## CHEMISTRY CLUB TAKES IN FIRST WOMEN IN U. S.

Gamma Sigma Epsilon Takes in Maude Schaub and Elizabeth Gaither Saturday

### GROSS LOCAL PRESIDENT OF HONORARY CHEMISTS

Five Men Students Taken in Society; Change in Ruling at National Convention Makes Initiation of Women Possible; Twenty-four Students and Faculty Members in Society; Belvin, Matheson and Cathey Other Officers

The first two women in the United States to be initiated into Gamma Sigma Epsilon, national chemistry fraternity, are Misses Maud Schaub and Elizabeth Gaither, who were taken into the local chapter last Saturday night.

Five men students were initiated at the time. They are: G. C. Jones, T. M. Harris, Alfred Gonzales, L. M. Knott, and A. J. Setzer.

The change in ruling of the national organization to allow women members was made at the national convention held in Charlotte during last November.

The local chapter of Gamma Sigma Epsilon was founded in 1921. The national organization began with the establishment of the chapter at Davidson College in 1919. Membership is based on character and scholarship. At present there are twelve faculty members and twelve juniors and seniors in the local chapter.

Student officers of the local chapter are: C. Neno Gross, grand alchemist; W. L. Belvin, vicer; H. D. Matheson, recorder, and W. K. Cathey, keeper of the cult.

The organization will hold its next meeting on Wednesday, March 9, at 6:45, in the Chemistry Building.

### BANGS AND LONGNECKER TALK TO CERAMIC CLUB

John Isenhour Elected Publicity Man for Ceramic Engineers' Part in Fair

William B. Bangs, delegate to the recent convention of the American Ceramic Society in Washington, D. C., gave a report of the convention and the senior inspection trip to the local student chapter at a meeting of the organization Tuesday night.

H. L. Longnecker addressed the society on the subject: "What the Industry Expects of a Ceramic Engineer."

John Isenhour was selected as the publicity manager for the ceramic students part in the Engineers' Fair.

### DELTA SIGMA PI GROUP WILL HEAR A. T. PREYER

Vice President of Vick Chemical Company Will Also Talk to Marketing Class

A. T. Preyer, vice president of the Vick Chemical Company will address an open meeting of Delta Sigma Pi, international committee fraternity, in Room 101 of Peele Hall at 7:00 p.m. on Monday, March 7.

Mr. Preyer, who maintains offices in Greensboro, will use as his subject, "Where Do We Go From Here?" He will also talk to Professor H. A. Richardson's class in Marketing on Monday morning at 10 o'clock.

### STUDENT CONTRACTORS WILL HEAR C. V. YORK

Prominent Local Contractor Will Speak to Student Society Thursday Night

C. V. York, prominent local contractor, will speak on "Estimating and Cost Accounting, and Their Importance to the Contractor," before members of the State College Student Chapter of the Associated General Contractors next Thursday night, March 10.

According to R. H. Weisner, president of the student chapter, York is especially fitted to discuss the subject since he has directed his attention toward cost keeping for the past three years. At the present he is supervising the construction of the new city auditorium.

### Sponsors For The Technician

KATHERINE BABB

LOIS HARTNESS

Above are pictured the sponsors of the 1931-2 Technician. Miss Babb, daughter of Mr. and Mrs. C. C. Babb, of Granite Falls, N. C., is sponsored by John Rabb, of Lenoir, business manager of the paper. Miss Hartness is the daughter of Secretary of State J. A. Hartness, and is sponsored by Louis H. Wilson, of Raleigh, editor of the publication.

## Engineer Club Will Place State Name In Embankment

### Curses

Every time a member of the "Tano" Club uses profanity or "vile language," the other members administer one lick.

About 500 licks have been given, according to members, the number of offenses is rapidly decreasing. The club was founded on January 15, with four members, and has enjoyed phenomenal growth until at present the roster shows 15 men.

R. L. Smith heads the club and R. G. Richardson and W. N. Watt are the other officers. Other members are F. L. Apple, W. S. Kistler, G. A. Fisher, Aston Adams, E. G. Adams, C. Strickland, L. C. Weaver, C. E. Jones, W. W. Hanna, Paul McCollum, M. McMillan, and Bill Emmott.

## PRICE TO DIRECT BAND ON SUNDAY

Annual Concerts Will Begin in Front of Pullen Hall at 3:30 March 6

The annual series of concerts by the State College Band will begin Sunday afternoon, March 6, at 3:30 p.m. on the lawn near the Memorial Tower, under the direction of Major P. W. Price.

If the weather is bad, the concert will be given in Pullen Hall.

The concert will consist of melodies which are favorites to all music lovers. The program is filled with many different types of music—from the old World War songs to the classics of the opera.

However, the band will not do all the entertaining. Two solos are to be given by members of the band. J. F. Allen will render a baritone solo and J. A. Gerow a trumpet solo.

The program for the first concert is as follows:

Overture, "Mignon" by Thomas; Baritone Solo, "Rocked in the Cradle of the Deep" by Laurendeau; Suite, played by J. F. Allen, "Atlantis" by Safranek; (1) Nocturne and Morning Hymn of Praise, (2) A Court Function, (3) I Love Thee, (4) The Destruction of Atlantis; "Down South" by Middleton, American Sketch; "The Eagles Nest" by Isenman, Dramatic Overture; "Opera Mirror" by Tobani, Fantasia on Favorite Opera Themes; Cornet Solo, "The Marion" by Allen de Ville, played by J. A. Gerow; "Over There" by Lake, Selections of American World War Songs.

### Charity Ball

To further bolster the student loan fund, the Golden Chain student honor fraternity will stage a charity ball in the Frank Thompson Gymnasium with April 16 tentatively set as the date by President C. N. Cone.

Plans will be completed within the next month and committees are already working, according to Cone. Charles Romeo Lefort, president of the student body, is chairman of the dance committee.

## SENIORS DECIDE ON OUTDOOR SITE FOR GRADUATION

Class Votes Against Holding Exercises in Pullen Hall at Meeting Monday

### TWO PLACES ON CAMPUS ARE BEING CONSIDERED

Quadrangle in Front of 1911 Dormitory and Lawn East of Holladay Hall Mentioned in Senior Meeting; Last Year Auditorium Was Too Small to Hold Visitors to Ceremonies; Class of Over 300 Eligible for Degrees this Year

The senior class of North Carolina State College yesterday voted to hold commencement exercises out of doors this year. Heretofore, Pullen Hall, the college auditorium, has been the scene of the exercises, but due to the increasing size of the graduating class each year this building is too small to accommodate relatives and visitors. Last year several hundred parents and friends of the seniors were unable to see the ceremonies and many could not even get into the hall.

Two sites are under consideration. One is the quadrangle flanked by 1911 Dormitory, Hillsboro Street and Page Hall and the other is the expanse of lawn east of Holladay Hall. The opinion was expressed that the latter site would be particularly suitable, since Holladay Hall was the original building at the college. However, the question was raised as to whether this space would accommodate the large crowd expected to attend. Final decision on the site will be made later.

In 1933 the first class of 19 seniors was graduated while this year 300 degrees will be granted.

## GOVERNING BODY MEETS THURSDAY

Important Legislation Scheduled for Last Meet of House in Leazar Hall

The house of student government will hold its last meeting of the year Thursday night, March 10 at 7 o'clock in Leazar Society Hall.

