May Frolics Set For Next Week

Redcoat Band Gives Annual Spring Concert

The Redcoat Band, under the direction of Major Christian Kutschinski, presented a concert to the public last Sunday afternoon at the base of Memorial Tower. The organization has been doing fine work all year in spite of the inroads made on its members by the draft and other agencies.

Although there were only 21 of last year's musicians back last fall, Major Kutschinski succeeded in swelling this number to a total of 65 by recruiting new freshmen.

A vocalist took the spotlight as soloist last Sunday for the first time in several years, as Miss Ruth Kutschinski, daughter of the band's director, consented to sing in response to numerous requests.

Miss Kutschinski is a freshman at Meredith and last Sunday's performance was her first as a soloist with an instrumental group, though she handled it beautifully.

The program was: "March of Time" (Richards); "The Scarlet Mask" Overture (Zamecnik); "The Fighting Quartermaster Corps" (Waring); "America Marches On" (Bromberg); "Roll Tanks, Roll" (Waring-Dolph); vocal solos: "Somewhere a Voice is Calling" (Tate), and "Love Sends a Little Gift of Roses" (Openshaw), Ruth Kutschinski, soloist; "Marche Militaire Francaise" from "Algerian Suite" (Saint-Saens); "Star Dust" (Charmichael); "The Typhoon" (March); "Yule-Kutschinski"; "Song of the Bombardiers" (Jerome); "Flying Cadets" (Keller); "Strike Up the Band" (Gershwin); and "Hallelujah" from "Hit the Deck" (Youmans).

Class Officers

Marshall E. Propst, Jr., of Charlotte, and R. E. Wooten, of Raleigh, received a tie vote for president of the incoming Junior Class at State College in an election held last week, it was announced by H. F. Dade, assistant dean of students.

A run-off election to determine the new president will be held next Thursday when additional class members will be present, Dade said.

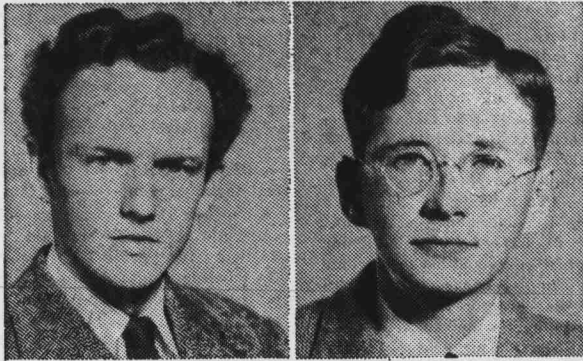

Officers who were elected are R. W. Kennison, Jr., of Raleigh, vice president; J. W. Fouts of Lexington, secretary; and Clyde A. Dillon, Jr., of Raleigh, treasurer. Student Council representatives will be George C. Fuller of Gastonia; Herman Barrier of Lexington; and Kennison.

Thanks!

State College students and faculty members raised \$3,032.64 in the recent Red Cross fund-raising campaign, it was reported by Professor W. N. Hicks, head of the Department of Religion and Ethics and chairman of the drive on the campus.

The collection—the largest ever made for the Red Cross at State College—is "very gratifying" in view of the fact that the civilian enrollment at the College is much lower than it has been in recent years, Professor Hicks said. Professor Hicks expressed his "heartfelt appreciation for the generosity and diligence of every contributor and worker."

New Officers

ROGER POOLE

ROBERT ZACHARY

VERNON POE

HORACE E. LUPTON

Recently-elected officers for the spring term of the State College Chapter of Eta Kappa Nu, national honorary electrical engineering fraternity, are pictured here. They are Horace Lupton of Bayboro, president; Vernon Poe of Apex, vice-president; Roger H. Poole of Greensboro, secretary; and Robert Zachary of Charlotte, reporter.

Ex-Extension Editor Pays College Visit

Results achieved by the armed services through their visual educational programs will cause the wide application of visual techniques in the curricula of high schools and colleges after the war, in the opinion of Lieut. (jg) John W. Fox, USNR, former assistant editor of the State College Agricultural Extension Service.

Lieutenant Fox returned to Raleigh last week after 10½ months service in the Alaskan Sector, and he visited friends at State College yesterday. He has already left for an assignment in Norfolk.

