'Y' MUCH NEEDED TO COMBINE WORK SAYS H. F. COMER

Secretary of Carolina YMCA
Speaks at Installation of
Officers and Members

CLOYD DELIVERS CHARGE TO GAW, NEW PRESIDENT

Harrelson and Nelson Present at
Installation Dinner for New
Officers; Henry Pierce An-
nounces Staff of College Hand-
book for Coming Year; Exec-
utive Committee is Composed of
Gaw, Gray, Durham, Ogletree,
Stinnette, Dail, Rabb, Dargan,
and Coleman

"The YMCA is indispensable to the
modern college or university because it
seeks to combine in one complete
whole, the material learned in the va-
rious classrooms," said Harry F.
Comer, general secretary of the
YMCA at the Chapel Hill unit of the
Greater University of North Carolina.

Comer spoke at the installation of
new officers and cabinet of the State
College "Y" at a dinner held in the
north end of the YMCA, Wednesday
night at 6:30.

The speaker stated that in the
course of modern education there is
little time for the professor to draw
morals and adjust the subject he
teaches to the student. This work is
increasingly left to some character
building organization such as the
YMCA.

To Incoming Officers

Then speaking especially to the in-
coming officers, Comer sought to show
them the principles needed for "Y"
leadership. An effective officer must
have a personal life beyond reproach,
and he must strive to spiritually en-
rich his life at every opportunity. The
"Y" officer must have a clear knowl-
edge of the entire program and know
how to go about his work with a rigid
time allowance for each objective. The
capable officer must have the personal
qualities of initiative, drive, detail
conscientiousness, creative tolerance for
the views of others, and he must have
the endurance necessary to "take it,
and still carry on."

Comer closed by saying that though
the physical side of a "Y" is impor-
tant, it is only a means to spiritual
development.

Cloyd Gives Charge

Dean of Students E. L. Cloyd deliv-
ered the charge to the new officers
and cabinet. The officers pledged to
keep faith with the association and to
seek to spread its work to largest
number of students. They promised
to try to emulate the principles of
Jesus Christ in their lives, so as to be
examples of his work, both as individ-
uals and as an association.

Retiring president, Henry Pierce,
spoke briefly, expressing regret at his
retirement and thanking heartily those
who have co-operated with him
during the past administrative year.

Jack Gaw, the incoming president,
spoke of his hopes for the coming
year. He complimented the old of-
ficers on the success of their tenure
of office.

Officers and Cabinet

The new officers who were installed
last night are: Jack Gaw, president;
Andy Gray, vice president, Dwight
Durham, secretary, and John Ogletree,
treasurer. The executive com-
mittee as announced by Cloyd, included
the officers and: Charles Stinnette,
and M. M. Dail, seniors; Joe Rabb and
Lucas Dargan, juniors, and Robert F.
Coleman, sophomore.

The cabinet members installed
were: Hubert Morgan, H. G. Davis,
Robert S. Marsh, Lloyd H. Odum, Joe
C. Rab, Clement Wrenn, C. K. Dale,
Richard S. Clark, Lang Foster, T. J.
Roland, Jr., Robert F. Coleman, J. O.
Lambeth, Lucas Dargan, A. M. Gray,
O. F. Smith, C. R. Stinnette, M. M.
Dail, W. W. Cravley, Horace McSwain,
W. W. Gash, Wade T. Leary, H. G.
Snipes, H. R. Crawford, W. H. Steed,
J. H. Best, Roger M. James, Van S.
Watson, Jr., J. W. Ogletree, J. G.
Foushee, Paul Greene, Joe Hamlin,
Jr., Dwight Durham, Jack Gaw, Bill
Monroe, George Ross, Robert Cole-
man, and W. F. Lathan.

Henry Pierce announced the Hand-
book staff for the coming year as:
M. M. Dail, editor, Robert F. Coleman,
assistant editor, Joe Rabb, business
manager, and O. F. Smith, assistant
business manager.

Members of the faculty present at
the dinner were: Col. J. W. Harrelson,
Dean E. L. Cloyd, and Dean Thomas
Nelson.

Textile Style Show Winners

The young ladies pictured above were first prize winners from their respective schools in the Ninth Annual Style Show held April 23 by students in the Textile School of North Carolina State College. The winners are wearing costumes that they made as a part of their regular class work from fabrics designed and woven by State College textile students.

The first prize winners are, left to right, front row: Dorothy Craven, first prize co-winner for Catawba College; Virginia Kerns, Elon; Mildred Covington, Flora Macdonald (grand prize winner); Jane Allen, Meredith; Martha Johnson, Queens-Chicora; and Virginia Heaton, St. Mary's. Back row, left to right: Margaret Lipe, Appalachian; Helen Craven, co-winner for Catawba; Billie Jane Ruff, Flora Macdonald; Alice Reaves, Louisburg; Mary Glover, Peace; Mary Nelson Anderson, Salem; and Clara Knox, Woman's College of the Greater University.

Peace Meeting To Be Held At Edenton Street Church

MATTHEWS HEADS PINE BURR GROUP

Emergency Peace Campaign Started Here Last Week, to Gain Headway in Meeting Monday

WELL-KNOW SPEAKERS TO DELIVER ADDRESSES

Stinnette to Urge Contributions Toward Defraying Representa- tives' Expense This Summer

The Emergency Peace Campaign
which started officially at State College
last week will gain headway at the
mass meeting to be held at Edenton
Street Methodist Church Monday, May
11.

The meeting will start out at 11
o'clock with addresses by the following:
Reverend Carl Hermann Voss, who will
speak on "The Cause and Cure of War";
Mrs. J. Henry Highsmith, speaking on
"Pacific Alternatives to Armed Con-
flict"; and Dr. David A. Lockmiller on
"The War Threat in Asia, Europe, and
Africa."

There will be a luncheon meeting at
1:00 o'clock. At that time Dr. F. W.
Burroughs, Pastor of Christian Church,
Richmond, Va., will speak on "The
Emergency Peace Campaign—Its Sig-
nificance and Procedure." Reservations
for the luncheon may be made at the
YMCAs any time up until 9:30 Saturday
morning, May 9.

Mass Meeting

The regular mass meeting will take
place at 8:00 o'clock. The general topic
under discussion will be: "What Can
the People of the United States Do To
Prevent Their Government from Going
to War and to Promote World Peace?"
Reverend Burnham will deliver a talk
on world organization. Professor J. M.
Hobbs of the School of Commerce, UNC,
will speak on "Political and Economic
Changes Essential to a Peaceable World
Order."

Colonel Harrelson stressed the fact
that Pine Burr is a purely State College
organization and one that has always
been closely associated with the pro-
motion of the college's best interests.
He suggested, in conclusion, that the
next initiation of the society be held
on October 3, the Founder's Day of
the college. The reason for setting
this as an initiation date, he said,
would be because of the society's long
association with the college, and its
close connection with the institution.

The dean of administration com-
mented on the distinction gained in
after life by honor students. Of Yale
graduates who were honor men on
the campus, he stated, fifty per cent
of them were listed in "Who's Who"
after their college careers.

Professor W. N. Hicks and Dean
E. L. Cloyd, who were also charter
members of the organization, were
present at the initiation and banquet.

The advanced plant ecology class
will make a four-day field trip to the
Smoky Mountains National Park on
May 21, 22, 23, and 24, for the pur-
pose of studying plant ecology in the
mountain regions.

B. W. WELLS TO SPEAK AT CHARLOTTE MEETING

Juniors will have their final
chance this year to place orders
for their class rings next Thurs-
day when Walter B. Anderson,
representative of the Balfour Com-
pany, visits the campus.

Anderson will be in the college
YMCAs Thursday from eleven
o'clock through the rest of the
day to take orders for the class
rings. He will also take mea-
surements for later delivery of
rings not wanted immediately.

Last Chance

Dr. B. W. Wells, head of the Botany
Department at State College, will
speak tonight at a meeting of the
parent-teacher association at Dilworth
School in Charlotte, it was
learned late yesterday.

The subject of Dr. Wells' talk will be
"Wild Flowers in North Carolina."
Besides being head of the Botany
Department at State, Dr. Wells is also
an author of note and a well-known
plant ecologist throughout the South.
He was the author of "Natural Gar-
dens in North Carolina."

OFFICERS CHOSEN FOR COMING YEAR BY BLUE KEY MEN

New Officers Elected at Annual
Banquet Held at Carolina
Hotel Last Night

GALE, BLACKBURN, GAW UNANIMOUSLY ELECTED

C. S. Gale Chosen President, A. R.
Blackburn, Vice President, and
J. G. Gaw, Secretary-Treasurer;
J. F. Curry and Blackburn
Initiated as Student Members;
Metts, Althaus, and Poteat
Taken In As Honorary Members
of Society; Harrelson, Magruder,
and Greaves-Walker Speak

Unanimous elections for all three of
fices featured the annual banquet held
by Blue Key, national honorary lead-
ership fraternity, at the Carolina Ho-
tel last night.

