Student Inquiry Into Coliseum Revealed

Politicians Bashful . . .

Few Candidates Enter Race; Nominations Close Tomorrow

By JOE HANCOCK

Nomination for offices in the forthcoming campus elections will close at noon Saturday, April 3, and according to a check earlier this week only a half dozen candidates have filed for the eleven campus positions.

Up until press time there were no candidates listed for editor of *The Wataugan*, business manager of *The Wataugan*, editor and business manager of *The Agromock*, and treasurer of the student government. It was announced that the following men were candidates to office subject to approval: Pate Forehand, secretary of the campus government; Ted Williamson, vice-president of the student government; Avery Brock, editor of *The Technician*; and Dick Fowler, president of the campus government. W. S. Bull also has announced his intentions of filing for head cheer leader.

Candidates and campaign managers must abide by the following regulations set up by the rules committee.

1. The campaign fund must not exceed \$75.
2. No candidate may campaign in such a manner as to disturb class.
3. No campaigning within 50 feet of polls.
4. Candidates must not nail posters to trees; string or tape should be used.
5. Posters should be placed on bulletin boards and not on the sides of buildings.
6. Each candidate must remove his posters within one week after the election.
7. Candidates are required to sign a notice of compliance with the above regulations.

Election of student council representatives will be conducted by classes and school. Each school and class will nominate two candidates for student council representatives.

As yet candidates for YMCA officers have not been announced. A nominating committee, headed by Franklin J. Teague, is in charge of Y elections.

Its The Ritz!

Soft music while you eat. It sounds like a night club ad but 'soft music while you eat' is what patrons of the cafeteria are getting since the Campus Government has completed its plan to pipe music into the east room of the cafeteria during meal hours.

Proof that the plan is being well received is evident since there is often a line at the front of the cafeteria when the west room is almost vacant.

Fred Willard of the E.E. Department set up the loudspeaker system which was purchased by the Campus Government.

Chancellor's Secretary Succumbs To Illness

Funeral services for Mrs. Caroline B. Johnson, 34, who died Friday at Rex Hospital after a long illness, were conducted from Christ Episcopal Church in New Bern.

The Rev. Charles E. Williams, pastor of the church, officiated. Burial was in a New Bern cemetery.

Mrs. Johnson was secretary to Chancellor J. W. Harrelson of State College and was the daughter of Mrs. L. M. Badham and the late L. M. Badham of Edenton and New Bern.

Fact Finding Committee Sees Little Hope of Early Completion; Recommends Improvement of Gymn

By DICK FOWLER

(Complete text of Committee Report on Page 3)

More exits should be cut in Frank Thompson Gymnasium. This fact was brought to light last Wednesday when the Student Coliseum committee released the report they have been working on since last term.

The committee, appointed by Jennings Teal, Campus Government prexy, drafted their report after contacting everyone on the campus, in the alumni, and in the State Government who is informed on some phase of the coliseum.

Some Facts

After digesting the material gathered the committee felt that there is no chance of getting enough money to finish the structure before the 1949 session of the Legislature.

Enough money is now on hand to continue work until the Legislature meets next year. The money on hand will cover the cost of erecting the walls, roof and possibly pouring the floor. At any rate, these are the next three items in the building program.

Contract for the erection of all steel has been let and work will begin after foundations have been laid. Contract has been let for the pouring of concrete foundations and footing. This work has already begun.

The material on hand includes the steel window sashes, brick, and reinforcing concrete. After much delay, the steel for the three sections that are to be added was fabricated and delivered.

One Big Building

Once finished, the State College Coliseum will be the largest building of its kind in the south. It will contain about some 4,000,000 cubic feet.

The sports arena floor will be 315 by 110 feet but the entire main floor will be 400 by 190 feet. Permanent balcony seats will hold 9,000 people while the main floor temporary seats will hold about 4,000 more.

The Military department will be allocated about three-fourths of main floor under the concourse and the Athletic department will get the remainder. There will be 12 to 14 concession stands and 6 to 7 coat check rooms on the concourse. Scattered throughout the building will be 20 to 25 rest rooms.

Committee Recommendations

In making their recommendation at the end of the report the committee stated that in spite of optimism expressed by several officials about holding basketball games in the coliseum next year, this is very unlikely and would seriously hamper and hinder the completion of the interior.

The committee further stated that additional exits be added to Frank Thompson Gym so that home games and larger student dances could be held there.

Student's Part

Although the Student Coliseum Committee has no official power, it was formed in an effort to acquaint the student body with the status of the coliseum building program and to find the part that each individual student could play in aiding in the speedy completion of the coliseum. The committee recommended that each student should contact his legislators at home and urge passage of the appropriation for the coliseum in the 1949 Legislature. Emmett Bringle served as chairman of the student Coliseum committee.

Dean Lampe Elected Fellow In AIEE

Dr. J. H. Lampe, dean of the School of Engineering at State College, has been elected as a fellow in the American Institute of Electrical Engineers in recognition of his achievements in that field of science.

The rank of fellow is the highest classification in the AIEE, and only 240 living Americans have received that honor. The Institute's full membership is composed of 20,000 electrical engineers.

The Institute's board of directors (Continued on Page 8)

Concert By Music Groups Makes Hit

More than three hundred enthusiastic citizens of Raleigh and State College applauded a concert given by The Little Symphony from The North Carolina Symphony Orchestra and combined Raleigh choral groups Monday night in Pullen Hall.

The concert featured Geneva Wilmont, David Wilmont, Beatrice Donley, Edgar Vom Lehn, and Helen Lundgren as soloists. Members of the Saint Cecilia Club, Raleigh Oratorio Society, Raleigh Male Chorus, and State College Glee Club comprised the chorus that presented Handel's *Oettinger Te Deum*, which is seldom, if ever, heard in America. Conductor Benjamin Swalin also led the Little Symphony in *Concerto in D Major* by K. P. E. Bach.

Mr. Swalin expressed his appreciation for the efforts of the committee of choral directors, who arranged the concert. Major C. D. Kutschinski, a member of the committee, received the conductor's plaudits for his part in the arrangements.

The concert was broadcast by the Dixie FM Network, being sent over the airways in its entirety.

Class Meeting

There will be a meeting of the Sophomore Class in Pullen Hall next Thursday afternoon, April 8, at 2 o'clock to elect class officers and representatives to the student government. Candidates to run for position of representative to athletic council in the coming campus election will also be elected. All members are urged to be present for this important meeting.

Pictured above are the sponsors for the Lint Dodgers' Ball in Frank Thompson Gym Saturday night. They are: upper left, Mrs. Earle A. Hamrick, Jr., of Shelby, for Earle A. Hamrick, Jr., President of Tompkins Textile Society; upper right, Miss Berta Allen Russ of Raleigh, for Henry Alexander; center, Miss Ferne Hughes of Chapel Hill for Allison Devant; lower left, Mrs. Tom Good of Charlotte for Tom Good; and lower right, Mrs. Frank Boyd, Jr. of Stanley for Frank Boyd, Jr.

"Knit-Wits" to Shindig

Annual Lint Dodger's Ball sponsored by the Tompkins Textile Society, will be held tomorrow night in Frank Thompson Gymnasium. The affair will be informal with dancing from 8:30 p.m. till midnight. Music of Sam Donahue and his orchestra will feature the gala event.

Vocalists for the night will be lovely Shirley Lloyd and Bill Lockwood.

Ranking with the top recording artists of the nation, Sam Donahue was best known for his composing and arranging talents before directing his orchestra to fame. A native of Detroit, Michigan, Donahue began his musical career as head of a high school band, playing for school dances. Promoters engaged them for week-end dates, and soon Donahue's music was known throughout the state.

Donahue tooted a tenor saxophone with top name bands before leading a band for armed forces entertainment. He played in Gene

SAM DONAHUE

Krupa's reed section for two years before accepting offers from Harry James and Benny Goodman. With such experience behind him, Donahue started his first big band in 1941.

