Offices: 10 and 11 Tompkins Hall

Engineers' Council Officers

J. B. LAMBETH CLIFF SPRUILL, JR.

RICHARD JARRELL L. E. PAYSOUR, JR.

Shown above are the recently elected officers of the Engineers' Council, student governing body of the School of Engineering at State College, for the 1943-44 school year. They are: J. B. Lambeth of High Point, senior in civil engineering, president; A. C. Spruill of Goldsboro, senior in aeronautical engineering, vice president; R. K. Jarrell of Charlotte, senior in mechanical engineering, secretary; and L. E. Paysour, Jr., of Mooresville, senior in electrical engineering, treasurer.

Maj. Bonner Assumes Command Of 59th CTD

New Commandant Comes From Duties As Commander of 24th CTD At Davidson; Maj. Adams Assigned To Maxwell Field

Major J. L. Bonner has arrived at the 59th College Training Detachment at State College to assume his post as commanding officer. He replaces Maj. Carl W. Adams, who has been assigned new duties at Maxwell Field, headquarters of the Eastern Flying Training Command.

Major Adams, who has been commanding officer of the Air Corps students at the Detachment since the college unit was formed here last March, left Monday for his new assignment.

Major Bonner and Major Adams left Maxwell Field together in February to activate College Training Detachments at Davidson and State College respectively, and Major Bonner comes from the 24th CTD at Davidson to assume his new duties here.

Major Bonner, a native of Fort Worth, Texas, is a veteran of the first World War, and advanced through the ranks to Officer's Training School, and at the time it was known as Appliance School of Aeronautics at Georgia Tech. After receiving his commission, he

(Continued on Page 4)

Laughlin Elected To Head Junior Class

The results of the election of officers by the Junior Class have been announced by H. C. Murrill, president of the student body, who presided over the meeting of that group in Pullen Hall Tuesday.

R. C. Laughlin, Chemical Engineer from Tarboro, was chosen to head the third-year men, and serving with President Laughlin will be S. L. Purchess, vice president, and P. F. Woodside, secretary-treasurer.

Dr. Kirkendall Speaks On Marriage Subject

Lester A. Kirkendall, Ph.D., will speak in the college Y.M.C.A. auditorium at 7:30 p.m., Wednesday, November 17th under the auspices of the Y.M.C.A. on the subject, "What Counts Most in Marriage."

Following the lecture, there will be an open discussion period with questions from the audience being answered by Dr. Kirkendall. The lecture is primarily for State College students, but is suitable for mixed audiences.

Dr. Kirkendall has had wide experience as a writer, teacher, lecturer, and consultant, and is now a member of the staff of the North Carolina State Board of Health.

Ada Leonard Signed For Pledge Dance Set

Student Council To Hold First Meeting

The newly-organized Student Council will hold its first regular meeting in the form of a dinner-meeting tonight at the S. and W. Cafeteria.

The meeting will be in charge of Hugh C. Murrill, recently elected head of the student body, and several faculty advisors will be present, including Dean E. L. Cloyd and Prof. W. N. Hicks.

No definite program has been planned for the meeting, but several items of importance on the campus will be discussed including a possible revision of the Student Supply Store.

Public Lecture Series Begins In 'Y' Monday

General Information Manager of Southern Bell Discusses Post-War Plans

Kendall Weisiger, General Information Manager of the Southern Bell Telephone Company, will lecture in the Y.M.C.A. auditorium Monday, November 15, at 8 p.m., in the first of the series of free public lectures sponsored by the College Public Lectures Committee.

The subject of the discussion will be, "After the Conflict—What Then?" No admission will be charged and the general public is invited to attend along with the students.

Mr. Weisiger is a graduate of V.P.I., and is now serving his 43rd year with Southern Bell. He is a man of wide interests, mainly the conservation of human and natural resources, education, race relations, and post-war planning, and is the founder of the Rotary Loan Fund in Atlanta, Ga., which has helped 1,167 students attend college who would not have been able to do so otherwise.

Preceding his address to the students and public, Weisiger will speak to an informal gathering of all members of the faculty in the faculty club room in the Y.M.C.A. The informal meeting is scheduled for 5 p.m., Monday, and the topic of the discussion will be, "Education for the Coming Age."

Ensign Hill Sends Check for Agromeck

The Board of Publications office received a letter recently from Ensign Bob F. Hill, USNR, with a check attached for ten dollars.