Clarence S. Gale was chosen presi-
dent of the organization for the com-
ing year. A. R. Blackburn vice president;
and Jack Gaw secretary-treasurer. The
elections followed the banquet, initia-
tion of new members and talks by sev-
eral of the honorary members.

Immediately following the banquet
President R. W. Seitz administered the
membership oath to the new initiates,
both student and honorary. Student
members initiated were A. R. Blackburn
and J. F. Curry. J. R. Dosenbach, an-
other student recently extended bid
to the fraternity, was away on an in-
spection trip and could not be present.
He will be initiated in the near future.

Honorary Members Initiated

Honorary members initiated into the
fraternity were General J. Van B. Metts,
adjutant general of the state of North
Carolina; Major K. G. Althaus, exec-
utive officer and assistant to the PMS&T;
and Rev. E. McNeil Potent, pastor of
Pullen Memorial Church. All three of
these men were invited to become mem-
bers of Blue Key because of their out-
standing work towards the furtherance
of the interests of State College.

Following the initiation, Seitz went
into the history of the founding of Blue
Key and explained its purpose. The fra-
ternity was founded at the University of
Florida in October, 1924, by Major
Bert C. Riley. It was organized nation-
ally in 1925. Major Riley's idea was to
establish a fraternity to recognize lead-
ership rather than place too much em-
phasis on scholarship.

Professor A. F. Greaves-Walker fol-
lowed Seitz and explained the meaning
of the symbols on the fraternity key.

Harrelson Speaks

Colonel J. W. Harrelson, dean of ad-
ministration at State, read and com-
mented on excerpts from a book "No
Friendly Voice" by R. M. Hutchins,
president of the University of Chicago.

"Competition in keener and easier
jobs are fewer than any time in the last
forty years . . . and these facts have
made students strive to do better and
realize that they must do better," was
one of the excerpts that the Dean read
from the book. In commenting on this
Dean Harrelson spoke of the "C" ruling
that was recently passed by the fac-
ulty council and that will go into effect
next year. He showed that the business
world is requiring college graduates
to be trained to the highest possible
degree and that the ruling was passed
for this reason.

FACULTY AND STUDENTS ATTEND ASCE MEETING

Wide Range of Topics Discussed
During Course of Convention
at Pinehurst

Seventeen college representatives
from State were present at the North
Carolina section of the ASCE meeting
held at Pinehurst last Saturday.

Of the many subjects offered, one
of the most interesting was that given
by Alois Havrilla of the General Electric
Company. His subject was "Safe
Seeing and Safe Driving." To enliven
his talk, Mr. Havrilla employed illus-
trations which paralleled his discus-
sion.

Other subjects of interest were
"Methods Adopted in Repairing North
Carolina Highways from Flood Effects
Winter of 1935-36," "The Necessity
for Closer Cooperation between the
Physician and the Engineer," and
"Method Employed and Program of
Soil Erosion Program in Piedmont
and Mountain Sections of North Caro-
lina."

The professors who attended were:
C. L. Mann, W. G. Geile, and T. S.
Johnson. The students who went were:
J. E. Bling, C. W. Surratt, H. M.
Schrock, C. M. Ramsey, A. W. White,
P. W. Malpass, F. N. Phillips, Henry
Fornero, G. B. Fowler, W. A. Edwards,
J. R. West, Carl Stein, W. R. Mc-
Crane, and J. M. Coleman, Jr.

ATTEMPT BEGINS TO GET SUPPORT FOR NEW COURTS

To Speak at Tapping

MacKenzie and Allison Circulate
Petition Among Students for
New Tennis Courts

PLANS PREPARED SHOW 26 NEW TENNIS COURTS

Two Originators Believe Courts
Can be Financed in Part by Gov-
ernment Grant; Faculty and
Students Approached so far All
Voice Approval of Proposed
Work; Blue Prints Showing
Plans for Courts to be Posted
on Bulletin Board Today

By HALL MORRISON

An energetic and thoroughgoing at-
tempt was started during the past week
by Dick MacKenzie, engineering stu-
dent, and T. T. Allison, Jr., student
in industrial management, to arouse
student interest and support in a proj-
ect to build more and better tennis
courts for the college.

These two students have already had
printed petitions for student endorse-
ment of the idea, and they have con-
tacted various members of the admin-
istration and faculty to receive their
approval.

Blue prints have been prepared show-
ing the work necessary in the construc-
tion of the courts, and an estimate of
the cost of construction is also ready
for presentation to those interested.

Present Situation

At present there exist for the use of
the students only eight tennis courts.
Of these four are in fairly good shape,
and the other four are usable but not
in good condition. During the regular
tennis season, one court is reserved
every afternoon for the varsity tennis
team and one for the freshmen. This
leaves only six courts available for all
students who wish to play tennis.

The petition that is being circulated
carries the following statement: "We,
the undersigned students of the North
Carolina State College, do hereby petition
the Administration of North Carolina
State College to procure by what-
ever means they find possible the
tennis courts as specified and presented
herewith." Space is reserved below for
signatures under two heads, one: "I
do play tennis if the facilities warrant
it."

Sufficient Interest

The originators of the idea believe
that if sufficient interest is aroused and
enough pressure is exerted, the courts
can be financed in part by a govern-
ment grant. They plan to do everything
possible to arouse this interest. Im-
mediate response and approval was
forthcoming from all students approached
to date.

MacKenzie and Allison plan to post
blue prints of the courts on the Blue
Key bulletin board today. From then
on, they and others interested in the
project will be visiting the members
of the student body and securing their
opinions of the measure.

Faculty Opinions

Among the faculty members who
have already stamped their approval
on the proposal are Dr. A. J. Wilson,
chairman of the faculty athletic com-
mittee; Colonel Bruce Magruder, pro-
fessor of military science and tactics,
and Prof. J. F. Miller, head of the
physical education and intramural
sports program.

Says "Mr. Johnny" concerning the
courts: "Granting there are great bene-
fits in intercollegiate training, oppor-
tunity for these benefits should be ex-
tended in so far as possible to each in-
dividual student. The purpose of the
fraternity is to provide opportunity for
the all-round development of each stu-
dent who registers. Playfields, swim-
ming pools, tennis, handball, and bas-
ketball courts which can contact many
students are in line with the true ob-
jective of the college. Let's have more
tennis courts with a few outdoor hand-
ball and basketball courts thrown in."

Dr. A. J. Wilson commented as fol-
lows: "I am strongly in favor of more
tennis courts on State's campus, both
clay and concrete, for use by the stu-
dents; and this development should be
started immediately."

Colonel Bruce Magruder stated: "Ev-
ery project up for consideration is one
of relative value. There appears to be a
need for increased facilities for the
many students who desire to play ten-
nis. I feel that every consideration
should be given to the needs and im-
portance of campus activities."

Bob Seitz, cadet colonel of the ROTC
regiment and active in many campus
organizations, had the following to say:
"I am highly in favor of this tennis
court movement, and I believe that
immediate steps should be taken to pro-
cure them in view of the present in-
adequate facilities."

Wataugans

The WATAUGAN office will be
open from 1:30 until 3:00 this
afternoon to permit off-campus
students to obtain back issues of
the college humor magazine, ac-
cording to N. B. Dosler, circula-
tion manager.

Previous times that the office
was open did not permit some of
the students living off the campus
to obtain their copies of the
WATAUGAN, and for this reason,
the office is being held open this
afternoon.

COMMITTEE PLANS TO CONDUCT RUSH ON RIDICK FIELD

Officials Set Date of Annual Inter-class Battle for Saturday, May 23

CONTEST RULES DECIDED IN JOINT GROUP MEETING

Freshman-Sophomore Rush Delayed This Year to Wait for New Push Ball; Committee Decides to Allow No Horseplay Either Before or After Rush; Rotten Eggs and Cleated Shoes Are Also Barred From This Year's Battle

The group of freshmen and sophomores comprising the committees from each class on the annual Freshman-Sophomore Rush has decided to hold the yearly scrap on May 23.

This decision was made at a joint session of both committees yesterday noon in Dean Cloyd's office. At the session rules were drawn up for this year's contest.

Some delay occurred in the planning of the rush because the order for the new push ball to be used for the first time this year was placed late. The new ball was purchased by a number of campus organizations headed by Blue Key. The ball is of the inflated bladder type and weighs considerably less than the one which was used last year.

