. I.

By STACY G. LLOYD

The North Carolina State baseball team dropped their first Big Five engagement to the Duke Blue Devils in Durham last Saturday afternoon by a five-to-three count.

John Lanning, State's pitcher, pitched masterful ball despite the fact that five Dukemen received complimentary passes to the bases; practically all of these walks resulted in runs. Eleven Blue Devils were retired by the strike-out route.

Tim McKeithan, Duke's veteran right-hander, replaced Duffey, a southpaw, in the sixth inning. Tim's timely hitting and style of pitching won the game. Lanning and Duffey were on even terms until the fifth stanza. In this inning Shore miscued Gerock's grounder, then Pitcher Duffey threw wild to second on Nelms' sacrifice.

Wilkie State's baldheaded shortstop, singled to tie the count. A double steal by Nelms and Wilkie put State ahead. Nelms drove a single to centerfield to score Wilkie.

Werner scored in the fifth on an error. McKeithan's three-bagger in the seventh scored Werner to put Duke ahead. Snoozie Morris, State's fast and aggressive third sacker, played a great game down on the hot corner. This little fellow stopped a scorching drive in the fourth that looked imposable.

Coach Doak has worked his boys consistently every afternoon this week in preparation for the V. P. I. game this afternoon.

Mr. Charlie will leave with two full teams early Sunday afternoon for Davidson College.

PLAY BALL!

The schedule for ground baseball between the dormitories and fraternities is being filled out and will be complete next week. All fraternities and dormitories that are planning to enter the contest should turn in their names to Coach Miller at the gymnasium as soon as possible.

SEASON'S TRACK SCHEDULE CHANGED BY COACH SERMON

V. P. I. Meet, Scheduled for April 11th, Will Be Run Off April 20th

Several changes have been made recently in the State College track schedule for this season, Ray Sermon, athletic director and coach of track at State, has announced.

The first change, which has already been announced, was the V.P.I. meet scheduled for Saturday, April 11, at Blacksburg. This engagement will be run off at State on Monday, April 20.

The Duke meet, booked to be run off in Durham, April 17, has been shifted up one day and will be held in Raleigh instead. The tilt with V.M.I. on April 25, at Raleigh, has been cancelled.

State will participate in two other meets besides these. They are the State meet, May 2, at Greensboro, and the Southern Conference meet, at Birmingham, May 15 and 16.

Frosh Baseball Squad Is Reduced By Warren

Coach Bob Warren used the knife again last week on the State College freshman baseball candidates, with the result that only 26 men of the 100 that reported the first of the season are still members of the squad.

Warren said he expected to keep this number the remainder of the year.

Seven pitchers are included in the list: Hyman Dave, Paul Nance, J. T. Cooper, Philip Maglio, W. C. Council, Walter Little, and S. A. Wooten. The catchers are Bob McQuage, Hal Ferris, Charles Foy, and Charles Garner. The infield will be picked from LeRoy Jay, Norman York, Parker Powell, Laurence Spivey, W. C. Perry, Stahlé Brown, Curtis Roach, L. L. Ware, and Robert Tilley. The outfield candidates are Neal Parris, Carl Blair, C. R. McCauley, O'Deal Highfill, William Compton, and J. S. Vincent.

BIOLOGY CLASS FOLLOWS BLIND STUDENT'S TYPING

Yale University Professor Discovers New Escape From Honor Code

Adding to the long list of methods used by students to pass examinations by other than their own knowledge, a Yale professor in biology reveals that his class had been gaining unheard-of high averages by following the tapping of the portable typewriter of a blind student in the class.

The blind student used his typewriter to answer the true and false

questions in the weekly oral quiz. The less studious members of the class began to rely upon the ability and work of their sightless colleague, listening for his answers. Two taps signified a "no" while three indicated "yes."

For three weeks the general average of the class in these particular quizzes was phenomenal. The professor demonstrated the basis of the inflated average by asking his blind student to reverse his answers, tapping "no" when he meant "yes." Possessing a sense of humor, he based the final marks for the term on the average between the extremely high marks prior to the discovery, and the low average following it.