In his letter he said, "This check for ten dollars is to pay for a copy of *The Agromeck*. The balance can surely be used by the publication in its budget, so use it and make no mention of it."

He also mentioned that his copy of the *State College News* is being forwarded to him and that "it gives him a very interesting entertainment."

Ensign Hill was graduated from State last March in Aeronautical Engineering, and was a member of the business staff of the *Southern Engineer*. His home is in Murfreesboro, N. C.

Student Legislature Meet Set For Today

Committee Meets To Agree Upon Resolutions To Be Presented During Two-Day Session

The Seventh Annual Student Legislative Assembly Meeting will be held at the State Capitol today and tomorrow, with approximately 150 delegates from 12 or 15 North Carolina colleges and universities attending.

The Assembly is similar to the North Carolina General Assembly with the delegates being divided into two houses, with each delegate being assigned a desk, just as the regular assembly.

The committee of foreign and military affairs of the Student Legislative Assembly held a public meeting to discuss and decide on resolutions, Monday, November 8, it was announced recently by Prof. E. H. Paget.

Paget is the founder of the collegiate Assembly, which brings together delegates from many nearby schools, and is professor of forensics at State College.

The meeting was sponsored by Prof. Paget's adult extension class in Public Speaking, and A. M. Parker acted as chairman of the meeting, with W. J. McKethan and Mrs. Inezga Pickett serving as secretary and chairman of the speakers committee, respectively. Prominent citizens of Raleigh were there to express their opinions on the proposed resolutions of the committee.

Some of the topics discussed were: the adoption of the Moscow agreement; the acquisition of permanent airbases in the Atlantic and Pacific; and an agreement between leaders of the Republican and Democratic parties to keep foreign policy from becoming an issue in the 1944 presidential campaign.

"In the past, State College committees have had an amazing record of anticipating what should have been done in military and foreign affairs," Prof. Paget said. In 1937, the committees passed resolutions

urging the immediate construction of a two-ocean navy, a large fleet of at least 10,000 military airplanes, and 10,000 tanks. They later called for the abandonment of the Cash and Carry Law, and the early adoption of the Lend-Lease agreement with all possible aid to Great Britain. Early in 1941, the group called for an immediate ultimatum to Japan, giving her 24 hours to agree to begin an immediate evacuation of China.

At the same time, said Paget, the committees called for a declaration of war against Germany, instead of waiting for Germany to choose the time for its inevitable declaration of war. These resolutions follow closely the events as they actually occurred later.

State College students giving reports on the resolutions at the committee meeting were David Maxwell, Richard Duncan, Bruce Blackmon, James Spence, Fred Pratt, L. A. Mann, Ralph Arbib, Grayson Smith, and Thomas Pratt.

Gupton Plays For First Of Dance Set

Leonard Features All-Girl Combination; Gupton Organization Composed Of Local Professionals

With the signing of Ada Leonard and her "All-American Girl Orchestra" and Herb Gupton and his Orchestra, plans are practically complete for the annual Pledge Dances, it was announced recently by Ed Cox, chairman of the dance committee.

Pledge Dances, which are sponsored each year by the Interfraternity Council, are scheduled for November 19 and 20, and will consist this year of three dances: Friday night, Saturday afternoon, and Saturday night.

Ada Leonard and her "All-American Girl Orchestra," who have been engaged for Saturday afternoon and Saturday night, have recently become known as one of the leading contemporary popular orchestras. The all-girl unit rates musically on a par with the big-name male bands, and has recently been featured at leading hotels, theaters, and ballrooms all over the country, and on the major radio networks. Miss Leonard and her 17 talented girl musicians, who are noted not only for their musical ability, but also for their original entertainment novelties, hold the distinction of being the only all-girl band ever to play the Chicago Wonder Ballrooms, the Trianon and the Aragon.

Music for the Friday night dance will be furnished by Herb Gupton and his Orchestra, a local professional unit. Gupton's group has a reputation of being one of the best of the smaller bands of this section, and has played recently at dances at Duke and several colleges in Virginia.

Pledge Dances, always the outstanding campus-wide social event of the fall term, will be open to all civilian students and to all fraternity men stationed here on the campus as members of the Army and Navy units. The night dances will be formal and will last from 8 until 11, in keeping with wartime college regulations; the afternoon dance, which will be from 3:30 until 5:30 on Saturday, will be informal.

