EXPERTS' PLANS TO BE TAKEN UP BY COMMISSION

Consolidation Experts Propose Plans for Combination of 3 State Universities

PROPOSALS PROBABLY TO MEET OPPOSITION

Governor Expresses Confidence in Commission and Disapproval of Plan for Removal of Functions of State and N. C. W. as Not in Harmony With Spirit of Law; Commission Scheduled to Con- sider Recommendations on June 1; Minor Proposals Probably to Meet With Approval

According to press reports, three plans are to be recommended to the commission which was appointed to work out a method for consolidating the three State institutions, North Carolina College for Women, the University of North Carolina, and North Carolina State College. One is to remove the Engineering School of State College to the University of North Carolina at Chapel Hill; another to remove the Engineering School of the University of North Carolina to State College; and another to provide for the gradual removal of practically all the functions exercised by State College and North Carolina College for Women to the University at Chapel Hill.

It is understood that all three plans will meet with the objections of the commission, who are scheduled to take action on the matter on June 1. However, it is thought that many minor recommendations will prove of great value in considering plans for the consolidation.

The group of experts which has been appointed to look into the matter by the University Consolidation Commission, is headed by Dr. George A. Works of the University of Chicago. An appropriation of \$12,000 was made for the commission's work. Members of the commission are: Dr. E. C. Brooks, Dr. Frank P. Graham, Dr. J. I. Foust, Dr. I. R. Wilson, Dr. W. C. Riddick, Dr. Benjamin B. Kendrick, S. B. Alexander, F. L. Jackson, Mrs. E. L. McKee, Miss Esdaile Shaw, and Judge N. A. Townsend.

The following are the duties of the commission:

"1. To work out a scheme to bring about a unification of the executive control in the University of North Carolina, North Carolina State College of Agriculture and Engineering, and the North Carolina College for Women, so that each of the said institutions may best serve the State and the needs of the people.

"2. To unify and coordinate the general educational program of the University of North Carolina as herein provided for.

"3. To work out a scheme in which and through which all the problems arising from the consolidation of the three existing institutions into the University of North Carolina may in their opinion best be solved.

"4. That the final location of all schools, departments and divisions of work now located at any of the three institutions shall be subject to the study and recommendation of the experts and the commission without prejudice by any provision in the bill.

"5. To consider the advisability of the awarding of diplomas ex legis by the University of North Carolina to former graduates of North Carolina State College of Agriculture and Engineering, and the North Carolina College for Women, and to recommend the form or forms thereof.

Governor Gardner has declared the plan for removal of the function of State and N. C. W. too drastic, and it has not met with his approval. In commenting on the plan, Governor Gardner said, "To my mind, the plan submitted is not in line with the practical purposes of the law and in my judgment will not be seriously considered by the Consolidation Commission. "The State Commission is composed of able North Carolinians interested in the advancement of higher education. This commission will study the reports and suggestions of experts and specialists with the idea of adopting the soundest and most practical solution of the problems presented by consolidation and will accept or reject all or any part of the plans proposed as will, in their judgment, serve the best interests of the State. The final responsibility for action rests wholly on the State Commission."

Final Commencement Plans Made At Joint Class Meet

Faculty Vote Against Caps and Gowns and Seniors Offer to Pay For Rentals; Gorham Presents Plan for Senior Class Contribution to College; Denmark Invites Seniors To Alumni Meet; Cloyd Praises Seniors

Plans for the commencement exercises were discussed at a meeting of the Juniors and seniors, on May 6, at 12 o'clock, in Pullen Hall. It was announced that the faculty had definitely voted against their wearing of caps and gowns at the exercises on account of the cost involved. The senior class then made an offer to pay for the rental of gowns if the members of the faculty who were taking active part in the commencement would consent to wear them.

NINE INITIATED IN PHI KAPPA PHI

Dr. T. B. Mitchell Elected President of Honor Society for Coming Year

Nine graduate and undergraduate students were initiated into Phi Kappa Phi Honor Society and officers elected at a banquet held at the Carolina Hotel Friday evening.

Those initiated were: W. L. Fabianic, Lavenia A. Fuller, J. E. Hull, H. R. Johnson, J. W. Kelly, R. W. Leonard, G. K. Schaeffer, Melvin Crafton, and Dorothy Blakenship.

Officers elected for the coming year were: Dr. T. B. Mitchell, president; Dr. K. C. Garrison, secretary; Prof. L. L. Vaughan, treasurer; and Mrs. Jane S. McKimmon, corresponding secretary.

Following the banquet, an address was given by Dr. Charles Lee Smith. He discussed some of the dangers represented by the radical elements of society, and urged everyone to work and hope for peace, but be willing and ready to defend the country, family, church, and government.

ALUMNI PLAN TO SELL SUPPLY STORE TO IVEY

Association to Vote on Plan to Dispose of Interests to Pres- ent Manager

Disposal of the Alumni Association interests in the Students Supply Store and complete operation of the store in the future by L. Ivey are the provisions of a plan to come up for discussion at the meeting of the General Alumni Association on June 6, the executive committee of the association has already approved the plan.

Heretofore the store has been owned jointly by the Association, B. T. Branch and L. Ivey. One of the provisions under which the space was granted to the association by the college was that this organization should be responsible for the maintenance of a store for students.

If the plan now under consideration is approved Ivey will operate the store, leasing the space from the Alumni Association.

Horrible

"A West Raleigh resident whose home has been ruined by swine, does not like Fred Dixon's State College radio talk over WPTF.

