JUNIOR LEADERS TO BE SELECTED BY GOLDEN CHAIN

Senior Leadership Organization Plans Annual Tapping Ceremonies for Next Tuesday

DR. KENDRICK TO SPEAK AT IMPRESSIVE OCCASION

Tapping to be Held Around Sun Dial Near World War Memorial May 21 at 6:30 p.m.; Organization Has Always Named Among Its Members a Majority of Campus Leaders; Project This Year Attempted to Interest High School Graduates in College

Twelve outstanding members of the rising Senior Class will be tapped for membership into Golden Chain, senior leadership organization, at ceremonies to be held around the sun dial near the World War Memorial Tower on Tuesday, May 21, at 6:30 p.m.

Dr. B. B. Kendrick of the Womens College of the University of North Carolina will be the principal speaker for the occasion. In case of inclement weather, the tapping ceremonies will be held in the Frank Thompson Gymnasium. In the past few years, only one tapping has been held in the gymnasium, this being three years ago.

Class to be Present
All members of the Junior Class are expected to be present for the ceremonies, as the names of those elected are kept secret until the actual tapping, and no one except the members of the organization will know who is to be chosen.

As has been the custom in the past, the present members of Golden Chain will each make twelve selections from a list of outstanding juniors. Then the selections will be taken by the president and placed in a safe until just before the tapping ceremonies. No one except Carter Williams, president of the organization, will know the names of the men who were selected until they are announced by the president Tuesday.

Founded Ten Years Ago
This is the tenth year of Golden Chain's existence at North Carolina State College. The founding of the organization is attributed to the appearance of an article in the columns of THE TECHNICIAN, suggesting the founding of an organization that would not be restricted to any one phase of college activity, but would honor those who had been outstanding in any or every activity of their first three years of college, as leaders and good citizens. This has continued to be the primary aim of Golden Chain since its founding, and the members of the organization have continually represented the outstanding talent, leadership and character in their respective classes.

Golden Chain has striven always to serve the best interests of N. C. State College. This year, the organization sponsored trips by its members to the outstanding high schools of the state for the purpose of interesting the high school graduates in this college as a place to continue their education.

Members of Golden Chain visited eleven North Carolina high schools and personally interviewed hundreds of high school students. They found a rapidly increasing interest in State College among these men, and an especial interest in the schools of forestry and engineering.

Present Membership
Present senior members of the society and their positions are: Walter Frank Greenwood, past president of the Interfraternity Council; Jim Barnhardt, business manager of THE AGRICULTURIST; John Stanko, colonel of the R. O. T. C. regiment, and past president of the Monogram Club; Bill Sullivan, past editor of THE WATAUGAN; Dave Morrish, president of Blue Key Society; and Kenneth Stephens, president of the Senior Class.

Dean is Guest Speaker at Phi Eta Sig Banquet

Dean E. L. Lloyd was guest speaker at the annual Phi Eta Sigma banquet held Wednesday evening at 7 p.m. in the college cafeteria. Proceeding the banquet twenty-three new members were initiated into the freshmen honorary fraternity at the formal exercises in the library.

Eighth Annual Style Show Winners

The young ladies pictured above were first prize winners from their respective schools in the Eighth Annual Style Show sponsored by students in the Textile School of State College and held April 25. The winners are wearing costumes that they made during their regular class time from fabrics designed and woven by State textile students.

The first prize winners are, left to right, Miss Jane Spong, first prize winner at Catawba College; Mary Anna Clifton, Lenoir College; Edna Earle Lee, Womens College; Ruth Williams, Peace (winner of the grand prize); Louise Warren, Saint Mary's; Bettie York Bowling, Peace College; Christine Odum, Meredith; and Mary E. Wildman, Flora Macdonald. Misses Martha Johnston and Gladys Sandlin were prize winners from Queens-Chicora and Elon respectively but are not included in the picture.

Freshman Cross Soph Goal To Capture Annual Contest

WATAUGAN WINS MAGAZINE PRIZE

Tommy Jenkins Elected Third Vice President of N. C. C. P. A. at Convention

D. K. Cloniger, of High Point College, Saturday was elected president of the North Carolina Collegiate Press Association in the final meeting of the two-day session at Womens College, in Greensboro.

W. L. Brown, of Davidson, was chosen first vice president; Miss Sarah Collins, of Meredith College, second vice president; T. M. Jenkins, of State College, third vice president; Miss Elizabeth Yates, of Womens College, secretary; and P. M. Russell, of Duke University, treasurer.

Publications of Duke won three of the six cups awarded by the association each spring. Duke's *Chanticleer* took the cup for the best annual of institutions in class A; the *Chronicle* got the prize offered collegiate newspapers in class A, and the *Archive* won the award for the best literary-humorous publication.

Wataugan Wins First
The *Davidsonian*, Davidson's student weekly, received the award offered newspapers in class B; Flora Macdonald's *White Heather*, for annuals in that classification. State's *Wataugan* won the honor for the best literary-humorous publication in the same class.

The highlight of the convention came with the group discussion period Friday afternoon. James F. Reynolds, managing editor of the *Greensboro Daily News*, led the discussion for the newspaper editors. Charles A. Pierce, of the Joseph J. Stone Printing Company, Greensboro, addressed the editors of magazines. W. A. Daniels, of the Benson Printing Company, Nashville, Tenn., presided over the editors of annuals. A. M. Beck, of the Edwards and Broughton Company, Raleigh, conducted the meeting of business managers.

The fall and spring conventions next year will be held at Duke and Wake Forest, respectively.

Relieved

Three seniors in Architectural Engineering thought for a while that they would not receive their diplomas in June due to a mix-up in the catalogue.

They were told only recently that it was possible that they would not be graduated since they still had six hours to make up which had not been accounted for. However, a check-up revealed that during the junior year a mistake in adding in the catalogue had caused the registrar's office to become tangled up.

It was reported that the three heaved a sigh of relief when the problem was cleared up.

Push Ball Used in Battle Presented by Dave Morrish in Behalf of Blue Key

STARTING WHISTLE BLOWN BY COLONEL HARRELSON

Freshman Outnumber Second Year Men to Repeat Victory of Last Year

The fighting frosh were victorious over the sophomores by a score of one to nothing, Saturday afternoon in the annual freshman-sophomore rush held on 1911 field.

Dave Morrish, president of Blue Key, national honorary society, officially presented the huge 460 pound push ball to Colonel J. W. Harrelson in behalf of the society promptly at 1:30. Then, immediately after final instructions were given by the field officials, Colonel Harrelson dedicated the ball to the winners of the fight and blew the starting whistle.

The two classes reached the ball at about the same time, and for half an hour fought to get the ball started toward one goal or the other. The sophomores were outnumbered by about three to one, yet they managed to hold the frosh down to practically no gain. Little by little, however, the ball was finally advanced to within thirty yards of the sophomore goal, just at the bottom of the hill. Here it stopped and no efforts could budge it one way or the other. Since no headway was being made, and the frosh were getting so tired and hot that they could do no fighting, the officials thought it best to call a rest period and give them a chance to get back on their feet.