Subjects to be taken up at this meeting will be the point system, the honor system and methods of punishment, and the ruling on election of student government officers.

"Since this is the last meeting of the year, all members are urged to be present," says C. E. Brake, vice president of the student body, who presides over the sessions.

The report of the committee on the point system in the form in which it will be presented to the House is printed below upon request of the Student Council.

### Purpose

The purpose of the Point System is to limit the number of activities that any one student may take part in. These limitations are imposed, not as mere restrictions, but to safeguard the man and the organization against the folly of the man who tries to assume honor and obligations beyond his ability to do the work well.

(1) To safeguard the man from attempting to do so much outside work that (a) he must neglect his scholastic work; and (b) his reputation is lowered because of inefficiency in performing the duties of his office.

(2) To safeguard the organization against deterioration because of inefficient officers made so by too much work.

### Exemption

(1) No one man shall hold offices aggregating more than thirteen (13) extra-curricular points.

(2) The Student Council urges that all organizations require their officers to be scholastically eligible according to the requirements for membership, or other rules that they may have concerning holding office.

(3) A record of each man's extra-curricular points shall be kept on file in the office of the Dean of Students at all times. Each organization shall, at election time, file there a list of its officers so that these may be graded.

Every man holding an office is held responsible to check his points to see if they are correct.

(4) The Student Council shall have the power to require that a man not (Please turn to page four)

### Graduation

MERLE THORPE

Editor of "Nation's Business" will be the principal speaker for the 1932 Commencement. Mr. Thorpe was secured by Dr. T. P. Harrison, in charge of the graduation exercises.

## WATAUGAN ISSUE APPEARS MONDAY

Jernigan's Work Labeled More Appropriate for "Whiz Bang" Magazine

### By A. C. NEWTON

Three articles, two long poems, and a story, together with the usual line of re-hashed jokes, composed the "Leap Year Issue" of the *Wataugan*, campus humor and literary magazine, which appeared on February 29.

The article on campus politics by Henry Brock appears to this writer to be a well gotten up group of platitudes, so obvious that they insult the intelligence of the student body. Mr. Brock, in pleading for his Utopia, describes his ideals of clean elections and worthy candidates—all very nice, but with no chance of survival in the pre-election fervor.

The dissertation entitled "The Folly of Honor," by Archie Ward, was really excellent. Ward has the honor system sized up exactly. If the *Wataugan* prints more articles of the caliber of "The Folly of Honor," it will raise its position in the average student's opinion by many notches.

Dick Yates's article came up to his usual standard. His ideas on overgrown colleges, and over-expanded educational systems are well thought out and his article well written.

H. B. Hines's story, "The Warning," was, like the poems by W. D. Pritchard and W. C. Yelverton, fairly good. More practice and these writers will be putting out excellent stuff. At present, their efforts are a bit amateurish, but then the *Wataugan* is a periodical for amateur writers, so why shouldn't the aspiring young author use its columns for his early efforts?

The illustrations were not bad. The cartoon captioned "John Held, Jr.," by Mike Whitehurst, depicting the floor-walking father who held Junior too long, was the best in the magazine and was well worth reprinting on May, 1930. It is too bad, however, that the *Wataugan* has to resort to a two-year-old issue for material. The full-page drawing by Guy Marshall was also good, but using a full page for one illustration looks to me like an effort to fill space. Drumwright's cartoon advertisement of the gas company was also pretty good, but covered too much space. Bill Henry's "Life Foe" soap advertisement was also clever, as was Prof. Paulson's cover.

H. M. Jernigan's efforts show real talent, but I am afraid he chooses subjects of a somewhat putrid nature. His "Reprobate from N. C. State" was a lot better than "An Old Family Custom" and his clothes line illustration. His work would be a lot more appropriate in a magazine like "Whiz Bang," but seems out of place in the *Wataugan*, which is supposed to be devoted to true literary effort and humor.

The business manager seems to have been pretty busy during the two weeks since the last edition came out. He gathered two full page ads from cigarette manufacturers and the usual run of smaller local ads.

In general, the "Leap Year Issue" was not so bad, but it has a long way to go before it is perfect.

### Farming Statistics

A study of North Carolina State College graduates in agriculture reveals that of 1,006 graduated, 672 now reside in the state. Of these men, 171 are farming and that 78.4 per cent of the alumni agriculturists now farming now reside in North Carolina.

## HARRISON NAMES THORPE SPEAKER FOR GRADUATION

### Bunked

Playing marbles "for keeps" against two seasoned upperclassmen, Robert Smith of Leaksville "bunked" 31 "laws" from W. X. "Red" Watt of Statesville and Wilson Adams of McCall, S. C. to win the undisputed championship of North Carolina State College.

The title match, staged on the campus in front of 1911 dormitory, lasted one hour and ended with the call to supper. Professor H. A. "Bud" Fisher of the mathematics department watched the game amusingly.

The net monetary loss to Watt and Adams totalled seven cents.

## FIVE STATE MEN GO TO "Y" MEET

North and South Carolina Y. M. C. A. Cabinets Convene in Columbia, S. C.

Five State College delegates will attend a joint meeting of the Y. M. C. A. cabinets of North and South Carolina to be held at Columbia, South Carolina, March 5-6.

The student delegates are: H. Y. Brock, Jr., Neno C. Gross, R. S. Poole, Ralph Cummings, and J. W. Halstead, Jr.

Student representatives, under the leadership of prominent Southern district "Y" workers, will discuss certain campus problems which they think are of vital importance to the student organizations. They will also discuss the best methods of creating high standards of Christian character on the campuses of the schools of the two states.

The program to be in the hands of the North Carolina group and will begin on Saturday at noon and continue through Sunday afternoon.

This is the first meeting that the Interstate Association has held in South Carolina, and special efforts are being made to make it one of the most successful meetings ever held.

### MECHANICAL ENGINEERS NAME DELEGATE TUESDAY

Whitehurst Will Represent State Club at National Meet in Chattanooga

J. C. Whitehurst, senior, was selected to represent the local student chapter of the American Society of Mechanical Engineers at the spring convention of the student branches to be held in Chattanooga, Tennessee, at a meeting of the local chapter Tuesday night.

The basis of the award was a paper written by Whitehurst on "Practical Economics: A Necessity for the Engineer." This paper was entered against one written by G. C. Nye on "The Dirigible Akron." The judges were Professor A. M. Fountain, W. C. Olsen, designer and builder of power plants, and R. H. Rothgeb, State Superintendent of Power Plants. They awarded the decision to Whitehurst by the vote of two to one, making him the official representative to the convention.

At the meeting seniors who had fulfilled the requirements for eligibility were voted upon to become candidates for Knights in the Order of Saint Patrick. These candidates are subject to a final vote by the members of the Engineers' Council.

At the meeting seniors who had fulfilled the requirements for eligibility were voted upon to become candidates for Knights in the Order of Saint Patrick. These candidates are subject to a final vote by the members of the Engineers' Council.

### Juniors

President Blain Chapman yesterday announced that the Junior Class would elect Student Councilmen and House of Representative delegates at a special meeting to be held in Pullen Hall at 1:20 p.m. Monday.

The meeting was announced for today at the Junior-Senior class meet on Wednesday, but a change of time was made to give greater publicity to the meeting, according to President Chapman.

