STATE COLLEGE STATION, RALEIGH, N. C., APRIL 30, 1948

Offices: 10 and 11 Tompkins Hall

Frosh King Crowned Tomorrow

The Queen

Vivian White

Miss N. C. Also Talented

Lovely and vivacious Miss North Carolina will be guest of honor this Saturday night at the annual Sophomore Hop. Miss Vivian White of Fayetteville who was chosen Miss North Carolina of 1947-48 was North Carolina's contestant in the famous national beauty contest held at Atlantic City. Vivian is to be guest of Thirty and Three Honorary Society and her date will be Richard Kirmeyer.

Vivian was chosen to represent North Carolina last summer, when she was selected from the group of contestants at the North Carolina Beauty Contest held at Wrightsville Beach. The entries from the different towns in North Carolina were judged not only by their looks, but by their talent as well. Vivian was the crowd's favorite all during the contest. At the program preceding the contest, Vivian sang, "That's My Desire."

Vivian was sponsored by the Fayetteville Jr. Chamber of Commerce which backed her all the way to Atlantic City. Before the contest at Atlantic City, Vivian was feted by many organizations throughout the State and her pictures appeared in scores of publications. She was a guest on several radio programs and because of her willingness to co-operate at all times won the praise and admiration of thousands of North Carolina citizens. She has taken part in many civic celebrations including the Ag School-sponsored Fair.

Turn In Names

All organizations that have recently elected officers should turn these names into Dean Wood's office in Holliday Hall.

This refers to organizations of all types on the campus. The names and mailing addresses of all officers are needed to keep the files and mailing lists up-to-date. Quite a lot of pertinent information can not be sent to the proper people due to the incomplete rosters.

Names should be submitted for all officers elected for this term and ones that have been elected for next year also.

Groups To Observe Music Week Soon

The week of May 2 through May 9 is National Music Week when throughout the nation attention is focused on music of all kinds, with emphasis on music by American composers in many cases. All of the State College musical organizations will take an active part in the observance.

Sunday, May 2, the college orchestra will present a free symphony concert in Pullen Hall at 4:30. The Glee Club will present two programs—on Monday night, May 3, a concert at Peace Junior College, and on Thursday at 1:20 at the American Legion Club. On Sunday, May 9, The "Redcoat" Concert Band will present its third concert of the year at the base of Memorial Tower (or in Pullen Hall if it rains).

Greased Pig Victor In For Big Day

By HARPER THAYER

Beginning with a luncheon tomorrow, the annual "King for a Day" festivities will get into full swing and end with the coronation ceremonies at the Sophomore Hop tomorrow night.

Richard L. Kirmeyer, freshman in Industrial Recreation, qualified for the royal title by catching the greased pig two weeks ago at Devereaux Meadow. Vivian White, who was selected as Miss North Carolina of 1947, will be the reigning "Queen."

She will be brought from Woman's College in Greensboro, where she is a freshman, by Charlie Musser in his new Buick convertible. Luncheon at the Club Bon Air at 1:30 is first on the day's program. The "King and Queen" will be the honor guest of the luncheon, which all the members of 30 and 3 will attend with their dates.

Pick Out Clothing

Afterwards at about 3:00, the royal couple will go to Lewis' Clothing Store and pick out the \$150 worth of clothing that is to be donated by the Order of 30 and 3 to the "King." Following the clothing selections they will go to the Tea Dance at the Raleigh Auditorium.

After dressing for dinner, the couple will be escorted by some of the 30 and 3 members to the Colonial Room of the Sir Walter Hotel for dinner. Following dinner, they will depart to prepare for the Sophomore Hop. The dance will last from 8 'til 12 at the Raleigh Auditorium. Music for the gala affair is to be furnished by the Duke Ambassadors.

Miss White and Kirmeyer will be the guests of honor and will reign over the ball. The coronation ceremony will take place during intermission. After the crowning, the gifts picked out in the afternoon will be presented to Kirmeyer, and Miss White will also be given a present. Other informal parties are planned to follow the dance.

To Be Annual Affair

The members of 30 and 3 plan to institute this as an annual spring affair. This is the first year that this ceremony has been held, and it is anticipated that future programs will be bigger and better as the years roll by.

One freshman was selected to represent each floor in the dormitories and one from each fraternity. Each of the freshmen dressed in a comic costume representative of the school or department that he was in. The twenty with the best costumes were allowed to chase the greasy pig; the boy catching the pig becoming the "King."

Richard, the lucky freshman this year, is from Pittsburgh, Pa. He is a halfback on the football team and rooms with Bernie Watts and Tom Joyce, guards on the team.

Attention Glee Club!

Glee Club members are requested to report promptly at 6:45 p.m., Monday to Pullen Hall for a brief rehearsal before going to Peace College for the concert.

All members having automobiles are requested to bring them to facilitate prompt transportation of all members.

The King

"Kirk" Kirmeyer

Campus Government Officers Will Be Installed on May 7

By JOE HANCOCK

Newly-elected officers of the Campus Government will be officially installed at a banquet May 7. These officers will take office shortly before the end of the term.

One of the largest turnouts in campus history went to the polls last Thursday in what Campus Government president Jennings Teal termed "a relatively good turnout." All of the candidates put up stiff campaigns, and only a few had overwhelming majorities. No mudslinging was observed during the electioneering, and some of the candidates put on unique demonstrations.

Outgoing President Teal commended the candidates in carrying out clean campaigns and also lauded the students for their support in the election. He assured the new candidates that the "present Campus Government will give all possible assistance to the new officers." He also announced that the new officers will meet with the old officers for the rest of the year.

President-elect Fred Kendall thanked the students for their support and renewed his campaign promises in the following statement.

"In electing me President of the Campus Government the students of N. C. State College have bestowed upon me the highest honor attainable by a student of the college. Since it is impossible for me to thank each one of you personally, I shall show my sincere gratitude through a year of service to you by building a campus govern-

ment which will continue to be a credit to North Carolina State College. I shall earnestly endeavor also to live up to the high standards set by the present and past campus governments. To do this I shall use my platform as a foundation upon which to build a better State College for you. My campaign promises will not be discarded. They will be combined with the suggestions offered by many of you during the past two weeks and others which I hope you will continue to contribute, as there will always be an open ear for your ideas as long as I am in office.

"To work with me next year you have chosen a group of officers and representatives that would make any president eager to begin work. I speak for them when I say that we will coordinate all of our efforts toward a common goal.

"Again, my sincere appreciation for your support and faith in me. I await the opportunity to begin my service to you."

Council Meets

There will be an important meeting of the Engineers' Council in Page Hall next Thursday night at 7:00. Jack Armstrong announced this, week. The main business of the meeting will be the election of the editor and business manager of *The Southern Engineer* for next year.

To be elected for these positions a student must be an engineer of good standing and have worked on the publication at least a year.

Brenner Receives High DeMolay Award

Herbert Brenner, sophomore in Civil Engineering from Winston-Salem, has recently been notified by the Grand Council of the Order of DeMolay that he is the recipient of the Degree of Chevallier. The Degree, the highest in the Order awarded for DeMolay activities, will be presented sometime during the summer. Brenner has twice served as Master Councillor of the Winston-Salem Chapter and in 1946 served as Acting State Master during the reorganization of the State group. He is also past Scribe and past Junior Councillor of the Winston-Salem Chapter. He has been in DeMolay three years.

At State College, Brenner is a member of the Sports Staff of the Technician, a member of the A. S. C. E., the staff of "On The Level," a Civil Engineering monthly news sheet, and a member of Sigma Alpha Mu social fraternity.

Summer School Rooms

Students who plan to attend the Summer term may apply now for dormitory rooms at the Dormitory Office. Present occupants of rooms will be given preference until MAY 8th. After this date, any rooms not reserved will be available for reassignment. Room rent will be payable in the Business Office DURING THE WEEK OF MAY 17th.

