1210 Trek To Polls In Final Elections

Durham Defeats Means for Student Body Presidency; Davidson and Aldridge Head "The Technician"

State College students thronged to the polls 1,210 strong Monday in the final campus elections which saw E. E. Durham defeat H. D. "Buddy" Means in a close race for president of the student government.

23 Are Initiated By Phi Eta Sigma

Twenty-three State College students were formally initiated into Phi Eta Sigma, freshman honor society, at a banquet held at the Women's Club last night.

College Newsmen Plan Convention

The newly elected editors and business managers of all publications in the state will meet with the outgoing officers when the Spring Convention of the North Carolina Collegiate Press Association is held on May 4, 5, and 6 at the O. Henry Hotel in Greensboro.

Forestry Seniors To Leave Saturday For Pacific Trip

An academic odyssey 8,400 miles long will be started Saturday by seniors in the forestry division at North Carolina State College.

Pi Kappa Phis Win Tournament

Winding up the twelfth annual Lambda Chi Alpha interfraternity bridge tournament, last night, a smart Pi Kappa Phi team defeated the Alpha Gamma Rho players to win for the second consecutive year the plaque offered by the host fraternity to the winner of the tournament.

Johnson Elected Honor Captain

Members of Scabbard and Blade, national honorary military fraternity, met Wednesday and elected Ted C. Johnson captain of the organization for 1939-40.

Important Notice!

Dr. David A. Lockmiller of the History Department is writing the history of State College, 1888-1938. He hopes to have this work off the press by next fall when the Semi-Centennial of the institution will be celebrated.

23 Are Initiated By Phi Eta Sigma

Twenty-three State College students were formally initiated into Phi Eta Sigma, freshman honor society, at a banquet held at the Women's Club last night.

College Judging Teams Will Meet Here Today

Members of six livestock judging teams, representing as many Southern agricultural colleges, arrived in Raleigh yesterday afternoon. The colleges represented include Virginia Polytechnic Institute, University of Tennessee, University of Kentucky, Berea College, Southwestern Louisiana Institute, and Mississippi State College.

Prizes Awaiting Best Judges of Livestock; Banquet and Dance Planned

A banquet in honor of the visiting teams will be held in the cafeteria beginning at seven o'clock tonight. Professor R. H. Ruffner, head of the Animal Husbandry Department, will act as master of ceremonies, and the following awards will be made.

Psychology Test Given Engineers

Eighteen engineers from the junior and senior classes took a 4-hour psychology test last Monday as a part of a series of tests given by S. W. J. Welch, a candidate for a doctor's degree in psychology at the University of North Carolina.

Phi Psi Selects Eleven Students

Eleven students from the junior and sophomore classes were elected today to membership in the State College chapter of Phi Psi, largest textile fraternity in the nation.

Lint Dodgers' Ball To Furnish Climax For Textile Show

Chaperones for the occasion will be Dean and Mrs. Thomas Nelson, Doctor and Mrs. A. H. Grimshaw, Professor and Mrs. T. R. Hart, Professor and Mrs. J. T. Hinton, Professor and Mrs. E. F. Shinn, Professor and Mrs. A. S. Miller, Professor and Mrs. J. G. Lewis, Professor and Mrs. G. R. Caiberson and the Messrs. Peeler and Bagby.

THE GRAND PRIZE WINNER

Winner of the grand prize in the twelfth annual Style Show, charming Kay Castles of St. Mary's is shown here with Dean Thomas Nelson of the Textile School, right, and Dr. Claudius Murchison, distinguished guest.

### FROM THE FILES

#### A Year Ago This Week

In one of the most hotly contested political battles ever waged on the State College campus, Bill Bailey garnered 635 of the 1,341 votes cast to become president of the Student Body.

In the presence of Governor Hoey, the deans of all textile schools in the country, and hundreds of other visitors, the students and faculty of the State College Textile School presented their eleventh annual Textile Exposition yesterday afternoon.

#### State College's baseball team

performed an amazing odd feat in form last Saturday when they upset the previously undefeated Blue Devils, 6-2.

#### Three Years Ago This Week

Jack Gaw will attempt to add to his impressive list of titles when he represents State College in the State Peace Oratorical Contests to be held tonight at Guilford College.

#### Behind the airtight pitching of

Stuart Flythe, ace of Coach Chick Cook's mound staff, the State College nine defeated Carolina, 3-1, here Saturday.