Juniors elected to the Student Council automatically become candidates for president of the student body and will be run in the primary to be held the first week of the next term.

Editor of "Nation's Business" Selected to Address Seniors on June 9

### GILMOUR WILL DELIVER BACCALAUREATE SERMON

Commencement Speaker Noted in Journalism and in the Fields of Politics and Teaching; Thorpe Contributor to Collier's Magazine; A. D. P. Gilmour is Prominent Pastor of Wilmington's First Presbyterian Church

Honorable Merle Thorpe, editor of "The Nation's Business," official publication of the United States Chamber of Commerce, will deliver the graduation address of the Class of 1932 on Tuesday, June 9, and the baccalaureate sermon will be preached by Rev. A. D. P. Gilmour, pastor of the First Presbyterian Church of Wilmington on Sunday, June 6, according to Dr. Thomas P. Harrison, who is in charge of arrangements for the events. Mr. Thorpe's topic has not yet been announced.

Mr. Thorpe has had a long and distinguished career in the fields of journalism, teaching, and politics. He is a graduate of Leland Stanford University, and was for a time professor of journalism at the University of Kansas. He has won a number of awards for his literary achievements, and has served on several of President Hoover's Committees. At the present time he is editor of "The Nation's Business" and a frequent contributor to Collier's Magazine.

Dr. Gilmour, who is a native of Scotland, has held the pastorates of some of the largest Presbyterian churches in the southeast. He is a graduate of Princeton University and the Princeton Theological Seminary, and served for a time on the faculty of the Union Theological Seminary, of Richmond, Va. At the present time he is a moderator of the Presbyterian Synod of North Carolina.

### OUTSTANDING TEACHERS AID AS LEGION WORKERS

Harrison, Brower and Henninger Receive Prominent Jobs in Tarheelia

In the last few years North Carolina State College has furnished the state of North Carolina with three of its outstanding experts for administrative and special work, and this year, six of the most prominent workers in the American Legion's campaign against unemployment are enlisted from the State College faculty.

Colonel J. W. Harrison, head of the Department of Conservation and Development, was head of the mathematics department at State College for a number of years before resigning to accept his present position.

North Carolina's purchasing agent, A. S. Brower, was comptroller of the college for many years before being drafted for state work.

When Governor O. Max Gardner created the State Unemployment Relief Council he secured R. W. Henninger, head of the industrial management department at State, to become executive head of the council.

Michael A. Perry, successor to Henninger, was chosen to head the unemployment relief work in the post of the American Legion in January and recently he was made executive officer for all unemployment work of the Legion in North Carolina.

Other faculty members who are acting in advisory capacities in the Legion's campaign are: Dr. R. O. Moon, professor of finance and banking; Dr. G. W. Foster, head of the department of agricultural economics; Marc C. Leager, professor of accounting and statistics; Lieutenant-Colonel Bruce Magruder, commandant of the R. O. T. C. regiment; and Edward Boshart, professor of education.

### ALPHA ZETA INITIATES SIX WITH HIGH GRADES

Six new members were formally initiated into Alpha Zeta, honorarily agricultural fraternity of State College on February 29. Membership in this fraternity is made up of students whose grades are among the highest forty per cent in their class.

They are: H. E. York, Rutherfordton; D. M. Whitl, Greensboro; Claf Wakefield, Albertville, Ala.; H. H. Harris, Fike, Rockwell; J. E. Wilson, Shelby; and Cecil Thomas, Reidsville.

**STARTLING**

The Technician is in whole hearted agreement with H. Y. Brock, Jr.'s, article in the last *Wataugan* on "Campus Politics." It also agrees that Pullen Hall is an old building, R. O. T. C. men wear uniforms, Mr. King is secretary of the Y. M. C. A., sunshine follows rain, Hoover is President, the *Wataugan* is literary and humorous, fraternities have members, a depression exists, two times two equals four, night follows day, et cetera.

If the State College student body is not familiar with these startling statements, others may be found in Mr. Brock's article—"Campus Politics."

**LIEUTENANT C. H. ELMS**

As boxing ends its second official year, Lieutenant C. H. Elms, unpaid coach brings Southern fame to North Carolina in his protégé—Charlie Garner, South's welterweight champion.

While to Garner goes great praise, and justly so,—Lieutenant Elms is not to be slighted. As the pioneer boxing coach at the institution, he receives the unanimous appreciation of the entire student body. He has given his time without pay, and his efforts for the sport of boxing have been repaid by an enthusiastic student gathering at every meeting of his team.

Despite the fact that boxing is at present a minor sport, sports followers have already given it support that approaches, if not equals, that of basketball. The progress of this year points to increasing popularity for this sport in future years.

Recognition for the boxing team is a matter of little time. To date, it is self-supporting and has received ovations from a large number of outsiders. Lieutenant Elms has given it a place on the campus and the public has assured its future.

Students view Coach Elms' progress with gratification and appreciation. His unselfish contribution to the institution will place his name among the benefactors of entertainment and pioneers of sports. The entire boxing team has played the game and fought like men for their alma mater and since sports has more than entertainment value, the advertising worth of the team is inestimable.

The State College student body will be more nearly independent when students are not required to attend Red Masquer productions as a part of class work. The productions are worth while and the audiences are appreciative, but the future of these plays should not have to be assured by prepaid audiences. Their worth will soon be recognized and the audiences will arrive as worth is proven. The organization should stand on its own feet and not require professorial assistance.

The Freshman Class and the Order of 30 and 3 are concerned over the future of the freshman baseball team. They are working on a plan whereby this group can be outfitted and the prediction is that they will be successful. However, either organization's success depends upon the support of the student body which has not yet refused to support a worth while project.

The last issue of the *Wataugan* is the best to date. *Snappy Stories*, *Whiz Bang*, *French Models*, *Pep Magazine*, also have good issues. The *Wataugan* is a Leap Year edition and it's obvious they don't look where they leap.

To prevent profanity, an organization known as "The Tano Club" has been formed at State College. The paddle is the punishment and over 500 ticks have already been passed between the sixteen members.

No—the police will not find the Lindbergh baby in the State College nursery.

**POINT SYSTEM**

Whether the point system as proposed by the Student Council will be entered with the by-laws of student government depends upon the vote of the House of Representatives Thursday night. The adoption of the legislation will be one of the greatest contributions to Student Government since the organization was formed.

An elaborate campaign has been launched by the Council to familiarize every student with this plan which is printed in full beginning on the front page of *The Technician*. But, changes are possible, and the system, although as perfect as the Student Council can make it, is yet open for revision, which must come through the suggestion of the individual representative of the school. At the House of Representatives meeting on Thursday representatives will voice the opinion of their constituents as they interpret them. With the two-thirds vote of this body, the Point System becomes a reality to govern the student population of State College.

The Point System is designed to create more leaders, more efficient organizations, and to promote the welfare of the college in general. The student body can insure its passing by encouraging their representatives to vote in its favor.

The System has already the support of the Faculty, Student Council and the majority of the campus leaders. Its adoption insures progress of student government.

**HIGH SCHOOL CAGERS**

This week, nearly 600 North Carolina high school basketball players are guests of the student body of State College. Their presence is viewed with pleasure and their enjoyment while on the campus is paramount in the minds of N. C. State collegians.

