

SOCIETIES SPEED ELABORATE PLANS FOR HOMECOMING

Will Include Program at Memorial Tower With Two Prominent Grads As Speakers

MANY PARENTS EXPECTED TO ATTEND CELEBRATION

Invitation to Affair Extended to All Parents and Alumni; Buildings and Classrooms to be Thrown Open for Inspection; State-Clemson Game to be Highlight of Event; Program May be Broadcast Over Local Radio Station

Further plans for Homecoming and Dad's Day, released late yesterday by Golden Chain and Blue Key, campus organizations sponsoring the event, will include a program at the Memorial Tower Saturday noon, November 3, at which time visiting alumni will be welcomed in addresses by Col. J. W. Harrelson, dean of administration, and W. H. Sullivan, president of the alumni association.

The series of events will begin Friday night, November 2, with a huge bonfire and pep meeting on Red Field, followed by the annual Blue Key "Stunt Night" in Pullen Hall, Col. J. W. Harrelson and the president of Clemson's Blue Key will make short talks during the "Stunt Night" program. The State College band and several other major campus organizations will take part. Plans for Stunt Night indicate that it will be the most complete since its origin, including more than fifteen "stunts."

Invitations to visit the college during Homecoming and Dad's Day have been extended to all alumni and parents of the students. College buildings, classrooms and laboratories will be thrown open for their inspection on Saturday morning. Members of Blue Key and Golden Chain will act as guides, showing visitors about the showing visitors about the campus.

Following the program at the Memorial Tower will be the State-Clemson football game, featuring the day's attractions, on Riddick Field. Demonstrations and maneuvers by the college band and the R. O. T. C. regiment will precede the game and take place during the half.

Festivities will be brought to a close Saturday night with the colorful Homecoming Dance in Frank Thompson gymnasium, which is annually one of the social season's most successful affairs. Playing for the dance will be Jimmy Poyner and his State Collegians. The dance will be attended by students of State and Clemson, and parents of students will be admitted without charge.

Plans not yet complete provide for broadcasting the program from the Memorial Tower over a local broadcasting station; clearing the Fayetteville Street of traffic for an uptown torch parade Friday night; and decoration of fraternity houses for the occasion.

It is probable that other interesting attractions will be arranged during the coming week.

AVIATION ENTHUSIASTS ORGANIZE TO BUY PLANE

Members Plan to Subscribe to Shares Toward Purchase of Plane and Equipment

Last Wednesday evening at seven o'clock, a meeting was held in room 202, Page Hall, of students interested in aviation. The meeting was attended by about twenty students.

Instead of organizing a club to discuss topics of interest about flying, the association intends to buy an inexpensive airplane and hire a professional instructor to give lessons on flying. Among the officers elected were N. E. Chaplin, president, and Professor J. G. Estes, treasurer.

Mr. Chaplin, who conceived the idea of such an organization, said that a new airplane built by a responsible concern such as the Curtiss Company could be bought for four hundred dollars. The expense of shipping from the factory and insurance would amount to about one hundred dollars. Such a ship would consume about four gallons of gasoline in an hour.

New Instructors

DR. J. G. ESTES

J. M. MACLACHLAN

Above are pictured two State College professors who were added to the faculty at the beginning of the school year. Dr. Estes will instruct in the mathematics department. He received his education at Texas Christian University, the University of Illinois, and M. I. T. Professor MacLachlan was secured by the department of agricultural economics as teacher of rural sociology and for research work in the North Carolina Experiment Station. He received his education at Millsaps College and the University of North Carolina.

Forestry Students Desire To Withdraw From Ag Club

ENGINEERS VOTE TO HAVE STUNT

Council Also Names Professors Shumaker and Turner As Advisers of Group

The Engineers Council voted to put on a stunt for "Stunt Night" at its meeting on October 18. A brief discussion concerning the nature of the stunt was held and W. M. Price was appointed as chairman of the stunt committee.

Following this, the subject of faculty advisers was brought up and the motion was passed that Professor Ross Shumaker and F. B. Turner be appointed to that capacity.

The Council also discussed the Engineers' Fair and selected the dates of April 4, 5, and 6 as the time the fair should be held. The parade is to be held on the fourth, the fair on the fifth, and the "brawl" on the sixth. Committee chairmen appointed by the president of the Council were: W. R. McLain, fair; Walter Smith, "brawl"; L. J. Rankin, high school; W. M. Porter, ritual; W. M. Price, parade; and J. L. Summers, publicity.

There was some question as to the advisability of holding a parade this year, and a committee was appointed to investigate and report their findings at the next meeting. One opinion expressed was that the annual parade is well worthwhile since it acted as a goal for the men to look forward to achieving, and that it was of great value in showing the public and the rest of the school just what the engineers learned and did during the study of their courses. Another opinion was that it had outlived its usefulness and no longer was worth the effort and expense entailed.

PHI EPSILON INITIATES EIGHT WOMEN STUDENTS

Phi Epsilon, co-ed society, initiated eight new girls Thursday afternoon, October 18.

The new members are: Beatrice Rimmer, Douglas Doak, Clara Potat, Melba Byouk, O'Neill Branch, Margaret Spoon, Honoree Pierce, and Edith Poate.

Virginia Tate, president of the society, and Louise Eckerd, secretary, were in charge of the initiation.

Special Rates

State students attending the State-Carolina football game in Chapel Hill tomorrow will be admitted for fifty cents with their registration cards. They will sit in a special reserved section, and must enter the Kenan Stadium through gate No. 2 on the North side next to Nelson Road, if they wish to be admitted for fifty cents. Students may also get tickets for their dates, but these tickets will cost \$2.20. The gates at Carolina will open at 12:30, and the kickoff will be at 2 o'clock.

There will not be a special train to Chapel Hill for the game as too few students signed up to go to justify it.

Forestry Group Draws Up, Petition Last Night to be Exempt From Ag Club Dues

MONEY PAID VOLUNTARILY
SO FORESTRY CLUB AVERS

Say Added Drain of Paying Two Dues is Unjust, Honorous, and Uncalled For

A petition expressing the desire of the Forestry students to withdraw from the Agriculture Club was drawn up and passed by the Forestry Club at a meeting held last night.

