## ENROLLMENT FOR WINTER QUARTER DROPS SLIGHTLY

1,532 in School as Compared  
With 1,633 During First Term,  
According to Mayer

## TEXTILE SCHOOL SHOWS SIX PER CENT INCREASE

Drop From Last Year is Eight and  
Three-tenths Per Cent; Sixty-one  
Women Students in School;  
Drop Across Holidays is Twenty  
Per Cent Less Than Last Year;  
Four of Five Schools Show De-  
crease in Total Enrollment

Complete registration figures re-  
leased yesterday by W. L. Mayer, di-  
rector of registration, show 1,532 stu-  
dents enrolled for the second term.

There were 1,533 in school the first  
term. Last year there were 1,733 in  
school the first term and 1,633 regis-  
tered the second term.

The drop in enrollment across the  
holidays was twenty per cent less this  
year than in the same period last year,  
although the total registration is ap-  
proximately eight and three-tenths per  
cent less at present than it was at  
the same time last year.

Sixty-one women are in school, the  
same number as last term.

The Textile School showed an in-  
crease of 6.2 in number of students  
over the first term. Education de-  
creased 3 per cent; Engineering 5.7  
per cent; Science and Business 7.4 per  
cent and Agriculture 9.7 per cent de-  
crease.

## DEBATERS TO GIVE TRIAL OF WALKER

Play to Show Inside of Recent  
Trial of Mayor Jimmy Walker  
Of New York

"The Trial of Jimmy Walker" will  
be presented Tuesday, January 24, and  
Wednesday, January 25 in Pullen Hall  
by members of the State College debate  
squad, working with the aid of the Red  
Masquers, college dramatic organization  
and the class in Parliamentary Prac-  
tice.

In the presentation the high spots of  
the trial will be given, the workings of  
a great political machine exposed, and  
the members of the audience will be  
able to form their own opinions of  
Mayor Walker's administration.

In the balloting held in December  
to ascertain the students' opinion as to  
what play they most desired, "The  
Trial of Jimmy Walker" obtained the  
largest number of votes showing that  
the students were interested in the  
recent trial.

Five hundred tickets have already  
been sold and a large audience is antici-  
pated.

Tickets are being sold by members of  
the debate squad, the Raleigh Junior  
Chamber of Commerce, and the Raleigh  
Junior Women's Club. The last two  
organizations have voted to sponsor the  
production. The State College Faculty  
Women's Club also voted financial aid.  
All funds derived from the production  
will be used to help defray the expenses  
incurred by the debating team in their  
recent California trip.

The cast of the play is as follows:  
Jimmy Walker, W. E. Braswell; Judge  
Seabury, L. M. Knott; Franklin D.  
Roosevelt, Frank Busbee; Mr. Curtis  
Walker's attorney, David B. Young;  
Alfred E. Smith, W. Gordon Butler;  
Norman Thomas, M. G. Elliot; Sher-  
wood, Horace Cotton; Reporters, S. H.  
Caldwell and E. W. Brooks; Director of  
Court, J. E. Stroup; Sergeant-at-  
Arms, G. Allen Nelms; and Court At-  
tendants, S. J. Boyles, R. G. McQuage,  
R. H. Worthington, H. M. Dickens, J. P.  
Abernathy, W. B. Powell, J. F. Pou,  
C. R. Patton, J. R. Kelly, L. E. Reig-  
hard, R. Davis, H. S. Stanley, O. W.  
Lambeth, and H. A. Ljerby.

## LABORATORY POWER LINE INSTALLED BY R. C. KIRK

An artificial transmission line has  
just been completed by R. C. Kirk,  
teaching fellow in Electrical Engineer-  
ing.

The losses present in high trans-  
mission lines of considerable length can  
be measured on the device in propor-  
tional values. Losses in lines up to  
two hundred and forty miles long can  
be recorded.

Heretofore laboratory experiments  
have been conducted with improvised  
substitutes and the new device is ex-  
pected to facilitate and improve such  
experimental work.

## Lecturer Says Armaments Not True Cause of Wars

Dr. Westwood Speaks Thursday Night in Y. M. C. A.; Declares  
There May be Other Wars, But That They Are Doomed;  
Majority of People Are of Cooperating Nature;  
Need is Great for Individualism in World Today

Dr. Westwood, of Boston, Mass.,  
Thursday night in a lecture at the  
Y. M. C. A. told his audience that  
"armaments are a symptom of a dis-  
ease which threatens humanity, and  
not a direct cause of war."

Dr. Westwood is an Englishman,  
pastor of a church in Ottawa, Canada,  
who is delivering a series of lectures  
in Raleigh.

He said that lying behind the whole  
concept of disarmament is a fallacy  
which prevents guarantee of world  
peace even if it were accomplished.

He thinks that we may have other  
wars, but that they are eventually  
doomed. The next one, according to  
him, will be aerial and chemical, and  
a small nation may by some chemical  
or electrical discovery defy the world.

Cooperation  
The fact that we have peaceable  
communities in proof that nine-tenth  
per cent of the people are of a co-  
operative nature. The security of na-  
tions depends upon a spirit of coopera-  
tion and good will. In this connection  
he said that there is no superior peo-  
ple, although some may be on a higher  
social level. No one nation can gain  
without another's loss.

Mankind cannot spiritually be dis-  
armed until we get across the idea  
that those who die for peace are just  
as great as those who die on the battle-  
field. Mere patriotism is not enough.

Dr. Westwood contended that the  
English-speaking people will determine  
the future of mankind. If there had  
been complete understanding in 1914  
there would have been no World War.  
Woodrow Wilson will be regarded as  
(Please turn to page two)

## COTTON SPRAYER TO BE INSTALLED

Device to be Added to Textile  
School Gives Cotton More  
Tensile Strength

An apparatus for giving cotton a  
higher tensile strength, and in so do-  
ing, making otherwise waste cotton  
useful to the producer of cotton goods,  
is being installed in the Textile De-  
partment.

W. G. Kirchheimer, who graduated in  
the Mechanical Engineering School,  
last year and is now with the Texas  
Company, is aiding in the installation,  
under the supervision of a representa-  
tive of the Norfolk headquarters of  
that company.

The apparatus, which is called the  
"Texas spray unit" sprays the cotton  
during the process of manufacturing  
a special compound developed by the  
Texas Company. This compound, it is  
claimed, will increase the usefulness  
of cotton 1 1/2%, and will give the cot-  
ton greater strength and durability.  
The spraying is done in the picker  
room. In the picker room, the cotton  
is combed, pressed, and prepared for  
the looms. The Texas spray has been  
used in State College before. Ten years  
ago such a unit was installed for the  
purpose of experimentation, but for  
some unknown reason it was dropped  
from use.

Five graduates of State College are  
now employed by the Texas Company.  
Mike Whitehurst and Kirchheimer are  
traveling in the South, installing these  
units in cotton mills. Mike Whitehurst  
is at present in Kannapolis, putting a  
unit in the Cannon Trawl Mills. Frank  
Gorham, Henry Ricks, and Fraser Ed-  
wards are also with the Texas Com-  
pany.

