

BUILDS PERFECT MODEL

North Carolina has met failure in its efforts to get the original Wright plane back from England, but James R. Huntley, sophomore in mechanical engineering, built a model which experts declare is perfect.

Huntley spent three months collecting original specifications, drawings, and photographs of the first airplane, and construction of the model, which is one-fourth actual size of the famous plane, required 200 hours.

It will be displayed in the North Carolina exhibit at the World's Fair.

Broadcast Given By Golden Chain

Value of College Education Stressed in Half-hour Program

In conjunction with its annual "good-will tour" to the various high schools of the State, Golden Chain, senior honorary society, sponsored a half-hour radio broadcast Monday afternoon to better acquaint the high school seniors with State College.

The program was presented over Station WRAL and was conducted in the form of a round-table discussion with six outstanding students informally presenting the value of a college education, both social and scholastic.

Students taking part in the program were A. M. Smith, H. D. Means, Aubrey Sallenger, Steve Saller, H. R. McSwain, Bunny Hines and Leslie Brooks.

The State College Quartet under the direction of Major C. D. Kutschinski finished a musical interlude.

Delegates from Golden Chain have also visited many of the larger high schools in this and neighboring states to interview prospective students and tell them the various advantages of State College.

Distribution Of Agromecks Set For May 15

All Space Bills Must Be Paid Before Any Agromecks Are Given Out, Says Business Manager

The 1939 Agromecks, commemorating State College's fiftieth anniversary, will be completed and ready for distribution at the warehouse about May 15, according to an announcement by Doc Holmes, business manager.

This year's Agromeck, the fiftieth anniversary edition, is being hailed as one of the finest yearbooks ever put out at State College.

The number of students whose pictures appear in the class sections is greater this year because of the reduction in the picture fee from \$3 to \$1.

Holmes stated however, that the books, now being finished at the printing house, would not be distributed until all space contracts are paid up, and urged that all organizations clear up their bills as soon as possible to avoid any delay in the distribution.

State Plays Host To Judging Teams Men From Six Colleges Compete for Prizes in Livestock Judging

In competition with six colleges representing five states Southwest Louisiana Institute won the 11th annual Southeastern States Intercollegiate Livestock Judging Contest held on the State College campus last Friday.

Scoring 2,492 points out of a possible 2,850, the winner defeated Berea College, Mississippi State College, University of Kentucky, University of Tennessee, and V. P. I.

Oscar Deyton of Berea College was individual high scorer, just one point ahead of Curtis Martin of Southwestern Louisiana.

State's judging team participated in the contest, but as they were acting as hosts to the visitors, they did not enter the competition for the prizes.

The trophy was presented to the winner at a banquet held in the College cafeteria Friday night by J. C. Pierce, president of Lambda Gamma, De national honorary nursing fraternity. The fraternity donated the cup which was given the winners.

Increase of \$70 for Out-of-State Tuition Authorized by Legislature; Makes Total of \$250

By P. P. GREGG

Out-of-state students returning to State College next year will be faced with a \$70 increase in tuition fees bringing total to \$250 for non-residents of North Carolina.

The proposal for increasing the out-of-state tuition did not come from the College nor from the Board of Trustees, Colonel Harrelson stated in the interview, "but from the Budget Commission."

The Commission originally recommended that tuition for resident students be raised from \$80 to \$125 and that tuition for out-of-state students be raised from \$180 to \$250.

Public Disapproves "When the proposals were made public for raising the tuition for both resident and non-resident students, Colonel Harrelson stated, 'the people of North Carolina registered a vigorous protest in the press, on the platform and in other ways.'"

The outcome was a general agreement among the State institutions, the Assembly and the public that there would be no increase in tuition for resident students.

The committees of the Assembly reached an agreement without record that the tuition for out-of-state students would be raised to make up the deficit in the general maintenance appropriation which had been reduced from \$363,000 to \$325,000 for State College.

Colonel Harrelson added that after many conferences and various recommendations, the Board of Trustees finally authorized the fixing of out-of-state tuition at \$250. The increase of \$70 is estimated to provide only \$24,000 of the \$38,000 needed to make up the deficit in the maintenance appropriation.