The petition states: "Since, in 1929, the Agricultural students were unable to get sufficient cooperation within their own group to make legal the compulsory agricultural activities, the Forestry students agreed to add their signatures to the petition circulated at that time, on the promises, that they, the forestry students, would pay the compulsory fee for one year only.

"The compulsory fee is collected to support the Agriculturalist, the Barnwarming, and the exhibits at the State Fair.

"However, we, in the forestry school contribute voluntarily an amount equal to or in excess of the compulsory fee, for the support of the annual publication, Forestry Club, Dance, the exhibit we plant at the State Fair, and other activities.

"These activities the forestry students do partake in the Agricultural Club which are supported by the compulsory fee.

"This added drain to our financial resources is unjust, honorous, and uncalled for.

"Since the forestry students are, perforce, members of the Agricultural Club, the Agricultural Club goes on record as opposing or approving any question of College count, but if we, in the Forestry Club, take a contrary view, our position is nullified by the fact that we are in the Agricultural Club, despite the fact that we comprise virtually half of the membership of the Agricultural Club.

Furthermore, we do not wish to remove the compulsory fee from agricultural students, inasmuch as they have shown that they desire such a fee, but we hereby signify that we, the forestry students, are desirous of withdrawing from the Agricultural Club, and be exempt from payment of the compulsory fee."

This petition was presented and discussed by the members of the Forestry Club. After much deliberation it was passed and signed. It is to be circulated among the members of the forestry school, and when properly signed, will be taken to the proper college authorities by Dr. J. D. Hoffman, director of the Forestry School.

FIVE TENDERED BIDS TO ENGINEERING FRAT

Five students were tendered bids to Tau Beta Pi, national honorary engineering fraternity, Monday at a meeting of the organization.

RESEARCH SHOWS NEW DISCOVERIES IN N. C. CERAMICS

Greaves-Walker Says Discovery of New Materials Will Bring State Wealth

OLIVINE SHOWS PROMISE IN STEEL MANUFACTURE

Olivine, Which May Replace Magnesite in Steel Making, Will Save Thousands of Dollars; Magnesite Now Imported from Austria; Additional Research Being Carried On by R. L. Stone; N. C. Has Abundance of Olivine

Research on the natural resources of North Carolina during the past ten years has developed a number of ceramic materials which promise eventually to bring considerable wealth to North Carolina, announces Professor A. F. Greaves-Walker, head of the N. C. State College department of ceramics.

These valuable minerals include: pyrophyllite, a talc-like mineral which is beginning to find wide use; cyanite, a mineral with an extremely high fusion point which is also finding wide industrial use; and Cornwall Stone, a flux used in white ware bodies. To this list more recently has been added olivine, an iron-magnesium silicate with deposits of possibilities occurring, so far as is now known, only in North Carolina. These deposits are located in Jackson, Macon, and Mitchell counties.

Preliminary investigation indicates that olivine offers a great promise for use in the manufacture of refractory furnace linings, especially for use in the steel industry.

In a basic open-hearth process of steel making, hundreds of thousands of tons of magnesite, a magnesium oxide refractory, are used annually. Approximately one-half of this material is imported from Austria and the remainder is shipped from the Pacific Coast. The cost is therefore high. Olivine promises to replace, wholly or in part, this expensive refractory and should it be found suitable it can be sold in the steel centers at a considerably lower cost than magnesite.

In order to determine definitely the value of olivine as a refractory, additional research work is now being undertaken in the department of Ceramic Engineering at State College. The work will be done by R. L. Stone, a graduate student of the department and under the direction of Professor Greaves-Walker, the department head.

Mr. Stone is a graduate of the School of Mines of the University of Missouri and has had considerable experience in refractory research.

Professor Greaves-Walker estimates that should olivine prove suitable for steel making the reserves in North Carolina are sufficient to supply the entire steel industry of the country for over a hundred years.

CIVIL SOCIETY INITIATES SIXTEEN NEW MEMBERS

The North Carolina State College student branch of the A. S. C. E. initiated two seniors and fourteen freshmen into its chapter at a meeting last Tuesday night, the largest number of men initiated in the last several years.

The seniors initiated were J. H. Willet and S. W. Fowler.

The freshmen initiated were as follows: A. Dammann, P. P. Moessinger, L. Richman, H. S. Wabab, W. O. Buva, N. O. Hodges, C. F. Kreth, J. O. Lambeth, J. M. Smith, L. B. Ward, A. C. McDonald, R. L. Soultatis, J. E. Barb, and Bill Edwards.

The local chapter of the A. S. C. E. was established in 1919, and was formed to foster interest in the civil engineering profession.

Officers of the society are: C. J. Manner, president; M. S. Wilkinson, vice president; and G. W. Gillette, Jr., secretary and treasurer.

EDUCATION SECRETARY LAUDS RESOURCEFULNESS

Kappa Phi Kappa, education fraternity, held its regular meeting, October 16, with Arthur D. Wright, national secretary of the society, as the honored guest.

Mr. Wright gave a very cleverly planned talk on "Idealism," in which he emphasized that resourcefulness in teaching is more important than scholarship. Throughout his talk, he gave many examples pertaining to his travels in illustrating his points.

FACULTY VOTE OFFICIALLY ABOLISHES HONOR SYSTEM FROM STATE CLASSROOMS

DELTA SIGMA PI PLANS FOR YEAR

Commerce Fraternity Makes Tour of Printing Plants in Downtown Raleigh

Beta Delta chapter of Delta Sigma Pi, international commerce fraternity, is now making plans to have one of the most successful years since its establishment at State College.

There are 52 chapters of the fraternity in the United States, and last year the State College chapter was rated sixth, an unusually high standing. Craig Furr, president, stated that he hoped to have the group here among the first three at the close of the year.

The organization has 13 members this year, all juniors and seniors. Membership is open to students in industrial management, business administration, and those in the School of Science and Business major subjects are in economics. Dr. R. O. Moen is adviser of the chapter.

The group made an industrial tour last week, visiting two Raleigh newspapers and a commercial printing plant. At the Raleigh Times, they were shown the operation of the linotype machines, presses, and make-up. They were also shown the advertising department and the "morque" where are kept records of prominent people of the country. They were shown practically the same things at the News and Observer plant.

At Edwards and Broughton Printing Company the group saw the lithograph department and how intaglio printing is carried out, as well as the engraving department.