Size of Field

Ridick Field will be the scene of this year's battle, and the field of action will be the size of the regulation football field. The contest will be conducted in much the same manner as last year's rush, although several minor rulings yet remain to be settled. The joint committee plans to rule on these at its meeting next Tuesday.

Among the rules decided upon yesterday are the following: The ball will be put into play in the center of the field and at the beginning of the rush, each team will line up fifty yards from the ball. After each goal, the ball will be put into play again at the center of the field. If the ball goes out of bounds, it will be put into play twenty yards in front of the side-lines and opposite the point where it went out of bounds. Each team will then line up ten yards from the ball.

No Horseplay

According to the committee, no rotten fruit or cleated shoes will be allowed. Another thing which will not be allowed this year is the horseplay which has occurred in the past both before and after the rush.

Connie Mack Berry is chairman of the committee on the rush for the Sophomore Class, and William McCook Bailey for the Freshmen. Meeting with the joint session held yesterday were J. F. Miller, intramural director, and Romeo Lefort, assistant dean of students.

TECHS WIN TRIO IN WEEK'S PLAY

Doakmen Defeat Tigers and Gamecocks on Two Game Trip Into South Carolina

During the past week's play the State College baseball team chalked up three victories. They defeated Clemson by a score of 12-5, South Carolina by a score of 9-1, and Carolina by a score of 7-5.

The Doakmen took the South Carolina half of their trip on Friday and Saturday of last week. They played the Tigers on Friday and the Bengals the following afternoon.

Clemson Game

Timely hitting helped State to defeat Clemson 12-5 in the contest played in Clemson last Friday. Walter Rabb led the State hitters.

The Doakmen overtook a three-run lead in the second inning, scored nine runs in the sixth, seventh, and eighth frames.

South Carolina Game

In the final contest of the four-game road trip, the Techs were victorious over the University of South Carolina by a score of 9-1.

Stuart Flythe was the hero of State's win. The tall pitcher turned in a good pitching job and hit the only home run of the contest.

Carolina Game

A barrage of base hits in the third and fourth innings produced five runs and gave the Techs a 7-5 victory over the Tar Heels Wednesday.

Stuart Flythe, who pitched the State team to a 3-2 victory over Carolina in a previous meeting, hurled for the Techs again Wednesday. The State hurler struck out 11, and yielded only eight hits.

Dreswick and Mahoney hit homers for the Techs.

The story of yesterday's game appears in another column.

The American Student Union was formed part of a "Communist-controlled movement" by delegates to the D.A.R. convention.

Spring Frolic Sponsors

REPRESENTATIVES ATTEND AIA MEET

Diehl and Shumaker Make Trip to Williamsburg, Va., as Delegates to Convention

K. C. Diehl, senior in architectural engineering, and Professor Ross E. Shumaker left last Tuesday for Williamsburg, Va., to attend the 68th annual national convention of the American Institute of Architects, which has been in session during the past week.

Diehl won his chance to go to the convention when his design, "Colonial Doorway," was recently judged the winner of a contest for juniors and seniors in the department. The award for winning this contest included his expenses for the trip. Professor Shumaker, head of the architectural department, is representing the faculty at the meeting.

As a part of the convention program inspection trips will be made through several of the old colonial plantations of Virginia, and through Jamestown and Yorktown. However, the major portion of the convention will be spent in detailed and especially planned tours of the reconstructed colonial Williamsburg. For their part in the work of reconstruction of Williamsburg, John D. Rockefeller, Jr., and several of his associates will be awarded testimonial of honor by the AIA.

The principle speakers for the convention banquet, which was held in the Chamberlain Hotel at Old Point Comfort, Va., were Stephen S. Vorphees, president of the AIA, and Dr. Frank S. Watson, director of the Research Foundation of Purdue University.

The college library will observe the same schedule as always.

LIBRARY WORKERS TO ATTEND MEET

Entire Staff of Library to Attend Session of American Library Association

The entire staff of the State College Library will attend either a portion or the entire session of the American Library Association's Fifty-eighth Annual Conference to be held from May 11 to 16 at the John Marshall Hotel in Richmond, Virginia.

The library will be without a staff member on only two days, Tuesday and Wednesday. Miss Mary Shore, order librarian, will not leave for the convention until Tuesday and Mrs. C. E. Eliday, cataloger, will return on Thursday. The remainder of the staff will attend for the entire duration of the meetings. Miss Shore will present a paper at the meeting of North Carolina University Library School of which she is a graduate, on Friday evening.

Prominent among the guest speakers on the program for the convention are a number of well known North Carolinians. Dr. Frank Graham, president of The Greater University of North Carolina, who will speak on "The Functions and Services of the Modern Library"; Louis Round Wilson, for thirty years president of the University Library and who is now president of this association, and Robert Connor, formerly of the University Library and now National Archivist for the government, Douglas S. Freeman author of "R. E.

"Analysis of Structure of the Sperm of Marsiles" is the title of his thesis. According to Dr. B. W. Wells, director of the Botany Department at State, the department at the University thought his work so new, different, and of such excellence that they sent him to Cornell University to see the foremost plant cytologist in America, Dr. L. W. Sharp. He will return on Saturday.

Continuing, Dr. Wells said that Lang's research was in the nature of fundamental discoveries in the structure of the cell which has an important bearing on the nature of reproduction in plants. On the basis of this report ideas concerning plant life by the faculty of the conference.

Among the State students who have already definitely planned to attend the conference are: Jack Gau, President of the State YMCA for the coming year, John Ogletree, Dwight Durham, Ed Syalane, George Ross, Clement Wren, Robert Coleman, and Andy Gray. Others have voiced a wish to go but have not yet made definite plans.

relationship may have to be modified.

Lang has accepted a position to work with Dr. Anderson as technician in the cotton fiber research work that will be conducted by the federal government at State College.

Did You Know...

It is no easy job to collect all the equipment necessary to fulfill the needs of State College students, but in our store you will find every article that you might need in your studies, and for your recreation.

To fulfill many of your needs, we do so with

much extra expense, but with a pleasure.

Blue Key Head

Clarence S. Gale who was elected

president of the Blue Key Fraternity for the coming year at the annual banquet of the honor organization held in the Carolina Hotel last night is pictured above. Gale is also Managing Editor of THE TECHNICIAN, and is active in other campus activities.

Lee Pulitzer Prize winner for the best biography written last year, and also editor of the Richmond News Leader will speak on Saturday, May 16.

At the meeting this year the subject of micro-photography in library work has been given a major place on the program. Standardization of equipment in this new field of library science will be considered. In addition the subject of federal aid to libraries and the establishment of a Bureau of Libraries under the Interior Department will be discussed.

The college library will observe the same schedule as always.

MILITARY UNIT TO HONOR STATE OFFICIALS TODAY

Governor Ehringhaus and General John Van B. Metts to Review Parade in Stadium

Governor J. C. B. Ehringhaus and General John Van B. Metts will be honored today by a parade of the ROTC unit which is to be held in the stadium.

The parade is one of the series which is being given each Friday of this quarter. Cadet Colonel R. W. Seitz will be in command of the ROTC regiment.

Music for the parade will be furnished by the ROTC band and the drum and bugle corps.

RED MASQUERS GIVE PLAY SOON

Lyell Will Direct Dramatic Group in "Ten Nights in a Ballroom"

Professor Lyell, director of the Red Masquers, last week made selections for the cast of "Ten Nights in a Ballroom," to be produced in Pullen Hall about May 23.

Mr. Romaine, a philanthropist, will be played by Dick Parsons; Simon Slade by Jimmie Thiem; Willie Hammond, J. B. Hunt; Sample Swichell, a "Yankee Tippler"; Charlie Stinnette; Harvey Green, Charlie Dunnigan; Frank Slade, James Pierce; Joe Morgan, a drunkard, Frederick G. Walsh; Mrs. Slade, Douglas Doak; Mrs. Morgan, Betty Valentine; Mary Morgan, Jean Renfrow, and Mehitable Cartwright, a sentimental Yankee; Helen Scott.

Major Kutchinski and the State College orchestra will furnish music in keeping with the atmosphere.

Theme

The theme is well known. That of the congenital drunkard who is finally reformed by the pleas of a young and innocent child. The child dies from injuries received from a beer mug hurled by her errant father in one of his less responsible moments. The weight of his repentance proves too heavy for his conscience and, as a last resort, he dedicates himself to a life of abstinence in a vain endeavor to years.

make up to his daughter for his cruelty.

The end of the play takes place ten years after the initial reform and shows all the former carousing inebriates leading peaceful, abstaining lives. The whole effect is very touching and incredible but as the play is burlesqued, every one can enjoy the play without getting too involved emotionally.

