OFFICIALS CONFER ON CAA PROGRAM

Officials of the CAA and State College held a conference Wednesday on the possibility of making State College a base for the Civil Aeronautics Authority's advanced flight training. They are shown below, left to right: Professor Leslie H. Parkinson, head of the pilots training division; Jack E. Cram of Washington, D. C., chief of the CAA private flying development section; Mrs. Marie M. Myers, Raleigh Airport president; Ed Nilson of Atlanta, regional CAA senior private flying specialist; and Dean Blake R. Van Leer, of the School of Engineering.

Van Leer, of the School of Engineering.

Welfare Group Endorses Plan For Telephones

Student Welfare Committee Recommends Installation of Telephones in Dormitories

The Student Welfare Committee held an open forum Monday afternoon to hear all arguments against the installation of telephones in the dormitories, and after no opposition appeared, retired into executive session.

From the executive session came a recommendation to the Faculty Council stating that the Student Welfare Committee endorsed the plan of the college to install the system in the near future.

The special meeting of the committee was called by the college administration, so that a definite insight into all objections to the telephone plan could be secured.

The present plan for installing telephones in the dormitories, with a central switchboard located in the College YMCA. A regular operator is to be on duty at the switchboard for certain periods of the day and night.

Recently a petition was circulated through the dormitories requesting the administration and the Board of Trustees to install a telephone system, and was signed by 89.9 per cent of the dormitory inhabitants. Out of 1,492 dormitory occupants, 1,341 signed the petition in favor of the installation.

Feeling that those who opposed the plan had no chance of expressing their disapproval, Col. J. W. Harrison, dean of administration, asked the committee to hold this special forum.

Under present plans each dormitory student will be charged fifty cents per term for the use of the telephones, and no pay for maintaining an operator.

Following the recommendation by the Student Welfare Committee the proposal will be referred to the general faculty or to the Faculty Council for their action.

COL. THOMAS W. BROWN

THE FIRST BUTTON

Beginning Blue Key's drive to raise funds for the fight against infantile paralysis, Frank Sabol, president of the organization, is shown below pinning the first contributor's button on Assistant Dean of Students C. R. Lefort.

Lecture Series Highlights Religious Week Observance

Much Space Left In Dormitories

More Than 200 Rooms Reported Vacant; Principally Located in A and C

Religious Emphasis Week closed last night with the final speech of Dr. S. Ralph Harlow in Pullen Hall on the subject, "How Can We Apply Real Religion in a Pagan World?"

Sponsored by the YMCA, Religious Emphasis Week has become an annual affair at State College. It is conducted in an attempt to turn the thoughts of the average student toward a more active participation in religious activities.

Individual discussions among dormitory and fraternity groups were conducted by Dr. Harlow, professor of religion and social ethics at Smith College; Harry Philpot, secretary of the Christian Council at Washington and Lee; Wiley Critz, executive secretary of the Student YMCA of the South, and pastors of the local churches.

Students were allowed to ask any questions they wished during these round-table discussions and the regular lectures in Pullen Hall.

On Monday night Harlow spoke on "Real Religion and Pseudo Religion." His topics in order on Tuesday, Wednesday and Thursday were "How Can Man Come to Know God?" "Problems Which Confront Religion Today," and "How Can We Apply Real Religion in a Pagan World?"

Initial Meeting Of Legislature Held In Capitol

Opening Ceremonies and Short Debate Broadcast; Durham Chosen President

Meeting in the impressive General Assembly rooms of the State Capitol building, the inaugural session of the North Carolina State College Student Legislature experiment in student government here on the campus, convened last Friday night.

In a joint session of both the House of Representatives and the Senate, Ernest E. Durham, president of the Student Council, was elected president of the general assembly, and E. F. Davidson, editor of THE TECHNICIAN, was named secretary of the joint body.

Guest Speakers The initial session was addressed by Col. J. W. Harrison, dean of administration; Dr. Clyde E. Irwin, state superintendent of public instruction; Dr. Lodwick C. Hartley, chairman of the Student Welfare Committee, and Professor Edwin Page, forensics director. Each praised the effort for a better and more democratic student government.

The opening addresses and a 15-minute debate on the *Watson* bill from the dormitory and fraternities were broadcast over radio station WRAL.

The joint assembly approved rules of parliamentary procedure before separating for individual meetings. As the assembly is now set up, the House of Representatives is composed of delegates from all of the dormitories and fraternities and organized off-campus students, numbering around 120 members.

The Senate is composed of the present members of the Student Council and the Student Welfare Committee, the membership totaling about 30.

Officers Chosen Buddy Means was elected president of the Senate. Other officers elected by the Senate were Ben S. Pace, president pro tem; William Retter, sergeant-at-arms, and Ed Rig, chaplain.

Officers chosen to serve in the House of Representatives were Bill Friday, speaker; Sam Kaufman, speaker pro tem; Wilbur Bryant, sergeant-at-arms, and Adrian Dobson, chaplain.

The discussion in the Senate was centered upon the *Watson-Thurston* bill, which sought to abolish the *Watson* Thursday night *Technician* thrice weekly. After the introduction of the bill by Ben Pace, it occasioned hot debate on the floor.

CAA Advanced Course Discussed At Meeting

Plans Mapped Out to Begin Course Immediately; Six to be Selected

CAA and State College officials held a conference here Wednesday to map out plans for establishing State as a base for advanced training under the Civil Aeronautics Authority.

