Vol. XIV, No. 5

STATE COLLEGE STATION, RALEIGH, N. C., OCTOBER 20, 1933

OFFICE: 10 HOLLADAY HALL

CLOSING OF SIXTH WILL MEAN SAVING OF SCHOOL FUNDS

Approximately \$950 to be Saved
by Closing of Dormitory
on November 1

SIXTH CONTAINED ONLY TWENTY-ONE WHEN CLOSED

Number of Students in Dormitories Now Totals 538, a Decrease of 106 Under Last Year; Janitors Being Classified and Paid According to Class; College Installs Water and Electric Meters

The closing of the Sixth Dormitory on November 1 means the saving of approximately \$950.00 for the school year. Students residing in Sixth Dormitory at the present time will be allowed to room elsewhere on the campus at the same rent rate that they paid at Sixth Dormitory.

There are only twenty-one students in the dormitory, each paying \$12.00 fees for janitorial service, light, heat, and water. This amounts to \$252.00. The maintenance of the building for the year amounts to approximately \$1,175.00; consequently a loss of \$950.

The installation of the meters in the lighting and water systems has for the first time given the Service Department some actual figures on the cost of such facilities.

The cost of water per thousand gallons amounts to 20 cents and the first 100 kilowatt hours of electricity costs 6 cents, the next 200 kilowatt hours 4 cents, and amounts above at 2 cents.

This year the janitorial service has been placed upon a new wage earning system; that of grading. Janitors with a rating of A receive an hourly wage of 18 cents; those with a B grade receive 17 cents; C grade, 16 cents; and inexperienced janitors receive 15 cents.

The number of students now registered in the dormitories amounts to 538. This is short by 106 of the figure the same time last year. T. T. Wellons, supervisor of Buildings, attributes the decrease to the cancellation of the scholarships.

PICTURE FEE PETITION WILL BE CLOSED TODAY

Approximately 700 Upperclassmen
Have Signed Petition to
Lower Picture Fee

The Uniform Picture Fee Petition, a petition for a low uniform fee for all students having their picture in the *Agromeck*, draws to a close today with approximately 700 upperclassmen's signatures.

The freshman class at their weekly assembly today will vote to see if they desire to pay \$1.00, payable before each receives his book, for a group picture or to pay \$3.00 for individual pictures in the *Agromeck*. If one-half of the class indicates by signing the Uniform Picture Fee Petition that they desire to have individual pictures, *Agromeck* heads are positive that the petition will be successful and that the entire student body will benefit from the uniform low fee.

Pictures for the *Agromeck*, of all students, will be taken beginning Monday, November 6 in Pullen Hall.

STATE Y. M. C. A. CABINET TO MEET AT DUKE TONIGHT

J. T. Hardwick to be Principal
Speaker at Meet of Two
Y. M. C. A. Cabinets

The State College Y. M. C. A. Cabinet will meet with the Duke University Cabinet Friday night at Duke University at a luncheon.

The entire State Cabinet is expected to attend. The main feature on the program is the address by J. T. Hardwick who is well known on the State Campus as Jim Hardwick. Members of the State Cabinets are: C. W. Styron, P. E. Stone, M. H. Gatlin, V. C. Harlock, John Findley, J. W. Barnhart, E. A. Calhoun, Joe Dixon, H. F. Cotton, Van Shuyler, J. K. Stephens, J. L. Fosner, Carter Williams, J. W. Lamberson, and Miles Foy.

New Stadium

The East stadium which was used for the first time at the State-Florida football game last Saturday. It was built at a cost of \$40,000 borrowed from the Reconstruction Finance Corporation, and will seat 7,000. A box for President E. C. Brooks and his guests is provided.

"Pep" Rally

A "Pep" rally will be held tonight at 6:30 to arouse spirit for the Wake Forest-State game tomorrow which is to be played on Gore Field at Wake Forest.

The rally last week was a success, according to those who had charge, and these leaders express the wish that all students turn out tonight to make this rally a bigger success than the last one. The rally will start in front of Pullen Hall.

STATE REQUESTS ADDITIONAL LOAN

Loan for \$14,260 to Complete
Stadium Now in Hands of
Washington Officials

The application for a loan of \$14,260 toward the completion of the stadium which is now before the Board of Public Works in Washington has not yet been considered, but the board is expected to act on it Tuesday or Wednesday of next week. The Executive Board of the Greater University gave permission for the request of the loan at its meeting at Chapel Hill Saturday.

Professor Johnson said yesterday afternoon that all signs point toward the loan being granted and that he had expected to hear from Washington today. He said that should the loan come through, the contract would not be let for ten days, during which time the college would advertise for bids. This is according to a North Carolina law which requires that any contracts over \$1,000 must be advertised for ten days before any bids can be accepted.

At present, the east stands have a capacity of exactly 6,562, and an additional section which will be possible, should the loan be given the school, would bring the capacity to 7,500, which was originally planned. A new entrance on the west bleachers and a wall at the north end of the football field will also be built, dependent upon the loan.

Weaver Tells Ag Students of Chicago World's Fair

Prof. D. S. Weaver presented an illustrated lecture on the Century of Progress at the "Ag" Club meeting held in Patterson Hall Tuesday night.

In his lecture Professor Weaver emphasized the fact that the event was, as its name implies, a Century of Progress Exposition, and not a World's Fair. He stated the grounds cover an area of 434 acres, and the buildings were constructed to be used for 150 days, although they may remain standing for two years, at which time they must be torn down. At the peak of the rush, in August, it was estimated that 1,000,000 people passed through the gates every six days. As the millionth person would pass in he would be welcomed by a band and the queen of the day, who would escort him over the grounds in her limousine.