ECOLOGY CLASS INSPECTS DUKE UNIVERSITY FOREST

Eight members of the advanced plant ecology class were taken on an inspection tour of the Duke University Forest and Forest Soil Department yesterday afternoon by Dr. C. W. Cole, professor of forest soils at that institution. They were accompanied by Dr. B. W. Wells, professor of ecology and head of the Botany Department at State College.

The students were shown the new soils laboratory and detailed explanations were given by Dr. Cole as to the methods used in performing both physical and chemical tests used in their soil analysis work. The most modern equipment used in this field was shown and discussed.

Riding over the widely-spread 5,000-acre school forest, in private cars, stops were made at various points where field experimental work and soil measurements were being taken. The projects were carefully taken up and explained by Dr. Cole, both those that had been just started and those that had been under way for several years.

College Alumnus Candidate In Next Democratic Primary

W. Kerr Scott Announces Candidate for Office of Commissioner of Agriculture

WAS LEADER ON CAMPUS WHILE IN SCHOOL HERE

Political Candidate Held Many Offices and Was Outstanding Athlete at State

The campaigning for campus officers has come to an end, but the political interest of State College students and faculty was drawn to higher politics recently by the announcement of the intention to run for commissioner of agriculture by W. Kerr Scott, graduate of the class of 1917.

This State graduate, who is from Haw River, majored in general agriculture, and promises to put life into the department of agriculture if he is elected. His candidacy is subject to the Democratic primary of June 6.

If his life at State can be any foundation at all upon which to base a claim that he will inject life into this department, Scott is undoubtedly the man for the position.

While at State

While he was at State, Scott seems to have held almost three-fourths of the major offices on the campus. His record reads as follows: "Honors in scholarship four years; varsity track team four years; captain of freshman class track team; winner of inter-collegiate cross country medal, 1914; winner of Raleigh Rotary Club cup, 1916; Leazar Literary Society, secretary 1915, chaplain, 1916, president 1917; Inter-society orator 1914, declaimer 1916; Ag Club, secretary 1914, treasurer 1915, vice president 1916; varsity debating team three years; YMCA cabinet 1916, president 1917; Inter-collegiate council, secretary 1916, chairman 1917; president of his class (3); Bi-ag society; Alamance County club; corporal; Associate Editor of *Red and White*; and senior debater."

The 1917 *Agromechanics* apparently thought highly of Scott. The following is quoted from that edition of the yearbook and concerns the political candidate:

Yearbook Comment

"We have often wondered how one man could engage in so many business enterprises and still find time to make A's. But this is what 'Scott' has done. To this Alamance County boy belongs the honor of establishing inter-collegiate debating teams at A. and M. He has been on the varsity track team here four years, and is one of the best cross country runners in the state. As president of the YMCA, he has been a decided success. A man of sterling character, and immovable in his convictions, we honor the president of our junior year."

Scott's announcement for the position marks the first time that a State alumnus with no other collegiate affiliation has entered a race for a Constitutional office in North Carolina.

At The Theatres

STATE

Freddie Bartholomew, who is costarred with Dolores Costello Barrymore in Selznick International's "Little Lord Fauntleroy" at the State was having tea at the Vendome on Senate Boulevard one recent Sunday with his aunt, Miss Mylline Bartholomew, Charlie Chaplin and H. G. Wells were having tea with a large party of friends across the room. Freddie, who worships Chaplin, had never met him, was thrilled. But that was nothing compared to his excitement when Chaplin rose and came over to the Bartholomew's table.

"My name is Chaplin," he said. "I've wanted to meet you for a long time. Won't you come over and join us and meet Mr. Wells?"

A Mickey Mouse cartoon and a News complete the program.

CAPITOL

Three Marx-ed men will be trailed by the chuckles coming from the Capitol Theatre Monday and Tuesday. They are the Marx Brothers—Groucho, Chico and Harpo—who are accused of inciting a laugh riot with their new picture, "A Night at the Opera."

And it is a riot in every sense—the funniest picture yet turned out by those Merry Madmen. You'll howl at their humorous and crazy antics from the time they leave Italy until they go into the grand opening business in New York City. There isn't a dull moment!

A novelty act and a musical act complete the program.

Refuses

Pittsburgh.—(ACP)—Charging "irrational and irresponsible authority," Dr. Wynand M. Parrish, for twelve years head of the department of public speaking at the University of Pittsburgh, announced last week he had refused re-appointment.

Dismissal of Richard Murphy, coach of the debating team, despite the fact his work was satisfactory, was given as the reason for Dr. Parrish's action.

This Collegiate World

Among the ingenious college youth of the country, we think we ought to place the name of Harold Jesurun of Columbia alongside that of young Mr. Gorin, founder of the Veterans of Future Wars.

Mr. Jesurun, you may remember, is the student who worked up a tidy bit of business waking up his fellow students each morning so they would not miss class. He earns his way through school with his deft Taps on the Shoulder and Nudges in the Ribs.

But in this business too, science has been refined to method. Mr. Jesurun does nothing so crude now, as Jabbing in the Midriff. Now he has a special concoction of ammonium chloride in a little vial, which he slips under the nose of the deep breathing ones.

This technique is 100 per cent efficient, since it not only awakens, but it instantly clears the mind and leaves one ready for the first hour class.

Of course, Mr. Jesurun had first to sell his proposition to fellow sludders. An example of his promotion method, as he himself described it: "You take Fernando. Well, Fernando set his alarm clock for 6:30 a.m. When he was sleeping I sneaked in his room and set it for 8:30 a.m. Then the next morning, I made a call and easily convinced him of the superiority of my method over that of alarm clocks."

Brown University writer, in an essay describing a physical examination: "He rolled up his arm to the elbow, ripping off the button."

The somewhat complacent Brown students, by the way, have had a tragic experience lately, which has rather undermined their faith in the established order of things.

"Marj" is a young waitress near the campus, we understand. Very pretty and all that. For weeks she dated with no one, despite the organized competition among the very best fraternities on the campus. Then suddenly, she did something that so shocked the student body that the incident was deplored in the Brown paper.

She dated a non-fraternity, non-college man.

We, understand, haven't the slightest objection to the peace strike, but there is a budding versifier out at the University of California at Berkeley, who has. He objected this way:

Down wit de students
Down wit de class
Down wit de trees
Down wit de grass
Down wit de countries
Down wit de flags
Down wit gun gags
Down wit de women
Down wit de men
Down wit de rooster
Down wit de hen
Down wit de spring
Down wit de fall
Whatever it is, I'm against it, so—
Down wit all it.

The middle aged janitor in one of the halls at Princeton knows all about the Veterans of Future Wars now. For a joke, he wore one of the pins of the order. Then he went to a movie in New Brunswick. When he came out of the theater whom should he encounter but a whole gang of tough looking ex-service men, members of the real VFW.

For a time it was an interesting situation, but a passing taxi was the means of escape for the janitor.

It is not known if the janitor collected the taxi fare from the Princeton VFW expense fund.

CAUDILL SELECTED TO HEAD DELTA SIGMA PI

Delta Sigma Pi, national honorary business fraternity, held a formal initiation ceremony Monday night in Peel Hall, at which time James E. Caudill of North Wilkesboro was taken into membership.

At a short business meeting held at the conclusion of the initiation, the organization set the date for an annual spring banquet for May 17, and appointed a committee to secure an outstanding speaker for the occasion. Following the banquet, the members will hold a short business meeting and an election of officers for the new year.

Head Master Micou F. Brown reported that this chapter of the fraternity was running high again this year in the efficiency contest. Last year the chapter secured third place in the national rating.

PROMINENT STATESMEN TO SPEAK AT MEETINGS

Princeton, N. J.—(ACP)—Seventeen men prominent in national affairs have accepted invitations to speak at the first annual public affairs conference, to be held here May 8 and 9 under the auspices of The Yale News, The Harvard Crimson and The Daily Princetonian.

Joseph B. Eastman, Federal Coordinator of Railroads, Secretary of Agriculture Henry A. Wallace and Senator Robert F. Wagner of New York will have leading parts in the round-table discussions.

It is planned to have five tables in all, each composed of ten faculty and twenty undergraduate members of each college.

Sponsors For Annual Regimental Hop

Taking part in the figure for the annual Regimental Hop tonight will be the sponsors pictured above with their escorts. Mary Louise Shepherd of Durham will be with Cadet Colonel R. W. Seitz, Dorothy Shipman of Raleigh with Cadet Lieutenant-Col. W. H. Pierce, Iris Blackwood of Raleigh with Cadet Captain H. S. Keck, Ruth Long of Raleigh with Cadet Captain Gordon Smith, Jr., Frankie Marbury of Atlanta, Ga., with Cadet Captain C. C. Stott, Frances Beale of Greensboro with Cadet Major W. B. Aycock, Dorothy Ballard of Goldsboro with Cadet Major M. F. Browne, Marian Wallace of Raleigh with Cadet Major P. M. Cox, and Nell Linton Smith of Raleigh with Cadet Major F. L. Johnson.