Spring Football Practice Is Still Being Carried On

It's mighty hot weather for football, but spring gridiron practice at State College is still being carried on. Coach "Clipper" Smith has around three dozen candidates going through the drills every afternoon, some dressed in track suits, others in nothing but football pants and shoes, and a few muster up enough courage to don complete uniforms.

Smith and his assistant, Frank Reese, have been engaged this past week in teaching the players a few plays. This type of work will be continued the greater part of this week, with a scrimmage or two mixed in.

LOOK!

"Stop, Look, and Listen!" That's what you life-loving students had better do before crossing "Death Valley" at Fern-dell Lane intersection. Nearly one-half of the motorists ignore the newly swung stoplight, placed there last week following agitation caused by two serious accidents in one week last fall. Here's the statistics as compiled by C. Harold Shafer: Out of 137 cars passing the corner, 67 drivers ignored the red light; of this number 47 were women drivers.

Local Trackmen To Meet Duke Tomorrow

Varsity and freshman track teams of State College and Duke University meet Saturday afternoon, April 18, at State on Riddick Field. Both meets will be run off at the same time, the weight events to begin at 2 o'clock and the running at 2:30.

Coach Ray Sermon has a young and inexperienced varsity team this year. His best bet is in Captain George McGinn, who hasn't been defeated in the half-mile. Other promising men are Arthur Wilson and Charlie Cobb, shotput; Raymond Parish, hurdles; Henry Ricks, mile; Troutman and Henry Brock, two mile; Sam Gurneau and John Culbertson, discs; Gilbert Clark and Chubby Cook, high jump; Paris and Cook, broad jump; and Mack Stout, Twee Floyd, and Coon Silver, dashes.

State Football Schedule Completed For Next Year

The State College football schedule for 1931 was completed recently when a contract was signed with the Catholic University of Washington, D. C., for a night game at State on October 23.

State will play only nine games next fall, the first with Davidson at Greensboro, September 26.

The complete schedule is:

- Sept. 26—Davidson at Greensboro.
- Oct. 3—Florida at Raleigh.
- Oct. 10—Clemson at Charlotte.
- Oct. 15—Wake Forest at Raleigh. (State Fair game.)
- Oct. 23—Catholic University of Washington, D. C., at Raleigh. (Game to be played at night)
- Oct. 31—U.M.C. at Raleigh.
- Nov. 7—Mississippi A. and M. at Starksville, Miss.
- Nov. 14—Duke at Durham.
- Nov. 21—U. of S. C. at Columbia, S. C.

SOCIAL ACTIVITIES

Regimental Ball Tonight

The members of the Reserve Officers Training Corps will be entertained at a Regimental Ball this evening from 9 until 12 o'clock in the Frank Thompson gymnasium.

Elaborate preparations have been made for the occasion, and Jelly Leftwich and his University Club Orchestra have been engaged to play for the dancing.

The grand march, in which all senior military students will take part, will be led by Cadet Colonel C. B. Turner, with other members of the regimental staff and battalion commanders assisting. A number of guests prominent in military circles and in connection with the school will be present.

Marcks-Shafer

Friends of C. H. Shafer, senior in the forestry school at N. C. State College, will be interested in the announcement of his marriage to Miss Thalia O. Marcks of Nazareth, Penn.

The wedding took place November 28, 1930, in Hagerstown, Md., but was not announced until recently. Mrs. Shafer is a senior at Indiana State Teachers College and will be graduated from there May 26.

The bride and groom have been acquainted since they were in grammar school. They will leave for Buenos Aires, South America, in July, where Mr. Shafer will work.

Capt. W. R. Watson is to be seen around the campus once more, following a serious illness. Captain Watson

has been confined to his bed quite a while with a case of double pneumonia, which has left him very weak. He will resume his duties on the campus as early as possible.

Dean E. L. Cloyd left last Wednesday morning to attend a meeting of the Deans of Men to be held at the University of Tennessee in Knoxville. He will return Sunday afternoon.

Announcements

An Important Meeting

of THE TECHNICIAN staff will be held Monday night at 6:30 in Holladay Hall basement. All members are requested to be present, as plans for the rest of the year and coming year will be discussed. Changes are being made on the "masthead," and absence will be taken as indication of lack of interest in the paper.—Editors.

