## Mammoth Homecoming Program Now In Progress

### YMCA Invites Students To Attend Varied Lectures

Sunday at 7 p.m. in the YMCA auditorium the first meeting of a series of lectures called "A Short Course in Marriage" will be held. The other meetings will be at 10 a.m., 2 p.m., and 7 p.m. Monday through Friday.

Mrs. Mildred I. Morgan, who will deliver the lectures, obtained her doctorate in Parent Education and Child Psychology in 1941 from Iowa University. Mrs. Morgan is a leader of forums in the fields of personality adjustments, parent-child relationships, problems of adolescence, relationships of men and women, and marriage and the home.

She has visited over 100 colleges and universities and 200 high schools. Dr. Morgan is now coordinator of Family Life Education in the city of Asheville. Her husband, Dr. William H. Morgan, is a member of the faculty of Appalachian State Teachers College, in Boone.

The schedule of topics for Mrs.

Morgan's talks is as follows:

Sunday: Growing up Emotionally and Spiritually.

Monday: Friends, Dating, Courtship.

Tuesday: Growing Up in Knowledge and Conception of the Proper Relation of Sex to Present and Future Happiness.

Wednesday: Choosing a Mate Wisely.

Thursday: The Secret of Successful Marriage, or Ten Ways to Avoid Divorce.

Friday: Parenthood, the Last Step in Growing Up.

The lectures will not be all that Mrs. Morgan will do to aid students. She will also hold personal conferences by appointment with anyone who so desires.

The meetings are for mixed audiences. The YMCA extends a cordial invitation to students and their wives, the faculty, and employees of State College, and to the students of Meredith, Peace, and St. Mary's.

### Pyrotechnic Display Planned For Pep Rally

A magnificent pyrotechnic display has been planned for the "Beat Wake Forest" pep rally tonight. The rally, being held in Riddick Stadium at 6:45, is sponsored by Golden Chain.

A spectacular lighting system has been arranged and one of the features of the program will be the use of sparklers to spell out words on the ball field. The Chemistry Department is helping with many of the chemical phases of the demonstration.

Andy Patton, who made last week's pep rally such a success with his ram of cotton, coat hangers, and other articles, will be on hand to help make this one equally successful.

The first fifteen minutes of the program will be broadcast over WRAL.

### STATE-DEACON SCRAP HIGHLIGHTS FESTIVITIES OF ALUMNI, STUDENTS

#### Livestock Judges Leave For Maryland

Six State College seniors in animal industry, left Wednesday for Timonium, Md., where they will compete in judging farm animals at the Eastern National Livestock Show.

The contest is open to students in agricultural colleges and universities throughout the country. Beef cattle, sheep, hogs, and horses will be judged.

Members of the team are H. J. Singletary of Lumberton, Harold Stinson, Boonville, H. A. Van Hoy of Union Grove, Thomas S. Speight, Windsor, Cecil Wells of Leicester, and J. W. Wilkerson of Sims. They are accompanied on the trip by J. C. Pierce, coach of the team and member of the faculty of the College's Department of Animal Industry.

State College students will also enter contests in the International Livestock Exposition in Chicago on November 29.

By GILBERT MAXWELL

Preparations for the big Homecoming week end have been moving along rapidly this week, and all prospects point to one of the biggest Homecoming celebrations in recent years.

Most of the dorms have joined the fraternities in getting their decorations programs in high gear, with competitive spirit running high. Prizes for best decorations have been on display throughout the week in the front window of the Students' Supply Store. The Raleigh Merchant's Bureau is giving two footballs as first prize in the dormitory division and a trophy in the frat division. Judging of decorations will start at noon and participants are reminded to have their exhibits in full swing at that time. This includes all moving parts, records, and other such paraphernalia. Winners of both divisions of the decorations contest will be announced during half-time activities of the football game.

The big week end will be ushered in by a pep rally in Riddick Stadium tonight. Immediately after the rally, stunt night will be unreeled in Pullen Hall. There are even more entrants for stunt night than were expected, and those "in the know" foresee a good program. Rehearsals, held last night, bore witness to this belief.

Sponsors for Homecoming will be introduced before the game, in order to provide time for the Red-coat Band's maneuvers and Phi Psi antics. Informed sources hint that the Phi Psi brothers are going to pack a lot of action into three minutes.

The Alumni Association will have a registration desk in the "Y" and will be at home to any alumni in its offices in Holladay Hall. Wolfpack Club members and other friends of State College will attend a barbecue luncheon at noon in the Armory.

To close out the festivities, the Monogram Club is holding its annual dance in Frank Thompson Gym. Al Millman and his Statesmen will play for the dance.

Most of the arrangements for Homecoming are under the direction of Blue Key, with the cooperation of the Raleigh Merchant's Bureau.

### Wolfpackers To Hold Barbecue Dinner

Members of the Wolfpack Club and their families will be entertained at a barbecue dinner tomorrow at the Armory at 12 o'clock. The barbecue will be followed by a meeting of the Wolfpack Club and will be a part of the Homecoming festivities.

The meeting will feature the presentation of a trophy to a Raleigh man who has done the most for State College athletics during the past few years. A. G. Floyd of Raleigh is expected to preside over the meeting in the absence of club president, Wilson Uzzle of Durham, who is unable to attend because of illness.

The dinner is for the convenience of Wolfpack Club members attending the football game, who are invited to come early, park their cars, and spend the day on the campus.

### State-Deacon Leaders Confer on Vandalism

In an effort to further the ideas and plans set forth last week in the State-Carolina students leaders meeting, State College played host to a delegation from Wake Forest College last Monday night in the cafeteria.

Practically the same problems faced the group Monday night as faced the other group last week, namely—how to prevent the painting of campuses, destruction of property and other similar acts of criminal vandalism.

