HEAD OF COUNCIL ASKS DOLLAR FEE FOR PUBLICATION

Fred Gore Says Additional Fee is Necessary for Printing of "Southern Engineer"

MAGAZINE DISCONTINUED AS FUNDS WERE LACKING

President of Engineer's Council Circulates Petition Among Engineers' for Assessment; States That if Magazine is Published, it Will be Under Jurisdiction of Publications Board; Plans to Present Petition to Administration

An aggressive attempt to renew publication of the *Southern Engineer* is being made by Fred Gore, president of the Engineers' Council, and his fellow council members this week.

The technical publication was discontinued by the Engineers' Council early in January of this year. The reason given for its discontinuance was that the present fee paid by the engineering students of the school was inadequate to meet both the cost of publication of the magazine and the cost of staging the annual Engineers' Fair.

The governing body of the engineers decided that it would be better to discontinue the *Southern Engineer* and exert all their activities toward putting on the fair.

Reason for Action
J. R. West, then president of the Engineers' Council, made the following statement at the time: "Discontinuance of the technical publication was based on the fact that the council is not able to edit a magazine which is duly representative of the State College Engineering School. If a school is not credited with all that it typifies, there is something wrong with its representation. A limited amount of funds in the council treasury does not furnish sufficient amount for the fair and the magazine. The council members in voting, decided that it would be better to do one thing well; so all efforts will be placed in the making of a better fair."

Gore's plan for financing the technical magazine calls for the payment by all engineering students of an additional dollar per year for the express purpose of publishing the magazine. This would make the engineering fee two dollars instead of one dollar.

His plans also call for the placing of the *Southern Engineer* under the jurisdiction of the college Publications Board. This, he says, will insure the proper financing of the magazine and the maintenance of a high standard of quality by the staff members.

Societies Voted
The matter was first taken up and voted upon by the seven engineering societies on the campus. Voting was favorable in five societies, with the electrical engineers and the industrial engineers opposing the levying of an additional engineering fee.

In addition, the council president is now circulating a petition among all the engineering students concerning the levying of the dollar fee. The wording of the petition is as follows: "We, the undersigned students in engineering at the North Carolina State College of the University of North Carolina, desiring that the *Southern Engineer* be published on a basis equal to the other publications on the campus, request that the sum of one dollar (\$1.00) per year be added to the general academic fees of each engineering student beginning in the school year 1936-1937 for the purpose of financing this magazine."

To Present Petition
Gore plans to present the petition and the record of the engineering societies' vote to the administration before the end of the term for consideration. In order for the extra dollar to be added to the academic fees, the fee must be approved by the board of trustees of the college.

The *Southern Engineer* was formerly published three times a year by the Engineers' Council, and its editor and business manager were appointed by that group. It contained technical and non-technical discussions on various phases of engineering work written by students and faculty members of the college.

Masquers' Election
Charlie Dunnagan was elected president of the Red Masquers for the coming year in a meeting of the dramatic organization held in Pullen Hall last night. Other officers chosen by the dramatists are: J. L. Milholland, vice president; Albert Anderson, business manager; Clarence Howell, technical director; and Helen Scott, secretary.

Agromecks

Today and Tuesday will be the last days that the 1936 edition of the *AGROMECK* will be given out, according to Tommy Jenkins, business manager of the year book.

The distribution of the annuals started two weeks ago, and the majority of them have already been given out, but a few students have neglected to call for their books and will be unable to secure them unless they do so today or Tuesday, as none of the yearbooks will be mailed hence.

The *AGROMECKS* are being given out at the college warehouse from 2:00 until 5:30.

SUMMER SCHOOL STARTS JUNE 10

New Courses Expand Twenty-third Summer Session to Largest in Years

"The twenty-third summer session of N. C. State College, which opens here Wednesday, June 10, will be the largest summer school in the past six or seven years," said W. L. Mayer, Director of Registration, yesterday.

The large attendance this year will be due to the fact that the college is instituting summer courses in the Forestry School, courses for agricultural teachers, and special surveying courses. These courses will be made permanent after this year.

The enlarging of the summer school here is in accordance with the plans for the consolidation of the units of the Greater University of North Carolina. The work of the three divisions for the summer have been arranged according to function. Elementary education will be the distinctive field of work at Greensboro; agricultural, vocational, and technological training at State College; and secondary education and graduate work the distinctive field at Chapel Hill.

Sessions
There will be a single session of six weeks at all three of the institutions, with a second term of six weeks at Chapel Hill only. The work of the units of the Greater University is being correlated and coordinated in such a way that the students and teachers of the State may be better served than heretofore.

During the summer the chemical engineering department will hold a special short course for waterworks and gas plant engineers and operators, while the mechanical engineering department will give a short course for janitors and firemen.

Social and recreational facilities will be provided in the weekly assembly periods, a weekly open forum for the discussion of timely subjects, a social center at the YMCA, weekly dances, and supervised recreation, consisting of swimming, tennis, baseball, volleyball, basketball, and handball. The various churches of Raleigh welcome students to Sunday school and the church services.

The courses offered in the summer session can be examined in the catalog which can be obtained from the Registrar's office.

ANIMAL HUSBANDRY CLUB IS ORGANIZED ON CAMPUS

W. H. Hooks Elected President of Livestock Organization for Coming Year

A new organization that has recently appeared on the campus is the Animal Husbandry Club, its purpose being to increase the amount of interest in and knowledge of livestock judging and showmanship.

Miniature live stock shows will be staged by the club and animals previously trained and fitted for the show by the members will be exhibited at these shows. An increase in the enrollment of the club is expected next fall. All students in the department of animal husbandry are eligible for membership.

Officers of the club for the coming year are: W. H. Hooks, president; J. S. Holloman, vice president; E. H. Forbes, secretary; J. L. Yelverton, treasurer; and J. H. Payne, reporter.

They Will Head Student Activities

The recently elected campus officers who will direct the activities of the major campus organizations on the North Carolina State College campus for the 1936-37 school year are pictured above. Lloyd Brown will serve as president of the State College student body and will be assisted by Charles Matthews, vice president of the student body.

Other officers are: Hal S. Overman, Jr., editor of the *Watauga*, and Tommy Good, business manager; George Ashby, Jr., business manager of the *Agromeck*, and Peter Ihrrie, Jr., editor of *The Technician*, and Frank Curry, business manager. Jack Gaw will serve as president of the YMCA and Jack Dossenebach, president of the Interfraternity Council.

HICKS ANNOUNCES COUNSELORS LIST

Committee Chairman Releases Names of Faculty and Student Dormitory Counselors

Professor W. N. Hicks, chairman of the faculty committee of freshman welfare, yesterday announced the appointment of a complete roster of freshmen counselors for the coming year.

The counselors are seniors, graduate students, and professors who live in the freshman quadrangle with the first-year men. The arrangement at present calls for a faculty member and four seniors on each floor in the larger dormitory, and one faculty member for the dormitory with two seniors on each floor in the smaller dormitories.

