## ROOSEVELT LEADS BY 266 BALLOTS IN FINAL COUNTS

Incumbent Receives Over Eighty Per Cent of All Votes Cast By State Students

ONLY ONE-FOURTH VOTE  
IN PRESIDENTIAL POLL

Total of 436 or Not Quite 25 Per Cent Cast Votes in Newspaper's Poll; Results Mailed to Princeton Paper As Part of Nationwide Collegiate Ballot; Landon Receives Substantial Majority in Similar Election Held at Duke University

By HALL MORRISON  
President Franklin Delano Roosevelt continued his strong lead in the presidential poll conducted by THE TECHNICIAN to wind up the balloting with over eighty per cent of all the votes cast.

The final count gave the incumbent 349 votes to 83 for Governor Alf Landon, 3 for Thomas, 3 for Browder, and 1 for Lemke.

The vote all the way through the poll seemed to be carried on more through party lines than through any likes or dislikes of parties or platforms.

Surprisingly low was the student vote on the State College campus. Out of an enrollment of over 1,800 students, 436, or not quite a quarter expressed their opinion on the presidential candidates.

The totals for each candidate in the presidential race were sent to the Daily Princetonian Monday night. These votes from colleges throughout the country will be tabulated and the totals released to the participating newspapers on November 1. They will be carried in the first issue of THE TECHNICIAN after that date.

**Duke Results**  
Results at Duke University turned out exactly opposite from those at State according to the Duke Chronicle. There Alf Landon led the race by a 133 vote margin. The total vote for Landon was 697, while Roosevelt received 564 ballots. The Duke newspaper claimed that a majority of the votes cast for Landon were anti-administration votes rather than pro-Landon votes.

Altogether, students here seemed to attach more significance to the importance of lab reports and problems, classes and quizzes than they did about who is to guide the destinies of the nation for the forthcoming four years. Relatively little interest was shown by the student body as a whole, except by one or two students. This may have been due in part to the short time for casting of votes, however, as the ballots were in circulation for little more than a week.

**ELECTION OF PRESIDENT  
TOPIC OF FORUM DEBATE**  
Forum of Public Opinion Convenes to Discuss Presidential Poll Indications

The State College Forum of Public Opinion will hold its first meeting and open Thursday, October 29, at 7:00 p. m. in the YMCA Auditorium. The topic for discussion is Resolved: That the Literary Digest Poll, the "Grass Roots" poll, and the National Forum Vote Poll all strongly indicate the election of Governor Landon as President of the United States.

The chairman and general director of this first meeting of the Forum of Public Opinion is H. R. Crawford, president of the local chapter of Phi Kappa Delta, national forensics fraternity sponsoring the Forum. Brief two and three minute speeches presenting evidence of surveys and polls made from all parts of the country will be presented by J. F. Reeves, R. Butterfield, G. E. Norman, K. S. Satterfield, L. C. Brooks, C. S. Harris, B. G. Camp, R. W. Burke and others.

The rebuttal will be made by F. D. Boege, H. R. McGowan, Herbert Fisher, J. T. Lee, W. B. Small, G. A. Moore, J. L. Sullivan, W. H. Darst, S. B. Moss, B. L. Kreimer, H. L. Pearson, G. C. Robinson, C. K. Watkins, J. T. Frye, K. Perry, and L. H. Abrahams. Following the presentation of the leaders, discussion will be thrown open to any member of the audience. It is hoped that every student present will participate in the discussion. Visitors from outside the college are invited. H. R. McGowan has charge of local arrangements. Students desiring to secure experience as group leaders are to report to Professor Page at 109 Pullen Hall at 12 noon Saturday, or from 4:00 to 6:00 p. m. on Tuesday, October 27. It is anticipated that over 100 students will be trained in group leadership during the 1936-37 sessions of the Forum of Public Opinion.

## Preside Over Fall Press Conference

Presiding over the fall meeting of the North Carolina Collegiate Press Association will be the students pictured above. The fall meeting opened in Charlotte last night with Hoke Robinson, business manager of The Davidsonian acting as host. Convention sessions will be alternated between the Hotel Charlotte and Davidson College. These student officers were elected at the spring collegiate press meet held in Raleigh last April.

## STUDENT WRITERS HOLD FALL MEET

N. C. Collegiate Press Association  
Opens Fall Meeting in Charlotte Today

State's delegates to the fall meeting of the North Carolina Collegiate Press Association left yesterday afternoon for Charlotte, where association members from colleges throughout the state will be assembled for meetings through noon tomorrow.

A general meeting and welcome was held this morning, with group discussions filling out the business sessions. Luncheon today will be held in Chambers Building at Davidson College leaving this afternoon free for the Davidson-Duke freshman football game. The main banquet will be held tonight in the Hotel Charlotte ballroom featuring Legett Blythe, member of the editorial staff of the Charlotte Observer as the principal speaker. A dance will follow at 9:30 o'clock with music being furnished by Tony Rinaldo's Orchestra. The final business session will be held tomorrow morning, after which the group will be admitted to the Davidson-Citadel football game at Davidson.