Notice To Seniors

All seniors are requested to go to the registrar's office and fill out a slip giving their curriculum and name, as they want it for their diplomas.

This should be attended to immediately, as the diplomas will be lettered by hand, and considerable time is needed for the work.

J. T. GEOHOGAN,
Pres. Senior Class.

Seniors!

John T. Geoghegan, president of the senior class, today announced that Monday and Tuesday will be the last days for placement of graduating invitations.

Orders are being taken in the college Y.M.C.A.

The Monogram Club

The Monogram Club will meet Tuesday night, April 23, to elect officers for the coming year. Time, 7:00 p.m. Place, Y.M.C.A. All members are urged to be present.

Cotillion Club Dance In Gymnasium April 24

The Cotillion Club will give its annual fancy dress ball April 24, in the Frank Thompson Gym.

This dance has always been one of the feature dances of the year. Those planning to attend should start making arrangements for their costume. Prizes will be offered again this year to the girl and boy having the best costume.

Officers of the club are Spivis Stevens, president; D. A. Garfield, vice-president, and Elliot Cooper, secretary-treasurer.

LEAZAR SOCIETY ELECTS LEROY CLARK PRESIDENT

LeRoy Clark has been elected president of the Leazar Literary Society for the spring term at North Carolina State College.

Other officers elected are J. A. Sutton, vice-president; A. D. Rose, secretary, and L. M. Knott, treasurer.

On Friday, April 17, the "luxury tax" as proposed in the North Carolina General Assembly, will be debated in the college Y. M. C. A. J. A. Sutton will oppose this means of raising revenue and L. M. Knott will uphold it.

BLUSHES!

Wednesday night the occupants of Fifth Dormitory were informed of a new resident on the first floor.

This new arrival was very much embarrassed, as could be seen by the brilliant red blush. Yes, he had been forced to occupy this new place of abode and it was very much against his wishes.

The new arrival to Fifth Dormitory was none other than the brilliant red Austin, which has been parking itself in front of South Dormitory for the past several days.

Its owner was unable to rescue it, due to the mighty deluge of hot and cold water which came pouring forth from the windows as he sallied forth with the attempt at rescue.

STYLE HINTS

By Courtesy of HUNECUTT'S LONDON SHOP

GRAY FLANNEL TROUSERS

have almost replaced knickers for general sports wear. These long slacks are also favored for the golf course, to replace the time-worn knicker fashion. They are of fine quality flannel in a clear shade of gray, with extension waistband and side buckles, eliminating the actual need of a belt. Belt loops can be supplied, however, if they are desired. This is a smartly practical item to wear with the new sleeveless pullover.

Women's Colleges Send 71

Students To Textile Show

(Continued from page 1)

Agnes Debusk of Glade Springs, Va., Ruth Sweeney of Anchorage, Ky., Evelyn Cole of Malverna Hill, and Leonora McFall of Columbia, Tenn., won prizes for Queens College.

Louisburg College placed three winners. They are: Louise Gattis of Louisburg, Kathryn Blalock of Parkton, and Elizabeth Tetterson of Plymouth.

Five Eastern Carolina Teachers College representatives placed in the show: Sara Williams of Currituck, Jamey Martin of Sanford, Mildred Ives of Elizabeth City, and Margaret Myers of Salemburg.

Peace Junior College representatives were awarded three prizes. Winners are: Elizabeth Grady of Wilmington, Bessie Wilson of Montreat, and Mollie Dameron of Warrenton.

The aim of the State College textile students this year will be "to popularize cotton and rayon fabrics with the women of America."

Fabrics shown at the exhibition and Style Show were designed and made by students of the Textile School, and were worn by their sponsors.

Following the Style Show the annual students' exhibition was held in the Textile building. All the departments in this school were open for public inspection.

Proposed Campus Bulletin Board Will Soon Be Erected At State, Blue Key Fraternity Announces

(Continued from page 1)

It is believed, will eliminate this uncertainty in college life. The board itself is to be 10 feet long, 7 feet and one-half inch high, and 12 inches wide at the base. It will contain 24 square feet of illuminated billboard surface, protected by a glass front.

