## State College Celebrates 52nd Anniversary

### President Banadyga Announces Directors Of Students' Fair

Representatives of the 11 Departments in the Agricultural School Preparing Exhibits

Directors of the annual Students' Agricultural Fair which students in the State College School of Agriculture will present at the N. C. State Fair Oct. 14-18 were announced today by Albery Banadyga of Burgaw, Ag Fair president.

With 11 departments of the school entered in spirited competition for the judges' awards, the theme of the exhibits will be "Modern Methods of Agriculture and National Defense." Students now are working on attractive displays to show the value of accepted scientific agricultural practices and the practical results of modern agricultural education.

Serving with Banadyga as officers are Melvin Hearn of Laurinburg, vice president, and Julian G. Hofmann of Raleigh, secretary.

Two men will serve as representatives of each department in the School of Agriculture. Directors, with their assistants named second, are:

Harry S. Muller of Aberdeen, Md., and Austin Pruitt of Carteret, N. J., forestry; Jake Tinga of Castle Hayne and Walton Thompson of Black Creek, horticulture; J. B. Culver of Camden, S. C., and B. H. Root of East Orange, N. J., agricultural chemistry; D. E. Probst of Belwood and J. E. Leagans of Cans, agricultural education; Charles S. Sullivan of Asheville and W. M. Lewis of Faison, zoology; C. K. Beaman of Raleigh and L. E. Cannon of New Bern, agricultural engineering; V. H. Johnson of Kernersville and H. M. Speas of Winston-Salem, agronomy; Jack Whitaker of Hornsesho and B. F. Spencer of Scranton, Pa., animal husbandry; W. G. Wafford of Charlotte and Fleet Allen of Marsville, poultry; L. M. Dillard of Aholkie and Archie Sink of Lexington, botany; C. C. Scott of Mars Hill and G. C. Prim of Yadkinville, agricultural economics.

For years the Ag Fair has presented some of the most outstanding displays in the agricultural section of the State Fair. The "fair within a fair" will be housed in the east wing of Floral Hall and will be distinguished by decorated entrances.

### Organization Leaders Addressed by Holder At Leadership Banquet

Presidents of All Organizations on Campus Hear Assistant Dean of Students

Presidents of all the honor organizations of the campus, fraternity presidents and editors of the various State College publications met at the Leadership Banquet in the north end of the YMCA last Wednesday night.

Bill Friday, master of ceremonies, introduced Colonel J. W. Harrelson who made the first address of the evening, speaking briefly on how the student body has raised the spirit and standards of the school in the past few years.

Ray Holder, new assistant dean of students, spoke on the great need for leaders that will undoubtedly exist in this country for the next 25 years. He urged the student leaders not to fall by the wayside, but to keep on fighting for their ideals and best off the principles of foreign powers. Mr. Holder stated that we'll need strength to beat them at their own game.

The assistant dean also mentioned briefly the need of organizations on the campus. More than anything else, Holder said, the organizations need confidence in each other and in themselves. There is no need for petty "cliques," he continued. If democracy can't work on a college campus, how can it be expected to work in the rest of the world?

Holder also stressed the point that no organization is an island by itself. People often say that while in college, students are away from what goes on in the world. But this isn't true, Holder said. We have our disputes, problems, and politics just as well as do others. While in college, we're part of the world, receiving training in technical things as well as life.

This Leadership Banquet was the first in several years. Its purpose is to unite all the campus leaders at the beginning of the year to discuss plans for the coming school year.

**NEW AERONAUTICAL CO-EDS** are the two young ladies pictured below. At left is Louise Morton of Greensboro, while at right is Marjorie Dunn, Asheville. They are shown with a plane engine in the aeronautics laboratory. Miss Dunn has taken flying lessons, but Miss Morton has not. Both young ladies are registered as freshmen.

### Eighty-One Freshmen Pledge Fraternities

**Sigma Alpha Mu's Lead Fraternities with Fifteen Pledges At End of "Silent Period"**

Eighty-one freshmen have accepted bids to become pledges of State College's fraternities following the largest rush-week in the history of the college. After the bids were issued to the chosen men last Friday, the rushes were given a 72-hour "silent period" in which to consider the different fraternities and to make their choice.

Leaders in the number of men pledged this year were the Sigma Alpha Mu's and pledged a total of 15 freshmen. The roster of the fraternities and their new pledges is as follows:

Alpha Kappa Pi—Bill Bruton.  
Alpha Lambda Tau—William C. Ashley, Charles H. Godwin, James A. Rose.  
Kappa Alpha—D. R. S. Frazer, Wade Hendricks, John Hewitt, E. B. Thurman, Edward O. Travis, T. Bayard Whitehurst.  
Kappa Sigma—Archer E. D. Booker, H. Marsden Davis, Phillip McKinzie, Bob McMoris, John K. Odell, W. P. Sineath, Elmer Yow.  
Lambda Chi Alpha—E. O. Adams, Carl B. Cason, Jack Garner, Bernard L. Jessup, George Nash, Charles Williams, Bill Wilkins.

Phi Kappa Tau—Richard Burke, Edward Cole, Charles E. McCrary, Walter P. McGhee, Robert Newell.  
Pi Kappa Alpha—Bruce Harrington, Bill Kelly, Bill Lowell, James Stokes, Bert Stumberg, Roger C. Wells, Bill Winn.  
Pi Kappa Phi—R. Chalmers Laughlin, Jack Alford.  
Sigma Nu—P. W. Baker, Charles Carvin, Jack Fisher, William Herr, R. S. Houston, Harold Murray, D. R. Panton, Andy Rembert, P. A. Taylor, B. P. Terrell, J. B. Walls, James Ward, K. White.

Sigma Phi Epsilon—K. E. Caldwell, E. B. Graeber, J. T. Hiers, T. W. Hudson, F. Z. Jackson, L. G. Jones, G. A. Knight, S. A. Rankin, W. P. Steele, E. L. Thomason, W. A. Wilkinson.  
Sigma Pi—J. L. Cox, James Reeves, Robert Rose.

Sigma Alpha Mu—Manual Filreis, Marshall Garry, Marvin Hagan, Hal Kabakow, Larry Kapner, Morton Kaplan, Stanley Katz, Monroe Rhodes, Jack Roth, Jerold Robinson, Stanley Schwartz, Norman Silverman, Arnold Steinberger, Bob Willman, Harry Walcott.

### Accident!

S. A. Cronenberg and his wife were struck by an automobile last night when they were returning from supper to the State College print shop, where Mr. Cronenberg is employed. The accident occurred on the very dimly lighted stretch of Hillsboro Street just in front of Tompkins Hall, where they were trying to cross to the college side of the street.

When the Technician went to press, no information was available as to the extent of injuries to either Mr. Cronenberg or his wife. However the blow was a terrific one, and considerable injuries may have been inflicted.

### Check Absences

Absences may be checked for correction as often as you will come to see Mrs. McDonald, room 104, Holladay Hall, if you will come between the hours of 8:30 and 12:30 a.m. We urge you to check as often as every week or so.

RAY HOLDER,  
Assistant Dean of Students.