State's representatives at the convention will include: Peter Ihrie, editor of Agromech, and George Ashby, the annual's business manager; Tommy Goad, business manager of The Watasgan; and Frank Curry, business manager of THE TECHNICIAN.

## DEMONSTRATION DEBATE TO BE HELD IN PULLEN

The more experienced members of the debate squad will give a demonstration debate today, from 4:30 until 5:30 p. m. in Room 109 Pullen Hall on the national debate question for the year which is Resolved: That Congress should be empowered to fix minimum wages and maximum hours for industry.

The purpose of the clash is to introduce the topic to all new candidates for the squad. All students interested in debate who have not yet tried out are strongly urged to attend. Typed outlines of both the affirmative and negative cases will be distributed to all new candidates.

**Eason to Speak**  
Newell D. Eason, Professor of Sociology at Shaw University will speak Thursday night at 7 p. m. to members of the International Relations Club at Pullen Memorial Church. Professor Eason's topic will be "Economic Problems Which Confront the Negro."

## Technician Reporter Trails Foresters to Annual Event

**Program**  
Following is the program for Friday and Saturday of this week:  
**FRIDAY, OCTOBER 23**  
6:15 p. m.—Pep Meeting in Riddick Stadium to be broadcast over WPTF.  
6:45 p. m.—Annual Blue Key Stunt Night in Pullen Hall.  
8:30 p. m.—Bonfire sponsored by Monogram Club on Red Diamond.  
**SATURDAY, OCTOBER 24**  
10:00 a. m.—Judging of Fraternity houses and dormitories by committee.  
2:30 p. m.—Football game with Duke marching by the ROTC Regiment.  
9:00 p. m.—Dance in Frank Thompson Gym concluding Homecoming celebration.

## WILL BRING NOTED TVA SPEAKER TO STATE

Clarence W. Farrier, Assistant Coordinator of the Tennessee Valley Authority, will speak before the Freshman Assembly in Pullen Hall on Thursday, October 29, on the plans and importance of the TVA.

Farrier is being brought here by the YMCA as part of its lecture program. He will speak twice on Thursday. Once, before the Freshmen, and the other time before a group gathered in Pullen Hall at 7:30 on Thursday night. The trend of the speeches and discussion will be toward a better understanding of the TVA projects; its purpose and success; the problems that have had to be overcome and the questions that will yet have to be decided. The subject is of vital interest to all the students of State.

Farrier has had a great deal of experience not only in his present work, but in other fields over a wide range. Although he specialized in architecture in college, his work has ranged from a purchasing officer in the United States Army to assistant general manager of a Century of Progress in Chicago.

The Young Democrats of State College will hold their initial meeting of the year at 7 o'clock Monday in the YMCA, according to Red Dunn, president of the club, yesterday.

Buttons and stickers will be given out at the meeting and plans for an "old-time political rally" to be held on the campus soon will be discussed.

## DECISION REACHED ON ARMORY SITE AT JOINT MEETING

Compromise Reached Among Interested Groups After Executive Committee Protest

NEW SITE IS FAR BACK  
FROM FIRST LOCATION

Executive Committee Claims First Selected Site Would Not Comply With Donor's Wish; Workers Re-align New Site and Begin Clearing Away Trees for Construction; Armory Will Also Serve As Community Building and Recreation Center

Following the protest of the executive committee of the Board of Trustees of the University of North Carolina against the location of the Raleigh armory between the State College campus and the home of Col. J. W. Harrelson, it was decided Tuesday, as a compromise measure among city, State College and WPA officials that the building will be located about 500 feet from Hillsboro Street instead of 340 feet as originally planned.

Col. Harrelson, who added his personal objection to the location of the armory, as well as other interested parties is satisfied with the decision as to the new location of the building on a narrow strip of Pullen Park property extending to Hillsboro Street between the campus and the home of the administrative dean.

**Objections**  
Objections of the executive committee to the previously selected site were that the armory would not comply with the wishes of the donor of the property and that it would not harmonize with the development of the area.

The property has been re-aligned for the new site and laborers began clearing away the 15 or 20 large trees in this area yesterday. According to W. Felix Wheeler, director of WPA District Three, actual construction will get under way by the middle of next week.

The armory, which will also serve as a community building, will be constructed at a total cost of \$35,514, of which the sponsor, Raleigh, will furnish \$8,500 and the WPA \$27,014. The new location will place the armory nearer water and sewer connections, reducing the length of pipes which will have to be laid. According to L. R. M. Bynum, Jr., Red Diamond will be used as a drill field by the Service Company of the 120th Infantry, N. C. National Guard.

