Tapped Into Blue Key

Shown above are the new members recently initiated into Blue Key. They are, left to right, top row: Robert L. Peacock; Jennings Teal, Arthur Pitzer, Reid Farrell, Jules Silverstein; bottom row: Steve Boyce, Carl Burkhardt, Bill Manning, Don Biggerstaff.

Plan Seniors' Help In Freshman Orientation

Completely Revise Freshman Week

By TED WILLIAMSON

Plans are being made by the new Campus Government for Freshman Week which takes place September 20-25. Featuring orientation, testing and registration, the main points of Freshman Week, it is intended that the activities be made attractive and entertaining for the new men.

In the past, the main purposes were taken care of and no provisions made to interest the incoming Freshmen. As a result, many men did not attend the lectures and so missed out on many points of interest and information. The new program, which has been given the "green light" by the Chancellor and the Deans of schools, will give the same information, accomplish the same ends and still prove interesting to the new men.

There are many tests which are given to each incoming man before he can be assigned to his classes. These will be given first to groups which are divided up by the registration office. Meetings are to be scheduled at various times throughout the day so as to have the men occupied most of the day. Night meetings, which have in the past been poor attended, will be shortened or dropped. The testing groups will be subdivided and these will be under the direction and guidance of a senior. These groups will be given lectures and talks by various faculty and student leaders. Large groups, which are often the cause of disinterest in the freshmen, will be done away with as much as possible.

Part of the plan, in addition to the talks on fraternities, YMCA, publications, ROTC and other

(Continued on Page 2)

Blue Key Initiates Nine New Members

Nine new members were initiated into the Blue Key, National Honorary Leadership Fraternity, at a meeting in the YMCA May 13. Officers for the year 1948-49 were also elected. They are: president, J. Lenwood Edge; vice president, Robert T. Peacock; secretary, Jules Silverstein; treasurer, Reid Farrell; and sgt.-at-arms, Don Biggerstaff.

Newly initiated members are Don A. Biggerstaff, Carl F. Burkhardt, Reid D. Farrell, William S. Manning, Robert L. Peacock, Arthur K. Pitzer, Jules Silverstein, Jennings B. Teal, and Steve G. Boyce.

Formal initiation ceremonies will be held at a banquet at the Bon Air on May 29 at seven o'clock. Officers for next year will also be installed then. The speaker for the occasion will be Dr. Hicks of the Ethics and Religion Department.

The Blue Key is an honorary leadership society which strives to perpetuate belief in God, promote and recognize good leadership, and preserve the principles of good Citizenship.

Saturday Last Day

Off campus-students are reminded that Saturday noon will be the deadline for voting on the proposed raise of one dollar in the publications fee. The raise is to provide financial aid to Station WVWP and the College Handbook. According to Jennings Teal the latest count of ballots received was 3-1 in favor of the raise. Teal also said that the poll of campus students was being made this week.

Tau Beta Pi Elects Yorke As President

James M. Yorke, Jr., of Fayetteville has been elected president of the State College Chapter of Tau Beta Pi, national honorary engineering fraternity, it was announced today.

Other new officers of the society are Arthur Handley, Jr., of Poughkeepsie, N. Y., vice president; George L. White of Fayetteville, recording secretary; John S. Moore of Tampa, Fla., corresponding secretary; and Edward G. Oakley of Gastonia, historian.

Extra Technicians

At present there are extra copies of nearly all issues of this year's Technician on hand. Any student desiring copies of any particular issue may come by the Technician office and pick them up.

12 Outstanding Juniors Tapped In Golden Chain

In a solemn ceremony late Wednesday afternoon, twelve outstanding members of the rising senior class were tapped into Golden Chain, senior honorary society. The tapping was held on Memorial Green, in front of Holladay Hall.

The student leaders who received the honor of being made "Links" in the Golden Chain were Fred Kendall, Oscar Bozeman, Lynwood Edge, Bill English, Art Pitzer, Bob Peacock, Jim Gardner, Horace Taylor, Reid Farrell, Ken Coble, George Sledge, and Dick Fowler.

The ceremony was very impressive. Senior members of the organization appeared in their ceremonial robes from within Holladay Hall, and marched single file until they reached the sun dial, around which they formed a circle. Members of the junior class had previously

Merit Rating of Instructors Soon

Tie and Tails

By AL DUGAN

Don't be surprised next Thursday if you see two graduating seniors attending class in white tie and tails. The students will be David Sewell from Greensboro and Loy Thompson from New Bern attending their last regular class at State College.

Three years ago when David and Loy were sophomores they made a solemn vow that if the day ever did arrive when they would attend their last class at State and graduation was in sight they would wear tie and tails to class. "We figured that if we ever got through this place it would merit formal attire and next Thursday is the day!" exclaimed Sewell.

Although Sewell doesn't think it will establish a new tradition he is confident of the fact that the last day of classes for a State student is worth a little extra effort and ceremony.

Alumni Day Set For June Eleventh

Alumni Day Friday, June 11, will climax the college year for the State College Alumni Association, it was learned here Wednesday. The office of H. W. "Pop" Taylor, alumni secretary, disclosed plans for the occasion, which is to be the biggest of its kind in the history of the association.

Feature event of Alumni Day will be a dutch supper in the west end of the cafeteria for alumni and their families. The association will hold open house from four to six in Alumni House, its new quarters, which it occupied only a short while ago. Registration will go on all day in the lobby of the YMCA. The class of '98 will hold its golden anniversary and the class of '23 its silver anniversary, and there will be several class reunions. Officers and members of the executive committee and their wives will be in the receiving line for open house.

Will Make Test In Agriculture School

By HOYLE ADAMS

Merit rating of instructors is about to become a reality.

Fred Kendall, campus government president, announced today that student grading of instructors may be tried this term on an experimental basis. Some department in the School of Agriculture will probably be selected for this initial experiment. The Honor Committee in the Ag School will be in charge of handling the reports, which will be distributed to students in class early next week, if satisfactory trial samples can be prepared.

The questionnaires to be used have been drafted after intensive study by the campus government under the leadership of past-president Jennings Teal, and with the assistance of Dr. R. N. Anderson, director of student personnel and acting dean of the basic division. Forms used by other schools employing the merit rating system served as a guide, but many changes will probably be made in the future as the development of the idea continues.

Merit rating of instructors is actually only one phase of what may eventually become a complete and comprehensive faculty evaluation program. Other aspects of such a program might include ratings by the dean of the school, the department head, and departmental colleagues. Thus a well rounded picture of any one staff member would be presented, and an instructor who did not rate too highly with the students might still be of great value to the college in some other capacity, such as the fields of research or administration. In any event, the rating system is being developed primarily for the purpose of helping instructors improve themselves and strengthen their weak points, thereby increasing their value to themselves, to the college, and to the students.

It is possible that more than one type of questionnaire will be used in the first test in order to find that which is best suited to State College. Students and faculty members who have been working on the project for the past few months have explained that the process of finding the best form to use may be a lengthy one, involving considerable trial-and-error. They also emphasize that the success or failure of the plan depends largely upon the students, who must try to give their ratings in an impersonal and objective manner.

Plans for the establishment of the merit rating system have proceeded with the full approval of Chancellor Harrelson. Jim MacLachan, senior in engineering, has served as chairman of the committee. Among those students who have participated in the work are Jennings Teal, Sam Pope, Claude Kidd, Bruce Beaman, Milton Hobbs, and Bill Manning. Faculty members who have assisted are W. N. Hicks, F. W. Lancaster, T. C. Brown, J. R. Ludington, and E. W. Winkler.

Graduation Parade Held By ROTC Corps

The ROTC graduation parade was scheduled for today at 12:00 o'clock on Oak Field. The parade was to be in honor of the ROTC cadets who are graduating.

Following the parade Col. J. W. Harrelson will review the unit. The public was invited to witness the parade and review. Colonel Samuel A. Gibson has released the names of the graduating cadets. They are as follows:

Infantry

Risden Tyler Bennett, Jr., Bruce Head Cantrell, Samuel Evins Cooper, William Ingram Farmer, Gilbert Mitchell Farrior, Charles William Gallant, Jr., Needham Claudius Holden, Jr., Hurley Dalton King, Frank Lawrence Rapp, Herbert Hugh Smith, Norman Floyd Stein, Carroll Davis Strider, John Albert Sweat, Robert Thomas Wilkerson.