Meeting Held
Professor Hicks held a meeting of all the counselors in his office last night to acquaint them with their duties for the coming year. The chairman of the committee stated that picking the student counselors was a difficult job this year, as only nineteen positions had to be filled out of a field of over sixty applicants.

Faculty members who will be counselors are: Professor C. B. Shulenberg, M. L. Shepherd, G. W. Bartlett, R. E. Stone, Patrick Pastore, Professor W. L. Cleavenger, and Professor J. F. Lutz.

Seniors who will act as counselors are: L. N. Brown, C. M. Matthews, W. E. Loomis, H. C. Bragaw, M. A. Tew, R. L. Willis, R. H. Morrison, C. F. Lange, D. W. Durham, J. W. Brown, Henry C. Cooke, Lloyd Troxler, G. J. Kurfuss, Henry Forner, O. P. Owens, M. M. York, E. S. Horney, R. T. Clarke, Howard Boling, J. A. Boling, E. L. Reed, and J. P. Woodard.

Working with Professor Hicks on the committee on freshman welfare are the following faculty members: F. M. Haig, C. R. Lefort, J. S. Meares, C. G. Mumford, and M. L. Shepherd.

Harrison Is Speaker
Col. J. W. Harrison, dean of administration at State, spoke to 58 graduates of St. Augustine's College Wednesday at their graduating exercises.

In his talk Harrison urged the graduates to "... not seek that which is easy..." but to try to "plan now for old age as far as economic stability will permit!"

Audience Boos And Cheers Cast of Comic Melodrama

Final Exams

After some delay, the Registrar's Office has released the schedule for examinations for the spring term. The schedule reads as follows: All arranged examinations; to be taken Monday, June 1, classes meeting Tuesday at 8:00, examination Tuesday, June 2, 9:00 to 12:00 o'clock; classes meeting Monday at 8:00 examination Tuesday, 2:00 to 5:00. Classes meeting Tuesday at 9:00, examination Wednesday, June 2, 9:00 to 12:00 o'clock; classes meeting Monday at 8:00, examination Wednesday, 2:00 to 5:00. Classes meeting Tuesday at 10:00, examination Thursday, June 4, 9:00 to 12:00 o'clock; classes meeting Monday at 10:00, examination Thursday, 2:00 to 5:00. Classes meeting Tuesday 11:00, examination Friday, June 5, 9:00 to 12:00 o'clock; classes meeting Monday at 11:00, examination Friday, 2:00 to 5:00.

LAMBDA GAMMA DELTA INITIATES TRIO OF MEN

One senior and two juniors were initiated into the local chapter of Lambda Gamma Delta in an initiation held last Thursday night. R. O. Freeman was the senior taken into the order, while W. H. Hooks and E. H. Forbes were the juniors. All three were members of this year's livestock team.

Honorary Agricultural Judging Fraternity Takes in Senior and Two Juniors

One senior and two juniors were initiated into the local chapter of Lambda Gamma Delta in an initiation held last Thursday night. R. O. Freeman was the senior taken into the order, while W. H. Hooks and E. H. Forbes were the juniors. All three were members of this year's livestock team.

Lambda Gamma Delta, a national honorary agricultural judging fraternity, has as its purpose the stimulation of interest in agricultural endeavor. Members of the various intercollegiate student judging teams and their coaches are eligible for membership. State's judging teams have consistently had outstanding records.

Officers were elected for the coming year after the initiation. These were: J. N. Thompson, president; E. H. Forbes, vice president; W. H. Hooks, secretary-treasurer, and P. J. Lyrly, reporter.

Coaches of the various teams—crops, poultry, and livestock—together with Dr. J. E. Cother as chairman, will be the faculty advisory committee for next year.

Red Masquers Conclude Season With Presentation of Old Fashioned Barroom Epic

WALSH AND OBST SHARE HIGH HONORS IN ACTING

Jean Renfrow and Betty Valentine Play Human Interest Parts in Production

With the audience taking the advice of the cast, and boozing the villain and praising the hero, the Red Masquers presented their most successful production of the year last Friday night before a highly appreciative audience.

The audience roared during the entire performance at comic developments of the play, and at the antics of the cast as they presented that famous old drama, "Ten Nights in a Barroom." By the manner in which it was received by the audience, the play was in high favor with them.

The watchers thoroughly enjoyed the excellent acting which Frederick G. Walsh did in his part as the town drunkard, who reformed toward the end of the play. Walsh carried out his part with initiative and realism.

Paul Obst added a great deal of enjoyment to the play by his good acting and successful impromptu actions. He played the part of the lover of Helen Scott, who also showed up well in her part.

Human Interest
Human interest was brought into the story by Jean Renfrow and Betty Valentine, who played as daughter and wife of the drunkard, Fred Walsh. They carried out their parts with the frills and fancies characteristic of the drama of the latter nineteenth century.

Jimmy Thiem and James Pearce, as the tavern keeper and his son, delivered a good performance as did the tavern keeper's wife, Douglas Doak and J. B. Hunt and Charlie Dunnagan, with their comic antics in the tavern. The entire cast was played against Dick Parsons, who played well the part of the goody-goody visitor to the village.

The technical staff of the Red Masquer's highly successful production last Friday night were: Clarence Howell, director, John Milholland, Ernest Winslow, Albert Anderson, R. F. Dunn, Steve Millspaugh, Gil Croil, Hubert Knott, James Pierce, and Joe Renn.

SENIOR ORATIONS BEGIN ACTIVITIES FOR GRADUATION

Program

The program for Commencement Exercises is as follows:
Saturday, June 6—Orations by members of the Graduating Class in Pullen Hall at 8:30, and awarding of prizes and medals.
Sunday, June 7—Baccalaureate Service in Pullen Hall at 8:30 p.m.

Monday, June 8—Meeting of general alumni at 10 a.m. in YMCA auditorium. Alumni luncheon at 1:15 p.m. in the college dining hall. Commencement address and conferring of degrees at 7 p.m. on Riddick Field.

MEDALS AWARDED AT FINAL PARADE

Best Company, Platoon, Sophomore, and Freshman Receive Honors in Ceremony

Signifying the turning over of their commands to those who will take their places next year, the senior officers of the ROTC unit turned over their sabers to the junior non-commissioned officers as a feature of the Graduation Parade held in Riddick Stadium Tuesday afternoon.

This procedure followed the massing in front of the reviewing stand and it was immediately following this that the juniors returned to their respective posts and the Regiment passed in review before the senior officers and left the parade ground for the last time this year.

A deviation from the usual procedure of the weekly parade was the appointing of a color guard company in last year's competition, was designated as the color guard company. Following the massing of the Regiment on the field, the colors moved on, were saluted, and then took their place in ranks.

Company "G" Wins
After the playing of the National Anthem and a bit of drilling by the Regiment as a whole, awards were made for the proficiency of units or individuals during the past year. Company "G" was designated as the winning company and as such had the streamers indicative the winning company hung on its guidon. Cadet Captain W. S. Leroy, commander of the winning company, was presented with a properly engraved saber.

Cadet Lieutenant R. H. Evans commanded the winning platoon, the second platoon of Company "D," and for his achievement also received an engraved saber, while the platoon was treated to a supper and theatre party.

