Election Close-Ups

By JOE HANCOCK

Campus politics will be in full swing here next week as twenty-two politicians, two of which are unopposed, complete their campaigns for the primary elections to be held April 15.

The Campus Government elections promise to bring the hottest races, with fifteen candidates listed for the four positions. Election of Editor and Business Manager of the *Technician* have virtually been decided, due to the fact that only one candidate has filed for each of

these positions. Avery Brock is unopposed for editor, and Bob McLeod is unopposed in the race for Business Manager.

Candidates for President of the Campus Government are Fred Kendall, Dick Fowler, Robert L. Peacock, and Floyd Harper.

Dick Fowler

Dick Fowler, of Burlington, is a junior, in Engineering-General. He entered State College during the winter term of the 1942-'43 school year. Soon after entering school, Fowler joined the staff of the *Technician* and has worked on the

publication ever since. He has twice served as editor-in-chief of the paper; first, during the spring term of 1944 and second, during the current school year.

Fowler is a member of 30 and 3; Lambda Chi Alpha social fraternity; the Publications Board; and the Publications Board Banquet committee this year. He was a member of the Pledge Dance committee last fall, and he was chairman of the Sophomore Hop committee last year.

Fowler has taken an active part in the Student Legislature. At the

last session of the legislature, he served as Parliamentarian in the Senate and was elected to the Executive Council Steering Committee.

Fowler spent two years in the Amphibious Forces of the Navy. He was stationed on P. A. 108 in the Pacific theatre for 18 months.

Fred Kendall

Fred Kendall of Johns is a junior in Soils in the School of Agriculture. He entered State in 1946 after two years service in the Air Corps. During the school year 1946-47 he served as temporary treasurer of

Primary On Thursday; Finals Come April 22

By JOE HANCOCK

Final plans have been completed for the annual campus elections which will be run off April 15 and 22, it was announced today by Jennings Teal, President of the Campus Government.

Primaries will be run off April 15, and the two high men for each position will compete in the final elections April 22. Those offices where there are only two candidates will be run off in the final election. The names of the unopposed candidates will appear on final election ballots.

Voting Begins At 7:30

All voting for the election will be conducted from the YMCA where the polls will open at 7:30 in the morning and close at 6 o'clock in the afternoon. The Campus Government, under the direction of Jennings Teal will be in charge of the polls and the counting of votes.

The Constitution of the Campus Government states that "students, faculty members, and administrative officers of North Carolina State College shall enjoy equal suffrage under this government." This is interpreted to mean that the clerical and maintenance staffs are not eligible to vote.

Regulations

Candidates are required by the Rules Committee of the Campus Government to abide by the following rules in conducting their campaigns.

1. The campaign fund must not exceed \$75.
2. No candidate may campaign in such a manner as to disturb classes.
3. No campaigning within 50 feet of the polls.
4. Candidates must not nail posters to trees; string or tape should be used.
5. Posters should be placed on bulletin boards and not on the sides of buildings. Each candidate must remove his posters within one week after the election.
6. Candidates are required to sign a notice of compliance to the above regulations.

The YMCA announced nominees for student officers here Tuesday night. Presidential nominees are Al Worth Stinson and John Hollowell; vice president, Gilbert Maxwell; secretary, Max Koontz, William Cochrane, Ralph Dixon, and Charles Pugh; and treasurer, Stuart Wood, Sam Funches, and Grady Miller. Following are brief sketches of the candidates who will appear in the primary.

Max Koontz, engineering freshman, is a native of Kannapolis. Max is one of four nominees for the secretarial post.

William Cochrane, candidate for secretary, is a junior in Ag Education, and hails from Franklin, N. C. Here at State, Bill's activities include: Ag Club officer, member of F.F.A., Campus Government, Welfare Committee, track team, and member of 30 and 3.

Ralph L. Dixon, a junior in Industrial Engineering, is a nominee for secretary. Coming to State from Winston-Salem, Ralph is a

Religion and Life Week Begins

SEMINARS TO BE HELD; PLAN SPECIAL MUSIC

By GILBERT MAXWELL

Religion and Life Week, a State College institution since the 1920's, will open this year Sunday night at 7 o'clock in Pullen Hall with an address by Reverend T. B. "Scotty" Cowan, Pastor of Eveybody's Church in Lexington, Kentucky.

Reverend Cowan, a much sought-after speaker for young people's groups, will be making his third visit to the State Campus. He will speak again Monday, Tuesday, and Wednesday nights in Pullen at 7. Special music for Sunday night will be provided by the Meredith College Glee Club, Miss Rachel Rosenberger, violin soloist. Reverend Cowan's topic will be "Combined Operations."

Monday night's program will open with Reverend Cowan's address on "The Adventure of Faith." The State College Orchestra and Glee Club with Mrs. Craven Holder, soloist, will offer special music for the occasion. After the address, the first of the week's seminars will convene in the YMCA. Seminars will be held for engineering, agriculture, textiles, and the Christian faith. Dr. W. G. Van Note, Head of Engineering Research, State College, will lead the engineers' seminar; Mr. William McLaurine, Sec.-Treas., American Cotton Mfg. Association, retired; will head the textile seminar; Mr.

Religious Seminar Leaders

Rev. H. C. Wilkinson

W. M. McLaurine

Arthur F. Raper

Arthur F. Raper, U. S. Dept. of Agriculture, will lead the agriculture seminar; and the seminar for the Christian faith will be handled by Rev. Warren Carr, Pastor Watts Street Baptist Church, Durham. The seminars will convene at 8:15, and in addition, the Rev. Howard Wilkerson, pastor Haywood Street Methodist Church, Asheville, will deliver addresses each night in the West Campus YMCA in Vetville.

