of NORTH CAROLINA STATE COLLEGE

Vol. XXIII, No. 17

STATE COLLEGE STATION, RALEIGH, N. C., FEBRUARY 19, 1943

Office: 10 and 11 Tompkins Hall

## Enrollment Of First Year Men Higher Than Any Previous Number

### Fifty-nine Freshmen Enroll For Winter Term; All But Eight Taking Engineering

Fifty-nine freshmen, a record number, were enrolled in State College for the winter term, with all except eight entering engineering, Registrar W. L. Mayer has reported.

Special preparations to receive freshmen were made by the college in a move to speed the output of technically-trained specialists, and by remaining in school through summer terms the group now starting will be able to graduate in three years.

Nineteen of the new students entered aeronautical engineering, eleven went into mechanical engineering, eight into civil engineering, four into chemical, general and electrical engineering, and one into architectural engineering.

Four enrolled in agriculture, three in textiles and one in forestry.

The list follows:  
Aeronautical—Aubrey Y. Arant, Marshall L. Baines, Paul P. Boulus, James D. Chandler, Roger Derby, William I. Farmer, James R. Fowler, George Steve George, William Charles Haas, Jr., William D. Halfords, Jr., Robert A. Hill, Hooper du Bois Johnson, Marx S. Nathan, James R. Owen, Jr., Oscar B. Porter, Jr., Olgie F. Tarr, Carl H. Voncannon, Henry B. Waugh, and Richard C. Wilson.

Mechanical—Vernon G. Collins, Myron F. Davis, Jr., Clyde A. Dillon, Jr., Bruce M. Larrabee, Jr., James H. Laughridge, Kenneth B. McCollum, James Booth Macy, Jr., Oscar Lee Miller, Jr., Paul E. Moore, Ralph A. Phillips, Jr., and Robert E. Wooten.

Civil—William M. Hamilton, William W. Hickey, Nicholas Klemm, Jr., Herbert H. Knight, Benjamin F. Knott, Edward J. Mahoney, Robert J. Mueller, and Carl L. Thrash.

Chemical—Claude B. Barbee, III, Arthur A. Holleman, Jr., Andrew W. Smith, Jr., and Oscar S. Whitescarver.

Electrical—David P. Buchanan, Earl W. Denton, William R. Harrelson.  
(Continued on page 4)

## New Members Feted At Theta Tau Banquet

### OPA Official Will Be Guest Speaker; Misses Craig And Council To Furnish Music

New members of the State College chapter of Theta Tau, national professional engineering fraternity, will be honored tonight at the chapter's annual banquet in Hotel Carolina.

State OPA Director T. S. Johnson will be the guest speaker. A program of vocal music will be presented by Miss Ruth Craig, with Miss Virginia Council playing the piano accompaniment.

In addition to chapter members, guests at the banquet will be Col. and Mrs. J. W. Harrelson; Prof. W. F. Babcock and Prof. T. C. Brown, faculty advisors; and Prof. A. D. Hincley, assistant dean of engineering at Columbia University and a national officer of the fraternity.

Bob Nicks, vice-regent of the chapter, will be master of ceremonies. Tommy Hughes is regent.

New members are David K. Michal, Vernon M. Barnes, Jr., Charles R. McNair, Jr., L. E. Paysour, Jr., Henry F. Chesnut, and Maurice B. Dunn.

Theta Tau selects its members from juniors and sophomores who show greatest promise of becoming outstanding engineers.

## Students To Observe Universal Prayer Day

State College students will join students of other colleges throughout the world in the observance of Universal Day of Prayer for Students on Sunday, February 21, it has been announced by Walton Thompson of Black Creek, president of the college Y.M.C.A.

Universal Day of Prayer for Students is observed annually, though this is the first time that State College has cooperated on a campus-wide basis. Sunday's observance will consist of a special service in the Y.M.C.A. from 5 till 5:30 p.m. with Dennis Loftin of Kinston, chairman of the Y.M.C.A.'s church-cooperation committee, in charge of the service.

The service Sunday afternoon will be sponsored by the various religious organizations on the campus and will consist of readings, meditation, and musical selections from Meredith College. Every State College student is invited to join in the observance of Universal Day of Prayer on this campus.

# AIR CORPS RESERVE ORDERS 150 STUDENTS FOR DUTY THIS MONTH

## Head Electrical Engineers

L. E. PAYSOUR, JR.

P. D. PAGE

C. R. MCNAIR, JR.

V. M. BARNES, JR.

JACK PINNER

Candidates pictured here have been elected to head the local branch of the American Institute of Electrical Engineers for the 1943-44 school year. They are L. E. Paysour, Jr., chairman; P. D. Page, vice chairman; C. R. McNair, Jr., representative to the Engineers' Council; V. M. Barnes, Jr., alternate representative to the Council; and Jack Pinner, secretary-treasurer.

## Rush On Cigars Begins As Elections Moved Up

### Action of Student Government Makes It Possible For Those Leaving To Vote

Election of officers for all top campus positions has been advanced from the spring term to the present term, according to Student Council President Bob Boyce. The last day for entering candidacy for any office will be Wednesday, February 24. Primary elections will be held Tuesday, March 2, and final elections will be held exactly one week later, Tuesday, March 9.

In announcing the change, Boyce said that it had been made in order to give juniors and reservists a chance to run for office and vote, before being called to duty next term. In connection with this, he stated that election to office this year will be more of a reward for work done and not a judgment of a person's ability to handle the job, as has been the rule in the past. He added that this did not mean that the best man shouldn't win but that when students go to vote they should think more of the service a candidate has rendered in the past rather than on what he may do in the future, since it is highly improbable that many of the electees will be back next year to hold their positions.

Elections will be held for president, secretary, and treasurer of the Student Council, and this year the Council will have a 1st and 2nd vice president instead of just one vice president. Others to be elected include editors and business managers of all publications, officers of the Y.M.C.A. and the Interfraternity Council, and this year's

(Continued on Page 4)

## Initiation Held By Language Fraternity

At a joint meeting of the Raleigh chapters of Sigma Pi Alpha, national language fraternity, held Saturday, February 13, several new members and associate members were initiated.

Foreign-born students who were initiated as associate members are Ralph Arbid, Jorge Gallardo Najar, Jesus de la Rama, Henry Negron, Manuel Emilio Otero, J. M. Wayne, Jesus Angarita, Leonardo Valderrama, and Fred Gortar.

The Alpha Alpha chapter, composed of faculty members of the various colleges here, initiated the following new members: Edith Eastman, Ruth Hall, Catherine Holgate, and Maxalynn Mourane. The Theta chapter of Peace College initiated these new members: Eleanor Cusick, Cora Drake, Eleanor Johnson, Margaret Fountain, Anne Tate, Cornelia Thompson, and Elizabeth Purcell. Members of the Phi Kappa chapter of Meredith attended the meeting as spectators.

## Aviation Cadets Arrive March 1; 1,200 Army Men Begin In April

### Johnny Mack To Play For Engineers' Brawl; Two Dances Tomorrow

The Engineers' Brawl takes the campus social spotlight this weekend, with Johnny Mack's orchestra furnishing the music for both afternoon and evening dances.

