## LOSS TO THE COLLEGE

W. J. Dana, professor of experimental engineering, leaves State this year and the campus loses a man who has contributed much in his eleven years here. Besides gaining the greatest respect of his students as a teacher and a man, he has worked constantly and successfully with student activities. The Society of Mechanical Engineers, Phi Kappa Phi, the Engineers' Council and many student projects owe much to him.

State College suffers when men of his caliber leave, for the progress of the college comes from the loyal and capable efforts of such as these.

## AFTER THE RACE WAS OVER

The cake race was cause for a great deal of unfavorable criticism on the campus. The fact that freshmen were required to run, the exhaustion of two of the cake-winners and the fact that many boys rode with passing motorists part of the way all brought condemnation of the race.

The race, however, is conceded to be a good idea and opinion favors its continuation next year. In this case no requirement for entrance as part of the physical training work will be made, according to Mr. J. F. Miller, but boys will be allowed to substitute the event for a portion of the required work if they desire.

Of the two boys who were overcome, one was ill before the race and the other was a regular cross-country man who often is exhausted in his races. Their plight appeared bad and if the race is ever held again, physical examinations should be made to lessen chances for such exhaustion.

No condemnation devolves on the majority of the boys who rode. One or two led and the others followed, not feeling any obligation or ambition and following a very natural desire to avoid the long run back. All traffic was to have been stopped along the course, but the arrangement fell through.

The experience of the first attempt should be a guide to a better race next year which will not be open to criticism. The interest of such an event is very desirable.

## PUBLISHING RESULTS

Beginning next week, Student Council trials will be made public in the columns of the TECHNICIAN to the extent of naming the action taken. No names will be given.

In the opinion of the Council, this move will increase knowledge and interest in this work of student government.

There is nothing underhand about the trials—the accused is present and has opportunity to clear himself of charges through investigation and proper defense.

This publicity may be of value if carried no further. However, publishing of names in cases of this kind is not advisable. It can do no good and may cause embarrassment to parents and the student of a disastrous nature.

## FACULTY ENTERTAINMENT

Without direct obligation and out of their interest in the welfare of the college community, the State College Woman's Club, with the cooperation of faculty members, is producing a show to increase the Student Loan Fund.

It is very unusual and commendable that these people should be willing to spend their time working for a goal that needs the efforts of all in a time when economic conditions are forcing students to leave school.

This contact between two groups with mutual interests will be watched with much interest and may be the stepping stone to others. The college has grown rather suddenly and has lost the valuable contacts of earlier days, which graduates look back upon as the most valuable of their student careers.

## THE NEW ADMINISTRATION

New student government officers go into office today and the event has a significance to the student body.

The State College Student Government is on the middle ground between absolute administrative control and true student government. It has powers, but they are limited. Increase in the efficiency, power and capability of student government requires the interest of the student body beyond that of the mere discussion of personalities just before election. The essence of the success of democracy is the intellectual interest of the majority.

Next fall several hundred new students will enter the college community. They will come from high schools and preparatory schools where the principal's word is law, activity is closely supervised and students are treated as children. What they know about student government will be little and what they will think will be determined largely by their first impression. The student government educational program at the first of each year is constructive action. If these new men hear some sort of discussion and take an interest, then student government will be elevated, even though its policies may change.

Action of the student government this year has been marked by progressive legislation, originality of idea and the customary laxity in the enforcement of the purely moral regulations. Retrospection leaves an impression of progress.

Little has been said about the honor system and drinking this year. Other moral regulations are not such a problem, since public opinion is more against gambling and immorality than in many other schools. Stealing is a problem for the entire student body, and the council can only lead in this matter. Awakening of respect for property is either done or not done before the individual enters college. One angle with possibilities for action is the particularly disgraceful theft of valuable articles for souvenirs. Two or three bad instances of this have occurred this year.

The honor system in regard to cheating admittedly does not work. The most hopeful knowledge in this connection is the fact that analysts have found that the longer the honor system is in existence at a particular place, the better it works. Effective traditions grow up as time passes. Furthering such tradition is a part of the student government work and will be done next year in student government programs.