Through their representative, "Johnny" Miller, Director of Physical Education, the students of the college are active in a service that is commendable. His work is more than doubled during the stay of the tournament, but his cheerful direction is indicative of his desire to further the progress of the institution.

The students of State College are anxious to make the individual's stay at the institution profitable and pleasant to the high school athlete. The teams are chosen from the largest group ever to apply for admission to a tournament, and by this distinction the college is more honored by their presence.

The tournament is now in progress and the number of State men at the games speaks the support of the student body.

**CO-EDS HONORED**

With the election of Maud Schaub and Elizabeth Gaither to Gamma Sigma Epsilon national honorary chemical fraternity, the co-eds of North Carolina State College again assert their right to a prominent place on the institution's campus.

Besides bringing unique distinction to college by being the first two women in the United States to receive this honor, these women portray a desirable element on the campus. Both are high honor students and their selection for the chemical honor fraternity is one among their many honors. In general, the woman element of the college is contributing materially to the elevation of scholastic standard. Whatever may be the opinion of the average student in regard to women at the institution, they are making a contribution.

Not to be left behind the progressive organizations, a new society—Phi Epsilon, recently contributed toward the beautification fund for the college's auditorium. The amount was not large, but the spirit of cooperation was great.

With the exception of the Women's Student Government, licensed last year by the Board of Trustees, the co-ed's progress this year has been noticed and is steadily going forward. The co-ed government has not made itself noticeable by any achievement, trial, or cooperative move and the question arises as to its necessity as a part of the institution.

A further boost to the co-eds as a desirable part of the student body is their unconscious influence upon the dress of the average student. Whether they're to be credited with the changes of the past three years is not known, but it is true that sloppy overalls, dirty shirts, and unclean appearances have lessened with the increase of women students.

More and more co-eds are proving their desirability as an influence toward the betterment of State College.

**BUSINESS MAN AND TEACHER**

The selection of Merle Thorpe to deliver the 1932 Commencement address is wise in that the speaker is a teacher and practical business man. He is a former professor of journalism at Kansas University and is at present the editor of *Nation's Business* and a regular contributor to *Collier's* magazine.

The theory of success is much talked of and the platitudes of the average commencement speaker are monotonous to the departing student. It is well that a successful teacher and business man relate the future outlook. This type of speaker can talk from experience and theory and arrive at a more practical viewpoint than many college presidents have presented at past graduations.

Mr. Thorpe's coming to State College is looked forward to with interest, for he has the requisites of realistic advice and practical views to present before this year's business and professional graduate.

## THROUGH THE TRANSON

BY DICK YATES

**Penny Wise: Pound Foolish**  
This current whooping it up for a new auditorium, aside from indicating that students are pained by the hideousness of the present structure, betrays distinct and unfortunate symptoms of unbalanced values. I mean that a number of public-spirited lads and lassies are troubling their honest heads about issues of small import while vastly more important matters skirt unheeded past the cerebral regions. They are, if I may be permitted to use so common a figure, jealously guarding the cents while the dollars are ignored and lost.

Although I mournfully admit that this West Raleigh school needs a new auditorium, I cannot submit to any form of mental aberration that tends to value this need as the most important. It has a place, it is true, but that place will be found near the bottom if one wished to coldly analyze the facts—a form of mental punishment leading to splitting headaches and cold sweats in the night.

**Well-Paid Faculty Needed**

Having caustically stated that the need for a new auditorium is slight, I am now faced with the grave responsibility of calling to the attention of the local students a need that is far more important and thus (such are the ways of students) far more neglected. I refer to the low salary scale of the local teachers.

This condition, I insist, is more harmful to the college than the lack of any building, be that building an auditorium, a Y. M. C. A., or a president's office. And its harmful effects are longer lived and more widespread than the effects of any of the above named weaknesses.

Except in unusual circumstances, low-paid teachers are poor teachers. Such a condition may not obtain during the first few years; but if a low salary scale is continued over any length of time, the better teachers will be drawn away. I state an economic fact that is self-evident and thus needs no further explanation.

**Apathy Has Reason**

Although the poor effects of an incompetent teacher are much greater than the effect of an antique auditorium, nothing seems to be done about it. No co-ed organization is holding bridge tournaments to increase the salary fund; no campus Rotary Club is presenting minstrel shows to alleviate the condition.

And of course there is a very definite reason. A new auditorium—or even an old one with new curtains—presents a much more imposing picture to the eye than a well-fed teacher. Returning alumni may have their attention proudly called to the new structure, while a similar attempt with the teacher is shunned. A reaction would leave the ex-students unmoved. And when alumni are unmoved, they show a certain hesitancy in contributing to such worthy causes as athletic funds and memorial towers.

**Poor Effects Long Lived**

For my part, the present auditorium is fairly satisfactory. True, it does not present a very attractive picture to the eye; but practically every other building on the campus is a similar affliction. In fact, if the local lads wished to build for beauty, no building on the campus, with the exception of Holladay and the library, would be left standing. As for participating in the graduating exercises in Pullen, I'm not so outraged as one might suppose. Such empty formalities have always made me enter into them with my tongue in my cheek, so I care little which site is chosen.

I do regret, however, the dismal fact that a number of teachers have failed utterly to teach me anything. And long after the graduating exercises have become a mere memory, the realization that I have been denied innumerable opportunities to improve my celebration will trouble many a waking hour.

**It Happened in Wonderland**

"This examination will not be conducted on the honor system," Professor Botts emphatically announced to his class. "I know from past experience that a number of students present will cheat if given the slightest opportunity. I also know—and experience taught this—that no student in this class will report a cheater. I am remaining in this room for two reasons: to minimize the chances for cheating and to report and fail any student whom I see cheating. It is my duty to give the registrar your grades; I shall consider it a point of personal honor that those grades are as correct as I can make them. Proceed, gentlemen, proceed." I sometimes wish I had a professor like that.

**Fashion Note**

Judging from the length of the ladies' dresses on the *Wataugan* cover, one might well assume that the drawing attempted to depict a scene from the gay nineties. I forgo any comment I might make on the young man's shoes, his trousers, and the antiquated patch-pocket on his coat.

**Our Own Vandeville**

"What makes a guy propose to a girl?" shouted Walling Willie, while sorrowfully attempting to give him-

**Let Us Pray**

## DELTA SIGMA PI TO INITIATE TEN

Commerce Fraternity Votes Favorably on Point System at Meeting Tuesday

Delta Sigma Pi, international commerce fraternity, pledged nine men at a meeting last Tuesday night. The organization also passed a resolution of approval on the proposed point system for holding of campus offices.

Those pledged are: G. V. Foster, M. G. Hunter, L. B. Winstead, R. S. Poole, A. H. Rogers, Harry Walker, M. I. Annetta, C. H. Palm, and J. W. Webb. A. L. Stubing will be pledged at the next meeting of the organization on Tuesday, March 8.

These men will be initiated some time in April, following a banquet down town.

**Weekly Definition**  
Democracy may be defined as a scheme of government wherein a street-cleaner, owning nothing but an extra shirt and a model T Ford, is placed upon an intellectual and governmental level with a polished and educated gentleman who owns half the land in the country. See also *Idocy*.

## FOURTEEN ALUMNI LIVE IN CHINESE TERRITORY

According to records in the alumni office fourteen former students of N. C. State College are now living in China of which number nine are believed to be living in Shanghai.