Signal Corps

William Julian Hord, Wade Cameron McLean, James Francis

Ritchie, Clarence Armour Smith, Jr., Edward Roland Venable, Richard Giles Westbrook, Jr., Joseph Franklin Tyndall.

Air

Henry Strange Addor, John William Allison, Junius Jackson Andrews, David Calmes Black, Carl Welch Ballard, James Clifton Boswell, Jay Walter Bliss, Jr., Lawrence Landrum Bridges, Willard Stanley Bull, Francis Joseph Clendenning, Carroll Martin Cloer, George Oliver Collins, David Leon Cook, Jack Wiley Crews, Richard Young Crews, John Frederick Dawson, Orin Henry Fagala, William Elliott Fayssoux, Olin Max Gordon, John David Goss, Roger Parke Hanahan, Lynn Macon Harton, Benjamin Middleton Ivey, Wallace Lee Krueger, John Laurence Leonard, Thomas Homer Lingle, Cecil Graham Livengood, Dorman Lowell Mercer, Jr., Letcher Wilton Monroe, Hazel Hughes Moore, William David Murdock, Waldo Idol Oeh-

Ten Initiated Into Theta Tau

Ten outstanding engineering students were initiated into Theta Tau, national professional engineering fraternity, at a formal ceremony at the YMCA May 19. Chosen for their character, scholarship, integrity, and their potentialities in the engineering field, the men, shown above, are: seated, left to right: Andrew George Demko, M.E., from Princeton, N. J.; Virgil Graham Mims, Jr., M.E., from Raleigh; Charles Mauck Rice, M.E., of Candler; Joseph Martin Lee, Jr., M.E., from Erwin; Alston Warren Stafford, Jr., Ch. E., of Asheville; James Marcus Yorke, E.E., of Fayetteville; standing: Seaton Norwood Richardson, C.E., of Norfolk, Va.; William Bonner Thompson, M.E., of Aurora; Richard David Dillender, Ceramic, of N. Augusta, S. C.; and Ray Jack Queen, C.E., of Morganton.

man, Jr., James Louis Osborne, Jr., William Ernest Riggs, William Edwin David Palmgren, William Cobb Robertson, Herman Andrew Thomas Ray, David Flake Reid, Jr., Sain, Bernard Fletcher Smith,

James Winston Strider, Robert Lacy Trotter, Jr., James Hunter Truitt, Robert Phillip Upchurch, Harvey Frederick Waller, Jr., Benjamin Alexander White, Peyton Park White.

THE ATLANTIC LIFE THOUGHT OF THE WEEK:

Pi Kappa Phi Wins Interfraternity Bridge

Lambda Chi Alpha's eighteenth annual Interfraternity Bridge Tournament was won this year for the second successive time by Pi Kappa Phi, represented by H. K. Jordan and R. M. Sandee. The winning team scored a total of 98 points. The tournament was held Tuesday night at the fraternity house on Hillcrest Road. Duplicate bridge was played, directed by Mr. A. B. Fairley of the Raleigh Bridge Association.

The names of the winning players will be engraved on a plaque which will be awarded to their fraternity. Last year the plaque was won by H. K. Jordan and E. F. Troy.

Guests were served refreshments of punch, cookies and mints. Arrangements were handled by Ed Schrum, Joe Mitchell, Tommy Faison, and Joe Coffield.

FRESHMAN WEEK—

(Continued from Page 1)

things in which the new men are interested, is to build up school spirit. This will be done in several ways. One big item on the freshman's list is always the fall football. A movie is to be shown of one of the State College games, and talks will be given by members of the varsity teams. A dance is planned for the freshmen with students from Saint Mary's, Meredith and Peace. This will be sponsored by the Campus Government and will be held in the gym. Visits are to be conducted through the interesting parts of the campus and the new students will be shown the things with which they will work while at State.

Registration will be held as usual at the end of the week. Friday night when the upperclassmen have begun to arrive there will be a Beat Duke pep rally and Saturday will boast the first big game of the football year. About 1100 men are expected for the Freshman Week activities and from 50 to 75 students will be needed to help with the program.

Marine Course Added To Morehead Curricula

Addition of a two-year marine technical course to the curricula of the Morehead City Technical Institute of State College was announced here today by Director Edward W. Ruggles of the College's Extension Division.

The new program of instruction will include training in navigation, naval architecture, marine biology, electricity, and small business practices. It will also consist of training in wood shop practice, a course in which a small boat will be designed and constructed.

Graduates of the new course will be prepared for employment in shipyards engaged in building small craft for the fishing industries as well as pleasure craft and will be equipped for work in the fishing trade and in the operation, maintenance, and design of boats used in coastal and inland waterway transportation.

General Courses

Director Ruggles said the Technical Institute, a functional branch of State College, will continue to maintain its one-year general technical course in addition to the new course.

The one-year period of instruction, which is already in operation, offers training in electrical work, radio, telephone maintenance, wood-working, metalworking, construction work, automotive engineering, Diesel engineering, heating, and other industries in which technical training is essential.

In commenting on the new type of training, Director Ruggles said: "Recent studies of industry's needs for technical men indicate that there is a demand for an average of five technicians for each pro-

fessional engineer employed and that normally most industries are under-staffed with technical workers. These facts mean employment opportunities for men with suitable technical training, with excellent opportunities for advancement."

Students Enter In Fall

Students will be admitted for training in the new course at the beginning of the fall term in September. Graduates will be awarded a certificate by State College and will be eligible for advanced training at the college in case they desire the additional work upon graduation.

Veterans of World War II eligible for the educational benefits may take the training under the provisions of the "GI Bill of Rights."

Students may obtain living quarters in a dormitory on the Institute's campus or in private rooming houses in Morehead City. The Institute also operates a dining hall for the benefit of its students and staff.

Located On Bogue Sound

The Institute is located on Bogue Sound, just west of Morehead City and Atlantic Beach. Extra-curricular activities include participation on the baseball and basketball teams and in water sports.

Director Ruggles also announced that a foundation, created by Joseph P. Knapp, a New York publisher, has donated \$20,000 to the Institute. Knapp, who is interested in the industrial development of the State and region, contributed the funds in recognition of the Institute's work in technical training.

Approximately \$10,000 of the Knapp fund is available for shop

New FFA Officers

Election of officers was the highlight of the year's last regular meeting of the FFA Chapter Thursday night.

W. H. Bowers was elected president; R. E. Wheless, vice-president; B. J. Nix, secretary; W. L. Bryant, treasurer; T. N. Stephens, reporter; E. A. Nylund, faculty adviser; R. C. Cates, student adviser; C. H. Thompson, watchdog; and O. W. Jackson, program chairman.

J. D. Carroll was elected editor of the FFA News Letter and H. J. Snider will act in the capacity of business manager. The new News Letter will be published quarterly next year giving the club news during each quarter.

C. I. Jones was elected chairman of the Agricultural Education booth at the State Fair. He will be assisted by O. W. Gabriel, Jr.

and laboratory equipment, and the remainder will be used to supplement State funds for the Institute's operation over a four-year period.

The Morehead City Technical Institute, which is operated by the Extension Division at State College under the auspices of the College's School of Engineering, will soon inaugurate a program of short courses for industrial representatives, Ruggles reported.

The short courses, he reported, will be concerned with training in welding, machine shop, industrial electricity, internal combustion engines, and related subjects.

Detailed information on the new course and application blanks for admission may be obtained free of charge by writing to Director Ruggles, Extension Division, N. C. State College, Raleigh.

'Child's Play'...

If all of the talks made at State College during the past school year were made available again for students to attend, the one most beneficial to the student body might be the one that was delivered by Mr. Albert Coates to about seventy-five campus leaders in the Grill Room of the Cafeteria last Thursday night.