The switch to Mack's band was made by the Brawl dance committee, which decided to make the change when they were advised that this crew would play for the \$400 figure. Johnnie Mack's orchestra today finished a week's stand at the huge Palomar night club in Norfolk, and is rated as one of the East's best new groups.

Bids for the Brawl can be obtained from the heads of the various Engineering Schools up until 11 A.M. Saturday morning. Students must present their athletic card to obtain a bid.

An afternoon tea dance, and Open House in the dormitories and fraternities will feature the weekend's activities. Open House will run from 2 until 3 P.M. and from 5 until 6:30 P.M. tomorrow afternoon. The tea dance is set for from 3 to 5:30 P.M.

The traditional ritual of the induction of Knights and Companions of St. Patrick will take place during the afternoon event. Lists of the men chosen will be revealed for the first time then, and men will be present to receive the honor will be stricken from the lists.

Immediately following the St. Patrick ritual, an award of a wrist watch will be made to the outstanding senior engineer. The committee which made this choice was made up of Deans Vaughan, Harrelson, and Cloyd.

The evening dance will run from 8:30 to 11 P.M., and will not be interrupted for any figure. The gymnasium will be decorated in special fashion, with top spot in the decorations reserved for the large replicas of the keys of the various technical and engineering honor fraternities.

## March Graduation Plans Being Readied

Colonel J. W. Harrelson announced today that plans for the commencement exercises are gradually shaping up. Although no speaker has as yet been secured, Ed Colmes stated that Bishop Charles Purcell of Charlotte will deliver the baccalaureate sermon in Pullen Hall Sunday night, March 21, at 8 o'clock.

Graduation exercises will take place Wednesday, March 24, at which time approximately 100 seniors will receive their certificates of graduation. Degrees will be sent to them later.

## English Professor Collaborates On Best Selling College Text

Caravan is still in use at Chapel Hill, was in use for five years at Woman's College, and was the official Freshman English text here in 1937 and 1938.

Main unit of the volume is called "Models of Exposition," which has a range of subjects including science, ethics and history. The authors represented are the outstanding writers of the past 20 years and of the latter part of the 19th century. The second unit covers "Poetry and Drama," the third unit is titled "Short Stories," and the final section deals with "Biography." The book has over 1,200 pages, and sells for \$2.75.

You might ask: How does a book of this sort get written? The answer is a simple one. A representative of Thomas Nelson and Sons, publishers of New York, invited the three men to undertake a volume of this sort in 1935. Once agreed upon, the three editors started the long grind of selecting, throwing out, and then selecting again the material for the *College Caravan*. It took almost eight months to finally choose all the

## Sets Record

When Flying Fortresses based in India pound Jap facilities at Bangkok or Rangoon, First Lieutenant Richard T. "Dick" Henning of Albemarle, 1941 graduate of State, usually is at the controls of one of the big bombers. His feats have been reported several times in recent news dispatches, the latest being an account of a bombing mission to Rangoon on which he was a pilot. Earlier, Henning was co-pilot on a flight from his base in India to Bangkok, a round-trip of 3,000 miles. It was termed the longest bombing mission ever undertaken. Henning graduated in textiles.

## IFC Sets Budget For Midwinter Dance Set

### OPA Ruling Limits Time Of Dances; Tea Dance Saturday Afternoon As Usual

In anticipation of what may be the last Interfraternity Council Dance for the duration, first plans for Midwinters were made and announced yesterday by Claude Dawson of the Council's budget committee.

Handicapped by a slash in funds due to the war, only \$1,200 has been set aside for the dances, \$1,000 of which is to be used for a band. This is a slight decrease over last year when Dean Hudson played for the Black and White Formals.

Because of the delay in the re-forming of the Interfraternity Council under its revised constitution, the set will not be held until March 5th and 6th. No band has yet been decided upon.

New regulations of the OPA will probably make it necessary to hold the dance between the hours of 8 and 11 p.m. The tea dance Saturday will be held as usual.

The dances will be the second of the three annual sets sponsored by the council and will probably be the only formal dances of this term.

## First Of 800 Quota; 264 Arriving In April

### Harrelson Emphasizes Army Is Not Taking Over College; State One Of First

Five hundred and thirty-six army aviation cadets will arrive at State March 1 to begin ground school training, according to an announcement made by Col. J. W. Harrelson, dean of administration, this week.

Another contingent of 264 will arrive April 1, he was informed, thus filling the college's quota of 800 aviation cadets. The first group of the 1,200 Army engineers assigned to the college for engineering training is expected about April 1.

The first group of aviation cadets will be quartered in Burlington and Alexander halls, two of the new dormitories. Burlington already is empty, and will accommodate 400 Army men quartered four to the room. The other 136 will be housed in Alexander, filling vacancies created by student withdrawals. No movement of students will be necessary to house the cadets.

Eventually, all six dormitories south of the railroad tracks will be used in housing the 2,000 aviation cadets and engineering students assigned to the college by the Army. They are the newest dormitories on the campus.

Five dormitories north of the tracks and rooming houses adjacent to the campus will be used by regular civilian students.

Col. Harrelson emphasized again that "the Army is not taking over the college."

"There will be special sections and classes for aviation cadets and engineers," he said, "and civilian activities of the college will continue as usual. We are expanding our teaching staff to take care of the extra work, and there will be no lowering of the college's high academic standards."

State College was one of the first 281 schools selected by the War and Navy departments to accommodate service men and women selected for special training. Aviation cadets will stay at the college five months, according to present plans. They will take ground-school training at nearby airports. Soldiers selected for engineering training will stay at the college from nine to eighteen months, depending on the scholastic level at which they start.

## Dr. Eddy Addresses WSSF Supper Meeting

### Plight Of Foreign Students; Sophs Give \$40.00

Speaking at a supper meeting Tuesday of the Campus Council of the World Student Service Fund, Dr. Sherwood Eddy formally launched the campaign to raise \$2,000 for the relief of foreign students and American prisoners of war.

Internationally known traveler and individualist, Dr. Eddy told of the plight of foreign students who, even though ridden with disease and suffering from starvation, continue to study and learn.

Max Gardner, chairman of the Council, appointed committees to carry the drive to the dormitories, fraternities, faculty, and churches. These committees will see that every man on the campus is approached.

Present at the meeting were students of Meredith, St. Mary's, and Peace, who will represent the service fund drive on their campuses and will work in conjunction with the Campus Council.

Following are the names of the committees and their chairmen: Faculty, Claude Dawson; Organization, H. D. Burns; Fraternities, Montgomery Steele; Dormitories, Frank Tetter; Colleges, T. M. Reynolds; Churches, W. D. Loftin; Service, Max Gardner; Publicity, Ward Bushee.

First returns on the progress of the drive came in yesterday with the announcement by Bill Parks, president of the Sophomore Class, that the class had voted to contribute \$40 to the fund.

