STATE COLLEGE STATION, RALEIGH, N. C., MAY 21, 1948

Offices: 10 and 11 Tompkins Hall

New Vetville "Y"

Vetville "Y" Dedication Ceremony to be Held Sunday

Weatherford to Speak Sunday Afternoon

Dr. W. D. Weatherford of Blue Ridge, N. C., and Berea College, Kentucky, will deliver the principal address at the dedication of the west campus branch of the YMCA Sunday afternoon at 3:30.

Dr. Frank P. Graham, president of the Greater University, and Chancellor J. W. Harrelson will preface Dr. Weatherford's speech with remarks about the Y. Reverend J. Harding Hughes will pronounce the invocation and Reverend Newton J. Robinson will lead the singing and pronounce the dedication. Both are local ministers.

Stucco Structure

The west campus Y building is a stucco structure thirty feet wide and eighty feet long. It contains an auditorium, which is thirty by sixty feet, with a stage at each end and offices on either side. The basement houses the Vetville Mutual Grocery, Inc., and a furnace room. A kitchen two rest rooms, and a projection

Attention Veterans!

Recent legislation by the US Congress provides new income ceiling rates for veterans attending colleges. Total income (subsistence & outside earnings) for single veteran is \$210.00; veteran with one dependent is \$270.00; and, for veteran with two dependents the amount is \$290.00. These new rates are effective from April 1, 1948.

E. S. Simpson, T. O.

room occupy the west end of the first floor. P. H. McDonald, YMCA president in 1947-48, designed the building, which was erected at a cost of more than thirteen thousand dollars.

The west campus Y has been functioning for several weeks under the direction of its officers, who are Olive Faison, president; Mrs. Eddie W. Copeland, secretary; and B. K. Watts, treasurer. Mrs. Rose Yelton is chairman of the recreation committee. Mrs. Robert I. Lee is chair-

Golden Chain Tap Next Week

All Juniors Urged To Be Present

Twelve members of the rising senior class will be tapped into Golden Chain, top leadership society of State College, at its annual tapping ceremony next Wednesday at 6 P.M.

The ceremony, known as "Link Day," will be held in front of Holladay Hall, and the student body is invited to witness the tapping of twelve outstanding members of the rising senior class. To be chosen as a member at this impressive ceremony is considered one of the highest honors that a student at State College can achieve. The determining factors in selecting members include such aims as higher standards of scholarship and better campus government and athletics.

All members of the rising senior class are urged to be present, since there will be no absentee tapping. A student must be present to be tapped into the organization.

Campbell To Speak

Featuring the tapping ceremony will be an address by Dr. Carlyle Campbell, President of Meredith College. In the event that weather does not permit, the ceremony will be held in Frank Thompson Gym.

The organization was founded on this campus in May, 1926. Since its inauguration, it has risen to the distinction of being the most coveted honor fraternity on the campus. On other college campuses its counterpart is Omicron Delta Kappa.

Graduating officers of the organization are Oscar Miller, Arch Regent; Thomas C. Blalock, Regent; Robert C. Hinkle, Jr., Scribe; and Harold E. Stinson, Treasurer.

"Link Day"

The above picture was taken in front of Holladay Hall last year of members of Golden Chain just prior to the tapping ceremony.

Future of Station WWWP is Uncertain

One Next Week

Students and organizations are reminded that next week will be the last TECHNICIAN of the current school year and urged to get in their news early.

All seniors who wish to subscribe to the TECHNICIAN for the next year are requested to come by Monday or Tuesday night.

Student Opinion Poll To Decide Matter

Do the students at State College want a radio station?

That was the question that came up before the publications board last Tuesday night at their last regular meeting of the year. The question was brought before the board when Mr. Frank Jeter, board chairman reported on a meeting he had arranged with Col. Harrelson and Dean Lampe Tuesday afternoon concerning the financial problems facing the campus radio station.

Need More

The radio station recently requested almost \$2,000 worth of permanent improvements and equipment in order to secure complete coverage of the campus. Mr. Jeter stated that he felt the Publications Board could not take this money out of its reserve fund since more than \$1,500 had already been loaned to the radio station from the reserve fund during the past two years.

Confers

Seeing no easy solution to the problem of obtaining the funds requested by the radio station, Mr. Jeter conferred with Col. Harrelson and Dean Lampe. It was decided at this meeting that the Board of Trustees would be asked to hike the publications fee \$1.00 if the students actually wanted a radio station.

Student Poll

Mr. Jeter reported these results of the conference to the Publications Board Tuesday night. The board decided that a poll of student opinion would be taken by the Campus Government with the help of the TECHNICIAN and the dorm assistants.

If the results of this poll showed that the majority of the students wanted a campus radio station the Publications Board would recommend that the Board of Trustees be approached on the matter of hiking publications fees.

Clinton To Play For Interfraternity Finals

Outdoor Concert Saturday Afternoon

The Interfraternity "Finals," featuring Larry Clinton and his Orchestra, will be held Friday and Saturday, June 11 and 12, at Frank Thompson gymnasium. The Friday night dance will be informal, and the Saturday night affair will be formal. A outdoor concert will be given at the Little Theatre Saturday afternoon.

Elaborate Decoration

Plans are being made for an elaborate decoration of the gym. Following an old custom, each fraternity will have a booth in the gym where guests of the fraternity may rest between dances and during intermission. Eight booths will line each side of the gym. The bandstand at the far end of the gym will be decorated in the form of a Colonial porch and the chaperones' stand at the entrance will be decorated as a summer house.

Larry Clinton, whose orchestra will play for the Finals, is well-known as a composer as well as an arranger and bandleader. He has a long line of hit songs to his credit of which his works include "My Reverie," "The Dipsy Doodle," and "Our Love." Featured vocalists will be Helen Lee, Lloyd Strang, and Dick Style.

Clinton first gained fame as an

Scott Declares Progress For N. C. Is in the Air

Gubernatorial Candidate Kerr Scott, "the only pure-bred State College graduate ever to run for governor of North Carolina," spoke Tuesday night to a capacity audience at the Ag Club meeting in Withers Hall.

Scott compared the progress which has been made on the campus of his alma mater with that which has been made throughout the state and declared that "progress is in the air, and the state of North Carolina is going forward as it never has before."

The candidate, who has been Commissioner of Agriculture since 1938, pledged vigorous support to the college and to the agricultural program, particularly in the fields of education and research, saying that "improvement of agricultural conditions in North Carolina will result in improved conditions for all the people of the state." He stated that further advancement in our dairying, lumber and textile industries must be pushed, and emphasized the importance of the tobacco industry to North Carolina. He especially stressed the need of furthering the rural electrification program.

Outlining a two-day itinerary as a sample of some of the exhausting travel and work involved in campaigning, Scott delighted his audience with the remark that he was "boosting" education strongly in North Carolina because there was a lot of ignorance about the good man who is running for governor!" He told the students that "poli-

tics is a fascinating game" and urged them to get into it if they were so inclined, refusing to become discouraged by the hardships and obstacles which would be constantly at hand.

In a brief interview following his speech, Scott pointed out that his attack on Candidate Charles Johnson for not investing the 17 million dollars in the state surplus had caused a lot of people to question whether or not Johnson is really the "good business man" he is pictured as being. He also remarked that he drove over 100 miles to vote on the school bond issue in his county, whereas in a similar election held for Wake County recently, neither of the candidates who are residents of Raleigh even bothered to vote.

Scott is a 1917 honor graduate of State College, and he runs a large dairy farm at his home in Haw River. He says that it is difficult to tell at this point how the campaign is going, but he is definitely optimistic about the eventual outcome.

LOST — Brown billfold. Contains cash and important papers. Finder please contact H. D. King, 103 Chamberlain. Phone 4843. Reward.

FOR SALE: An Alma House Trailer with room attached. Reasonable. Call 9444 anytime R. A. Lentz No. 92 Trailwood. FOR SALE: K and E Slide Rule — \$10.00 See L. U. Conrad 113 Bagwell.

Off-Campus Students

In order for the continued operation of WVWP, State's campus radio station, and publication of a more complete the College Handbook, there must be an increase of \$1.00 in the yearly publication fees to \$7.00. This will not be brought about unless agreeable with the student body. This ballot is for OFF-CAMPUS STUDENTS ONLY to express their consent or dissent to the proposed raise. Each off-campus student is urged to fill out the desired information and drop it in the mail chute of the Campus Government office in the Publications Building.

NAME

ADDRESS

APPROVE DISAPPROVE

Registering To Follow Spring Term Pattern

Summer school registration will follow the same general pattern as that used at the spring registration. Permits will be issued the same as in former registration procedures. However, the priority for registration will be the order in which you submit your application for summer school to the Registration Office.

Complete schedules of courses to be taught and the hours they will be taught are being printed now and are supposed to be off the presses this weekend or by the first of next week. As soon as these become available, the students can see their advisors to make out their rosters. The permits will probably be issued during the week of May 28 to June 3; these dates are subject to revision by the faculty council, however. A definite announcement will be made later.

Registration will take place in the gym on June 21. Classes will then begin on Tuesday, June 22 and will run to August 20. June 29 will be the last day that courses can be changed or dropped.

The hours for classes will be the same as in past years. They will be one hour and five minute classes with ten minutes in between. Classes will start at 7:30 in the morning and run to 12:30. After a lunch period, classes will resume at 1:15 and last until 6:05.