Conferences will be held every night in dormitories and fraternities with leaders being various prominent faculty members and local ministers. Supper meetings will be held each night for the campus workers committee, who will receive instructions and aids in their work at that time. Dr. Frank P. Graham, President of the Greater University, will speak to this group Monday night and will lead two conferences, also. Dr.

Graham will be unable to take part in Religion and Life Week except on Monday night due to previous commitments. Also on the program are faculty luncheons in the Grill Room each day with Rev. Cowan and Messers Raper and McLaurine handling the speaking chores.

Tuesday and Wednesday nights will feature Reverend Cowan speaking on "The Road to Life" and "A Bargain at any Price."

(Continued on Page 8)

Student Legislature Convenes Next Week

By DICK FOWLER

Student legislators will have their day April 16 and 17 when the long-delayed State Student Legislature opens in the State capitol building.

About 25 schools will be represented at the legislature. Of the 25, six or seven colored schools will send representatives. The allowing of colored schools was enacted at the 1945 session of the student legislature.

Housing Problem

In the past it has been the practice of the Student Legislature to use both the Senate and House chambers in the capitol building. This will not be possible during the forthcoming session since State officials would not grant the student group the use of the senate chamber. The reason the officials gave for refusing the use of the senate chamber was that the board of education was now using the chamber and it would interfere with their work to have to move out.

An effort is now being made to obtain use of one of the courtrooms in the Wake County court house. If these arrangements are successful the student legislature will be divided into two sections, the House of Representatives and the Senate, as originally planned. If the arrangements for the courtroom fall through the legislature will not be divided.

State Delegation

The delegation to represent State

College has not been officially named as yet. Anyone interested in being a member of the State delegation should make a written statement to that effect and leave it at the office of the Campus Government before Monday night. The list approved by the campus Government will be the official delegation from State College.

Registration

Registration for the delegates will begin at 11:00 o'clock Friday morning, April 16. The first session will begin at 2 o'clock. The first official business on the agenda will be the election of presiding officers of the legislature.

Council Officers

Elected by the representatives to the Student Legislature Council at a meeting held in March were Charlie Long, of Carolina, president and Fran Thompson, of Meredith, secretary and treasurer. Also elected at the meeting were seven standing committee chairmen. The function of the council is to plan and organize the actual Student Legislature. Council officers do not preside at the sessions of the legislature.

Proposed Legislation

Several bills concerning state, local, national and international issues will be presented.

The Elon College delegation plans to present bills for: "Abolishing the state sales tax;" "Providing four-year scholarships for students planning to teach in North Carolina;"

Lambda Chi 'Big Four' Sponsors

Pictured above are the young ladies who will sponsor for the Lambda Chi Alpha State-wide dance to be held at the Hope Valley Country Club in Durham tonight. Music will be furnished by Johnny Satterfield and his Orchestra.

Top row, left to right: Dot Wheeler, Raleigh, for H. Austin Sauls, Charlotte, president of the N. C. State Lambda Chi chapter; Margaret Smith, New Bern, for Pat Gill, Raleigh, social chairman Duke chapter; Nancy Hedden, Detroit, Michigan, for Bob Holland, Williamsport, Pa., president of the Duke chapter; Mrs. Carolyn Hogan, Burlington, for Flip Hogan, Burlington, Carolina social chairman.

Bottom row, left to right: Betty Henshaw, Manteo, for Hank Hankins, Kernersville, Carolina president; Joe Bryan, Lillington, for Bill Fleming, Raleigh, Wake Forest social chairman; Shirley Dunston, Washington, N. C., for Carroll Glower, Washington, N. C., Wake Forest President. Not pictured but also sponsoring is Dot Schrumm, Newton, for John Hammond, Farmer, N. C., State social chairman.

and "Providing twelve-months employment for teachers."

From Duke will come bills to: "Elect local schools committees and fix the term of their office;" "Fix a minimum salaries for teachers;" and "Make Sunday election day for choosing all State officials."

The Carolina delegation will bring with them a bill favoring re-inactment of Selective Service and Universal Military Training.

Delegates from the Wilmington College Center will introduce legislation to provide a bonus for all veterans of World War II and another bill to draft a new constitution for the State of North Carolina.

Legislation to be introduced by the State College delegation is not available at the present time but will be announced at a later date.

Sponsors For Sigma Chi 'Sweetheart' Ball

Pictured here are the sponsors for the fifth annual Banquet and "Sweetheart" Ball of Sigma Chi Fraternity at State College. The banquet will be held in the Virginia Dare Ballroom of the Sir Walter Hotel Saturday night, April 10, from 7 until 9 o'clock, and the ball will be held at the same place from 9:30 until 12 o'clock Saturday night. Al Millman and his "Statesmen" will provide the music. The sponsors, with their escorts, are shown here. Top row, left to right: Miss Marjorie Jones of Whiteville with W. Phillip Greer of Bristol, Va., Sigma Chi president; Miss Margaret Anne Clayton of Roxboro with Martin Michie of Roxboro, dance committee member; Mrs. Charles R. Ibach, Jr., of Charlotte with Charles R. Ibach, Jr., of Charlotte, fraternity vice president; and Miss Lorraine Robertson of Stateville with Lolo A. Dobson of Statesville, dance committee member. Bottom row, left to right: Miss Berta Allen Russ of Raleigh with Joe Stevens of Raleigh, dance committee chairman, Miss Betty Brown of Asheville with Jack BoCook of Asheville, dance committee member; Miss Jeannette Simpson of Raleigh with Harry Allen of Charlotte, secretary; and Miss Barbara Beatty of Mount Holly with John P. Ross of Charlotte, treasurer.