## Harrelson Announces Calls For February

### All Will Go To Miami Beach For Initial Training; First Group Called

One hundred and fifty State College students enrolled in the Army Air Forces Enlisted Reserve have been ordered to active duty, and must report during the closing days of February, according to information received in Col. J. W. Harrelson's office.

This information was contained in mimeographed lists of names which served as orders for most of the boys. The lists were issued in three alphabetical groups, with those whose names run from A to H scheduled to report on Feb. 25, the group from H to P ordered to duty Feb. 26, and the P to Z group reporting on Feb. 27. All will go to Miami Beach, Fla., for their initial training.

This represents the first mass group of students that has been ordered to duty with the armed forces as a unit. Very few of the reservists are seniors, and no definite policy has been issued by the Faculty Council as to whether these men will be awarded their degrees. It is expected that each case will be treated separately, and each man will be required to petition the Faculty Council if he desires to have his case considered.

Air Corps Enlisted Reservists ordered to duty effective February 25, 1943:

Earl W. Anderson, Thomas B. Andrews, Jr., Arthur A. Armstrong, Jr., Ben L. Armstrong, Dan B. Arrowood, Haywood J. Atkins, William W. Avera, Jr., James F. Bagwell, John C. Baskerville, Jr., William A. Bason, William M. Beecher, Frank B. Bell, James P. Beger, William L. Bots, Jr., Herbert Breslow, Harold T. Bridgman, Jr., Brantley A. Broch, James P. Bruner, Jr., Robert L. Burner, Jr., Henry M. Callis, Thomas B. Carpenter, John A. Carter, Sam Carpenter, Robert B. Clark, Arthur A. Cline, Kenneth L. Coble.

James C. Collier, Jr., Thomas E. Cook, Walter C. Crede, Jr., Charles K. Davis, Jr., Jesse De La Rama, J. D. Dixon, M. Dixon, John H. Doolan, Charles Edelman, Robert E. Ellis, Fred I. Fandler, Jr., Dale P. Flocker, Harvey O. Forrest, Howard Gluck, Ralph Gluck, Claude E. Gragg, Jr., Milton L. Griffin, Robert D. Guyton, Jr., Bruce D. Harrington, Arthur R. Harris, John R. Hartsock, Charles M. Hartsock, Jr., Joseph D. Hartsoe, Robert M. Hawkins, Oscar P. Hay, Jr.

Additional Air Corps Enlisted Reservists, ordered to active duty effective February 24, 1943, to report at Miami Beach, Florida, Feb. 26, 1943:

Vernon T. Helms, Jr., William W. Hinton, Lewis W. Holler, Jr., John M. Holmes, Thomas N. Holmes, Jr., Eugene T. Hord, Jr., Leon D. Hunnings, Jr., Linwood S. C. Inacee, Jr., Milton D. James, Jr., Herbert G. Jenkins, Max Kahn, George H. Keller, George T. Kerr, Jr., Robert B. Kestler, Jr., Robert H. Kilpatrick, John C. King, Jr., Ralph G. Knight, Jr., Selby D. Korngay, Willie J. Laughridge, Jr., Henry L. Leske, Austin C. Lemon, Jr., Arnold M. Levey, Benjamin F. Lewis, Jr., Herbert J. Lipson.

Glenn F. Love, Paul L. Lovington, David N. Low, Harry L. McCaskill, John M. DeBarnet, Richard H. McLawhorn, Jr., Daniel P. McMillan, Jr., Robert A. McRorie, Jr., Frank E. Macmanus, Grady A. Martin, Brundy T. Melvin, James E. Messick, Joseph H. Miller, Mack T. Miller, Raymond O. Miller, Earl B. Montague, Benjamin D. Moore, Jr., Vaughn O. Moore, Jr., William K. Neal, Richard F. Nickel, Jr., Robert M. Ogburn, Jr., Lloyd B. Outlaw, Jr., Wilbur L. Padgett, Reid G. Parks, Charles S. Patterson, Reid J.

The following Air Corps Enlisted Reservists are ordered to active duty, effective February 25, 1943, reporting at Miami Beach, Florida, on February 27, 1943:

Mack S. Patton, Joseph M. Payne, Benjamin B. Peck, Lewis B. Perry, Mark Phillips, John S. Plummer, Jr., Leon Pokoik, William R. Preddy, Earl M. Price, Samuel A. Rankin, Phillip D. Ray, Hugh K. Reid, John D. Reid, Ernest P. Rhyne, Jr., Eugene H. Roberts, Jr., Coit M. Robinson, Jr., James A. Rose, Jr., Robert W. Rose, Ray N. Rouse, Jr., Sydney Somet, Robert P. Schmidt, Robert M. Senn, Jr., Fred A. Sharkey, Robert M. Shepherd, Hubert Y. Simerson, Edward B. Smith, Jr.

Edward E. Smith, James T. Smith, Norbert N. Smith, Joseph C. Somers, Simms M. Spears, John D. Spinks, Jr., Franklin L. Spoon, Ira J. Sprung, Irving Squires, David G. Starling, Joseph M.

## Utilize Your Time

The incoming freshman class, as well as the upperclassmen, are confronted with the problem of working hard or playing before going to the army. Many of them will completely disregard the advice and suggestions of the higher ups that they stick to their work and do their best before being called. Instead they will seize every opportunity and every excuse to loaf, play and waste time.

Rather silly, isn't it, when the time they are spending now should be utilized in preparing themselves for the biggest fight they will ever be in. The number of students who were dropped from last term because of scholastic deficiencies should be ample warning to every student that the scholastic requirements of State have not been lowered because many students have the feeling that it is no longer necessary to study. They appreciate the difficulties and apprehensions under which every man in State is working and the seriousness of each individual problem. Yet the men who have been through the same difficulties themselves know what is best and what should be done. If they were not acutely aware of the problems and snags that the boys have run into, they would not hold the responsible positions that they do. It is only logical then that we would do well to profit by their advice. They know what comes after the war, they know what the needs of the country will be then, they know just how we feel while many of us can see only the present and the very size of our immediate problems is blinding us to the bigger problems of the future. The least we could do is to listen to them.

It has been said by many men that the students are shirking their duty by staying in college while other boys are living in foxholes defending their country. But those boys who are fighting think that it is right as long as the men in school are doing their duty by getting the most out of their books and learning all they can while they can. To freshmen and upperclassmen alike, the prime objective of their college careers should be the training of all their abilities and getting all they can out of their education. The men will go into the army soon enough and they will do better both by themselves and their country by preparing themselves intelligently and pursuing their chosen courses diligently.

## Dig Down Deep

This week, the Campus Council of the World Student Service Fund launched a campaign to raise \$2,000 for college students and American prisoners abroad.

There is no question as to the worthiness of this cause. Since its beginning in 1937, over a quarter of a million dollars has been raised. With this money, the service fund has been taking care of 10,000 students in impoverished Greece, thousands of students in China and Russia. American soldiers interned in prison camps in Japan and Germany are receiving books and athletic equipment.

State's goal is \$2,000. This goal is going to be reached by students who give, not because of a sense of duty or for social approval, but with honest sympathy and understanding of the plight of others like ourselves.