Cadet Corporal Dick MacKenzie of Company "C" received the distinction of "Best Drilled Sophomore," and as such was awarded a silver medal. Cadet Private William McC. Bailey of Company "A" was named the "Most Outstanding Freshman" of the Regiment and was awarded a bronze medal and his tuition for the coming year.

Annals Presented
Coming as a surprise to the PMS&T, Colonel Bruce Magruder, and his assistants, Major K. G. Althaus, Major B. W. Venable, Captain P. W. Ricemore, and Captain T. C. Thorson, was the presentation of five *Agromecks* with the name of the officer to which each was intended printed on the outside cover in gold and autographed by all the junior and senior officers of the Regiment. The purchasing of the *Agromecks* and securing of the signatures of the advanced course students was carried on by Bob Steitz, colonel of the Regiment, and Clarence Gale, sergeant-major of the Third Battalion.

The Graduation Parade terminated the drilling of the ROTC unit for the year.

THETA TAU FRATERNITY CHOSSE LANGE AS HEAD

In an election following the initiation of five new members into the organization, members of Theta Tau, a professional engineering fraternity, chose C. F. Lange their president for the coming year.

New men taken into the organization were W. R. Mann, S. M. Hulak, C. D. Delamar, T. T. Short, and W. S. Terrell.

Other new officers elected by the engineering organization are: W. S. Terrell, vice president; W. R. Mann, secretary; T. A. Rivenbark, treasurer; J. E. Dickinson, marshal; and T. T. Short and S. M. Hulak, guards.

223 to Receive Diplomas in Riddick Stadium on Monday, June 8, at Twilight

DR. GAMMON TO PREACH BACCALAUREATE SERMON

Dr. Bennett E. Geer, President of Furman, to Make Commencement Address; General Alumni Association Will Hold Annual Meeting Monday Morning; Josephus Daniels to Address Alumni in High Light of Meeting Program

By R. F. COLEMAN
Two hundred and twenty-three seniors will receive diplomas in the forty-seventh annual commencement exercises which will come to a grand climax Monday night, June 8, at 8:00 o'clock in Riddick Stadium.

Colonel J. W. Harrison, dean of administration, said in a statement yesterday that the class which will graduate at this commencement will be smaller than usual due to the fact that they entered college as freshmen during the depth of the depression.

Senior Orations
The commencement week exercises will get under way here on Saturday night, June 6, when six members of the Senior Class will engage in the Senior Gold Medal Oratorical Contest to be held in Pullen Hall at 8:30. The six speakers have been selected because of their outstanding records in intercollegiate competition, or of work in the advanced public speaking courses.

Following the contest, cups, prizes, and trophies will be awarded to the members of the State College Forensic Squad. The Southern Championship Trophy in after-dinner speaking and the Tau Kappa Alpha Cup for excellence in the Southern Extemporaneous Speaking Contest will be awarded to Jack G. Gaw.

Baccalaureate Sermon
Reverend Dr. Edgar C. Gammon, pastor of the Myers Park Presbyterian Church, Charlotte, N. C., will preach the baccalaureate sermon at 8:30 on Sunday night, June 7, in Pullen Hall. Dr. Gammon was called to the Myers Park Church about eight years ago. Since that time he has built his church into one of the largest and strongest churches in both Charlotte and the state of North Carolina. He has shown special interest in young men. He understands their problems and should bring a helpful and worthwhile message to the graduates.

Monday's Activities
Monday morning the General Alumni Association will hold its annual business meeting in the YMCA auditorium. This will be the last meeting of the entire association as at that time the members will officially turn the business of the association over to the Alumni Council.

One of the highlights of the Alumni program will be the address by the Hon. Josephus Daniels, American Ambassador to Mexico. During the afternoon, reunions of various classes will be held. The class of 1893 will hold its forty-third birthday, while the famous class of 1911 will hold its twenty-fifth anniversary. The other classes who will hold meetings in this year are: 1909, 10, 11, 12-1928, 29, 30, 31—and 1935.

Commencement Night

At dusk Monday night, President Bennett E. Geer of Furman University, Greenville, S. C., will address the graduating class in Riddick Stadium.

Dr. Geer was formerly the president of a gigantic chain of cotton mills in South Carolina, in which position he made conspicuous success as a great industrial leader. He has also attained equal eminence in the educational world. He will give an address which will both interest and benefit the graduates.

Prior to Dr. Geer's address the seniors will march in to the stadium in their caps and gowns and take their places in the center of the West Stands. The graduates will be seated with the Agricultural School nearest the front, then the educational, engineering, science and business, and the textile schools in order. After the address the graduates will be asked to stand and the degrees will be conferred upon them en masse. Along with the two hundred and twenty-three B.S. degrees conferred will be six M.S. degrees.

The marshalls for the event will be: Jack G. Gaw, chief marshall, Dwight W. Durham, Charles M. Matthews, V. A. Thorpe, J. C. Frink, Pete Bronson and J. R. Thompson.

SECOND-RATE INSTITUTION?

Evidently our journalistic friends on the staff of the Carolina Daily Tar Heel have been considering this question of Consolidation also, but from a somewhat different viewpoint than is generally held. In the Carolina student daily we find an editorial entitled "Wrench in the Gears" appearing last Sunday.

The editorial reads as follows: "The recent resolutions of the University faculty to the Board of Trustees re-opens for fresh consideration the question as to the wisdom of centering all the Greater University's engineering instruction at State College.

"The Consolidation policy, under fire by the University faculty, provides for moving Chapel Hill's professional engineering school to Raleigh (the present center of technical engineering) to build there a high grade engineering school of a professional nature. It involves abandoning the excellent Chapel Hill engineering school in favor of an admittedly second-rate school at State. For the problematic creation at some future date of another professional engineering school at Raleigh, the outstanding professional engineering institution in the South is to be junked.

"It seems illogical that Chapel Hill, where the strongest scientific departments of the Greater University are centered, must prohibit courses in engineering, the practical application of many of the sciences.

"The consolidation policy means, too, that the Greater University's engineering school must lose contributions from the excellent supporting scientific departments at Chapel Hill.

"Furthermore, transforming State College into a professional engineering school makes no provision for the student who wants a technical, rather than a professional engineering education.

"But the chief problem in building up a great engineering institution at Raleigh is the definite limitation of an insufficient and undependable state appropriation. To form at State College a high grade engineering school involves the great expense of building up the scientific departments there which (with the limited legislative appropriation) must inevitably be at the expense of the institutions at Chapel Hill and Greensboro.

"The faculty resolutions hit the bull's eye when they submit that 'the entire question is deserving of such further study, lest the present decision perpetuate an ineffective and unsound program for engineering education in North Carolina.'

In answer to this editorial, our only regret is that an editorial somewhat like the one below did not appear in the columns of THE TECHNICIAN at some time about a year ago. The editorial should have been about as follows:

"The moving of the School of Science and Business from Raleigh to Chapel Hill should be reopened for fresh consideration. To move to Carolina a school which has been furnishing the state with professional business men for the past three decades is to move it away from the business and political center of the state of North Carolina and to change its locale to the admittedly inferior small-town atmosphere of the village of Chapel Hill.