Campus Government

Council Approves

By DICK FOWLER

Three senators and 22 representatives will represent State College at the forthcoming Student Legislature.

This fact was brought to light last Tuesday at the regular meeting of the Campus Government when a motion to the effect that "the Council approve State College's participation in the Student Legislature and that the president form a committee for selecting the individual members," was passed.

Mandel Requests

Newton Mandel, president of Pi Kappa Delta and active worker in the planning of the Student Legislature, was extended the courtesy of the floor to make a request for official sanction of the State College delegates. In his request Mandel ask that the Council approve 3 senators and 22 representatives.

Jennings Teal, Campus Government prexy, stated that persons interested in taking part in the student Legislature should write a note stating their desire to take part and leave it at the Campus Government office. This must be done by next Monday night in order for a person to be eligible.

Average Troubles

A motion to allow candidates with less than a 75 scholastic average run for offices on campus publications was not passed. However, the council recommended that the deadline for filing for publications offices be extended until after a meeting of the Publication Board. This action was taken to allow the Publications Board to fill vacancies now existing in list of candidates.

EDITORIAL

Who is the proper authority to decide the policies of the Verville newsheet?

This question is in considerable debate. The TECHNICIAN firmly maintains its stand that the policies of the newsheet should be decided by an editor, who was elected by the people.

Some factions in Verville disagree with this stand, and have asked that an amendment to the proposed by-laws concerning censoring the Verville newsheet be tacked on to other proposed amendments that the population will vote on.

The agency proposing these amendments was the By-Laws Committee, appointed by the Mayor. The very fact that the Committee proposes the amendments implies to the voters that the committee would like to see the amendments passed. Even if the committee has no such wish, the implication is still there. On such an issue as this the committee should have asked the factions desiring the censorship regulation to propose it from the floor at a town meeting.

In this way the Verville government could not be accused of sponsoring restrictive legislation.

The TECHNICIAN realizes that the proposed by-law was tacked on in an effort to settle the argument once and for all. We feel certain that the Verville government has the best interests of the citizens at heart. But we still maintain that an amendment such as we read should not be proposed to the people through a committee appointed by the chief executive of the community.

The people of Verville exercised their right of choice when they elected the editor. The fact that he was elected means that the majority have confidence in him. Don't tie his hands.

OPEN FORUM

Dear Editor:

Your spot decision to write an editorial about censorship of the Verville News, although all the information you had was presented to you by one person, is an insult to the people of Verville and is disconcerting to those of us who have had considerable confidence in your ability.

Part of your facts are in error; your implication is indicative of bias. When I talked with you two days before the editorial was published, you admitted that your first draft was based on a major misconception not included in the final edition.

You use the phrase "proposed by-laws." Instruction to nor action by the By Laws Committee has been to propose by-laws, but rather to bring before the people all controversial issues for discussion and, if desired by the people, for referendum.

Not once has the Council nor the By Laws Committee asked the residents of Verville to vote for or against an amendment to the by-laws. Instead, the people have only been asked to express themselves by voting on the amendments presented to them for consideration.

Personally, I am definitely opposed to censorship in our News-sheet; however, can I, just because I disagree, ignore the demands of a minority group, which feels it might be the majority group, that an issue be brought to a vote. Nothing is closer to the essence of democracy than referring to our entire populace issues which are considered debatable by even a few. We should welcome the opportunity to prove to those who oppose freedom of the press, even in our situation, that they are definitely in the minority.

Your query asking where the Board of Aldermen gets the authority to restrict the newsheet is ventured without intelligent, if at all, investigation. Would it interest you to know that the Board of Aldermen has not met, not once, nor has

it taken official action of any kind since the By Laws Committee drew up the amendments to be discussed? And have you been told that the question of eliminating editorials from the newsheet has never been voted on by the aldermen? Certainly, several conferences which have included consideration of requests from persons outside the government that editorials be eliminated because of the nature of our newsheet are on record; however, the discussion was tabled pending a debate open to all the residents.

Purely for example, if you, as a member of a community governed as Verville is, came to feel that the editor of your town paper was doing more harm than good by editorilizing, would you not ask your governing body to find out if a majority of the residence feel the same way so that action could be taken on behalf of that majority? Some of our residents have done just that—I am positive you would also. Why draw only half of and analogy?

Please note again that I do not imply that I agree with restricting the editorial content of our paper, nor do I ever hesitate to remind all of Verville of the important sacrifices of time and effort made by our present editor.

Finally, you deal in a paradox. What do you think prompted the latest complaints about the news-sheet? Those who came to me want to know why the people allow a group known as the First Party, which includes the present editor, to print, in the official section of the newsheet, statements designed to advance only the interests of the First Party. And you ask the people to see that their publication and the editor not be made the tool of one group. Such confusion!

The people of Verville have expressed pride in the accomplishments of its government. Obviously your editorial cliches are unapplicable to a rational people.

Jim Reece
Mayor of Verville

R. Thomas Hobbs

Tom Hobbs is an Electrical Engineering junior from Rocky Mount. He is a member of the Professional School Executive Honor Committee representing the Electrical Engineering Department, a member of AIEE, and has done work with the college Amateur Radio Club. Hobbs also served on the staff of the Southern Engineer during his sophomore year.

Other candidates are Walter Clark, a sophomore in Engineering from Greensboro, and D. S. McCormick engineering sophomore.

Candidates for Business Manager of the Wataugan are William T. Ray, and William E. Hennessee.

William T. Ray

Ray, a member of the Engineers' Council for two years, has served as president of the Beaux Arts Society for the past two and one-half years. Ray has been on the business staff of the Wataugan for one year and is a member of the Cadet Officers Club.