Many Raleigh business men and State College faculty members will be speakers at the open meeting of the organization during the school year, Furr has announced.

Besides President Furr, other officers are: Lamar Summey, senior warden; E. A. Herbst, junior warden; Micou Browne, treasurer; and Harrie Keck, scribe.

MILITARY FRAT TO HOLD ROOSEVELT CELEBRATION

Scabard and Blade to Honor Memory of Former President Theodore Roosevelt

The State College Chapter of Scabard and Blade, national military society, will participate in the celebration of National Scabard and Blade Day to be observed tomorrow on the anniversary of the birth of former President Theodore Roosevelt.

The State College chapter is Company G, third regiment, and is headed by Walter L. Smith of Raleigh.

Smith announced that it would be impossible to stage a celebration of the local company on Saturday but that a welter round would be held by the local members next Wednesday evening at 7:30 in Pullen Park.

J. C. Pounds, Jr., of Concord, will give a history of Scabard and Blade and E. L. Spence, Kinston, will give a talk on the history of President Roosevelt.

The national society of Scabard and Blade was founded nearly 30 years ago at the University of Wisconsin by five cadet officers. It now has 78 chapters in 45 states and a total membership of approximately 22,000.

The purpose of the society is to defend American traditions and ideals, promote the interests of R. O. T. C. training, preserve and develop the essential qualities of good and efficient officers and to spread intelligent information concerning the military requirements of the country.

PAGET ANNOUNCES CAST FOR FIRST PRODUCTION

Prof. E. H. Paget, coach of dramatics, announced yesterday that the cast of the play, "Twins in Crimson," is complete and that production is well under way.

Those included in the cast are as follows: Helen Scott, Elizabeth Valentine, C. W. Bourne Jr., R. G. B. Bourne, Carpenter, Elmer Doak, Jane Andrews. There are several other minor characters in the cast also. The stage manager is E. L. Guerrant and the business manager is Fred Walsh.

The probable dates for the play are November 9th and 13th. It is to be staged in Pullen Hall and is directed by Professor Paget.

The plot is not to be disclosed but it is a murder mystery drama.

1,200 Sign

Over 1,200 students have signed the Agromech petition for a standard three dollar fee since it was first circulated less than a week ago.

Those who sign the petition will be allowed to have their picture placed in the annual for three dollars. This standard will take in all four classes.

"For the benefit of those who have not been able to sign a petition," said Hubert Todd, editor, "it will be held open until Wednesday, October 31. All town students who have not signed the petition please do so at the Agromech office in Price Hall before Wednesday. The office will be open every afternoon until then."

FIFTEEN TAKEN INTO PINE BURR

Harrelson Speaks at Initiation of New Members Into Scholarship Society

Fifteen students were initiated into Pine Burr, local scholarship fraternity, last night in the Y. M. C. A.

Those taken into the organization were: T. B. Gardner, L. A. Martin, W. M. Porter, D. W. Rodwell, M. F. Browne, M. A. Culp, N. B. Dozier, T. L. Hurst, S. K. Hudson, H. S. Keck, H. R. Hudson, H. R. McLawhorne, W. H. Pierce, R. W. Seitz, J. R. West, and S. A. Ward.

Col. J. W. Harrelson, dean of administration, speaking to the members declared that since Pine Burr was a purely local organization it has a great opportunity to be of a real service to State College. He praised those who had aspired to membership in the organization through their scholastic efforts.

Other speakers were Dean E. L. Cloyd and Romeo Lefort.

The society was founded at State College in 1922 in order to preserve the history of the institution and to build character.

Officers of the society are: A. M. Epstein, president; F. C. Johnson, vice president; Dave Morrish, secretary; A. W. Robinson, treasurer; John Stanko, sergeant-at-arms; Christine Shepherd, corresponding secretary; A. M. Fountain, historian; and Prof. W. N. Hicks, chaplain.

SOPH ORDER TO GIVE SCHOLARSHIP AWARD

Party to be Given Dormitory Club Having Highest Composite Scholarship

A cash award to the freshman making the highest scholastic average during the first two terms of school will be given by the Order of 30 and 3, it was decided at a recent meeting of the organization.

The award which will be \$5.00 will be made on Scholarship Day along with other similar awards. In addition to the freshman prize, a party will be given the dormitory club which has the highest composite average for the first two terms.

The Order of 30 and 3 is an honorary organization composed of eleven members from each of the three upper classes. Members are elected during their sophomore year. Requirements for membership are high scholarship and an active leadership in extra-curricular activities.

Officers of the order are: Claude Carrow, president; Kenneth Stephens, vice president; and Harrie Keck, secretary-treasurer.

Quiet Hour Whistle

To those students who have been in doubt about the college whistle which has been blowing nightly at 8:30 o'clock, the mystery has been solved.

The whistle is being blown each night to denote the beginning of Quiet Hour. This was suggested at a meeting of the Dormitory Club Monday night.

Quiet Hour begins when the whistle is blown and lasts on through the remainder of the night. Excessive disturbance during this period is a college infraction and the offender is liable to punishment by the Student Council.

Student Council Places Ban On System at Meeting Last Week; Vote by Faculty Com- pletes Action

HONOR SYSTEM PLACED AT N. C. STATE IN 1921 BY STUDENT OFFICERS

Student Proctors to be Elected During Examinations and Quizzes to Report All Cases of Cheating Seen! Faculty Members Also Ordered to Report Cheating by Students; Students Allowed to Leave Classroom When Taking Examinations Only When Necessary; Student Body to Vote On Measure at End of First Term

The Honor System at State College after receiving a mortal blow from the Student Council last week expired Monday after the faculty had upheld the action of the Council and voted almost unanimously against retaining the system here.

The Honor System was established at State College in 1921, that being the same time that Student Government was inaugurated here. It was drawn up by a joint committee of faculty and students. The faculty was headed by Dr. Carl C. Taylor and the students were headed by A. G. Floyd, first president of the State College Student Government. Following a great deal of work both on the part of the faculty committee and the student group, a system was drawn up and adopted. It was then in effect until examinations at the end of the last term of last year, when a system of faculty supervision and student proctors was inaugurated. This was only an experiment, however, and was not official. Student Government officials were highly pleased with the working of the new plan, and brought it up this year in an attempt to make it official.