New Weatherman Assumes Duties

Garrett DeMots, former administrative official in the national office of the U. S. Weather Bureau in Washington, D. C., assumed his duties Wednesday as director of the Weather Bureau at State College.

DeMots, a native of Iowa, will succeed C. E. Lamoureux, who has been in charge of the college weather station since January, 1945. Lamoureux has been assigned as director of the weather bureau in Des Moines, Iowa.

The new weather chief was educated at Western Michigan College, Michigan State College, and the University of Chicago and began work for the weather service in October, 1937.

DeMots has conducted research in extended forecasting in the Weather Bureau's Division of Scientific Services and has taken special training at the Inter-American Institute of Meteorology in South America.

Religion Week to be Held

By GILBERT MAXWELL
"The Christian Faith and the Issues of Life" will be the theme of the year's Religion and Life Week on the State campus from the eleventh through the fourteenth of April. Reverend T. B. "Scotty" Cowan, pastor of Everybody's Church, Lexington, Kentucky, will deliver the main addresses each night at seven o'clock in Pullen Hall.

The various planning committees are rapidly completing arrangements for the week's discussion and lecture programs. Mr. Authus F. Raper, U. S. Dept. of Agriculture, Washington, D. C., will address students in the School of Agriculture; Mr. William McLaurie, retired secretary-treasurer American Cotton Manufacturing Association, Charlotte, will address the textile students; Dr. W. G. Van Note, head of engineering research, State College will be in charge of the engineering school's seminar;

and "The Christian Faith" seminar will be led by Rev. Warren Carr, Pastor Watts Street Baptist Church, Durham.

In addition to the addresses and seminars, group discussions in the dorms and frat houses will be led by prominent religious and educational leaders. Also, Rev. Howard Wilkerson, pastor Haywood Street Methodist Church, Asheville, will address married students at the West Campus YMCA in Vetville. Other colleges in the Raleigh area will cooperate in providing special music for the evening conclaves. The State College Orchestra and Glee Club will furnish special music Monday night, April 12.

Religion and Life Week is sponsored this year by the Canterbury Club, the Baptists Student Union, the Westminster Fellowship, The Wesley Foundation, the Lutheran Student Association, and the State College YMCA.

Ag Club Prepares For Annual Livestock Day

The fifth annual Livestock Day sponsored by the Ag Club will be held May 8, it was announced this week. The officers elected by the Ag Club at the close of last term were: Chairman, Cecil Wells, Senior in Animal Industry from Leicester, N. C.; Vice-Chairman, Bill Hall, from Yadkinville, N. C.; Secretary-Treasurer, Jim Butler from Windsor, N. C.; and Publicity chairman, Worth Stinson from Monroe, N. C.

Livestock Day is one of the highlights of the year in the Ag School and is designed to give students an opportunity to fit, and show all classes of livestock in the traditional show-ring manner. This training is something that is not included in any curriculum at the college. Every Ag student interested in livestock is urged to take advantage of it.

The State College livestock farms are furnishing all animals and transportation will be provided from the college to the farms for those wishing to fit and show animals.

Activities will get underway on Friday afternoon, May 7 with a Judging Contest. Classes of Beef Cattle, Dairy Cattle, Sheep and Swine will be judged by any student in the Ag School who wishes to participate. The main attraction will be on Saturday afternoon, May 8, when those students who have fitted the animals will show them before the best judges in the (Continued on Page 8)

Carleton H. Davis* Switched to Wildroot Cream-Oil Because He Flunked the Finger Nail Test

ACID INDIGESTION, Brother Hippo? Feeling mentally mildewed? Wallowing in grief? What you need is a tonic. And your best bet is Wildroot Cream-Oil hair tonic. It's "again and again the choice of men who put good grooming first!" Just a touch of Wildroot Cream-Oil grooms your hair neatly and naturally without that plastered-down look. Relieves annoying dryness and removes embarrassing loose dandruff! And Wildroot Cream-Oil is the non-alcoholic hair tonic containing soothing Lanolin. Get a tube or bottle of Wildroot Cream-Oil at any drug or toilet goods counter today. And ask your barber for a professional application. See for yourself how it helps you pass the Fingernail Test!

Student Coliseum Committee Report

REPORT OF THE STUDENT COLISEUM COMMITTEE N. C. State College

At the request of the Council of Campus Government, a student Coliseum committee was formed. The purpose of this group is to piece together the over-all picture of the structure's status at the present time and determine its chances of an early completion.

The committee has approached responsible persons in state office, alumni and trustee groups interested in the building, and administrative officials of the school. Information obtained from these sources follows:

Over-All Plans

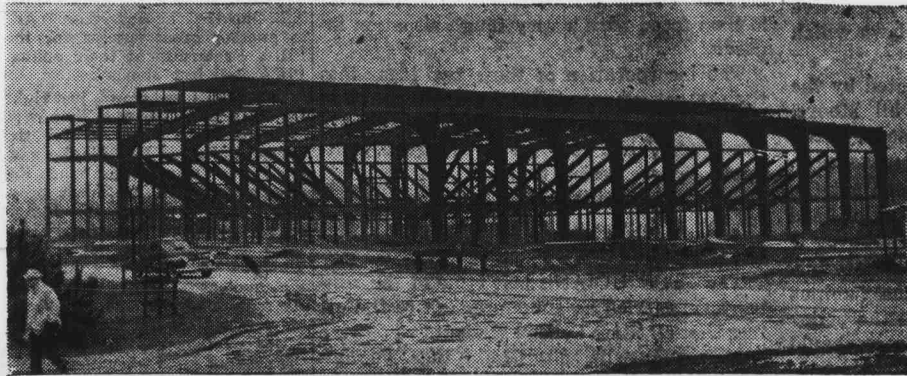

- Dimensions:**
 - The building will be 400 ft. long by 190 ft. wide.
 - The sports arena floor will be 315 ft. by 110 ft.
 - The building will contain 4,000,000 cubic feet.
- Seating Capacity:**

Permanent balcony seats 9,000

Main floor temporary seats 4,000

Approximate total 13,000
- Probable Space Allocation:**
 - Military Department, ¼ of space on main floor under concourse
 - Athletic Department, ¼ of space on main floor under concourse
 - Concourse will contain 12 to 14 concession stands, 6 or 7 coat check rooms, and there will be 20 to 25 rest rooms interspersed throughout the building.
 - Plans do not include a swimming pool.

Games Here—Next Year?

Work Completed or Contracted For

- The original steel framework was erected in 1943.
- When the decision was made to add three additional sections, the framework enclosing the south end of the building was removed.
- After much delay, steel for adding the three sections was fabricated and has been delivered.
- Other material on hand includes steel window sashes; 250,000 brick, and 20 tons of reinforcing steel.
- Contract has been let for the erection of all steel, after foundations have been laid.
- Contract has been let for the pouring of concrete foundations and footings and work has begun.
- When it was decided to have a

basement, the excavating was done.

Finances

- The Council of State authorized going ahead with the building to the extent of funds now on hand.
- There is, in the opinion of a number of responsible people, sufficient money now on hand to continue construction until the regular session of the state legislature in 1949. At this time, additional funds will be requested.
- There is sufficient money now on hand to provide for erection of the walls and roof, and bids have been called for. There is a strong possibility that enough money will be left over to finance pouring of the floor after the erection of the walls and roof.

- The Governor and other state officials are interested in seeing the coliseum completed as soon as possible, but there is now insufficient money available which can be touched without legislation to complete the building.

Committee Recommendations:

- In spite of the fact that several officials expressed optimism concerning the possibility of holding basketball games in the coliseum next year by the use of temporary bleachers, the committee feels that this would be detrimental. The erection of these bleachers and use of the building a basketball season would seriously hamper completion of the coliseum's interior.
- Since Coach Case has expressed a strong desire to play games in Raleigh on a court to which his team is accustomed, the committee recommends that additional exists be added to Frank Thompson Gymnasium in order that home games and larger student dances may be held here.
- The committee strongly recommends that sufficient additional funds be requested of the next session of the state legislature to complete the structure.