"If the School of Science and Business is consolidated at Chapel Hill, which has a decidedly second-rate school for the training of technical business men and men of science, then there will be lost

to this school all the allied and contributing factors which have enabled the State school throughout its history to train such outstanding professional business men. State students in this school have a chance to visit the internal revenue and highway departments here in Raleigh, and to follow completely all the ramifications and complicated finances carried on by the government. Other state departments are thrown open to them, and by the trips they take, the students gain much valuable knowledge.

"If the School of Science and Business is centered at Chapel Hill, much will be lost to the higher educational system of the State of North Carolina."

You say the second editorial is ludicrous. Yet if the facts be carefully assembled and correlated, you will find that the first editorial is just as ludicrous and untrue. No comment was made at State when the School of Science and Business here was moved to Carolina. But in light of the stand being taken at present by the Carolina faculty, many people at State probably wish the second editorial had been written. If Carolina wishes to distort facts and appear ludicrous, then State has just as much or more provocation to do the same thing.

AND THEN WHAT?

Ten more days of residence remain to the graduates in the Class of 1936 before that Monday afternoon when they will don their robes and step forward in Riddick Stadium to receive their degree. They will have completed four years of academic work in exchange for which they will receive a sheepskin proclaiming to the world that they have earned a degree as Bachelor of Science.

They will be perhaps a bit less self-confident, these graduates of '36, than were those who preceded them not so many years ago. For the Class of '36 realizes from the experience of graduates of the past few years that the sheepskin is not a magic key to fame and fortune. It is not even a definite assurance of getting a job.

Because these graduates recognize this fact they have an advantage. Having less assurance about the future, they possess what is worth more, a seriousness of purpose and a determination to get somewhere—attributes that will carry them far if they can but keep them.

They step forward with the resilient stride of youth, these graduates. There shines in their eyes a spirit and a fire, a desire to make their mark on a world which has seen thousands of graduates step forward in like manner and has taken no notice of them.

Marching away from college they go, carrying with them a certain amount of knowledge, and, what is just as important, memories of friendship and comradeship, of "bull sessions" which lasted far into the night, of dances and dates, of that last frenzied minute of cramming before the professor's hand writes the fatal questions on the board—pleasant memories, memories to be carried through life and brought back with renewed pleasure in some leisurely moment before an open fire.

Leaving the friendly atmosphere of the college the graduates step forward to be tested and tried, to be tempered and in some instances case-hardened. May they step forward eagerly to take their place in a world which can use them if they stand its acid tests.

FINIS

With the printing of this, the last issue of THE TECHNICIAN, the work of the staff for the year has concluded. Our purposes throughout the past school year have been fourfold: To cover impartially all campus events and happenings as completely as possible; to endorse any worthwhile projects that will result in the betterment of campus life; to make our criticisms constructively, never attacking or tearing down without offering new solutions for the problems at hand; and throughout the year to adopt a conservative policy, drawing no hasty conclusions, and giving due consideration in every case to the matter at hand.

How well we have carried out these purposes rests with the students. In addition, the paper during the past two months has been under a different editorial head. But in so far as possible, we have tried to continue in the journalistic policies laid down by the past editor, R. B. Knox, in his first editorial last year.

We are made increasingly aware of the progress made by this institution from year to year and are proud of this progress. With this last issue of the school paper, we reaffirm our allegiance to State College and to the principles and policies of the college.

If at any time our editorial criticism has seemed too pointed and unkind, we ask that our readers remember that nothing personal has ever been intended, but that in all the paper's policies we tried always to keep the students and the institution first in our minds.

During the coming year, we hope to carry on to an even higher degree the policies that have been begun during the past year, to improve and make more complete our coverage of college happenings, and to keep the make-up and appearance of the paper on the same scale it has maintained during the past.

Much has been accomplished; still more remains to be done. So with an eye to the future, we look to the past as one of the most successful years in State's history—in regard both to enrollment and to the raising of the standards of the institution.

LISTENING IN By JOHNNY BING

In this, the last issue of THE TECHNICIAN this year, I would like to express the pleasure I have derived from writing this column for you. If you have enjoyed reading it one-half as much as I have in writing it, I will be more than satisfied.

Presenting the Finals orchestra leaders and their bands! Benny Goodman and Johnny Johnson.

Benny Goodman
Benny Goodman has risen to international fame as an orchestra leader in less than eighteen months. It was less than a year and a half ago that the bespectacled clarinetist organized his orchestra for an NBC audition, and today he is an outstanding exponent of the new "swing" music cycle. The youthful batonist is rated by many musicians "the world's

BENNY GOODMAN

greatest clarinetist," and has been playing that hot woodwind professionally for fifteen years. Benny was born in Chicago on the thirtieth day of May, 1909. At the age of ten, he began clarinet lessons, and proved to be a child prodigy, playing in the Children's Orchestra at Hull House. In one short year after beginning his lessons, he was playing in the pit of a Chicago theatre, later playing in a five-piece band on a Lake Michigan excursion steamer. About the time he doffed his short trousers, he joined the band of Jules Herbuveaux, who is now assistant production manager of the NBC central division. Herbuveaux says that Benny could play and improvise just as well then as now. That may sound like a slam, but it's really a tribute to Benny's musical genius. While he was a student at Lewis Institute in his home town, the Windy City, Benny played in Arnold Johnson's outfit in a night club. By the way, two other little-known entertainers there at that time were Ruth Etting and Helen Morgan. Goodman later was a featured member of the bands directed by Ben Pollock, Ted Lewis and Paul Whiteman, and also played in symphony orchestras (he's an expert at playing classical music as popular). In July, 1934, he organized his own orchestra and played his first engagement at Billy Rose's Music Hall in New York. He auditioned and was signed as one of the three bands on the well-remembered "Let's Dance" program, sponsored by a biscuit company. After an engagement at the Roosevelt Hotel in New York, he made a coast-to-coast tour and came back to his birthplace and the Congress Hotel. There he met his supreme test by surviving the pessimisms of the sages and revived the popularity of the Urban Room, a feat considered impossible. He is there at present, and can be

Time Marches On

BEECHIE GAITHER

heard nightly over NBC. Benny is six feet tall, weighs 170 pounds, has brown hair and eyes, just in case you don't recognize him at first sight. Although he is considered the outstanding exponent of "hot" jazz, his hobby is playing chamber music!

No, I haven't forgotten her! Helen Ward will be with Benny. She has been with him since he formed his band. If you see a cute little girl that will make your heart go pitter-pat at first sight, that's Helen. She usually drives to the studios in a new Dubonnet colored (that's red to youse guys) roadster and sings hot rhythms with a torrid band. When she was a little girl, Helen took piano lessons for three months, then gave up formal musical education and began lending an ear to the jazz tunes that came out of Harlem. Today she can play anything after hearing it once (two genuses in one bag). You will love her deep-throated blues songs as well as you will love her looks. If you are undecided as yet, let me urge you to take in at least one of the Final Dances. Now is your chance to dance to the rhythms of the man responsible for the current style of dance melodies, and if you go to one, you will catch every one of them.