The Student Council at a meeting Wednesday voted unanimously to abolish the Honor System and adopt in its stead the new plan. The faculty's sanction made the new plan official.

The Honor System has been under fire in a number of other colleges all over the country recently. About a month ago the Arts and Sciences School at Tulane University abolished the system altogether. It was abolished at Georgia Tech two years ago.

The new system requires all teachers to remain in the classroom during quizzes and examinations. This was not required under the Honor System. The new system further dictates that all students must take alternate seats. If this is not possible alternate sets of examination questions shall be provided, possibly by giving the examination in two parts.

Students are allowed to leave the classroom only when necessary, and then only one at a time, but it is suggested that one or more relaxation periods be given the entire class, if the teacher so desires. It was also suggested that teachers as much as possible draw up their examination questions so as to reduce the temptation and opportunity to cheat. Cases of dishonesty observed by the professor shall be handled by him at his own discretion. However, the disposition of all such cases shall be reported to the Student Council through the Dean of Students.

One of the most important factors in the new system is the election of student proctors. The provision in the plan states that "for examinations and quizzes, in each section, student proctors shall be elected by the students themselves or appointed by the teacher at the beginning of the period or at the beginning of each term. These proctors shall be in number not fewer than 20 per cent of the class, and in no case fewer than three students. As officers of the Student Government, it shall be the duty of the student proctors to report whether or not they saw any cheating during the examination or quiz; names of the persons they suspect of cheating are not required at the time. These reports shall be written on a separate sheet of paper signed by the proctors, and turned in with their examination papers to the teacher in charge. Negative reports (when nothing is observed) shall be destroyed by the teacher. All other reports shall be given to the Student Council through the Dean of Students. The Student Council shall then make investigations by means of the proctors."

The plan also provides for the election of three faculty members to serve on trial juries only.

The student body will be given a chance to express its opinion of the new system at the end of the first term when a special vote will be taken.

ROOSEVELT SCORES DIRECT HIT

"The necessities of our time demand that men avoid being set in grooves, that they avoid the occupational predestination of the older world, and that, in the face of the change and development in America, they must have a sufficiently broad and comprehensive conception of the world in which they live to meet its changing problems with resourcefulness and practical vision."

These were the words of President Franklin D. Roosevelt as he addressed a gathering at historic William and Mary College in Virginia Saturday. He was urging a broader and more liberal education in the colleges and universities of the United States, and discouraging too much specialization.

Further speaking the President said, "Man must build himself more broadly. The purpose of education shown by the various subjects of instruction indicated by the builders of William and Mary was not to train specialists but to educate men broadly . . . they were training men for citizenship in a great Republic."

"All of us must honor and encourage those young men and young women whose ambitions lead them to specialization in science and scholarship . . . but at the same time there is a definite place in American life—an important place—for broad, liberal, and non-specialized education."

Whether or not most people realize it, American education is just now beginning to undergo many changes. New ideas are supplanting old, antiquated notions of education. More liberal thinkers are being placed at the head of many colleges and universities, and they are doing their utmost to bring about a new era of learning. Unless everyone keeps pace with this newer school of thought, there are some institutions which will gradually become less and less popular due to their failure to push forward with their more progressive brothers. There is no doubt but that education is passing through a crisis. The last five years struck it a tremendous blow, and just now it is beginning to recover from the devastating effects. To fully recover it must have a guiding hand which will lead it toward a modern Caanan, a land of greener educational pastures and an abundance of new ideas and modern thought where it may regain its old strength and at the same time be relieved of some of the present day infirmities. Then American education will be ready to take its place alongside education in other parts of the world.

The problem which now confronts educators is how to bring about this needed transition. President Roosevelt has placed his finger on a great deal of the trouble, with his sanction of a broader, more liberal education. He did not mean that technical students should have the most emphasis placed on their non-technical subjects, but that it is necessary to include a fair amount of this type of courses to give one a well-rounded education, an education which will acquaint the student with problems other than those of his own profession. In that one thing is the cause today of so many college graduates who result in failures. They have been given too much technical education, and not enough of the liberal education. They are graduated from colleges as mere robots, mechanical men who perform tasks perfunctorily because they have been trained to do so. The construction of an immense bridge or a towering skyscraper does not phase them since that is all in the line of their work, but problems other than those in their own profession will often prove fatal pitfalls.

The important question over which many battles will be fought is just how much and what kind of non-technical courses should be included in the

curriculum of the technical student. Engaged in this controversy will be two factions, those reactionaries who will wish to see the retention of the old schedule, and those of the newer school of thought who will fight for a broader education. Those of the more modern educators see the important need for the student of today to emerge from college with a better and more understanding knowledge of the world. They have seen the effects of the strictly technical curriculum and will do all in their power to bring about the needed change. But they will have to argue and wrangle with the old school before their efforts will meet with success.

Since present day students will be the educators of tomorrow, it is important that they see why this change is necessary and when their time comes, they should go about to see that the task is furthered toward the ultimate goal of a "broad and comprehensive conception of the world in which they live to meet its changing problems with resourcefulness and practical vision."

THE HONOR SYSTEM PASSES

The Honor System at State College is now as extinct as the dodo.

The faculty met Monday and placed their official sanction on a new plan which entirely supplants the Honor System. The Student Council, meeting last week, had voted unanimously to abolish the Honor System and substitute in its stead the new plan.

In its fourteen years of operation at State College, the system has never worked successfully. There were always some students who took advantage of the trust placed in them, and it was these students who kept one of the best plans for building student character from succeeding. Honesty is one of the cardinal virtues, but it is one of the most abused.

It was not the majority of students who deliberately cheated to make passing grades, but only a few who made it appear to outsiders that the entire State College student body was a bunch of hoodlums without a grain of self respect. It was bad publicity for the college and a reflection on the students.

Honor is not necessarily born in a man. It has to be developed. Under the Honor System there were some who were too weak to resist the temptation to "crib," leaning on their fellow students to get passing grades. Not only was it unfair to the other students, but it was unfair to the cheater himself. Unconsciously he was forming a habit which he will find hard to break as he grows older. He will depend on others after he is graduated from college as he did when he was in college.

The Honor System is gone, but it is not regretted. It is almost a miracle that such action was not taken years ago. This new system will no doubt prove unpopular with a few but a majority will welcome the change.

