

## Fletcher Addresses Assembled Ag Men On Livestock Day

### Second Annual Event Terminates Successfully; Many Prizes Awarded at Banquet

The second annual Livestock Day was held at the North Carolina State Fairgrounds last Saturday, with the principal address being made by Paul Fletcher, marketing specialist of the North Carolina State Department of Agriculture.

The first event on the program for the affair was the freshman-sophomore judging contest Friday afternoon. A. L. Ramsey of Franklin won first place, while R. D. Boyce of Woodlawn and J. M. Tompkins of Burlington placed second and third, respectively.

Livestock Day was originated by the Ag Club in order to stimulate interest in livestock production in North Carolina and to offer to students an opportunity to gain experience in preparing animals for the show ring. The affair this year was directed by Cecil M. Jackson of Dunn, with the assistance of Mark Goforth, Eston Stokes, J. E. Rollins, Rudolph Pate, C. E. Blevins, J. C. King, W. E. Little, Tom Uzell, Marvin Clay, Brice Ratchford, Paul Brown, Flake Bowles, M. S. Setser, and Carter Hurst.

Various forms of entertainment were provided between the showing of the different classes, including a mule riding contest, a milking contest, and a race to see who could catch a greased pig. A quiz program, in which the participants were shown of their ties for failure to answer the questions correctly, taxed the wealth of ties owned by a number of the faculty members and students of the Animal Husbandry Department.

Professor R. H. Ruffner was the only contestant who knew every answer and to escape with his tie unharmed.

The event was concluded by a banquet in the cafeteria, sponsored by Lambda Gamma Delta, honorary judging fraternity, with Professor Ruffner officiating as master of ceremonies. Senator Ballentine made a brief talk, and the banquet was closed by the awarding of the prizes by Chairman Jackson.

## New Council Officers Inducted At Ceremony

### Senator Lister Hill Speaks At Pullen Hall Program; New Men Take Over At Once

The officers and members of the Student Council for next year were formally inducted at freshman assembly Tuesday, April 29.

Dudley Robbins from the "Ag" school and Reece Seberry from the Textile school will head the council next year as president and vice president, respectively. Larry Hardin will be secretary and Robert Boyce treasurer. The other members of the council for next year are as follows: sophomores: O. Max Gardner from the Textile school; Ben Green from the Engineering school; Eugene Berryhill from the "Ag" school; juniors: D. S. Chambers from the Education school; seniors: Dave Hans from the Engineering school; J. E. Hobbs from the "Ag" school, and C. K. McAdams from the Education school. The junior representative from the Textile school has not been elected yet, but will be elected at the next meeting of the council.

## 'G' Company Wins In Platoon Competition

### Third Successive Year That Winner Has Come From Second Battalion

Last Friday State College's ROTC regiment assembled in Riddick Stadium to witness the twenty-second annual competition among three crack drill squads, each of which had emerged victorious from earlier preliminary contests held within the individual battalions.

The First Platoon of Company "G" was selected as the winning unit following competitive drilling. The Third Platoon of Company "D" and First Platoon of Company "W" were runners-up. This was the third successive year that the winner has come from Company "G," each Platoon having been awarded first place one time.

Lieut. J. A. Ralston, commander of the winning Platoon, will receive a saber from the College Military Department, and S. K. Lee, second in command, will be awarded a nine months' theatre pass.

Privates of the victorious unit drew lots for nine theatre passes of one month each. The entire Platoon, including officers and privates, will be guests of the Military Department at a dinner party, to be followed by a theatre party.

## WEARING THEIR INITIATION GARB

and carrying an assortment of paraphernalia, these students in the School of Agriculture were recently initiated into Alpha Zeta, national honorary agricultural fraternity. Front row, from left: Thomas Uzell, Hugh Kiser, Neal Seegar, Brice Ratchford, Albert Banadyga. Second row: M. S. Patton, Jimmy Hobbs, Robert McDowell, H. R. Hinton, Charles McAdams. Third row: Woodley Warrick, Leigh Wilson, Paul Regan, Herbert Speas, and Robert Boyce.

## Initial Rayon Institute Has Last Session Today

### Many Manufacturers Attend First Meetings; Plan To Hold Event Annually

The first annual Rayon Institute, held under the sponsorship of the State College Textile School, opened last Monday morning with a welcoming address by Colonel J. W. Harrelson.

Talks and motion pictures were presented throughout the week by representatives of the leading rayon manufacturing companies, outlining the processes used by their companies in producing rayon. Additional information was also offered by the representative of rayon machinery and processing equipment.

The subjects covered included the development of rayon, recent developments in synthetic fibers and fabrics, the preparation of rayon yarn for loom fabrics, the mechanics of rayon warp preparation, the methods of testing rayon yarns, and the relation of testing to the production problems in the mill.

The discussions were opened to all students and faculty members, as well as mill men from throughout the state of North Carolina. The talks were not so technical that only mill men could understand them, but were presented in a manner that was understood and enjoyed by all.

The first talk was presented early Monday morning by Dr. Harold Dewitt Smith, A. M. Tenney Associates, on the "Recent Developments in Synthetic Fibers and Fabrics." At 2 o'clock that afternoon Mr. I. Lewin, manager of the Carter Fabrics, Incorporated, spoke on "The Development of the Rayon Industry from the Viewpoint of the Practical Mill Man."

(Continued on Page 6)

## Pi Kappa Phi's Win Bridge Tournament

### Halsted and Bushee, Members of Winning Team, Accumulate Most Points To Take Trophy

Pi Kappa Phi, represented by Bruce Halsted and Ward Bushee, was the winner of the 13th annual interfraternity bridge tournament, sponsored by the Gamma Upsilon Zeta of Lambda Chi Alpha. Bob Daughtridge and John Nicholson, playing for Delta Sigma Phi, were second, and Bill Thompson and Dick Henning, representing Kappa Sigma, were third. The tournament was played off at the Lambda Chi chapter house, May 1st.

In accordance with the new system of play-off this year, the Pi Kappa Phi rated 69 1/2 match points, the Delta Sig 63, and the Kappa Sig 62 1/2. Formerly, a system was used whereby each team played each other until one finally came out on top. This year the duplicate bridge system of match points was used, in which the team playing their cards in the best possible way wins, instead of the team lucky enough to get the best cards.

The name of the winning fraternity, together with the names of the men playing on its team, are engraved on a plaque and presented to the fraternity to keep for one year. The defending champions were members of the team sent by the Kappa Alpha fraternity.

## Officers Plan Picnic Tomorrow Afternoon

### Five Hundred Expected To Go On Club's Second Social Event of Year

The long-awaited State College Officers' Club picnic will be held tomorrow afternoon at the Crabtree Creek park area.

Fabe Clements, president of the club, said that 500 were expected for the outing, the second big social function of the year for State College officers. At 2 o'clock, 10 buses will be waiting on Hillsboro Street, beside the Memorial Tower to carry the officers and their dates to the park.

Horseshoe courts and softball diamonds will be available for those that want to participate, and a pavilion for dancing is also close by. A full schedule of entertainment has been planned for the afternoon.

The menu for the picnic will be served at 4 o'clock, and consists of (Continued on Page 6)

## Ag Club Will Hold Big Picnic Tonight

### Organization's Entire Membership Will Go On Spring Outing to Tar Heel Club

The Ag Club will hold its spring picnic tonight at the Tar Heel Club. Following the custom of previous years, transportation has been arranged for all students desiring to attend.

Buses will leave for the picnic grounds from the Y.M.C.A. at half-hour intervals from 4:15 to 6:15 o'clock, with a final trip leaving the "Y" at 7. The schedule for returning to the campus is also on a half-hour basis between 10 and 12 p.m.

Registration cards must be presented in order to gain admittance to the picnic grounds. Dancing will follow the picnic supper.