**At Conference**  
Present at the conference last Tuesday were: Wheeler, Bynum, Harrelson, Dr. W. C. Riddick, dean of the School of Engineering at State, Mayor George A. Iseley, who arranged for the meeting, Commissioner of Public Works, S. J. Ferguson, Commissioner of Public Safety, T. K. Fountain, John D. Spinks, deputy State WPA administrator, and J. P. Brady, assistant director of WPA District Three.

## MEDICAL APTITUDE TESTS TO BE GIVEN HERE SOON

Tests Given By Association to All Students Planning to Study Medicine Next Year

The medical aptitude tests as administered for the past six years by the committee of the Association of American Medical Colleges, will be given at State College on December 4.

Last year the tests were taken by 10,671 students of 624 colleges, and were used by approximately 90 per cent of the approved medical schools of the United States as a factor in the selection of their students. According to the medical schools, these tests have proved very helpful. The test requires approximately one hour and forty-five minutes for giving and will begin at 3 o'clock on the afternoon of December 4 in room 201, Zoology Building. A fee of one dollar from each applicant is required to defray the expenses of the committee.

The attention of all applicants is called to the fact that the test is now one of the normal requirements for admission to a medical school, and that if they plan to enter a medical school in 1937, they should arrange to take the test on the date indicated above. It is not necessary that all premedical requirements be completed at the time the test is taken if the requirements will be completed in time for entrance to medical schools in the fall of 1937. For obvious reasons, the test can be given only once a year. All interested students should see Miss Tucker in room 101, Zoology Building at once.

## ENTRIES INDICATE INTENSE RIVALRY FOR STUNT NIGHT

Discusses Relations

John A. Park, publisher of the Raleigh Times, told members of Delta Sigma Pi last Tuesday night that movies, hot dogs, and airways had done more than anything else towards helping the nations of South America to understand the United States. The publisher recently returned from a tour of South America by way of Pan American Airways.

## PUBLISHER TELLS OF 15,000 TRIP

John A. Park Discusses His South American Trip Before Members of Delta Sigma Pi

General conditions in South America were discussed by John A. Park, publisher of the Raleigh Times in a lecture given before Delta Sigma Pi members Tuesday night in Peele Hall.

The Tuesday meeting was the second of a series held annually by the honorary business and commerce fraternity.

Park recently returned from a 15,000 mile tour of South America. He covered this distance in three weeks via Pan American Airways. Fourteen of the principal countries were visited by the Raleigh publisher.

**Waterways**  
"There are 25,000 miles of navigable waterways in South America," stated Park, "along which are found some of the most fertile valleys in the world. Among the most important industries found in South America are mining, petroleum and nitrate of soda. In the soda-producing regions of Chile, there has been no rainfall since 1928. This is very advantageous as rainfall would literally wash away the predominant industries."

According to Park, the manufacturing of finished products is at present of little importance in South America due to the fact that competing against the well-established industries of North America would be futile. However, the growing of long staple cotton offers great possibilities for agriculture to become a leading industry.

Park concluded his discussion by speaking of the improving relationships between the two continents of the Western Hemisphere. "The extensive use of air lines seems to offer great possibilities for closer contact between the inhabitants of both continents," he said. The publisher believes that quicker means of transportation will focus the eyes of the tourist which had previously been turned to Europe, on the romantic, historical, and natural traditions of South America.

## MILITARY ORGANIZATION PLEDGES SEVEN SENIORS

Bing, Warren, Goad, Ihrie, Allison, Leary, and Pendleton Pledged By Scabbard and Blade

Beginning yesterday at noon, seven senior military students began a three-day period of initiation into Scabbard and Blade which will come to an end Sunday morning, when they will be formally initiated into the organization.

Wednesday night, the pledges were assembled and given their instructions for the remainder of the week. Men pledged by the military fraternity are: J. E. Bing, E. H. Warren, T. G. Goad, Peter Ihrie, T. T. Allison, Jr., W. T. Leary, and C. G. Pendleton. During the period of initiation, the newly pledged men will wear full dress uniforms at all times.

Fourteen Campus Organizations to Vie for Prizes Offered by Blue Key to Winner

TONIGHT'S PEP MEETING  
TO BE SENT OVER WPTF

Local Radio Station to Broadcast Pep Meeting to be Held in Riddick Stadium at 6:15; Regiment to March on Field and Take Part in Massed Cheering During Game; Trophies to be Presented to Winners of Stunt Night and Decorations at Dance

By R. F. COLEMAN  
Friendly rivals will vie again as fourteen campus organization strive to win first place in the fourth annual Stunt Night sponsored by Blue Key at 6:45 in Pullen Hall tonight.

Advanced rumors point toward a bigger and better Stunt Night than ever. Whispers were circulated around the campus yesterday of the activity that the various organizations were planning for the occasion. Even though the advanced reservations had not reached last year's high total of nineteen, the quality of the skits given is expected to more than make up for the lack in numbers.