MUSICAL PROGRAM GIVEN IN MEETING

Orchestra and Glee Club Give Program in Celebration of National Music Week

In observance of National Music Week at State, the college concert orchestra and the Glee Club, both under the direction of Major C. D. Kutschinski, provided a musical program for the freshman assembly at noon yesterday.

The orchestra played a march, "Men of Valor," by Kohr, as the students were assembling, and later played "In a Rose Garden" by Aeclani, "Norwegian Dance Number Two" by Grieg, the "March Militaire" by Schubert, and the "U. S. Field Artillery" by Sousa. The program was closed by the audience singing "State College Keep Fighting Along."

The Glee Club sang Bach's setting to Niccolai's "Sleepers, Awake!" "Sea Fever" by Mark Andrews, "Because" by d'Hardelet, "Secrets" by C. R. Smith, and the "War songs of the Saracens" by Paul Kellogg. The Glee Club's portion of the program was ended with a group of State College songs in which the assembly joined the Glee Club.

Joe Renn, a sophomore, was featured in two solo voices, "There Is No Death" by O'Hara, and "Three for Jack" by Squires.

Other Concerts

Other Music Week concerts enjoyed at State where a campus concert by the ROTC Band Sunday afternoon and a concert in Pullen Hall Wednesday night by the Raleigh Symphony Orchestra composed of forty Raleigh and State College musicians under the direction of Major Kutschinski.

The ROTC band will furnish music for the memorial services conducted by the Daughters of the American Confederacy Sunday afternoon, May 10. Busses will leave Pullen Hall at 4:00 o'clock to convey the band to the cemetery, where the brief Memorial service will be held.

The State concert band has also been invited to participate in a band festival at Rocky Mount on May 28, in connection with the "Gallopade" to be staged in that city, said Major Kutschinski. About fifteen bands, including the State and UNC bands will participate in the event. All the bands will participate in a big parade, and the State band is one of those chosen to play a special concert.

Century Air
Alfred, N. Y.—(ACP)—Eight Alfred University professors have agreed to ride sideboards, whisks, goatees, and divers kindred torsorial accoutrements to give the university's centennial celebration, planned for this spring, the air of a century ago.

GRADUATION BIDS UNDERGO CHANGES

Proofs of Senior Class Invitations Received Wednesday By W. L. Mayer

Proofs of the senior class invitations for the graduating class of thirty-six were received Wednesday, according to an announcement from W. L. Mayer, registrar.

"The invitations this year will be adorned by the pictures of the completed Memorial Tower and the college seal. A light gray front, which will be made of leather or paper, depending upon the senior's choice, will enclose the booklet.

New scenes of college life and buildings will be used to illustrate the bids replacing the old scenes which have heretofore been employed each year. Another change is the one made regarding the fraternities. The old practice was that the diplomas given to fraternity men were separate, depending upon the fraternity each graduate belonged. This graduating class will find that no fraternities are mentioned; instead, the recipients of diplomas will find themselves classified under the school to which they belong.

A picture of Colonel Harrelson will grace the frontispiece of the class of '39 bids. Immediately following on the next page will be the officers of the outgoing senior class. Then, one will find the program and familiar scenes of college life completing the booklet.

As yet, no definite date has been set for the seniors to get their invitations.

AG MEETING TO BE HELD NEXT WEDNESDAY NIGHT

Next Year's Officers for Ag and Forestry Clubs to Be Chosen at Gathering

The annual get-together of the Agriculture School, for the election of officers will take place next Wednesday at eight o'clock in the college cafeteria, according to a recent announcement.

In addition to the election of officers of the Ag and Forestry Clubs for the coming year, there will be entertainment furnished by the faculty and students of the Ag school. Ice cream and cigarettes will be served.

Judging from the reports of the various committees, this assembly should be the best ever offered. All students and professors attending will be assured of an enjoyable time.

The feature of the gathering is that it will afford the members of the faculty and student body of the Ag school an excellent chance to become acquainted with each other.

Announcements

Red Cross Examiners training course will begin Monday, May 11, at 7:00 o'clock at the swimming pool. Senior Life-Saving is a prerequisite to the course.

C. O. Stott.

Mr. Homer Mask of the Rural Resettlement will speak at the Agricultural Economics Club May 11, at 4:30 p.m. All students are urged to attend. Officers for the coming year will be elected. Gene Penland, Secretary.

The annual elections of officers for the Ag School will take place in the college cafeteria Wednesday evening, May 13, at 8 p.m. All members of the School of Agriculture and Forestry are urged to be present.

Wayne Corpening, President of Ag. Club.

The only machine of its kind

500 camshafts can be inspected every hour by an automatic machine which has been designed and built by the Ford Motor Company. It is the only one of its kind. It has a gaging accuracy of one ten-thousandth of an inch.

It gages Ford camshafts at 25 points. Any dimension not within the specified limits causes electrical and mechanical devices to beyond set limits, close a set of contact points which operate two solenoids. One sets the rejection mechanism; the other raises a marking plunger which puts a dab of copper sulphate solution on the shaft where the dimension is over or under size.

There are ten inspection stations. The camshafts are placed in registered position in carriers mounted on an endless linked conveyor and carried into the machine. At each station the conveyor stops momentarily. Automatic centers engage the ends of the camshafts and hold them rigidly. Then 25 floating gage

the Act of March 3, 1879.

MOTHER'S DAY

For a good many years the beautiful custom has existed in this country of setting aside the second Sunday in May as a time to be devoted to our mothers. Of course we should think of and consider our mothers throughout every day in the year, but the devoting of one day in particular is not at all out of place.

Many students who live close enough to be able to do so will plan to visit their mothers this Sunday. Others who are not so fortunate will write, or will let their mothers know in some way that they are thinking of them.

College students may try to give the appearance of being sophisticated and perhaps a trifle hard-boiled. As a general thing, they may try to avoid any show of sentimentality. But when you scratch through this thin veneer, you find the majority of them are a great deal more soft-hearted than the average population of the country.

When you speak to students about their mothers, they may not say much, because they are still trying to keep their veneer from cracking. Deep down inside every one of them has a deep and abiding love for the one who brought him into the world.

We would like to change bit that oft-quoted statement saying, "All that I am, all that I hope to be, I owe to my sainted mother." It should read, "All that is good in me, everything worthwhile that I ever hope to achieve, I owe my mother." For we do not think that our mothers should be blamed for everything we do. In many cases, habits we acquire, little things that become a part of our everyday life, we should credit to other sources. But in so far as the good influences on each of our lives, we should be apt to find that in a large measure our mothers are responsible for them.

Our mothers always seem to be closer to us than any other influence which touches our lives. Perhaps the chief reason for this is that nowhere else are we assured of such complete understanding. After all, it is not one of the principal things which each of us desires—to be understood? We put on a little show for everyone else. We are prone to conceal from others our real thoughts and ideas because, perhaps, we are afraid more than anything else of ridicule. Most of us never bother to put on this little show for our mothers, because we are always assured of a sympathetic hearing.

So, here's to our mothers, and may we always depend on them for this complete understanding which no one else can replace, and may we never forget the influence for good which they have exerted and will exert on our life. May we always keep them in our thoughts, not just for one brief day of the year, but for all three hundred and sixty-five. May God bless them and keep them.

This is the time of year when all the honor organizations on the campus are selecting their officers for the coming year. A bit of advice to the newly-elected ones is in order in addition to the congratulations that are rightly due them.

No matter what may be the purpose of an honor organization, no matter what type of endeavor it was established to recognize, the group cannot exist merely as a society or fraternity and nothing more. Unless the organization makes some definite contribution to the college, it cannot continue to exist.

MORE TENNIS COURTS

If among the nearly two thousand students at State College only about a hundred or so liked to play tennis, then the present number of tennis courts available would be adequate and sufficient. If these hundred or so students did not care anything about the condition of the courts but merely wanted to bounce a tennis ball around a bit, then no one would care about the shape of the present courts.

However, the truth of the matter is that the hundred or so ardent fans may be able to play on the present courts once in a while, provided they are patient enough and do not mind a long wait for their turn. For the rest of the students, a large number of which are interested in tennis but maybe not enough so to wait all afternoon for a court, there are what amounts to no facilities.

Further complications always take place during the tennis season, the very time when the majority of the students would like to be using the courts. Two of the best courts are reserved every afternoon for the varsity and freshman tennis teams. This cuts down the number of available courts by exactly one-fourth.

Of course the tennis team must always have courts available for practice during their season. They could, in fact, readily use two more if there were not such a small number of courts available.