EDITORIALS

Censorship . . .

Citizens of Verville are going to have their newsheet subjected to an unfair restrictive censorship if they accept the by laws which will be presented to them soon.

The By Laws Committee appointed by the Mayor of Verville, headed by Phil Moore, have placed a section in the proposed by laws to restrict and control the Verville newsheet.

Just where the Board of Aldermen get the authority to restrict the newsheet is hard to tell since the editor of the newsheet is selected by popular vote by Verville citizens.

A similar situation would be the Campus Government attempting to dictate the policy of the TECHNICIAN. Verville citizens should make it their business to see that their publication and the editor they elected are not made the tool of any one group.

Needs Help . . .

If grass is not left alone it just won't grow. For several days the grounds maintenance crews have been working to get the campus in shape for the spring and summer. Unless the grass is given a chance it won't grow.

New paths have been placed in the places that seem to get the most wear. Give the grass a break and help to keep ugly streaks of bare earth from appearing across the green grass.

According To HOYLE . . .

A Second Try . . .

The last editorial to appear under this column had to be cut somewhat due to lack of space, so, since it seemed to be about a matter of great importance to the students, we decided to present it briefly again.

We pointed out that at Carolina and the Woman's College, instructors are forbidden to give hour examinations during the week immediately preceding finals, and at W.C. no classes are scheduled on the day before exams begin. Both of these rulings are designed to help students prepare for final exams by easing that last minute pressure.

It is no uncommon thing here at State for a student to find the last week of scheduled classes coming up with a term paper due, plus

two or more hours exams. Then, on top of that, he is very likely to have two exams scheduled for the first day of finals, and he is thus faced with a very tough situation indeed.

The incorporation of these two ideas into the present exam regulations would not be in the nature of a reprieve for last minute "crammers," but would be a well earned, legitimate review period to which the students are certainly entitled.

Let's Wait and See . . .

The TECHNICIAN's last issue of the winter term carried an announcement to the effect that all State College students who drive cars here must buy city license tags. The immediate reaction was a howl of indignation from all concerned.

When we began investigating the legality of the order this week we learned that the college administration has already taken the matter to the Attorney-General of the state for his opinion. In addition, some attorneys whom we contacted expressed the belief that while the ordinance would certainly be upheld in the city court, there is some doubt as to whether or not it would likewise be upheld in Superior Court. So our advice to all student car owners who are willing to take a chance is to wait for further information and clarification before buying the Raleigh tags.

The basis for the ruling is the fact that the city of Raleigh considers all persons who have lived within the city limits for six months or more to be legal residents of Raleigh. The joker lies in the exact meaning of the word "resident" and in the special status held by tax laws.

We believe that a smart lawyer could prove that State College students are not legal residents of the city, and another lawyer, equally as smart, could prove that we are, so we will not attempt to give a legal definition of the word. However, we can point out, without fear of contradiction, that we live in Raleigh only because the college happens to be located here. We did not voluntarily choose Raleigh as our home; we do not pay regular city taxes; we are not represented in the city government and we are not allowed to vote in city elections. But we do contribute a great deal to the life of the city, for this institution adds much to Raleigh's prestige in many ways, and the financial condition of the local merchants and the city treasury is certainly enhanced by our presence. Now we are being told that we must contribute in another way, and the issue is certainly not the one dollar per man, but rather the principle of the thing.

There are a couple of very interesting angles to the situation in the event that the city's ruling sticks and we are all declared legal residents of Raleigh and thereby subject to the auto tax. One is the fact that most of the residents of Verville will not be affected, since they do not live within the city limits. The other is that out-of-state students should be considered North Carolina residents, because if they are residents of Raleigh then they are certainly residents of the State. If out-of-state students, and students who already have city tags from their home towns should be excused from purchasing Raleigh tags, then by the same token, none of us should have to buy them, and the TECHNICIAN is ready and willing to stand a test case in court.

WITH the GREEKS

By TED WILLIAMSON

Dean Hudson and our own Dean E.L. Cloyd led the Hudson orchestra to another great success for the PIKA Fraternity at their annual PIKA Ball last Monday.

A medium-sized crowd, just right for old Frank Thompson Gym, was on hand from 9 'till 12 for the dance. As he has done for the past two years, Dean Hudson made the vast majority of his music of a very danceable nature. In addition to his dancing downbeats, Dean came out with some mighty fine novelties which made a hit with the audience. Betty Willoughby, the feature vocalist, made a special hit with her several novelty songs.

One of the true high-lights of the evening came when Dean Hudson surrendered the baton to Dean Ed Cloyd who led the orchestra in a number. We didn't know that Dean Cloyd was master of quite so many things. He's right at home at the fraternity dances though, since he is a member of the Phi Kappa Tau frat' himself.

We who had the pleasure of attending the PIKA Ball as guests of that fraternity will remember it as one of the best dances of the year. The ball is the oldest annual State College dance and, with a doff of the Greek hat, we wish Phi Kappa Alpha many happy returns.

Having just started a new term, and with the pressure of classes not as great as it will be later, many State College fraternity chapters are planning social events. Hayrides, picnics and other warm-weather blowouts will hold the interest of the Greeks for the next few months.

The Hope Valley Country Club in Durham will be the scene of a joint-chapter dance of the Lambda

Chi Alpha Fraternity next week. With Johnny Satterfield and his orch, on the bandstand, Friday night, April 9, the State, Duke, Wake Forest, and Carolina Lambda Chi's will hold their first joint dance since the war. These dances have been held several times before and they always turn out to be the kind that calls for another. President Sauls of the State Lambda Chi's, and John Hammond, his social chairman, are the local spark-plugs and they are working with like delegations from the other three chapters to produce a good dance.

Lambda Chi Alpha is also looking forward to June 20-23 when the Fraternity will hold its semi-annual convention in Asheville. Being one of the largest fraternities in the country, Lambda Chi Alpha holds its conventions in different cities each time. Business will be carried out, among other things, and plans will be made for the future of the order. The delegates can probably look forward to plenty of fun in the vacation-city too.

With spring comes baseball and, with it, fraternity and dorm softball. Many Greek teams are already working out for the games which will be held soon. In addition to the ballgames there will be tough competition in the field and track events a little later on. The softball will be held in the afternoons, and, as a matter of fact a few games have already been played. The teams who come out on top will have to be good and will be well worth going out to watch. Watch THE TECHNICIAN for complete schedules and results and, in the meantime, go out and see the games.

Going Strong . . .

Verville Store Opens

By BOB FRIEDMAN
Offering no small assistance in this era of very high prices is the newly established Verville Mutual Grocery. Through their own efforts, the plans of last year have been realized by the Verville residents. Servicing the 850 residents of this far-flung community, the new Grocery fills many obvious needs.

Until now, shoppers of Verville have had to travel a great distance from their homes in order to purchase their groceries. With the new store, that is no longer a problem to be confronted with on rainy days. For convenience sake alone, this new establishment gladdens the residents of Verville. The store is located in the basement of the newly constructed YMCA social and community center building.

Co-operative Feature Good

It is the co-operative feature which is the most interesting aspect of the newest Verville addition. To organize the store, stock was sold at \$15 per share. Nearly \$5,000 of the proceeds from the sale of stock has been allotted for the purchase and maintenance of supplies and equipment. Plans call for the payment of 6% interest per annum to the stockholders.

Of the earnings, 2% will be set aside in a community educational fund, and the remaining portion will be paid out in the form of patronage dividends.

Operation and ownership of the store will be by the students of Verville. Al Millman is president of the store, Frank Fonville is vice-president, and Art Jabbusch is secretary-treasurer. Managing the store will be an experienced butcher and grocery store operator, J. W. Munden.