Summer school registration is expected to be as large or larger than last year's. By Tuesday afternoon of this week, more than 1650 students had signified that they were planning on attending the regular summer session. In addition, there will be two sessions of the short term surveying course taught, and the summer forestry school is expecting a record enrollment.

LOST: 1 Post Slide Rule with Herb Brenner's name on case. If found please return to Technician office.

FOR SALE—House Trailer with 10x12 room. Clean, comfortable. Immediate occupancy, \$1000. Lot 57, Trailwood. R. E. Coto.

ASCE Hears Speech On Construction of Oak Ridge

At a recent meeting sponsored by the Engineers' Council and the Student Chapter of ASCE, Mr. Edwin L. Jones addressed a large group of engineering students on the subject "A Challenge to the Young Engineer in the Modern Construction Industry."

Mr. Jones is president of the J. A. Jones Construction Co. Charlotte, one of the leading construction firms of the country. He was general manager in charge of construction of the Gaseous Diffusion Plant and the Power Plant at Oak Ridge, and was one of the 25 official civilian observers sent to follow the Atomic Bomb tests in the Pacific.

A large portion of the talk was devoted to the special requirements in construction the main portion of Oak Ridge. Mr. Jones stated that the construction of Oak Ridge was an even greater undertaking than the building of the Panama Canal with respect to money, material, manpower and results. He described some of the details of the Gaseous Diffusion Plant and pointed out the efficiency of the thousands of electrical motors which were installed three years ago and

have been running continuously ever since.

Mr. Jones also pointed out the fact that the construction engineer is called upon in time of emergency to perform duties entirely apart from his regular job. During the past war, construction outfits were given such jobs as shipbuilding, arms and ammunition manufacture, and installation of special equipment in aircraft. Each job required a different approach, but each was met with the same high degree of success.

Mr. Jones ended his address with a summary of the organization of the men and the work on a large project. He advised all aspiring construction engineers to start from the bottom and work up in their field in order to learn how the working man feels about his job.

Previous to the address, Mr. Jones was entertained at a special luncheon in his honor. The luncheon was attended by several student members of the Engineers' Council and the various technical engineering societies of the campus, and several faculty members.

Accrediting Committee Here On Periodic Visit This Week

Chemical, Industrial Not Yet Accredited

The Accrediting Committee of the Engineers' Council for Professional Development visited State College on Thursday of this week. The committee's purpose is to inspect and examine the engineering curricula and work activities of all the engineering departments, as well as departments giving courses which are required by the engineering curricula.

This is a national organization and the accrediting will be based on a national program. Members of the inspecting group are authorities in their particular field.

Dr. Barnett F. Dodge, who is chairman of the committee, is now at the Sterling Chemistry Laboratories, Yale University; Dr. John H. Koenig is from the School of Ceramics at Rutgers University; Professor G. J. Davis is with the Civil Engineering Department of the University of Alabama; Professor W. A. Murray is in charge of Electrical Engineering at V.P.I.; Dean Earl B. Norris is familiar with Mechanical Engineering and is from V.P.I.; and Dr. J. W. Armey is from Illinois Institute of Technology.

A brochure pertinent to each department in the engineering school has been prepared, and sent to various members of the committee for study. From this information questions and inspection points will be drawn up, and when the men arrive on the campus their discussions with the various department heads will be on topics peculiar to that particular phase of engineering covered at State College.

The Ceramic, Civil, Electrical, and Mechanical Departments are accredited now, but a periodic re-examination is made to ascertain whether or not the progress of teaching methods and material covered remains current with industrial progress.

The Chemical and Industrial Engineering Departments are hoping to become accredited through this inspection which includes the education, industrial experience, background, and any articles printed by the staff as well as school equipment, supplies, school's program advancement, as well as the finances backing to the school's building and education program.

The money backing is very important in accrediting a school because its facilities must expand with its enrollment if it is to maintain a high training standard.

Unknown to the majority of students here at State, there are two unfinished "Coliseums" on the campus. The money for the new Engineering Laboratory Building has been allotted, but "friends" of the college on the College budget committee won't let the funds be released because they say that the proposed plant cost will exceed the money available. There is not a member of the budget committee who is an architect, and so how would they know, unless bids were

Sigma Tau Sigma Elects New Officers

Sigma Tau Sigma, honorary textile fraternity, has announced the election of officers for the 1948-49 school year.

The officers, who were elected and installed at a regular meeting held on May 5, are Arnold A. Stulce of Daisy, Tenn., president; William D. McManus of Cheraw, S. C., vice president; David M. Tally, Jr. of San Antonio, Texas, secretary; and Broadus G. Vernon of Blanch, N. C., treasurer.

asked for, which they will not allow. Asking for bids places the college under no obligation to accept any unreasonable offer.

It is definitely to the advantage of the undergraduates as well as to the alumni to have State College among the nationally accredited schools. It is much easier for a graduate from an accredited school to obtain a license to practice engineering than one from a non-accredited institution.

If the engineering departments obtain national recognition and are accredited May 20 it will be a good accomplishment and an honor to everyone connected with State College.

FOR SALE—Practically new \$60 17-jewel Swiss made wrist watch with sweep second hand. Sacrifice for \$25. Also, 2-bulb fluorescent desk lamp for sale. W. C. Roe, U. K. No. 2, Verville, or call 35542.)

Kirkland Named Head Teacher Education

Appointment of Dr. J. Bryant Kirkland of Knoxville, Tenn., as director of the Division of Teacher Education at State College, effective June 15, was announced this week by Chancellor J. W. Harrelson.

A native of Marshall County, Tenn., Dr. Kirkland has resigned his position as head of the Department of Agricultural Education at the University of Tennessee to accept the State College post.

He will succeed Prof. T. E. Browne, who retired on September 1, last year after 34 years of service at the college. Prof. Leon E. Cook has served as acting director of the division since Professor Browne's retirement.

Dr. Kirkland, who was recommended for the position by eminent agricultural educators and scientists, is chairman of the American Vocational Association's Southern Region Research Committee in agricultural education.

He was educated at the University of Tennessee, where he received his B.S. and M.S. degrees, and at the Ohio State University, where he earned his Ph.D. degree.

The new division head worked as a teacher of vocational agriculture at Hixson High School in Tennessee from 1926 to 1929 and was critic teacher at Karns High School and part-time instructor in the Department of Agricultural Education at

the University of Tennessee from 1929 to 1936.

He served as associate professor of agricultural education at the university from 1936 to 1942, when he was promoted to the rank of full professor. He was appointed as head of the University's Department of Agricultural Education in 1944 and has worked in that capacity since that date.

In addition to his activities at the university, Dr. Kirkland is the teacher training representative on the long-term comprehensive program of agricultural education in the South and is a member of the supervised farming program record book committee for the Southern region.

His professional and honorary affiliations include membership in the American Vocational Association, the National Society for the Study of Education, Phi Delta Kappa, national educational fraternity, Alpha Zeta, national agricultural fraternity, and Alpha Tau Sigma, national professional educational society.

Dr. Kirkland is a frequent contributor to The Agricultural Education Magazine.

FOR RENT—16 ft. Silver Dome Trailer. Easily accessible to college trailer court. Reasonable rates. Call 5983.

LOST, STRAYED OR STOLEN—A new National Government text book. Reward for information leading recovery. Contact J. E. Sappenfield, 22-F Verville.

EDITORIALS

WITH the GREEKS By TED WILLIAMSON

A Look Back...

Final exams are less than two weeks off. From here in everyone will be getting set for that last grind. Before diving in to catch up those loose ends, let's take a look at the past year.

The Students

● With one or two exceptions this year's student body has proved itself to be well-behaved and industrious. However, definite improvements could be made in the spirit, conduct and sportsmanship of students at athletic contests. The few people who insist on being insulting to visiting teams and officials reflect no credit on the college.

● One of the principal blights on the record was the episode which happened at the railroad tracks during the winter's snow. That was a gross display of childishness.

The Campus Government

● As we pointed out in the last issue the Campus Government has had a very successful year under the able leadership of Jennings Teal. There are several projects still in the planning stage that next year's Council should complete.

The Campus Government can never be the force it should be until it has the active support of every member of the State College community.

Until the students give the Council their wholehearted support the student body will remain under the dictatorial powers of the Faculty Council.

The Administration

● With one or two notable exceptions the administration has proven itself cooperative with student groups. However, there is still a wide-spread lack of understanding of individual student problems. The change in the office of the Dean of the Basic Division should bring about an improvement in one of the weakest spots in the administration.

The administration should take a firm stand against those pressure groups in the alumni who seek to control the college to suit their own short-sighted outlooks.

Organizations

● There are still far too many organizations on the campus who do nothing all year except give themselves a picnic in the spring.

under the Act of March 3, 1879.

There should be no organization at this school unable to find and plan a constructive program for next year that will be of benefit to the college in general. If they cannot find some such program they should disband.

Fraternities

● Social fraternities are still not up to scratch. Too many fraternity men labor under the delusion that their first duty should be to the fraternity rather than to their studies and State College.

Chapter presidents should take care that their chapter's social activities are not allowed to get out of hand. Men living in frat houses must always realize that they represent the college in the neighborhood and any sort of questionable conduct is soon reported to the college officials. It won't take many such reports before the pressure is placed on all fraternities.