Faculty attitude has a great deal to do with the honor system—a fact often overlooked by critics who do not credit the student with the capacity for group honor. Dishonesty is negligible in a class where the professor has the complete respect of the student and trusts his students without offering them undue opportunities to cheat. When professors carry out their part of the system and students realize that they suffer directly when they allow a man to cheat without taking action, then the system will work. The change in the rule this year to not make expulsion automatic on the first offense was a change for the better. It is an adjustment between the ideal and the material and the system will profit. The fear that they may be sending a man home and ruining his life causes both councilmen and students to overlook open cheating. If a man can be effectively warned or given an appropriate penalty, both the school and the individual will benefit.

At schools where the system really works, it is merely understood that dishonesty is not condoned and the student body expresses this feeling individually in specific cases. State College has neither the disapproval of dishonesty nor any considerable amount of faculty cooperation.

Drinking, which was formally outlawed some time ago, has not slackened at all. Probably the most sane viewpoint is a disregard of individual drinking except where the college suffers through a public display or an individual or group suffers through overindulgence.

Next year will be an important one in the annals of student government, because the college itself is undergoing changes of great importance.

The point system will be on trial. It has worked elsewhere and it is up to the new officers to adjust and nurture it so that it will be successful here. The requirement of the 75 per cent average for major offices will undoubtedly be attacked, but should stand on its merit. Other action will probably stand and opportunity exists for constructive and far-seeing work.

Student government has possibilities for constructive work before it. Campus interest, whether praise or criticism, is its most valuable asset.

## FULFILLING ITS HOPES

The extra-curricular Point System needs the cooperation of organizations and individuals in order that its purpose may be fulfilled. It is a student law and it is up to the parties involved to prevent the possibility of embarrassment and conflicts through lack of knowledge and understanding of its rulings.

Every organization will serve its best interests by checking for next year in regard to its officers and considering seriously changes in rating and possible recommendations for the good of the plan.

## SOPHOMORICAL

Wednesday numbers of the sophomore class left Pullen Hall before the election of class officers had been completed.

Besides being extremely bad etiquette, this action was indicative of poor class spirit and little interest in the selection of the men who have a great deal to do with the future of the class.

Men of sophomore age should have grown past such things in their college evolution.

## Open Forum

Last Friday, the athletic department started a tradition at State College in the cake race. With the passing of hazing, there became a need for some event to take the place of the old cap burning day. This race was conceived as fulfilling that need.

Tradition may be something to be desired, or it may be a stigma upon name and reputation. Whether it is revered or dishonored depends upon character alone. It is significant that men of moral force and character usually have and observe noble traditions. The pig's tradition is the story—the tradition of men is Godliness. The magic wand of Circe need not touch men to turn them to loathsome pigs... the mind can serve as a wand. But enough of pigs and sties.

When the race was conceived, I am certain that it was intended to serve an honorable purpose. But it has been dishonored... dragged through mud and mire; and there it stands a tottering figure, pathetic, pleading, humiliated, and damned by the very men it had set out to help.

Certain students, not being satisfied with having cheated alone, displayed their most patriotic and loyal sportsmanship to spectators, and incidentally their worthless, craven backs to their classmates, by riding automobiles to what they thought to be victory. They have admitted their inferiority, have discounted their reputation, and worst of all, they have descended below the common grade of lowliness... they have sold themselves for a cake. However, no one will have them now, not even at the price of the sorriest cake! They have been carefully catalogued and filed away in the records of memory.

There were, however, some students who respected themselves and their classmates to the extent that they would not cheat. I cannot praise these men because I am not above them. But out of the wholesomeness of their own spirit emanates that priceless essence which we mortals are wont to call honor. It is something which a sword cannot pierce, that death cannot kill, and that only God can confer.

Oscar Irgens.

## CERAMIC MEN TO HOLD LAST MEETING OF YEAR

Dr. K. C. Garrison, professor of psychology, will present a talk on "Psychology in Industry" at the first meeting of the student branch of the American Ceramic Society Tuesday night, at 7 p.m. in the Ceramic Building.

Final arrangements for the society's picnic will be made at the meeting.

