

Over 2,000 Students Read The Technician

ENGINEERS' FAIR PROMISED TO BE BEST EVER HELD

Many Exhibits to be Put On Display by Various Departments and Persons; Dave Burnside to Play for Grand Brawl

The Engineers' Council is completing plans for the Engineers' Fair to be held this year on April 8 and 9.

The exhibits will be displayed on Friday, April 8, in the various engineering buildings, and the fair will be climaxed with the Engineers' Grand Brawl, at which the outstanding engineering seniors will be honored with knighthood in the Order of St. Patrick.

Exhibits, displayed by the seven engineering departments, are conducted by the students. Each year, there will be more feature exhibits by individual students in the various branches of engineering.

The number of seniors knighted this year will be about 30 per cent from each department, which is considerably less than the number knighted last year.

Who is eligible for Knighthood in the Order of St. Patrick at the time of his election, (a) must have fulfilled all the requirements for graduation at the commencement immediately following such an election.

The Engineers' Council, which plans the fair, is composed of E. W. Price, G. R. Killam, Hal Overman, Hunter Fisher, W. A. Edwards, J. W. Brown, Louis Ashbury, John Amero, Kelman Gomo, A. Maupin, J. G. Bronson, R. M. James, S. B. Woolard, William Baertlein.

...and No Blame Was Held

Above are shown some scenes taken in the Wake County Civil Courtroom during the coroner's hearing last Wednesday afternoon into the tragic death of Philip Winslow, aeronautical engineering student from Greenville, in which Coroner Lawrence M. Waring found that the death was entirely accidental.

Inquest Into Winslow Death Shows Tragedy Accidental

Much Publicized Electrocution Unfortunate Mishap; Neither Fraternity Affiliation Nor Alcohol Found to be Contributing Cause to State Student's Untimely End

The official inquest into the death of Philip Winslow, State College junior, was conducted Wednesday afternoon at 4:15 in the Wake County Courthouse by Coroner Waring.

The evidence presented proved conclusively that there was positively no kind of fraternity initiation taking place at the time of the accident.

foot embankment, located near the Seaboard switch tower. Pugh was unable to declare definitely who suggested climbing the railroad cut, but both were in favor of it.

Ag School To Get New Dairy Barns

Location of Group of Four Modern Buildings Which Will Replace Those Now In Use by the Departments of Animal Husbandry

Further expansion of the athletic plant of State College will necessitate the demolition of the present dairy buildings. Professor R. H. Ruffner, of the Animal Husbandry and Dairy Department, stated yesterday.

While the new location of the dairy buildings has not been decided upon, it is certain that the group will consist of at least four buildings, all of modern design and including the latest equipment," said Ruffner.

SENSE OF HUMOR "If the person who took my drawing instruments will call at the Y. M. C. A. he can have the case also," according to a sign seen on the bulletin board at the back cafeteria. That is what we call a keen sense of humor.

TO RESUME WORK ON FIELD HOUSE Work on completion of the Field House at Riddick Field will be begun March 28 under the direction of the PWA. This work will be for the completion of the interior of the building.

McCABE AWARDED SCHOLARSHIP KEY Richard P. McCabe, sophomore in ceramics, was notified Tuesday that he had won an award of a gold key, for having the highest freshman scholastic average in the southeastern district of the Sigma Pi fraternity.

Air Service Tests Given At College

Forty-five State Students Examined by Medical Captain From Randolph Field

Dr. John Copenhaver, captain of the medical corps, and flight surgeon, at Randolph Field, San Antonio, Texas, was at the State College infirmary on Tuesday and Wednesday of this week giving examinations to prospective flying cadets who wish to get an appointment to Randolph Field.

McCabe, who attained an average of 92.5 per cent during his freshman year, competed with more than sixty freshmen from the section. He missed winning the national freshman award by only a fraction of a point.