"Your radio talk was a source of amusement to many people in West Raleigh, as are all references to State College. "The anonymous writer alleged, referring to the discipline of the college and Dixon's diction, the writer says, "... Such rabble and boisterousness would not be tolerated in any school in the U. S. West Raleigh is delighted when the hoodlums (hoodlums) leave in the spring and is exasperated when they return in September."

Advising Dixon to "... start a little self education," the writer declares that several and horrible are never pronounced "... so-called and horrible. No wonder Northerners think Southerners talk like niggers." (Signed "A West Raleigh Resident whose home has been ruined by swine.")

"Radio talks will not be resumed until September," Dixon advises.

RECORDS SHOW SIXTY SENIORS HAVE POSITIONS

Business School Leads With Ceramic, Textile and Chem- ical Placing Grads

DEANS ARE OPTIMISTIC OVER FUTURE PROSPECTS

Thirty-two Business Seniors Have Jobs; Half of Textile Graduating Class Placed; All Four Ceramic Seniors Have Jobs; Seven Chemical Seniors Placed; Many Other Positions Under Negotiation With Hopes for Obtaining Jobs for Seniors

Senior placement reports indicate that a large number of seniors will leave State College without a job, but that the placements exceeded the expectations of a few months ago, with sixty seniors definitely placed. Approximately 75 per cent of the Business graduates were placed, all the four Ceramic Engineering seniors were placed, approximately half of the Textile graduates have positions, and several Chemical Engineering seniors have jobs. Deans were uniformly optimistic over the future placements.

Business School
Thirty-two seniors, or seventy-five per cent of the class in the Business School of the School of Science and Business have already accepted positions, according to H. A. Richardson, head of the Bureau of Business Placement. He expects that ninety per cent will have been placed before commencement, as the bureau is continuing to negotiate with a number of firms.

The following men have been placed with the following firms: B. D. Alcorn, R. K. Carrigan, D. C. Rogers, W. T. Grant & Co.; E. T. Baysden, E. C. Mewborn, L. P. Warren, Firestone Tire and Rubber Co.; W. L. Shoffner, C. E. Brake, A. R. Guthrie, Liberty Mutual Insurance Co.; R. A. Thomas, C. D. Franck, A. J. Wilson, J. H. Bayless, A. A. Jackson, Charles Stores; C. H. Eastep, U. S. Postoffice Department; W. G. Collier, Simmons Red Co.; J. G. Dodd, Carolina Power and Light Co.; D. F. Cade, J. H. Reel, R. D. Stallings, C. R. Hudson, W. P. McPherson, W. B. Mercer, M. L. Shipman, V. R. Williams, S. H. Kress & Co.; W. B. McKenzie, Vick Chemical Co.; A. D. Rose, Texas Oil Co.; W. C. Massie, Griffin Bland Hotel; G. P. Dickinson, Continental Life Insurance Co.

D. W. Finch, J. L. Carter, John Rabb, G. H. Robinson, Jr., C. C. Lane, and M. H. Hutchinson are considering offers from several firms, and D. A. Rose will enter his father's business in Littleton, N. C. R. E. Yates has accepted a scholarship at Vanderbilt University.

Textile School
According to Dean Nelson, out of a class of twenty-eight in the Textile School, one-half have been placed and negotiations are being made to place others. Dean Nelson expects to place at least 75 per cent of the class before commencement, and expects to place all of the graduates before July 1. Many undergraduates have temporary summer positions in textile mills.

Engineering School
Keeping an unbroken record of having its graduating seniors obtain positions, the Department of Ceramic Engineering has placed the members of the class of 1932 in positions with the following companies: Porcelain Enamel and Manufacturing Company, Baltimore, H. E. Craven, Jr., of Raleigh; Serval, Inc., Evansville, Ind.; E. C. Davidson, Mooresville, N. C.; Norge Company, Muskegon, Michigan, W. V. Bangs, Hendersonville, N. C.; Wolverine Porcelain Enamel Company, Detroit, Michigan, C. G. Morrison, of Cherrylville, N. C.

Anticipating that under the present depressed business conditions the porcelain enamel industry would offer the best possibilities for employment, all seniors specialized and were placed in this branch of the ceramic industries.

The positions of the 18 electrical engineers are very uncertain, as many of the large companies are being forced to release employees. None of the men have definitely been placed.

No seniors in Architectural Engineering have been placed. There have been three or four tentative appointments for Civil Engineers. Answers to letters of the last few days have been very encouraging, but definite appointments have not been made, according to C. L. Mann, head of the department. The large industries that have special training schools (Please turn to page two)

STATE WILL GRADUATE 300 AS LARGEST SENIOR CLASS RECEIVES DEGREES JUNE 7

NINE INITIATED BY TAU BETA PI

Engineering Honor Fraternity Elects L. A. Moss President For Next Year

Tau Beta Pi, national honorary fraternity, initiated seven juniors and two alumni at a meeting held Monday afternoon. Following the initiation a banquet was held at the Edenhall Tea Room.

The new members are: L. L. Hedgepeth, of Philadelphia, and W. L. Fabianic, of State College, both alumni, and E. B. Crutchfield, L. M. Knott, J. R. Salem, A. J. Setzer, C. M. Smith, E. H. Stall, and R. E. Tew, juniors.

At the banquet the following officers were elected: L. A. Moss, president; L. M. Knott, vice president; L. L. Vaughn, treasurer; J. R. Salem, corresponding secretary; C. M. Smith recording secretary; W. N. Hicks cataloger.