At the end of fifteen minutes the fight was again started. The frosh formed a triangular wedge about the ball and sent the advancing sophomores firing away from it. Every time the frosh backed off and rushed the ball they met the wedge and were unable to penetrate it. In ten minutes the freshmen had got the ball within three yards of the sophomore goal, and with one last mighty effort they sent it over for the only score of the entire fight.

The real fighting was apparently on the outskirts of the group. Time after time the spectators saw unusual tackles and clinches which resulted in the two fighters coming over to the sidelines for air, still holding on to each other. At one time more than a third of the contestants were lying on top of each other out in the open resting.

The field of action was 150 yards long and 60 yards wide, with the goals 25 yards apart. The sophomores were given the slight advantage of having their goal line about one third of the way up the hill. The fight officials were J. F. Miller and his athletic staff, with Colonel J. W. Harrelson and Governor J. C. B. Ehringhaus acting as honorary officials. The rules and regulations were prepared by the special committee, whose co-chairmen were A. J. Gerlock and F. C. Ziglar, and the faculty advisers, Captain F. W. Rickamore and Romeo LeFort.

While the freshmen were victorious in this official battle for the right to be considered on equal footing with the upperclassmen on the campus, they (Please turn to page two)

EIGHTY-ONE MEN TO ATTEND CAMP

State College Advanced Military Students Leave for Summer Training Soon

Seventy-nine State College juniors taking advanced military training and two seniors will leave Raleigh for camp immediately after examinations are over this year.

Of these men, seven will go to Edgewood Arsenal, Maryland, for training in Chemical warfare. The men going to Edgewood Arsenal are students in either chemistry or chemical engineering. They are supposed to report on June 10, for six weeks training.

The other seventy-four men attending camp will go to Fort McClelland located at Anniston, Alabama. They will report to camp on June 7, for the same amount of training in infantry work.

All students taking advanced military are required to attend camp between their junior and senior years if they wish to receive a commission in the Reserve Corps of the United States Army after their graduation.

State students who will attend camp this year at Fort McClelland are: Seniors; F. C. Williams and G. W. Ford; Juniors: W. B. Aycock, H. G. Barden, R. O. Bennett, K. H. Brockwell, A. W. Brown, J. M. Brown, M. F. Browne, T. J. Buchanan, W. A. Corpening, M. P. Cox, W. H. Darr, Jr., A. H. Davis, Jr., S. C. Davis, G. B. Dobbins, H. D. Dorsey, W. J. Dusty, R. E. Edgerton, W. N. Flournoy.

A. R. Gattis, R. C. Going, J. V. Guzas, C. C. Hawkins, R. H. Hodgkin, T. L. Hurst, E. L. Hyde, F. J. Johnson, Harris S. Keck, J. C. Keith, A. C. Kimrey, K. J. Krach, B. S. Lambeth, J. S. Liles, C. H. Lloyd, Jr., C. E. Lynch, G. R. McCall, J. L. McLaughlin, H. R. McLawhorn, W. R. Mann, J. R. Marks, Jr., M. H. Meekins, J. D. Moore, J. L. Newsome, C. D. Norlander, T. F. Osborn, D. M. Parker, L. D. Pender, Jr., E. J. Phibbs, I. M. Porter, Gordon Smith, Jr., R. R. Powell, T. A. Rivenbark, G. R. Ross, Jr., S. V. Sabol, W. A. Sherratt, W. S. Smith, Carl Stein, C. C. Stott, C. W. Surratt, F. M. Sutton, T. S. Teague, R. G. Thomas, R. N. Thompson, J. E. Thornton, W. H. Uley, R. E. Vick, O. A. Wallace, S. A. Ward, E. A. Watters, J. S. Whitley, J. R. Womble, M. A. Wright, and Carl Wynn.

MILITARY ORGANIZATION SELECTS NEW OFFICIALS

Scabbard and Blade, national honorary fraternity of advanced military students, elected W. R. Mann as the captain of the State College chapter in a meeting held Wednesday.

The State College chapter is known as Company G of the Third Regiment. Other officers chosen by the organization for the coming year are: Paul Cox, first lieutenant; Dow Pender, second lieutenant; and Wayne Corpening, first sergeant.

DELTA SIGMA PI MEMBERS HEAR STACEY W. WADE

Secretary of State is Guest Speaker at Banquet of Commerce Fraternity

BROWNE CHOSEN TO HEAD BUSINESS ORGANIZATION

Wade Declares Selfishness and Forgetfulness Are At Bottom of Present Economic Conditions; Advises Students That Making Friends Is a Sure Way to Be a Success; Speaker Tells Students to Take an Interest in Government

"Selfishness and forgetfulness of the rights and happiness of others lies at the very root of America's unhappy condition today," declared Stacey W. Wade, Secretary of State of North Carolina, in speech made before members of the Delta Sigma Pi fraternity last Sunday night.

Wade was guest speaker at a banquet of the national honorary business organization which was held at Carolina Pines Clubhouse in honor of the new initiates of the fraternity.

Wrong View of Success
"For years the appeal has been made to young men that they shall go out and make for themselves successful lives by accumulating possessions, position and power," stated the speaker. "However, we have lived to see the folly of that course."

Mr. Wade continued with an explanation of how vitally concerned the college men of today are with the workings of the New Deal and the wheels of government in both state and nation. He said this was a time for all Americans to unite and put their shoulders behind the wheels of government, if they expected to find prosperity and contentment.

"Through the course of the years we have been demanding more and more services at the hands of government; not only education and regulation but every conceivable form of service," said Secretary Wade, "but how can we expect this complicated edifice of our government to stand unless we give to it our unstinted support and service? If it is not supported at every point, it must topple and fall of its own weight."

Desires Selfish Interests
"Selfish interests must be thrown aside. Serving not seeking, giving not getting must characterize our national spirit. The opportunity for you today is in many respects greater than it ever has been for any generation on earth. We are in truth and in fact in the midst of a new day."

The Secretary of State declared that it is utterly impossible for anyone to live to himself in our modern civilization. He emphasized the necessity for making friends by being interested in the welfare of others. In conclusion, the speaker begged "whatever comes, keep a cheerful spirit. With all our problems of both state and nation challenging the best that is in us, it is still true, as it has been through the ages, that those who would gain the heights must maintain a spirit of friendliness and optimism."

Officers Elected
At the following meeting of Delta Sigma Pi held last Tuesday in Peele Hall, Micou F. Browne was elected Head Master of the organization for the next school year. Other officers chosen then were: Arthur Brown, Senior Warden; Claude Lloyd, Junior Warden; and Charlie Turinton, treasurer.

BLUE KEY TO INITIATE SIX JUNIORS WEDNESDAY

Celebrating its eighth year at State College, local chapter of Blue Key, national honor fraternity, is to hold its annual banquet and initiation ceremonies Wednesday evening at the Carolina Pines clubhouse.

Six students from the entire Junior Class were found to have a record in scholarship and character sufficient to admit them to Blue Key. These were F. P. Wilson, J. R. West, Seamon Hudson, Micou Brown, Henry Pierce, and Kenneth Krach.

