Homecoming Day To Be Celebrated On Next Saturday

MANY BIG EVENTS State-Carolina Football Game Will Be Feature of Homecoming Celebrations; Day Will Also Be Climax To "Hello Week," With Stunt Night, Annual Bonfire, and Downtown Parade as High-light Attractions.

Beginning next Friday night at 6:15 with Stunt Night in Pullen Hall, the annual celebration of Homecoming will begin and official "Hello Week" will come to an end.

Stunt night, sponsored by the Blue Key, a national honorary fraternity, is a series of skits put on by different societies, organizations and fraternities on the campus, and the group giving the best skit will receive a gold cup.

At 7:45, the bonfires on Red Field will be lighted. These bonfires, sponsored by the Monogram Club, will consist of trash and debris that the freshmen and sophomores gather in their respective piles to see which can make the largest blaze, and the winner of the annual contest will get its class numerals raised during the half of the football game on Saturday.

At 7:00 o'clock, a pep meeting will be held in Riddick Stadium and will be broadcast over WPTF.

At 7:45, the bonfires on Red Field will be lighted. These bonfires, sponsored by the Monogram Club, will consist of trash and debris that the freshmen and sophomores gather in their respective piles to see which can make the largest blaze, and the winner of the annual contest will get its class numerals raised during the half of the football game on Saturday.

At 9:00 o'clock on Saturday night the homecoming dance will be given in the Frank Thompson Gymnasium by the Blue Key and Golden Chain, and the parents of the students will be guests at this occasion.

Scabbard and Blade Extends Membership To Five ROTC Seniors

The Scabbard and Blade, honorary military organization, announced this week that it had extended bids for membership in its society to five senior ROTC students.

The acceptance of the five bids will bring the membership of the organization up to twenty, which completes its membership for this year.

To be chosen a member of the Scabbard and Blade is the highest honor that can be bestowed upon a military student, and an honor which every ROTC man strives to win.

Those who received bids to become members of Scabbard and Blade were: Joe T. Massey, Richard S. Clark, Joe P. Churchill, Bragaw, and George W. Fry.

Wolf vs. Ram!

J. B. Wright, college electrician, has obtained a real ferocious, live wolf for State College.

REMODELING JOB FOR PULLEN HALL MOST COMPLETE

Construction Work Will Give Building One of Finest Auditoriums in State

Old, drab Pullen Hall is now undergoing construction that will convert it into one of the finest, most modern auditoriums of any college in the State, completely equipped with sunken wall lights, paneled walls, and a new stage.

Besides the construction on the inside of the building, a new roof is being added and the foundation of the northwest side is being strengthened where it has settled into the ground.

The building was provided with new seats in the center section of the auditorium. The aisles of the auditorium were made narrower, thus providing more room for seats. The chapel now seats 1,411, whereas it only seated 1,100 previously.

A new type of lighting, the Holophone, by name, is being installed. This type of lighting is new in this section of the country. It is the same that is found in many of our outstanding national broadcasting stations, and should provide almost perfect lighting, for the lights are set in the walls instead of hanging from the ceiling.

The stage, as reconstructed, will extend about seven feet farther into the auditorium than the old one. The front part will be about sixteen inches lower than the main body of the stage, and will place the speaker in a better position to be seen and heard by his audience.

The foundation of the building of the northwest corner will be repaired due to the fact that it has settled.

This work was begun in April of this year, when \$8,500 was appropriated to remodel the hall. The job was not contracted but is being done by the service department of the college. It is hoped that the auditorium will be ready in time for Dr. William Edward Dodd when he delivers his address on September 28th.

MANY ROOMS ARE FOUND FOR HOMELESS STUDENTS

Overflow of Students Fills Up All Rooms Within Eighteen Blocks of Campus

The job of finding rooms for the campus for the 1,004 boys on the State registration list who don't live in dormitories is over—but the content of room open for occupancy is within one block of the Capitol, or eighteen blocks from school, according to the list of available rooms kept by the college.

The 25 boys who, finding themselves homeless upon arrival here, were crowded into the basement of the "Y" now have moved into more permanent quarters. There is no record of the rents charged, but the rent for dormitory rooms before it could be announced that all school-owned rooms were filled.

Jordan Returns Here To Visit Alma Mater

Recently visiting this campus was a young man only twenty-four years of age, Tyree Jordan, who last year received his Ph.D. degree in history from Vanderbilt University, only three years after his graduation from this school.

With very little money with which to finance his college education, but with a railroad pass in his pocket, Jordan lived and studied at his home over a hundred miles away and came to school every day during his senior year by train. Leaving home every morning on the five o'clock train, he arrived in Raleigh at seven-thirty in time for his classes, and returned home in the afternoon, preparing his lessons while en route.

HEADS CADETS.

J. T. Massey, senior in electrical engineering, will lead the State College ROTC unit as cadet colonel for the coming year.

FRATS AND DORMS PLAN TO DECORATE FOR HOMECOMING

Plans for the decoration of fraternity houses and dormitories for the annual Homecoming game with the University of North Carolina on October 2 have been progressing steadily under the direction of Rodney Graham and Churchill Bragaw.

The fraternity houses will be allowed to use any original decorated stunts they may choose. On Saturday morning before the game each fraternity house will be judged from the point of best decorations, and a cup will be awarded the winner.

The trophy is a ten-year award given last year by Golden Chain and Blue Key. This year is the second time the ten-year cup has been used. The award is a beautiful engraved trophy fourteen inches high and decorated with victory plaques.

This year is the second time the ten-year cup will be presented to one for each year the cup will be awarded. At the end of the ten-year period, the fraternity whose name appears the largest number of times will receive the cup as a permanent possession.

The contest has created a great deal of interest the past two years, and it is hoped the competition will be greater than ever this year.