That means getting out of the five and ten cent class of token contributions and really digging down. There is deep satisfaction in really giving. The old maxim of what one puts into something, the more one will receive is especially true in this case.

Two thousand dollars is a high mark to shoot at, but so is \$3,000 at Carolina. They are doing it; there is no reason why we cannot do the same.

### ENLISTED RESERVE CORPS STUDENTS

The War Department has issued an announcement requiring all Enlisted Reserve Corps men when called to active duty to bring a copy of their academic record when reporting to camp. The Registration Office will cooperate in furnishing these records as promptly as possible, but it is important that each student notify the Registration Office immediately when his notice to report for active duty is received in order that his record will be available with the least possible delay.

We recommend that each student secure two copies of his record in order to have one available for emergency use. Two copies can be secured for a total cost of fifty cents.

Students who decide not to return to college for the spring term, but who are not called to active duty before the close of the winter term, should make arrangements before leaving college to have their records forwarded to their home addresses as soon as their winter term records are complete.

W. L. MAYER, Director of Registration.

## NOTICES

### ENGINEERS BRAWL BIDS

Engineers Brawl Bids for all deans and engineering professors are available upon request at Dean L. L. Vaughan's office. Student bids are available at the office of each Engineering Department head.

### ETA KAPPA NU

There will be an important meeting of Eta Kappa Nu Thursday at 8:30. Election of new officers for next year will be held.

### COACHING CLASS

The E. E. Coaching Class will be held Tuesday from 7 to 9 in Room 205, Daniels Hall.

### A.S.C.E.

There will be a meeting of A.S.C.E. Tuesday at 7 in Room 203 in the Civil Engineering Building.

### ENLISTMENT IN E.R.C. OF 17 YEAR OLD MEN

Students that have attained their seventeenth birthday may enlist in the E.R.C., provided they receive consent of parents or guardian. Further information may be obtained in the office of the P.M.S.&T. T. W. Brown, Colonel, Infantry, P.M.S.&T.

## World-Wide Aid Given by WSSF

By WARD BUSBEE

Today in Greece alone, there are 10,000 boys and girls of college age who might well not be alive if it hadn't been for the generosity of the students of the United States.

In Germany, 7,000 prisoners of war are taking correspondence courses as a result of funds from American students. In all parts of the world struck with famine and desolation, funds from the same source are keeping literally tens of thousands from a slow death by starvation and lack of clothing and shelter.

The organization behind these scenes is the little known but lively World Student Service Fund. Our curiosity aroused, we went shopping for more news of the WSSF and received a flood of it at the Y.

So far, the WSSF has raised \$265,000, expects to raise \$300,000 this year alone. Much of this money goes to China where 75 per cent of the college students are destitute. Even when they can get books to study, they are sometimes too hungry and diseased to use them. Evidently studying is twice as difficult on an empty stomach.

In Russia 640,000 college students have had to leave school to make way for the German armies. The WSSF has done what it could to set up the schools for them again.

Just to illustrate what he meant by starvation, Mr. King of the Y said that the ten cent American hamburger (the kind you used to get for a dime) contains more bread than the average French student eats in a day, more meat than he consumes in a week, and more butter than is rationed to him in a year. Seventy dollars and a half will feed a Chinese student for a month and one dollar will feed a Greek student for a week. The Chinese have a little higher standard of living than occupied Greece and probably can buy a little more with his money.

Beginning to get a little bit hungry ourselves, we bid Mr. King adieu.

## 'Y' News

Dr. Sherwood Eddy, out of his long experience as an author, lecturer, and world-traveler, spoke in the YMCA last night on "How We Can Defeat the Japanese and Keep the Peace in the Pacific."

Dr. Eddy each year visits the principal countries of Europe and Asia and sets out on a lecture tour in America on his return. Because of his wide acclaim when he was on State campus recently, the "Y" brought him back for the combined Freshman and Upperclassman "Y" meetings last night. Eddy also spoke Tuesday night at a supper meeting of the campus World Student Service Fund Council and later led a discussion in the "Y" on immortality.

Announcement of the "Y" programs for the remainder of the term was made last night by program chairman Turner Williams. They are as follows: Feb. 25, Meredith deputation; March 4, Shaw deputation; March 11, address by an Army Chaplain.

Appointment of three new Y.M.C.A. Cabinet members for this term was announced recently by Y President Walton Thompson. They are: Frank Spain, worship chairman; Turner Williams, program chairman; and Rufus Butler, Freshman Y Club president.

The Y Cabinet is composed of the four student officers and chairmen of all standing committees. The program and policy of each committee is submitted to the Cabinet for approval. The meetings are held weekly, and following the business, a discussion on some current social or religious question is held.

☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆

### LIKE YOU NEVER DID BEFORE

☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆

## ... Greek Gossip ...

By R. D. GUTTON

You may put your tuxedo up with the moth balls again because the faculty council did not approve the Pika or SPE ball. It seems that the Engineers' Ball will be the very last big dance for this year.

Most fraternities were worried about their boys being called to the army last term, but the Air Corps seems to be the headache of this school year. Pi Kappa Alpha has six boys leaving Monday. Did you ever hear of Bat Cave? Pika's Harry Sutenfield, Morehead Jones, and Bill Ivy spent the week-end there, and rumors are that they had a "fine" time.

Pi Kappa Phi has just been notified that its chapter newspaper, "The Blue Shield," has taken the first place trophy presented by the fraternity's national president to the best chapter publication. Pi Kappa Phi chapters all over the country compete for the trophy. Second and third places went to Purdue University and the University of Illinois, respectively. The annual Pi Kappa Phi Midwinter's Banquet has been set for March 6, and will be held in the Manteo Room of the Sir Walter Hotel. The chapter scholarship cup will then be presented to the brother who has maintained the highest average for the past year.

Big plans have been made by the Chi Sigma Phi for this week-end. After the tea dance Saturday, they are journeying to the S and W with their dates for dinner; then to the

ball and a party afterwards. Incidentally, one cannot understand why a certain Chi Sigma, who has a car about one block long, does not enjoy an occasional date... especially a gala occasion. How about it, Mr. Greens?

George Reid, a recent pledge of Sigma Nu, is leaving Monday for the Air Corps. They are planning to have a party for him. Bill Noyes! I wouldn't tell you for a price, but it is true that you are using a rope to save string... or don't you believe in stringing? By the way... Sigma Nu is also giving a party after the dance. The Air Corps takes three more boys... this time from the K.A.'s. Those concerned were Frank MacManus, John Carter, and Barry Clark. However, Kappa Alpha reports three new pledges in Paul Carter, Mac Hendrick and Hugh Merrill, so the score is 3-3. What's this... no party scheduled for Saturday night?

Sigma Pi... Evidently a certain dance last week was very dull to a few of the Sigma Pi's, because Earl Frazier and Louis Hauffman were seen dancing together most of the night. They are a party planned for Friday night, and Bob Rose has finally secured a date with Lib. As per usual, Dimp Roberts is still looking for a date, while Bob Kelly, erstwhile a woman hater, has fallen again, this time for Crist. Ask Jim Farlow if he knocked a door down last week... that black, swollen lip of his is really something to behold.