WATAUGA, GOLD, WELCH, AND SYME HALLS WILL NOT BE AVAILABLE FOR THE SUMMER TERM. Students living in rooms in these dormitories are requested to completely vacate their rooms at the end of the Spring term. The College will not assume responsibility for any personal belongings left in these buildings after the close of the present term.

Remember May 29...

The North Carolina Democratic Primary is just around the corner.

State College has a big stake in the results of these elections. During the next session of the General Assembly of the State of North Carolina, State College will request funds to build the badly-needed additions to our sorely overcrowded campus. We need men in the State Government who understand the needs of the college.

Most of the students on the campus are native North Carolinians and are eligible to vote. Don't pass up the opportunity to take a part in the governing of your state and aid in building a better State College.

Those men not citizens of Wake County may register to vote in their native counties on May 1, 8 or 15. Having done so they may vote by absentee ballot on the day of the primary—May 29.

The next time you visit your home speak to your family about the crowded conditions on the campus and urge that they use their influence in helping to make State College the best technical school there is.

Washrooms...

One of the most oft-heard complaints in and around the engineering labs and shops concerns the washrooms in these buildings.

Anyone who has taken a two-hour shop can vouch for the difficulty in cleaning their hands in the washrooms. At present they do not have soap or paper towels for students' use in them.

One student in complaining of the situation said that his drawing class followed a two-hour shop class and as a result, was never able to hand in a clean plate. Such is the case of many.

Perhaps it is an oversight on the part of someone. Regardless of where the fault lies, the fact remains that the students should have adequately supplied washrooms at their disposal.

Another place where the facilities are definitely under par is in the barracks. Proper care is not being made of the washrooms. An inspection of most of them would reveal a filthy and unsanitary condition. The justifications for these conditions have yet to come to light.

According To HOYLE...

Stalin Loses A Round...

The immediate future of the Italian nation hung in a precarious balance pending the outcome of their national elections last week, and we doubt if many elections in foreign lands have been watched with such acute interest by the American people.

The fact that we in the United States were so interested in those elections showed indisputably our changed attitude toward international affairs—a change which was just about a generation overdue. We seem to have become aware of our immense responsibilities on this trembling planet and aware too, of the dangers as well as the opportunities which face us.

The election itself was a decided slap in the face to the Italian Communist puppets and their Russian masters, and the enormous electoral turnout will probably never be equalled in this country. Italy, for the time being at least, has defied the encirclement of the Iron Curtain.

* * *

What Is The Delay?...

Four weeks ago the Student Coliseum Committee published a report which indicated that enough money was available to continue work on the Coliseum until the legislature meets next year.

At the rate the "work" has been progressing, the money will not have been spent by the time the Legislature meets fifty years from now! We have sometimes noticed as many as six men energetically getting nowhere down there, while at the same time, stacks of steel beams lie rusting in mud-holes.

If there is enough money on hand to "cover the cost of erecting the walls, roof, and possibly pouring the floor," then by all means let's see a crew of men there capable of getting the job done.

Thanks...

The City of Raleigh's stock with State students took a sizable jump when the City Council ruled we would not have to buy city tags for our autos if we lived elsewhere.

The decision of the Council was influenced in no small measure by the unsolicited but welcome help of Wesley Williams, secretary of the Raleigh Merchants Bureau. Wesley told the Council that the enforcing of the buy-a-tag ruling would go far to break down public relations between the students and the merchants of Raleigh. He further stated that the merchants were in favor of exempting non-resident students.

The TECHNICIAN would like to thank Wesley and the Merchants Association for their help on behalf of the students of Raleigh.

Just a Few, Please!

There was a time when almost every classroom at State college boasted a pencil sharpener in workable order. That time is long gone.

In fact, it is now difficult to find a pencil sharpener in any classroom—except the Mechanical Drawing department.

Now a pencil sharpener is a small thing but it sure is a convenience. We realize that maintenance costs must be kept low but dull pencils make sloppy work.

On the lighter side....

Technician Cartoon by Bill Addison.

Oh!... Am I holding up the game?...

WITH the GREEKS

By TED WILLIAMSON

The fraternity men of the State College Campus, usually one of the most active groups found here, failed to show even average interest in the campus elections which have just been held. Out of over 600 men on the chapter rolls of State, only 375 fraternity ballots were cast last Thursday indicating that something is lacking which used to be found in profusion in Greek circles: interest in campus affairs. With about 2600 ballots cast in the final election, which is at least half of the campus population and a record number, the Greeks fell considerably below expectations.

We do not believe that the men who are now found on the chapter rolls are any different from the Greeks of a few years ago who always voted nearly 100% but it would seem that their interest has slackened. It is expected of fraternity men that they will show as much or more interest in things which directly effect them as will the campus population in general. Fraternities have always stimulated interest rather than stunted it. They have always been leaders rather than inert apathists. If the State College Fraternity system is to continue to progress and improve, if the fraternity men desire

to hold their important place in campus affairs, then they must be more interested than their 375 votes last week indicated.

Province Gamma of Sigma Alpha Epsilon, that part of the middle eastern seaboard in which North Carolina is located, held its biennial convention in Spartanburg last weekend. The State College Chapter of the fraternity was represented by three men, Pate Forehand, John Snoddy and Ted Williamson. Province Gamma, one of twelve such provinces in the country, has 13 chapters of which the State chapter is the newest. One of the most important matters which came before the convention was the founding of the Ernie Pyle Foundation, an incorporated foundation designed to endow and maintain memorial rooms in hospitals on the campuses of colleges where SAE Chapters are located; to loan money and give scholarships to members of the fraternity who need such aid; and in other ways to aid the SAE chapters of Province Gamma. This foundation, which will be sustained by gifts from alumni and friends, was named for Ernie T. Pyle, a member of Sigma Alpha Epsilon, who will long be remembered by those who read his books and accounts of the war which finally cost him his life.

OPEN FORUM

April 26, 1948

To Bill Hass:

I'm writing this to introduce you to the "big burley gateman" (5' 11", Wt. 180) at the Duke-State baseball game, and am requesting that this be published in the next issue of the Technician. I strongly suggest that from here out you obtain facts before you write your articles. You couldn't possibly have seen the unpleasant incident at the Duke ball game and written such an erroneous story of it—not if you're honest!

I want to set you straight on just what happen so that readers won't think me to be the bully you have tried to create. Actually, the "small fellow" you spoke of was heavier and taller than I. When coming through the gate, he strode past me fully six feet before he tore out his ticket, then only to

throw it to the ground as he walked on. I called to him to return and to give me his ticket. In reply I was told that it was lying on the ground and that I should get it myself. At this point, the big blond (little fella you spoke of) began to talk in a smart-alecky, insulting manner; whereupon I told him that he couldn't enter the gate in such a way. When he told me that he wouldn't leave, I looked for a policeman with the help of the other gateman; but I was unable to find one. I then told him three times that I'd have to throw him out myself if he didn't leave. To this his reply was, "You'll play hell doing it." Shortly afterward, he was outside the gate.

I regret that the incident happened, but under such circumstances, I feel that my actions were justified. —Name Withheld.

Five Faculty Members On ASEE Program

Five members of the State College faculty will participate in the program of the 56th annual meeting of the American Society for Engineering Education at the University of Texas June 14-18, according to an announcement from the society's officials.

Dr. J. H. Lampe, dean of the School of Engineering, is secretary of the Engineering College Administrative Council, one of the society's principal branches, and Dr. A. M. Fountain of the Department of English is secretary of the English section.

Addresses will be delivered at the meeting by Dr. W. G. Van Note, head of the Department of Engineering Research, and by Dr. John W. Cell of the Department of Mathematics.

Dr. Van Note will speak twice. He will talk on "Engineering Research in the Southeast" on June 16 and will discuss "The Opportunity for Furthering Research in Chemical Engineering Through a Department of Engineering Research" on June 15.