Fox said that he was "greatly impressed by the value of visual education" and that the Navy has found "that men can learn twice as much in half the time through the use of films and other visual aids."

The former State College journalist served in the Alaskan Sector as training film distribution officer for the Navy. After leaving the States, Fox was sent to Dutch Harbor in the Aleutians and later he was assigned to Adak, further west along the Aleutian chain. From Adak he went to Alaska. His duties included the distribution of both training and morale films and the loaning and servicing of 16 mm. motion picture projectors.

In his future assignment at Norfolk, largest of all of the Navy's training film distribution centers,

Lieutenant Fox will do the same type of work as he did in Alaska and the Aleutians with the "exception that emphasis will be placed on strictly training films whereas morale films were about of equal importance."

Equal consideration was given to the morale phase of the program in the foreign areas "due to the inactivity of the sector and the monotony resulting from the miserable weather which kept the men indoors." Essential work forced the service men to be out in "the rain, fog, snow, sleet, and terrific winds," according to the young officer.

Upon his arrival at Seattle on April 3, Lieutenant Fox found that he had been promoted to the rank of full lieutenant while enroute from Alaska, but he said that he must await his formal advancement until reporting at Norfolk at the end of his leave. However, pay is retroactive, he asserted.

The officer said that he saw quite a number of State College alumni during his service out of the States. He also came into contact with a large number of Navy officers trained at the State College Diesel Engineering School. Skippers say that the men trained at State College in Diesel Engineering are

(Continued on Page 4)

Fields Will Furnish Music For Saturday Set

Student Elections To Be Held Next Friday

Nominations Must Be In Dean's Office Today

War-time student elections will be held on Friday, May 12, it was announced by Hugh Murrill, president of the Student Body.

Officers for next year's Student Council, Interfraternity Council, and Y.M.C.A. will be elected at that time. All nominations must be turned into the dean's office not later than today so eligibility may be checked and ballots printed.

Polls at the "Y" will be open 9:00 a.m. to 5:00 p.m. on election day, and all regular civilian students are eligible to cast their vote.

In the campus-wide elections last October Hugh Murrill was elected president of the College Student Government Organization, defeating Edwin Cox, who has since been graduated.

The primary last fall failed to give any candidate for president a majority so a runoff was needed, and Murrill took the post by a count of 117 to 62.

The election was held last fall because all those officers who were named last year to serve this year were called into service and the Student Government was without officers when the current school year opened.

If a majority is not attained in the coming primary the final election will be held at the same time and place, Thursday, May 18.

In the last election only about twenty per cent of the student body cast a vote. It is sincerely hoped that there will be a much better showing at the polls next Friday.

No one will force you to vote; but it is your privilege to come to the polls and cast a ballot for the man you think best suited for the office.

Ex-Editor

JOHN W. FOX

Lt. John Fox, pictured above, has recently returned from nearly a year's service in the Alaskan theatre. Lt. Fox was formerly assistant editor of the State College Agricultural Extension Service.

Both Functions To Be Formal; Expect Large Turnout

With the Faculty Council approval of plans for May Frolic dances it was announced by John Culp, chairman of the Dance Committee, that the set would consist of two formal dances and an informal tea dance.

Negotiations are under way to sign Jim Fuller, local organization, to furnish music for the Friday night affair, while it was definitely announced that Ernie Fields, renowned colored band, will play for both the Saturday afternoon tea dance and the grand blowout Saturday night.

Although he is comparatively new in this section of the country, Fields has completed successful engagements both in the West and North. He was lately booked at one of the leading night clubs in Minneapolis. Fields has been hit hard by the draft but he has succeeded in breaking new men into the combination.

The Friday night affair will get under way at 8:30 and will be formal. Both the night affairs this term will not terminate until 12, although college dances for quite some time have been over at 11 to conform to the transportation emergency.

It has been the practice in the past to have spring term dances during or just before exam week, but this set will be termed May Frolics instead of finals. The dances will be open to all civilian students and to fraternity men stationed on the campus in some Army or Navy program.

The tea dance will be from 4:00 until 6:00 and will be informal.

Featuring the Saturday night affair will be a figure consisting of the council members and their dates.

Non-fraternity men may secure block bids from any one of the active fraternities on the campus; but the bids must be signed by the president of the chapter and no bids will be available at the door. The cost to non-fraternity men will be: Friday night, \$1.50; Saturday afternoon, \$.75; Saturday night, \$2.00. (All prices do not include tax.)