### Honor Society Dance Tickets Ready Soon

**Tickets Can Be Bought From Any Member of Blue Key or Golden Chain After Monday**

Plans are nearly completed for the annual Blue Key-Golden Chain dance, to be held on October 11. Although the band has not been definitely signed as yet, several good maestros are under consideration and the announcement of the final selection will be made soon. For the past several years, the Blue Key-Golden Chain Dance has been held in connection with Homecoming week-end, but this year the Monogram Club has traded dates with the two honor societies, and the Monogram Dance will take the Homecoming date.

Tickets to the dance will go on sale Monday, and they may be bought from any member of Blue Key or Golden Chain. The presale price will be eighty-five cents, but those who wait to buy their tickets at the door will have to pay one dollar.

The dance committee is made up of members from both of the societies. Bill Brewer and Jimmy McDonald represent Golden Chain, and Bill Angelo and Ed Bryant represent Blue Key to make up a committee of four.

### Quiet Ceremony Pays Tribute To Many Leaders of Past Years

Today State College is 52 years old. At 11 o'clock, the student body, 2,500 engineers, textile students, Ag students—all will pause to observe the anniversary of its birth and to pay homage to the men who made State College the leading institution it is today.

Simple exercises in Pullen Hall will mark the observance, and although there will be no great show and ceremony, the men who are still with us that nursed the school through its early days at North Carolina A. and M. will know that they have done a good job.

One needs only to remember the names of the buildings on the campus and instead of names they begin to read as a list of the early backers of State College—Holladay Hall, Riddick Field, D. H. Hill Library, Page Hall—all men who believed in an idea enough to see it through.

These modern, well-equipped buildings bear mute testimony that those who first opened the school on October 3, 1889, planned well

### Freshman Fraternity Announces Formation Of Honorary Council

**Inter-Honorary Council to Coordinate Activities of Campus Honorary Societies**

A new Inter-Honorary Fraternity Council is now being organized on the State College campus, it was announced by Phi Eta Sigma, honorary freshman fraternity, the sponsor of the movement.

The Inter-Honor Council, as it is to be called, will be made up of one member from each honorary fraternity represented on the State College campus by an active chapter. The By-Laws of the constitution specify that this representative shall be the president of the fraternity, unless the fraternity sees fit to elect a representative other than the president.

The Council will fill a long felt need on this campus in that it will coordinate the meeting dates and hours of each honorary fraternity, and will also arrange the dates for the various drives or events sponsored by each fraternity. This should avoid much of the overlapping and confusion that has resulted in recent years due to the lack of a central coordinating body.

Under the by-laws of the constitution, no new honorary fraternities or societies may be established on the State College campus until the approval of the Council has been obtained. Upon application by a new fraternity, an investigation will be held by the Council to determine whether or not there is a need for having such an organization on the campus. If the Council deems the establishment of such a fraternity unwise, it has the right and duty to refuse the application of the fraternity.

Each year the Inter-Honor Council will present a cup with the fraternity's name to the honorary fraternity on the campus that has made the most improvement in the past year. This cup will be presented (Continued on Page 4)

for the future. From a modest beginning of one building and 70 students, State College has expanded into 41 buildings housing 2,500 students.

During its first 52 years the College's real estate holdings, not including forestry farms and test farms, increased from 61 acres to 1,766 acres. The value of the college plant has increased from approximately \$30,000 to over \$1,000,000; the annual budget, including student fees and State and Federal grants, has grown from approximately \$30,000 to \$2,900,000. The handful of books in the original library has grown to more than 65,000 volumes; and the institution has grown from an unknown quantity to a position of influence and leadership in the educational world.

Members of the faculty hold degrees from colleges and universities from practically every state in the Union and several foreign universities. Twenty-eight members of the faculty have served the school more than 25 years each for a total service of 960 years.

### Ambassador Josephus Daniels Speaks To Luncheon Meet Today

### Prof. Cell Edits Mathematics Book

**Collection of Engineering Problems for Basic Instruction Printed in Preliminary Form**

A collection of 430 engineering problems suitable for use in teaching college freshman and sophomore mathematics has been printed in a preliminary edition for trial by a selected group of teachers of engineering mathematics. Prof. J. W. Cell of N. C. State College announced last Saturday.

Prof. Cell is the chairman of an editorial committee charged by the mathematics division of the Society for the Promotion of Engineering Education with arranging for publication of the problem collection. He also served as chairman of a national committee to collect the problems.

The project was authorized at the convention of the S.P.E.E. three years ago in College Station, Tex. The collection of problems was presented and approved at last summer's meeting in Ann Arbor, Mich. The Carnegie Corporation gave a grant sufficient to pay the cost of lithographing a preliminary edition of 100 copies.

Teachers getting the copies have been asked to use them during the ensuing school year and to give the editorial committee any suggestions for revision by next May 1.

During the past summer, Prof. Cell's editorial committee and the assistance of Prof. B. C. Bullock, Jack Levine, N. W. Conner, C. G. Mumford and L. S. Winton, all of N. C. State; W. C. Brenke of the University of Nebraska, and C. C. Torrance of the Case School of Applied Science, Cleveland, O. Serving with Prof. Cell on the committee are J. H. Weaver of Ohio State and G. E. Moore of the University of Illinois.

### Foresters Schedule Ninth Annual Rollo

**New Members of Forestry Club Will Be Initiated At Hill Forest Saturday**

The Forestry Club will hold its ninth annual Rollo at Hill Forest Saturday. The Rollos were started in 1933 by Walt Smith, '34, and Prof. G. K. Sloum, and has been won by the seniors every year except 1939 when the class of '40 won.

In addition to the initiation of the new members of the club there will be the following events: horse-shoe pitching, axe and knife throwing, rifle shooting, height and diameter estimation, chinning, tobacco spitting for distance and accuracy, rock throwing for accuracy, log sawing for speed, hundred yard dash, tug of war, broad jump, and fire building.

Austin Pruitt is chairman of the Rollo Committee and the representatives from the classes are: Frank Williams, seniors; Jim Ethridge, juniors; Harry Kaczynski, soph., and Bert Cohen, freshmen.

Approximately 1,000 courses make up the curricula of the various schools, and the classrooms, laboratories, and shops are furnished with the most approved equipment. The college is thus prepared to give thorough and fully accredited instruction in agriculture, forestry, engineering, textiles, vocational training, and military science.

Fifty-two years is a very short time in the life of an institution like North Carolina State College, but in the accomplishments of the past five decades are found certain foundations and trends which will chart the course of growth for many years to come. People who once thought higher education was for the few who desired to enter the so-called learned professions now take colleges for granted and demand that they open their doors to all qualified students. To a large degree the growth of State College is an index to the growth of the country and the changed and broadened viewpoints of our people from 1889 to 1941.

**PRESIDENT** Al Banadyga of the annual Students' Ag Fair, shown below, has complete charge of the Fair, to be presented by members of the School of Agriculture at the N. C. State Fair, Oct. 14-18.

### Frosh Party Planned For Raleigh Colleges

**First Year Students from Raleigh's Four Colleges to Be Entertained at Hugh Morson School**

State's freshman class is being invited en masse to the second annual "Welcome Student" party sponsored jointly by the Raleigh Merchants Bureau and the Junior Chamber of Commerce, at Hugh Morson High School on Saturday, Oct. 11, at 8 p.m.

All students enrolled for the first time in any of Raleigh's four colleges, State, Meredith, Peace, and St. Mary's will receive invitations from the sponsoring groups within the next few days. Admission will be by invitation only.