**Entrants**  
The organizations who at a late hour last night, had made application to be given time on the program are as follows: Forestry Club, Alpha Zeta, Phi Psi, Pine Burr, 30 and 3, Red Masquers, S.P.E., Delta Sigma Pi, Phi Kappa Tau, AICHE, ASCE, Glee Club, and Theta Kappa Nu. There will be a private entry under the direction of Von Appling. A silver cup will be awarded to the winning organization.

Stunt night will follow just after the Pep Meeting held in Riddick Stadium at 6:15 to 6:30 tonight. The Pep Meeting will be broadcast over WPTF, Raleigh.

**Junior C. of C.**  
During the past week, the Junior Chamber of Commerce of Raleigh has sponsored a window decorating contest among the merchants of Raleigh, with seven tickets to the State-VPI game to be given as prizes for the best windows in the city.

The group has also been instrumental in obtaining the broadcasting period from WPTF.

This organization along with Blue Key and Golden Chain have worked untiringly toward the best Homecoming Day ever held at State College.

**House Judging**  
On Saturday morning the fraternity houses and dormitories will be judged as to the decorations. Rain last year prevented the fraternity prize being awarded. This is the first year that a cup has been offered for dormitory competition.

Even tonight, two days before the judging of the best decorated buildings, the respective groups were preparing to put their rivals in the shade by producing a better decorated building.

**Football Game**  
Saturday afternoon will witness a grand spectacle when the ROTC regiment of State College will march en masse in formation on Riddick Field at the beginning of the game to "make the first time that the regiment has formed at a football game in two years. Last year inclement weather prevented the event being staged.

After marching on the field, the regiment will take seats in the center section of the West Stands and during the game will be led in mass cheering by the cheer leaders, headed by Red Dunn. As an added attraction, the entire group will form letters with red and white cards, which have been prepared through the work of Theta Tau, professional engineering fraternity. The battalions have been working all this week on the events for the march on, and with the figures to be executed by the Band and Drum and Bugle Corp, the affair will prove to be most colorful.

**Homecoming Dance**  
After the game with VPI in the afternoon, the Annual Homecoming dance will be held in the Frank Thompson Gym at 9:00 o'clock Saturday evening. Jimmy Poyner and his famous Collegians will furnish the music for the occasion.

Just before intermission, the prizes for stunt night, fraternity house decorations and dormitory decorations will be awarded. The winners of the various awards will first be announced at the game Saturday afternoon.

## "LEST AULD ACQUAINTANCE"

This week-end will witness the return of many of the Alumni to this, the campus of their Alma Mater, and ours. Of this group, there will be some who are returning to State College for the first time in many years; others who make regular pilgrimages to the institution of their advanced study.

Homecoming is, and should be, a great period in the life of the College. It should serve to closer acquaint the students with the Alumni; the Alumni with the students. There is altogether too little contact at present between the students and the Alumni; this is detrimental to the continued service of the institution.

The worth of a college is measured by the success of its Alumni in their respective fields. When the Alumni become of little or no value to their communities, the institution should no longer be allowed the privilege of opening its doors to the youth of the nation. Since the graduates are of such importance to the school, it is only right that the students at large have the opportunity to know them better; to fraternize with them, and to learn their opinions of what a man from State College must be in order to serve as a successful engineer, agriculturalist, textilst, or educator.

An opportunity is offered to the students this week-end to become acquainted with the graduates of our institution. Golden Chain and Blue Key are to be commended for cooperating in offering such an opportunity to the students, and also to the Alumni.

There will be many events of interest on the campus to attract the visitors; the decorated fraternity houses and dormitories, the Homecoming Dance in the Frank Thompson Gym Saturday night, and most of all, the football game with VPI on Saturday afternoon. These attractions serve as a means of interest to call the Alumni back to their old "stamping grounds." The enjoyment of a football game or the pleasure of a dance will never last as long, nor prove as valuable as a warm friendship.

We enjoin both Alumni and students to make the most of the opportunities offered. Become acquainted with each other! The two groups should not be separated, but should form one integral part of the institution. When Homecoming serves to renew friendships, to form new ones—then, and only then, can it be adjudged an unqualified success.

R. F. C.

## FOR BETTER SERVICE

To anyone who has been caught in a milling jam of people who throng one of the Carolina Power and Light Company's buses during a rush hour, bus travel is rendered exceedingly distasteful. In many instances, a bus which was built for a capacity load of only 18 is crowded to the limit of human endurance by numbers varying from 30 to 45 in some instances.

We know that it is impossible to accurately forecast the peak crowds that will travel by bus, but we do believe that some provision should be made for rush hours, for the company holding the franchise may be giving transportation at such times, but it certainly could not be called rendering service. College students might put up with being jammed in a bus like sardines, but they do not like it any more than anyone else, and any steps the Carolina Power and Light Company could take to alleviate the jams would certainly be appreciated by them.

## ARMORY SITE

It is fortunate indeed that city, State College, and WPA officials were able to satisfactorily compromise the locating of the new armory and community building. It is unfortunate that the college waited to protest the building of the armory on the location that was originally surveyed for it until after work had already started and several beautiful trees had been cut down.