## A. S. M. E. MAKES PLANS FOR ENGINEERS MEETING

Papers to be Entered in Annual  
Student Conference at Ala-  
bama Discussed

Committees were appointed for the  
Engineers' Fair, and the A. S. M. E.  
Student Conference to be held at Bir-  
mingham, Alabama, was discussed at  
a meeting of the State College student  
chapter of the American Society of  
Mechanical Engineers held Tuesday  
night at 6:30 in Page Hall.

E. J. Gravely, president, distributed  
copies of papers presented at the A. S. M. E.  
meeting held in New York, in  
December.

Papers to be written on any engineer-  
ing subject, for the purpose of being  
presented at the annual Conference at  
Birmingham will be entered in a local  
competition to decide upon whom the  
delegate to the conference will be.

The committees appointed were:  
Plant, Chairman, E. B. Grutchfield;  
Mechanical Engineering exhibits, J. A.  
Royal, chairman; Aeronautical ex-  
hibits, Glenn Nye, Chairman.

## Not So Bad

Somebody left the Technician  
a present last week—symbolic no  
doubt.

A brick was found in the contribu-  
tion box of the campus weekly  
after the publication of the last  
issue.

The staff is very thankful that  
the interesting little tribute was  
not presented in another way  
which immediately comes to mind.

## Princess Pat

MISS ANNA GREEN

When the engineering students take  
the center of the stage this spring with  
their annual Fair and Brawl, the above  
young lady, as "Princess Pat," will  
reign over the big dance that climaxes  
the three-day celebration, with George  
Grimes of Mt. Holly, as "Saint Pat."

Miss Greene is a 1933 Raleigh deba-  
tante, a senior at Peace Junior College  
and a member of Pi Theta Mu sorority.

## GENERAL E. L. KING VIEWS REGIMENT

Commanders of Fourth Corps  
Area Pleased With Proficiency  
In New Type Drill

Major General Edward L. King, of  
Atlanta, commander of the Fourth  
Corps Area of the Army and of the  
R. O. T. C., visited the State College  
campus Tuesday, January 17.

Major General King attended mili-  
tary classes and drill during his stay,  
and expressed himself as "very pleased  
with the appearance and organization  
of the R. O. T. C. corps at State  
College.

The State College R. O. T. C. is the  
only college unit in the Fourth Corps  
Area that is using the new type of  
army drill this year, and the advisabil-  
ity of extending it to other R. O. T. C.  
units will depend upon the report of  
the officers in charge here. Major  
General King was pleased with the  
proficiency of the regiment in the new  
type of drill.

He was also impressed with the out-  
side work of the regiment and the facili-  
ties for the regular and extended  
drill on our three large drill  
fields.

Major General King was accompa-  
nied by Brigadier General Maxus Mc-  
Clowey, commanding officer of Fort  
Bragg, who with Lt. Colonel Bruce  
Magruder were guests of honor at a  
luncheon with Governor Ehringhaus at  
the Governor's Mansion Tuesday.

Governor Ehringhaus again com-  
plimented Colonel Magruder on the fine  
showing of the regiment when it par-  
ticipated in the inaugural program.

Major General King, who does all his  
traveling by air, left here for Charles-  
ton, S. C.

## PROF. L. E. HINKLE TALKS TO LITERARY FRATERNITY

Tells Members of Possibilities of  
Being a Doer as Well  
As a Listener

"Possibilities of Literary Societies,"  
telling of the advantages of being a  
"doer" as well as a listener, was the  
subject of a lecture given by L. E.  
Hinkle, professor of modern languages,  
at the second meeting of 1933 of the  
Leazar Literary Society, Friday night,  
January 13.

"Debating is not so much to van-  
quish the opponent as it is to con-  
vince someone of the rightness of a  
problem," says Dr. Hinkle, "and the  
only place, here at State, where a peo-  
ple can learn to be able to do this,  
is here in the Literary Society."

This main number of the progra-  
m was supplemented by reports, from  
Bill Braswell and L. M. Knott on their  
trip to California as members of the  
Debate Squad; A harmonica pro-  
gram by L. G. Garrard and M. H.  
Moore completed the program.

The next meeting will be on Fri-  
day, night, January 20, at 6:30.

## COUNCIL DECIDES TO ALTER ROUTE OF FAIR EXHIBITS

Standards for Becoming Saint  
Pats' Knights to be Fol-  
lowed Closely This Year

## EIGHTY-SEVEN SENIORS WILL SERVE AS KNIGHTS

Council Has Option of Three Or-  
chestras to Play for Brawl; One  
Bid to Brawl Will be Given Each  
Engineering Student; Route of  
Fair Exhibits to Begin at Archi-  
tectural Department Instead of  
At Chemical Building

The Engineers Council discussed the  
Fair budget and various phases of the  
Engineers Fair to be held at State Col-  
lege April 6, 7, 8, at a meeting held  
Thursday night at 6:45 in Page Hall.

This year it was decided that the  
standards for becoming a Knight of  
Saint Pat will be observed more closely  
than heretofore by the heads of the  
societies, who, as before, will be the  
ones to appoint the knights. A senior,  
to become a Knight of Saint Pat, will  
have fulfilled the following require-  
ments: He must have passed the re-  
quirements for graduation; he must be  
an active member of the technical so-  
ciety of his department; and he must  
have conducted himself in a manner  
which is a credit to his department.

An unwritten rule to be observed this  
year is that the senior must have  
helped in the pursuance of those activi-  
ties which his technical society has  
laid down for him.

Eighty-seven seniors will be selected  
as Knights of Saint Pat. There will be  
twenty electrical engineering seniors,  
eighteen mechanical engineers, five  
architectural engineers, twenty chemi-  
cal engineers, twenty-two civil engi-  
neers, and two ceramic engineers.

One of the past orchestras will be se-  
lected to play at the Engineers' Brawl.  
They are: Dot Bennett's Collegians,  
"Jelly" Lettlich, or Nick Laney. One  
bid to the Brawl will be given each  
engineering student for distribution.

The route chosen for observation of  
the exhibits will be opposite to that  
used in the past few years. This year  
the architectural department will be  
given the benefit of the doubt as to  
whether the fact that that school is usu-  
ally the last department on the route  
through the schools accounts for fewer  
people coming to see their exhibits, as  
has been claimed to be true. The en-  
gineering exhibits will be in the archi-  
tectural building. The route will then  
be laid through the electrical engineer-  
ing building, the civil engineering  
building, the mechanical engineering  
building, by way of the forge shop,  
the foundry, the wood shop, and the  
experimental laboratory. The ceramics  
building will be next, and the chemi-  
cal engineering building will be last.

Separate men will judge the depart-  
mental and the individual exhibits.

The Engineers' Brawl will begin at  
8 o'clock on April 8.

## BRAMMER DELIVERS TALK TO ELECTRICAL SOCIETY

F. E. Brammer spoke to the State  
Chapter of the American Institute of  
Electrical Engineers on the paper that  
he presented to the Electrical Engi-  
neering Convention that was held in  
Knoxville, Tennessee, two months  
ago. The title of the paper was "A  
Mechanical Model for Measuring Po-  
tential Gradients." Brammer showed  
a model to the society and demon-  
strated how it worked.