At the first such affair held last year, State's Class of '44 found a ready opportunity to make friends with fair-ax students at the "angel farms."

Mayor Graham Andrews and Governor Broughton will welcome the students officially for the City of Raleigh.

Starring in the entertainment will be a group presenting "Central Prison Varieties," popular radio feature. WRAL will broadcast the event. Refreshments will be served.

### High School Seniors To See Newberry Play

**Third Annual "High School Day" To Be Held October 25 for Seniors from State's High Schools**

State College's third annual "High School Day" will be held Oct. 25, date of the night football game with Newberry College, William H. Blue of Carthage, president of the senior class, announced today.

High school seniors throughout the state soon will receive invitations to the event, which the college seniors are sponsoring. Any school bands that can come will be welcomed also, Blue said.

Visiting pupils will register at the College Y.M.C.A. and receive complimentary tickets to the State-Newberry game in Riddick Stadium. Seniors in the college will take their guests on tours of the campus during the afternoon, with all the laboratories, shops and classrooms being open for inspection.

Special invitations will be mailed to high school senior classes this week, Blue said. Meanwhile, teachers wishing to arrange for groups to visit the campus were invited to write him at State College Station, Box 5251.

The fast-growing State College campus provides many interesting sights for visitors, particularly youths interested in technological training.

**Your Address?**  
Have you left in the Dean of Students' office your name and address as you wish them to appear in the new Faculty-Student Directory? If you have not, be sure to see Miss Peggy Davis in Dean Choy's office not later than Saturday, October 4.

**Member of Diplomatic Corp and T. K. Mial, Outstanding Alumnus of State College, Principal Speakers at Celebration**

North Carolina State College celebrated its 52nd anniversary this morning, with Ambassador Josephus Daniels and T. K. Mial of New York City, an outstanding alumnus, as the principal speakers.

Mr. Mial, who graduated in mechanical engineering in 1913, is vice president of the General Alumni Association and president of the New York club of alumni. He addressed a morning gathering, and Ambassador Daniels, at home on vacation from his post in Mexico City, spoke at a luncheon for special guests, including members of the first four graduating classes.

The program began at 11 a.m. with an academic procession for which Col. J. L. Lancaster of the military department was marshal. Col. J. W. Harrelson, dean of administration, presided over the meeting, which was held in Pullen Hall. The invocation and benediction were pronounced by the Rev. James McDowell Dick, pastor of the Church of the Good Shepherd.

Mr. Mial spoke on "Technical Education in Relation to Agriculture and Industry in North Carolina." After the address, D. W. Seffert of Weldon, president of the General Alumni Association, presented members of the classes of 1939-96.

The luncheon began at 1 o'clock in the Y.M.C.A. diningroom, with Dr. L. E. Hinkle, chairman of the public lectures committee, presiding. Special guests included Governor Broughton and other state officials, Dr. Frank P. Graham and University trustees, Mr. Mial's classmates, faculty members who served in 1913, and members of the first four classes.

Radio Station WPPT carried an Anniversary broadcast from Riddick Stadium from 9 to 9:15 p.m. Participants in the broadcast, which was a roundtable discussion of the college's history, were Col. Harrelson, Mr. Mial, Mr. Seffert and Dr. W. C. Riddick, former president of the college. Alumni clubs throughout the state were assembled to tune in.

### Chalfant Appointed Assistant Professor in Forestry School

**Pennsylvanian of Wide Experience In Applied Forestry Science Added to Teaching Staff**

Appointment of J. W. Chalfant, graduate of Penn State and Yale, as assistant professor of forestry to teach farm forestry and forest management as applied to small timber owners, was announced today by Dr. J. V. Hofmann, head of the Division of Forestry in the N. C. State College School of Agriculture.

Possessor of a broad practical background, Prof. Chalfant has done a major portion of his work in the Carolinas. Connected with the U. S. Forest Service, he was stationed at New Bern in 1924-27 on acquisition work for the Croatan National Forest and later as assistant forest ranger. He also worked in the South Carolina national forests. Altogether, he was with the U. S. Forest Service about nine years.

A native of Coatesville, Pa., Prof. Chalfant received his B.S. degree in forestry from Penn State in 1921. During the past year, while on furlough from the Forest Service, he completed requirements for the Master of Forestry degree in the Yale University School of Forestry.

After graduation from Penn State, Prof. Chalfant spent five months with the Bureau of Plant Industry in Pennsylvania and six months with the Department of Conservation and Development in New Jersey. In 1939 he volunteered to go to the New England hurricane area when the Forest Service called for men, and was assigned to Rhode Island as district supervisor in charge of fire hazard reduction in the southern half of the State. He also was assigned to prepare a state-wide forest fire control plan, and in 1940 was placed in charge of the timber salvage program, including the purchase of timber in Rhode Island. He relinquished the position in September of 1940 to enter Yale.

## Carolina Tech

Every so often someone—either a student, a member of the faculty, or one of our alumni—suggests that we adopt a name for North Carolina State College that would be more descriptive of its present technological curricula and its status in the University. These suggestions are made, not because anyone is ashamed of the titles "State College" or "N. C. State," but because of a desire to keep in line with the modern trend in referring to technical institutions similar to ours.

Already, many of the outstanding institutions of the country in the same class have adopted the name "Tech." Included in this category are schools like Massachusetts Tech, California Tech, Virginia Tech, Georgia Tech, Alabama Tech, Texas Tech, Rensselaer Tech, and Carnegie Tech.

One of the names most often suggested for our school and sometimes used, is "Carolina Tech." This, it seems, is a fitting one for several reasons. All the curricula offered here are strictly of a technical nature.

Then, the state colleges of the country have been gradually disappearing. They have either become universities or, like us, units of universities. State College is a unit of the Greater University of North Carolina. As the Chapel Hill unit of the University has already become known as "Carolina," it would appear that no name could be more appropriate than "Carolina Tech" for this branch.

With the growth of institutions of higher learning, the term "college" has come to designate in the public mind a small institution, inferior to a university. Everyone will agree that this institution is inferior to none in the general excellence of curricula offered here.

If we do not now take the name "Carolina Tech," Clemson may do so at any time. The University of South Carolina also assumes the title "Carolina" and Clemson, an institution similar to our own, has every right to adopt the "Tech" title.

It would take some time to convert people to the use of the new name, but persistence would eventually put it over. If we adopt it, the name "Carolina Tech" will some day become as well known as Massachusetts Tech. The day is not far distant when we will reach the five thousand mark in registration and rank as one of the great engineering schools of the nation.

The above is merely a suggestion that we are passing on to you. Elsewhere on this page will be found a column showing what members of the student body, chosen at random, think of the idea. We are assuming that if the suggested name appeals to you, you will make it known by writing letters to the Open Forum in this paper. Talk over the idea with your classmates and fraternity brothers and then let us know what YOU think.

## An Opportunity

Experience gained from extra-curricular activities while in college is a valuable asset to any man. For many years this fact has been recognized by men who are now leaders in industry. For example, take this comment by Colonel Leonard P. Ayres, Cleveland economist and business executive:

"I know of two men about the same age, graduated from the same college and employed by the same company for a number of years. Both came from respectable, but not distinguished social strata in the community. I believe that if both were to take an examination on the knowledge of their business, their grades would be about equal. Yet, one of these men receives a salary of \$3,000 a year, and the other gets \$25,000.