There seems to be little reason for the college officials' wait before they actually moved to block the building, because the project had been planned for some time. However, it would be much better to lose the trees that have already been cut down than to have the new armory facing Holladay Hall. The view across the lawn and into the grove of trees from the front of the administration building is one of the prettiest that the campus possesses. Any type of building that would be erected there would definitely not fit in with any future schemes the college might have for landscaping the campus.

The location decided upon by the officials is much better in many respects. In the first place, it is nearer to Red Diamond where the national guard troops plan to drill, and is nearer to water and sewer connections. In the second place it is much more suitable for the placing of the armory. It was, therefore, a fortunate compromise for all concerned that decided upon the new location farther back from Hillsboro Street.

## A WORD OF APPRECIATION

The letters received during the past week from those who heard the Hello Week broadcast should make the college appreciate more and more the co-operation that has been given it by radio station WPTF. The Raleigh station is also going to broadcast the pep meeting in Riddick Stadium tonight. A few weeks ago, the station broadcast the Founders Day banquet sponsored by 30 and 3 and Pine Burr.

These services were rendered to the college courteously and without charge. They have aided a great deal in keeping college activities in the eyes of the general public, and after all, this is a public institution.

We should just like to let WPTF know that State College deeply appreciates the courtesy and co-operation shown, and that we hope other programs can be arranged in the future that will be of interest to State College alumni, and to others who would like to keep in touch with the college.

## HERE and THERE

By DICK MACKENZIE

I noticed that Professor Archibald Henderson is a firm believer in the theory of relativity—Now that we know what he believes, I would like to know just what he believes.

When "Red" Dunn called the ROTC boys a bunch of "rotty head bratts," he at once acquired a new nick name—"Knob Head" Dunn.

T. T. Allison is the latest man of the week. . . The newest addition to his car is a cigarette lighter which produces a cigarette lit and ready for use. . . Tommy even wanted some one to smoke it for him.

The latest in giving commands goes to Major Kutschinski. When in need of a command last week he gave, "The Music Goes Round—March!" Maybe the time will come when the command will be "Hit Parade—March!"

And while feeling musical, I was wondering if King Edward VII is singing "My Kingdom For a Kiss."

Everyone is wanting to know more about Akers Moore's double life.

We regret to hear that "Doc" Sernon is ill and unable to attend basketball practice. We hope that he will have

a speedy recovery and return to his coaching activity.

When "Ed" Quintard left his new military hat in THE TECHNICIAN office Thursday afternoon, some fellow tried it on and was lost from civilization temporarily. . . Wonder what he has the big head over?

## ANNOUNCEMENTS

There will be a business meeting of the Radio Club at 6:45 Friday night. H. Joltz, President.

There will be an orchestra rehearsal in Pullen Hall on Tuesday at five o'clock.

The Glee Club will hold its regular meeting in Pullen Hall on Tuesday and Wednesday at 6:30 p.m.

The State College Grange will meet Monday night at 7:00 in Room 205, Polk Hall.

## - It's a Light Smoke!

FOR BIG MOMENTS  
— A Light Smokel

Wedding bells — exciting times, with lots of smoking. Consider your throat and reach for a light smoke . . . reach for a Lucky!

## When Thrilling Events Lead To Constant Smoking!

When you're excited . . . nervous . . . happy and thrilled, you smoke many cigarettes without thinking about it. Make your choice a light smoke. Smoke Luckies—for Luckies are a light smoke of rich, ripe-bodied tobacco. They are made of the center leaves of the finest tobaccos that money can buy. And they are the only cigarette in which you'll find the all-important throat protection of the "Toasting" process. Yes, the only cigarette. Lucky Strike . . . the fine-tasting cigarette . . . the cigarette that "Lives happily ever-after" with your throat.

## ★ ★ "SWEEPSTAKES" FLASH! ★ ★

17 Winners in Alaska and Honolulu!

Eleven men and women in far off Honolulu and six way up north in Alaska know their popular music so well that they have been able to name the top ranking songs in Your Lucky Strike "Sweepstakes" 1-2-3 — just like that. Congratulations . . . and good luck to the many other far-away "Sweepstakes" fans.

Have you entered yet? Have you won your delicious Lucky Strikes? There's music on the air. Tune in "Your Hit Parade"—Wednesday and Saturday evenings. Listen, judge and compare the tunes—then try Your Lucky Strike "Sweepstakes."

And if you're not already smoking Luckies, buy a pack today and try them. Maybe you've been missing something.

OF RICH, RIPE-BODIED TOBACCO — "IT'S TOASTED"

# Homecoming Game Brings VPI Here as Opponent For State

## Wolfpack Favored to Add Another Victory to Record

Improvement Against Furman Looked Upon As Definite Sign of Team's Being "Right"

GAME IS 21ST MEETING OF CLUBS OF TWO TECHS

Virginia Tech Has Edge in Number of Victories With Score of 12-5 and Three Ties

After finally hitting its stride in the Furman game last week, the State College Wolfpack will continue its competition in the Southern Conference when it meets VPI here tomorrow afternoon at 2:30 in Riddick Stadium in State's homecoming game of the season.