The YMCA

● The Y has really come through this year. The way it pitched into the building of the Venville Y annex was a good sight to watch. The various religious programs that the Y and affiliated organizations have sponsored have done much to relieve the shortage of spiritual activity on the campus.

The TECHNICIAN

● Next year's TECHNICIAN is in good hands. We have every confidence that next year's paper will be the best yet.

We would like to thank this year's staff for the hard work and loyalty that they have shown in putting out the paper each week. We would like to thank Dr. Hartley and Mrs. Wallace in the English department for the help and advice that they have so freely given.

To next year's editor goes our sincere good wishes for success in his task of trying to please everyone.

The Editor.

The Blue Bulletin...

A student remarked the other day that he could not understand the purpose of the Blue Bulletin. He is not alone on that score.

The Blue Bulletin can be praised, criticized and questioned, all in the same breath. Praised in that it carries some important announcements for both students and faculty; criticized for the manner in which it is distributed and posted; questioned for the way it is disregarded by most.

The places that the Bulletin is posted should be more numerous and made known to the students. Most faculty members received a copy of the Bulletin, and a few are posted in some of the buildings for the students to read. It has been very noticeable the lack of cooperation from the faculty when they are requested to read certain announcements to the students. Very seldom do they comply.

There is a definite need that the Blue Bulletin can fill. There should be regular announcements of what will be sponsored or held on the campus—a sort of campus calendar—plus special, on-the-spot announcements.

A suggestion for improvement might be that the Blue Bulletin be published daily and include the special announcements of the day, plus announcements of activities that would be of interest to students at large or special groups.

A.C.B.

Another State College fraternity, Phi Kappa Tau, has acquired a house. The new quarters, located at 200 Brooks Ave, are the first in Raleigh to be built specifically as a fraternity house. We think that in the next few years there will be more local chapters building houses and that this will come to pass long before any definite move is made to organize a fraternity row. The frat' row may be a good idea but no one seems to be waiting for it. Wise move too.

Crabtree Creek was the site, last weekend, of a joint chapter outing of the State College and Duke U. chapters of Pi Kappa Phi. Featuring food, preceeded by softball and followed by dancing and moonlit blankets, the two chapters report a fine weekend was had by all. The Tau Chapter from State

has to be back early enough to put their pledges through the finishing of "Hell Week" but it seems that they stayed long enough. Direct reports from those who were there claim that some gal, name withheld, asked what hell week was and wanted to know if it was worse than what she went through looking at the moon with her date: a member of the Wolfpack.

Note the story elsewhere in The Technician but, here in short form, is the word on the Final Dances. Slated to be held in the gym, the Finals are planned to be better than ever before and promise to bring back some of the better features of pre-war State Dances. Larry Clinton makes the music and dates are June 11 and 12, Friday and Saturday. Non-Greeks will be able to attend by obtaining bids from members of frats.

OPEN FORUM

Gold Dormitory
State College
Raleigh, N. C.
May 17, 1948

To All Who Were Concerned:

We wish to extend our thanks to the many friends and interested parties who were disturbed about our plight on third floor Gold Dormitory.

We are happy to announce that within 24 hours after THE TECHNICIAN published our plea for help, a brand new 1948 model toilet seat was installed. Traffic has resumed its normal tenor, and sweet dispositions abound.

Satisfied,
The boys on 3rd Gold.

In last week's TECHNICIAN, the residents of the 3rd floor of Gold complained that there was but one toilet seat on their floor. The letter was somewhat critical of the Administration as being neglectful (although the situation had not been reported by the Dorm. Assistant)—but as the letter was written humorously, a reply is made to it in a similar and a poetic manner.

Only one seat
For an entire hall
Is a tale of woe
Which does appall.

Only one toilet
For twenty-four men
Does really require
A tough regimen.

A situation like this
Is really sad,
So we investigate.
And then—Egad!

We find out why
This trouble persisted:
Only the janitor knew
This really existed!

Concerning disorders
That need such repair
The D.A.s and Warehouse
The secret must share.

So a little advice
Again I must tell:
Next time, please see
The 'Chief D.A.' as well.
Ed Taylor.
May 13, 1948

Dear Editor:

If our memory serves us correctly, we remember something in a Fall edition of THE TECHNICIAN about a promise from those in authority that some hard surfaced roads would be put down on the

campus in the early spring of this year. Regardless of promises, the fact remains that one of the most widely used roads on the campus is of cinder and gravel construction and in very poor shape most of the time. The road in question, of course, is University Avenue extending from the Bureau of Mines building to Hillsboro Street via the A.A.A. and Textile buildings. Also worthy of mention is the stretch of road connecting University Avenue with Dunn Avenue between the Bureau of Mines and Diesel buildings. This road could certainly stand widening and paving.

Another improvement can very easily be made by doing away with the parking spaces in front of Primrose Hall on the west side of Watauga Drive. This would greatly aid the congestion at that point.

So that this letter will not be entirely critical, we would like to commend the person responsible for the improvements being made along Quadrangle Drive, in front of the Y.M.C.A., and on the east side of the campus in general.

John D. Hallenbeck
P. E. Moran

Dear Editor:

This morning's paper could easily set a lot of people to thinking. An article on the front page revealed that a recent poll of the law students at Chapel Hill were in favor of admitting negro students to the U.N.C. law school. Whether this would work out for the betterment of all concerned or not is hard to say at this time, but one thing is quite apparent. If the South is to overcome its racial problem in fact as well in name; it must do so in much the same manner and with the same spirit that has been shown by these students at Chapel Hill. This spirit of welcoming colored participation and desiring to share with them the advantages as well as the responsibilities of our standard of living, will cut at the very roots of race prejudice and mutual distrust.

If a child is forced by his parents to invite the neighbor kid, whom he dislikes, to his party; the party will more than likely be a failure for both of them. If however, he goes next door of his own accord and makes the invitation himself, hatred and ill feeling immediately take a nose dive. In their places trust and good will are formed.

So it must be with the color problem. If the whites and colored alike can banish their old hatreds and accept each other's different attitudes and sincerely try to live together as

(Continued on Page 8)

CAMPUS GOVERNMENT

The old Council disposed of all unfinished business last Tuesday. Several of the items were turned over to the new Council such as the beautification of grounds, faculty merit rating system, etc.

U.S.N.S.A. Again

The issue of the day was "What to do about the controversial National Students Association?" The organization received much criticism as a communistic organization when it was founded. One of the groups that founded the organization was admittedly representing the Communist Party and several of the other groups were of a doubtful nature. The NSA congress, however, decided that members would be representatives from their respective schools.

The NSA has done some good work along other lines, however. They distribute mimeographed bulletins regularly which contain information relative to student governments, faculty-student relations, merit rating systems, etc.

The Council decided not to affiliate at this time, but instead to

send two men to the Student Congress of the NSA in August to observe the organization.

No More Music

The wired music in the cafeteria has no operating funds. The Council is almost unanimous in their opposition to advertising over it as they believe it would soon become a nuisance. The operation was supposed to stop as of Wednesday, but the Council decided to guarantee the expenses for one more week. In the meantime, an effort will be made to obtain operating funds from the student activity fund.

Baseball Game Scrap

The Investigating Committee of the Council checked into the fight at the gate at the April 17 Duke-State game, after one of the participants requested that the Council settle the issue once and for all. The report of the committee will be published in the Technician next week. As a result of the incident, the Athletic Department is going to make some specific regulations concerning the collection of tickets in order to prevent any future misunderstanding.

Graduating Seniors Number 621

Six hundred twenty-one seniors and 41 graduate students are candidates for degrees to be awarded at graduation exercises June 14, it was announced by Registrar W. L. Mayer's office here yesterday. This is the largest graduating class in the history of State College.

The School of Engineering leads in the number of candidates with 347, followed by the School of Textiles with 136, the School of Agriculture and Forestry with 101, and the Division of Teacher Education with 37.

A breakdown of the candidates for bachelor's degrees in the School of Engineering is as follows: Architectural Engineering—17, Ceramic Engineering—11, Chemical Engineering—36, Civil Engineering—50, Electrical Engineering—53, Engineering-General—30, Geological Engineering—3, Industrial Engineering—35, General Engineering—14, Mechanical Engineering—65, M. E. (aero option)—20, and M. E. (heating and air condi-

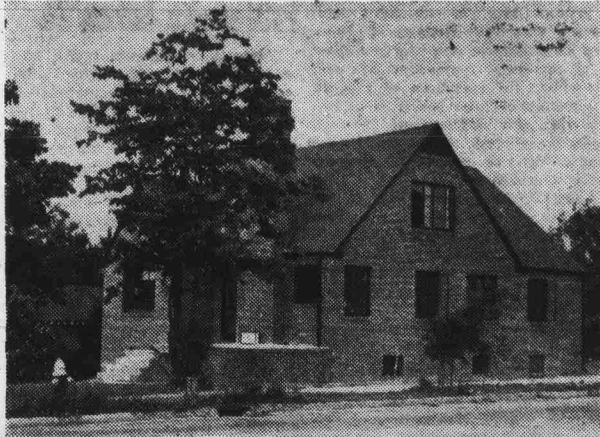

tioning option)—13.

By departments, the School of Textiles has these candidates: Knitting—7, Chemistry and Dyeing—23, Textile Management—42, Textile Manufacturing—53, and Weaving and Designing—11.