An amazing spectacle to all the visitors was the Ames and Andy Sky Ride. This new mode of transportation took persons from the mainland to the island,

Ag Students to Compete In Judging Contest Here

N. C. C. P. A. TO HOLD MEET AT E. C. T. C.

College Publication Heads Meet
for Annual Fall Session
November 2, 3, and 4

The North Carolina Collegiate Press Association will hold its annual fall meeting at Eastern Carolina Teachers' College November 2, 3, and 4, in Greenville.

The following State College publications heads will attend the meeting: A. H. Couch and Rawlings S. Poole, editor and business manager, respectively, of the *Agromeck*; Dave Morrah and Edgar Lowrance, editor and business manager of the *Wataugan*; W. R. Smith and W. E. Adams, editor and business manager of the *Agriculturist*; and E. J. Lassen and J. E. McIntyre, editor and business manager of *The Technician*, and E. S. Knight, managing editor of *The Technician*.

Registration of delegates to the convention will take place between 2:30 and 5:00 p.m. in the Y. W. C. A. hut at the college Thursday.

Loggings for the men and women students present will be at the Palmer Hotel. Miss Frances Harvey, editor of the *Teccon*, at Eastern Carolina Teachers' College, will be in charge of the program for the convention.

Gene Newsome, editor of the *Duke Chronicle* and vice president of the association, will preside in place of Dan A. Torrence of State College, who was elected president last spring but did not return to school. Susan Calder of Salem College is first vice president; Frances Mallard of Florida Macdonald is secretary; and Hoke Norris of Wake Forest is treasurer.

At the press convention held in Winston-Salem last spring, *The Technician* won first prize among weekly newspapers in colleges having an attendance of over 1,000 students. *The Carolinian*, newspaper of the Woman's College won second prize, and the *Duke Chronicle* won third prize.

In rocket-like cars running on cables suspended from huge steel towers some 200 feet above the water.

The Transport Building was the most unique example of architecture, its roof supported like a suspension bridge. Ingress and egress by a conceivable mode of transportation from the earliest to the most up to date. In a General Motors exhibit a completed car was built before your eyes, everything being assembled except the motor. Chrysler products had on display every part that makes up a Plymouth sedan. These were spread out on a table 130 feet long and 10 feet wide. Approximately 10,000 parts are in the assembly. Barney Oldfield and his associate drivers were on hand to take the audience for a ride in Dodge cars over a short race course.

Another thing of interest in the Dodge display was the test given every few minutes, of a man in a stock model car in merchandise.

Contest Will be Held October 27
and 28 and is Open to
All Ag Students

PRIZES TO BE OFFERED WINNERS OF CONTESTS

Five Departments Divided Into
Three Classes Each Will
Hold Contests

By CHARLES MATTHEWS

Coming as a sub-climax to the Students' Agricultural Fair is the judging contest to be held at State College Friday afternoon, October 27, and Saturday morning, October 28.

All students in the Agricultural and Vocational Education schools are eligible for entrance. There is no entrance fee, the only requisite being the contestant must secure a number from the president of the fair, R. R. Bennett. Any member, or alternate of teams which have represented State College in intercollegiate judging contests can enter competition in the department which he represented and can have his score credited only toward the Sweepstakes and not toward any individual prize.

Separate prizes will be awarded in each contest and one Sweepstakes prize. To win the grand prize a student must compete in at least one of the contests of each department. Ratings will be based on places taken in the departmental contests, first, twenty points; second, fifteen points; third, ten points; and fourth, five points. The highest number of points secured will win the prize. Premiums to this contest as well as the trophy to the winning exhibit at the State Fair will be presented at the regular weekly meeting of the Agricultural Club held in Patterson Hall Tuesday, October 31, at 6:30 p.m.

Rules for each contest will be specified by the heads of their respective departments.

President R. R. Bennett at a recent "Ag" meeting asked that more students enter these contests, as in previous years a few students have competed and won all the prizes, many taking as high as three or four places. He urged all freshmen students especially to compete.

There will be five departments holding contests, which are in turn divided into three classes each. These are as follows: Field crops; identification of grasses, legumes and farm seeds, crops judging contest, and cotton classing; animal husbandry; best judge of dairy cows, best judge of sheep, and best judge of swine; agricultural engineering; gas engines, "trouble shooting," laying out and cutting rafters, and farm machinery selection; horticulture; fruit judging and identification, vegetable judging and identification, and nut plant and cut flower judging and identification; poultry; best judge of poultry utility judging, and best judge of eggs; soils; identification of North Carolina soils, identification of North Carolina rock and mineral, and identification of fertilizer materials; forestry; tree identification of fifty species by leaves, identification of twenty-five common North Carolina woods, and identification of various cones and seeds of common North Carolina trees. Prizes in general will be \$5.00 in merchandise for first place, \$3.00 in merchandise for second place, and \$2.00 in merchandise for third place or their equivalents. The sweepstakes prize will be \$10.00 in merchandise.

HARRISON PLANS NEW PUBLICATION FOR ALL SCHOOLS

English Prof Proposes Journal to
Embody Ag, Engineering, and
Business Schools

PROPOSED MAGAZINE TO BE PURELY TECHNICAL

Editorial and Business Staffs to be
Composed of Representatives of
Different Departments, Including
Both Students and Faculty;
Chief Advantage of Journal is
Advertisement That It Will Give
State College and Help in Placing
State Graduates

Dr. T. P. Harrison, professor of English, yesterday proposed the plans whereby it will be possible for the entire student body and faculty to take part in the publication of a technical magazine.