This year is the second time a cup award will be presented to a dormitory which, in the opinion of the judges, is the best decorated on the campus. Since it is too early in the year for floor presidents to be elected, the freshmen councilors in each dormitory will be in charge of decorations. Bragaw will contact the upperclassmen dorms. The best decorated dormitory will be awarded a cup trophy on the ten-year plan.

The committee of judges for both the fraternities and dormitories has not yet been appointed.

Questions...

You should be able to answer at least half of the following questions. For correct answers turn to page two.

1. Who was the first football coach at North Carolina State College?

2. Where is the telephone exchange of the college located?

3. Which of State's football coaches once took a hand in professional wrestling and football?

4. Which was the first building built on the campus from which State College originated?

5. What is the approximate seating capacity of Pullen Hall since the installation of new seats and equipment?

LATEST FIGURES SMASH RECORDS OF REGISTRATION

Registration To Be Completed Tomorrow; Over 2,100 Students Already Entered

With registration not officially complete until Saturday, September 25, all previous enrollment records have already been shattered. At the present date, more than 2,100 students have entered the portals of State College, the greatest number in its history.

Approximately 150 more are expected to register before the end of the enrollment period, bringing the total close to the 2,200 mark, well over last year's total of 1,934 students.

Included in this impressive number are 100 freshmen, an increase of about ten per cent over last year's figure, approximately 1,300 upperclassmen and 166 transfer students. There are also 50 or 60 graduate students taking work at State this year.

The Textile School leads all others in increased enrollment, followed by the School of Engineering.

Among the students expected to register before Saturday is E. Hayber, of Turkey, Heiber was a participant in the recent Balkan Olympics, and won first place in the contest. This will be his first trip to the United States.

Other foreign countries represented at State this year will be Mexico, China, and Canada.

Maxey announced today that there were several students attending classes who had not fully completed their registration. He requested that these men do so at their earliest opportunity.

The absolute registration deadline is at twelve noon on Saturday, September 25. All students registered by that time will be required to pay the customary fine of ten dollars.

ANNUAL BONFIRE PLANNED FOR HOMECOMING PROGRAM

Freshmen and Sophomores to be Rivals in Gala Homecoming Celebration

As a part of the Homecoming Day celebration next Friday night, the Monogram Club will sponsor its annual freshman-sophomore bonfire which will be held on Red Field.

This has been an annual affair of the Monogram Club and is a contest between the freshmen and the sophomores to see which class can build the biggest bonfire on the field. The Monogram boys will provide judges for the contest, and the contest is to be under the direction of "Red" Shimer, president of the club.

A flag for the winner will be raised between the halves of the Homecoming football game on Monday by members of the "Hello Week" committee.

Students not taking military will also be given their buttons on Monday by members of the "Hello Week" committee.

Meet To Be Held For Student Body On Monday Night

Justice Devin Talks To Frosh

Associate Justice of North Carolina Supreme Court Addresses Freshmen

William Augustus Devin, Associate Justice of the Supreme Court of North Carolina, yesterday delivered an address to the freshmen at their noon assembly on the Constitution of the United States which is this year celebrating its 150th anniversary.

Devin gave an interesting talk, bringing out many facts concerning the drawing up and signing of the Constitution which are not generally known by the public. He mentioned several of the signers and gave a brief sketch of the life of each.

Justice Devin is a native of North Carolina, his birthplace being in Granville County. A graduate of several of the leading schools of the South, he has held many honorable positions in the governing body of our country.

Plans Completed For 'Hello Week' To Begin Monday

Colonel Harrelson Will Be Presented With First Button at ROTC Assembly

"Hello Week," an annual affair at State College to encourage friendliness and congeniality on the campus, will begin Monday at 12 o'clock.

The week will begin at noon on Monday when the entire regiment of the ROTC will assemble on Riddick Field. There they will hear a short talk by Colonel Harrelson, after which he will be presented with the first "Hello Week" button.

After the talk by Colonel Harrelson the buttons will be distributed among the cadets by the captains.

Students not taking military will also be given their buttons on Monday by members of the "Hello Week" committee.

The observance of "Hello Week" was begun on the State College campus several years ago in an effort to increase the friendship on the campus. During this week every student who passes a fellow student on the campus is asked to exchange greetings.

"Hello Week" will be climaxed by Homecoming Day, which will be held on the following Saturday, and will feature many events of campus interest, such as stunt night, freshman-sophomore bonfire, and a downtown parade and pep meeting.

Every student is asked to participate in this event, and to cooperate with the committee appointed to conduct "Hello Week" by placing his name on the button he is given and by wearing it at all times during the week.

Since its origin on this campus, this method of increasing friendship among the students has gained much favorable press commendation, and this policy is now being adopted by other schools.

RIDDICK STADIUM

Assemble At 7 o'clock for Election of Members of Athletic Council—Three Men To Be Chosen; Fraternities Asked To Suspend Their Meetings Until 8 o'clock; All Business Will Be Finished Within Half An Hour.

The entire Student Body will hold a mass meeting Monday night at seven o'clock in Riddick Stadium for the purpose of selecting three men to serve as members of the Athletic Council, J. C. Frink, president of the Student Body, announced today.

This is the first year that the students have had a representation of five men on the council, and it is the duty of every student to be present at the meeting to cast his vote for the men he thinks are best fitted for the office.

Suspend Meetings Fraternities and other organizations on this campus whose meetings are usually scheduled for Monday night are asked to postpone their meetings until after the meeting of the Student Body, since conflicting meetings will bring many students from taking part in the voting.

The mass meeting should not last over half an hour, and that will leave plenty of time for students to report to other meetings scheduled at eight o'clock.