Tentative plans are being made to  
begin work on the float to be used in  
the Engineers' Fair and the exhibits  
to be made will be assigned to differ-  
ent members of the society.

The next meeting of the society will  
be held on January 31 at 6:45 p.m.

## PROFESSOR F. B. MEACHAM BURNED IN LABORATORY

Mixture of Nitric Acid and Mer-  
cury Explodes When Bottle  
Of it is Opened

Prof. F. B. Meacham, professor of  
zoology and entomology, was slightly  
burned about the face last week while  
working in the zoology laboratory.

When Meacham opened a bottle con-  
taining a mixture of nitric acid and  
mercury, the solution blew up into his  
face. This solution had been previously  
mixed in an open jar and poured into  
the bottle.

Meacham's eyes were not injured,  
and his face will suffer no permanent  
injury.

## SLASH PROPOSED IN STATE BUDGET BY COMMISSION

Budget Calls for \$187,250 for  
1933-34 as Compared to  
\$357,800 for 1932-33

## Red Tape

There is a reasonable chance  
that State College may have its  
stadium, but before the project can  
be financed, satisfactory local ar-  
rangements must be made.

Theodore S. Johnson, professor  
of industry at State, went to  
Washington Thursday, January 12,  
and discussed the tentative loan  
with a representative of the Re-  
construction Finance Corporation.  
He was told that in order for a  
loan to be made possible there  
must be some public agency to  
take charge of the matter. This  
public agency would be empow-  
ered to borrow the money, for  
which it would offer some form of  
security, and it would have com-  
plete control over the handling of  
the funds. The committee which  
is in charge of financing the sta-  
dium is at present consulting legal  
authority to determine the best  
course of action to be taken to  
obtain the securities.

## EPIDEMIC ABATES WITH TWELVE ILL

Forty Confined During Week With  
One Hundred and Fourteen  
Since Christmas

The influenza epidemic has abated  
from the record high of a week ago  
until now there are only twelve con-  
fined, all but two of whom are ill with  
influenza.

Forty-two have been confined at va-  
rious times in the past week. One  
hundred and fourteen have been in the  
college hospital since registration, Jan-  
uary 3, in an epidemic which neces-  
sitated installation of six extra beds last  
week.

Those ill during the past week were:  
L. A. Julian, N. H. Tate, D. H. Sellers,  
C. W. Blackwelder, W. J. Fraser, W. G.  
Butler, W. D. Lambeth, Leroy Lump-  
kin, C. T. Prout, E. L. Hurst, Karl L.  
Ponzer, J. M. LeRoy, W. L. Shaw, E. E.  
Strickland, M. S. Sprull, B. M. Mc-  
Connell, D. C. Shaw, J. M. O'Brien,  
W. L. Craven, T. Westmoreland, Robert  
L. Smith, J. H. Troutman, D. E.  
Bennett, M. A. Culp, W. I. Shope, B. G.  
Upham, Odell Lowder, W. H. Thomp-  
kin, W. H. Kinney, Van Shuring, L. A.  
Martin, J. M. LeRoy, C. P. Gorman,  
Roy Meroney, H. Tiger, Carl Roesler,  
Leroy Jay, C. M. Hughes, J. P. Abhy-  
nathy, C. E. Trexler, Douglas Starr,  
K. A. Haney, J. G. Copeland, Jr., M.  
Zori.

It is proposed to reduce the higher  
educational institutions supported by  
the state to \$1,277,290 as compared  
with \$2,345,750 appropriated for the  
fiscal year, of which \$1,650,140 is  
actually being expended under the  
Budget Bureau allotments.

The proposed \$1,277,290 compares  
with actual expenditures of \$2,858,585  
in 1928-29, the peak year. The total  
appropriation for the Greater Univer-  
sity of North Carolina is listed at  
\$769,840, only \$39,240 more than given  
the Chapel Hill branch of the Univer-  
sity this year.

In 1928-29 the Chapel Hill branch  
actually expended \$594,739 as com-  
pared with \$399,570, its share of the  
proposed budget for next year.

State College has been reduced from  
\$451,936 during 1928-29 to \$187,250 in  
the new budget.

N. C. W. has been reduced from  
\$465,000 in 1928-29 to \$182,420 in  
the newly proposed budget.

## BEAUX-ARTS TO EXHIBIT WRIGHT MEMORIAL MODEL

Committees Appointed for Dis-  
plays to be Shown at 1933  
Engineers' Fair

A model of the Wright Brothers'  
Memorial, which is located at Kitty  
Hawk, N. C., will be exhibited as a  
main attraction of the architectural  
school at the Engineers' Fair Society  
after their meeting Wednesday night.

The model is to be built to the scale  
of one inch equals one foot.

In addition to the plans for the me-  
morial, committees were appointed to  
be responsible for the different types  
of exhibits to be on display.

The design for the society's key was  
accepted and prices on the key have  
been sent for.

## CROCKER ELECTED HEAD OF FORESTRY SOCIETY

O. B. Taylor Talks on Correlation  
Between Forestry and Game  
Management

T. C. Crocker, Jr. was elected pres-  
ident of the Forestry Club for the next  
two terms at a meeting of the club  
January 13.

Other officers elected were: Ralph  
Spratt, vice president; W. J. Barker,  
secretary; and Walton R. Smith, ser-  
geant-at-arms.

O. B. Taylor, game management in-  
structor, gave the club a correlation  
between Game Management and Fore-  
stry. He pointed out the chances of  
conflict between the two as a result  
of the game destroying process for  
forest regeneration in some instances,  
but added that it is not difficult to con-  
trol the amount of game and insure  
regeneration.

## She Forgot

No one was absent but the pres-  
ident of the co-eds Monday.

Catherine Harding, president of  
the Phi Epsilon co-ed sorority,  
called a special meeting to trans-  
act urgent business. The meeting  
convened without the presiding  
officer. The meeting was ad-  
journed sine die.

The co-ed president forgot about  
the meeting.

### ANOTHER BLOW

The budget commission has whetted the large axe that is to fall upon education in North Carolina, and proposes "economy" which will cripple still further the institutions which are rendering service to the state.

State College will receive forty-eight per cent less appropriation than last year if the proposed budget is approved. This is recommended when the drastic reductions of the past two years have necessitated appalling cuts for professors and the stretching of every maintenance dollar.

The tax load upon the people is heavy, almost unendurably so. But if education does not find defenders who believe in adequate education as vital to the State of North Carolina, then future generations will pay the penalty.

It is penny-wise and pound-foolish to destroy the handwork of statesmen and thinkers who brought North Carolina to the fore with a visionary educational program, establishing ideals that cannot be abandoned.

### UNLIMITED

Nearly a thousand State College library books are now in professors' libraries through their exercising the privilege of keeping books out for an unlimited time.

Sometimes they bring them back, but not very often. Some have had volumes for years, and usually their selections are the most valuable books in the library from an educational standpoint.