"It is recognized by all that such a bulletin board is a civic necessity on this campus. In undertaking the erection of this board, Blue Key has arranged for the larger part of the materials as donations. However, it needs funds for certain minor fixtures, such as electric cable, light bulbs and sockets, wiring, glass, and sashes. Inasmuch as the board will be of service to the entire student body, Blue Key is making arrangements through a finance committee to provide opportunities for the students to contribute enough money to supply the needed funds. Just what form the campaign to raise these funds will assume has not yet been worked out, but will be before the end of the week. As soon as definitely worked out, the campaign will begin," says President Gatlin.

Erection of this bulletin board was one of the first things undertaken by Blue Key upon its installation here three years ago. The board would have been up at least a year ago had not the college architect, at that time a firm in New York, decreed that it could not be done. This firm has been supplanted by Prof. Ross Shumaker, of our own architecture department, and he has OK'd the plan of Professor Paulson and the location selected by Blue Key.

The committee from Blue Key which obtained the design, drew the working drawings, and obtained the official approval was composed of Mike Whitehurst, chairman, Frank Gorham, and Henry Ricks. The finance committee which is raising the funds, for the construction is

composed of Henry Brock, chairman, A. S. Brower, C. P. Lefort, R. H. Gatlin, and Mike Whitehurst.

Enacted by a superb cast of screen players, headed by Gary Cooper and Sylvia Sidney, the amazing drama of underworld racketeering, "City Streets," will come to the State Theatre next Monday, Tuesday, and Wednesday.

Dashiell Hammett's realistic story, dramatized from the actual experiences of this former Pinkerton sleuth, is a startling expose of conditions as they exist in the law-scoffing underworld of the great cities. Hammett's stories, appearing in many of the more popular magazines during the past couple of years, have stirred public interest everywhere, and his first moving picture story, "City Streets," makes all the realism of his sinister backgrounds live on the screen.

Other features on the program will be a Sound News, a Charlie Chase comedy, "Looser Than Loose," and a novelty cartoon, "Sex in 1939."

The feature picture at the State Theatre on next Thursday, Friday, and Saturday will be Bert Wheeler and Robert Woolsey, the well known comedy team of "The Cuckoos," "Half Shot At Sunrise," and "Hook, Line, and Sinker" in "Cracked Nuts." The diminutive Dorothy Lee, who will be remembered in the above mentioned pictures, is again cast with the team and is as charming as ever.

Other features on the program will be a Sound News, a coloritone revue, "Crazy House," and novelty act, "Stolen Jools."

"The thrill of a lifetime." That, perhaps, is a time-worn expression. But there is good reason to believe that Howard Hughes, the youthful millionaire oil king and motion picture producer, had that very thought in mind during the four years it took to complete his widely-heralded adventure story of the air, "Hell's Angels." The cast of "Hell's Angels" is headed by Ben Lyon, James Hall, and Jean Harlow, a beautiful blond-haired young actress, making her initial appearance in talking pictures. All three are well cast and give splendid performances. Also Palace Sound News.

SENIORS!

Applications for caps and gowns must be made at once, according to M. L. Shepherd, chairman of the "Cap and Gown Committee" of the senior class.

Orders are being taken in the Y. M. C. A.

State-Duke "Y" Cabinets Have Conference Meeting

A conference, consisting of the Y. M. C. A. cabinets of N. C. State and Duke University, was held last Saturday at Duke University. This conference was held to discuss the present campus problems which were facing the two schools.

The chief speaker during this conference was Dr. Frank Kingdon, of East Orange, N. J. Dean Herring of the Duke faculty also spoke, his talk coming on Sunday morning.

State College was represented by the newly elected Y. M. C. A. officers, who were elected last week during the campus elections. They are: H. Y. Brock, president; C. N. Gross, vice-president; A. L. Drumwright, secretary, and R. W. Cummings, treasurer. Mr. E. S. King also attended the conference.

A.I.E.E. ELECTS OFFICERS TUESDAY FOR NEXT YEAR

At a meeting of the student branch of the American Institute of Electrical Engineers, held last Tuesday evening in the electrical building, the following men were elected as officers for the coming year: G. E. Ritchie, chairman; J. W. Southerland, vice-chairman; L. C. Hubbard, secretary-treasurer.