Mr. Coates, who is head of the Institute of Government at Chapel Hill, delivered a most interesting and thought-provoking message, and made a proposal to student leaders of this campus that should not be turned down.

His proposal was to come to State College sometime during the week before school work starts next fall and at our convenience conduct a study course on parliamentary practices and procedures IF... the student leaders would obtain a copy of *Robert's Rules of Order* and study it during the summer. There is no question as to the benefit that could be derived from such a session, which in Mr. Coates' opinion would not necessarily last more than five or six hours. But there is a question as to whether the presidents or leaders of the student organizations are wide-awake enough to take advantage of the offer.

Mr. and Mrs. Coates are making a study of the history of Student Government at Carolina, and he revealed that it took many years for the students to build up the organization to the point that the students were allowed to govern themselves. Their Student Government constitution, as in most colleges, is made up of provisions similar to those contained in the Constitution of the United States, such as free speech, and freedom in handling all student matters without faculty participation. Our Campus Government went through similar ordeals, failures and successes to rise to the position it is today. In view of the lack of interest and support of our Campus Government by many students, a review of the early conditions at State might prove beneficial.

Perhaps the reason for this lack of interest in our Campus Government is that many con-

sider it as "child's play," as Mr. Coates phrased it. Those who consider it thus might have changed their minds had they heard Mr. Coates cite numerous examples of how student governments were consistently doing a better job than our city, county, and state government. And some of the situations that must be met by the student governments are equally as difficult as those authorities have to cope with.

Today, one of the loudest cries heard is to watch out for Communists. One statement made by Mr. Coates gives one of the best solutions offered to date: "To the extent we support our government, we lessen danger from other forms of government."

Some high schools in this State have student governments, and they are doing a fine job of it, too. A good step toward educating the people of this country into a "government by the people" would be to have student governments in all high schools. Surely, in time it would result in a greater per cent of the Americans voting, and consequently, more voice in governing themselves.

We need to develop more people into active participation "by evolution instead of revolution."

According To HOYLE...

Criticize With Care...

A very grave responsibility is about to be placed upon a selected group of State College students. These students will be entrusted with the honor of running the first trial test on our new merit rating of instructors.

Probable human error being what it is, some of the reports to be filled out by the students about their instructors will undoubtedly show differences of opinion. These variations, however, will not distort the true picture of the instructor because the bulk of the reports will show a consistent trend. But there are two major pitfalls which students must certainly avoid.

The first is the crime of indulgence. If it has been your opinion all term that your instructor is only mediocre, or falls far short of the ideal in many respects, then grade him accordingly. Do not say, in effect, that "maybe he wasn't such a bad guy after all, and besides, I'm going to get a pretty good grade." You must endeavor to be completely analytical.

The second (and worse) is the crime of vindictiveness. Do not try to "get back at him" by giving a certain instructor the worst possible score. Unless he really is that bad, your report will be decidedly in the minority. It will not hurt the professor, but it will hurt the merit rating system.

You are being given the opportunity to do a great service to yourselves, your fellow students, and those who come after you.

Be careful, be honest, be sure.

* * *

Recollections...

The close of a school year always brings back memories, some pleasant, others not-so-pleasant. And chief among our memories are the things we accomplished, and those at which we failed.

And saving the best for last, we extend a hasty farewell to our graduating seniors. Congratulations, and good luck!

OPEN FORUM

Dear Editor:

We of the Investigations Committee of the Campus Government wish to submit the following to the Student Body as our findings relative to the accounts of the incident at the State College versus Duke University baseball game which has been carried by your Sports Department in recent weeks.

After a thorough investigation by our Committee, which entailed the interviewing of all available witnesses and other persons who saw the incident, we find that the initial report which you published was in error in several respects. That report was your staff writer's impressions formed upon a knowledge of only a part of the facts and some conclusions drawn by him without complete information. In several ways, it was a case of non-factual reporting when the necessary facts were easily available; however, we do agree that the incident as it appeared might also have given the general public—to whom the facts were not easily available—the wrong impression. To say the least, for some it was an embarrassing situation and a poor example of the type of conduct which might be expected from the students of State College.

The findings of the Committee indicate that the Gate-keeper was well within his rights as an official representative of the College, and was only handling his job and responsibility in the way he saw fit. On the other hand, he might have found another means of carrying out his authority; however, had the student in question conducted himself in the manner as was becoming a gentleman, and had he respected the authority of the College in the person of the Gate-keeper, the entire situation would never have occurred.

Of course, it should be the aim of each student to avoid all unpleasant incidents that will cast reflections on the good name of State College. There sometime seems to be among the student body a tendency to disregard the authority that is placed in the Officials at our athletic events. After all, there is a certain amount of courtesy that should be given to these men who are in the employment of the college. We should, at all times, try to conduct ourselves, when on the campus as well as off the campus, so as to be a credit to our College. We must remember that we represent State College and, therefore, we should watch our step, especially in our associations with the general public.

In closing, we do not wish to give the impression that we condone the use of brute force and the causing of spectacles of disorder in public; but we would like to say that the Council of the Campus Government of State College stands fully behind the Gate-keeper in the carrying out of his duty and we believe that, under the existing circumstances, he did what he felt was required by the job which he undertook.

Yours very truly,
SAM W. POPE
For the Investigations
Committee

Dear Editor:

What is the "State of the College?" The *Technician* succinctly and ably summarized the campus situation in the last issue. As a Senior giving his Valedictory, I wish to re-emphasize two fundamental principles on which State College should improve (namely, honor and citizenship).

First, *Integrity*. In spite of the efforts of the Student Council, the honor system is still not effective here. Until this is changed, college reputation suffers. No educational institution can be respected in which grades can be and are fraudulently gained. Naturally this is due to the student body, and to the individuals themselves, in reflection of home or high school training. But if students are lacking in moral standards and learn no better by being here, the blame can be placed on the faculty and on certain student leaders for their "leave well enough alone" attitude and tacit approval. The college has good ratings for technical education in its various schools, but there must also be honor *within*.

Second, *Responsibility*. The real worth of a college is determined by two criteria (by its technical and social contributions to society) in enabling its graduates to think, to create, and to produce. Technically, State College is indisputably doing a good job, but its other contribution is a moot question. The Presidential Commission on Education emphasized in its report of last December that higher education "must be vested with public purpose." I include a quotation from this report: "Too often a man is 'educated' in that he has acquired competence in some particular occupation, yet falls short of that human wholeness and civic conscience which... citizenship requires... American colleges... must become the means by which every citizen... is enabled and en-

Entered as second-class matter, February 10, 1920
at the post office at Raleigh, North Carolina,
under the Act of March 3, 1879.

CAMPUS GOVERNMENT

The present Council held its last meeting for the year last Tuesday. Most of the time was spent in clearing the slate of all unfinished business.

One of the most important items cleared was the financing of the music system in the cafeteria. The system has been operated since March at the expense of the radio station, although they were not authorized to do so. In order to keep the station on the air, the Council guaranteed to pay the expenses until May 25, if all other sources failed. In order to keep the music on, Mr. Harry Stewart, manager of the cafeteria, offered the cafeteria as sponsor of the music from May 1, 1948 to the end of school. It will be the problem of the new Council after that. The present Council voted to pay the radio station for expenses from March to May.

Sample Rating of Teachers

The much publicized merit system of teachers will be given a trial next week. One department will be picked for the experiment. In this department questionnaires will be distributed to the students. These will then be collected and compiled. The results will be turned over to the head of the depart-

ment and most likely, an individual report will be given to each instructor.

Higher Publication Fee

A survey is to be made by the dormitory assistants to see if the student body is willing to have the publication fee raised one dollar. If the students favor the raise, the proposal will be referred to the administration and then on to the Trustees for final approval. The extra money is needed to add equipment to the radio station, finance the music in the cafeteria, and help publish the *State College Handbook*. The radio station is in a crucial predicament. They do not have sufficient equipment to have complete coverage of the campus. Since they don't have complete coverage, they can't get advertising. As a result they can't make the money to install the needed equipment. If the fee is raised, the improvements will be financed out of the increased revenue.