## "Y" Sends Delegates To Winston Retreat

### Colleges All Over North Carolina To Be Represented At Religious Meeting

Designed to be a week-end of inspiration and training for the future religious leaders in the colleges of this state, the North Carolina Y.M.-Y.W.C.A. College Retreat will get underway this afternoon at Camp Hanes, the Winston-Salem Y.M.C.A. camp, near King, N. C.

Student religious leaders from all white North Carolina colleges have been invited to the retreat, and it is expected that most of them will be represented. Started three years ago by the "Y" here at State College, this retreat always proves a great success. Other colleges have been invited so that the delegates would have the opportunity of meeting the student religious leaders of other North Carolina colleges. There they have the opportunity to discuss the problems of the Christian program on this campus and others. For the first time, other colleges are helping sponsor the retreat, this year beginning at 6 this afternoon and continuing until 2 p.m. Sunday, the program will include hikes, recreation, discussions, and talks by outstanding men. Dr. Kenneth J. Foreman, Davidson College, will give the principle address. The discussion group leaders will be selected from the religious directors of the participating colleges. "The Challenge of Christianity" will be the theme of this year's meet.

A definite allotment has been set for each college this year, and the following men—selected by a special committee appointed by C. H. Kirkman—are representing State College: Franklin Teague, D. B. Greene, Cecil Appleberry, Jake Tinga, David Whitted, Selby Korngessy, Charles McAdams, Cade Covington, Hans Frei, C. D. Umberger, Kenneth Wommack, and Bill Kerney.

### JUNIOR-SENIOR BIDS

Bids for the Junior-Senior may be obtained in the "Y" from 2 to 5 today. Seniors must bring registration cards.

## Scholarship Awards Given During Annual Exercises

### 10 State Men Chosen For Army Air Corps By Examining Board

#### Traveling Unit Receives Excellent Response from Student Body

Eleven young men, all of them State College students except James Henry Oliver, Jr., of Greensboro, were accepted here yesterday by an Army Air Corps examining board for appointment as flying cadets.

About 40 youths presented themselves yesterday to the board, which will be in session at State College through this morning, and a number of other acceptances were indicated. The response has not been exceeded since the examiners started their tour of southern schools in March, an attaché said.

State College men who passed the various tests, including the physical examination, were William Albert McCormick, Jr., McDonald; Robert Edward Shanks, Henderson; Robert Lee Michael, Salisbury; Joe Nathan Drum, Conover; William Gerald Hartenstein, Akron, O.; Jack Perry, Kinston; Edward Forbes Glenn, Greensboro; Donald Wilkerson Edwards, Fort Mill, S. C.; Richard Townsend Henning, Albemarle; and David Roy Whitted, Elizabethtown.

All of the accepted youths are subject to call in mid-June to start primary training at an Army air base.

A large number of youths were on hand when the board, headed by Capt. Wilmer Hall of Maxwell Field, Ala., opened its sessions yesterday morning.

The board is meeting in the basement of Holiday Hall. It will be at Atlantic Christian College in Wilson Saturday morning and at Louisiana College in Louisiana Monday. From Louisiana, the group will proceed to schools in Tennessee.

## Annual Junior-Senior Features Dean Hudson

### Well-known Maestro Will Furnish Music; Ring Ceremony One of Highlights

The annual Junior-Senior Dance, formal for the second time in college history, will be held Saturday night from 9 to 12 o'clock in Frank Thompson Gymnasium with Dean Hudson and his Florida Clubmen furnishing the audible music, the inaudible harmony being supplied by the members of the junior class as they and their dates step through the giant ring in the colorful ring ceremony, the girl placing the class ring on the boy's finger and kissing him.

The Dean who has just finished an engagement at our brother institution at Chapel Hill, will feature Sonny Stockton, lyric and dramatic tenor; Ruth Vale, lovely songstress; Toreh Clements, comedy singer; and the Capella Choir of 16 voices. Besides being a favorite at many colleges all over the East, Hudson and his crew are featured three mornings a week in a radio show over the NBC network.

All juniors and seniors are requested to obtain their bids this afternoon at the Y.M.C.A. Since the dance will be held exclusively for juniors and seniors, no tickets will be on sale.

The dance committee, headed by Jimmy McDougall, is composed of Scott Ferebee, Jack Rose, and Jimmy Hobbs.

## MAESTRO

### Dean Hudson, below, will bring his famous orchestra to the campus tomorrow night to furnish music for the annual Junior-Senior Prom. His band is rated as one of the top-notchers in the country.

## Blue Key Initiates Ten New Members

### Honorary Leadership Fraternity Selects Outstanding Juniors for Membership

Ten juniors, selected because of their outstanding qualities in character, scholarship, and service, were initiated last night into Blue Key, national honorary leadership fraternity.

Immediately following the ceremonies, the old members and initiates

attended at the Manteo Room of the Sir Walter Hotel for the annual banquet and the election of officers for next year. J. Van B. Metts, Adjutant General of the State of North Carolina, was the principal speaker for the occasion.

Founded at the University of Florida in 1924, Blue Key is a national honorary fraternity recognizing outstanding character, scholarship and service, but placing equal emphasis on leadership and student activities.

The men initiated last night are: W. H. Blue, Ed Bryant, J. B. Branscome, H. C. Cameron, M. J. Clay, E. G. Gibbs, J. D. Hucklebee, H. L. Miller, C. D. Sickerott, and Jacob Tinga.

## Zachary Is Elected AICHe President

### Sturkey Chosen Vice President, Kingsolver Secretary, In Chemical Engineering Election

Climaxing more than a week of intense political activity, the local chapter of the American Institute of Chemical Engineers Tuesday night elected Lawrence P. Zachary as president of the organization for the coming year. Zachary defeated E. L. Bryant.

Results of the vice presidential election showed that J. M. Sturkey won over O. Z. Wrenn for the position. President and vice president of the organization are automatically appointed as members of the Engineers' Council for next year.

J. K. Kingsolver won over S. E. Carrol for secretary, and Bill Brewer was unanimously elected treasurer.

Bill Wommack was elected alternate to the Engineers' Council over Y. B. Scheiburne.

New officers will assume their positions at the next meeting of the society, which will take place Tuesday night.

After election of officers the group voted to send bids to selected freshmen this week. Those accepting the bids will be initiated at an early meeting.

## Ivey Elected

L. L. Ivey, operator of the Student Supply Store, was elected last week as vice president of the National Association of College Stores at its annual convention.

Ivey has been a charter member of the Association since it was organized in 1923 by operators of about two dozen book stores. Nearly all leading colleges of the nation are now represented.

## J. D. Jones Wins Elder Gold Medal; Freshman B. W. Greene has 94.73 Average

State College paid tribute to its top-ranking scholars yesterday, and from the select group emerged a freshman, Benjamin Wayne Greene of Elizabethtown, with a scholastic average of 94.73 out of a possible 95 to head the list of grades for which honors were awarded.

For this unusual feat, Greene, a first-year student in aeronautical engineering, received two coveted awards. He won the Order of 30 and 3 award as the freshman making the highest average in his first two terms at college, and the Tau Beta Pi slide rule given annually to the engineering freshman with the highest average.

The 16th annual Scholarship Day exercises, sponsored by the college's honor societies, were held in Fuller Hall with Col. J. W. Harrelson, dean of administration, presiding. The invocation and benediction were spoken by Dr. Carl M. Townsend, pastor of Hayes Barton Baptist Church, and music was provided by the State College Orchestra directed by Christian D. Kutschinski.

Honors were read by Dean B. F. Brown of the Basic Division. A total of 89 students were cited for high honors and 249 for honors. Eighteen per cent of the college's out-of-state students made honors, as compared with 12 per cent of the total enrollment of North Carolina students, Dean Brown announced. He added that the School of Agriculture led the other college divisions with 15.6 per cent of its students on the honor list. Engineering was a close second with 15.4 per cent.