The School of Agriculture and Forestry has the following candidates by departments: Agricultural Chemistry—9, Agricultural Economics—13, Agricultural Engineering—4, Agronomy (Field Crops)—15, Agronomy (Soils)—3, Animal Industry—20, Dairy Manufacturing—4, Forestry—16, Horticulture—9, Landscape Architecture—2, Plant Pathology—1, Poultry Science—1, Rural Sociology—1, and Wildlife Conservation and Management—3.

The Division of Teacher Education has 32 candidates for B.S. degrees in Agricultural Education and five candidates in Industrial Arts Education. Miss Juanita Stott pointed out that this list is tentative and is subject to change

New Fraternity House

Pictured above is the new home of Phi Kappa Tau, social fraternity. The house, just completed, is located at 200 Brooks Avenue and has the distinction of being the first built here as specifically as a fraternity house.

CLINTON—

(Continued from Page 1)

arranger for the Dorsey brothers; first Jimmy and then Tommy. Glen Gray's Casa Loma orchestra later featured some of his best arrangements. When he formed his own band, Clinton chose "The Dipsy Doodle" as his theme song. His style of music is referred to as "Dipsy Doodle" and his troupe includes a vocal group known as "The Dipsy Doodlers."

Among the famous locations that have featured the Larry Clinton brand of music are Frank Dailey's Meadowbrook, Glen Island Casino, Hotel New Yorker, and theatres in New York City. Clinton's orchestra has had an impressive roster of engagements from coast to coast.

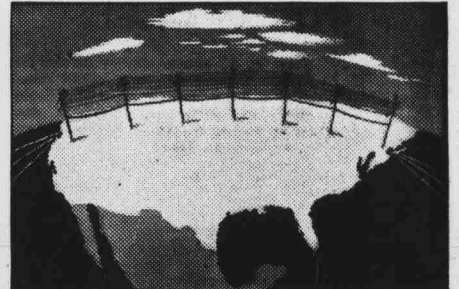

Larry Clinton first played professionally in local Brooklyn dance halls with a high school band. In 1941 Clinton broke up his band and joined the Army Air Forces. Up until 1946, when he formed his present band, "The Dipsy Doodler" flew "over the hump" with the Air Transport Command.

Some telephone numbers you ought to know

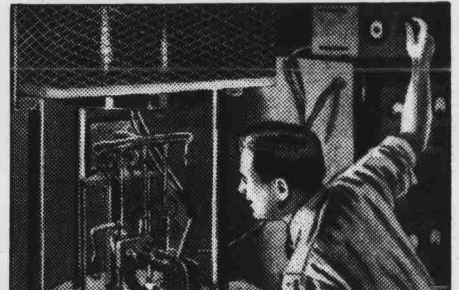

516,500—It takes this number of men and women to operate the twenty-two Bell Telephone Companies. Each operating company is responsible for furnishing telephone service within its own territory.

26,000—The number of people who are employed in the Long Lines Department of the American Telephone and Telegraph Company. It is their function to provide Long Distance and Overseas service.

131,400—This number the employees of the Western Electric Company who manufacture, purchase and distribute equipment and supplies for the entire Bell System.

6,000—That's the number of people in Bell Telephone Laboratories. Through research and development they constantly improve this country's telephone service—already the finest in the world.

2,100—That's the number of people in the American Telephone and Telegraph Company. Through advice and assistance, they coordinate the activities of the entire Bell System.

In all, there are some 682,000 men and women in the Bell System. As this country's communications service is expanded and improved, opportunities will grow still greater. There's a future in telephony.

Delta Kappa Phi Receives Its Charter

The State College Chapter of Delta Kappa Phi, national professional textile fraternity, was organized at a banquet meeting Friday night.

The society's supreme officers, William W. Meyer and Hugh C. Dawson of Philadelphia, officiated at the installation service and presented the chapter its charter.

Sixteen leading students and one faculty member in the College's School of Textiles were initiated as charter members of the chapter. The new student members are as follows:

Stanley C. Armitage, Selma; Charles E. Blossom, New Bedford, Mass.; William C. Campbell, Winston-Salem; David M. Cates, Greensboro; James C. Faulkner, Mount Airy; Henry W. Jacobs, Greensboro; Henry T. Jones, Roanoke Rapids; George H. Keller, Gastonia; Wallace L. Krueger, Charlotte; David King, Wilmington; William W. Lloyd, Greensboro; Harold B. Meunier, New Bedford, Mass.; James J. Roche, Hewlett, N. Y.; Thomas P. Scott, New Bedford, Mass.; Lewis J. Swink, Woodruff, S. C.; Robert J. Turnbull,

A.I.Ch.E. Calls It A Day With A Picnic

One of the more successful years for the American Institute of Chemical Engineers is drawing to a close.

At the regular meeting this past Tuesday, the members of the organization became better acquainted with the department through talks by several of the staff, each explaining the project in research he is conducting.

Last Friday, a number of the students enjoyed a rousingly scientific time at the annual A.I.Ch.E. picnic. The conditions of state were wine, women, and song, which drove many poor plumbers close to the critical temperature. The next day the boys were left wracked and scarred and ill-fitted to bear the brunt of a quiz scare, ghoulishly devised by one of the chemical engineering faculty. But with courage in their hearts, the embryo PVT's forged ahead continuing to set their eager eyes on a bright new year to come which sparkles with galaxies of complex equations and stimulating friendships.

Greenville; and Clyde N. Whitesides, Raleigh.

Prof. Henry A. Rutherford, head of the Department of Chemistry and Dyeing, was also initiated and was named as the organization's faculty adviser.

Honor Engineering Fraternity Takes 26

Twenty-six students in the School of Engineering at State College were initiated into the membership of the college chapter of Tau Beta Pi, national honorary engineering fraternity, during the society's annual initiation meeting Friday night.

The students, all of whom were chosen for academic excellence and leadership ability, are as follows:

S. B. Burwell, Henderson; M. E. Griffing, Bridge Hampton, N. Y.; D. H. Hines, Carolina Beach; G. E. Hook, Elon College; L. S. Hovis, Dallas; M. W. Lamb, Wilmington, Del.; J. S. Stowe, Gastonia; Von Autry, Jr., Fayetteville; W. C. English, Winston-Salem; S. G. Flanagan, Henderson; R. R. Garey, Wilmington; C. W. Hood, Davidson; R. T. Lloyd, Jr., Asheboro; J. S. Moore, Tampa, Fla.

P. S. Moore, Norfolk, Va.; E. G. Oakley, Gastonia; S. N. Richardson, Norfolk, Va.; J. Silverstein, Winston-Salem; H. O. Smith, Charlotte; C. M. Stallings, Franklin, Va.; J. I. Thigpen, Avon Park, Fla.; J. W. Thomas, Cameron; S. T. Wiggins, Henderson; R. T. Willard, High Point; L. R. Young, Charlotte; and E. K. Howell, Swannanoa.

Officers of the chapter are V. M. Barnes, Jr., of Wilson, acting president; R. F. Kendrick of Shelby, corresponding secretary; E. O. Travis of Scotland Neck, recording secretary; and Prof. L. L. Vaughan, treasurer.

Initiation of new members was followed by a banquet at Teel's Super Club.

Over a hundred guests attended the banquet, including several members of the faculty. Speakers for the occasion were Chancellor Harrelson and Dean Lampe.

An informal program of skits and songs was presented by the newly-initiated members for the entertainment of the group.

New Officers Elected
Tau Beta Pi's officers for the coming year were elected at a meeting Tuesday night, presided over

Students Warned On Unemployment Claim

World War II veterans attending schools, colleges and universities in North Carolina under the so-called G. I. Bill of Rights will receive automatically subsistence payments for 15 days after the spring sessions end, but will not be eligible for servicemen's readjustment allowances under the G. I. Bill while receiving the subsistence allowances.

Students under this program should make sure their G. I. subsistence payments have stopped before they file claim for unemployment allowances, since, in cases of deliberate attempts to defraud, there may be a fine or jail penalty for drawing "concurrent payments," as well as the forfeiture of all rights under the readjustment allowance program, Chairman Kendall explains.

Veterans are reminded also that they are required to apply for jobs, be available for work, able to work and willing to take suitable jobs before they are eligible to unemployment allowances during their vacation periods. Too, they are required to show that they have actually sought work on their own initiative if the Commission's North Carolina State Employment Service Division is not able to locate jobs for them.

Unemployment allowances are by no means intended as vacation pay and the status of all veterans who file claims for benefits will be scrutinized closely by personnel in local Employment Security offices, Chairman Kendall said, Veterans eligible for unemployment benefits will receive them, but every effort will be made to find and require them to take reasonably suitable jobs during the summer months, he said.

by retiring president Barnes. The new officers are: president, J. M. Yorke; vice president, Art Handley; recording secretary, George White; corresponding secretary, John Moore; and cataloguer, Edward Oakley.

Music May Halt Because of Funds

Fitzhugh Dade, secretary of the Publications Board, has recommended that the cafeteria dinner music be stopped until financial backers can be found.

The radio station, WVWP, has not yet complied with the request, being reluctant to deprive the students of the service. The radio station, having a limited source of income, can not pay for the dinner music.

A long time ago the Student Government agreed to pay for the music if the station would furnish it. The Student Government willingly installed the speakers and attempted to pay for the music but ran out of money. The expenses involved are comparatively small—telephone line rental, record breakage, depreciation, and 130 hours of time per week.

