

## 'Y' Religion Week Closes Tonight

Address Tonight Will  
Climax Lecture Se-  
ries and Religion  
Week; Four Speakers  
Visited Campus

Starting with the idea that the whole world is "flying blind," Dr. V. P. Boden opened Religious Emphasis Week on the State College campus when he addressed the ROTC unit assembled in Pullen Hall at noon Monday.

Other guest speakers appearing on the YMCA program for the week were Dr. John R. Hart, Paul M. Deering, and Harry M. Philpott. These men, in addition to the delivery of their public lectures, visited various dormitories and fraternity houses where they held informal talks with students.

Tuesday at noon the four sections of freshmen each heard one of the guest speakers, and Dr. Hart addressed the entire freshman class at their assembly at noon yesterday.

Lecture Series  
On Monday evening Dr. Boden began the first of a series of four talks on "Finding a Religion to Live By." He presented the need for intelligence in religion, and stated that the type of personality that is valuable today is one in which the religious spirit is blended with intelligent technique.

"The age old religious problem is simply the inner problem of human life," said Boden in his Wednesday evening talk on "Real Estate Religion." "Without success in the relationship of man with his soul, success elsewhere matters not."

Behavior Analysis  
Taking his cue from Dr. McDougall's analysis of the four levels of behavior, the speaker continued with his series last evening in the "Y" auditorium. He rejected the idea that we are any less moral than other generations, but he did state that we seem to be more confused about our moral standards. Boden, using the phrase, "the honor of a gentleman," stated that this embodies the idea that morality is fundamentally a matter of the law within oneself, and that this is the highest moral law.

Tonight Dr. Boden will deliver the last in his lecture series at 7 o'clock in the auditorium of the YMCA, when he will speak on the topic, "Dynamite and Curly Papers."

Debate Team  
Gains Prestige  
At Appalachian

Lippard Wins Second  
Consecutive Victory; Price  
in Line for Southern Cham-  
pionship

The State College debate team returned last week-end from the Appalachian Mountain Tournament where more than a hundred students from 14 Southern colleges gathered to compete for awards in the various fields of speech.

George Lippard, outstanding sophomore debater, was first-place winner in extemporaneous speaking, marking the second consecutive victory he has won in the tournament in two years time. C. K. Watkins took second place in after-dinner speaking to add another placement to State's honors.

Jack Price, who is in line for the title of Southern Champion in debating, was adjudged the third best debater in a field of 65 men debaters who participated in the contest.

Honors To Price  
Price won other honors in December by placing sixth in a field of 150, and he was the only man to place in both the Dixie Tournament and the Appalachian Mountain Tournament. If Price can maintain his standing in the Grand Eastern Tournament, he will be in line for the title of southern champion in debating and will also be eligible for national honors.

The local debate team, which has traveled over 25,000 miles in the past few years demonstrating the direct-clash system of debate, defeated the Winthrop College team in demonstration match at Boone last Friday. Price and Watkins represented State College in this demonstration. The "direct-clash" system was invented and introduced to forensic circles a few years ago by Prof. E. H. Pagot, debate coach here.

## 33 Students Are Approved For Gold Keys

Awards to be Made  
At Publication Ban-  
quet; Daniels Sought  
As Main Speaker

Gold keys for meritorious service will be awarded by the State College Publications Board to 33 students at their annual banquet to be held Tuesday evening, February 21, at 7 p. m. at the Hotel Carolina.

Colonel J. W. Harrelson, Dean of Administration, will present the keys, awarded only to juniors and seniors who have earned at least a year and a half on either of the six student publications and who maintain a scholastic average of "C" or better.

The committee in charge of the affair has contacted Jonathan Daniels, publisher of the *News and Observer* and author of "A Southerner Discovers the South," and asked him to make the principal address.

Frank H. Jeter, director of the State College News Bureau, will be master of ceremonies. A formal dinner will begin immediately following the close of the banquet and last until twelve o'clock.

Students who will receive publication keys, and the publications on which they work, follow:

Technician—E. M. Britt, E. S. Rogers, Jr., H. R. Everett, and Z. B. Lane, Jr.

Agriculturist—S. H. Dobson, Sam N. Mann, J. C. Pierce, Jr., P. S. Thompson, R. C. Larkin, R. P. Handy, J. R. Hurt, B. G. Andrews, and P. J. Gibson.

Agromeck—J. Y. Pharr, L. E. Wooten, Jr., and Lloyd Mills.

Pi-Tau—H. C. Martin, Fred Reeves, E. W. Smith, and William Lee Beasley.

Southern Engineer—S. D. Rogers, G. J. Bell, J. C. Haynes, and T. D. Williams.

In addition keys will be presented to William McC. Bailey and Russell Burdham, assistant representatives on the Publications Board; and to C. A. Upchurch, Jr., now rounding out his first year as editor of the College News Service.

Powerhouse Dance  
Widely Publicized

Picture of Engineering Students' Frolic Appears in New Jersey Paper

If you don't believe that news of State College travels, just read this.

A couple of weeks ago the *Sensors* in the department of Mechanical Engineering had a rather novel dance in the College powerhouse, in the very shadow of the huge electric generator. A picture of this unique affair appeared in the *Raleigh News and Observer*, and undoubtedly causes some comment.

Last week this same picture turned up again, not in North Carolina, but in the *Jersey Observer* of Jersey City, N. J., some five hundred miles from State College.

The photograph was on a page of pictures under the heading "Oddities in the News," and the paper asked rather dubiously, "What will college students think of next?"

Dance To Be Given  
By Forestry Club

Closed Affair Will Be Held  
Tomorrow Night at the Tar  
Heel Club

Dancing to some of the best musical arrangements in the country through recordings—the members of the State College Forestry Club will hold their annual closed dance at the Tar Heel Club tomorrow evening at 9 o'clock.

The Tar Heel Club, located about six miles from Raleigh on the Wake Forest highway, will be attractively decorated with green and gold, the colors of the Forestry Club.

The members and their dates will be transported to the club in forestry buses, and they will leave from in front of Ricks Hall at 8:15. All arrangements for the annual dance have been made by a special committee appointed by the Forestry Club, of which H. J. Hartley is chairman.

## AVERAGE OVER 33 YEARS AT STATE COLLEGE

Exactly 401 years of service to North Carolina State College are represented by the 12 veteran educators pictured here. With an average tenure of 33½ years, their record can be matched by few colleges.

Veterans pictured here, with their number of years of service, are: front row, left to right, Prof. C. L. Mann, 38; Dr. Thomas Nelson, dean of the Textile School, 37; Prof. C. B. Williams, 45; Dr. W. C. Riddick, 46; and Dr. T. P. Harrison, 29, middle row, Prof. William Hand Browne, Jr., 29; Dr. L. F. Williams, 31; Dr. Z. P. Metcalf, 26; and Treasurer A. F. Bowen, 39; back row, Prof. L. L. Vaughn, 30; Prof. C. M. Heck, 25; and Prof. Harry Tucker, 26.