The highly-prized Elder P. D. Gold Citizenship Medal, given annually to the senior who has been outstanding in studies, athletics and campus activities, went to John D. Jones of Brevard. Recipient of the Alumni Athletic/Trophy, selected by vote of the student body, was Howell W. Stroup of Cherryville, co-captain of last year's football team.

The Interfraternity Scholarship Cup, given to the fraternity with the best aggregate scholastic average, went to Delta Sigma Phi, headed by E. P. Davidson of Murphy. George H. Glass of Greensboro won the Mu Beta Psi Cup as the senior who has been most outstanding in the college's musical activities.

Still More  
L. W. Long of Forest City won the Eta Kappa Nu award for the highest average among sophomores in the Department of Electrical Engineering, and the Gamma Sigma Epsilon Scholarship Cup went to the junior or senior with the highest average.

(Continued on Page 6)

## Technician To Take Campus Opinion Poll On Question of War

### Students To Be Asked Whether or Not America Should Fully Enter Armed Conflict

In order to sound out campus opinion on our entering the war as active participants, The Technician next week will conduct campus-wide poll of as many students as possible.

Post cards, stamped and bearing the address of The Technician, will be placed in the hands of the students, who will be asked to check yes or no to the answers to the questions on the back of the card. They are then requested to drop the cards in any mail box.

Most important of the questions on the card will be, "Under the present circumstances, do you think the United States should declare war on the Axis Powers and send men to fight in Europe and in Africa?"

Other questions will be, "Do you think public opinion is becoming more in favor of our entering the war?" and "Do you favor all possible aid to Britain?"

In connection with the poll request that the students cooperate in every way they can, because the results of the poll will be published all over the state if the majority of the students participate. In addition, the results of the poll will have a direct bearing on the future editorial policy of The Technician.

Another object of the poll is to find out what those who will have to do the actual fighting if war should be declared think of the current situation.

A spokesman for The Technician said: "Opinion of Congressmen and figures of national importance are a dime a dozen these days. We want to find out what State College boys who will carry the guns think."

## Loyalty First

This past Tuesday members of the senior class heard the inside workings of the Alumni Association direct from the president himself, "Dutch" Seifert of Weldon. In an official and customary manner, they were urged to join the Association, and to remain actively connected with that organization after their graduation.

The truth of the matter is, such pleadings probably went in one ear and out the other of a majority of graduates-to-be who were present. Too few realized the wisdom of the speaker's statements, too few know that the success and proper maintenance of a good State institution depends to a very large degree on its alumni.

It is natural that most people look upon such an organization as a medium through which financial aid for a college or university is secured. However true such reasoning may be, it is secondary in nature to a real purpose—that of creating, keeping alive and spreading throughout the land that intangible spirit which makes or breaks an institution.

We agree with Mr. Seifert that the Alumni Association should begin its activities among the students when they are freshmen, and continue such movements until they reach the stage of graduation. For if we do this, we are teaching loyalty to the students during their entire four years; we are not waiting until a short while before graduation and attempting to transform them overnight.

**LOYAL STUDENTS BECOME LOYAL ALUMNI.** And that is where we, as students, may begin our work toward the promotion and propagation of State College; it is on the campus that we may display that spirit of patriotism to State College which will draw recognition to us as a school with tradition, with spirit, and above all, with loyalty. This condition is not one which may exist today and is gone tomorrow. Nor is it capable of being produced in one day, month, or even year. Loyal alumni are the results of a good beginning, a real understanding, and constant attention. The mark of a good alumnus is faithfulness to his alma mater, an interest in its welfare, and a contribution on his part toward its success.

Truly State College men should be proud of their college. While we may not be leaders in athletics, we ARE leaders in the field of education.

To the graduating seniors, we send a plea—join your Alumni Association, maintain contact with State College, and remain a loyal supporter of this institution as long as you live.

To the remaining students—add to your knowledge of alumni activities, become a friend of every State alumnus, and keep alive that spirit which will echo the praises of State College in every corner of the globe.

Be able to say, and proud to say, "I have done my part."  
E. P. D.

## Do You Want War?

Reports from Washington indicate that Senators and Representatives are becoming increasingly determined that America should actively enter the war. It has been said that it is not a question of "Shall America Fight," but rather one of "When Shall America Fight?"

With this increasing sentiment in favor of war confronting us, we would like to know this: "What is the opinion of the students of State College and others like them? They are the men who will have to do the fighting if there is any fighting to be done."

It seems to us that we are being forced into a war that we don't want and that the great majority of the American people don't want. We believe that at least 90 per cent of the students at State College are violently opposed to going to war. Equally we believe that the same 90 per cent are heartily in favor of giving aid to Britain as we are now doing—all aid short of war. It is certainly no secret that we are neutral for Britain. Furthermore, we hope that Britain wins HER war, and we are glad to give them all the supplies we can spare.

In order to prove or disprove our opinions as to the views of our students on the question of war, a campus-wide poll will be taken next week. We request that you give us your full and sincere cooperation.

## BEHIND THE MIKES

By Jack Thurner

Some say that Tony Pastor has the best band in the New York area. This is the opinion of many critics and musicians. Tony formed his band about a year ago and after building up a reputation, he came East to the place where bands are made, the Hotel Lincoln. Through the help of lots of air time the band and its theme, "Blossoms," became synonymous with good music.

Tony is from Hartford, Conn., and has been playing in the big time for about 12 years. His first job with a recognized band was with Irving Aronson, but he gained recognition when Artie Shaw hired him for his famous band. Pastor's brother, Sal, is now playing solo trumpet with the band, not being experienced enough to play regularly with the band.

Pastor records for Bluebird and his best-selling record so far has been, "Paradiddle Joe," featuring drummer Johnny Morris. Morris is a good drummer and his fine, steady beat helps out a rhythm section which is handicapped by having no box man (guitar). The other sections are much stronger with the saxes having two good men in Johnny McAfee and, of course, Tony himself. The stars of the seven man brass section are Irving Berger and Maxie Kaminsky. Maxie has been playing in many Dixieland jam bands and is not very well known to the general public, but many musicians rate him as one of the best trumpet men.

The vocal department is very strong with Dorsey Anderson, Johnny McAfee and Tony doing the work. Tony and his scat vocals always bring a crowd around the bandstand while the other take care of the romantic tunes.

All in all, this is a very good show band and it can please all types of musicians and dancers. It is neither a jump band nor a sweet outfit, but able to play a mixture of both types, making it danceable and listenable.

**The Turntable**  
"Braving" and "Copley Square"—Tony Pastor does a swell vocal on the first and this tune should become a hit since it can be played on the radio. "Copley Square" is a solid tune in Basie's fashion with many instrumental solos, including a long sax solo by Tony himself.

"Au Reet" and "Man That's Groovey." This is all J. Dorsey and Helen O'Connell. The first is the better of the two and has some good sax work on it. Helen's vocals are without a doubt the best that she has done in some time.

"Wiggle Woogie" and "Jump the Blues Away." The Count jumps in with two swell tunes. The first is K. C. boogie with plenty of Basie piano, while on the other the boogie is dropped and a solid jump tune is cut.

"I Understand" and "My Sister and I." The King Sisters and the Rhythm Reys do a beautiful job on these two tunes. The first tune is already a hit and with the help of this good recording it will stay on top for some time. The other is that propaganda tune that is getting a big play for the present. "Somewhere in England" and "Pagliacci." That fast and up and coming New England band, Vaughn Monroe, do a very good job of another one of these war tunes. "Pagliacci" shows off Vaughn's voice to a good advantage but it's not much of a dance record.

**Quadrangle Quibblings**  
By WARD BUSHEE  
In case you haven't realized it yet, there are less than three weeks more in which we can enjoy being freshmen. We are in the twilight of our freshman year; for some of us it is the twilight of our college career. No longer will the quadrangle echo the yelling of Leo Betty, nor to the sound of that damn trumpet player from 3rd floor 7th. No longer will we see Joe Buice go straggling by 10 minutes after the last whistle or George Whitstone come struggling in, 10 minutes after the last drink. No longer will we be freshmen when again we meet those beautiful girls escorted by George Nash and Gene LeGrand during the past year.