Dr. Harrison proposes a technical journal published by the cooperation of the Agriculture and Engineering Schools at N. C. State called the *Journal of Technological*.

The journal will have three major divisions. It will have places for Engineering, Agriculture, and Business. It is undecided whether the material pertaining to textiles will be separate or included in the engineering division. The proposed school of industries will have space in the magazine.

The magazine will cover experimental, technical reports by students and faculty, and reports of inspection trips. It will also cover reviews of textbooks written by State College professors, as well as new texts of assistance that are adopted by the college.

The editorial and business staffs will be composed of representatives of the different departments, including both students and faculty. It will be financed by both appropriations from the publications fee and advertising.

The chief advantage of this magazine, is the advertisement that it will give State College, and the help that it will offer in placing the State graduates, by mailing copies regularly to the important companies. The magazine will include a register of the graduates, for the benefit of the employing personnel.

Dr. Harrison met with some of the faculty members who in turn were very much impressed with the idea.

Thursday night the Engineers Council met and authorized Dr. Harrison to appear before the publication board and ask for an appropriation for the journal. If this is granted, the publication of the magazine will begin at once.

LEADER SOCIETIES MAKE PLANS FOR HOMECOMING

Members of Blue Key and Golden Chain, honorary fraternities with the assistance of Dr. Harrison to go before the Publications Board at its regular monthly meeting Wednesday to ask it for the necessary funds to issue a journal.

The Council decided at its meeting that the Engineers' Fair will be held on April 5, 6, and 7, next year. This higher standard of commercial ethics and culture and the civic and commercial welfare of the community.

Hagop Hagopian to Leave For Work in Adopted Land

Hagop Hagopian, who last year graduated from State College, will leave Saturday, October 28 for Egypt on the steamship Konte Desavoy, where he will begin work at the cotton market at Alexandria.

Hagopian yesterday said that he wished to bid all his friends at State College farewell, and expressed his appreciation at the hospitality shown him while at school here.

Hagop Toros Hagopian was born in Aintab, Turkey, December, 1907, of an established Armenian lineage. His father was a wealthy farmer and minister of the Orthodox Church. The first few years of his life were pleasant.

While still at an early age the Turks invaded his home killing his father, and taking his mother and sister and him prisoners.

The women and children were driven with other refugees toward the desert. Many died of starvation and

GRAHAM REJECTS JOHNSON'S OFFER OF NRA POSITION

"Goblin" Wataugan

The "Goblin" issue of the *Wataugan*, campus humorous and literary magazine will be out on Halloween, October 31, according to Dave Morrah, editor.

The publication will contain a large number of illustrations and it will be changed in form. There will be three or four departments. An article on the Chemical Engineering department will be presented.

"Taddle Twitchell," the commentator, will continue his column which was begun last year. Morrah says the column will be modified.

DELTA SIGMA PI TO HEAR SPEAKER

J. H. Hardison to Talk on
Business of Printing At Open Meet
Wednesday Night

Delta Sigma Pi, international commerce fraternity, will sponsor an open meeting to be held in Peele Hall Wednesday, October 25, at 7 o'clock.

J. H. Hardison, vice president of Edwards & Broughton Co. of Raleigh, will be guest speaker. The topic he has chosen for discussion is "The Business of Printing." Students from all the schools of the college are being invited to attend.

At the close of his talk, Mr. Hardison will throw the meeting open for discussion and questions by the students.

Members of the fraternity are: G. V. Foster, M. I. Annetta, J. G. Riddick, W. C. Furr, H. S. Keck, R. P. Morrow, Lamar Summey, C. H. Palm, W. H. Wesson, Jr., I. M. Porter, Frank Davis, and R. S. Poole.

The purpose of the fraternity is: to foster the study of business in universities, to encourage scholarship and the association of students for their mutual advancement by research and practice; to promote closed affiliation between the commercial world and students of commerce, and to further a higher standard of commercial ethics and culture and the civic and commercial welfare of the community.

DR. HARRISON SPEAKS TO ENGINEERS' COUNCIL

Dr. T. P. Harrison, professor in the English department, last night spoke to the Engineers' Council in Palge Hall on the advantages of a technical publication to State College.

After the talk, the Council authorized Dr. Harrison to go before the Publications Board at its regular monthly meeting Wednesday to ask it for the necessary funds to issue a journal.

The Council decided at its meeting that the Engineers' Fair will be held on April 5, 6, and 7, next year. This higher standard of commercial ethics and culture and the civic and commercial welfare of the community.

University President Decides Not to Accept Offer to Head National Program

COMMITTEE EXPRESSES WISH THAT HE REMAIN

Executive Committee of Trustees
Adopts Resolution Stating That
Graham is More Valuable to
Greater University Than to National
Program; Dr. E. C. Brooks and Dr. J. I. Foust Express
Views of Alumni of State
College and Woman's College

Dr. Frank P. Graham will continue his work as head of the Greater University of North Carolina, and will not accept a position on the National Recovery Administration's cabinet to head an educational economic program, it was announced Saturday by Governor J. C. B. Ehringhaus.

This move came after a meeting of the executive committee of the trustees of the Greater University, in which there was a unanimous vote requesting Dr. Graham not to leave the way of his personal desire to go, yet feeling that his presence in North Carolina is so essential and necessary to the cause of education and the success of the University consolidation now in progress, this committee does not feel that Dr. Graham can be spared at this time and expresses the wish that he may decide to remain at his post.