According to Tom Melton, business manager, WVWP has limited means of support. The radio station receives no part of any student fees and has no budget. A few hundred dollars was voted by the Publications Board from student activity fee equipment; however, this does not cover operational expenses.

WVWP is presently concentrating its efforts on station improvements and standard operating procedure for commercials. When the radio station becomes self-supporting from advertising, Melton assures the students that it will gladly furnish the music free of charge.

Unless a local sponsor is found soon, the dinner music will either be interrupted with frequent commercials or stop altogether. The present hope is that some campus organization with extra cash will pay for the music. Such groups as the Engineer's Council, the YMCA, the Student Government, the Student Stores, various engineering societies, the Publications Board, or students could pay for the music separately or jointly. Another source of aid would be the donation of a record library by a campus group. A record library would eliminate the daily trips uptown for records and subsequent danger of breakage.

WANTED—Stenographer for June, July, and August. Good pay and working conditions. Call 36256 after 4:30.

LOST—Ag Club key. Five Dollars reward to finder. Return to Wade Hobson, 210 Syme.

LOST—Saturday at 12 noon, Hamilton Watch—Engraved Dr. J. P. Rowe. Also Fob, engraved the same. J. P. ROWE.

GOT A DATE WITH AN ANGEL?

Military Announces ROTC Honor Awards

Annual Inspection On First of Next Week

The awards to outstanding individuals in ROTC were announced this week by Col. Samuel A. Gibson, PMS & T of the Military Department. Competition for the awards has been held for the past three weeks.

Company "B," commanded by Cadet Captain David F. Reid, Jr., Charlotte, was named honor company for the year. The company will receive a shoulder loop for excellence in drill for each member of the company for the next school year.

The honor platoon is third platoon of Company "B" commanded by Cadet Lieutenant Thomas H. Lingle of Salisbury. The platoon leader was awarded a field jacket. The award to each member of the platoon was citation ribbons to be worn for the next school year.

Cadet Lieutenant William McK. Fetzer from Brevard was given the leadership award as the outstanding first year student. Fetzer was presented with a field jacket for outstanding achievement on the drill field. The Quartermaster Association donated a bronze medal to be awarded to the outstanding quartermaster cadet. Cadet Lieutenant C. Harper Thaper of Ashboro was given the award.

Cadet Lieutenant Alfred S. Linticum of Raleigh was named outstanding ordnance cadet and was presented with a silver medal by the American Ordnance Association.

Cadet Thomas Wood of Gastonia was awarded a bronze medal donated by the North Carolina Society, Sons of the American Revolution, and presented by Mr. W. D. Carmichael, Jr. Cadet Wood was the outstanding sophomore cadet for the year.

Tuition for one year donated by the college was awarded to the outstanding freshman cadet, Cadet Harvey H. Scheviak of Kenosha, Wis.

The best individual shot of the Rifle Team, awarded a gold medal, was Cadet Lieutenant Edwin D. Palmgren of Winston-Salem.

Special commendations were given to the following individuals:

Eugene F. Brown, Samuel M. Butler, Jr., Francis C. Chadwick, Edward P. Craig, Jr., Harry Cramer, Louis Cramer, Kyle C. Eller, Jr., Henry O. Foster, William C. Harris, William McG. Jenkins, John W. Joseph, Harvey N. Kelley, James F. Mills, John W. White, Steve D. Zapantis.

Next Monday and Tuesday, the Third Army inspecting team will visit the college for the War Department Annual Inspection. Military classes will be given written exams and practical tests. The board of officers will witness a parade, review, and company and platoon drill at 11:00 o'clock Tuesday on Doak Field.

The board consists of Colonel Alfred A. McNamee, commander of the board; Lt. Col. Orville D. Lysaught; and Lt. Col. Julian A. Cook. A different board gave the ROTC a rating of "excellent" last year.

Pinetum Out

The Pinetum, publication of the forestry school, is ready for distribution to all students enrolled in forestry. Copies may be picked up in Room 300, Ricks Hall, at any time.

This has been a very successful year for the publication and it is bigger and better in many ways. The editor of this year's issue was Clarence Blackstock and John Barber, business manager.

Gamma Sigma Epsilon

Arthur A. Cline was elected Grand Alchemist of Gamma Sigma Epsilon, honorary chemical fraternity, at a special meeting Tuesday night. Other officers elected are Jonathan Thigpen, Recorder; Norman Taney, Visor; and Glenn Moser, Sergeant-at-Arms. A supper meeting will be held later in the term.

LOST—Black Parker 51 Gold Top See G. C. Cooke, 103 Chamberlain St., Reward. Phone 4843.

WANTED—Vet and wife with no children to sub-let 3 room furnished apartment during June, July, and Aug. Call 36256 after 4:30.

Warm Weather Fills Marriage Courses

By BILL ADDISON

In spring a young man's fancy turns to Ethics 409. This was confirmed by Professor W. N. Hicks, head of the Ethics and Religious department, who plans to expand his marriage course.

Now that spring has sprung there has been a run on the marriage class. Previously there had been only three sections per term. This term there are five and could have been seven. About 500 students were turned away.

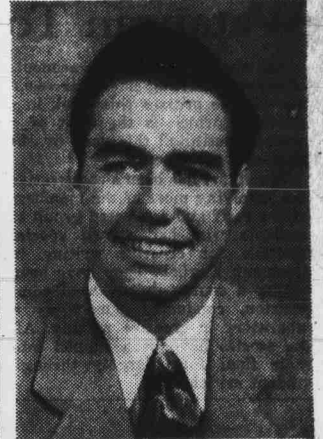

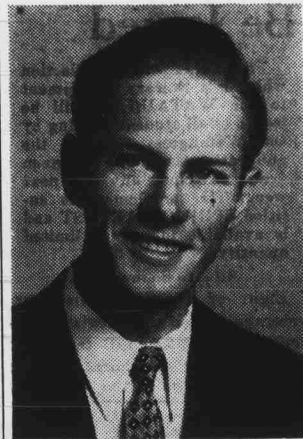

Many students will be glad to learn of the expansion of the marriage course next fall. It will be so arranged that a student might take either term he chooses. There will be terms (1) pre-marital adjustment, Ethics 409; (2) sex adjustment, 410; and (3) larger aspects of the family, 411. Students who have had 409 may continue on in 410 and 411.

Series Planned

Professor Hicks plans to start the second term next fall and then add the third, like building a house, one step at a time. He hopes to get a woman who specializes in aspects of the family to help in third term.

Five hundred colleges in the United States are giving instructions in marriage. Stephens College and Michigan State have very outstanding courses.

Will Guide Wataugan Next Year

Pictured above are Max Fowler, left, and Bill Ray, editor and business manager, respectively, of the WATAUGAN for next year. Fowler and Ray were elected in the recent campus-wide election. Fowler has been associated with the WATAUGAN for almost three years, is a member of ASME, and will be an alternate to the Engineers' Council next year. Ray, a member of the Engineers' Council for two years, has served as president of the Beaux Arts Society for the past two years, is a member of the Cadet Officers Club, and has served on the business staff of the WATAUGAN for the past year.

Books Received

The D. H. Hill Library has recently received part of Radiation Laboratories' new series of books on electronics. H. C. Brown, librarian, disclosed.

The series is composed of 28 volumes. The first 27 volumes deal

with all kinds of electronic devices, while the last volume is an index volume.

He also said that the books were not through the processing stage yet and would not be ready for use for a short time.

Short Story Supplement of Wataugan To Be Issued

The short stories of ten students of creative-writing classes are coming off the presses this week in a collection which is the fruit of a project instituted this year by the English Department.

The effort has been a cooperative one involving most of the members of the staff and a selected group of students who had shown special aptitude for creative writing in freshman English. They have been taking a course in advanced composition, conducted purely as a laboratory in creative writing. All the stories have been shaped into their final form largely through student criticism.

The short story collection which is a literary supplement to the WATAUGAN will be issued to all students calling by the Wataugan office in the publications building between 4 and 6 o'clock any day next week. The supplement is entitled **SPRING HARVEST** and is available in only a limited quantity.

All Are Sophomores

Eight of the ten writers are veterans and all were registered as sophomores in the fall term. The engineering school claims seven of the students while the remaining

three are scattered throughout the other schools.

Al Dugan, Wataugan staff member, from Fayetteville wrote *The Parade*. Nathan L. Evans, Jr. from Lexington wrote *Rain in the Afternoon*, which holds down the lead spot. Sports writer on the Technician, William Charles Haas from Wilmington wrote *Little Bruiser*.

A native of Missouri, Charles M. Jones turned in *Fruit of the Vine*. James Morrell Kitchens, Orlando, Florida, contributed *The Tenth Acre*. Robert G. Owens, a South Carolinian, wrote *The Overalls*. James Parnell, Virginian, created *The Better Part of Valor*.

An Asheville student, Claude Ramsey, produced *The Golf Club*. Billy Throneburg from King's Mountain wrote *Pastoral*. And last but not least, Charles W. Townsley, a native of New York, wrote *The Big Polack*.

S.A.M. Presented Charter Wednesday

The N. C. State College Chapter of The Society For The Advancement of Management was presented its charter at a banquet held on May 12 in the college cafeteria. Mr. Carl Coler, Executive Director of the Society, came here from the New York headquarters to make the presentation. Before presenting the Charter, Mr. Coler spoke for a few minutes on the increasing importance that North Carolina is playing in the industrial development of our great country and the part that the Society For The Advancement of Management could play in the development of management personnel to operate these industries.