## Committee Hears Plan For Civilian Education

A War Manpower Commission plan to subsidize college education for 100,000 to 150,000 civilians in order to build up "a stockpile of trained manpower" was presented to the House Military Affairs Committee last week by Dr. Edward C. Elliott, President of Purdue University.

Elliott—who is now serving as chief of Professional and Technical Training for the WMC—said that "we may even have to pay students to go to class."

The program—a civilian counterpart of the Army-Navy Specialized Training Program—is being planned on a five year basis, Elliott told the Committee, but the actual length and extent of the program would depend entirely on the war.

Men deferred by the Selective Service for physical reasons and women who would be trained to do necessary civilian work now and in the post-war period under this plan, Elliott explained.

He stated that the proposal would in no way mean a federal dictatorship of education, but rather it would be an insurance that the manpower needs of the country would be filled.

Although Elliott revealed the plan in his testimony before the House Military Affairs Committee, the War Manpower Commission has not yet asked Congress to authorize and appropriate the necessary funds to carry out the program.

### IMPORTANT INFORMATION FOR WAR STAMP HOLDERS

"When you buy me—whether I'm a 10¢ War Savings Stamp, or one worth 25¢, 50¢, \$1, or \$5—you do a patriotic service. And your money goes to help Uncle Sam immediately."

"Be—be sure your money goes to work for Uncle Sam and you—do it. Get 9¢ for every \$5 you put in—a 33 1/3% increase on your investment when the Bond matures. The safest investment in the world!"

"Do it by filling up your War Stamp Book quickly—and then converting them into interest-paying War Bonds!"

## GLEANINGS

**Cold weather and chatter** We are speaking to you this week from our own little vine-covered igloo. The second shift of the ice crew just went home. They refuse to chop any more ice off our typewriters without an increase in salaries. We begged and pleaded, but, alas, their faith in humanity has been shaken. Well, can we help it if this Jap Zero weather has suddenly descended upon us?

Dick Mahone must have been quite bewildered Monday when his girl called up to thank him for the box of candy that some boy from Wake Forest was responsible for! It's wedding bells for Burton Sides tomorrow and ditto for Larry Golding and his New Jersey chosen one on March 7th. Congratulations to both. That's one epidemic that just can't be checked! And so—the tide moves on....

**More chatter and stuff** We wonder why Bill Barton has been looking so dreamy-eyed of late. Could it be that certain little girl at Appalachian? Someone told us that ever since he sent her one of the *Watagan* issues she has been sweeter than ever, but I personally think that this someone meant one of our TECHNICIANS!

Third floor *Watagan* echoed with the sounds of great celebration Monday night. There were fire crackers and everything, so it must have sounded like the fourth of July. (We wouldn't know, because all we know is what we hear from the mob.) All we know is that Lewis Cameron was supposed to be the one celebrating before going into the Air Corps, but O. H. Fagale and Phil Burch were more enthusiastic than he, so goes the story. It's a great life isn't it?

We wonder if Harold Sweet is still using that new kind of "chap stick" on his lips. It must be awfully effective.... Anyway, it seems to have the right effect!

Speaking of attractions, what is it that Winston-Salem has? We are indirectly asking John Semanik. Well, John? We are just curious, that's all.

**This explains meatless days** "Coach" Woody Jones and Coach Hickman certainly do go in for barbecue in a big way. Reliable sources informed us that they ate three last week on the way back from the Newport News wrestling trip. Now they have something to think about on meatless Tuesdays!

Olin Howard and some of the other ROTC boys who have been so diligently drilling the belles of Saint Mary's have been having a little trouble getting their charges to line up properly, but the report goes that they have solved their problem. We hope they have no more trouble.

Sullivan gaye us a new slant on the theory of transmigration in Comparative Religion the other day and we quote, "Don't kick a cow, it might be your grandmother!"

It's too bad that Pat Rogers couldn't get his prospective date to come to Raleigh for the Engineer's Brawl. Her name, by the way, is none other than Linda Darnell. (We wonder if he has a priority on the telephone!) Tough luck, old boy, and more power to you. The young lady consented, but her manager resigned.

**The week-end looks good** Engineer's Brawl tomorrow night. The dance band has been changed, if you haven't heard, from Sammy Graham to Johnny Mack. We know it will be top-notch fun, if all indications are true, so we'll see you there. From all accounts there will be a lot of good-looking imports here for the week-end. That good old Southern hospitality is really at work these days.

Did someone mention imports? So that's the reason Joe Swett has been beaming all over the campus every time we have seen him recently. Rumor has it that he's all excited about the girl he's having down for the dance this week-end. Now don't get confused, Joe, your brother Jim is a good guy, regardless of what everyone says about him! You have great potentialities yourself, my boy.

PARKER.

"CRUSH GUNS ON YOUR LEFT"

See the throat microphone?

## FIGHTING WORDS delivered by Western Electric Radio

Wherever American soldiers ride into battle in roaring "hell buggies," they get their orders over radio telephone sets. So do pilots of Army bombers and fighting planes—and the commanders of the Navy's deadly PT boats.

The Signal Corps needs great quantities of field telephones, wire and switchboards to get the message through. Aboard large naval vessels are battle announcing systems and sea-going telephones.

Sixty years of experience in making Bell Telephone gave Western Electric the "know how" to speed equipment that helps "keep 'em in contact."

## Western Electric ARSENAL OF COMMUNICATIONS

By EARLE HOLLIDAY

Next week will be the most important week in the winter intramural sports program as the semifinals in the boxing tournament, decisive games in the basketball sections, and the finals in the fraternity handball and the semifinals in the dormitory bracket, will be held.

Seven bouts in the boxing event will be held Monday night starting at 7:30 to determine the participants in the finals to be held the first of next month. The frat pugilists competing that night are Skinner, Morris, Daiton, Kelly, Fry, and Whitehurst.

Sigma Alpha Mu, gaining a berth in the handball finals by beating the squad from PKA, meets the five-man squad from SPE Tuesday night for top honors in the fraternity tournament. The dorm event has only advanced to the semifinals, and North Watauga plays third Becton, and second Alexander contests the winner of the first Burlington, third Alexander match in this bracket. The two winners will then fight it out for the championship and the losers play for third place.

Two of the most important games in the fraternity basketball league play occurs tonight when ALT meets SPE and Sigma Nu meets PKA. The first game will decide the winner in one of the sections while the latter fight will determine the runner-up in another division. The final dormitory and fraternity games will be played next week, as the season comes to a successful close next Thursday night.

In the dorm sections all have a definite leader except one where lower Syme and second Bagwell are tied. This will be remedied on the final night when the two teams play. Excluding the sections already mentioned, Sigma Pi, Sigma Alpha Mu, North Watauga, upper Syme, and Gold seem to be the set for the play-off.