"Why? The reason lies largely in the ability to deal with and influence people."

Industry does not usually seek the men with the highest averages in a college graduating class. Instead, it looks for the men who have the qualities of good leaders and the ability to cooperate, essential to good management and operation of any business.

Most of us do not have the natural ability to make "A" grades or make letters in intercollegiate sports. There are many opportunities, however, that are open to any State College student who wants to gain valuable experience and also get more out of college by participating in extra-curricular activities. One of the most outstanding of these opportunities is the chance to work on one of the numerous publications on

the campus. No student is prevented from working on any publication because he doesn't belong to the right "clique" or to any special campus political group. The staffs of our campus publications are not limited in this manner by any form of narrow-mindedness or prejudice.

An opportunity rarely found on campus publications exists this year on the campus. Very few students have come out for the various publications. Yet someone must be editor of each publication two or three years from now. Those who get on early have that much more of an edge on the other fellow. The Agromeck, Watagan, Technician and other campus publications can use YOU. Come on out and get ready to step into the editors' shoes.

## An Ounce of Prevention

It's about time that the City of Raleigh awoke to the fact that there is a very definite need for street lamps in various parts of the town. Along Hillsboro Street from St. Mary's to the corner of Horne Street and Hillsboro, the street lighting system is entirely inadequate for the amount of traffic.

U. S. Route 1 is routed through Raleigh right past State College. And it is right here, between Logan Court and the Memorial Tower, that one of the darkest spots exists. Here a total distance of several hundred feet is very badly illuminated.

As a result, S. A. Cronenberg, well-known employee of the College Print Shop, and his wife were both struck last night by a speeding automobile as they crossed the street at this spot. The driver, however, was not entirely to blame. If the street had been illuminated at all well, this accident would never have happened.

Another spot in western Raleigh that needs lights is Pullen Park, where three others were killed the other night. Most modern cities have beautiful parks, if for no other reason than to put up a good front. Fairmount Park in Philadelphia, famous as one of the largest municipal parks in the world, also has one of the best lighting systems. Instead of a few dilapidated poles, evenly-spaced, modern lighting standards on both sides of the drives provide plenty of illumination.

Why isn't it possible to have good lights in a town the size of Raleigh? With taxes as high as they are, certainly a few dollars should remain for necessities for the convenience of the taxpayers.

## PLATTER PATTER

"I Don't Want to Set the World on Fire" is a sudden hit tune burning up the juke box records. It has been around for a long time but never hit the top until it was recorded by Tucker.

Tommy Tucker's Okeh record has been the best seller so far. The Amy Arnell vocal on this record is the best of her career. Horace Heidt also has a good selling record.

Harlan Leonard was the first band to record it. Making a record for Bluebird about a year and a half ago with Myra Taylor doing a jump vocal.

The song was written by a pianist in Louie Prima's band about two years ago, but Prima didn't do a very good job of pushing it.

Exclusive  
It has been rumored that Larry Clinton will play the Pledge dances but the band has been broken up. This has not reached the publications yet but this columnist obtained it from a member of Clinton's band. Clinton plans to do nothing but arrange and record work with a studio.

Johnny Long is the other band that's being considered for the dances which will probably be held during the first part of November.

Miller  
Glenn Miller will salute this

school on one of his coast to coast broadcasts soon. It will be held in connection with some big event here.

Miller and his band have done a bang up job in the new Sonja Henie picture, "Sun Valley Serenade." The four big tunes from the picture which he recorded are "I Know Why," "Chattanooga ChooChoo," "It Happened in Sun Valley" and "The Kiss Polka."

The Turntable  
Columbia and Okeh are so far behind in orders that they will make no new releases for two weeks. By this time they expect to catch up.

Tommy Dorsey comes through this week with a record modeled after the 12 inch hit, "Without a Song," Frank Sinatra and Tommy's trombone are featured on "Pale Moon." The reverse, "Hallelujah," is one of those wild swing records with Buddy Rich, Don Lodice, Joe Bushkin and Tommy all getting off hot choruses.

Jan Savitt takes Debussey's beautiful "Afternoon of a Faun" and makes a swell dance arrangement. It's in 2 parts with plenty of slow, soft ensemble work.

A waste of wax is Fat's Waller's "Sad Sap Sucker Am I" and "Rump Steak Serenade." It's bad from all points of view.

## Forty-Three Approved For Degrees in Fall

Candidates to Receive Degrees for Work Completed During Summer School

Forty-three candidates have been approved to receive degrees as the result of work completed during the recent summer session at N. C. State College. Col. W. Harrelson, dean of administration, announced today.

Degrees will be mailed next month to the successful candidates, whose qualifications were passed upon at a faculty meeting last week.

The Master of Science degree was awarded to three men: Ralph C. Barnes of Summerfield, O., in entomology; Ernest E. Durham of Kernersville, in agricultural economics; and William P. Crawley of Littleton, in textiles.

The Bachelor's degree was granted to the following:

Agriculture and Forestry, 12—A. Wade Brown, Rockwell; Paul J. Brown, Jr., Charlotte; Eric H. Eason, Jr., Manchester, Mass.; John C. Gibbs, Jr., Polham; Ray Nelson Jarvis, Mars Hill; John H. LeGwin, Wilmington; Donald F. Traylor, Murfreesboro; Henry L. Wall, Jr., Elams; Woodley Charles Warrick, Clayton; Hugh Chatham Kiger, Plafftown; Louis B. Treva-than Dobson; and Haseel L. Meacham, Raleigh.

Engineering, 10—Richard H. Mitchell and Richard L. Rice, Raleigh; James R. Sevier, Asheboro; Ralph H. Donnell, Greensboro; Marshall F. McDowell, Goldsboro; Meyer D. Strong, Bryn Mawr, Pa.; Lincoln M. Tangu, Siler City; William D. Windley, Belhaven; James Roy Smith, Jr., Charlotte; and Edwin R. Johnson, Paw Creek.

Teacher Training, seven—John Roy Barnette, Huntersville; Robert Marcus Ruff, Rocky Mount; Ray W. Griffin, LaGrange; James W. Johnson, Erwin; Carl E. Mauney, Lincoln; Marvin B. Smith, Denton; and Robert B. Thomas, Oakboro.

Textiles, 11—Irwin Bloch, New York City; Edwin F. Glenn, Robert S. Hines and B. Z. Routh, Jr., Greensboro; Grover W. Creech, Jr., Concord; Clarence F. Gregory, Richmond, Va.; Buell L. Little, Mooresville; Edgewood E. Moore, Bynum; James R. Scoggins, Cranemont; George W. Stowe, Jr., Belmont; and James Edwin Williams, Greenville.

## Twenty N. C. Youths Given Scholarships

Scholarships Awarded To Farm Boys To Assist Them In Enrolling in Agriculture At State

Dr. Z. P. Metcalf, director of instruction in the State College of Agriculture, today announced the selection of 20 North Carolina farm boys as recipients of \$100 scholarships which will help them to enroll as freshmen in agricultural studies at the opening of the 1941-42 term.

The scholarships were made available by the Sear's, Roebuck Company to assist worthy farm youths of ability to enter the School of Agriculture. This is the third year the scholarships have been available at State College.