What will the quadrangle be like without Wakefield's pitter-patter walk, without Ed Hines' "right to the bar" prance, without Culp's sidewalk-shattering trudge, without Gettsinger's "catch the duck" leap, without Jack Harris's st. Mary's strut, and Sharpe's slow-freight stalk? What will it be like without the noise of bottles crashing in the alleyways, and the splash of water on somebody's head.

**FROM MALAYA TO RIO** in the teeming cities of the tropics and in its steaming jungles, white has been the time-honored fashion for centuries. This year white comes into its own as a smart fashion for town and country wear. This smart, double-breasted Palm Beach Regent model in white promises to be America's prime summertime fashion.

**CAPTAIN** of the tennis team, Ruggles Baker is also captain of styles in his tennis outfit from Lewis's. He is ready for the courts with his Spalding, Hollywood, and Harry C. Lee racquets. There is nothing "short" about Alton Conrad in his imported Australian cotton sport shirt and Bantamac jacket. His Spalding clubs are the very best Lewis has.

**CLEVEREST WAY** to build a big wardrobe with little Beach Suit with a few extra pairs of odd Palm Beach slacks. Mix coat and trousers—and you're ready for any informal function from morning till night.

**THERE ARE TWO WAYS** of differentiating college students from normal human beings. You can detect them (a) by the fact that they're always leaning against something and (b) by their clothes. This chap, Aldine Thomason, obviously, gives himself away on both counts. He looks cool and comfortable in a bold Glen Plaid suit. The jacket is a typical three-button model with notched lapels. The shoulders, of moderate width, conform to the easier lines of this "straight-hanging" jacket. The back is perfectly plain, except for the center vent which makes it easier to reach into the trouser pockets. The fabric is also worthy of comment; it's a shetland whose brown and cream-colored threads set off a green over-plaid. His shoes are of washable fabric with thick cork and rubber soles. This outfit from Huneycutt, Inc.

How you get late news  
... so early

So much that's important is happening today—in America, in Europe, Africa, Asia. And you know about it almost as soon as it happens!

Trace most any piece of news to its source and somewhere you'll find the telephone or one of its relatives—radio telephone or teletype in the picture. These speeders of the news have either benefited from telephone research or utilize telephone equipment, or both.

In these days, the Bell System is proud that its facilities are helping in the fast and widespread dissemination of news—so essential to enlightened public opinion.

# The Technician Presents Its Spring Fashion Issue

## Ease, Comfort Reflected In Spring Styles

Colleagues Finding Tweeds And Other Soft, Rough Fabrics Most Appropriate

Ease and comfort are the two characteristics notably reflected in campus wear for spring, 1941.

The fabrics, which are soft and rough, tweeds, chevots, and shetlands, are used widely because colleagues find them "easier" and more becoming.

Dominance of the sports theme in suits was first noticeable last fall. This spring it is even more evident, and the cut of the cloth, the fabrics, the colors and the models all bear out the popularity of the sports theme. The three-button, single-breasted coat continues to lead. It is no longer noticeably fitted, and there is a trend in favor of sack coats and lounge effects with easier features. There is also a marked slackening in extreme styles.

**Jackets, Too**  
Although double-breasted jackets are showing a slight decline, they are still strong, particularly in smooth finished fabrics. Throughout the South this style retains its popularity and holds its own against the single-breasted coat for leadership.

For actual cutting, coats are longer and trousers of most suits are narrower.

Many of the materials are rough, and most of them have definite designs, stripes and plaids leading. The popularity of the striped sports coat is reflected in many of the suiting materials, and in some cases plaids are so designed that the vertical lines are dominant, producing a striped effect. Some of these coats will undoubtedly be worn separately as sports coats with covert cloth or flannel slacks. The war will have its effect upon this season's colors as the British government has asked fabric manufacturers to conserve dyestuffs wherever possible. Consequently, imported fabrics are in lighter shades which do not require the amount of dye necessary for the navy blue, black and dark brown.

## Sport Jackets Lead Fashions

Heading the parade of fashions in the deep South this season is the odd sport jacket, worn with sport shirts and slacks. Unseasonably cool resort weather has been partly responsible for the great interest shown in sport jackets, but also there is a desire on the part of the well-dressed man to get away from the sloppiness that has characterized sportswear in the last few years.

The off sport jacket, usually in three-button, single-breasted model, fits right into this picture, giving the wearer comfortable protection for coolish days in addition to a more completely clothed appearance.

Clothes will stay better shaped overnight if they are hung properly on hangers, but for those too lazy to walk to the closet, several manufacturers are putting out a "valet rack" that stands on the

**YOUR APPEARANCE** need not be impaired because the mercury hovers high. Take a tip from Bill Friday, pictured above, wearing a two-piece suit of worsted-mohair, the very thin, porous, wrinkle-resisting fabric. Bill is wearing the popular three-button jacket lightly constructed. This suit is in stock at Huneycutt's in the most desired shades.

**PARTIES,** proms and all formal evening affairs from now till next September call for the new Palm Beach Evening Formal. White jacket—either single or double-breasted—with black Palm Beach trousers with satin side stripes. Cut in the flattering drape model. They hold their shape from dusk to dawn. Huneycutt, Inc., and McLeod & Watson have large stocks of Palm Beach formals.

floor with a hanger for everything duces those round-shouldered or from the skin out. It takes the peaked effects in your coat shoulders. place of the chair that often pro-

Finally convinced that the weatherman is right and that spring is here to stay, our thoughts naturally stray toward those beautiful things that accompany this period of the year—romance, moonlight nights, beaches, and above all, clothes and fashions.

Being unable to furnish the student body with the first three of the above mentioned ideas, we do avail ourselves of the opportunity to present to the students a fashion edition of their newspaper.

This page of fashions is not presented by The Technician from the standpoint of a criticism or recommendation of a particular style or model, but has been prepared more from the standpoint of illustrating for the benefit of the students

College men are and should be clothes conscious, and numerous styles have swept the country after being adopted on some college campus. If you would query as to why they were more "clothes conscious," you would probably find that they are more prone to experiment than their elders, that college men check their wardrobe at last three times a year. Because the more recent trend in style has been toward sportswear, these types of clothing are perfectly at home on the campus of any and all colleges.

So you see, it is natural that we interest ourselves with our wearing apparel, and it is also natural that we should be leaders in the field of setting styles. It has been said that a college man would try anything once, and this is certainly no exception in the field of good-looking clothing.

So for your benefit, here is a page of what will have them raving during this current spring and this coming summer. Take a long gander at them, and see how they compare with your wardrobe.

**ONE OF THE MOST ATTRACTIVE** of the new Palm Beach weaves for 1941 is the Shetland weave—a porous, lightweight, washable version of rich, imported Shetlands. A fine herringbone weave distinguishes the unusual fabric, which preserves the "loftiness" of the original without adding bulk or weight to the garment.

## IT'S A WHITE PALM BEACH

It's a white Palm Beach Suit for all the warmer moments in a college man's life. Cool, light, washable—with fullback's shoulders and pole-vaulter's waist. At your clothier \$17.75—today. Pastels and deep tones.

Palm Beach Evening Formals (white jacket and black trousers), \$20. Palm Beach Slacks, \$5.50. And by the same summer wear specialists—the new Goodall Tropic Weight—top value in lightweight worsted suits, \$25.

GOODALL COMPANY • CINCINNATI

33250 Price Contact. See your clothier for details.

**SMOOTH** That might be the title given to the sport coat from Lewis's, worn by Dick Watts, and also to the manner in which it fits across the shoulders. A particular favorite this spring, tan Shetland sport coats are quite the thing, and will match a multitude of various colored slacks. The coconut straw hat he is wearing is the very latest thing in straws.