The names of those whose last addresses were given as Shanghai are: Henry Kendall, '24; Irey G. Riddick, '12; W. C. Boone, '09; and P. F. Faison, '02; Pow King Chu, '10; Tao-Shan Foo, '22; Shang Wu Jen, '22 and Chang Ah Young, '25. Other alumni believed to be in China are: Roy R. Pearson, '28; Wuchow; B. L. Bradley, '31; Hankow; Capt. P. G. Tenney, Peking; Horace J. Kennedy, Swatow; Clarence Wen-Low, '28; Hankow; and Tsong Chen Chang, a native of Shanghai who is thought to be in the interior of China.

Although there have been probably two dozen native Japanese students at State College the address of only one is known. He is S. Yonemasu, '25, of Osaka, Japan.

## SHAKE OFF THOSE MIDMEAL BLUES

AT 10-2 AND 4 O'CLOCK

## Open Forum

(Note: This quotation is printed upon request of E. L. Cloyd, Dean of Students.)

The lack of intellectual interest in studies on the part of fraternity men or other students . . . is . . . the prime responsibility of the college teacher and the university administration. When we have more college teachers with an interest in human beings as vital as their interest in academic subjects, and with the sympathetic ability to see the problems of life as the youth perceives them, then students will be interested intellectually. . . . To bore youngsters to death with details that are significant only to mature scholars is one successful means of banishing vital interest from collegiate study.—Dr. Henry M. Suzzalo, Zeta Psi, President of Carnegie Foundation for the Advancement of Teaching, before the National Interfraternity Conference.

## TWENTY-ONE STUDENTS GET INFIRMARY'S AID

Twenty-one students were in the college infirmary this week for treatment: They were P. M. Nance, H. Hill, J. W. Benberry, R. L. Stepler, C. L. Shrengott, G. C. Wright, W. E. Lynch, M. M. Tuttle, J. W. Bartlett, B. A. Peterson, R. A. Walker, F. C. Quay, J. P. Moore, A. M. House, J. S. Komlos, J. P. Weedon, G. C. Briggs, J. N. Wilson, C. D. Frank, J. G. White, and F. H. Seams.

## LITERARY CLUBS MEET TOGETHER

Leazar and Pullen Societies Discuss Point System in Meet Friday Evening

Discussions of the point system and parliamentary law, were the principal features of the joint meeting of the Pullen and Leazar Literary Societies, Friday night, February 16, in the Library.

C. E. Brake presented the point system and explained it to the meeting. M. A. Carpenter suggested that eight points be given the editor of the *Agromeck*, and that the student council also be included in the distribution of points. Prof. E. H. Paget stated that he thought that members of the debating team should receive the same rating as athletes, and Prof. A. M. Fountain suggested that points be awarded to athletes for individual sports.

Paget talked to the group on "Parliamentary Law," telling the society of the rules for proper conducting of meetings, giving advice to officers for keeping meetings from being listless and uninteresting. Paget also urged that members of the organizations wishing to come out for the debate team do so before the season starts instead of waiting. President J. S. Gill of the Pullen Literary Society stated that Pullen intended to challenge Leazar to a debate on the point system, to take place some time during the third term.

# GARNER CHAMP; TERRORS LOSE

## STATE RING STAR WINS FINAL BOUT IN TOURNEY PLAY

Charlie Garner Captures Welterweight Honors in Fistic Tournament Held University of Virginia After Winning From Four Best Class Fighters in South

### SQUAD ELECTS GARNER CAPTAIN OF NEXT YEAR'S TEAM IN MEETING WEDNESDAY; AWARDS ANNOUNCED FOR TEAMS

Charlie Garner, State's battling sophomore, fought his way to the welterweight title of the South last week when he won over four worthy contestants during the Southern Conference Boxing tourney held at the University of Virginia February 25, 26, and 27. Young Garner was elected captain of the 1932 fistic squad at a meeting held last Wednesday.

The boxing meet was captured by the University of Virginia with the high score of 16 points, making her second title in as many years. Tulane and Duke were tied for second place with 8 points; Miss. State, N. C. State, South Carolina tied for fourth position with 5 points; and Georgia, North Carolina, and Washington and Lee came seventh with 3 points each.

The First Team State entered the meet for the first year of tournament competition. Boxing, which was only begun last season by Lieutenant C. H. Elms, has rapidly come to front in sports circles in this State, and is now one of the ranking athletic programs sponsored by this institution.

Besides Captain Garner, Hull was the only other State man to advance in the tourney. Fighting in the 160 pound class, Hull defeated McCreary of South Carolina, in his initial bout but lost his next match to last year's champion, Myers of Virginia.

Marshall Rhyne, State's 135 pounder, lost to Glaze, L. S. U., in one of the best received bouts of the whole tournament. Glaze, who a week before knocked the Navy champion, and Rhyne brought the crowd to its feet time after time with his fast and furious fighting. Mr. Glaze finally landed on Rhyne's chin and it was over. Outside the entrants from the University of Virginia, Rhyne received the greatest ovation during the tourney.

## No wonder men smoke PIPES!

EVERY PIPE SMOKER has the satisfaction of knowing he has one masculine right that the women won't take away from him. They do leave our pipes alone.

And though the girls may not know it, they're leaving us one of the finest smokes a man can have. There's something calm and soothing about a pipe and good tobacco. It leads to clear-headed thinking. Perhaps that's why the leaders—the real men of the world—are pipe smokers.

College men like a pipe—packed with cool, slow-burning Edgeworth, the favorite pipe tobacco in 42 out of 54 colleges. It's cut especially for pipes, to give a cooler, drier smoke. You can buy Edgeworth wherever good tobacco is sold. Or for a special sample packet, write to Larus & Bro. Co., 105 S. 22d St., Richmond, Va.

## EDGEWORTH SMOKING TOBACCO

Edgeworth is a blend of fine old burleys, with its natural flavor enhanced by Edgeworth's distinctive and exclusive eleven-step process. Buy Edgeworth anywhere in two forms—Edgeworth Ready Rubbed and Edgeworth Plug Slice. All sizes, 15¢ packet package to \$1.50 pound humidifier tin.

### "Young Dempsey"

Charlie Garner, who captured the welterweight boxing crown at the recent University of Virginia tournament, has been elected captain of the 1932 State fistic team.

Garner hails from Portsmouth, Va., and has been in the fight racket only two seasons. Coach Elms took the youngster in hand last season and has developed one of the cleverest fighters of this section in Captain Garner.

The matches were very creditable for the Raleigh Collegians.

In electing Garner captain of next season's team, a better candidate for the position could not have been found than the fighting Portsmouth, Virginia lad. Fighting in his weaving, Dempsey style, Garner took to the fight game last season for a perfect record. It was his first engagement with the gloves and under the tutelage of Coach Elms has developed into one of the classiest and slickest seen in this portion of the country.

After being named leader for next season, Garner told his fellow fight members that he "accepted and appreciated the honor and hoped to lead them to a Southern Conference Championship next year." He was elected by unanimous vote.

Captain Garner disposed of Keenan of the University of Maryland in his first fight during the Conference play in a decisive manner, and knocked a Mr. Zonzales, L. S. U., in 1:05 minutes of the third round to advance to the semifinals Friday.