## We know why men smoke PIPES

**WOMEN** don't smoke pipes. They're not the style for women. But pipe *are* the style for men, and more than that, a pipe and good tobacco gives a man greater smoking pleasure than tobacco in any other form.

In 42 out of 54 American colleges and universities

Edgeworth is the favorite pipe tobacco. Cool slow-burning burleys give this fine tobacco exactly the character that college men like best of all.

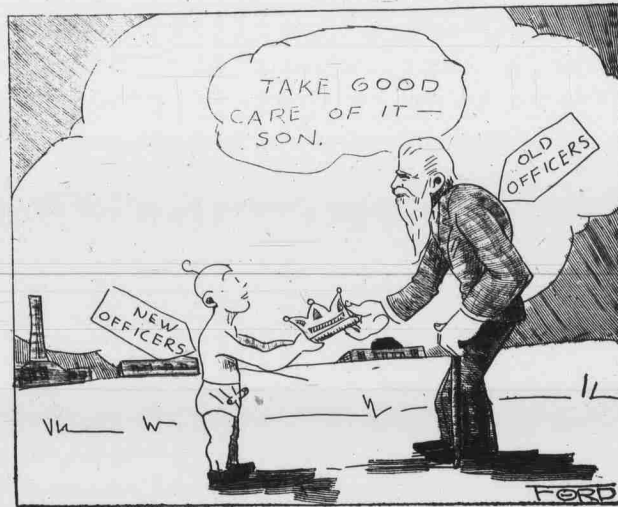

Try a tin of Edgeworth yourself! You can buy Edgeworth wherever good tobacco is sold. Or if you prefer, you can get a special sample packet free: write to Larus & Bro. Co., 105 S. 22d St., Richmond, Va., and ask for it.

## EDGEWORTH SMOKING TOBACCO

Edgeworth is a blend of fine old burley, with its natural flavor enhanced by Edgeworth's distinctive and exclusive eleven-step process. Buy Edgeworth anywhere in two forms—Edgeworth Ready-Rubbed and Edgeworth Plug Slice. All sizes, 15¢ packet package to \$1.50 pound humidifier tin.

## Room For More Stars

## MASQUERS GIVE PLAY WEDNESDAY

(Continued from page one)

lor (St. Clair Herndon) and the placing on display of an exact dummy of the murdered man, by which the defense attorney proved that the victim had been killed by a left-handed man, practically exonerated the defendant. By means of a trick, young Dugan proved that West, Mrs. Rice's lover, was left-handed. Further developments pointed the finger of guilt in his direction. The play ended as the jury pronounced Mary Dugan innocent.

In my opinion, the entire cast put on a remarkable performance. Every player enacted his part in a creditable manner. Dwight Stokes and Blain Chapman presented what were probably the best performances of the play, but the longer and harder parts than the rest. Hazel McDowell as the defendant was good, as was Prof. Fountain as the austere magistrate. All of the witnesses were good, and one of them, Tubby Hanks, who played the part of a negro elevator boy, offered the only bit of humor in the entire play. All of the court personnel carried off their parts well, and

the military department would do well to keep Court Attendant Joe Long's voice in mind when they select their adjutant some years in the future.

The cast included Dwight Stokes, Alvin M. Fountain, Henry A. Johnson, Catherine Harding, Lucy H. Ballard, Leroy Lumpkin, P. J. Valear, Nick Sloan, W. F. Hanks, O. K. Irgens, H. B. Hinds, Volene Williams, Hazel McDonald, Helen Dowel, Blain Chapman, Ellen Kluttz, Grace Moen, E. L. Rivenbark, Mary Hugh McDonald, Slinky Herndon, Gordon Butler, Joe Long, Queseg Pickett, and Lamar Summey. Direction and production were handled by Prof. E. H. Paget, and the production staff consisted of R. H. Nims, J. D. Swain, Catherine Harding, Mary Hugh McDonald, and Gordon Butler. The dummy for the last act was furnished by Willis Holding of Raleigh.

## OPPORTUNITY

To earn part of college expenses for next three years to members of present Freshman class with typing, bookkeeping and selling experience. State qualifications and experience in own handwriting. Address P. O. Box 5245, West Raleigh, N. C.