Nobody would protest some special privileges for professors, for their needs in this respect are probably greater than those of the average student. But hundreds of books cannot even be removed from the library by students, while teachers can search the stacks-room and check out volumes for any length of time.

\* Students pay for the library and any drawback to their use of its facilities should be removed.

### VALUABLE PROTECTION

After every large dance in the gymnasium come complaints of stolen automobile parts and personal valuables. A large number of cars left in a comparatively isolated place during the three hours of the dance offer a remarkably good opportunity for petty thieves to work.

Provision of ample police protection by the Interfraternity Council or any other organization sponsoring dances in the gymnasium would end this problem and is the plain duty of these groups.

Students and visitors alike will appreciate knowing that their property is safe during dances.

Publications aspirants are warned once more of the rules governing the eligibility for election. The rules formulated by the publications board apparently have met the approval of all concerned and are available to all interested. They represent impartial qualifications formulated long before any political clouds obscured the vision of those interested in seeing that retiring officers are succeeded in the best possible manner for the good of the publications.

The most widely used bit of news in collegiate journalism at present is the information about the number of college graduates in prison. State College's quota will soon be filled by the individuals who removed the plates from the Blue Key Bulletin Boards, not to mention other petty offenses around the campus.

A sports writer in the Daily Tar Heel, student newspaper at the Carolina branch, casually mentions State College as the "Raleigh sub-division of the University." And Dr. Frank Graham remarks that the proposed budget will reduce Carolina to a prep school!

### OUTRAGED VIRTUE

A tempest which will probably remain in the teapot is the Southern Conference's charges "that flagrant recruiting and subsidization of athletes, together with low scholastic standards exists in Southern Colleges," and asking for "investigation and drastic steps to prohibit such practices."

Conference officials are telling no secrets when they make such charges. The whole story of overemphasis, remuneration of athletes and other undesirable aspects of the huge college athletics business is an old one.

Nearly all colleges spend enormous amounts of student fees and money wrung from a gullible public to maintain large and well-paid athletic staffs, stadiums, publicity agencies and other appendages. Nobody could possibly believe that this exists without under-cover operations that do not tend to make athletics a little more than nice clean sport wherein the boys develop leadership and improve their health.

It is strange indeed that such a well-informed group of Conference officials do not admit more often that rules are violated and that tacit consent is accorded the violations. The question is, "What will or have they ever done about it," and the answer is, "Nothing."

The probe will flare and die out. Maybe some prominent athlete will be dragged forth, abused and suspended to prove that conscientious college officials are cleaning up once and for all. Statements congratulating the Conference warmly upon its virtuous actions are hollow mockery. No college official would raise his voice in praise if a real investigation were made and the public could know even a little of the truth about the athletic business.

Student proposals for open subsidization is an attempt to clear away some of the hypocrisy and make the buying of athletes respectable. Another compromise, at least in one sport, is suggested by Edward V. Mitchell, writing in the Greensboro Daily News:

"It seems to this column, one of the most fertile fields for professional baseball to cultivate is the colleges. Economic conditions have made it necessary for college baseball to be curtailed in many instances, robbing professional baseball of another excellent source of material. If the major leagues could work some arrangement whereby they could put so much money annually into a college fund, the money to be used to equip and finance college baseball teams, that would help the situation immensely. College diamonds have furnished many of the stars of the majors today."

Such compromises are not even considered by colleges because it is known that if the institution openly paid athletes, much of the glamor which revolves the turnstiles would be gone. The old illusion of nice clean sport must be kept up, even if "drastic" steps must be taken.

The strange thing, however, is the supposed necessity for all the advertising which it at the bottom of many of the evils and huge expenses. This advertising is of extremely dubious value. Many colleges have curtailed, abandoned and suffered no loss, even reporting better conditions when the big business attitude was changed. Large enrollments do not necessarily accompany good teams.

With less ballyhoo and more consideration for an athletic program which would further sport as such and not as supposedly valuable advertising, the evils seen by the Conference would lessen. The artificially created demand for sports drivel would drop and the college would have money for intramurals and still reduce the huge toll that students must pay to keep the merry-go-round turning.

Indications are that the public and student bodies are taking steps to bring about such reform. Publishers' magazines have sounded warnings to newspapers about highly-colored and overburdened sport pages, the report of the Carnegie Foundations is a monumental document in this trend, and student discussions are centering on ways to bring about betterment. The depression has brought home some of the exorbitant prices of support and ballyhoo for sport.

The remedies for the evils do not lie in probes, tightening of regulations or in anything else that athletic officials can do. Student protest against inordinately high athletic fees and public realization that it is being taken for expensive rides through sport propaganda may gradually bring something nearer to a sane sport program.

One of the principal hopes is that students will cease to be a party to the continuation of a huge business which has grown beyond their interests and will demand that they receive a little more for the vast amounts they pay out for athletics.

## College Opinions

### BATTLE OF CLIQUES

Statements from the heads of managerial competition that nothing is "fixed" about the five open sports positions and that the elections will be "on the level" are welcome bits of assurance. But although this comforting knowledge will cause us to await a little more calmly the announcement of new assistant managerships in the spring, it doesn't restore our equilibrium with regard to fraternity meddling.

The various alignments and house jockeyings for campus honors are distasteful to any unprejudiced observer of campus affairs. But we are optimistic enough to believe that ways to keep fraternities from interfering in the field of extra-curricular activities can be found if student opinion interests itself in finding them. Perhaps the solvent for dissatisfaction on the specific question of managerial elections lies in a greater interest in the competition itself on the part of those who possess the ultimate balloting power.—Columbian Spectator.

## SCENES and SAYINGS

By J. W. LAMBERSON

Charlie Parks, battalion adjutant of the Third Battalion, who has persisted in trying to trick the cadets of the Third Battalion by giving them the wrong orders in the manual of arms, was called down by the second platoon of Company "I," which voiced its disapproval of the command in a loud "as you were," the military way of saying "We don't understand such a jargon of orders."

Lennie Knott earned the name of "mountain goat" on the California trip, for his ability and surefootedness in climbing mountains.

A co-ed asked when she saw a local army officer pass by with the mourning band on his arm, "Is the poor fellow's wife dead?"

"Padgetting" is the new word for "grieping" among the debaters since the trip to California.

Bird hunting is the new sport for some members of Fifth Dormitory. They pursue the prey from a window with a 32 rifle. Page Dr. T. B. Mitchell to tell them of the folly of their deeds.

Annual event—The Technician office windows were washed yesterday.

When Burke McConnell was confined in the infirmary, his girl friend called to see him.

J. A. Porter, Jr., passed by the room and saw the young lady but failed to see Burke. He promptly returned to the ward with the astounding news, that co-ed's were also occupants of the infirmary.

### JOHNSON TO REPRESENT ROTARY INTERNATIONAL

Professor of Industry at State College to Attend Conference at St. John

Theodore S. Johnson, recently appointed professor of industry at State College, has been named as the official representative of Rotary International to attend the district conference of the 32nd district to be held at St. John, New Brunswick, on June 15 and 16.

