

Seniors Donate \$1,000 for Clock

WILL COST \$1,300

Seniors Vote Yesterday To Donate Greater Portion of Sum Needed to Install Clock in Memorial Tower; Treasurer Bowen Expected to Raise \$300 Balance

At the meeting held yesterday at 12 o'clock in the Y auditorium, the Senior Class accepted the recommendations of the committee on the class gift to the school, which is the installation of a clock in the Memorial Tower.

The clock, which is to be installed by the International Business Machine Corporation, will cost \$1,300, of which the Senior Class will raise \$1,000. In order to raise the money which the class pledged, it will be necessary for each senior to pay \$3. It was decided to let A. F. Bowen, clock treasurer, collect the money. Mr. Bowen will raise the other \$300.

Dean Glynn made a report on the recommendations of the committee. He wrote several other schools, which have installed clocks, for their recommendations, and it was decided that the contract should be awarded to the International Business Machine Corporation.

Prof. C. L. Mann, one of the members of the Memorial Tower Committee, gave a short history of the tower, and stated that it represents the finest type of architecture of today. He also stated that the tower committee, as well as Mr. Dacy, the architect, has approved the clock which the Senior Class decided to present to the school.

Dean Harrelson told members that he will give \$3 toward installing the clock, inasmuch as this is the first class to complete its four-year course under his administration.

Squander Millions For Road Repairs

Head of Geology Department Says Fortunes Squandered On Highway Upkeep

Dr. J. L. Stuckey, head of the department of geology at State College, declared yesterday that North Carolina had lost millions of dollars in highway repairs because of its lack of understanding of geological problems.

Speaking yesterday afternoon to engineers, students and faculty members who attended the one-day institute for engineers, Dr. Stuckey addressed a group of more than two hundred people.

Dr. Stuckey said that North Carolina is in crying need of a well-supported and active geological survey for the development of the State's vast and relatively unknown mineral wealth. He claimed that such a survey would result in reducing the high cost of road repairs.

Poor foundations rather than a faulty construction are primarily responsible for the failure of roads and highways, he said.

Baptist Students Hold Convention

Wm. Hall Preston, Secretary Student Work, Leads Group In Discussions

In order to increase the number of Baptist students attending the churches in Raleigh, the State College Baptist Student Union during the past week presented an extensive program under the direction of William Hall Preston, associate secretary of the Student Work of the Southern Baptist Convention.

Beginning with a special service in Pullen Hall on Sunday night with the B.S.U. in complete charge of proceedings, the Baptist students held various meetings throughout the week. Conducted jointly by the State and Meredith College chapters, meetings were held each evening in the Y.M.C.A. and Preston, assisted by Rev. W. P. Crouch, secretary of Christian Education, spoke to the gatherings.

At the January registration all Baptist students were listed with the names of the Raleigh churches they preferred, and these lists have been sent to the respective churches.

LECTURE SERIES ON ENGINEERING COMES TO CLOSE

Dr. D. C. Jackson, World Authority on Engineering, Will Deliver Final Talk In Series for Students Saturday Morning; Has Lectured To Large Crowds During the Past Week

Engineers from the two Carolinas are on the State College campus to observe Engineering Week this week, which consists of a series of institutes, meetings and lectures devoted to the study and discussion of engineering problems.

A three-day institute for surveyors began Monday and continued through Wednesday, and a one-day institute for engineers was held yesterday. Numerous engineers from all sections of North Carolina attended these institutes, which were devoted to a series of lectures on engineering subjects and problems.

The annual meeting of the North Carolina Society of Engineers convened this morning with headquarters at the Sir Walter Hotel and State College. Dr. D. B. Steinman, consulting engineer of New York City and one of the most brilliant men in his field in the nation, will address the engineers this afternoon at a meeting to be held in the Sir Walter Hotel.

Dr. Eugene O'Brien, editor Southern Power Journal, will address them tonight at the annual banquet of the North Carolina Society of Engineers.

Dr. Dugald C. Jackson, nationally famous engineer and educator, has been delivering a series of lectures at State on civilization and engineering and his final lecture will be tomorrow morning at 9:00 o'clock in Pullen Hall. His topic will be "Present Relations and Future Outlook of Engineering and Civilization."

Surveyors Finish Three-Day Study

Institute Designed To Bring Together Surveyors for Period of Studying

Thirty-nine surveyors attended the surveyors' institute held on the State College campus from last Monday through Wednesday.

The institute was designed to bring together a specific group interested in a common subject for a period of intensive study so that the men could keep up to date and become more proficient in their work. The institute was sponsored by the civil engineering department and the College Extension Division.

Attending "students" attended a series of lectures presented by the faculty of State College and prominent engineers, including one midnight "laboratory" that was in connection with Prof. Harry Tucker's course on the true north line. Courses in the purely technical field of surveying and in the economic-legal aspects of the profession were presented. Each evening, the men attended lectures on civil engineering and by Dr. Dugald C. Jackson, professor emeritus of electrical engineering at the Massachusetts Institute of Technology.