Only in the past three years have students had representation on the Athletic Council, coming into power when Marshall Gardner was president of the Student Body in 1934-35. At that time only two students were allowed to have a vote in legislation, whereas, at the present time, five members on the board, as did the alumni.

But student rights have been recognized by the council, and five members will represent the students instead of the customary two. This action has been taken.—Continued on page 4.

ONE REPLACEMENT MADE IN STAFF OF OFFICERS OF COLLEGE R. O. T. C. UNIT

Major Burnap Succeeds Major Venable in Military Department as Only One Change is Made in Personnel for This Year.

Upholding what seems to be almost a tradition, there has been but one replacement this year in the staff of army officers stationed at State College.

This year replaces Major Arthur E. Burnap, infantry Major V. W. Venable who has been transferred to Safford Barracks, Territory of Hawaii.

Major Burnap comes here with an impressive record of service from the 16th Infantry of New York at Fort Jay on Governor's Island.

He was born in Massachusetts in 1896 and was first appointed to the army from Connecticut. He is a graduate of the Infantry School and the Signal School. From August, 1913, until January of 1914 he attended the United States Military Academy at West Point, and in 1917 was appointed Second Lieutenant of Infantry. He served his country during the World War as First Lieutenant of Infantry.

Entered as second-class matter, February 10, 1920, at the post office at Raleigh, North Carolina, under the Act of March 3, 1879.

## "Hello, Fellow Student"

"HELLO WEEK" officially opens Monday on this campus when every student will don a button and begin a week of back-slapping and hand-shaking.

And in this manner, students will come to know each other better, by sight if not by name. And the more boys that greet each other on the campus, the greater the school spirit will be. The greater school spirit we have, the better the college will be as a place to live.

The "Hello Week" program is not very old, having been started in 1934 by the Unity Council in an effort to increase school spirit and to foster more friendly relations between students.

We have a great school spirit started in the students and the alumni this year, so let's try to make every week a "Hello Week."

## Our Road to Victory

THIS SCHOOL is at last experiencing a return of spirit that has been sadly lacking in the past few years.

This was purely in evidence last Saturday in Greensboro when we played Davidson in football, and it seemed as if all the students of this school had banded together into one inseparable unit to shout the glories of good old N. C. State College.

Newspaper writers throughout the State have praised the students and alumni for this revival of spirit, and many have predicted that such a spirit will send State College into more winning games this year than is generally expected by John Q. Public.

But winning all our football, basketball, and baseball encounters is not the direct aim of our school, for one team playing in every game must always lose. But if we will show as good a spirit in defeat as we show in victory, we will always have a team that will fight in every encounter until the last whistle is blown, and it is around such spirit that winning teams are built.

Let's pave our road to victory with greater spirit.

## Choose Councilmen Carefully

THE entire student body will gather in Riddick Stadium Monday night to elect student representatives to the Athletic Council.

In selecting these men, the students should study carefully the qualifications each representative should have to fill such a responsible position. He should, first of all, have an active interest in athletics at State College, and should be well informed on the present athletic set-up. He should be a man who can study weighty problems and arrive at thoughtful conclusions, and he should be able to wield influence with the men with whom he must work.

Do not elect a "back-slapping" politician for this job, but elect a man who will fight for the betterment of your college.

## An Apology To Fraternities

EVERY fraternity on this campus entertained extensively for prospective pledges this week, and every Fraternity wished space in THE TECHNICIAN for its society write-up.

We naturally did not have space for every fraternity story, so instead of slighting one fraternity while materially helping another by giving good write-ups, the editorial staff of THE TECHNICIAN decided to leave out all society stories, hoping all the while that the fraternities will be able to understand our predicament. But surely no fraternity wishes to have its story in the paper while other fraternity stories are left out. And that works both ways.

## Why Mothers Get Gray

MANY a student's Mother is worrying herself to death about her son's proper diet while he is away at college.

And many a Mother has due cause to worry. Freed from the control of his parents who always planned his meals so that he would get a balanced diet, the student now eats at the cafeteria or at a cafe where he partakes only of the food which delights his palate.

But it is highly essential that a growing boy eat a well-balanced meal, composed not only of starches and meats but of vegetables and sweets. But most boys are prone to buy meats, starches and sweets, leaving out the vegetables.

Every student should know the value of a well-balanced meal, and if he does not know, it is high time he were finding out.

## Seats In Stadium Need Repair

THERE are many seats in the east stand of the stadium that have rotted away and should be repaired before the Homecoming game with Carolina on October 2.

When a customer purchases an expensive ticket to a football game, he buys a seat about two feet wide, and some of the wooden planks have rotted away in ten-foot sections, making five seats worthless.

We do not want to make our Alumni and friends dissatisfied by giving them rotten seats that will eventually have to be replaced anyhow, so why can't they be replaced now?

## A New Auditorium

STATE COLLEGE students are proud of their new auditorium in Pullen Hall. With paneled walls and an excellent lighting system which is entirely new in this college, the auditorium is certainly a place of beauty as compared to the drab walls and dirty ceilings of the old auditorium.

It seems hardly possible that a speaker could get the inspiration necessary for the deliverance of a noteworthy address in the gloomy surroundings that the old auditorium afforded. But now a speaker will be in warm, cheerful surroundings, and with an attentive audience of students, we will never again be ashamed to invite men of importance to visit us.

## Ambassador Dodd to Give Views

DR. WILLIAM EDWARD DODD, United States Ambassador to Germany, will speak to students and faculty Sunday night in Pullen Hall.

Citizens of this country have watched developments in Germany in the past few years more closely than the developments in any other country, watching Germany rise from the very depths of depression and oppression into a powerful nation under the guidance of Adolph Hitler.