The members heard talks made by: Col. J. W. Harrellson, Dr. W. C. Riddick, Dr. E. Randolph, Prof. W. N. Hicks, Dr. J. J. Dana, and Prof. A. F. Graves Walker.

SAVINGS ASSOCIATION FORMED BY PROFESSORS

Cooperative Savings and Loan Association Established With Thirty Members

A cooperative savings and loan association, similar to that system operated in the Raleigh postoffice and numerous communities of the state, was formed at State College by members of the college community recently.

The incorporators voted to set the par value of the shares of stock at five dollars. Members may subscribe to and pay for as many shares as they desire, but have only one vote regardless of the amount of stock owned. Membership is limited to those on the college payroll.

There were thirty incorporators of the savings and loan association, and these are to be classed as charter members. They are: E. M. Bernstein, B. F. Brown, W. J. Dana, G. W. Forester, M. E. Gardner, K. C. Garrison, E. E. Goehring, R. W. Graeber, R. W. Green, A. H. Grimshaw, C. H. Hamilton, W. N. Hicks, L. I. Ivey, E. S. King, J. G. Knapp, A. I. Ladu, M. C. Leager, H. T. Lefler, Z. P. Metcalf, R. O. Moen, J. E. Moore, H. R. Niswonger, P. W. Price, G. O. Randall, H. A. Richardson, M. F. Showalter, C. B. Shulenberger, Ross Shumaker, Harry Tucker, and F. B. Wheeler. The Board of Directors is composed of: G. W. Forester, president; A. H. Grimshaw, vice president; H. T. Lefler, secretary; L. I. Ivey, treasurer; B. F. Brown, P. W. Price, G. O. Randall, Ross Shumaker, and Harry Tucker. Those on the Credit Committee are: R. W. Green, R. O. Moen, and F. B. Wheeler. R. W. Graeber, Z. P. Metcalf, and C. B. Shulenberger compose the Supervisory Committee.

The association will take in any new members who are in the employ of the state, after they are voted upon by the charter members. It will accept money from non-members for safe keeping and pay 4 per cent on the investment. The non-member has no right to vote.

The organization operates through a board of directors, a credit committee, and a supervisory committee chosen by and from the members. The directors choose from their own numbers a president, a vice president, a treasurer, and a clerk. The directors choose the bank of deposit, and the treasurer is bonded. The credit committee passes on all loans; the supervisory committee checks the books every three months. Annual reports are made to the state supervisory department, and the credit unions are annually examined in the same way as banks.

30 AND 3 ORDER ELECTS CHAPMAN NEW PRESIDENT

Blair Chapman was elected president of the Order of 30 and 3, sophomore honorary organization, at a meeting of the club Monday.

Other officers elected were: Charles Cannon, vice-president; Jack Coffey, secretary-treasurer; and Jimmy Creech, corresponding secretary.

Military Men

Scabbard and Blade officers for next year were selected at a meeting held last night at 7 o'clock in Holladay Hall. The new officers are: Captain, Bill Keel; first lieutenant, F. B. Nally; second lieutenant, C. C. Parks; first sergeant, L. D. Murphy.

Lieutenant C. H. Elmes was presented with a cocktail set by the members of the order. Members expressed their appreciation for his service as Chapter Adviser during the year.

TECHNICIAN WINS CLASS "A" RATING

Judged Among Sixteen Best in United States in Daily Tar Heel Contest

The Technician, campus weekly, was judged one of the sixteen "first-class" weekly "collegiate newspapers" in the United States among a field of eighty-nine papers judged by the College Weekly Newspaper Rating Committee of the University of North Carolina Daily Tar Heel.

Newspapers judged represented more than thirty states. The papers were rated by a point system involving headlines, news content, style, make-up, editorial, sports, features, and columns. Among the sixteen the most distinctive were the Notre Dame Scholastic, the Auburn Plainsman, and the Florida Alligator. The Duke Chronicle was also named in the Class A group.

Others in the Class A group were: Notre Dame Scholastic, Auburn Plainsman, Florida Alligator, Duke Chronicle, Kentucky Kernal, South Carolina Gamecock, Louisiana State University Reveille, Boston University News, Tulane Hullahalo, the Denison of Denison University, Ohio, George Washington University Hatchette, University of Utah Chronicle, the Denver Clarion, Pitt Weekly (University of Pittsburgh) and the University of Tennessee Orange and White.

The Technician was recently given first place and the North Carolina Collegiate Press Association cup for the best college weekly newspaper in the State. The award was made by the editor and associate editor of the Greensboro Daily News and the editor of the Greensboro Daily Record.

Louis H. Wilson edited the paper this year and John Rabb was business manager.

ALLEN BAILEY ELECTED SOPHOMORE PRESIDENT

Greenwood is Selected Vice President and Morrish Secretary and Treasurer

In a hotly contested election, Allen Bailey, Jr., of Raleigh, was elected president of the Sophomore class for next year at the Freshman meeting in Pullen Hall last Friday.

W. F. Greenwood, of Rocky Mount, was elected vice-president and David Morrish, Jr., of Greensboro was elected secretary and treasurer.

The voting was conducted by James Barnhardt, freshman class president for this year and John Stanko, secretary and treasurer.

Gets Watch

Captain W. R. Watson was presented with a wrist watch Thursday at drill by Major H. A. Hicks in behalf of the third battalion, to show their appreciation for Captain Watson's loyal services to them during the past year.