#### Nine State College seniors and

one faculty member were initiated into the local chapter of Phi Kappa Phi, national honorary scholastic fraternity, Wednesday night.

#### Five Years Ago This Week

In one of the closest set of elections seen at State College in years, Marshall Gardner polled thirteen more votes than Claude Carrow for president of the Student Government.

#### The proposed Fresh-Soph Rush

will take the form of a "bag" fight on the torn-up field close by Ag Hill Saturday afternoon, it was decided by the committee from the two classes which met yesterday in Peele Hall.

#### The first edition of the Pi-Nu-Two,

a Journal of forestry to be published annually by forestry students at State College, made its appearance on the campus Wednesday.

### Ag Club Holds Stunt Program

A "Stunt Night" program was held by the Agriculture Club at its meeting Tuesday, presented by the various departments in the Ag School. Jokes, songs, and pictures rounded out the student program.

Talks were made by Professors Haig and Ruffner, and these were supplemented by E. E. Durham and other club members.

### ANNOUNCEMENTS

**WANTED:** Twenty-five men who are members of Blue Key to attend a meeting to be held in the YMCA Friday, April 21, from 7 to 7:30 p.m. This meeting is important and all members are urged to attend.  
J. Russell Burckham, Pres.

The Society for the Advancement of Management will meet Tuesday, April 25, in Room 223 C. E. Building. Officers for the coming year will be elected.

### Movies Tuesday Night

A full length movie entitled "The Wonder World of Science" will be presented in the YMCA Tuesday night at 7 o'clock under the sponsorship of the Tompkins Textile Society. President Ed Johnson announced today.

The movie which is being brought here through the courtesy of Mr. Sandridge of the Dupont office in Charlotte will depict the making of synthetic fibres from beginning to end. Rayon and all other Dupont fibres will be included in the showing.

Johnson also stated that an interesting musical program had been arranged to precede the showing and all interested are invited to attend.

## YOUR ROVING REPORTER

By WENDELL LEONARD

The Question: What do you plan to do next year to further the work of the office to which you have recently been elected?

The People: Winners in the campus elections.

E. E. Durham, president-elect of the Student Government: "We hope to have dormitory government, that is a president for each floor. These presidents will set up a council in the dormitory to work with the Student Council. We also hope to build up closer relationships between students and faculty members."

E. F. Davidson, editor-elect of THE TECHNICIAN: "Although it will be a difficult job to even maintain the splendid work done by Steve Saller, I hope that we can put out a paper that the students will be proud of and one that will truly be a student publication. Even though it is a long way off, I am aiming our guns at first prize in the N. C. Press Association competition."

O. J. Howell, president-elect of the YMCA: "I hope next year to do all in my power to continue the fine work of our organization. I want to invite everyone to come out and participate in YMCA work because the 'Y' is for all students at State College. With the cooperation of the other officers and the student body, I feel that next year will be most successful."

S. E. Bowers, editor-elect of the *Watauga*: "The *Watauga* will be literary, as recommended by the Publications Board, but we sincerely hope it will not be dull. The members of the staff and myself plan to bring the students interesting original humor from our campus. State College has been accused of being too specialized to produce well-rounded graduates, and the students of having no interest in non-technical activities like the *Watauga*. We hope to disprove this accusation."

Fred A. Webb, Jr., treasurer-elect of the YMCA: "I am indeed grateful to the student body for the support given me last Monday in the elections. Our goal next year is a YMCA for every student on the State College campus."

## LOOKING 'ROUND

By "LE SCOOP"

If you think you have been "stood up," how's this—Emilio Arizpe made a date Sunday at 1 o'clock for the same afternoon at 2 o'clock. At two bells he arrived at the destination and no date was to be found—she had already gone riding.

Bill Sarandira has his heart torn between two fires . . . he is fast learning that you can't have your cake, carry on a telephone conversation, and eat it too.

The latest reports have it that Hal Randolph plans to extend his ceramic course into six years . . . that is, provided the personnel of the department remains the same.

"Snake" Irving misplaced himself into one of the girls' dressing rooms yesterday during the Style Show, and caused no end of excitement.

Sam Welch, better known as The Tricky Travelling Tyrone of the Towering Timbers, caused many a fair damsel to swoon when he pulled a good dash during the recent track meet.