During the course of the evening, honorary membership will be conferred on General J. V. Metz, Hon. Stacey W. Wade, secretary of state of North Carolina, and Judge Michael Schenck, justice of the North Carolina Supreme Court.

The officers who will preside next year are also to be elected at the banquet.

SHOWERS CAUSE CHANGE IN DATE OF LARGE SHOW

Campus Carnival Rained Out Last Night to Be Held Tonight at 7:30 O'clock on Riddick Field; R. O. T. C., Girl Scouts, and Boy Scout Troops Have Part

Called off on account of rain yesterday, the second annual Campus Carnival will be staged tonight at 7:30 o'clock on Riddick Field unless inclement weather interferes, according to Col. Bruce Magruder, commandant of the State R. O. T. C.

The carnival will feature drills by the State College R. O. T. C. corps, the Boy Scouts, and the Girl Scouts of Raleigh. The stadium is to be decorated for the occasion and the fence on the west side of the field will be banked with green shrubbery. It has also been planned to support the lighting system for night events. In addition pennants will be placed at various places on the east side stands.

Governor J. C. B. Ehringhaus, Dr. Frank Graham, president of the Greater University, and General Manus McCloskey, commandant of the Fort Bragg military reservation, are expected to be present as honor guests at the occasion. The regiment will be reviewed by Col. J. W. Harrelson, dean of administration, who will also present awards to cadet officers of the best platoon and company in the regiment and to the outstanding freshman in military and the "most military" sophomore.

Graduation Parade
The parade which is the final item on the program of events will be the last for the senior officers. These officers will review the regiment as it passes under the leadership of junior officers who will take over the command of the regiment next fall. It will also be the last parade for Capt. John R. Eden, assistant professor of military science and tactics, who has been detailed for duty in the Hawaiian Islands after the termination of the scholastic year.

Scout Features
Various types of scoutcraft will be exhibited by the Boy Scouts of Raleigh. The scouts will construct a rustic bridge and tower on the field by lashing staves together. Besides their first aid and tending demonstrations, the group has also promised "to bring down fire from heaven." Their secret has not yet been revealed, as they are keeping this feat a close secret.

About sixty Girl Scouts will make their initial public exhibition at the event, since the troops were organized only recently in Raleigh. The girls are planning to stage a Maypole dance of large proportions with five poles. Immediately after this act, members of the State Drum and Bugle Corps will present for the amusement of the spectators a Maypole dance of their own.

R. O. T. C. Exhibitions
Other features of the show will include several exhibitions by the R. O. T. C. corps in wall-scaling, tent-pitching, comedy skits, and crack drilling. Company A, under the leadership of Captain Kenneth Stephens, has been practicing for several weeks to break the wall-scaling record of one minute and forty-five seconds set last year by the same company during the carnival.

The Drum and Bugle Corps have been at work preparing three comedy plays to be interspersed between other acts on the program. Company G, commanded by Captain Larry Martin, will present a manual arms drill to the accompaniment of music. Company E, under Captain L. B. Williams, will demonstrate tent-pitching.

Several new movements and evolutions have been worked out by a crack squad under the command of Allan Nease. The squad was enthusiastically received two weeks ago when it drilled during a regimental parade.

All tickets to the carnival are given free of charge and have been distributed by the military corps. Invitations have been extended to various groups throughout the state.

INITIATION AND ELECTION HELD BY CERAMIC GROUP

Two outstanding members of the sophomore class were initiated into Keramos, national honorary professional fraternity, at formal ceremonies last Tuesday evening, following which there was held an election of fraternity officers for the coming year.

W. C. Bell, Greensboro, and A. R. Blackburn, Wilson, were the sophomores taken into the fraternity. Only two members of their class are thus honored annually by Keramos. To be eligible for membership ceramic students must have good scholastic records and show unusual interest in their work.

Officers of Keramos for the coming year are as follows: T. L. Hurst, president; E. B. Smith, vice-president; A. R. Blackburn, secretary; W. C. Bell, treasurer; and W. R. McLean, herald.

Prof. J. W. Whitmore, head of the department of Ceramic Engineering at VPI, was also elected to honorary membership in the State College chapter.

LT. COL. BRUCE MAGRUDER

DRAMATIC GROUP TO GIVE COMEDY

Red Masquers Dramatic Club to Give Second Performance of Year on May 23

The reorganized Red Masquers' second and last production of the current season, "The Bad Man," a three-act satirical comedy, will be presented in Pullen Hall on May 23, at 8:30 o'clock.

Written by Porter Emerson Brown, "The Bad Man" has proved successful both on Broadway and on the road. It is a colorful and romantic drama of the Mexican border in which the leading character turns the tables on a group of Americans who have designs on the possessions of another young American. Although he is "the bad man" in name, he turns out to be "whiter" than most of the other characters. Altogether, the play is vividly romantic with a generous mixture of comedy and drama.

The cast is made up of a number of experienced actors and actresses. The title role will be filled by Frederick Walsh, and Marguerite York will play the female lead. Franklin Dixon plays the part of the juvenile, and the part of the ingenue will be carried by Helen Scott. Others in the cast are: Charles Dunnington, Paul Obst, Paul Cor, Eleanor Douglass Doak, William Shia, Harris Carpenter, C. R. Stinnette, and Richard Dunn.

"The Bad Man" is under the direction of Professors Lodwick Hartley and Albert Stanbury, and promises to be a greater success than the first production of The Red Masquers. A musical program is also being arranged for the performance by Major Kutshinski and Bob Bourne.

The technical staff of the Red Masquers is composed of Ed Guerrant, Isaac Murphy, Harry Bowling, and George MacArthur.

Greek vs. Greek

A titanic struggle among the Greeks will be staged here next Thursday and Friday when the bridge experts of the fraternities compete for the Lambda Chi Alpha's annually awarded trophy.

Each fraternity will be represented by a team of Culbertson counterparts in the elimination match play which will begin on Thursday afternoon in the Lambda Chi's home at 2407 Clark Avenue. Throughout the afternoon and evening contract wizards will fall before their more astute competitors. The final rubbers will be played on Friday between the surviving teams.

The trophy, a large silver plaque, was first won in 1928 by the Phi Kappa Tau. Smoak and Seales outsmarted their opponents last year, winning the plaque for the Phi K.

SO MUCH SMOKE

Just what nourishment the newly formed American Liberty League will find in Chapel Hill soil yet remains to be seen, but they at least succeeded in bringing conservative David Clark, Charlotte publisher, within the very walls of old Gerrard Hall, the timbers of which still reverberate from the "liberal" enthusiasm of many a mass gathering.

Mr. Clark has repeatedly stated that "a small group of professors" at the Chapel Hill unit is actively engaged in promoting communism, socialism, other un-American principles. Through his editorial columns in the *Textile Bulletin* and elsewhere he has sought to bring to the attention of the state's taxpayers the incidents which have provoked his attacks. In his visit to Chapel Hill last Tuesday Mr. Clark engaged in verbal conflict with his "liberal" adversaries, having previously mentioned their names in his address.