The last week's meeting did not prove itself to be entirely effective since several large, blue UNC's appeared on the base of the tower late Friday night. Several State students discovered the evidences of retaliation and cleaned the paint off before dawn. However, the effectiveness of last week's meeting was considered strong enough to justify a similar meeting with Wake Forest.

Jennings Teal, president of the Campus Government at State, stated once again that the members of the Campus Government take the stand that any State student found guilty of vandalism will be recommended by the Campus Government for permanent dismissal from the college. Representatives from the Wake Forest Student Council expressed a similar feeling.

The discussion brought out the fact that since State would be the host at tomorrow's game every effort should be made to extend a cordial welcome to the guests from Wake Forest.

Members of the Wake Forest delegation were Clyde Whitener, Horace Kornegay, Bynum Shaw, John Birchette, and Ed Stanfield.

Representing State were Dean E. L. Cloyd, Asst. Dean Ned Wood, Dick Calloway, Dave Sewell, Pete Swanson, Zeb Jones, Jack Armstrong, James Maddrey, Jennings Teal, Doug House, and Dick Fowler.

### Monogram Sponsors

To complete the annual Home Coming Day festivities, at N. C. State College, a semi-formal dance will be held in Frank Thompson Gymnasium from 9:00 to 12:00 p.m., Saturday, November 15. The dance is sponsored by the N. C. State Monogram Club and Al Millman's orchestra will furnish the music. Sponsors for the dance are, top row-left to right, Miss Gladys Green, Raleigh, N. C. for Bill Evans, Dance Committee Chairman; Mrs. R. F. Callaway, Raleigh, N. C. for "Dick" Callaway, President of the Monogram Club; and Miss Jo Ann Darden, Franklin, Virginia for Billy Kelly, committeeman. Sponsors for the other members of the dance committee are; second row Mrs. J. E. McComas, Shelbyville, Indiana for Jack McComas, and Miss Flora Ann Lee, Raleigh, N. C. for Ben Coble. Lower row are Mrs. B. D. Wilson, Jr. Raleigh, N. C. for Barrett Wilson; Mrs. J. M. Barr, Raleigh, N. C. for John Barr; and Miss Jean Ritchie, Concord, N. C. for Hank Utley.

# Big "Beat Deacons" Pep Rally - Riddick Stadium - 7 O'clock

## Student Leaders Meet

Pictured above are the student leaders from State and Wake Forest who met last Monday night in an effort to head off any vandalism between the two schools in connection with the game tomorrow. Wake Forest representatives are Clyde Whitener, Horace Kornegay, Bynum Shaw, John Birchett, and Ed Stanfield. State representatives are Dick Calloway, Dave Sewell, Pete Swanson, Zeb Jones, Jack Armstrong, Jennings Teal, Doug House and Dick Fowler. Faculty representatives Dean E. L. Cloyd and Asst. Dean Ned Wood.

## Monroe And Moon Maids To Appear Next Wednesday

Vaughn Monroe, the throaty-voiced baritone from Akron, Ohio, has come a long way since he first organized his band way back in 1940. Monroe got his start in band-leading when his employer, Jack Marshard insisted that Monroe lay down his trumpet, pick up a baton and lead the orchestra that in two short years rose to nation-wide fame.

Monroe's band has achieved a style combining the class appealing with a style rhythmical and swingy enough to appeal to the youth. His music is both simple and rhythmical and can best be described as the most commercial music in America today. Although the band has only been recording since 1942, and almost two of those years were record-less because of the recording

ban, the Monroe band's disc sales are in tens of millions. Two of Monroe's recent records, "Tallahassee" and "Kokomo, Indiana" have both scratched the million mark, and others have easily scaled the half million mark.

Several Featured Singers Added attractions that are featured with the Monroe band are comedian singer Ziggy Talent, comedian Frank Fontaine, singer Madolyn Russell and the Moonmaids, vocal quintet. The Moonmaids are five girls from Texas who were hired by Monroe from a snapshot and a home recording. Vaughn was impressed by their looks in the snapshot, their voices on the record, and their background as music majors at the North Texas

(Continued on Page 12)

### WVWP PROGRAM SCHEDULE 580 K. C.

- 7:00 Juke Box
- 7:30 News
- 8:00 Bandstand
- 8:30 Special Feature
- 9:00 Jive Jamboree
- 9:15 Music to Remember
- 9:45 Madhouse
- 10:45 Music to Study By
- 11:30 The Concert Master
- 12:00 Sign Off

Students who wish to have a request played on the Madhouse should call 7861. WVWP will broadcast the stunt night program from Pullen Hall tonight.

### ASE Ed. Society Hears Report on Meeting

Reports on the national meeting of the American Society of Engineering Education were made at a meeting of the State College branch of the organization at the college on Wednesday of this week.

Participating on the program

were Dr. C. G. Brenneke, head of the Department of Electrical Engineering, Dr. J. W. Cell of the Department of Mathematics, Dr. A. M. Fountain of the Department of English, Dr. E. M. Schoenborn, head of the Department of Chemical Engineering, and Dr. W. G. Van Note, director of the Department of Engineering Research.

# Member of Last Year's Council Points Out Needs of Trial System

(Editor's note—The following letter is from a student who was a member of last year's Campus Government. His comments are well worth thinking about.)

61 Edward Street  
Baldwin, L. I., N. Y.  
October 27, 1947

Dear Editor:

At the final meeting of last year's Student Government, the better-late-than-never group asked certain members of the retiring Council to submit some articles to you at the beginning of the present school year on the doings of last year's Council—listing accomplishments and recommendations on needed reforms. My particular province was the matter of Student Government trials, as I had been active in most of the judicial proceedings of last year's Council. Rather than an article, I should like to make some comments in this letter—I hope it fills the bill.

Basically, the idea of campus government by students is sound—it is a fine idea for students to take upon themselves the regulation of student conduct. It is excellent training for all especially those elected to Student Government offices; and it insures fair and democratic treatment of all students. However, the job carries

with it many responsibilities. It is one thing to ask for the power to punish, and another and more difficult problem to wield the power properly. Last year's Council started the year determined to wield the power to punish, but without the slightest basis for handling it properly. It inherited nothing from its predecessors except a few vague records of past punishments.