When you want to get your mind off school work for a moment, walk into Troy William's room and get a load of the pictures he has on top of his desk. Looks like he is competing with Zeigfeld.

Tom Rowland swears that he is off women for life. "For proof," says Tom, "I haven't had a date in two days."

Stories with a moral: It's no trouble to do eyes right when the reviewing stand are full of good-looking women.

What we would like to know is who the person with the sense of humor was who called up that new radio station to request the "Donkey Serenade" for the Alpha Sigma Sigma fraternity at State College.

## GLEANINGS

by THE STAFF

Thinking out loud: Well, now with the excitement and hub-bub of final campus elections pretty well a thing of the past, we can all settle back down to work. . . . The only regret that I have about the way this year's elections came out is that there were not enough offices to go around for all the candidates on the ballot. . . . Take the Alumni Athletic Trophy for example. . . . With two good men like P. G. Hill and Bunny Hines involved, it's too bad that there couldn't have been a reward for each. . . . they both certainly deserve one.

Speaking of elections, did you read that statement by Buddy Means just below? . . . That will give you an idea of just what a fine gent he really is. . . . Bob Stacey got so excited down at the polls Monday he began smoking one of his own cigars. . . . It wasn't safe for a freshman to come any where near the YMCA building. . . . high-pressure politicians grabbed him from all sides with some free advice on how to vote.

Heard a funny one on old Rube Milholland the other night. . . . Rube has quite a reputation for his eating capacity and spends most of his time at the table. . . . Well, they tell me that he ran away from home at a very tender age because he wasn't being fed enough "real man's food." . . . stayed gone for three weeks, too.

Walker Fanning, the man who was voted the "best all-round student" by the senior class, received the same distinction while in high school. . . . Sam Pope was all in favor of changing over to the Textile School after seeing the Style Show yesterday. . . . With the cafeteria's anti-noise campaign in progress, it's a wonder somebody doesn't start a movement to do away with all initiation ceremonies during the luncheon hour.

Wonder why they call Fanny Withers by that name. . . . And where did Tony DeYesso come about the nickname of "Elmer"? . . . Dick McPhail says he and the Governor got together Wednesday down at Red Springs and talked over matters of State. . . . If this year's Style Show didn't break any other records it certainly broke one for cute girls. . . . What this campus needs is more glamor.

Roger James got a big birthday present from his heartiest. . . . It was an enormous candy walking cane. . . . In case you don't think this boy Jake Marsh gets around listen to this. . . . He was in Greensboro Wednesday night, Wilson last night, and was making plans for a big dance Saturday plus Benny Goodman on Monday night.

Did you know that Adolph Hitler got one vote for president of the student body in Monday's elections? . . . E. V. Helms was on the third shift of a late date after the Engineers' Brawl. . . . Wonder what became of that proposal to consolidate Meredith and Wake Forest? . . . What we would like to advocate is a consolidation between Shaw and Carolina.

Jim Murray has been spending lots of time in one of the campus extension offices lately. . . . Gene Dees made quite a hit up at Norfolk last week-end according to Ed Smith. . . . That's quite an automobile that James Pharr has. . . . the horn won't blow at the same time the lights are on. . . . Was Buck Foster's face red when he dropped his saber in front of the reviewing stand at yesterday's dress parade. . . . A STAFF WRITER.

### A WORD OF THANKS

To the Student Body:  
I would like to take this opportunity to thank those of you who supported me in the past election, and also to express my sincere congratulations to E. E. Durham.

In all my dealings with Ernie he has always shown all the courage and whole-heartedness that the president of a State College student body should possess. I am proud to have even been a candidate for the office, but feel sure that the right man was elected.

From the bottom of my heart, I pledge my fullest cooperation to Ernie and the Student Body.

BUDDY MEANS.

### They Can See For Themselves . . .

During the past two weeks State College has played the part of host to over 12,500 visitors, who came to our campus for the Engineers' Fair and the Textile Exposition, both annual events.

Little do we realize the good publicity and prestige that these student affairs bring to our institution, plus giving the public an inside view as to the work carried on in our various departments.

Both the Engineers' Fair and the Style Show are rather unusual and unique exhibitions, presenting sights that cannot be equalled in the South. All forms of student activity furnish a good medium of advertising the College, and showing the public the caliber of men that is produced in four years of training.

Neither event would be possible without the complete cooperation between student and faculty members, which so far seems to have been one hundred per cent perfect.