## R. O. T. C. PARADE HONORS GENERAL METTS MONDAY

The State College R. O. T. C. regiment staged a colorful parade and review Monday at noon in honor of Brigadier-General John Van B. Metts, Adjutant-General of North Carolina.

It was announced that the ceremonies would be in honor of Governor O. Max Gardner, but he was detained in New York over the week end and requested General Metts to be his personal representative at the review.

## "Made-to-measure" service for business

Whether the business is small or large—the corner grocery or the refrigerator factory—requirements for telephone service vary. So, to meet special conditions, Bell System men custom-fit the service to the subscriber. They worked out a telephone conference plan for a large manufacturer. Every Friday, at specified times, each district manager calls the home office, where telephone facilities are

so arranged that the chief sales executives are on the line simultaneously. Problems are discussed, decisions given. In minutes, the executives cover the country. This plan lowered selling costs, raised efficiency, helped the user to increase profits 31% in a year's time. By making the telephone more useful, Bell System men contribute to the success of many industries.

# STATE WILL PLAY V. P. I. TOMORROW AT 3:15 O'CLOCK

Game will be Last Home Engagement of Season for Coach Doak's Nine

SEITZ TO BE ON MOUND AGAINST LAND OF V. P. I.

Captain Outen Gerock to be Back On First After Being Out Two Games on Account of Injuries; Brown will Also be in Line-up; Game will be First Start for Seitz, Relief Hurler

Local fans will have their last chance to see State College's varsity baseball team in action tomorrow when they meet Virginia Polytechnic Institute on Freshman Field at 3:15 o'clock. It is the last home game of the season for the Techs.

The game is the second for the Doakmen in five days. Tuesday afternoon Wake Forest pounded John Lanning and his teammates for an 8-1 victory. The games tomorrow will have no bearing in the Big Five standing.

Coach Chick Doak has given the pitching assignment to Rudy Seitz, 200 pound right hander. Seitz has not started a game this season, but has shown fine form in several as a relief hurler.

The Virginians will probably have Land trying to stop State's attack.

The team will be somewhat strengthened by the reappearance of Captain Outen Gerock in uniform. Outen was injured in the Carolina game and was on the side lines for the last two games.

State's probable starters are: Capt. Outen Gerock at first, Ned Wood at second, Jimmy Brown at short, and "Snoozy" Morris at third. Willie Duke, Bob McQuage, and Charlie Jeffery will take care of the outfield. W. N. Fuller will most likely be behind the plate to receive Seitz's curves.

## RACE FOR CAKES WON BY DUNAWAY

Raleigh Boy Victor in Three-mile Run Sponsored by Student Government

Bill Dunaway, Raleigh youth, finished first in the three mile cake race held Friday, May 6. Of the 300 students who participated only about 100 finished the course.

Dunaway, member of the yearling boxing team, set a grinding pace for the big field and came home 125 yards ahead of Frank Partel, frosh basketball star.

Bobby Hudson, Raleigh youth, finished third, about two yards behind Partel.

The ones to win cakes finished in this order: Bill Dunaway, Frank Partel, Bobby Hudson, A. S. Lloyd, E. B. Smith, J. L. Summers, C. E. Barnhart, Paul Troshkin, Harlow Hunt, Clifton Croom, Elbert Ford, R. G. Edwards, Rush Jolly, W. J. Smith, A. S. Knowles, T. J. Fowler, D. C. Dixon, George Jordan, W. W. Thayer, W. A. Rowland, G. H. Smith, R. L. Battle, C. C. Lingerfelt.

The race was run over a course extending from Riddick field to Meredith College and return. Cakes for prizes were contributed chiefly by the State College Women's Club. The grand prize was donated by the Royal Baking Company.

The race, which is expected to become an annual affair, was held by the Student Government with the cooperation of the Physical Education Department.

### WANTED

A good "Handy Man" from present Freshman class with knack for repairing small mechanical or electrical devices and doing odd jobs about home, office or store. Selling experience in sport shop, stationery, department or drug store will be valuable asset. Good pay after taking short training course. Work will not interfere with college classes. Address P. O. Box 5245, West Raleigh, N. C.