The faculty included J. W. Harrelson, dean of administration; W. C. Riddick, dean emeritus of the school of engineering; Dr. D. C. Jackson, O. B. Dexter, director of the State Geodetic Monument Survey; J. M. Slink, Jr., assistant trust officer, Security National Bank, of Raleigh; A. F. Greaves-Walker, professor of ceramic engineering; C. M. Heck, professor of physics; J. L. Stuckey, professor of geology; E. W. Ruggles, director of the College Extension Division; W. C. Van Note, assistant professor of chemical engineering; C. L. Mann, professor of civil engineering, and other members of the civil engineering department.

The institute was considered a great success and plans are now under way for another institute next year, but on a larger scale.

LIFE SAVERS

The State College Life Saving Corps, which met last night in the College Cafeteria, has decided to have regular meetings the first and third Thursdays of each month hereafter. The meetings will be held at 8:30 p. m. in the Y.M.C.A. Richard Clark, captain of the corps, requested "all the members be present at the next meeting. We have important business; a swimming party, and a picture, so please be there." The meeting will be held February 3.

Freshman Officers Elected Yesterday

Over five hundred freshmen went to the polls in Pullen Hall auditorium yesterday at noon to elect the men above into power for the balance of the current year. Left to right they are: Everett Carter of Raleigh, president; W. D. Hawfield of Concord, vice president; W. A. Thompson of Charlotte, Student Council representative; and William F. Morris, Jr., of Raleigh, secretary-treasurer.

System Faces First Test As Council Begins Moves

WANT STUDENT VIEWS

Student Government Offices Opened To All Who Wish To Criticize or Offer Suggestions on Honor System Next Week; Plans Not Completed; Idea Must Travel Thorny Path Before It Becomes Law

By SCOTT BOWERS

Students will next week have their first opportunity to express themselves on the proposed restructure of the honor system on the State campus as the ponderous machinery necessary to substitute the new system is set in motion.

J. C. Frink, president of the Student Body, announced last night that the Student Government offices would be open from five to six o'clock, beginning Monday and continuing through the week. "Students interested in the system should come by and discuss it as soon as possible, whether they are in favor of or against it," urged Frink.

This is the first step in the red-tape-tangled process through which the plan must go before it is adopted. Following is an outline of the steps as given by Frink, which may eventually make the plan a law:

1. Students must express a desire for the system and guarantee their cooperation in carrying out its principles.
2. The plan must be accepted by the Faculty Council.
3. The plan must be accepted by the Student Body.
4. The Student Body must vote for it.

No system has been drawn up, but the council is studying the plan for consideration and expressed by Tom Killefer, president of the Student Body, in a NBC broadcast on January 12, when he commented on the stand of the National Student Federation.

Killefer said, "We have no proctors during examinations at Stanford. When examination rooms seem too noisy or crowded, we may take our papers to the library, or do our work at home. This system—Continued on page 4.

Questions . . .

- For correct answer please turn page 10.
1. Who is the captain of the 1938 basketball team?
 2. What company manufactured the new generator at the power plant?
 3. Who's hand is going to play for mid-winters?
 4. How many national social fraternities are there at this college?
 5. Who is custodian of the gymnasium?
 6. Where was Dean Van Leer located before coming to State?
 7. What percentage of the total number of cigarettes are made in North Carolina?
 8. Where was three nicknames often applied to North Carolina?
 9. From what hill was the first airplane flight made?
 10. Who has been giving lectures in Pullen Hall each night of this week?

Freshmen Elect Class Officers

BRONSON TO HEAD BLUE KEY REGION OF THREE STATES

To Direct Blue Key Activities Of Chapters In Eight Colleges In North Carolina, South Carolina and Georgia

J. G. "Pete" Bronson will direct the activities of all chapters of Blue Key, national honorary leadership fraternity, in the states of North Carolina, South Carolina and Georgia, according to an announcement made Tuesday by the National Administrative Council, governing body of the fraternity.

Bronson, who is president of the State College chapter of the organization, has been made director of Region II, which is composed of eight colleges and universities in the three states. The individual chapters are: N. C. State College; Clemson College, S. C.; Presbyterian College, Clinton, S. C.; Wofford College, Spartanburg, S. C.; University of South Carolina, Columbia; Mercer University, Macon, Ga.; Oglethorpe University, Oglethorpe, Ga.; University of Georgia, Athens.

The division of the United States into regions for the government and management of Blue Key has only recently been made. The sectioning was made by the National Administrative Council and B. C. Riley, national executive officer of the fraternity, who was a visitor on this campus in early November.

There are nine regions, the director of each appointed by the Administrative Council. The director will serve until such time as one can be elected by the chapters in the region.

Bronson has the honor of being the first director of Region II.

Italian Sings To Big Crowd

Armless Lyric Singer Entertains Large Crowd With Excellent Renditions

In the YMCA auditorium Thursday night at seven o'clock, Giovanni Sperandio, lyric tenor, accompanied by Eisele Carl Sperandio, pianist, presented a program consisting of a variety of songs, poems and a brief story of his life.

Sperandio sang several classical selections, some hymns, songs from various operas, and a few well-known American compositions.