The watch was appropriately engraved to commemorate the incident and Captain Watson expressed himself as "surprised and pleased with the gift."

Merle Thorpe, Noted Economist, Will Deliver Commence- ment Address

BACCALAUREATE SERMON TO BE SUNDAY, JUNE 5

270 Seniors and 30 Graduate Students to Receive Degrees; Reverend D. P. Gilmour to Deliver Baccalaureate Sermon; Alumni Day is June 6; Graduating Exercises Set for 9:45 a.m. on Lawn East of Holladay Hall

The largest class in the history of the institution will be graduated from N. C. State College June 7, when 300 degrees will be awarded to 270 seniors and 30 graduate students. The previous record of 280 degrees was set last year.

The commencement address will be delivered by Merle Thorpe, noted economist and editor of Nation's Business, official organ of the United States Chamber of Commerce.

The baccalaureate sermon will be preached Sunday, June 5, at 8:30, in Pullen Hall, by Reverend D. P. Gilmour, pastor of the First Presbyterian Church of Wilmington. Reverend Gilmour was for a number of years a member of the faculty of the Union Theological Seminary of Richmond.

Monday, June 6, is Alumni Day. The Seniors are invited by the Alumni Association to a luncheon to be held in the Dining Hall. Following the luncheon, the organization will induct the graduating seniors into the Alumni Association. Between 4:30 and 6:00 Monday evening, the Raleigh Women's Club will give a reception for the visiting ladies in front of Doctor Brooks' residence, on Hillsboro Street.

On Tuesday morning, at 9:45, the graduating exercises will be held. The Seniors will assemble in front of either the Library, or Holladay Hall, to form for the Senior parade. The exercises will be held on the lawn, east of Holladay Hall.

The Bachelor of Science degree will be conferred on 95 students from the School of Engineering, 59 students from the School of Education, 51 from the School of Science and Business, 39 from the School of Agriculture and 27 from the Textile School.

GRANGE SELECTS ODUM MASTER FOR NEXT YEAR

Officers Elected and Installed at Meeting of Farm Organiza- tion May 9

The State College Grange elected and installed officers for the ensuing year at its last meeting, May 19, naming E. G. Odum master.

Other officers elected are: R. R. Bennett, overseer; H. A. York, lecturer; H. C. Colvard, chaplain; R. L. Tilley, steward; J. E. Wilson, assistant steward; Miss Edna Halverson, lady assistant steward; A. E. Baggett, gate keeper; N. R. Matches, secretary; William Adams, treasurer; Miss Louise Gray, census; Catherine Huddleston, Pomona; Clyde Cotner, Flora. Professor L. O. Armstrong was elected chairman of the executive committee and Professor L. E. Cook was re-elected as a member of this committee, while Professor J. B. Cotner was the other member elected.

Following the election, the new officers were installed by the retiring master, H. C. Green. After completing this ceremony the retiring master stressed the importance of increasing the co-ed membership of the Grange next year. He also suggested that the new officers make it a point to be present at each meeting next year.

The new master, E. G. Odum, stated that the Grange chapter here could be the best one in the state if every member did his or her part.

CLASS MEMBERS INSPECT CHEESE-MAKING PLANTS

Eight members of the cheese-making class made an inspection trip last Friday and Saturday to cheese factories at North Wilkesboro, West Jefferson and Boone.

The members making the trip were: A. H. Scott, S. C. Rich, W. H. Keith, R. T. Kirk, L. S. Allen, H. H. Harris, R. L. May and W. L. McLeod.

Professor W. L. Clevenger, professor of animal husbandry and dairy manufacturing conducted the inspection trip.

CENTRALIZED PLACEMENT BUREAU

State College has placed sixty seniors, with possibilities of more receiving positions, thus continuing a service which is offered by few colleges and which is of great value to the student who lacks the contacts and the experience necessary to get a position.

However, a great deal of time, money and effort is wasted in the process. A fierce competition exists between the various schools over the records, and deans with many duties take time to investigate every possible company, write letters and interview representatives. This work is dictated by a real desire to help seniors, but the unhealthy aspects of the competition could be eliminated and it could be handled much more efficiently and with less worry for each department by a centralized placement bureau. The summation of money and time spent at present would be sufficient to maintain a permanent, all-year bureau with at least one full-time placement official who could serve the senior classes better than busy heads of departments who have other work to do.

A great deal of the present duplication of effort would be eliminated. For instance, a company employing both engineers and business graduates could carry on negotiations with the bureau instead of with two departments. The situation in regard to the company's openings would be understood much more thoroughly, and recommendations of students would be more effective from a knowledge of the whole of the situation. Duplications such as this are common, since almost all companies of any size have departments requiring different training.

The bureau would acquire an established name. Its head would become well known to representatives of companies. Standard bases of recommendations could be established and these recommendations would thus carry more weight.

The suggestion does not imply that the matter be taken from the heads of the departments; in fact, these men would be able to render more valuable service than before in placing men. Conferences, advice as to availability and capability of the seniors, and transfer of knowledge regarding companies would serve to make the department heads the principal factors in the success of the bureau. The net result would be coordination of disorganized effort leading toward more placements and less work for every department of the college.

The bureau, through operating full time, would not wait until the end of the year to accomplish its placement work. The ground work and contacts would be accomplished throughout the whole year. Competition for positions is fierce, and a plan to more efficiently enable the graduate to obtain the opportunity to begin the work that the state has educated him for could well receive the consideration of department heads.