### Breaks Records

Ray Rex, N. C. State's 215 pound freshman athlete, shattered two freshman track records Saturday in the state track meet at Chapel Hill. In the shot-put he heaved the ball 44 feet seven and three-fourths inches to better the old record by more than six feet. His mark of 121 feet one inch in the discus bettered the old mark of 114 feet 10 inches held by Brewer of Duke who also held the shot-put record.

With the close of his freshman year at State, Rex will have won four numerals. He was regular fullback on the freshman football team, first string guard on the basketball quint and is now holding down an outfield berth in baseball. He has been a star in all three of these sports in addition to track. Rex has also done the 100 yard dash in 16 seconds.

## DAVIDSON LOSES TO STATE TEAM

Doakmen Score Three Runs in Tenth Inning to Get 5-2 Victory Friday

State College's varsity baseball team scored three runs in the tenth inning to defeat Davidson 5-2 at Davidson, Friday, May 6.

Errors played a large part in the scoring. Two errors, a single, and a sacrifice gave the Techs two runs in the third. The Wildcats tied it on two errors and an infield hit in the ninth. Pearce passed one, erred two bunts in succession and then allowed two singles for three runs and the State victory.

Lanning, State pitching artist, allowed only five hits while the Techs collected six off Pearce.

The game was played minus the services of Jimmy Brown, and Capt. Outen Gerock, star infielders of the Tech nine. They were recuperating from injuries received in the Carolina game.

## STATE TROUNCED BY DEACON NINE AT WAKE FOREST

Wake Forest Continues March Towards Title in 8-1 Victory Over Doakmen

"LEFTY" BARNES PROVES JINX TO LOCALS AGAIN

Lanning Pitches Losing End of Battle; Victory is Second of Year Over State by Barnes; Deacon First Sacker Gets Two Home Runs; McQuage Only Tech to Get More Than One Hit; State Scores Lone Run in Eighth

Lefty Jim Barnes again proved to be a jinx to State College batters at Wake Forest Saturday, May 10 while his teammates pounded John Lanning, State hurler, for an 8-1 victory. It was Barnes' second win in a row over the Techs this spring and his fifth win against Big Five teams.

Barnes pitched good ball, issuing but one base on balls and setting down six of the Techmen on strikes.

The Deacon flinger received admirable victory-making support from his mates. Monk Joyner, lanky first sacker, poled out two home runs. His first drive, in the first frame with Earp on base, was probably the longest hit ever made on the Wake Forest diamond. Faust Johnson, fleet center fielder, also smacked a homer and a trio of singles for a perfect day at bat. Johnny Hicks, fiery little catcher, swatted a couple of doubles to add to his fine work behind the plate.

The Techs scored their lone run in the eighth. Allen Nelms, flashy outfielder, beat out a hit to Joyner. Bill Ebey popped out to White, but Willie Duke, a lways dependable, singled sharply to right sending Nelms to third. Jimmy Brown, just out of the infirmary, singled to right and scored Nelms. The Deacons cut the rally short when Miller, running for Brown, attempted to steal. Hicks threw to Earp who returned the throw to get Duke at the plate and Hicks' rifle-like throw to Brogden got Miller at third to retire the side.

Bob McQuage led State's offense with two singles and was the only Tech to collect more than one safety.

Capt. Outen Gerock, injured in the Carolina game, was kept out of the line up for the second time this season.

Score by innings:  
R. State .....000 000 010-1  
Wake Forest .....210 003 11x-8

## STATE TRACKMEN FOURTH IN MEET

Carolina, Duke and Davidson Placers in State Meet at Chapel Hill Saturday

The State College varsity track team finished fourth in the state meet at Chapel Hill Saturday, May 7. Carolina collected 81 points to take first place, Duke scored 49 points to capture second, Davidson netted 25 points for third place, State captured 9 points for fourth place, and Guilford came last with 2 points.

In the Freshman meet Carolina took first with 75 1/2. Duke captured second with 57 1/2. State netted 15 points for third place, Davidson had 13 for fourth place and Wake Forest, with 1 point, came last.