As a result, it made an effort to establish procedures through which students could be tried and dealt with fairly. On the whole it succeeded, but many mistakes were made which should be corrected by the present student government. It is with these mistakes that I should like to deal.

Badly needed is an established procedure of trial. The one devised last year was a compromise of civil and military-court methods—the civil court methods were used as the basis with some military-court modifications for expediency. This procedure, while it worked, was never voted upon by any body—either student or student-government. It should be a prime objective of this year's Council to draw up and adopt, at least temporarily, a procedure for trial. This should include a list of steps to be followed, forms of oaths, and detailed

outlines of procedure for various members of the court, including the jury. This should be used, modified by vote of the council when necessary, a final product adopted at the end of the year; and a finished product passed on to next year's group. After a few years, a sound, sturdy, yet flexible set of procedural rules should result.

In conjunction with the procedure, a set of rules is also badly needed governing the evidence in the trial. Last year's trials were marked with wrangles over what evidence should or should not be admitted—for instance: should a man's dormitory record be admitted to bear on a case of conduct on a particular date? A good record could influence a jury to exonerate a guilty defendant, or vice versa. It was argued at the time that such records should have no bearing on the case at hand—only on the degree of punishment in case of guilt. This and many other rules—as whether hearsay evidence should be admitted—must be decided before fair trials can be held. No one likes to be tried by a body which makes up the rules as it goes along. The present Constitution of the Student Government lays the boundaries in sound, general terms—but the ground rules must be decided.

In this regard, one of the best suggestions I have heard was put

## On The Lighter Side

Mama! Daddy Is Taking My Buggy to Class Again!  
—Cartoon by Bill Addison

forth by Jennings Teal at one of last year's trials—to have a lawyer from the faculty or City of Raleigh sit on the trial body to advise on rules of procedure and evidence in conformity with normal civil procedure.

Last year's trials also showed up a tremendous lack of familiarity of the Student Government with its own Constitution. Such an unfamiliarity is not so bad in the student body itself, but the Council members at least should know its provisions from A to Z.

The question of whether students should be admitted to trials will doubtless be raised again this year. I sincerely hope that you, as Editor

of the Technician, will think well on this matter before publishing your views. Last year's editorial staff, by sounding off without even attempting to realize the objectives of the "closed-door" policy, did great damage to Student Government prestige by editorializing to fill space only.

It is my opinion that trials should remain closed as at present, but that the juries be selected at random from the student body. Such a jury would, by trial procedure, be sworn to secrecy on the names of those involved; but the student juries would (1) answer the demand for student participation in trials, (2) increase student-body interest in campus government proceedings, and (3) eliminate pre-prejudiced and bored student-government juries. This last point is more serious than it would appear. Trials and the students involved were sometimes openly discussed at last year's council meetings, and in one case, evidence was passed around prior to the trial for all to examine. Could any council member involved in such doings avoid a pre-found opinion while sitting on a jury?

In all cases last year, members of the Council not actively engaged in the trial body were allowed to sit in on the trial in order to learn the procedure. However, in a particular case where the "good" name of a dormitory assistant was questioned, these council members, friends of the dorm assistant, passed notes to the prosecutor and later took active part in the testimony. If trials are to be open to participation by members of the audience, then the student body should be permitted to become part of that audience. In this particular case, while friends of the dorm assistant who were in the audience "came to his rescue," the large number of students who would probably have been willing to counter their testimony were excluded. Basically it is sound to permit Student Council members to sit in on trials for the training they receive, but they should remain members of a silent audience only.

Beside such abuses as listed above, Student Government Council members came to regard trials with somewhat of a routine air. Trials, by their very nature, are and probably should be long, drawn-out affairs as long as truth is being sought. Much of the time consumed could be saved by good rules of procedure and evidence; but student-body juries would also bring a fresh viewpoint to every trial.

Because I've stuck pretty close to the faults of the trials carried on last year, I've probably thrown a bad light on them. Actually, in spite of some mistakes, last year's trials were fair, and for the most part, dispensed justice to all concerned. This was evidenced by the fact that many defendants, even when found guilty, were so pleased with the method of trial that they said so at the conclusion of the trial. But one fault can overshadow a dozen

### Welcome Alumni

Once every year about this time we pause in our mad rush for that coveted "sheepskin" to welcome back into our midst those who have suffered before us the ordeals of academic "rigor mortis" here at dear ole N. C. State. This weekend will be no exception.

Beginning tomorrow and continuing throughout the weekend, the "Ole Grads" will begin pouring into our fair community from all parts of the State, and we hope the Nation, to reminisce about their grand and glorious days at State.

For many, there will be surprises written on their faces at the many changes made since last they were here. For others there will be a feeling of resentment that some of the old landmarks have been defaced by temporary buildings. But for all, there will be a heart full of pride and joy at being "home again."

For us, the students of today, let us remember that these are the men to whom we owe our heritage. Let us strive in every way to make their "return home" a pleasant and joyous occasion to remember. As we walk arm in arm about the campus, explaining that Prof. Bigdome is now jerking sodas at a local beer parlor or that the girls at the local colleges still have two inches of make-up on for every date, let us remember that someday we, too, will cherish such tid-bits.

For you, our dear alumni, our hearts are filled with envy and brotherhood. May your stay with us be a happy and fruitful one. Our dormitories and fraternities houses are open to you. We stand ready to serve you in every capacity possible.

### To The Staff

If you have an automobile that has a registration sticker on it marked STAFF, this pertains to you. Why not give the students a chance to park their cars by parking staff cars only in the space marked staff or set off by yellow lines.