## LOOKING 'ROUND

By "LE SCOOP"

Our vote for glamour boy of the week goes to "Cactus" Musso. The Watauga powerhouse got a date-bid to the St. Mary's Junior-Senior from one of the May court pretties and he's only known her for about two weeks.

"Gentleman" Joe Paget was happy about the whole thing the other afternoon at the State-Duke baseball game, despite the score. His one and only from Duke made the trip over here and not to see the ball game either.

Jimmy (Jeep) Burnham is worrying these days about whether or not he can get college credit here for all the time he puts in at one of the local girls' schools. . . We're for it, Jeep.

If someone were to conduct a contest to determine the most loyal faculty sports fan, Mr. Frank Jeter of the News Bureau would certainly be high up in the running. There are mighty few State athletic contests that he misses.

A hearty pat on the back to Ruel Huffman and his Pine Burr associates for the music in the cafeteria. There's nothing like a bit of "And the Angels Sing" to help one digest a leathery steak.

E. V. (Chairman) Helms, the most famous late-dater of them all, is keeping in trim for his coming night work by umpiring the girl softball games held nightly on Red Field.

There are a couple of reporters on the Daily Tar Heel, Carolina's student paper, named Jimmy Dumbell and Leonard Lobred. . . Have you ever heard of anything more appropriate?

## GLEANINGS

by THE STAFF

They tell me those lads really went to town during the Benny Goodman dance last Monday. . . some went so far as to even pull off their shoes, pull out their shirts, and "get in the groove" for the Little Apple. . . also heard Benny in his regular Tuesday night broadcast which came from Asheville. . . that mob up there sounded as if they were mad. . . compared with what went on at the B. G. dance down here, our jitterbugging at the college gym looks something like a Viennese waltz.

Speaking of dances, what about that affair they had last week-end in Wilson to the music of Larry Clinton. . . State was well represented there, but they say a lot of the boys went to class the next morning in a sleepy mood.

A new idea of a student-faculty day has turned up, and we favor it one hundred per cent. . . it would be good to have some non-classroom competition between the students and the faculty. . . maybe the undergrads could stand out the profits in softball.

Also heard that Goodman, Ben Bernie, and Wayne King were on the string for Finals bands. . . if that combination goes through, you'll have everything. . . swing with Goodman, sweet music with King, and a good show from Bernie. . . but I do hope they keep on their shoes when Goodman plays "One O'clock Jump."

And speaking of events, they had a carnival in town last week. . . One good State College man was sitting in the front row of the burlesque, surrounded naturally, by a flock of others, when one of the performing girls looked down from the stage and said, "Why, Mr. Cunningham, are you back again?"

Seems like the Monogram Club is running into difficulty in putting on their Strepentations. . . they have been running all over Wake County trying to find costumes large enough to fit the dainty little things like Pavlovsky, Cooon, and Novick.

Things We Never Knew: George Weant is installing an extra room and shower in his new type dog-house. . . can't stay out, huh, George? . . . Where Sam Waldin acquired his well-known and not altogether appropriate title of "Krueger". . . That only 2.5 per cent of the student body is affected by the new Dean's List secured by Tau Beta Pi.

State's No. 1 Jitterbug, Fabe Clements, finally missed a dance. . . he didn't get to the B. Goodman dance Monday night. . . they say Carlyle Summey will be in his glory this week-end. . . who says they don't produce beautiful women in South Carolina.

Wonder how that girl of Joe Fry's is getting along at Meredith since he has been out of the city. . . she's probably sitting at home nights waiting for that long-distance call. . . "Country" Bryonhill has been waiting around the Soda Shop for them to install the dial phone system. . . he longs to twirl the little wheel.

And why is it that the telephone at the Sigma Nu house is always busy. . . are you listening, Jonesy? . . . They tell me that Jones Pharr is getting to be the powerhouse around the Kappa Sig house when it comes to women. . . and what is it that "Cutler" Carter has that we haven't got? . . . that sure is a good-looking job that he has been trucking to the dances. . . Bruce "T-Up" Halsted is already worrying about Finals. . . after his Pledge Dance episode. . .