Following the meeting in Canada, Professor Johnson will attend the International Rotary Assembly at Poland Springs, Me. He is chairman of the International committee on extension and will address the entire assembly on the work of the committee. Representatives at this assembly will be gathered from more than 70 countries throughout the world.

Mr. Johnson has been active in Rotary work for many years and is a past district governor of the southeastern district and a past president of the Raleigh Club. He will be accompanied on the trip by Mrs. Johnson.

### POULTRY TEAM LEAVES FOR JUDGING CONTEST

Inter-collegiate Judging contest to Be Held in Trenton, N. J., January 25

The State College poultry contest judges are leaving Monday morning for Trenton, N. J., where they will compete in the Eastern Inter-collegiate Contest held in connection with the State Poultry and the 4 H Club Show. The judging contest will be held on January 25, but the poultry show continues during the whole of next week. The three judges and one alternate from "State" are L. A. Massengill, J. K. Henry, Wm. H. Thompson, and A. W. Hunsucker. The judges and alternate have not been chosen yet.

Prof. N. W. Williams of the poultry department, who has been coaching this team for some time, will accompany them to Trenton.

### TWO FACULTY SICK WITH "FLU" THIS WEEK

Two members of the State College faculty are at present confined to their homes with mild cases of influenza. Those ill are Captain B. W. Venable of the military department and Dean of Students E. L. Cloyd.

## MATTOON PLANS VISIT TO SCHOOL

Forestry Supervisor to Give Technical Lectures to State Forestry Students

M. A. Mattoon, supervisor of the Pisgah National Forest, will visit State College on Tuesday and Wednesday, January 24-26 and make lectures to Forestry and Agriculture students. Technical lectures to junior and senior forestry students will be on "Fire Control," "Timber Management," "Wild Life Management," and "Recreation and Miscellaneous Forest Uses."

Tuesday night he will talk to a combined meeting of the Agriculture and Forestry Clubs.

Tentative plans have been made for a banquet in the college cafeteria Tuesday night to be given by the Forestry Club in honor of Mr. Mattoon.

### AG CHAIRMEN ELECTED AT MEETING THURSDAY

Eight Departments Represented in Club to Present Consecutive Programs

The first meeting of the Ag Club during the spring quarter was held in Patterson Hall last Tuesday night at 6:30.

It was decided that the programs for the Ag meetings would be put on by the eight departments represented in the club. A chairman was elected for each department. The date that the department is supposed to present a program, the department, and the chairman of the program committee for that department is given as follows: January 24, Forestry, R. A. Wood; January 31, Agronomy, J. L. Zimmerman; February 7, Animal Husbandry, C. Y. Tilson; February 14, Agricultural Economics, C. D. Thomas; February 21, Poultry, L. A. Massengill; February 28, Horticulture, G. C. Sprinkle; March 7, Vocational Agriculture, A. D. Williamson; March 14, Biology, K. J. Shaw.

### LECTURER SAYS ARMAMENTS NOT TRUE CAUSE OF WARS

(Continued from page one)  
 The first great international figure the United States has ever produced, in Dr. Westwood's opinion.  
 He said that France is a greater menace to world peace than Germany ever was, and history is gradually changing the Versailles treaty.

### Need Free Spirits

One of the great difficulties, according to the speaker, is that it is hard to get hold of the source of propaganda. The great conflict that has to be fought is the fight of the free spirit. The menace of our times is the disappearance of individualism and the submergence of the individual into the crowd. The soul of man is gradually seeking the soul of the herd, and the world needs free souls.

### STUDENTS RECEIVE BIDS FROM ORDER 30 AND 3

Society Starts Movement to Have Trash Cans Placed at Points Over Campus

The pledging of new members into the Order of 30 and 3 was discussed at a meeting of the society Thursday night.  
 Bids will be sent to pledges immediately. At the next meeting of the society, which will be held Wednesday, pledges will meet with the old members and make known whether they will accept or reject their bids.  
 The society started a movement to place trash cans at various places on the campus.

## How To Avoid BONERS

A CATARACT IS A TRAINED CAT

AND still they let him live! Even after he said a refugee was a man who took charge of prize fights! There's just one thing to do—and high time somebody did it. Introduce Bill Boner to a good pipe and good tobacco. A pipe helps a man get down to straight thinking. College men know, too, that there's one smoking tobacco without a rival. That's Edgeworth.

Here's an idea. Fill your pipe with Edgeworth Smoking Tobacco and light up. Now—take a good long puff. Ever try anything like that before? Of course not, for Edgeworth is a distinctive and different blend of fine old burleys.

Buy Edgeworth anywhere in two forms—Edgeworth Ready-Rubbed and Edgeworth Plug Slice. All sizes—15¢ pocket package to pound humidor tin. If you'd like to try before you buy, write for a free sample packet. Address Larus & Bro. Co., 120 S. 22d St., Richmond, Va.

\*A recent investigation showed Edgeworth to be the favorite smoking tobacco at 42 out of 54 leading colleges.

**EDGEWORTH SMOKING TOBACCO**

# TERRORS MEET DEVILS TONIGHT

## FRESHMAN GAME NOT TO BE HELD, VARSITY AT 8 P.M.

Two Good Offensive Teams Meet When State Tackles Leaders of Big Five Race

FROSH GAMES CANCELLED FOR DUKE EXAMINATIONS

Terrors Are Seeking Revenge for Failure to Win Over Duke Last Year

Big Five and Southern Conference basketball standings come in for another testing tonight when quints of State and Duke University tangle at 8 o'clock in the Frank Thompson Gymnasium at State College.

A freshman game between the two schools has been canceled due to examinations at the Blue Devil school. Duke is ahead in the Big Five race with two victories over Wake Forest and one over Davidson. The Devils defeated Wake Forest for the second time Tuesday night. The score was 34-18.

State's game with Carolina Wednesday night was the Red Terror's first Big Five test of the winter. If State can take the Blue Devils tonight it will be the Terrors' first win over Duke in basketball since 1931.

Both State and Duke are high-powered offensive teams, and there is little to choose between the two defensively. In five games this winter State has averaged a little better than 36 points per game and opponents have an average of 26 points a game.

Coach Ray Sermon has a number of good reserves at State this winter, and both regulars and substitutes have figured in the scoring. LeRoy Jay, forward; and George Beaghen, center, are leading the point making with 23 each. Gilbert Clark and Ray Rex, guards, are second with 27 points a piece.

Horne, forward, with 11 points and Jim Thompson, center, with nine, led Duke's scoring in the second Deacon game. Thompson is the ace of basket loopers with Horne and Lela, another forward, close behind. Herb Thompson is the best of the Duke guards.

Probable line-ups: State, Jay and Johnson, forwards; Beaghen, center; Clark and Nelms, guards. Duke: Horne and H. Lewis, forwards; J. Thompson, center; and Weaver and H. Thompson, guards.

## WRESTLERS WIN OVER TAR HEELS

Frosh and Varsity Register Double Victory Monday in Home Engagement

Wrestling teams of State College won a double victory over Carolina Monday, January 16, the varsity grapplers winning 18-14, and the yearlings 25-13.