Close associates of Dr. Graham felt that due to his keen patriotic sense of duty he might accept the offer, since he was so adequately prepared for the task.

Another viewpoint held by some of the same associates was the fact that Dr. Graham has never fully recovered from an appendicitis attack and to go to Washington and engage in the strenuous task would endanger his health.

Members of the executive committee are: Governor Ehringhaus, chairman ex officio; Henry M. London, secretary; Mrs. Laura Well Cone, Miss Esaslade Shaw, Hayward Parker, Josephus Daniels, Charles Foe, Irving B. Tucker, Charles Whedbee, S. B. Alexander, Leslie Well, John Sprunt Hill, Walter Murphy, and Judge John J. Parker.

Plans for the current school year were made by the Order of 30 and 3 at its initial meeting of the year in Holladay Hall Tuesday night.

Locke Webb, president of the order, appointed W. H. Sullivan, Walter Greenwood, and Dave Morrah as a committee to prepare a stunt for Blue Key Stunt Night, November 3.

The members also voted to sponsor a program between halves at the Carolina-State football game, November 4.

30 AND 3 ORDER MAKES PLANS FOR STUNT NIGHT

Plans Also Made for Program to
Be Held Between Halves at
State-Carolina Game

Plans for the current school year were made by the Order of 30 and 3 at its initial meeting of the year in Holladay Hall Tuesday night.

Locke Webb, president of the order, appointed W. H. Sullivan, Walter Greenwood, and Dave Morrah as a committee to prepare a stunt for Blue Key Stunt Night, November 3.

The members also voted to sponsor a program between halves at the Carolina-State football game, November 4.

R. W. GRAEBER IS INVITED TO ATTEND CONFERENCE

R. W. Graeber, extension forester at State College, has been invited to Washington on October 24, 25 and 26 to attend a conference call by the Secretary of Agriculture Henry A. Wallace, to formulate recommendations for the conservation and sustained production of forest resources in the United States.

The conference will deal almost entirely with the industrial action needed to be taken and to what extent this requires the cooperation of public agencies.

Some of the leading forest industries and conservation agencies have been asked to send representatives to this conference. Mr. Graeber is the only extension forester to be invited, according to State College officials.

WOLFPACK BAND PLAYS AT GAMES

State College Unit One of First to Play at Football Games in North Carolina

The State College 50-piece Wolfpack Band will play tomorrow at the Wake Forest-State football game, continuing a series of musical appearances begun last Saturday night which will be continued until the close of the school next spring.

The College Drum and Bugle Corps assisted the Band in playing during the half Saturday night, making a total of over 90 musicians participating in the combined group.

The Wolfpack Band was one of the first bands to play at football games in North Carolina and the first to play opposing school songs at the games.

The Band and the Drum and Bugle Corps also marched in the Pep Parade staged by the College Student Government and the Raleigh Junior Chamber of Commerce, Friday night, October 13.

Major C. D. Kutschinski came to State College this fall from Winston-Salem where he was director of music in the public schools.

W. H. White of Raleigh, is drum major of the Band and W. P. Kanto of Youngstown, Ohio, is leader of the Drum and Bugle Corps.

The members of the Wolfpack Band are: B. E. Culp, Gastonia; R. C. Childs, New Bedford, Mass.; Hyman Daves, Durham; J. C. Geddie, Raleigh; J. C. McLean, Raleigh; H. R. Maloon, Laconia, N. H.; W. M. Porter, Charlotte; J. L. Stonebanks, Raleigh; H. B. Whitaker, Durham; A. W. White, Raleigh; F. C. Williams, Greensboro; A. J. Templeton, Raleigh; I. S. Teague, Fairmont; L. N. Brown, Charlotte; D. F. Burns, Durham; K. W. Clarke, Wilmington; W. E. Cline, Drexel; C. E. Goodwin, Raleigh; J. M. Wells, Elm City; C. E. Viverette, Rocky Mount; J. F. Cooper, Kinston; E. W. Blackwood, Cooleemee; L. L. Cole, Derby, Va.; E. M. Geddie, Raleigh; F. Gore, Weldon; H. C. Hill, Snow Hill; C. S. Groves, Raleigh; S. A. Ward, Lumberton; W. C. Lewis, Raleigh; J. P. Nycum, Durham; J. M. Poyner, Raleigh; E. C. Treverton, Marion; R. P. Hood, Raleigh; K. H. Brockwell, Raleigh; J. R. Womble, Rocky Mount; J. L. Padgett, Cliff Side; M. H. Dail, Greenville; E. F. Anderson, Pontiac, R. I.; I. M. Porter, Raleigh; John Feather, New Bedford, Mass.; J. M. Gregory, Fredericksburg, Va.; F. D. Newcomb, Wilmington; T. Allison, Charlotte; I. A. Palm, Mt. Vernon, N. H.; A. H. Griffin, Edenton; W. F. Corbett, Wilmington; and H. L. Chambers, Winston-Salem.

Lost and Found

LOST:

- One brown leather case with zipper flap. Contained 1 chemistry textbook, 1 Engineering Drawing text and complete drawing outfit.
- One cafeteria book containing approximately \$4.00 in tickets.
- One pair of brown kid gloves in Pullen Hall during Ibsen play.
- One bunch of keys. Probably lost in Gym.
- One tobacco pouch in Prof. Green's classroom in Peele Hall.
- One bunch of keys on chain ring. Contained 1 room key, 1 trunk key, 1 Chem. Lab. key, and 1 finger nail clipper.
- One Mathematical Analysis. Lost in Dining Hall.
- One plain nickel vanity in Holliday Hall.
- One large web belt in grandstand at the fair grounds. Lost on Thursday night.
- One pocket book containing a few bills and many personal papers. Lost at the football game Saturday night on or near campus. Easily identified by card and papers. Owner is Alvin M. Fountain.