HERE and THERE

By G. W. FORD

There comes a time in every fellow's life when he wishes that he could drop through the floor and have it close over him. Last Sunday morning a freshman hopped on a crowded bus headed for town. In his hand he carried a chocolate milk. As the bus started to move he decided to throw the drink out of the window, which, by the way, was not open. Some of the good church-goers received showers of milk.

I ran across a good bit of advice the other day and I'd like to pass it on to all you politicians. Here it is: "Mud thrown is ground lost."

Major Kutschinski was seen last Tuesday night in the Soda Shop playing the slot machine. It must be the band that has driven him to gambling. He must not know that gambling is "band."

Speaking of the band, something ought to be done about this making all members of the band join the "Yellow Dogs." One fellow, just because he had his heart set on being in the band, had to let them paddle him the other night until he was finally sent to the infirmary raw and bleeding.

The Yellow Dogs were never known to have done any good on the campus. The only time they are ever heard of is when they put on an initiation and "give some fellow the works." Such an organization should not be made compulsory.

Julian Boyles went home to spend the week-end and ended up by having his appendix taken out. He was probably out spending some of his army pay when a doctor decided to get his cut.

If the *Wataugan* doesn't come out soon the freshmen will think that it's just another gag like Santa Claus and the Sand Man.

There are rumors going about which say that the basement of the Y. M. C. A. is being turned into a swimming pool. Swimming has not yet begun but there has been quite a bit of wading.

Pete Newcomb has been out getting in trim for roller skating.

The girl leading the Pledge Dance figure may be having a good time but she'll have a Payne at her side . . . Dick Payne.

The Honor System Passes

The Inquiring Reporter

By COLIN KERR

The question asked this week was: "Do you think that we should have two extra days at Thanksgiving, these to be deducted from the Christmas holidays?"

E. B. Smith: My opinion is that a State College student should be allowed to enjoy Thanksgiving at home with his family. We cannot possibly do this with only one day off for Thanksgiving. I am in favor of having two more days off and deducting them from the Christmas holidays.

Walter Greenwood: I do not see how the two extra days can mean much to the North Carolina students at State College since they can easily go home for any week-end, while the out of state students would naturally welcome the two days saved for their Christmas holidays.

Luis Ginsberg: Two days for Thanksgiving would give many boys an opportunity to go home who would otherwise have to remain here. Two days would make it seem more like a

holiday and would break the monotony of continuous study.

J. B. "Pop" Sauls: I don't think that we should have more than one day for Thanksgiving because a large percentage of the student body cannot even go home and return in four days. On the other hand, four days tacked on to the Christmas holidays will be a worthwhile addition. Let's give them a break.

W. E. Kistler: We should have the week-end; since many of the fellows (especially those in North Carolina) who have always spent their Thanksgiving at home would like to continue doing so. If their friends from home came up for the Duke game, the boys would have transportation back to their homes, provided they were given Friday and Saturday.

R. L. Poorey: My opinion is that we should have more Thanksgiving holidays. My main reason for this is that we have eighteen days for Christmas and only one for Thanksgiving, which makes it impossible for us to spend Thanksgiving at home. If two days could be deducted from the eighteen days, and added on the one we get for Thanksgiving, it would give us a chance to be home with our families, which they desire.

Maurice Roy: Absolutely no, it would

only interfere with the regular course of study and would take away two valuable traveling days from the boys who are going home for Christmas.

Bill Goad: I think that we should have a long Thanksgiving holiday because after we have been in school for five weeks, a short time at home will make us feel better. Two more days off at Christmas would not be noticed as much as those two days in the middle of the term.

E. W. Cooper: I do not think it advisable for students to have two additional days for Thanksgiving as extra trips home cost the student too much for the good received. Considering the fact that Christmas holidays are only two weeks off, and the two days then mean everything to the student who lives out of the state.

ANNOUNCEMENTS

Tompkins Textile Society will meet Tuesday night at 7 o'clock in the Textile Building. Major A. L. Fletcher, Commissioner of Labor, will be the speaker. E. L. Spence, President.

There will be a meeting of Mu Beta Psi, music fraternity, Wednesday, October 31, at 12 o'clock noon in the Y. M. C. A. W. E. Boykin, President.

Good Taste!

Luckies are round, Luckies are firm, Luckies are fully packed with only the clean center leaves—these are the mildest leaves—they cost more—they taste better.

State Meets Old Rival Tomorrow

Wolfpack Meets Tar Heels Tomorrow at Chapel Hill

Anderson Gives Players Offensive and Defensive Practice to Prepare for Contest

STANKO, BARDES TO SEE ACTION AGAINST HEELS

Ray Rex to Lead State Offense in Anderson's Attempt to Stop Carolina Team; Shaffer and Dashiell to Lead Carolina's Strong Team in Heel's Home Game; Carr Unable to Start Tomorrow On Account of Injuries Gotten in Florida Game

When North Carolina State engages the Tar Heels of the University of North Carolina tomorrow afternoon at Chapel Hill, two old football rivals will clash in what is expected to be a feature contest. The kick-off is set for two o'clock.

Coach "Hunk" Anderson gave his State Wolfpack no rest after the Florida game, but started them to work immediately after the return from Tampa in preparation for a game against the strongest Carolina team in several years.

Anderson will be able to use John Stanko in the line and Howard Barde in the backfield for the Carolina contest. Stanko has been out since the Wake Forest game and Barde missed the major assignment against Florida on account of injuries received in the South Carolina game.

Charlie Shaffer and Dick Dashiell are expected to lead the strong Tar Heel team that has suffered only one defeat this season. Carolina lost to Tennessee in the only reverse of the season. Carolina will also have a strong line led by Captain George Barclay in the left guard position. The Heels have two line blockers in Snyder and Hutchins who play the quarterback and fullback positions respectively.

Against this aggregation, Coach Anderson will be able to use Ray Rex, 215-pound fullback, who is a power on offense, and who can be depended on to gain ground against almost any team. Venice Farrar has recovered from injuries received last week and will play one of the halfback positions for State. Howard Barde, sophomore halfback, and Lawrence McCulley, senior quarterback, will round up the State starting backfield.