Alumni and citizens of North Carolina are no longer merely hearing of the work at State College. They are given the opportunity now of viewing our progress with a critical eye, and from all comment, we are rapidly moving forward.

N. C. STATE

### \* OPEN FORUM \*

To the Student Body:  
Fellows, the old Ag hatchet has been buried behind the Engineering Building. We are anxious to fall in line and put our Alma Mater in the limelight in every way possible.

This can only be done by students and faculty members cooperating with each other in an enthusiastic manner. Gratitude and deep appreciation from the depth of my heart to all that had a part in my success Monday. Then, too, our hats are off to our popular opponents for their upright and sportmanlike political campaign. We strived to do the same and here's hoping you think that we did just that.

Fellow students, you have given me a great honor, but in doing so you have offered me a great challenge. . . . a challenge to do something for student welfare that will benefit all.

Along with this challenge you have given me the opportunity to fulfill your desires. You have selected me from the entire college to represent you on the council and I feel sure that they are capable and willing to cooperate.

With these men and with our vice president, Buddy Means, we are sure to have a successful year.

E. E. DURHAM.

OPEN FORUM

To the Students and Faculty of the State College Engineering School: Gentlemen:

On behalf of the Engineers' Council, I am writing to express my very grateful appreciation for the splendid cooperation offered by the students and faculty members during the thirteenth annual Engineers' Fair held here last week. We feel that the success of the Fair was directly due to this fine spirit.

One thing which impressed visitors greatly was the excellent manner in which the students in charge of the exhibits conducted themselves. They were well-dressed, courteous and efficient in explaining the exhibits. These things made as favorable an impression on our visitors as the exhibits themselves, and go far in improving the standing of State College in the eyes of North Carolina.

Again I want to thank you one and all for the fine spirit and cooperation.

Sincerely,  
ARTHUR G. RAYMOND,  
President, Engineers' Council.

**Congratulations Textile and Engineering Students!**

H. H. East Indian and Lake Cruise of the Ford Fleet

### FORD SHIPS SAIL THE SEVEN SEAS

DOWN to the sea in Ford ships go millions of tons of shipping. The Ford docks berth one of the largest industrial fleets in the world.

There are 29 Ford ships in all, including seven seagoing craft, the largest motorships on the Great Lakes, barges, tugs and canal boats. They are kept busy bringing raw materials to Ford plants, or carrying parts or assembled cars outward-bound.

Ford production methods eliminate all extra handling or storage of material and parts. Waste motion is waste money. Useless storage takes time, space, and ties up capital.

So, parts and materials flow in a steady, unstoping stream to and from the great Ford plant on the River Rouge. Iron ore—much of it dug from Ford mines—and coal from Ford mines—come to the Rouge in Ford ships.

One that reaches the plant Monday morning may emerge about 28 hours later—on Tuesday noon—as part of a finished car. In its progress from earth to automobile it has been constantly under way and under control. There is no guesswork.

Ford efficiency begins at the beginning. In the end, the sum of these savings is passed along to buyers of Ford cars and trucks—in the form of lower price and higher value.

## Comments

By "ACF" KROCHMAL

State's baseball team pulled itself up another notch in the Southern Conference by virtue of its 8-6 win over V. M. I. yesterday.

The game ranked as a thriller all the way through, and the hectic ninth inning in which State tallied four runs was certainly tops.

Tomorrow's tilt with Davidson will give the Techs an opportunity to better their Big Five and conference records. I'll go along with Mr. Charley's boys to whip the Wildcats by two runs.

Hines Gets Alumni Trophy  
Among other things the student body voted on last Monday was the recipient of the Alumni Trophy.

In a closely contested battle between football captain "Bunny" Hines, and basketball captain "Junior" Hill, Hines emerged the winner.

"Bunny," although not a starting player on last season's football team was esteemed so highly by his teammates that they chose him to captain the Wolf pack eleven. Hines weighs only 165 pounds, but his play at the guard position was starting all through the season.

In addition to his two monograms in football, he received a wrestling monogram this year.

The only bad part about the awarding of the trophy is that there isn't two of them, because "Junior" Hill is one of the most well-liked boys on the State campus and played brilliant basketball all during his college career.

Hamden-Sydney  
In a letter from Hamden-Sydney College, there is the following humorous paragraph:

"Captain Craft is the man to watch. He will probably take it easy on the discus, but if pushed, or if he has a good audience, or rather a good bunch of spectators, he may exert himself and really leave the plate."