Jack E. Cram, chief of the CAA private flying development section, announced that the CAA planned tentatively to give State College six of the 80 advanced slots for the nation in a new flight training experiment to develop a professional type of commercial flyer.

Last spring, State served as one of the 13 colleges in the nation to hold the CAA primary flight training for private flyers on the basis of individual flying alone. All 20 applicants were certified at the end of the training period, and 13 of them are still students at State.

Cram stated that the six allotted to the advanced course would be selected from the 13 certified private flyers.

He was accompanied here by Ed Nilson, CAA senior private flying specialist for the region. The two and Mrs. Marie M. Myers, head of the Raleigh Airport, met with Dean Blake R. Van Leer, head of the School of Engineering, and Prof. Leslie R. Parkinson, head of the pilots training division.

The CAA representatives previously had checked the equipment at the airport and declared it sufficient for the advanced training. They made a survey to determine the equipment and maintenance facilities for such a course at the college.

The advanced course would include additional instruction in the theory of flight, aircraft engines, radio, instruments and parachutes, and give flight courses in heavier planes with advanced maneuvers and some primary aerial acrobatics.

Blue Key Begins Drive For Funds Here On Campus

Honor Group Members Canvas Campus for Funds to Aid Infantile Paralysis Victims

The "Fight Infantile Paralysis" drive on the State campus, sponsored by Blue Key as one of its major projects for the remainder of the school year, is well under way as the end of the first week of the campaign nears.

This drive represents State College's participation in the nationwide "March of Dimes," the proceeds of which go for the relief of infantile paralysis victims.

Part of the funds will go direct to Warm Springs, Ga. and part will go to help local infantile paralysis sufferers.

Most of the dormitories are expected to contribute 100 per cent. This drive represents State College's participation in the nationwide "March of Dimes," the proceeds of which go for the relief of infantile paralysis victims.

Student contributions to the campaign will be taken at strategic points on the campus where good. It is hoped this year to surpass last year's figure of \$200.

Practically all the fraternities are planning to contribute 100 per cent. Returns are not complete, but those who at the present have gone 100 per cent are Pi Kappa Alpha, Sigma Nu, Phi Kappa Phi, Lambda Chi Alpha, Sigma Phi, Alpha Lambda Tau, Kappa Sigma, Kappa Alpha.

Buttons are being given to those who have contributed. The drive will continue until Jan. 29.

Ag Barnwarming Date Announced

An announcement was made this week that the Ag Barnwarming, annual dance of the School of Agriculture, would be held in Frank Thompson Gymnasium on April 1.

It has been customary to hold the annual dance the first Saturday in March, but due to a conflicting set of dances that week it was necessary to change the date of the Barnwarming.

Civil Service Man Addresses Seniors

Workings of Commission Explained by Hathcock at Meeting Tuesday

The functions of the Civil Service Commission were explained to members of the senior class at their class meeting Tuesday in the YMCA auditorium by J. S. Hathcock, economic examiner with the commission.

Urging seniors who had an "above average" scholastic record to continue with the education was Dr. R. F. Poole, dean of the State College School of Graduate Instruction. Dr. Poole told the fourth-year men of fellowships that could be obtained at various institutions, and urged them to apply for these fellowships.

The meeting was presided over by Charles Hunter, class president, who also discussed graduation invitations and an alumni plan for the entire class.

Magazine Features Article On Diesel

Seaboard Official Explains New Type Power in Current "Southern Engineer"

Featuring an article on the new diesel-electric powered locomotives, the next issue of *The Southern Engineer*, official engineering magazine of State College, will come off the press Saturday.

The cover of the magazine is a colored photograph of the Seaboard Air Line Railway's newest diesel-powered "streamliner" in comparison with an ancient cart.

Seniors

All engineering seniors who are interested in joining the North Carolina Society of Engineers as student members are requested to see Tom Blount as soon as possible.

Colonel Thomas W. Brown Concludes Fortieth Year of Service With Army

By C. A. UPCHURCH, JR. Colonel Thomas W. Brown, professor of military science and tactics at State College, began his 41st year in the United States Army yesterday.

He came to State College last fall as head of the military department, leaving Governor's Island, N. Y., where he had spent four years on the general staff at headquarters of the Second Corps Area.

After four decades of service, he presents the following as his final observation on the state of the armed forces of the United States: "The country at large has not digested the lessons of the World War," said Col. Brown. "While we are prepared in a sense better than in 1917, we have a mobilization plan that would take too long to put into effect, trying to turn out product at the same time that we are building the machinery and the plant to make it with."

Publications Men Planning Banquet

Annual Gathering of Literary Men Coming Soon; to Present Keys

Plans for holding the annual Publications Banquet were made yesterday at a meeting of the Publications Board, with the date tentatively set for February 28.

The banquet committee consisted of Jim Mitchiner, chairman; Pete Cromarty, Tom Blount, Lloyd Langston and Scott Bowers.

Assembly Meeting

The second meeting of the State College Assembly will be held Thursday, January 25, in the State Capitol, it was announced last night by the acting Executive Committee of the Assembly.

The Students Shine . . .

Again State College students took the aggressive side of the political front, and made the initial move in the opening of the first session of the State College Assembly last Friday night in the State Capitol.

Everyone will agree that this is without a doubt one of the most progressive movements in the betterment of student government and the promotion of student knowledge of political affairs and conduct.

When you gather over one hundred students in two orderly bodies, and have them conducting governmental business in a correct and proper manner, you are making a broad step toward at least one goal—that of cooperative work and self-development.