Summary of varsity events: 115—Hussey, Carolina, won over Morrah. Time: 3:33.

125—Mathewson, Carolina, won over Kerr. Time: 6:10.

135—Bell, State, won over Davis by fall. Time: 2:03.

145—Fortune, State, won over Hiller. Time: 2:45.

155—Conklin, Carolina, won over McLaurin. Time: 4:21.

165—Bernhardt, State, won over Spell by fall. Time: 3:22.

175—Idol, Carolina, won over Croomb by fall. Time: 3:25.

Unlimited—Clevenger, State, won over Auman by fall. Time: 3:20.

Referee: May (Duke).

Summary of freshmen events: 115—Ramsour, State, won over forfeit.

125—Snowden, Carolina, won over Thornton. Time: 4:08.

135—Dyre, State, won over Holman by fall. Time: 2:06.

145—Miller, Carolina, won over Loyd, by fall. Time: 1:39.

155—Davis, State, won over Holland by fall. Time: 8:50.

165—Shipman, Carolina, won over Whitehead by fall. Time: 1:04.

175—Margolis, State, won over Ransom by fall. Time: 8:06.

Unlimited—Cooper, State, won over Leonard by fall. Time: 2:03.

Referee: May (Duke).

Representative Pleased

Dr. Arthur J. Wilson and Dr. Ray R. Sermon, N. C. State's representatives at the Southern Conference meeting held in Richmond last week, were very much pleased with the results obtained at the meeting. Dr. Sermon said if the Conference enforces the measures adopted, this section would see some of the cleanest athletics in the nation.

Expensive Sleep  
The Cornell Newspaper says that students who fall asleep in the library at Swarthmore College are given warnings, after three of which they are fined.

## Big Five Standing

	W.	L.	Pct.
Duke	3	0	1.000
Carolina	2	0	1.000
State	0	1	.000
Davidson	0	2	.000
Wake Forest	0	3	.000

## TERRORS DIVIDE LAST TWO TILTS

State Whips V. P. I. and Loses To Carolina; Freshmen Remain Undeclared

In their bid for Southern Conference honors Doc Sermon's Red Terrors broke even by defeating Virginia Polytechnic Institute 46-18 on January 14, and losing to the University of North Carolina, 32-23, on January 18.

In the V. P. I. game Johnson, Jay, Capt. Beaghen, Clark and Nelms started for State and exhibited beautiful pass-work to run up the score. Rex and Johnson led the scorers with ten points each, but all the way through team-work featured State's offensive.

Capt. Hall started for the visitors but were never able to get together to score with consistency. Guarding of Clark, Nelms, Rex, McQuage, and Beaghen was too much for them.

The Carolina-State game marked State's first appearance in Big Five circles and it was an unsuccessful one. Scoring laurels for the Tar Heels went to Hines and Waters, both All-Southern forwards, with ten points each. Honors for State went to Partel and Johnson with six points each.

Coach Bob Warren's freshmen scored two more decisive victories, remaining undefeated for the season. In games this year the yearlings have averaged about 45 points a game.

The Techlets defeated Mount Pleasant Collegiate Institute on Saturday, January 14, 51-24. Hockfield captured scoring honors with 16 points to his credit.

The small Terrors defeated the University of North Carolina freshmen, 33-32, at the Tin Can in Chapel Hill, Wednesday, January 18. Zor's work under the basket and Womble's floor work featured for State, while Aycock led the scorers with 11 points. McCachren and Nelson starred for Carolina.

## WHITE SPADES DISCUSSES PLEDGING OF NEW MEN

Fraternity Makes Plans for Dance, Date Tentative, at Wednesday Meeting

White Spades, local social honorary fraternity, made plans for a dance, the date tentative, at a meeting Wednesday night.

The pledging of new members was also discussed and final action will be taken at a meeting of the society Tuesday night.

Officers of the society are: Mark Boone, Sigma Phi Epsilon, president; J. D. Lamm, Theta Kappa Nu, vice president; and Blain Chapman, Kappa Sigma, secretary.

Members of the fraternity are: Walter Jones, Charles Ridgell, Graham Stevens, G. Bradshaw, Irving Williams, Joe Hughes, Mark Boone, W. Hanks, Fred Southerland, J. D. Lamm, Locke Webb, Harry Hoaglin, and Blain Chapman.

The initiation committee is composed of Locke Webb, Fred Southerland, and Joseph Bufort Hughes.

Action Denied

Dr. Ray R. Sermon, athletic director at N. C. State, speaking before the Southern Conference meeting in Richmond last week, said he would like to see the Conference basketball tournament held annually in Raleigh, but advised that no action be taken until the success of the tournament to be held there this winter be known. As a result of his suggestion, the Conference selected no site for 1933.

## SWIMMERS MEET DUKE IN DURHAM

Seven Letter Men of Last Year's Team Back for Coach Moore's Outfit

Seven letter men of last winter's team will lead State's 1933 swimmers against Duke University Saturday night in Durham at 7 o'clock.

Nine events will be run off in the Duke tank with most excitement expected in the 400-yard relay and fancy diving events.

Swimming is just two years old at State, but last year, the team won all of its dual meets. In the state meet at Durham, the Tech swimmers placed second to Duke, and later in a dual engagement with the Blue Devils more than doubled their opponents score.

State's team is coached by Joe Moore who has built his team around the following seven letter men: Wynant Moorman, Clifton, N. J.; William Shepherd, Portsmouth, Va.; F. A. Carter, Cornelius; Henry Dinkelspiel, Memphis, Tenn.; Roger Bagby, Winston-Salem; Jack Stonebanks, Raleigh; and Johnny Shinn, Raleigh. New members are: W. M. Robey, Charlotte; F. W. Peiffer, Wilmington; Jimmy Poyner, Raleigh; R. D. Whittemarch, Black Mountain, and H. E. Thomason, Salisbury.

In addition to Duke, State expects to face the following tank teams this winter: January 28, Norfolk Swimming Club at Norfolk (tentative); February 4, William and Mary at Williamsburg; February 11, Washington and Lee at Raleigh (tentative); February 18, Duke at Raleigh. State will also take part in the state and Southern Conference meets.

The list of events and State's entries tomorrow night are:

## Captain

CHARLIE GARNER

The Southern Conference welter-weight champion who will lead the varsity fighters against Duke Saturday night at Durham. Capt. Charlie, a junior, was defeated only once in college circles and last week got revenge for that defeat by whipping Capt. Pounder of Washington and Lee.

400-yard relay: Moorman, Shepherd, Carter and Dinkelspiel.  
200-yard breast stroke: Robey and Peiffer.

(Please turn to page four)

## WINTER PROGRAM GETS UNDER WAY

Competition Starts in Basketball With Handball and Boxing To Start Soon

A large intramural program covering basketball, handball, and boxing began last week with first-round basketball games.