SCORE INITIATED BY PHILETA SIGMA

Scholarship Society Initiates Twelve Freshmen and Ten Sophomores; Kaley to Head Fraternity Next Year

At the annual banquet of the Phi Eta Sigma, honorary freshman fraternity, held last Tuesday night at the Woman's Club, 22 new members were initiated into the fraternity.

Officers for next year were elected at a business meeting immediately following the banquet. They are: P. D. Kaley, president; W. F. Morris, vice president; R. L. Rice, secretary; M. R. Campbell, treasurer, and T. F. Jackson, historian.

Sam Mann, secretary, told the new members of a program to be carried out next year in order that the Phi Eta Sigma may be known by deed rather than name. It was proposed that all undergraduate members of the chapter contact the freshmen who are deficient or on the border line of passing at the middle of the fall quarter and to help them lighten their studies or find a solution to their problems.

STUDENT GOVERNMENT MEN TO CONVENE IN NASHVILLE

On the 21, 22, and 23 of April representatives from the student councils of colleges in the Southeast Region will gather at Nashville, Tennessee, for a joint meeting with the Southern Federation of College Students.

Van Leer To Speak

B. R. Van Leer, Dean of Engineering at N. C. State College, will address the members of the Raleigh Engineers Club at their meeting next Monday evening.

Newest Type Tomato Culture Breaks Ancient Law of Nature

If your dictionary is abridged you probably won't find "hydroponics" in it. Whoo there! "don't throw away baby with the bath water" is absolutely no cause for alarm, for you have some real, live, practical, "hydroponics" practically in your back yard.

Dean Van Leer Says Engineers' Courses May Be Lengthened

HEADS AG CLUB

Van S. Watson has been elected president of the Ag Club to serve during the spring term. He is a senior in agronomy and hails from Rocky Mount.

Sam Mann, secretary, told the new members of a program to be carried out next year in order that the Phi Eta Sigma may be known by deed rather than name.

FORENSIC TEAM GAINS PRESTIGE

Zekaria Wins Highest Individual Honors at High Point Tournament; New Speech Forms Adopted by Debating Association

State College marched forward once again in the forensic world, by coming out favorably in the South Atlantic Tournament, which was held at High Point College, High Point, N. C., March 3-5.

The South Atlantic Forensic Association adopted as permanent features of their annual program the Projects in Group Stimulation, Formulating Group Opinion, and Problem Solving.

Five Year Plan of Curricula Offered to Faculty Council; High Rate of Failures of Engineers Given as One Reason for Time Extension; Present System Would be Retained Also

If the plan proposed by the faculty of the engineering school are adopted, the curriculum of all courses in that department will be extended to cover a period of five years of academic work, it was learned yesterday.

While the five-year plan would be effective for those requiring or desiring it, the present curriculum would be continued for those capable of covering the required work in four years.

The schedule of the plan, which has been considered by the faculty council, conforms with the recommendations of the Society for the Promotion of Engineering Education as presented at their annual meeting in 1934, and since adopted in the majority of colleges and universities throughout the United States.

Extensive Work Well Underway On New Track

Half-Mile Track, Regrading of Baseball Field, Football Practice Field, and Tennis Courts Included in Plans

Work is progressing rapidly on the huge athletic field expansion program now underway at State College, Tenn. The new track will be one-half mile long and twenty-one feet wide, with two straightaways, one each on the north and south side of the track, entering from the west end.

The stands on the new field will extend back to the tennis courts. The space between the upper four courts and the lower four courts will be graded off and the lower courts will be built back to the other courts. This will provide eight courts in all.

Work on grading the baseball diamond and field is progressing very rapidly, and it is hoped by FWA officials that the field will be complete in time for the baseball season. The field is being leveled and extended back to cover the trash pile at the south-east corner of the present field.

Final Curtain Falls On Another Winter Sports Card

TANKMEN, CAGERS AND MATMEN LEAD TECH'S CAMPAIGN

Garner Pair of Big Five Titles and High Ranking in Conference Circles.