Johnny Johnson
Johnny Johnson, who will play for the Friday night dance, is another who was a child prodigy, making one of three who will perform in the gym. When Johnny was born, out in Indiana some thirty-four years ago, they gave him piano's instead of rattles to play with, since Johnson senior was the owner of the only music store in the town. His musical education was started in earnest at the ripe age of two years when the currently popular hits, "Rufus Rastus Johnson Brown" and "Good Morning Carrie" were struggling along with the help of radio. Johnny started the local critics on account of being able to sing before the audience could tell what he was saying. Thus launched on a career, piano lessons started at the age of eight and the Johnson legs failed to grow with the agility of the fingers so that as a child prodigy at the age of ten it was necessary to install an

extension so that the lad could work the pedals. At fourteen he was given a scholarship at the Indianapolis Conservatory of Music with Carl Beutel and put on a diet of Bach to strengthen the young fingers. But all his spare time on the Saturdays in Indianapolis was spent listening to the city's best exponents of modern dance rhythms until Johnny began to astound and mortify his teacher by synopsing Bach's two part inventions. When Johnny went to Indiana University, he and Hoagy Carmichael, the author of the immortal "Stardust" were the rival batonists on the campus, and since saxophones and banjos were a novelty both of the boys had to employ the same musicians. So whoever got the job first hired the band, Johnny says that although Hoagy was the better piano player of the two, he couldn't read "Home Sweet Home" in six-inch notes, so Johnny taught the boys the tunes, then when Carmichael got the job the boys taught them to Hoagy.

A chance to join a vaudeville act gave Johnny his real musical break and he was happy until he happened to hear, while passing in front of a theatre, a new brand of music that immediately caught his fancy. The name of the orchestra was Paul Whiteman's, and it gave Johnny the yen to

get back into the dance game. Johnny believes an orchestra should adopt an entirely different style for radio than when playing to the "cash customers." Swell fellow Johnny. His philosophy must hold water for he and his boys have played in the best places in the country including, besides their present engagement at the Hotel Commodore in New York, the Hotel Pennsylvania, the Embassy Clubs, Miami and Palm Beach, Wardman Park Hotel, Washington, D. C., Roosevelt Hotel, Hollywood, Calif., Arlington Hotel, Hot Springs, Ark. and many others. Johnny will play just as you want him to, and he can play anything you request. Try him, he will be glad to do it. He's that kind of a fellow.

Such are the Finalists'. The Interfraternity Council couldn't have done better if they had tried. These Finals will linger in the memory of all who attend them for many a year. Benny Goodman and Johnny Johnson! They are the tops in their profession and know how to please those dancing feet of yours. Go on down to the gym on the 5th, 6th, and 8th. These maestro's will be glad to see you there, and you will never regret going.

Let Your Baggage Go Home by the LAUNDRY ROUTE

Arrange to ship it off this June by your old friend Railway Express and when Commencement Day dawns, be fancy free to board the train for home. Anything — trunks, bags, books, golf clubs, cups, even your diploma — Railway Express will pick them all up on your phone call, forward them at passenger train speed, deliver them safe and sound at your home. And it's economical. Railway Express rates are low, and you pay nothing at all for pick-up and delivery service. There are no draymen's demands, no tips, no standing in line, and sureness is made doubly sure by Railway Express's double receipts, with \$50.00 liability included on every piece you ship. Besides, you have the choice of forwarding your things either prepaid or collect, and they'll be home as soon as you are. No other way of shipping gives you this kind of service, as you probably know, and to get it you have only to phone the nearest Railway Express office.

State Athletic Teams Turn in Successful Records For Year

Review of State's Showing In 1935-36 Sports Program

Tech's Record in Athletics Shows Improvement Over Standings of Last Year

By ED QUINTARD

With the close of the school year in sight, it would probably be interesting to sports fans to look back at the results of the State College sports program for the past year.

Football This year's cynosure was the football campaign conducted by Coach "Hunk" Anderson, former Notre Dame coach.

Anderson's second Wolfpack closed a season that might be termed highly successful on the basis of improvement over last year.

The Wolfpack opened its 1935 season by taking a 1-7 decision from Davidson in a night game in Greensboro.

State's next appearance was in Columbia, S. C., where Anderson's men turned back the South Carolina Gamecocks, 14-0.

The South Carolina team's net yardage was minus 37 yards.

Following this tilt, the Techs moved back to Raleigh for their first appearance before the home folks.

Wrestling Coach Dave Morrhan's wrestlers took the Big Five crown in the mat sport.

Coach Dave Morrhan's wrestlers took the Big Five crown in the mat sport for the first time since his freshman year.

Boxing The 1936 edition of the State boxing team turned in a record of two wins, one draw and three losses for the season.

The Raleigh boxing fans saw the State ring team put on some scrappy exhibitions this year.

Basketball The State College 1936 basketball team turned in a record of six wins and one loss to capture second place in the Big Five.

The Techs opened the season with a 47-33 win over Clemson College.

State's inaugural game showed clearly that Serron had championship material in his first team but lacked strong reserves.

The State cagers continued their schedule with wins over Virginia, Davidson, and Wake Forest.

The first defeat of the season was handed the Techs when they met the Tar Heels.

The Carolina game was close throughout and only a last-minute rally by the Chapel Hill boys gave them the victory.

After their defeat the Red Terrors settled down to take five straight victories.

They defeated South Carolina, Duke, V.P.I. twice, and Wake Forest.

State's winning streak was broken by the Strong W. and L. cagers but continued with wins over V.M.I., Davidson, South Carolina, Clemson, and Duke.

The Techs closed their schedule with a loss to Carolina, the second of the season.

In the Southern Conference tournament the Red Terrors were put out in the second round by the Tar Heel cagers.

The game was the most exciting of the tournament as the Techs lost by only two points and these were scored by Carolina in the last few minutes.

It was anybody's contest until the last whistle, but the Tar Heels had a jinx

over the Terrors that couldn't be broken.

Captain Charlie Aycock, Connie Mac Berry, Stuart Flythe, Nell Dalrymple, Don Dixon, and Chub Womble were the big guns for Doc Serron's Red Terrors during the past season.

Swimming Featuring the sports of the winter quarter this year was the record book up by the swimming team.

The past season's tank team was composed of Harry Schneider, George Getz, Captain Boyce Holoman, C. D. Harris, George Kurfies, Ned Whitton, Richard Rettew, J. E. Grantham, Arthur Dammann, Harvey Dixon, and Dick Payne.

Coaching Bill Bridges, Red Shimer, Tom Hall, Charlie Cheslock, Dick Thompson, Clark Owen, John McLaughlin, Carl Plaster, and Al Hein.

The 1936 edition of the State wrestling team turned in a record of two wins, one draw and three losses for the season.

The Raleigh wrestling fans saw the State ring team put on some scrappy exhibitions this year.