## Fraternity Row Plan Goes To Legislature

Interfraternity Council Asks Land Grant  
From Legislature for  
Building Site

If the present plans of the Interfraternity Council are completed the Greeks will have their long awaited chance to build a Fraternity Row at State College, for a committee consisting of Pierce Fleming, Robin Hood and T. R. Frazier is attempting to get a land grant from the current session of the Legislature.

The committee is asking for the land on the hill just in rear of Freshman Field. This spot was chosen because of its nearness to the campus. According to A. H. Sallenger, president of the Interfraternity Council, several of the fraternities will be able to start construction of their houses as soon as the land is granted.

Last year the fraternities voted unanimously in favor of the proposed Fraternity Row, and at that time two organizations announced that they were financially able to start construction at once.

Although the details of the proposed grant have not been completely worked out, Sallenger expressed the opinion that the land would probably be given to the fraternities on a long-term lease plan with an option for renewal.

At the present time the State College Fraternities are scattered over an area of several blocks, but under the new plan the houses would be built side by side much as they are at Carolina.

## Music Fraternity Selects Four Men

Mu Beta Psi, Honorary  
Music Group, Initiates Out-  
standing Musicians

Mu Beta Psi, honorary musical fraternity, initiated four new members at its mid-year initiation ceremony held last Wednesday night.

The new men were selected from the large number of students in the various musical organizations on the campus, after fulfilling the requirements of the fraternity.

One of the requirements for membership is meritorious service in either the orchestra, glee club, concert band or redcoat band for a period of two years or more.

All four of the new members initiated at the ceremony this week have served as members of the redcoat band and the concert band during their college careers.

The men selected for membership in Mu Beta Psi are Bruce E. Lewis, junior in mechanical engineering; B. L. Overby, senior in textile manufacturing; Leo Perkins, junior in forestry; and Sidney Ray Williams, junior in electrical engineering.

## Snapshots

Editor Jim Worrell of the "Agromeck" urges all students to turn in their informal snapshots for publication in this year's book, anytime during the coming week.

"We wish to have a snapshot section representative of every phase of campus life," Worrell stated, "and in this way have one that will be of value to all."

The "Agromeck" office in the Publications Building will be open every afternoon during the week. Bring that favorite snapshot of yours over!

## Committee Favors \$75 Tuition Boost

Students File  
Applications  
To Take Flying

Only 20 Students Al-  
lowed to Train in  
Aviation School; Feb-  
ruary 18 Last Day to  
File Application

About 25 students at State College yesterday secured blanks with which they will apply for enrollment in the government-subsidized aviation training school which will be established at the college soon.

Prof. L. R. Parkinson, head of the division of mechanics and pilots training, announced.

A similar number of young men in high schools and other colleges have requested application blanks. However, enrollment in the experimental phase of the training school will be limited to 20 students at State College, Grover Webster, director of the private flying division of the Civil Aeronautics Authority, said on a recent inspection trip.

Prior to his announcement, State College officials expressed the desire to give a proportionate number of students in other colleges an opportunity to apply for the course.

The applications must be filed with Prof. Parkinson's office by Saturday, Feb. 18, and selection of 20 qualified applicants will begin soon afterward. The students will go through flying training sufficient to qualify them for private flying certificates. All expenses will be paid by the government, through the National Youth Administration, with the exception of \$50 for fees, insurance, etc.

State College is one of 13 colleges and universities throughout the country to participate in the demonstration program. If the experimental phase is successful, the government plans to spend approximately \$10,000,000 to train 20,000 private aviators annually. The appropriation is contained in the defense bill now in Congress.

## Theta Tau To Give Banquet and Dance

Dean Van Leer Will Be Hon-  
ored at Banquet at Carolina  
Hotel Saturday Night

Rho Chapter of Theta Tau, national professional engineering fraternity, will give a banquet and dance Saturday night, February 11, at the Carolina Hotel in honor of Blake R. Van Leer, dean of the School of Engineering at State College, and recent initiate of Rho Chapter.

Dean Van Leer was formally initiated into the fraternity as an honorary member last week, thus making him the fourth honorary member Rho Chapter has taken in since it was founded on this campus in 1924.

Dr. Clyde A. Erwin, State superintendent of public instruction, will deliver the main address of the evening. Col. J. W. Harrelson, dean of administration and alumnus of Rho Chapter, and Harry Tolkner, head of the department of highway engineering at State College and honorary member of Theta Tau and other prominent alumni will also be present.

## Broadcast Given By Ag Engineers

Students Featured on Bi-  
weekly Program of Agri-  
cultural School

The Agricultural Engineering students were featured last Tuesday in the bi-weekly radio program presented by the School of Agriculture.

The men who took part in the program were Ed Barnes, Mack Griffin, Don McClure, W. E. Garard and Emory Hobbs.

The fellows presented an interesting account of the work of the Ag Engineering Department, which includes the drawing of blue prints for farmers, studies in rural electrification, farm engines and soil conservation.

The next program will be on February 15 at 1:45 over WPTF and will be devoted to the Ag Economics boys.

Cotton Robinson, president of the Ag Club, acts as master of ceremonies at these broadcasts.

Budget Committee  
Approves Increase in  
Fee for Out-of-State  
Students; Bill Will  
Not Raise Resident  
Student Tuition

By STEVE SAILER

The joint appropriations committee voted Wednesday to recommend to the General Assembly a \$75 increase in tuition fees for out-of-state students attending the Greater University of North Carolina and to provide appropriations to the institutions above the original budget recommendations. Tuition fees for residents of the State will remain the same.

The committee voted 42-17 for Senator Cogburn's proposal to grant \$1,238,515 to the Greater University for 1939-40 and \$1,216,950 for 1940-41. The appropriations for next year as recommended indicate that State College will receive \$325,127 instead of the \$528,901 requested.

The committee's proposals call for no increase in the salary of the University employees and no new equipment.

## Two Proposals

Two conflicting proposals—one to follow the budget recommendations and increase tuition charges, and the other to raise appropriations 53 per cent and wipe out any boost in fees—were made before the committee.

Senator Sutton of Lenoir offered the motion that the appropriation for the Greater University be increased \$1,095,591 for the next two years in order to take the place of reductions anticipated from the tuition increase. Sutton said his signature provided for no jump in tuition rates but he expressed a willingness to impose increased charges on out-of-state students at the three schools.

## Graham Comments

"The Sutton figure," Dr. Frank P. Graham, president of the Greater University, said, "substantially cut the requested amounts, not only because they eliminate salary reductions, but also because they take as a base the appropriations already reduced for this year by the budget bureau instead of the appropriations made for this year."