Which seems to indicate that the Tigers will have a prima come with them today in their meet. So all you boys come and watch the meet so Captain Craft will have a good audience and exert himself.

State's showing in the State meet at Richmond University was a disappointment, despite the fact that the Spiders nosed us out to take the match. Mickey Thompson looked mighty good, and if the big fellow had not been boxing around the curve in the 440 run, he would have copped first place instead of second.

A word of praise goes to graduate student Ed Singen who has done such a fine job of coaching the State pole vaulters. His exhibition of vaulting last week at the Richmond meet was a beautiful thing to behold, as the former New England champ went through the air.

State scored seven and one-half first places to Richmond's six and one-half.

Roaming Around  
Ere long there will be an announcement about additional intramural fields here at State College.

Jock Sutherland is slated to coach a team of all stars for a game with the Pittsburgh football Pirates on the eve of the National Football League's opener.

E. Y. Helms is really "out of this world" when he umpires Raleigh High's baseball games. . . . Retter and Pavlovsky will make a mighty grand pair of boys to head State's gridgers next season. . . . Dean Romeo and "Red" Sevier are a smooth pair on the badminton courts. . . . The badminton match played this week between Purcell, world's champ, and Catts, Canadian champ was a lulu.

# Cindermen Meet Hampden-Sydney Today At 4

## Techs Are Favored To Garner Victory Over Visiting Team

Tigers Are Strong in Field Events; New Track Stadium Is Site Of Meet

With fair strength in the field events, but weaker in the distance runs, Hampden-Sydney College from the Death Valley of Virginia comes to North Carolina State this afternoon to do battle with the Tech track and field artists in a meet scheduled for 4 o'clock in State's new track stadium.

Captain Willard Craft of Portsmouth, Va., weight, hurdle, and high jump brilliant heads the Tiger contingent. Captain Craft, in good early season form, has an eye on bettering his Virginia discus mark of 14 1/2 feet, 10 inches.

Charles Finne and Pickney Wood work with Captain Craft in the weight events. Syd Walden tops the javelinists, helped by Ted Otterdinger and Bill Patterson.

Four boys, Walden, Bobby Trice, and Tom Currie, and Volney Campbell handle the sprints. In the longer runs Coach David Reveley has Buddy Wheatley, Tulane Craddock, Hoskins Slater, Bill Armes, and Sid Anderson.

Elmo Berry and Jesse Myers take care of the pole vault department. The Tigers, holders of three consecutive Chesapeake Conference championships, lost through graduation Captain Flournoy Shepperson, streamlined dashman, and other outstanding performers.

Again State will be much of an unknown quantity, although in the first home start in eight years, the Techs looked good against the University of Richmond. Mickey Thompson, elongated sprinter and broad-jumper, Howel Stroup, a shot putter, Dick East, sprinter, E. H. Johnson and Ted Tyren, distance men, are chiefly those on whom Coaches Ray Sermon and Herman Hickman are depending for points against the Death Valley Tigers.

## Techlets Walloped By Baby Deacs

In a no-hit game, the Wake Forest freshmen team thumped out a 1-0 win yesterday afternoon over the State College freshmen team.

Star of the game was the Deacon's hurler, Pete Mitchell of Kanapolis who walked two and fanned 14 State batters to rack up the no-hit performance.

State's lone tally came in the sixth inning as the result of two errors and a stolen base. "Big" Ramsey, the Techlet's pitcher was hampered by a sore arm all through the time he was pitching. He was relieved by Baucom.

Leading batters were the Deac's Willard Marshall, who got four out of five, one of which was a circuit clout; Arthur Vivian, fielder who also got four for five, all singles; Jack White who got three for four, all doubles; and Pete Purcell who got three singles in five trips to the bat.

Leading batters were the Deac's Willard Marshall, who got four out of five, one of which was a circuit clout; Arthur Vivian, fielder who also got four for five, all singles; Jack White who got three for four, all doubles; and Pete Purcell who got three singles in five trips to the bat.

## CAPTAIN 1939 WOLFPACK

Andy Pavlovsky and Bill Retter, pictured above, have been chosen by their team-mates to captain next year's edition of the State College football team.

Pavlovsky, left, plays fullback, and has earned monograms for the two years he has played ball. He is a rising senior in industrial arts and his home is in Strathersburg, Ohio.