**Pack Should Win**  
State should come through in a big way against the VPI club. While neither team has a record to boast about, the Pack is definitely on the upgrade as was shown by the exhibition put on at the Furman game.

To date, the Pack has a record of two wins and three losses, the same record as is boasted by the Gobblers. State licked Elon, 12-0, and Furman, 27-0, and dropped tilts to Davidson, 6-2, Wake Forest, 9-0, and Manhattan, 13-6. The Gobblers started off with a win over Roanoke, lost to Clemson, Maryland, and South Carolina, and won over William and Mary in a tilt coming between the Maryland and South Carolina contests.

Feeling just a bit on the fed-up side after seeing three football games in a row last week-end... Started off by covering the Raleigh-Columbia High School game Friday night... That drop of rain that leaked through the covering of the press box and kept hitting me in the back of the neck didn't help matters any... Saturday afternoon I saw Duke hit Tech... And then Saturday night had my nightcap with the State-Furman game, the best of the whole week-end... Seems to me that the boys at last came out of the fog and played football... And did they play football!

**Ancient Rivalry**  
Quite a rivalry was waged in the old days between State and VPI. The meeting of the two teams this year will be the 21st in the series. The relations were started in 1900, and were only broken for short intervals between 1900 and 1925. After 1925, the schools did not meet for the next nine years or until the Gobblers took the measure of the Wolves, 7-5, in 1934. State won last year, 6-0, when Charlie Gadd intercepted one of Dickerson's aerials and trekked 30 yards for a touchdown.

**Last Game**  
14 seniors will be playing their last game in Riddick Stadium tomorrow. Captain Mac Cara, Roger Mass, Russell Nicholson, Al Edwards, Carl Goode, Alex Regdon, Herb Kirschner, Odell Smothers, Frank Kubisa, Eddie Jaskwicz, Nick Hayden, Howard Bards, Phil Davis, and Joe Ryneska are the boys who are playing their final game for State. Mason Bug is a senior this year, but the Angler boy has another season of varsity work before him if he comes back.

**Tickets**  
If you are planning to attend the State-Carolina game next week at Chapel Hill it might save you money to read this article, be your student or member of the faculty.  
Members of the faculty can secure tickets for themselves and their wives at \$1.00 each from Mr. Von Glahn at his office in Holladay Hall.  
Student tickets are to be secured at Chapel Hill on game day. A special booth has been provided at Gate 2, North Side, and it will be marked to avoid confusion.  
Upon reaching the booth State students must present registration card and 50 cents for a seat in Sections 4 or 5. Carolina officials have requested that students have the right change in order to avoid delay in handling the tickets.  
Should State students desire to take guests, regular price tickets of \$2.20 can be secured at the same booth.

## YEARLINGS MEET CAROLINA TODAY

Techlets Risk Clean Slate in Engagement With Tar Babies in Kenan Stadium

Cowboy Robbinson's freshman outfit will risk its clean slate this afternoon when it tangles with the Carolina Tar Babies at Kenan Stadium.

The game should be a tough one for the Techlets, as the Carolina team has looked impressive all fall and last week defeated the Wake Forest yearlings, 33 to 0. The State trosh have chalked up a victory over Belmont Abbey and two weeks ago tied the strong Duke Imps, 0 to 0. Bob Warren will be trying to gain his sixth victory over the Babies in his eighth year regime as mentor at State College.

The Warrenties have been pointing to this game for two weeks and should be in good shape for the clash. They will be ably reinforced by the return of halfback Bob White, who was injured in the Duke game. The outstanding weakness of the team is the need of tackles and Warren has been shifting the line in an effort to strengthen those two important positions. The team has shown plenty of spirit and the practices have been featured so far by the fight between Gardner and Lozier for the fullback assignment.

A rather peculiar situation will take place during the game when the Techlets use Carolina varsity players exclusively against the Tar Babies. Warren's team has been running Heel plays for the past two weeks to prep the Wolfpack for their game with Carolina on the thirty-first of this month. Naturally, this is liable to cut down the Techlets' chance of victory.  
The probable lineup for the Techs will include: Sullivan and Spivey, ends; Tatum and Retter, tackles; Stuchman and Savini, guards; Krynak, center; Di Yesso or Sabolyk, quarterback; East, White or Feibey, halfbacks; and Gardner or Lozier, fullback.

... Duke to lick Tennessee... Maryland to down Syracuse... Tulane to trounce Carolina... Washington and Lee to defeat Virginia... VMI to out-score Richmond... William and Mary to collect Roanoke as scalp... Davidson to uphold the honor of the Old North State and take Citadel... Furman to lick Mercer... Wake Forest to take George Washington... See ya next week.

