## STATE EMPLOYEES GET SALARY CUT FOR THIRD TERM

### Assembly Reduces Wages of All State Employees Tuesday in Economy Move

#### SLASH OF 25 PER CENT TO GO INTO EFFECT NOW

Some Laborers of College Receive Full 25 Per Cent Cut, With Those Receiving a Smaller Slash; Few Are Retained at Old Wage; Employees Receiving Weekly Wages Feel Effect at Once

All State College salaried employees will receive a 25 per cent cut in pay, as a consequence of slashes made by the North Carolina General Assembly, and put into effect Tuesday.

When asked to give figures on the new 25 per cent wage cut, regarding its effect on State College employees, A. F. Bowen, treasurer of State College, said, "All State College employees will receive a 25 per cent cut in salaries and wages. At present all employees are on a 22 per cent basis under the 1929-1930 level. This additional 25 per cent cut, however, will be only for the spring semester, which is the equivalent of about 6 1/2 per cent for the year.

"The laborers in the employ of the college were cut approximately 25 per cent. Those on a very low wage were cut less; a few were retained at the old wage. These are paid on a weekly basis and the cuts will go into effect on their next pay check. The faculty and officers are paid on a monthly basis and their checks for April, not yet received, will carry the 25 per cent cut.

## CERAMICS SOCIETY NAMES OFFICERS TUESDAY NIGHT

### W. R. McLean Elected President At Meeting in Ceramics Building

The State College student branch of the American Ceramic Society held a meeting Tuesday night in the Ceramics Building and elected officers for the coming school year.

The following officers were elected: president, W. R. McLean; vice president, C. H. Armfield; secretary and reporter, J. B. Sauls; treasurer, H. M. Imberger; members-at-large on the Engineers' Council, R. Barnes Worth; alternate on the council, R. A. Burch. Prof. A. F. Greaves-Walker, counselor for the society, thanked members for the cooperation shown in winning the Raleigh Times cup for the best exhibit.

## FIVE STUDENT LEADERS ATTEND MEETING MAY 5

### Men to Go to Meeting of North Carolina Student Federation in Chapel Hill

Five student government men will attend the annual meeting of the North Carolina Student Federation to be held in Chapel Hill May 5 and 6. Those who will go to the meeting are: Carlton Anderson, W. P. Karter, Bill Barker, George Culbertson, Marshall Gardner.

Talks will be given on the honor system and on student government.

## FRESHMEN WILL SELECT COUNCIL MEMBERS TODAY

The Student Council met Wednesday night at 7:30 in Holladay Hall, and discussed plans for the coming year.

Freshmen will elect council members at their regular meeting in Pullen Hall today.

On May 11, a banquet will be held for old and new members of the council, and on Friday, May 12, new officers will be installed.

## CO-EDS TO NAME OFFICERS AT ELECTION ON MAY 3

Primary elections for members to the Co-eds Student Council will be held on Wednesday, May 3, in the library.

The following major officers are to be voted on: For president and vice president, Marguerite York, Edna Mae Halverson, Mildred Pittman, and Katherine Williams.

For secretary and treasurer, Ruth McCullers, Christine Shepherd, Louise Richard, and Hilda Fuller.

## Seriously Ill

LT. COL. C. C. EARLY  
Lt. Col. Early, commandant of the R. O. T. C. at State College from 1924 to 1930, who is seriously ill at the Walter Reed Soldiers' Hospital in Washington.

## COLONEL EARLY SERIOUSLY ILL

### Former State College Officer Confined in Walter Reed Hospital, Washington

Col. Clifford C. Early, who is said to have done more for the advancement of military training at State College than any other leader of the R. O. T. C. at State College has been seriously ill with Malta fever in Walter Reed Hospital, in Washington, D. C., for over a year.

Colonel Early was in charge of the military department from the fall of 1924 until 1930.

Col. Bruce Magruder, present commandant of the R. O. T. C. unit, who recently visited Early in Washington, spoke highly of him. He said, "It was during Colonel Early's stay at State that the regiment made and maintained its 'Excellent' rating with the War Department. Its present standing is therefore due in large measure to his untiring efforts and his pleasant personality, which led to the development of a loyal spirit among members of the regiment."

During the time that Colonel Early was in charge of the military unit at State he was an active member of a large number of campus organizations. He and Mrs. Early sponsored lawn parties for the entire regiment each spring. Last year the rifle range south of the school was named after the Colonel.

## STONE NAMED PRESIDENT OF CHEMICAL ENGINEERS

### W. E. Braswell, C. F. Lane, W. H. Ayscue, and J. H. Warren Are Other Officers

P. E. Stone was elected president of the State Chapter of the American Institute of Chemical Engineers, at its meeting Monday.

Other officers that were elected are: W. E. Braswell, vice president; secretary, C. F. Lane; treasurer, W. H. Ayscue; and recorder, J. H. Warren.

Professor White of the chemical engineering school at the University of North Carolina will visit the society on Tuesday, May 2. The new officers will officiate at this meeting and all members are being urged to attend.

## NINE MILITARY STUDENTS RECEIVE THEATRE PASSES

Nine R. O. T. C. students have been awarded a month's pass to a Public-Knee Theatre of Raleigh by W. G. Enloe, local manager, for winning in the annual drill competitions.

Those receiving the passes are: J. T. Stanko, who was judged the most military corporal; W. E. Davis, Wm. Boyd, P. B. Bowen, R. C. Carter, M. W. Gardner, J. W. Thompson, R. L. Poovey, and J. S. Crawford, who were non-commissioned officers of the winning platoon.

The custom of awarding these prizes has been observed by Mr. Enloe for a number of years.

## MEREDITH ENTERTAINS SOPHOMORES TOMORROW

The sophomore class of Meredith College will entertain the members of the State College sophomore class at a party to be given at Meredith Saturday night. Tickets are being distributed by Allen Bailey, president of the State College sophomore class.

## JUNIORS SELECT CLASS OFFICERS FOR NEXT YEAR

### Walter Jones of Fayetteville Elected as Next President Of Rising Seniors

## SEVEN JUNIORS ENTER RACE FOR PRESIDENCY

Norman York, Greensboro, Named As Vice President; Locke Webb Of Mount Airy Elected to Secretary-treasurer Position; Lloyd Moore of Wilmington Selected by Class As Head Cheer Leader; Elections Held Wednesday Noon

Juniors Wednesday elected Walter Jones of Fayetteville president of the rising senior class.

Other officers elected were: Norman York of Greensboro, vice president; Locke Webb of Mount Airy, secretary-treasurer; and Lloyd Moore of Wilmington, head cheer leader.

There were seven candidates in the race for presidency of the class. Juniors nominated were: Walter Jones, Bob McQuage, Norman York, Charlie Garner, Sam Hagerman, James Stingley, and Buck Newcomb. Jones and Webb received the largest vote, and the race was run off between these two, Jones winning.

In the contest for vice president, Norman York, R. H. Worthington, Dave Bohannon, J. D. Swain, Charlie Garner and Sam Hagerman were candidates. Bohannon and York were high men and the contest was run off between them, York receiving the majority.

For secretary-treasurer of the class, G. V. Foster, Sam Hagerman, and Locke Webb were offered as candidates, with Webb winning over Hagerman in a run-off between the two high men.