The topic of Dr. Cell's speech will be "The Content of College Mathematics With Special Reference to the Engineering Student." He will speak before the society's mathematics section.

Another State College faculty member, Dr. C. G. Brennecke, head of the Department of Electrical Engineering, will complete a tenure as a division representative on the General Council of the ASEE.

Stallings Is Elected Eta Kappa Nu Head

A regular meeting of Beta Eta Chapter of Eta Kappa Nu was held Tuesday night with the purpose of electing officers for the coming school year. In the meeting, which went into the night, the following posts were filled: C. M. Stallings, president; H. A. Corriher, vice president; R. T. Willard, recording secretary; Walton Smith, corresponding secretary; R. E. Merrit, Bridge correspondent; J. M. Satterfield, treasurer; and F. R. Willard, faculty adviser.

Eta Kappa Nu is a national honorary Electrical Engineering society. Membership in this society is considered to be the highest honor attained by undergraduates in EE at State College.

Hicks Discusses Soils

Mr. L. D. Hicks of the State Highway Department was guest speaker at a meeting of the ASCE in the YMCA Auditorium last Tuesday evening. His topic of discussion was "Soils and Their Commercial Value" and since Mr. Hicks is head of the soils laboratory his knowledge comes from a wide variation of experience.

At first he told a little of the history of soils engineering and its relatively new fields. Then he briefly discussed the operations and duties of the soil lab from the preliminary stages of construction up through the completion of the project.

An interesting part of the pro-

gram followed Mr. Hicks' lecture when he opened the floor to questions. Almost immediately three or four questions were raised regarding road failures in various localities throughout the state. Mr. Hicks was not to be found off-guard and readily explained the experimental conditions under which that particular road had been constructed or stressed the fact that many failures are due to the undue loads to which they are subjected.

In particular discussion was the recent condition of a secondary road between Durham and Hillsboro which failed when it was subjected to a heavier flow of traffic than it was designed for as a result of a detour on the main route.

dents are the dining hall, the Y, and the library. Other departments hire students on their own, but not through the Y.

The Y organized the Self-help Bureau in 1929 to render assistance to needy students at State College. Although, there are few jobs at the present time, Mr. Watts is ready and willing to assist needy students in earning part of their college expenses.

Jobs Are Scarce

There are very few part time jobs available on the campus at this time, according to N. B. Watts, associate YMCA, secretary.

Since the NYA was abolished at the beginning of the war, the Y has not had the money for self-help jobs that it had before the war and during the depression years. Mr. Watts explained that the three major departments employing stu-

"Come on, Johnny, mother promised us Dentyne Chewing Gum if we only sat through it once!"

"Not even Frankie Swoonatra could make me miss Dentyne Chewing Gum! That nifty-flavor really sends me—I mean it really does. And the way Dentyne helps keep my teeth white, I wanta turn on the old smile all the time."

Dentyne Gum—Made Only By Adams

Leave Of Absence Will Be Granted To Pierce

A leave of absence will be given to Professor J. C. Pierce of the Animal Industry department during 1948-49 to work on his doctorate at an unannounced university.

Professor Pierce entered State College in 1935 and graduated with high honors. He joined the faculty in 1939.

During the war, Pierce was stationed with the Q. M. Corps in Chicago where he was in charge of the fresh and smoked meats research and development program.

In addition to his regular activities and achievements during his college career, he was a member of Alpha Zeta, Phi Kappa Phi, president of Lambda Gamma Delta and the Ag. Club, and a member of the livestock judging team in 1938. In 1937 he was high scoring individual in the Eastern Intercollegiate Poultry contest.

Can't Tell

You can never tell what is going to happen next.

Last Tuesday night Ted Williamson, Student Government vice-president-elect, was walking around passing out cigars of the 7-cent apiece variety to all who stated that they had voted for him.

Now there is a man who appreciates his supporters.

Delegates Return

Five State College students have returned to Raleigh after attending the Southern Regional Conference of the American Institute of Chemical Engineers at the University of Florida.

Local students who attended the meeting are Hugh J. Horne, Jr., of Roanoke Rapids, Homer R. Ketchie of Kannapolis, J. D. Hartsoe of Weldon, E. H. Hutchins of Raleigh, and John Parnag of Chester, Va.

What's back of that name for YOU?

Back of the name Western Electric are 130,000 men and women who help make your Bell Telephone service the world's best—at the lowest possible cost.

Where are they? What do they do?

They're in factories in 18 cities, making vast amounts of telephone equipment designed by their teammates at Bell Telephone Laboratories:

They're all over the map, buying all kinds of Bell System supplies from other manufacturers.

They're at 29 distributing houses, filling orders from Bell Telephone companies for apparatus and supplies.

More than 31,000 of them are in mobile crews installing intricate central office switchboards and equipment.

In doing this huge job—one of the most complex in industry—Western Electric people are contributing daily to the efficiency and economy of your Bell Telephone service.

New Appointment Made To Textile School

Appointment of Benjamin L. Whittier of Baltimore, Md., as head of the Department of Fabric Development and Construction in the School of Textiles at State College, effective July 1, was announced today by Dean Malcolm E. Campbell.

Whittier will succeed Prof. T. R. Hart, who has been appointed by Dean Campbell to become director of instruction in the School of Textiles, effective September 1.

The new department head will occupy the Edgar and Emily Hesslein Fund Professorship, which was established at State College by Neuse-Hesslein, Inc., noted exporters of cotton goods and operators of textile plants in the Southern states.

A native of Lowell, Mass., Whittier is resigning his position as fabric development engineer with Mount Vernon-Woodberry Mills, Inc., in Baltimore to accept the college post. He has held his present position for the past 24 years.

Whittier, a widely known figure

in the textile industry and its affiliated organizations, was educated in the public schools of Lowell, Mass., Williams College, Harvard University Business School, and the Lowell Textile Institute.

Prior to joining the Mount Vernon-Woodberry Mills staff in 1924, Whittier served in the Navy during World War I and later received practical training in Lowell and Boston textile plants. During World War II he was a consultant on fabric construction for the textile section of the military planning division of the Quartermasters Corps in Washington, D. C.

He is very active in the work of the American Society for Testing Materials Committee D-13 on textiles of which he is chairman of sub-committee A-1 which involves all cotton textiles. He has also been a member of the society's advisory committee since 1943.

Whittier is also a charter member of the Fiber Society, the leading professional textile organiza-

Ag Club Compares U. S., Mexican Agr.

The Ag. Club met Tuesday night in Withers Hall. Dr. Wells, head of the Botany department, was in charge of the program. Dr. Wells showed some slides and made a short talk on Mexico. The slides were mainly about geological aspects and botanical life in Mexico. From these slides, the agriculture students could compare the agriculture of the United States with that of Mexico, and see how much farther the United States is advanced in scientific agriculture.

At the next meeting, the Ag. Club is meeting jointly with the chemical engineering society. A very interesting program is planned and every member is urged to attend.

Prevette, Reporter

tion in the United States, and is currently a member of its governing council.

The new faculty member is married and has three children, one son and two daughters. His son, Stephen, is an Army veteran, having just returned from a tour of duty in Korea.

Dean Campbell said that Whittier's appointment has been approved by the executive committee of the Greater University board of

VETVILLE NEWS

By ISH COOK

The elections of the Vetville officials has been over for two weeks, and the community has settled down to normal once more. The order of the day now is more sunshine, grass seed for the front yard, and a little original research to take in the tanning rays of the sun.

Many beauty-loving Vetvillians are spending their time on the business-end of a hoe or rake, getting ready to plant flowers. Under the direction of Fred Brown, the Vetville area is slowly but surely losing its rocky barren-looking features, and becoming a picturesque village.

trustees and the college administration.

"He is eminently qualified for the State College position and is recognized throughout the nation for his industrial and professional work," Dean Campbell stated.