If any of these articles are found will the finder please bring them to the "Y" office.

FOUND:

- One notebook belonging to Miguel Estera.
- One sophomore registration ticket belonging to Gordon Smith, Jr.
- One Frank Medico pipe. Brown bowl with yellow stem.
- One key to a Corbin lock. Serial No. 60530.
- Two keys to an Eagle lock. No serial numbers.
- Part of a cafeteria book.
- One fountain pen, mottled gray and purple.
- One fountain pen, mottled green and black.
- One fountain pen, mottled dark blue and light blue.

The owners of these articles will please call for them at the "Y" office.

PRESIDENT ENTERTAINS FORT BRAGG OFFICERS

Dr. and Mrs. E. C. Brooks entertained a group of regular army officers from Fort Bragg in the President's box at the Florida-State football game Saturday.

Those present as guests were: Col. and Mrs. E. R. Warren McCabe; Post Executive Officer, Lieutenant-Colonel F. G. Gottschalk; and Lieutenant-Colonel and Mrs. Marshall Magruder.

After the game the Fort Bragg officers and the officers of the State College military department were guests of the Carolina Pines Country Club at a dance given at the club house in their honor.

RADIO INSPECTOR TO CONDUCT TESTS

Radio Inspector of Roanoke Division to Give Examinations at Winston-Salem

Edward Bennett, Radio Inspector of the Roanoke Division will conduct examinations at Winston-Salem on November 4. Two sessions will be held, one in the morning and the other in the afternoon. The first session will be conducted for those applicants who desire the First Class Amateur rank or higher ranks. The afternoon session will be devoted entirely to radio telephony.

The State College Radio Club will cooperate with the Inspector by sending all of its applicants to Winston-Salem on that particular date.

The recent monthly meeting of the Central Carolina Radio Amateur Club was held in the Y. M. C. A. More than 125 radio operators attended.

N. M. Patterson, president of the Raleigh Amateur Radio Club, presided. After welcoming the amateurs, some of whom came from towns as far west as Charlotte and as far east as New Bern, Patterson introduced H. L. Caviness, Director of the American Radio Relay League for the Roanoke Division, who acted as master of ceremonies.

Caviness explained a few of the laws and regulations, which have not been clear to the amateurs. There was a discussion of the commercial side of radio broadcasting and the requirements of a good announcer. He pointed out that the public now receives more entertainment in one night over the radio than the public of a decade ago could see or hear in a life-time.

The wives of some of the Raleigh Amateurs entertained the amateurs with a salad course. During the meal prizes were awarded to the persons holding the lucky numbers. The prizes ranged from small receiver tubes to high-powered transmitting tubes.

"Lib Smith," blues-song girl and Jack Neff, xylophonist, both of the local broadcasting station, sang and played a few of the currently popular songs.

The next meeting of the Central Carolina Radio Club will be held at Pittsboro on November 5.

Creative Education

Dr. John Erskine, noted author and lecturer, in a recent address at Bucknell, advocated "a college education for only that set known as the creative class."

Announcements

Important meeting of Sigma Pi Alpha on Tuesday, October 24, in Peele Hall. All members are requested to be present.

M. ANNETTA, President.

The Leazar Literary Society meets tonight at 6:30 in the Leazar Hall at the Y. M. C. A.

VAN SHUPING, President.

There will be a meeting of the Order of 30 and 3 Thursday night at 6:45.

LOCKE WEBB, President.

There will be a meeting of the Radio Engineers tonight at 7:00 o'clock.

J. F. ABERNETHY, President.

A special meeting of the Theta Tau, professional fraternity, will be held Wednesday night at 6:45 o'clock in the Civil Engineering building.

BILL BOYD, President.

The Forestry Club will hold its annual "Rollet" Thursday, October 26. The members will be taken to the Hill Forest near Durham in the Department buses. All members are asked to come.

The Woman's Auxiliary of the West Raleigh Presbyterian Church is entertaining at the church on Friday evening, October 20 at 8:00 p.m.

All Presbyterian students of the college are cordially invited to attend.

There will be an important meeting of both the editorial and business staff of the *Agroweek* in that office in the Y. M. C. A., Monday, 4:30, October 23. All members be present. Bring pens.

Business Manager.

Delta Sigma Pi open meeting, Peele Hall, Wednesday, October 25, at 7 p.m. All students urged to be present and hear J. H. Hardison, who will speak upon the subject, "The Business of Printing."

BUSINESS DEAN TO TALK ON TENNESSEE PROJECT

B. F. Brown, Dean of Science and Business School, will be the principal speaker at the meeting of the American Institute of Electrical Engineers on Tuesday night, October 24.

The subject of Dean Brown's talk will be the "Tennessee Valley Project."

All members of the society and visitors are being urged to attend the meeting, which will start at 6:45 o'clock.

Good Advertising

Driving without a license, obstructing traffic, operating a trolley without a franchise, and further investigation were the charges piled on students of Colorado School of Mines, arrested while driving an ancient street car down the streets of the town, plastered with signs as an advertisement of their impending game with Denver.

FLETCHER TALKS TO "Y" COUNCIL

St. Mary's Chaplain Leads Discussion Group on "Our Economic Life"

Reverend J. F. Fletcher, Chaplain of St. Mary's, led a discussion group on "Our Economic Life" at the regular meeting of the Junior-Senior Council last night in the Y. M. C. A.