Interested onlookers hope that this latest result of awakened community interest and action will fulfill the residents' needs—a home grocery in the area, and a return distribution of the profits earned on sales.

Hamilton Appointed To National Comm.

Dr. C. Horace Hamilton, head of the Department of Rural Sociology at State College, has been appointed as a member of the Steering committee of the National Health Assembly's rural health section.

Appointment of Dr. Hamilton was announced in Washington by Oscar R. Ewing, administrator of the Federal Security Agency, who is preparing recommendations on national health goals for President Truman.

The steering committee will consider rural health problems, including the shortage of physicians and the lack of hospital facilities, and will report its findings and its recommendations for solving these bottlenecks to Administration Ewing. He, in turn, will submit the committee's report to the President.

"Now Hear This"

The official Navy film, "Operations Crossroad" will be shown at 8 Monday night in Withers Auditorium, followed by a talk by D. A. Holiday of the U. S. Public Health Service.

The program is being sponsored by the Raleigh Natural History Club and the State College chapter of Sigma Xi.

Vetville News

By BILL AILOR

At a formal opening of the Vetville Mutual Store last Monday night, stockholders, YMCA Board members, and College officials were special guests. President Al Millman of the Board of Directors and Mayor Jim Reece, representing the civil government, welcomed the visitors and introduced them to the Store officials.

Special guests were Mr. and Mrs. C. W. Sheffield, Dr. and Mrs. R. O. Moen, Mrs. E. S. King, Professor M. Abrahamsen, Dean W. N. Wood, Professor and Mrs. L. L. Vaughan, Professor M. E. Gardner, and Mrs. J. W. Munden.

Art Jabbusch, Store treasurer, has announced that the total investment to date in the store amounts to approximately \$4765. Total sales for the first week of business amounted to over one thousand dollars. Mr. J. W. Munden of Garner has been employed as full time manager for the store. He is an experienced manager and butcher and will have charge of hiring part time help. The general price policy will be to maintain prices as close to the downtown level as possible. The Store Board intends to pay up to 6% on the capital stock if business permits. A two percent educational fund will be set up and a small reserve fund. All other savings will be distributed as patronage refunds.

Nominations for offices in the Vetville civil government, including Alderman, will be held at the new YMCA in Vetville tonight at 7:30 o'clock. On Wednesday, April 7, at 7:30 PM a political rally will be held at the new Y, and on Thursday, April 8, the election will be held from 11 AM until 8 PM at the same place. Tonight a revised set of By-laws will be ratified by Vetvillians.

Traffic Director Walter Keller announced that he and his deputies, Tom Gould and Joe Galleugh, have set up a speed trap in the Vetville area and will make arrests of those exceeding the 20 mile speed limit.

The Raleigh City Attorney has ruled that Vetvillians need not purchase City license tags for their cars. This ruling apparently is due to the fact that Vetville is outside city limits.

A new political party has made its appearance in the community. Organized during the holidays, the First Party has come out with a six point platform and a slate of candidates for Vetville offices. The First Party platform: 1. Cooperation with Vetville and Raleigh organizations in all worth while community projects (Red Cross, Community Chest, etc.). 2. Enforcement

New Dean Visits Campus

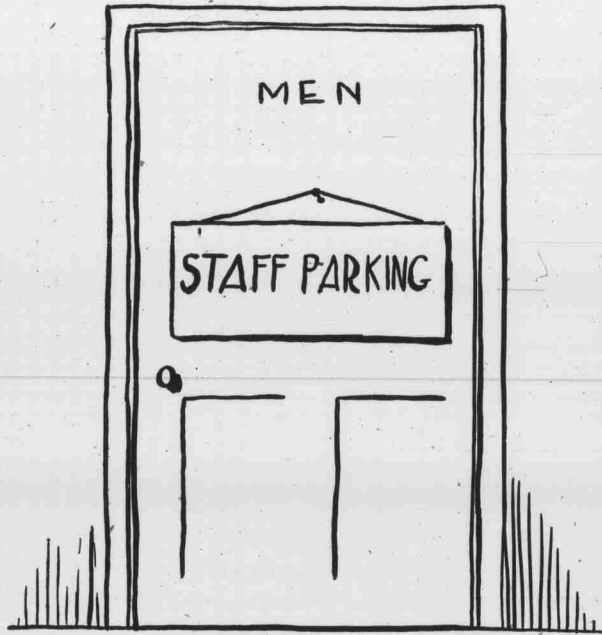

Prof. Henry L. Kamphoefner, newly appointed dean of architecture at State College, met with the College's Faculty Council for the first time Tuesday and will make initial plans for the establishment of the new School of Architecture and Landscape Design at the college during the remainder of the week.

He will return to the University of Oklahoma, where he is now a professor in architecture, the last of the week, and will complete his tenure there around May 15. He will assume his full-time duties at State College on May 20.

The new dean discussed plans for opening the new school and conferred with students, faculty members, and administrative officials during the past few days.

Kamphoefner addressed a meeting of the Raleigh Council of Architects Thursday at noon and spoke to State College's students in architecture Thursday night at 7 in the College YMCA.

He reported today that the new school's faculty will consist of about 16 members.

Admission

ment of all traffic rules. 3. The establishing of a pre-natal and post-natal clinic at the branch YMCA. 4. Cooperation with the Y Cabinet in setting up Sunday School and Church Services at the Y. 5. Push plans for a regular city bus schedule to Vetville. 6. Determine, by house-to-house polls if necessary, the will of the Vetville majority in all matters affecting the whole community.

The First Party Slate is: for Mayor, Bill Ailor; Sec-treas., Mrs. Walter Keller; Recreation Director, Keith Howell; Sports Director, H. L. Riley; Publicity Director and Editor of the Vetville News, Ish Cook. Aldermen nominees are: Ward 1, W. W. Bowers; 2, W. W. Boyer; 3, Charles McCann; 4, Earl Carter; 5, Claude Flaherty; 6, June Yelton; 7, Harvey Millsaps; 8, Oscar Bozeman.

MILITARY BALL TO BE APRIL 10th

Johnny Satterfield and his 18-piece orchestra will play for the annual Military Ball next Saturday night, April 10, beginning at 9:00 in Frank Thompson Gym.

The dance, sponsored by the Cadet Officers' Association and Scabbard and Blade, is the first one to be held since 1942. Due to the limited space in the gym admittance preference will be given to R.O.T.C. students. However, a limited number of tickets for other students will be available.

The decorations will be among the best seen all year. Jim Osburne and Frank Rapp, the decorators, have a number of novel ideas that they are going to use.

To add to the usual pomp and ceremony of a formal dance, there will be a grand march through a double line of crossed sabres. All of the guests are requested to wear their uniforms. However, if they are

non-military students, tuxedos or tails will be acceptable.

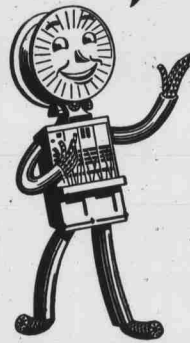

Tickets are on sale at 224 Syme, 213 Bagwell, and the Military Department every day and at the YMCA tonight from 7:00-9:00. The price of admission is \$2.50 stag or drag.

Theta Tau Arranges Inspection Trip

Theta Tau, local engineering fraternity, will make an inspection trip of the large aluminum plant at Badin, N. C., tomorrow, April 6. According to Regent Bob Hinkle, the plant officials have arranged to have guides to conduct the members of the fraternity throughout the entire plant, explaining the different processes and procedures. The trip was arranged by Professor T. C. Brown, faculty member of the group.

Here's a job for trained hands!

... and thousands of them are working at top speed for YOU

Wires :: wires :: wires by the hundreds of thousands! Imagine picking out each pair :: leading it to its proper terminals in a telephone central office :: soldering it there!

That must be done on each new switchboard or dial switching installation before it can handle your calls.

Bell telephone central office equipment is installed by Western Electric and this job today requires a mobile force of more than 31,000 installers. They are installing more central office equipment now than ever before.