President Graham also said he found a growing sentiment in the state in favor of using a reasonable increase in tuition for out-of-state students in each institution as a scholarship fund for especially talented students coming from families of low income.

The committee's recommendations will be offered to the General Assembly and will be voted upon during the latter part of the current session.

## 13 Extended Bids For Membership In Tau Beta Pi

12 Students, One Faculty  
Member Bidded; Highest  
Honorary Engineer Can Receive

Tau Beta Pi, national engineering scholarship fraternity, this week extended bids to twelve students and one faculty member.

The purpose of Tau Beta Pi is to mark in a fitting manner those who have conferred honors upon themselves by distinguished scholarship and exemplary character. To be elected to membership in this fraternity is the highest honor an engineering student can achieve.

Although scholarship is the primary requisite for election to membership, consideration is made of the candidate's personal qualifications and his general interest both in the engineering field and without.

Those elected were: H. M. Taylor, junior in mechanical engineering; T. M. Kolarik, junior in chemical engineering; J. P. Gregg, junior in construction engineering; I. M. Vann, junior in electrical engineering; B. B. Reynolds, junior in mechanical engineering; B. S. Pace, junior in chemical engineering; J. N. Smith, junior in ceramic engineering; M. W. Nakoneczny, junior in mechanical engineering; K. V. Chace, senior in chemical engineering; J. P. Gilmore, senior in electrical engineering; J. N. Farlow, senior in civil engineering; G. E. Yount, senior in civil engineering; M. M. Dalton, junior in mechanical engineering; and Dr. Dan B. Wicker, of the department of chemical engineering.

Dr. Wicker made a splendid record while enrolled at State College, and received his M. S. Degree from Massachusetts Institute of Technology and his Ph.D. from the Pepper Institute.

## Why Not a Dean's List?

State College has moved forward rapidly during the past decade. We have not been slow in following the progressive trend of the times among the leading institutions of higher learning. Generally students here are treated as adults, not as children to be coaxed or coerced. But there is one glaring exception.

That exception is our outmoded system of class cuts and class attendance. The theory behind the system is basically unsound. Education cannot be crammed down a person's throat, the desire must come from within.

It is for this reason that Tau Beta Pi is to be congratulated. Members of the honorary engineering fraternity have appealed to the Student Welfare Committee in an effort to introduce on this campus a Dean's List. The present rule, setting a limit of ten class cuts per term on all students, does not take into consideration those students who have demonstrated superior ability scholastically.

Tau Beta Pi recommends that all juniors and seniors who maintain at least a "B" average, that is two credit points for each credit hour, be exempted from the present class cut system. Our hat is off to the organization. They have tackled the most vital student problem on the State College campus.

N. C. STATE

## Keep It Up

Last week the order of 30 and 3 resumed a task which they began last winter, that of meeting visiting athletic teams and acting as their hosts during their stay on the State College campus.

This project is a broad step forward in the promotion of good will toward other institutions, and in the preservation of a good name for our own college.

The friendly greeting and genial hospitality shown the visitors on their arrival and during their visit will leave an indelible impression upon athletes and athletic officials.

Our congratulations to 30 and 3. May they continue their good work indefinitely.

CAROLINA POWER & LIGHT CO.

## LOOKING 'ROUND

By "LE SCOOP"

From the mail bag we learn that Charles "Smoky" Wildt is now happily settled down in South Carolina. . . No, not married, but on his way to that executive's job. . . Best of luck, Smoky.

Lambda Chi's Johnnie Miller has shifted his field of operations from Boone-Isley's across the street to the California, and from what we saw, it looked like a change for the better.

Charlie Santore has been spending all his spare time trying to learn the "double talk" that tobacco auctioneer fascinated you with in the "St. Louis Blues" flicker.

Paul Wood says he doesn't mind being called "Tarzan-who-swims-backward," but he firmly denied the rumor that they have been timing him with a sun dial.

Bill "Sweet William" Cline now answers to the name of "Prunes." . . You'll have to get him to tell you why.

And then there's the BMOC (big man on the campus) who said he wouldn't go back out to Meredith if Reddy La Marr did a strip act in the dating parlor.

## LISTENING IN

By JOE MICHAEL

If you ever have any inclination that it would be fun to go batty, and want to try it some time, just listen to Ray Gordon and his tick-tock rhythm. If that doesn't give you the desired effect, play a few of Shep Fields' recordings. If this combination does not drive you to the nut house, you need not worry, because you will live to be a sane old man. Fields, now located at the Biltmore Hotel, Los Angeles, is getting wise. For now only one out of every three numbers sound alike instead of each one, as in the days of yore. Style bands—or if you prefer type bands—will bore a sane person to death; that is, if they do not change the tempo now and then. Style bands usually play their distinctive type of music for both dance and radio work, which is not always the wise thing to do. Wayne King is a fine exception to this rule. If a blind man heard King over the radio several days a day, he would not recognize the maestro's dance style at all. For at dances King plays some sweet, some hot, and some very good novelty numbers. . . .

Jimmie Lunceford's popularity with college students is very much on the increase. During this month he is booked to play at Williams College, Cornell University, Duquesne, Northwestern, and Purdue. . . . Jan Savitt, the Quaker City jazzman, is now located at the Claridge Hotel, Memphis. This is his first location outside of Philadelphia. . . . Gene Krupa has dropped his colored vocalist, Sepia Watson. He was the last of the dark-skinned singers to be featured by pale-face bandmen. Jimmy Dorsey broke the ice when he hired Gene Richmond, who is now warbling with Cab Calloway's new, Artie Shaw, he Count Basie's singer, Billie Holiday, for a while, no soap. . . . Incidentally, Skinny Ennis, who recently formed his own band, isn't missed much. The only number that he ever did justice to was "I Have a Date With An Angel." Kemp still plays the song about as much as usual, and Bob Allen does a much better job on the vocal. . . . Joe Vera, who is becoming very popular as a swing pianist, started out as a concert pianist. He soon changed his mind when he heard Count Basie's easy swing style. Joe took his lessons under the Count, who would not take any money for his services. Vera, knowing the strain of music teaching, kept the Count well supplied with "sarsaparilla" during the class period. . . . Wayne King paid for his high school education by repairing broken-down farm tractors. . . . Les Brown, the Mid-Winter maestro, is another college band that is headed for the bright lights. We will try to dig up some dope on him before he starts kicking starts.

## YOUR ROVING REPORTER

By ARNOLD KROCHMAL

The Question: What are the most common faults you have found in young college men? The People: Girl students.

Martha Britt, Meredith College: "They have a tendency to be insincere; many of them are ill at ease in public places; they flirt with waitresses in restaurants; they forget their manners too easily and quote too freely from a standard 'line'."

Lucille Wright, Miss Hardbarger's School: "Boys have a tendency to be late for dates; some of them look as if they dated 'Old clothes' in going on a date. If you want to go, hang on." They try to hand out too much romance; they are insensitive some times, and they over-estimate their own technique."