Each year, the Society conducts national conferences in principal cities in the east, mid-west, and on the west coast. In these conferences, labor joins with management in advancing ideas for increasing the effectiveness of individual business and of government agencies. Together they work toward the solution of national and international management problems of economic and social consequence.

The charter members of the society are: A. P. Beam, (Membership Chairman), W. R. Burnham, L. C. Darden, D. O. Garrison (Vice President), Harvey Gittler (President), W. J. Holladay, L. M. Huntley, H. O. Jones, J. C. MacLachlan, R. J. Pearce, W. C. Roe (Publicity Chairman), C. H. Thomas, V. W. Kafka (Treasurer), W. A. Goucher, H. M. Holcombe (Secretary), M. W. Lamb, P. J. Lamprinokos, C. A. Swerdlove, F. A. Harper, H. T. Leake, and O. T. Paul (Arrangements Chairman).

FOR SALE—2 typewriters perfect condition, Underwood \$50.00, Corona Sterling \$65.00. See J. C. Boyter, 202 Becton any night before 2:00 A.M.

Phi Eta Sigma Selects Outstanding Freshmen

Twenty-three outstanding freshmen were initiated into Phi Eta Sigma last Wednesday night, May 12, at a solemn ceremony in the YMCA.

Following this, an informal banquet was held at the Woman's Club. Mr. R. B. House, Chancellor of the University of North Carolina made the principal address of the evening, stressing the need to develop extra curricular activities and hobbies while you are young.

At a short business meeting afterwards, officers were elected from the new members for the coming year. Larry B. McDade was elected president and George W. Fox was made vice-president. James T. McKeel, Jr. was elected secretary and Herman E. Siebel, treasurer.

Phi Eta Sigma is a national honorary fraternity organized for the purpose of promoting scholarship among freshmen. It is the only freshman honorary fraternity on the campus, and the only fraternity that permits freshmen to wear a key. Entrance requirements are to make half A's and half B's or better for the first term, or to average that for all three terms of the freshman year.

The following students were initiated:

- James Colon Ashworth, Fr. Engr., Seagrove, N. C.
- William Henry Boyd, Jr., Fr. Engr., Henderson, N. C.
- Jack Witten Cecil, Fr. Arch., N. Tazewell, Va.
- Kenneth Kermit Denson, Fr. E.E., Rocky Mount, N. C.
- Wells Denyes, Fr. Tex., Kenosha, Wis.
- George William Fox, Fr. Tex., Randleman, N. C.
- Edwin Bernard Gentry, Fr. Engr., Greensboro, N. C.
- James Raeford Goble, Fr. Engr., Hiddenite, N. C.
- William Gaskins Heacock, Fr. Engr., Raleigh, N. C.
- Alvin Wilkins Jenkins, Jr., Fr. Engr., Raleigh, N. C.
- Arthur Garrett Johnson, Jr., Fr. Engr., Greensboro, N. C.
- James Thomas McKeel, Jr., Fr. Engr., Washington, N. C.
- Arthur William Millers, Fr. For., Dolgeville, N. Y.
- Chris Pappas, Jr., Fr. Tex., Charlotte, N. C.
- Edmund Waddill Porter, Fr. M.E., Raleigh, N. C.
- Charles Ray Pugh, Fr. Ag., Asheville, N. C.
- Glenn William Putnam, Jr., Fr. Engr., Orangeburg, S. C.
- Robert Marshall Reams, Fr. Ag., Apex, N. C.
- Russell Henry Shouse, Jr., Fr. Engr., Winston-Salem, N. C.
- Loman Hoyt Waller, Fr. Engr., Wilson, N. C.
- Larry Brown McDade, So. C.E., Hillsboro, N. C.
- Phillip St. John Moore, Jr., Jun. M.E., Norfolk, Va.
- Herman Eugene Siebel, Soph. M. E., Norfolk, Va.

Vetville News

By ISH COOK

According to a letter recently received from the Atlanta office of the FPHA by Col. Hutchinson, the national policy is not to change the rent scale because of the increase in pay from the Veteran's Administration.

The change in the rent schedule that recently became effective in Vetville was made possible through a revaluation of the total utility rate paid by the average Vetville family. The utility rate is one of the main factors used to determine the rent schedules for all FPHA projects. Next month any overpayment or underpayment made by individuals in Vetville will be settled.

Expenses

By popular vote in the last election at Vetville, the By-Laws were amended to include an expense account for the Mayor to help cover expenses incurred in the fulfillment of his duties.

The streetlights in many areas in Vetville have been replaced. There is dire need of a streetlight at the railroad crossing in the Vetville area. The Vetville Council has asked the electric light company to remedy the situation, and all that is possible is being done. There is no definite answer as to whether a light will be placed at the crossing.

The people of the community have been asked to have their parents and friends send a telegram in case of an emergency, asking them to telephone from Vetville. There have been a few cases in the past where urgent messages were delayed, because the intended recipient of the call could not be located. There is a telegraph office in Vetville for the convenience of the residents there.

Church News

Last Sunday about one hundred people attended church at the Vetville YMCA. Children's Sunday School had about twenty pupils attending.

Mosquitos

On Tuesday, May 4, Mr. Tom Quay of the Zoology Department, June Yelton, W. E. Moody, and Earl Carter checked the Vetville area for mosquito breeding places. An abundance of wigglers was found in the creek at the entrance to the area, the creek back of the area, the marsh area between Apts. 33 and 34, and several marshes in the immediate vicinity. Anapholes, yellow fever, and pest mosquito wigglers were identified.

On Thursday, May 6, Nesbit Rogers, Julian Siler, Hank Rogers and Earl Carter cleared out the entrance creek and sprayed two marsh areas and about 600 yards of the main creek. The area will be sprayed by volunteers from Vetville every two weeks.

PI KAPPA DELTA

The annual banquet of Pi Kappa Delta, honorary forensic fraternity, will be held Saturday, May 29th, at the Raleigh Room of the Hotel Sir Walter, 6:30 P.M. The banquet will be informal, drag or stag. All student and faculty members are requested to telephone their reservations into Gene Gold at 7638 or 39223 by Tuesday evening, May 25th. The banquet will cost \$2.50 per plate.

OPEN FORUM—

(Continued from Page 4)
good citizens, then there will be no more problem.

Outsiders can help us tremendously by realizing that you can not pass laws against misunderstanding. This problem must be solved by a long range program, and it must be solved by those whom it affects. It can be solved by education, improved living conditions, and a sincere desire by both parties to work together for the betterment of our way of life.

Track Team Takes Fourth in Conference Meet

Chambers Leads Scoring With 14 Points

Displaying some of the best running and field events in the history of the school, Coach Tom Hines's Wolfpack track team completed a very successful season last weekend at Chapel Hill by amassing 31 points to take a strong fourth in the Southern Conference track meet. State finished behind Carolina, 55 1/7 points, Maryland, 44 1/4 points, and Duke, 40 25/28 points.

Chambers, Kucks Star

Individual honors were evenly divided between State's Charlie Chambers and Norman "Scotter" Rucks of South Carolina. Chambers emerged as the scoring champ while Rucks lowered the quarter-mile mark with a sensational time of 47.4 seconds. Chambers was about the busiest man in the meet, taking first in the 100-yard dash with a time of 10 seconds, breezing home in the low hurdles in 23.7 seconds, and finishing a strong second to Rucks in the 200-yard dash.

Records fell in the javelin throw, 189 feet, 1 1/2 inches by Dunham of Duke, two-mile run, 9:33.2 by Liddell of VMI, and in the shot put, 50 feet, 7 inches by O'Leary of Duke, in addition to Rucks' sizzling time in the quarter mile.

Chambers Gets 14

Chambers turned in one of the best performances of his brilliant career in scoring 14 points against top-flight competition. He and Rucks were the only two time winners in the meet.

The Wolfpack provided the only one-two victory of the meet and took three places in all in that event. Behind Chambers in the 100 came Herbert Goldberg and Graham Landau finished fourth. Goldberg finished fourth in the 220 also.

Placing men in nearly every event, Coach Hines' crew gave notice as being a definite threat to place closer to the top in next year's meet. Jim Byler grabbed a fourth place spot in the discus while Harry McLeod finished fifth in the discus.

Pickett Ties

George pickett tied for second in the high jump with Moody and Saunders of Carolina and Vic Bunas took fourth in the broad jump with a distance of 22 feet, 5 1/2 inches, the best he has done all year. Bunas and Ausbon of Duke reeled off the two best jumps of the meet but scratched in the effort. Ausbon leaped 23 feet, 8 inches and Bunas sailed through the air some 23 feet, 6 1/2, all to no avail. Norman Orrimins was the

only other State man to place in the meet, taking fifth in the very fast 440.

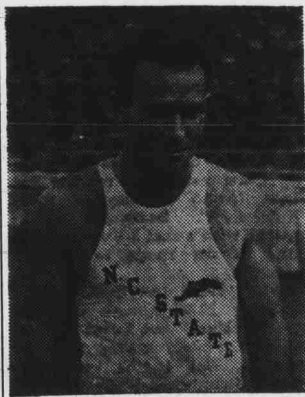

Coach Hines was very well pleased with the showing the team made in the meet, racking up the highest number of points a State team has ever garnered in the annual classic.