## Colors Shine Bright In Sock Parade

Stripes in various colors, checks and plaids are only a few of the brilliant design effects that make this spring's socks the most colorful ever seen.

Greens have gained steadily in popularity, but blues and tans, grays and purplish tones all contrast well with the new suitings.

Rayon appears more often than ever, cotton and wool mixtures are popular, and lises are as always the choice of the man who likes lightweight comfort on foot.

The midnight blue dinner jacket will retain its popularity for spring and summer wear.

## Neckties Number Up In Millions

A little high-powered mathematics and a large amount of ingenuity produced the information that there are 155 million neckties in the United States for the 40 million males 18 years of age or over.

And so by arithmetic, we divide the 155 million ties by the 43 million males and find that each male has approximately 3 1/2 ties. The comment was made that these half-ties may be classified as bows.

The Danish moccasin continues to be a favorite for shoes and with it will be the two-tone sports shoe, preferably in brown and white. Most of these are now equipped with rubber heels.

Progress

The creators of Palm Beach Suits—have been planning for years—to bring you a fine worsted suit. Today we present the evidence of their success. The new Goodall Tropic Weight Suit marks another milestone in man's progress to cooler, lighter, more sensible living. It "pays for itself" by paring down pressing bills. It gives you a fresh-feeling, easy-draping effect—the result of a new secret finish. It fits and feels like no other suit at or near its price—thanks to Goodall's weightless tailoring. The economies of specialization we gladly pass on to you—at \$25.00.

# Track, Baseball and Tennis Events on Campus Tomorrow

## Cindermen Meet S. C.; Techs Encore Deacs

Four big sports events will unfold on the campus tomorrow afternoon in what will be the most complete single sports day here this year. Three State squads will make their last appearance of the season, and the fourth winds up its home schedule.

Coach Herman Hickman's varsity and freshman track squads open the program at 1 p. m., in the Track Stadium with meets to be run off simultaneously against South Carolina and Belmont Abbey.

One hour later, the freshman racquet team plays host to Oak Ridge on the adjacent tennis courts.

Piece de resistance of the afternoon gets under way at 3:45 p. m., when Doc Newton's varsity nine gets its third try of the season against the Wake Forest baseballers.

### Tracksters Work Hard

Intense workouts have been the order of the day for both cinder squads. Coaches Hickman and Waller have been scheduling their daily practice sessions after 5 o'clock to avoid as much as possible conflicting labs.

Entries for tomorrow's meets were largely determined in the varsity-fresh competition held on Tuesday. On the basis of recent performances, victories seem probable for both tomorrow. After trampling Catawba in the season's opener, the varsity runners dropped two close meets to Virginia Tech and Richmond.

A close win over Davidson, a decisive one over Wake Forest, and a second place in the Carolina AAU seems to have imparted to the Hickmen enough drive for their season's dual meet finale with the South Carolina Gamecocks.

### Andrews Leads Frosh

Paced by Thunderbolt Mike Andrews, and R. D. Mahone, the yearling tracksters tackle Belmont Abbey, whom they far outdistanced at the junior Carolina AAU meet. Andrews will probably add the javelin throw to his list of events, making a total of five. Mahone looked especially good in both the low and high hurdles against the varsity on Tuesday.

Coach Walter Seegars has shepherded a squad of 19 freshman tennis hopefuls through the season, and tomorrow's match with Oak Ridge will be the last of a schedule of seven. Though from a win-loss standpoint the season hasn't been too successful, several individual men have been making good showings.

### Techs Third Try

Twice before this season, the Deacons have administered severe drubbings to the Techs, tallying 35 runs in two encounters to State's 5. None of the five pitchers Doc Newton served up were ever able to keep the Wakes in hand.

Dave Wood pitched top-notch ball in spots against Carolina on Tuesday, and, since Wake Forest hasn't met his brand of side-arming yet, perhaps he will get the nod for the third Tech try against the Deacs tomorrow.

Except for one or two bad breaks, the Techs were up to par on Tuesday and it is doubtful if the Newton line-up will be shifted much.

This will be the Techs' last game on Freshman Field, but two battles away from home remain on the card. The Hanes Hosiery Mills nine, and the Davidson College Wildcats will play host to the Newtonmen next Wednesday and Thursday in Winston-Salem and Davidson.

**CARTER PICKS A BAT** Wilton Everett "Cutie" Carter, co-captain elect of the 1941 on the squad. On the diamond, Cutie alternates behind the plate and hits in the pinches. On the gridiron he plays a line bustin' center. The big stick he is picking up is just the last half of the old saying, "speak softly and carry a big stick." At Needham Broughton High School Cutie was nicknamed "Shy-boy." He was president of his freshman class here. He tips the scales at 165 pounds, is 5' 9" short, 23 years old, and this is his third season on the baseball varsity.

## J. D. Jones Sets Class Pace; Voted Best All-Around

Jaydee Enters Last Term With Average of 93 for Entire College Career

By WADE ISON  
Scholar for three years at State College has been John David Jones, a football player, believe it or not.

This rare combination of an individual has just been voted the "best all around" student on the campus by the senior class, an honor that came hard on the heels of the highest academic acclaim it is possible to bestow on a student here—that of vice president of Phi Kappa Phi, national scholarship society.

J. D. Jones, as the bespectacled, red-haired, freckled-faced youth is known, topped all other campus scholars with a grade of 93 for his four years at State. On the Scholarship Days of 1939 and 1940 he was cited for having the highest grades of his respective classes. He likewise carried off the honors when a freshman.

Is Sigma Nu  
A Sigma Nu and member of the honorary military society, Scabard and Blade, Scholar Jones came up in football the hard way via the B squad on which he played as a sophomore. He broke into the varsity lineup as Bill Windley's substitute in the fall of 1939 and alternated with Ralph Burt the past fall.

He shone as a diagnostician of opponents' plays, which probably can be attributed to the study he gave the game of football, and in this way overcame the handicap of weighing only 175 pounds and playing guard in the middle of battles waged by mammoth college lines.

Come June and graduation, J. D. expects to be mustered into the United States Army as a 21-year-old second lieutenant. After this service he will return to Blantyre, near Brevard, N. C., to raise beef cattle for which he prepared himself in animal production here at State.

### Came South in '33

It was in 1933 that his family came to Western North Carolina from Chicago, Ill., and young Jones entered Christ School at Arden. He left the same outstanding scholastic and athletic record there that he is closing at State.

Of Welsh descent, his earlier forefathers were men of the cloth, and State's No. 1 student, good fellow and athlete himself, is well

**SCHOLAR** J. D. Jones, ace Wolfpack guard, has another year of football eligibility but, between a stretch of shavetailing for Uncle Sam and a beckoning farm, he won't serve it.

qualified to follow the same sort of life.

In addition to honors already mentioned, J. D. has been identified with the 30 & 3, Alpha Zeta, Beta Tau, and Phi Eta Sigma during his glorious career here, which football followers hope in some way will extend through this fall's football season, for J. D. has one more year of intercollegiate eligibility.

But at this writing he seems to have his heart set on raising cattle, if he doesn't do that shavetailing for Uncle Sam.

Five years of patient work under a system developed by Coach Gus Tebell brought State in 1929 its first and only basketball championship in the Southern Conference Tournament. The Tebell tactics during the tournament were to play slow ball, keeping possession of the leather as much as possible. On that championship 1929 quintet were Bob Warren, and Frank Godwin, center, who led that season's conference scoring.

## Despite Mike Andrews Varsity Trips Frosh In Squad Track Meet

**Thunderbolt Tops Scoring With 14 Points; LeVasseur Paces Varsity with 10**

Despite entry in five events by Thunderbolt Mike Andrews, the varsity track team swarmed over the frosh on Tuesday, 9-6-40, in a high-spirited inter-squad meet arranged by Coaches Hickman and Waller as a prep encounter for tomorrow's scheduled meets.