Saturday afternoon, Garner took a decision from Fryer of Ga. Tech, and captured the final honor bout when he defeated Sullivan of the University of Georgia.

Last Two Garner showed himself to be a true fighter and champion, all four of his opponents being of the best in the welterweight division, and he came through only by the hardest fighting and good headwork and judgment.

Coach Elms announces that monograms will be issued to the following men for this year's fighting: Co-captains Karig and Espey, Welling, McGee, Rhyne, Perritt, Captain-elect Garner, Hull, and Hall. These awards were authorized by the Faculty Athletic Committee. Freshman receiving monograms include: Bilysoy, Sauls, Spelght, Huntley, Fabri, Dunaway, Stevens, and Daugherty.

Only three men will be lost by graduation this season and they include ex-co-captain Karig, Hull, and Hall. The frosh have been under the direction of Coach Bill Beatty, and the result of their season show that promising material may be looked for next season.

Final Summary 115 pounds, Loyd (Duke) beat Robertson (W. and L.) K. O. 1:15 sec. (Please turn to page four)

## SMITH ANNOUNCES GAME FOR WOLVES

Fourth Scrimmage Scheduled for Tomorrow Afternoon With Changes in Line-ups

The weekly football scrimmage will be held at State College tomorrow afternoon, Coach John P. "Clipper" Smith said yesterday. It will be the fourth scrimmage for the Wolfpack candidates since they began spring training about a month ago.

The squad now numbers around 40. Several of the men have reported for baseball and football men who were members of the basketball team, have also turned out for the diamond sport. They are: Charles Jeffrey, Bob McQuage, Hank McLawhorn, Allen Nelms, John Lanning, and Willie Duke.

Several new men have reported for the football workouts. Heading the list is Ray Rex, 215 pound freshman fullback.

In last Saturday's game, the Reds defeated the Greens 7 to 6. John Komolovs' try for point, after his Red team had just clicked a counter, was good and counted the one tally marginal win.

The Greens scored first, getting their marker when Allen Bailey passed to Roscoe Roy on the goal line. Both men are up from the freshman team. The Red's scored their touchdown when Komolovs passed to Peterson to place the oval on the one foot line. Edgar Cumsley plunged the necessary footage for the tally.

The starting Red team was composed of W. B. Peterson and Gresson, ends; Rotha and Merbat, tackles; Wood and Fabri, guards; Thomason, center; McCulley, quarter; Komolovs and Bohannon, halves; and Cumsley full.

The Green team was composed of Stephens and Redding, ends; Daugherty and Isaacs, tackles; Barnhardt and Tull, guards; Hammerick, center; D. Wilson, quarter; McAdams and Roy, halfbacks and Bowyer, full.

No line-up was announced for tomorrow's game, but the starting eleven are expected to border close to the above line-up, last week's contest.

## BASEBALL SQUAD COMMENCES WORK

Twenty-six, Including Eleven Lettermen, Begin Daily Practice This Week

### NINE GAMES SCHEDULED WITH SIX IN RALEIGH

Smallest Schedule in Years Opens March 28 in Home Game With Wake Forest

Twenty-six men including 11 letter men of last year's team, reported for the 1932 State College baseball team this week.

Uniforms have been issued and active workouts are being held daily on Freshman Field. The first of nine scheduled games will be played on March 8 with Wake Forest here.

#### Captain Heads

The 11 letter men are: Capt. Outen Gerock, first base; W. N. Fuller, pitcher; Hank McLawhorn and John Lanning, catchers; Charles Jeffrey, Willie Duke and Allen Nelms, outfielders; Ned Wood, second base; Joel Morris, third base; Fred Wilkie and Bill Shey, short stops.

Other men out are: Rayo Senter, first base; Hal Farris, Troy Miller and Bob McQuage, catchers; James Cooper, Paul Nance and Hyman Dave, pitchers; Curtis Roach, Jimmy Brown, Andrew Adman, Charles Griffin, J. P. Leagans and G. C. Cauthan, infielders.

State's 1932 baseball team will play six of its nine scheduled games at home this year, it was announced.

The schedule is the smallest State has had in years. No out of State games are booked and the longest trip the team will take will be to Chapel Hill.

The complete schedule is: March 28, Wake Forest at Raleigh. April 8, Washington and Lee at Raleigh. April 16, Duke at Raleigh. April 27, Davidson at Raleigh. April 30, Duke at Durham on Freshman Field. May 2, Carolina at Raleigh. May 10, Wake Forest at Wake Forest. May 14, V. P. I. at Raleigh. May 21, Carolina at Chapel Hill.

Bill Averette, former pitcher and captain of the State College baseball team, has resigned a contract to play for the Greensboro club this summer. Averette is attending State College at present where he is studying High School Teaching. He was asked to report for training at the Cardinal's training camp in Bradenton, Fla., a few days ago, but could not leave his studies.

## STATE DEFEATED 34-33 BY AUBURN

Terrors Nosed Out in Opener by Seeded Plainsmen in Feature Tilt of Initial Round

### JIMMY BROWN IS STAR WITH CAPTAIN BUD ROSE

Georgia Captures Title by Defeating Carolina 26 to 24; Duke Survives to Semi-finals But Defeated by Champs; Georgia Bulldogs Pulls Darkhorse Stunt to Win Southern Honors of Cage Sport

The N. C. State Red Terrors, playing in one of the fastest and best games of the initial round, were eliminated by the strong Auburn Tigers 34 to 33 last Friday in the Southern Conference basketball tournament held in Atlanta, Georgia.

The contest was placed on record as being of high interest to the capacity crowd of fans, and as the score indicated was a hard fought, tense, and exciting battle. The seeded Auburn club led at intermission by one point, the count being 20-19.

Here's How A field goal by Stewart two minutes from the end of the game sent Auburn in front by one point and thereafter there was no scoring. State had taken head with five minutes to go when little Jimmy Brown sunk a long shot which capped the Techs' climb from behind to wipe out a five-point lead of the Plainsmen.

The lead changed 14 times during the contest and the Terror's would have captured the battle if gratis throws were made good. State was able to sink only one free throw out of 11 while the Plainsmen converted four out of a like number of chances.

Jimmy Brown, star Terror forward, led the scoring of the game with an even dozen points and played the most brilliant floor game of the day. Captain Bud Rose and Gurneau were good for the Techmen while Stewart and Jenkins were best for Auburn.

The line-ups:

Auburn	G	FT	TP
Lumpkin, f	3	0	6
Jordan, f	0	1	3
Jenkins, c	2	1	7
Stewart, c	5	0	10
Kaley, g	1	1	3
Hatfield, g	3	1	7
Totals	15	4	34

N. C. State	G	FT	TP
Gurneau, f	4	0	8
Johnson, f	2	0	2
Brown, f	6	0	12
Morgan, c	3	1	7
Rose, g	2	0	4
Nelms, g	0	0	0
Totals	16	1	33

## Georgia Wins Tourney

The cage tourney of the South was won by the University of Georgia, a darkhorse of the play, when the Bulldogs defeated North Carolina University 26 to 24. Duke, the other surviving North Carolina team, went to the semi-finals, being eliminated by Georgia. Carolina had previously won from Tennessee, Kentucky, and Auburn; while the Duke Blue Devils defeated Vanderbilt and Florida before being dropped by the champions.