By DON HAMILTON

Winter has come and gone, and has taken with it one of the most successful winter seasons that State has enjoyed in a long time.

An orchid goes to Coach Sermon, for the doctor has built a fine State College basketball quint. With only three regulars to use as a nucleus, "Doc" turned out a team of Red Terrors that were beaten only four times during the regular conference season.

Captain Connie Mac Berry shared scoring honors with "Silent" Bill Mann, both being well up in the first ten of the Southern Conference. State's two mighty mites, P. G. Hill and Elwin Hamilton, starred consistently during the entire season and were noted for their ability to deliver in the clinches. Dependable Selby Jones was a bulwark on the defense and dropped in his quota of points with clock-like regularity. Little "Buzzer" Berliniski spark-plugged each State attack and added to his football laurels with an all-star performance.

The Terrors were definitely off in the Southern Conference tournament, dropping their first game to Duke, who went on to capture the championship.

With the record-breaking performance of Ross Reynolds as an inspiration, Coach Romeo Lefort's variety and frosh swimmers delightfully defeated Duke to garner Big Five laurels. The varsity won four and lost two in Southern Conference competition during the season and captured second place in the tournament held in the V. M. I. Pool. Two new records were set by Reynolds. One being made in the Frank Thompson gym during a meet with Randolph-Macon and the other in the Southern Conference tournament.

Coach Herman Hickman's varsity wrestlers were the surprise artists this year. With but two men returning from last year's team, Coach Hickman faced a real problem. Gathering his material from the football squad and from last year's freshman wrestling team, he built a team that was second to none in the State and dropped but one match in out-of-state competition. The only loss of the season was suffered at the hands of Washington and Lee, who were conference champs the year before. Captain Clarence Shimer, 155, went through the season undefeated and Charles Hunter, 116, lost but one fight, this coming in the last meet of the year.

Although Coach Regdon's varsity boxers won but one match, that being with Duke, much credit is due the former State football star. The equipment was poor and the major part of the squad green. With most of these men coming back next year, Coach Regdon is expecting to turn out a team second to none in the State. He will also have another source of material in this year's freshman squad. The frosh boxers crashed the win column by boxers to take the Big Five fresh-beating North Carolina and Duke man honors.

LEFORT RESIGNS AS TANK COACH

Winds Up Four Years as Swimming Mentor In Brilliant Fashion

C. R. Lefort, genial assistant dean of students and one of the most well-liked men on the campus, announced Tuesday his resignation as coach of the State College swimming team.

Lefort stated that he regretted deeply to leave his post as swimming mentor, but his many other college duties made it impossible for him to devote the amount of time necessary to handle the tank team.

Colonel John W. Harralson said in a letter to Lefort: "I regret that you find it necessary to resign as coach of the swimming team. The college, students and alumni are deeply grateful to you for the excellent work which you have done as coach of these teams.

"In this, as in other matters, you have given excellent service. We prize it all the more highly because you have done the work on your own time. I am also personally indebted to you for the fine spirit which you have engendered in the swimming group."

Lefort has been at the helm of State tank teams for the past four years. He wound up a commendable coaching career this year in banner fashion, leading the State team to the Big Five title and second place in the conference swim held at V. M. I.

No announcement has been made concerning a successor for the coaching berth. The appointment comes under the jurisdiction of the Athletic Council, of which Professor Fisher is chairman.

Coaches Select Conference Five

Berry Placed On Second Team; Mann Receives Honorable Mention

Clemson placed two men, Banks McPadden by unanimous vote, and Ed Kitchens on the 1938 all-tournament Southern Conference basketball team.

Tall Bob Spessard of Washington and Lee won a berth for the third straight year, and a teammate, Kit Carson, also made the mythical five. McPadden was chosen on each of the ten first teams listed for the Associated Press by coaches of seven of the eight teams in the tournament and by the three officials. Coach Walter Skidmore of North Carolina did not vote.

Difficult to Choose
The coaches and officials said they found selection unusually hard this year as they regarded the field of players exceptionally well balanced.