The story of Sperandio's life is one of a great struggle against unbelievable odds. In boyhood he lost both hands in an accident. In spite of this, he has learned to feed himself, dress himself, and to live a normal life. He has gone through high school and college and holds a master's degree from the University of North Carolina. He has appeared in churches, high schools, and colleges in many leading cities.

Six Men Inducted Into Mu Beta Psi

Musical Fraternity Initiates Members of Glee Club, Band and Orchestra

Mu Beta Psi, honorary musical fraternity, held a formal initiation ceremony on Wednesday night at which time six men were admitted to membership in the fraternity in recognition of their service in the State College musical organizations.

The men initiated were: Walter L. Chambers, '38, James E. McCall, '39, and Russell C. Penny, '39, representing the Glee Club; and Clyde H. Cantrell (honorary), John F. Gilmore, '39, and Thomas F. Parks, '39, representing the band.

"Bill" Thorn, president, announced that among other projects, Mu Beta Psi will sponsor a number of mid-winter concerts, the first of which will be a Chamber Music Recital on Sunday afternoon, February 6, by the Raleigh String Quartet. Further details of which will be announced next week.

The Glee Club, the 30-piece symphony orchestra, and the Concert Band are in fine shape, and each of these organizations will be heard in concert in the near future.

SECRET BALLOT

More Than Five Hundred Freshmen Gather in Pullen Hall To Elect Class Officers; None of Elections Very Close; Election Climaxes Three Weeks of Spirited Politics

Voting in a secret ballot, 508 members of the Freshman Class yesterday swept their choices into office, as the opposing candidates climaxed their political campaigns which they have been waging for the past three weeks.

The officers elected were: W. E. Carter, president; W. D. Hawfield, vice president; William F. Morris, Jr., secretary and treasurer; and W. A. Thompson, Jr., student council representative.

All of the successful candidates except the student council member are enrolled in the School of Engineering. The representative is a textile student.

Carter, a Raleigh boy, and a ceramic engineer, defeated P. D. Kaley of the Textile School, in the presidential race. F. M. Clements, R. H. Watts, and W. E. Adams were the unsuccessful candidates for vice president, secretary, and council member, respectively.

Following are the unofficial returns:
For president: Carter, 284; Kaley, 179.
For vice president: Hawfield, 286; Clements, 222.
For secretary-treasurer: Morris, 286; Watts, 172.

For student council: Thompson, 256; Adams, 206.
Hawfield, a chemical engineer, is from Concord, while Morris, another Raleigh boy, is taking mechanical engineering. Thompson is a textile freshman from Charlotte.

IRC To Visit UNC To Hear Capitalist

State Club Will Hear Tom Girdler of Republic Steel Next Monday

Members of the State College chapter of the International Relations Club have accepted an invitation from the Carolina Political Union of the University of North Carolina to attend a meeting of the union next Monday night at eight o'clock in Memorial Hall at Chapel Hill where T. M. Girdler, chairman of the board of directors of the Republic Steel Company, will present the "Employers' Viewpoint" of the current labor-capital conflict.

The entire chapter of the I.R.C. will charter a bus and a cost of fifty cents per member and attend as a unit. Stephen Sailer, president of the club, has called an important meeting at the regular assembly room in Pullen Hall on Monday at 1:30 p.m. for the purpose of discussing plans for the trip. All those planning to attend are urged to be present.

Organized at State last year, the club has become one of the best organizations on the campus. Under the direction of its present officers and with the expert assistance of Prof. David A. Lockmiller, faculty adviser of the club, members have drawn up a program which includes several national figures as speakers at the meetings of the club in the near future.

BIRTHDAY BALL MONDAY NIGHT

Dance to be Held in Raleigh Memorial Auditorium; Three Orchestras To Play

The annual President's Birthday Ball will be given in the Raleigh Memorial Auditorium on January 31 from 7 until 11 p.m.

Music for dancing will be provided by Dean Hudson and the Florida Clubmen, Gordon's Pennylvanians now playing at the Sir Walter Hotel, and the Raleigh Square Dance Club orchestra. A special floor show is also scheduled for the evening.

The Press Is Unbiased . . . ?

THE outbursts of "booning" which resounded through spacious Frank Thompson Gymnasium the night of the Wake Forest-State basketball game found their way into North Carolina homes by means of the radio and the press.

LISTENING IN

Yowzah, two weeks ago on Wednesday night the airplanes were once more filled with the familiar "Yowzah, folks this is the old maestro and all the ladies."

GLEANINGS

I was wondering if this combination wouldn't work. . . Instead of saying, "As you sow, so shall you reap," substitute in its place a nice little proverb something like, "What you sow, 'The Technician' will glean."

Don't Lose Your Spirit!

YOU have been accused in the newspapers and over the radio of having shown poor sportsmanship at the recent basketball games, but we know that the condition is not as bad as it has been made to appear.

Raleigh Citizens Could Help

WHAT is the feeling that exists between the people of Raleigh and the students of State College?

OPEN FORUM

Last Wednesday night I talked to some fellows about the lectures the "Y" had sponsored in cooperation with the North Carolina Convocation of Churches.