Lloyd Moore was unopposed for head cheer leader. J. F. Dunn was nominated for the position, but was ruled out by a vote of the class, since he was a sophomore.

## GRAHAM SPEAKS TO HONOR GROUP

### Phi Kappa Phi Initiates President Of Greater University Wednesday Night

Dr. Frank Graham, president of the Greater University of North Carolina, was one of a group of faculty members and students initiated into Phi Kappa Phi, national honorary fraternity, at a meeting held Wednesday night in the Y. M. C. A.

Dr. Graham spoke to members at the meeting on "The Relation of Phi Kappa Phi to the Student and Teacher."

Seventeen students and faculty members were initiated into the Phi Kappa Phi fraternity at a supper held previous to the public talk.

The following men were taken in: Dr. Frank P. Graham; R. E. L. Yates, Professor of Mathematics; R. F. Poole, Professor of Plant Pathology; and C. M. Heck, Professor of Physics.

Graduate students accepted were: C. H. Drye, C. O. E. R. E. L. Green, Raleigh; A. C. Hayes, Asheville; and Wesley Wallace, Raleigh.

Students taken in were: L. F. Yost, Raleigh; B. F. Crumpler, Salem; A. J. Setzer, Erlanger; W. E. Lynch, Snow Hill; C. T. Anderson, Jr., Norfolk, Va.; Miss Frances L. Gray, Raleigh; M. H. Radl, Cairo, Egypt; H. D. Crow, Raleigh; and C. M. Smith, Jr.

## War

John Stanko proved to be an excellent pacifier during a sham battle which took place on the Freshman Field Tuesday.

Military maneuvers being presented as a part of the annual inspection of the State College regiment grew boresome for Stanko, and seeing two children "Bissy" and Carl, playing in front of the bleachers, he went down and broke in on their play.

The spirit of the hour suddenly affected the children, and Carl began to throw sticks and stones at "Bissy."

Stanko, seeing that trouble was brewing, turned to "Bissy" and said, "Bissy, don't you throw any more rocks at your brother." Carl, surprised, ceased firing. Thus a little tactfulness avoided a counter-attack.

## Textile Dean

DEAN THOMAS NELSON  
Dean Thomas Nelson of the Textile School, who stated yesterday that he thought the exposition this year was one of the best ever staged, and expressed belief that visitors found it more interesting than ever before.

## DAVIDS INSPECTS MILITARY CORPS

### Col. Davids Expresses Himself as Well Pleased With Showing of Regiment

The annual proficiency tests of the State College R. O. T. C. corps was completed yesterday by Col. H. G. Davids at a parade in honor of the Textile Exposition, after which the regiment was inspected.

The inspection started Monday, when the battalions were inspected while drilling, and on Tuesday he observed the regiment demonstrate combat principles.

Col. Davids expressed himself as "well pleased with the showing of the regiment." The official rating will be sent out at a future date from the Fourth Corps headquarters in Atlanta.

This is the fourth year that Colonel Davids has inspected the State College regiment.

In the past years the regiment has been judged "excellent" and allowed the privilege to wear the blue stars on their sleeves that signify their excellent rating. It is thought that the regiment will be judged excellent again this year.

The State College corps has been using the new simplified drill this year, and they have been under observation to determine the usefulness of this type of drill.

Lt. Col. Bruce Magruder also stated "that he was pleased with the showing of the regiment during the inspection."

## BERNSTEIN GIVES TALK IN Y. M. C. A. WEDNESDAY

### Economics Professor Discusses Distribution of Wealth in Our Society

"What Determines the Distribution of Wealth in Our Society," was the subject of a talk given by Dr. E. M. Bernstein, professor of economics at State College, in the Y. M. C. A. Wednesday night.

Dr. Bernstein pointed out the contrast between the ancient guild system of manufacturing, where employer and employee lived and worked together, and our present factory system, which is void of contact.

"Our economic world is not realized today unless we are able to prepare ourselves and have sufficient influence to aid us in advancing," said the speaker.

"The elimination of economic rent and the speculation, and an overhauling of our economic and social system to provide ample opportunities for all to earn what they are economically worth, would better our present conditions," he said.

## EDDIE POOLE TO PLAY FOR WASHINGTON PROM

Eddie Poole and his College Club Orchestra left this morning for George Washington University, where he will play for the University Panhellenic Prom at the Shoreham Hotel tonight.

The College Club Orchestra is composed of fifteen pieces and a "torch singer."

## COLLEGE WOMEN EXHIBIT DRESSES AT TEXTILE FAIR

## Petie Recovers

"Petie" has recovered. For the past week he has been ill and confined to his room. He has been under the care of the Infirmary staff and a Raleigh physician, and numerous cures have been used to aid him in his convalescence.

Now that he has recovered he has begun to once more roam about the campus.

"Petie" is the pet dog of Arnold Peterson.

## BILL NEW CHOSEN AS NEXT ST. PAT

### Engineers Name Council Members for 1933-34 at Banquet Held Last Night

Bill New of the Civil Engineering school was last night elected president of the 1933-34 Engineers' Council at a banquet held at the Carolina Hotel. The position automatically makes New St. Patrick.

Other officers elected were: Phil Stone of the Chemical Engineering school, vice-president, N. M. York of the Electrical Engineering school, secretary, and W. E. Kistler of the Mechanical Engineering school, treasurer.

Faculty advisers named were: C. S. Grove, J. S. Whitener, A. F. Greaves-Walker, Ross Shumaker, and R. S. Fournaker.

Dr. Frank Graham, president of the Greater University of North Carolina, gave a talk in which he expressed his appreciation of the work done by the Engineers' Council during the annual Fair held the first of the month. He was presented with a vase by the Council for his interest shown during the Fair. The vase was made in the Ceramic department of the college. Dean Riddick of the Engineering School welcomed the new council members.

The new council members are: N. M. York and Bill Boyd, Electrical Engineering; Bill New and Bob Smith, Civil Engineering; W. E. Braswell and Phil Stone, Chemical Engineering; Robert Ruffner and C. E. Jones, Architectural Engineering; and E. J. Gravelly and Dave Whitehead, Mechanical Engineering.

Retiring Council officers are: George Grimes, president; L. M. Knott, vice president; R. H. Ruffner, secretary; and Dave Whitehead, treasurer.

Retiring Council members are: L. G. Atkinson and C. M. Smith, Electrical Engineering; George Grimes, and John Isenhour, Ceramic Engineering; L. D. Murphy and I. L. Herring, Civil Engineering; L. A. Moss and L. M. Knott, Chemical Engineering; J. D. Swain and Robert Ruffner, Architectural Engineering; and E. J. Gravelly and Dave Whitehead, Mechanical Engineering.

Retiring Council officers are: George Grimes, president; L. M. Knott, vice president; R. H. Ruffner, secretary; and Dave Whitehead, treasurer.

## DR. CHARLES SMITH TALKS TO RELATIONS SOCIETY

### Dr. Smith Gives Outline of Problems Confronting Leading Nations Today

Dr. Charles Lee Smith, who received his degree from Wake Forest in 1884 and later his Ph.D. from Johns Hopkins, gave a survey of conditions of the world today at the regular bi-weekly meeting of the International Relations Club last night at the Y. M. C. A.