William E. Hennessee

Bill Hennessee is a junior in Textile Management from Salisbury. During the past year he served on the staff of the Wataugan as mailing manager. Hennessee is a member of Sigma Nu social fraternity.

Candidates for Head Cheer Leader are W. S. Bull, Warren Smith, and J. M. McDowell.

Head Cheerleader

W. S. Bull

W. S. Bull is a sophomore in Mechanical Engineering from Newport News, Va. He was head cheer leader at the Newport News Apprentice School for two years, and he has been on the State cheer leading squad for the past two years. Bull is a former member of the Cadet

Officers Club, Treasurer of the Sophomore class, and a member of the staff of the TECHNICIAN. He is also a member of the Delta Sig social fraternity.

Warren Smith

Warren Smith is a junior in Mechanical Engineering from Raleigh. He is a member of the band, Mu Beta Psi, ASME, and has had three years experience as a cheer leader.

Candidates for Editor of the Wataugan are John Faulk and Max Fowler.

Wataugan Editor

John Faulk

John Faulk is a junior in Architecture and hails from Sanford. He has been a member of the Wataugan staff for several years and is now serving as associate editor. He is also a member of the Beaux Arts Society.

Max Fowler

Max Fowler, enrolled in Mechanical Engineering, is from Shelby. He is at present a member of the Wataugan editorial staff.

"THE BEST IS YET TO BE"

The telephone will be seventy-two years old this year. Its development within a single lifetime has been a modern miracle: Yet it is only the beginning.

There are any number of men in the telephone business today—some just starting out—who will see greater progress than the past has ever known.

Year by year the next half century will be increasingly theirs. New leaders will appear from among them. Step by step, rung by rung, they will mount the ladder to the top. For telephone management is

employee management and comes up from the ranks.

There will be more good jobs for qualified men in the telephone business in 1958 and 1998 than now. It just can't help being that way. For of all the businesses and professions, there are few more interesting and necessary.

So the future is bright for those who make telephony their life work. For them, "The best is yet to be."

Annual Military Ball Tomorrow

Pictured above are the sponsors for the Military Ball in Frank Thompson Gym. Saturday night. They are: Top row left to right, Miss Carol Parker of Winston-Salem, for Cadet Lt. Col. Hurley King, president of Cadet Officers Assn.; Mrs. Carl W. Ballard of Asheville for Cadet Col. Carl W. Ballard, chairman of the dance committee; Miss Doris Shute of Upper Darby, Pa. for Cadet Lt. Frank L. Rapp, dance committee; Bottom row, left to right, Miss Lucy Brewer of Oxford for Cadet Lt. Richard Crews, dance committee; Mrs. Alfred S. Linthicum of Durham for Cadet Lt. Alfred S. Linthicum, dance committee; Miss Carolyn Futch of Charlotte for Cadet Lt. Jim Osborne, dance committee.

What promises to be one of the most colorful dances of the year will be held tomorrow night in Frank Thompson Gymnasium when the annual Military Ball gets underway. Sponsored jointly by the Cadet Officers' Association and Scabbard and Blade, the ball will be a strictly formal affair, with uniforms mandatory for military students attending. This will be the

first time a military ball has been held on the campus since 1942, when it was discontinued on account of the war.

Music for the event will be furnished by Johnny Satterfield and his band, who hail from the University of North Carolina, where such well-known personalities as Kay Kyser, Hal Kemp, and John Scott Trotter began their rise to eminence

in the world of music. Judging from the plaudits that they have been receiving, the Satterfield aggregation seems to be well launched along the same road to success.

Included in the program for the evening will be the famous Grand March, during which the students due to receive commission at the end of this term will pass beneath an arch of crossed sabers.

Candidates'

(The following candidates for Campus Government offices have presented platforms which they hope to see enacted if they are elected.)

FOR PRESIDENT:

Dick Fowler

The position of president of the Campus Government at State College is an exacting job that requires a great deal of serious thought and hard work. If I am elected I will assume the office with full cognizance of what will be expected of me.

One of the greatest needs of the State College Campus Government is an organized program designed to increase the overall effectiveness of the Campus Government and to make the Campus Government of greater use and importance to each individual student. I have strived for these improvements generally, and through the medium of the TECHNICIAN especially, since I entered State College more than five years ago.

I have consistently advocated further liberalization of the cut system and, if I am elected, I shall do all in my power to liberalize the archaic cut system the students must now contend with.

I shall endeavor to give the student body a complete and unbiased report of each Campus Government meeting through the medium of the TECHNICIAN.

If elected, I shall do everything in my power to assure the expeditious passage of legislative appropriation of funds to complete the State College Coliseum.

It is my earnest desire to see that the student body at State College has a louder voice in the matters pertaining to athletics at the college.

I pledge my full cooperation to any individual or group who is working for the best interest of the college and its student body.

I never have been, nor will I ever be, afraid to stand up for what I think is best for the college, even in the face of opposition from the faculty, administration, or powerful alumni. In other words, I refuse to be "a yes-man."

The record of the past is the platform of the future.

Bob Peacock

"My platform is good government. If elected, my only promise is to do everything within my power to give the students a fair representation. I will show no partiality on any problems which might arise. I will endeavor to continue the good work of this year's council. Anything that will aid or benefit the students will be my chief aim."

Floyd Harper

1. Completion of the Coliseum by student lobbying if necessary.
2. Student rating of the faculty.
3. Pre-registration.
4. A period immediately before exams during which no quizzes will be given.
5. A Student Union building for dances and other campus functions.
6. An effective honor system.