Two games have already been played in the fraternity group. On January 17, Delta Sigma Phi defeated Alpha Lambda Tau, while Phi Kappa Tau lashed Theta Kappa Nu. Delta Sigma Phi faces Phi Kappa Tau on January 31 at 8 o'clock, in the quarter-finals. In the fraternity handball league, Sigma Nu defeated Theta Kappa Nu on January 17, while Alpha Gamma Rho defeated Kappa Alpha on the same day. Alpha Gamma Rho plays Sigma Nu on January 31.

Boxing Tournament  
The first preliminary rounds are scheduled for February 3 at 7 p.m. and the second preliminary round for February 10 at 7 p.m.

Varsity and freshman squads are not eligible for this competition. Large ten ounce gloves will be used.

Preliminary rounds will be two one minute rounds and the finals will be three one minute rounds.

Inter-Class League  
For those rooming off the campus, Mr. Miller has organized a league in each of the four classes.

## FIFTEEN RECEIVE BIDS TO CONTRACTORS' CLUB

Bids to the Associated General Contractors have been sent to fifteen students in the Civil Engineering school it was announced by I. L. Herring, president of the State College chapter. The initiation of those accepting will be held Tuesday night.

## BOXERS TO MEET CAROLINA TEAM SATURDAY NIGHT

## Band to Play

State College band will furnish music at the State-Duke basketball game tonight. The band is under the direction of Major F. W. "Daddy" Price and is composed of some 60 pieces. It will be the band's first appearance at a basketball game.

## STATE RIFLE TEAM WINS FIRST MAIL ENGAGEMENT

P. E. Stone High Scorer in Victory Over Presbyterian College Marksman

N. C. State Varsity rifle team defeated Presbyterian rifle team by a score of 3548-3469 in the first of a number of such events scheduled for this year.

The match consisted of ten men firing ten shots in each of the four positions; prone, sitting, kneeling, and standing.

High scorer for State was P. E. Stone, who shot a score of 371. Whitehead, captain of the team, was second with the score 368.

The next postal match is with Dayton University.

## For Night Owls

A series of "Dawn Dances" was held at the University of Alabama for the benefit of those students who study late. The dances ran six to eight a.m.

Bouts at Chapel Hill Will be First Between Greater University Fighters

## SCRAPPERS ENGAGE DUKE IN DURHAM ON TUESDAY

Coach Beatty's Teams Have Two Major Tests in Next Week; Fabri and Dunaway Undeclared So Far; Frosh Scrappers to Provide Eye-openers for Both Matches; Baby Tar Heels Will Be First Opponents for Freshman Pugilists

For the first time in history, the varsity and freshman boxing teams of the Greater University of North Carolina meet each other on Saturday night, January 21 in the Tin Can at Chapel Hill.

Carolina has had boxing for some years, but the sport is only three years old at State. Until this winter, athletic officials of State College have been unable to book a match with the Tar Heels.

Coach Bill Beatty's varsity and freshman fighters make their third appearance in the ring Tuesday night, January 24 when they face the Duke University fighters at Durham.

Two fighters on the varsity, Jack Fabri and Bill Dunaway, have yet to be defeated in college circles. They won all of their fights as freshmen boxers last year. Fabri, the fighting Italian (Please turn to page four)

HOUDINI'S MILK CAN ESCAPE

ILLUSION:  
One of Houdini's most spectacular escape feats was performed with a huge milk can filled with water. He invited persons of the audience to bring padlocks and lock him into the can. He got into the can, the lid was put on and fastened with several padlocks. A screen was placed in front of the can. Assistants stood by with stop watches and fire axes to save him from drowning after a certain time. About a minute later, the screen was removed, Houdini was seen panting and dripping...the padlocks remaining intact!

EXPLANATION:  
The usual method of escaping from a milk can is as follows: The lid of the can is apparently securely padlocked to the lower portion, but actually the metal band to which the staples are attached is the top of a short inner lining. The performer, after being locked into the can, pushes the lid upward with his head and the short inner lining is forced out of place, permitting his escape. The screen is then removed.

What exciting magic there is in cigarette advertising!  
Let's look at one of its greatest illusions...that cigarettes can be mysteriously given superior "FLAVOR."

THE EXPLANATION: Just three factors control the flavor of a cigarette. The addition of artificial flavoring...the blending of various tobaccos...and the quality of the tobaccos themselves. Quality is the most important. Artificial flavoring can never wholly disguise the poor flavor of cheap tobaccos.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

This is why the Camel flavor has never been rivaled...why Camels have given more pleasure to more people than any other cigarette ever made.

In more costly tobaccos lies the secret of Camels' delicate "bouquet"...of their rich, cool flavor...of their non-irritating mildness. It's the tobacco that counts.

All the natural goodness of Camel's tobacco is kept fresh and rich for you by the air-tight, welded Humidor Pack. Don't remove it. Its moisture-proof cellophane also protects your Camels from dust and germs. Put a pack in your pocket today.

NO TRICKS  
..JUST COSTLIER TOBACCOS  
IN A MATCHLESS BLEND

CAMELS

... SOCIETY ...

Pi Kappa Phi

Tau Chapter of Pi Kappa Phi entertained their friends with a delightful dance at their home on Hillsboro Street Friday night.

Members from other fraternities were present. Punch and cakes were served to the guests attending.

Chaperones for the dance were Dean and Mrs. E. L. Cloyd, and Mr. and Mrs. E. M. Shirley.

Guests of the fraternity members were: Misses Edith Beth Farmer; Nell Joslin, Julia Drake, Jane Mayer, Pickett Kendall, Florence Hughes, Agnes Covington, Mary Nell Cummings, Dorothy Furr, Mary Helen Stewart, Beatrice Cotner, Eleanor Layfield, Elizabeth Layfield, Janette Tucker, Corinne East, Margaret Underwood, and Virginia Reinholmer.

Other young ladies present with their escorts were Cary Petty, Holly Covington, Tiah Mason, Anderson York, Mabel York, Vera Johnson, Mary Lou Coffey, Mary Frances Stronach, Sis. Levine, Mary Ellen Lawrence, Clara Margaret Grantham, Ray McKinney, Edith Bagby, Nancy Cox, Martha Ruth Kendall, Dot Evans, Fay Allen, Lib Dunn, Clarice Mitchell, Sheldon Shaw, Emily Storr, Dell Foley, Nell Hay, Caroline Tucker, Lib Gerow and Eloise Furr.

Delta Sigma Phi

Members of the Delta Sigma Phi entertained a large number of friends at their home on Hillsboro Street last Friday evening. Dancing was enjoyed throughout the evening.

Chaperones were the fraternity mother, Mrs. W. L. Fisher and Mrs. S. B. Brockwell.

Young ladies attending with their dates were: Miss Irene Little, Miss Muriel Blackwood, Miss Elizabeth Gerow, Miss Dorothy Jean Conrad, Miss Corinna Gant, Miss Frances Hill Norris, Miss Garnett Elghime, Miss Virgiline Griffin, Miss Martha Collins, Miss Eloise Carawan, Miss Louise Kennedy, Miss Mary Frances Stronach, Miss Margaret Honeycutt, Prof. and Mrs. Fred Haig, Miss Sarah Crabtree, Miss Katherine Thelm, and Dr. W. W. Rankin.