Dominic Carr, who has started most of State's games this season at left end, has not recovered sufficiently from injuries in the game at Tampa last week to see much service against Carolina, and Kenneth Stephens, State co-captain, will start in the left wing position. Ray Redding, another co-captain, will lead the line forces from his right end position. Redding is one of the best ends in the state, and should help State exceedingly against the Tar Heels tomorrow.

Coach Anderson has held no scrimmages during the week because he wanted to let his injured players get in the best of condition for the game tomorrow. The majority of the week's practice was devoted to pass defense, blocking for running plays, pass defense, and the perfection of new plays for use against Carolina.

State has not won a game against Carolina since 1927, but enthusiasm in the Wolfpack stronghold is running high, and it is the hope and expectation of all State fans and supporters that the Wolfpack will be able to show the Chapel Hill team a thing or two before tomorrow's game is over, and win a victory for their new coach, "Hunk" Anderson.

Coach Carl Snavely rated the Wolfpack very highly for the contest. Yesterday he said that if Carolina offensive work did not pick up, State would probably win the game by two touchdowns.

The Treasurer's Office will be closed tomorrow, Saturday, October 27, at 12 o'clock.

STATE FROSH MEET TAR BABIES IN GREENSBORO

Two Best Frosh Teams in State Clash Under the Lights in Greensboro Tonight

The State College freshman football team ended its practice drills for this week with a drill under the lights last night. The team journeyed to Greensboro today where it will meet Carolina's frosh team tonight.

The 1933 Techlets were defeated 9-7 in a night game in the same city last year, so this year's team will be out to avenge that defeat. The game should be a tight one as both teams rank as having some of the most promising material in the history of the schools. The Wolf Cubs are out-weighted by the Tar Babies, but will make up for this in their speediness and elusiveness.

Practice was held under the lights on Riddick Field both on Wednesday and Thursday nights, with fundamentals being taken up first. Signal drills followed this and the practices were closed with dummy scrimmages. This work under the arcs will give the Warrentons some advantage over Carolina as the latter have not had a chance to drill under lights as yet.

This game will open a week-end of competition between the two schools. On Saturday morning following this game the Tech Harriers will meet the strong Heel team and on that afternoon the varsity football teams will play.

With the exception of three players, the State squad is in good shape. Hoek has a broken hand, Farfallo has a bad knee, and Schwerdt has a broken nose.

Clary Haskell has just returned from his home where he was called ten days ago because of illness in his family.

The probable line-up: Berry and Puteransky, ends; Helms and Matheny, tackles; Brownie and Pileosno, guards; Marks, center; Gadd, quarter; Berlinaki, left half; Entwistle, right half; and Mahoney, full.

Triple Lateral

"Believe it or Not" the Sigma Pi's pulled a triple lateral pass on the kick-off in an intramural football game against the Delta Sig's the other day. The play was a great success, gaining about sixty yards and almost making a touchdown for the team attempting it.

'GATORS DEFEAT WOLFPACK 14-0

Florida Line Holds Off Two State Attacks to Keep Visiting Team Scoreless

In a game played at Tampa, Florida last Saturday afternoon, a scrapping State College Wolfpack was defeated by the superior field generalship of the University of Florida 'Gators, by a 14-0 score.

The victors scored their first touchdown about the middle of the second period after Wally Brown, 'Gator quarterback, ran 50 yards down the sidelines to the State 10 yard line. The 'Gators scored on fourth down when Billy Chase, Florida halfback, shot a pass over the center of the line to Middlekauff.

The 'Gators scored again in the final quarter when they intercepted a pass on their own 47 yard line, and drove down the field 53 yards for a touchdown.

The Wolfpack suffered badly from its passes being intercepted by the 'Gators. Out of the nine passes State tried during the contest, six were intercepted. The Florida team tried nine passes also and completed three. Only one Florida pass was intercepted by State.

State made two scoring threats, one in the first quarter when they made a drive that got them Florida's 13-yard line. A penalty on Florida gave them a first down on the eight-yard line, but after three failures to gain any ground through the line, State lost the ball when Farrar's pass behind the goal line was knocked down by Chase to give the 'Gators the ball.

Nick Hayden and Roscoe Roy led another attack for the 'Pack, and Roy made a 17-yard dash to enable State to reach the Florida five-yard line. There Alton Brown, six feet four Florida center, intercepted a State pass and ran 64 yards before he was stopped by Hayden.

State made 14 first downs against Florida's nine, but the 'Gators got away for more long gains. Alton Brown's 64-yard run for Florida was the longest of the game, while Wally Brown's 50-yard rush, when he returned a punt, was second.

Florida's final touchdown came less than a minute before the end of the game.

'Pack Linesman

Barnes Worth, Raleigh boy who plays right guard on the State College Wolfpack, will probably play opposite Captain Barclay tomorrow. Worth has been turning in a fine performance for State all through the present season, and State fans are expecting him to repeat against the Tar Heels.

STATE HARRIERS MEET U. N. C. AT CHAPEL HILL

Coach Lewis to Take Seven Men on Trip to Meet Carolina Tomorrow Morning

The State College cross-country team will have its first meet of the year with Carolina at Chapel Hill tomorrow morning.

The harriers, who have been running since school began, will have strong opposition as the Heels are stronger this year than they have been in years. They have seven lettermen back and also have Southern Conference champions in the quarter, half, mile, and two mile on the squad.

Red Lewis, cross-country coach, announced Wednesday that the men who will make the trip are Fallon, Curry, Davis, Hines, Burnous, Bishop, and Womble. George Estes, a sophomore, has been showing up well but he will be unable to run because of an infected bone in his ankle.

At a recent meeting of the squad Jimmie Fallon was elected captain for this year.

1ST 1911 BEATS 1ST WATAUGA 7-0

S. P. E.'s Defeat Theta Phi's 32-0 to Tally Largest Score of Year in Intramurals

The first floor of 1911 dormitory won a victory over the first floor of Watauga, 7-0, on Freshman Field, October 25, in one of the closest games of the year.

The victors scored their touchdown in the second period when Cox, quarterback for 1st 1911, passed to Bundy, right end, who made the score. Cox place-kicked the point.

Cox, with his accurate passing, and Moore, with his running, were the backfield stars for the winners. The Boney brothers led the strong 1911 line.