In Memoriam: Professor Robert E. Lee Yates

With the rest of the College, including the entire body of its alumni, with the City of Raleigh, with other hundreds scattered afar, State College Chapter of Phi Kappa Phi is mourning the death on last Christmas Eve of an honored member, Robert E. Lee Yates, professor emeritus of mathematics.

Want To Live In a Dormitory?

IF you like dormitory life and haven't as many credit points as you have credit hours carried, then you had better get busy and study because Colonel Harrelson said yesterday that students deficient in credit points could not live in the dormitories next year.

Another Bouquet to 30-and-3

MANY students and townspeople have commented on your splendid service to the visiting teams that come to this campus to meet our athletic teams.

Tar Heel Five Humbles Techs

There will be a special meeting of the A. S. C. E. at 7:00 p.m. on Monday, January 31. It is important that all members participate.

HERE'S YOUR CHANCE

Below THE TECHNICIAN is running, for the convenience of its readers, the official ballot of that unusual honorary fraternity, Alpha Sigma Sigma.

BALLOT Alpha Sigma Sigma - Donkey Fraternity -Vote for THREE Students-

. . . and Answers

- Answers to questions on page one. 1. Connie Mac Berry. 2. Elliott. 3. Reggie Childs. 4. Fourteen. 5. Oscar Glindmeier. 6. University of Florida. 7. Seventy per cent. 8. Tar Heel State, Old North State and Turpentine State. 9. Kill Devil Hill at Kitty Hawk, North Carolina. 10. Dr. D. C. Jackson.

Cagers Tangle With Blue Devils Here Tuesday Night

Terrors Preparing To Reap Vengeance For Carolina Loss

Sermon Drills Varsity Basketball Daily Seeking to Break Into Win Column With Victory Over Strong Duke Quintet

By STEVE SAILER, Technician Sports Editor

Still smarting from the 29-31 defeat handed them last Tuesday night by the rough and tumble Carolina quintet, "Doc" Sermon's Red Terror basketballers have been going through their practice sessions with a business-like vengeance in preparation for the traditional meeting with Duke here on February 1.

The varsity cage squad went through a rigid drill on Wednesday with emphasis being placed on passing and shooting, two glaring weaknesses so evident in the Carolina game. "Doc" divided the players into two teams, the "reds" and the "whites," and scrimmaged them for more than two hours, halting the proceedings several times to make necessary corrections and to offer helpful hints.

Varsity Red-Hot

The "reds," composed of Hill, Mann, Berry, Jones and Berlinski, ran roughshod over the reserves, dropping in shots from every conceivable angle. The "whites" attack was halted time after time by brilliant interceptions which were efficiently converted into scores. The varsity attack functioned like a well-oiled machine and gave every indication of being fully recovered from its sudden slump.

The Terrors were given a well-earned rest yesterday, but will resume their drills today and tomorrow, tapering off on Monday with a light workout. The cage squad is pointing grimly for its contest with the third-place Blue Devils as a win Tuesday night will put State back in first running for state and conference honors.

Record Turnout Expected

The game Tuesday night is expected to draw a capacity crowd of basketball enthusiasts as the outcome will have an important bearing on the Big Five standings. Duke has come up with a better-than-average ball club this year. Observers who have seen both aggregations in action during the current court campaign say that the boys from Durham are head and shoulders above the Carolina five but lack the latter's incredible luck.

State College authorities stated that seating accommodations will be provided for approximately 4,000 persons.

Big Five standings to date:

	W	L	Pct.
Carolina	3	1	.750
N. C. State	2	1	.667
Duke	1	1	.500
Davidson	1	2	.333
Wake Forest	1	3	.250

Lest We Forget

When attending an athletic contest of any sort held on our campus, please bear in mind that the visiting team and the officials are GUESTS of State College. Why not treat them as such?

THE WEEK IN SPORTS

Friday and Saturday, Jan. 28-29: Golden Gloves tournament at Memorial Auditorium.

Saturday, Jan. 29: Freshman boxing, State vs. Staunton Military Academy, at Staunton.

Tuesday, Feb. 1: Basketball, State vs. Duke, at Raleigh.

Thursday, Feb. 3: Freshman swimming, State vs. Goldsboro High School, at Goldsboro.

State In Running For Tourney Spot

Cagers Have High Hopes of Being Among the Eight Teams Selected From Conference Roster To Play In Tournament

Though the Southern Conference basketball season has almost a month and a half to go before the annual tournament at Raleigh on March 3-5, fans are already beginning to speculate at this early date on just which eight of the 15 member schools will be represented in the championship play-offs.

The rambling caedets from The Citadel hold the pace-setting honor in the conference court campaign at this reading, as the lead changed hands for the fourth time in three weeks. However, The Citadel cagers have only garnered two wins, neither of which were particularly impressive. State has played five games, winning four of them, and Carolina has run up six victories to one loss.

Last year the eight ranking quintets at the end of the regular season and the ones selected for the tournament competition were Washington and Lee, Richmond, N. C. State, Wake Forest, Duke, South Carolina, Maryland and Carolina.

The contesting teams this year will be selected as usual on the basis of interconference play.