Cuba Silver, Shophomoro, State College: "Lots of them hand out beautiful lines; are impolite in their speech; too polite in their sarcasm; are snobbish and unfriendly and betray a tendency to wear slouchy clothes."

Mary McPhail, Freshman, Meredith College: "A good number of them try to break the hearts of all the girls they date; they talk too much and are too particular; they are egotistical; have a weakness for hanging around public places too much; and finally, they think that every girl should fall for their line, and get mad if the girl doesn't."

Agatha Douglas, Junior, Peace College: "My pet dislikes in boys are poor manners; use of profanity; handling out a 'line'; undignified and bragging in any form or shape."

Ann Lewis, Junior, Peace College: "I harbor a definite aversion to those 'bull-shooters' who hand you that same old 'line'; to the boy who never gets up when introduced to a girl or when one enters the room; the boy who doesn't care for dancing or a big time (I hate these home-loving lads); to the boy who uses profanity and who is disrespectful; and I definitely dislike the boy who talks about a girl to other boys after he dates her."

## Oddities

In 16 years Rensselaer Polytechnic Institute's radio station has given intensive radio training to more than a thousand students.

According to a University of Denver survey, the average co-ed wears a size 14 dress.

Coeds are outnumbered by men in the Massachusetts Institute of Technology freshman class by a ratio of 164 to 1.

The first game of six-man football was played on the Hebron College gridiron.

Charles Turek paid his tuition at Washington University with four bags of silver dollars.

lar as a swing pianist, started out as a concert pianist. He soon changed his mind when he heard Count Basie's easy swing style. Joe took his lessons under the Count, who would not take any money for his services. Vera, knowing the strain of music teaching, kept the Count well supplied with "sarsaparilla" during the class period. . . . Wayne King paid for his high school education by repairing broken-down farm tractors. . . . Les Brown, the Mid-Winter maestro, is another college band that is headed for the bright lights. We will try to dig up some dope on him before he starts kicking starts.

## A Year Ago This Week

Competing against 150 representatives from twelve universities and colleges, the State College fornicus squad dominated the third annual Appalachian Mountain Tournament held last Thursday and Friday at Boone, capturing three of the five championships.

Starting their drive down the home stretch, State's Red Terrors will swing across to Wake Forest tonight in an effort to make it two straight over the Deacons. The last game turned out to be a thriller, with a fighting State team barely edging the Deacons by a 45-44 score.

Dr. Thomas Nelson, Dean of the Textile School, announced today that the home economics department of eleven North Carolina colleges had accepted the invitation to participate in the 1938 State College Style Show, which will be held on April 21.

## Three Years Ago This Week

By a 4-4 vote, Southern Conference officials adopted the Graham Plan at a special session held in Richmond, Va., last Friday and Saturday. Besides taking action on the Graham Plan, six schools were extended membership bids, and they will be formally inducted into the conference at the executive meeting in September.

When the second annual Stupendathon is staged by the State College Monogram Club next week, spectators will witness a take-off on Major Bowes' Amateur Hour. Joe Schwerdt will impersonate the king of the "round and round she goes" feature in a program featuring local talent instead of the usual run of amateurs as featured on the radio program.

Upon the advice of Dr. A. G. Bulla, Wake County Health Officer, all athletic contests to be played at the college this week-end have been either cancelled or postponed.

This announcement was made this morning by R. R. Sermon, director of athletics, as a precautionary move in view of the prevailing number of colds and cases of influenza.

## Five Years Ago This Week

The formal opening of the Colledge Soda Shop will be held tomorrow from noon until closing time, with free refreshments being served to all State College students. The new soda shop will be operated by Bennie Keith, who comes to Raleigh from the Loft Candy Stores in Washington, D. C.

The combining of The Watauga, The Southern Engineer, and The Agriculturist, to avoid a threatened overflow of departmental publications, brought forth a lengthy discussion at the meeting of the Publications Board in Ricks Hall last Wednesday.

By defeating the Carolina freshmen last Saturday night at Chapel Hill, the yearlings of State College won the Big Five freshman basketball title for the third successive year.

The University of Wisconsin has a special student board to promote undergraduate participation in extra-curricular activities.

## GLEANINGS

by THE STAFF

Things I Never Knew 'Til Now: (You probably knew them all along) That employment finally caught up with Jimmie (Granny) Hubbard. Just when he was about to become as permanent a fixture on the campus as the Memorial Tower, he left for Rhode Island to take a job with the government. . . . Why your fingernails grow faster than your toenails. . . . That Leval Waldon's friends call him "Mama". That Dick Mitchell is famous in his home town as a dancing instructor.

Whether you know that black coffee cools faster than coffee with cream. . . . That burly Walter Novick hurries home from his afternoon lab in order to hear that "Back Rogers" radio-bore presented for the kiddies. . . . That in China the parties desiring a divorce, break a pair of chopsticks in the presence of witnesses and the thing is done. . . . That Russell Burcham was quite an accomplished trumpet player in his younger days.

If you've heard the one about the diary of the young lady crossing the Atlantic for the first time:

Monday—I felt honored at being placed at the Captain's table.

Tuesday—I spent the morning on the bridge with the captain. He seemed like me.

Wednesday—The captain made proposals to me unbecomingly as an officer and a gentleman.

Thursday—The captain threatened to sink the ship unless I agreed to his proposals.

Friday—I saved six hundred lives.

Why airmen letters can't be sent to Delaware. . . . Why West Point cadets are not permitted to sit in parked cars. . . . Why that genial Abe Upchurch of the Colledge News Bureau was editor of the campus newspaper during his undergraduate days at Wake Forest. . . . What a splendid job Sid Rogers is doing in handling the "mike" at the basketball games. . . . Why a captain in the navy has a higher ranking than a captain in the army.

That Fred Gardner has announced the official opening of his school of romance. . . . How much fun it is to sit in the park and feed the squirrels and pigeons peanuts. . . . That Ed Perry writes for the local gazettes under the name of "Clock-eye". . . . Why the clever lyrics to "My Heart Belongs to Daddy" were replaced because of censor trouble. . . . Why it rains every afternoon at the Equator. . . . That the "Give-Younts-back-to-the-Indians" movement is gaining popularity daily.

That there is a movement on foot at Carolina to abolish intercollegiate boxing. Now if someone would only think of some way of controlling one of the local education concentration camps. . . . Why on a 7 club bid and he was holding thirteen clubs in his hand. . . . Why in Japan it is considered indecent for a woman to leave the back of her neck uncovered. . . . Why statistics show that women don't laugh as much as men.

That Harold Gillar is no mean hand at golf. . . . How many seats Coach Hickman really sitting on at that last basketball clash. . . . What's got Dr. R. McEchtern looking so worried these days. . . . Why it's illegal to own a black flag in West Virginia. . . . What a charming couple P. G. Hill and Ruth Kingsolver make. . . . ditto Selby Jones and Mary Lily Cromartie.