And at the same time you are reaching another goal, one that is of vital importance to the entire student body. That is the instigation and discussion of legislation designed to improve student-faculty relations and to improve conditions at the college as a whole.

It seems that these alone can suffice to give somewhat of an idea of the value of this new assembly. All that is left for us to do now is to give it our whole-hearted support and encouragement.

N. C. STATE

Our Congratulations . . .

Yesterday Colonel Thomas W. Brown, professor of Military Science and Tactics and head of the Military Department, observed his 40th year of service in the United States Army, and quietly began his 41st year of duty.

Even though we are students who have not yet begun on a life-long career of work, we can truly realize that 40 years is a long period of labor for any one man.

No doubt Colonel Brown is proud of his excellent record of service, and we can assure him that we, as students, feel just as proud to have him with us, and to know that we can conscientiously join him in his celebration of 40 years of service.

And so we say, congratulations, Colonel Brown. You have done a difficult job and have done it well.

N. C. STATE

A Fine Program . . .

We believe that congratulations are in order for Mr. E. S. King and the college YMCA on their excellent program for Religious Emphasis Week, and their bringing to the State College campus three such excellent speakers as we have heard this week.

Although this is an annual part of the "Y" activity program, it seems that each year some little detail is added to increase the value of the Religious Week.

Truly this is an excellent move in the betterment of the Religious spirit on our campus, and it serves to bring the students closer to the YMCA. All of the speakers possessed some spark of student spirit and opinion, and delivered their addresses from a student's point of view and for the students' benefit.

And we would also like to add our whole-hearted endorsement to the dormitory and fraternity "bull sessions" that were planned by the "Y" so that each of the speakers would have a chance to talk informally with the entire student body.

Again we say, congratulations to all who had a part in making the entire program a success.

N. C. STATE

A Word of Advice . . .

We would like to offer a word of advice to the entire student body, advice that comes from our observations supplemented by information which we have received.

It seems that members of the student body have received quite a fancy for playing with the little lights on the Memorial Tower, even after they have been requested by the college officials to please not bother them.

Little do they realize that each time they bother the lights, they are costing the college money. The major item comes from the fact that new bulbs have to be purchased regularly for the lights, and the replacement of the bulbs comes from the students' foolishness.

When the lights, which are adjustable, are pushed up to the glass cover, a large amount of heat is generated and the bulbs burn out immediately. These bulbs are expensive, and their constant replacement is entirely unnecessary.

The eventual plan is to place these lights on ten-foot standards, but until this can be done, let's cooperate and leave them as they are.

NEWS HIGHLIGHTS

by
"Spud" Davidson

Mass Meeting? . . .

In what was intended to be an open forum for the entire student body, the Student Welfare Committee met in special session last Monday afternoon to hear all opposition to the proposed plan for installing telephones in the dormitories. No opposition appeared.

Although a very small percentage of the student body attended, it seemed that all those present favored the plan. The outcome was that the committee sent a recommendation to the faculty voicing their approval of the new telephone system.

Inaugural Session . . .

Speeches of all nature were in order last Friday night when approximately one hundred students gathered in the State Capitol for the first meeting of the State College Assembly—which in the eyes of the leaders was a huge success.

Naturally much time was employed in getting started, electing officers, a radio broadcast, and several other minor matters, but once under way, the fireworks began.

Representatives and Senators carried on hot debates in both houses, and believe it or not, many good points were brought out. The discussion in general was around comparatively few bills, but as the starting time was delayed, neither body had time for more.

But wait until the next session, and again you will see the "tur" fly.

Fire Fighting . . .

An excellent exhibition of fire fighting and fire extinguishers was put on Thursday afternoon on Red Diamond in connection with the college's safety course for truck operators.

The extinguishers, which go under the trade name of Linc, were put to all kinds of difficult tasks, and compared in several instances with other types of fire fighting equipment.

All in all it was a good show, but at the same time I couldn't help thinking how many miles I could travel on all that gasoline they wasted.

Musical Kings . . .

In a year-end analysis of the nation's bands, Metronome magazine extends an "A" rating—the highest—to but eight orchestras in a list of 150. Included in the aggregation were Bob Crosby, Jimmy Dorsey, Jimmie Lunford,

Duke Ellington, Beany Goodman, Red Norvo, and Artie Shaw. Seems to me that they forgot some mighty good top-notch bands, such as Miller, T. Dorsey, Kemp, Grey, and many others. Of course, we don't know on just what basis these selections are made but I'm still inclined to disagree.

A Real Drama . . .

It will not be so many days now until you can turn on your own radio and hear an honest-to-goodness drama being put on by members of Golden Chain. These broadcasts—and there will be five of them—are being arranged in connection with Golden Chain's work in interesting high school students in attending college.

These programs will be carried over WPTF, and are at present scheduled to begin the first week in February, and will run weekly.

Fine Program . . .

Blue Key seems to really be making headway in its drive to raise funds for the campaign against infantile paralysis, and they are missing no nook or corner of the campus. Even the merchants located at the court are doing their share, and from all indications the drive should be highly successful.

Can You Blame Them? . . .

It's no wonder that the majority of the vacant dormitory rooms are located in A and C, commonly known on the campus as Apopuz and Carry—but not quite as far away.

Even in fair weather it is no pleasant task to trudge the long distance from the campus over to the new structures, and in weather like we had the majority of last week—well, you just can't blame the students for not wanting to wade and swim back and forth each day.

Its about time they build a paved road or sidewalk over there, if they expect students to arrive comfortably and be satisfied.