Of the 20 freshmen receiving the scholarships last year, C. E. Fincham of Matthews was adjudged to have made the best record and he received a special \$200 scholarship for his sophomore year.

Current recipients of the \$100 scholarships are Eugene Lane, Bowden; Calvin Everette Lewis, Route 2, Rocky Point; Ralph E. Williamson, Route 1, Wilson; Woodrow Warren, Route 1, Spring Hope; Charles Hurley, Farmish, Route 3, Louisburg; Walter C. Haley, Jr., Route 1, Cary; Charles M. McDaniel, Route 2, New London; Maurice Pickler, New London; James Luther Simpson, Route 1, Troutman; Vernon D. Brady, Lexington; Charles Williams, Route 1, Cleveland; Harry H. Halstead, Route 2, Cherryville; Lynn Clifford Patterson, Route 1, Hidenite; Grady Martin, Route 1, Stony Point; Fred Huggins, Route 1, Arden; William Anderson, Route 3, Maysville; R. Benjamin Rayford, Newton Grove; Asa Jackson, Route 1, St. Pauls; Elbert Brower, Ivanhoe; and Braxton Coates, Route 1, Smithfield.

### ANNOUNCEMENTS

A small gold football was lost in the vicinity of the track crossing to the gym sometime last week. Finder please bring this to the Sports Publicity office on the second floor of the Publications Building.

### E. E. STUDENTS

All E. E. students are cordially invited to a smoker in room 207, Daniels Hall, at 7 p.m., Tuesday, October 7. Freshman and sophomores are especially welcome.

### HANDBOOK

Anyone who failed to get a copy of the '41-42 State College Handbook may obtain one by calling at the "Y" desk. The supply is limited, and first come first served.

# GLEANINGS

No kidding—there really is a new name tacked on the end of Gleanings this week. The editor meant it when he warned you about the change in last week's column, but before this is over, you will probably be clamoring for Carl to come back again.

The much talked of "Hello Week" ran across a bottleneck Monday, and it was found necessary to postpone the occasion until next week. The reason—the buttons didn't show up, and it just wouldn't be cricket to have "Hello Week" without hello buttons. What will the National Defense Priorities Board hold out next?

But, seriously, when the buttons are passed out in the stadium Monday, we hope everybody will cooperate by printing their names on them, and by wearing the buttons conspicuously all week. And when you meet someone—no matter if it's a student, professor, dean, or just the janitor—say hello to him. You'll get a greeting and a big smile in return. State has acquired the name of being one of the most friendly schools in the South, and we want to keep it that way.

If you will just put your ear to the ground and listen carefully, you might hear a deep, steady rumbling noise—not loud—but growing steadily louder. What is it? It's not for publication, but the noise is coming from some of the fraternities, and it seems to be directed toward some extremely odd—and so far, unexplained—developments connected with the recent rush week. It seems that some thirty-odd bids, supposedly mailed from the Interfraternity Council, failed to reach their destination. Maybe someone should call Jim Farley back as Postmaster-General, because during his regime, nobody complained of thirty letters having been lost in one city in one day. So far, the secretary of the Interfraternity Council has not offered any explanation, and it is our guess that the next council meeting will be quite a fiery exhibition.

Greensboro certainly cooked up an odd arrangement, and one completely new to college football games, so far as we can find out. Placing both of the cheering sections and both of the bands on the same side of the field seemed to offer an unbalanced stadium—one side so completely wild with enthusiasm, and the other hardly making itself heard. There is no doubt, though, about the fact that the State band and cheering section put on the best display of enthusiastic spirit.

It seems that pint-sized backs are a Jonah to the Wolfpack. First Fitzgerald and Wholey of Richmond, and then little Davey Spencer, a scant one hundred and thirty-five pound safety man for Davidson, proved alarmingly elusive. There just wasn't enough there to get a good hold on, and they were so small that they could almost go under instead of over the Pack line. But Clemson isn't blessed with any midgets, and for that reason, State will show the Cadets what real power there is in the team that hails from West Raleigh. You can look for one of our best games of the year against Clemson.

From the many reports floating around the campus, there will be a pretty big cheering section representing the Wolves in Charlotte Saturday. We aren't quite certain, though, that all the fellows would go if Queens College didn't happen to be so close to the game. Maybe this week-end will furnish some interesting items for Gleanings next week.

Strikingly few reports of love lost or gained have come from Greensboro. Perhaps our college brethren have finally decided to concentrate on lessons, or else they have become skilled at the art of keeping secrets. We would like to know, however, why Whit Benton and Owen Jones, after reporting that they definitely were going to stay in Greensboro all week-end, unexpectedly pulled back into Raleigh late Saturday night. Maybe they have lost their technique.

The editor claims it was his sister in Greensboro, but we've heard that one before, too.

If you've gotten this far without throwing the paper down in disgust, you deserve a rest. I'll promise not to write this column again until I run across some interesting little bits of sidetail about the numerous Romeos on the campus. However, Gleanings will be in this spot as usual when next week's copy rolls off the press, but look for still another new name at the end of it.

JIM MORGAN.

## QUIZ and QUOTE

By WADSB

No, this isn't the \$64 question—just a question asked to get a cross-section of student opinion on changing the name of State College to Carolina Tech.

Students chosen at random about the campus all had their own ideas about the proposed change, and though we can't quote all of them, this will give you an idea of how things stand.

Dave Hancock, freshman Civil Engineering, thinks that either name is okay and the only trouble would come from the fact that the school has built up a reputation over a number of years as State College.

Bill Leloudis, Sigma Nu, however, was very definite in his opinion that things should be left as they are. "North Carolina State College is the only name for this school and it should be left alone."

Kenneth Cabe, Junior Industrial Engineer, was more or less indifferent about the matter, either name was agreed, but he felt that State is as good a name as any.

"I am all for it and I think that it should be done at once," was the answer that Austin Sauls, third-year textile student, gave. His reason was that the present name is too long and awkward.

These answers reflect opinions that are for, against, and indifferent to changing the name of State College to Carolina Tech, but there is yet another side—a woman's viewpoint. Yes, we have that too from one of the two female freshman aeronautical engineers, Miss Marjorie Dunn. When asked what she thought of the idea, Marjorie replied, "What difference does it make?" She had us there.

What do YOU think?

## WHAT ARE YOU DOING WITH YOUR LAUNDRY THIS YEAR?...

A better method is to send it home regularly by RAILWAY EXPRESS—and have it returned the same way. Our service is fast, sure—and convenient. Economical rates include pick-up and delivery at no extra charge within our regular vehicle limits in all cities and principal towns. Your choice of prepaid or collect charges. Just as convenient too, for most any shipment: Baggage, gifts, cake or a pet elephant.

# 'Pack Faces Toughest Test Against Clemson Tomorrow

## COVERING ★ SPORTS

By BOB POMERANZ

### Wolpack Will 'Stomp' Clemson

What's all this talk on the campus about the heating that's in store for the Wolpack tomorrow at the hands of Clemson's Terrible Tigers? There's no reason, of course, for Doc Newton to go out on a limb and predict wonders for the 'Pack. And I suppose Dick Herbert, State's sports publicist, is following the same line when he talks about State's efforts to keep the score down.