The past week saw plenty of action on the hardwood as twelve tilts were run off. Most decisive of them all was the 41-12 trouncing third Alexander gave third Bagwell. Bobby Edwards was the big man on the court that night as he garnered 17 points. North Watauga also encountered little difficulty in smothering first Alexander 35-17 behind the shooting of Harold Sweet, and Barton.

Stilwell and Stinson collaborated under the basket in second Bagwell's game with second Alexander to pace the squad to a 30 to 8 triumph. Upper and lower Syme both continued on their unbeaten way when they took second and third Alexander by respective scores of 23-12 and 24-12.

ALT was the big scoring machine in the fraternity games as they thoroughly beat KA 26-2. Fulghum was the only member of the losing team to hit the basket,

while Dellinger led the victors with 8. On the same afternoon Sigma Nu won by forfeit over AGR, although the game was played and the AGR's won by one point 15-14. However, they used an ineligible player, Speight, who was the high scorer of the game, so the game was awarded to Sigma Nu. Kappa Sig had little trouble in putting down the quintet from AKFI 29 to 11 in their game as Miller rang up 12 points and teammate Kemmison made eight.

In the other game played Lambda Chi beat Phi Kappa Phi 18 to 7, while Delta Sig forfeited a game to PKA.

Basketball Schedule: Feb. 19—PKA vs. Sigma Nu. SPE vs. ALT. 23—1 Alex. vs. 1 Burlington. 2 Alex. vs. 2 Burlington. 3 Alex. vs. 3 Burlington. 4 Becton vs. Berry. 25—AGR vs. Sigma Pi. KA vs. Chi Sigma. Kappa Sig vs. Phi Kap. Phi. Lambda Chi vs. SAM. 26—1 Bagwell vs. N. Watauga. 2 Bagwell vs. L. Syme. 3 Bagwell vs. U. Syme. Gold vs. Fourth.

INTRAMURAL BASKETBALL STANDINGS

Fraternities: Sigma Pi 3, Sigma Nu 2, PIKA 2, Delta Sig 1, AGR 0. II: SPE 3, ALT 3, Chi Sigma 1, Phi Kappa Tau 1, KA 0. III: SAM 3, Lambda Chi 2, Kappa Sig 2, AKFI 1, Phi Kap 0. Dormitories: North Watauga 3, 1-Alexander 2, 1-Burlington 1, 1-Bagwell 0, 1-Becton 0. II: Lower Syme 3, 2-Bagwell 2, 2-Becton 1, 2-Burlington 0, 2-Alexander 0. III: Upper Syme 3, 3-Alexander 2, 3-Bagwell 1, 3-Becton 1, 3-Burlington 0. IV: Gold 3, Welch 2, Fourth 2, Berry 0, Becton 0.

Terrors Play Deacons Saturday

Techlets Whip Duke 43-37 In Final Game For Sweet Revenge

Fresh Show Decided Improvement Over Earlier Games of Season

Curtains fell on the freshman basketball season last Wednesday when Phil Dickens' squad beat the Blue Imps from Duke University 43 to 37 in a preliminary to the varsity tilt. The victory avenged the loss the Techs suffered in the first meeting of the two squads early in the season by a 55 to 38 score.

The freshmen jumped into the lead early in the game and they were never headed. Several times the Imps whittled the margin down, but each time the local squad rallied to keep ahead of the scrappy opposition. The half-time score read 16-11.

None of the Techs took a large lead in scoring as Henson and Neal got nine points each, and Owens and Schell were one point behind. It was the brilliant work of the two guards, Braxton Schell and Neal, that was largely responsible for the Techs victory, the first of the season. The ball handling and the ability to take the ball off the back-board of the foot was one of the high lights of the contest.

As the team played only four games this year, it was hard to form an opinion about the squad, but the performances in the last two games, when it had gained the experience that is necessary to any team, showed that the freshmen had definite cage ability that probably would have led to a successful season in normal times.

Andrews, Jones, and Trentham Entered In Indoor Track Meet

Southeastern Open Games To Be Held In Connection With Southern Conference Meet

Chapel Hill's Southern Conference indoor games to be staged next Saturday in Wolesen Gymnasium will see Andrews, Trentham, and J. C. Jones representing State College in the broad jump, high jump, hurdles, shot put, and dashes.

As was the case last year, the Southeastern Open Indoor Games will be held in connection with the Southern Conference event, and all the major colleges and universities in the south will be represented.

Among the big outside teams that have sent in entries are Navy, Alabama, Catholic University, Georgia Tech, and Virginia. The service clubs are headed by Carolina Navy Pre-Flight and the New River Marine base. Southern Conference entries to date include Davidson, Duke, Carolina, South Carolina, V.P.I., V.M.I., and Maryland.

Carolina and Duke finished one-two in the Conference championships last year, both indoors and outdoors, and will be the favorites with Navy in the Southeastern Open games. New River, the first outside service entry, has listed Lt. Don Boydston, former Oklahoma A. & M. star, who won the Texas Relays last year and who has high jumped 6 feet 9, or just a shade under the world mark.

The three fastest men in Dixie will hook up in the 60-yard dash—McIver Riley of South Carolina, Ed Ryckele of Georgia Tech, and Moffatt Storer of Duke. Riley is the Southern Conference champ, Ryckele holds the Southeastern Conference and AAU titles, and Storer has run the mile in better times than either, unofficially.

Mike Andrews, last year's one-man track team for Herman Hickman, will feature in the broad jump, shot put, and the dashes. Trentham, a transfer from Mars Hill, has entered the high jump, and J. C. Jones runs the hurdles.

TOURNAMENT WORKERS

Coach Leroy Jay wants to see all boys who worked at the Southern Conference Tournament last year in any way (selling drinks, programs, etc.) Monday at 4:30 in the gym.

SMARTLY TAILORED

PLAID PANTS \$6.95 FINE'S Men's Shop 201 Fayetteville St. Raleigh, N. C.

Cage Star

Leo Katkaveck, one of Coach LeRoy Jay's "starting sophomores," has been one of the best defensive guards in the conference this season. Assigned to men like Tommy Peters and Fritz Nagy during the year, he has held the scoring of these shooters to naught. In the past few games he has been one of the Terrors' leading point-getters also.

VMI Swimmers Here For Meet With Techs

Tankmen Without Services Of Bill Powell; Lost To Carolina

Coach Tom Hines' tankmen will be after their first win of the year this afternoon at 5:00 when they engage the swimmers from Virginia Military in the local pool. No admission will be charged for the event.

The local team received another blow last Tuesday when Billy Powell, one of the most outstanding freshmen on the squad and a leading point getter this season, received his order to report to Miami for the Army Air Corps. Powell has been swimming in the 220 and 440 yard dashes. He is the third frosh lost to the team this year, and it is getting to the point now that freshmen are about the only swimmers in the conference this year.

The only comparison that can be made between the two squads are their appearances against the powerful Blue Dolphins of Carolina, and the scores indicate that today's match should be close. Early in the season the V.M.I. squad lost to Carolina 66-19, and last Wednesday the Techs dropped a 64-19 1/2 decision to the lads from Chapel Hill.