Candidly, he said in part: "I do not yield to anyone in my advocacy of freedom of speech, but I condemn the cowardly attempt of certain professors to crawl under the cover of freedom of speech while trying to instill subversive doctrines into the minds of boys and girls entrusted in their care." He stated further that "... the majority of the professors at the University are doing the work for which they are paid and deserve the respect and admiration of the public."

Whether Mr. Clark is justified in all his charges may be a debatable question, but a ripple of smoke is a good indication of fire. Certainly the activities of some few professors and students at our brother unit of the University have raised dense clouds of the stuff. State newspapers have given wide publicity to their unusual interest in the Burlington case, where men convicted of dynamiting mill property during the recent general textile strike were there given succor, and a fund established for their release. The sincerity of the "liberal" group in a single such instance could hardly be questioned, but other of their actions are an indication of a purposeful stand against the established economic and political order. That this objective can go unchallenged in an institution maintained by the people of the state is unthinkable.

Certainly it is that freedom of speech and the press is in keeping with American ideals. Mr. Clark and others of his belief, no doubt, uphold this principle. However, as he pointed out, it can be abused in instances where insincere motives are cloaked with this law of conduct. When men employed by the people of North Carolina go injudiciously out of their way to provoke the citizenry, then it is that there should be some calling to account.

In the open forum which followed Mr. Clark's address it was evident that the audience which crowded the small building was unympathetic to his principles. In the published denials and counter attacks of the "liberal" bloc the following day it was denied that they had done any propagandizing of atheism, socialism, or communism in class rooms at the University. However, from the feeling of Mr. Clark's audience, reported as bitter at times, their leadership in activities and meetings in University buildings must have had some effect on a part of the students there. Nevertheless, the attitude of this group should not be taken as representative of the entire student body. It is regrettable that the actions of a few may cause the sincerity of the University to be questioned.

EXCESSIVE GRADUATION EXPENSES

The general attitude on the part of a large number of the members of the Senior Class who are candidates for graduation is to the effect that the five dollar diploma fee is but an added burden to multifarious graduation expenses. In itself, the fee is not excessive, but it represents only a part of many financial requirements of the nearly three hundred seniors scheduled to receive their diplomas next month. In some cases it works an actual hardship after four years of expensive preparation.

Actually, the diploma fee is ear-marked for certain expenses connected with the graduation exercises, including the cost of the diploma, decorations, programs, traveling expenses of the commencement speakers, and the erection of temporary stands on Riddick Field. The prevailing opinion among the seniors has been that the total cost of these outlays is but a fraction of the fifteen hundred dollars which will be exacted by the college for these purposes. In times past, commencement speakers have been secured from a considerable distance, but such is not the case this year and no large expense will be incurred in that respect. Other factors give sound reasons for the predominant sentiment.

College officials contend that most of the money received from the diploma fee is used exclusively for the specified ends, but it seems out of order that after four years of study and expense leading to a degree a senior should be required to expend a designated sum for the culminating reward of his college career. The fact that the financing of commencement must be met in some way is not to be debated. However, this money might be provided by the adoption of a more prudent manner of collection.

It has been suggested by some that the spreading of this fee over the four years of a graduate's residence at the college would prove unnoticeable and more discreet. Certainly the mental attitude of the senior who feels that during his stay in college he has paid for everything which he has received would be dispelled. An investigation on the part of college officials into the possibilities of meeting this situation might result in a more satisfactory solution.

TOWARD A BETTER UNDERSTANDING

The Campus Carnival to be held here on Riddick Field tonight is the second such event on the campus sponsored jointly by the Raleigh Junior Chamber of Commerce and the State College R. O. T. C. It was originated last year for the primary purpose of promoting a better understanding between the people of Raleigh and State College students. Successful last year, its continuance should greatly assist in welding the breach that has existed to a certain extent for years.

In most college communities the townspeople are often provoked at the antics, tomfoolery, and irresponsible conduct on the part of some of the students. Seldom are students guilty of any gross violation of the law, but often their unpremeditated actions prove justifiable causes of civic protest. Like those in other institutions, State students often show disregard for the respect of local citizens. It is only through a better understanding that a more tolerant attitude on the part of both students and townspeople can result.

It is natural that the young men of the Junior Chamber of Commerce and students here at the college are capable of a mutual agreement of opinion from the standpoint of age alone. It is through their cooperation that an entering wedge can be made toward a more agreeable state of affairs. No better recommendation of a college and its student body is desirable than the high regard of the local citizens. The groups which are sponsoring the Carnival are to be congratulated on their objective and for their efforts which have already accomplished much.

Unfortunately postponed because of inclement weather, this year's Carnival, which was to have been held last night, has been tentatively scheduled for tonight. Much planning and painstaking work has gone toward making this event successful both from a standpoint of entertainment and the more serious motive. A number of local organizations will participate together with the R. O. T. C. regiment and college band. The interesting program which has been arranged should draw an even larger crowd than witnessed the first such event last year. It is a worthwhile undertaking and should receive the united support of the students.

SUPPORT DRAMATICS

Growing dissatisfaction with the Experimental Theater prompted the withdrawal last fall of a group of student players, and the revival of the Red Masquers Dramatic Club. Although received well in other places, the extemporaneous play never secured the support of the students here. New in design, its performance had not been perfected to the point where it took the place of the memorized play.

The revival of the Red Masquers was heralded with enthusiasm by those who were interested in seeing the return of finished performances to the State College stage. However, general interest in dramatic presentations had seemingly reached a low ebb during the years which the Experimental Theater had utterly failed to secure student support. Late in reorganizing, the Red Masquers were unable to present their first performance until near the middle of the school year. Although failing to disturb the inertia of the greater part of the student body, much favorable comment was heard on the initial presentation of the group.

The Red Masquers will present their second and final production of the current season here next week. Advanced information is indicative of a finished play which will be well worth seeing. State students should display an awakening of interest in dramatic art on the campus by giving this group their support.

HERE and THERE

By JERRY FORD

"In unity there is strength," so the old saying goes and this was most decisively proved last Saturday when the freshmen walked away with the sophomores at the annual rush. Although overripe vegetables and eggs were illegal, these socially undesirable articles appeared in great quantities before the rush was over. There are many right now who wish they had known when to have kept their mouths shut at the proper times.

With the Golden Chain tapping just around the corner, it seems fitting and proper that a few guesses be made as to next year's links. For some reason or the other material for this organization seems to be quite limited this year. However, here's the way I predict it to go: Bill Aycock, Bob Seitz, Harrie Keck, Perry Wilson, Joe Canady, Henry Pierce, Seaman Hudson, Tommy Jenkins, George McCall, J. R. West, Steve Sabol, and Bob Knox. Other possibilities are: Micou Browne, Nat Thompson, Ed Landreth, and Jimmy Wells.

Methods that Smut Smith loves to parade before the local lasses every Monday, since he has never yet given over his command to some other senior in rotation, as the other battalion leaders have done.