For sixty-six years, Western Electric has been a part of your Bell telephone service—helping to make it the world's best at the lowest possible cost:

Western Electric

A UNIT OF THE BELL SYSTEM SINCE 1882

Engineering School Places Many Graduates

By W. S. BULL

The engineering department makes every effort to cooperate closely with all industrial, engineering, manufacturing, and other similar organizations in the matter of engineering training and research. By this cooperation the students who finish their curriculum at State are acquainted with the latest practices in the business world today and should be able to become an integrated part of a business firm with a minimum of indoctrination.

The fields of contact covered through the letters from the Dean are various manufacturing firms, plumbing and heating, electrical, and general contractors, power companies, independent telephone companies, various state departments, and city managers, all of course in North Carolina.

Architecture has eleven graduates this June; ceramic has 12; civil 33, electrical 71, general 7, geological 4, industrial 31, and mechanical engineering, last but not least, graduates 128 students.

In an effort to place this year's graduates of the engineering school in industries in North Carolina, Clinton Jones in coordination with Dean J. H. Lampe's office is sending approximately 900 letters to various industrial organizations all over the state setting forth the advantages in hiring a State College graduate, and also the number of men receiving degrees in various branches.

Over ninety percent of the potentials are North Carolinians, and an appeal is made to retain these young men in the industry of the state thereby raising North Carolina's standard of living along with its productivity.

Engineers To Hear Professor Hart

Prof. C. D. Hart of the Industrial Engineering Department will speak on "The Young Engineer in Industry," Wednesday, April 7, at 7:30 in the YMCA.

His address is being sponsored by the Engineers Council in cooperation with the Society of Industrial Engineers. Professor Hart's extensive industrial experience makes him well qualified to discuss the role of engineers in industry, and his speech should offer much valuable information to his audience.

Civils To Meet

The American Society of Civil Engineers will hold its initial meeting of this term at 7:30 P.M. next Tuesday, April 6, in the YMCA Auditorium. Prof. Griset will show movies of the "Tacoma Narrows Bridge Failure" and Bob Ray will distribute keys, pins, and membership cards. All members are urged to attend and all other students and faculty members are invited.

Eighty Three Per Cent Of Students From N. C.

Eighty-three per cent of the students who attended State during the winter term were North Carolinians, a compilation of the college's enrollment figures indicated.

The figures, compiled by the College News Bureau, showed that 4,253 Tar Heels students and 898 out-of-state scholars—including 62 from foreign countries—registered at State College last term. The total enrollment was 5,151.

Wake County, with 544 registered students, took the lead among the counties. Mecklenburg was second, with 315, and Guilford held third place, with 256. Other counties having over 100 students included Forsyth, which had 180, Gaston, with 109, and Edgecombe, 101.

All North Carolina counties, with the exception of Perquimans, were represented in the student body. Forty-two states, in addition to

North Carolina and the District of Columbia, were represented in the enrollment, New York was first, with 169, and Virginia took second place, with 154. No other state had as many as 100 students. Sixteen foreign countries also were represented.

The out-of-state enrollment, 17 per cent of the total figure, was one of the lowest on record in recent years. Mayer, said the out-of-state enrollment ranged from 17 to 20 per cent of the total student body in the pre-war years.

A ruling by the board of trustees of the Greater University limiting new admissions of out-of-state students to 10 per cent of the total figure went into effect last September and will continue for the school years beginning in September, 1948, and September, 1949.

The board's action limits only new admissions and does not apply to students who were enrolled in the college prior to September, 1947, Mayer said.

The total enrollment included 5,093 men and 58 women. Veterans of World War II numbered 3,884.

The School of Engineering attracted the largest number of students, with 2,922 reporting for classes, and the School of Agriculture drew 1,036. The School of Textiles was third, with 820, and the Division of Teacher Education registered 307. There were 66 unclassified special students.

The sixteen foreign countries sending students to State College are as follows:

Australia, 1; Brazil, 3; China, 6; Egypt, 2; Greece, 1; India, 4; Iraq, 5; Lebanon, 1; Mexico, 10; Norway, 7; Palestine, 4; Puerto Rico, 4; Columbia, 3; Switzerland, 1; Turkey, 3; and Venezuela, 1.

A message to you from the Chief of Staff

April 6 is Army Day. It is a day which will have a special meaning for college men. More than half of you are veterans of the last war. Many of you are members of the Organized Reserve. Many others belong to the R.O.T.C. or National Guard.

"All of you are making a vital contribution toward World Peace and the security of this nation.

"The U. S. Army is the finest army in the world and the only one of its kind among the major powers. It is 100% volunteer. It is composed entirely of civilian soldiers . . . men like yourselves who realize that a strong America is a peaceful America, and that the responsibility of making America strong rests in the hands of every American citizen.

"The U. S. Army is not a large army, as armies go. It is shouldering tasks far greater than any other army of like size has ever attempted.

Our occupation force in Japan is the smallest per capita of any modern occupation army. Our force in Europe is the smallest of the three major powers.

"But behind this Army stand you men of the Organized Reserve and the R.O.T.C. I have known many of you personally. I have been with many of you in action. I know the fine type of men you are and the realism that leads you to equip yourselves with military training.

"Further, I know the valuable service you can render the nation in time of emergency. A great deal of the success of fast mobilization and the actual winning of the war was due to the 106,000 trained Reserve Officers and the top-notch National Guard units which were available for quick action.

"To you, on Army Day, I believe I speak for millions of Americans in offering commendation for the fine job you are doing."

Omar N. Bradley

CHIEF OF STAFF, U. S. ARMY

You can get full details about the opportunities open to you in the Army's complete military training program at any U. S. Army and U. S. Air Force Recruiting Station.

54 Receive Keys For Publications Work

Romeo Lefort, former assistant dean of students at State College and a former secretary of the board, awarded keys at a recent banquet to the following 54 students who rendered meritorious service on the designated publications:

The Agromeck—Oscar L. Miller, Jr., of Charlotte; Jeanette Simpson of Raleigh; Margaret M. Barefield of Charlotte; C. M. Hendrick of Cliffside; R. L. Bird of Raleigh; James L. Diehl of Winston-Salem; Horace D. Taylor of Raleigh; Vernon T. Stack, Jr., of Walkertown; Reid D. Farrell of Gastonia; and Eugene Glock of Brooklyn, N. Y.

The Technician—Ted P. Williamson, Jr., of Greensboro; Walter M. Clark of Greensboro; C. Harper Thayer of Asheboro; James T. Mad-drey of Raleigh; B. J. Addison of Reidsville; Ish N. Cook of Martinsville, Va.; Max Halber of Cincinnati, Ohio; Bert M. Zuckerman of New York City; M. A. McDuffie of Lumberton; Larry C. Rathz of Indianapolis, Ind.; H. R. McLeod of Mc-Bee, S. C.; and Hoyle B. Adams of Hendersonville.

The Wataugan—Al W. Dugan of Fayetteville; Ned M. Fowler of Shelby; Max J. Fowler of Shelby;

John K. Branch of DeWitt, Va.; and H. B. Peterson of Brunswick.

Radio Station WVWP—Frank W. Jarvis of Spindale; John A. Day-vault, Jr., of Kannapolis; Tom Mel-ton of Bostic; Ralph L. Young of Charlotte; and Wesley N. Jones of Raleigh.

The Student Handbook—Franklin J. Teague of Liberty.

The Agriculturist—Fred A. Kend-all, Jr., of Johns; Glenn D. Hunt of Dallas; Opie C. Hester of Bladen-boro; Frank H. Spain of Henderson; and Wade M. Hobson of Boonville.

The Southern Engineer—Jayson B. Deyton, Jr., of Spruce Pine; John S. Moore of Tampa, Fla.; John B. Gillett of Charlotte; Ed I. Barton of Washington, D. C.; Joe N. Seid of Brooklyn, N. Y.; Charles H. Kahn of Concord; and W. C. Roe of Asheville.