Professor Hart, who has been in charge of the Department of Weaving and Designing for several years, will direct the advising and counseling of students in the School of Textiles in his new capacity, Dean Campbell said.

A playground area has been cleaned off in the vacant area in the center of Vetville, and both the men and the women have met there to play softball.

The Vetville Co-op is well on its way to success. Plans for additional storage room are progressing very rapidly and in the near future the space should be available. The store has purchased a new meat case which should provide ample space for meats and poultry to meet all demands.

The Wake County Chapter of the American Red Cross is organizing classes in home nursing in Raleigh and will start a class at the Vetville YMCA if a group of ten or more can be formed. The classes will be under the direction of Mrs. Sallie Beale Rhoades, R. N. The course will last for six weeks, and a minimum of 24 hours instruction will be offered. The instruction will be of a practical nature—first aid, care of bed patients, recognition of symptoms, etc.—and is intended to lead to more efficient care of the home and family under normal conditions, as well as in the time of illness.

Church services will be held each Sunday at 11 o'clock in the Vetville YMCA.

Last Saturday a square dance was held at the Vetville "Y" and a large percentage of the residents of the community laid aside their studies and cares for a bit of lively entertainment. The music for the dance was provided by a string band. More entertainment came on Sunday night with the movie "Meet John Doe" shown in the "Y."

If a smile of satisfaction is seen on the face of Mr. King, secretary of the college YMCA, it might be because of the ever-increasing activities in the Vetville Y. M. C. A. Vetville has centered its life around that building, which Mr. King was instrumental in erecting. From Vetville comes many remarks of appreciation to those responsible for making the Vetville YMCA a reality.

Ag Club Officers At N. C. State

OPIE C. HESTER
Pres.

HAROLD A. FINCH
V. Pres.

BILL COCHRANE
Treas.

BECKY WARREN
Sec.

HARRY PREVETTE
Rep.

Pictured above are the newly-elected officers of the Agricultural Club, official organization of the students in the School of Agriculture at N. C. State College. The officers are Opie C. Hester of Bladenboro, president; Harold A. Finch of Wilson, vice president; Bill Cochran of Franklin, treasurer; Becky Warren of Raleigh, secretary; and Harry Prevette of Statesville, reporter.

A.I.E.E. Elections

At a meeting held last Tuesday night in Daniels Hall, the State College Chapter of the American Institute of Electrical Engineers elected its officers for the coming school year. George L. White, of Greensboro, N. C., was installed as chairman. Other officers include: Jules Silverstein of Winston-Salem, vice chairman; James L. Diehl, Winston-Salem, N. C., secretary; and Harry O. Smith, Charlotte, N. C., treasurer. Carlton M. Stallings of Enfield and James M. Yorke of Fayetteville were elected as representatives to the Engineers Council, and Prof. W. T. Stevenson, Jr. of the E. E. Dept. was re-elected as faculty adviser for the group. Election of alternates to the Council was postponed until a future meeting.

New Organization

Arrangements for the formation on the campus of a student Chapter of the American Society of Heating and Ventilating Engineers have been completed.

The charter will be granted during the installation ceremony and banquet to be held at the Carolina Hotel on May 7th at 6:00 P. M. Officers and members of both the North Carolina Chapter and the National Chapter will be in attendance at this meeting.

The principal speaker for the evening will be Mr. Merrill F. Blankin of Philadelphia, a former president of the National Society, who will address the group on "The Aims and Activities of the A.S.H. and V. E."

ATTENTION CITIZENS OF VETVILLE!!

Now is the time to decorate your apartments. We carry a complete line of paints and wallpaper.

Extension Division Announces Course

An industrial personnel testing institute will be held at State College May 17-29, Director Edward W. Ruggles of the College's Extension Division announced today.

The institute, Ruggles said, will offer intensive study and practice in personnel testing for industry and is designed especially for representatives from firms in which the installation or enlargement of a testing program is planned.

College credit will be allowed for the instruction, and persons who satisfactorily complete the training will be awarded a certificate by State College, Director Ruggles reported.

The course will be conducted by the College's Department of Psychology and is sponsored by the College's Extension Division. The regular staff of the college will be supplemented in providing the instruction by visiting lecturers who are considered to be outstanding in industrial personnel work.

Persons who are interested in enrolling for the training may obtain application blanks for admission and detailed information about the course by writing to Director Ruggles at State College in Raleigh.

Theta Tau Members To Go To Convention

Five members of the local chapter of Theta Tau will attend a regional convention at Lancaster, Pa., on May 1. The conference is the first to be held since the close of the war. In addition to the conference there will be inspection trips for delegates arriving early, and the conference will close with a banquet. All the individual conferences will be held at nearby Franklin and Marshall College.

Attending from State College will be Ed. Palmgren, Mickey Westmoreland, Bob Hinkle, Grey Stone, and R. M. Parker.

Pyramids Took Long Time To Build, Too

By JAMES HOLLINGER

WANTED—150 men to work for concrete contractor on large building being erected in west Raleigh.

This want ad which has NOT appeared in any newspaper indicates the need for a speed-up in the work on the Coliseum.

The concrete foundation work, which was begun several months ago, is less than one-fifth completed. Fifteen persons were observed working on the Coliseum last Tuesday, and this number includes an old man and a boy.

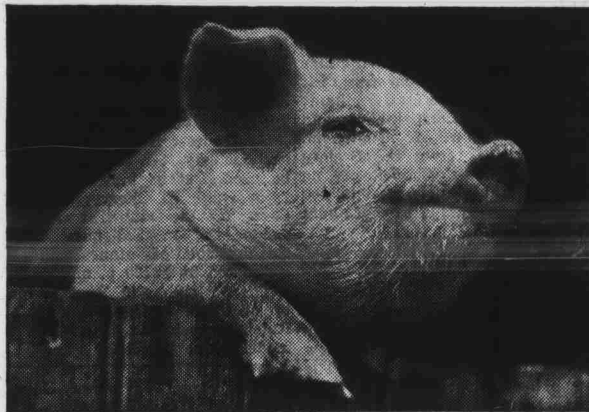

Fifteen workers on a project

that should be swarming with workers. How can anyone expect to use the building in the next year or two?

The only reason to hope for faster work is that twelve foundation pillars were poured in the last two weeks. This burst of speed by the jet-propelled fifteen seems to be only temporary. The thirty to forty more pillars needed in the foundation work are hardly begun.

Compared with the work yet to be done, the little concrete now in place is insignificant. The steel-work can not be erected until the foundations are in. One wonders: How long will this go on!

Warren K. Vieth* Switched to Wildroot Cream-Oil Because He Flunked The Finger Nail Test

DON'T be a pig. You'll only end up a ham. Don't selfishly spend all your money on your girl. Spend some on yourself. Start grooming your hair with Wildroot Cream Oil and look doggy! Just a little bit of Wildroot Cream-Oil grooms your hair neatly and naturally without that greasy, slicked-down look. Relieves annoying dryness and removes loose, ugly dandruff. Helps you pass the Finger-nail Test! And Wildroot Cream-Oil hair tonic is non-alcoholic — contains soothing Lanolin. Get a tube or bottle of Wildroot Cream-Oil at any drug or toilet goods counter today. And ask your barber for a professional application. Don't be piggy — get the large economy size so your roommate can share it — (he will anyway). * of 23 Hamilton Drive, Snyder, N. Y.

North Carolina ASCE's To Hold Meeting

The North Carolina Section of the American Society of Civil Engineers will hold a joint meeting with the student ASCE chapters of Duke University and N. C. State College in the new Engineering Building at Duke University in Durham on Saturday, May 1, at 9:30 a. m.

Announcement of the meeting was made here today by Prof. W. F. Babcock of the State College Department of Civil Engineering, who is assisting in making arrangements for the session.