We the students, find it difficult to admit that the teachers, the minority, should be assigned most of the parking space, but the privilege of deciding the issue is not ours. Yes it is true that you must be on hand for your classes or the entire class misses a les-

son, but as long as there is room in the staff parking areas, please don't take the space left for the students. We can't park in the space allotted to the staff, and recently we have not been able to park in the space not adorned by the yellow lines, because that space has been taken by staff cars.

The Traffic Committee has asked for the cooperation of the students in solving the existing parking problem. If we are to cooperate, which means staying out of the yellow lines, we must ask for a bit of fairness—please don't park in the space that was left for the students.

ISH COOK

### Remember This

### Schedule of Final Examinations, Fall Term, 1947-48

Classes having their first weekly recitation on:	Will take examination on:
Tuesday 8	8 to 11—Fri., Dec. 12
Monday 5 & 7 (p.m.)	12 to 3—Fri., Dec. 12
Tuesday 2	3 to 6—Fri., Dec. 12
Tuesday 9	8 to 11—Sat., Dec. 13
Monday 12	12 to 3—Sat., Dec. 13
Tuesday 3	3 to 6—Sat., Dec. 13
Monday 8	8 to 11—Mon., Dec. 15
Monday 2	12 to 3—Mon., Dec. 15
Tuesday 10	3 to 6—Mon., Dec. 15
Monday 11	8 to 11—Tues., Dec. 16
Tuesday 12	12 to 3—Tues., Dec. 16
Monday 1	3 to 6—Tues., Dec. 16
Monday 10	8 to 11—Wed., Dec. 17
Monday 4	12 to 3—Wed., Dec. 17
Tuesday 11	3 to 6—Wed., Dec. 17
Monday 3	8 to 11—Thurs., Dec. 18
Monday 9	12 to 3—Thurs., Dec. 18
Tuesday 4	3 to 6—Thurs., Dec. 18

- Examinations will begin Friday morning, December 12, at 8:00 a.m.
- No examinations will be scheduled or held by any member of the faculty before Friday morning, December 12.
- Examinations will be held only between the hours indicated.
- The examinations will be held in the rooms where classes recite.
- Courses having both recitation and laboratory hours should use the class hours for determining when the examination will be given.
- In the schedule the term "Monday" applies to classes having their first meeting of the week on Monday, Wednesday, or Friday; the "Tuesday" applies to classes having their first meeting of the week on Tuesday, Thursday, or Saturday (i.e., a class holding its first meeting of the week on Wednesday at 10 o'clock will take the examinations as a Monday 10 o'clock class provided no student in the group has a regular class on Monday at that hour. If so, the examination will be an "arranged" examination.)
- The examination for any class not covered by this examination schedule may be arranged at the convenience of the teacher and students sometime during the examination week.
- Final examinations must be given on all courses. Any exceptions must be approved by the Dean or Director of Instruction.
- All examinations will be given in accordance with this schedule.

## WITH the GREEKS

By TED WILLIAMSON

Homecoming weekend is here and anyone who didn't know it before will soon find it out with one glance at the local chapter houses. Never before has a Deacon taken such a pre-game beating as he's getting today and tomorrow in the house decorations of the local fraternities. State College students got a fair preview of this over at Chapel College last weekend when they looked over a well decorated fraternity row at UNC.

Proof that Al Capp, Li'l Abner's pen-father, is the college man's cartoonist was plain at our brother-college. Old Man Mose and the Wolf Gal put in a full day last Saturday and we expect them to show up here to help State College this weekend. Last year, you remember, Pi Kappa Alpha won the prize at homecoming with a wolfgal theme too.

Don't forget the Beat Wake Forest pep rally tonight. We should have the biggest one of the season for this, our big home game. After

the pep rally the fraternities will put on the Stunt Nite program. This is always one of the biggest events of homecoming and if you miss it you will be sorry. Come on over to Pullen Hall and enjoy a good program!

After the game many local frat's will go their own way and have parties and dances to celebrate. Alumni will be guests of the houses. Lambda Chi Alpha moves into their new house tomorrow, and tomorrow night they are having a banquet at the Woman's Club. A dance will be held in the gym too. The Monogram Club sponsors the Homecoming Dance every year, everyone is invited out for some good music and a swell time.

Remember, this is our last home game. Let's all turn out and cheer the Pack to victory over the tough Deacons. We beat them at Wake Forest last year, we can thrash them soundly here. Make it 100% ROUGH for the Demon Deacon.

### Open Forum

To The Editor:

I'm mad! There are some characters in the dorms who insist on monopolizing the telephones and I, for one, don't like it. Now before you get mad and tear up this article read on—and listen to my side of the story.

The other night I had a Date with the sweetest little gal the wrong side of the tracks ever produced. She is blonde, vivacious and can drink a fifth of whisky faster than most of us can drink a glass of water. I had a night planned filled with visions of a Vikings Valhalla or a Spaniards El Dorado. One catch. I had to call her before seven and say just once "I love you honey." Just once mind you. Did I do it? No! I resorted to everything short of mayhem but some guy was on the phone from six-twenty until seven-five talking to—of all things—a Meredith girl. Fellows, I'm mad, and if you think I have a case don't tell me to go to Mr. Anthony—Just get off that phone!

Bert Zuckerman.

### Sharps and Flats

Morton Gould and his orchestra have been on a concert tour embracing forty cities of the south, the mid-west and the Atlantic Coast sections of the United States. Thousands have had an opportunity to hear in person a fine musician and orchestra. Last Saturday, November 8, Morton Gould and his orchestra presented the people of this city one of the finest POP concerts ever heard here. Vocal soloists on the same program were Miss Mimi Benzell, Metropolitan Opera Star, and Wilbur Evans, star of theater, concerts, and radio.

Some of the evening's highlights were: "American Salute," "Gavotte" (both of which were written by Mr. Gould), "Star Dust," "Begin the Beguine," and last but not least, a vocal duet arrangement of Gershwin's "Porgy and Bess" sung by Miss Benzell and Mr. Evans.