Social item: Larry Martin visited Greensboro again this week-end.

Too bad that the dormitory card sharks of 1911 and Watauga aren't all fraternity men. They would probably show a few tricks at the Lambda Chi bridge tournament. Why not a Pine Burr sponsored poker tournament for the dormitory clubs?

Clarence Gale had a car all this week. The gas consumption jumped 50 per cent in Raleigh and dates were hard for us to get.

They were some slick politics pulled at the N. C. C. P. A. convention in Greensboro last week-end. Sullivan overworked himself being nice to the girls and soft talking them into voting his private ticket. Especially hard did he work during the time he was with the Meredith delegates, but it seems that the girl who broke her date with Charlie Turlington, voted for the other men anyway. The Wake Forest boy who dated her must have done some politicking also.

The Agromock will be out this year. At least Hubert said he had suspicions that it would be printed.

Sayings of the week: Gene Knight: (to cafeteria girl after losing money) What's the cheapest thing you have to eat?

Announcements

There will be a meeting of the old and new Engineer's Council Thursday, May 23, at 6:30 p.m. in the Architectural Building. Committee reports will be due. Please be there. J. R. West.

There will be a rehearsal of the orchestra on Tuesday at 4:30 o'clock. The glee club will meet in Pullen Hall at 6:30 o'clock on Monday.

Juniors and seniors may secure bids to the Junior-Senior Prom from the Watauga office in Price Hall from 3 p.m. to 6 p.m. this afternoon and on Saturday from 9 a.m. to 12 m.

Because of the Campus Carnival the scheduled meeting of the Forestry Club tonight will be held next Friday night, May 24 at 7 p.m. in Patterson Hall. Elections of officers and important business will be transacted. Refreshments. Members please come. H. C. Bragaw, Secy.

There will be a meeting of Phi Eta Sigma Monday evening at 7 p.m. in the Y. M. C. A. Elections of officers will be held. All members are urged to attend.

Sigma Pi Alpha will hold its last meeting of the year on Thursday night, May 24, at 7 o'clock, in Peele Hall. Officers for the coming year will be elected at that time. I. O. Garodnick, President.

There will be a meeting of Phi Epsilon on Monday, May 20, at 12 o'clock. All members are requested to be present as officers for the coming year will be elected. Virginia Tate, President.

FRESHMEN CROSS SOPH GOAL TO CAPTURE ANNUAL CONTEST

(Continued from page one)
didn't fare quite so well in the unofficial battles which occurred on Thursday and Friday nights. On the first night they raided 1911 dormitory and drove the sophs out in a hurry. But, when they returned the next night, they were very much surprised. Not only were the entrances barricaded but also there were barrages of hot water, rotten eggs, and other missiles. One smart freshman closed the water valve in the rear of the dormitory and rushed back to lead his classmates into the building. He was very much chagrined to find that he had closed the wrong valve. There are few members of either class who escaped being painted sometime during the two days preceding the fight. Many are the tales of chases and scraps, and of boys who stayed in the hotels and other places in town to avoid being taken by their opponents. One student dressed in white linen and on his way to a date, had the sad mis-

CHEMICAL HONOR GROUP TAKES IN FIVE MEMBERS

The Alpha Beta chapter of Gamma Sigma Epsilon, national honorary chemical fraternity, initiated five students into its organization on Wednesday evening. The newly initiated members are: Martha Smith, Lewis Webb, Clarence McSwain, Carl Lange, and Vincent Thorpe. The requirements for Gamma Sigma Epsilon are high. A student must have an average of 85 per cent in chemistry for two years, and an

average of 80 per cent in all courses. Leadership, activities, and character are also considerations in selecting new members.

Doakmen Ring Down Curtain In Game With Wake Forest

State Meets Deacs in Final Tilt Played on Wake Forest Diamond Saturday

TECHS ALMOST CERTAIN OF THIRD IN STANDINGS

Doak's Men Oust Carolina From Third Rung in Big Five By Win Over Deacs

After having been rained out of their fourth and final engagement with Duke, Coach Chick Doak's Techs will ring down the curtain on the current baseball season Saturday when they meet Wake Forest's Demon Deacons in a Big Five game here.

The Doakmen have played the Deacs in three contests this year and have come out with only one win for the trio of tilts. Wake Forest took the first two by scores of 11-6 and 6-4. The first of these games was the annual Easter Monday classic. The victory gave Wake Forest a decided edge in the contests of recent years, as they have come out on top in the last five engagements.

In the most recent tilt between the two teams, which was played here last Tuesday, State turned loose a slugging spree in a big fifth inning to connect for seven hits and bring around four runs. The quartet of tallies proved to be the only scoring of the game and was the Techs' margin of victory. Darkness necessitated calling the game at the end of the Deacons' half of the sixth frame.

State's Big Five Record

The Duke game, which was rained out yesterday, was the only tilt that State was unable to play this year. One other contest, the initial engagement of a two-game series with Davidson last week-end, was also rained out, but it was played as a part of the double-header on Saturday.

By winning both games of the double-header, Doak's men climbed out of the cellar of the Big Five and left Davidson the only opponent and the win over Wake Forest on Tuesday put State in third place ahead of Carolina, who had been on the third rung.

	W.	L.	Pct.
Duke	10	1	.909
Wake Forest	7	5	.583
State	6	8	.429
Carolina	5	7	.417
Davidson	3	10	.231

These standings in all probability will remain as they are at the present time. Should State lose to Wake Forest in their game Saturday, Carolina would have to take at least one of their three remaining games to tie the Techs. Wins in two of the tilts would put Carolina in third place above State. A victory by the Doakmen on Saturday would make it necessary that Carolina take two of the three contests to tie the Techs, and all three to end up in a higher position. Since all of the Techs' remaining tilts are with the championship Duke Blue Devils, it would seem that the chances of the standings being changed is only a mathematical possibility.

Duke is the only Big Five team that State has not defeated at least once in the past season. The Blue Devils have come out victorious in all three meetings of the teams. In their four engagements with Carolina, the Techs broke even. Doak's men hold an edge over Davidson, having taken three of the four tilts. Wake Forest has won two of the three games between the teams.

Point Standings

In the first round played in the volleyball league the Theta Phi's, Ohio Valley Club, K. A.'s, Delta Sig's, Theta Kappa Nu's, Alpha Gamma Rho's, Faculty Club, 1st 1911, 1st Watauga, Pika's, Sigma Pi's, and Kappa Sig's, were victors.

The latest standings in intramural baseball, which is drawing to a close, are:

Fraternity League			
SECTION 1	W.	L.	Pct.
Sigma Phi Epsilon	5	0	1.000
Alpha Gamma Rho	1	1	.500
Pi Kappa Tau	1	1	.500
Theta Phi	1	1	.500

STATE GETS WINS IN TRIO OF GAMES

Doakmen Win Double-header From Davidson, 3-1 and 6-1, and Defeat Wake Forest

STATE CLIMBING UPWARD IN STANDING OF BIG FIVE

Lambeth Hits Homer in Shortened Deac Tilt to Climax Big Inning of Seven Bingles

Coach Chick Doak's Techs came through with a pair of wins over Davidson last Saturday to pull out of the cellar of the Big Five which they had shared with the Wildcats. The scores of the double-header were 3-1 and 6-1. Tuesday State met Wake Forest here and took that game by a 4-0 count.