In the varsity events Sam Gurneaun won second place in the shot put by throwing the heavy ball forty-two feet one inch. Capt. "Twee" Floyd finished fourth in the four hundred and forty yard dash, Rudy Seitz placed third in the discus by heaving it one hundred and thirty-two feet, and Red Watt took fourth place in the one hundred and twenty yard low hurdles. The relay team captured third place in the mile run.

The freshmen had a better day by taking two firsts, a second, and a third. Ray Rex broke two records, one by putting the shot forty-four feet and seven and three-fourths inches, and the other by throwing the discus one hundred and twenty-one feet and one inch. Bill Cadman, holder of the state high school 880 yards record, took second place in the eight hundred and eighty yard run. Ray Redding placed third in the discus throw by heaving it one hundred and thirteen feet.

### No Game

The State-Carolina Freshman baseball game which was to be played Tuesday, May 10, was called off on account of wet grounds. This was the last scheduled game for the Techlets.

Coach Bob Warren's yearlings had a pretty fair record this year winning six and losing but two. Duke defeated State twice by large scores.

### BIG FIVE RACE

	Won	Lost	Pct.
Wake Forest	5	0	1.000
Duke	3	2	.600
STATE	4	3	.571
Carolina	2	3	.400
Davidson	0	6	.000

## TRACK MEET WON BY PI KAPPA PHI

Fifteen Lodges Entered in Interfraternity Track Meet Tuesday Afternoon

In the interfraternity track meet held Tuesday, May 10 Pi Kappa Phi came on top with 45 1/2 points. Other fraternities entered and their scores were Lambda Chi Alpha 26, Sigma Nu 24 1/2, Delta Sigma Phi 24, Sigma Phi 8 1/2, Kappa Alpha 8, Theta Kappa Nu

5, Alpha Kappa Pi 5, Sigma Phi Epsilon 5, Alpha Kappa Pi 5, Sigma Phi Epsilon 1/2, Beta Sigma Alpha 0 and Pi Kappa Alpha 0.

The winners in the different events were: 100 yard dash (1) Lynch, (2) Goodwin, (3) Bridges, (4) Tall; Relay (1) Kappa Phi, (2) Lambda Chi Alpha, (3) Sigma Nu, (4) Kappa Alpha, (5) Sigma Phi Epsilon; Discus (1) Cleveenger, (2) Stubing, (3) Meredith, (4) Rose, (5) Atkinson; Shot Put (1) Cleveenger, (2) Goodwin, (3) Daris, (4) Buchanan, (5) Woolridge; Broad Jump (1) Stubing, (2) Lynch, (3) Munford, (4) Bridges, (5) Litchford; High Jump (1) Henry and Trexler, (2) Barkand and Poole, (5) Palm, Sloan and Smithwick. Fraternity champions who are to

meet the club champions are: 100 yard dash—Lynch, Goodwin and Bridges; Discus—Cleveenger, Stubing and Meredith; High Jump—Henry, Trexler, Barnhardt, Poole and Palm; Relay—Lynch, Stubing, Woolridge and Palm; Shot—Cleveenger, Goodwin and Davis; Broad Jump—Stubing, Lynch and Munford.

"The entrance of fifteen fraternities in this meet showed an unusual interest in track. It was the first interfraternity track meet to be held at State College, but it will not be the last," says J. F. Miller, director of intermural sports.

## "ELECTRIC BULLETS"

THE result of exhaustive wind-tunnel tests of conventional trolley car models revealed that at speeds of 70 and 80 miles per hour, 70 per cent of the total power was consumed in overcoming air resistance. Streamlining saves approximately 20 per cent of the power.

When the Philadelphia and Western Railway Company decided to replace its cars with faster and more efficient equipment, it chose "electric bullets"—new streamlined cars—each powered by 4 G-E 100-hp. motors. The cars, constructed of aluminum alloy, with tapered noses and tails, are much lighter in weight and capable of greater operating efficiency.

In developing transportation apparatus, college-trained General Electric engineers have conducted extensive tests to improve operating conditions. On land, on sea, and in the air, to-day's equipment is safer, swifter, more dependable, and more comfortable.