Real Feuding . . .

It seems that some little differences have arisen between the Daily Tar Heel student newspaper at Carolina, and Mr. Lee Wiggins, Carolina student who has recently been elected national president of the American Student Union. The matter appears that they can't agree on just what is freedom of the press—or maybe each thinks the other talks too much when not well acquainted with the subject.

LETTERS TO THE EDITOR

Dear Editor:

The administration and various agencies of State College endeavor to bring outstanding men to our campus for lectures and meetings. As a rule these meetings and lectures are of interest only to one particular group of students. This year we are fortunate in having a subject and lecturers for the Engineers' Institute which will be of interest to all.

The theme of the institute, "Transportation," is a subject which should and will concern every man on the campus—engineering, textile and agriculture men alike.

The Engineers' Council cordially invites everyone to attend as many of these meetings as their time will permit.

HAL F. RANDOLPH,
President, Engineers' Council.

OPEN FORUM

Dear Editor:

At the first meeting of the Student Assembly held last Friday night we had a phone call from the Raleigh Chief of Police congratulating us on our forward movement in government at State College.

In view of the fine spirit existing between the students and the City of Raleigh, the following resolution and amendment was read and passed in both the Senate and House of Representatives:

"Resolved, that the students of State College co-operate with the City of Raleigh in their request for us not to 'bum' rides in the street. Amendment: Students shall be allowed to 'thumb' rides standing on the curb.

Since the Student Assembly discussed and passed this measure, I believe that the student body should co-operate with the Raleigh police and observe this request.

ERNIE DURHAM, President Student Body.

Listening In

By JOE MICHAEL

I took some time off during the Christmas vacation to listen to some of the recent releases in the recording field, and believe you men there are so many good ones coming out that it is hard to say what is to be recommended but here I go, out on the limb. The following abbreviations will be used: B for Bluebird, Col for Columbia, D for Decca, etc.

For those who prefer their swing deep and red hot, Teddy Powell, recently at the Famous Door has turned out, "Jamaica Jam," Teddy's Boogie Woogie, "March of the Toys" and "In a Persian Market." Count Basie moves slow for a change with "I Left My Baby" and "Rif Interlude." Goodman's sensational guitarist, a Negro boy, named Charles Christian, is featured on the "Rose Room."

The whole Goodman crew moves full speed ahead on a new arrangement of "Honeyuckle Rose." Harry James has made a new and somewhat different "Ciribiribin." Duke Ellington's highly rated band stays on top

with their platter of "Tooting Through the Roof" and "Grievous."

If you do not believe that the Europeans have begun to catch on to this thing called swing, listen to the recordings of "Calling All Bars" and "Mighty Like the Blues" by the Sextet of The Rhythm Club of London. Eddie Duchin takes the spotlight when it comes to sweet music with his famous theme "My Twilight Dream," the first time with a vocal rendition. Other sweet tunes are "The Fagan Love Song" Col, with Horace Heidt's guitarist Bob Night at his best, "My Silent Mood" (Victory) for Bluebird, vocal by Terry Allen. It may be against the law to swing the classics, but Clinton makes another break on "Tossell's Serenade." An old favorite brought up-to-date by Ted Weems, "I Wonder Who's Kissing Her Now?" (Decca). Ella Fitzgerald is at her best on "Moon Ray" and "Betcha Nicks." Andy's injects some low rhythm into "Big Jim Blues" and "I Don't Have a Ghost of a Chance With You."

A.S.A.E. Meeting . . .

Last Wednesday night the members of the American Society of Agricultural Engineers heard an address by R. D. Broadus on "Locker Freezers for Meat Preservation."

The next speaker at the ASAE meeting will be Dan Paul, secretary of the General Alumni Association. All members are urged to attend the next meeting on Wednesday night at 7:30 o'clock in Ricks Hall.

Other Papers Say--

(From the Old Gold and Black, Jan. 13, 1940)

In a recent address to his people Herr Hitler said that "the Almighty is looking down upon the German nation," about the same time the Archbishop of Canterbury made a similar statement. And only a short time after the first two instances occurred a group of Plains were preparing to go into battle. Before they rushed forward to meet the massed forces of the Red Army, they prayed to God—prayed for victory over the Russians.

As a fitting parallel to these situations we might mention an everyday occurrence on some village lot. Perhaps there are two kids on that lot, two boys who have been fighting. One lad gets the worst of the fray and cries to his mother to spank the other for deliberately "kicking on him."

No doubt the mother looks at both with pity. Neither is capable of seeing what the mother sees. Both are far inferior to the mother, who has seen so many kids. They have been kids of different natures, temperaments, and capacities of understanding.

Similarly the Father in Heaven must look down upon His struggling children and have pity. They are so weak, so inferior.

Book Exchange . . .

The Student Book Exchange will be open for the last day on Monday, January 21, to settle accounts with those students who have deposited books with the exchange.

Those students who have unfinished business with the Book Exchange are requested to call at the Book Exchange office Monday afternoon between 2 and 6 o'clock. After Monday, no business will be transacted until the last week in this term.—Jesse Levine.

Announcements . . .

Important meeting of the AICHE on Tuesday, January 23, 7 o'clock, in Room 113 Winston Hall. There will be an election of the chairman of the Engineers' Fair, and therefore it is necessary to have a majority of the members present.

LOST—One drawing kit, including K&E set of instruments. Name on box and instruments.—Vic King, 217 South.