To the right is Bill Retter, first string center. Retter has also earned two monograms in football, and is from Easton, Pennsylvania. He is a rising senior in industrial engineering.

## Yearling Netters Play To 3-3 Tie

Match With Wake Forest Yearlings Halted Because of Rain

State's freshmen tennis team played their first tennis match of the season with the Wake Forest frosh last Monday. The match was stopped with the score 3-3 as the result of a rainstorm.

Summary: Moser of Wake Forest beat Kattermann, 6-2, 4-6, 6-3. Jordan of State beat Chub, 6-2, 6-1. Brumit of Wake Forest beat Pruitt, 6-2, 4-6, 6-3.

Light of State beat Long, 6-1, 6-1. Owens of State beat Freeman, 6-3, 6-3. Chuck and Moser of Wake Forest beat Jordan and Kattermann, 6-2, 6-2.

## Archers Out!

All students and faculty members interested in archery are requested to report in Riddick Stadium at 4:30 o'clock this afternoon.

A student team to compete in several matches to be held this term will be selected at this time. Recreation will also be provided for the faculty members.

## DIAMOND CAPTAIN

Bob Wicker, seen above, is the man that the baseball team chose to captain their team this year. Last year Wicker created a sensation in collegiate baseball circles by hitting a home run in each of three consecutive games. He started the season slowly, but his homer in the William and Mary game seems to indicate that he is getting back into form.

## State Sluggers Baseball Team Take Thriller From V. M. I.

Techs Break Tie in Last Half of Ninth Frame as Pinch-Hitters Carter and Peatross Come Through

In a thrilling battle which saw the lead change hands frequently, a fighting State team broke a 6-6 tie in the last half of the ninth inning yesterday with a four run rally to take a win over the Cadets from Virginia Military Institute to the score of 8-6.

Scoring was started in the first inning when Trezeciak came home as the result of three men being walked, and a single. The Cadets rallied again in the second frame, but State raked up two runs, as Broyles got to first on an error; Fehey walked and Steele hit a single, sending Broyles home.

Hoyle hit a single, scoring Fehey. V. M. I. added two more runs to their total in the third as Grey came home on Carney's double, and Carney reached pay dirt on a single.

State scored in this inning as Honeycutt came home on Wicker's hit. Carney scored the only circuit clout of the day when he layed into the ball in the eighth.

State got four runs in the ninth stanza to sew up the ball game, as Harris opened the fireworks with a three bagger. Griffin, hitting for Broyles, got a single which scored Harris. Brown, pinch-hitting for Fehey, got a triple, which sent Griffin home. Kaufman reached first on an error and Brown scored. Hoyle singled, and scored on two successive errors by the Cadet's shortstop.

V. M. I. took their last turn up at bat, and despite the two runs that they pushed across, were unable to get a win.

Blue Devils Take State, 5-1  
The Duke Devils pounded out four runs in the first inning of their game with State last Wednesday to sew up the ball game, despite the fact that they were out-hit by State 7-6.

Pitcher Green silenced Duke's heavy guns after the first, but the damage had already been done. He yielded six scattered hits in all and struck out six batters.

Five bases on balls, a wild pitch and a balk gave the Devils four runs and clinched the game for them in the first. Duke picked up its final tally in the fifth on Davis' double and Price's single.

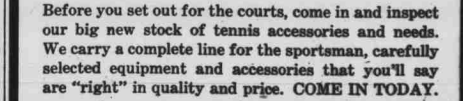

State scored its lone run in its half of the fifth when Green reached first on a fielder's choice after one man was out. Hoyle and Kaufman got infield hits which loaded the bases and Green scored on Winstead's long sacrifice fly to center.

Frosh Batters Win Over Duke Imps

"Peanut" Doak Pitches State Yearlings to Victory; Techlets Have .500 Average in Big Five

Southpaw pitcher "Peanut" Doak got credit for the State freshmen's 4-3 win over the Duke first year men last Tuesday, at Durham.

Young Doak hurled four-hit ball for the eighth and two-thirds innings he pitched. He was relieved in the eighth stanza by Curtis Ramsey.

The State yearlings took a two-run lead in the first inning, but the Duke boys evened it with runs in the third and fifth frames.

Troxler walked, and Stewart and McAuley singled in the seventh to score State's winning run.

The Techlets again featured their brother act, with "Little Chick" Doak on the receiving end of his brother's pitching.