Non-fraternity men may secure their block bids through any of the ten active fraternities on the campus; these bids must be signed by the president of the issuing fraternity. No bids will be available at the gate.

The pledges of the various social fraternities, in whose honor the dances are being given, will be distinguished by ribbons in the school colors; in addition, the pledges and their dates will take part in the traditional pledge figure at the Saturday night dance.

The members of the Pledge Dance committee are Ed Cox, Sigma Chi, chairman; Bill Boney, Sigma Phi Epsilon; and Art Freid, Alpha Lambda Tau.

Let Us Hope

Yesterday was Armistice Day—the commemoration of that great day when the firing ceased, ending the last world conflict.

Today, the world is involved in another conflict—surpassing even that great disaster which ended in 1918—in its world-wide scope and bloodshed.

Let us not forget for one moment just why these bloody battles are fought. We in America believe in those things for which we are now fighting. The freedoms which we now are enjoying are an essential part of our way of living.

Some of the warped minds belonging to the tyrants of Europe and the Far East believed that they could deprive us of these freedoms. True, in peace-time we live a life of ease compared to the existences of those in other countries, but little did these despots realize just how quickly we could gear our production and adjust ourselves to war.

They are now fully realizing the might of an aroused America on the battlefields throughout the world. The American fighting men and equipment are proving to be superior to our adversaries in every engagement.

America will win this war, but only after many more costly battles have been fought.

GLEANINGS

Well, fellow bookworms (?), there are twenty-three shopping days before exams begin. Now that those concerned have written those carefully composed letters home explaining some small sheet of paper, commonly called flunk slips, everything should be right for the last stretch.

Don't forget that we are spending someone's hard-earned money to acquire an education. Your failure to take advantage of the information offered you is a form of dishonesty—to yourself if to no one else. To flunk a couple of courses in this man's college is downright embarrassing when you think about it, especially when you recall that these courses are designed for the average mind. Rationalization helps us to face others when it's all over.

A couple of top-notch week-ends are drawing nigh. The annual Pledge Dances are scheduled for November 19th and 20th, and the popular Engineer's Brawl is to be November 27. To those who have attended these two sets in the past, the following urge is not needed; but to you guys who have only heard of the dances, let me advise you to make plans to take advantage of them. Both sets of dances will feature versatile bands for the pleasure of jivers, jumpers, jerks, and dancers. Watch THE TECHNICIAN for the hours of the dances and the orchestras signed to furnish the music. Everyone always has a swell time, so I'll see you there.

From what I can gather, several of the upper-classes are planning, in desperation, to handcuff their dates for the coming dances to their right arm, after the spirit shown by some of the Frosh at the Monogram Club dance. Remember dear Frosh—everything's fair in love, war, and intramural football; so get in there and fight.

BAILEY.

LETTERS TO THE EDITOR

DEAR EDITOR: About this petition that the Faculty Council rejected. . . . The present senior class is the first in quite some time that has been denied one of the privileges that the seniors have over all the other classes. Why should we be denied such a privilege? The senior class that is graduating in December did not originate the idea of continuing through school in the accelerated program. That is, going through school the year around. The same Faculty Council that approved the accelerated program for State College has thus deprived the seniors of this privilege. The students were willing to cooperate with the accelerated program. Why should the senior students who put forth this effort be denied the elimination of final examinations when their class average is "B" or above?

All of the seniors would like to see the Faculty Council reconsider the petition presented to them by the senior class, and pass it in due course.

The first accelerated class that graduated last March enjoyed such a privilege. The present senior class is completing its required work in December. Why should the present seniors be denied such a favor?

Let's all hope that the Faculty Council will reconsider and pass the senior petition.—G.S., A.G., K.G.

AMERICAN HEROES

BY LEFF

High on a Tunisian cliff a Free French soldier lay wounded. A litter squad started up. Enemy bullets spat against the cliff. The squad went on. In a whining hail of lead they brought their ally down. For that exploit Staff Sergeant Roy L. Bates of Fairfield, Ill., and Privates Robert Branscum of Delta, Ky., Anthony F. Coll of Johnstown, Pa., and William B. Griffin of Sylvester, Texas, won Silver Stars. They deserve your War Bond backing.

SHARPS and FLATS

MANDEL AND KADEN

Hello, again, music fans. We're back with a few new numbers; we hope you'll enjoy them. Let's get started.