This wound up the business of the Council for this year, however the new Council has already begun laying out plans for next year. They are having meetings and making plans. From the start they've made, it seems as if they will be a very powerful group on the campus.

Textile Society Ends Successful Year

This year's meetings of the Tompkins Textile Society were brought to a close last night with the new officers of the organization presiding. Mr. John M. Caughman of Spartan Mills was the featured speaker.

Mr. Caughman is superintendent at the Spartanburg, S. C. plant and is well acquainted with the textile industry.

At a meeting of the Society two weeks ago Mr. Carl Harris, a graduate of State College Textile School, spoke. Mr. Harris was granted a degree in 1917 and is now a vice president of Erwin Cotton Mills. He spoke about the conditions that arise before graduating students, and on the subject of personal attributes.

Frank Williams, president of the society, contemplates a larger group attendance at future meetings. Tompkins Textile Society is an organization in which all textile students are members, and which promotes a closer relationship between industry and student.

BENJAMIN L. WHITTIER

Benjamin L. Whittier of Baltimore, Md., above, has been appointed by Dean Malcolm E. Campbell as head of the Department of Fabric Development and Construction in the School of Textiles, effective July 1. Whittier, who is now fabric development engineer with Mount Vernon-Woodberry Mills, Inc., in Baltimore, was educated in the public schools of Lowell, Mass., Williams College, Harvard University Business School, and the Lowell Textile Institute. He will occupy the Edgar and Emily Hesslein Fund Professorship, which was established at State College by Neuse-Hesslein, Inc., noted exporters of cotton goods and operators of several textile plants in the South.

Career Opportunities In Pilot Training

Immediate career opportunities in the challenging field of aeronautics are open to June graduates under the United States Air Force's expanding program of Aviation Cadet pilot training, it was pointed out today by Major James J. England Professor of Military Science and Tactics for air.

Men who want to fly still may qualify for the class which begins training on July 1, Major England pointed out, if their applications are put in immediately. The Air Force still has room for approximately 400 more Aviation Cadet candidates in the July class, in which 1,040 men are scheduled to begin training at three USAF bases in Texas. An additional 1,300 will start their instruction in October, with even larger classes scheduled for March, July and October of 1949.

Flying training with USAF is open to all unmarried male citizens between 20 and 26 1/2 years old. Applicants must have had a minimum of two years of college or be able to pass an equivalent educational examination, and must be in excellent physical condition.

OPEN FORUM—

(Continued from Page 4)

couraged to carry his education, formal and informal, as far as his native capacities permit." (*Time*, Dec. 29, 1947). Graduates who are technically trained but are socially irresponsible have even been called "useless or dangerous to society."

Overlooking other comments that could be made on the State of the College" ranging between the complimentary and the caustic (on such topics as: the excellent sports programs, the pitiful campus grounds split by railroad tracks, the YMCA, the fraternities, the dormitories, the Administration, the varying quality of teachers, Campus Government, college spirit in general, and the attitude of the students toward extra-curricular activities and worthy "charity drives"), I consider the principles of Integrity and Responsibility as being basic to all, in shaping a better State College. To future classes, I leave this thought: "What shall it profit a man if he gains the whole world, and loses his own soul."

Bill Rogers Elected President of Alumni

W. H. (Bill) Rogers, Jr., of Raleigh, assistant to the chairman of the State Highway and Public Works Commission, has been elected president of the General Alumni Association of State College, the Alumni Office reported here today.

Rogers, a 1916 graduate, was chosen in a mail election. He defeated Glenn M. Swicegood of Wilson and will succeed Edwin Pate of Laurinburg, who will complete a year of service as alumni president on June 11.

A native of Wake County, Rogers is a veteran of World War I, having served as a lieutenant in the 81st Division. Prior to the war, he was connected with the Alabama Power Company and the Southern Railway System.

Municipal Engineer

Since his discharge from the Army in 1919, Rogers has served as municipal engineer for Tarboro, chief of a drainage project in Hyde County, resident engineer of Pitt County, district engineer and assistant division engineer of the State Highway and Public Works Commission, and is now assistant to the chairman of the commission.

He resides at 216 East Park Drive in Raleigh.

Henry A. Kendall of Raleigh, chairman of the State Employment Security Commission, was elected first vice president of the association. He defeated Lawrence S. Rankin of Gastonia.

M. A. Morgan of Smithfield won the position as second vice president in a contest with C. A. Ridenhour of Concord.

Five Men Elected

Five men were elected as members of the Association's Executive Committee. They are John H. Bonitz of Greensboro, Neill M. Dalrymple of Fieldale, Va., O. Max Gardner, Jr., of Shelby, Van S. Watson of Rocky Mount, and Lloyd T. Weeks of Raleigh.

The new committee members defeated W. E. Cooper of Richmond, Va., J. Bart Fearing of Windsor, F. D. Jerome of Pittsboro, R. P. Reece of Winston-Salem, and Zeb B. Robinson of Asheville.

C. H. Warren of Raleigh was chosen to fill the late R. V. Terry's unexpired term on the Executive Committee. He won the post in a race with B. F. Norris, Jr., of Gastonia.

The Rev. Rufus J. Womble of Richmond, Va., defeated David Clark of Charlotte for alumni representative to the College's Athletic Council.

Announcement of the election results was made by H. W. Taylor, executive director of the College's General Alumni Association.

Remodeled Radio Station

Student Radio Station Has Been Completely Remodeled

State College's student radio station, WVWP, which has maintained a strict ban against hill-billy music and singing commercials during its four years of operation, has been completely remodeled and has added another room to its studios, the station's management announced.

In addition to the new room, the station has installed two double plate glass windows and is now working on the addition of a new transmitter to improve reception in the western section of the college campus.

The transmitter will probably be installed before the beginning of the fall term in September.

WVWP has a staff of around 35 students, all of whom handle the radio's operation and management as an extra-curricular endeavor. A regular weekly schedule, including a wide range of radio entertainment, is now being followed.

The student radio men get training in the technical phases of radio,

in business management, and in production, including announcing, script writing, and related fields.

The schedule of productions include sports programs, student forums, musical request programs, concerts which feature the world's great musical compositions, official college and student announcements.

The station operates from 5 p.m. until midnight each day, Monday through Friday.

Officials of the station are T. Bryant Williams, station manager. Other officers are Tom Melton, business manager; John O. Dayvault, Jr., chief engineer; and Beryl L. Heffner, production manager.

The radio station is located in Owen Hall, next to the D. H. Hill Library, and is supervised by the Publications Board.

LOST: K & E Slide Rule in the library. Will the finder please contact me for substantial reward. Don Whalley, Tel. 5940.

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger Nail Test

THIS IS no "yoke", son. If people have been calling you egg-head because your hair looks soft-boiled, here's eggs-actly what to do. Get busy with popular Wildroot Cream-Oil hair tonic. It grooms your hair neatly and naturally without that goopy look. Relieves annoying dryness and removes loose, ugly dandruff. Helps you pass the Fingernail Test! Wildroot Cream-Oil is non-alcoholic . . . contains soothing Lanolin. Get a tube or bottle of Wildroot Cream-Oil at any drug or toilet goods counter today. Always ask your barber for a professional application. (Better be hard-boiled with your roommate—keep egging him to get some Wildroot Cream-Oil of his own. It's tops for keeping your sunny side up!)

S.A.M. Elects Officers

The Society for the Advancement of Management elected its officers for next year at its business meeting held May 19, 1948 in the Y.M.C.A. The men elected are members of the Industrial Engineering and Textile Management Curricula. New officers include Harold Holcombe, Pres.; W. J. Halliday, Jr., Vice-Pres.; A. A. Stulce, Sec.; and H. T. Whitley, Treas.

For its last meeting of the school year held May 26, 1948 in the Y.M.C.A., the Society had as its guest speaker, Mr. A. F. Holmes of Fieldcrest Mills. S.A.M. was pleased to have as visitors members of the Textile Management and Industrial Engineering Departments. Mr. Holmes discussed problems of the textile industry which were of interest to both Textile Management and Industrial Engineering Students.

A.S.H.V.E.