Dr. Smith gave a brief outline of the problems confronting the leading nations of Europe and of the drastic situation facing the United States today.

President Frank Buebee, who attended the conference of I. R. C. Clubs held at Atlanta last week, gave a brief outline of the nature of the program. Mr. Buebee is vice president of the Southern group and gave the response to the welcoming speech.

## FORMER EDITOR COVERS PROCEEDINGS IN SENATE

Louis "Hop" Wilson, editor of the 1931-32 Technician, prize winning college newspaper in the North Carolina Collegiate Press Association contest held last year, is at present covering the proceedings in the North Carolina Senate for the United Press.

## Large Crowd Attends Sixth Annual Textile Exposition Held Here Yesterday

## MEREDITH STUDENT WINS PRIZE FOR BEST DRESS

### Girls From Seven North Carolina Colleges Participate in Style Show Held in Pullen Hall Before Overflow Crowd; Judge Herriot Clarkson Speaks on Cotton Manufacturing in State; Visitors See Workings of Textile School

By E. S. KNIGHT

The sixth annual Student Textile Exposition, featuring a style show in which 78 girls from different colleges in North Carolina participated and the working of the textile school, was held yesterday. Various estimates placed the attendance at over 1000.

The highlight of the Exposition was the style show held in the afternoon in Pullen Hall. Girls representing Louisville, Catawba, East Carolina Teachers' College, Meredith, Elon, Flora Macdonald, and St. Mary's exhibited dresses and pajamas made by them from fabrics which were designed and woven by the students of the Textile School. The grand prize, offered for the best dress, was won by Mary Alice Treadwell of Meredith College.

Other prizes awarded for the best dresses in each school were: Meredith College, first prize, Bee Cotner; second prize, Helen F. Parker; third prize, Winnie Russell; fourth prize, Elizabeth Jacobs; and fifth prize, Lillian Jean Uher.

Louisville College, first prize, Betty Cooper; second prize, Minnie Russell; third prize, Winnie Russell; fourth prize, Iola Lewis; and fifth prize, Myrtle Mitchell.

E. C. T. C. first prize, Clara Freeman; second prize, Christine Nelson; third prize, Hilda Barnhill; fourth prize, Rachel Stone; and Evelyn Smith, fifth prize.

Flora Macdonald College, first prize, Elnora Thompson; second prize, Margaret Wolfe; third prize, Ruby Smith; fourth prize, Ruth Faires; and fifth prize, Elma V. Freeman.

Catawba College, first prize, Eleanor Fowler; second prize, Mildred Arey; and third prize, S. Katherine Yoder.

Elon College, first prize, Virginia Iseley; second prize, Isabelle Dunn; and Hazel Farmer.

Pence Junior College, first prize, Sarah Lynch; and second prize, Abby Foy.

St. Mary's School, first prize, Margaret E. Mikell; and second prize, Annie Smedes Vass.

An overflow crowd attended the show in Pullen Hall. Music was furnished by "Daddy" Price and his Jazz Band. Judge Herriot Clarkson of the North Carolina Supreme Court spoke on the advantages and the possibilities of the cotton industry in North Carolina, stating that this state now leads all other states in the number of spindle hours, having recently passed Massachusetts, formerly the largest textile state.

After the style show, visitors were shown around the textile building, where they saw how each successive step in the manufacture of fabrics and hosiery was carried out. The yarn department exhibited how raw cotton is transformed into thread. This thread is then dyed in the dying department, and from there taken to the looms where it is woven into cloth.

The Exposition is one of the best, if not the best, that has ever been staged by the textile school.

## KISTLER ELECTED HEAD OF MECHANICAL SOCIETY

### Meroney Named Vice-Chairman; Raber, Secretary, and McCarn, Treasurer

W. E. Kistler was elected president of the State student chapter of the American Society of Mechanical Engineers Tuesday night.

Other officers elected were: Raymond Meroney, vice chairman; T. J. Raber, secretary; E. S. McCarn, treasurer; J. L. Smith, reporter; and Prof. F. B. Turner, honorary chairman.

Retiring officers are: E. J. Gravelly, chairman; Glenn Nye, vice chairman; Luther Yost, secretary; Frank Lull, treasurer; and E. B. Crutchfield, reporter.

Sophomores eligible for membership into the society were voted upon after the election. A smoker will be given for these men Tuesday night.

## THE HONOR SYSTEM

A meeting at which twelve of the most prominent students on the campus discuss facts and problems relative to students' actions, always presents difficulties which, if ironed out, make toward the betterment in general of those wrong mannerisms which characterize the school life of college men.

At a meeting of Golden Chain, last week, the time-honored subject of "The Honor System" was again raked over the coals. Methods for improvement in the use of this long-profaned and apparently hopeless system for education were brought up, and it was concluded that, with student cooperation, the honor system may still be saved from an ignoble death at the hands of a careless few. Conscientious leaders delved into the facts surrounding the misuse of it, and cleaned off the nucleus of honor which is, of course, the basis for its intelligent use, and surrounded it with a nebula of proposed experiments which may permit the system to function as it was meant.

To begin with, the facts as they appeared were taken in a great part from themes written by freshmen in the English department last fall. From statements made in these themes, freshmen are obviously ignorant of the true purport of the word honor, as applied to its use during class hours here. The freshmen in their comments looked at the system as a competition between honorable and dishonorable elements, or a fight between the instructor and the student to see which could outwath the other. They did not seem to realize that as far as being able to carry out the honor system, and giving it a free rein, instructors were located between two fires—they could act as monitors, and report every infraction of the rules brought about by baser elements of the class room, or they could let the students punish themselves by overlooking infractions, and allowing academic standards set up by the college to drop in a direct proportion to the lack of honesty.

It was also brought up at the meeting that a majority of the seniors, after having seen the results arising from the use of the honor system, through their preceding three years in college, attained a cynical attitude toward the functioning of it, and failed to set the proper example in that direction for the underclassmen, giving it up as having failed.

Golden Chain planned that next year a group of seniors who have a presupposed influence upon members of lower classes, will use this influence in working toward the betterment of honor conditions. A suggestion was made at the meeting that the departmental period used every week, usually at Wednesday noon, be given over occasionally to a discussion of the honor system. Seniors will give talks at such times, and the freshmen will be introduced to the purposes and functioning of it. In this way, it is hoped that new slants can be taken at the system, which, if made to influence students as it should will give many a different attitude from that which is often carried from lower grades, and through high school—of competition between teacher and pupil.

Forgetting how badly the honor system has fared in the past, freshmen, sophomores and juniors, this year, should determine at once to give those who enter next year an agreeable insight into a fundamental system of honor, and should begin now to pick up the old broken-down lines which were drawn in the past and mend them, to be put into use as an aid to their own education as well as those young men who will come to State College next year, intent upon the idea of making good as scholars, but perhaps forgetting that habits formed in high school must be changed in many respects.

From discussions among thinking students, all signs point toward efforts to give the honor system a fair trial. Perhaps it will not be long before all can be brought to realize its potentialities.

## MATHEMATICS COURSES

The announcement last week that the mathematics department has rearranged its schedule to conform with those used by a larger part of colleges and universities throughout the United States was welcomed as a constructive step toward the advancement of State College education.