The Pinetum—Clarence E. Black-stock, Jr., of Henderson; Ed N. Seltzer of Concord; and Lewis J. Smith, Jr., of Cullowhee.

The Textile Forum — W. Phil Greer, Jr., of Bristol, Va.; Ed B. Taylor of Southport; and J. W. Klibbe of Marion, Ind.

The Senior Class—Jennings B. Teal of McFarlan; and Andy J. Patton of Franklin.

AG Club Elects Hester President

The Ag Club officers for the Spring Term were installed at the regular meeting held Tuesday night in Withers Hall. The Officers were: President, Opie C. Hester, Sr., Agri. Econ., from Bladenboro; Vice-Pres., Harold A. Finch, Sr., Agronomy, from Wilson; Secretary, Miss Becky Warren, Fr., Horticulture, from Raleigh; and Reporter, Harry Pre-vette, So., A.I., from Statesville.

Plans were made for the two clas-sical events put on by the club an-nually, the Livestock Day and the Ag Club Picnic. The Livestock Day will be held on May 8 and the date for the picnic will be announced at the next meeting.

Chapter Is Forming

A meeting of the American So-ciety of Heating and Ventilating Engineers will be held in room 113, Page Hall at 7 PM Tuesday, 6 April 1948.

All applicants and any engineer-ing students who are interested in heating and ventilating are invited to attend this meeting.

Engineering Seniors To Begin Interviews

By W. S. BULL

During the past school year it has been the policy of the School of Engineering to conduct an intensive interview program featuring repre-sentatives of large and small con-cerns typical of various fields of business. During the spring term this program will be continued with the first interviews slated for April 5 and 6. Dean Lampe's office, in an effort to acquaint each of the prospec-tive graduates with the positions available and the companies con-nected, will announce the arrival of these interviewers from time to time during the term.

On Monday and Tuesday, April 5 and 6, Mr. H. T. Canfield of Ebasco Services, Inc., will be on the campus to talk with architectural, civil, electrical, and mechanical students concerning prospective employment. The general offices of his firm are in New York, and from these the

consulting engineering, designing, purchasing, constructing, and ap-praisal and rate work done by the firm is organized for their utility and industrial clients.

On Wednesday, April 7, the Vir-ginia Department of Highways will have their representative, Mr. T. A. Newby, here to interview civil engi-neering seniors and anyone else who may be interested.

On Tuesday, April 13, Mr. Frank-lin Pitcher and Mr. Wilson R. Cooper will interview electrical engineering seniors for employment with the Tennessee Valley Author-ity; however, any other student in-terested in working with T.V.A. is encouraged to secure an appoint-ment for an interview.

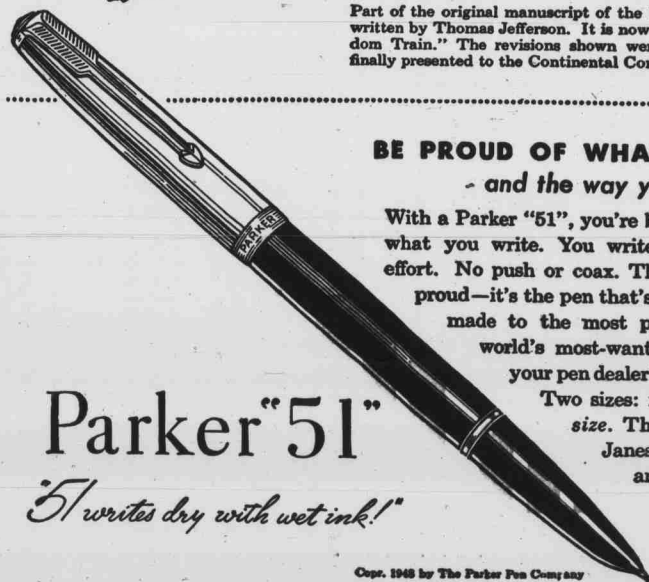

A schedule will be begun on April 6 for anyone wishing to see the representative of the Internation Telephone and Telegraph Corpora-tion on April 13 and 14, Tuesday and Wednesday.

CAUSE FOR AMERICAN PRIDE...

JEFFERSON'S ROUGH DRAFT OF THE DECLARATION OF INDEPENDENCE

A Declaration by the Representatives of the UNITED STATES OF AMERICA, in General Congress assembled
When in the course of human events it becomes necessary for one people to dissolve the political bonds which have connected them with another, and to assume among the powers of the earth the separate and equal station to which the laws of nature and of nature's god entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.
We hold these truths to be self-evident, that all men are created equal, that they are endowed by their creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness; that to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, & to institute new government, laying its foundation on such principles & organizing its powers in such form, as to them shall

Part of the original manuscript of the Declaration of Independence, written by Thomas Jefferson. It is now on display aboard the "Freedom Train." The revisions shown were included in the document finally presented to the Continental Congress.

Coliseum Report

(Continued from Page 3)

4. Personal contact with legislators from each student's home county would serve to acquaint them with the status of the coliseum and encourage passage of the appropriation requested Respectfully submitted, Emmett Bringle, chairman Jennings Teal Dick Fowler Andy Patton Don Lampke Oscar Miller Bill Manning

Dean Lampe

(Continued from Page 1)

voted to confer the rank of fellow upon Dean Lampe, who is considered one of the nation's top-ranking engineering educators and scientists. Announcement of Dean

Lampe's elevation in the organization was made in New York by H. H. Henline, secretary of the AIEE.

Dean Lampe has been active in the organization for a number of years. He has been a member of the Institute's committee which sets the standards in the electrical industry and was chairman of the welding committee for several years.

He has also served as a member of the technical papers committee, which judges the written accounts of scientific advances before they are presented to the Institute's full membership for consideration.

Dean Lampe joined the State College faculty early in 1945 after a tenure as dean of engineering in the University of Connecticut. He was educated at Johns Hopkins University and was for a number of years engaged in the administration and teaching of night courses in technology at the latter institution.

Livestock Day

(Continued from Page 2)

state. Judging will be on the basis of fitting and showmanship and not on the quality of the animal, there will be added attractions such as a milking contest, greasy pig contest, and anything else thought of between now and May 8.

The climax to the festivities will come on Saturday night with the Livestock Day Banquet in the cafeteria at which time valuable prizes will be awarded to the winners of the activities.

All Ag students who are interested in fitting and showing an animal should contact some member of the committee as soon as possible and get more details on how to enter. Just remember you might be the winner of a valuable prize.

Emmett Bringle is New NCCPA President

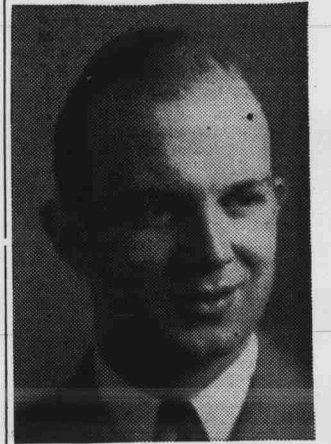

Emmett Bringle, editor of the *Wataugan*, was elected president of the North Carolina Collegiate Press Association at their annual convention. Delegates from 35 universities, colleges, and junior colleges attended the convention March 18, 19 and 20 in the Washington Duke Hotel in Durham.

Also elected to positions in the NCCPA were: Johnny Moyle of Wake Forest, vice-president; Laverne Harris of Meredith, secretary; and Tom Cookerly of Duke, treasurer.

The three-day program contained addresses by such noted journalists as Roscoe Ellard, associate dean of Columbia School of Journalism;

Harry Martin, president of the American Newspaper Guild; Jack Lait, editor of the *New York Daily Mirror*; Sidney R. Stanard of the *St. Louis Post-Dispatch*; and William M. Reddig, editor of the *Charlotte News*.