The standings to date follow:

	W	L	Pct.
The Citadel	2	0	1.000
North Carolina	6	1	.857
N. C. State	4	1	.800
Washington & Lee	1	1	.500
Clemson	2	1	.667
Duke	3	3	.500
Virginia Tech	3	3	.500
Davidson	3	3	.500
Maryland	2	2	.500
Wake Forest	2	3	.400
Richmond	2	3	.400
V. M. I.	1	2	.333
South Carolina	1	4	.250
Furman	0	4	.000
William & Mary	0	4	.000

Rated on the strength of their records so far, the 15 conference teams can be divided into three groups: (1) those reasonably certain of seeing action in the tournament; (2) those without a chance; and (3) those on the borderline.

Group 1 would include Washington and Lee, State, Davidson, Richmond, Wake Forest and Carolina. Group 2: William and Mary, Furman and V. M. I. Group 3: The Citadel, Duke, Maryland, South Carolina, Virginia Tech, and Clemson.

SERMON PLOTS AS TERRORS PREPARE FOR DUKE CLASH

Hard at work in preparation for the traditional Duke battle to be held here Tuesday night, members of the State College basketball squad lead a willing ear to the wily "Doc" Sermon. Reading from left to right the players are Eddie Berlinski, Roy Cromartie, Adolph Honecutt, Bill Mann, Captain Mac Berry, Selby Jones, P. G. Hill, and Edwin Hamilton.

Tar Heel Five Humbles Techs

Lack of Scoring Punch Proves Fatal To State Cause as Old Rivals Win

A gallant Red Terror basketball team dropped its second game in nine starts to the hard-tidling Carolina quintet by the score of 31 to 39 in a rough and tumble cage contest held at Chapel Hill last Tuesday night.

The Sermonmen were not able to get their usually smooth-running attack under way. Time after time the State forwards would break through the loose Tar Heel defense only to miss an easy crisp shot and lose possession of the ball.

Once again it was diminutive Pete Mullis in the driver's seat for Carolina. The eagle-eyed forward has been a constant menace to the State cause for the past three court campaigns, and Tuesday night was no exception. Mullis ran up an impressive total of 16 points, a dozen of which came in the first half.

More than 4,000 rabid fans were on hand in the wind-swept Tin Can to see the Terrors suffer their first defeat in Southern Conference play. The loss places State in second place in the Big Five standing and third in the conference.

The first half saw the lead change hands several times, with little P. G. Hill bearing the brunt of the local's scoring. After Mullis had opened the evening's scoring with a charity toss, Hill tossed in a beauty from the far corner of the court to put the Techs out in front by 2 to 1. Mullis then retaliated with a field goal, but once again Hill came through with a marker to give State the lead. The half ended with the Tar Heels out in front, 20 to 17.

In the second period, Carolina widened the margin of victory despite numerous brilliant shots by Captain Mac Berry, who garnered 15 points to pace the Tech attack. The rangy center sank five goals in front, 20 to 17.

—Continued on page 2.

'MURAL MUSINGS

by BOB COLEMAN, JR.

Intramural boxing got off to a good start Wednesday night when the fraternity pugilists fought last night. Both meets were packed with good fighting, excitement and fun. These boys go in the squared ring to give everything they can. It is the first time in the ring for many of them, but they go in slugging until the end. There is never a dull moment from the first blow of the last match.

The shorter match was that between Rudisill (Phi Kappa Tau) and Winslow (TKN). Winslow came out of his corner with the intention of touching gloves. When he did so Rudisill let go with his left which floored Winslow for the count. The fighters had been instructed by the referee to come out fighting. Rudisill has a habit of not looking at his opponent's face but rather at his feet. He, without realizing what Winslow's intentions were, let go with the "knock-out" blow. Rudisill has apologized and has offered to fight the match over. It is hoped by friends of Ben that this explanation will justify his action.

In the basketball league, the AKII's were back in top form after suffering a defeat to the strong Pika team, 15 to 9, last week. Baerthlein sunk 13 points to lead the scoring in a 29-to-11 victory over the Phi Kappa Phi's. The end of the first quarter found the AKII's leading five to four. Eight more points were added to the AKII lead in the second quarter, while the Phi Kappa Phi's were unable to tally. The third quarter was even with three points each, and in the final quarter the winners chalked up 13 more points, while their opponents were getting four for a final score of 29 to 11.

In the dormitory league Wagonfield, with 12 points, and Felix, with ten points, led a powerful Third Seventh unit to a 42-to-10 win over Fourth Dormitory. Dixon, Fourth star football player, led the Fourth team's scoring with six points.

Boxing results:

115 lb.—Foster (Lambda Chi) over Pollock (Pika); TKO: Sigmore (Kappa Sig) over Baseman (SPE); Meadows (Sigma Nu) over Blalock (TKN).

125 lb.—Flowe (Pika) over Bundy (Sigma Nu) forfeit; Rudisill (Phi Kappa Tau) over Winslow (TKN) KO; Atkinson (AKII) over Purvis (SPE); Means (Kappa Sig) Bye.

135 lb.—Fletcher (AGR) over Donovan (SPE); Ring (Sigma Nu) over Dunn (AKII); Frazier (Kappa Sig) over Peacock (TKN); Benton (Lambda Chi) over Nelson (Phi Kappa Phi); Smith (Phi Kappa Tau) over Cox (Pika) TKO.