Fred Kendall

1. A teacher-investigating committee of faculty members to observe teaching methods.
2. Sponsor a home for the Monogram Club.
3. Organize a weekly Campus Sing to promote social life.
4. Investigation and correcting of the campus traffic setup.
5. Improvement of campus lighting, roads, and walks.
6. Coordination of organizations to eliminate conflicts.
7. Establish contact between the Campus Government and the individual students.

FOR VICE PRESIDENT:

Ted Williamson

1. I will honestly represent the interests of the majority of the students, regardless of curriculum.
2. Improvement of the Honor System.
3. Erection of a Student Union building.
4. Insist that funds be had, from the State or from the school, for the purpose of putting soap, towels, and all necessary things in the wash rooms all over the campus.

Herbert Brenner

1. More people be employed by the Student Supply Store to eliminate waiting.
2. The Physical Education department provide clean towels and soap for every student taking Physical Education after every class.
3. The entire new slate of officers coming in push the General Assembly to appropriate more money for State College so that many necessary conditions at our institution might be improved.
4. Above all, I earnestly pledge that I will uphold and heartfully support all plans for a better State College.

Archie Corriher

1. Sponsorship of a month-by-month campus beautification program.
2. Cooperative social functions among smaller campus organizations.
3. Active support of instructor rating system.
4. Development of better campus traffic control regulations and

Platforms

larger allocation of student parking space.

5. Full cooperation with other elected officers.

Ralph Harris

Mr. Harris states that he is in favor of a "government that will fulfill the needs of the students at North Carolina State College."

FOR SECRETARY

The following candidates for Secretary of the Student Government have issued platforms. Because there are only two candidates for this office, this race will not be run off until the final elections on April 22.

Jim Gardner

1. To further promote good government on the Campus of North Carolina State College.

2. To discourage any issues which are detrimental to the welfare of the students of State College.

3. To promote good will between students and faculty.

4. To advocate an exchange for second-hand textbooks; this business operated by and for students.

5. To advocate a Student Union for the campus of State College.

6. To use my two year's as a council representative in an effort to coordinate the work of the new council with the unfinished projects of the old.

Pate Forehand

"I feel that in order for the Campus Government and Honor System to be more effective and benefit the individual student to a greater extent, the present constitution should be amended so as to make all trials for honor violations public to the student body and that the student body should have a greater voice in the selection of the jury and officers of the trial body. Another point that I feel should be given more attention is the matter of the athletic department. I feel that there is much that could be done to improve the seating and ticket distribution of the students. I am also supporting the plan for

the examination and rating of the instructors on the campus, so that the administration will be able to determine which instructors are doing a good job, and thereby making the job of going to school easier on the students.

FOR TREASURER

W. Robert Phelps

1. I am interested in promoting an honest, clean campus government at State College.

2. I believe that a financial report of how the student's money is being spent by the campus government should be published at least once every term.

3. More information of the going's on of the student government should be published so that the students may know more of its activities.

4. More student participation in student government affairs.

5. Co-operation of campus government officers.

R. Thomas Hobbs

1. As your treasurer I will keep a careful and accurate record of all funds and expenditures of the Campus Government as required by the constitution and by-laws.

2. I will be faithful in submitting to the Council and to the students a monthly written report on the state of the treasury.

3. State College men are entitled to know the status of the treasury at all times. It will be my intention to publish in the TECHNICIAN a periodic statement which will indicate where your "student fees" are being spent.

4. I promise to make a study of the "students activities fee" situation and to determine just where your dollars go when you pay them at registration. These fees should

be apportioned fairly to the various student activities on the N. C. State College campus. Should I be elected, it will be my privilege to check allocations carefully and report my findings to you in the pages of the TECHNICIAN.

5. As your treasurer it will be an honor and a privilege to be able to work with the President and the other members of the Council which represents the best all-around bunch of guys anywhere—the N. C. State student body.

Sam W. Pope

"If I have a platform it is necessarily broad and general, but it boils down to two vital fundamentals.

(1) The promotion of ideas and actions which are for a progressive, improved, up-to-date State College, which can best be done by first and foremostly (2) looking after and working for the interests and welfare of the students now here.

Furthermore, I realize the obstacles which might confront the Council and recognize many of the possibilities for present and future action by a progressive group."

Interviews Scheduled For Engineer Seniors

By W. S. BULL

In cooperation with Dean Lampe's office the TECHNICIAN has been presenting articles to acquaint the student who is about to embark upon his life's work as a graduate engineer.

This week arrangements are being made with another group of industrial representatives to conduct interviews on the campus. The Overseas Personnel Office of the Standard Oil Company will be the first represented. Anyone interested in foreign employment may secure their appointment for an interview by seeing Clinton Jones in Room 104, C.E. Building, on Monday, April 12. The interviews will take place April 20.

Mr. J. F. Collins of the Technical and Research division of the Texas Company will arrive on the campus Wednesday, April 21, to talk to those people interested and

qualified for careers in the petroleum industry. Appointments for this may be secured beginning Tuesday, April 13. Mr. Collins is especially interested in chemical and mechanical students for work in the Beacon Research Laboratories in New York.

On Tuesday, April 15, the schedule of interviews will be begun for those who wish to talk with Mr. Wade M. Gallant and Mr. Labinger on Thursday and Friday, April 22 and 23, concerning employment with Westinghouse.

Mr. Clinton Jones asks that anyone interested in these organizations save this schedule and don't ask to be put on an interview schedule before it is opened.

Radio Speech Course Now Being Offered

Dr. Lodwick Hartley has announced that this term the Department of English, in cooperation with the Student Broadcasting System and station WVWP, is offering a new course in Radio Speaking, listed as English 334 and carrying three credits.

The first half of the course will be devoted to diagnosis—to discovering the strong and weak points of each student's speaking, and to exploring the different kinds of radio announcing.