That the Pikes call Sam Welch their "glamor boy". . . . That Dick Watts is known as the handsome football player in North Carolina (The address is the Sigma Pi house, girls). . . . What becomes of all these meat tickets that are torn out of our books. . . . That George Boswell is dean of the textile school's Watauga annex. . . . Why Meredith is called the "angel farm". . . . That Dick McPhail has some secret admirers at Peace. . . . That five out of five of the girls who answered this week's Roving Reporter query on what's wrong with college boys, complained about the "lines" they were asked to swallow.

Why it invariably rains on Thursday. . . . Why it's against the law to eat rattlesnakes in public in Kansas. . . . Whether Tommy Cain is enrolled at one of the local education concentration camps. . . . How well most girls look in sport clothes.

Whether you've heard about this exam story from the Notre Dame paper. It ought to put a stop to all exam stories.

The questions had been given out and the pens had been scribbling along for about twenty minutes. One poor fellow was sitting there with an empty look, gawping on his pen and gazing at the blank ceiling. When he thought the prof wasn't looking, he opened the fold of his suit coat and ducked his head. When his head came out, he began to write furiously for some two or three pages. After doing this several times, the prof saw him, and came over to ask him where his crib notes were. After the student's protest that he had no crib notes, the prof looked into the coat.

He reached down and pulled out an almost empty bottle of Scotch with a straw in it. . . . STEVE SAILER.

## G-E Campus News

### TELEVISION AT THE NEW YORK FAIR

If you have a favorite line or two from Kipling or a famous Shakespearean speech you like to give now and then, consider the *ne plus ultra* of settings for the presentation—a complete television studio, with an audience as standard equipment, recently announced by Dr. W. R. G. Baker, '16, managing engineer of the General Electric radio division and an ex-Test man. For you are invited to turn actor in the G-E building at "The World of Tomorrow," the New York World's Fair. At your service will be a program director, who will initiate you into the experience of acting before the camera, and complete television equipment of the latest design—receivers, camera, transmitter.

Demonstrating television to the public is not new to General Electric engineers. Nine years ago, Dr. E. F. W. Alexanderson—one of the G-E consulting engineers and an ex-Test man—and his assistants demonstrated television to a theater audience in Schenectady. But great advances have been made since then, and when you act for your friends at New York you will be using the latest equipment that science has to offer.

### NEW-TYPE STREAMLINER

A NEW-TYPE 125-mile-an-hour streamliner—the 5000 horsepower steam-electric train now being put through its final tests by G-E engineers—soon will be speeding on its first westward run over the Union Pacific's historic "Overland Route."

Nearly two years have been spent by General Electric and Union Pacific engineers in designing and building the streamliner. The result is that the power plant of the new train is capable of doing twice the work of a conventional steam locomotive for each pound of fuel used, and of making three times the mileage without stopping for fuel or water. Six large rotors in each of the two cabs drive the locomotive, the electricity being supplied by a geared turbine-electric generating unit similar to those used on many ships.

As the new 15-car streamliner speeds between Chicago and the Pacific Coast, at times winding through passes more than 7000 feet above sea level, it will be another symbol of the constant search by General Electric's transportation engineers for more efficient means of travel. This search is one in which the engineer with years of experience gives invaluable training to the Test men—young student engineers recently graduated from college—who assist him.

## SPORTS

## Comments

By ART RAYMOND

The Demon Deacons and their leader, Jim (I am King) Waller, showed a powerful basketball team over at the gym last Tuesday night. . . . Somebody should let them know the football season is over before they are nicknamed the poorest sports in the conference. . . . The tactics the Deacons showed last week remind me of the things we used to pull in high school. . . . After all, disregarding certain factors, Wake Forest is known as a college. . . . That kind of spirit is hating the Big Five.

When you come down to it just what does State College get out of engaging Wake Forest in athletic contests. . . . The more we play them, in any kind of sport, the more they seem to try to ruin the State team in some way or other. . . . If State is going big time I can see why we have to put up with games a la Deacon. . . . State plays a clean game with any other school. . . . Personally, I think athletic competition with teams such as this is tearing down everything State College athletics should and do stand for.

**Six Iron Men**  
The six iron men can play basketball for my money any time, win or lose. . . . That Maryland quint showed the best brand of basketball I've seen in four years.

. . . A game with the Deacons and Maryland would stop plenty of arguments about the best team in the conference. . . . My money will go on Maryland if they meet in the tournament. . . . Against Maryland the Terrors were truly great because the Liners played basketball. . . . The Deacons it was a different story because the Baptists got rough. . . .

It's about time someone got wise to the way Waller uses elbows, hips and all of cetera when he takes a shot. . . . For three years now the defensive team has been penalized for Mr. Waller's unorthodox methods of getting fouled. . . . After three years you'd think someone would catch on. . . . Maybe they think he is just too good to foul. . . .

## Intramurals

For the past two or three weeks I've heard quite a bit of unfavorable comment about the officiating for intramural sports. . . . I think the best way to avoid this comment and talk of favoritism is to have an intramural manager appointed or elected and an intramural board selected the same way out of the student body to rule on and operate the leagues. . . . This way there will be no kick coming from any side as the students will have a negotiating

# Old Rivals Scheduled For Terrors This Week

## Bid To Tournament Depends On VPI, Davidson Games

**Red Terrors Eager to Repeat Early Season Win Over Davidson; Rennie and Sevier Expected to be Ready**

State's indomitable Red Terrors will try to clinch an invitation to the Southern Conference tournament when they meet VPI and Davidson on Monday and Tuesday nights in the Frank Thompson Gymnasium.

State will be a favorite to take Virginia Tech into camp without overworking themselves. The Gobblers stand eleventh in the Conference, having won two and lost six. Tuesday night will be another story. Davidson is tied for second place, with Maryland. The Wildcats have suffered two losses this year, one at the hands of State and the other by Carolina.

At the beginning of the season State's quintet figuratively thumbed its nose at pre-game guessers by handing the Wildcats a 40-36 setback.

The Davidson team is tied for second place in the Big Five, with Wake Forest. State and Carolina are tied for the cellar position. A win Tuesday night, if it is preceded by one Monday night at VPI's expense, will assure the Red Terrors supporters a chance to see them in action when the Southern Conference tournament comes off on March 3, 4, 5.

It seems probable that Jim Rennie and "Red" Sevier, State guards who were injured in the Wake Forest game last Tuesday night will be ready for next week's fire-works. Both boys were forced from the game by painful ankle injuries.