Alpha Kappa Phi

The Xi chapter of Alpha Kappa Phi Fraternity entertained at an informal house dance at their residence on Ferrand Lane on the evening of January 14.

The chapter having occupied the new residence only a few weeks, gave the dance in form of a house warming.

Refreshments were served during the evening. The young ladies present were: Misses Frances White, Martha Lane Bradley, Josephine Clark, Carolyn Rackliffe, Laura Gill, Margaret Honeycutt, Jean Edgerton, Lillian Covington, Mildred Pittman, Elizabeth Colwell, Mary McMurray, Dorothy Stevens, Hilda Fuller, Kathryn Pittman, Elizabeth Edgerton, Dorothy Jones, Hazel Beacham, Marcella Coates, Anne Delatite, and Mary Wrenn, all of Raleigh.

Phi Epsilon

Phi Epsilon, local sorority, will entertain Monday night at the home of Mrs. E. C. Moon with a dance and party in honor of new members recently initiated.

A novel box supper and other entertainment is planned.

Smoker

The members of Delta Sigma entertained with a smoker at their home on Hillsboro Street last night. Among those present besides members of the fraternity were the following guests: W. C. Furr, L. R. Burgess, A. M. Stroud, Mayer McMillan, J. R. Womble and G. W. Ford.

Sigma Pi

Rho chapter of Sigma Pi entertained at a house dance on Clarke Avenue Thursday evening. Refreshments were served during the evening.

Announcements

A meeting of the Aeronautical Society of State College will be held on Thursday, January 26. An interesting program will be arranged for that meeting.

All Forestry students are urged to be present at a special meeting of the Forestry club tonight at 6:30. Plans will be made at this time for a future outing of the club.

All candidates for the tennis team are requested to meet at the Alpha Kappa Phi House, 6 Ferrand Lane, Wednesday at 6:45 p.m.

There will be meeting of the Phi Psi Fraternity Tuesday, January 24, at 6:30.

There will be an important meeting of the Tompkins Textile Society Tuesday night at 6:30 for the purpose of electing officers for the Textile Exhibition.

Gamma Sigma Epsilon, chemical fraternity, will meet Tuesday, January 24, in the Chemistry Building.

All men interested in water polo report to the swimming pool at the gymnasium any afternoon after 4 p.m.

There will be no meeting of the Radio Club tonight.

All self-help students interested in working during spare time, see me any day soon at 1:15, at 1922 Hillsboro St.

Pictures of members of the Engineers' Council will be taken Wednesday at 1:30 in front of the gym.

What About Gentlemen At Wittenberg University three blonde co-eds debated with three dark-haired girls from the institution on the subject that brunettes were more intelligent than blondes.

Palace Theatre

The movie-going public is given material for speculation over the problem of who gives the best performance in the star-studded cast of "Three on a Match," the picture which plays at the Palace Theatre Monday and Tuesday.

A lively comedy-drama that exposes the ballyhoo racket and which is alive with personality, "The Half-Naked Truth," which plays at the Palace Theatre Wednesday and Thursday.

Capitol Theatre

Every element of the conventional murder mystery story was considered by the authors in writing Radio Pictures' broadcast special, "The Phantom of Crestwood," coming to the Capitol Theatre Monday and Tuesday.

RECORD BREAKING

is still in vogue—if your music is not up with the times.

YOUR HOUSE DANCE

will be much more appreciated and talked about—if you keep modern with our NEW dance records.

DUFF-GORE

418 Fayetteville Street PHONE 3151

In "Alias the Doctor," which plays at the Capital Theatre Wednesday and Thursday, Richard Barthelme comes with what may be ranked as his finest portrayal.

State Theatre

"Madame Butterfly," one of the most treasured romances of all time, now done into a motion picture, comes to the State Theatre on Monday and Tuesday, with a cast headed by Sylvia Sidney, Cary Grant, Charlie Ruggles, Irving Pichel and Helen Jerome Eddy.

Daring beyond anything yet achieved in the history of motion pictures is Metro-Goldwyn-Mayer's amazing production of Eugene O'Neill's internationally famous drama, "Strange Interlude," showing at the State Theatre for four days beginning Wednesday.

Wake Theatre Monday and Tuesday "Seed," a challenge to women in love, featuring John Boles and Genevieve Tobin, will be offered at the Wake Theatre.

Wednesday "Peach O' Reno," with the screen's greatest laugh clowns, Bert Wheeler and Robert Woolsey, will be the main attraction, together with a Gallagher and Clyde comedy.

Thursday and Friday "After Tomorrow," a life-like story of love will be presented to theatre.

Fancy diving: Shinn and Poyner. 220-yard free style: Moorman and Dinkelspiel. 300-yard medley relay: Robey, Whitemarsh and Thomason.

BOXERS TO MEET CAROLINA TEAM SATURDAY NIGHT

(Continued from page three) from Taylorville, Illinois, is considered by many as one of the best fighters in the South in the 165 pound class. Bill Dunaway, another sophomore, is a crafty fighter who slings the leather in the newly formed 155 pound class. Dunaway set a number of records as a freshman and began his varsity career by defeating Capt. in Pound of Washington and Lee. Pound was the only man to last more than one round with Dunaway.

Another crafty fighter is Captain Charlie Garner, Southern Conference welterweight champion. Garner has been defeated but once in the ring and last week got revenge by defeating Mincher of Washington and Lee, the same man who beat him last year.

The State varsity fighters and their probable opponents are: 118-Billsly vs. Glover, Carolina. 125-Saul vs. Turner, Carolina. 135-Rhine vs. Quarles, Carolina. 145-Capt. Garner vs. Macintosh, Carolina. 155-Dunaway vs. Burke, Carolina. 165-Fabri vs. Diddens, Carolina. 175-Hull vs. Brown, Carolina. Unlimited-Stephens vs. Landis, Carolina.

The freshman team of both schools will appear before the varsity puts on their scrap. The State freshmen open their schedule against the baby Tar Heels and appear to be in good shape. In scrimmages against the varsity they showed they can take punishment as well as give it.

Coch Bill Beatty will probably start the following men: 118-Howard White; 125-Beddoes; 135-Peacock; 145-Hudson; 155-Landis; 165-Stain or Glasberg; 175-Brinson or Culter; Unlimited-Fox

Too Much Work Wakeley girls have decided not to speak to one another when meeting on the campus. They say that greeting the same persons several times a day is tiring.

Lost and Found

"I'm working and Smoking overtime..."

hence a Milder Cigarette

"WHEN I work hard, I usually smoke more; and when I smoke more, I usually work harder—and that's why I want a cigarette that's milder." We use in Chesterfield Cigarettes mild, ripe Domestic and Turkish tobaccos which have been aged and re-aged. These good tobaccos in Chesterfield are used in the right proportions—that's a very important matter. These good tobaccos in Chesterfield are blended and cross-blended—welded together; that, too, helps to make a milder cigarette with better taste.

THEY'RE MILDER—THEY TASTE BETTER