Baseball The varsity baseball team had a successful season under the able coaching of "Chick" Doak.

The Techs finished the season with a total of 11 wins and eight losses to capture third place in the Big Five race.

Due to bad weather and sickness, the Doakmen were forced to start the season with only a little practice.

The Doakmen were forced to start the season with only a little practice and they got off to a bad start by losing their first two contests.

As the Techs continued their schedule they showed a great deal of improvement and turned in some good play during the season.

One of the main events of the season was the annual Easter Monday battle with Wake Forest.

The Doakmen defeated the Deacons by a score of 8-7 to give State their first Easter Monday win in three years.

The Techs gained their victory in the home half of the ninth inning when Captain D. C. Williams hit a home run to break the 7-7 tie.

There was not a dull moment in the game, which offered everything one might care to see—good pitching, hard hitting, plenty of scoring, and brilliant field play.

The big shots on this year's team were Stuart Flythe, Jerry Davidson, Captain D. C. Williams, Captain-elect Mason Buggs, Nell Dalrymple, Charlie Gadd, Fairley Scales, Eddie Berlinski, Walter Rabb, Jacob Mahoney, Venice Farrar, James Keating, Bill Richardson, and Dave Redwell.

Minor Sports The only gesture State made in track was to enter W. G. Davis and Milan Zori in the state and the Southern Conference track meets.

In the state meet Davis captured second place in the mile and Zori won the discus event with ease.

In the Southern Conference meet Davis placed in the mile and Zori was successful in bettering his Southern Conference record set last year.

The varsity links team, under the leadership of Captain Willie Dusty, had a poor season which, according to Major B. W. Venable, golf coach, was caused by a lack of interest in the schedule.

State came out in fourth place in the state intercollegiate golf meet.

Jimmy Renn of Raleigh was captain of this year's varsity net team which turned in a record better than last year's.

Members of the tennis team are Dulin, Brown, Smith, Nading, Findlay, and Crews.

The rifle team came through in fine style this year to win second place in the national ROTC match sponsored by William Randolph Hearst, and to take first in the match held for the Fourth Corps Area.

You know there's always a time when things must come to an end, and so as this last issue of THE TECHNICIAN goes to press...

I really think one of the most important things we've missed since I've been here is a track team. But already a move is on foot to make arrangements for a team next year.

"Clipper" Smith was coaching football during my first couple of years, and he turned in a pretty good job of it, too. He didn't win 'em all, but "Clipper" was popular with State students.

"Hunk" Anderson followed Smith here. Hunk's first team didn't turn out so hot, but he came back last year and won six while losing four.

In fact it's been during the past few years that State College minor sport teams have come into their own. State has taken several titles in wrestling and swimming.

During this past year, there was a project put through to build a field house in Riddick stadium—\$40,000 to be spent for dressing rooms for about 40 boys.

The Techs had a poor season which, according to Major B. W. Venable, golf coach, was caused by a lack of interest in the schedule.

The rifle team came through in fine style this year to win second place in the national ROTC match sponsored by William Randolph Hearst, and to take first in the match held for the Fourth Corps Area.

NEW HIGH GAINED IN INTRAMURALS

Keen Rivalry in Every Sport Makes Year's Intramurals Best in College History

According to Johnny Miller, intramurals have reached a new high on the State campus this year.

The Pika's won in the fraternity league and the boys of 1st Watauga copped the Dorm championship.

The two winners placed high in every sport but were pushed all the way by the second place winners.

The Alpha Gamma Rho's, and 3rd 7th Cups will be awarded to the first three teams in each league.

Fraternity League Team Points: 1. Pi Kappa Alpha 1,295; 2. Alpha Gamma Rho 1,178; 3. Sigma Nu 954; 4. Pi Kappa Phi 834; 5. Lambda Chi Alpha 666; 6. Sigma Phi Epsilon 606; 7. Alpha Kappa Pi 632; 8. Kappa Alpha 578; 9. Delta Sig 556; 10. Phi Kappa Tau 552; 11. Alpha Lambda Tau 532; 12. Sigma Pi 420; 13. Theta Kappa Nu 332; 14. Theta Phi 156.

Dormitory League Team Points: 1. First Watauga 956; 2. Third Seventh 898; 3. Second 1911 866; 4. First 1911 834; 5. Fifth Dormitory 698; 6. Sixth Dormitory 686; 7. First South 627; 8. Second Seventh 626; 9. Fourth Dormitory 520; 10. Third South 430; 11. Third 1911 338; 12. Basement South 250; 13. Third Watauga 237; 14. Second South 158.

1st Watauga Downs Pika's To Win All-Campus Crown

Fraternity-Dormitory Championship Baseball Game Closes Season

The campus baseball champs were crowned last Wednesday, when 1st Watauga downed the Pika's, 17 to 13.

1st Watauga went into the game with a perfect record having won all their scheduled games and defeated 1st 1911 and 5th Dorm in the playoffs.

The Pika's also had a clean slate and won the Fraternity Championship by taking the Sigma Nu's and the Alpha Gamma Rho's in the playoffs.

The Dormitory boys started off strong, scoring seven runs in the first inning, five in the second and four in the third.

The Alpha Gamma Rho's stepped into second place in the Fraternity League, when they defeated the Sigma Nu's in a ding-dong battle.

The Alpha Gamma Rho's took the lead early in the game only to have it tied up in the sixth inning.

The Sigma Nu's then went ahead, but a ninth inning rally put them down, the final score being 11 to 9.

Thorn, Horn, and Bolendorf got the majority of the winners hits, while Oliver, Manney, and Edmonson shone for the losers.

The Alpha Gamma Rho's and 6th Dorm were the victors in the Fraternity-Dormitory Championship Baseball Game.

ernity and Dormitory intramural track meets.

Fraternity summary: 100-yard dash—K. Scales, Pika, first; McGinty, Pi Kappa Phi; Blackwood, Alpha Gamma Rho; Bandy, Pika.

400-yard relay—Pika's, first; Alpha Gamma Rho; Sigma Nu; Pi Kappa Phi.

Shot put—Stufferon, Lambda Chi, first; Main, Alpha Gamma Rho; McGinty, Pi Kappa Phi; Whitaker, Alpha Gamma Rho.

Discus—McGinty, Pi Kappa Phi, first; Dosselbach, Delta Sig; K. Scales, Pika; Lloyd, Alpha Gamma Rho.

Baseball throw—Meyer, S. P. F., first; McGinty, Pi Kappa Phi; Norman, Pika; Hoover, Sigma Nu.

Dormitory summary: 100-yard dash—Burnham, 6th Dorm, first; Colwell, 2nd 1911; Griffin, 6th Dorm; York, 1st South.

400-yard relay—Heilman, 1st Watauga, first; Griffin, 6th Dorm; Hines, 3rd 7th; Port, 1st Watauga.

Shot put—Shelb, 2nd 1911, first; Wilson, 6th Dorm; Peters, 1st South; Stewart, 3rd 7th.

Discus—Potter, Basement South, first; West, 3rd 7th; Troutman, 4th Dorm; Dorn, 1st South.