### Mother's Day Program

Members of the Sigma Phi Epsilon Fraternity at State College were hosts to their parents in honor of Mother's Day, May 7 and 8, at their fraternity residence, 108 Chamberlain Street.

Sunday morning the fraternity members with the visiting parents attended the services at the First Baptist Church. Afterward they were entertained at dinner at the fraternity residence.

The chapter held open house Sunday afternoon in honor of their guests. A large number of the faculty and friends of the chapter were present during the afternoon. Faculty members and their wives present were Dr. and Mrs. E. C. Brooks, Dean and Mrs. E. L. Cloyd, Professor Harry Tucker, and Professor and Mrs. H. A. Richardson.

Parents who were guests of the fraternity were Mrs. T. M. Barnhardt, of Charlotte; Mr. and Mrs. Childster, of High Point; Mr. and Mrs. Culbertson, of Rockingham; Mrs. W. R. Campbell, of Raleigh; Mr. and Mrs. Ellington, of Greensboro; Mrs. Pindley, of Charlotte; Mr. and Mrs. W. F. Banks, of Raleigh; Mrs. T. Y. Kelley, of Raleigh; Mr. F. R. Kuhn, of Raleigh; Mr. and Mrs. H. E. Nycum, of Durham; Mr. and Mrs. J. N. Sloan, of Charlotte; Mr. and Mrs. Sandlin, of Raleigh; Mr. and Mrs. Starr, of Plymouth; Mr. and Mrs. Williams, of Charlotte; Mr. and Mrs. White, of Greensboro; Mr. and Mrs. Curry, of Raleigh; Mr. and Mrs. Sullivan, of Greensboro; and Mrs. Morrow, of Mooreville.

### Phi Epsilon Party

The members of Phi Epsilon, local sorority at State College, will be host to the honorary societies and the incoming and outgoing student body officers Thursday, May 19, on Dr. R. C. Brooks' lawn, from 6:30 until 8 o'clock.

The affair will be in the form of a lawn party and light refreshments will be served to the guests during the evening.

The following organizations and men will be guests of the sorority: Members of the Blue Key Fraternity, Golden Chain, Order of 30 and 3, Y. M. C. A. Cabinet, outgoing and incoming class officers, past and present Student Government officers, and publications heads.

### A. I. C. E. Smoker

The members of the Chemical Engineering Department will entertain at an informal smoker, at the college Y. M. C. A., Tuesday, May 16, at 7:30 o'clock.

This social event is an annual affair, being sponsored by the American Society of Chemical Engineers. Approximately one hundred members of the Chemical Engineering School will attend.

Arrangements for the smoker are being made by L. M. Knott, who is president of the society, and Charles Lase, secretary.

### Mu Beta Psi

The Alpha chapter of the Mu Beta Psi, national honorary musical fraternity, of State College, entertained at a dinner dance on Tuesday evening at the Tar Heel Club.

## Announcements

The State College Grange will elect officers for the ensuing year at its regular meeting next Thursday evening at 6:45 in the Grange Hall. Every member is urged to be present and participate in the elections.  
H. C. Green, Master

Commencement invitations will be given out Saturday from 9 a.m. to 1 p.m. and on Monday from 9 a.m. to 6 p.m. at the Student Government office. There are a limited number of extra invitations and the first to apply will receive them. These days are the last time the committee will be in the Student Government office.

There will be a meeting of the senior class Tuesday, May 17, in the Y. M. C. A. at 1:20 p.m., for the purpose of electing marshals and making arrangements for commencement exercises.

### STATE MEN FAIL TO WIN IN BLURB PRIZE CONTEST

No State College students have as yet won any of the cash prizes awarded by the Colgate-Palmolive-Peet Company in the widely advertised "Blurb Contest."

A check-up by the company recently revealed that seven cash awards had been made to undergraduates in American colleges and universities. These institutions are: Princeton, Columbia, Carleton, Duke, State Teachers College of Arkansas, University of Dayton, and St. Thomas College.

This contest, like many others, is a direct result of the present economic conditions which have brought the need of new selling methods. They are intended to induce the consumer to try the products and to secure opinions of the products' acceptability. It is estimated that more than \$200,000 per month is being distributed to contest participants, of which the Colgate-Palmolive-Peet Company is giving away \$1,000.