Ambassador Dodd will be able to present true inside facts about the government of Germany that we know little about, and his talk should also be of interest to those who are anxious to compare the living conditions of European countries with our own.

State College does not have too many world figures visit this campus, so let's make them welcome when they do come by showing them a large attendance at their lectures.

## Homecoming Day In Only a Week

STUDENTS should be laying their plans this week for the Homecoming Day celebration which is to be held next week-end.

Parents of students enjoy visiting the college campus at least one time during each year, and what other day would be more appropriate for them to come than on the day when the campus will be filled to overflowing with other parents, alumni, and friends?

And an added attraction will be the Carolina-State football game, which should be one of the season's best, and every member of your family will enjoy that immensely.

A first impression of this campus will be an indelible memory to your parents, and they will then be better able to understand the conditions under which we work and live.

So plan now to have your folks up for the week-end so that they may also become an integral part of our college.

## HERE and THERE

by Dick MacKenzie

State College's snarling Wolf pack got under way last week, and showed the Davidson Wildcats the white of their teeth. If you saw those Wolves you'll admit their fight in "that team." And as a word of warning I might say, "Look Out Carolina!"

And while speaking of the game, did you read the Greensboro Daily News last Sunday? Headlines read, "Rooney's Pass to Tatum Gives Davidson Win Over State." Those folks refuse to give us anything.

Johnny Miller, Lamba Chi's newest "Love and Kisses," finds night golfing most enjoyable at Carolina Pines.

The freshmen fail to take the proper interest in the Tennis Tournament sponsored by the Students Supply Store. Coach Green is anxious to find material and is relying on this tournament. Freshmen, here's your chance at a college sport.

THE TECHNICIAN has adopted new quarters down at the Capital Printing Co. on Hargett Street. If Dick McPhail refuses to speak to you, just remember the new private office on the second floor has journeyed straight to his head. It's a swell place to work.

"Hop Along" Dunnagan acquired more than the business ability of former business manager Frank Curry. I must give him Frank's old nick name, "Alabama Bound." Yes, Charlie met the one and only during camp, but take my word for it... He's doing very well.

Carl Plaster is still a frequent visitor to the dime store... The "Million Dollar Baby" has our Carl making goo-goo eyes. What about the girl from Winston?

Jimmy Hubbard, the pride and joy of Watauga, slipped and told a little girl that he was engaged to a "Bama girl." Now poor Jimmy finds it impossible to get a date in the Capital City. Which would be the greatest slip, "to be or not to be."

Maybe I've heard all the dirt and it's just leaking out in this column; anyway, Prexy "Simon Legree" Frink is beating a new path back over to his love of long ago.

Seven State Collegians slightly enthused are reported to have lost all enthusiasm when the elevator fell three stories at the King Cotton last Saturday night. They said it was all right but it was just covering too much territory in too short a time.

Dear Uncle Watt:  
What and where is this place called "Carolina?"  
Freshman.

Dear Freshman:  
Who cares...

## Several New Members Added to Library Staff

W. P. Kellum, State College Librarian, announced today that several new members had been added to the staff in the library.

C. H. Cantrell, formerly a member of the library staff at the University of North Carolina, has been put in charge of periodicals in the browsing room. Miss Ann L. Turner has replaced Mrs. E. A. Cameron as order librarian.

With the addition of these new

## DRESSERS

It won't be long before a shiny new maple finish dresser will be in every dormitory room—and they'll all have drawer pulls.

T. T. Wellons, superintendent of dormitories, announced yesterday that the job of attaching handles to the dressers was almost completed, and that five NYA students were employed in rubbing down the dressers already placed in rooms, with steel wool, then waxing and polishing them.

"I hope the boys will take pride in these nice pieces of furniture, and that they will protect them with cloth runners on top," said Wellons. "Wet objects or water should, of course, never be allowed on the dressers."

## Announcements

The Agricultural Club will hold a smoker on Wednesday night at 8 p.m. in the college cafeteria. All professors, agriculture students, and forestry students are invited. An interesting program is planned.

J. Hall Campbell.

There will be a meeting of the Southern Engineer business staff on Monday night at 8:30 in the Publications Building. In an effort to establish a permanent staff immediately, all students contemplating staff work for the year are urged to attend.

F. E. Maak, Business Mgr.

At a meeting held last Tuesday night by the student chapter of the AGC, it was decided that the ASCE and the AGC would hold a joint meeting Tuesday night, Sept. 26, to elect an alternate member of the Engineers' Council. All members of both societies are urged to be present.

## and Answers

- (To questions on page one)
1. Dean W. C. Riddick, who is now connected with the faculty and is past Dean of the Engineering School.
  2. In the Chemistry Building.
  3. Coach Herman Hickman.
  4. Holladay Hall.
  5. Approximately 1,500.
  6. The Power plant.
  7. Dr. E. C. Brooks.
  8. A. R. C.
  9. Five. School of Engineering, School of Agriculture, School of Textile, School of Business and Science, and the School of Education.
  10. The Capital Printing Company.

# GLEANINGS

BY THE STAFF

Barnes' Note: This column will be conducted by members of the staff so long as it receives the sanction of the students. The column will be assigned each week to a different member; but if the readers have any one columnist they favor, the column will become permanently his.

As my time arrives to write this column, I begin to think that we should change the name of this article, and replace the title "Gleanings by the Staff" by the name of one of Shakespeare's famous plays, "As You Like It." At least I think that the title would be more appropriate to the contents.

Speaking of sports, State's prospects for a successful season look much better this year than they have in recent years. This comment does not come merely because we defeated Davidson in what was termed "a good football game" last Saturday, but the element behind the whole affair is that the students and fans are giving the Wolfpack their wholehearted support, the same support which has been lacking in part in the past.