ASHVE will meet at 6:15 in room 113 Page Hall, Tuesday, June 1. Prof. Hanson will speak and Prof. Vaughan will present the new officers. All persons interested in the heating and air conditioning option are urged to attend. This is the final meeting this term.

General Engineers Enjoy Picnic

The General Engineers Society held its initial weiner roast at Greshams Lake Saturday afternoon and night. The weiner roast was followed by a general bull session which carried on into the wee hours of the night.

At a recent meeting officers for next year were elected. They are: John Deal, president; George Rhyne, vice-president; C. F. Campen, Secretary and Treasurer; C. A. Watson, Reporter. The representatives to the Engineers Council for 1948-49 are: John Deal and C. A.

Watson with R. A. Brown acting as alternate.

The General Engineers Society was reactivated this year largely through the efforts of W. L. May and Bob McNeill.

New Architecture, Landscape School Installed Monday

Prof. Kamphoefner Arrives On Campus

The new School of Architecture and Landscape Design was formally installed at State College Monday.

Prof. Henry L. Kamphoefner, former faculty member at the University of Oklahoma, arrived on the campus last week and has assumed his duties as the first dean of the new school.

He has opened an office in Daniels Hall and is currently making plans for the next academic term. He is also making final arrangements to secure additional personnel for the school.

Dean Kamphoefner, a former associate architect and designer with the Resettlement Administration in Washington, was educated at the University of Illinois, Columbia University, and the Beaux Arts Institute of Design.

A native of Des Moines, Iowa, Dean Kamphoefner was appointed as State College's first dean of architecture last January after a faculty committee, headed by Dean Malcolm E. Campbell, had recommended him for the post. He was also highly recommended by eminent architects and educators throughout the country.

Funds for the creation of the new school were appropriated by the 1947 General Assembly, and authorization for the establishment of the school was made by the board of trustees of the Greater University.

Previously, the college has provided architectural training in a Department of Landscape Architecture in the School of Agriculture and in a Department of Architectural Engineering in the School of Engineering. These departments will be incorporated into the new school.

Scabbard And Blade Holds Initiation

On Wednesday, May 5, a formal tapping ceremony was held on Doak Field by the local chapter of Scabbard and Blade, national honorary military society. At that time twelve outstanding ROTC students were honored by being extended invitations to join G Company of third Regiment of Scabbard and Blade. These potential military leaders are:

Kendall Younger, Burlington; Preston Andrews, Charlotte; John Collie, Goldsboro; Gene Tatum, Norfolk, Va.; Ted Williamson, Greensboro; Scott Stidham, Jonesboro, Ark.; H. C. Marshall, Jr., Rose Hill; Pete McDowell, Goldsboro; Johnny Sweat, Raleigh; Robert Wilkerson, Raleigh; John Leonard, Raleigh; Carol Strider, East Flat Rock.

On Friday, May 21, after serving a two week's pledgeship these men were formally initiated as members of Scabbard and Blade, which brings the local chapter to an optimum operating size of 33 active members.

Military Dept. Completes Successful Year

As graduation time draws near, the State College Military Department may look forward with gratification to the completion of one of its most successful years. The fall term marked the advent of three new branch units at the college: Quartermaster, Ordnance, and Engineers. Commanded by Maj. L. M. Kane, Capt. J. R. F. Bond, and Capt. Henry Romanek, respectively, these units were coordinated with the Infantry, Signal Corps, and Air Corps branches already present to form the well-knit organization comprising the R.O.T.C. Regiment. At the beginning of the winter term, Maj. E. B. Shimes retired as head of the elementary division to accept a position with the Athletic Department of the college and was succeeded by Lt. Col. J. H. Still, who has done a commendable job of indoctrinating the basic students in the rudiments of drill, military courtesy, and tactical warfare. The Signal Corps

unit has been of necessity small since only students in electrical engineering are accepted for training, but its members, under the supervision of Lt. Col. J. G. Nelson, have received a thorough course in familiarization with signal equipment and with the duties of a Signal Corps officer. The Air Corps offered (for the first time) this year a choice of training for ground officers between aircraft maintenance and communications. This unit, commanded by Maj. J. J. England, has an enrollment second only to the infantry, whose senior unit is in charge of Maj. W. J. D. Vaughn.

Taken as a whole, the State College R.O.T.C. organization; under Lt. Col. E. A. Dees, Ex. Off., has performed admirably its function of supplying reserve officers who are technically trained to meet the exigencies of modern warfare. Last year the unit received the grade of "Excellent" at annual inspection, and it is believed that it will receive the same high rating this year.

Y Climaxes Activities With Banquet, Review

More than sixty-five members and guests of the YMCA attended a banquet last night in the Grill Room which was the climax of the 1947-48 college year and a kick-off for the coming year. Worth Stinson, incoming president, was toastmaster of the event which closed out an active year for the Y. Paul Derring, General Secretary of the YMCA at V.P.I., was principal speaker of the evening.

During the past year the Y undertook many major activities in addition to its regular service features. It undertook, and completed, the construction of a west campus branch Y in Verville. It helped sponsor Religion in Life Week and a World Student Service Fund drive on the campus. In addition to this, the Y was co-sponsor in the drive for needy children at Christmas. Of course, the Y continued to sponsor coffee hour during exams and to send delegations to WC and ECTC.

One of the Y's biggest undertakings was Y-nite, held March 5, which was one of the most-applauded events of the year. Other Y social events included the WSSF dance and a party for a delegation from WC. The Y also sponsored a pep rally before the Chatanooga game and a series of messages on love, courtship and marriage by Dr. Mildred I. Morgan. Another speaker brought to State College by the Y was the Right Honorable V. F. Yates, member of British Parliament. Two Bible study courses, led by prominent churchmen, were offered to the student body. Important too were the delegates from the State Y who attended the Conference on Christian Frontiers at Lawrence, Kansas, Dec. 27-Jan. 1. The Y will be represented by a much larger delegation next month at the annual Blue Ridge Conference.

The Y's work with and for freshmen was most outstanding. It sponsored a pre-college retreat for a selected group of freshmen and assisted the administration with Freshman Orientation Week. Then too, the Y had a program throughout the year for freshmen carried out by the Freshmen Fellowship. Not unworthy of mention are the Y's many service features—the game room, telegraph and telephone service on the campus, the barber shop, the State College Handbook, and meeting rooms for all organizations, to mention a few.

Have you made up your mind on what you'll do when you graduate this June? If not, consider the opportunity available to you in the Aviation Cadets.

Few jobs anywhere can match this offer. When you win your wings and a Second Lieutenant's commission, you're paid as high as \$336 per month to start. The training you get before and after you're commissioned is recognized as the world's finest—and it equips you for a well-paid lifetime career in military or commercial aviation.

You're eligible for appointment to the Cadets if you're single, between 20 and 26½ years old, and have completed at least one-half the require-

ments for a degree from an accredited college or university (or pass an equivalent examination).

Talk the program over with men in your class who have been Aviation Cadets. And for full details, ask at your nearest U. S. Army and U. S. Air Force Recruiting Station. Why not drop in today and discuss it?

U. S. Army and U. S. Air Force Recruiting Service

SPORTING AROUND

With Bill Haas

Well, the final roundup of Sports is at hand, with a bagful of past performances and no space for it all. That happy smile you see on our faces is caused by this final issue of THE TECHNICIAN. Now we can put the baby to bed for the summer. Be back this Fall with more, tho.

The sporting scene has been full of pleasant surprises, upsets, heart-breaks, and record breakings this year.

From the starting performance on the gridiron last September when the Dukes slipped the Wolfpack a surprise whipping until that final Baseball game with the Phantoms Wednesday, State College teams have been making local and national history.

Depending on your choice of sports, the biggest letdown this year was Tackle Allen's interception of a State pass and the lone touchdown of the afternoon when Duke downed the scrapping 'Pack. Or maybe you felt worse when DePaul came from behind in the stretch to eliminate State's championship Hardwooders in the NIT in The Garden.

Certainly the biggest surprise came when the ailing footballers came back from the 41-6 drubbing from Carolina to beat favored Wake Forest 20-0 on a rain soaked field, and then went on to whip Virginia and hold Maryland to a scoreless tie.