Probably leaders for the visitors today will be dashman Carrington, distance swimmer McCall, and breaststroker Potts. All three have turned in some excellent races this season. Hines will have co-captains Bob Reynolds, who has looked exceptionally good during the past few games, Emil Hilker, and Parke ready to match these swimmers.

In the Carolina meet the superior Dolphins completely outclassed State during much of the meet, but Reynolds' performances in the 50 and 100 meter dashes were the shining spots of the afternoon for the State College hopes. He won both of these and was the outstanding man in the pool that afternoon.

These were the only two first places the Techs took, but the performances of Hilker in the backstroke, and Parke in the breast-

SOUTHERN CONFERENCE STANDINGS

Table with columns: Team, W, L, Pct. Duke 10 1 .909, Geo. Washington 7 1 .875, South Carolina 5 1 .833, Citadel 3 1 .750, William and Mary 2 .714, State College 6 5 .540, North Carolina 7 7 .500, Davidson 4 4 .500, Maryland 4 4 .500, V. M. I. 4 4 .500, Richmond 2 3 .400, V. F. I. 3 6 .333, Wash. and Lee 2 8 .200, Wake Forest 1 8 .111, Clemson 0 8 .000

stroke were creditable, and with a little luck both could have taken their events.

The State colors will be carried this afternoon by Hilker, Parke, Brown, Huddleston, Laughlin, McCabe, Bailey, Reynolds, Fry, Van Leer, Dammann, Gold and Fischer.

Wake Forest tomorrow night, but if they do, you can look for a wide open game with plenty of action.

Bernie Siek On top of all Coach Jay's worries is bed-ridden Bernie Mock. Siek with flu, Bernie was unable to play against the Blue Devils Wednesday, forcing Boger to stick to it for almost the entire game.

But State isn't the only outfit that has been hit hard by the Air Corps. William and Mary's high scoring Glen Knox, along with four others on the W and M squad, got the nod last week, and will miss the Conference Tournament.

Left with only six of the original squad, William and Mary is looking forward to hard sledding on Toumey week-end.

Carolina, Too Lost from the neighboring White Phantoms of Carolina is Jim White, center, who saved the day for the Tar Heels when they played Wake Forest in Durham. Lou Hayworth has left Carolina, too, and others will follow soon.

About the only Southern Conference team of any strength that hasn't felt the Air Corps' touch is

Cagers Close Season Against Arch Rivals

Mat Squad At Duke For Final Meet Today

Blue Devils Only Remaining Meet on Schedule Before Southern Conference Meet

Fresh from an encouraging 17-9 victory over the Naval Apprentice School in Norfolk last Saturday, the State wrestling squad will tackle Duke in Durham this afternoon, hoping to make it two in a row.

Snapping back from an early-season slump, the Hickman charges showed new life in Norfolk with Captain Teet Troxler leading the team by pinning his 145 pound opponent, Edwards, battling what was supposed to be the terror of Virginia, came out with a decision in his favor.

Although he was outweighed by more than forty pounds in his unlimited division scrap, Fred Wagener put up a terrific fight before the decision was awarded to the Naval Apprentice School by a particularly close margin.

Like all other athletic squads, the wrestling outfit has felt the call of the Air Corps. Freshman George Kerr, the only first year man to make the A squad, received orders this week to report to Miami Beach on February 25, and will not compete against Duke, nor in the Southern Conference meet on February 26. The most likely candidate to replace Kerr in the 175-pound class is Fred McGrath.

Duke, previously beaten by V.M.I. to the tune of 33-3, isn't expected to put up too much opposition, but the Blue Devils are always doing unexpected things, and Hickman may find his squad facing a vastly improved team.

Stallings, one of the three lettermen on the Red Terror squad, injured his shoulder when the Hickman charges met the Carolina Pre-Flight team for the second time, but he is expected to be in the lineup when the team meets Duke today.

Duke Leading League; Terrors In Sixth Spot

Only Two Weeks Remain Until Conference Tournament, March 4-5-6

With only two weeks remaining until the Southern Conference tournament gets under way in Memorial Auditorium on March 4-5-6, Duke's powerful Blue Devils are in the top spot for the second straight year with a 10-1 record.

The Dukes added two more victories to their string this week when they decisively beat two Big Five squads, State and Wake Forest, and only one team, Carolina, stands in their way from here on out.

Excluding last night's games, which included tilts between V.M.I. and William and Mary, South Carolina and Wake Forest, Davidson and The Citadel, George Washington, South Carolina, and The Citadel are trailing the leaders with just one loss to blotch their record.

William and Mary and State College are holding down fifth and sixth places while four squads, Carolina, Davidson, Maryland, and V.P.I. have 500 averages to round out the first division. The only other team that has a chance of gaining a tournament berth is Richmond, having a 2-3 record.

Despite the loss State still rests in sixth place in the conference standings, but a loss to Wake Forest could drop them into eighth, along with Carolina, Davidson, Maryland, and Virginia Military. However, all of these still have league games, and thus some will probably drop from this. A win tomorrow would assure the Terrors of a position in the tournament.

The game will be a Wake Forest home game as their gym has been taken over by the army and all of their games have been played in out of town locations. Admission will be charged State students the same as if the game was being held at Wake Forest.

Maybe even Duke when it comes to building a team of such material.

Baseball Is Shaky It's hard to see how Doc Newton is going to operate a shadow of a baseball squad this spring. What there is left of last year's team isn't too sure of being here past March, and you can't make any definite plans on that sort of information.

As far as we can see, it's all up to the Army and Navy to keep athletics alive here on the campus. Judging from the Pre-Flight teams we've seen in action, the services are capable of putting on a good show when so inclined.

It's all yours—Uncle Sam.

### Chairman Paul McNutt Says Colleges Vital To U. S. War Effort

Stresses The Importance Of Colleges In Terms Of National Service

Until recently it would never have occurred to college students to think of themselves in terms of manpower, War Manpower Commission Chairman McNutt told the mid-winter graduating class of Haverford, January 30—but, he said, they were like the man who was speaking prose and didn't realize his accomplishment.

A digest of Mr. McNutt's speech follows: Until recently it would never have occurred to college students to regard themselves in terms of manpower.

The term is more frequently associated with the masses of workers employed by large-scale industry than with the fortunate minority of carefully educated individuals whom the colleges induct into professional and managerial life. So when you were registered for the national service you may have experienced something of the surprise of that character in Moller's story who discovered that he had been talking prose without realizing his accomplishment.

Your government regards you as important, whether you are leaving college for the military or for other forms of national service, because of the exceptional training opportunities which you have had.

It is very important that popular faith in the value of our colleges, and in the quality of their students, should be sustained. For in the grim days that lie ahead there will be no place in our society for institutions which fail to render national service, and consequently no place for students who give the lie to that proud designation by wasting the borrowed time provisionally placed at their disposal.

From now on the colleges must, while maintaining standards, increasingly accommodate themselves to the pressures of total war.