ADVICE GALORE

Almost every college newspaper received during the past two weeks takes opportunity to advise and console the members of the class of 1932.

Such appeals will do little to enhance the peace of mind of a body of young men who are entering an unemployment-ridden world in the throes of economic, political and social conflict. The most deplorable angle of the problem is the fact that these men are educated for leadership and constructive action, yet many are to be denied the opportunity to use their training because they will have no position.

A compliment comes to State's seniors with the statement of one dean. He sums up general opinion in this way, "It is surprising the way these boys are taking it—they laugh, are still interested in their courses, and are concealing their worries over the future." If under this smiling exterior there is a healthy pessimism and a desire to do something about the situation, then the belief that education is a remedy for these evils will not be in vain.

WHAT WILL CONSOLIDATION BE?

With attention riveted upon them, the Consolidation Commission will soon begin their consideration of the survey committee's recommendations for a Greater University of North Carolina.

Press reports indicate that three plans are recommended by the experts, each of which involves major changes in the plans of the institutions. However, it is general opinion that no such drastic moves will be made by the Commission. Of interest is Governor Gardner's prediction that the Commission will not seriously consider the whole of any of these recommendations because they are not in accordance with the spirit of the Consolidation Law.

Complete abandonment of an institution, although theoretically quite correct, ceased to be practical years ago. But even this inconceivably drastic move would find more favor than a serious crippling of the functions of any one institution. Too much is to be lost for the State of North Carolina to take this plunge, especially with the present curtailment of money for education.

If the committee's recommendation to move the Engineering School to Carolina were taken, then State College would not be serving its avowed purpose, namely, to train a complete body of technical experts for the State. The advantage of decades of growth and accumulated assets would be lost.

Abandonment of any major functions of State College must take into account the probable effect such a step would have on the trend of education at this institution. State College has evolved into a well-rounded institution, capable of specialized training in five schools. Each of these five schools offers courses to students in the other schools, the whole furnishing a basis for planning curricula that allow the college an opportunity to educate its experts in the true sense of the word.

No institution can train technical experts to the best advantage unless it gives them a well-rounded education as well as mere skill in the use of formulae and knowledge of machinery. State College, ranking high in the liberality of its technical education, cannot afford to be forced to take the trend toward a mere technical school and lay itself open to this common charge against technical education. Years of study towards the best curricula would be lost and the scope of the instruction would be limited were the college to lose any of its opportunities for education.

The research committee, probably, has discovered many minor duplications of effort where economies can be effected by reduction of teachers and courses. Several constructive recommendations should come of the study in cases where the expert with experience in college planning can make suggestions of value. One idea in this connection which was mentioned months ago when consolidation first came up is the setting up of courses of study utilizing the facilities of two institutions. An instance is a course comprising two years at North Carolina College for Women in home economics, followed by two years training in agricultural education at this institution. Such a course would prepare women for careers as demonstration agents, agricultural workers and teachers. Probably many other instances exist. Uniform credit for academic work, so that a transfer student would lose no credit, is another advantage of consolidation.

What the Commission will do is problematical, but a major disruption of the State institutions means losing the fruits of decades of growth and the possibilities for ultimate good seem small.

AN ANTICIPATED RISK

State College commencements, as well as the exercises at other colleges, are often marred by automobile accidents. The confusion, crowds and hurry attending the occasion creates a situation peculiarly liable to result in wrecks and injuries to pedestrians.

The two entrances to Hillsboro Street from the college which will be used by commencement visitors open onto a thoroughfare which is used as a speedway by both tourists and residents of Raleigh.

The traffic lights promised by the City of Raleigh in September and promised in January would have partially solved the problem at the entrance across from College Court. The danger which exists here throughout the year will be magnified during Commencement Week. The entrance facing Enterprise Street is almost as dangerous and was the scene of a serious accident at commencement two years ago which shocked visitors.

Both these entrances will be crowded with pedestrians and automobiles during the first part of Commencement Week. Dances Monday afternoon and evening and the exercises Tuesday will bring hundreds to the campus.

This menace to life and limb cannot be ignored. Aside from this, an accident would mar the whole occasion for the graduates' parents, who should treasure only proud and happy memories of the event.

Securing ample police traffic protection, certainly, and serious consideration of ways to mitigate the dangers of this certain congestion is the duty of those planning the details of the event.

The last voice in regard to the general picture for the *Agromock* will be heard when the Board of Trustees meets next month. Ninety per cent of the student body voted for it.

RECORDS SHOW SIXTY SENIORS HAVE POSITIONS

(Continued from page one)
have discontinued them this year, and there are many unemployed experienced men that will receive preference if vacancies occur," says Professor Mann.

H. H. Murray, Jr., of Wilson, and F. A. Gelle of Raleigh have been appointed as cadets in the Army Air Corps. No other definite placements have been made, but there are six tentative positions under negotiation.

The following Chemical Engineering seniors have accepted positions: M. M. Croom, Dixie Fertilizer Company; M. H. Norlander, Kellogg Oil Company; S. I. Allen, Grassell Company; W. K. Cathey, Champion Fiber Company; R. W. Meiver, Kentucky State Highway Department; S. E. Holloway, graduate work; A. Gonzalez, appointment to Enka Rayon Company.