The first team: Forwards: McPadden of Clemson and Earl (Kit) Carson of Washington and Lee. Center: Bob Spessard of Washington and Lee. Guards: Ed Kitchens of Clemson and George Knepley of Maryland. Spessard was on the 1936 and

TERRORS ROUND OUT SUCCESSFUL YEAR

The State College basketball team, led by the brilliant Connie Mac Berry, were caught in this unusual shot recently as they prepared to usher out the 1938 campaign. The Sermontmen, despite an off night in the Conference tournament, compiled a fine record. Starting at the lower left end and reading clockwise the players are: Eddie Berliniski, Louis Satterfield, Adolph Honeycutt, Bill Mann, Captain Mac Berry, Selby Jones, J. A. Sapp, P. G. Hill, Elwin Hamilton, and Roy Cromartie.

Veterans Head Tennis Seedings

Dulin, Murray, Boney and Cline Lead Record Turnout Of Nesters

Early spring practice for the tennis squad got under way last Friday, and Coach Green announced that he had the biggest number of prospects that he has ever had. Twenty-three men have reported their names for candidacy as members of this year's varsity team. The list was headed by Jordan Dulin, captain and number one man, and was bolstered by the names of Murray, Boney, Cline, Spear, and Fanning, who are all veterans from last year's team. The ladder, as posted by Manager F. M. Southland, is as follows:

- 1. Dulin
- 2. Murray
- 3. Boney
- 4. Cline
- 5. Spear
- 6. Fanning
- 7. Ray
- 8. Williams
- 9. Simmons
- 10. Chase
- 11. N. G. Smith
- 12. Hall
- 13. Owen
- 14. Austin
- 15. Giller
- 16. Cannon
- 17. Lummlis
- 18. Salmela
- 19. Beasley
- 20. Reeves
- 21. Wetmore
- 22. Baker
- 23. Stuart

The ladder will probably be rearranged within the next week. The freshman ladder has also been posted by Manager L. W. Cartwright, and several challenge matches are scheduled for this week.

1937 teams and Carson repeated from last year. McPadden got nine votes at forward, a post he played in part of the semi-finals game against Washington and Lee, and the tenth put him at center. Spessard was selected on nine first-team ballots at center and was put in the second-team berth on the tenth. In two tourney games each man scored 31 points.

Second Team
The second team was: Forwards: Waverly Wheeler of Maryland and Fred Edwards of Duke.

Center: Connie Mac Berry of N. C. State. Guards: Russ Bergman of Duke and Earl Ruth of North Carolina.

Honorable mention went to: Forwards, Ed Swindell of Duke, Bill Mann of N. C. State, Andy Bershak of North Carolina; center, Bill Burge of Richmond; guards, Bob Cheves of Clemson, Frank McNeill of The Citadel, John Hoffman of Duke, Ronnie Thompson of Washington and Lee and Jimmy Ely of Richmond.

The ballots showed that Kitchens had 14 points, and that the cup in guard berth and Knepley ten points. First-team places counted two points, with one point for second-team berths.

Second-team forwards equaled or exceeded Knepley's points, Wheeler getting 12 and Edwards, voted for at center and forwards, ten, but as neither got a point at guard they were placed in the position they regularly play.

National Tourney

Six teams, representing the cream of the collegiate quintets of the United States, will meet in a tournament this week in New York to play for the mythical championship of the United States.

The six competing teams are: New York University, Long Island University, Temple University, Bradley Tech, Colorado University, and Oklahoma A. and M.

By BOB COLEMAN, JR.

As another intramural sport season draws to a close, we again realize the interest and spirit of cooperation exhibited by the students of State College. Since Johnny Miller, our intramural director, expresses these thoughts in his open letter to the intramural managers, I give you his letter.

"In the background of every intramural team which ranks high can be found an enthusiastic, persistent and hard-working manager. Every organization should strive to find this man as he means more to the team than any other individual.