Principal features of the meeting will be addresses by M. A. Arnold of Greensboro, president of the Arnold Stone Company; and Arnold L. Cochran of Washington,

D. C., chief of the hydrology and hydraulics branch of the U. S. Army's Engineers Corps.

J. A. Sousa, president of the Duke University student chapter, and S. N. Richardson, president of the State College student chapter, also will make reports. Richardson will outline ASCE activities at State College during the past year, and Sousa will describe a Bugs Island inspection trip.

A luncheon is scheduled for the Duke University Cafeteria at 1 p. m., and an inspection tour of the new Engineering Building at the university will follow.

Dr. H. G. Baity of Chapel Hill, president of the section, will preside. C. L. Mann, Jr., of Greensboro is in charge of the program.

Star Frosh Golfer

Pictured above is Freshman Maurice Brackett of Charlotte, who is presently holding down the number one spot on Coach Charlie Tripp's golf team. Brackett has been tabbed as one of the best college golf prospects in the State. He won the Southeastern High School Tournament last year. In Brackett, State has a potential pro in their midst.

Tennis Team Tangles With Furman Saturday

By JOHN LAMME

Coach Seeger's Wolfpack netters won one match this week while dropping two. They beat Wake Forest 7-2 at Raleigh while losing encounters with Duke at Durham 8-1 and being defeated by Presbyterian College in Raleigh 9-0. The remaining matches of the schedule have State College meeting Furman here in Raleigh on May 1 at 2:30, playing Wake Forest on May 6 and meeting the Citadel in Raleigh on May 12 in a return engagement.

Last Thursday State met Wake Forest's Tennis Team here in Raleigh and downed them to the tune of 7-2. Coach Seeger's boys looked good in getting their points by taking four single matches and all three of the doubles for a total of seven. Only two of the matches were carried to three sets. Bob Guirette extended Watkins of Wake Forest the whole distance before bowing 6-4, 2-6, 8-6. In the number three doubles, two south-paws, Ogden and Skeen hooked up and defeated the Deacons' in three sets. The only difficulty State had in beating the Demons of Wake Forest was due to showers, which stretched the match over a four hour period.

Culbertson Wins

Over at Durham on April 22, a

strong Duke squad defeated State College 8-1. Art Culbertson picked up State's lone point by defeating Green of Duke in three sets.

In Raleigh the classy Presbyterian College netters of Clements, S. C., dropped the Wolfpack by the score of 9-0. Mike Fuerstman playing the number six singles position was the only State man to win a set from the visitors.

The total record now compiled by Coach Seeger's Netters is five wins and four losses. The wins include two over the strong net team of the College of Charleston, the Citadel, the University of Richmond and Wake Forest College. The defeats suffered by the Wolfpack were to a powerful University of North Carolina, a close decision to the Gamecocks of the University of South Carolina and losses to Duke University and Presbyterian.

Number One Slot

The number one slot on the tennis team is held by Art Culbertson who has compiled a record of five wins and four defeats. Art has defeated the number one singles man from the Citadel, the College of Charleston, Duke University, University of Richmond and Wake Forest. One of Culbertson's defeats came at the hands of Parker of the College of Charleston whom he defeated in a return engagement.

Golfers Meet Wildcats Today; Seek Revenge Against Undefeated Wake Forest on Monday

Boasting six victories and three losses, State's golf team will go after their seventh win of the season today on the Country Club course in Raleigh against Davidson's Wildcats. Coach Charlie Tripp's linksmen already hold one victory over the Presbyterians, having defeated them in the first match of the season.

Following the Wildcat scrap, the State putters will meet undefeated Wake Forest in an important Big-4 return match. The Deacons already

hold one victory over the Wolfpack but the State golfers will be primed for an upset on their home course.

Lose To Tar Heels

The Wolfpack linksmen had only one match during the past week but failed to come through the vaunted Tar Heels of Carolina, losing by the score of 15½-11½ on the Hope Valley Country Club course in Durham last Tuesday.

Backed by newly crowned North and South Amateur Champ Harvie Ward, Carolina came through in the twosomes to cop the match. State won four of the six singles matches but failed in the clutch. Ward shot a sizzling 69, one under par for the course, to take medal honors for the match.

Gibson Shoots 72

State's Charlie Gibson came through with a 72 to take runner-up honors. Freshman Maurice Brackett, the former Southeastern High School champ, polished his putter to defeat Oliver of Carolina, 2-1.

Letterman Weston Dixon defeated Cox, 2½-½. Gonzalos Saenz beat Brantley, 2-1, and Robert Turnbull defeated McKenzie, 2-1 for the other State victories.

Following the Wildcat and Deacon scraps, the Wolfpack will journey to Pinehurst, world famous golf resort, to compete in the Southern Conference tournament next week-end.

Meet Hanes Nine In Winston-Salem Sat.

A heavy swatting Wolfpack nine will invade the third pro camp of the season tomorrow when Coach Sorrell moves his men over to Winston-Salem to meet the Hanes Knitters. The 'Packers have lost the two previous extra-collegiate affairs; but with a little luck in collecting their hits in close order, the locals could easily take the meeting.

Visit Deaconland

Next Wednesday, State's diamondmen will journey to Wake Forest for another Big Four Circuit game with the third place team. In two squabbles this season, the Deacs and State have each won one. With past performances in hitting and fielding showing up good, State should walk away with another Big Four win.

Carolina Dumped

Coach Sorrell's outfit proved that the omnipotent hurler, DiLorenzo, wasn't that! In the first meeting of the season between these arch rivals, State, with "Slugger" McComas' assistance, got sweet revenge for the two whippings that the Blue and White men handed them last year, by downing the Phantoms 8-1.

The league win put the Wolfpack in top spot in circuit play, but with eight games to go, the 'Packers will have to continue their winning ways to take home the pennant.

Jack McComas' heavy hitting spotlighted play for the afternoon,

with two round-trippers in three times up. Athletic Award winner Leo Katkavek held runner-up honors with a three-sacker and two safeties in four trips at bat, sending home two runs.

The Statemen took their choice of pitches tossed over by DiLorenzo, swatting away nine off the famed hurler. After 4½ innings of play DiLorenzo was sent to the showers by the heavy hitting of the locals.

The local squad backed up tosser Ernie Johnson with perfect fielding as he scattered eight hits over the afternoon.

The Sorrellmen proved they knew the game as they capitalized on several mistakes by the Phantom nine.

Ralph Barksdale held down receiving chores for the locals, and drove in one run when he singled, sending Katkavek home.

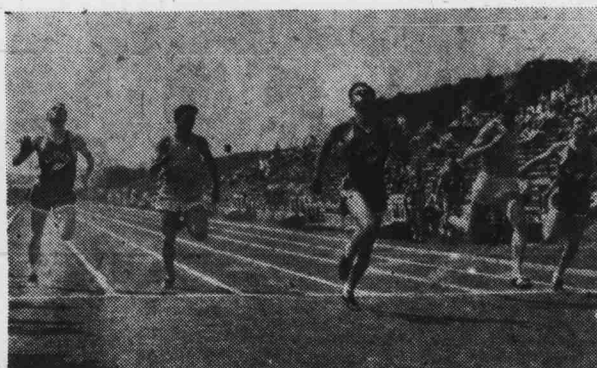

'Pack Drops Exhibition Game

On a good will tour to Windsor where the Wolfpack met Amsterdam, N. Y., of the Class C Canadian-American Circuit, the local nine suffered its second pro engagement loss of the year, 10-6.

Conditions for the game were anything but good, with mud slinging the order of the day. Cold weather and a soggy field made the going tough for both squads. Exceptionally good fielding by both clubs despite the condition of the diamond made the game interesting.

Evans socked out two safeties in five trips up to take batting honors for State.

Hot Competition as Goldberg Wins

State's Herbert Goldberg is shown above crossing the finish line first in the 100-yd dash in last week's 77-49 loss to Carolina. Goldberg, who hails from Asheville, finished in the fast time of 9.9 seconds, a good time for any track. State men in the picture, from left to right, are: Bob Currin, Goldberg, and Graham Landau. Currin and Landau both failed to place, despite the closeness of the race.