Chaplain Fletcher is particularly suited for a discussion of this type since he has had experience in recent years as a coal miner, deck hand, worker in a rope factory, and mediator in strikes.

"The whole school of economic thought will be controlled by a new group that has developed from the present era of depression. The three causes of our present economic depression," continued Fletcher, "are unemployment of labor, unemployment of capital, and national wastes of national resources."

The reason for bank failures is because banks work individually, and when they are in trouble they have no place to turn for help.

The discussion will be continued next Wednesday evening, October 25, at 7:45 in the Y. M. C. A. W. E. Braswell, president of the "Y" invites all juniors and seniors to attend.

ATTENTION, SENIORS

There will be an important meeting of the senior class Wednesday at 1:30 to discuss the selecting of a graduation gift to the college. All seniors please be present.

Walter Jones, President.

"THE MASTER BUILDER" NOT TO BE GIVEN HERE

E. S. King Cancels Play After Mediocre Performance is Given At Chapel Hill

The presentation of "The Master Builder" has been definitely cancelled, according to E. S. King, secretary of the Y. M. C. A.

This Ibsen play was to have been given here Wednesday, October 11, but was postponed because of the absence of Bram Nossen who played the leading part in the production was given at Chapel Hill last week, with Curtis Cooky, distinguished Shakespearean player taking the part of "The Master Builder." Cooky read most of his lines in an unsuccessful performance.

The play would definitely have been presented here around October 23, but King deemed it advisable to cancel the performance.

STUDENTS TO BRING OUT TECHNICAL PAPER SOON

First Issue of Engineers' Council Publication to be Out in November

The first issue of the technical journal to be published by the Engineers' Council will be brought out on about November 18, according to Norman York, editor.

York said Tuesday that the size of the paper will probably be 10 pages, and that the first issue will contain a general review of experiments carried out in the various engineering schools.

The first issue will be paid for by the Council, and it will contain no advertisements. It will have no name, but it will contain contest blanks to be used in competition among students in the engineering schools for naming the publication. Prizes will be awarded the student who selects the most suitable title.

Robert Ruffner, senior in the school of architecture, is business manager of the paper.

ENGINEERS EXEMPLIFY USES OF OIL AT FAIR

Chemical Engineering Department Exhibits Large Working Model of Oil Well

The uses of oil and by-products of oil were graphically exemplified last week in the series of exhibits made by the Chemical Engineering department of N. C. State College at the State Fair.

Dr. E. E. Randolph, head of the department stated that the exhibit was made to acquaint the public with the petroleum industry one of the major chemical engineering industries of the country; with the part the trained chemical engineer plays in keeping the quality of oil and gasoline up to standards for the consumer, and because many of the graduates of the department are now employed by oil companies.

The largest single exhibit was a working model of an oil well given the department by the Texas Oil Company and being one of the only two existing models, the other being on display at World's Fair.

Samples of their oils and testing equipment were furnished by the Standard, Texas, Gulf, Vacuum, and Quaker State Oil companies.

EMPLOYMENT CONDITIONS SHOW IMPROVEMENT HERE

Shepherd Says He Has More Requests for Workers Than Are Available to Send

M. L. Shepherd, head of the Self Help Bureau of N. C. State College, announced that employment conditions have improved considerably since the opening of college this fall and that now he often has more requests for workers than he has available to send.

"I don't know how long it will last, but for the time being I am well pleased with the placing of the students," he said.

The Self Help Bureau is operated to assist needy students in securing part time employment to help defray their college expenses.

All who wished to work for their room rent have secured rooms and almost all who desired to work for their board have been employed.

"It is difficult to keep an accurate check of their employment with the exception of the freshmen," Shepherd said, "for almost every student who secures regular employment his freshman year keeps the job while he is in school and therefore does not need the services of the Self Help Bureau."

Reach for a Lucky

FOR ALWAYS LUCKIES PLEASE

Choice tobaccos
rolled right—no loose ends

ALWAYS the finest tobaccos
ALWAYS the finest workmanship
ALWAYS Luckies please!

When smoking a Lucky, have you noticed the long white ash? That's the sign of fine, choice Turkish and Domestic tobaccos. And have you noticed how fully packed Luckies are with these choice tobaccos—rolled right—so round—so pure—with no loose ends. Luckies always please!

State Battles Baptists Saturday

FANS EXPECTING BITTER CONTEST BETWEEN RIVALS

Only Big Five Football Game to be Played in This Region of State Tomorrow

REX EXPECTED TO STAR IN TOMORROW'S BATTLE

Captain "Mope" Cumiskey Ready to Play; Smith and Reese Work on State's Offense During Week; Line Shows Up Good During Florida Game; Soph Backs May See Action During Game; State Stock Rises Sharply After Florida Tilt

The new pep and enthusiasm put into the Wolfpack team since the scoreless Florida game is expected to go with the State team when it journeys to meet the Wake Forest Deacons on Gore Field tomorrow at 2:30 p.m.

The battle is expected to outshine anything in North Carolina this week-end, and a record breaking Homecoming crowd of Wake Forest graduates is expected. The game will have the entire eastern part of the State to draw from as Duke is to play Davidson at Davidson and Carolina will be in Gainesville, Fla. The Davidson-Duke game will have its thrills, but there are few who expect a battle as close and as hard fought as the one at Wake Forest.

Coach Clipper Smith and his assistant, Frank Reese, have spent many hours this week working on State's offense, and McQuage and Rex, the big guns in State's ground gaining game, are primed for the contest. Captain Mope Cumiskey will also be ready for use, but it is doubtful if Smith uses the "Pack leader" unless necessary as a pulled muscle in his hip still gives him trouble.