Top rating platter for this week is Stan Kenton and his orchestra spinning "Curiosity" and "Theme to the West." Curiosity marks the first side to be recorded by the re-organized Artistry in Rhythm aggregation. Blonde June Christy sings the introduction in half-time, abetted by the sterling guitar artistry of Brazil-born Laurindo Almiada, and Kenton's laudible sock it across instrumentally as June goes into a brighter tempo for the choruses. Here is humor, rhythm, and an unconventional melody wedded into a smash performance.

"Theme to the West" presents Kenton himself as piano soloist on an original theme which is somewhat reminiscent of his own 1943 concert arrangement of his own theme. This composition and performance are virtually classical in scope. Kenton pays no heed to tempo; his vigorous pianistics are given full leeway and the result is one of the most unorthodox waffles ever to be recorded by a big name dance band.

### Alumni Office to Move

State College's Alumni Association is pushing plans to move its offices into the old infirmary, adjacent to Holladay Hall, according to H. W. "Pop" Taylor, alumni secretary. The moving should be accomplished by December 1st.

Work has been completed on the upstairs portion, with the painting having been finished, and work proceeding on the first floor. The association's offices will occupy the first floor, with the exception of space now being used by the Students' Supply Store, and the second floor will be used as living quarters for unmarried faculty members.

### Additional Telephones Installed In Dorms

Additional telephones for student use were installed in several college dormitories and in Trailwood at the beginning of the present term. Efforts by the college YMCA for over a period of two years resulted in the securing of the telephones from the Southern Bell Company.

The most recent additions have been made on the third floors of Alexander, Becton, Syme, and Turlington; and in the basements of Becton and Syme. Three telephones have been installed in Trailwood and one in East Stadium.

Sixteen telephones for the new dormitories now under construction have been promised, and it is hoped that they may be installed upon the completion of the buildings.

The YMCA has asked that care be taken in using the telephones since that organization has agreed to be responsible for the care taken in their use.

### Plans Being Made For Blue and Gold Dance

Blue Key and Golden Chain will sponsor their annual Blue and Gold Dance at Frank Thompson Gymnasium on December 6. Plans are being made for a gala affair and for a very good band. Watch for further information in the TECHNICIAN.

under the Act of March 3, 1879.

**WVWP Presents Sports Roundup On Tuesdays**

WVWP, the campus radio station, will broadcast a sports roundup every Tuesday night at 8:45 p.m. Charley Mitchell and Ed Storey, publicity director for Intercollegiate Athletics here at State, will give the latest inside information on State College athletics.

The program is called "Charley Mitchell's Sports Roundup" and features interviews with members of the State teams as well as side-lights on the games to be played the following Saturday. Ed Storey and Charley Mitchell will also present interesting sports commentary.

Radio Station WVWP broadcasts on a frequency of 580 kilocycles nightly, Monday through Friday.

**Beaux Arts Meeting Tuesday Night, Nov. 18 7:30**

ROOM 302, DANIELS HALL  
All Members Are Asked to be Present

**Stunt Night Promises Entertainment For All**

"Stunt Night," in celebration of Homecoming, will be held tonight in Pullen auditorium with curtain time at eight o'clock.

At this time, the fraternities and other organizations on the campus will each present five to six minute stunts in competition for prizes offered by local merchants. First prize consists of a cup donated by the Town House restaurant. The second prize is worth ten dollars in groceries at Powell and Griffis, and the third prize is a record album by Dorothy Shay, offered by Huneycutt's. The stunts will be judged on their originality, humor, and presentation.

Stunt Night always means plenty of fun and laughs for those that come. Last year the PIKA's won first by enacting the "Darktown Poker Club," and Sigma Nu came in second. Tonight - Vetville will be represented as well as several dormitories and most of the fraternities. There are expected to be ten or twelve stunts in all.

**Student's Wife to Star In "Years Ago"**

Opening at the Raleigh Little Theatre this Sunday is the Ruth Gordon play "Years Ago." This latest production of the Little Theatre group is the nostalgic story of the teen-age small-town girl who wanted to become a Broadway actress. The play is actually the autobiography of Ruth Gordon's home life in a little town near Boston just prior to her leaving for New York and future stardom. About its Broadway presentation last year, the drama critic, Robert Coleman, has said, "It is a glowing, nostalgic, warming comedy, wise, witty, pure and tender," which certainly runs the gamut of adjectives.

State College is well represented in the cast. The lovely lady, pictured above, Mrs. Jackie Moore, wife of a state student, has an active part. Fitzhugh Dade, Walt Surrat and Leonard Mann of the faculty, and Mrs. Frances Green, wife of a student, all have parts in the cast.

The play, which opens Sunday, will close the following Saturday night.

**ON THE TELEPHONE, TOO!**

This is broadcasting as you see it.

What you do not see are the thousands of miles of telephone wire and cable that link broadcasting stations from coast to coast... that make national networks possible.

The administration of these vast broadcasting links requires the varied skills of college-trained men.

And this is but one of the many interesting phases of the telephone business. There's opportunity and adventure in telephony.

# Gala Homecoming Dance Tomorrow Night in Gym

Homecoming week-end activities will come to a gala climax tomorrow night in Frank Thompson Gymnasium when the State College Monogram Club presents its annual Homecoming Dance.

Tickets to the dance have been on sale for the past week. Bill Evans, vice-president of the Monogram Club and chairman of the dance committee, has stated that if

any tickets are left at dance time they will be placed on sale at the door. Tickets are on sale by members of the club at \$2.50-stag or drag.

Al Millman, popular leaders of the State College "Statesman" will handle the musical chores for the affair tomorrow night. The "Statesman," now in their third year at

## The Statesmen

Pictured above is Al Millman and his State College band, "The Statesmen," who will furnish the music for the Monogram Club's Annual Homecoming Dance tomorrow night. The dance will be held in Frank Thompson Gymnasium beginning at 9 p.m. and lasting until midnight. Price of admission is \$2.50, drag or stag, and tickets can be obtained from any member of the Monogram Club.