This change has been long in coming, but plans given for substitutions and changes show a great deal of thoughtful planning on the part of those bringing about the change. Solid geometry required very little application of student thought, and relied on the "parrot" instinct for its teaching. It has been admitted by several instructors of this subject that they relied in a great part on their books for proofs of geometry theorems, and that it is a known fact that after memorization, proofs are easily forgotten, and their application never made clear, for lack of time to teach the more objective phases of the course. Since most high schools include a course in solid geometry among the curriculae, the number of students who lack this subject is very low, and this leads to repetition in the work for many.

It is well to note that "absorption periods" will be made possible in the calculus, for calculus requires an abnormal amount of student thought for proper understanding. Giving over a whole year of school work to calculus will place the engineer with a firm background on which to work out future relating problems, which comprise most of an engineer's education.

## POLICE NEED EVIDENCE

The frequency of recent robberies near State College, in the Cameron Park section, has brought many to wonder at the inefficiency of the Raleigh police.

Each time a robbery occurs, police are notified, come to the scene of the burglary, and invariably leave muttering some words about "State College boys." The incident is forgotten, the insurance company pays for the loss, until, perhaps, such as occurred in the case of Huneycutt's London Shop, the insurance company revolts, and burglarized are left to bear the loss. Meanwhile, citizens are left to look over the situations on their own, often noting a lack of energy and initiative on the part of representatives of the police force in retrieving the thief.

The last time the Raleigh police force showed any form of interest in the welfare of the community which they are paid to watch State College boys were the chief target for their action. Bumping from the curb was suddenly declared illegal for the time being, and without forewarning students were brought to court.

Now State College students are again made a subject for insult by a few negligent police who take the evidence of the missing articles as a proof of a State boy's dishonesty, whether these stolen goods be three steel tubs or, two bags of doctor's tools, and whether the thief as he is seen disappearing is black or white.

State College students resent the implications of the police. It is suggested that the Raleigh representatives of the law give less time to apparently false statements and more time to the carrying out of the duties required of them as employees of an unguarded populace.

## OUTSIDE ACTIVITIES

One of the requirements of a well-rounded college education is that the student take part in extra-curricular activities.

For a student to come to college and never participate in any activity other than his studies leaves him with a certain narrowness that might have been remedied by outside activities.

The majority of students have an excess of time and can find nothing to do with it other than expending it in the far-famed "bull session" or in social life. They still feel, however, that some of their hours might be devoted to some campus activity. Extra-curricular activities offer an exodus for their surplus time. There are innumerable activities into which the student might enter, such as forensics, publications, dramatics, athletics, and societies. Much training is offered in many of these activities that would prove extremely useful later in the student's life. In these things the student is not confined to the theoretical but has a chance to learn the practical. For instance, courses in journalism prove helpful, but if the student is connected with the college newspaper, he will gain a great deal more practical knowledge, which is the prime requisite of the newspaper occupation.

Quite often qualities hidden in the individual that he did not know he possessed are brought out and cultivated by his participation in outside activities. Excellent examples of this may be found on any college campus. Unless these dormant qualities are brought out in his collegiate life the student may never make use of them. While some may not possess the fine qualities of leadership necessary for holding offices in student government, there are other such fields of activities that are just as important. Many phases of campus life require no particular initiative, a thing which many students lack decidedly. For individuals of this nature outside activities are probably the best type of training that they can secure.—E. S. K.

The Open Forum column of the Technician is open to all who wish to benefit themselves of opportunities to criticize or express grievances in any way, preferably pertaining to State College. Writers are asked to sign their name to all such communications.

## HERE and THERE

By PHIL SEWELL

Well, the much talked about Lombardos have come and gone and many fair maidens whose hearts beat a little faster Monday have sighed a sigh of regret and just counted it as another dream that has come and gone. As far as I know the depression is still on but you would never have known it if you could have seen the crowd that paid two dollars and a half to dance and hear the soothing rhythm that the Lombardo band plays. It is reported that the Lombardo brothers have gone for the Southern girls in a big way and the Southern girls have met them more than half way. I thought once that I was the only one that had a date that went for one of the brothers, but I have heard since that there are quite a few boys that could not talk to their dates before, during or after the dance until they had heard how wonderful the Lombardos were and how they just loved one or the other of them. Well Kay Keyser and his band will be here next Monday night, so let's hope that he will not have as much appeal to the girls as the boys from Canada had.

I am aware that organized cheering is somewhat out of place at a baseball game, for that is the one game where personal spirit is shown with a few wise cracks and Bronx cheers thrown in. Whether it is out of place or not, a good play deserves a cheer and at the game with Davidson Wednesday afternoon Mrs. Doak, the wife of "Chick" Doak, gave a fine example of how she felt about the whole thing. State was in a pretty bad hole and we were also on the small end of the score when Seltz, the State hurler, settled down and retired the side in short order. In recognition of this feat Mrs. Doak rose from her seat in the stands and led a cheer for him.

Now there is no way of telling why, but after that the State club got going and won a ball game that before looked lost. To Mrs. Doak I doff my hat and to the students of State I give this as an example of fine spirit, the kind of spirit that will carry all State teams to victory.

I'm not at all surprised for I had a hunch that it was coming and now it is here at last. The students have received their cut at last, not in the form of a direct money slash but we got it in the form of a cut for the janitors and the other boys that work here on the campus and in the other buildings. Whether the janitors get five or twenty dollars a week makes no difference to me or any other boys on the campus but it is the service that we get that we are worried about. If any one thinks that the colored men that work on this campus will work as hard for seven dollars as they would for fifteen he has given the subject very little thought. If the reduction still remains when next year's salaries are made out, there should be a reduction in the janitor fees that all students have to pay.

If you did not see the fashion show that was held in connection with the textile show on Thursday afternoon you missed a treat that you can only get once a year. The beauty of the cloth was only rivaled by the beauty of the models that displayed them. The interest that is shown in the annual Textile Fair may be illustrated by telling you that the Governor of the state was attracted by it, and also the president of the Greater Universities of North Carolina, along with a large group of dignitaries from the city of Raleigh and other nearby towns. The young ladies that took part in the show showed unusual interest and the competition was very pronounced throughout the entire show.

May I take a few lines to tell you what the general public thinks of our college band? Since Sunday I have encountered many people that happened to hear Daddy Price and the State College band play a concert on the college campus last Sunday afternoon. Not once have I heard an unkind word said about the music except that one boy complained that he had planned to study, but when he heard the music he did not have the will

## HOW TO AVOID BONERS

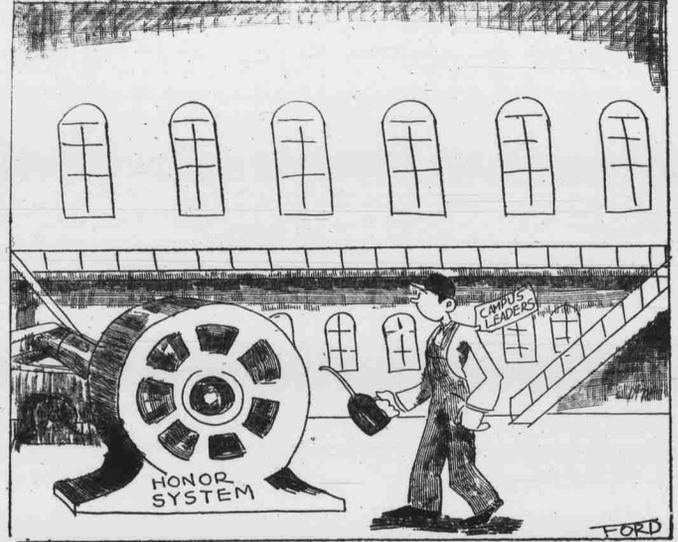

THE UNITED STATES IS LOCATED IN THE TEMPERANCE ZONE

POOR BILL BONER—he just can't think straight. He thinks a person is safe from contagious disease if he is intoxicated!