According to Dr. E. H. Randolph, several other positions are pending, but he did not deem it advisable to mention these companies until negotiations are complete. "It seems that there is practical assurance of these positions," says Dr. Randolph, "and we are confident from the letters received from many companies that positions will be available in sufficient numbers to take care of our graduates as soon as business conditions improve sufficiently to take on technical graduates."

Agriculture
Only a few seniors in the School of Agriculture have been definitely placed so far, according to Dr. Z. P. Metcalf, however, there are several who expect to be placed and will know definitely before the end of school. These men do not wish to give out definite statements in regard to their prospective position until certain matters concerning them have been completed.

Seniors who have been definitely placed are as follows: E. G. Thurlow, Landscape Architecture, will pursue his graduate studies at Harvard University in Landscape Architecture. Henry O'Quinn, Landscape Architecture, will work a year in the Lindley Nurseries at Greensboro, N. C., before pursuing his studies at Harvard University.

"Prospects are good for placing quite a number of men within the next two weeks," states Dr. Metcalf.

Education
The graduates of the School of Education are usually placed during the summer period when superintendents and principals are making their selections. These selections are naturally slower than usual during 1932 for two very definite factors, states Dean T. E. Browne.

Dean Browne says, "The appropriation for the Smith-Hughes work in agriculture is still pending in the Senate of the United States and definite action toward the employment of teach-

GIRLS
Do Not Smoke Pipes
THE GIRLS haven't left us many of our masculine rights. They fly our airplanes, drive our cars, smoke our cigarettes—but they don't smoke our pipes! They've left us this one manly right, anyway. A man almost has to smoke a pipe nowadays. A pleasant necessity! For a pipe filled with good tobacco is just about the best smoke a man could want.

You'll never see her smoking a pipe.

And if you're troubled about selecting a tobacco, remember that Edgeworth is the popular favorite in 42 out of 54 colleges. It somehow seems to fit the college man's taste. Edgeworth is cut especially for pipes, it burns slowly, it gives a cool smoke. You can buy Edgeworth wherever good tobacco is sold. Or, for a special sample packet, write to Larus & Bro. Co., 100 S. 22d St., Richmond, Va.

EDGEMORTH SMOKING TOBACCO
Edgeworth is a blend of fine old burleys, with its natural savor enhanced by Edgeworth's distinctive and exclusive eleven-step process. Buy Edgeworth anywhere in two forms—Edgeworth Ready-Rubbed and Edgeworth Plug Slice. All sizes, 15¢ packet package to \$1.50 pound humidifier tin.

That The Technician as well as The Wataugan and Agriculturist from State—The Old Gold and Black, Student and The Howler from Wake-Forest—The Twig and The Acorn from Meredith—are all printed by us—must be an indication of our ability and desire to render service.

REVIEW OF YEAR LISTS RECORDS OF TECH TEAMS

Sports Reviewer Says Fans and Officials Label 1932-33 Seasons Good

OUTLOOK OF 1932 PACK BRIGHT FOR NEXT FALL

Highlights of Year for Smith and Reese; Sermon's Courtmen Have Good Record; Baseballers Finish Third in State Race; Boxing Increases in Popularity Under Elmes' Tutelage; Swimming Started This Year

By BLAN CHAPMAN

With the close of school just around the corner, a review of the past sports program of State College by athletic officials and fans labels the outgoing season as "pretty good."

The brightest highlight of the year shone upon our two new coaches—Clipper Smith and Frank Reese. With the football campaign fairly untable for the last two seasons, these tutors rounded a more or less disorganized squad into a clicking football machine.

The grid season, as a whole, would not win many prizes; but a couple of games in which the Wolf-pack participated would attract any fan's notice, particularly the scoring of 15 points against Carolina and the 14-0 victory over Duke. Charles Cobb led the "Pack" this past year, and "Red" Espy has been elected captain for 1932-33.

A very interesting feature in this sport is the developments and prospects for the club next season. Good material for every post is available, and one thing lacking this year—competition for positions—will be had when the lads assemble in September. Few men are lost by graduation, and 29 freshman numeral men will be on hand.

The Cage Sport

In regard to the old hardwood game, the play enjoyed by the N. C. State Red Terrors was very satisfactory and its season was labeled successful. Out of 16 games, Doc Sermon's proteges collected 11 wins, and closing the regular season with a 36-17 victory over the Tar Heels for the most one-sided score ever made against Carolina.

Bud Rose, of Marshall, Minn., captained the Terrors this year, but the captain-a-game idea has been adopted for the club next fall. There are 10 home games already booked on the schedule and prospects for another good season are feasible. Seven varsity lettermen are eligible for play and the freshmen coming up include several scintillating stars.

Coach Charlie Doak and his baseball boys finished third in the Big Five race this year. Led by captain

DOAK 11 YEARS AS STATE COACH

Chick Tutored Varsity Nine Years and Frosh Two, Beginning Career at Guilford

The baseball season just closed marked the eleventh year of coaching duty at State for Charles G. "Chick" Doak, baseball mentor of the Techs. Coach Doak tutored the freshman team in his first two seasons at State, but since then he has had charge of the varsity team. His clubs have consistently ranked well in State and sectional circles.

"Chick" began his coaching duties at Guilford in 1911 and is dean of collegiate mentors in North Carolina.

Outen Gerock, the diamond aspirant had a very successful season despite the financial handicap under which they worked, by winning 8 of the 14 games played. The freshmen, likewise, worked under a very bad disadvantage but their showing brought out many good players. Joel Morris and Jimmy Brown are co-captains for next season's team.