Andrews placed first in two events—the 440 dash and the discus toss, second in the shot put, and fourth in the javelin throw. He racked up 14 points for the yearlings and was high scorer.

Facing the varsity was Joe LeVasseur with 10 points garnered by winning the pole vault, a second place in the broad jump, and a third in the javelin throw. Close behind were Bill Windley, Howell Stroup, and Bill Lambé—each tallying 8 points.

After winning the 440 dash, an event he never has run before, Andrews was dragged immediately into the 100 yard dash which was run off right after the 440 at the behest of East, Lambé and Watson, varsity sprinters who decided they could beat Andrews when he was pooped. They did.

Summaries: (F) denotes freshman:

Mile—(4:49) Skipper, Fleming, Maddry, Mattox, Coble (F), Pritchard (F), and Farrior (F).

440—(51.5) Andrews (F), Holloman, Stilwell, Jones (F), Hurt, Berger (F).

100—(10.1) East, Lambé, Watson, Davis (F), Deane (F), Andrews (F).

Low Hurdles—(27.) Hetherington, Mahone (F), McArthur (F), Sewell (F).

880—(2:04) Johnson, Dammann (F), Wrenn, Sewell (F), Talley (F).

220—(23.1) Lambé, Pease, Jones (F), Stilwell, Holloman.

High jump—(5'7") 3 tied for first—Joslin, Brewer, and Cabe (F).

High hurdles—(16.5) Mahone (F), McArthur, Allen (F), Cabe (F).

Discus—(117') Andrews (F), Stroup and McKay tied, Windley, Ott (F).

Pole vault—(12') LeVasseur, Hanff and Boyette (F) tied, Warren (F).

Shot put—(41'10") Stroup, Andrews (F), Windley, Ott (F), McKay, Edmiston, Reeves (F).

Broad jump—(19'8") Lee, LeVasseur, Joslin, Coble (F), Hetherington, Mattox.

Javelin—(158') Windley, Stiles (F), LeVasseur, Andrews (F).

## WOLFPACK SPORTS ITEMS OF DAYS GONE BY

The highest number of points ever scored by a State College football team came on November 11, 1920, when the Wolfpack walloped the Hampton Roads Receiving Ship team to the merry tune of 100 to 0.

In the spring of 1924, Coach Chick Doak took over the varsity nine, and was at the helm of the diamonders for 16 seasons, through

'39. During those years, the Techs held Big Five and Southern Conference championships for two seasons, and several second place clubs were also developed.

The 1910 sports record seems to be the best in State's history from a win-loss point of view. The baseball season ended with a winning percentage of .938, the track squad took first honors in the State, and

the football team walked off with the South Atlantic championship. Frank Thompson was coaching the baseball crew that year.

Intramurals started here in 1924, when Prof. Johnny Miller came to State as Athletic Director. Through the years, intramural sports have increased from seven to eleven, and individual participation from 400 to over 1000.

# COVERING SPORTS

By ROBERT POMERANZ

There still is some indecision as to the exact date of the traditional Frosh-Soph Pushball contest, but plans are underway in both camps to make this battle a harder fought one than a State-Carolina football game.

Originally the sophomore class requested that the tussle be held Saturday afternoon, May 17. The annual Soph Hop is scheduled for that evening and the addition of the class rush would make it a gala afternoon and evening. But, it seems that a Faculty-Student Day is planned for Friday, May 16, and the pushball affray was needed to round out that day's activities.

Unfortunately, no definite word is forthcoming from the committee working on Faculty-Student Day arrangements, so Blue Key, which regularly sponsors the frosh-soph battle, has not been able to give any final word regarding the exact date.

### Freshmen Complete Rush Plans

Jack Moore, freshman class president, took the bit by the teeth last week and appointed every freshman intramural manager as a captain for the event. Ray Benfeneck was selected to head a yearling football team consisting. Now Moore has announced that he has chosen Jim Burrows as general of the whole frosh team.

In making the announcement, Moore stated, "I have asked Jim Burrows to handle the strategy for the rush, and we're both sure that we'll have an easy time of it. Most everybody in our class is ready and primed, but the word is going around to take it easy on the high and mighty sophomores because after all we don't want too many of them missing their hop. So we'll trim them, but we don't expect to maim more than a few dozen."

From all outward appearances the sophomores seem to be laying back and not doing much organizing at the moment. Doubtless they feel that the power which triumphed last year will be enough.

### Same Rules as Last Year

Bruce Halsted, president of Blue Key, has reported that rules for the fracas will be the same as in previous years. The free-for-all will start with five members of each class supporting the large rubber ball in the center of the field. At a given signal 45 additional members of each team will rush out from the end-zones.

Over violent sophomore protests, Halsted announced that all black-jacks, brass knucks, guns, razors and knives would be checked at the gate. The upperclassmen complained bitterly that half of the fun of the affair was being taken away, but to no avail.

Since no definite word is at hand as we go to press, Blue Key has promised to post signs over the campus if the contest will be held next Friday. Otherwise, you'll see a complete story in next week's Technician. Incidentally, if Faculty-Student Day is celebrated next Friday-class exercises will be suspended for the afternoon.

## Fehley Charges Hard But Techs Lose 5-3

Pat Uses Grid Trick To Score Tying Run in Fifth; Wood and Hardee Share Mound Work

Pushing across runs in the eighth and ninth innings, Carolina defeated State 5-3, on Freshman Field, Tuesday.

State's three runs all came in the fifth frame with two down. Len Constant got a life on a bouncer through shortstop. Chic Doak walked, and Pat Fehey hit a Texas League single into centerfield, scoring Constant. Sonny Gilbert fanned but was successful in a mad dash to first when the Tar Heel catcher let the third strike through.

Doak scored easily, and Fehey, making a bid for another run to tie the score, seemed trapped when the throw came into Carolina Pitcher Lefty Cheshire, who was covering the plate. But Pat, forgetting that it was May and that he was wearing a baseball uniform, dug his head down and dove in, knocking the ball from Cheshire's grasp.

State's mound work was divided by slender Dave Wood and Ray Hardee, sophomores. Wood walked the first man in the eighth after pitching great ball in the pinches, and was relieved by Hardee.

In the third inning, with Carolina threatening, Chic Doak whipped the ball to third and second base on succeeding base-steal attempts and nabbed both men.

## State Tops Deacs, 5-4 In Tennis Thriller

In a typical State-Wake Forest duel, State nosed out the visiting Deacons in a varsity tennis engagement, 5-4, here last Saturday.

The home team piled up a two-point advantage in the singles, only to see the Wake doubles aggregations equal the count, and it wasn't until the No. 3 State team of Shoffner-Winston won a hard fought three-set match in the grand finale were the Wolfpack netters able to emerge victorious. It was State's third win of the year.

The summary:  
Baker, State, defeated Jones, 8-6, 6-4.

McMillan, Wake Forest, defeated Owens, 8-6, 6-3, 6-1.

Pruitt, State, defeated Brower, 6-1, 6-0.

Alexander, Wake Forest, defeated Winston, 6-2, 6-0.

Kattermann, State, defeated Buff, 6-4, 3-6, 6-1.

Shoffner, State, defeated Morris, 6-3, 6-2.

Jones-Brewer, Wake Forest, defeated Baker-Kattermann, 8-6, 4-6, 6-3.

Alexander-McMillan, Wake Forest, defeated Owens-Pruitt, 7-5, 6-2.

Winston-Shoffner, State, defeated Morris-Bunn, 3-6, 6-4, 6-4.

## DUD'S NO DUD

There's proof plenty that recently elected Dudley Robbins is going to do a bang-up job as president of the Student Council. Dud was only a halfback reserve last football season but he sparked the second-stringers to a victory over the first-stringers in the final game of winter grid drills.