Price and Whitner were best of the backs for 1st Watauga. Price's kicking was well above the average of the intramural kickers. He got one off for more than sixty yards and another for more than fifty. Harrison and Richardson starred in the losers' line.

First 1911 also bested 1st Watauga in getting first downs. The victors counted five to the losers' two.

The lineups:

First 1911: Getz, left end; Riley, left tackle; McMinis, left guard; Hyde, center; Boney, right guard; Dixon, right tackle; Bundy, right end; Cox, quarterback; Moore, left half; Ramseur, right half; Hinchaw, fullback; and as subs, Boney and Moir.

First Watauga: Hubbard, left end; Irms, left tackle; Leary, left guard; Harrison, center; Wood, right guard; Richardson, right tackle; James, right end; Price, quarterback; Whitner, left half; Boland right half; Tinsley, fullback; and as subs, Floyd.

The box:
First 1911.....0 7 0 0-7
First Watauga.....0 0 0 0-0

S. P. E.—Theta Phi

The S. P. E.'s trounced the Theta Phi's, 32-0, Monday, October 22, on Red Field in the largest scoring game of the year so far in the fraternity league. The winners scored once in the first quarter, twice in the second, and twice in the third. The first score came on a pass from Findlay to Tyson and the extra point was added by a pass from Findlay to L. Summey. In the second period Findlay passed to Barnhardt twice for two more touchdowns. The

S. P. E.—Guzas, left end; Boger, left tackle; Herring, left guard; Crumley, center; C. Summey, right guard; Canady, right tackle; Barnhardt, right end; Findlay, quarterback; Tyson, left half; Ponzer, right half; L. Summey, fullback; and as subs, Arlial, Warlick, and L. Brown.

The box:
S. P. E.....7 12 13 0-32
Theta Phi.....0 0 0 0-0

Carolina Star

Captain George Barclay, left guard on Coach Snavely's Carolina Tar Heels, will be one of the men the Wolfpack will have to watch in the contest at Chapel Hill tomorrow. Barclay has been a power in the Carolina line all through the season, and he has been mentioned as good All-American material.

extra point tries failed. The S. P. E.'s ended their scoring in the third quarter with two touchdowns and one extra point. The first of these was made when Findlay passed to Arlial for a touchdown, while the second was made by Findlay passing to Guzas for the touchdown and point also.

The whole S. P. E. line blocked well. The leaders in the line were Barnhardt and Guzas, while Findlay's passing made him outstanding in the backfield. Pepper and Dave in the backfield and Pearson and Garodnick in the line were the stars for the losers. Ponzer, S. P. E. back, made the longest run of the game with a ten yard.

The lineups:
Theta Phi: Pearson, left end; Younge, left tackle; Eisenberg, left guard; Garodnick, center; Cohen, right guard; Schneider, right tackle; Tertsman, right end; Stein, quarterback; Pepper, left half; Webber, right half; Dave, fullback; and as subs, Katz.

S. P. E.—Guzas, left end; Boger, left tackle; Herring, left guard; Crumley, center; C. Summey, right guard; Canady, right tackle; Barnhardt, right end; Findlay, quarterback; Tyson, left half; Ponzer, right half; L. Summey, fullback; and as subs, Arlial, Warlick, and L. Brown.

The box:
S. P. E.....7 12 13 0-32
Theta Phi.....0 0 0 0-0

STUDENTS SEE REALISTIC PRESENTATION OF GAME

Although the Wolfpack played last week's game in Tampa, Florida, some 900 fans saw the game re-enacted by play on a large grid-graph in Pullen Hall.

The grid-graph, which was purchased by the athletic department last year, made a big hit with the students. Some students stated that the plays as reported on the grid-graph were very realistic, and that it resembled seeing a real game.

Students were admitted by their registration cards, while a small charge of twenty-five cents was collected from outsiders. The majority of the audience consisted of students, but several outsiders were present.

Pledge Dances

The eighth annual pledge dances, sponsored by the fourteen social fraternities at North Carolina State College under the direction of the Interfraternity Council, will be held today and tomorrow in honor of the recent pledges to fraternities.

The series of dances will be held in the Frank Thompson gymnasium beginning with an informal tea dance this afternoon followed by formal dances tonight and Saturday night.

More than 150 pledges to the 14 Greek letter fraternities will be honored guests at the dances which are eagerly anticipated by members of the State's younger dancing contingent and hundreds of younger women from various sections of North Carolina are expected to attend as guests of the members of the fraternities.

The Saturday evening dance will be featured by the pledge figure to be led by Miss Carolyn Riddick, Hertford, with Richard Payne, Hertford, Lambda Chi Alpha, as her dance partner; and Miss Anna Boice Rankin, Charlotte, with Billy Truesdell, Charlotte, Sigma Nu.

The music for the series of dances will be furnished by Ted Black and his Black Magic orchestra, well known for their versatility in musical arrangements.

The Frank Thompson Gymnasium, scene of all college dances, will be decorated attractively with the college colors of red and white and with fraternity emblems.

The dance committee for the pledge dances is composed of Walter Smith, Kappa Alpha; J. H. Barnhardt, Sigma Phi Epsilon; and Larry Martin, Delta Sigma Phi.

The official chaperones for the series of dances are as follows: Colonel J. W. Harrelson, Dr. and Mrs. Z. P. Metcalf, Dr. and Mrs. A. I. Ladd, Colonel Bruce Magruder, Mr. and Mrs. J. F. Miller, Professor and Mrs. R. H. Ruffner, Professor and Mrs. F. B. Wheeler, Professor and Mrs. A. F. Greaves-Walker, Dean and Mrs. Thomas Nelson, Dean and Mrs. C. R. Lefort, Dean and Mrs. E. L. Cloyd, and Dr. and Mrs. J. V. Hoffman.

Officers of the 1934-35 State College Interfraternity Council are: Walter Greenwood, Rocky Mount, Kappa Sigma, president; Bill Shaw, Winton, Theta Kappa Nu, vice president; and E. L. Cloyd, dean of students, permanent secretary.