Most of the ground gaining Saturday is expected to be done by Rex, the 215 pound Tech fullback who has gained more yardage this fall from the line of scrimmage than any other State back. McQuage will go the important task of punting. McQuage is also one of the best runners in the Southern Conference, ranking next to Rex in number of yards gained from line plays.

Don Wilson, State's heady and versatile quarterback, will be the directing genius of the State team. He has won fame this fall as a blocker, a tackler and a field general. He is also a leading candidate for all-State quarterback honors.

Although Smith and Reese have spent most of their hours endeavoring to improve State's offensive, they have not lost sight of the fact that it will take a good defensive line to stop such Deacon backs as Captain Dunc Wilson, Whitey Russell, and the hard-driving fullback, Meyers.

State's line showed ability against Florida to hold when touchdowns were in sight and this demonstration of power brought smiles to Coach Smith's face. Steve Sabol, center; John Stanko, all-State guard; Carl Isaacs, up and coming junior tackle; and the two ends, Kenneth Stephens and Raymond Redding, are being groomed to stop the line plays of the Deacons.

Russell Nicholson, a Raleigh boy who did things in the Florida game when substituted for Redding at end, is also expected to see plenty of action Saturday. Carl Isaacs, unsung star of the Florida game, will bear watching the remainder of the season.

Mut DeAngelis, the Deacon's all-State guard; Pat Swan and Chetty, giant tackles, and Slade Hardie, end, will be the Deacon forwards the "Pack" linemen will have trouble moving that McQuage, Rex and other State backs might pick up yardage.

Coach Clipper Smith will, no doubt, start his new offensive backfield against Wake Forest, but it is believed the Coach will give some of the fleet sophomore backs he has on hand a chance. It is also hoped that Captain Mope Cumiskey, fullback, will be able to see more active service.

Roscoe Roy, State's first string right halfback, will be out for at least two more weeks with a cracked sacrum (Please turn to page six)

Four Bits

State College students wishing to see the State-Wake Forest game tomorrow afternoon at Wake Forest may do so with fifty cents and the presentation of their registration card. Seats will be reserved for the State students in a section of the stands designated by Wake Forest officials.

Faculty members of State College holding season tickets may see the game by purchasing tickets for fifty cents at the Treasurer's office today and Saturday morning. Faculty members not holding season tickets may purchase game tickets at the Wake Drug Store, Sir Walter Hotel, or at the gate at Wake Forest.

Lost

Clifford Daugherty, right tackle, whose knee injury suffered in the Florida game has deprived Clipper Smith of his only experienced tackle. He is expected to be out for the rest of the season. However, there is a small chance of his returning for the last November games.

CAMPUS SPORTS IN FULL SWING

Miller Announces That Teams Are Being Organized Among the Four Classes

The intramural sports, football and horse shoes, were in full swing during the past week. In the fraternity group, the Kappa Alphas defeated the Alpha Lambdas 7 to 0 in a thrilling battle, the Alpha Gamma Rhoes kicked the Alpha Kappa PIs 7 to 0. The best game of the week was the Sigma Phi Epsilon-Theta Phi battle which the SPE's won 13 to 0. The SPE's team finished strong last year after a weak start and with all probability should go far in the race this year.

In horse shoes the Alpha Lambda Taus won over the Sigma PIs, Theta PIs won over Lambda Chi Alphas, 3d 7th dormitory won over 3d South, 5th won over 1st South. In the dormitory football section, 3d 7th beat Y. M. C. A. 6 to 0, 1st 1911 won by forfeit over 1st Watauga in the first forfeit this fall, 4th won over 2d Watauga.

Notices of all game schedules are on the gym Bulletin board. Johnny Miller, director of intramurals, requests that all sport managers keep posted on the dates when their respective team are to play.

WOLFPACK LEADS SCORING IN GAMES WITH DEACONS

State Has Won 19 Out of 24 Games With Wake Forest Since First Game in 1908

State's football aggressiveness against the Wake Forest Deacons has rapidly diminished in recent years, but it still has a large lead in the number of games won.

Since football relationships between State and Wake Forest began in 1908, State has won 19 of them. Wake Forest has won 5, and one tie game. The last game in which State won was in 1929, when State kicked Wake Forest in a tight 8 to 6 battle. A new record was made last year when for the first time, in their many engagements, neither team crossed the other's goal line.

Former scores of N. C. State-Wake Forest games are as follows:

- 1908, State 25, Wake Forest 0.
- 1908, State 76, Wake Forest 0.
- 1909, No game.
- 1910, State 28, Wake Forest 3.
- 1911, State 13, Wake Forest 5.
- 1912, State 12, Wake Forest 0.
- 1913, State 35, Wake Forest 0.
- 1914, State 72, Wake Forest 0.
- 1915, State 7, Wake Forest 0.
- 1916, State 6, Wake Forest 0.
- 1917, State 17, Wake Forest 6.
- 1918, State 0, Wake Forest 21.
- 1919, State 21, Wake Forest 7.
- 1920, State 49, Wake Forest 7.
- 1921, State 14, Wake Forest 0.
- 1922, State 32, Wake Forest 0.
- 1923, State 0, Wake Forest 14.
- 1924, State 0, Wake Forest 12.
- 1925, State 6, Wake Forest 0.
- 1926, State 7, Wake Forest 3.
- 1927, State 30, Wake Forest 7.
- 1928, State 37, Wake Forest 0.
- 1929, State 8, Wake Forest 6.
- 1930, State 0, Wake Forest 7.
- 1931, State 0, Wake Forest 6.
- 1932, State 0, Wake Forest 0.