## MURAL MUSINGS

By JOE LEVASSEUR

Fraternity and dormitory track meets will be held Tuesday and Wednesday, respectively, in the Track Stadium. Each meet will start at 4:30. Managers must hand in individual entries in each event the day before their meet. No entries will be taken at the track, and each team is limited to two men in any event.

Events for the meet are: 100-yd. dash, 120 yd. low hurdles, 440-yard, four man relay, 12 lb. shot, discus, high jump, and broad jump. Coaches Hickman and Waller will act as officials of the meet, with the assistance of members of the track squad.

On the Softball Circuit  
With Phi Kappa Tau leading at the beginning of the third inning, Sigma Nu rallied in their turn at bat, and scored nine runs to take the lead, 9-3. Phi Kappa Tau came back with six runs to tie the game, but Sigma Nu scored three more to win, 12-9.

Robinson, playing third base for 4th Eighth, hit a home run and two singles to lead his teammates to victory over 3rd Eighth, 13-10. Macon, pitcher for the losers, got three hits for four times at bat.

PIKA fraternity reached the Kappa Sig pitcher for 19 hits and came out on the long end of a 24-12 score. The last inning was the big one for the PIKA's with 10 of their 24 runs tallied in that frame.  
2nd "C" Wins  
Playing fast and snappy ball, 2nd "C" defeated Upper South, 5-4. Stephenoff's home run in the fourth inning with two men on base put the boys from 2nd "C" over in front and their lead was never relinquished. The combination of Third Baseman Sweet to First Baseman Sloop was responsible for at least half of the put-outs for the winners.

In a game played a week ago between Sigma Pi and Sigma Nu, Sigma Pi scored 23 runs to their opponent's 10. However, this game was awarded to Sigma Nu after it was found out that Sigma Pi inadvertently played a member of the regular freshman squad on their team. Western Union Pop again starred for Sigma Pi by getting four hits out of five trips to the plate.

Ninth Tops 1st Eighth  
Tallying five times in both the first and third innings, Ninth Dorm defeated 1st Eighth, 14-8. Sagg was high hitter for the winners with three for four.

Last Friday, Delta Sig beat Sigma Pi, 9-3. C. Santore and Phrydos led the winners in hits with both players connecting twice for the three times that they were up at bat. On the same day, S. P. E. smothered Phi Kappa Phi, 20-2.

Other scores: Sixth over Fifth, 14-7. Phi Kappa Tau tied Delta Sig, 5-5. Tenth awarded 2-0 forfeit over 3rd Seventh. S. P. E. defeated Kappa Sig, 7-2. 1st "C" topped 3rd "C", 12-10.

## Techs Behind From Start; Groueten and Doak Pitch

Devil Glenn Price Has Perfect Record At Bat; Hits Four for Four

By EDWIN PERRY

Duke's Blue Devil baseball team collected 16 hits off two State hurlers—Webb Groueten and Renfrow (Peanut) Doak—yesterday, to rack up a 10-4 victory over N. C. State.

Coach Jack Coombs' boys started the scoring with one run in the second inning and added three more in the top half of the fourth. State rallied two in the last half of that frame to run the score to 4-2 in Duke's favor.  
The Duke boys scored three runs in the fifth, one in each of the seventh, eighth, and ninth, to run their total to 10. State added another in the sixth and one in the seventh.

Bobo Bortz started on the mound for the Durham boys but was relieved by Bill McCahan with two out in the sixth inning because of wildness. Bortz was reached for four hits and McCahan gave three bingles in his three and one-half inning stretch.

Glenn Price was the batting star of the game, collecting four hits in four official times at the plate—and the last one was a centerfield homer with no one on deck in the ninth inning.

Groueten was State's starting hurler but Coach Doc Newton sent him to the showers with none out in the sixth inning in favor of Peanut Doak. Groueten gave 10 hits and Doak allowed the other six.

In the seventh inning Duke's Carl Pierce stole second base but on the play was bean-balled by Catcher Chick Doak in an attempt to throw him out, but his injury was not serious. He finished the game.

## Techlets Pound Out Two 15 Hit Barrages

But Warren's Boys Earn Only Even Break; Steiner, Dayvault, and Horton Lead Hitting

The Techlets pounded out 15 hit barrages in both of their last two baseball games, but the best they could get was an even break in wins. Carolina's Frosh took an encounter last Saturday, 14-8, and Campbell College dropped one three days later, 7-3.

Bennie Steiner, crack shortstop, and Centerfielder N. E. Dayvault led the assault against the Tar Babies. Each hit a homer; Steiner also got a double and a single; Dayvault, two singles.

Lefty Horton went great guns on the mound for State until he weakened due to wildness and was relieved after the fifth inning by Benes McKinney. McKinney was later followed by Harmon and Hunter.

Art Faircloth hurled six-hit ball and easily took Campbell College in tow on Tuesday. Lefty Horton, playing the field this time, proved his effectiveness at the bat by collecting three hits for four times at the plate.

Two games remain on the schedule. Warren's boys tackle the Duke Frosh here on Monday, and Louisburg at Louisburg the next day. The record for the season is two wins and five losses.  
Saturday's line score:

	R.	H.	E.
Carolina Frosh	14	13	1
State Frosh	9	15	3

Tuesday's line score:

	R.	H.	E.
State Frosh	7	15	3
Campbell College	3	6	4

## Sports Week

Saturday: Varsity and Freshman Track vs. South Carolina and Belmont Abbey, here at 1 p.m. Frosh Tennis vs. Oak Ridge, here at 2 p.m. Varsity Baseball vs. Wake Forest, here at 3:45 p.m. Varsity Tennis vs. Richmond in Richmond.

Monday: Frosh Baseball vs. Duke, here at 3 p.m. Tuesday: Varsity Tennis vs. Elon at Elon. Frosh Baseball vs. Louisburg, in Louisburg.

Wednesday: Varsity Baseball vs. Hanes Hosiers Mills, in Winston-Salem.

Thursday: Varsity Baseball vs. Davidson, in Davidson. Friday and Saturday: Southern Conference Track Meet in Williamsburg, Va.

Coach Nig Waller, in addition to serving as a general member of the State coaching staff, has found time during the past few years to develop a systematic athletic records keeper, called "Nig Waller's Sports Recorder." In it the detailed record of every sports contest of a school may be entered, and at the end of the season the book becomes a permanent volume of achievements.

### Twenty Scholarships Open for Farm Boys

Sears and Roebuck To Give Awards To Worthy Youths With Good Record

Twenty scholarships worth \$100 each are available at State College to aid worthy and needy farm youths of North Carolina to enter the college's School of Agriculture, Dr. F. Metcalf, director of instruction in the school, announced this week.

The scholarships are provided by Sears, Roebuck and Company for the 1941-42 school year. The firm has given 20 such scholarships to the school annually for two years. Its only requirement is that the money should go to needy youths "who have made the most of their opportunities in high school and on the farm."

In addition, the firm is providing a \$200 scholarship to the freshman making the best record among the group receiving help during the current school year. The winner will be selected soon.

Dr. Metcalf will select the youths to receive the scholarships for next year.

#### ANNOUNCEMENTS

Dr. Cameron's classes will hold their Third Open House in the north end of the "Y" Monday evening at 8 o'clock. All are invited. A subject of rich cultural value will be discussed and refreshments will be served.

There will be an important meeting of the agronomy society in 111 Wethers Hall Monday night. Election of officers for the coming year will take place. RAPHAEL MOSS.

All bills owed the Agromeck must be paid by May 12. The annual will be ready for distribution to the senior class on May 23, while members of other classes may secure theirs the following days. DUD KALEY.

Anyone knowing the whereabouts of the large ring used in the junior-senior ring ceremony please notify Jim McDougall or Jim Graham immediately.

### English Classes Hold Religious Discussions

Will Hold Open House in 'Y' Monday Evening To Discuss Religious Differences

Recognizing the cultural values in a study of the world's great living religions, the students of Dr. Kenneth W. Cameron's English sections will hold open house next Monday evening in the north end of the "Y" at 8 o'clock for all who are interested in a lively discussion of the religious differences among men.