State College, have been well received by crowds all over North Carolina. Millman, a student in Textiles, took an interest in music during his high school days and has been connected with the entertainment world in some way every since. Soon after finishing high school Al entered MGM's Great Waltz Contest and came out in the runner-up position.

This fact resulted in a contract for him and his partner to tour Loew's theatres all over the country under the billing of "Jack and Jill." After two years of dancing Al organized his second band "The Esquires." The Army Air Force threw a damper on this outfit after a very successful two-year career.

Upon leaving the service Al entered State College and organized another orchestra on the campus. The present combination spent a successful summer playing at the leading night spots up and down the North Carolina coast.

The Monogram club will be host to the teams of both State and

Wake Forest tomorrow night. Bill Evans stated that due to space limitations tickets would not be available to Wake Forest students.

The dance will begin at nine o'clock and end at twelve sharp. Dress for the occasion will be semi-formal.

Chaperons include Dr. and Mrs. Fisher, Mr. and Mrs. Charlie Doak, Prof. and Mrs. Johnny Miller, Mr. and Mrs. J. L. Von Glahn, Mr. and Mrs. J. W. Morgan, Mr. and Mrs. Tom Hines.

Officers of the Monogram Club are: Dick Calloway, president; Bill Evans, vice-president; Hank Utley, secretary; Hal Owens, treasurer; and J. W. Morgan, faculty advisor.

# Engineering Education Society Says Technical Schools Are Overproducing

Lafayette, Ind. (I.P.)—Prospects for employment of engineering graduates are not nearly so rosy as they were last year. A recent report by the American Society for Engineering Education predicts a surplus of graduates in almost every field of engineering by 1950.

Prof. F. L. Cason, Purdue University's director of placement for the engineering and science students, aided in compiling information for the recent ASEE report.

Comparison of engineering school enrollments with the estimated need of industry show the following conditions in the various fields:

**Aeronautical engineering**—at a rate of 400 graduates per year, the schools are overproducing now.

**Chemical engineering**—still a heavy demand, but a surplus of 3,000 is expected by 1950.

**Civil engineering**—a slight surplus is expected in 1950. Electrical engineering demand and supply will

balance in 1948. Heavy overproduction by the engineering schools is seen for 1949 and 1950.

**Mechanical engineering**—the largest group and the heaviest demand; only a small surplus expected in 1950.

**Mining and metallurgical engineering**—a small group, with not much over production at any time. The report suggests that many students in other fields might profitably shift to these two fields.

The ASEE report points out that this picture can be changed quickly by changes in government needs, business conditions, or the number of failures in engineering schools.

Although the shortage of engineers created by the war will be filled by the latter part of 1948, this doesn't mean there will be no jobs open for engineers after that time.

According to Mr. Cason, there will be openings and replacements in the major fields of industry.

Additional figures given by Cason show that this year there will be a demand of 36,000 engineers and a supply of 17,000. In 1948 the demand will be 32,000 and the supply 25,000; 1949 demand 31,000 and supply 35,000; 1950 demand 28,000 and 50,000 supply.

This year approximately 850 engineers have started at an average salary of 248 dollars a month. There were over 5,000 contacts and personal interviews made by employers seeking our graduates in this same year.

College Park Md. (I.P.)—Foreign study centers to serve the needs of American graduate students studying in Paris and Zurich have been established this fall by the University of Maryland, college officials here reveal.

The new program will lead to a degree of Master of Foreign Studies.

## Pepsi Cola Offers 26 Scholarships

Twenty-six new graduate fellowships, each of which will pay full tuition and \$750 a year for three years, are being offered to college seniors this year for the first time by the Pepsi-Cola Scholarship Board.

Any college student who will receive a bachelor's degree during the school year 1947-48 from a college or university in the United States may apply for one of the new fellowships, according to an announcement made by John M. Stalnaker, professor of psychology at Stanford University and director of the Pepsi-Cola Scholarship program. Winners will be selected on the basis of their promise of outstanding achievement in later life as evidenced by their undergraduate records and recommenda-

tions as to character, personality, and qualities of leadership, the announcement states, and the fellowships will be limited to those students who have financial need.

Six winners will be chosen by selection committees of professors from each of four geographic regions, and two Negro winners will be selected from graduates of Negro colleges in the United States. Negro seniors in other colleges will be eligible for the six fellowships to be awarded in that particular region.

Seniors who wish to apply for one of these fellowships may obtain application forms from the dean of their individual colleges or by writing to the Pepsi-Cola Scholarship Board, 532 Emerson St., Palo Alto, Calif.

ONE YEAR OLD . . .

## Vetville Celebrates Anniversary Many Problems Overcome in Hectic Year

Vetville observed its first anniversary last week and "oldtimers" among the residents are viewing the changes that have occurred during the past year. No special ceremony was held for the occasion.

The population has grown to 848 during the first year. There are 310 families, representing a static adult group of 651. The number of the younger residents is reckoned on a day-to-day basis—being 197 at this writing.

Gone soon will be the patchwork roofs and the need for moving beds around during rainstorms. A thirteen-thousand dollar reroofing project is underway and every building will have a new roof when the job is completed.

Sidewalks, paved roads, telephones, street lights, and mail delivery have brought civilization to the ex-corn-patch on the hill.

Erosion of soil is still a big problem in some spots, but plans are made to build up the low places and to divert the water courses. The planting of grass has helped to keep down the dust and mud.

Pioneers in the community can remember when there was much discussion as to a proper name for the settlement. Suggested were "Mud Flats," "Seven Oaks," "Diaper Row," "Meadow View," "College View," "Snob Hill"—all appropriate. But most people called it "Vetville" and the name stuck.

If future progress is as rapid, those of us who live, scholastically speaking, through the next year may not recognize the place.