Advertising men George Johnston and Art Flynn discussed maga-

EMMETT BRINGLE

zine make-up and criticized several college magazines. They also conducted a discussion of advertising selling and promotion. Several *New Yorker* writers held a short story analysis clinic.

Ellard, Lait, Stanard, and Reddig discussed editorial and news writing in several meetings. They regaled the delegates with stories of many years of journalism, gave valuable information on journalistic practices, and gave suggestions for college papers.

Wolfpack Faces Eastern NCAA Winners

Writing a finish story to any column is not an easy task. Although such a story may at first seem wholly personal, it is not necessarily the primary object. With this in mind, first of all I would like to express my thanks to the loyal writers and staff who have worked with me in trying to give you fellow students an accurate and complete coverage of State College sports.

Having to meet a deadline every week and at the same time having to keep tab on studies, is no easy task. Many have suffered considerably in their academic work in order to help build a better State College. Whether they have done any good or not can only be determined by the voices and actions of the students—by cooperating in worthy objectives and refusing to be subjected to unworthy ones. Above all, we should be conscious of the events about us and endeavor to better them. Even the small things that often go unnoticed mean a big step forward.

NOW TO SPORTS

Without a doubt the athletic prospects are bright. With the excellent coaches that we now have and the promise of a definite policy in the administration, plus the promise of MORE good material, we can expect to continue the winning skeep we have enjoyed during the past two years. Win or lose, the teams still put out the same effort and deserve our support, no matter what the final score is.

During my association with athletics in the past two years, several big improvements that should be made have come to my attention. First of all, there should be some action taken which would allow the coaches to hold a professor rating. The majority of the schools in the conference have this set-up and the coaches also teach. The way it stands now, the coaches have no retirement benefits whatsoever. It is also a well known fact that you can learn more by teaching than by just studying.

Secondly, there should be an intergration of the athletic department and the physical education department. Each has something to offer the other and much benefit could be reaped from such a consolidation.

Both of these changes are of major importance and should be well planned. Although they are not overnight changes, they are well worth making definite plans for. There are many other minor changes which should be effected but they should clear up with a better administration.

Above all, don't forget the Wolfpack Club. Funds are not plentiful and the only way we have of getting them is through the Wolfpack Club.

Sorrell's Crew After Second Win In Yale Game Tomorrow, 3:30

By BILL HAAS

Coach Sorrell's fast improving diamond outfit will play host to a tough Yale nine tomorrow afternoon at Devereux Meadows in the third game of the season.

The Yale club is on a Southern tour and will bring six of last year's lettermen from the Eastern NCAA championship team to bat against the 'Pack stickmen. Coach Ethan Allen's club defeated Clemson and NYU for the Eastern crown last year and lost to California 17-4, and 8-7 in a two out of three series for the National title.

Yale Has Impressive Record

Yale's Ivy League representatives put their 1947 season's impressive 17-8 won-lost record on the line against Richmond Thursday afternoon and then moved down to the University to meet the Chapel Hillers.

Neither team can boast previous practice for the season, since the game tomorrow afternoon marks the third outing for both nines.

No pitching assignments have been announced at this writing, but we venture to pick Johnson as the starting hurler.

Wake Forest Wins Shutout

A scheduled opener with Akron was rained out, and the 'Pack opened the season against Wake Forest in the traditional Easter Monday warm-up affair. A cold, blustery wind hampered all activities and the Statemen suffered a shut-out to the tune of 5-0. Johnson went the distance on the mound, giving up 8 hits.

State's play was marked by only two errors, but hitting seems to be

Esquire, Inc., To Have Formal Opening Tonite

The formal opening of the newest jewelry store in the State College vicinity will be held tonight from 7 to 9 o'clock. Mr. Milton B. Dworsky, manager of Esquire, Inc., has extended an invitation to State College students to come in and make an inspection of the store and goods. Free gifts will be given to those attending the formal opening, but no sales will be made.

Esquire, Inc., is located at 2406

the weak spot in the team's attack.

Edwards and Lail Pitch

In the second game of the season, Edwards and Lail held a duet pitcher's duel with Jiorle of Pennsylvania to give the fast improving Wolfpack a 3-1 win. The single Penn tally was earned on a double by Cooney which sailed just over Willie Evan's head.

The State diamond stars collected six hits against five for the visitors. Improvement in the fielding department held the 'Pack to only one error.

With a little more power on the batting assignments, Coach Sorrell's club might easily duplicate the past two seasons' records of runner-up and winner of the Big Four crown. The hitting power and ability is definitely there, and a few more games should bring it out.

Hillsboro Street, near the Varsity theater. Mr. Dworsky announced that the store will carry a complete line of jewelry for both men and women, luggage, and small electrical appliances. Watch and jewelry repairing will also be available. In listing the line of goods, Mr. Dworsky said special efforts had resulted in the store having the most complete line of alarm clocks in Raleigh.

Special to the State College students will be budget terms at no extra cost when needed.

BONEY, MESSICK, CULBERSON TO LEAD NET TEAM IN TOUGH 11-MEET SCHEDULE

State's tennis team will open an 11-match schedule against The Citadel on April 8 in Charleston, S. C. Following The Citadel match the Wolfpack netters will engage The College of Charleston the next day and will move over to Columbia, S. C. to tackle the Gamecocks of the University of South Carolina on April 10.

Bolstering Coach Walter Seegers' racquet squad are six lettermen from last year and six promising newcomers. Leading the list of returning lettermen are Bill Boney, Jim Messick and Art Culberson. Boney has shown considerable improvement over his previous play and has promise of developing into a top-notch star. He is a junior and hails from Wilmington where he was an outstanding prep school netter.

Messick, who will be playing his last year for the Wolfpack, is a hard-hitting steady performer from Charlotte. His previous experience coupled with a lot of practice should regain for him the form he displayed as one of the most outstanding high school netmen in the state.

Culberson ranks among the top men on the current Wolfpack team. A junior from Goldsboro, Culberson has experience and a strong stroke, which makes him a cinch to occupy one of the top seeded spots this season.

With Culberson, Messick and Boney occupying the first three berths on the team, Coach Seegers will look to three remaining lettermen, Jim Sherrill of Winston Salem, Mike Fuerstman and Pete Kohn, both of New York City, to round out his first six men.

From the ranks of a flock of newcomers Coach Seegers has nam-

ed Freshmen Bob Guirette of Mexico and Sam Reagan of Charlotte as the men most likely to succeed. Guirette is a former junior doubles champ of his native country and also is a co-holder of the mixed doubles championship of Wake County, which he copped in Raleigh last year. Reagan, who held down No. 1 position at Staunton Military Academy last year, is a definite candidate for one of the leading positions on this year's team.

Three other men might make the grade. They include Jim Griffith and Hank Arthur, both of Charlotte, and Ed Hall of Raleigh.

The team practices every afternoon on courts and Coach Seegers asks that any other aspirants for the team report to him then.

CLIP THIS!

Softball schedule—All games start at 4:30 p.m.

Monday, April 5

Mythical Cagers Praised by Brenner

By HERB BRENNER

Now that we are about to usher in a new term of Intramural sports, we would like to leave just one BIG item of the past term with you; however, more than just a mere item, it is one of the biggest honors that a student at State College can be chosen for. We point with pride to the men whose names are listed below, to the All-Campus, All-Fraternity, and All-Dormitory mythical basketball selections. These are the players who have been named by the Intramural referees to become the 1948 members of three honorary teams. Chosen because they have led their teammates to wins; and likewise because they have fought to TRY to win; because they have played a "sportsman's" role to the end. These and more are the reasons why we salute the men of the Mythical quintets.

Intramural Front

By HERB BRENNER

WELCOME BACK!! to the Intramural parade of sports for the Spring Term . . . my word, fellows, it will really be a whopper; filled with all the traditional spirit and competition in all events.