But no college man ever pulls boners with a good pipe between his teeth. There's something about a pipe and tobacco that soothes a man, helps him think straight. That is, of course, if he uses the right tobacco. A recent investigation showed Edgeworth to be the favorite tobacco at 42 out of 54 leading colleges.

If you're not already an Edgeworth smoker, there's new smoking satisfaction waiting for you. Edgeworth's blend of fine old burleys is distinctive, different. You'll know—after the first puff.

## For Smoother Operation

power to stay away, so his studies suffered while the concert was going on.

Have you by any chance noticed a let down in the sports department in the last issue of the paper? Well I have and I am going to try and explain it to those that have. It is not because we have a new sports editor, for he has proved his worth in the past, but now it seems that the paper is suffering because he is not giving it his full and undivided attention. If you are a very close observer maybe you have noticed that he has a very weighty subject on his hands. I have not been able to find out what her name is but if you happen to know what this heavy steady wants, please on behalf of THE TECHNICIAN tell our sports editor.

From the talk that is going around the campus I judge that the street will have to be roped off in front of "Little Doc's" Sunday night, for at one minute after twelve Monday morning he is going to sell beer and to all those that will come and get it. I do not mean to infer that the students here are "rum heads" but at present they are dying to know what the new national beverage is going to taste like. They have made it known to Doc that they are curious and he has ordered 100 cases in an attempt to satisfy their curiosity as well as the thirst of quite a few old "sots" like—well you know. Now that I have told you don't blame me if you don't get yours, for remember that I warned you.

Here is a black eye for all fraternities—I see in the Tulane Hullabaloo that at the University of Minnesota co-eds are liable to a fine of \$10.00 or a jail sentence of six days if caught wearing a fraternity pin. What I would like to know is just what kind of men they have at this university and what is wrong with the co-eds. The only law of that kind that could be passed down here, I think, would be a law to punish all girls that wear two frat pins with only one in view.

## STUDENTS' CRUISES

Magazine subscription scholarship workers and crew managers write immediately for very best student scholarship offers of leading publishers. Can be worked there now. Permanent positions if experienced, also summer crews for U. S. and foreign territory. For full details write—The Collegiate Scholarship Institute—219 Republic Building, Miami, Fla.

## Open Forum

### Favors Credit for Solid Geometry

Considerable comment has been aroused among some of the students who have the interests of the future students to State College at heart. Concern was given over the fact that no credit will be given to the freshmen next year who will find it necessary to take a course in solid geometry, because no opportunity was given in high school to take the subject.

The scope of solid geometry applications is wide, particularly to those students enrolled in the Mechanical Engineering School. It is needless to say that a student who takes a subject for which he knows that he will not receive any credit, will more than apt neglect the subject to such an extent that he will not receive the full benefits that can be derived from such a study.

There are a number of high schools that do teach solid geometry, but there are many which do not, and as long as this condition remains; then those students who are compelled to take solid

geometry at State should receive full credit for their work.

## Spring Fever!

SPRING FEVER? G'wan! All you need is the right something to eat. And here it is—two Shredded Wheat biscuits. Add milk or cream. Then fruit. And go to it.

You'll soon be hitting high again, for Shredded Wheat is a born youth-preserver—a VITALLY DIFFERENT food that puts new spring in your step.

Shredded Wheat is nothing more or less than true whole wheat. Packed with body-builders, energy-makers—and just the right propor-

Vitally different!

tion of Nature's friendly regulator, bran. Eat Shredded Wheat any way you like it—with milk or cream, with fresh or preserved fruit, with butter or poached eggs. Eat it every day for ten days straight (your pocketbook won't kick). And watch this VITALLY DIFFERENT food take the tempus ver-num februs (spring fever, m'lady) for a long, long ride!

When you see Niagara Falls on the package, you KNOW you have Shredded Wheat.

# Frosh Lose to Baby Heels At Chapel Hill Yesterday

Errors Are Numerous as Carolina Frosh Beat State 6 to 4

## IRWIN BANGS A TRIPLE TO FEATURE FOR HEELS

Many Wild Pitches by Both Hurlers Mar Game at Chapel Hill; Spires is Batted Out of the Box in the First Half of the First; Keith, Who Replaced Him, Held the Techlets Well in Hand

By FRED DOERRIE

State Frosh lost a game yesterday to Carolina by the score of 6 to 4. Shapiro featured for the Baby Tar Heels, getting three hits for four times to bat. Williams and Layton got three hits for four times at bat for the Techlets.

Keith, who replaced Spires in the first half of the first inning, pitched a nice game, his team mates giving him fine support in the pinches. State lost the game by Flythe walking the first man to bat in the fifth and seventh innings and getting himself in a hole. His support was not very good; too many errors occurring at crucial moments helping Carolina to win.

It looked for a moment in the ninth inning that State would garner enough runs, when Layton singled and Going got a walk, Layton advancing to second, coming in on Riley's sacrifice; but the next two men were put out, one by a grounder to the pitcher, and the other a pop fly to first.

## EIGHT BAND MEMBERS GO BEFORE GRADUATION

Valuable Section Men Required To be at Military Camps On June 8

The State College Concert Band will lack 8 of the original 32 members when it plays at the commencement exercises which will be held three days, beginning June 10.

Students in R. O. T. C. who will attend camps this summer are required to be present at the camps on June 8. When asked about the effect the leaving of the eight members would have upon the band, "Daddy" Price, the leader of the band, said, "I shall have to reorganize the concert band just before commencement."

The members of the band who are going to camps this summer are: Dorrie E. Bennett, W. L. Curry, J. M. Poyner, J. F. Nycum, Hyman Dave, J. C. Geddie, J. T. Stonebanks, and Rawlings Poole.

## A New Cheer Leader

At a crucial moment during the sixth inning in the Davidson-State game Wednesday afternoon, a lady arose in the West bleachers, turned to the crowd of students and imploringly said, "Come, I'll lead you in a cheer."

Weak at first, the cheering became louder, under the influence of a capable leader. Meanwhile State began its exciting uphill climb, soon topping an unfavorable score, guided in part by the cheering.

## CITY TO OPEN COURTS FOR USE BY STUDENTS

Nets to be Kept in Pullen Park To be Rented to Those Wishing to Play

Three tennis courts are being built in Pullen Park near Seventh Dormitory by the park commission of Raleigh. They will be open to citizens of Raleigh as well as State College Students.

According to Mr. Howell, superintendent of the park, the courts, when finished, will be of the finest structure. They will have a six-inch top of clay over a base of stone and cinders, and covered over all with two inches of sand.