## Hits Stride

Cowboy Robbinson finally hit his stride in the Furman game last week. The Cowboy appeared to be the range-riding halfback of old as he slid through the arms of numerous tacklers of the Purple Hurricane.

## Wrestling

Intramural managers who have not already done so, should get wrestling teams organized and have entries in the office of Johnny Miller, intramural director, by Monday.  
The preliminary matches will be held Tuesday and Wednesday nights. The fraternity matches will be held Tuesday night, while the dormitories will clash on Wednesday night. Two matches will be carried on at once. Referees will be Red Troxler and Bill Bell, co-captains of the varsity wrestling team.  
Candidates for freshman and varsity grappling teams will not be eligible and no entrant will be accepted until a doctor's OK on his heart is obtained. A medical examiner will be at the infirmary any afternoon between four and five for this purpose.

## The Awakening

Average length punts	42.4	32
Yards punts returned	13	26
Yards kickoff returns	78	0
Fumbles	2	1
Fumbles lost	1	1
Yards lost penalties	85	115

**The Awakening!** That describes just what happened last Saturday night as the State College Wolfpack snapped out of the daze that carried it through three losing games and scored in every period to decisively trounce the Furman Purple Hurricane, 27-0, under the lights of Riddick Stadium.

From the beginning it was easily seen that a new Wolfpack had taken the field that night. The Furman kickoff went over the goal and the Pack started on its own twenty and marched eighty yards for its first touchdown with Joe Ryneska doing the scoring. Alex Regdon added the point.  
In the second period, State took the ball on its own 47 after an exchange of kicks, and counted when Robinson passed to Bards for the score. Regdon missed this time. The touchdown was the first that Bards had ever made in college.

## Bonfire

The first clash of the year between the freshman and sophomore classes will start this afternoon at two o'clock when the race to see which can gather the biggest pile of combustible refuse and place it on Red diamond by eight o'clock will get underway.  
The contest will be under the sponsorship of the Monogram Club and the members of said club will be in charge of the event to see that the following rules are enforced:  
1. The material cannot be brought to Red Diamond until after two o'clock today.  
2. The contest ends immediately after "Stunt Nite."  
3. All material placed upon the field must be combustible.  
4. No material shall be gathered around the shops, Riddick Field, or the gymnasium.  
The winning class will have its numerals raised upon a flag in Riddick Stadium during the hall.

Edwards, sub tackle, recovered for State. Andy Pavloevsky picked up 13 yards through center, and then hit the line twice more for the Wolves' last touchdown. Alex Regdon made it two out of three extra points by converting.

## Exciting Games Played in Week

Kappa Sigs Score on Interception On Kickoff to Defeat Lambda Chi, 7-0  
On 1911 Field Wednesday afternoon of every break they got, beat the Lambda Chi's by a score of 7-0. The only touchdown of the game came when Morrison of the Kappa Sigs intercepted a lateral pass on the kickoff and ran for a touchdown. Koella made the extra point. From then on it was touch and go between the two teams with frequent passes by the Lambda Chi's from Pastore to Miller. The Lambda Chi's would have scored but for frequent interceptions. On the whole, however, the two teams were pretty evenly matched.  
3rd 7th was beaten by Fourth to a score of 6-0. A pass from Tyron to Spruit for thirty-five yards accounted for the lone score of the game. Tyron's running featured throughout the game. 3rd South, with a hard playing team, smothered Sixth Dorm by a score of... (Please turn to page four)

# BITTER ATTACKS MADE BY PARTIES

### Columnist Notes Obvious Untruths Promulgated by Both Political Parties

By JOHNNIE BING

With the time drawing near when Mr. and Mrs. John Q. Public will begin to descend upon the polls in that great American sport, electioning, fantastic tales flow from the headquarters of both major parties. It becomes increasingly hard at this time to differentiate between what to lend credence to, and what to take with an extra large grain of salt. Why political propagandists believe that their brand of slightly balmy will leave a lasting impression on the people, I don't know. Some of them are so obviously scary and sensational that they are absurd. The Republicans claim that the Democratic administration is a socialist regime and that we stand on the threshold of chaos and economic rot. They say that it is but a step to communism, and shriek to high heaven over the apparent destruction of our fair land. Well, "two" and "too" are pronounced alike, but do they mean the same? I don't believe any politician would be dense enough to believe that any form of "ism" rule in this country would be allowed. Our nation was founded on the individual, and that thought is so ingrained in our souls that it will never be supplanted.