"At this time between seasons, I want to commend the teams for their enthusiasm and their good spirit of sportsmanship. There may be larger programs in colleges which have more fields and which have more time than technical colleges. However, it is not possible to find more intense enjoyment, team spirit, clean rivalry and spirit of cooperation than in evidenced here.

"I wish also to call your attention to the good will and spirit of cooperation toward our program shown by the Inter-Fraternity Council, the Student Council and Lon Ivey's book store. They have made possible excellent trophies to be given all-year winners in recognition of their abilities. Students who took part in the boxing should be recognized. It was through their willingness that it is again possible to give all-campus medals. The year's trophies will be on display at the college bookstore in about two weeks.

"Spring is always the most enjoyable season of the year. The sports of the coming term are in keeping with the spirit of the season. Softball, tennis, volleyball and track are among the most popular sports. Do not neglect to get your entry in this week if you wish to be included in the schedules.

"Yours for plenty of fun together, J. F. MILLER. "Director Intramurals."

A brief review of the season reveals that competition has been close. By this time last year both the dormitory and fraternity cups were sewed up. A glance at the team totals which can be found on another page, shows that competition is too close to predict any winners, and that the cup is anybody's yet. This term the Kappa Sigs and Second 7th won the basketball championships. The Sigma Nus and Second 7th took the soccer crowns. Second 1811 won the dormitory boxing championship, while the Pikas, Kappa Sigs, and Sigma Nus shared the fraternity honors. The handbook title in the Fraternity League was taken by the AKIIs. Second 7th took the title in the Dormitory League.

On Monday night Second 7th took the dormitory basketball crown by defeating Third 7th 23-12. Third 7th was leading at the half, 8-7. However, being led by Teague with six points, Second 7th scored 16 points and held Third 7th to four points.

The real thriller came in the Pika-Kappa Sig game. The Kappa Sigs scored 12 points before the Pikas tallied. The Kappa Sigs were leading 16-8 at the half. The Pikas were not to go down so easily, though, and in the second half,

two points for the Kappa Sigs in the final twenty seconds of the extra period. The final score was 23-21.

Mat Captain

At a meeting of the wrestling squad held early this week, Charlie Hunter, crack 116-pounder, was elected captain for the coming mat campaign. Hunter was one of the most consistent winners on the mat squad this year, dropping only one bout. He is from Charlotte and is enrolled in the Ag School at State.

DOC DISCUSSES GRID PROSPECTS

Popular Mentor Stresses Value Of Practice; Praises Spirit Shown by Candidates

By COACH DOC NEWTON

The spring practice having been concluded without a test against outside opposition makes it rather difficult to size up prospects for the coming season.

As we feel as though we are further along than last year at the same time. We have had more time to acquaint the boys with our type of football and therefore expect more fitness in play next year than we had in the season just closed. It seems that almost every mistake we made last year meant a touchdown for our opponents. Of course it is impossible to eliminate all of them but the team that makes the fewest mistakes usually wins where power and coaching are almost even. And speaking of power, we must have lots of it if we expect to remain in the league with Carolina, Duke, Clemson, etc., not to mention Alabama and Detroit.

The spirit seems to be almost at the top. The players must have ambition and be willing to give every effort not only in games but in practice. As we practice so we play. As we study so do we recite.

The 36-hour requirement which goes into effect this year is a fine thing for athletics. We are depending on our boys to pass the required number of hours. We, of course, realize that with the lack of crisp courses here our loads will be heavier than at possibly any other institution in the conference. We face this with confidence because our boys must realize that there can be no compromise in their studies or their athletics. We are all men and have a responsibility. We must not fail our college and our companions.

Oddities

If you've often wondered what other campus columnists talk about, as we have so often, you'll be interested in these gems from those who tell other campuses what it's all about. On our honor, they're all clipped verbatim:

No. 1: "In the coming month, when candidates start campaigning, remember this: The walking brief case, derby and double-breasted suit (lawyer), is also likely to be a stuffed shirt."