Pace-setter for the "Cats is "Big" Jim Cowan, who has been the high scorer this year. John Tice is the Wildcats' playmaker. The diminutive guard is also a high scorer. Selby Jones, the man who has been showing the greatest improvement on the State team is expected to be the point of the State offense in both games.

board. . . . Now, we can only take the say of one man and the students do not nothing towards an improvement of conditions and consequently hard feelings are established among the various clubs. . . . The intramural sports program is too valuable to the students to have it torn down by ill feeling. . . . This board could rule on protests, officials, and eligibility, and could, perhaps, assist in organizing the leagues under Mr. Miller. . . . I believe there would be more cooperation and less kick coming through a board such as this. . . . Why not let the students operate the program they support the most, at least partially? . . . See ya. . . .

## The Week In Sports

Feb. 10—Wrestling (Varsity), Duke University at Durham.

Feb. 10—Wrestling (Freshmen), Duke University at Durham.

Feb. 11—Boxing (Varsity), Duke University at Raleigh.

Feb. 13—Basketball (Varsity), Virginia Tech at Raleigh.

Feb. 14—Basketball (Varsity), Davidson College at Raleigh.

Feb. 14—Basketball (Freshmen), Davidson College at Raleigh.

Feb. 15—Wrestling (Varsity), Washington and Lee at Raleigh.

## Terror Grapplers Swamp Davidson

**Double Victory Turned in as Yearling Team Emulates Varsity; State Takes All But Two Varsity Matches**

N. C. State's varsity and freshman wrestling teams turned in decisive victories over the Davidson Wildcats at Davidson last Saturday night.

The State varsity won, 22-6; the freshmen took their 25-15.

In the feature bout of the night, McFayden of Davidson, defeated Reichert

Hines in a rough-and-tumble affair.

Paul Reichert pinned Bailey of Davidson after 4:27. Reichert received a pulled muscle during the fight and it was causing him considerable trouble. Coach Herman Hickman was about to throw the towel in to stop the fight and the fighting Reichert pinned his man to end the fight.

In the 121-pound class Captain Courtney Hunter pinned McIntyre in the fastest bout of the night.

## Sixteen Crowned In Mural Fights

**Sigma Nu and Pika Take Fraternity Crown; Second Seventh Wins Dormitory**

The rafters of Frank Thompson Gymnasium fairly shook last night as 500 State students watched 16 men cover themselves with glory in the State College intramural boxing finals.

The best and the most amusing fight of the night was between Brown of Delta Sig and Hollowell of Kappa Sig Fraternity, in the unlimited class. In the second round both men swung and connected to knock each other down. They both got up and Brown rushed in for the kill and won the fight on a TKO.

In the 165-pound class Watts of Sigma Pi and Doak of Pika put up a classy scrap which brought the cheers of the crowd. Watts piled up enough points in the first two rounds to take the fight going away. In the 145-pound class Plummer of Sigma Nu decisively defeated Leer, Delta Sig in one of the closest fights of the night.

In the dormitory division Grady of 6th dorm and Pope of 1911 put on the quickest fight of the night. Grady scored a TKO with one punch in the first round.

The fraternity results:  
115—Smith, Sigma Nu decisively defeated Hoffmann AGR; 125—Ingram Pika decisively defeated Dunn AGR; 135—Ward SPE decisively defeated Lashley Pika; 145—Plummer Sigma Nu decisively defeated Leer Delta Sig; 155—Stromm AGR over Paschal SPE; TKO; 165—Watts Sigma Pi decisively defeated Doak Pika; 175—Doak Pika decisively defeated Salazar Sigma Nu; Unfinished—Brown Delta Sig TKO over Hollowell Kappa Sig.

The dormitory results:  
115—Pearall 3rd 1911 decisively defeated Martin 2nd 1911; 125—Blodgett, 2-7th decisively defeated Andrews, 2-1911; 135—Broyles, 2nd-1911, decisively defeated Rose, 3-1911; 145—Kahoff, 2-7th decisively defeated Jordan, 2-1911; 155—Grady, 6th TKO over Pope, 2-1911; 165—Hobbes, 2-7th TKO over Hartman, 2-7th; 175—Beaver, 2-7th decisively defeated Fuller, 4th; Unfinished—Retter, 2-7th won on default.

## Loop Standings

The conference standings:

	W	L	Own	Opp.
Wake Forest	10	2	631	472
Washington and Lee	9	1	213	158
Davidson	7	3	398	359
N. C. State	2	8	346	332
The Citadel	2	2	130	184
Duke	5	6	428	399
Richmond	2	2	140	151
Carolina	5	6	421	464
William and Mary	2	6	250	314
V. M. I.	2	6	287	380
Virginia Tech	2	6	287	380
South Carolina	1	6	186	222
Clemson	1	6	224	282
Furman	0	6	155	221

## CO-CAPTAIN 'MOLE' HILL

Diminutive P. G. "Junior" Hill looks for an opening in the opponent's defense as he rapidly dribbles down the court to attempt a goal. Not only is Hill the smallest regular player in the Southern Conference, but he is considered by many to be one of the fastest and most deceptive of players. With a change of pace that leaves his guard wondering on which side of the floor he is playing, P. G. can slip under the basket and make a goal while his guard is still searching for him. He is co-captain along with Bill Mann of this year's unpredictable Terrors.

## Intramural Sports

By BILL GIBBONS

Basketball is swinging past the halfway mark and the boys are going at it hot and heavy. There is some pretty good basketball being played down there these nights, so drop around there some night and watch the boys.

Here are last week's results:

3-1911, 18; 2-7, 8.  
2 Watagua, 17; 2 1911, 14.  
3-7, 24; 6th, 10.  
1 South, 17, 4th, 16.  
AKP, 23; TKN, 7.  
PKT, 8; Sig. Nu, 14.  
SPE, 16; KA, 1.  
Lam. Chi, 18; ALT, 7.

Due to bad weather one soccer game was played this week. The SPEs defeated Delta Sig 1-0 after 2 overtime periods. It was a game for the books because the SPE goal was made by a Delta Sig during a mad scramble in front of the Delta Sig goal. Both teams played a bang-up game and it might have gone on indefinitely if it weren't for the freak goal.

There were only 2 handball matches played this week as 2nd and 7th whipped 6th and 3rd 1911 defeated 2nd 1911. Dorm and fraternity teams who are behind in their schedules should hurry up around to take the fight going away.

Now that the winners of the fraternity and dormitory matches have been decided don't forget about the All-Campus matches to be held on February 28. That will be the grand finale of the boxing season and will bring together the cream of the campus talent in what should be an interesting spectacle.

## Tech Mermen Meet VMI Fish Today

**Co-Captain Bill Bailey and Aldine Thomason Lost for Meet; Cadets Seek Second Win Over State**

The State College swimming team will be without the services of Captain Bill Bailey when it faces the V. M. I. team in the Frank Thompson pool Friday night.