But, all that safe talk shouldn't phase us—the loyal supporters of State's high spirited Wolpack. We want to see our gridders lick Clemson. Every student has a little spot in his heart where he keeps his hopes. Prominent in that spot this week-end are hopes for Dick, and Flucie, and Jack, and Bob.

So, what's the use of keeping all those hopes down where they do little good? I'm joining Smoky, creator of "Oaky-wow-wow, in picking State to 'stomp' Clemson tomorrow.

#### Some Interesting Statistics

The idea has been in circulation for a long time that football playing doesn't meet on solid ground with scholastic success. Be that because getting knocked around on the gridiron during afternoon practices doesn't help concentrating on books at night, or for some other reason, a look at State's football roster does much to dispel any such opinion. Forty-eight men comprise the squad this year and 19 of them, or about 40 per cent, are enrolled in engineering courses, admittedly the school's hardest. Here's how they line-up by schools:

School	Number	Per cent
Engineering	19	40%
Textile	16	32%
Agriculture	7	15%
Industrial Arts	6	13%

The textile school runs far ahead of its normal percentage of the total registration, and that probably is due to the great number of Cherokees on the football roster.

Registered in Textiles are: Frank Owens, Bolo Stilwell, John Culp, Taylor Moser, Carl Ballard, John Barr, Dink Caton, Joe Ermalovich, Norm Wiggins, Dick Watts, Dick Callaway, Foy Clark, Jack Huckabee, Reuben Morgan, Bob Cathey and Peanut Doak.

Taking Agriculture we have: Phil Avery, Carl Fitchett, Fred and John Wagoner, Art Faircloth, Bud Robbins, and Flash Gordon.

Industrial Arts has: Woody Jones, Ray Sawyer, Doug Dickerson, Dobbie Nelson, Earl Stewart, and Cecil Fry.

The Engineers break up this way: Chemical—Ed Gibson, Mac Williams, Lloyd Ott, and Joe Suniewick. Industrial—Jardine Gibson, Jimmy Allen, Cutie Carter, and Buck Senter. Civil—Mike Andrews, Tom Gould and John Bratton. Mechanical—Jim Johnson and Jack Singer. Aeronautical—Pete Boltrek and Joe Kwiatoski. General—Charles Riddle and Tom Turner. Ceramic—Ray Benbenek. Architectural—Barrett Wilson.

#### Disc and Data

Ben Steiner, crack frosh shortstop last year, is back in school this term, but won't be eligible for intercollegiate play. Bennie batted .304 for the Canton, Ohio, team. Looks like he'll play with Scranton or Greensboro next summer. . . . Now that Pete Pop hasn't returned to school, Dick Watts lays claim to the title of "best-looking" over at the Sigma Pi house. . . . Jimmy Johnson, sophomore end who hasn't seen action yet, has been showing up so tough in scrimmage that the coaches call him "Tarzan" now.

### Frosh Tackles E.M.I. In Season's Opener

#### Coach Warren Has Two Teams Ready To Start

The Edwards Military Institute eleven will furnish the opposition for Coach Bob Warren's 1941 freshman football squad tonight in Riddick Stadium in their season's opener.

After several weeks of hard practice the Little Wolves are beginning to round into shape and some of the rougher kinks have been ironed out giving them a fairly polishing starting lineup.

Not much is known about the strength of the E. M. I. boys from Fayetteville, but the coaches are anticipating plenty of opposition from them.

Talent on the frosh squad this year is about on par with that of last season's crew. The line is not flushed with boys of the giant variety. They are more of the type

Student admission to the Stadium tonight will be on presentation of registration card only. Admission to others will be 55c.

with a lot of speed. Wynford Barrow is the exception to the rule, however. The gigantic Reidsville lad towers in the neighborhood of 6 feet 6 inches and he tips the beams well over the 200 mark.

#### Ends Look Ready

Pat Wade, Fred Miller, Norm Herndon, and Tommie Riddle will see action at the end posts tonight. All of these boys have looked good in practice and will be ready to go tonight.

The giant Barrow, Bob Pieri, Dub Ellison, and George Munford will compose the starting tackles on Coach Warren's two team system of play. At guards are Fred McGrath, "Red Label" Johnnie Walker, Dick Deranek, and Charlie Patterson.

Two backfields will alternate in tonight's battle—the starting four being decided by the flip of a coin. Composing one backfield will be Buster Buck Sutton, 220 fullback from Brownsville, Pa.; Herb Breaux, from Brooklyn; Tommie Jones, former Fuquay Springs flash; and speedster Eddie Teague of Washington, D. C.

Jolting Joe Pisano, former Agawam, Mass., player; EUE Bundy from Asheville, Eddie Jerusik and Rene Burnier compose the other backfield.

Game time is 8 o'clock.

### Frosh Tennis

Full practice of the freshman tennis squad will begin this afternoon at 4 p.m., on the courts and will continue every week-day afternoon, weather permitting. Freshmen interested in joining the squad should report to Coach Seegers at the tennis courts. You don't need to be an expert to join in these practice sessions.

The Monogram Club will hold a meeting next Wednesday evening at 6:30 in the Monogram club room.

WOODY JONES, President.

**70 YARD HAUL** Flucie Stewart carried the mail from State's 20 yard stripe to the opposing 10 in a hipper dipper run that was the outstanding feature of the Wolpack's 6 to 6 tie with Davidson in Greensboro stadium last Saturday. No respecter of opposing prowess, State's 21-year-old, 6 foot first string fullback can be expected to perform outstandingly in every one of State's tussles in this, his senior year.

## Newton's Bag of Tricks May Wreak Some Damage

### Coaches Feel Better As College Students Are Deferred In Draft

#### Several Recent Decisions Make Coaches Lot Easier

College football coaches of the country breathed a deep sigh of relief last week when a South Carolina draft board deferred the call to arms of two South Carolina University football stars, indicating that college men will not be taken out of school in the middle of a semester.

The Naval Air Corps indicated its willingness to cooperate by canceling indefinitely Carolina's star quarterback, Frank O'Hare's orders.

However, deferment of college men does not seem to be a universal policy. Lou Little, coach of Columbia University, can bear witness to that. His star fullback left him last week to report to the Army Air Corps.

The draft, affects several of State's grid greats. Dobbie Nelson's deferment expires October 24, but in view of the present trend, he will probably be given an extension of time in which to finish this term's work.

Present trend in drafting of college men seems to be one which will exempt those registered in engineering or technical courses. With nineteen of State's 48 man football squad enrolled in engineering curricula, Doc Newton has approximately a 40-60 worry over his next season's prospects.

### Football Broadcasts

SATURDAY, OCT. 4

WPTF—2:15 p.m.: The nation's "game of the week," Duke vs. Tennessee.

WRAL—3:30 p.m.: The Iowa-Nebraska bout will be aired following the World Series broadcast which will start at 1:15 p.m.

Jim Reid, on WPTF at 6:35 p.m., will have a special wired story on the State-Clemson game. WRAL's sportscast at 6:15 p.m. by Ray Reeves may also have hope on this engagement.

Candidates for the varsity swimming team are requested to report to the pool at 8 p.m., Monday, Oct. 6. Freshman team candidates should report at 5 p.m. Tuesday.

for Alpha Gamma Rho. In a slow moving game, the Phi Kappa Tau's walked over AKPI 12-0. Webster caught a pass and ran 60 yards to score.