Pair in Eighth Brings Win
Williams started the Doakmen to their first win in the eighth by drawing a walk. Dalrymple sacrificed the first baseman to second. Lambeth reached first when Ravinell, Davidson catcher, dropped his third strike. Williams exhibited some nice work on the path and came home on the play.

Ravinell singled to send Lambeth to third. It was at this stage of the proceedings that State pulled the double steal which scored the little shortstop.

Big Fourth Decides Tilt
The Techs took the second game by counting five runs in the fourth frame after Davidson had already tied the score in their half of the same stanza. Jerry Davidson, sophomore southpaw, led the hurling for Doak's men in this tilt and turned in a nice job. Davidson seemed to be "right" and let the "Cats down with only three hits. Two of these were singles, while the third was a double by Mackorell. Jerry also came through with a perfect day at bat, getting three singles for three trips.

Score by innings:
First Game
R H E
Davidson..... 000 000 100-1 10 4
State..... 001 000 02x-3 6 2
Batteries: Harris and Ravinell; Freeman and Staton.

Second Game
R H E
Davidson..... 000 100 0-1 2 3
State..... 100 500 x-6 10 3
Batteries: Jenkins and Wingfield; Davidson and Staton.

Techs Take Shortened Game
Another big scoring inning in which they connected for seven hits and four runs gave the Techs their third win in as many games when they turned back Wake Forest, 4-0, in a game played here Tuesday. The contest was shortened by darkness.

Captain Johnny Johnson started the fireworks in the fifth, which was the big inning for State, by singling. Staton sacrificed the Tech leader to second and then Dave Rodwell, who pitched fourth hit ball, came through with a base knock to score Johnson with the first run. Williams made a safe infield hit.

Rodwell going to third. The State's tally started shortly after that when Sheppard, Deacon basket, threw into centerfield in an attempt to get Williams.

Dalrymple singled and then Lambeth hit the sack-cleaner that ended the scoring for the day. Rex and Norwood both singled, but Flynn grounded out.

Score by innings:
R H E
Wake Forest..... 000 000-0 4 2
State..... 000 04x-4 8 1
Batteries: Rhodes and Sheppard; Rodwell and Staton.

Sport Glimpses

By BILL GOAD

These varsity hurlers certainly have been hearing down in the last three games. In two games with Davidson, and one with Wake Forest, the opponents have scored only two runs. Rodwell pitched a scoreless game, and Freeman and Davidson allowed Davidson College one run each in the opener of the series.

I like to watch this Jerry Davidson pitch. He started the season a bit shaky, but he has apparently gained the confidence that it takes, and allowed Davidson College only three hits in the second game of Saturday's double-header. And another thing about Jerry, he's always out there smiling, and giving out chewing gum a bit. The season is about over, but I hope we'll see lots of him on the mound next year.

And talking about pitchers, Dave Rodwell turned in a mighty fine game against Wake Forest the other day. Although the game was rained out, in the sixth inning, Dave pitched himself out of several holes to blank the Deacons.

Nearly all the championships in North Carolina and the Southern Conference have been won now, except the conference track meet this week-end. Milan Zori will be the only State College entry. Zori holds the conference championship in the discus.

The State College freshman baseball team closes the 1935 schedule with the Campbell College nine this afternoon at Campbell. Lefty Hart, who pitched a two hit game against Burlington Monday, will probably do the chinking for Coach Warren's team.

Campbell defeated the Techlets in a game played here earlier in the season.

It won't be long until the intramural finals will be played. And as usual the Pika's and S. P. E.'s are fighting it out for the top. When Spring activities started, the Pika's held a 29 point lead over the Sig's. There remains the track meet, tennis championship and the baseball title. Both of these teams are undefeated in baseball. They are in the tennis finals to be played some time next week. The Pika's won the track meet last year, and have almost the same team back this time.

The Tech golf team finished fourth in the conference meet at Greensboro last week-end. After a good morning round, the Techs were caught in a rainstorm on the afternoon round and slipped to fourth place. Laxton won the individual award, and Duke won the championship.

Fred Newnham got back from his forestry trip last week just too late to participate in the tournament. However he went out to the country club and shot a blazing 70 the first time he has had his hands on a club in six weeks. That boy is some golfer.

And now for some shorts. . . . We've mentioned Ed Berlinsky's base running several times this year, but he literally stole that game from Burlington the other day by stealing home twice. . . . Ray Rex has another year of eligibility for baseball if he comes back, and Ray is talking about coming back too.

DORM TRACKMEN COMPETE MONDAY

Meet, to Have Been Held Thursday, Postponed on Account of Inclement Weather

SPRING QUARTER DECIDES CLOSE RACES FOR CUPS

Pikas and 3rd 7th Leading Fraternity and Dormitory Leagues Respectively

Rain yesterday necessitated the postponement of the dormitory intramural track meet which is held annually during the spring term.

The meet will be held Monday at 4 o'clock on freshman field. Advanced physical education classes will take charge of running the meet in order that they might get practice in this work.

The fraternity meet will come off Wednesday and will list the same events as the dormitory meet. Each organization can enter two men in each event, but their total cannot exceed sixteen men for the meet. Any one man will be permitted to enter as many events as he wants to.

Events will be the 100-yard dash, 60-yard low hurdle, running broad jump, running high jump, 12-pound shot put, discus throw, football kick, baseball throw, and four man 100-yard shuttle relay.

As spring term intramurals draw to a close, there is much speculation on the present point standings. The trophies to be given the winners are on display in the College Court Pharmacy.

The race for honors in intramurals is nip and tuck again this year. The leaders at the end of the second term were as follows: Fraternity League—Pi Kappa Alpha, 1st with 809 points; Sigma Phi Epsilon, 2nd with 780 points; Sigma Nu, 3rd with 624 points; Theta Phi, 4th with 528 points; Dormitory League—3rd 7th, 1st with 657 points; 2nd 1911, 2nd with 543 points; 4th Dorm, 3rd with 535 points, and 3rd 1911, 4th with 470 points.

Fraternity League intramural tennis has been completed through the semifinal round. The S. P. E.'s and the Pika's will play the final match. In the Dormitory League, 1st 1911 is in the final bracket and 6th Dorm is paired with 3rd 7th in the upper semifinal bracket.

The undefeated teams in the volleyball league are as follows: Theta Phi, Ohio Valley, Kappa Alpha, Delta Sig's, Theta Kappa Nu's, Alpha Gamma Rho's, Faculty Club, 1st 1911, 1st Watauga, Pi Kappa Alpha, Sigma Pi's, and the Kappa Sig's.

STATE NETTERS DEFEAT BEARS ON HOME COURTS

Techs Win Pair of Doubles Matches and Three Singles Tilts to Defeat Lenoir Rhyne

Scoring five points to their opponents two, the State College tennis team defeated the Lenoir Rhyne netters on the State courts last Saturday.