Of course, winning the first game helps a lot, but this talked-of support was also evident the last part of the school term of last year. If you attended the welcoming that was given "Doc" Newton on his arrival here last spring, you could not help but notice something different in the student body's attitude. And that counts. A week from tomorrow State plays Carolina here. As this will be our Homecoming game, and is to be played with the Tar Heels, it will undoubtedly be our biggest game of the season. But let us consider this. This year we will also play in our stadium V. F. L. Cladei, and Duke, three teams which will not only draw a crowd to State College, but three teams which will give the Wolfpack a run for its money. All of these schools produce a fighting team, and a team which will provide entertainment and excitement for the fans.

Fraternally rushing is finally over, and now maybe the poor freshmen can get some rest and do some of their studying. And then maybe we can catch up on the neglected assignments which were not given the proper attention during rush week. For this past week the rushers have been enjoying the peak in social experiences, with parties, picnics, dances, and anything else that the boys could cook up. But it will give them something to look back on something later, and hope that it will be like that again. Well, maybe they can be freshmen and rushers again some day.

The announcement came this week of the program that is to be conducted during the Homecoming Day here on October 2. The Golden Chain and Blue Key, honorary societies, are sponsoring a stunt night which will be open to any organization on the campus. And to make the contest more exciting, the Blue Key is offering a gold cup to the winner of the stunt night. There is still plenty of time to enter, and it is a chance to receive a cup for the mantle and campus fame for yourself.

And then the Monogram Club is sponsoring a bonfire on Red Field which is predicted to provide the freshmen a chance to get it on the sophomores. Members of the Freshman and Sophomore Classes will gather timber, boxes, lumber—in fact, anything that will burn—and they will strive to see which class can turn out the biggest bonfire according to the judges, who will be appointed by the Monogram Club. Last year the sophomores won, but Charlie Dunnagan, head cheerleader, said that the freshmen had informed him that they would be laying for their rivals and would get the biggest bonfire if they had to borrow part of the sophomore's fuel supply. Well, go to it, freshmen, and we wish you good luck. But be careful of those sophomores—they're bad business.

Of campus interest this week was the announcement that five bids had been extended by the Scabbard and Blade for membership in their honorary organization. To be chosen as a member in the military society is considered an honor, an honor which every ROTC student on the campus strives for. Those who receive these bids should be proud of them, and we are proud of you.

There are still some openings for a few good men on the editorial staff of The Technician, and we would like to have some ambitious freshmen come in and lend us a hand. And in case you are in doubt about the matter, your work on this paper will be as valuable to you as it will be to us. Drop in on Monday or Tuesday nights, or on Wednesday or Thursday afternoons.

Putting the paper to bed is not as much fun as could be imagined. It requires work, hard work, and lots of it if the paper is to be a success. And as we want this paper to be as successful as the public relations page by our predecessors, we are exerting that necessary work. We do not begrudge the time that we spend in this office, working afternoons, nights, and any other spare moments, and we feel that we are more than repaid for our work when we glance at the fruits of our labor every Friday morning. Our job is an education in itself, something that we can look back on after graduation, and can tell our grandchildren about with interest. And who knows, maybe they will wind up on the staff of The Technician.—E. P. Davidson.

## We have worked hard to help you work less...

IT is no easy job to collect all the equipment necessary to fill the demand of your daily college life. But we have assumed the hard job, and although the greatly increased student body has increased our load, we are glad to say that you can find on our shelves and in our stock rooms the textbooks and supplies needed to make it easier for you to dig out your education.

Sorry if you didn't get one of our bargain desk study lamps, or the special N. C. State loose leaf binders, they were complete sell-outs. More are coming though.

Next week we have something else to announce—Watch for special bulletins and our ad in THE TECHNICIAN.

Don't get left out on our other two opening specials—the always popular \$1.35 loose leaf notebook with seal—and the new souvenir box of die-stamped stationery at 97c.

For you late sleepers—drop by for one of our good milk shakes. Everybody says they are the best in town.

Always at Your Service

# Newton Begins Season With Victory Over Old Mates

## "DOC'S" WOLVES SHOW BIG TEETH IN BEATING CATS

### State Gets Revenge For Last Year's Defeat By Exactly Reversing the Former 6-2 Score.

Fifteen thousand fans shoved their way into Memorial Stadium in Greensboro last Saturday night to watch the State Wolfpack win a 6-2 verdict over a fighting eleven from Davidson.

The game was a "natural" in every way and the two teams awayed up and down the field time after time, using the same offense and the same methods of defense. The bulkier State team showed a slight advantage in every department of the game and should have had another six points to show for their work.

Art Rooney and "Teeny" Lafferty were the spearheads of the two teams during the opening minutes of the game, but Eddie Berlinki turned on the heat a little later, running wild as tail back for the Newton men. Berlinki took the ball on an off-tackle play, followed his interference through a hole, and then cut back, reversing his field. His side-stepped and stiff-armed four or five Wildcat tacklers and had covered 42 yards before being pulled down by the safety man.

The State score came in the second quarter after a pass from Rooney to Tatum had placed the ball on the three-yard marker. A five-yard penalty for delaying the game set the Techs back to the Davidson eight and, then a buck by Gardner brought the ball back to the five-yard stripe. Rooney then dropped back and flipped a short pass over the goal line to Tatum who caught it for the score.

Davidson also scored in the second. State received the ball on downs deep in its own territory and after three unsuccessful attempts to gain, Rooney dropped back to the kicking position. The pass from center went high over his head and rolled behind the State goal line, where there was a mad scramble for the ball. Fred Gardner finally gained possession of it, thereby allowing Davidson two points instead of a touchdown.