The courts will be ready for use in about ten days. Nets will be kept at the park office to be rented at a small cost to pay for their upkeep.

## NEWNHAM LEADS GOLFERS IN PINES COMPETITION

Ace Golfer Was Runner-up for Championship at Raleigh Golf Association

Fred Newnam, Jr., is now leading the field at the Carolina Pines tournament with a card of 77. Newnam was recently runner-up for the championship at the Raleigh Golf Association.

The State College Golfers will play several matches in the next couple of weeks. The team will be entered in the Southern Conference Tournament which will be held in Greensboro about May 1.

Averette Released Bill Averette, former N. C. State hurler, drew a release when the Saint Louis Cardinals thinned out their Greensboro baseball farm a few days ago.

SPORTS RETURNS

**STYLE NOTES**

By HUNECUTT

**THE MESS JACKET**

For years men in the tropics have worn Mess Jackets, because they are comfortable and readily cleaned. London tailors with a large colonial following have been outfitting men in India and other places with this sort of jacket for many blue moons. Visitors to Bermuda and other such resorts have become greatly impressed with the popularity of this distinctive evening jacket. When Yale and Princeton students bought them last year for wear in Bermuda and on West Indian cruises during the spring vacation, they gave the real push to this style and started it on its way to national popularity. This new fashion is now definitely established as the correct thing for warm weather occasions which require a touch of formality. Scores of college men are buying these jackets for the "Cotton Ball" and other dances this spring and summer. You ought to have one.

INTRODUCED IN RALEIGH By HUNECUTT, INC. COLLEGE COURT

# TECHS BEST CATS IN CLOSE BATTLE LAST WEDNESDAY

Willie Duke Features for State Hitting a Triple With Bases Loaded

## DEVILS TRIM DOAKMEN 5-0 IN A TIGHT GAME

Bobby Coombs Pitched Good Baseball to Hold the Techs to Three Hits; Willie Duke is the Only State Man to reach Third Base; This Game Makes State's Second Loss in the Big Five Conference

State trimmed the Davidson Cats Wednesday by a score of 5 to 0. The feature of the game was when Willie Duke, State's center-fielder, hit a home run with the bases loaded. This hit brought in the tying run and also gave State a three point lead.

This win pulled the Doakmen from the cellar position in the Big Five.

Lambeth and Willie Duke hit a homer apiece, Lambeth's came in the fourth and Duke's in the sixth.

## DUKE GAME

State lost its second game of the Big Five series and its first of the Southern Conference when Duke beat them last Saturday 5 to 0.

Bobby Coombs pitched a nice game against the Techs giving them three hits, well spread during the game. He fanned eleven and walked one. Coombs is still undefeated this year having scored three victories.

Lynn hurled for the Doakmen and pitched a nice game but errors of his team-mates allowed Duke three of their five tallies during the game. He struck out two and walked one. Seitz replaced Lynn on the mound in the ninth frame. Seitz struck out two and walked one in the frame he pitched.

State was at bat 32 times and got 3 hits. Duke was at bat 30 times and got 7 hits.

Outen Gerock, former State College baseball player, is playing first base for Ahoeskie.

**Big Five Baseball**

Club	W.	L.	Pct.
Wake Forest	2	0	1.000
Davidson	3	1	.750
Duke	1	1	.500
State	1	2	.333
Carolina	0	2	.000

Wake Forest is leading the Big Five as the only undefeated team. Carolina is in the cellar position since State pulled out by defeating Davidson Wednesday.

## TENNIS TEAM DEFEATED BY CAROLINA THURSDAY

State Tennis Team Loses All of Its Matches at Chapel Hill

State's tennis team lost to Carolina yesterday at Chapel Hill. State won only one set during the entire match, this being the doubles played by Dixon and Fisher.

The summaries: Singles, Willis defeated Dixon, 6-0, 6-2; Wright defeated Fisher, 6-0, 6-3; Levitan defeated Wright, 6-1, 6-0; Morgan defeated Folley, 6-1, 6-2; and Minor defeated Mumford, 6-0, 6-1. Doubles: Shuford and Morgan defeated Dixon and Fisher, 6-3, 3-6, 6-4; Minor and Harris defeated Wright and Folley, 6-2, 6-0.

State is scheduled for two more meets this spring, one with Duke, at Durham, May 15, and one with Duke at State, May 17.

These prizes will do much toward promoting student interest in golf about the campus.

## PROFESSIONAL GOLFER TO SPONSOR TOURNAMENT

Fred Newnam, golf pro at the Carolina County Club is sponsoring a golf tournament for State College students, to be held at the Club.

Several prizes are offered to the winner of the contest which will be held in the near future.

## GLEE CLUB QUARTETTE TO SING EACH SUNDAY

The State College Glee Club quartet will sing every Sunday, beginning April 30, until the end of the spring term, in the West Raleigh Presbyterian Church at State College during the 11 o'clock service, it was announced yesterday by Joseph R. Walker, pastor of the church.

Members of the quartet are: W. R. Boykin, Amos Griffin, Marshall Gardner, and Edgar Geddie.

# TECHS COMPLETE SPRING FOOTBALL

Six-All Tie Features End of the Final Spring Football Practices

A six-all tie in a two-hour game played on Riddick Field Saturday between two teams, the Reds and Whites, marked the end of spring football drills at State College.

Bo Bohannon crashed over tackle from the three yard line to score the Reds' touchdown after a drive of 70 yards late in the game. The Whites received the kick-off following Bohannon's touchdown and from their own 35 yard line, marched to a touchdown with Ray Rex bucking the ball over shortly before the game ended.

Capt. Mope Cumsiskey was the chief around gainer in the Red backfield. He was ably assisted with the running duties by Clifton Croom, sophomore reserve and Roscoe Roy, regular of last fall. John Stanko and Jack Fabri, guards, and Sam Sabol, center, were the leading line stars for the Reds.

Phil Davis was the sparkplug of the White backfield. He is a freshman and considered the fastest man in the State camp. His sweeping end runs picked up many yards. The line plunging of Rex featured in the touchdown march. Carl Bernhardt, guard, Fox, tackle, and Farrar, center, were best in the line.

Line-ups: Reds—Redding and Stephens, ends; Daugherty, Zori, Margolis and Cherryko, tackles; Stanko and Fabri, guards; Steve Sabol, center; Wilson, quarterback; Roy, Croom and Bohannon, halfbacks, and Cumsiskey, fullback.

Whites—Knowles, Powell, Nicholson and Provia, ends; Fox and Hamerick, tackles; Bernhardt and Brown, guards; Farrar, center; McCulley, quarterback; Davis and Gattis, halfbacks, and Rex, fullback.

## TRI-FRAT TRACK MEET TO BE HELD SATURDAY

The chapters of the Lambda Chi Alpha fraternity in the State of North Carolina will have a track meet here Saturday. The meet is scheduled for 2 p.m. on Riddick Field.

Gamma Theta Chapter is from Duke, Gamma Upsilon is from State, and Gamma Nu from Carolina.

Gamma Theta won the cup in 1929 and 1931. Gamma Upsilon won the cup in 1930 and 1932. This tri-fraternity track meet started at State College in 1929.