145 lb.—Jones (AGR) over Aldridge (SPE); Burrage (AKII) over Miller (Lambda Chi); Henley (TKN) over Shields (Pika); Plummer (Sigma Nu) over Davidson (Kappa Sig); Towers (Phi Kappa Phi) bye.

155 lb.—Grady (AKII) over Stokes (TKN) TKO; Waldin (Pika) over Gewher (Sigma Nu); Clarke (Kappa Sig) over Henley (Phi Kappa Tau); Riddick (KA) over Gewher (Phi Kappa Phi); Brooks (SPE) bye.

165 lb.—Crawford (Kappa Sig) over Paschal (SPE) TKO; Jones (Sigma Nu) over Clements (Pika); Westfield (AGR) bye.

175 lb.—Guy (AKII) over Aycock (Pika); Marsh (SPE) over Koen (Sigma Nu).

Basketball results:

Third Seventh, 42—Fourth, 10; Third 1911, 12—Second 1911, 8; Kappa Sig, 12—Phi Kappa Tau, 4; AKII, 2—Phi Kappa, 11.

Today—Basketball: Delta Sig vs. SPE; AGR vs. TKN. Handball: Sigma Nu vs. AKII.

Monday—Basketball: Kappa Sig vs. Sigma Nu Soccer: Phi Kappa Tau vs. AKII. Handball: Kappa Sig vs. KA.

Tuesday—Soccer: Fifth vs. Third 1911.

Wednesday—Basketball: Lambda Chi vs. Phi Kappa Tau; Phi Kappa Phi vs. Pika; AGR vs. KA. Soccer: Sigma Nu vs. Delta Sig.

State Ring Trio In Local Tilts

Rudisill, Martin and Guy Fight In Golden Gloves Tournament

State College is taking a great interest in the Eastern Carolina Golden Gloves Tournament being held in Raleigh's Memorial Auditorium this week-end.

The preliminary rounds began on Thursday night and will be continued on Friday night. The finals are scheduled for Saturday with ten championship fights on the docket.

Professor T. R. Hart of State's Textile School heads the committee of the Raleigh Times and the Raleigh Exchange Club, the sponsoring organizations.

Three State College students, Ben Rudisill, Hartwell Martin and Edwin Guy, have entered the competition—one in the flyweight division, one in the lightweight class, and the other in the heavyweight class. Martin weighs 112 pounds, Rudisill, 125 pounds and Guy tips the scales at 175.

In addition to Professor Hart, a good many of State's fight enthusiasts have offered their services. Alex "Bull" Regdon, State's ring tutor has been selected as one of the referees. Regdon is well known in this section as a fight official. Glen Penland, captain of last year's boxing team, will act as assistant referee.

Connie Mack Berry, stellar star of State's Red Terrors, has been drafted to superintend the preparation of the fighters. He will be assisted by Louie Mark and Jimmy Teague. Joe Ryneska, former grid star at State, will also assist in the preparations. Assistant football coach Herman Hickman will act as official timekeeper.

At the request of the coach of Elon's wrestling team, their scheduled match with State this Saturday night has been cancelled. Elon's team is suffering from illness and injuries which would have prevented a majority of the boys from competing.

Tanksters Break Even In Virginia Contests

Lefortmen Bow To Strong Virginia Swimming Team; Take V. M. I. Easily

State's tanksters returned from their recent Northern trip with a win and a loss to their credit.

Virginia defeated State Friday, 40 to 35, gaining the winning margin in the final 400-yard relay.

Reynolds of State won individual honors in the meet, scoring 100 in the 220 and the 100 free style. On the following night State broke into the win column by defeating V.P.I. to the tune of 51-24. State took seven of the nine events in winning.

State's top meet were State's Ross Reynolds and Bill Bailey. Reynolds took the 220 and the 100 and was anchor man on State's winning relay quartet. Bailey won the 50 and 100 yard relays.

Reynolds in the century, and gained the lead in the first leg of the 400-yard relay.

After a two-weeks rest State's swimming team will play host to a strong Duke club. Up to now State has won one and lost two, and they will be fighting for a victory next week to bring their percentage up to 50%.

Coach Romeo Lefort announced the State College freshman swimming lineup that will face Goldsboro High School in Goldsboro on Thursday night.

The lineup: 50-yd., J. W. Banks, C. H. Wheatley; 100 breaststroke, R. R. Hatch, H. W. Sheldon; 220, D. F. Cox, J. B. Leer; 100 back, O. T. Caldwell, W. H. Haene; 100, Banks, F. G. Scarborough; diving, R. H. Donnell, W. A. Thomason, Jr.; 150 medley, Haene, Hatch, Leer; 220 relay, G. A. Magarth, Scarborough, Cox, Banks.

Hickman's Grapplers Defeat Virginia Tech

Local Mat Fans Witness New and Speedier Style of Wrestling

State's wrestling team had its home debut last Monday night by soundly trouncing Virginia Tech 19-9.