The Ag Club will hold a smoker at its meeting in the West Cafeteria on Tuesday evening at 7:30. There will also be a guest speaker at the smoker.

Owing to the heavy ushering schedule next week, the following schedule will be in effect: Glee Club, Thursday, 8:15, rehearsal; Friday, 6:30, rehearsal.

GLEANINGS

by THE STAFF

After writing for THE TECHNICIAN for two and a half years, I still get the greatest kick out of writing this column. . . a guy can sit down and say exactly what he thinks about almost anything. . . I'm just about worn to a frazzle from moving my living quarters. . . C Dorm at the beginning of the quarter. . . then the Field House. . . now South. . . must be a bit of spy in me somewhere. . . Raleigh is mighty quiet at 3 o'clock in the morning. . . the only sign of life is the Manhattan. . . why are Southern hot-dogs so anemic? . . . if you want the best chocolate pie you've ever eaten, try the Toddle House on Hillsboro Street. . . do you eat to live, or are you like me? Have you ever read a book which so vividly portrayed the author's emotions that you yourself felt them? . . . if you haven't, try reading Admiral Byrd's book, *Alone*. . . I got dizzy with the Admiral when carbon monoxide fumes filled his little hut in the Antarctic, and caught myself shivering when he described temperatures of minus 60 degrees. . . read it, by all means. . . Admiral Byrd might get some excellent exploring experience of the roughest sort by walking out to A and C dorms after a rainstorm or snowstorm. . . if he takes my advice, he'd better take a week's supply of food along. . . plus a pair of water wings. . . the continuous rain last week made a lot of students happy. . . three drills missed.

And here's a poem dedicated to the sweetheart of Alpha Sigma Sigma fraternity:

Shine little glow worm, glimmer, glimmer,
She's got a figger slimmer, slimmer,
Teeth that are false and hair peroxide,
In the dark you can tell she's crossed-eyed,
Petitcoses swaying in the breeze,
You can see way past her knees,
She's the kind of girl they say,
That lead the men astray.

Question of the Week: Will the wishes of the student body be heeded and a revised cut system permitting of more class cuts be adopted by the College? . . . drop in at the next session of the Student Assembly and vote on the matter. . . the only sign of life is the Manhattan. . . why are Southern hot-dogs so anemic? . . . if you want the best chocolate pie you've ever eaten, try the Toddle House on Hillsboro Street. . . do you eat to live, or are you like me? Have you ever read a book which so vividly portrayed the author's emotions that you yourself felt them? . . . if you haven't, try reading Admiral Byrd's book, *Alone*. . . I got dizzy with the Admiral when carbon monoxide fumes filled his little hut in the Antarctic, and caught myself shivering when he described temperatures of minus 60 degrees. . . read it, by all means. . . Admiral Byrd might get some excellent exploring experience of the roughest sort by walking out to A and C dorms after a rainstorm or snowstorm. . . if he takes my advice, he'd better take a week's supply of food along. . . plus a pair of water wings. . . the continuous rain last week made a lot of students happy. . . three drills missed.

Congratulations, Mike and little Jo-Jo Aquilino swears that "she's different". . . Jerry, the cute little girl who ditches it out in Soupy Harris' beanery, has quite a fascination for Bob Cathey. . . is his another one of the beanery gals, treating "Curly" Dickerson right? . . . which is the uglier, Charlie Riddle or Bob Hedler? . . . it's mighty close. . . Eric Ericsson didn't lose one time in getting back in circulation after a stay at Michigan State. . . wonder what caused Maxie Kariman and his girl friend, Lena, to break up? . . . tough luck, Maxie. . . it's rumored that a couple of freshmen from Tennessee gressed themselves with lard and put on two pairs of underwear during the recent cold snap, and have refused to come out. . . get out the gas masks, boys. . . now that Jim Mitchiner is working for THE TECHNICIAN, he's taken to wearing suits and ties to match. . . that's THE TECHNICIAN.

Scoop!!! A vicious rumor floating around has it that one of Wake Forest's frosh football players of the past season once played professional football. . . and under a different name. . . can anyone tell us the truth of the matter?

The announcement that Jack Teagarden will play for Mid-Winters is indeed a welcome one. . . a bouquet to the Interfraternity Council for their selection.

The cadet regiment is learning extended order. . . the freshmen sound like a bunch of Indians. . . break up, to break up. . . tough the strain of learning four or five hand signals, nearly had a fit trying to decide what to do when one of the juniors scratched his knee. . . the juniors and seniors are mighty careful about getting their pink pants dirty. . . yours truly included.—ACE KROCHMAL.

hearsal or leave for Lonsburg; Saturday, 8:00 p.m., concert at Peace.

Orchestra: No rehearsal until Tuesday, Jan. 30, 8 p.m.

Concert Band: Rehearsals on Thursday, 6:45; Monday and Wednesday, 12:00.

There will be a meeting of the business staff of the "Southern Engineer" in the Publications Building Monday night at 6:15.—Tom Blount, Bus. Mgr.

... Bell Telephone engineers developed a better microphone

DID you realize that much of the technique of radio broadcasting is an outgrowth of Bell System research? Through the years, Bell Telephone Laboratories and Western Electric (manufacturing unit of the System) have produced many advanced types of equipment for better broadcasting.

One of the most recent is the Western Electric Cardioid Microphone. Built on revolutionary principles, it is now helping many stations to put your favorite programs on the air at their best. Just one more Bell System contribution to your daily life.