There is a strong possibility that this will be the final set of dances this campus will see for quite some time, as no arrangements have been made for social functions during the summer term.

The major reason for having this set earlier than in past years is so the dances will not conflict with study for exams and so the entire student body will be here. Poor attendance in the past has been partially attributed to the fact that many students had already left for between-term vacation.

For many years it has been said that this school had some of the best dances to be found in the state; so let's do all possible to keep up that reputation in spite of the fact that our dance budgets have been greatly reduced. It is disheartening for the Council to plan and work for a dance and then have only a handful there. Therefore, everyone should plan to come out next week and enjoy themselves.

the Act of March 3, 1879.

Do Your Part

During the past year politics have failed to arouse much interest on the State College campus. In the last student election only about twenty per cent of the student body cast a vote. It is the duty of every student to take part in these campus elections. State has always been known for its excellent school spirit and past elections have been, to say the least, colorful. College is not all books but also a place where future citizens are trained.

It is the feeling of many upperclassmen that this year's freshman class has failed to support extra-curricular activities as previous classes have done. We of The Technician staff wish to urge every State man to take advantage of his outstanding privileges.

ATTENTION STUDENTS

Room Assignments Will Begin May 1, 1944

This notice regarding dormitory room assignments for the next school year 1944-45 should be read carefully by each student.

1. For the Summer Session, Watauga, 4th, Gold, and Welch dormitories are reserved for civilian students.

2. Because of the rapid changes in the Army program at the College, it is impossible, at this time, to definitely state which dormitories will be available for civilian use in September. However, we will have plenty of rooms available, both for the summer term opening on June 5th, and the fall term opening on September 19th.

3. A prospective student should fill out the room application without indicating any room choice. He can indicate the price room desired, and the College will then make an assignment of the most desirable room available at the time room assignments are made.

4. A student planning to enter college on June 5th should come, regardless of whether or not he has received a definite room assignment. A student entering in September will not receive a notice concerning an assignment until sometime in August. Any request for an adjustment will be granted if possible.

5. Wellons' office will remain open from 8 a.m. to 5 p.m. on all week days except Saturday when it will close at noon.

T. T. WELLONS,
Superintendent of Dormitories.

GLEANINGS

Another deadline and no Gleanings—so we take our seat and try to coax our battered typewriter to give out with the dirt—dirt that will get by the ed's easy on the eyes censor. With an inspiration like that we could write too, Dick! . . . Not to be outdone by their neighbors across the street, the gentlemen of 2514 Clark investigated the regions outside of Raleigh last week-end. That fellow Ennett, who rooms with Termite, really must have quite a line for use on busses. How about it, Sibyl? . . . What's this we hear about those over-anxious GI's at Peace not so long ago? That is an interesting subject which the censor will not permit us to disclose.

An open letter to that co-ed who is always swishing about for publicity—If handsome Mac won't give you a date the first time, why don't you ask him again? After all he is a busy guy and a gal can afford to wait for a real man these days. . . . The caucus at the Greek's is at it again. This time they are betting on "D" day. . . . The Students Supply Store is really changing its staff these days. Becky has gone, but never worry, Mr. Ivey has a replacement—Miss Frances Cutchin. We will make no comments nor recommendations—just go by and look with your own eyes. . . . The campus grippers will have to shut up now that the date for the Finals has been set. Since the Junior-Senior was abandoned this year, Finals will have a big spot to fill. So all you wolves better brush the moths out of the dance duds and get ready to make an evening of it May 13th.

One of our architectural co-eds just changed ensigns in midstream. There is an old saying which compares love to a flame. The new ensign does his "burning" very "mechanically." Will it burn diesel oil, Kay? . . . The rush is on down at the Little Theater. All visitors are asked to tread lightly, and we also wish to remind you of those &?%)@!b¼ iron bars out in the middle of the garden. . . . This column would like to know what the heck a park is for if the visitors are not allowed to sit on the grass. We are referring to the incident down in Pullen last Sunday afternoon when the Raleigh police refused to allow anyone to relax on the grass. Could it be that the Raleigh police are just trying to show some authority at last?