And you should hear the extensive plans that are being made by publication men for the annual press convention in Greensboro next week. . . look out, Woman's College, here we come. . . the only question remaining is when are we going to study? . . . everything comes to an end. . . thus does this column. . . be seeing ya—E. F. DAVIDSON.

### Progress on Every Hand . . .

State College is rapidly moving forward, and in no uncertain terms. We can see on every hand signs of advancements, definite and material progress, and permanent improvements.

We are now at the peak of the largest building program since the founding of the institution, and next year we will put into use for the first time numerous new dormitories and classrooms. All are designed to make State College an excellent seat of knowledge and a better place in which to live.

But not only are improvements material in constructions. We are advancing to an institution where the student is being placed on a better footing, and where he can approach the faculty on more even terms.

Recently Tau Beta Pi took a large step forward in their sponsorship of the Dean's List. In all probability time will erase the cut system entirely.

Now a different approach is appearing, in the form of a proposal for a student-faculty day, a day when undergraduates and the administration can meet each other outside of the classrooms for social enjoyment. There is no doubt that this student-faculty day program will receive the whole-hearted support of the entire student body, and certainly the members of the faculty.

This proposal, realization of which is almost a certainty, is merely a nucleus around which better student-faculty relations will be formed in the future.

State College is advancing, not only materially, but spiritually and morally as well.—E. P. D.

### Regulations For Room Assignments 1939-1940

Following are the regulations as set up by the administration concerning the dormitory rooms for upperclassmen for the school year of 1939-40, giving the dates of applications and dormitories available:

- Dormitories 7, 8, 9, and 10 will be reserved for Freshmen.
- Fourth dormitory will be reserved for graduate students.
- Tentative plans at this time prevent assigning rooms in 1911 dormitory.
- Watauga, South, 5th, 6th, "A" and "C" dormitories are reserved for seniors, juniors, and sophomores.
- The adding of 5th, 6th, and South dormitories to the space assigned to upper classes, and the taking out of 1911 dormitory makes it necessary to change the plans for assigning space to students.
- It has been decided to give seniors first choice in dormitories reserved for upper classes. Beginning Monday, May 1, 1939, applications from seniors will be considered in the order in which they are received. Seniors assigned to rooms during the week of May 1st may select their roommates. Beginning Monday, May 8th the applications from juniors will be received and considered for the remaining space, and juniors thus assigned may select their roommates. Beginning Monday, May 15th, the applications from sophomores will be received and considered for the remaining space, and sophomores thus assigned may select their roommates.
- All students now in college must present their application in person.

Saturday will find State's varsity track team over at Chapel Hill ready, willing and certainly able to go places.

Star of the cinder team is Mickey Thompson, who has been individual high scorer in both meets State has run so far this year, and who is undefeated in dual competition in his specialty, the broad jump. In addition to the broad jump, Mickey has been in these events thus far this year—high jump, 220 yard dash, 440 yard dash; and he has placed in every one of these events each time he has competed. The picture of Mickey does not show him in his track regalia, but is one of him in his football uniform. Mickey plays a sterling game at one of the end posts on the Wolfpack eleven.

Rain, Rain

For the second time this season showers have forced the cancelling of baseball games. First it was the game with Wake Forest's Demon Deacons. The Tech's were all rarin' to go and to avenge the Easter Monday defeat Wake Forest handed them. However, Mr. Charley's boys will have their chance next Thursday when they again invade the Deac's lair.

Cader Harris is a fellow who plays good dependable ball all the time. The big first baseman has played every inning of every game so far. Against Duke Wednesday he collected a double and a single out of three trips to the bat.

And I wonder if the professional teams will grab any more of our baseball players? Let's hope they don't bother us any more.

Duke, Davidson Get Wins Over State

Duke's Blue Devils made it two wins over State's baseball team this season when they took the Techs into camp by the score of 7-4 here Wednesday. The boys from Durham rode over State exactly a week earlier to the tune of 5-1. Twice the Techs went ahead, but at 3-all, in the fifth stanza, Duke went ahead to break the tie and sew up the ball game. Allen Green pitched eight-hit ball for State for eight innings and was relieved by Harper, who yielded one hit, a single, in the remaining innings.