No. 2: "At any rate, the frost is coming out of the ground and the only solid things about the campus are the sidewalks and the roads."

No. 3: "The ideal professor is just one of our straight 'A' students grown up. However, he forgets to change his suit from year to year. The student doesn't do that." (This was in an interview column so don't blame the columnists).

No. 4: "The girl speaks first. Yes, this is her obligation, and she must fulfill it."

No. 5: "And so, while the silk worms and the lisle worms rear their heads, time passes and summer anklets will run them both into eclipse."

No. 6: "Sitting in a classroom behind a girl who has a two-foot zipper down the back of her blouse has become a torture vastly more cruel than all thousand of the Chinese methods."

No. 7: "Public schools are un-

Washington, Here We Come!

Four State College students under the direction of R. L. Stallings, self-help secretary, left yesterday morning for Washington, D. C. to join with hundreds of other college students from all over the nation who are concentrating on the National Capital to influence legislation in favor of the American Youth Act and extension of the NYA program. The delegation is shown above as it conferred with college officials on Wednesday as to the policies that it would vote for in the youth convocations: Reading from left to right, first row, Dick McPhail, editor of "The Technician"; R. L. Stallings, college self-help director; J. C. Frink, President of the Student Body, and E. S. King, secretary of the State College YMCA; back row, A. M. Smith, representing the YMCA, D. L. Gilbert, President of the Senior Class, and Col. J. W. Harrelson, Dean of Administration.

doubtedly marvelously fine and worthy things, but, somehow, after graduating from those mills of standardized culture, one feels as though he had been labeled, "Made in the U. S. A."

What do you think? Wanna write a column?

Atlanta, Ga. — (ACP) — Two years ago it was the "Veterans of Future Wars" who were asking for their bonuses in advance. Last week it was—and still is, according to last reports—the "Institute for International III-Will" asking for war right away.

Founded by two Emory University undergraduates with a zest for bloody burlesque, the organization seeks other chapters "all over the world" to help burlesque modern war and international diplomacy.

In a telegram to Adolf Hitler, they said, "quit stalling and fight Austria." The telegram was refused by two wire companies. Another message was drafted, and reported accepted by one of the companies. It read:

"We are all behind you and the

eight ball. We recommend Austria for your growing pains."

Fees for out-of-state students at Louisiana State University are now on a reciprocal basis, being the same as charged Louisiana students to attend the state university from which a student comes.

Tulane University officials are considering instituting a non-compulsory course in naval science and tactics.

LAST SPEAKER

Mr. W. H. Harrison, president of the American Institute of Electrical Engineers, will address the last gathering of the North Carolina section of the AIEE at Chapel Hill this evening.

The transfer of the engineering department to State College from Chapel Hill has led to the ultimate dissolution of the chapter on the Carolina campus.

The meeting will be attended by representatives of State College faculty and members of the student body.

Baptist Council To Have Banquet

The B. S. U. Council at its last regular meeting approved the date of April 2 for its spring banquet. The banquet is open to all Baptist students and tickets will be on sale at the B. S. U. booth in the gymnasium on registration day. The primary purpose of the banquet is the election of new members to the B. S. U. Council for next year; therefore it is hoped that a large number of students will be present to elect their representatives.

Entertainment will be furnished by unit church organizations represented in the B. S. U. who will give a series of stunts. The principal address will be given by the Rev. Charles B. Howard of Bules' Creek, N. C., who is an outstanding college pastor.

For those who are not acquainted

with what the B. S. U. is, it is a student organization composed of all students who are members of the Baptist Church, such as Sunday School or B. T. U. That is the only requirement and there are no dues. The B. S. U. Council is composed of a number of executive members and a representative from each unit church organization of which a State College student is a member. These members are elected by the Baptist students. In brief the B. S. U. is a student organization whose purpose it is to make students church conscious. All students who did not fill out a B. S. U. registration card on last registration are urged to do so.