Season Good

The season's record for the Pack was also one of the best in years. After dropping a close decision to VPI, the team blazed away to finish with a record of four wins and 2 defeats. The other loss occurred at the hands of Carolina's conferees but State put up a splendid showing by taking more first place than the Tar Heels in the 77-49 loss.

Chambers finished the season with 89 points in six meets and the conference scrap walk away with scoring honors.

CHAMBERS

Kirmeyer and Smith Star in Red and White Grid Game

Dickey, McCormick Honored at Half-time

By BILL HAAS

Football fans in this area were given the opportunity to watch a preview of the Wolfpack gridiron power which will be displayed in the fall when Coach Feathers put his men through their paces in the first annual Red-White game in Riddick Stadium last Friday night. The game climaxed five hard weeks of sweating and straining under the hot sun, with the Reds winning 6-0.

The Wolfpack squad was divided into two evenly matched teams, with some of the past season stars on both squads. In pre-game predictions the Whites were picked to end up on top in the affair.

Red Team Strongest

From the opening whistle, the Red team held the edge, forcing able Footsie Palmer to use his toe often to boot the Whites out of dangerous territory.

Dick Kirmeyer Stars

Approximately 6000 fans watched fleet-footed Kirmeyer's brilliant running as the Sophomore flanker paced the Reds in their victory. Kirmeyer moved into a regular position this year from last season's B-Team. The speedy Pittsburgh Wingback was recent-

ly chosen by 30 and 3 as "King For A Day" when he outran a well greased porker.

Kirmeyer kept the spectators on their feet constantly as he broke away for long runs, and his broken-field play carried the ball into White territory to set up the lone score of the night. Dick lugged the pigskin 25 yards to put the Reds in scoring position and then took a lateral from June Cheek and crossed the goal line after Cheek hauled in Tailback Ogden Smith's pass on the White ten yard marker.

Palmer Shines For Whites

Kicking ace Footsie Palmer supplied some thrills with his booting and several long runs from the Fullback spot to keep the white team in the game.

The Whites confined their attack mostly to ground play, but the Reds took to the air behind Ogden Smith's accurate passing to gain considerable yardage.

Red team play was outstanding for the precision blocking of the linemen. The big men up forward usually don't get the credit they deserve for the wins, but it was evident that the only edge the Red squad had over the Whites Friday night was the perfect blocking.

Outstanding Linemen

Outstanding linemen for the Reds were "Smoe" Saunders, in the linebacker position, Bernie Watts and Tom Joyce at Guard, Gerry Turbyfill and Norman Cegelis at the tackle slots.

Martin and Musser on the White outfit caused the Red ball carriers plenty of trouble with their vicious tackling.

Golfers Take Third In Conference Tourney

Charlie Gibson Cards 68 to Beat Ward

Taking third in the conference tournament Coach Charlie Tripp's Wolfpack golf team completed one of the best seasons in the history of the school with a record of eight victories, three losses and one tie. Coupling smashing drives with some precision putting, the State linksmen handed the runner-up southern conference champions, Wake Forest, their only defeat of the season in match play, and ended a five-year winning streak of the conference champs from Duke.

Gibson Tops Ward

Charlie Gibson of Greenville, S. C., the Wolfpack's number one man, turned in one of the best matches in the conference in defeating Carolina's North and South Amateur champion Harvie Ward in the final match of the season. Gibson shot a sizzling 68 while the Carolina ace

could get but a par 72. The Carolina match ended in a 13 1/2-13 1/2 stalemate.

Freshman Maurice Brackett of Charlotte provided another surprise in conference circles. The former Carolinas High School Champ turned in some sub-par scores all season to alternate in the number-one slot with Gibson.

Take Third In Tourney

Robert Turnbull of Greenville, S. C., Weston Dixon and Roy Dearstyne of Raleigh, and Gonzalo Saenz of Columbia, South America teamed with Gibson and Brackett to bowl over Davidson twice, Furman, South Carolina, High Point twice, Duke, and Wake Forest to climax the season with a third-place finish in the conference tournament. They lost once to Carolina, Duke, and Wake Forest and tied Carolina in a return engagement.

Coach Tripp personified the fighting spirit that carried the team

HERB'S HECKLINGS

By HERB BRENNER

Greeting you under a new column this week but still carrying the same ole dope! For the past two weeks I have been making a pretty bad error in my quotations of the top Softball teams in Division Number 1 in the Softball bracket. The S.P.E.'s are in the top ranks with SAM and PKA having lost only one game this season while winning four. S.P.E.'s, please forgive me.

Finals In Frat Softball

The final round in the diamond sport shapes up this way. The S.P.E.'s played the PIKA nine last Wednesday and the winner of that contest goes on to meet the Sigma Alpha Mu nine on May 21st. The winner of that game will be the champ in Division 1. The Sigma Chi's, undefeated in their division, will play the Sigma Pi's, winner's in their loop bracket . . . with the victor playing the champ of the first Division for the top spot honor.

Dorm Track

The Dormitory Cindermen will meet this afternoon to stage their qualification trials in Track and Field. The top men will compete next Tuesday in the final round in the sport.

Dorm Softball

The hot paced race in the Dormitory Softball leagues is really shaping up. In Section 1, the ever potent 3rd Bagwell nine is sharing the spotlight with the Vetville team with 4-0 record. These two teams were scheduled to meet on last Monday but were rained out and at this writing we are not able to bring you the outcome. In the same section Welch has a 3 win 2 loss record. In Section 2, 1st Becton and 3rd

Syme are both undefeated, and likewise were prepared to play last Monday. In the second bracket also 3rd Becton and 2nd Alexander have a .500 average with a 2-2 record.

In Section 3, Trailwood leads with an unwhipped tally of four wins against no defeats. They are closely tailed by 2nd Becton with a 3-0 mark.

In Section 4, 2nd Turlington leads the way with 4-0 games won, and are very closely followed by the Off-Campus Mahoffs with a 4-1 mark.

Fraternity Track

The preliminaries in Fraternity Track and Field were reeled off last Tuesday afternoon with some very fine times, distances, and heights coming out of the meet. Evans, Sigma Chi speedster looked "SUPERB" in his dashing triumph on the 100 yard dash event. He posted a 10.4 which is darn good timing on any track. The S.P.E. relay team composed of Foreman, Barber, Pring, and Fleming also posted a 45.0 second timing in the 400 yard run, and the S.P.E.'s look like they will be a hot contender for the winning spot. They will be challenged, however, by a strong PIKA squad who still remembers last years one-point loss to the SPE cindermen.

All-Campus Selections

In next week's issue we hope to have ready for publishing a list of the men who have been chosen for All-Campus Softball honors.

Deacs Win Monogram Play Day; State Third Club Has Important Meeting Thursday

Wake Forest's Demon Deacon Monogram softball team waltzed away with the trophy in the first annual Big-4 Monogram Club field day last Friday afternoon on the local fields. Pounding out a 16-4 decision over Carolina in the semi-finals, the men from Preacher Preflight (name courtesy of Bruce "Homework" Beaman) came through with a neat 2-0 victory over Duke in the finals to cop the tourney.

Duke gained the finals with a smashing 12-2 triumph over the home Wolfpack but failed to score against the pitching wizardry of the Deacons. Not to be completely swamped on their home diamond, the State letter winners knocked out a 7-5 decision over Carolina to annex the consolation honors.

Each Contribute

Following the tournament the four Monogram Clubs were host to the Tar Heels at a picnic over in Pullen Park at 6 p.m. and then were guests of State at the first annual Red and White grid battle in Riddick Stadium. Wake Forest donated the trophy for the winner of the softball tilt and Duke entertained the other members of the Big-4 family with a party at Stewart's Lake after the game.

Termining the entire program a "complete and satisfying display of sportsmanship and friendship," President Tom Gould of the State Club was overjoyed at the favorable support by the students, alumni, and friends of the Colleges and was "optimistic about the continuing success of such a program."

Important Meeting

The State Monogram Club, spon-

Tennis Squad Completes Good Season; Win Seven, Lose Four

By JOHN LAMPE

Coach Seeger's Netters brought their 1948 season to a successful close by defeating Wake Forest on May 6th in a return engagement by the score of 7 to 1. The victory over the Demon Deacon's was the seventh win against four defeats for the Wolfpack Net Team. On May 12, 13, 14th the Annual Southern Conference Tennis Tournament was held at Chapel Hill with State having eight singles and four double entries.

Record Is Good

This Spring the State racket swingers have compiled the best record they have had in several years. The year before last they won three encounters while dropping six, last year the record was two wins against nine defeats, the wins coming over Wake Forest and the University of Richmond. This year the record is seven victories and four defeats. Actually in the Southern Conference the record is 7-3, one of the defeats coming at the hands of Presbyterian College which is not in the conference.

The victories for Coach Seeger's Netters came over the Citadel, College of Charleston twice, University of Richmond, Furman University, and a double victory over the Deacons of Wake Forest. The defeats of the campaign were to strong squads of University of North Carolina, Duke University, University of

South Carolina and to Presbyterian College. Enter Conference Tourney On May 13, 14, 15th the Southern Conference tennis tournament was held with Art Culberston, Charlie Boney, Bob Guirette, Pete Kohn, Mike Fuerstman, Jim Sherrill, Monty Montesanti and Carl Ragan representing State in the singles. In the doubles Culberston and Guirette, Kohn and Fuerstman, Ragan and Montesanti; Boney and Ed Hall played for Red and White. Culbertson, Captain of the State College Netters and seeded number seven in the tournament was upset in the second round by Skakle of North Carolina. In the first round Cubbertson received a bye.