Eighteen students will present briefly the creeds and traditions of as many living philosophies, including the principal denominations of Christianity. The opportunity will be given to all to ask questions, and the committee hopes that the experiment may strengthen the awareness of our common democracy on this campus. Refreshments will be served.

Among those who will present brief reports are: George Nifong, John Tripp, Eugene LeGrand, Joseph Leeper, John Mackie, Franklin Teague, Stanley Samuel, Macon Strawbridge, David Moore, Henry Quinn, Edgar Jones, Alvin Frick, Joseph Jones, Glenwood P. Johnson, Bill Turner, Andre Rembert, Keith Blackwelder, and Bill Waterhouse.

est average in chemical engineering, went to David S. Weaver, Jr., of Raleigh. The Sigma Pi Alpha medal for proficiency in modern languages was presented to J. W. Willis of Memphis, Tenn., and Harrison W. Fox of St. Petersburg, Fla., won the Associated General Contractors award for excellence in civil engineering.

E. L. Bryant of Wilmington, who has been consistently outstanding in his studies, received the American Institute of Chemical Engineers medal as the chemical engineering student with the highest average for his first two years in college.

Henry H. Thomas of Glenam, Md., won for the third successive year the J. C. Steele Scholarship Cup given to the upperclassman with the highest average in ceramic engineering. The Noland-Drysdale Scholarship Cup, given to the freshman with the best record in ceramic engineering, went to Edwin D. Cox of Charlotte.

Two textile awards went to P. D. Kaley of Scranton, Pa., editor of the 1941 Agromeck, college yearbook. He received the National Association of Cotton Manufacturers medal as the senior showing the highest degree of proficiency in his work and the Sigma Tau Sigma award as the textile senior with the highest average for his four years in college. The Phi Psi key, given to the textile sophomore with the highest average, was presented to R. I. Dalton, Jr., of Charlotte.

### Military Fraternity Initiates Thirteen

Upsilon Sigma Alpha, National Army Fraternity, Inducts Junior and Senior Officers

Those junior and senior officers who have been carrying the blue and gold paddles of Upsilon Sigma Alpha this week are the new initiates of the national army fraternity. The men will finish the informal part of the initiation tomorrow night and May 14th, they will be formally inducted.

The incoming members are: John Andrews, Albert Banadnya, Kyle Kingsolver, George Wilson, Ken Shinn, Rex Griddle, William Brown, Marvin Clay, Marion Skilwell, W. G. Cooper, R. F. Duncan, R. G. Pleasants, and W. P. Brewer.

Since Upsilon Sigma Alpha's formation at State College, its members have played an important part in the activities of our Military Department, and have been prominent in other campus affairs. The object of the fraternity is to perpetuate the truly American traditions and principles that constitute our policy of National Defense.

Under the original constitution drawn up by the 11 charter members, the membership was restricted to sons of Army officers and Cadets of the United States Military and Naval Academies, but has since been expanded to include cadets in the Advanced Course, ROTC.

### Sophomores To Elect Officers This Week

Political Activities of Second-year Men To Be Climaxed by Dance Saturday Night

A week of sophomore political and sports activity will be climaxed next Saturday night by the annual Sophomore Hop, at which Charlie Strong and his orchestra will furnish the music.

Charlie Strong and orchestra plus smooth-voiced Vocalist Martha Perry were exceptionally well received twice before on the campus this year, at the Lambda Chi and E. P. E. dances.

Tickets to the hop will be exchanged for class dues receipts at sophomore assembly next Tuesday. Bids will be available to non-class members and advance sale and door prices have been set.

Election of rising junior class officers is scheduled for Tuesday, and the annual Soph-Frosh Pushball contest will take place later in the week.

Elia Sternberg of Trenton, N. J., formerly of Vienna, Australia, won the Phi Kappa Phi gold medal and the silver medal went to Brice Ratchford of Gastonia. The Phi Kappa Phi cash award of \$50 for the best average made by a graduate student was presented to H. A. Whitten, Jr., of Glendale, S. C.

Ratchford also won a gold medal and several certificates for forensic honors. Other forensic awards went to W. E. Campbell, Wethersfield, Conn.; R. H. Landon, Drexel Hill, Pa.; W. E. Bryant, Wilmington; and David Harris, Nowell.

#### JUNIORS

The junior class will meet at 12:30 o'clock Tuesday, May 13, in the Y.M.C.A. All juniors are urged to attend as senior class officers will be nominated and elected. JIM GRAHAM.

#### NEW COUNCIL OFFICERS

(Continued from Page 1)

the sophomore class. Senator Hill of Alabama made a very inspirational speech on leadership and its importance to us as a nation. The president and vice president then took the oath of office, after which the new members were inducted.

The men selected for the council have been elected to one of the most important positions in student activities. Aside from being eligible and a possible candidate for president of the student government their senior year, they have a responsible job to carry out as a member of the council. It is the purpose of the student council to handle all matters of student conduct, honor, and general student interest; and to promote campus life, self-control, personal responsibility, and loyalty to the college and to the student body.

#### RAYON WEEK

(Continued from Page 1)

Mr. Frank R. Love, textile chemist employed by the North American Rayon Corporation, gave an interesting talk on the manufacture of viscose rayon Tuesday morning. He also showed a motion picture depicting the manufacturing process followed by his company in producing the rayon. That afternoon Mr. D. L. Friday, manager of the Cocker Machine and Foundry Company, and incidentally the father of Bill Friday, spoke on the preparation of rayon warps.

Mr. H. B. Summerell, of the North American Rayon Corporation, spoke Wednesday morning on "The Preparation of Rayon Yarns for the Manufacture of Box Loom Fabrics." He continued his talk on the same subject that afternoon.

"Spun Rayon" was the topic covered by Mr. H. O. Kennette of du Pont de Nemours and Company, Inc., on Thursday morning. At 2 o'clock that afternoon Mr. C. R. Hall spoke on the methods of testing rayon yarns and the relation of testing to the production problems met in the mill. Mr. Hall is employed by the Enka Rayon Corporation.

At 9 o'clock this morning, the symposium was brought to a close by an address by Mr. Gene Bouvet of the American Viscose Company, on the problems met in the throwing of rayon.

### Ag Fraternities Select Officers

Alpha Zeta and Lambda Gamma Delta Pick Men To Head Organizations Next Year

Alpha Zeta, honorary agricultural fraternity, and Lambda Gamma Delta, honorary judging fraternity, recently elected their officers for the coming school year.

Elected Wednesday night as Chancellor of the State College chapter of Alpha Zeta was Marvin J. Clay, while Duell Robbins was elected to fill the post of Censor next year. Mack Patton was elected Scribe, while Albert Banadnya and H. R. Hinton were elected Treasurer and Chronicer, respectively. These men replaced the outgoing officers, namely, Louis Trevathan, Chancellor; Frank Bennett, Censor; Marvin Clay, Scribe; Roland Carvey, Treasurer; and L. R. Barnes, Chronicer.

Carter Hurst, of Franklin, was elected by Lambda Gamma Delta Monday night to serve as president for the coming school year. Mark Goforth was elected vice president, while Frank Spender was named secretary. The remaining officer elected was Frank Bennett, selected to fill the post of treasurer.

Following the election of officers, D. C. Worth, of the Pine State Creamery, made a talk on the production of milk for manufacture.

#### SOPHOMORE MEETING

There will be a sophomore class meeting Tuesday, May 13, in Pullen Hall. Primary elections of junior class officers will be held. Tickets to the Sophomore Hop will be given out and those who have not paid their dues will be given a chance to pay them at this meeting.

#### TECHNICIAN STAFF

There will be a meeting of The Technician editorial staff Monday afternoon at 5 o'clock. Your presence is urgently requested. Editor.