The remainder of the game was a thrilling battle between the two clubs, with neither being able to score. State came the nearest, twice getting inside the Cats' five-yard line. They lost the ball on once and on another attempt were penalized and lost the ball on downs on the twelve-yard marker. State's defensive play throughout the game was excellent, preventing the Davidson team from ever getting inside the Tech 20-yard line. The only ground gained by the Wildcats was produced by hard-running "Teeny" Lafferty, who knifed his way through small holes for gains ranging from a foot to ten yards. The Newton eleven displayed a fine pass defense when they smothered a late passing attack of the Cats.

Coach Newton used his new invention, the huddleless huddle, during the earlier stages of the tilt, but once the Wolves were out in front he abandoned it for the slower huddle system.

Iverson and Williams were outstanding in the Wildcat line, while the whole State forward wall displayed a good brand of ball, with Marks, Tatum and Hines leading the way.

### Wolfpack Prepares For Tar Heel Game

The N. C. State Wolfpack does not rest on its laurels, but started right out seriously preparing for the coming Carolina game to be played here a week from Saturday.

Sessions began Monday with the whole team reporting. The only men to receive minor injuries in the Davidson game were Gardner, who injured his shoulder, and Art Rooney, who received a hand injury.

Emphasis was placed on the blocking, which showed great improvement in the game with the Wildcats but which is not yet up to top form. "Doc" Newton has also been having the team run through their assortment of plays trying to get the timing down to perfection.

Scrimmages have been the final workouts of every session. Ren Hoek, George Murphy, Eddie Berlinki and Jess Tatum have shown up fine in these scrimmages.

### ANNOUNCEMENT

The concert orchestra will hold its first rehearsal in Pallen Hall at 8 o'clock on Tuesday night, Sept. 28. All of last year's members, as well as any new men who wish to try out for the orchestra, are asked to be present. Major C. D. Kutschinski, Music Director.

### Frosh Work Hard In Daily Sessions

#### Waller Is Puzzled As To Who He Will Start In The Belmont Abbey Game

There is still some doubt in the mind of E. M. "Nig" Waller, freshman football coach, as to what to expect from his proteges when they take the field against Belmont Abbey in their season opener here next Friday afternoon in Riddick Stadium.

Even though Coach Waller has not installed the varsity's "no huddle" idea with the Techlets, the fans can be assured that the frosh still have plenty of tricks up their sleeve and will show them some real fireworks Friday.

For the past week the frosh have been running plays in dummy scrimmages for a part of each afternoon and spending the rest in intrasquad battling.

Coach Waller has used two teams in the drills this week but stated that he had not as yet selected even an approximate first team. The first stringers will probably be named the latter part of next week.

The A and B teams which have been scrimmaging for the past week does not include all the boys who will be eligible for the top berths.

Lined up as an A team were the following: Ends—Joe Cathey and Henry Jordan; tackles—Wade Brown and Willard Parker; guards—John Melver and J. D. Jones; center—Everette Carter; quarterback—Teddy Shapiro; halves—Charlie Lennon and Garrett Reeves; fullback—Clyde Frye.

The B team lined up thus: Ends—R. L. Michael and Rufus Pool; tackles—Earl McCary and Al Hampton; guards—Siu Winslow and Edwin Leggett; center—Garland White; quarterback—Will Smith; halfbacks—Bob Cathey and Clinton Winstead; fullback—Ben Jones.

Lined up as an A team were the following: Ends—Joe Cathey and Henry Jordan; tackles—Wade Brown and Willard Parker; guards—John Melver and J. D. Jones; center—Everette Carter; quarterback—Teddy Shapiro; halves—Charlie Lennon and Garrett Reeves; fullback—Clyde Frye.

The B team lined up thus: Ends—R. L. Michael and Rufus Pool; tackles—Earl McCary and Al Hampton; guards—Siu Winslow and Edwin Leggett; center—Garland White; quarterback—Will Smith; halfbacks—Bob Cathey and Clinton Winstead; fullback—Ben Jones.

### PLANNING

Pictured above are the new varsity mentors who successfully brought the Wolfpack through the Davidson game and who are planning for the downfall of Carolina next Saturday. Left to right are: Herman Hickman, Bob Warren, and Doc Newton.

### Athletes Preparing To Meet Davidson

#### Cross Country Meet With Davidson On Oct. 16 Will Open State's Track Season

The N. C. State College cross country team began work this week in preparation for the opening meet with Davidson, to be held on the 16th of October.

A fairly large squad has reported to Coach Doc Sermon and from it he will try to find a man to fill the shoes of Bill Davis, last year's captain and star.

The most promising of the runners on the squad are Jimmy Pierce, L. C. Ross, and Charlie Baker. They have all had valuable experience on last year's harrier team and on the freshman five.

Coach Sermon would like to have as many men turn out for the team as possible as there are several positions open on the team and there is quite a bit of time before the opening meet.

### Newton Picks Raleigh To Defeat Greensboro

#### State Coach Picks Raleigh High To Be Victorious In The Game Tonight

Coach "Doc" Newton, head football coach at State, has picked Raleigh High to win from Greensboro in their game with this team at Greensboro tonight.

Last week in their opening game Raleigh defeated Apex by a 27-7 score. Two of the touchdowns made during the game were made by Jimmy Allen, who plays center for the local high school eleven. He intercepted two forward passes and carried them for touchdowns to add thrill to the game.

It is predicted that the same starting line-up will be used as was used in the game with Apex last week.

There will be a meeting of the Monogram Club at 1:15 Monday in the YMCA. C. B. Shimer, President.