This was the wrestlers second match of the season, their first one being with Washington and Lee, which they lost. The most interesting match of the evening was the one between Virginia Tech's King and Leggett. Both boys used their heads, but mainly to butt each other. A number of times King appeared to be fouling Leggett by slamming him on the mat. Towards the end of the match both boys appeared to be groggy and weak on their feet, but the decision went to King.

Despite two cracked ribs, Jones of Tech took his place on the mat, but was forced to quit after the first few minutes.

An interesting match was the one between Davis of Virginia Tech and Buddy Fry. Both boys play on their school's football teams,

and both are tackles. After a hard fight Davis took the decision.

State was honored in having Mr. W. Bailey, the president of the A. A. U. as referee.

WOLFPACK BEGINS SPRING PRACTICE IN RECORD STYLE

Newton's Call for Spring Drills Answered by More Than Ninety Hopefuls

By ARNOLD KROCHMAL

In response to Doc Newton's call for candidates for the football team, ninety-five enthusiastic young fellows turned out to the rain last Monday to begin spring practice.

The fact that this large number of fellows turned out is indeed a tribute to Doc Newton's personality as last year at the same time only nine men appeared when the call was issued.

Despite mud and rain, Doc Newton and his two assistants, Line Coach Hickman and Backfield Coach Warren, sent the boys through various plays. Monday was spent in limbering up, through the medium of a sled which the linemen pushed through the mud, and the rest of the week was devoted to perfecting the various plays.

Doc declared that if State wanted to go places, not a moment could be lost. He also declared that he might arrange for a game at the end of the season. The genial grid mentor added that all the positions are wide open and any fellow had a chance to earn a varsity berth for himself, if he were willing to work hard for it.

Three changes in positions have materialized thus far, and there are prospects of more. Fred Gardner is playing at one of the end posts, Freddie Mastrolia has been shifted to guard, and it appears that Paul Lotier will be at one of the tackle positions next fall when the grid season commences.

State's most glaring weakness is a scarcity of ends, only one, Mickey Sullivan, returning from last year. Thus far Bill Retter and Strop are fighting it out for the starting position at the pivot post.

The spring training period will continue for six weeks, six days a week.

The boys who turned out Monday are as follows:

E. B. Sauvain, Concord; J. D. Tomblinson, Wilson; H. L. Jordan, Elm City; W. C. Novick, Prackville, Pa.; R. J. Hindricks, Fox Chapel, Pa.; W. A. Davidson, Plymouth; M. C. Sandy, Raleigh; C. S. Smart, Concord; Kenneth Sands, Pulaski, Va.; Andy Pavlovsky, Struthers, Ohio; Ray Boyette, Kinley; Bill Major, Sanford; R. O. Miller, Gastonia; B. T. Gamble, Independence, Va.; W. F. Phillips, Sanford.

R. L. Burt, Raleigh; Robert Cathey, Charlotte; R. H. Tuttle, Lenoir; Julian White, Raleigh; George Moore, White Sulphur Springs, W. V.; W. E. Carter, Raleigh; W. E. McIver, Greensboro; R. C. Hampton, Stratford; J. D. Jones, Asheville; R. L. Reeves, Sanford; B. C. Swain, Cycle; Paul Lotier, Charlotte, N. C.; John McIver, Clearwater, Fla.; Mac Williams, Raleigh; Dick Watts, Baldwin, N. Y.; R. G. Polley, Rochester, Wis.; Roy Reed, Hertford; W. M. Keller, Raleigh; W. E. Smith, Raleigh; J. L. Wood, Denton.

W. H. Retter, Stoningham, Conn.; W. F. Thompson, Weaverville; Eugene Conrad, Charlotte; Bill Windley, Behaven; J. B. Thompson, Mt. Holly; Harley Mickie, Charlotte; Bill Matheny, Pulaski, Va.; L. F. Brackin, Troy; Eldon Winslow, Hertford; Bunn Hines, Winston-Salem; Donald Taylor, Murfreesboro; Clyde Frye, Hixory; J. W. Sullivan, Staten Island, N. Y.

DEBATERS DEMONSTRATE NEW DIRECT CLASH SYSTEM

Demonstration Given at Hugh Morson High School Before Squad Leaves For Boone

The State College debate team gave a demonstration of direct clash debate before the Debating Club of Hugh Morson High School last Wednesday, the last public appearance of the squad before their special demonstration of the direct clash plan at the Appalachian Mountain Tournament, February 4 and 5 at Boone, North Carolina.

GRANGE DANCE

The State College Grange is having a dance at the Women's Club Saturday night, January 29, from 9:00 to 12:00 p.m. Preparations under the able direction of Miss Ruth Fritz have been in progress for the past week and the dance gives promise to be a big success.

PEABODY'S HEAD IS BROTHER OF PROF. AT STATE

Dr. S. C. Garrison, who on February 4, will be inaugurated fifth president of George Peabody College, Nashville, Tenn., is a brother of Peabody's head.

Peabody's new president is a native of Lincoln County, N. C., and a graduate of Wake Forest College. Before going to Peabody he served as principal of the Crouse, N. C. High School, and as superintendent of schools in Lincoln County. He received his master's degree at Peabody in 1914, and was that year appointed to a position on the faculty.