The idea began during the past week by Students Allison and MacKenzie may go the way of many another idea which has died out. Then again it may arouse enough interest among the students and administration heads to achieve its purpose. Names alone will not suffice to prove the interest of the students in new tennis courts. A concerted drive is necessary, and the weight of student opinion must swing solidly behind it.

The building of the new courts can be accomplished, however, and a good start has been made toward achieving this result. The rest is now solidly in the hands of the students. The two originators have blue prints and specifications prepared, and these can be seen on the Blue Key bulletin board.

Statements have been made by various members of the faculty in favor of the proposed construction, and all approached have seemed to heartily approve.

It is to be sincerely hoped that students who sign the petitions now being circulated will not merely scribble their signature and then forget the whole matter, but will join in with those interested in the scheme and will exert a never-diminishing pressure on the powers that be until the desired results are achieved.

A trip to the present tennis courts on any sunny afternoon should convince every student, even the ones who do not care for tennis, that something should be done to remedy the situation. Now that the chance to do something is offered, we hope it will not be allowed to fall through.

NOT DOING THEIR PART

A good many faculty members are putting students on the spot as regards class cuts because of their unreasonable relay in turning in the cuts to the office of the dean of students. Spring fever cannot be blamed for the delay, for some of the professors have been tardy in turning in their attendance reports all year.

Whether the members of the faculty remember it or not, there is a rule in the dean's office stating that all excuses for cuts must be turned in not later than a week after the cut occurred. Naturally when a student visits the dean's office to check his cuts, he does not turn in an excuse unless he sees the cut recorded in the books. Then if the professor decides to turn in all his cuts at once some ten or twelve days later on, the students concerned are unable to get the cuts taken off.

There is nothing wrong in requiring all students to give their excuses a week or less after the cut occurs, and the ruling saves the dean's office a great deal of the last-minute rush in straightening out the number of cuts and the number of points lost thereby. However, "what's sauce for the goose is sauce for the gander," and the professors share a responsibility in the functioning of the cut system as well as the students.

As the present situation exists, it is obviously unfair for the students. There exists a rule requiring the faculty to turn in their class cuts at the end of every day of school. If one rule is not enforced, why must the other one be?

One of two things should occur. Either both rules should be taken off the books or the professors should become more energetic in turning in their cuts, if they plan to turn them in at all. The dean's office would loudly protest against the first alternative. Whether the professors wish to protest against the second is not known. But it is certain that the students do have a definite and a logical kick coming at the way the cut system is being run at present.

If rules made by the joint freshman-sophomore committee on the rush are strictly adhered to, this year's affair should be a much safer, saner battle for the participants. In the past there has been too much horseplay, and a good many students have received minor injuries. With the new rules enforced and the lighter pushball that will be supplied, there should be no excuse for any of this year's rush team members to get hurt. After all, the interclass competition is a great thing, but there should be absolutely no reason for some of the individual bouts which have taken place on the sidelines of the playing field in previous rushes.

THE TECHNICIAN

HERE and THERE

By DICK MACKENZIE

There are some fellows that seem to get all the breaks. Charlie Stott and his life saving crew have been instructing some of the fairer sex from Meredith in the art of life saving. Charlie says that it is a pain, but I believe he that is only being modest. You just couldn't pay Charlie to miss a night.

Have you noticed the side of the gym back of the swimming pool. "Nat" Thompson who is responsible for the project says that it will be one of the beauty spots of the campus before long.

Someone on the campus who calls himself "Mr. Fitzgerald of Metro-Goldwyn-Mayer" has been pestering girls of the neighboring schools and Raleigh's younger social contingent. He tells the girls that he is an advance agent of "Metro" and asks them such questions as, "Are you in love?" and "Do you smoke or use alcohol?" Personally, I think that it is dirty work to get the inside dope.

I wonder if it is absolutely necessary to have the trash dump on the campus back of the gymnasium? This has been mentioned before, but the fellows who live on that side of the campus still raise this question. Really it is a "campus eye-sore."

Monday night during the faculty dance, the lights went out and stayed out five minutes. I wonder if the faculty is showing us how it should really be done?

Maybe this campus is turning out to be the home for orphan "poopies." Seventh Dorm. has adopted a little white one as mascot.

During a meeting, the door was opened very suddenly, and Gene Knight was found standing there with one ear against it. This is one of the habits that becomes installed in a newspaper reporter after looking for dirt for a period of years. Well, it is a sure way of finding out things.

Why and how did those boys go red headed? They might have been suffering from some mental-distortion, but they tell so many tales that it is hard to come to any definite conclusion. Could they be trying to start a fad?

When Ed Landreth was asked when the *Watson* would come out he replied, "Soon." At last Ed will not make a definite statement, but I saw a sketch of the cover, and so it may come out before the fifth of June. Well, anyway let's hope so.

I see that W. Kerr Scott, an alumnus of State College, is running for Commissioner of Agriculture. Mr. Scott held about every office on the campus and seems to have been a real live wire while here. He is the man for the job, so let's back him.

Dean Cloyd was forced to go to the back of the auditorium Thursday when a few freshmen not interested in the program insisted on slipping out.

... Could you blame them?

Maybe they are going to plant some grass in a few of the bare spots here and there on the campus. Anyway they're dumping a little top soil in places which give that impression.

When anything really important comes up the Military department can always be depended on. This time they presented every member of the ROTC with a beautiful card to write home on Mother's Day. We are indeed fortunate in having such leaders on our R.O.T.C. staff, and I am sure that this act will never be forgotten.

I have seen numerous letters of this type but here is the best I have ever seen. It appeared in the *Northeastern News*.

Dear Ruthie: "In My Solitude"

"It's Been So Long" since "You Started Me Dreaming." "You're An Angel."

"The Beautiful Lady in Blue" has nothing on you. "You Hit the Spot."

"In My Estimation of You"

"You're the Tops."

"Wake-up and sing" well "Soon" be

"P. S. I Love You."

Bad Victory

Detroit—(ACP)—The worst thing that ever happened to Centre College" was the way Dr. Charles J. Turck, president, explained the famous victory of the "Praying Colonels" over Harvard's 1921 football team.

Only 32 of the 134 freshmen attracted to the college as a result of the victory stayed to graduate, Pres. Turck said, and the students' balance, as well as the townspies', was completely up-set.

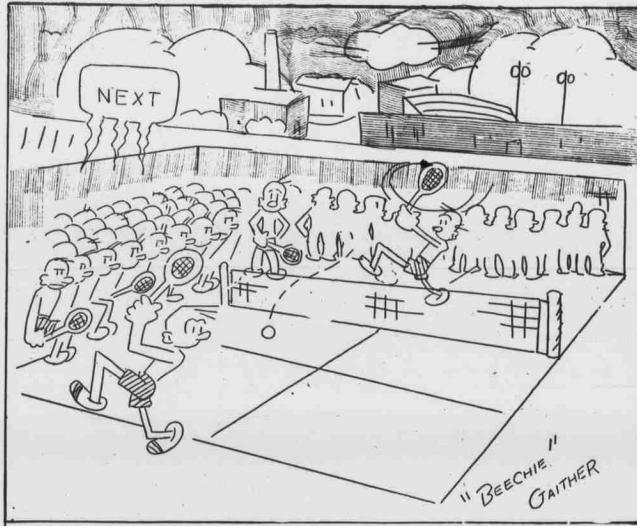

"Sophomores

Yesterday J. C. Frink, president

of the Sophomore Class announced a very important class meeting to be held Tuesday noon in Pullen Hall. At the meeting elections will be held for class officers for the coming year.

Another discussion of importance will be held by members of the class concerning the annual Freshman-Sophomore Rush. Final plans for the yearly battle will be made then. This will be the last class meeting of the year for the sophomores.

Next!

Suggested Readings

FARSON, NEGLEY—*The Way of a Transgressor*

Romance and adventure are still to be had in this world. And judging from the excellent adventurous yarns which the journalists have written in the past year, theirs is indeed an exciting profession. This latest contribution to the field belongs to that much-read group of which Vincent Sheean's *Personal History* and Walter Duranty's *I Write As I Please*, are popular examples.

Fond of fishing and sailing off the New Jersey coast as a boy, Mr. Farson sailed 3,600 miles over Europe in a small sailboat. His roving life led him from the Russia of the Czars to the Royal Flying Corps in Egypt—all of which he recounts in a fresh and interesting manner.

SUMITOMO, EIICHI—*A Daughter of the Nohku*

The illustrations of this story of modern Japanese life on a farm are a key to the author's restrained and clear-cut style. The picture which she presents—the colors are pastel, the lines clear, and the whole effect is one of charm and depth.