During the second half of the course, each student will concentrate on the one kind of announcing he is best at, as on musical programs, campus news, campus sports, commercials, variety shows, or the like.

Students in the new course fall into two groups. One consists of

E. E.'s who expect to be radio engineers and want to develop an ear for good production. The other group consists of students who want to develop a good speaking style for immediate use in broadcasts over the campus station, WVWP.

Professor L. H. Swain, who is teaching Radio Speaking, says, "By the end of the term, we expect to be meeting in the new WVWP studios and producing at least a full hour of programs every week."

RELIGIOUS WEEK

(Continued from Page 1)

Special music will come from the Peace College Choir, Miss Durham Moore, soloist, Tuesday night; and the St. Mary's College Glee Club, Mr. John D. Holmes, soloist, Wednesday night.

This year's Religion and Life Week is sponsored by the Canterbury Club, Baptist Student Union, Westminster Fellowship, Wesley Fellowship, Lutheran Student Association and the YMCA. The theme is "The Christian Faith and the Issues of Life." Students are urged to support Religion and Life Week and personal conferences with any of the leaders will be welcomed.

Dick Dickey Gets First Team All-American

High Scoring Soph Lands Coveted Helms Foundation Award

Dick Dickey, the flaming redhead from Alexandria, Ind. who has led the State Wolfpack basketball team in scoring for the past two years, has been selected on the Helms Athletic Foundation first team College All-American selection. He will be featured with the other first team selections in Basketball Illustrated.

The Helms Foundation, which picks three teams of ten players each every year, is recognized as the criterion of the many annual All-American teams that are selected. The Helms selection marks the second national recognition for Dickey, who was previously named on the third team Associated Press All-American selection earlier this year.

Dickey attained the coveted position by his sparkling, aggressive play for the Wolfpack during the past year. He led the team in scoring with a total of 451 points, the third highest individual total in the history of Southern Conference basketball and the highest individual total for a State College player. This mark broke the previous high for a State player of 378 that Dickey himself set his first year here.

Dickey has been the sparkplug of Coach Case's famed dazzling fast break and is considered one of the best defensive leaders on the team, being the leader of the Wolfpack's tight pressing game.

The Helms selection is made on the basis of five offensive players and five defensive players. Also included in the Helms selections for 1948 was the naming of Ed Macauley, of the St. Louis University Billikens as the player of the year. Kentucky's NCAA champs were chosen as the National Champions.

The Helms All-American First Team Follows:

Forwards: Tony Lavelli of Yale; Murray Wier of Iowa; Richard Dickey of North Carolina State; and Duane Klueh of Indiana State.

Centers: Ed Macauley of St. Louis and Jack Nichols of Washington.

Guards: Ralph Beard of Kentucky; Kevin O'Shea of Notre Dame; Arnold Ferrin of Utah; and Andrew Wolfe of California.

STATE TRACK TEAM OPENS HOME SCHEDULE AGAINST VIRGINIA TECH TOMORROW, 1:30

By JOE HANCOCK

State College's cindermen face their first home test of the season when they play hosts to the Gobblers of V. P. I. on the local track tomorrow afternoon.

The VPI tracksters have been installed as slight favorites due to their showing in the Invitation Indoor meet and the Carolina Relays. Coach Tom Hines expects the meet to be very close, and he indicated that the contest may very well be decided by the final event. VPI is weak in the field events, and the locals hope to capitalize on this weakness. Leaders for the Gobblers are Wingo, who won his dash events at the Carolina Relays last week; Magill, middle distance star, and Middleton and Shelton, distance runners.

To Carry Brunt

Coach Hines will depend largely on eight men to lead the Wolfpack against the Gobblers tomorrow. Chuck Chambers and Norm Orrimins are expected to be the standouts in the dash and middle distance events, with David Dubow handling the distance chores.

The Wolfpack harriers are strongest in the field events with Jim Byler in the shot, Oscar Miller, javelin, and George Pickett in the high jump. Also aiding the field men will be star basketballers Dick Dicky and Vic Bubas. Dicky is entered in the high jump and the javelin, while Bubas will compete in the broad jump.

Quick Rise

Due to an error in computation, last week 3rd Becton was listed with a total of 352 points in 10th place. They are third with 487 points. The three top dorm teams now read:

- 1. 3rd Bagwell 523 points
- 2. 1st Becton 490 points
- 3. 3rd Becton 487 points

Bill Despres to Compete in National Swim Meet

Intramural Front

By HERB BRENNER

Bats and balls were the major attraction on Doak Field as the Dorm men sent out their talented nines to open the Softball season officially last Monday afternoon.

3rd Alexander Wins

The Diamondmen from over Alexander way barely beat a game and fighting 2nd Becton outfit by the close margin of 5-3. Cole handled the mound duties for the winners and also placed across two runs for his teammates. Thompson was behind the plate. The other three runs were evenly divided between Thompson, Garner, and McCormick.

Yoder took care of the pitching duties for the losers with Aderholt doing the catching. The Becton runs were tallied by Waddell (1), Richardson (1), and Privette (1).

1st Becton Defeats Gold

The burning Becton lads trounced a fighting group of Gold lads 26-8 in the opening contest of their 1948 season on Field Number 2. Mintz and Parker shared the pitching duties with Neal behind the plate. Neal showed up exceptionally well in his catching and hitting and looks to be a hot prospect on the diamond this term.

For the losing Golden, Tompkins went the entire five innings on the hill with Jones staying behind the plate.

New Rule

Mr. Miller has announced that a new rule has been added to the Softball agenda . . . that if a team is behind as much as 10 runs at the end of three innings, the game will

automatically go to the team ahead. This goes into effect on Monday, April 12.