Tom Hearne, Albemarle, N. C. youth who performs in a big way on the diamond, will play ball with the Birmingham, Ala. club this season. It was learned here yesterday. Hearne is a junior at the West Raleigh College.

Not performing with the State club last season due to being ineligible, Hearne will leave the College sometime during the coming month for Birmingham's training camp. Hearne said he would not work out with the State club before reporting to Ala.

Hearne's original position is third sack, but during his prep days at McCally, he divided his time between this position and the keystone bag.

## TANKMEN OPEN WEDNESDAY AGAINST RALEIGH'S "Y"

The newly organized State College swimming team meets the Raleigh Y. M. C. A. in the State College pool Wednesday at 8 o'clock. Following this meet, State will begin practicing for the State meet to be held at Duke some time in March.

State's team for tonight will probably be picked from the following men: 200 yard relay, Roger Bagby, William Shepherd, Carter, Wynant Moorman or Henry Dinkelspiel. Fancy diving, Johnny Shinn and Frank Kuhn. 50 yard dash, freestyle, Moorman, Shepherd or Dinkelspiel. 100 yard breast stroke, Clarence Cone, Joseph Leinster or Bart Streb. 220 free style, Jack Stonebanks and William Woodley. 100 yard back stroke, Bagby and A. B. Campbell. 100 yard free style, Moorman, Carter or Dinkelspiel.

## High Tourney In Progress

### MORGAN GARNERS SCORING HONORS

Lanky Senior Scores 85 Points for Terrors During Season's Play

Claude Morgan, State College center and forward, led the Red Terrors in scoring in State's 16 scheduled games with 85 points. Morgan made 34 goals and 17 free shots during the season.

Capt. Bud Rose, guard, was second with 26 field goals and 19 free shots for 71 points. Sam Gurneau, center and forward, caged 29 action shots and 11 free throws for 69 points for third place. Jimmy Brown, forward, was just one point behind Gurneau with 23-field goals and 21 free shots.

Ralph Johnson, forward, was fifth with 48 points made on 14 goals and 20 gratis shots.

Other scorers were: McQuage, guard, 16; Nelms, guard, 16; Clark, guard, 10; Morris, forward, 6; Jay, forward, 4; Avera, center, 2; and Roach, forward, 2.

### STATE NOT TO HAVE CAPTAIN

The N. C. State cagers will not have a regular captain to lead them through the entire season next year, as the squad voted to adopt the captain-a-game plan for 1933.

This plan was followed during the 1930-31 schedule, but Bud Rose was chosen as leader for the Terrors during this past season.

Captain Bud Rose and Claude Morgan are the only two regulars of this year's team who will be lost by graduation this spring. State closed its 1932 season in Atlanta last week when it was defeated in the first round of the Southern Conference Tournament 34-33, by Auburn.

In Big Five play, State finished third with four wins and three losses. The Red Terrors won seven Conference games and lost four. Two non-conference games were also won by the Terrors this winter.

### FROSH BASEBALL TAKES NEW HOPE

Yearling Nine May Have Team on Field This Season As Plans Made Raise Money

With the announcement in last week's Technician that the freshman baseball season had been cancelled this year due to shortage in athletic funds, startling news broke yesterday in that a yearling squad may represent State College this spring.

The Order of 30 and 5, local boosters club of State College, review the situation with interest at a call meeting last Tuesday afternoon and voted to aid the freshmen in this sport.

President Hanks received the suggestion that a midnight show, at one of the local theaters, be staged to raise money for this occasion. There would be only a small charge for the show, it was said, but the number of patrons expected will promote around \$100 it was thought.

Bob Warren, tutor of freshman sports, was optimistic over a team this season, after hearing the announcement, and will arrange a schedule to meet the money appropriated.

Fresh Want Club John Stanko, stellar performer on the diamond, represented the frosh baseball club at the meeting of the 30 and 5. Stanko announced that the Freshman Class was willing to cooperate in this movement, and the two bodies will no doubt function together.

Fifty freshmen responded to the call of President Barnhardt and met in the "Y" Wednesday night, March 2, to discuss the matter. According to the reports heard at the meet it will cost approximately \$125 to operate the club.

The midnight show idea was successfully tried last year for a similar purpose, and plans will materialize provided an arrangement can be met with officials of the theater.

It was announced that a meeting of the 30 and 5 would be held today to act on information to be given from the theater committee.

### BOTH DIVISIONS TO SEE ACTION IN GAMES TODAY

Preliminary Class B Tilts Furnish Thrillers in Annual Invitational Event

Basketball fans will see twenty-four games in today's program of the seventh annual high school invitational basketball tournament in Frank Thompson Gymnasium. Class A teams will open the play at 9 a.m. in first-round contests.

Sixteen games in the first round of the Class B competition were played yesterday, with most of the favorites stepping up to the second round, which will be run off beginning at 2 p.m. today. Class B third round semifinals are scheduled for 8 o'clock tonight and the second round of the Class A competition will begin at 7 o'clock.

YESTERDAY'S RESULTS  
Conway 28, Elizabethton 6; Pilot 23, Bunn 4; Unionville 40, Smyrna 11; Mt. Glead 15, Gates 9; Troy 13, Garland 11; Micro 25; Aurora 20; Rich Square 19, Clemmons 11; Trenton 30, Smiths 5; Garner 19, Wilsons Mills 5; Dallas 20, Poplar Branch 13; Glenwood 25, Jonesboro 24; Middleburg 16, Bethel 11; Harmony 21, Lillington 16; Mars Hill 22, Green Hope 16; Pinnacle 19, Nashville 6; Lafayette 20, Woodleaf 19.

### Today's Games

Class A, First Round  
9 a.m. Burlington vs. Tarboro; Henderson vs. Fayetteville. 9:45, Sanford vs. Rutherford-Spindale; Washington vs. Lumberton. 10:30, Greensboro vs. Wilton; New Bern vs. North Wilkesboro. 11:15, Enfield vs. Oxford Orphanage; Raleigh vs. Spencer.

Class B, Second Round  
2 p.m. Conway vs. Pilot; Unionville vs. Mt. Glead. 2:45, Troy vs. Micro; Clemmons vs. Trenton. 3:30, Garner vs. Dallas; Glenwood vs. Middleburg. 4:15, Harmony vs. Mars Hill; Pinnacle vs. Lafayette.

Class A, Second Round  
First pair of games at 7 o'clock, and next at 7:45.  
Class B, Third Round  
First pair of games at 8:30 o'clock, and next pair at 9:15.

Social Calendar

Saturday, March 26. Junior Order of Saints Dance. Frank Thompson Gymnasium.  
Saturday, April 2. Engineers' Brawl. Frank Thompson Gymnasium.  
Friday, April 8. Annual Military Ball. Frank Thompson Gymnasium.  
Saturday, April 9. Kappa Sigma, Kappa Alpha, Sigma Nu Joint Dance. Frank Thompson Gymnasium.  
Saturday, April 16. Golden Chain Charity Ball. Frank Thompson Gymnasium.  
Friday, April 22. Sigma Nu Fraternity Dance. Chapter House, Clark Avenue.  
Friday, May 6. Scabbard and Blade Annual Dinner Dance. Carolina Country Club.  
Saturday, May 7. Junior-Senior Prom. Frank Thompson Gymnasium.  
Friday, Saturday, and Monday, June 3, 4, 5. Final Interfraternity Council Dances. Frank Thompson Gymnasium.