—Photo by Jim Maddrey.

WANTED—Better lights or lights that will burn in the barracks.

WANTED—A full time blackboard cleaner.

Spring Grid Drills Still Going Strong

Spring football practice at State will continue through the middle of May at which time a game will be held between a Red and White squad. Head coach Beattie Feathers and his assistants, Babe Wood, Al Rotella, and Charles Ramey, are preparing the team for a tough ten-game schedule come fall.

Twenty returning lettermen will form the backbone of the new squad with a lot of help expected from rising sophomores who saw some action as freshmen last year.

Prospects Blurry

Of the prospects for 1948 Coach Feathers says, "Much depends on our finding suitable replacements for the seven men we lost by graduation. Our toughest assignments are at end to replace All-Southern Al Phillips, at tailback to replace Charlie Richkus and in the line where we must replace guard John Wagoner and tackle Tom Gould. Questionable spots are numerous. We won't be as deep in the line as last season and will need to develop some good reserves to account for the loss of good lettermen."

"All in all, our chances of improving depend on many things and it's much too early to forecast what we'll be able to accomplish."

McCOMAS, KATAVECK LEADS SWAT PARADE

Jack McComas and Leo Katkavek, star basketballers for Coach Everett Case, are currently leading the way for Coach Vic Sorrell's club in the Big Four pennant chase. The Wolfpack are now holding down first place due largely to the big bats of these two sluggers. McComas is leading the Big Four batters with an average of .625 in 16 times at bat. In the game with Carolina last Saturday McComas had one of his biggest days, getting three hits in three trips to the

plate. Two of the hits were circuit clouts. Close behind McComas in the race for batting honors is Second baseman Leo Katkavek who boasts an average of .571 in 14 times at bat.

Leading the league in hits is Hancock of Duke with 12; in runs, McComas with 8; homers, McComas and Erickson, of Duke with two each; stolen bases, Hancock and Teague of Wake Forest with two each; and with runs batted in, McComas with 10.

Cinder Squad Meets Cavaliers Tomorrow

By JOE HANCOCK

State College cindermen face their fourth foe of the season tomorrow afternoon at 1:30 when they meet the strong track team from the University of Virginia. Although defeated by Carolina, the boys from the Old Dominion will bring a tough team to Raleigh, and the meet shapes up as a toss-up. The State boys will have to match some seconds and thirds with those first places if they expect to win this Southern Conference clash.

Seven State College track records were smashed last Saturday as the Southern Conference champions from Carolina defeated the Wolfpack tracksters, 77-49. State took the most first places, but were unable to gain enough seconds and thirds to win the meet.

Chambers Sets Pace

Three of the seven new records were made by State men. Co-Captain Chuck Chambers broke the record in the low hurdles with a time of 24.2 seconds. Jim Byler set a new record in the shot put with a heave of 47 feet, 8 inches. George Pickett tied with Joyner of Carolina in breaking the record in the high jump. Both men cleared the bar at 6 feet, ½ inch.

The Carolina cindermen broke local track records in the 880 yard run, the mile run, the high hurdles, and the discus. Outstanding men in the Carolina attack were Miller Jim Miller, Hurdler Dick Taylor, and Discus thrower Segilman.

Leading Scorers

Leading the State scorers for the

afternoon was Co-Capt. Chuck Chambers with 15 points. Besides setting a new record in the low hurdles, Chambers won the 440 yard dash with a winning time of 52.4 seconds, and the 220 yard dash in 23.6 seconds; only one-tenth of a second off the Southern Conference record.

An unofficial record was set in the mile relay by State in an exhibition run. The team, made up of Goldberg, Orrimins, Skaarup, and Landeau covered the distance in 3:28.7. The old record was 3:29.2.

The results:

100-yd. dash: Goldberg (S); Nelson (C); Willis (C). Time 9.9.

220-yd. dash: Chambers (S); Lentz (C); Goldberg (S). Time 22.4.

440-yd. dash: Chambers (S); Lentz (C); White (C). Time 52.4.

880-yd.: MacKenzie (C); Brestow (C); Orrimins (S). Time 1:57. New track record; old record 1:59.5.

Mile: Miller (C); Burnham (C); Herty (C). Time 4:29.9, new track record; old record 4:30.

Low hurdles: Chambers (S); Shultz (C); Morrow (C). Time 23.6, new record; old record 24.2.

High hurdles: Taylor (C); Morrow (C); Watt (S). Time 15.0, new record; old record 15.2.

Two miles: Magill (C); Hunt (C); Hunter (S). Time 10:05.

Javelin: Miller (S); Kirk (C); Baldwin (C). Distance 175 feet, 1½ inch.

Shot-put: Byler (S); Seligman (C); Dos-tanko (S). Distance 47 feet, 8 in. New track record; old record 47 ft. 6 in.

Discus: Seligman (C); McLeod (S); Byler (S). Distance 142 ft., 7 in. New track record; old record 138 ft., 10 in.

Pole vault: Hickman (C); House (C); Russell (C). Distance 12 ft., 6 in.

High jump: Tie, Pickett (S) and Joyner (C); Saunders (C). Distance 6 ft., one-half inch. New track record; old record 6 ft.

Broad jump: Bubas (S); Briley (C); Davis (S). Distance 21 ft., 7 in.

Exhibition mile relay: State (Goldberg, Orrimins, Skaarup and Landau). Time: 3:28.7, new unofficial track record; old record 3:30.2.

Thirty-Six Receive Winter Sports Letters

Thirty-six State College athletes have been awarded Monograms for their participation in intercollegiate athletics during the past winter term, it was announced recently by the Athletic Department.

Awards were made to men participating in basketball, wrestling, and swimming. Coach Willis Casey's swimming team placed fifteen men on the list to lead the field. Eleven awards were made to Coach Everett Case's basketball squad and Coach Al Crawford's wrestlers placed ten on the select list.

Monograms were awarded to swimmers Harry Cramer, Percy Cloud, Wells Deynes, Bill Despres, Comann Gold, Pete Harris, Bill Johnson, Bill Kelly, Matt Lojko, Frank Mandel, Cola "Bicky" Morris, Jim Ritchie, Fred Stafford, Bill Ward, and manager George Andrews.

Those receiving letters for basketball included Ed Bartels, Vic Bubas, Warren Cartier, Dick Dickey, Paul Horvath, Leo Katkaveck, Jack McComas, Sam Ranzino, Norman Sloan, Charlie Stine, and manager John W. White.

Wrestling monograms were received by Ben Lewis, Charles Musser, Douglas Martin, John Poplin, Jack Ratts, Bill Richardson, Rudolph, Frank Stodd, Donald Troxler, and Fred Waggoner.

FOR SALE—1940 Schult all-metal body trailer, 24 feet, sleeps four, electric brakes. Lot 49, West Haven Trailpark.

FOR SALE—Entire set of Encyclopedia Americana (brand new) for \$120. A saving of \$30. Call 83312.

Wins Free-Throw Trophy

Richard "Dick" Dickey, State's All-American basketball star, is shown above receiving the Butter Anderson Free-Throw trophy from the donor, Assistant basketball coach Carl H. "Butter" Anderson. The presentation was made last week at a steak supper in honor of the team at the Pi Kappa Alpha Fraternity house. Coach Anderson initiated the awarding of the trophy last year to the member of the team who converted the best free throw accuracy during the season. Dickey won the trophy with a percentage of 70.7%, making 133 gratis tosses out of 188. He nosed out teammate Jack McComas, who had a 68.0% average with 81 markers out of 119. Captain Leo Katkaveck won the trophy last year. Left to right in the picture above: Katkaveck, Sloan, Ass't Coach Anderson, Dickey, and Coach Case. ~~Butter Anderson~~ P.K.A. president made a short speech, and following the dinner Coach Anderson showed a movie of the State-Depaul Invitational Tournament basketball game.