Tennis To Start

The fraternity Tennis doubles will start on April 15 when the netmen from Kappa Sig meet the T.K.E.'s on court number 6 at 4 o'clock. These matches should be a real thriller and filled with all the splendor of the great outdoor sport. The Dorm Tennis doubles will commence on Thursday April 15 also when the 2nd Turlington lads match the 1st Symemen on court number 5 at 4 o'clock. The winners of horsehoe and tennis matches are to report the results of their matches to the Intramural office so it can be recorded.

Horseshoes on the Way

The iron shaped parabolas will begin to be tossed on Monday, April 15 when the Horseshoe teams from Trailwood meet 2nd Syme, the Verville "Vets" tangle with 3rd Syme, the 1st Alexander team matches 2nd Becton, and 1st Syme vs. 2nd Turlington. The frats will begin their horseshoe doubles a day later on the 13th when the PIKAS meet the Lambda Chi's; the Sigma Chi outfit meeting the Phi Kappa Tau's, the SAE men playing the K.A.'s and the SAMMY's matching the T.K.E.'s.

Thus we see, fellow students, that everything is almost in full swing and will be by the middle of next week. Then, do not forget the big Track Meet that will be staged for Intramurals this coming May.

Big-4 Field Day

Mr. Miller has been making ex-

(Continued on Page 12)

Swimming Star Has Chance to Get Olympic Berth

Bill Despres of Providence, R. I., captain of the State swimming team, will close out the college swimming season for the Wolfpack on Saturday at the Naval Academy at Annapolis, Md., when he competes in the Junior National 300-yard Individual Medley Championships.

Despres, a sophomore and leading point man on the Wolfpack team, which has won 16 meets in 17 starts during the past two years, is ranked as one of the favorites for the meet on the basis of his third place performance in the Eastern Intercollegiate meet at Harvard University three weeks ago.

Competing with Despres for honors in this event will be many of the nation's leading Olympic hopefuls. In winning third place in the Eastern Intercollegiate meet, Despres became the only member of a Southern school to gain one of the three point positions. He was nosed out by only a few feet by Joe Vendeur of LaSalle College and Dick Gabey of the Merchant Marine Academy.

Despres' chances of winning the Naval Academy meet have increased with the announcement that Vendeur will not be eligible for the junior championships. Despres' hottest competition at Annapolis are expected to be Gabey and Bob Cowell of the Navy Olympic team.

Holder of the 150-yard and 440-yard Carolinas AAU titles, Despres is regarded as one of the finest swimmers in the South. He has also been runner-up in the Southern Intercollegiate championships in

Makes Olympic Bid

Bill Despres—State's Water Ace

the 440-yard event for two years.

In making a bid for the 300-medley title Despres also places himself in contention for a berth on the United States Olympic swimming squad. The Olympic trials are scheduled for Detroit, Mich., in July.

Coach Willis Casey of the State team, who have been supervising Despres in his workouts in the Frank Thompson pool, says, "Bill should have a good opportunity to win the national meet at Annapolis and a fine chance of making the Olympic squad in July."

Golfers Open Big 4 Play Against Deacons

Coach Charlie Tripp's winning golf team will encounter what is expected to be their toughest competition of the season so far when they tangle with the Wake Forest linksmen on the Country Club greens on Monday afternoon. It will be the fifth match of the season for the undefeated Wolfpack golfers. Game time is 1:30 p.m.

Charlie Tripp thinks that the Deacon golfers will be mighty tough to beat. In a previous match this week, the Baptist linksmen had two men to card sizzling 67s, three under par for the course. "But I think our boys will come through in fine style. They all have shown marked improvement during the past week," added Tripp.

The State team will consist of the top four Packers, Robert Turnbull, Weston Dixon, Maurice Brackett, and Charlie Gibson, and two others that haven't been decided on as yet. Coach Tripp will probably use Roy Dearstyne and Al Rickman to fill out the competing six for the Deacon match, however. "Both men have turned in some good scores this week and will probably get the nod for the match," added Coach Tripp.

Following the Deacon scrap, the Wolfpack putters will entertain the Blue Devils of Duke on Tuesday and journey to High Point for a return engagement with the Panthers on Thursday. The Dukes have a strong team also, and the power of Carolina definitely narrows the golfing picture of the Southern Conference down to a Big-4 race between State, Wake Forest, Duke, and Carolina.

Last Friday was the deadline for qualification for the team and Coach Tripp has announced that the following men have made the team in addition to those listed above. They include Gonzalo Saenz, Edward Green, Melton Hobbs, and Fred Gies, Jr.

Invade S. C. For Opening Matches

Wolfpack Diamond Squad Takes Opener, 5-3

SPORTING AROUND With Bill Haas

Now that George Harrell has given up his Technician post for personal reasons, I have inherited the job of putting out a sporting comment each week. . . To start the ball rolling, I'd like to state my case.

What appears here in the future will be my own observation and analysis. Some of you will agree, others will disagree. I'll be on the short end of the horn some and on the long end on occasion. Right or wrong, I expect, and encourage, comment from the readers. After all, there is a lot to be learned about this business of writing, and you are entitled to your two cents worth!

When the opportunity arises, this column will have a "Bouquet Throwing" section, and I'll start off tossing the flowers early.

First man to get a big hand is George Harrell for the top rate job he has done on the Technician and other college activities. George has laid a pretty straight road for me to follow in the sports department, for which I hand him an extra posey or two.

After crying for some good hitting on the baseball club, Coach Sorrell's team came up against Yale and outhit the Eli. Basketball (now we can call him baseballer) Jack McComas lined out three perfect hits in five trips to the plate, to prove he can hit a baseball as well as he can handle the hoop leather. . . . Holding issued warning in the Yale contest that he will be a pitcher to watch this year. . . . Tootsy also picked up the first Wolfpack hit of the afternoon—a single to short.