Members of the 1934-35 Interfraternity Council are: R. M. Bruce, Alpha Chi Beta; W. W. Hood, Alpha Gamma Rho; H. B. Foster, Alpha Lambda Tau; Larry Martin, Delta Sigma Phi; Walter L. Smith, Kappa Alpha; Walter Greenwood, Kappa Sigma; S. Julian Boyles, Lambda Chi Alpha; J. N. Aycock, Phi Kappa Tau; D. A. Brannon, Pi Kappa Alpha; W. C. Wallin, Pi Kappa Phi; M. C. Hunter, Sigma Nu; J. H. Barnhardt, Sigma Phi Epsilon; Joe F. Abernethy, Sigma Phi; and Bill Shaw, Theta Kappa Nu.

A number of house parties will be staged by the respective fraternities during the Pledge dances.

Sigma Nu

Members of Sigma Nu fraternity entertained at a dance on Friday evening at their home on Hillsboro street.

The dance was given in honor of the following pledges: John Meadows, of New Bern; J. E. Davis, of Raleigh;

Harry Finch, of Thomasville; George Poyner, of Raleigh; Dick Oliver, of Raleigh; and Billy Truesdell, of Charlotte.

The living rooms were decorated with streamers in the Sigma Nu colors of black and gold, suspended from the chandeliers and the walls. Masses of fall flowers in a myriad of colors were arranged to bank the mantels and throughout the rooms.

Punch, wafers and other delicacies were served throughout the evening. Young ladies present were: Elizabeth Harrelson, Katherine Harris, Nancy Campbell, Evelyn Bagby, Effie Mac English, Anne Bynum, Ella May Noel, Margaret Vass, Alice Poe, Margaret Brewer, Olivia Root, Mildred Thrift, Mary Smodes Poyner, Jean Poe, Elizabeth Hanks and Pickette Kendal.

Chaperones for the occasion were: Dean and Mrs. Romeo Lefort, Mr. and Mrs. L. S. Musgrove and L. G. Benford.

Delta Sigma Phi

Members of Rho chapter of Delta Sigma Phi fraternity entertained Friday night at a delightful dance given in honor of their pledges. Invitations were extended to all fraternities on the campus.

Streamers of Nile green and white, the fraternity colors, festooned from the walls, formed the decorations. Delicious punch and wafers were served at intermission.

Young women attending were: Katherine Thiem, Nell Joslin, Iris Blackwood, Margaret Hill, Mary Beddoes, Louise Warren, Frances Elgime, Muriel Blackwood, Elizabeth Park, Margaret Stanton, Emily Scott, Garnet Elgime, Jean Edgerton, Virginia Holt, Fannie Belle Bray, Natalie Dunn, Marcella Coates, Marion Womble, Margaret Kelly, Edith Wyatt, Emily Hunt and Marion Thomas.

Theta Kappa Nu Dance

Members of North Carolina Alpha chapter of Theta Kappa Nu entertained at an informal dance at their home on Hillsboro Street last Friday evening.

The first floor of the house was thrown on suite and decorated with the fraternity colors. Punch was served throughout the evening.

Young ladies present were: Misses Katherine Williams, Ray McKinney, Katherine Mason, Mary Graham Croom, Lib Dunn, Polly Baker, Annette Goodbred, Nancy Mann, Anna Green, Mary Beddoes, Louise Warren, Rosalie Hay, Helen Bennett, Dorothy Dunn, Annie Virginia Dunn, and Emma Burns Norris.

Chaperones for the occasion were Mr. and Mrs. Charlie Plyman and Mr. and Mrs. Edgar Cumiskey.

S. P. E. House Party

Members of the Sigma Phi Epsilon fraternity will honor their pledges and guests at a house party this week-end in conjunction with the Pledge Dances to be held here today and tomorrow.

The house will be decorated in the fraternity colors, with facsimiles of the S. P. E. pledge button. The fraternity has planned a series of entertainments for the guests over the week-end.

Young ladies who have been invited on the house party are: Alice Campbell, Asheville; Rosalind Maynard, Clayton; Sarah Metz, Charlotte; Mary Anne Cutter, Charlotte; Mary

Richardson, Raleigh; Eleanor Woodard, Wilson; Ella Mae Noel, Raleigh; Marguerite Staton, Wilmington, Helen Cornwell, Dallas; Edith Bennett, Greensboro; Mary Richburg, Gastonia; Mary Clare Stokes, Wilson; Frances Lewis, Wilmington; Jeanette Bagwell, Raleigh; Anne McInnes, Raleigh; Edna Earle Wilson, Asheville; Wilfred Schlosser, Greensboro; Elizabeth Wade, Raleigh; Mrs. George Culbertson, Raleigh; Lorena Fairbanks, Newark, N. J.; Helen Foster, Asheville; Lillian Bell Jenkins, Roanoke Rapids; Jennie Harrison, Greensboro; Lib Diman, Ware Shoals; Marjorie Wilson, Winston-Salem; and Eloise McCorkie, Winston-Salem.

The chaperones for the week-end party will be Mr. and Mrs. R. D. Beam.

Miss Pearce Entertains

Miss Sue Pearce, president of Alpha Mu Sorority of North Carolina State College, entertained sorority members and friends at her home on North East Street Friday evening. Honored guests were new women students of the college.

Bridge and hearts-deck were played throughout the evening. Miss Virginia Tate and Miss O'Neil Branch, as high scorers, were the recipients of lovely prizes.

Tea, sandwiches, and cakes were served by the hostess, who was assisted in serving by her mother, Mrs. A. K. Pearce.

The following members of the sorority and their guests were present: Misses Hilda Fuller, Aileen Jenrette, Christine Shepherd, Edna Mae Halverson, Sue Pearce, Mary Matthews, Antirine Nichols, Douglas Doak, Helen Scott, Virginia Tate, O'Neil Branch, Clara Poteat, Margaret Spoon, Margaret Owen, and Medames Grace Moen and A. K. Pearce.

Woman's Club Meeting

Resuming its activities after a summer vacation, the State College Woman's Club will meet this afternoon in the college Y. M. C. A. at 3:30 o'clock at which time Col. J. W. Harrelson, dean of administration, will bring a message to the club women.

Mrs. T. S. Johnson and Mrs. E. H. Hostetter, hostesses for the afternoon, will be assisted by Medames J. E. Foster, E. W. Galtier, L. E. Hinkle, and W. C. Riddick.

An attractive program has been planned for the social hour. Under the direction of Major C. D. Kutschinski a quartet from the State College Glee Club will render several selections.

Following the program new mem-