Football kick—Plaster, 1st Watauga, first; Smith, 1st 1911; Potter, Basement South; Jones, 3rd 7th.

Baseball throw—Cheslock, 2nd 1911, first; Barb, 2nd 7th; Peters, 1st South; Oleski, 3rd 7th.

STOTT DEVELOPS LIFE SAVING HERE

State College Now Has Largest American Red Cross Life Saving Corp in the South

Through the work of C. C. Stott, State College has developed the largest chapter of the American Red Cross Life Saving Corps in the south.

Coming here in 1932, Stott, who was an Examiner, convinced the authorities that such a course should be started here.

From a small class of 15, he has built up to nearly 300 students and it has become part of the Physical Education program.

This Life Saving Corps conducts classes for the Boy Scouts, issuing them Junior Certificates; they issue Senior Certificates, and appoint Examiners.

This year a course in Senior Life Saving was given to the girls of Meredith College.

Unique Program A program unique in the south was instituted during the past year. During the Christmas holidays, Stott and his staff conducted life saving classes for negro students of Shaw University and St. Augustine College.

Thirteen Negroes were given certificates. During the Spring holidays these thirteen Negroes were given the Examiners tests. Six were appointed to this position.

Stott and his staff of examiners have carried on this work voluntarily and without remuneration.

They have faith in this program and believe it will be even greater in the future.

SOCIETY

Final Dances

As a fitting climax to what has been probably the most entertaining and delightful social season held at State in some time, the Interfraternity Council will put on the Final Dances on Friday evening, Saturday afternoon and evening, and Monday morning and evening, June 5, 6 and 8.

It is even more fitting that the music for the majority of the dances is to be furnished by the hit band of the year, Benny Goodman, "The Swing Master" and his famous "swing" band. This rising young maestro, who is coming from Chicago for the dances, will play for the Saturday dances and the Monday dances. Johnny Johnson and his CBS orchestra will play for the Friday dance.

As is the usual custom, the night dances will be formal and the others will be informal.

Featuring the lavish decorations, which will be on a much larger and better scale than has ever been used before at State, will be an air-conditioned cooling system. Large fans will circulate the cooled air throughout the dance floor. Each of the fifteen Greek letter fraternities comprising the Interfraternity Council will have a booth in the gym, and the individual fraternity insignias in colored lights will line the walls. The booths will have gaily decorated awnings over the front of them. "Coolness" will be the general theme of the decorations and this theme will be emphasized by the decorations of the bandstand, which will have the sea for a background.

The dance leaders for the figure Monday night are Charles Turlington, Alpha Gamma Rho, president of the Interfraternity Council, with Mrs. Charles Turlington, of Fayetteville, and T. L. Hurst, Sigma Nu, vice president of the Interfraternity Council, with Sadie Massey of Smithfield. Assisting them in the figure will be the dance committee and their dates. They are: Don Kautz, Theta Kappa Nu, chairman of the committee, with Mary Ellen Currin, of Oxford; Gordon Smith, Jr., Kappa Alpha, with Sue Brewer, of Wake Forest; Carl Underwood, Alpha Chi Beta, with Dorothy Champion, of Raleigh; and Joe Canady, Sigma Phi Epsilon, with Frances Lewis, of Wilmington.

The Interfraternity Council, under whose auspices the colorful Pledge, Midwinter, and Final dances are given each year, is made up of two representatives from each of the fifteen lodges on the campus. Senior members of the council this year are: Charles Turlington, Alpha Gamma Rho; Carl Underwood, Alpha Chi Beta; Bill Bain, Alpha Kappa Pi; Pete Newcomb, Alpha Lambda Tau; T. L. Hurst, Sigma Nu; Charles Lynch, Pi Kappa Phi; Charles Hayworth, Pi Kappa Alpha; H. L. Latham, Delta Sigma Phi; Gordon Smith, Jr., Kappa Alpha; Robert Murdoch, Kappa Sigma; Don Kautz, Theta Kappa Nu; Kenneth Bruton, Lambda Chi Alpha; Harry Brown, Sigma Pi; Pete Bowen, Phi Kappa Tau; and Joe Canady, Sigma Phi Epsilon.

Sponsors for each of the fraternities are: Alpha Gamma Rho—Mrs. Charles Turlington, Fayetteville; Alpha Chi Beta—Dorothy Champion, Raleigh; Alpha Kappa Pi—Anne Whitehurst, Norfolk, Va.; Alpha Lambda Tau—Kathleen Glascock, Raleigh; Sigma Nu—Sadie Massey, Smithfield; Pi Kappa Phi—Martha Josey, Tarboro; Pi Kappa Alpha—Clara Margaret Grantham, Washington, D. C.; Delta Sigma Phi—Hazel Boswell, Burlington; Kappa Alpha—Sue Brewer, Wake Forest; Kappa Sigma—Katherine Malloy, Yanceyville; Theta Kappa Nu—Mary Ellen Currin, Oxford; Lambda Chi Alpha—Martha Anne Riley, Manhasset Park, L. I.; Sigma Pi—Mary Alice Hutchison, Charlotte; Phi Kappa Tau—Mary Virginia Trammel, Washington, D. C.; and Sigma Phi Epsilon—Frances Lewis, Wilmington.

Student tickets for non-fraternity members for the entire set are accessible for \$9.25. These tickets will only be sold at a definite time, which will be announced later, and will not be on sale at the gym. If individual tickets are purchased the Friday night dance will be \$2.50, the Saturday and Monday night dance, \$2.75, and the day dances, \$1.25.

Alpha Zeta Banquet

An outstanding event of the year for student members, alumni members, and faculty members of Alpha Zeta, and their guests, was the annual banquet held at Carolina Pines last Saturday evening.

A feature of the banquet was an address by Dr. Frank Graham, president of the Greater University, on "Agriculture as a Passport and Key to Progress in the South." In his speech Dr. Graham pointed out that the only way to remove the dark spots from the maps of the southern states was through such organizations as Alpha Zeta. Other addresses were made by Henry Pierce, Dr. Clarence Poe, and Professor R. H. Ruffner. The toastmaster for the occasion was Dr. Z. P. Metcalf. Colonel and Mrs. J. W. Harrelson were featured guests.

Following the banquet, the installation of officers took place. J. P. Woodard was installed as chancellor, W. A. Edwards, censor; Sam Williams, scribe; J. E. Altman, treasurer, and J. E. Harris, chronicler. A dance followed the installation of officers. The music was furnished by Don Ellington and his orchestra.

FRESHMEN SCORE VICTORY IN RUSH

Yearlings Get 3-1 Win Over Sophomores in Third Annual Interclass Battle

The screech of a whistle, muffled sounds of panting, scuffling and much straining, and the third annual Freshman-Sophomore Rush got underway in Riddick Stadium last Saturday afternoon.

It was exactly one hour later that the final whistle blew, and it found the frosh on top by a 3-1 count.