### Foresters Give Farewell Dance

#### Forestry Club Members Are Planning Entertainment for Seniors Leaving Tomorrow

Members of the State College Forestry Club will give a farewell dance at the Tar Heel Club tonight for the seniors in that school who are leaving tomorrow on an inspection trip that will take them to the Pacific Coast.

Prior to the dance the foresters and their dates will have a hayride from the campus to the Tar Heel Club.

Since the seniors are to be away for the remainder of the term, the club held its elections of officers at its meeting this week, choosing Ralph Lee as president and Pete Cromartie as vice president.

John Atkins was chosen by the club to edit the *Pinetum*, regular forestry publication, and Pete Cromartie was selected as business manager of the *Pinetum*.

Other officers elected were: Secretary, Ralph Brake; treasurer, Bob Cain; sergeant-at-arms, John McIver; historian, Ted Spiker; program chairman, Charlie Reid; dance chairman, Earnest Roberts; assistant chairman of Ag Fair, Ted Spiker.

### Textile Leaders Will Speak Here

#### Five Outstanding Men to Visit State Under Auspices Of Textile Organizations

Five speakers prominently identified as authorities in their particular field will lead the discussion in a meeting scheduled to be held at State College on May 5, Dean Thomas Nelson of the Textile School announced today.

The meeting is being sponsored jointly by the Textile School, the Textile Foundation and other groups and was arranged to emphasize educational and research values. According to the impressive list of speakers, textile students, manufacturers and those associated with the industry may well look forward to the meeting.

Leaders Those who will lead the discussion and their topics include: Hiram S. Davis, Research Department of the Wharton School of Finance, University of Pennsylvania, "Vertical Integration in the Textile Industry."

Warren E. Emley, National Bureau of Standards and member of the Textile Foundations Scientific Research committee.

Fredrick M. Fisher, General Secretary, American Engineering Council and author of "Trafficking Men for the Textile Industry."

Stanley B. Hunt, Textile Economics Bureau and outstanding member of the U. S. Institute for Textile Research.

George W. Taylor, Research Department of the Wharton School of Finance, University of Pennsylvania.

### SPONSORS FOR COLORFUL LINT DODGERS' BALL

### SECOND ANNUAL LINT 1939 DODGERS BALL

As a brilliant sequel to the Style Show and Textile Exposition at State College this week, students in the textile school will present the second annual Lint Dodgers' Ball in Frank Thompson Gymnasium tomorrow night from nine o'clock until midnight. Music will be furnished by the Duke Ambassadors. Sponsors for the ball are pictured above. With their escorts, they are: Misses Martha Carter of Weldon with Stephen S. Saller, dance committeeman; Betty von Gemmingen of Culpeper, Va., with E. P. Henley, chairman of the dance committee; Margaret Dudley of Raleigh with Don Hamilton, dance committeeman; Evelyn Yelverton of Raleigh with Bill Morrison, dance committeeman; Mildred McSwain of Shelby with George Hanna, Jr., superintendent of the Textile Exposition; Anne Dichtemuehler of Charlotte with Gordon Sandridge, dance committeeman; and Margaret Patterson of Kannapolis with Ed Johnson, assistant superintendent of the Textile Exposition.

### Forestry Seniors to Leave Saturday for Pacific Trip

### ...with Conference Telephone Service

YOU'VE probably often wished it were possible to be in several places at once. Today—in effect—it is perfectly simple. Through Telephone Conference Service, up to six telephones (more by special arrangement) can be connected. You and all the others talk together as freely as though face to face. Many are finding this service extremely valuable. It promotes quick interchange of ideas—settles problems—saves time and money. Fitting Bell System service more and more closely to users' needs makes your telephone increasingly valuable.

### Television would show you Chesterfield has the RIGHT COMBINATION for More Smoking Pleasure.

Every year thousands of visitors to the Chesterfield factories see the infinite care with which the world's best tobaccos are combined to give you Chesterfield's can't-be-copied blend. It is this wonderful blend that makes Chesterfield so refreshingly different... milder, better-tasting, with a more pleasing aroma. When you try them you will see why Chesterfield gives millions of men and women more smoking pleasure... why THEY SATISFY

Shown here is one of the many blending operations in the making of Chesterfield. Everything science knows about or money can buy is used to make Chesterfield a milder, better-tasting cigarette.