The larger educational institutions, with facilities for housing, feeding and teaching large numbers are naturally and properly being called upon more largely than others, although by no means exclusively, to accommodate the specialized training units which the Army and Navy are setting up.

A number of the smaller colleges, because of special facilities or exceptional standards, have been selected for particular forms of service lying outside the general Army and Navy plan. Haverford, I know, will in a few days start the training of a unit of pre-meteorological students, destined to become weather officers in the Army Air Force. But what about those colleges, with standards no less admirable than your own, which are outside the general Army and Navy plan and are also

### Orchestra Concert Large Crowd Hears

Before a large audience, the State College Orchestra, augmented by several outstanding Raleigh musicians, presented a symphony concert in Pullen Hall Sunday afternoon.

Opening with the Star Spangled Banner, the program included Mendelssohn's Overture "Athalia," written for Racine's play. This was followed by the Symphony in F Major by Karl Dittersdorf, a contemporary of Haydn.

Seymour Olanoff, freshman in Electrical Engineering, then entertained the audience with his brilliant performance of two movements of the difficult violin concerto, Symphonie Espagnole, by Lalo. Mrs. Lillian Parker Wallace played the accompaniment on the piano.

The next number by the orchestra was "Within the Walls of China" by Katherine Lively. The final number was the Czech Rhapsody by the modern composer, Jaromir Weisberger. As an encore, the orchestra played the familiar "To Spring" by Grieg. The orchestra was conducted by Christian Kutschinski, who announced that two more concerts are scheduled in the near future, one by the Glee Club on February 28 and one by the Band on March 7.

ive help from the small Liberal Arts colleges. But we do expect important qualitative assistance, both for the preservation and improvement of our own way of life and for the eventual establishment of a better international order.

### Mexican Teachers Are Guest Of College In Y

Mexican English Teachers Inspect Classes; Campus Leaders Serve As Guides

A group of 10 Mexican English teachers enrolled in special studies at Carolina inspected State College last week and were shown over the campus by a group of campus leaders.

Dr. L. E. Hinkle, Head of the Department of Modern Languages here on the campus, arranged the program for the Mexican guests of the day. The morning itinerary included a call on Governor Broughton and Dr. Clyde A. Erwin, State Superintendent of Public Instruction, a visit to Hugh Morson School to inspect English classes, and an observation of the General Assembly performance.

The Mexicans were luncheon guests of State College, with Dr. Hinkle presiding. The visitors were greeted by Col. J. W. Harrelson, dean of administration, and the response was given by Dr. S. E. Leavitt, director of the University's Inter-American Institute.

Prior to the luncheon, the teachers were received in the lobby of the Y by Mrs. Harrelson, Mrs. Hinkle, Mrs. E. S. King, and Mrs. A. C. Hall. The guests were Maria Elena Aleman, Luis Cardoza, Yolanda Cordero, Jorge Espino, Luis Gutierrez, Armando Huacuja, Ra-

**DO YOU KNOW THIS?**  
Your book of War Savings Stamps—even though full—pays you no interest, unless you turn it in for War Savings Bonds. For it is only the bonds which bear interest!  
If you have a full book now, every day you wait costs you money!  
**BONDS SOLD HERE**  
So hurry to the nearest Post Office today and convert your full War Savings Stamp books to U. S. War Savings Bonds.

Q. Can Stamps of various denominations be placed in one album?  
A. More than one denomination in an album greatly increases the work and cost of redemption. Please, therefore, don't mix denominations.  
Q. May a minor designate a co-owner or beneficiary?  
A. Yes, if the purchase is made by the minor from his own wages or earnings.  
Q. Do I lose my investment if my War Savings Bond is lost, stolen, or destroyed?

By GB Crockett.  
A. No; upon satisfactory proof of loss or destruction, the Treasury Department will issue a duplicate, usually without requiring a bond of indemnity.  
Q. May I register the name of a beneficiary on a Bond without his knowledge?  
A. Yes. Records of War Savings Bonds are confidential. It is not necessary for the Treasury to contact the beneficiary during the owner's lifetime. Only individuals may be named as beneficiaries. No associations, churches, or clubs may be so named.  
Remember—the longer you keep War Bonds, up to 10 years, the more valuable they become.

### Merry-Go-Round

This "one-man" merry-go-round, part of Penn State's "a u t o l a b" equipment, demonstrates how distribution of weight affects the speed of a whirling body. The swivel chair is set in motion and as the occupant pulls the weighted levers towards her, the rate of rotation increases sharply. Betty Christman is in the driver's seat.

**One Hit . . . No Score** — George Pastushok bats out what might be called a one-bagger as he slams the ball out of the hands of opponent Dick Fromm (56) of Tennessee, as Dick was about to shoot for the St. John's basket. St. John's won the game 52 to 41.

The Zone

— where cigarettes are  
judged

The "T-ZONE"—Taste and Throat—is the proving ground for cigarettes. Only *your* taste and throat can decide which cigarette tastes best to you...and how it affects your throat. For your taste and throat are absolutely individual to you.

Based on the experience of millions of smokers, we believe Camels will suit your "T-ZONE" to a "T." Prove it for yourself!

**Students Teach Troops Three R's**—Members of the Education Society instruct troops of the Second Battalion in reading, writing and arithmetic in a college classroom. One of a long list of offerings to the neighboring troops (included are sciences, advanced English, math and foreign languages) courses like this were started last year by the CCNY Education Department. Classes, held every day, are tutored by students and faculty of the CCNY School of Business. Troops also may use the college's gym, pool, library and laboratories.

★ **Voice for Victory—Make Your Pennies Speak!** ★

The opening gun has been fired to start the National Collegiate Bond Queen Contest, sponsored by your student newspaper in conjunction with Associated Collegiate Press and Collegiate Digest. All purchases of War Bonds and Stamps made on or after February 15 may be counted as votes according to the contest rules announced in your paper.

Winning queen on your campus will be judged with those from other colleges participating in the contest. A \$50 War Bond will be awarded to the winner of the national contest.

Every penny you spend for War Bonds or Stamps will count as a vote for your favorite queen and a slap at the Axis! Start buying regularly NOW!

## WATER COMMANDOS

Everything from the basic back float to the technique of swimming under water to avoid blazing oil patches or to escape from the cockpit of a submerged plane was offered recently as the latest phase of Brown University's physical fitness program.

The course is designed to increase the service man's chance of survival in the water in case of mishap and to give the men technical advantages of ready mobility in the water. Starting with regular swimming fundamentals, students eventually are able to swim, tread water or float with a 10 lb. length of pipe simulating a rifle while fully clothed. At the end of the course tests were given to determine their skill as "water commandos."

Providence Journal Photos

Trust in the sidestroke but keep your powder dry. In the two pictures above Brown commandos demonstrate the technique of swimming with a rifle. Swimmer must not make any noise for he may have to do this approaching an unfriendly beach head.

These students are demonstrating the use of the Franklin emergency buoy which can safely support six men. The two tubes on the sides are automatic warning signals which are set off by the action of sea water.

Swimmers must avoid blazing oil patches or escape from the cockpit of a submerged plane.