Bailey suffered a leg infection before the Carolina meet and has not been able to swim since. In addition to this it was announced yesterday that Aldine Thomason, brilliant diver, is on the shelf because of an ear ailment and may not be able to start against the Cadets. Both of these men are consistently first place men and their loss will be felt considerably.

The V. M. I. team will be seeking their second straight victory over the Tech tankmen in as many years.

## Terrors Get Wins Over Maryland, VPI Lose To Deacons

**Take Liners in Overtime Tilt; Bow to Wake Forest in Rough and Tumble Scrap**

Led by their captain, Jim Waller, the Demon Deacons defeated the fighting N. C. State Red Terrors 49-42 in one of the most thrilling basketball games seen here this season. An estimated crowd of 5,000 witnessed the game.

The game started off with Hamilton garnering a free throw and Jones dropped in a beauty from under the basket. The Deacons went to town at this point in the game and after 6:30 of play the Techs pulled into a 6-3 tie.

**State's Bid**  
The Terrors took the court at the start of the second half and began whittling away at the Deacons' lead. They trimmed the lead to six points and then Waller came through for the Deacons—Mann, Hill and Sevier dropped in goals for the Techs—and the Deacons were only two points ahead. Sevier scored just after he had replaced Elmer Hamilton, who went out on fouls after seven minutes of the second half.

At this point in the proceedings the Deacs held a conference. From here the Demons, mostly Waller, went into 31-27 lead. Over the rest of the game the scoring was almost even.

Top man in scoring for State was Selby Jones, with 13 points. P. G. Hill found the range in the second half to rack up five field goals and one free throw. Waller led the Deacons with 25 points. Chief on the defense for the Techs was Sevier, Jones and Bill Mann. With about seven minutes of the second half remaining the Techs lost their big gun when Jim Rennie was dumped in an under the basket scramble and injured an ankle. A short time later the Terrors lost Collins Sevier for the same reason.

## Overtime for Liners

Last Saturday night the Terrors stopped the Marylanders route of the Big Five by turning them back in an overtime tilt in Frank Thompson Gym, 46-40.

Pre-game dope gave the Terrors little chance of turning the tables on the Old Liners but the State team offered a brand of basketball that amazed even the staunchest of State rooters.

Selby Jones gave the Terrors the necessary points for a tie when he dropped in an almost impossible shot from under the basket just 15 seconds from the end of the game.

At the start of the extra five-minute period Jones dropped in another shot from under the basket. —Continued on page 4.

ginia Tech and North Carolina and lost to them by the score of 4½-3½, making three straight losses by that score. Paul Abrams, 175 pound boxer established some sort of a record by getting three draws in a row.

Charley Smart created a record by participating in 5 K. O. fights in a row—in the first three he hit the mat, and in the next two he flattened his opponents. This record was made the last part of last year and the first part of this year.

The Duke team has a powerful aggregation and should furnish some real opposition.

However, the Tech leather pushers, captained by Don Taylor are hoping to reduce themselves by duplicating their last year's win over the Devils.

## Tennessee Tilt To Be Played In Raleigh

**Final Arrangements Made for Contest; Game Will Definitely Be Scheduled for Raleigh**

The North Carolina State football schedule committee made good their promise to bring outstanding football teams to Raleigh when they added the University of Tennessee Vols to the 1939 schedule along with Duke, Duquesne, and Wake Forest on the home grounds.

The Orange and White, Tennessee student publication stated in their announcement of the game that the game would be played in Knoxville. However, J. L. Von Glahn, Graduate Manager of Athletics stated last night, "the game with the University of Tennessee will definitely be played in Raleigh on Friday, September 29. The Tennessee authorities asked that the contest be held in Knoxville on the 30th, but we could not work it in our schedule and the matter was dropped. However, Major Neyland, Tennessee coach later agreed that the game be played here on Friday."

Last year the Wolfpack began a determined effort to schedule some of the nation's outstanding teams and they brought two new ones to Raleigh, Carnegie Tech and the University of Detroit and also played Alabama on foreign soil. The coaching staff feels that the players on the Wolfpack are entitled to play the outstanding teams in the country.

The Tennessee game was arranged so as to avoid a conflict with the annual date of the Carolina-Wake Forest game, to be played on September 30 within 30 miles of this city. Thus football lovers will be able to see two good games in the same week-end.

The full schedule: Sept. 23, Davidson in Greensboro (night); 29, Tennessee here; Oct. 7, Clemson in Charlotte; 14, Wake Forest here (night); 21, University of Detroit in Detroit; 28, permanently open; Nov. 4, North Carolina at Chapel Hill; 11, Duquesne University here; 18, Furman in Greenville, S. C.; 25, Duke here; Dec. 1, Miami University in Coral Gables, Fla.

## State Boxing Team Host To Duke Pugs

**Both Teams Seek First Win Of Season; State Team Is Slight Favorite**

The curtain will be rung down on the 1939 boxing team when the Tech pugs meet the Duke team at Frank Thompson Gymnasium tomorrow night.

While the season has not been noteworthy for the State team, they have turned in some creditable performances. They opened the season by dropping a close match to South Carolina 4½-3½.

Immediately after this match, the Athletic Council declared Sam Turner ineligible. During the course of the season Ed Young was lost for a while because of an injury. The Tech's hopes were dimmed at the beginning of the season by the failure of Conway Yost, a promising heavyweight boxer who fought last year, to return to school.

In turn, the Red team met Vir-

## Seniors To Test Lights For Tower

Gift Committee to Receive Demonstration Tonight on Various Types of Light

Members of the Senior Gift Committee will meet with Professor C. L. Mann at the Memorial Tower tonight when representatives of The Curtis Lighting Company of New York City and the Grouse-Hinds Company of Syracuse, N. Y., will demonstrate the effectiveness of various types of lights on the tower.

It will be the duty of the members of the committee to select the type of lights they believe best suited to the tower.

During the trial the lights will be placed on the corners of the base which is wired for this purpose. The tower was designed to be lighted at the base only, but the original architect has agreed to design lights for the corners in order to illuminate the entire shaft.

Members of the committee are Curtis Todd, Joe Frye, Horace McSwain, and Jim Patton.

## Kappa Phi Kappa Selects Ten Men

Ten students at State College today had accepted invitations to join Kappa Phi Kappa, professional education fraternity composed of students registered in the industrial arts and agricultural education departments of the college.

The new men are J. A. Dobson, F. A. Webb, Jr., D. A. Sutton, N. W. Freeman, Jr., E. M. Greene, Jr., Stewart Black, W. A. Hash, George Goforth, Tom W. Blens, and R. F. Elliott.

The State College chapter of Kappa Phi Kappa was founded at State College in 1931. Officers are Robert Lainoff, president; E. B. Durham, vice president; Sexton Vinson, secretary, and Marvin Starnes, treasurer.

Prof. Boshart and Vice President Durham were selected to represent State College at the annual convocation of the national fraternity in Cleveland, O., March 1-3.