Horne wants it known that he also bowls on Tuesday night. Last Tuesday Charley was challenging the Meredith gals in shifts of three—Watta man! . . . Congratulations to Fred Fletcher, but here's hoping Junior doesn't go on the air. ONE IS ENOUGH! !! The thing we like about Fred is that he isn't bragging about the kid. . . . All good things must come to an end. So we won't stop here.

There are two of the most beautiful girls eating in the Town House these days! Interested parties could probably catch them there about 1 o'clock any afternoon. Rumor has it that they're Meredith day students, but we've been just too bashful to find out for sure.

Glad to see the Mop-up has a new girl behind the fountain. Anything is an improvement. . . . The "Casino" is still very much in operation. From all reports it has developed into an all-night pastime for some.

From all indications the elections this year are going to be as sluggish as so much molasses. It sure would be good to see just one more of those hot campaigns again. Those candidates of yesterday sure were liberal with their smokes.

Does anyone know when Pullen Park pool will be open? . . . If it doesn't open soon we shall be forced to take a dip in the new fountain in Ag Court. . . . Speaking of dipping in the Ag Court Fountain we hear that the "other half of Clark Avenue" has been doing just that. Sounds like some of the much-heralded Mr. Lyerly's work.

Has everybody got their date for May Frolics? If not, you had better get on the phone—cause competition is going to be plenty tough about next Wednesday . . . and we hear that this will be the best dance set of the year.

It's going to be fun when the PiKA hair begins to turn back to its natural color. . . . It always is so pretty. . . . There was an abundance of mattresses out on the lawns in front of Fourth, Welch and Gold Halls last week. Just wait until Mr. T. T. sees them. It should be worth about two paragraphs of Blue Bulletin copy.

If this dribble don't fill up the surplus space, we give up.

—STAFF.

SHARPS and FLATS

By HOWARD KADEN

The May Frolics are once more upon us, and judging by the latest reports, the affair seems to be quite promising. Although Ernie Fields is not very well known around these parts, his outfit will bring to us some of the best music we have heard in a long time. The band has been touring the West, and they have made a very good impression on the people there. A colored band has been very rare at State, and we hope that the Fields aggregation will prove that they can give us the good music they are noted for.

From the stories that have come through from Hollywood, it seems that we shall be seeing many more bands in the not so distant future. Kay Kyser and his band are set to do a picture for Columbia, and Jack Teagarden is on the cast at Universal. Not to be outdone, MGM has signed Guy Lombardo and Tommy Dorsey, while Charlie Barnet will be jumpin' for RKO.

Columbia has come out with a new album for you Latin-American fans (especially that one Mexican lad here). The name of the album is "Xavier Cugat's Mexico." All the tunes in this album are exceedingly popular in their native land; in fact, they are practically folk tunes. Cugat's interpretations are sufficiently authentic to make this set a must for anyone interested in Mexican music.

Some new releases that are quite good are Perry Como's "I Love You," and on the reverse side, "Long Ago," and "Sure Thing" and "Suddenly It's Spring." Both of these discs are all that is needed for that Saturday night dancing session. Perry does a good job on both of his vocals, especially on "Long Ago." Eugenie Baird, that attractive young thing, has finally proved that she is on her own way to the top. On the Hot Jazz table, we have a new release on the Commodore label by Wild Bill Davidson and his Commodore Boys. They are "Panama" and "That's A Plenty." Wild Bill's driving horn and George Brunis' tremendous assurance combine to make this the finest Commodore platter yet. Two twelve inch sides of real jazz like that is enough to set anyone jumping. "That's A Plenty" is given a forceful, uninhibited performance, with Brunis punching out some great ensemble trombone from the start. "Panama" is terrific, played with the same force and spirit. What a record!

A Greek Speaks

By FRED PAGE

Yes, yes . . . it's still in the air. And does it show all over this fair burg. People wandering around as if they were completely lost, and most of them are . . . poker games in full swing . . . St. Mary's belles all over the campus . . . budding politicians strutting their stuff . . . heavy thinking up on Horne St. . . . all point to SPRING. But, oh, they're mistaken . . . it's summer, now.

Next week's headlines in the N. & O.: Gambling joint raided in surprise move by city cops, er something . . . anyway the "casino" is running as strong, if not stronger, than ever. Victims of the syndicate swear that the same guys win all the time, and they CAN'T understand it. Shall we tell them or just let them guess?