1st "C" carries a win over a 1st "A" team that forfeited. The Kappa Sigma-Sigma Nu game scheduled for Sept. 30 has been postponed.

Wrestling mats in the gym are not being occupied these days. A realization of the fact that wrestling comes off in 10 days should make candidates start whipping into shape. Remember that last minute last year when you thought you were going to have to regurgitate and your muscles felt like lead.

Two negligent clubs, 3rd Seventh and Tenth Dorm., have not turned in their managers' names nor have they received their schedules yet.

### Carter Slated to Start; Gordon and Faircloth Counted On To Help Offense

Facing their toughest opponent thus far this season, State's gridders will open their bag of tricks tomorrow afternoon in Charlotte's American Legion Stadium when they meet the Bengals from Clemson.

For the Wolpack, it will be the third Southern Conference battle in as many weeks. Clemson is fresh from an overwhelming victory over Virginia Military Institute and are in the favorite's role for the contest.

Coach Doc Newton has issued orders to open the repertoire of tricks and various maneuvers in the game with the Terrible Tigers, so State will enter the game with the idea of wreaking as much damage as possible.

Co-Captain Cutie Carter will probably get the starting post at the center slot this week. Capable Jimmy Allen, his understudy, has been handling the duties very well but Carter's knee is mended enough for him to start the Clemson game. Allen will probably see a lot of service once more.

Gordon-Faircloth Ready Sophomores Flash Gordon and Art Faircloth are back in uniform once again, and their presence will aid the 'Pack very visibly.

Gordon's pass receiving and running from the wing will once again provide Newton with a steady reserve for Jack Huckabee, and the genial State mentor will be doubly glad to have Faircloth back on hand.

Among the notables in the Clemson lineup are All-American Joe Black, the "triple-threat end"; Tuffy Timmons, Booty Payne, and Marion Craig with whom the 'Pack will have to cope.

Frank Howard, coach of the Battling Bengals, came out in the open last week, admitted that his club administered the "worst beating I've ever seen a team take" to the V. M. I. crew.

That's what Newton and his boys are up against tomorrow.

### Life Saving Course

A senior life saving course will begin on Monday night, October 6, at 7 p.m., in the Frank Thompson pool. All State students interested are urged to attend.

This will be a preparatory course for the life saving, water safety, and swimming instructors' course that will be given in the spring. A member of the N. C. State College Life Saving Corps will be instructor. The corps is composed of Red Cross water safety instructors. All Red Cross life saving is taught free of charge.

SQUIRM-FREE COMFORT STARTS WITH

Jockey UNDERWEAR 55c up per garment

Jockey is famous as "the underwear that ends squirming" . . . Nationally advertised in Life, Collier's and Saturday Evening Post. First choice with students everywhere, because of its streamlined style, knit comfort, and mild, masculine support. Get a supply now, before going back to school. Varied leg lengths, with special Jockey Contoured Shirts to match. Originated and manufactured by Coopers.

Hudson-Belk Co. Raleigh, N. C.

## Campus Tennis Tourney Entries Close Next Week

### Twelve Teams Play First Round Touch Football

By JIM MARTIN

Only one week remains for entries in the campus-wide tennis tourney which will be carried off in standard tournament form for the first time this year.

Under the new set-up any member of the student body except monogram men or tennis squad members may enter. The contest is open to dormitory men, fraternity men, those living off campus, and all coeds. However, winners who belong to regular intramural clubs will win points for their team. Enter this tourney now!

Football Underway Six clubs made headway in their initial efforts in the first round of

intramural touch football.

Despite some unorganized play by both squads, Sixth dorm tallied twice to lick Fifth, 13-0. Van Arsdale downed a blocked punt in the first quarter for the first score. Riegert sparkplugged the winners and was backed by a hard playing Ferebee. Fifth can boast two good backs in Hall and Lewis. Both teams were handicapped by a lack of substitutes and need practice badly.

Alpha Lambda Tau bowed to the SPE's in a 3-2 first down victory led by fighting backfield men Paschal and Sewell. Peele at end was outstanding in the line. Brown did a neat bit of signal calling for the losers.

PIKA's Take First "Practice brings results," the PIKA boys will tell you. A 7-0 win over AGR resulted from a pass shot to McDougal by Ferree. Ivey pulled another pass out of the air from Ferree for the extra point. Good blocking by Jones and running by Winn aided the PIKA's. Hoffman displayed flashy running

LAST CALL

Copies of the 1941 Agromock still are left at the News Bureau Office, 15 Ricks Hall, for students whose publications fees are paid. This is the last call for students who haven't received the Agromock to get their copies. They will be disposed of next week and will not be available to students after then.

FRESHMAN FRATERNITY

(Continued from Page 1) sented to the president of the fraternity on Scholarship Day along with other awards. The selection is to be based on the fraternity's willingness to cooperate with the Council, the execution of assigned jobs, and the carrying out of original ideas. The final selection of the fraternity that will receive the award will be made each year by the president of the Council along with the faculty adviser, the Dean of Students, and the Dean of Administration.

ANNOUNCEMENTS

NOTICE

The first meeting of the senior class will be held on Tuesday, October 7th, at 12 o'clock, in Pullen Hall. BILL BLUE, Pres.

FIRST AID

A Red Cross First Aid Class will start Monday night at 7:00 at the Red Cross office in the Professional Building annex. Complete standard and advanced courses in a first aid will be given. This will be the only instruction course given in Wake County this year.

ALL FRESHMEN!!!

Tonight is the last night for your Agromock picture. Report to 109 10th Dormitory between 7:00 and 11:00 p.m. tonight. W. P. BREWER, Business Manager.

AG STUDENTS!

The Agricultural Club will meet Tuesday night at 7:00 o'clock in the auditorium of Withers Hall. All students in Agriculture are urged to attend.

NOTICE

There will be an important meeting of the Horticultural Club Tuesday, October 7, at 8 o'clock in the college greenhouse. It is important that all old members be present and new members are cordially invited.

FRED SCHMIDT, President.

STUDENTS

Assistant Dean of Students Ray Holder will speak at the regular meeting of the YMCA next Thursday evening at 7:00 o'clock. Everyone is invited to hear him in the "Y" Auditorium.

NOTICE

The I. A. S. meets Tuesday, October 7, at 7:00 p.m. in 101 Page Hall. All Aeronautical students who are interested in joining the Institute should attend this meeting. All old members are requested to bring their dues with them. A. MICHAELS, Sec.-Treas.

The Publications Board will be host at a smoker and general get-together to be held Wednesday, October 8, in the North End of the YMCA.

All men who are now working on some publication or who are planning to start work are invited to attend.

HELL DRIVER RISKS FIRE—Harry Woolman can't see what's beyond that blazing inferno into which he's riding his motorcycle above, but chances are he'll manhandle the speeding machine to bring it down right-side-up. However, there's no guarantee that he'll escape injury when he attempts the feat at the State Fair at Raleigh on Wednesday, October 15, only. Other entertainment features will include the World of Mirth Shows with 22 rides and 20 shows on the Midway; nine grandstand acts and a revue presented by George Hamid; auto and harness races and fireworks each night.

Are You Good at Picking Winners?

Presented below are the complete rules for the contest now being sponsored by The Vogue Shop. Go by the Vogue Shop now and get your entry blank.