STATE'S NEW TRACK STADIUM

Pictured above is State's new \$80,000 track stadium which has recently been completed. It has been the scene of two track meets thus far this year, and will witness one more, when State meets Catawba here on May 12. The new track has two straight-a-ways, a drainage system, and is supposed to be one of the best in the South.

Three Home Games Head Sports Bill

Varsity Diamondmen Engage Virginia Tech Monday and Carolina Saturday; Frosh Meet Deaclets Friday

State's athletes will have a full week ahead, with seven events scheduled, three at home and four away.

Baseball will again hold the spotlight. Coach Doak's boys get underway Monday when they tangle with Virginia Tech here on Freshman Field. Thursday the Techs travel over to Wake Forest and engage the Demon Deacons on Gore Field. The diamondmen close the week's activities Saturday when they cross bats with the Carolina Tar Heels here.

The Frosh ball players have two games coming up—the first with Duke's Imps in Durham next Wednesday, and then back to Raleigh Friday to play Wake Forest's powerful freshman outfit.

Tennis Coach R. W. Green's charges will face their toughest opponent of the season, Carolina's top ranking group Wednesday. The Heels have twelve straight wins thus far this season.

State's newly organized track team packs its luggage and heads for Blacksburg, Virginia, where they will run against Virginia Tech's Turkey Gobblers, and will try to take their second win of the season.

Track Team Off To Chapel Hill For AAU Meet

State Has Team Entry in Annual Meet For First Time in Eight Years; Mickey Thompson Expected To Star

The red-and-white of State College will be worn by entrants in the AAU meet, held at Chapel Hill tomorrow, for the first time in eight years. Individual State College students, like Milan Zori and Bill Davis, have been entered in these meets, but they competed as individuals, and not as representatives of the college.

Forty-two men will represent the school tomorrow and Saturday—22 varsity runners and 20 freshmen. Two of Doc Sermon's star dash men—Dick East and Hank Gibbs will be kept out of the running by leg injuries. East pulled a tendon and Gibbs is suffering with the recurrence of an old shank injury.

Ranking as favorites at the meet will be Mickey Thompson, broad jumper; H. V. Johnson, miler; Ike Hanf, pole vaulter and Sam Welch, hurdler.

Ed Singen, New England AAU and former sectional intercollegiate pole vault champion from Rhode Island State College, will wear a State uniform on Saturday.

Today's events will be the first performance for the frosh. Among their outstanding performers are Mac McKay, discus and shot; Pete Shintay, 440-dash; Frank Davidson, and Ken Ferebee, mile; Bill Fleming, half mile, and M. W. Grady and Ferebee, two miles.

The 20 freshmen entries will journey to Chapel Hill today, leaving the campus at one o'clock. The 22 varsity cindermen will leave at the same hour Saturday. Activities get under way at 3 o'clock both days.

Palmetto State team will play here on February 22. State heads towards Lexington, Virginia on February 24 to play W. and L. on their home court.

The mighty Dukes of Duquesne play at Raleigh on February 21, in their game with State.

A northern trip is being planned tentatively for sometime between February 5 and 16.

Intramural Golf

Intramural golf will be inaugurated at State College this spring under the direction of Doc Newton and Willy Dusty. This program will take the place of a varsity golf team. Qualifying starts Monday on the Raleigh Golf Association's courses, and will be based on 18 holes. All students are eligible to compete. For any further information, see Wade Ison in Holladay Hall.

Two New Conference Teams and Duquesne Quint are Added to 1940 Schedule

In addition to its regular Big Five foes, State College's basketball team will tangle with three new teams, the University of South Carolina, Washington and Lee, and Duquesne University next year.

By far the outstanding of this trio is the Duquesne outfit. The Dukes rate as one of the top-notch fives in the East, on a par with Temple, Pittsburgh, and other court greats.

Washington and Lee will be played on a home and home basis, the first game to be played here on January 8, as the season's opener. The Red Terrors will invade Columbia on January 12 to meet the South Carolina Gamecocks, and the