During the World War he was captain of the adjutant-general's office and personnel adjutant at Walter Reed Hospital in Washington. At the close of the war he returned to Peabody where he graduated with the doctor's degree in 1919.

Testing Labs Aid Building

Chief testing engineer Proudly, of the State Highway Commission, outlined the work of the testing laboratories of the highway department to the members of the AGC at their bi-monthly meeting held last Tuesday night in the CE Building.

Proudly said that man has been testing materials since the beginning of civilization to aid him in building the best of things in the shortest time at a minimum cost. He said that the testing laboratories wanted to aid contractors and not hinder them. Proudly extended an invitation to all CE students to come to the State laboratories to see how they worked.

Navy In Need Of Graduates

The Navy Department desires to obtain a large number of college graduates from the Southern districts for aviation training as cadets in the United States Naval Reserve.

This training presents an opportunity for qualified young men interested in aviation. The time of enlistment extends over a period of four years, and includes actual flight training in all types of naval aircraft. During this time the average cadet should acquire from 1,200 to 1,500 hours of flying time and a well-rounded experience in aviation. He is then eligible for a Department of Commerce aviation pilot's transport license without examination.

To be eligible for admission a candidate must be, in brief, an American citizen, between 20 and 25 years old, unmarried, of sound physical condition, a college graduate with satisfactory credits in solid geometry, college algebra, plane geometry, physics and trigonometry.

PAGET INVITED TO SHOW NEW SYSTEMS HE INVENTED

Professor Edwin H. Paget of the State College English Department has been invited to deliver a thirty-minute address on experimental debate forms before the ninth annual convention of the Southern Association of Teachers of Speech, March 31-April 2, at Atlanta, Georgia.

He will speak on the direct clash and duplicate debate forms, both of which originated at State College, and five other contest forms which have been tried experimentally for the past two years by the North Carolina Association of Teachers of Speech, of which Paget is president.

These five forms are the response-to-the-occasion, after-dinner speech, and the contests in stimulating group discussion, formulating group opinion, problem solving, and speech to a hostile audience.

System Faces First Test As Council Begins Meets

(Continued from page 1)
puts each student on his own, and it is understood that one's personal standards of honesty and integrity will coincide with those of his fellows.

"After writing the examination, every student signs the honor code pledge, 'No unpermitted aid given or received,' and signs his name, thus guaranteeing that the examination presents his own knowledge and that he has helped none of his classmates present theirs. The pledge also applies to term papers and the like, written outside the classroom."

Soybean Exhibit At State Today

The soybean will be on exhibit in a railway car today on the State College campus.

The purpose of the exhibit is to show to the students the many products obtainable from the common soybean which was at one time grown more in North Carolina than in any other state, and which is still grown in abundance.

Views showing the production, marketing and processing of the soybean, along with many products made from the bean, will feature displays to be found in the car.

C. B. Williams, head of the agronomy department of this college, recognized the value of the legume more than twenty years ago and began to promote its growth until it became known as North Carolina's fifth crop. More recently states in the middle-west have planted the bean in increased acreage and they have captured pre-eminence in production.

The car will be open to the public all day, and it will be located on the railroad tracks near Polk Hall.

Among the products on display will be baby food, paper sizing, wall paper, varnish, paint, and animal feeds.

Oddities

The United States Fifth Circuit Appeals Court has decided that the Federal government cannot collect the ten per cent admission tax to athletic events at universities and colleges operated by a state. The court held that the state university system is a legal and constituted part of the state government.

At Lewis University a student has started a "remembering" service. You give him a list of important things to remember, and all you have to do is to phone him once in a while and he will inform you if there is anything you should remember.

At Ohio State, "Bismarck," a Kappa Kappa Psi member, has been pledged to Zeta Beta Tau.

Loyola University has two freshmen whose names are Leonard Francis Kowalski, are registered in the same course, got the same marks in their entrance exams, but are not related.

Recently at Carnegie Tech a professor measured the noise in the men's dormitory between 5 a.m. and 12 p.m., and found that it equaled the noise of two riveting machines, or of a sustained roll of thunder. Did you say two riveting machines, prof? (Drop into Seventh at 8 o'clock some night!)

The Grinnell College orientation course includes lessons in correct table manners. If a student grabs the lamb chop in his right hand,

he's from Grinnell; if he uses both he's from Duke.

Cleveland College had more students working in its cooperative last semester than were in school. A branch of the WPA?

According to Polytech, Brooklyn Poly paper, the latest and most correct way to wear one's hat is the sharp style is to tilt it as far back on the head as possible with the front brim bent up and the rear one pulled down as far as possible to hide the neck and ears.

It has been determined that the greatest horizontal distance flea can jump is about 13 inches, and they cannot jump more than one-half of this distance vertically. It is possible, therefore, to prevent them from gaining access to a bed by placing sticky Sympar about 13 inches wide on the floor around the bed.—From a bulletin of the Department of Agriculture. How about the other animals?

Texas Christian University students have worn out three editions of Emily Post's book on etiquette and the fourth is in shreds, according to the librarian. The most frequent borrowers are boys. By