ANDERSON, MAXWELL—*Winterset*; a Play

Perhaps the most interesting feature of this current Broadway offering is not the fact that it deals with gangsters and contemporary social injustice, but that such themes are presented in blank verse. As an experiment in presenting some of the harsher facts of our everyday world in excellent dramatic poetic prose, it may have its influence on American drama of the future.

SANTAYANA, GEORGE—*The Last Puritan*

One reviewer has called this curious and outstanding novel "this most nearly satisfactory analysis" in fiction, of the New England character . . .

Actually this beautifully-written and profound novel is hardly a novel at all in the ordinary sense of the word. The characters are expressions of various philosophies of life and it is their mental rather than physical life which is stimulating and exciting. One cannot hurriedly skim this book but the effort made in reading it is rewarding.

Masters, Edgar Lee—*Vachel Lindsay: A Poet in America*

Vachel Lindsay, the mid-Western poet who traveled over America reading his verse for bread, is an unique character whether one does, or does not, like his poetry. Incidentally, the life and work of Mr. Lindsay has a peculiarly American flavor, in somewhat the same manner that the work of Carl Sandburg is truly American, and as such it affords another point of interest.

WOOLCOCK, ALEXANDER—*Woolcock Read-er: Bypaths in the Realms of Gold*

Have you ever read a story that appealed especially to you and although it probably wasn't a classic in the strictest sense, still it was a grand story and made you want to pass it on to your friends? Mr. Woolcock seems to have yielded to just such an impulse in compiling this collection of long and short stories, a play, a biography, several essays, and seven books. Everything included is there because it had some special personal appeal and there should be something to suit almost any taste and mood.

LISTENING IN

By JOHNNY BING

"Meet Me Tonight in My Dreams." Suave, sophisticated music preceded by that theme melody will float out through the windows of the gym this weekend, both Friday and Saturday nights, scene of the Military Ball and the annual Kappa Alpha-Kappa Sigma affair. Charles Boulanger is the maestro, and "Meet Me Tonight in My Dreams" is his own composition. And judging from the list of his varied engagements, it's quite possible that more than one happy couple has felt that way about his music when the last number was played. Charley and his boys have a way with people, as is demonstrated in the fact that he has played twenty-eight times weekly on radio networks, and on the larger mid-western local stations. Boulanger can get all sort of music out of his band; enough different styles, arrangements and rhythms to satisfy the assorted clientele of such spots as the Knickerbocker Grill, Clover Gardens, and the Park Central Hotel in New York; the Convention Hall and the Million Dollar Pier, both at Atlantic City; the Granada, Trianon Ballroom and the Oriental Gardens in Chicago; the Asbury Park Casino; the Swiss Gardens in Cincinnati; the Ship Cafe and the Eagles Club in Milwaukee; the Edison Hotel in Beaumont, Texas; and the Everglades Hotel, Miami. To complete the record for an all-around band, Charley and his orchestra have played for college proms at Yale, Cornell, Dartmouth, Williams, Illinois, Northwestern, Wisconsin, New Hampshire, and New York Universities. Name your type of music and Boulanger and his boys will produce it. That's kind of a band!

Last week, I gave you somewhat of a history of Ray Noble. It would be like him with no eggs not to mention Jack Hylton. Jack is essentially a showman. In 1921, someone told him that he couldn't form an English Continental Revue. Here come the British!

Railway Express can handle laundry packages for you very easily and economically. Simply notify the folks that you are shipping your laundry by Railway Express and ask them to return it the same way. If you wish, you can ship "collect." It saves time and detail, and loose change.

Railway Express is fast and dependable and can be relied upon to get your laundry back as fresh and in as good condition as when it left home. So think the idea over and telephone Railway Express. Our motor truck will pick up the package at your door at no extra charge.

Doakmen Get 5-3 Victory Over Davidson Wildcats

Bugg Hurls Seven Hit Game; Play Again This Afternoon

Doakmen Rally for Three Runs in "Lucky Seventh" to Drive Cathey From Mound

That old "lucky seventh" superstition ran true to form yesterday afternoon as the Techs put on a three-run rally to defeat Davidson, 5-3, on freshman field.

The Wildcats meet the Techs again this afternoon on freshman field, the game being carded for 3:45. Stuart Flythe, ace of Coach Chick Doak's mound staff, is slated to hurl for State and Jack Jenkins probably will get the Davidson pitching assignment. Flythe pitched a win over the Presbyterians in a game there last week, and Jenkins held the Techs down, the following day.

The Wildcats jumped into a two-run lead by scoring in the second and third frames. However the Techs came back to tie the count by scoring singletons in third and fourth. State broke loose with four hits in the seventh, one a three bagger by Billy Griffin, to score three runs and end the day's scoring.

Farr, Dreswick, Mahoney, and Griffin got two hits apiece for State. Laferty got a double and a single to lead the Wildcats at the plate. Mason Bugg limited Davidson to seven safeties while the Techs were garnering ten hits off the combined offerings of Cathey and Stewart.

How State Won

Vince Farrar opened the seventh frame with a single through shortstop. Rabb sacrificed, Dreswick singled off pitcher Cathey's glove, and Mahoney dropped a single into left field to score Farrar. Then Griffin came through with his timely triple to drive in Dreswick and Mahoney. Shortstop Moyer, playing in close for a play at home, barely missed stopping Griffin's drive.

The Techs scored in the third frame on Dreswick's single, Mahoney's double, and Griffin's infield out. Gadd opened the State half of the fourth with a single, took second on Bugg's infield out, and scored on Farrar's single.

Davidson Scores

The Wildcats scored their first run on Clark's single, Dickson's sacrifice bunt, and Harwood's single. They scored their other run in the fourth on Bankhead's single, a wild pitch, and Laferty's two-base hit.

Only one man got on base by a walk, that going to Laferty in the fifth inning. Bugg fanned seven batters and Cathey struck out two. Although allowing only seven hits, loose fielding kept Bugg in hot water on several occasions. Four errors were credited to the State infield, and slow fielding was responsible for a couple of the Wildcat's hits.

Rabb, State's flashy shortstop, turned in the fielding feature of the game by taking Cathey's line in the second frame to cut off a pair of runs. The visiting short fielder turned in a nice play on Bugg's drive in the sixth inning to get the big pitcher at first base on a beautiful throw from deep shortstop.

SOCIETY

Spring Frolics

Featuring this week-end of dancing will be the third annual Kappa Sigma-Kappa Alpha Spring Frolics dance set to be held Saturday afternoon and evening in the Frank Thompson gym.

Charles Boulanger and his famous orchestra, which has been heard over the Columbia Broadcasting system throughout the past season, is coming direct from the Oriental Gardens in Chicago to play for the dance series. This orchestra has been featured at several college proms, in addition to commercial engagements in several of the most outstanding spots in the larger cities.

A ring dance will be given from 4:30 until 6:30 Saturday afternoon and the formal evening dance will be from 9:00 until midnight. As has been a feature in the past, an intricate figure will be staged during the evening affair, with members of both organizations and their dates participating.

In the past the Kappa Sigma-Kappa Alpha set has attracted much attention and the set this year is expected to be one of the most outstanding events of the spring season at State. A number of alumni of the two chapters, as well as several out-of-town friends are expected to attend the dance.

Sponsors for the dances and their escorts are as follows:

Kappa Sigma: Muriel Blackwood of Raleigh with Harrie Keck; Elizabeth Taylor of Greensboro with Jack Gau, and Katherine Glascock of Raleigh with Claude Clark. Kappa Alpha: Becky Williams of Raleigh with Haywood Smith; Ione Wright of Asheville with Tommy Allison, and Cora Craddock of Lynchburg with Hall Morrison.

The chaperones invited for the dances are: Governor and Mrs. Ehringhaus, Honorable and Mrs. Stacey W. Wade, Colonel and Mrs. John W. Harrelson, Colonel and Mrs. Bruce Magruder, Dean and Mrs. C. R. Lefort, Dean and Mrs. C. R. Lefort, Dean and Mrs. I. O. Schaub, Dean and Mrs. Thomas Nelson, Major and Mrs. Kenneth Althaus, Professor and Mrs. Carroll Mann, Major and Mrs. Ben W. Venable, Dr. and Mrs. T. P. Harrison, Mr. and Mrs. J. F. Miller, Dr. and Mrs. W. C. Riddick, Mr. and Mrs. G. R. Ross, Mr. and Mrs. L. B. Flourney, Mr. and Mrs. Blan Chapman, Mr. and Mrs. Tom Powell, Mr. and Mrs. C. L. Mann, Jr., Judge and Mrs. W. C. Harris, Mr. and Mrs. C. W. Weatherholt, Mr. and Mrs. W. P. Hodges, Dr. and Mrs. H. M. Poteat, and Colonel and Mrs. Gordon Smith.