Intramural Front

By HERB BRENNER

THE BIG DAY APPROACHES . . . well, fellers, here 'tis . . . this coming Thursday afternoon over in the Blue Devil town, Mr. Miller and his crew of approximately 40 men will journey over for the BIG 4 FIELD DAY in Durham on Duke athletic field. Final preparations are in progress and an attempt is being made to try to get the Intramural teams excused at 11 o'clock on Thursday. The trip will be made in cars and the departure time is 11:30 from the Gym. **SOUNDS GREAT** . . . mate. We also wish to urge every student who is able, to come over and watch the events and give the Wolfpack teams a helluva lot of support 'cause we're sure going to try and walk away with every contest. Meanwhile we continue our coverage of the State College Intramural sport's scene and bring you the latest poop from the diamonds on Dook Field.

P.K.A. Lose To S.A.M.
Hausman pitched his Sigma Alpha Mu fraters to a thrill packed 3-2 victory over the Pi Kappa Alpha squad on the 20th. This places the Sammy team still in the undefeated column. The winners pushed across all three runs in the second inning, with Geist, Shulman, and Gold each coming across the plate once. The winning Sammy's had 4 hits in their all important win. The PIKA'S 2 tallies came in the 4th and 5th innings. Churn and Lampke were the two gents who powered across the plate for the losers. The losing batteries were Bridger, pitcher, and Smart, catcher.

Sigma Chi Post Victory
The "Sweethearts of Sigma Chi" went all the way to defeat the Pi Kappa Phi team 6-4 in the two team's encounter on the 23rd. The Pi Kapps took an early lead scoring

twice in the first box and pushing across two more tallies in the 3rd frame. The winning Sigma Chi's came from behind to place scores in the 2nd, 3rd, and 4th innings. Although dropping the contest to the Sigma Chi's the Pi Kappa still look to be strong contenders all through the season, and the winners looked exceptionally well in their game victory and with Maddry on the hill supported by a strong infield they should go places in the Intramural spotlight. Thompson was behind the plate for the victors. The losing tosser was Deyton and the losing catcher was Jones.

Trailwood Wins Over 1st Syme
The Trailwood vets walked over the 1st Symemen 16-2 in their battle on the 26th with Tutwiller taking the glory on the mound. The winners showed up "good" in their mass hitting attack and fielding and although the Syme team was a little off in their defensive and offensive playing they should shape up better as the season progresses. The losing pitcher was Dunman with Stansel behind the batter's box.

P.E.T.'s Defeat Lambda Chi
Goodman tossed his Phi Epsilon Tau fraters to a 10-2 triumph over the Lambda Chi's on the 20th with Ryman taking the losing moundman position. The PET's started their scoring spree early in the first frame by coming across the plate twice and then adding 7 more runs in the 2nd inning. The loser's two runs came in the last two frames.

2nd Becton Noses 2nd Bagwell
The 2nd Becton aggression barely nosed a fighting bunch of Bagwell lads 4-3 on the 22nd. Yoder was the winning pitcher with Aderholt handing the Becton duties behind the plate. The winner's placed 3 runs across in the initial inning adding 1 more in the 4th box.

S.P.E.'s Win
The SPE's out classed a Kappa Sig nine 15-6 in their classic contest on the 23rd. The big inning for the winning SPE's was the 3rd when they scored 9 times to take a high powered lead. The winning tosser was Holloway with Foreman behind the box, and the losing batteries were Brooks and Cloud.

Sigma Pi Whips T.K.E.'s
The Sigma Pi nine won by two (Continued on Page 11)

SPORTING AROUND

With Bill Haas

As is to be expected when one stirs up a hornets nest, things happen. When I made my remarks last issue about the fight at the gate during the Duke-State affair, I looked for repercussions.

Every man's undeniable right in this country is his privilege to defend himself. The following letter is just that:

April 26, 1948

To Bill Haas:

I'm writing this to introduce you to the "big burley gateman" (5' 11", Wt. 180) at the Duke-State Baseball game, and am requesting that this be published in the next issue of the TECHNICIAN. I strongly suggest that from here out you obtain facts before you write your articles. You couldn't possibly have seen the unpleasant incident at the Duke ball game and written such an erroneous story of it—not if you're honest!

I want to set you straight on just what did happen so that readers won't think me to be the bully you have tried to create. Actually, the "small fellow" you spoke of was heavier and taller than I. When coming through the gate, he strode past me fully six feet before he tore out his ticket, then only to throw it to the ground as he walked on. I called to him to return and to give me his ticket. In reply I was told that it was lying on the ground and that I should get it myself. At this point, the big blond (little fella you spoke of) began to talk in a smart-alecky, insulting manner; whereupon I told him that he couldn't enter the gate in such a way. When he told me that he wouldn't leave, I looked for a policeman with the help of the other gateman; but I was unable to find one. I then told him three times that I'd have to throw him out myself if he didn't leave. To this his reply was, "You'll play hell doing it." Shortly afterward, he was outside the gate.

I regret that the incident happened, but under such circumstances, I feel that my actions were justified.

Signed . . .

You have had my story on the incident. Now here is the gateman's side of the question. To make it more interesting and to get all view points, I'd like to hear from the man who was tossed out of the game. Please sign your letter, as unsigned letters cannot be acknowledged.

To keep this matter on the impersonal level where I started it, I am divulging no names.

There have been comments on the matter from several students who were present. Some were on the side of the gateman; others were siding with the man who was thrown out. Naturally, every man has his own opinion and outlook on everything. I'd like to have the reactions of some of you fellows who weren't actively participating.

Now to the lighterside of the comment. The only member of my "Orchid Department" this week is VERSATILE Dick Dickey, who has just been chosen to judge a Posture Contest out at Meredith College. What can't this man Richard do?

It is a little late in the season to bring this up, but maybe we can get the necessary changes made by next year. . . .

Some of you fellows have been missing an interesting display of Tennis out on the local courts. To mention one, the back-against-the wall fight by Cubby Culbertson in his match with Vic Sexas from Carolina.

Sexas is one of the best racquet wielders we'll see in these parts. Now to the men who did come out to "spectate." That ground certainly did get uncomfortable out there, didn't it? MAYBE next year the school authorities will pay just a little more attention to the comforts of the "Minor Sports" followers and put up enough seats so that all of us can have a comfortable place to sit.

Shown talking up the game with two of his outfielders is Coach Sorrell. Left to right are Willie Evans, center fielder, Sorrell, and Bill Fowler, right field. Both men were heavy hitters last season, socking .378 and .313 respectively. After some weak swinging this season, both men have found their eye and can be expected to move up the percentage list.

Brockwell Speaks at Monogram Club Banquet

A capacity crowd of State College athletes and guests turned out last Tuesday night in the Grill room of the Cafeteria for the first annual Monogram Club initiation banquet. The feature events of the banquet were the initiating of new members into the Club and the speech of former State athlete Sherwood Brockwell. A complete list of those men who were initiated was not available.

Mr. Brockwell, who starred at State in football, baseball, track, and boxing from 1899 to 1903, was introduced by Banquet Committee Chairman John Barr. The State Fire

Marshall held the members and guests in complete attention with his humorous anecdotes about State during the turn of the century. His eyes held a peculiarly familiar sparkle as he related how State beat Carolina in baseball way back in 1904, the first time a State team had ever beaten a Carolina team.

President Dick Calloway announced that the next meeting of the Monogram Club would be held next Thursday at 6:30 p.m. in the rear of the Cafeteria, at which time new officers will be elected. All members are urged to be present.

Culbertson Net Capt.