The boys on Horne . . . just call them fast workers . . . are all set for certain forthcoming events of campus wide import. 'Tis rumored that their machine has been brought out again, the necessary repairs have been made (?), and the old thing is hoping to run without opposition. Well, could be. It seemed to work half-heartedly Tuesday night. Those ties Michie wears are definitely made at the "Mill." The commander of the Tompkins Commandos publicly announced that he and all other self-respecting lint doggers had absolutely nothing to do with those atrocities. People say those things get the women, but oh, what women!

The permanent resident of the Toddle House sure had a good looking woman last week. We wonder where he found her or vice versa. It must be the car. . . . Nope, nobody pulled our chord, Keith. One Boney, William J., has been awfully quiet lately. We know for a fact that the SPE's haven't given out of money. . . . If the head of the Carpenter family has returned, and we hope he has, it is our desire that he be given several oral and written reports of his son's behavior. We hear that Sleepy Perry and Keith Almond are most qualified to give the correct facts about the case. Let the witnesses speak, too. . . . He's ruined by now.

The Sigma Pi's pledges seem to be having a time of it. The things those boys can think up for those poor, innocent, young things to do are absolutely horrible . . . and all in the house, too. Monroe must be the head devil . . . within his warped mind, any thought may be found. Just ask the pledges. Of course the whole campus knows just why those thoughts occur . . . he was CATCHING in a softball game one fine day, when lo and behold, the ball was stopped by his head instead of the mitt. Well, it's reasonable, isn't it?

There is some doubt in the minds of the authorities as to the condition of one Richard Gant. All consulting specialists, with the exception of those from Chapel College, agree with our own in saying that it is absolutely and positively dead. Those from the "Hill" say that they have seen hundreds of such specimens and that the only cure to be found is a four-year liberal arts course at Carolina. Many well wishers have expressed their willingness to finance such an excursion for said Gnat.

Sports Roundup

By DON SAPP

The next Wolfpack football schedule will probably have on it Virginia, VMI, Richmond, Wake Forest, Wm. & Mary, Miami, Clemson, N. C. Preflight, and possibly Davidson. These opponents aren't powerhouses and the 'Pack should win more games.

State College has plenty of color and tradition in athletics. Back in 1920 our football, basketball, baseball, and track teams were something to behold. State walloped the best of them in those days. The Navy grid eleven was upset 14-7 in Annapolis. Big Five honors were copped by the 'Pack when Carolina was bowled over 13-3 by them. In commenting about the 8,000 fans who saw this contest, an old Agromeck stated, "This crowd will go down in history as the largest to ever see a football game in N. C." My, how times have changed! "Shorty" Lawrence starred in both football and track in those days. Today he is an insurance man in Raleigh and is one of the most active alumni members of State College.

The reason Carolina hasn't hired a football coach to date is that Pres. Frank Graham doesn't ap-

prove of the idea of a coach making as much or more than himself. The alumni are anxious to put \$10,000 or \$12,000 on the line each year for Carl Snaveley's game-winning magic. Don't be too surprised if Prexy Graham's salary isn't raised higher than the demands of Snaveley so that the latter may be hired. Many colleges have done such things before.

Bob Bryan, who did some fancy fielding at first base last season for the Red Terrors, is playing for the U. of Virginia this spring. . . . If Congress decides that college 4F's should be drafted, then all sports at this college and many others will be out for the duration. . . . Wake Forest may have the best football team in the state next fall. "Peahead" Walker is scrapping every nook and cranny for miles around for men to make the Deacons unusually potent next fall.

Jimmy Wilson is leading the Ration League in triples and home runs. Of his nine hits through Monday's game, the S. Neck slugger had banged out 2 homers and 4 triples. . . . Willie Evans socked his first home run of his baseball career against Duke last Saturday. It must be those Wheaties that he has been eating.

A.S.C.E. Initiates

Six leading students at State College have recently been initiated into the College Chapter of the American Society of Civil Engineers, oldest national engineering society in America, it was announced today by Floyd P. Barnes of Henderson, president of the organization.

Purposes of the organization are to encourage progress in the field of civil engineering and to promote closer relationships between students and practicing engineers.