# Techmen Play Blue Devils On Doak Field Saturday

## This Week's Sports

The Varsity baseball team plays Duke here, April 29; and Carolina at Chapel Hill May 2.

The Freshman baseball team plays Duke Fresh at Durham, May 3.

The Golf team plays Davidson at Charlotte, April 29.

## FRATERNITY TO SPONSOR ANNUAL BRIDGE TOURNAMENT

Lambda Chi Alpha to Sponsor Tournament for Fraternity Men May 2 to 4

The annual bridge tournament sponsored by Lambda Chi Alpha fraternity will be held at their house Tuesday afternoon and night, Wednesday afternoon and night and Thursday night.

The playing will start at 4 p.m. and 7 p.m. The first round will start promptly at 4 p.m. Tuesday. This year the game played will be contract rather than auction. The schedule of matches is as follows: Kappa Sigma vs. Theta Kappa Nu; Sigma Phi Epsilon vs. Sigma Pi; Phi Kappa Tau vs. Alpha Gamma Rho; Sigma Nu vs. Alpha Lambda Tau; Pi Kappa Phi vs. Kappa Alpha; Pi Kappa Alpha vs. Phi Pi Phi; Alpha Kappa Pi vs. Beta Sigma Alpha; and Alpha Chi Beta vs. Delta Sigma Phi.

## Return Game With Duke Called For 3 p.m.; Seitz to be State Hurler

### GAME AGAINST CAROLINA SCHEDULED FOR TUESDAY

The Doakmen play Duke a return game here Saturday on Doak Field at 3 p.m. The Blue Devils trimmed State 5 to 0 last Saturday at Durham.

The Techs lost a game to Duke last year at Durham but won the return game here. It seems possible that the Techs will upset the dope this year by duplicating this feat.

Coach Doak's boys have regained their stride again when they administered a wallop to the Davidson Cats last Wednesday to the tune of 9 to 6.

This game with Duke should be one of the best games in the Big Five, as both teams are fairly evenly matched. This is a game that should prove interesting to the spectators as it will be a hotly contested pitching duel.

Rudy Seitz, fast right hander for State, will probably start on the mound against Duke.

State meets Carolina at Chapel Hill on Tuesday for the first time this season.

Carolina has lost the three games that they have played in the Big Five. These games were all played against Davidson, Carolina losing by only one run in each game. State beat Davidson by a 9 to 6 margin. This win for State gives State the odds over Carolina.

Linn will probably hurl for the Doakmen, and Griffith for Tar Heels.

"ALWAYS SOMETHING NEW"

*The Vogue*  
Shop for Men

**NEW VOUGE SUITS**

**12.50**

We defy competition as to material, style, workmanship and quality

**TURKISH TOBACCO**  
comes to this country in bales. The leaves are small and tightly packed. Each bale contains about 40,000 leaves.

**DOMESTIC TOBACCO**  
is stored in huge wooden hogheads. Each hoghead contains about 1000 pounds of tobacco.

**A** flavor that *neither* possesses alone

Early in the 17th century, tobacco seed from America was taken to Turkey. Different soil, different climate, different temperatures night and day, and different farming methods produced an entirely new tobacco—small in size, but very rich and aromatic.

Four certain spots are famous for the quality of their Turkish tobacco — Xanthi and Cavalls in Greece; Samsoun and Smyrna in Turkey. And it is principally from these places that our buyers get the Turkish for Chesterfield.

These Turkish tobaccos are blended, in just the right amount, with Domestic tobaccos. It is this blending and cross-blending of just the right amount of Turkish and Domestic tobaccos which gives Chesterfield a flavor that neither possesses alone.

**Chesterfield** —the cigarette that's Milder —the cigarette that Tastes Better

# ...SOCIETY...

## Military Ball

One of the most brilliant social functions of the spring season at North Carolina State College will be the annual military ball tonight, in the Frank Thompson Gymnasium.

The ball is always one of the most attractive given at the college during the school year, and lends both dignity and charm to the social life of the college.

Decorations which in the past years have been the big feature of the event will be surpassed this season in an original camp scene.

Khaki tents will be pitched in front of a background of pine trees with a decorative touch of military guns, using the company street as the ball floor. The ceiling of the gymnasium will be covered with bright flags and hanging from the center will be a luminous R. O. T. C. emblem.

Military students will attend in uniform with their ladies, and a few outside guests will be present in conventional evening clothes.

An attractive military figure will be led by Cadet Colonel Dan Torrence and Mrs. Torrence, of Petersburg, Va. They will be assisted by Cadet Lieut. Col. Luther Post and Miss Helen Handy, both of Raleigh; Cadet Majors D. M. House and Mrs. House, of Greenville; L. D. Murphy, of Davis, with Miss Elizabeth Gant, of Raleigh, and by Cadet Major Bernice Peterson, of Clinton, and his lady.

Honor guests will be: Gov. and Mrs. J. C. E. Ehringhaus, Dr. and Mrs. E. C. Brooks, Lieut. Col. Bruce Magruder, Capt. and Mrs. John R. Eden, Dean and Mrs. E. L. Cloyd, Capt. and Mrs. E. W. Venable, Capt. and Mrs. P. W. Ricamore, and Capt. and Mrs. T. C. Thorson.

Dot Bennett and his orchestra will play.

## Monogram Club Dance

The monogram club of State College is sponsoring a dance, to be given in honor of captains of all the "Big Five" teams, and to be held in the Frank Thompson Gymnasium on Friday, May 5.

Representatives from Davidson, University of North Carolina, at Chapel Hill, Wake Forest, Duke, and State will take part in the affair, which will be formal.

Governor and Mrs. J. C. E. Ehringhaus, Mayor and Mrs. Isley, Dr. C. E. Brooks, and presidents of the other colleges will attend the dance. Dr. Frank Graham has been asked to attend.

Bids have been sent to a large number of alumni of the colleges.

The "grand march" will be held at 9:15. The figure will be made up of the presidents of the monogram clubs of all five schools, and captains of various teams, with their sponsors. During the intermission, State College members of the Monogram Club will form figures of letters, depicting each college, in turn.

A battle of music will be furnished for the dance by Henry Ingraham of Duke and "Dot" Bennett of State and their respective Collegians.

## Tri-Fraternity Dance

The Sigma Nu, Kappa Alpha, and Kappa Sigma fraternities of State College will give their annual Tri-Fraternity dances in the Frank Thompson Gymnasium, Saturday, April 29.

This is the second annual dance given by this group of fraternities and will be looked forward to with much interest. The sponsors for the dances will be Miss Alice Alexander of Charlotte with Rush Jolly of Raleigh, Sigma Nu; Miss Gwendolyn Crowder of Raleigh with J. A. Duncan, of Raleigh, Kappa Sigma; Miss Inez Leath of Mullins, S. C., with Willie York of Raleigh, Kappa Alpha.

The fraternities will hold afternoon and night dances and plan an extensive week-end of entertainment for their guests.

## Alpha Zeta Banquet

The North Carolina Chapter of Alpha Zeta National Honorary Agricultural Fraternity, held its annual spring banquet Saturday evening at 6:30 o'clock in the main dining room of the Carolina Pines Club. The room was appropriately decorated for the occasion with a profusion of tulips and other flowers.