## Lost And Found

Lost: Small black notebook and Industrial Sociology text. Return to C. H. Eastop.

Pair of ladies' glasses. Return to Y. M. C. A. Belong to Pearl Williams of Meredith College.

464 cash prizes this month for "blurbs"

# \$25,000

LISTEN to Joe and All Nothing will ever convince Al there's a better shaving cream than Palmolive. Nothing will ever sell Joe off Colgate's!

Millions of men are like Joe and Al. That's the kind of loyalty that has put Colgate's and Palmolive miles ahead in a field of 176 competing brands—made them the world's biggest sellers by far.

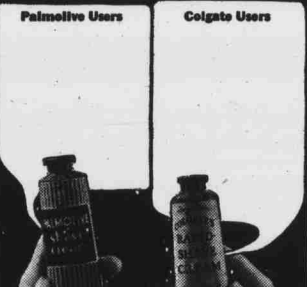

Where do you stand in this big Colgate's vs. Palmolive argument? That's what we want to know.

Here's what you do. In ONE of the empty "blurb" spaces (not both) at the right, or on a sheet of paper, help Joe out—or help Al out. If you're a Palmolive shaver, write a boost for Palmolive. If you use Colgate's, write a "blurb" in favor of Colgate's. Just "horn in" on the argument—and may the best "blurbs" win.

### Write your "blurb" here, men!

Get some of that \$25,000

What can you Palmolive users say to help Al out? Or what can you Colgate shavers add to Joe's side of the argument? If you don't use either, start now and take a shot at this real money!

## CONTEST RULES

MAIL your "blurb" with name and address to Contest Editors, Dept. CN-195, P. O. Box 1133, Chicago, Illinois.

The prize money (totaling \$25,000) is divided into six sets of monthly prizes (each set totaling \$4,200). At the end of each month prizes are awarded (see list at right) for the best "blurbs" received during that month, as follows:

Feb. 29, \$4,200 Mar. 31, \$4,200  
April 30, \$4,200 May 31, \$4,200  
June 30, \$4,200 July 31, \$4,200

(Contest closes July 31, 1933)

Contest is open only to residents of the United States and Canada. Employees of the manufacturers and their families are not eligible to compete.

In event of a tie, each tying contestant will be awarded full

amount of the prize tied for. Decision of the judges shall be final. All contributions shall become the property of the manufacturers, to be used in any way desired.

Some hints to help you win Here are some facts about the world's two largest selling shaving creams—Colgate's and Palmolive. Here are some of the reasons why men prefer these famous shaving creams.

- PALMOLIVE**
1. Multiplies itself in lather 250 times.
  2. Softens the beard in one minute.
  3. Maintains its creamy fullness for 10 minutes.
  4. Fine after-effects due to olive oil content.
- COLGATE'S**
1. Breaks up oil film that covers each hair.
  2. Small bubbles get down to the base of the hair, hold water against each hair at skin-line and soak it soft where the razor works.
  3. Gives a close, skin-line shave due to small bubble action.
  4. Gives a lasting, 24-hour shave.

Here are the prizes for each month—464 in all!

### FREE SAMPLES

Men! A beautiful gift box containing generous trial tubes of both Colgate's and Palmolive Shaving Creams, as well as other useful toilet products, is being distributed. If you fail to get yours, ask the business manager of this paper why.

# Do You INHALE?

Why are other cigarettes silent on this vital question?

DO you inhale? Seven out of ten people know they do. The other three inhale without realizing it. Every smoker breathes in some part of the smoke he or she draws out of a cigarette.

Do you inhale? Lucky Strike has dared to raise this vital question . . . because certain impurities concealed in even the finest, mildest tobacco leaves are removed by Luckies' famous purifying process. Luckies created that process. Only Luckies have it!

Do you inhale? Remember—more than 20,000 physicians, after Luckies had been furnished them for tests, basing their opinions on their smoking experience, stated that Luckies are less irritating to the throat than other cigarettes.

Do you inhale? Of course you do! So be careful. Safeguard your delicate membranes!