## SPONSORS FOR GRYFFYN CLUB DANCE

Shown above are three of the attractive girls who will be among the sponsors for the Gryffyn Club Valentine Ball which will be held in the Carolina Hotel tonight, beginning at 9 o'clock. Music for the dance, to which all students are invited, will be furnished by Key Scales and his Orchestra.

Reading, left to right, are: Misses Nell Walker Bell, Virginia Lee Wooten, and Irene McEafee.

## Blue Key To Hear Project Reports

To Discuss Plans for Campus Meeting Room for Honor Societies

Blue Key, national honor society, will have a meeting at 1:00 o'clock in the west cafeteria next Tuesday, announced Russell Burcham, president of the organization.

The purpose of the meeting is to get a report from the project committee, which has been investigating the possibilities of getting a room on the campus for the honor or fraternities to meet in. The need for a meeting room for the various honorary fraternities is greatly felt on the campus, and it is hoped that something can be done about it.

Also, Burcham said, a committee will be appointed to take charge of the annual banquet, which will be held in the spring term. At this banquet, officers for the coming year will be elected, and a prominent speaker will be heard.

Blue Key has been sponsoring the playing of popular dance records at the basketball games and other sport events held in the Frank Thompson Gymnasium this term, and Burcham said in regard to this: "I would like to thank all the social fraternities in behalf of the Blue Key for lending us the records and cooperating with us in providing music at these events."

## Mosher Addresses Textile Students

Research Director Used Laboratories of Textile School in Solving Problem

Dr. H. H. Mosher, research director of the Onyx Oil and Chemical Co., made use of the research laboratories of the Textile School this past week while solving one of the problems of a Southern mill.

He also was a guest of the student section of the American Association of Textile Chemists and Dyers, and made a series of speeches. These lectures were on Modern Auxiliaries; Silk and Rayon Finishes; and Silk Problems. All were given without the aid of notes, and proved highly interesting due to the fact that Dr. Mosher is so well informed.

As a graduate of Stanford University, a professor at University of Nevada, a world-wide known chemist (especially of silk), and now research director for the Onyx Oil and Chemical Company, Dr. Mosher has had experience and training that qualifies him to be one of the best lecturers to talk to the students or any other group interested in textile problems.

It is hoped to have him back later on to give a further series of lectures.

## Sophomores Begin Landscape Firing

ROTC Men to Receive Instruction in Application of Fire Power

Beginning next Tuesday approximately 350 sophomores in the ROTC classes will receive instructions in Landscape Target Firing on the Gallery Range of the Armory, Major Kenneth G. Althaus announced this week.

The instruction is designed to train the squad and its corporal in the application and control of the fire power of the group. Classes will be organized into squads of seven men each, one man acting as corporal. Each squad will fire a total of 30 rounds, a perfect score being 40.

Firing will be done with 22 caliber rifles equipped with Lyman sights. The targets consist of a picture in color of a landscape of diversified terrain, directly above which is mounted a black and white replica to be used as a scoring sheet.

The sights are so adjusted that a shot aimed at any point on the colored panel will actually strike the corresponding point on the black and white panel.

To stimulate interest the firing will be conducted in the nature of squad competition. The group making the highest score will be awarded a dinner-movie party in Raleigh.

## Announcements

All students from Winston-Salem will please meet in the College YMCA on Monday, Feb. 13, at one o'clock.

Bunny Hines. All members of the orchestra are asked to take note of change in the rehearsal schedule this week, and to be present at both rehearsals in preparation for the concert Sunday, Feb. 19.

There will be a rehearsal Saturday afternoon at 2 o'clock, and on Monday night at 8 o'clock instead of the customary Tuesday night rehearsal. This change is necessitated by the Civic Music Association concert Tuesday night, and it is hoped that all may attend the Saturday afternoon and Monday night rehearsals conveniently.

Richard Larkin, Pres. There will be a meeting of the Senior Class in Pullen Hall, Tuesday, February 14, at 12 o'clock. Attendance is compulsory and all seniors are urged to be present.

## Dorm Students Plan Open House

Residents of the third floor of Seventh Dormitory will be hosts at an informal "open house" to be held Monday afternoon from 5 until 6 o'clock. Invitations have been sent out to members of the faculty.

Refreshments will be served and the guests will be entertained by the students. The highlight of the afternoon will be the rendition of several tender ballads by Joe O'Brian and his "Shower Room Quartet."

Carolina Magazine Gets Loud Protest (Continued from page 1)

The students of the medical school in a meeting passed a motion that their attitude be made known regarding the publication of

criticisms, make any further investigation necessary, and then make recommendations to the student council, student legislature, or editor of the *Buccaneer*. Joyner said that his report would be a consensus of opinion of the students, townspeople, and administration.

In a statement issued last night, Joyner stated "this committee will investigate the present status of the humor magazine; determine its place, if it has a place, in our student activities; and if so, some of the limits within which it should function."

Terrors Get Wins Over Maryland, VPI Lose to Deacons (Continued from page 3)

ket, and State had a two-point lead. DeWitt came back for the Liners with a long shot to tie things up. Bill Mann and Jones added two pointers within the next minute and State led by 42-38. Bengoecha gave the Liners another goal on a long shot. With in the next 45 seconds Mann and Jones added two pointers to end the scoring for the night.

Maryland Hot The Maryland club was just as hot as they were the two previous nights when they took Carolina and Duke but that State team was just a little hotter.

State's system worked to perfection, and the six Red Terrors who saw action played bang-up ball. State's scoring was divided principally among Mann, Jones, and Jim Rennie. Elwin Hamilton, P. G. Hill, and Red Sever were the boys hawking the ball and setting up the shots.

Maryland was paced by DeWitt with 12 points and Bengoecha with 11.

vanced another step nearer to the Southern Conference by gaining a win over Virginia Military Institute, 48-39, in the Frank Thompson Gymnasium, Friday night, before 2,300 fans.

State broke the scoring ice after only 50-seconds of play and paved the way to a nip-and-tuck first half. The score was tied twice in this period, but after the second tie, 13-13, State pulled ahead to lead the Cadets 15-16 at halftime, and V. M. I. never regained the lead.

State started fast in the second half, and after two minutes of play they boosted the score to 24-17. Shots by Mann, Hill and Hamilton removed the sting from a brief V. M. I. recovery.

Leaders in the State victory were Co-captains Bill Mann, with 13 points, and Jim Rennie, with 12. Hamilton, Hill and Jones turned in the defensive play.

Paul Shu, Southern Conference

grid and basketball star, and Andy Tracelak, guard, shone for the losers. Shu led the scoring with 12 points and played a brilliant all-round game. His running one-handed shots were the Cadet's most serious threat.

Officials for the game were: Jerry Gerard, Illinois; Wyatt Taylor, Texas.