While Coach Feather's men were winning five of nine games and tying one, the unsung heroes in the line were chalking up one of the best defensive records in the nation.

In this pack of tough defensive men was End Al Phillips, who made the AP All-American Honorable Mention.

Coach Case floored his famous freshman quintet, now sophomore quintet, and walked away with second place scoring honors in the country. Then the flashy Wolfpack went on to add their second consecutive Southern Conference crown, without the services of the star scorer, Dick Dickey. It was inevitable that the basketballers would receive an invitation to the garden in New York for the second season in a row. This time it was to the NIT. The team felt the loss of Dickey in the meeting with DePaul, and didn't have the scoring punch to knock out the Chicagoans. With the same team back next season, minus most able Leo Katkavek, we are hoping for that cup from New York to be resting safely in the State camp next spring.

Evidence that the State College basketball team is in the national eye was the featuring of the team in two nationally circulated magazines, Collier's and Basketball Illustrated.

The three Bills on Coach Casey's swimming team continued their winning ways this season. Bill Ward and Bill Kelly lowered their own records in the pool, and Bill Despres swam his way to a national championship. The Wolfpack natators lost only one dual meet, to the Carolina Phantoms.

On the baseball front, State had some of the toughest luck of any of the 'Pack clubs. Coach Sorrell's men landed in every spot in the Big-Four race, finally ending up in the cellar. Starting the season lacking in the hitting department, the 'Packers soon found their eye, with Jack McComas leading the way, and moved up the ladder to first place in the Big-4 league. Losing several extra-inning affairs took the heart out of the swatters, and State started sluffing off toward the cellar. At this writing we have no final season batting averages, but it would be safe to say that McComas is near the top in all time State College batting.

The minor sports come in for their share of praise for the work they did this season. Although none of the "out of the limelight" clubs posted any national eyebrow-lifting records, they all came through with better than average teams.

Coach Tom Hines led a classy bunch of trackmen to fourth spot in the Southern Conference meet. Charlie Chambers took individual scoring

(Continued on Page 12)

3rd Becton Cops Dormitory Track Title

By HERB BRENNER

The 3rd Becton Track aggregation took four first places and went on to roll up 23 points and take the 1948 crown in the Dormitory Track Meet staged last Tuesday afternoon on the State cinder path.

Moore, Thames, Woodward, Lead Winners

More, taking first in the 100 yard sprint with a time of 10.6 seconds, Thames, winning the 440 yard dash with 55.7, and Woodward coping the 1/4 Mile Run in 3:47.4, lead the potent 3rd Becton team to the victory. In addition to these three wins, the Becton lads won the relay with a timing of 45.9 seconds.

Harris, Cahoon Break Record

Harris of Trailwood and Cahoon of 2nd Turlington broke last year's High Jump record with a jump of 5 feet-8 inches. Last year's height was 5 feet-5 inches. This was the only event in which a new record was set over last year.

2nd Turlington Places 2nd

The Trackmen from 2nd Turlington, lead by Griffin, Cahoon, and Smith placed second in the meet with 21 points. They were followed by 1st Becton with 11 1/4 points, and 3rd Bagwell with 9 points.

Dormitory Results

1/4 Mile Run—Woodard, 3rd Bect. 1st; Rhyne 1st Bect, 2nd; Amburn, 3rd Syme, 3rd; Parker, 2nd Turlington, 4th; Time 3:47.4.

100 Yard Dash—Moore, 3rd Bect. 1st; Blackwelder, 1st Alex, 2nd; Gailey, Trail, 3rd; Plum, 3rd Bect. 4th; Time 10.6 sec.

440 Yard Dash—Thames, 3rd Bect. 1st; Smith, 2nd Turl. 2nd; Cheatham, 3rd Syme, 3rd; Oliver, 2nd Turling. 4th; Time 55.7 sec.

Shot Put—Griffin, 2nd Turl. 1st; Vernon, 1st Bect. 2nd; Foraker, 1st Alex, 3rd; Burnett, Verville, 4th; Distance 37 feet-4 1/4 inches.

Discus—Bullard, Verville, 1st; Harris, Trail, 2nd; Brown, 3rd Bag. 3rd; Vernon, 1st Bect. 4th; Distance 116 feet-1 inch.

Broad Jump—Cahoon, 2nd Turl. 1st; Mitchell, 3rd Bag. and Hefler, 1st Bect. 2nd (Tie); Cress, 1st Bect. 4th; Distance 20 feet-2 1/4 inches.

High Jump—Harris, Trail. Cahoon, 2nd Turl. 1st (Tie); Austin, 1st Alex, Robinson, Verville, Henderson, 3rd Syme, Mac Neil, 1st Becton, (Tie 3rd and 4th)

Relay—3rd Becton 1st; 3rd Bag, 2nd; 1st Alex, 3rd; 2nd Turlington, 4th; Time 45.9 sec.

Jayvee Baseball Squad Wins 4, Loses 5

Softball Stars Named

By HERB BRENNER

The men whose names are listed below have been chosen as members of the 1948 All-Mythical Softball teams. The men were selected by the Intramural referees.

The PIKAS had the only team to place more than one man on the All-Campus team. They had two members, Bridger, chosen as pitcher and who turned in one of the most glorifying seasons on the mound, and Lampke, who was chosen as catcher. It is probably the first time in a long while that the batteries from one team have been chosen as members of the All-Campus team.

All-Campus

1st Base Hepler, 1st Bect.
2nd Base Gold, SAM
S.S. Moffatt, Sig Chi.
3rd Base Gay, Trailwood
L. Field Curtis, AGR
C. Field Smith, 2nd Turlington
R. Field J. Watts, 1st Becton
Catcher Lampke, PKA
Pitcher Bridger, PKA
Utility Man Robinson, Verville

All-Dorm

1st Base Hepler, 1st Bect
2nd Base Radford, 1st Syme

Ramsey, Former Star, Coaches "B" Team

The State College Jayvee Baseball Team, coached by Curt Ramsey, has won four games this spring while dropping five. The Baby Wolfpack defeated Duke University's B Team twice, Campbell College, and the Jayvee Team of the University of North Carolina. The losses came at the hands of Carolina, Campbell College, and a double loss to Duke's B Team.

Many of the games that the Jayvees participated in were characterized by good pitching. The win

S.S. Oliver, 2nd Turlington
3rd Base Gay, Trailwood
L. Field J. Watts, 1st Becton
R. Field Privette, 2nd Bect.
C. Field Smith, 2nd Turlington
Catcher Siler, Verville
Pitcher Robinson, Verville

All-Fraternity

1st Base Boger, SPE
2nd Base Gold, SAM
S.S. Moffatt, Sig Chi
3rd Base Hodul, TKE
L. Field Curtis, AGR
C. Field Williams, Sig Pi
R. Field Vaughn, SPE
Catcher Lampke, PKA
Pitcher Bridger, PKA

over Carolina was by the score of 3-2, the victory over Campbell College was by the score of 4-3, a win over Duke by the score of 6-4 and a loss to Duke by the score of 5-3.

The leading pitchers for the 1948 season have been Hal Owens, "Murray" Dickson, and Charlie Wilson who have the Baby Wolfpack's victories distributed among them. Owens, a Senior, is graduating this year but Dickson, a Junior, has another year of eligibility and is being depended on by Coach Vic Sorrell for next years varsity ball club. Wilson, a Freshman, has shown great promise and will be relied on in the coming seasons.

The leading hitter for this year's Jayvee Team has been Buck Livingston, a second baseman, will probably move to the varsity next year and take the place of graduating Leo Katkavek. Following Livingston in batting are Ted Fix and Frank Payne, who have belted the ball at a healthy clip this season.

As for the men who will make good prospects for next year's varsity squad, Coach Ramsey had favorable comments about many of the players. Buck Livingston, second base; Dickson, pitcher; Musack, shortstop.

Mural Spotlight On . . .