Mrs. Tom Power, wife of Alderman Power and a registered nurse, has been appointed Director of Health and Sanitation for the community. Fred Brown, Apt. 22-B, will promote a beautification program for the whole area. The prize will be a twenty-five dollar cash award to be given to the winning Ward by the Management.

To push the safety campaign at Vetville, Alderman John Wallace has announced the deputizing of four men. Those sworn in by Sheriff Pleasants this week are: John J. Wallace, UK-18; Tom Gould, Apt. 22-A; Walter Keller, Apt. 9-A; and Joe Gallihew, Apt. 18-H. These men will help enforce the 20-mile speed limit and other traffic regulations in the area.

Vetville will go dramatic tonight at Pullen Hall for Homecoming Skit Night. A mountain wedding will be carried out by a group of thespians under the directions of Recreation Director Ish Cook and Alderman Gilbert Bullard. The characters will bear no resemblance to anyone living, but those objecting to the match had best bring their shooting irons. The principals in this fashionable tobacco-road affair are: groom, Larry Fritz; gushing bride, Gil Bullard; man behind the gun (her father), Jim Stone; bridesmaid, Jack King; the man with the relatively clean shirt and the engineer's bible, Moses Rountree; best man (one with the most firepower), Ish Cook.

Sunday night at Vetville's open air theater a feature picture and a short subject will be shown beginning at 7:30. Stan West is in charge of the arrangements.

Last Wednesday the ward fire marshalls met with Fire Marshall Tom Power and set up plans for community fire protection. The City Fire Department will be asked to survey the area and make recommendations for fire protection. Each Fire Station has been given a map of Vetville with the location of fireplugs shown.

The Beautification Committee met with Director Fred Brown this week and outlined a program of community improvement.

## Swiss Textile Mgr. To Demonstrate Warp-Tying Machine

Dr. Benno Bissig, manager of the textile machinery department of Zellweger, Ltd., Switzerland, will begin a series of demonstrations on an automatic warp-tying machine and a drawing-in machine at the State College School of Textiles today.

The demonstrations and the exhibits of the machinery will continue for the next two weeks. Dr. Bissig arrived here late yesterday to direct the work.

While Dr. Bissig remains here, he will be a guest of Dean Malcolm E. Campbell and other members of the faculty of the College's School of Textiles.

## Hot Potatoes

At long last we have a choice of eats at the football games. The peanuts and "cokes" have been a welcome sight at the games, but on these cold nights hot french-fries really hit the spot.

The new addition to the games comes via Ish Cook and Jack Richards, who with the help of their wives, prepare the french-fried potatoes at Trailwood, lot No. 160. After "manicuring spuds" all day, the boys sell them at the football games. The young salesmen that you see yelling hot potatoes in the stadium are young men from the Catholic Orphanage.

## Dr. Poteat to Address Masonic Club

Dr. Hubert Poteat, 33rd. Degree Mason and educational leader of Wake Forest, will address the State College Masonic Club on November 18, at 7 p.m. in Peele Hall.

All Master Masons are cordially invited to attend. Those attending are requested to be prompt as there will be no business meeting.

## CONTEST BEAUTIES

Pictured above are two of the many beauties that have been entered in the joint Agromeck-TECHNICIAN Beauty Contest. Can you top this. If so, then send in your entry to the TECHNICIAN right away. The contest will close on December 1, 1947. Each week the TECHNICIAN will print several of the entries. The entries printed do not necessarily constitute winners, however.

Here, in question and answer form, are some facts on the U. S. Air Force Aviation Cadet program. They cover details you may have been wondering about—and will be useful to you if you want to learn to fly and begin a career in one of today's fastest-moving fields.

- 1. Who is eligible for appointment to the Cadets?**  
You, if you're physically fit, single, between 20 and 26½ years old, and have completed at least one-half the requirements for a college degree from an accredited institution — or pass an equivalent examination.
- 2. How long does the training last — and what does it cover?**  
You receive approximately 52 weeks' training — worth \$35,000 — in primary, basic and advanced flying, along with other related courses designed to give you the finest background in your specialty.
- 3. What's the story on duty after graduation?**  
After successful completion of the course, you will be commissioned a Second Lieutenant, Officers Re-

serve Corps, and assigned to pilot duty with the U. S. Air Force at a starting monthly salary of \$336 (including flight pay). You will serve on active duty for three years unless sooner relieved, and be eligible for \$500 a year bonus for each year of active duty as a Reserve Officer. If you're interested in a Regular Air Force commission, you'll be given a chance to qualify.

- 4. What are the civilian career opportunities?**  
That's one you can answer for yourself by taking into consideration these facts: Contrary to what some people think, aviation is not overcrowded — for pilots or anyone else. No field is expanding more rapidly or offering more profitable openings to qualified men. After Aviation Cadet training, you can compete on an equal basis with any flier in the world.
- These are only a few of the advantages. Why not stop in today at your nearest U. S. Army and U. S. Air Force Recruiting Station and get all the details?

U. S. Army and U. S. Air Force Recruiting Service

# Thirty Candidates Report As Wrestling Drills Begin

## TAR HEELS OVERWHELM WOLFPACK IN ONE-SIDED CONTEST, 41 TO 6

The Tar Heels of the University of North Carolina unleashed their attack last Saturday and soundly defeated the Wolfpack from State College, 41-6, in Kenan Stadium at Chapel Hill before a homecoming crowd of 41,000 surprised spectators. Showing power in every department, the Tar Heels knocked State from the ranks of the best defensive teams and throttled every attempt that the State Wolves made to come from behind.

Carolina scored on the first play from scrimmage when Pupa crashed through the center of the State line, broke in the clear, and went 65 yards to pay-dirt. After that the Tar Heels scored once more in the first quarter, twice in the second,

once more in the third, and once in the final period. Carolina's Bob Cox kicked six out of seven attempts for extra points.