About three years ago State College took a fancy to boxing. Lieut. Elmes organized and promoted a team and schedule, and today the West Raleigh college has the Southern Conference welter crown, safely tucked away under the punches of Charlie Garner, next year's captain.

Elmes will leave Raleigh the close of the school year, and it is not known now into whose hands the fist game will be put. The announcement that a match between the University of Georgia and the Staters has created great interest. The fight will be staged in the Frank Thompson Gym.

Three sports which had it tough this past season—wrestling, track and swimming—are hoped to be placed on their original status next year. Wrestling will be combined with boxing to some degree, as their schedules thus far have three of their meets booked together. Martin Bazemore, of Wilson, was named captain of the team.

Coming to Front Track was limited to just the relay teams, but it is thought that the sport is rapidly gaining its old place back on the college athletic rostrum. Herbert Lynch, of Wilmington, is captain next year.

The newest of all sports, swimming, will probably be made into a minor activity next year. The team, led by Henry Dinkelspell this year, operated on its own merits and initiative and the wonderful showing will attract the attention necessary to have the matadors recognized, it is thought.

FRAT MEN DEFEAT DORMITORY STARS IN CINDER MEET

Winners Score 33 Points in Dual Contest on Riddick Field Friday, May 20

MEET ENDS YEAR'S LIST OF INTRAMURAL EVENTS

Lynch Leads Scoring For Fraternity Cindermen by Taking Two First Places; Poliseo Leads Losers by Taking First in Shot-Put and Third in Discus; Contest Ends Year's Active Intramural Program Directed by J. F. Miller

In the dual track meet between fraternity men and dormitory men held Friday, May 20, on Riddick Field, the representatives of the fraternities defeated the representatives of the dormitories by the score of 33-20.

The meet was the third to be held in the past two weeks. Previous meets were held among the fraternities, and the best performers were selected for this final meet. A similar meet was held among the club and dormitory students and the best performers were selected to compete against the fraternity men.

The winners in the different events and their records were as follows: 100 yard dash: Lynch (F), first; J. A. Rhyme (D), second; Woolridge (F), third. Time, 18.7 seconds.

Discus: Clevenger (F), first; Stubing (F), second; Poliseo (D), third. Distance, 111 ft. 7 in.

Shot Put: Poliseo (D), first; Gerodnick (D), second; Clevenger (F), third. Distance, 48 ft. 7 in.

High Jump: Palm (F), first; Richardson (D), second; Trexler (F), third. Height, 5 ft. 3 in.

Broad Jump: Lynch (F), first; Stubing (F), second; Mumford (F), third. Distance, 20 ft. 4 in.

Relay: Won by dormitory team. Time, 1 minute 18.3 seconds.

The track meet last week brought to a close an active intramural program planned and supervised by J. F. Miller, director of intramural sports and professor of physical education.

Gets Sweaters

Lieutenant C. E. Elmes, coach of the 1932 varsity boxing team, was presented a monogram sweater as a token of appreciation for the services he has rendered. Coach Elmes will sport State's colors half way around the world when he is stationed at his new post in the Hawaiian Islands next fall.

BROWN TOP MAN OF TECH HITTERS

Shortstop Hits for .435; Fuller And Duke Next With Averages Over .400

Jimmy Brown, star shortstop and co-captain-elect, led the hitting for the State College varsity baseball team this season with an average of .435. He collected 20 hits out of 46 trips to the plate. W. N. Fuller came second with an average of .406 and Willie Duke came a close third with .405. Fuller made 15 hits out of 37 tries and Duke hit safely 19 times out of 47 tries.

The batting averages for the monogram winners are:

	A. B.	H.	Pct.
Brown	46	20	.435
Fuller	37	15	.406
Duke	47	19	.405
Nelms	18	8	.333
McQuage	45	17	.325
Gerock	32	9	.294
Lanning	32	9	.294
Morris	50	14	.280
Jeffrey	15	4	.267
Ebey	16	4	.250
Wood	38	9	.237
Avera	12	3	.216
Sells	6	1	.179
Roach	19	3	.158
McLawhorn	8	1	.125
Griffin	12	1	.084
Miller	15	1	.067

Athletic Council Awards Letters To Baseball Men

Nineteen Varsity and 15 Freshmen Receive Sweaters; Captain Gerock, Lanning and McLawhorn End Baseball Careers At State; Doakmen Win 7 and Lose 6 in Season; Winning Five and Losing Four in College Play

The State College Athletic Council approved the awarding of 19 varsity sweaters and monograms and 15 freshman monograms to members of this spring's varsity and freshman baseball teams.

Varsity awards were: Captain Outen Gerock, first base; Ned Wood, second base; Joel Morris, Curtis Roach, third base; Jimmy Brown, short stop; W. N. Fuller, Troy Miller, Hal Farris, catchers; Allen Nelms, Bob McQuage, Willie Duke, Charlie Griffin, Bill Ebey, Bill Avera, Charley Jeffrey, outfielders; Hank McLawhorn, John Lanning, Rudy Seitz, pitchers; and Earl Baysden, manager.

The finale with Carolina last week ended the baseball days at State for Captain Gerock, first sacker, and McLawhorn and Lanning, pitchers. Freshman awards were made to Ray Rex, Wallie Oakden, Philip Pitts, Carl Bernhardt, outfielders; Allen

TOM MOTT WINS GOLF TOURNAMENT

State Student Defeats Team Mate On Twentieth Hole in Invitation Tournament

Tom Mott, State textile student, is the 1932 winner of the spring invitation tournament of the Raleigh Golf Association.