HERB'S HECKLINGS

By HERB BRENNER

I am at quite a loss for words in writing this final column for the current year, for there is so much to be said in such a short space. First of all, I would like to thank you, the students, who participated in Intramural Sports this past year, for all the fine contests you played. Without you there would be no Intramurals to write about. You have closed one of the finest seasons in Intramurals ever held at State College. There were many winners . . . and likewise, there were many losers, but each shared in a greater victory . . . "sportsmanship." This word can never be overemphasized in sports; for without it all the glory of playing, losing, and winning would only be a passing phase.

I hope that you who participated in all the contests have benefited greatly in all the friends you have made within your own teams and by meeting with other teams. I know that it will be a lot of satisfaction to you to know that you have written a great chapter in the history of Intramurals at this institution.

THANKS, TO THE RANKS

Going down the ranks, I would like to express my sincerest thanks to Mr. Miller, Intramural Sports Director for all his time in helping to give me the information to cover all the contests; and to his fine staff, I can only say that everything you have done in refereeing our games, in selecting our all mythical teams, is more than greatly appreciated.

The Intramural Department has worked hard to plan and execute

the schedules, and from their efforts there has emerged a lot of personal satisfaction for a "job well done."

TO GEORGE AND MAC . . .

To George Harrell and Mac McDuffie, the two Sports Editors under whom I have worked go a great big "THANKS." These two sport figures have guided me on the right path in trying to cover the Intramural scene each week. They have criticized the good and bad points in this weekly coverage, and with all of their constructive ideas, I hope this column hasn't been too bad.

TO DICK . . .

To the wheel of the Technician, Dick Fowler, I wish to say that I have more than enjoyed working with him in bringing this paper to you each week. Most of you realize all the hard labor that goes in the making of a paper, and Richard has certainly done a fine job. Thanks, Dick, for all your suggestions and for being associated with your staff.

THE END

And, no, once again I want to say Thanks to all of the student body for all their interest in Intramurals, and only hope that next year, the interest and games will be as keen and good as this past season. With a word of good wishes to each of you, I now close this Intramural Book, and until we meet again" where the Winds of Dixie Softly Blow," I say "so long."

LOST: An Army Officers Raincoat—Dark green, with hood, left in Barracks B-17A—Please bring it to Technician office for reward. J. T. Suttles.

Mural Medal Winners Revealed by Miller

By HERB BRENNER

With the closing of the 1947-48 Intramural Season, Mr. Johnny Miller, Intramural Sports Director has announced the winners of medals for the past school year. The winners of the Trophy Cups have not as yet been published since the finals in Softball have not been completed. The list of Trophy winners is due to be posted on the door of the Gym on June 1st.

The medal winners are:

TOUCH FOOTBALL

Bridger, PKA; Umberger, Berry; Kellogg, Off-Campus; Hoffman, Sig. Pi; Muth, Vetville; Holloman, PKA; Evans, Sig. Chi; Mussick, 3rd Bagwell; Foreman, SPE; Frazier, 1st Becton.

BASKETBALL

Oliver, 2nd Burlington; A. Mackie, AGR; Bridger, PKA; Hobbs, SPE; Wheeler, 2nd Becton; Winstead, 1st Becton.

VOLLEYBALL

Boger, SPE; Mackie, AGR; Miller, PKA; Neal, PKA; Capper, S. Watauga; Winstead, 1st Becton; Muth, Vetville.

WRESTLING CHAMPS

Frat	Dorm
Truitt, Sig. Chi	Prongay, 3rd Bag.
Kendall, Pi Kap Phi	Savage, 3rd Bag.
Ross, PKA	McCall, 3rd Bect.
Hudson, TKE	Wilfong, 3rd Bect.
Dalton, KA	Teague, S. Watauga
Smart, PKA	Devant, Gold
Batson, PKA	Cope, 2nd Bag.
Waters, KA	Homewood, Off-Campus

BOXING CHAMPS

Frat	Dorm
Stout, Sig. Chi	O'Neal, 3rd Bect.
Brown, KA	Tooley, 3rd Syme
Taylor, Sig. Chi	Sanborn, 2nd Bect.

Dalton, KA	
Miller, PKA	
Wingfield, PKA	

SOFTBALL

Hepler, 1st Bect.; Gold, SAM; Moffatt, Sig. Chi; Gay, Trailwood; Curtis, AGR; Smith, 2nd Burlington; J. Watts, 1st Bect.; Lampe, PKA; Bridger, PKA; Robinson, Vetville.

FOR SALE: Tractor, Room and Porch for sale, completely furnished, Lot 141, Trailwood.

Chambers Receives Trophy

Byler, Currin Named Co-Captains For 1949

Charles "Chuck" Chambers, rising senior from Daytona Beach, Fla., was awarded a trophy by the Wolfpack track team as being the most outstanding performer on the 1948 State cinder team. The trophy was presented at a banquet for the tracksters at Teel's Supper Club last Friday night and marked the second straight year that the award went to Chambers.

The fleet-footed Chambers excelled in five track events during the past season for the State cindermen and won scoring honors in the annual Southern Conference track meet at Chapel Hill two weeks ago. Leading the way for the highest number of points, 31, ever garnered by a State team in the meet, Chambers chalked up 14 markers, winning the 220-yard low hurdles and the 100-yard dash and taking second in the 220-yard run.

During the season just completed, in which Coach Tom Hines crew won four dual meets and lost two, Chambers scored a total of 89 points to waltz away with the

crown, participating in the 100-yard dash, 120-yard high hurdles, 220-yard low hurdles, 220-yard run, and the 440-yard run.

It was also announced at the banquet that Jim Byler, rising junior from Chicago, Ill., and Bob Currin, rising senior from Littleton, N. C., had been named to co-captain the Wolfpack cinder team next year. Byler has been a standout performer with the shot-put all year and thrice has shattered the State track record in that event, his latest mark standing at 49 feet, 9 1/2 inches. Currin has been a dependable sprint man all year and shows promise of developing into a top-notch dash man and broad jumper next season.

Swimming Coach and Assistant Track Coach Willis Casey served as master of ceremonies and Currin and distance runner Dave Dubow made short but interesting repartees.

In addition to the fine showing the team made in the conference meet, the Wolfpack handed the Blue Devils of Duke a 66-60 defeat, the first time in over 15 years that a State cinder squad had won over Duke.

PiKAs Edge SPEs For Frat Track Crown

By HERB BRENNER

A strong PIKA cinder squad amassed 23 points in the Annual Fraternity Track Meet last Tuesday to cop first place honors. They were followed by the SPE's who had 18 points to their credit. In third place was Sigma Chi and in fourth the KA's.

Sanford, who broke two of last year's record, was the main feature of the Pi Kappa Alpha track team. He finished first in the 440 yard dash with a timing of 53.9 seconds

to break Dalton's time of last year which was 57.7 seconds. He also high jumped 5 feet-8 inches, to go one inch over Dennison's height of last year. All total, the PIKAs placed first in three of the eight events.

Other Records

Evans, Sigma Chi speedster, broke the 100 yard dash record with a 10.4 time. Fleming's time last year was 10.7. Evans also broad jumped 20 feet-6 1/4 inches to cop the title from last years Barksdale (TKE) who hit the 20 feet-3 1/2 inch mark. Ryman, Lambda Chi Shot Puter heaved the shot 46 feet-2 inches to take the crown away from Salzman, of SAM whose distance last year was 46 feet- 3/4 inches.

Wolfpack Diamond Team Lands in Big 4 Cellar

SAM Wins Frat Softball Crown

By HERB BRENNER

Sigma Alpha Mu's spirit packed diamond team, led by All-Campus shortstop Gene Gold, defeated Sigma Pi 3-1 last Wednesday to take the championship in the fraternity softball race.

Hard Way Up

The Sammies working the hard way up the ladder, had a 4-1 record for the season in their Division. This same total was shared by the PIKAs and the SPE's. When eliminations rolled around, they whipped the strong PKA nine, who had licked the SPE's and then marched on to take over the Sigma Chi's, who had won in their Division bracket. This put them in the spotlight with the Sigma Pi's.

In the game with the Sigma Pi's last Wednesday, Al Hausman pitched one of the finest brands of ball in his intramural career. He was well aided in defensive play by versatile Gene Gold who handled the duties between second and third and

also by Al Geist, Jayvee Basketball, who took care of the Hot Spot for the winners.