SOMETHING OLD—"Jungle Blues," from the Brunswick "Chicago Jazz Album." This is typical of the music that was prevalent in the Windy City during the twenties. On the record are a number of famous jazzmen including Benny Goodman and Jimmy MacPartland. It opens with a muted cornet chorus by Jimmy which resembles the horn played by the late "Bubber" Miley, of the Duke Ellington band. Following Jimmy's chorus is some good ensemble work and then a chorus by Benny. In the background is Glen Miller's trombone, which blends well with the ensemble work. If you like Chicago jazz with a blend of "Ellingtonia," get this record.

SOMETHING NEW—While rummaging through Thiem's today, we came across a new release of that famous lady. Yep, it's "Pistol Packin' Mama" again, and it's played by Freddie "Schnickelfritz" Fisher and his band. At the beginning of the record, you can recognize the theme of the song, but after that, it's every man in the band for himself. Cow bells, wash boards, and whistles all blend in to give an exceedingly noisy, but humorous effect. From a musical standpoint, this record cannot be commented on, but if you have a good sense of humor, you will enjoy it.

SOMETHING BORROWED—"Lamp of Memory" played by Tony Pastor and his orchestra. This was borrowed from a Spanish rumba, "Incentumbre." His arrangement is very pleasant and does justice to the original. He starts with the rumba beat, and suddenly goes into the vocal with English words. The reed section plays together smoothly and Pastor's tenor sax stands out.

SOMETHING BLUE—Recently released is Glen Miller's version of Gershwin's "Rhapsody in Blue." We think that this is one of Glenn's best recordings. His band plays together perfectly, and his sax section, famous for its harmonious unison, is outstanding. This is the first time that "Rhapsody in Blue" has been performed successfully by a popular dance orchestra. Although it is totally different from Whiteman's or Kostelanetz', it is a masterpiece in its own way.

OF INTEREST TO ALL JAZZ FANS—A Hot Club of Raleigh is being formed, and we would like some new members. If you are at all interested in good jazz, please leave your name in care of Howard Kaden at THE TECHNICIAN office.

... Notices ...

The entire Freshman class will meet in Pullen Hall Thursday, November 18, at 12 o'clock.

A new seating arrangement will be posted on the Blue Key Bulletin Board two or three days in advance of the meeting. Attendance will be checked by this new seating arrangement.

There will be a meeting of the A. I. Ch. E. Tuesday night, 7 p.m. There will be an illustrated lecture by a representative of the North Carolina Aluminum Company, and all chemical engineers are urged to be present.

A class ring from Pineland High School has been found in the gymnasium. Date 1943. Owner may secure the ring from the college Athletic Office in the gym.

Mid-term reports may be called for at the office of the Assistant Dean of Students, Mr. Dade, in Room 102, Holladay Hall, between the hours of 9:00 a.m. and 12 noon and between 1:45 p.m. and 4:30 p.m. All students who want their mid-term reports should call for them promptly, since Saturday, November 13, is the last day for dropping a course without receiving a grade of "F."

Have a Coca-Cola = What's the good word?

... or how to get along with folks

Have a "Coke," says the returned soldier and his friendly gesture is understood in Newport or New Zealand, at home or in far-off places. Around the world Coca-Cola stands for the pause that refreshes,—has become the gesture of good will, saying: Let's be friends.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY
THE CAPITAL COCA-COLA BOTTLING COMPANY, Inc.
Dial 2-1179 Raleigh, N. C.

It's natural for popular names to acquire friendly overtones. That's why you hear Coca-Cola called "Coke."

State Plays Davidson Saturday

Fowler's Fancies

The only thing we have to say about the game last week is that there was too much Hartley and too much Luper on that Duke squad. Not only that but a bunch of chorus girls could have scored behind the blocking the Duke line displayed.

Getting out of our range a little, we would like to give a rousing cheer to the grand old man of football, Alonzo Staggs. Coach Staggs of the College of the Pacific has turned out a winning combination at the ripe old age of 82. We're not forgetting his wife, who is his ever-faithful assistant, scout and inspiration.

Eddie Teague, ex-Wolfpack star, now playing with Carolina, is featured on this week's *Washington Herald* sport's page. A large picture of Teague is displayed beside a story praising him for his fine work in the Tar Heel backfield. Hats off to Eddie!

Coach Jay is really putting his cage squad through the practice drills in preparation for the coming basketball season, which is not so far off. Jay expects to have a fairly good team with which to meet the tough opposition of this year's cage schedule. Although it is a little early we should be ready to give our basketball squad all the support possible.