State and Clemson Quints Play Here Tonight

Terrors Play Loop Champs In Return Game

State Team Eager to Revenge Defeat Administered by Clemson Last Week

What looks to be another Southern Conference championship outfit is Clemson College's basketball team that plays State in the Frank Thompson gymnasium tonight at 8:15.

For quite some time fans will remember how the Tigers from Clemson waded through the Southern Conference Tournament last year, with hardly any real competition...

Two Clemson regulars, Captain Jack Bryce and Walter Jackson, guards, graduated, and Gene Flathman, guard at center, entered Annapolis.

McFadden All-American
There's one star on the 1940 Clemson team who is well worth mentioning with the best of them. He is Banks McFadden, Great Falls, S. C., lad...

Last season McFadden scored 232 points during the regular season and added 52 more in four Southern Conference tournament games for a grand total of 284 points in 24 games.

Over in the State camp things are not half so bright. It is one of those lean years for Coach Ray Sernon and the Red Terrors. Five of the six "Iron Men" of last year's team graduated...

Ray Smith, reserve of last year, teams with Sevier at guard; Sophomore George Strayhorn and Roy Cromartie, regular of year before last, are holding the forward jobs...

This Week ...

Tonight—Basketball
State vs. Clemson (8 p.m.).
Frosh vs. Rocky Mount Hl.
Tomorrow—Boxing
State vs. Carolina (8 p.m.).
Frosh vs. Carolina.

Rifle Team Joins National Group

Championship Team Becomes Affiliated With National Rifle Association

At a meeting recently the rifle team voted unanimously to become affiliated with the N.R.A. The team went places last year when it won the Fourth Corps Area competition and took third place in the Hearst Trophy matches.

The officers of the N. C. State Rifle Club, as the team is called under the N.R.A., are as follows:
Director: Maj. R. E. Jones, U.S.A.
President: Ralph W. Brake.

Twenty-nine Get Letter Sweaters

Monogram sweaters were awarded to 29 varsity football players and two managers at freshman chapel yesterday, and a monogram was awarded to Ted Johnson, captain of this year's wrestling team.

Ed (Ty) Coon, Bill Retter, Bobby Sabolyk, John Savini, Art Rooney, Don Traylor, Andy Pavlovsky, Mickey Sullivan and Tony DiYego.
Also John Barr, Wade Brown, Ralph Burt, Bob Cathey, E. B. Conrad, Bill Cooper, Dick East, Pat Fahley, Jack Huckabee, Woody Jones, J. D. Jones, Frank Owens, Al Phillips, Curt Ramsey, Charley Smart, Earl Stewart, Howell Stroup, Mickey Thompson, Dick Watts and Bill Windley.

Also receiving sweaters were Varsity Manager J. W. Hilton and Freshman Manager Bill Gibbons.

WATCH HIM All-American football, and basketball, is Banks McFadden, one of the nation's outstanding college athletes. McFadden will be playing center for the visiting Clemson Tigers tonight in the game in Thompson Gym.

STEADY PLAYERS Here are two of the men who have been playing most of the time for State this year. On the left is Ray Smith, one of the three monogram men on the team. Smith plays guard. To his right is George Strayhorn, a sophomore who has been playing head-up basketball at one of the forward positions.

RAY SMITH GEORGE STRAYHORN

MURALMUSINGS

By WALTER WILLIAMS
Basketball has gotten off to a fine start this term in spite of its ups and downs. There have only been two games forfeited out of the 30 games scheduled.

The State College swimming team exhibited winning form last week in subduing Randolph-Macon, 66 to 9, in their first meet of the season. Coach Romeo Lefort, returning to the coaching field after a lapse of one season, has the aquatic men in fine fettle.

Handball is coming along rather slowly; out of eight games four have been forfeited. Now is a good time to pick up those extra points just take your team down whether they have had much practice or not; after all, winning isn't the reason for having intramurals. It is to develop better sportsmanship and understanding among the students of our campus.

Soccer has a hundred per cent record of all forfeits. I am sure there must be some misunderstanding about the games. Mr. Miller has revised the schedule because of all the bad weather we have encountered this term. The managers should go down to the gym and get their new schedules.

MORGAN & DAWSON ST. SERVICE advertisement for car maintenance.

Grapplers Begin 1940 Season

Meet Washington and Lee, Conference Champs, Tomorrow Night

Coach Herman Hickman and his 1940 edition of State College wrestlers will leave the campus tomorrow morning on a jaunt through Virginia clashing with three outstanding mat teams in the Old Dominion.

The club this season is strong with five lettermen back. Heading the list is Captain Ted Johnson in the 175-pound division. Captain Johnson is one of the leading wrestlers in this weight division in the conference.

On the 24th the Terrors will move over to Newport News, Va., to meet the strong Naval Apprentice School. This is the first time the varsity has engaged this squad in a team match.

The possible starters:
121-pound—Nolley.
128-pound—Hunter.
136-pound—Truslow or A. Johnson.
145-pound—McPherson or Troxler.
155-pound—Canupe.
165-pound—Brandt.
175-pound—Captain Johnson or Schworn.
Heavy-weight—Woody Jones.

Frosh Boxers Massacre ACC

The freshman boxing team took their first match of the season last Tuesday night by trimming the Atlantic Christian entries 6 1/2 to 1 1/2.

The "Little Terrors" took four of the matches by the decision route, one by a T. O. and the other scheduled event resulted in a draw.

The A. C. C. victory came in the 118-pound class with Clark deciding on a technical knockout. State's Connell and Atlantic Christian's Thompson fought to a draw in the feature match of the night.