White Spades Initiate

The White Spades, sophomores social fraternity, held its annual initiation Wednesday, February 24.  
The following men were made members of the White Spades: W. K. Carrigan, Alpha Gamma Rho; C. P. Sandlin, Sigma Phi Epsilon; Joe Hughes, Kappa Sigma; Ralph Davis, Theta Kappa Nu; Frank Kuhn, Sigma Phi Epsilon; Walter Jones, Alpha Gamma Rho; Fred Southerland, Theta Kappa Nu; Locke Webb, Lambda Chi Alpha; Erwin Williams, Pi Kappa Phi; Dave Whitehead, Alpha Kappa Pi; and R. O. Bradshaw, Alpha Lambda Tau.

Week-end Dances

The White Spades fraternity and the Old Dominion Club were joint hosts at a most enjoyable series of dances in the Frank Thompson Gymnasium, February 26 and 27.  
The gymnasium was decorated with the black and white colors of the White Spades Fraternity and the purple and gold of the Old Dominion Club. The orchestra was decorated with a combination of the two colors.  
The figure at the Friday night dance, which was given by the White Spades, was led by: Maxwell Wolfe, president, and Miss Alice Frelz; Charles Cannon, president, and Miss Mabel Sargent; and Tubby Hanks, secretary, and Miss Sarah Rand. The Old Dominion Club figure Saturday night, was led by Goody Elliot and Miss Margaret Britt, and Carlton Anderson and Miss Dell Foley. The tea dansant was presented Saturday afternoon by the members of both clubs.  
Music for the set of dances was furnished by "Dot" Bennett and his Collegians, an orchestra that is well known throughout the south.

Alpha Kappa Pi

The XI chapter of the Alpha Kappa Pi will hold its annual formal banquet tonight at the Carolina Hotel.  
The guests of the fraternity will be Dean E. L. Cloyd and W. H. Hicks. There will be no formal speeches but the guests will give short talks during the program. E. P. Galba, J. H. Lindstrom, and W. G. Kircheimer will furnish the music for the occasion. W. G. Kircheimer will act as toastmaster for the occasion.

CASE PRESIDENT SPEAKS MARCH 7

Dr. Wm. E. Wickenden Speaks in Series of Talks Sponsored by Phi Kappa Phi

Dr. Wm. E. Wickenden, President of the Case School of Applied Science, Cleveland, Ohio, will speak in the Y. M. C. A. auditorium next Monday evening, March 7, in the first of a series of lectures being sponsored by Phi Kappa Phi, national scholastic fraternity.  
Dr. Wickenden is well known in the field of Engineering Education, not only because of the position he now holds, but also because of the thorough study he made a few years ago of engineering education in America and Europe for the Society for the Promotion of Engineering Education. Dr. Wickenden is now associated with Dr. Works on the Committee on Consolidation of the State Institutions of North Carolina.

RIFLEMEN LEAVE TODAY FOR VIRGINIA MATCHES

Team Leaves for Shoulder-to-shoulder Events Tonight and Tomorrow

The N. C. State R. O. T. C. rifle team, under the tutorage of Lieutenant William E. Carraway, left Raleigh this morning for Virginia where it will participate in two shoulder matches. The Washington and Lee shooting squad will be met tonight, and V. M. I. will be faced tomorrow night.  
Both matches will be indoors, it was announced by Coach Carraway.  
State's team of six men will be chosen from the following: M. L. Andrews, Parame; E. R. Daniels, Spring Hope; James M. LeRoy, Elizabeth City; F. R. Nail, Salisbury; J. L. Pleasants, Lexington; R. E. Tew, Portsmouth, Va.; F. D. Whitehead, Greensboro; and P. E. Stone, Rocky Mount.

CHEMICAL HONOR GOES TO BENNETT

L. A. Bennett Receives First A.L.Ch.E. Award for Outstanding Freshman

L. A. Bennett, sophomore, was awarded a badge for being the most outstanding freshman in chemical engineering last year at the regular meeting of the State student chapter of the American Institute of Chemical Engineers Tuesday night.  
The award was given for the first time this year and is presented by the national A. I. Ch. E. It is to be an annual award each year and is intended to stimulate interest among freshmen in the chemical engineering department.

After the presentation the point system was discussed and its adoption, with slight changes, was advocated by the society.  
William Belvin, president of the local chapter, concluded the meeting by speaking briefly on the selection of seniors for Knights of St. Patrick.

BOYCE OUTLINES GRANGE PROGRAM

Student Organization Has Committee Investigation Possible Meeting Places

W. C. Boyce, senior in Agricultural Education, outlined the State Grange program for 1932 at the regular meeting of the local Grange last night in Pullen Hall.  
As outlined by Boyce, the Grange favors revaluation of homes and real estate, state support of schools without ad valorem tax, luxury sales taxes rather than a general sales tax, a state program for reforesting idle land, teaching of vocational agriculture and home economics in high school, the Eighteenth Amendment and the policies of the Federal Farm Board.  
During the business part of the meeting the Master, H. C. Green, stated that a committee was investigating prospective Grange halls on the campus. His opinion was that the State College Grange would never be a success until an equipped hall was secured. "Since Granges are being organized so rapidly in this state, State College owes it to North Carolina to develop leaders in this work," said Green. This would not be possible, he implied, without an up-to-date Grange hall.  
A quartet composed of J. E. Wilson, R. E. Davenport, H. W. Scheid and A. L. Meacham sang some of the Grange selections.

STATE RING STAR WINS FINAL BOUT IN TOURNAY PLAY

(Continued from page three)  
ond round; 125 pounds, Goldstein (Va.) over Levinston (North Carolina) decision; 135 pounds, Watts (S. C.) beat Sides (Duke) decision; 145 pounds, Garner (N. C. State) beat Sullivan (Ga.) decision; 160 pounds, Page (Miss. State) beat Myers (Va.) Technical K. O. 1:23 of second round; 175 pounds, Reiss (Va.) beat Thorp (Tulane) decision; Heavyweight, Hill (Louisiana) beat Gentry (Va.) forfeit.

Announcements

Because of an increasing demand from students and former students for copies of their scholastic records, it will be necessary to notify the registration office several days in advance of the final date on which the records are needed.  
During examination week it will be impossible to furnish transcripts, and any students desiring records during that time should notify us immediately.

"I'd hate to be called an Outdoor Girl!"

"THAT usually means a girl's a total loss in a tete-a-tete... and takes up 'nature' as a last resort! But I must confess a liking for hills and forest trees... and all genuine natural things.  
"I like the simple sincerity of Chesterfield's advertising. Have you noticed it? There's no extravagance in the claims. Just everyday facts about the fine tobaccos they select and the painstaking way they develop the flavor and aroma.  
"I've never smoked a milder cigarette! And I never tire of the flavor... a fine natural tobacco taste. They burn evenly... or the paper's better. I feel the greatest confidence in Chesterfields. They satisfy me!"

Listen in... Hear Chesterfield's Radio Program. Nat Shilkret and his brilliant orchestra. Every night, except Sunday... Columbia Broadcasting System... 10:30 E. S. T. Music that satisfies!

THEY'RE MILDER •• THEY'RE PURE •• THEY TASTE BETTER •• They Satisfy