The last round of the intramural football playoff is now under way. In the first section the Sigma Chi's and the S.P.E.'s remain undefeated. If they both win out in their respective sections the championship will be between the two.

In the volleyball playoff it looks like the Sigma Chi's, Pi Kappa Phi's and the Pi Kappa Alpha's are the teams to watch as all three have a perfect record so far.

The Monogram club really put on a swell dance last Saturday night. The only thing wrong was that the dance didn't last long enough. It seemed that the dance had just started when it was all over.

I haven't gotten a reply from Mr. White of the *Old Gold and Black* staff as yet; but I'll bet one is forthcoming in this week's issue.

See you next week. . . .

Blue Devil Power Too Much For Wolfpack

State Shows None of Spark Displayed Against Carolina In Chapel Hill

The powerful Duke team soundly trounced the inexperienced Wolfpack team last Saturday by the score of 75 to 0. About 7,500 fans saw the home team suffer its worst defeat in history.

The Blue Devils employed a devastating ground attack to rack up eleven touchdowns. They tallied at least two touchdowns in every quarter, and got four in the second and three in the third to roll up the score.

Because of the fast-charging linemen of Duke, State's offensive could never begin rolling. A shovel pass from Andrews to Sakas put the ball on the Duke 37, the closest the Wolfpack got during the game to the Blue Devil goal line.

Howard Turner and Tony Gaeta supplied most of the defensive efforts for Duke. Gaeta scored his first touchdown and did not play the rest of the game. At no time did the 'Pack reveal any of the spark they showed against Carolina last week.

State's Schedule Is Much Too Difficult

Material Does Not Warrant Playing So Many First Class Teams

By DON SAPP

After seeing the game with Duke last Saturday, our beliefs have been reaffirmed that State College's football schedule has been much too difficult. The situation remains the same year in and year out. Our schedule has always been tougher than either Carolina's or Duke's.

Our material doesn't warrant our playing so many first class teams. It isn't fair to the players, coaches or students to have the Wolfpack stepping on the field almost every Saturday against superior eleven. No one here benefits from such activities. Therefore, it would be much better if State would seek more opponents of the same ability. Of course, it isn't the wise thing to do to arrange a program of "pushovers" for the season. The schedule should be made so that when we played one or two great eleven each year, the Wolfpack would have better than a "Chinaman's chance" of winning. Playing too many outstanding teams often wears a team so much (Continued on Page 4)

State Back

BILL SUZDINA — BACK

INTRAMURAL RESULTS

The second half of the fall intramural schedule is well under way. The Sigma Chi's and the S.P.E.'s remain undefeated in the first sections while South Watauga is copying the honors for the Dorm fight.

Last week Fifth Dorm took Sixth by a count of 6-0. It was a hard fought contest all the way through but finally Fifth was able to drive the ball over for a tally.

The S.P.E.'s took over the Pi Kappa Phi's in to camp Monday to keep their record perfect. The swift S.P.E. team clicked on their passing attack to push over a touchdown and a safety. From all the indications now, the S.P.E.'s are going to be the boys to watch in the final playoff.

On Tuesday Sixth Dorm forfeited to South Watauga and thereby lost their third game.

Hard fought games were the keynote on Wednesday as the Sigma Chi's nosed out the Lambda Chi's and Sigma Pi beat A.L.T.

In an overtime period the Lambda Chi's lost their second to the Sigma Chi's on first downs. Both teams played wonderful ball, both on offense and defense. Galuso stood out for the winners while Daniels, West and Jaworski were the stars for the losers.

In the Sigma Pi-A.L.T. game, Gupton, Hill and Paluas were the stars for the winners and Moore stood out for the losers.

The next two weeks will bring forth some of the best games to date.

Wolfpack Eager For Win After Duke Loss

Services of Sutton and Gaeta, Out Because of Injuries, Will Be Missed

The State College Wolfpack took its last practice session on Thursday in preparation for the coming game with Davidson at Charlotte on Saturday afternoon.

The Wolfpack will leave for Charlotte early Friday morning, where they will make their last road appearance of the current season. The State team closes the season by playing Carolina Pre-Flight here on Thanksgiving.