### This Week's Star...

Pictured above is E. V. Helms, 210 pound tackle on this year's Wolfpack. E. V. was born in Charlotte on August 10, 1915. He first played football at Piedmont Junior High School and later distinguished himself at Charlotte High School, playing tackle for three seasons and being picked all-State and all-Southern high school tackle in 1932. He then attended Oak Ridge for a year and then came to State. He has played three years for the Techs, being picked all-State frosh tackle in '34, all-Southern second team in '35, and the all-opponent right tackle for both Catholic U. and Manhattan in '36.

Helms is a senior in Textiles, belongs to the Pi Kappa Phi fraternity, is a member of the Interfraternity Council and College Life Saving Corps, and is Adjutant of the First Battalion. During the summer E. V. is employed as a life guard at Myrtle Beach. In the winter E. V. boxes for the varsity pug making his monogram last year.

### Sports Glimpses

by Bob Blackwood

What a game that was! I hope that you survived it. I don't better than I did. I thought that I would have heart failure two or three times before the final whistle blew.

The Wolfpack surpassed all of our expectations in their play, but so did the Wildcat eleven. I was eight points off on my prediction. Not so good as a starter... Rooney and Berlinki fitted in well in the new system and the team as a whole, seemed to block better and play harder than State teams have for many moons. An example of the new era in State football was the heads-up brand that was displayed, the Tech players recovering all of their own fumbles and two of Davidson's. They were also wide awake as far as their pass defense was concerned, allowing Lafferty to complete only 4 out of 19 heaves. The team will have two weeks to get its timing down and to smooth up the rough places for the Carolina game. It will also be able to vary its attack a great deal more than it did against Davidson as it will have several new plays learned and the old ones to use. The red jerseys worn by the Davidson team had even the sport-writers guessing. The Greensboro News came out Sunday morning with the headline, "Pass from Rooney to Tatum gives Davidson win over State". Coach "Doc" Newton's new method of calling signals seems to have started quite a bit of talk in football circles.

Coach Bill Alexander of Georgia Tech criticized it as silly, stating that the old huddle system is as good a way of calling plays as any that could be devised. He also wonders where the quarterback will find a pocket to carry the number marking gadget in. The huddleless huddle has its points, as could be seen Saturday. Instead of eleven men scrambling into a huddle six or seven yards from the line of scrimmage and then doing an about face and returning to their positions, only the quarterback expends any energy in the game when the play number. Once the Wolfpack gets accustomed to it, a great deal of time will be saved. The Techs will certainly miss the services of Eddie Berlinki this year. Eddie has been having trouble with his knee ever since his freshman year and was forced out again this fall at the start of practice sessions. He ranked with the best with his passing and kicking and he was a hard running back. The coaching staff is using moving pictures of scrimmages and games this year to point out the mistakes of the players on the varsity. A good point, I'd call it. Carolina is getting a little nervous about the game with South Carolina tomorrow. Last year the Tar Heels had a picnic in taking the game 14-0. This year the Roosters will come to Chapel Hill with a wealth of material and a team that showed great strength and promise in its game last Saturday with Emory and Henry. North Carolina should win by one or two points. V.P.I. will serve as a soft touch for Wallace Wade's new Blue Devil eleven. If the lads from Blacksburg can hold the Devils to 25 points they will have done a good job. It will give Coach Wade a chance to find his weak spots and to try his new men. Davidson will walk all over Erskine, and Wake Forest—well, there is no telling what Tennessee will do to them. Pea Head's Walker's team will be terribly outclassed by the Vols.

The Sophomore Class will meet at 1:15 Tuesday in the YMCA. All sophomores are urged to be present.

### TOURNAMENT TO BE SPONSORED BY STUDENT SUPPLY STORE

#### Freshman Tennis Tournament Will Be Held To Find Material for Team

A tennis tournament which is being sponsored by the Students Supply Store will get under way Friday, October 1. The tournament is being held in an endeavor to find material for the freshman team, and each entry will be watched very closely by Coach Green.

Heretofore, such a tournament has been proposed but has never been held, and is indeed an excellent chance for those freshmen interested in tennis as their college sport to get started.

Those who wish to enter the tournament may register at the Students Supply Store, and should do so at the earliest possible convenience as opponents will be drawn on Thursday afternoon. The prizes offered are sufficient inducement to attract any fresh-

### Miller To Meet Intramural Men

Johnny Miller will meet all the fraternity and dormitory managers tomorrow night at 7:00 p.m. at the gymnasium.

All dorms and fraternities planning to enter teams in any of the fall sports must have a representative present, because the entries will be made at the meeting.

This fall Mr. Miller will be featuring football, wrestling, swimming, and horse shoes. Football leads the rest in importance, as it brings in 100 points for the entry of the team alone. Wrestling and swimming give 5 points to a team for each man entered, and horse shoes give 50 per team entered.

Last year was a banner year as far as competition was concerned and this year should see a still greater rivalry in the two leagues.

Man, the first prize being any tennis racket in stock, strung with a good grade of gut, and the second prize is one dozen tennis balls.

### Y CABINET PLANS FOR OUTING TRIP

#### Group Will Make Trip To Hill Forest, Near Durham, For Sunday Program

On Sunday, September 26th, the YMCA Cabinet will travel to Hill Forest, 12 miles north of Durham, for an outing.

A program of worship, fellowship, and recreation has been planned. Following this an informal meeting will be held to plan the Cabinet's work for the first term. The next thing in order will be a picnic lunch. Then the Cabinet will return to State College to hear Ambassador Dodd on Sunday night.

#### Wynn Will Be Speaker At Freshman "Y" Council

The Freshman YMCA Council meets every Wednesday night at 7 p.m. in the north end of the YMCA and all freshmen are invited. The speaker for Wednesday, September 29th, is W. K. Wynn, assistant professor of English, and his subject will be "How To Study." Every freshman should hear this. The freshman work this year is supervised by a committee of five upperclassmen: A. M. Smith, chairman, E. Koelke, Jack Price, H. C. Woodall, and Kenneth Murchison.