1. No contestant is allowed more than one entry each week. Enter as many weeks as you like.
2. All entries must either be handed in at THE VOGUE SHOP for men before closing time Friday night or postmarked before midnight Friday.
3. Plainly circle the team you believe will win the game and in the space provided mark down what you believe will be the final score of the game. If you believe that the game will end in a tie, so indicate by your score.
4. Prizes will be awarded on the basis of the nearest correct guesses and the decision of the judges will be final. FIRST PRIZE WILL BE THE WINNERS' CHOICE OF ANY TWENTY-TWO FIFTY SUIT IN THE VOGUE STOCK. SECOND PRIZE WILL BE THE WINNERS' CHOICE OF ANY THREE NINETY-FIVE HAT IN THE VOGUE SHOP STOCK.
5. Employees of THE VOGUE SHOP, WRAL and their families and relatives are not permitted to take part in this contest.
6. Names of each week's winners will be announced on Tuesday night over WRAL on THE VOGUE SHOP pick the winners program at 9 o'clock, featuring Ray Reeves, and in the windows of VOGUE SHOP.
7. TO BE ELIGIBLE FOR THIS CONTEST YOU MUST CALL BY THE VOGUE SHOP FOR YOUR ENTRY BLANK.

Listen to Ray Reeves Every Tuesday Night at 9 o'clock for the VOGUE SHOP pick the winner contest. Every week for ten weeks THE VOGUE is giving away your choice of any 22.50 Suit or Topcoat to the lucky winner. Second prize, any choice of hats.

Come by THE VOGUE today for your entry blank.

ASME Inspection Trip Planned To Charlotte

Mechanical Engineers to Visit River Bend Power Plant That Serves Charlotte and Vicinity

Leading off a series of short inspection trips to places of interest to mechanical engineers, the ASME will visit tomorrow morning the River Bend power plant serving Charlotte and vicinity.

The plant is one of the leaders in power production in the state, and will take several hours to go through. The group expects to be able to attend the State-Clemson game in Charlotte tomorrow afternoon.

James S. Sibert, ASME president, opened the initial meeting of the school year on Tuesday with the appointment of standing committees. He then gave a short summary of the plans in prospect for the year. The inspection series occupies a prominent spot in the organization's efforts.

A smoker for upperclassmen enrolled in Mechanical Engineering is scheduled for the "Y" auditorium at 7 p.m. Tuesday. A preview for prospective members will be the main point on the program.

Meeting jointly with the Raleigh chapter of the American Society of Mechanical Engineers of which Professor R. B. Rice is president, the campus group will hold its first open session on subjects of interest to all engineers on Thursday, October 16. An evening meeting will be held in the Withers Hall auditorium, and open house in the departments shops and workrooms is planned for the afternoon.

It is imperative that ALL members of the editorial and business staffs of the Technician be at the meeting Monday at 5.

At the Ambassador Crops Judging Team To Be Organized Soon

The first story of Britain's fighting R. A. F. will zoom across the screen of the Ambassador Theatre when 20th Century-Fox's new production, "A Yank in the R. A. F.," opens Wednesday.

With Tyrone Power as the Yank and Betty Grable as the Yank's sweetheart, this story of England's men of the skies follows them as they live, love and laugh on land and perform deeds of heroism in the air as part of their everyday job.

Production Chief Darryl F. Zanuck received the full consent and cooperation of the British government to show many of the exciting events of the war—flights over Germany, the evacuation at Dunkirk, forced landings in enemy country; and on the lighter side, the pilots' efforts at relaxation.

The story follows Tyrone, an American flyer in Britain who joins the R. A. F. to get some action. Bored by the instructions he must take and the routine of his duties, he does not get along well with his fellow pilots or his commanding officer, played by John Sutton. And his romance with Betty Grable, an American dancer in London, receives a setback when Sutton proposes marriage to her.

Although this is Betty's most dramatic role to date, she is featured in two musical numbers especially created for her. The top song-writing team of Leo Robin and Ralph Rainger wrote two new songs, "Hi-Ya Love" and "Another Little Dream Won't Do Us Any Harm," for these musical scenes.

Team Composed of Juniors And Seniors to Enter Contests in Chicago and Kansas City, Missouri.

Professor A. D. Stuart, coach of the Crops Judging Team, has just issued the call for all juniors and seniors who feel the desire to match their knowledge of crop seed against the finest talent in the country.

On November 24 a team composed of four men will judge for North Carolina State in the National Collegiate Crops Judging Contest in Kansas City, Missouri, and on the 28th and 29th of November this team will compete in the International Crops Judging Contest in Chicago, Illinois. North Carolina State has entered the International contest since its beginning in 1922 and in the national contest since its origin in 1928. No other team in the country holds records as high as the North Carolina teams which have entered the contests.

A student making this team obtains for himself one of the most coveted honors in the Agricultural School. Anyone interested in this work should see Professor Stuart immediately in Room 18, Withers Hall and arrange to meet at the training periods. The success of this team depends entirely upon the response and efforts put forth by those training for the contests which are held only two months from now.

Room to **SUPER-CHARGE** with a Third More Ink than average of three well-known sac-type pens, due to Parker's patented One-Hand Sacless Vacuumatic Filler

**GUARANTEED BY LIFE CONTRACT**

Try yourself on this Quiz:

1. What Pen has, and always has had, the Clip that's right at the top, thus holds it low and unexposed in the pocket—convenient for civilian dress and uniforms.
2. What Pen has the "One-Hand" SACLESS Filler, making room to SUPER-CHARGE with a third more ink?
3. What Pen has the Lubricated Point of 14 K non-tittle Gold, tipped with "oil-smooth" Osmiridium that won't wear scratchy as long as you live?
4. What Pen has the TELEVISION barrel that SHOWS when to refill?
5. What Pen is styled of shimmering Pearl and Jet RINGS—voiced the winner of the beauty contest by men and girls alike?

College men and women must know all the answers because you buy more Parkers than any other make.

Well, see these latest and most attractive Parkers for school priced at \$2.95 and \$3.95 for the Parker Duofold, \$5, \$6.75 and \$10 for the Parker Vacuumatic. Don't make the mistake of buying ANY until you've tried Parker's One-Hand Filler.

Maxima, \$10  
Mojito (fill) 3 or  
Duofold, \$3.75  
Junior or Sub-Duo, \$5  
Wideline Pencils,  
to match, \$2.75 to \$3

**Lend me a Minute and I'll give you back 15 seconds**

Says PAUL DOUGLAS, well-known radio announcer

Somebody whistles a few bars of a catchy tune. Others pick it up. Soon the whole country's whistling it. *It's a hit.*

Somebody lights up a cigarette. Likes it. Passes the word along. Soon the whole country's smoking it. *It's a hit. IT'S CHESTERFIELD.*

The big thing that's pushing Chesterfield ahead is the approval of smokers like yourself. *Chesterfields are definitely Milder, Cooler-Smoking and Better-Tasting. They're made of the world's best cigarette tobaccos Blended just right to give you more smoking pleasure.*

But even these facts wouldn't count if smokers didn't just naturally like them. Once a smoker finds out from Chesterfield what real smoking pleasure is, nothing else will do. *Yes, fellow smokers, IT'S YOUR APPROVAL THAT'S PUSHING CHESTERFIELD AHEAD.*

Everywhere you go *They Satisfy*