The interclass fight this year inaugurated a series of "push ball" battles with the ball being a 75-pound rubber ball, six feet in diameter and made up of a special order by the Firestone Rubber Company, being used. During a brief ceremony just before the battle, Bob Seltz, past president of Blue Key, presented the ball to Colonel Harrelson on behalf of the several campus organizations that donated the ball to the college for the use in future interclass battles.

Following the reading of the rules and regulations of the contest by Mr. Johnny Miller, the ball was held up by twenty freshmen and sophomores, the whistle blew, and the fight was on. The tilt was divided into four ten-minute periods, and the first period was just half over when the frosh broke the scoring ice with a goal.

In the second period the sophomores matched this, but it wasn't long before the yearlings had forced ahead again with another goal. In the last period the frosh came through with another goal to put the tilt on ice for them.

The rush this year was featured by several innovations. The principle one of these was the substituting of the lighter rubber ball for the heavier one used last year, and the second was the limiting the number on each side to one hundred, thus making things more even for the sophomores.

The form of the contest and its regulations were prepared by a special interclass committee, whose co-chairmen were Connie Mac Berry and William Bailey, with Mr. Johnny Miller and Romeo Lefort as faculty advisers. Fight officials were: Mr. Johnny Miller, referee; Mr. Charlie Doak, umpire; Clarence Gae, timer; and Ed Kosky, Steve Sabol, Doc Sermon, and Mac Berry, field judges.

At The Theatres

STATE THEATRE
Bette Davis, with George Brent playing opposite her in the masculine lead, comes to the State Theatre Sunday and Monday in the fast moving comedy drama, "The Golden Arrow."
Miss Davis appears in a role quite different from those which won her the award of the Academy of Motion Picture Arts and Sciences as the best film actress of 1935. In "The Golden Arrow" she gives a light comedy portrayal with a romantic twist, which involves also some dramatic moments.

A Major Bowes and His Amateurs Short; a color cartoon and a News are the added attractions on this program.

PALACE THEATRE
"Forgotten Faces," a dramatic story of subtle revenge, will be the attraction at the Palace Theatre on Sunday and Monday, with Herbert Marshall in the starring role.
Marshall plays the role of a husband whose happiness is based on his love for his wife and his baby daughter. When he finds his wife in the arms of another man, Marshall, in a fit of passion, kills him.

Gertrude Michael is the wife in whose unrest and discontent start the ball of trouble rolling until it crashes, burying both her and her husband underneath.

A comedy, Act and News completes the program.

CAPITOL THEATRE
Rafael Sabatini's famous and colorful story of romance and adventure, "Captain Blood," which has been filmed on a gigantic scale, will be shown at the Capitol Theatre on Monday and Tuesday.

This thrilling tale of seventeenth century sea pirates is said to be one of the most elaborate and pretentious productions in screen history. Tremendous settings were designed by master builders.

Selected short subjects complete the program.

Glassy Diet
Greencastle, Ind. —(ACP)—Nobody knows exactly how it happened, but one day last week members of Phi Delta Theta and Delta Chi fraternities at the University of Indiana here had hamburger and ground glass for lunch. Surgeons advised a diet of castor oil and cotton, and there were no fatalities.

N. C. State College's Red Coat Band

Pictured above is the State College Red Coat Band which played its last concert of the current season on last Sunday afternoon. The band has been a feature attraction of many events taking place during the past year in this part of the state. As is its annual custom, the band took part in the annual State Fair Boosters' trip. It was a feature between-the-halves attraction at the college football games. In all its activities during the past year, the band has been a great aid to the college. Its director is Major C. D. Kutschinski, head of music activities at State.

ANNUAL CONTEST WON BY M'SWAIN

Declamation Contest Held at Woman's Club Friday Won by Freshman Orator

Horace McSwain, a member of the freshman class, won first place in the annual State College Declamation contest held last Friday night in the Raleigh Woman's Club with an outstanding bit of oratory.

W. Curtis Rosser finished second and Samuel B. Moss, third. Other contestants were Herbert Fisher, Jack Dossentback and H. R. Crawford. The six speakers in the contest were selected from a field of eleven contestants who took part in the preliminary contest. The judges were Dean J. W. Harrelson, Dean E. L. Cloyd, William Andrews, Jane Virginia Andrews, former State College debater and actress, and Frank Busbee, former member of the State College national championship debate team. The composite audience ballot was counted for two votes in the final tabulation. Prof. Edwin H. Paget, director of forensics at State College, was chairman of the meeting.

Gaw Gives Speech
At the annual dinner of Pi Kappa Delta preceding the contest, Jack Gaw gave his famous afterdinner speech, "Ye Olde Time Forensics," with which he won the Southern championship. Dean Harrelson made a brief speech in which he praised the brilliant record made this year by the State College forensics squad. Dean E. L. Cloyd, a member of Pi Kappa Delta, and former State College debater and orator, spoke wittily of his early experiences as an orator.

At the annual election of officers for Pi Kappa Delta following the contest H. R. Crawford was elected president; Herbert Fisher, vice president, and H. R. McSwain, secretary-treasurer. In addition to Gaw, Crawford, Fisher, and McSwain, L. K. Andrews, a member of the senior class and an intercollegiate debater, was welcomed into the fraternity.

Dean and Mrs. J. W. Harrelson were guests of honor at the dinner. Samuel B. Moss, present president of Pi Kappa Delta, acted as toastmaster.

EIGHTEEN RENEW RED CROSS RANK

Other Swimmers Become Applicants for Life Saving Certificate After Course

Eighteen examiners renewed their certificates with the American Red Cross last Monday afternoon at the college pool.

Eighteen other swimmers have become applicants for the certificate by completing a ten day course under the guidance of C. C. Stott, captain of the college life saving corps and chairman of life saving in the Wake County chapter. Stott was acting as the special field representative in the absence of R. S. Eaton.

Stott seemed to be pleased with the accomplishment of the two groups. He said that all the applicants for renewals would again receive their certificates; however, he is unable at the moment to reveal who will be of the group to win the Red Cross award for the first time.

Requirements
To become an examiner, a candidate must be of twenty years of age, and he must have the senior life saving certificate. He must have taken an active part in a swimming program by accepting the responsibility of teaching beginners and swimmers; also, he must have proven his ability of teaching water safety.

The swimmers that renewed their certificates are as follows: H. C. Bragaw, C. L. Chambers, Richard Davis, W. L. Dixon, Jr., J. W. Espey, G. G. Getz, J. B. Hines, T. L. Hines, J. Hunt, B. Nicholson, R. Payne, J. E. Porter, A. Regdon, F. N. Thompson, C. Ware.

COLLEGE COURT BARBER SHOP
Under College Court Building
E. M. Johnson, Proprietor
— Class 1921 —

THE TECHNICIAN

Wishes to Express Its Appreciation to the Following Merchants for the part they played in making this paper possible

To the Class of '36...

We've enjoyed serving you, and when you're back in Raleigh you'll always be welcomed at Bennie's.

TO THOSE RETURNING NEXT YEAR —
May we again serve you with our prompt fountain service.

DURING THE FINALS — After the dances, we shall be ready to serve you and your date with our cold, delicious fountain drinks.