Art Culbertson has been elected captain of the Wolfpack Tennis Team by the members of this year's club. Hailing from Goldsboro, "Cubby" started his tennis playing career at Goldsboro High School, where he played three years of varsity tennis. After high school he enlisted in the navy and was sent to Stevens Institute of Technology where he swung the racket a year for the Tech boys.

Intramural Front

(Continued from Page 10)

runs against the T.K.E.'s with the final score ending up 11-9. Pacing the winner's attack were Morrow and Rose who each came across the plate for two runs. Morrow was the winning pitcher with Sherill working behind the plate. The losing batteries were Hancock and Chesson. Hancock was relieved later in the contest by Rhodes.

Sigma Nu Wins Close Game

The Sigma Nu teams barely nosed a fighting T.K.E. squad 8-7 on the 23rd. Stillwell and Jordan were the winning batteries. The big inning for the victors was the 2nd when they came across for 7 runs. The losing T.K.E.'s started a scoring surge in the last two frames stacking 3 runs and 4 runs respectively in the last two boxes.

Becton Beats Syme

The 3rd Becton nine won a close contest 4-3 against the 3rd Syme team on the 26th. The winning hillman was Plum with Liberman the losing moundman.

"JUST BELOW THE TEXTILE BUILDING"

Ambassadors To Entertain Sophs Tonite

By TED WILLIAMSON

Members of the Sophomore Class and the guests of the Order of 30 and 3 will gather at the Municipal Auditorium at 8 tonight for the first of the Sophomore Hop dances.

With three dances planned and music by Tommy Farr and his Duke Ambassadors with Sally Waddel, this should be a good week-end for the sophomores who hold class membership cards and for the guests of the class and 30 and 3. Tonight's dance begins at 8 as does the semi-formal tomorrow night. The tea-dance, which will be held tomorrow afternoon, is from 3 to 5. All State College Students and their dates are invited to be guests of the class at the tea-dance.

At intermission tomorrow night, the "King for a Day" and his "Queen" will be guests of honor. The king, Dick Kirmeyer, was chosen over a week ago when he caught a greased pig in a contest held before the baseball game with Duke at Devreux Meadow.

Attention Foresters!

At last Tuesday's meeting of the Forestry Club plans for a Forestry Club dinner and the annual Forestry Club picnic were discussed. Conclusive from those plans it was decided to hold a dinner meeting on May 4, 1948, in Dining Room A of the Cafeteria at 6:30. Tickets, selling for \$1.00 each, are on sale at Miss Connelly's office or may be obtained from Arthur Miller or Max Halber. Entertainment will be furnished by an interesting speaker of the campus. Further plans for the picnic, to be held on May 22, 1948, will be made at that meeting.

PLANNING ANY WEEKENDS AT THE BEACH IN MAY?

I have a ten room house and one, two, and three bedroom apartments at Wrightsville Beach. Will rent to college groups for weekends up until June 1.

WRITE OR CALL

Allen Barbee

Box 243

Spring Hope, N. C.

It's True

The latest rumor to be heard around the campus is that the WATAUGAN will be out soon.

Upon investigation by the TECHNICIAN it was disclosed that the WATAUGAN was allegedly a humor magazine published occasionally around here.

Andy Patton, associate WATAUGAN geek, was interviewed and stated that the magazine came off the press yesterday. He further stated that it would be distributed soon.

Features of this issue—the Spring issue—are a pin-up by Horace Taylor and a section entitled, "The Wheels Squeak."

Other features will be stories by Bill Heas and Andy Patton (same guy). An extra-special feature will be a reprint of a page from an unique key catalog.

30 & 3 Holds Election

The Order of Thirty and Three elected officers at a recent dinner meeting held at the College Cafeteria. Carlton Blalock, retiring president presided over the meeting. Elected were: President, Virgil Mims; Vice President, Ralph Barksdale; Secretary, Avery Brock; and Treasurer, Max Halber. The new officers took over immediately and will serve until elections next year.

THIS MAN WANTED

... Height about 5 ft. 11 ...
Weight around 180 pounds ...
Age about 38 ... Brown hair speckled with grey ... Wears spectacles ... Likes crowds, gin rummy, tennis and trombone ... Known by alias "The Sentimental Gentleman" ... He's wanted in every State in the Union consequently doesn't linger long enough anywhere ... Carries big mob with him who carry out his orders at the wave of a hand ... Dangerous ... They're all armed to blast the blues away ... Has a long record ... On the air ... In pictures ... On Victor records ... In person ... If you sight him run, do not walk, to your nearest or dearest beau and start dancing ... Familiar to millions as Tommy Dorsey ... He'll be in

The Memorial Auditorium next Wednesday, blasting away at the State students for the measly sum of \$2.00 advance sale. Don't forget as the deal is red hot.

Coming Here

Tommy Dorsey, above, "The Sentimental Gentleman of Swing" will play for a public dance this coming Wednesday at Raleigh's Memorial Auditorium. Dorsey has made more recordings than anyone in the music business today and has recorded such hits as "Boogie Woogie," "Margie," "Song of India" and "I'm Getting Sentimental Over You."

Awards Will Be Presented At Parade and Review

Two announcements of interest have come from the military department this week. First, Col. Samuel A. Gibson, PMS&T of the Military Department, has announced that a parade and review of the Cadet Corps will be held on May 7, 1948 at Doak Field for the presentation of awards and medals to Veterans of World War II. In addition to the awards to individuals, the ROTC Rifle Team of 1947 will be presented with the William Randolph Hearst Trophy for winning first and third places in the 1947 National ROTC Rifle Matches.

Major Walter A. Thomason, Jr. of the Textile Department, N. C. State College will be presented the Legion of Merit for outstanding service from May 1942 to June 1944 with Headquarters, Service of Supply, in the China-Burma-India Theatre. Major Thomason graduated from State College in 1941 with a degree in textile manufacturing and at present is an instructor in the Textile school, here.

Master Sergeant, then 1st Lt., Edmund Siwik, of the AIR ROTC Staff, will be presented the Bronze Star Medal for exemplary conduct

in ground combat against the armed enemy during the Rhineland Campaign in the European Theatre of Operations.

Veteran Awards

The following veteran students of N. C. State College will be presented the World War II Victory Medal and the American Defense Medal.

George O. Collins, 1527 E. Boulevard, Charlotte, N. C.; Mitchell B. Corriher, Jr., Rt. 4, Raleigh, N. C.

The following veteran students of N. C. State College of A&E will be presented the World War II Victory Medal.

Junius J. Andrews, 710 Harvey Street, Raleigh, N. C.; Carl W. Ballard, Swannanoa, N. C.; David C. Black, 2301 Pembroke St., Charlotte, N. C.; Jay W. Bliss Jr., 13 Lincoln St., Springfield, Vt.; Samuel E. Cooper, 420 Williamsboro St., Oxford, N. C.; Needham C. Holden, Jr., 517 N. East St., Raleigh, N. C.; Hurley D. King, 2422 Elizabeth Ave., Winston-Salem, N. C.; William E. Riggs, Route 3, Greenville, N. C.; Carroll D. Strider, East Flat Rock, N. C.; Robert T. Wilkerson, 143 S. McDowell St., Raleigh, N. C.

The faculty, student body and general public are cordially invited to attend this ceremony.

The second item of interest concerns the ROTC summer camp, which begins June 21. All first year advanced students will attend one of the various camps for six weeks.

If you want a summer
of really cool comfort...

22% COOLER

Palm Beach® Suits

Hold Palm Beach to the light. See the millions of porous openings that let the air in to cool you off. Note the summer comfort tailoring—no "heat trap" pads or heavy inner linings that keep body heat in. Made exclusively by Goodall from raw yarn to finished suit, Palm Beach is as smart looking as it is cool—wears like iron, and takes washing or dry cleaning beautifully. See our fine selection of light and dark colors.

\$26.75

Over 10 million "open windows" per suit let the air in to cool you off.

Angora mohair-base fibres give longer wear, lasting shape.