#### At the Theatres

##### PALACE

Bing Crosby and Martha Raye, of "Walkie Wedding" and "Rhythm on the Range" fame, get together again for another frolic in the new music and romance comedy "Double or Nothing," which will be shown at the State on Wednesday, Thursday, Friday and Saturday.

The two make music, merriment and mirth with a gay abandon that gives this comedy a double dose of what everybody liked best in their first teaming pictures. It is Bing's smoothest role as a troubadour-comedian. Martha springs more tantalizing convolutions than ever convulsed a mirth-seeking audience. Add to these the romantic allure of Mary Carlisle and the comic misery of "gravel-voiced" Andy Devine, not to mention a novelty "Sing Band," a sensational night club show, and one of the most spectacular trick endings that ever came out of Hollywood's sleeve, and you have an idea of one of the most buoyant musical productions of the year.

A Pete Smith novelty "Sports on Ice," and a news completes the program.

##### STATE

With Pat O'Brien starred, and such excellent players as Humphrey Bogart, Barton MacLane, Joseph Sawyer and Ann Sheridan in supporting roles, the drama "San Quentin" will be played at the Palace Theatre Thursday, Friday and Saturday.

While the story is laid in and about the famous penitentiary that juts into San Francisco Bay, it is not, the producers give assurance, one of those sorrowful movies about condemned men and last hours and that sort of thing.

There is no execution, there is nothing sobby about the picture. It is enlivened by many scenes taken "outside"—even by a San Francisco night-club, where Miss Sheridan is a singer who falls in love with O'Brien, who is an ex-Army officer just appointed to be Captain of the Yard at San Quentin.

It is simply a swiftly-moving melodrama dealing with the prisoners, the lives they lead—some good, some evil, even behind walls—and the officers who guard them. A musical comedy "Rhythm Round-up" and a Palace News Events rounds out an attractive program.

#### Meet To Be Held For Student Body On Monday Night

(Continued from page 1) to improve the athletic situation at State College.

**Student Members**  
Student representatives shall consist of the president of the Student Body, the president of the Monogram Club, and three other members chosen from the Junior and Senior Classes, chosen in such a manner as the student body may determine. The members selected this month will serve until Commencement Day, 1938.

The Athletic Council has full direction of the intercollegiate athletics at State College, subject to the final approval of the dean of administration, the president and the board of trustees. It will recommend to the dean of administration of the college all appointments to the athletic staff.

Prior to the year 1934, students of the college were not even represented on the Athletic Council, and now that they have such a great responsibility to shoulder, student officers of the college are anxious for the Student Body to be present at the mass meeting to elect the members that they think can serve most capably.

#### AT "GRID BALL"

Miss Frances Colwell, featured soloist with Dean Hudson and His Florida Clubmen, who will appear on the floor show and dance program at the "Grid Ball" Saturday night at the Raleigh Memorial Auditorium. The dance is being sponsored by the Junior Woman's Club, proceeds to be used in the welfare work of the club. Tickets to the State-Carolina game will be awarded the best "Big Apple" couple in the contest preceding intermission.

#### Grid Ball Tomorrow

College girls and boys as well as the dancing contingent of Raleigh and nearby towns are looking forward to the "Grid Ball," which will be staged Saturday night in the Raleigh Memorial Auditorium, beginning at 8:30 o'clock. The Junior Woman's Club is sponsoring the affair, proceeds going to the club's welfare work. A floor show will be presented

at 8:30 and dancing will continue from 9 until midnight. Dean Hudson and His Florida Clubmen will play for the dance and floor show, featuring Frances Colwell, vocalist. A "Big Apple" contest will be held preceding intermission, the best couple to be awarded tickets to the State-Carolina game.

The following numbers will be presented: A "Big Apple Ring" by popular members of Raleigh's younger set; a tap number by Betty Hunt and Dickie Mitchell, well-known dance team; a special arrangement by "Teen" Palm, formerly with Jimmy Foyner and his State College Collegians; and several other numbers. Dean will present their arrangement of "Big Apple Jack" a glee club number; "Birth of the Rhumba," showing how the Rhumba was born and introducing, one by one, each instrument used in playing the Rhumba; and "Theme Song Novelty," playing the theme songs of Jean Garber.

Guy Lombardo, Horace Heidt and Artie Shaw.  
Tickets are on sale by Junior Clubwomen at Huneycutt's London Shop at the college, Boon-lesley Drug Store, Wake and Carolina Hotel Pharmacies. Admission is \$1.10 for dancers and 40c for spectators.

#### ANNOUNCEMENT

The State College Glee Club will be reorganized on Monday evening, Sept. 27, in Pullen Hall at 8:00. Rehearsals will be held regularly on Monday, Tuesday and Wednesday evenings at 6:00. Pianists interested in trying out as accompanists for the glee club please contact the music director, Major C. D. Kutschanski, Room 10, Holladay Hall, before Monday evening.  
J. R. McClard, President.

#### "Ag" Club Plans Smoker At Meeting Wednesday

Room 116 Folk Hall was filled to capacity with upperclassmen and freshmen last Wednesday night as Harvey Snipes, president, called to order the first meeting of the Ag Club this year. Plans were made for a smoker to be held next Wednesday night to which all Ag students and professors are invited, provided the cafeteria is available. The programs this year will be

put on each week by one of the departments, and they will be prepared well in advance of their scheduled presentation.  
Sam Williams, president of the Student Agricultural Fair, informed the Club that the State Fair Association had allotted them one hundred feet of space this year. He also said that agricultural chemistry had been made one of the departments in the Ag School, bringing the total to eleven.  
The club adjourned after deciding to put on an act at Blue Key Stunt Night.