Ragan Advances

Cal Ragan went the furthest in the tournament but was finally stopped by Carolina Ace, Vic Seixias. Ragan received a bye in the first round, defeated Johnson of Carolina in the second round and then men Seixias who was seeded number one in the tourney.

Pete Kohn, Charlie Boney, and Bob Guirette defeated their adversaries in the first round but lost in the second round.

The prospects for the 1949 season are very favorable with only two men graduating. Bob Guirette, who plays the number two position, will be missed as will Mike Fuerstman who played number six singles numerous times. However, Art Culbertson, Charlie Boney, Pete Kohn, Cal Ragan, Monty Montesanti, and Jim Sherrill will be back to form a strong nucleus for the 1949 tennis aggregation.

Deacons Win 14 Inning Game; Duke Defeated 9 to 4

SPORTING AROUND With Bill Haas

This and That comment: With the inauguration of the Big Four Monogram Club Field Day, we witnessed one of the most memorable events to be reeled off at State College in many a moon. . . . The whole significance of the day was a union of a group of athletes, which in turn will join the student bodies as a whole into a strong group of friendly people. . . . The aim of the group, as expressed by all four presidents of the monogram clubs from Carolina, Wake Forest, Duke, and State College at half time festivities during the First Annual Red-White Football game, is to further cement relations between the four schools. . . . Concrete plans were made for the afternoon and night and were carried through with complete success. Here's hoping the aims of the new group will be as successful.

One of the most impressive ceremonies I've ever had the privilege of witnessing took place at half time last Friday night. . . . There were speeches; not long, flowery word-slings, but really sincere words. . . . Those of you who weren't around last fall when the Football club started workouts probably didn't get the full significance behind the honorary membership which was presented to Don McCormick by the State College Monogram Club. . . . All of you must have felt some sympathy when Don came out on crutches to pick up his membership award, even tho' Don is not the kind of fellow who would want sympathy. . . . Maybe I'm using the wrong word. . . .

Mac was playing with the 'Pack Football squad last August when he contracted a severe case of infantile paralysis. . . . The whole team was quarantined for three weeks because of word of his condition and continuing their practice at closed drills. . . . Don didn't make it for the season, and not much more was said about the case. . . . It was a complete surprise to me to see him come out last Friday night still on crutches. I'll admit I'd forgotten it. . . . But it was an impressive occasion to see Don come back into the game, as Coach Feathers said when he presented the membership for the Monogram Club. . . . Now we want to see you out on the field again, Don.

Spring athletics at the old school are about wound up for this year. . . . Golf is over, with Charlie Tripp's linksmen coming out with an enviable year. . . . Charlie Gibson hit the spotlight in the final game by shooting four under par to beat Ward, 68-72. . . . The track team racked up a favorable season, placing fourth in the Southern Conference meet at the Hill last week. . . . Chambers, the fleet-footed cinderman who had been taking scoring honors all season, racked up 14 points to place high in scoring. . . . Bubas reeled off a 23 ft 6 1/2 in. broad jump, but was scratched, and came back with a 22 5/8 ft leap to place fourth in the event. . . . Goldberg has shown his heels all season in the short sprint events. . . . Javelin throwing honors go to Oscar Miller, who will be leaving school this June. His graduation will leave the stick tossing spot open.

Coach Walt Seegers' net squad ended play with a 7-4 win loss record, which is the best in several seasons. . . . With Culbertson, Boney, Guirette back next season the team will aim for an even better record.

Orchid of the week goes to a combination on the baseball team. . . . Willie Evans picked up a long fly ball off the fence between center and left field and made one of the most beautiful pegs straight to Utley on third that we'll witness any time soon. Utley relayed to Fowler who tagged out the Wake Forest runner who had come around from first to keep State in the ball game for an extra five frames.

Phantoms Win Big-4 Crown on Duke's Loss

By BILL HAAS

With only one more Big-4 game on tap this season, the cellar-dwelling Wolfpack diamond team seems almost certain to end the year in the basement.

The unlucky 'Pack meets the McCrary Eagles Semi-Pro club in Asheboro tomorrow, with the locals needing a win to even up the count with the Eagles. The Asheboro outfit won the first game 12-2.

The final game of the current season will be played next Wednesday when the League winning Phantoms move into the Wolfpack camp for a Big-4 game.

In a game scheduled for last Thursday afternoon, Tootsie Holding started against Carolina, meeting nine batters in three innings and sending all nine to the dugout in order. The game was called because of rain in the third with the 'Packers leading 3-0.

The scheduled game was moved up one day, and the 'Pack returned to Emerson Field Friday afternoon and proceeded to show the Phantoms how not to play ball!

Leading 3-2 at the beginning of the eighth, the Wolfpack swatters ran into a wierd streak of luck and Carolina scored three runs to settle the affair at 5-3.

Holding completely reversed his pitching of the day before and allowed all nine of the Phantoms' safeties. The 'Pack committed four errors with Carolina making only one mistake.

Deacs Win 14 Inning Game

In a heartbreaker at Devereaux last Saturday, the State club went down in defeat after playing 14 innings of tight ball. Trailing 3-1 in their half of the eighth, Wake Forest rallied and scored two runs to tie up the game at 3 all. Then it took five more innings of play for the Deacs to put across the winning tallie in their half of the 14th.

Hurler Ernie Johnson pitched the first nine innings, with Bob Edwards coming in to take over mound duties in the 10th.

Blue Devils Lose

In their final meeting with the Devils from Duke, Coach Sorrell's crew defeated Duke to assure the Carolina Phantoms the Big-4 crown. Tootsie Holding gave up nine hits in downing the Dukes 9-4.

SPEs Lead in Frat Track

By HERB BRENNER

The Fraternity Intramural Track and Field Preliminary Meet was staged last Tuesday on State College's cinder path with a large crowd of enthusiastic participants taking part in the annual events. The Sigma Phi Epsilon track crew looked exceptionally sharp on the cinder path and in the weights and hope to cop again the title they barely won last year in defeating the PIKAS by one point.

Evans Post Good 100 Yd. Dash Bill Evans, Sigma Chi flash finished with the lowest score in the 100 Yard sprint posting a 10.4 time. He was closely followed by Fleming, last year's winner in the event.

Dennis Fleming, SPE star athlete proved to be one of the hottest men on the field in the events. He coped the number one spot in the Discus throw with a heave of 107 feet and 3 inches; he came in second in the 100 yard dash event in his heat; and was anchor man on the SPE relay team.

Bud Foreman, also a contribution of the SPE frat proved to be a potent weapon in the Sigma Phi Epsilon battle. He came in second in the 100 yard dash in his heat; he won the Broad Jump with a distance of 26 feet-3 1/2 inches; and was the initial runner on the SPE relay team.

In the only final event of the

afternoon, Sanford, PIKA high jumper took first place honors with a jump of 5 feet-8 inches. Following Sanford, there was tie for second place between Boger and Hobbs, both SPE's. Dudley, Sigma Nu, came in fourth.

RESULTS

100 Yard Dash
1st Heat: (Evans, Sig. Chi. 1st; Fleming, S.P.E. 2nd; Barber, Sig. Pi. 3rd; Time 10.4 sec)
2nd Heat: (Thurman, K.A. 1st; Foreman, S.P.E. 1st (Tie); Skinner, P.K.A. 3rd; Time 10.9)

440 Yard Dash
1st Heat: (Dillon, KA 1st; Danford, P.K.A. 2nd; Shultz, SPE 3rd; Time 57 sec)
2nd Heat: (Blouk, Sig. NE 1st; Lee Grande, Sig. Pi. 2nd; Jones, J. Del. Sig. 3rd; Time 58)

1st Heat: (Skinner, P.K.A. 1st; Mitchell, S.P.E. 2nd; Hudson, T.K.E. 3rd; Time 58.1)

Broad Jump
Foreman, S.P.E. 1st Place; Evans, Sig. Chi. 2nd; Berkeedale, T.K.E. 3rd; Allison, KA 4th; Cramer, H. P.K.A. 5th; Brooks, P.E.T. 6th; Distance 26 feet-3 1/2 inches

Discus
Fleming, SPE 1st; Corbett, Pi Kappa Alpha 2nd; MacManus, KA 3rd; Ivey, Pi Kapp Phi 4th; Hennessee, Sigma Nu 5th; Midgette, SPE 6th Distance-107 feet-3 inches

Shot Put
Ryman, Lamb, Chi. 1st; Ivey, P.K.A. 2nd; Hennessee, Sig. Nu. 3rd; MacManus, KA 4th; Corbett, P.K.A. 5th; Swartz, SPE 6th; Distance-46 feet 2 inches

High Jump (Final Results)
Sanford, P.K.A. 1st; Roger, S.P.E. and Hobbs, S.P.E. tie 2nd; Dudley, Sig. Nu. 3rd; Distance-5 feet 8 inches

400 Yard Relay
1st Heat: (Lampke, Cramer, Batson, Sanford, P.K.A. 1st; Sigma Chi, 2nd.) Time 45.7
2nd Heat: (Thurmond, McManus, Dalton, Allison, KA 1st; T.K.E. 2nd.) Time 46.4
3rd Heat: (Foreman, Barber, Foreman, Fleming, SPE 1st. Kappa Sig, 2nd.) Time 46.0