PKA Contest

In the elimination contest with the PIKAs, the Sammies had to fight from behind to win by a close 7-6 score. This was the second time this season that the strong SAM nine had whipped the Pi Kappe Alpha lads.

Sigma Chi Game

In the continued march for the crown, Hausman held a Sigma Chi outfit scoreless and allowed only four hits, as the "To-Be Champs" nosed a victory by a 2-0 score. Olanoff and Goldman brought across the two winning runs.

And on to the final contest, Gold, Goldman, and Gale were the three diamondmen who brought across the three SAM tallies. Throughout the game, the winners displayed a great defensive brand of ball. Geist's throwing arm from third to first was most amazing, and Hausman's slow but sure pitched balls were always on the spot. Tolkoff, Goldman, and Rosenthal's superb fielding on flys and the long throws in the Sammy wins. Freehof at first was the man who stopped the Sigma Alpha Mu opponents from going further.

Sigma Pi's

The lone loser's tally was made by LeGrand who came in from third on a long fly ball. The losing pitcher for the well played Sigma Pi nine was Morrow, and the entire Sigma Pi squad played a good brand of ball in a close game that was packed with plenty of spirit and determination.

Carolina Knocks Out 7-1 Win In Final Game

By BILL HAAS

Wake Forest's star hurler, Harry Nicholas, lived up to the propaganda spread in these quarters when he blanked the Wolfpack diamond team on the 19th 1-0.

Nicholas gave up only three hits to the 'Pack swatters, with Evans, Katkavek, and Cheek picking up the safeties.

The loss to the Deacs dropped State even deeper into the cellar spot, with a 4 win 7 loss record.

Second sacker Charlie Teague scored the lone tally of the afternoon after he hit out a double and was sent home by a double off the bat of Livick, with two men away in the third.

Willie Evans and Don Cheek shone in the outfield for the 'Pack as they both took difficult plays to put out Deac batters.

Ernie Johnson worked the full route on the mound, giving up eight safeties to the Wake Forest men. Johnson was aided in his pitching by near perfect fielding by the 'Pack. Only one error was committed by the team.

Carolina Scores Win

In the final Big-4 game of the season, the Southern Conference and Big-4 League Champs from Chapel Hill slammed out 16 hits against three State pitchers to win 7-1.

Ernie Johnson started on the mound for State and let seven hits in 2½ innings. Five runs scored off Johnson before Holding relieved him in the third.

Tootsie allowed nine more safeties in 6½ innings. Two runs scored off Holding.

Bob Edwards came in in the ninth

Chambers to Try for Olympic Team

Chuck Joins Despres In Try For Honors

Charlie Chambers of Daytona Beach, Fla. and Co-Capt. of this year's Wolfpack track team, was approved this week by the executive committee of the Athletic Council to participate in the national Olympic try-outs. Thus Chambers becomes the second State athlete to blaze away for the coveted honor.

Bill Despres, Captain of the Wolfpack swimming team this past winter, has been drilling for the swimming try-outs since he captured the National Junior 300-yd Individual Championship several months ago.

Chambers will carry the State colors in the NCAA Track and Field Events Championship meet, to be held at the University of Minnesota on June 18 and 19, competing in the 400-meter low hurdles. If he makes a creditable showing there, he will then compete in the final Olympic try-outs at North-

to help Holding out of a spot and retired the Carolina men.

In the fielding game, State did better than at the mound, giving up only two errors, with the Phantoms making one mistake.

Coach Sorrell's crew wound up diamond activities for the season with a game in Asheboro with the McCrary Eagles.

western University, Evanston, Ill., on July 8 and 9. To the winner of the first, second, and third places in each event in this meet, will go the honor of carrying the colors for the United States in London.

Starring for the past three years for the State team, Chambers has emerged as the scoring champ each year and won individual scoring honors in the Southern Conference meet at Chapel Hill two weeks ago.

Despres will try his hand in the swimming try-outs in Detroit, Mich. on July 8, 9, and 10. Holder of the 150-yd and 440-yd Carolina AAU Titles, Despres is regarded as one of the finest swimmers in the South. He also placed third in the Eastern Intercollegiate meet at Harvard University during the winter.

Engineering Teachers

Teachers in the School of Engineering are requested to meet with Dean Lampe on Thursday, June 3 at 4:00 p.m. in the auditorium of the YMCA. All teachers are expected to attend as the meeting is of an important nature.

Letters to the Editor

Dear Editor:

Through you and your newspaper, let me convey my congratulations to the 1948 Graduating Class of State College and wish for its members success and happiness as they leave this distinguished North Carolina educational institution.

I would express the hope that many of them will remain here with us in North Carolina, lending this Commonwealth their talents and moving along with the great tide of progress which pervades our region.

With kind regards, I am

Cordially yours,
R. GREGG CHERRY.

Dear Editor:

A number of students at State College have recently inquired about my stand regarding the early completion of the coliseum on your campus. I wish to advise that I stated two or three months ago, and have repeated several times since, that I favor the early completion of this much needed building on your campus. It is my opinion that the coliseum would serve many useful purposes, such as the accommodation of athletic events, farmers' meetings and exhibitions, and general assembly meetings. This building will also be a great asset to the City of Raleigh where meetings could be held requiring large seating accommodations.

I want to also take this opportunity to advise that I feel that the work of the Agricultural Extension Service is most helpful to the farmers of North Carolina and should be expected. County Agents and Home Demonstration Agents are almost indispensable to the rural life of North Carolina. They have made an enviable reputation for themselves in the rural life of the State and they will have my hearty support.

With kindest regards, I am

Sincerely yours,
CHARLES M. JOHNSON.

SPORTING AROUND

(Continued from Page)

honors in nearly every meet of the season with his dashes.

On the Tennis courts, State had a fair representation, running about even on the win-loss record. Returning lettermen should boost Coach Seeger's squad up a notch in the sports popularity poll next year.

Coached by a student, the State golfers walked away with third place honors in the Southern Conference. Coach Charlie Tripp deserves a hand for the showing his team made this year. Hope to see Brackett, Turnbull, and Gibson on the course next season.

"Orchid Department Resume"—The Big Four Monogram Clubs for establishing the Big-4 Monogram Club for better relations between the schools—Dick Dickey for winning the coveted Helms Foundation All-American Basketball nomination, the first All-American to come out of N. C. State—Mr. Johnny Miller for his work in the Intra-mural department—Bill Despres for winning the National AAU swimming title—Coach Case for bringing home two Southern Conference basketball champs in two seasons, with post-season national competition both years—And, last but not least, all the big shots who have put forth so much time and effort in getting the foundation laid for the Coliseum!

Well, if God, and the Administration, wills, I'll see yah next fall.

All over America... Smokers Report

NO CIGARETTE HANGOVER

when you smoke PHILIP MORRIS!

—because PHILIP MORRIS is
**DEFINITELY LESS
IRRITATING**
than any other leading brand!

Every day . . . more and more people are discovering in PHILIP MORRIS a milder smoke, a fresher, cleaner smoke than they've ever known before!

If you're tired of "cigarette hangover"—tired of that stale, musty taste in your mouth—that dry, smoked-out feeling in your throat . . . join the millions who CALL FOR PHILIP MORRIS.

Remember...PHILIP MORRIS is the **ONE the ONLY** leading cigarette recognized by eminent nose and throat specialists as **definitely less irritating!**

**NO OTHER CIGARETTE
CAN MAKE THAT STATEMENT!**

Read What One of America's Top-Ranking
Doctors Says About PHILIP MORRIS

"There is no doubt in my mind that PHILIP MORRIS Cigarettes are much less irritating than other cigarettes. We would be neglecting our patients who smoke if we did not suggest that they smoke PHILIP MORRIS."

From one of a series of PROFESSIONAL STATEMENTS
by EMINENT NOSE and THROAT SPECIALISTS.

CALL
FOR

PHILIP MORRIS

You'll be glad **TOMORROW**—you smoked PHILIP MORRIS **TODAY!**