Summary
118—Clark, Atlantic Christian, decided on Call.
127—Fleming, State, decided on Cullom.
137—Elliott, State, decided on Holmes.
141—Connell, State, fought to a draw with Thompson.
145—Starnes, State, won technical knockout over Davis after 1:13 of third round.
155—Fry, State, decided on Holliday.
Unlimited—Nelson, State, won on forfeit.

State Meets Carolina Pugs Here Tomorrow

Tar Heels Will Box Here in State's Only Home Boxing Match of the Year

State's varsity boxing team will make its 1940 debut tomorrow night in Frank Thompson Gymnasium when it tangles with the strong University of North Carolina outfit.

State's team is built around three monogram men: Captain Ed Young, 135 pounds; J. T. Brown, 145 pounds; and Paul Abrams, 165 pounds. All of State's other men are new-comers, with little experience.

Carolina's team opened its season last Saturday night with a 4-4 tie with The Citadel's powerful sluggers. Gates Kimball, ex-Captain-elect of Carolina's football team, gave Carolina its tie by taking his match, the last of the night, in the heavyweight class.

Hot Match
Outstanding on the Tar Heels' team is "Red" Sanders, who fights in the 165-pound class. The Sanders-Abrams match should provide the spectators with plenty of excitement tomorrow night. Sanders was a finalist in last year's Conference matches.

The varsity matches will be preceded by a meeting of State and Carolina frosh teams. The frosh team is tentatively as follows:
120, Fuller; 127, Leighton Elliott or Billy Burgaw; 135, G. C. Connell; 145, Ben Starnes; 155, Cecil Frye or Jim Barber; 165, E. Lemmond; 175, J. Ballard; Unl. D. Nelson or Wilson.

This is the way the teams stack up for Saturday:
120 lbs.—Jimmy Coll, State, vs. Billy Winstead, Carolina.
127 lbs.—Bill Fleming, State, vs. Al Ross, Carolina.
135 lbs.—Ed Young, State, vs. Andy Gennett, Carolina.
145 lbs.—Jeff Brown, State, vs. Ed Dickerson, Carolina.
155 lbs.—John Nicholson, State, vs. Clark Bartlett, Carolina.
165 lbs.—Paul Abrams, State, vs. Elden (Red) Sanders, Carolina.
175 lbs.—Jim Middleton, State, vs. Mike Bobbitt, Carolina.
Unlimited—Dud Robbins, State, vs. Gates Kimball, Carolina.
Referee: Ray Matulewicz.

Three Win Prizes In Writing Report

Stuart Black Rates First; Fifty-five Students Make Inspection Trip

Stuart J. Black of Concord, a senior in agricultural education, was announced this week as winner of a \$10 prize for writing the best report on a two-day inspection trip made in November by 55 students in the farm marketing class.

Charles Hunter, senior in animal production, won second prize of \$7.50, and third prize of \$5 was awarded to A. T. Uszell, Jr., a junior in farm marketing.

Donor of the prizes was M. G. Mann of the Farmers Co-operative Exchange and manager of the N. C. Cotton Growers Co-operative Association. Announcement of the awards was made by Dr. M. C. Leager, professor of economics and statistics. Farm marketing centers and industrial plants in North Carolina were inspected on the tour.

State Glee Club To Hold Concert

The State College Man's Glee Club will present a concert at Peace Junior College on Saturday night, January 26, it was announced this week by E. R. Todd, president of the group.

The club has also accepted an invitation to sing at Lenoir College, and if the date is affirmed by Lenoir, the boys will go to that college Friday.

If a later date is more acceptable to Lenoir, the Glee Club will rehearse Friday at 6:30.

SAM Planning To Hold Smoker

The Society for the Advancement of Management will hold a smoker on Tuesday night, January 23, to entertain new and prospective members. It was announced by F. C. Cunningham, president of the organization.

Plans for the smoker were discussed at the meeting of the Society Tuesday night.

The smoker will be held in room 223, C. E. Building, at 7 o'clock, and an invitation has been extended to all students in the School of Industrial Engineering. Refreshments will be served during the evening.

Sigma Pi Alpha Initiates Ten Men

At a joint meeting of the State and Peace College chapters of Sigma Pi Alpha, honorary language fraternity, held last night in the north end of the library, two State boys and eight Peace girls were inducted into the society.

State initiates were J. W. Willis and J. P. McManamin. Peace initiates were Geraldine Sewell, Mildred Lewis, Ann Langtry, Doris Goddard, Hannah Wesket, Ellen Cochran, Elizabeth Frazier and Joyce Edwards.

Four reels of movies were shown to the assembled group, two of which concerned activities on the State campus.

Coach Romeo Lefort and the State College swimming team will journey north today to Lexington, Va., where the State tankmen will meet Washington and Lee in the afternoon.

SPEAKERS FOR ENGINEERS' INSTITUTE

With transportation as their theme, the authorities pictured here will be principle speakers at the Institute for Engineers which will be conducted at State on Thursday, January 25, as part of the annual observance of Engineers' Week.

The speakers are Dr. Roy V. Wright, editor of "Railway Age," and former president of the American Society of Mechanical Engineers; J. E. Teal, transportation engineer for the Chesapeake and Ohio Railway; Brig.-General Thomas M. Robin, assistant chief engineer for the U. S. Army; Oswald Ryan, member of the Civil Aeronautics Authority; Leslie C. Allman, vice president of the Fruehauf Trailer Co.; and Harry Tucker, professor of Highway Engineering at State.