Moretz defeated Brown of State in the feature match of the afternoon, and Brown and Renn teamed together to defeat Moretz and Lawrence in a close doubles match.

The Tech netters were to have played in the Southern Conference tournament held at Chapel Hill yesterday, but the matches were postponed because of rain. First round matches will start today at 9:30 if the weather is good.

A total of 32 tennis players will compete in the meet and will represent, besides State, North Carolina, Duke, Virginia, Maryland, and South Carolina. The Tar Heels will be the favorites.

Summary: State players listed first. Brown lost to Moretz, 4-6, 6-0, 6-4. Polley lost to Crane 6-4, 6-1. Renn defeated Lawrence, 6-0, 6-3; Dixon defeated Campbell, 6-3, 6-4; Nading defeated Lyerly, 9-7, 6-0.

Brown and Renn defeated Moretz and Lawrence, 6-0, 10-8; Dixon and Polley defeated Campbell and Crane, 6-3, 6-3.

ZORI TO COMPETE IN MEET AT DUKE

State Discus Thrower Entered in Southern Conference Meet to Be Held in Durham

Again today and tomorrow State's own man track team, Milan Zori, will compete in a track meet. This time it will be the Southern Conference meet held in the Duke Stadium.

Zori, whose specialty is the discus, has already competed in two meets this season. In the Drake Relays, which were held at Des Moines, Iowa, the big boy came out second and in the state track meet held at Chapel Hill, he placed first by a decisive margin.

Apparently the dust-filled air of Iowa cramped Milan's style, because he failed to live up to expectations and did not even come close to his best mark. He did better in the meet at Chapel Hill, tossing the Greek platter more than twenty feet farther than his nearest opponent.

It was in the state meet of last year that Zori set his best mark, 154 feet 9 inches. In practice this year he has shown signs of bettering this, but so far in competition he has fallen short.

Lack of proper equipment and a track apparently are the only things keeping State from having a championship track team.

Then hurry to your college bookstore today and purchase the College Outlines.

For through-semester work they marshal all the material with methodical simplicity. For quizzes, reports and those they condense all the important points into meaty paragraphs. For midterms and finals they register indelibly on your memory the significant information—ready at your finger tips for instant use.

Clear away those gray fogs from instructors. Get into the pink of scholarship condition. Use the College Outline Series and observe all school work through reelected glasses.

G-E Campus News

SYNTHETIC SUNLIGHT
THE people whose apartments faced the lower levels of the ventilating shafts in a 14-story New York apartment house had long ago given up the hope that direct sunlight would enter their windows. Imagine their astonishment one morning not long ago to find light—lots of it—streaming in. When they looked, they found not the sun, but 18 of the sun's able little imitators—General Electric floodlights. They had been mounted on the ninth-floor level.

The engineers were thoughtful of the tenants' feelings. For when the switch is thrown no sudden glare of light paralyzes unaccustomed householders in the act of brushing their teeth or doing setting up exercises, pastimes which were formerly cloaked in intimate gloom. A fully automatic synchronous-motor time switch activates a dimmer, and the floodlights do not attain full brilliancy for 15 minutes.

Because of weight and clearance requirements, however, the route of the shipment was round about. A check of practically every foot of the way was made to determine if temporary obstructions could be removed to allow the load to pass. From Schenectady to Wilkes-Barre, Pa., the car traveled on the Delaware & Hudson. From Wilkes-Barre, the car was sent to Hagerstown, on the Pennsylvania Railroad, where it was turned over to the Western Maryland Railroad. After an extensive detour, it was delivered back to the Pennsylvania on its main line just south of the Baltimore tunnels, which were the principal reasons for the complicated routing. From there it was carried directly to the power company's siding in the District of Columbia.

FISH LIFE SAVER
THE people in the New York Aquarium were very unhappy. Many of their rare fish were dying, and the mysterious cause. An investigation showed that the water pumped into the tanks contained contaminating metal salts, and that these salts came from the metal pumps in the system.

They appealed to the H. A. Smith Pump & Motor Company for help. Mr. Smith began testing all the nonmetallic substances available for making pumps. He tried 14 materials and found that General Electric Textolite was the only one that would prevent this pollution of the water and at the same time make a satisfactory pump.

GENERAL ELECTRIC

SOCIETY

Junior-Senior Prom

The highlight of the social activity on the campus this week-end will be the annual Junior-Senior Prom which will be held tomorrow night in the Frank Thompson gymnasium.

Jimmy Foyner and his State Collegians will play for the occasion. The red and white colors of the college will be the theme of the decorations. Around the orchestra pit the class numerals '35 and '36 will be attractively placed.

The sponsors for the dance and their partners are Miss Frances Lewis, Wilmington, with Joe Canady, Jr., Wilmington, president of the Junior class; Miss Julia Cox, Mars Hill, with Perry Wilson, Middleburg, vice-president; Miss Katherine Glascock, Raleigh, with J. R. Marks, Whitakers, dance committee; Miss Nancy Campbell, Raleigh, with Harris Keck, Englewood, N. J., dance committee; Miss Hazel Smith, Grifton, with O. A. Wallace, Jr., Wilmington, dance committee. They will lead the figure and will be followed by the members of the Junior class.

A huge ring attractively decorated will be placed at the entrance to the dance floor. Rings will be presented to Junior class members by their dates as they pass through the ring. After the figure, the Junior class will have a no-break dance. Later a no-break dance will be given the seniors and their dates.

The dance will be informal. Members of the senior class will be admitted by presenting their registration card at the door. Other students must present bid and script.

Chaperones for the affair are Colonel J. W. Harrelson, Dean and Mrs. E. L. Cloyd, Dean and Mrs. Romeo Lefort, Dean and Mrs. B. F. Brown, Professor and Mrs. W. N. Hicks, Colonel Bruce Magruder, Dean and Mrs. T. E. Browne, Dr. and Mrs. W. C. Riddick, Dean and Mrs. Thomas Nelson, Dean and Mrs. I. O. Schaub, Professor and Mrs. A. F. Greaves-Walker, Dr. and Mrs. E. E. Randolph, Professor and Mrs. W. G. Geile, and Professor A. M. Fountain.

Phi Kappa Tau

Members of the Phi Kappa Tau fraternity entertained at an informal tea last Sunday afternoon at their home on Clarke Avenue. The affair which was held between the hours of 4 and 6 o'clock was given in honor of Mother's Day. The lower floor of the house was beautifully decorated in the colors of gold and red and a profusion of summer flowers.

Young ladies guests of the fraternity were: Miss Virginia Weathers with Woody Clark; Miss Marcelite Coates with Red Porras; Miss Agnes Blanche with Ike Duncan; Miss Mary Louise Parker with Jack Aycock; Miss Eloise Harrington with Mal Stewart; Miss Ray McKinney with G. C. Isaac; Miss Mildred Thrift with James Stevens; Miss Louise Warren with William Ryon; Miss Katherine Mason with George Linehan; Miss Joan McIntyre with Andy Anderson; Miss Phyllis Sargeant with E. W. Cooper; Miss Mary Barber Pelletier with Pete Bowen; Miss Lee Bryan with Bill Smith; and Miss Helen Hoffman with M. E. Fewell.