ORCHIDS TO TRIPP

Still in the orchid tossing frame of mind, I'll chunk a few at Charlie Tripp for his unselfish handling of the Golf team this year. ~~Charlie~~ coaching the linkmen gratis and his team is undefeated to date. . . . Byler comes in for his share of the flowers for his shot put which earned State a second place in the event in the Annual Carolina Relays.

It's too bad that the Wolfpack should lead the nation through a greater part of the Basketball season in offensive play and then drop from what appeared to be a secure lead to second for the season behind Rhode Island State. The Rhodies racked up a 76.3 average to nose out State by one point. The 'Packers dropped in 75.3 per.

While we are on the subject of Basketball . . . Norm Sloan, the long shot artist who will move into Kathavek's vacant Guard post, is slated for a trip to the altar in June. The lucky lass is from Indianapolis. Can she play Basketball, Norm? . . . Sloan is recovering from an operation on his trick knee, which has been causing trouble for several years. You'd never have known it to watch him play ball, would you?

The Wolfpack netmen are on an extended tour of the Palmetto State, where they will meet The Citadel, College of Charleston, and The University at Columbia. At this writing, the team is probably just hitting the South Carolina line, so no results available before press time. Coach Seegers will give local supporters their first look at the team in a home court appearance against UNC on the 13th. An interesting sideline is the brother combination on the team. Bill and Charley Boney might easily meet Tommy and Paul Snell in the Citadel get-together. Both brother combines are from Wilmington and played together there in high school.

CINDERS ARE FLYING

If you want to see the dirt fly, take a jaunt down to the local cinder path when Coach Hines puts his men on the line against VPI in the first dual meet of the season. This big event comes off tomorrow afternoon at 1:30.

Here's news for Billiards sharks. Maybe you knew it, but it's news to me that there is Intercollegiate competition in Cue pushing. The National Collegiate Tourney is being run off in Gainesville, Fla. the 8th thru 10th. Seems that the final entrants are selected by a system of telephonic playoffs, and they all meet at some designated school to choose a winner.

Sorrell's Nine Trips Deacs; Meet Davidson Today, Duke Saturday

By BILL HAAS

State's diamond club rounds out a successful week tomorrow against the Blue Devils on Duke's diamond. The Duke outfit has shown up well in their games this season; and, at a glance, they could easily be picked to cop the Big Four crown. Their win-loss column shows 9 successes in 14 tries.

The outlook is much brighter for Coach Sorrell's team now that Bergeron, the speedy Duke short stop, is out of the game indefinitely with a bum elbow.

Yale Outclasses 'Pack

In their second inter-sectional game of the season, State lost 9-6 to a powerful nine from Yale. The Eli are Eastern NCAA diamond champs, but their play didn't show too much championship form.

In the fatal first inning, Foster walked three and sent another man to first on a hit batsman pitch. Holding took over and the team tightened up to retire th side on a double play after the Yale men had sent over five tallies.

The 'Pack tried hard to overcome that one-sided lead and managed to stay in the game behind some neat pitching by Holding and improved fielding all 'round.

Tootsy picked up a single to shortstop for State's first hit of the affair, and came home after Evans, Fowler, and Norrell got on.

Coach Sorrell tried practically every hurler in the camp to find out just what State has to offer opposing batsmen this season. Poe showed some possibilities as he pitched two no-hit innings and walked only one man.

McComas' three hits in five trips to the plate featured the afternoon's hitting.

'Pack Avenges Easter Defeat
State opened Big-4 play with a 5-3 revenge defeat of the Deacs on the Wake Forest field Wednesday afternoon.

The win put the Wolfpack at the head of the league list, and the brand of ball displayed Wednesday augurs some interesting results when the final standings are posted.

Ernest Johnson, pictured hurler, tossed a return engagement against Bauer and Blackwell to gain revenge for the defeat the two

moundsmen handed Johnson in the Easter Monday fray.

Tossing over a worrisome knuckle-ball, Ernie held the Deacs down when the pinch was on, and although the Wake Forest neighbors collected ten hits off Johnson, they were scattered enough to hold off any scoring threat.

The Pack took the wind out of the Deacs sails when Evans walked and scored on a Texas Leaguer by McComas. The second score came on Don Cheek's single which sent Jack across for number two. The 'Pack picked up two more in their half of the third and one in the fourth to sew up the game.

The next meeting with the Deacs will be on May 5th when the State-men journey over to Wake Forest for the third encounter of the season.

St. Patrick Dance Next Week

Plans for the Saint Patrick Ritual Dance Saturday night, April 17, are being completed, according to Guion Eubanks, chairman of the ritual committee.

The ritual and dance will be held in Frank Thompson Gym at which time the outstanding engineering seniors will be made Knights of Saint Patrick, and outstanding engineering freshmen made Companions of Saint Patrick. This is an annual event sponsored by the Engineers' Council and held in honor of the Patron Saint of Engineers.

Admission to the dance will be by ticket only, and due to the restrictions placed on the Gym, only 900 tickets will be available for engineering students who wish to at-

tend the event. According to Eubanks, the Council was to vote Thursday night whether the dance would be formal, informal, or semi-formal. Dick Levine and his band will furnish music for the dance, which will begin at

Tickets for the Saint Patrick Ritual dance will be given out to engineering students next Tuesday, April 13, from 7 until 10 P.M. in the lobby of the YMCA. Registration cards will be required and an extra ticket must be secured if a student intends to bring a date. First come, first served.

During the program for the evening, the winners of the Engineers Fair exhibits will be announced and the awards presented.

YMCA Nominees