Guests of the Kappa Sigma fraternity members for the series will be: Edith Cecil Carson of Raleigh and Montgomery, Ala., with Walter N. Flory, Muriel Blackwood of Raleigh with Harrie S. Keck, Katherine Malloy of Yanceyville with Robert B. Murdoch, Elizabeth Wade of Raleigh with George Ross, Elizabeth Taylor of Greensboro with Jack Gau, Alice Poe of Raleigh with Bill Freeze, Ella Mae Noel of Raleigh with A. R. Blackburn, Mary Helen Stewart of Raleigh with Tommy Ragsdale, Katherine Glascock of Raleigh with Claude Clark, Marjorie Wilson of Winston-Salem with Jim Catlin, Miriam Cannon of Concord with Ed Sawin, Gertrude Ross of Concord with Parks Lafferty, Jean Davis of Winston-Salem with Mac Duff, Nancy Campbell of Raleigh with Bill Duff, and Isabel White of Concord with James Towery.

Kappa Alpha guests and fraternity members attending will be:

Hilda Carraway of Goldsboro with Dewey Slocumb, Lee Ann Taylor of Goldsboro with Bill Daniels, Lucille Aycock of Raleigh with Billy Bell, Shirley Haywood of Raleigh with John Bell, Isabel Badger of LaGrange, Ga., with Johnny Foster, Dorothy Thurman of Raleigh with Ed Quintard, Nancy Maupin of Raleigh with Henry Wilder, Eleanor Badger of Raleigh with Ross Reynolds, Ione Wright of Asheville with Tommy Allison, Becky Williams of Raleigh with Haywood Smith, Cora Craddock of Lynchburg, Va., with Hall Morrison, Clarence Gale, Bill Makepeace, and Gordon Smith, Jr., of Raleigh.

Bridge Tournament

The ninth annual bridge tournament sponsored by the Gamma Epsilon Zeta chapter of Lambda Chi Alpha will be held Tuesday, Wednesday, and Thursday of the coming week at the Lambda Chi Alpha fraternity house.

Preliminary round games must be played on Tuesday at any time convenient to the members of the paired teams. The quarter finals will be played on Wednesday from two until six, while the semi-finals will be played that same night from seven until eleven, and the finals will be held Thursday afternoon at four o'clock.

Names of the winners and the fraternity that they represent will be engraved on the tournament plaque and the plaque will be awarded to the fraternity winning the tournament for one year.

The plaque was won last year by Alpha Epsilon of Pi Kappa Alpha with Smoak and Scales playing.

Preliminary round pairings are as follows: Pi Kappa Alpha and Theta Kappa Nu, Sigma Phi Epsilon and Kappa Alpha, Alpha Lambda Tau and Alpha Chi Beta, Pi Kappa Phi and Alpha Kappa Psi, Kappa Sigma and Delta Sigma Phi, Sigma Nu and Alpha Gamma Rho, and Sigma Pi and Phi Kappa Tau.

Junior-Senior Prom
The society feature of next week-end will be the annual Junior-Senior Dance which is to take place in the Frank Thompson Gymnasium on Saturday night, May 16. The dance is given by the Junior Class in honor of the Seniors.

A ring figure will take place with members of the Junior Class and their dates taking part.

Sponsors selected for the dance are: Frances Conrad of Greensboro with Carroll Conrad, president of the Junior Class; Alice Poe of Raleigh with George Ashby, vice president of the class; Nina Covington of Raleigh with T. W. Cooper, secretary-treasurer of the class; Margaret Clarke of Monroe, Georgia, with Fred Gore, chairman of the dance committee; Mary Graham Morrison of Charlotte with Hall Morrison, dance committee, and Sadie Leigh Blount of Zebulon with Jack Dossembach, dance committee.

Admission to the dance will be by bid only, except to members of the Senior Class who will be admitted upon presentation of their registration cards.

Sigma Nu Banquet

The alumni of the Sigma Nu fraternity, headed by Mr. Ned Ball, chapter adviser, entertained the members of the Beta Tau chapter of Sigma Nu and their guests at a delightful banquet and dance in the Carolina Pines Clubhouse Saturday evening. The officers for the coming year were installed. Dancing continued until midnight.

Members and their guests included J. B. Gaither with Helen Page, Joe Thompson with Jessamine Bland, M. G. Saunders with Mary Helen Stewart, H. W. Plummer, Jr. with Betsy Hobby, J. H. Ashcraft with Sara Oliver, Peter Irbie, Jr. with Edith Senna, H. S. Falls with Mary Richardson, Bill Truesdell with Margaret Brewer, Dick Oliver with Jean MacCarthy, A. S. Oliver, Jr. with Dorothy Prevost, T. L. Hurst with Nina Covington, Bill Manney with Mary Blanche Sargent, Bill Wetzel with Barbara Honeycutt, Milton Henry with Helen Morton, Jeb Davis with Becky Kearns, R. G. Hodgkin, Jr. with Katherine Williams, John McClurd with Faison Charlton, Jim Smith with Louise Funderburke, Bob

NET TEAM WINS THREE CONTESTS

Tennis Team Wins Two of Three Meets in Virginia and Defeats Deacs at Home

Coach R. W. Green's varsity tennis team defeated William and Mary, 7-2, and V. M. I., 8-1, and dropped their meet with Virginia, 7-2, on a three-day invasion into the Old Dominion last week. They defeated Wake Forest here Monday, 7-2, for their second win of the season over the Deacs.

The team is on a Southern trip now with meets carded at Davidson, Furman, and Emory.

Summary—State-Wake Forest meet: Singles—Dulin defeated Hanson, 6-0, 6-2; Renn defeated Jasey, 6-0, 6-1; Findlay defeated Cahoon, 6-1, 6-0; Smith defeated Dickinson, 6-2, 6-4; Brown lost to Tuttle, 0-6, 6-2, 6-3. Doubles—Dulin and Renn defeated Hanson and Jasey, 6-4, 6-0; Smith and Findlay defeated Cahoon and Cox, 6-3, 7-5; Nading and Crews lost to Tuttle and McMillan, 6-2, 6-4.

Summary—State-V. M. I. meet: Singles—Dulin defeated Taylor, 6-4, 3-6, 6-4; Renn defeated Darling, 6-0, 6-2; Brown lost to Cabell, 6-3, 7-5; Smith defeated Patton, 6-4, 6-2; Nading defeated Hubard, 6-1, 6-0; and Findlay defeated Powell, 6-3, 6-2, 6-0. Doubles—Dulin and Renn defeated Taylor and Cabell, 1-6, 6-4, 8-6; Smith and Brown defeated Darling and Hubard, 7-5, 7-6; Crews and Nading defeated Powell and Patton, 6-2, 6-1.

The doubles teams of Renn and Dulin, and Nading and Crews accounted for the Tech's points against Virginia.

The summary of the State-William and Mary match appeared in last week's TECHNICIAN.

Professor C. M. Heck will speak to the undergraduate physicists of Duke University at the Durham school in the near future. His subject will be "Physics to You."

FROSH TO BATTLE LOCALS SATURDAY

Techlets Play Raleigh Hi On Freshman Field and Will Meet Burlington Hi There Tuesday

During the coming week, the freshmen baseball team will meet two high school teams. The first game will be played on freshman field tomorrow with Raleigh Hi and on Tuesday the team will go to Burlington for a return game with the high school team there.

Raleigh Hi has played outstanding ball during the past season, and has clinched the Eastern Class A championship. Although the Warrenites had little trouble in defeating the Raleigh boys in their recent game, Coach Allen Nelms' protégés should give the freshmen a hard battle.

The Techlets defeated the Burlington team here April 7, 3-2. Both teams have looked mighty good since then and should put up a good battle next Tuesday. Burlington boasts one of the best high school teams of the state.

Last Wednesday the Baby Deacs defeated the State team in both games of a doubleheader. Wake Forest took the first game 17-4, and won the nightcap 9-2.

A six run spurt in the first inning of each game was enough to sweep up the game for the Deacs.

In the first game, Hoyle, with two

hits out of as many tries led the State batting. Phillips and Dickens each batted a 1.000.

Beverley and Sandfoss led the State hitting in the second game with two hits out of three trials. One of Beverley's hits was a home run. The batting leaders for the winners were Livesay, Provo, and Howard each with two hits out of three times at bat.

First game: R. H. E.
State 000 013 0-4 7 6
Wake Forest 614 231 x-17 13 4
Greene, Brunio, Peters and Skillin, Huck; Apple and Anderson.

Second game: R. H. E.
State 100 001 0-2 5 2
Wake Forest 610 011 x-9 12 0
Harper and Skillin; Weatherford and Bishop.