The afternoon was spent informally and delicious refreshments were served. Chaperones and special guests for the occasion were Mr. and Mrs. Cecil Beddoes of Lancaster, S. C.; Mrs. John Haasler, Dean and Mrs. Thomas Nelson, Professor and Mrs. R. W. Green, Mrs. M. W. Fewell, and James Keating.

Faculty Outing

The social committee of the State College Women's Club has planned a faculty hike and outing for tomorrow afternoon.

Faculty members and their wives are asked to meet at four o'clock at Lassiter's Mill. From here they will be directed to the picnic grounds.

Members of the botany, geology, and zoology departments, including Dr. E. F. Metcalf, Dr. J. L. Stuckey, Dr. and Mrs. E. W. Walls, together with Miss Charlotte Hilton Green will help those interested in nature study. Professor J. F. Miller, of the athletic department, will conduct a horseshoe pitching tournament and direct the games.

Each group will provide their own lunch, and after a picnic supper there will be fireside stories and a sing.

Junior-Senior Prom Leaders

MISS FRANCES LEWIS MISS KATHERINE GLASCOCK MISS NANCY CAMPBELL MISS JULIA COX MISS HAZEL SMITH

The young ladies pictured above will be the sponsors for the annual Junior-Senior Prom to be held in the Frank Thompson gymnasium tomorrow night. They will lead the figure with the Junior officers and the dance committee: Miss Frances Lewis, Wilmington, with Joe Canady, Jr., president; Miss Julia Cox, Mars Hill, with Perry Wilson, vice president; Miss Katherine Glascock, Raleigh, with J. R. Marks, dance committee; Miss Nancy Campbell, Raleigh, with Harris Keck, dance committee; and Miss Hazel Smith, Grifton, with O. A. Wallace, Jr., dance committee.

Scabbard and Blade

Bringing to a close its activities for the school year, Scabbard and Blade, national honorary military fraternity, entertained at its annual dinner-dance on Saturday evening at the Carolina Pines clubhouse.

It was one of the most gala affairs of the year and was attended only by members of the fraternity with their dates, honorary members and a few invited guests.

The club was gaily decorated with flags and shields bearing the fraternity coat of arms. Colorful flowers bedecked the tables and mantels adding a festive air to the occasion. Attractive blue cards marked each guest's place at the long beautiful appointed table, in the ballroom of the club.

Officers of the fraternity are Walter L. Smith, captain; W. E. Barnes, first lieutenant; Ronald Campbell, second lieutenant; and J. C. Pounds, first sergeant. Short talks were made by Colonel J. W. Harrelson, deal of administration, and Colonel Bruce Magruder, head of the military department.

Members of the fraternity with their guests attending the occasion were: Walter L. Smith, with Miss Stuart Weatherspoon; Walter F. Greenwood, with Miss Carol Richardson; Ronald Campbell, with Miss Margaret Little; Micou F. Brown, with Miss Margaret Davis of Wake Forest; Arthur W. Browne, with Miss Elizabeth Wades; L. Dow Pender, Jr., with Miss Becky Williams; Larry Martin, with Miss Betty Allardice of Greensboro; W. R. Mann, with Miss Mary Leona Ruffin; Paul M. Cox, with Miss Marian Wallace; John T. Stanko, with Miss Ethel Rowland; W. B. Aycock, with Miss Francis Beale of Greensboro; J. C. Pounds, with Miss Alice Jones; W. W. Hood, with Miss Marion Elghime; P. N. Pastore, with Miss Virginia Weathers; R. W. Seitz, with Miss Jean Edgerton; Craig Furr, with Miss Adylene McCollum of High Point; W. E. Barnes, with Miss Bobbie Quinn; Kenlon Brockwell, with Miss Betsy Myatt; and Col. J. W. Harrelson, Col. Bruce Magruder, Captain and Mrs. P. W. Ricamore, Captain and Mrs. T. C. Thorson, Mr. and Mrs. George Goodwin, Captain and Mrs. John R. Eden, Dean and Mrs. E. L. Cloyd. Other members present were Leslie Williams, E. I. Spence, W. A. Corpening, and John V. Guzas.

Following dinner, guests enjoyed card dances to the music of Bob Bourne and His Statesmen.

Delta Sigma Phi Dance

Alumni of Rho Chapter of Delta Sigma Phi fraternity entertained Wednesday night at a delightful dance given at the fraternity home on Hillsboro Street.

An added touch to the enjoyable occasion were the attractive decorations. Chrysanthemums, symbolic of Mother's Day, formed the centerpiece about which the decorations were planned. Radial streamers of Nile green and white, the fraternity colors, were festooned from the centers of the rooms in which the dance was held, and muted lights shed a soft glow on the dancers.

Music continued throughout intermission during which punch and cakes were served.

Young ladies, guests of the fraternity, were: Miss Katherine Thiem, Miss Frances Elghime, Miss Mary Lillie Cromartie, Miss Billie Harrelson, Miss Nelda Faircloth, Miss Phyllis Sargeant, Miss Catherine Alford, Miss Rosalie Hay, Miss Helen Elghime, Miss Margaret Hill, Miss Lucile Stott, Miss

Louise Boykin, and Miss Lillian Didenhover.

Chaperones were Mr. and Mrs. M. G. Elliot, Mrs. W. H. Fisher, and Mrs. W. G. Elliot.

Thirteen Club Dance

This occasion will mark the annual Spring Dance sponsored by this organization and will be the beginning of a number of entertainments planned for the students of State College and other nearby institutions before the close of the present scholastic year.

Of special interest is the announcement that the thirteen active members together with those who have become inactive will be entertained along with their guests at a banquet immediately preceding the dance. The banquet will be held at the Carolina Pines clubhouse.

In honor of those members of the organization who will be leaving at the end of the school year. Elaborate plans are under way to make this one of the most enjoyable events of the season.

Music for the dance will be furnished by Jimmy Foyner and his State Collegians.

Professor Attends Meet

Prof. A. F. Greaves-Walker, head of the department of Ceramic Engineering, will attend the meeting of the American Society for Testing Materials to be held in Detroit, June 24-28.

"When will nudes be done?"

This young lady records the meaningless syllables spoken by the man.

AND, "How does kib like that?" Such questions sound senseless — yet they play an important part in making articulation tests on new types of telephone apparatus at Bell Telephone Laboratories.

In making these tests, 6336 meaningless syllables are spoken — while observers record what they hear. Comparison of sounds actually spoken with those heard, shows how well the new apparatus reproduces the many sounds of which speech is composed.

Such thoroughness is typical of Bell System methods. Years of inventing, improving and testing have led to the apparatus which transmits your words so clearly.

Why not say "Hello" to Mother and Dad tonight? Bargain rates on station-to-station calls after 8:30 P. M.