New members are R. H. Sauls, Chalybeate Springs; Chester S. Greatsinger, Crescent-Babylon, N. Y.; John L. Castleberry, Jr., Apex; Forest R. Hedrick, High Point; Robert C. Jones, Reidsville; and F. S. Seay, Reidsville.

Welch Walks Away With Dorm Meet

Terrors Drop Couple More Conference Tilts

Duke 8, State 2

Last Saturday Duke licked the Red Terrors on Doak Field 8-2. Eric Felton won his second game of the season over State as he subdued the locals with 6 hits and 2 runs.

Willie Evans led off the last half of the first inning with a home run over White's head. The Terrors' other marker came in the third frame when Edwards singled and Grandy doubled.

R H E

Duke	121	030	010	—8	12	1
State	101	000	000	—2	6	3

Preflight 8, State 6

Coach Newton's nine almost broke a losing jinx but not quite as they dropped a 10-inning battle against the Chapel Hill Preflight 8-6. In the Monday affair on the home field, Doug Page lost a heart-breaker when a pair of Navy runs came across on Willie Evans' two bobbles in the extra frame.

The Cloudbusters got five of (Continued on Page 4)

On Wednesday afternoon, April 26th, Fourth, Gold, and Welch dormitories sent teams down to Freshman Field to compete in the annual intramural track meet. The track team representing Welch dorm showed everyone that they were invincible as they surged ahead in almost every event there was on the program. All told they placed first in five out of the eight events and took first and second place honors in four events. They amassed a total of 48.5 points; while the Fourth and Gold dormitory teams could only chalk up 22 and 20.5 points apiece respectfully. Winning this meet makes Welch dorm eligible to compete against the ALT's, winners of the fraternity meet, on May 10th.

There was no particular star on the Welch dormitory team as each performer turned in a splendid job and proved his worth. Honorable mention should be given at this point to King, Fly, Tucker, Harris, Dixon, and Kendrick of Welch for their outstanding performances and scoring. Due credit should be given to Parnag of Fourth dormitory, who took first place in both the discus and the 12 lb. shot put. Winner of the mile run is accredited to Hollowell of Gold who covered the stretch in 5:48.7.

It might be said here that the dormitory meet could have been much better if there were more representatives in each event and if all dormitories could have sent a team down to the track the day of the meet. The events of the meet with the winners and their time are as follows:

One mile run: Hollowell, Gold; Maultsby, Gold; and Gilmore, Welch, tie for second. Time 5:48.7. 440 yard: Tucker, Welch; Kendrick, Welch; Woodlief, 4th; Butts, Gold. Time 61.7.

100 yard dash: Harris, Welch; (Continued on Page 4)

LT. FOX

(Continued from Page 1)
 "unusually well-prepared," Fox stated.
 "Biggest thrill upon returning to the States, of course, was being reunited with my wife," Lieutenant Fox declared. "After that, I enjoyed most the sight of trees after living in the barren, windswept, tree-less Aleutians, and also the pleasure of drinking fresh milk. Fresh milk is one of the few foods not available up there. The absence of any refrigeration program allowed us to have most fresh fruits, fresh vegetables, and meats."

Lieutenant Fox and Mrs. Fox, the former Miss Lena Kean of Birmingham, Ala., resided at 111½ Chamberlain before he entered the service.

GAMES

(Continued from Page 3)

their eight hits off Page in the initial round to collect four runs. After the first two men went out, a walk with an alarming barrage of one-base hits gave the opponents a sizeable margin.

Grandy's walk and a double by Allen made one for State in the third. The Terrors hopped on Burkewitz for three runs in the fifth when Evans singled, Allen reached first on a fielder's choice and Wilson hammered a triple.

With the score tied 4-all, State greeted Somerville with four hits and two runs to grab a 6-4 lead in the sixth inning.

The Navy got one run in the seventh and another in the ninth to tie the score. State put two men on in the latter frame but Somerville bore down to retire the side.

The Terrors showed plenty of power at the plate when they rapped two hurlers for a dozen safe blows. Lamb with three hits and Wilson, Allen, and Evans with two apiece, led the State batsmen.

Torpedo Sam

Alias "Tojo Sinker"... he never misses a thing... except of course his Chesterfields. But when he has 'em he shares 'em right down the line.

Keep sending him Chesterfields and he'll keep sinking Tojo... that's a winning combination for everyone.

And remember Chesterfield's
RIGHT COMBINATION