Mott defeated Chick Murray in the final by one up in 20 holes on Sunday, May 22. Murray is also a State College student and a team mate of Mott's on the Tech link team.

Mott got off to a good start with a birdie on the first hole and then copped two more birdies to show par at the turn, while Murray was two down after the first nine holes. At the end of the regulation match they were all square and both got fours on the 19th, but Mott barely missed a birdie there to end the match. The victor got four on the 20th hole, while Murray took a five.

LANNING SIGNED BY BIG LEAGUERS

St. Louis Cardinals Sign Tech Right Hander; Starred for State Two Years

John Lanning, star right handed pitcher of the State College varsity baseball team, has signed a contract with the St. Louis Cardinals. The announcement was made by Coach Chick Doak last Friday night. Doak said Lanning would probably be sent by the Cards to their Greensboro farm in the Piedmont about June 1, immediately following the final examinations at State.

Tiny Stewart, agent for the Cardinals who officiates in many college games, recommended Lanning to Branch Rickey of the Cardinals and Rickey came down, looked Lanning over several times, and offered him a contract.

NOTICE

All Crew Members, Supervisors, Team Captains and Student subscription salespeople who wish to avail themselves of the opportunity for free scholarships made possible through the courtesy of the Leading Magazine Publisher's again this year are requested to apply to the national organizer, M. Anthony Steele, Jr., Box 343, San Juan, Porto Rico, stating qualifications fully.

Final Dances

The members of the fifteen Greek-letter social fraternities at State College will hold their annual set of final dances in the Frank Thompson Gymnasium, June 3, 4, and 6.

Ted Weems and his orchestra will furnish music for the series of dances, which will consist of three formal evening dances, an afternoon dance Saturday, and a morning dance Monday.

The gymnasium will be decorated in red and white, the college colors. Elevated fraternity booths will be placed along the walls for special guests and chaperones. There will be ushers to show the guests and chaperones to their places.

Many of the fraternities will be hosts at house parties at their individual fraternity residences.

The Pi Kappa Phi fraternity will be host to a large number of out of town guests. The fraternity will entertain with a buffet supper after the dances Friday and Monday evenings, and a banquet following the Saturday evening dance. A swimming party and a horse-back riding party have also been planned for the guests.

The Kappa Sigma Fraternity will entertain their guests of the house party with a dinner party, following the Saturday afternoon dance, and a picnic Sunday afternoon.

Members of the Sigma Phi Epsilon Fraternity will entertain their out-

town guests at a swimming party Sunday afternoon and a banquet at the Edenhall Tea Room, following the dance Monday night.

The Theta Kappa Nu Fraternity will be host to their guests at a buffet supper Friday night, a theatre party Monday afternoon and a banquet Monday night, following the dance.

Guests of the Kappa Alpha house party will be entertained at a picnic Sunday afternoon at Blue Haven, country place of Murray Allen, and at a dinner party following the dance Friday night.

Alpha Kappa Pi

XI Chapter of Alpha Kappa Pi entertained at a picnic-dance at the Tar Heel Club on Thursday evening, May 19.

The guest of honor was Mrs. H. D. Saunders of Newark, N. J. The

chaperones of the evening were Mr. and Mrs. E. W. Gaither.

Members of the fraternity and their guests were: Janet Tucker with Bill Pye, Carolyn Radcliff with F. D. Whitehead, Frances Stallings with Ted Lewis, Kathryn Perry with Al Bennett, Lillian Covington with Bill Kircheimer, Eloise Jordan with Beverly Sauls, Elizabeth Gaither with H. K. Saunders, Elizabeth Caldwell with Graves Mumford, Lila Calhoun with J. W. Sawyer, Emily Upchurch with William Campbell Henry, Martha Lane Bradley with H. E. Karig, Lavania Fuller with Yank Powell, and Mr. and Mrs. Galba.

Announcements

All students in the School of Education who expect to graduate in 1932 are requested to leave their names in my office in Holladay Hall immediately.

T. E. BROWNE.

A set of Reichert Drawing Instruments was lost from my case in the C. E. Building. I shall be glad to reward the finder of these as they are essential to me in my class work.

MARK WILSON, JR.

Seniors will meet on Sunday afternoon, June 5, at 2 o'clock, to be assigned seats for Thursday's exercises.

All athletes who have not yet returned the equipment which was loaned to them throughout the year had better do it immediately or else it will be charged on their breakage fees. (signed) Dr. R. R. Sermon

Textile Exhibit
The N. C. State College Textile School is exhibiting a knitting machine in a downtown storeroom window as a contribution to National Cotton Week. Socks are being knitted from cotton material by the students in charge.

DO YOU INHALE?

A frank discussion
at last on a subject that has
long been "taboo"

"LET sleeping dogs lie!" So said the cigarette trade when first we raised the subject of inhaling. But dodging an important issue is not Lucky Strike's policy!

Do you inhale? That question is vitally important... for every smoker inhales—knowingly or unknowingly. Every smoker breathes in some part of the smoke he or she draws out of a cigarette! And the delicate membranes of your throat demand that your smoke be pure, clean—free of certain impurities!

No wonder Lucky Strike dares to raise this vital question! For Luckies bring you the protection you want... because Luckies' famous purifying process removes certain impurities concealed in every tobacco leaf. Luckies created that process. Only Luckies have it!

So, whether you inhale knowingly or unknowingly, safeguard those delicate membranes!