The group attending was composed of a large number of active members, alumni and faculty members together with their guests. Each guest was presented with a corsage tied in mauve and sky blue, the colors of the fraternity, and her escort received a carnation for his lapel.

After the invocation the group was entertained by a novelty stunt entitled "The Unwilling." The toastmaster of the evening, Robin M. Williams, gave a brief resume of the chapter's work during the past year. A delightful dinner was served, during which piano music by A. F. Hoffman and several amusing stunts were enjoyed.

The toastmaster then introduced the outgoing and incoming officers of the North Carolina Chapter. The retiring officers are: Robin M. Williams, chancellor; R. W. Cummings, censor; D. M. Whit, scribe; L. F. Thompson, treasurer; J. E. Wilson, chronicler. The officers for the coming year are: D. M. Whit, chancellor; W. C. Weldon, censor; A. F. Hoffman, scribe; Olaf Wakefield, treasurer; J. R. Spratt, chronicler. Following these introductions, the group was entertained for several minutes with "Scientific Jokes" by Prof. R. H. Ruffner, and by a mock arrest of the "Depression."

After the banquet the group enjoyed dancing and card games.

## Phi Epsilon Entertains

Phi Epsilon, co-ed sorority, entertained Wednesday evening at an informal dance and buffet supper at the home of Professor Moon.

The lower floor of the home was thrown in suite and artistically decorated in lavender and gold. Dancing was enjoyed from nine until twelve o'clock and followed by a delicious buffet supper.

The following members of the sorority were present: Misses Katherine Harding, Emily Upchurch, Hazel McDonald, Mary Olive Bell, Mary Hugh McDonald, Sara Yarbrough, "Pete" York, Sue Pearce, Hazel Beacham, Elizabeth Maynard, Mildred Pittman, Katherine Huddleston, Clyde Cotner, Eloise Gibbs, and Louise Eichel.

Guests of Phi Epsilon included a number of State College students and Miss Mildred Morris of Norfolk, Va. Chaperones for the evening were Prof. and Mrs. Moon, Prof. and Mrs. Miller, and Prof. and Mrs. Ladu.

## Faculty Dance

The final Faculty Dance sponsored by Mu Beta Psi will be held Monday evening, May 1, starting at 9 o'clock. The Paul Jones and Six Program Dances are planned.

## Lost and Found

**LOST**—Red and black Parker fountain pen. Belonging to Kenneth Stephens.

Two English books, left on Red Field. Belonging to T. F. Osborne.

**FOUND**—Yellow slicker found in Page Hall. Blue overcoat found in Page Hall. Gray hat, size 6 7-8.

Tan raincoat.

Information concerning these articles may be had at the main desk of the Y. M. C. A.

## Novel Invitation

The above invitation was on exhibit yesterday during the Textile Fair which was held by the Textile Department in their building.

In the invitation the State College Textile Department has contributed something novel and original to North Carolina's first Cotton Festival, which is to be held in Raleigh Friday, May 19, in connection with the observation of National Cotton Week.

The invitation, first of its kind ever made, was designed and woven entirely on a college jacquard loom by Dorrya E. Bennett, senior in textile designing, with the aid of Prof. Thomas Nelson, dean of the Textile School. Although only about the size of the customary formal card, it contains over 200,000 squares of cotton thread, with the inscription woven into the cloth. Eight invitations were woven at one time on the loom, and the entire project required over forty hours of work.

The invitation was mailed to over 200 North Carolina society girls by Mrs. John Phil Cooper, until recently Miss Cary Petty, chairman of the invitation committee of the Festival. The girls were invited to sponsor the Festival, which includes a visit to the State College Textile Department, a cotton parade, a tea given to the sponsors by Mrs. J. C. E. Ehringhaus, wife of the Governor of North Carolina, a cotton style show, and the Cotton Ball, which is expected to be one of the most brilliant dances of the season. Kay Kyser and his North Carolinians will play for the ball.

Mrs. E. C. Brooks, wife of the president of the college, is serving on the Cotton Festival committee, along with Mrs. Ehringhaus and other prominent North Carolina women. The purpose of the Festival is to promote an increased use of cotton and cotton products.

There will be a meeting of Golden Chain in the Library at 1:15 Thursday, May 4. Very important.

A. F. Ward, President.

## Announcements

Blue Key will meet today in the reception room of the cafeteria.

The American Society of Civil Engineers and the Associated General Contractors will hold a joint meeting on May 2 for the purpose of electing alternate members to the Engineers' Council.

The American Society of Mechanical Engineers will give a smoker Tuesday night at 7:30 in the banquet hall of the Y. M. C. A.

John M. Foster, Associate Professor of aeronautical engineering at N. C. State College, has recently been appointed a member of the Education Committee of the Aeronautical Chamber of Commerce of America.

Members of the Committee are elected or appointed for a period of one year. Prof. Foster was appointed and will serve with ten others.

## GOLDEN CHAIN FOSTERS HONOR SYSTEM CLASSES

# IT'S FUN TO BE FOOLED

THIS WEEK IN THE MAGIC THEATRE: The sensational Japanese Thumb Tie!

IT TELLS IN THE PAPER HERE HOW A MAGICIAN MAKES A BIG BALL ROLL UPHILL.

WHAT STAN SAW LAST NIGHT

THAT'S NOTHING. LAST NIGHT I SAW A MAGICIAN CATCH SIX HOOPS ON ONE ARM—WITH HIS THUMBS TIED TOGETHER.

NOW HIS THUMBS ARE TIED UP GOOD AND TIGHT ALL RIGHT, ALL RIGHT.

THE HOOPS ARE O.K.

HOW COULD HE DO IT, STAN?

IT'S SIMPLE—IF YOU KNOW HOW.

## HOW IT'S DONE

- SHOW AUDIENCE THUMBS AND CORD
- SLIP TIP OF FIRST FINGER BEHIND THUMB TO GET SLACK. URGE VOLUNTEER TO PULL HARD AND TIE A GOOD HARD KNOT
- TURN THUMBS DOWN FOR VOLUNTEER ASSISTANT TO TIE THE KNOT ON TOP OF THUMBS
- SLIP THUMB OUT TO CATCH HOOPS

YOU'RE AN OLD SMOOTHIE WHEN IT COMES TO TRICKS, STAN. HAVE A CIGARETTE?

I WON'T SMOKE ONE OF THOSE, EVEN FOR YOU, FRAN. THEY ARE TASTELESS.

THEY ARE THE ONLY KIND I EVER TRIED. WHAT DO YOU RECOMMEND?

HAVE A CAMEL. CAMELS ARE MADE FROM MORE EXPENSIVE TOBACCOS—AND THEY ARE MILD WITHOUT BEING INSIPID.

THIS IS THE BEST TASTING CIGARETTE I EVER SMOKED.

IT'S THE TOBACCO THAT COUNTS, FRAN.

TO WOMEN ONLY

ARE YOU ONE OF THOSE GIRLS LIKE FRAN WHO HAS SOMEHOW MISSED THE PLEASURE OF SMOKING CAMELS? BETTER TRY THEM. YOU'LL ENJOY THEIR MILDNESS... THE ADDED PLEASURE THEY GIVE.

## IT'S MORE FUN TO KNOW

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand. Hence they are mild, easy on the throat... yet full of flavor and enjoyment.