Coming Theatre Attractions

At the Ambassador

With Cary Grant and Rosalind Russell in the maddest, merriest whirlwind of a romance ever brought to the screen, "His Girl Friday" opens Wednesday at the Ambassador for four days. A Howard Hawks production, with Ralph Bellamy heading a splendid supporting cast, "His Girl Friday" rates all the encomiums in the lexicon of a critic. It's gay, it's delightful, it's fast and furious, it's wild and witty and outrageously racy. It sparkles, and it possesses as well, an undertone of tragedy which finds expression chiefly in the swift-paced action of the well-knit plot.

Miss Russell, the stunning spitfire of "The Women," is the central point of the unique triangle whose story is told in "His Girl Friday."

Grant and Bellamy, that sensational comedy team of "The Awful Truth," are reunited in the current film, again as embattled suitors for a lady's hand. Grant, of course, wins—but then he doesn't play fair!

And the manner of his shamelessness makes "His Girl Friday" a joy to behold! Grant, Miss Russell's ex-husband, is the managing editor of a newspaper, and the girl is—or was—his star reporter. But her efforts to quit newspaper work in order to marry a Casper Milquetoastish sort of insurance agent are constantly foiled by the hectic developments of a sensational story which she has been tricked into "covering." The yarn, of nation-rooking consequence, follows its dramatic path even as Grant—in order to keep his ex-wife on the job and away from the man she wants to marry—constantly and persistently "frames" the insurance man, kidnaps his mother, and generally comforts himself in the reckless, dashing fashion which has made him the idol of millions of fans.

A "Crime Doesn't Pay" act, "Pound Pooch," and a news are the added subjects.

At the Wake

Said to be even funnier than her recent "Bachelor Mother," Ginger Rogers' new RKO Radio starring vehicle, "Fifth Avenue Girl," comes to the local screen with the famous comedienne in the role of an unemployed girl who takes the job of bringing a rich and careless family to its collective senses.

The job is forced on her by the nominal head of the family, a millionaire manufacturer who is getting fed up with the selfishness and indifference of his wife and children. He brings the sidewalk Cinderella to stay as a guest in his palatial but morgue-like Fifth Avenue mansion, letting his horrified relatives believe he intends to marry the girl as soon as his wife has secured the divorce she is secretly planning.

The mother does her best to drive the intruder away; the "deb" daughter is in love with the social conscious family chauffeur, seeks the girl's aid and advice; the son, believing her to be an outright gold-digger, endeavors to break up the fabled affair between her and his father. And the father, delighted with the outcome of his scheme, finds he is once more being looked upon as a man instead of as a bank account.

How the plan works out, with its

expected and unexpected results, makes for the gay ending to the picture. Miss Rogers, of course, plays the role of the fixer-upper, and Walter Connolly that of the harassed millionaire. Tim Holt and Kathryn Adams are seen as the son and daughter, respectively, of the family, James Ellison as the chauffeur, and Verree Teasdale as the wife, while Franklin Pangborn, Ferike Boros, Theodore Von Elitz and Louis Calhern have important supporting roles.

Kutschinski At Musical Clinic

Major C. D. Kutschinski, director of music, is in Greenville today and tomorrow, where, upon invitation of the North Carolina Handmasters Association, he and Mr. Donald Pfohl, Wake Forest's new music director, are conducting a band clinic at East Carolina Teachers College. The clinic band is an all-state group of 45 selected high school musicians.

Initial Meeting of Legislature Is Held in Capitol

(Continued from page 1)
concerning the publishing of THE TECHNICIAN thrice weekly.

Section 4 of the bill, calling for the abolition of the Watauga, was overwhelmingly defeated, while Section B, urging that THE TECHNICIAN be published three times a week, was unanimously passed.

In the House, business moved forward more rapidly, a number of bills coming to a vote. A bill whereby athletic tickets would be made transferable was passed after much debate. A bill which would pay the associate editors, sports editor and assistant business manager of THE TECHNICIAN was defeated. It was resolved that at future meetings, representatives would have mimeographed copies of the bills coming up for discussion.

Only one resolution passed both the House and the Senate last Friday night. The bill originated in the House, and was merely a resolution that students not thumb rides in the street, but that they may on the curb.

After a bill passes both houses of the Student Assembly it is recommended to the Faculty Council for action. Monthly meetings of the assembly are planned.

Library Secures Book Collection

A large selection of books for the D. H. Hill library have just been obtained from a Boston, Mass., book shop. The books in the selection deal with art, architectural engineering, and other phases of architecture.

The majority of the books in the new additions are made up of old volumes, one set dealing with French architecture from the eleventh to the sixteenth century. This set is in the form of a historical library.

Presbyterian Students To Meet

Presbyterian students in colleges and universities of the Synod of North Carolina will hold their second state-wide conference February 16-17 in the First Presbyterian Church of Salisbury. Chairman Charles A. Hunter of State College announced today.

Principal speaker for the conference, which will emphasize the theme "Thy Will Be Done," will

be Dr. James J. Murray, pastor of the Presbyterian Church of Lexington, Va., where he is minister for students in Washington and Lee University and Virginia Military Institute.

About 150 students are expected to attend the conference, Chairman Hunter said. They hope to formulate ideas and plans for greater emphasis on the spiritual life of their campuses.

Coach Herman Hickman's freshman wrestling team will meet the Greensboro High School matmen tonight in Greensboro. The meet is the season opener for the Frosh.