Injuries will force Coach Newton to use a new combination against the Wildcats. Big Buck Sutton, who has sparked the team all season, will be out of the lineup Saturday because of a knee injury received in last week's game with the Blue Devils of Duke. Also out of the lineup will be lineman Gaeta, who is suffering from an infected foot. The services of these two first stringers will be missed in the tilt Saturday. Gaeta probably did the best line work against Duke last week.

Mauro, Sutton's understudy all season, will be called upon to take over for Buck, and Sobek will be put into Gaeta's position.

The probable starting lineup for the Wolfpack will be: Pearce and Novick, ends; Zick and Johnson, tackles; Sobek and Thompson, guards; Philmon, center. Turner, tailback; Mauro, fullback; Fitzgerald, wingback; and Pizuro, blocking back. Philmon will probably be playing his last game Saturday because he has to report to the Army on Monday.

Injuries and the draft have played havoc with the State squad all year. This week Newton is trying another move: he is going to play Bob Andrews and Howard Turner in the same backfield. All season long Andrews has played well at tailback, and he will probably turn in just as good performances at the wingback spot. All this shifting is necessary because the regular wingback, Elbert Cooke, went into the Army a few weeks ago.

The Wolfpack went through drills on pass defense and their own offense. The Davidson Wildcats are expected to be hard to stop Saturday because they will be after their first victory of the season.

For the past few seasons the State-Davidson games have been fairly close tilts and this one is expected to be no exception.

CAPT. M. L. SHEPHERD

Military Professor Promoted To Major

Major Shepherd Has Been With College Since 1927; Commands A-12, A.S.T.P. And R.O.T.C. Units

The promotion of Major M. L. Shepherd of the State College Military Department from his previous rank of Captain was announced on November 4th, the date of his promotion.

Major Shepherd first came to State in 1927 and has been associated with the college since then. In 1927 he entered as a freshman in Electrical Engineering. While here he was active in student affairs. When he graduated in 1931 he was appointed an Associate Secretary of the College Y.M.C.A. and Director of the Bureau of Student Self Help and Counseling. While in that capacity he organized the student aid program, the F.E.R.A. for students at State College which later became the NYA program. He was in charge of the NYA for three years until 1936 when he resigned to become an Auditor and Administrative Assistant of the Co-operative Agricultural Extension Service.

In 1939 he was given a leave of absence for the purpose of doing graduate work in educational administration at Cornell University in Ithaca, N. Y. After receiving his master's degree in 1940 he was employed on the administrative staff of the college. In September of that year he was given Military Leave from the college administration to enter the Military Department of State College as Assistant Professor of Military Science and Tactics. He was president of the selection board for the Advanced R.O.T.C. course and is the Senior Instructor of the Basic Course, R.O.T.C. In October of 1941 he was promoted to the rank of Captain. In this grade he commanded the A-12 unit of the A.S.T.P., besides being in charge of the R.O.T.C. at the college.

His affiliations include being a member of the Theta Chapter of Phi Delta Kappa, national honorary education fraternity, S.P.E.E., Sigma Chi, and Mu Beta Psi. Major Shepherd is loyal alumnus of State College having served a term as secretary of the General Alumni Association.

NOTICE

New Canteen Opens For Aviation Students

New Student Store Under Direction of L. L. Ivey; Furnishes Everything But School Supplies

The latest war-time innovation on the campus is the new canteen building which will open soon for the Air Corps students stationed here.

The new store, under the management of L. L. Ivey, will be operated for the immediate needs of the A-C students, but no school supplies will be available. The store will feature soft drinks, ice cream, cigarettes, tobacco, candy, and toilet articles needed by the men.

The operatives of the new canteen will be wives of the students, and a schedule has been arranged by Mr. Ivey which will make the hours most convenient for the soldiers.

The center section of the building comprises the store, which is equipped with the latest in an ice cream and soft drink bar. Large shelves similar to those in the Student Supply Store will carry the other items.

Incorporated in the new building also is a rapid photo developing service.

The west wing of the building is divided into two sections, the south half being used as a store-room while the north section houses a fully-equipped barber shop.

The eastern wing of the building will be used as a Post recreation room furnished with furniture and radios where the students can spend their leisure hours.

The building is located at the end of the quadrangle between the dormitories, and actual construction was begun in the middle of September. Constructed along the lines of Southern Colonial style, the building is finished in white outside with Mount Vernon shutters, while on the inside the walls are fitted with full-length cypress panels.

NOTICE

Each student dropping a course is reminded to take his drop slip to the Office of the Dean of Students, Room 101 Holladay Hall. Omitting this step in dropping a course may result in the student's being charged with absences from the class for which he has already dropped.