**Recovery or Revolution**

On the other hand, the Democrats ask, "Recovery was cheaper than revolution, wasn't it?" Now, isn't that just as absurd? This country has been in no danger of being engulfed by revolution. In fact, the last revolution we had was in '76, the Civil War being secession. Have we had any bloody riots where numerous participants were injured or slain? Have we had uncontrollable mobs of hungry citizens flare in sanguinary wrath, and shoot down in cold blood the wealthier people, dragging them from their tables to do so? Have we had concentrated shouts demanding equality from a despotic government? Oh, we've had our bonus marches, hunger marches, and strikes, but for the most part, they were composed of the type of people easily swayed by "sensationalists" who were playing a crafty part, or fanatics believing themselves to be the leader ordained from above. Tear apart each strike and march since 1932, and you will see at the bottom some ulterior motive springing from the capitalistic system, the foundation of our country. Yet, Mr. Farley, minister of propaganda, has pictured the United States without Roosevelt as a nation of cities with gutters running with blood, and rivers turned crimson, while vultures circled above the untold thousands dead. He hasn't said that in so many words, but that's what his campaign question implies. Silly, isn't it?

### Exciting Games Played in Week

(Continued from page three)

14-0. 3rd South was one of the best dormitory teams yet seen and is bound to go places.

1st 1911 beat 1st Watauga by a score of two first downs to one. As no score was made in this game the team which made the most first downs won. Smith, Forsythe, and Peterson starred for 1st 1911, while Richardson, Dunagan, and Boney took the stellar parts for 1st Watauga.

1st South was outplayed by Fifth Dormitory to a 13-0 score, 5th Dorm had five first downs to 1st South's none.

Pi Kappa Phi's brilliant passing attack, displayed last week, did them no good against the powerful Sigma Nu team, which this week beat the Pi Kappa Phi team 6-0.

### Homecoming Dance Sponsors

MISS CORA CRADDOCK • MISS MARGARET CLARKE • MISS BECKY WILLIAMS

Sponsoring the dance in the Frank Thompson Gymnasium tomorrow night will be Miss Cora Craddock of Lynchburg, Virginia, with Clarence Gale, president of Blue Key; Miss Becky Williams of Raleigh with A. R. Blackburn, president of Golden Chain; and Miss Margaret Clarke of Monroe, Georgia, with Fred Gore, chairman of the Dance Committee. The dance will bring to a close the activities of Homecoming which is jointly sponsored each year by Blue Key and Golden Chain.

### Listening In

By THE DIALEK

In all these many weeks that I have written up this condemnation of what's what on Radio Row, I have dealt mainly with orchestras, and noted artists of the air waves. I would like to take this opportunity to pass on to you a new discovery on my part, a program that I had never heard of until recently, and a new type of master of ceremonies. Now, this program may be known to you, but to me it's entirely new and one of the most interesting I've ever had the pleasure to tune in on. Down in Atlanta, station WSB, this man starts the day off at 5:55 six mornings a week. His name is Smithgall, "Old Man Smithgall's Son, Charles." He is the conductor of WSB's Morning Merry-Go-Round, and keeps the southeast laughing for an hour and five minutes with a highly original presentation which apparently has no rhyme or reason-

but gets there with a bang. He is the proprietor of a program known as a "shared sponsorship" and sings (or mumbles) the praises of some ten articles of merchandise rather than just one. He is no salesman at all; he'll tell you so. He just plays some phonograph records and sound effects and talks with the listeners, occasionally reading a commercial plug he has dashed off in his own somewhat off-hand style. The trick there, however, is that he has never lost a sponsor during a series and he gets more mail than any other act on the Atlanta station. His record to date is two thousand letters in one week. And that really is a record big-time artists might well envy. Mr. Smithgall has large plans for the future, and he will never be content until he makes one of the networks, and one of these days he will. When that happens, look out! A man that can cheerfully get up at 4:45 each morning has got what it takes.

Homecoming  
Concluding the activities of Homecoming week-end will be the dance sponsored by Blue Key and Golden Chain to be held in the Frank Thompson Gymnasium tomorrow night from 9 until 12. Tomorrow night's dance will be the first to be given in the gymnasium this college year, and a large number of alumni and parents of the students are expected to be present besides the student attendance. During the dance, the presidents of Blue Key and Golden Chain will present trophies to the head of the organization putting on the best stunt at tonight's Stunt Night, and to the president of the dormitory and of the fraternity which is judged to have the best decorations for Homecoming. Admission to the dance will be by bid and script, and bids may be secured from any member of Blue Key or Golden Chain. The dance will be informal. Jimmy Poyner and his Famous Collegians will play. This orchestra has played for Homecoming dances here for the past three years. Chaperones for the dance will be: Colonel and Mrs. C. S. Caffery, Colonel and Mrs. J. W. Harrelson, Major and Mrs. Kenneth G. Althaus, Major and Mrs. Thornton Chase, Major and Mrs. R. E. Jones, Major and Mrs. B. W. Venable, Dr. and Mrs. R. R. Sermon, Dr. and Mrs. E. E. Randolph, Dr.

and Mrs. A. H. Cooper, Dr. and Mrs. E. McNeill Poteat, Dean and Mrs. E. L. Cloyd, and Dean and Mrs. Romeo Lefort.