New Competitors

We have just learned from the Intramural office that there will be four new teams entered into this term's activities. In the fraternity league Lambda Chi Alpha, Pi Kappa Tau, and Delta Sig fraters will be th; extra additions to the sport's agenda. With the entrance of these three post war sportsters, the competition will become even keener for the Greek Letter boys.

Another Off-Campus team, the "Off-Campus Mahoffs," have registered with Mr. Miller to begin their activities this term. This boosts the Off-Campus teams to two. By floating words we hear they will be plenty hot. The Mahoffs will make their initial bow before State College on April 7 at Field No. 1 when they encounter a strong 2nd Turlington squad in softball.

Sport's Offered

The Spring term will be crowded with schedules in Softball, Track, Horse-shoe doubles, Handball doubles, and Fall term Tennis doubles. The Softball games will get under way on April 5 when three major contests will be reeled off. On field number 1, 3rd Bagwell, the league leading Dorm team will tangle with 3rd Turlington. On the number two spot on Oak Field the lads from 1st Becton tackle Gold, and the third contest will pit 2nd Becton against 3rd Alexander.

The frats will open their softball competition on the 6th, when the Pi Kappa Alpha gents tangle with the Lambda Chi squad. Also featured on this day will be Sigma

Chi playing Phi Kappa Tau, and Sigma Pi meeting Delta Sig.

Intramural Meeting

On April 1, Mr. Miller met with representatives of the Dorm and Frat teams to discuss the Spring Term activities. Probably the most important item to come out of this meeting was the BIG-4 FIELD DAY, which will be held among State, Carolina, Wake Forest, and Duke sometime between May 7 and May 15. The competition that will be offered in this collegiate contest will feature softball, volleyball, badminton, table tennis, handball, and horse shoes. Any one who thinks he has an exceptional ability in any of these sports, please see Mr. Miller at once for further details.

The place of the events will be at Duke University, and State College is expecting to take over to the Blue Devil town a strong squad in all the events. Let's get together, men, and show 'em whose boss of the Big-4 . . . see Mr. Miller and secure a place on one of the Intramural Big-4 Teams.

Field Day

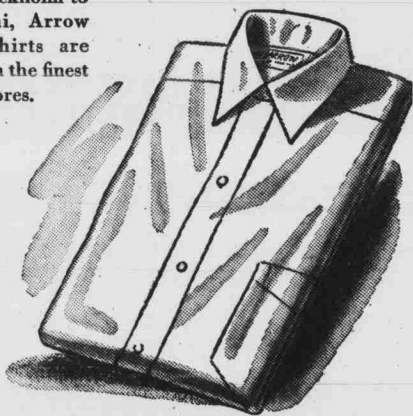

Intramural officials from State, Carolina, Wake Forest, and Duke plan to inaugurate a Big Four Field Day for competition in intramural sports. The Field Day will be held this year at Duke University between May 8 and May 15 and rotated between the schools each year.

Events which to be included are softball, volleyball, badminton, table tennis, horseshoes, and handball. Professor Miller of the Physical Education Department states that practice time for participants will be arranged and urges students to support State College's cause in the first Field Day. He emphasizes that time for preparation is short and asks each student to appoint himself a scout for material for the various events.

The Best Known and Best Liked White Shirt in the World Bears This Label

From Cairo to Mexico City and from Stockholm to Shanghai, Arrow white shirts are known in the finest men's stores.

With U. S. demand for Arrow whites still far from filled, we cannot yet supply the stores in 100 foreign countries that carried Arrow before the war.

But when we can, you may be sure that Arrow white shirts will still be an export America may be proud of and that the Arrow label will continue to mean style, quality, and value in the American manner!

ARROW SHIRTS and TIES

UNDERWEAR • HANDKERCHIEFS • SPORTS SHIRTS

ARROW WHITE IS ALWAYS RIGHT!

Whether Dart, Dale, Hull, or any other of Arrow's many fine white shirt models is your particular favorite—you'll always be correctly dressed in an Arrow white.

We may be temporarily short of certain styles (so great is the demand) but come in anyway and see our selection of sparkling whites made by Arrow—America's foremost shirt maker.

Arrow shirts from \$3.50—Arrow ties from \$1.

FOR ARROW SHIRTS

Although Dickey got the mumps
And the Wolfpack got the bumps.
Let's all stand up and yell
'Cause the team ain't gone to hell.

Unbeaten Golfers Meet Panthers Today

Turnbull, Brackett Favored to Pace Wolf-Pack in Local Match

State's up and coming golf team, winner of their first three matches this season, will be after their fourth straight victory today when they tangle with the High Point College Panthers this afternoon on the Country Club greens. The Wolf-pack putters have defeated Davidson, 16-11, Furman, 22½ to 4½, and South Carolina, 10½ to 7½.

Coach Charlie Tripp, who is a student and handles the tutoring chores in his free time without compensation, has five lettermen from

Apr. 17—South Carolina, Columbia, S. C.
 Apr. 24—U.N.C., Raleigh, N. C.
 May 1—Virginia, Raleigh, N. C.
 May 4—Duke, Raleigh, N. C.
 May 8—Wake Forest, Raleigh, N. C.
 May 14—Conference, Chapel Hill, N. C.
 May 15—Conference, Chapel Hill, N. C.
 May 22—Carolina A.A.U., Chapel Hill, N. C.

last year's squad bolstering his current links crew. Robert Turnbull, former Raleigh High star who now calls Greenville, S. C. his home, is currently holding down the number one spot. Turnbull is perhaps one of the steadiest players on the team and has turned in some excellent play so far this season.

Turnbull and Charlie Gibson, a junior who also hails from Greenville, S. C., made a brilliant comeback in the South Carolina match. Both were way down at the turn but they averaged a 4-under-par on the back nine.

Red Hot Freshman

One of the brightest stars in the State camp is freshman Brackett of Charlotte. Brackett carded a 74 for the course in the Furman match to take medal honors. He won the Southeastern High School Tournament last year and Coach Tripp tabs him as "one of the best college prospects I have seen in a long time."

Weston Dixon of Raleigh, who carded a 2-under-par, 74, at South Carolina, rounds out the first four. Dixon and Roy Dearstyne, also of Raleigh, are the only two seniors on the squad. Gongalos Saenz of

South America, completes the first six. Other aspirants for the team include Ed Green, Al Rickman, and Fred Gies.

Prospects Bright

The Pack linksmen, who won five and lost four last year, stand a good chance of completing the season well above the .500 mark. Of the eleven matches on the current slate, Carolina and Duke seem to be the toughest foes, but "You can never tell how a golf match will go. The weakest team you play might come up and beat you on an off day," Coach Tripp added. And Tripp should know of what he says. He played four years of golf at Fayetteville High and has also done some work as a pro. He managed the Officers Club at Fort Bragg for a five-year stretch, from 1935-1940. He is married and is a junior in Chemical Engineering.

Ticket Notice

The Athletic office asks that all students be reminded that the athletic books issued during the winter term will be used this term. Students who were not in school the winter term may get an athletic book from the athletic office.

Broughton to Speak

J. Melville Broughton will address the Methodist students at Wesley Foundation on Sunday, April 4, at 7 p. m. "The Christian and Good Government" will be his subject. Discussion on this subject

by the group will follow Mr. Broughton's talk.

Wesley Foundation, the Methodist student group of Meredith and State, meets at the Fairmont Fellowship Center on the corner of Clarke and Horne. At 6 p. m., a

Dutch supper will be served. All students are invited to come.

FOR SALE—Whizzer Motorbike, almost new, has lights, front brakes, speedometer. State inspected and approved. \$150.00. R. M. McGehee, 4-GVetville

"It contained my car keys, \$20 and a whole package of Dentyne Chewing Gum!"

"This dame must think I'm Dick Tracy! Nobody can resist delicious, clean tasting Dentyne Chewing Gum. Nobody can pass up that rich, long lasting flavor. She knows Dentyne helps keep teeth white and smiles bright. Yet I should find the guy who stole her Dentyne. If I could do that I'd be the D.A.!"