The examination schedule has been released on the College Blue Bulletin. The entire schedule will be printed in The Technician next Friday.

Inter-American Club Holds Second Meeting

Movies On South American Life Shown After Talk By Inter-American Affairs Staff Member

The newly-organized Pan American Club, "La Casa Latino Americana," held its second meeting of the year last Wednesday night.

Leonardo Valderrama, president of the club, opened the meeting by introducing Mr. Carlson, who is on the staff of the Co-ordinator of Inter-American Affairs. Carlson flew to Raleigh unexpectedly to place two new Central American students at the State College farm so that they could gain practical experience in Animal Husbandry.

After Carlson outlined the work of the office of the Co-ordinator of Inter-American Affairs, Miss McDonald of Meredith College spoke on Chile and the life of its people. Said Miss McDonald, "There should be a greater understanding of Chile and the other Latin nations in the United States. There are a great many people in South America who know us well and are friendly to us, and we should reciprocate." Miss McDonald lived in Chile for two years while she was studying at the University of Santiago.

Following Miss McDonald's talk, movies were shown about Buenos Aires and Montevideo. The films were accompanied by sound, and showed many interesting scenes of the two opposing cities of the Rio de la Plata.

Another film was shown entitled "South of the Border with Disney." This film depicted a trip Disney and his artists took around South America.

Following the meeting, punch and cookies were served to the members and guests of the club.

STATE SCHEDULE

(Continued from Page 3)

that it does not perform well in a game in which it should win.

Besides playing the grid powers of the Southern Conference, State has met many schools while having their greatest teams. Over several years we have tangled with such previous or still powerful eleven as Georgetown, Tennessee, Alabama, Detroit, Carnegie Tech, Duquesne, Boston College, Manhattan, Holy Cross, Miami, and Mississippi State. It has been the policy at Duke to play seven or eight teams a year whose strength was inferior to theirs.

There has been too many years since our won and lost record has been something to become exhilarated about. For a squander athletic policy, we should play a schedule with less big names.

We should drop the traditional game with Duke until our post-war teams have a 50-50 chance of victory. Regardless of financial reasons, it is ridiculous to keep playing Duke since they have hampered us with big names for the last eleven years. Is a crushing loss worth attractive financial gains?

We should know by now that it is unhealthy to bite off more than we can chew.

MAJ. BONNER

(Continued from Page 1)

Mechanical School at Kelly Field was attached to the Army Service as Personnel Adjutant under Major George E. Stratemyer, now General Stratemyer.

After World War I, he returned to civilian life and entered the wholesale grocery business.

He was recalled to active service April 8, 1942 as a Captain in the Army Air Forces, and was assigned to Headquarters, Eastern Flying Training Command at Maxwell Field. He was promoted to the rank of major on February 11.

Before being assigned to the Training Detachment at Davidson, he attended the Special School at Maxwell Field.

27 New Men Initiated Into Aero Society

Ruling-Change Permits Initiation of All Upperclassmen; Majority New Initiates Freshmen

The Institute of Aeronautical Sciences held its first regular initiation of the term in the Aeronautics Building Tuesday night.

Twenty-seven new men, the majority of them freshmen, were inducted into the society, swelling the total membership of the organization to forty-six.

This year, all upperclassmen were permitted to join the group as full members since the enrollment has dropped considerably. Previously, only juniors and seniors were given the member status, with the freshmen and sophomores being classified as associates. Freshmen still join with the classification of associate, conforming to the national society ruling.

The newly-initiated members are: John Russell, T. C. Millsaps, James L. Field, F. W. Jarvis, Robt. L. Pitts, Claude A. Ford, Bill Dixon, William Ennett, W. Eugene Wade, Floyd Ellington, Gray Sowers, J. M. Taylor, Pat Fugate, Robt. Walters, Jr., H. H. Treadway, Carl E. Grigsby, J. S. Hepler, G. S. George, J. H. Norman, D. B. Harrison, C. E. Angel, Robt. Harrington, W. O. Allen, S. G. Jones, Bill Carpenter, W. D. Halfacre, and Robt. Gilmore.

The same procedure for the regular initiation was followed, as in the past, with the impressive ritual of the society climaxing the initiation.

NOTICE

The Faculty Council has reviewed the petition submitted by the Senior Class, and has ruled that there will be no exemptions from exams.