TECHLETS ENGAGE DUKE IMPS TODAY

Strong Freshman Team Has Already Scored 32 Points to None for Opponents

The State College frosh will play their second game of the season when they meet the Duke yearlings on Riddick field this afternoon at 3:30.

In the two games the Techlets have played this fall they have scored 32 points to their opponents none. Brilliant offensive play of the back-field along with a fighting, formidable line have been the highlights in the games of the freshmen this fall.

The Duke frosh have had only one previous tilt this fall, routing the strong Oak Ridge Military school 34 to 6. For the past two years the Duke squad has put the "jinx" on Coach Warren's State frosh. Last year Duke frosh beat the State frosh in a hard 12 to 0 battle. This year dopesters are predicting that the two teams will be fighting on an even level although a slight edge is expected to be given State due to its excellent play in kicking E. C. T. C. and Davidson Kittens this fall.

Coach Bob Warren has been drilling his Techlets extensively in blocking and tackling this week in practice. Much time also has been given the backfield men in working a good aerial offensive drive against Duke. Scanlon and Chilson looked especially good in practice Wednesday afternoon in shooting the ball to the waiting hands of Cara and Campbell, ends. Westcott and Snyder also showed up good on the receiving end.

Husky "Snook" Smothers, center; Regdon and Jenkins, guards; McIntyre and Goode, tackles; Westcott and Cara, ends, should show up good in the line when they attempt to overcome the jinx of the Duke frosh today.

Probable State Frosh Line-up:

Conrad	Left End
Goode	Left Tackle
Jenkins	Left Guard
Smothers	Center
Regdon	Right Guard
McIntyre	Right Tackle
Cara	Right End
Roy	Quarterback
Scanlon	Left Halfback
Fatum	Right Halfback
Bardes	Fullback

Fresh Quadruplets

Baylor University at Waco, Texas, has in its freshman class this year the first set of quadruplets ever to enter college in this country, so far as is known. They are Mona, Mary, Leota and Roberta Keyes, 18, of Hollis, Okla. All graduated together from high school last June.

Speedy Back

Ray Rex, 215 pound husky State fullback, who is the spear head around which the 'Pack's new offense is being built in preparation for the Wake Forest game tomorrow.

STATE COLLEGE GOLFERS LOOK STRONG THIS YEAR

All Varsity Members Back and Several Good Freshman Members Boost Stock

The State College Golf team, with its entire varsity squad back this fall and several good freshmen as varsity material, is expected to go far in the Big Five golf circles this year.

Captain Venable, erstwhile golf enthusiast and well-known golf player of the N. C. State faculty team, is coaching the team.

The varsity team is practicing daily at the Carolina Country Club. Fred Newnham, Jr., No. 1 man last year, is expected to be No. 1 man again this year although he is being pushed rather severely by the brilliant playing of Charlie Styron and Pat Pastore. Fred Newnham, incidentally, is the Raleigh Amateur Golf champion. He also competed in the National Amateur golf matches in Cincinnati, Ohio this summer.

CONFERENCE SCHEDULE SATURDAY

State plays Wake Forest at Wake Forest.
Carolina plays Florida at Gainesville.
Duke plays Davidson at Davidson.
V. M. I. plays Maryland at Lexington.
Virginia plays Navy at Annapolis.
Washington and Lee plays Kentucky at Roanoke.

Wolfpack Ties Florida 0-0 In Spectacular Night Game

WOLFLETS DEFEAT DAVIDSON KITTENS

State Freshmen Win by 14-0 Score in Second Game of Football Season

The State frosh football team proved their superior strength last Friday when they journeyed to Davidson and subdued the Davidson Kittens by a score of 14 to 0. The game was the second of the season for the Techlets. In their first game they beat E. C. T. C. 18 to 0.

The teams engaged in a punting duel during the first quarter with the State team holding the edge. Just before the first period ended, Blanchard of State raced around left end for 30 yards placing the ball on the 10 yard line. The Wild Kittens held for down here, and the ball went over. Peabody punted to his own 30 yard line, and on the first play Chilson threw a pass to Blanchard on the Kittens' five yard line. Bardes ran over for the touchdown on the third play.

Blanchard kicked the extra point. In the fourth period Bardes kicked to Peabody on the Davidson 10 yard line and Snyder then recovered a fumble by Quick, and paved the way for another touchdown. Blanchard ran it over and made the extra point.

Davidson's only threat came in the third period when Gracey recovered a State fumble on the State 30 yard line. (Please turn to page six)

Determined State Eleven Holds Highly Touted 'Wolfpack' to Scoreless Tie

NEW STADIUM OPENED AS 7,000 FANS ATTEND

Rex Leads Wolfpack in Ground Gaining and in Defense; Line Shows Up Well

A very much determined State Wolfpack held the highly touted University of Florida team to a 0 to 0 tie last Saturday night on Riddick Field in one of the most thrilling games that State fans have seen this fall. The game marked the end of defeats which State has suffered in previous games with Georgia and Clemson.

Over 7,000 fans turned out for the game which marked the opening of the new \$40,000 stadium. Though the weather was rather chilly, the ardor and enthusiasm of State's cheering section was noticeable evident throughout the game.

Poor lighting was the only difficulty experienced by the spectators who witnessed the game. It was hard to follow the ball on punts and passes and it was almost impossible to tell on what line the ball was being put in play except by trying to count the lines. From the top of the stands it was impossible to read the line markers.

In the first half State seemingly (Please turn to page six)