State's lone score came in the final stanza when Bernie Watts, State guard, broke through the Carolina line and blocked attempted punt; Chuck Spencer, sophomore end covered the ball in the end zone for the touchdown.

**Carolina Strong**  
The game was not the track meet that the score indicates. Carolina was "hot," State was not. But the boys from Chapel Hill know that they played a rough game. The reserve strength of the Tar Heels was an important factor in the game. That, plus the fact that many

## Hard-Driving Fullback

George Allen, big senior fullback from Kings Mountain, moved into the starting fullback position when Footsie Palmer was shifted to tailback and is listed as a probably starter against the Demon Deacons from Wake Forest tomorrow afternoon. He has been injured recently, however, and the extent of action for Allen is not known.

## Coach Al Crawford Starts Second Year

By DAVE FRANKLIN

Thirty men reported to Coach Al Crawford Monday afternoon for the first practice that he has scheduled for the 1948 varsity wrestling team. Since the first match is scheduled for January, the men will devote the first weeks of practice to getting in shape and learning the fundamentals of the grappling game.

Coach Crawford, beginning his second season at State, reports that only four lettermen from last year's squad have reported for practice so far. Jack Ratts and W. Rickard of the 121 pound class, and Ben Lewis and John Poplin, 145-pounders, are practicing now. Crawford expects Charlie Musser, Don Troxler, and Fred Wagoner to wrestle after the football season is over.

**Won Seven Last Year**  
State had a very successful season last year, winning seven matches and losing to only three teams. Two of the State grapplers were Southern Conference champions in their weights, Jimmy Edwards, 175 pounds, and Don Troxler, 165 pounds, finished first in the conference tourney last season. Fred Wagoner, heavyweight, finished second in the conference last year. Edwards, one of the best all-athletes State has ever produced, will be an assistant coach for Coach Crawford during the coming season. Troxler and Wagoner will both be back to grapple for State this year.

### First Match

The first match scheduled for the team will be with a team from V.P.I. The meet will be held in Frank Thompson gymnasium on January 13, 1948. This will be on the same night that the State College Red Terrors meet the Asheville Eagles in the second home basketball game of the winter term. The wrestling match will probably be held just before the basketball game. Watch the TECHNICIAN for an announcement concerning the exact time for the match.

Coach Crawford says that the prospects of having a good season this year in wrestling are promising, but that he can not be sure before he sees the new men in action. With several veterans on the squad and Jimmy Edwards assisting Crawford in his coaching duties, the State wrestling team should be able to more than take care of itself. Meanwhile, the squad is hard at work every afternoon at four o'clock in the rear of the gym preparing for what will be an interesting season.

The complete wrestling schedule will be released at a later date and will be printed in the TECHNICIAN at that time.

## Off-Campus Students

Off-Campus students can pick up their Wataugan at the Wataugan office, 201 Owens Hall, Publications Building, at any time.

## ASCE Meeting

The American Society of Civil Engineers will hold a meeting on Tuesday night at 7 o'clock in the Civil Engineering Building. Officers will be elected for next year and plans made for another meeting this year. Other important business will be discussed.

All students enrolled in civil engineering are urged to attend the meeting. If you are interested in joining the ASCE, information can be obtained at the meeting.

of the State boys were not in shape to play top speed ball.

State's defense, rated second best in the nation before Saturday's game, was not as effective as was expected. The Wolfpack's play was vicious at times, but erratic to say the least. Al Phillips, senior end, and Bernie Watts, sophomore guard, led the State play in the line. "Footsie" Palmer and Gwyn Fletcher, backs played well for the Wolves on offense. Palmer averaged 49 yards punting. Fletcher sparked a State drive that went to

the Carolina nine-yard line late in the second period before a fumble stopped the Big Red.

The Wolfpack was very weak on pass defense, as well as not being able to stop the Carolina rushing attack.

# Furious Bouts Are Unreeled in Boxing Tournament

## Vetville Team Posts Win; Many Dormitories Forfeit

By HERB BRENNER  
Boxing got off to its initial show of the fall term this past week as a huge crowd of fraters turned out to witness their brothers hit the gloves under the lights at Frank Thompson Gymnasium. Lample, P.K.A. glover defeated Blue of the Pi Kappa Phi fraternity in the 145-pound division matches. Other winners in this weight division were Taylor (Sigma Chi) over McKinn (Sigma Pi) and Jones (A.G.R.) over Fetzer (K.A.)

In the 165-pound division Batson looked exceptionally well in his win over Herring, a Pi Kappa Phi frater, and Dalton of the Kappa Alpha's appeared in trim condition as he went all out to defeat Coble of AGR. To prove one of the best matches of the term, will be the Weeks (KA) versus Miller (PKA) encounter slated to come off when the boxing finals are reeled off. These two gentlemen are the only men signed up for the 175-pound division and there should be plenty of glove slinging action when they meet on the canvas.

**Vetville Wins**  
In Vetville's 6-0 win over South Watauga, Robinson made an excellent show on both defense and offense and proved to be the main attack in the Vets victory. The Vets also introduced another new star in their lineup as Riley shows superb form in the first degree in catching the flips from the Veteran backfield.

2nd Turlington and 1st Becton held each other to a scoreless tie in their tilt on November 3rd; however, when each team was given four alternate plays, 2nd Turlington got the final say so and came out with the victory as they were the team that racked up the most yardage.

**Fowler Scores**  
2nd Alexander lost a close ball

We won't give up  
'til victory comes our way.  
We'll going to win the  
Beattie Feathers way.

Gooo, Wolfpack!  
Gooo, Wolfpack!  
GO! GO! GO!

**POWELL & GRIFFIS**

**AMBASSADOR**

Now Playing  
"DOWN TO EARTH"  
Rita Mayworth  
Larry Parks

Sun., Mon., and Tue.  
"LURED"  
George Sanders  
Lucille Ball

Wed., Thurs., Fri., and Sat.  
"THIS TIME FOR KEEPS"  
Esther Williams  
Lauritz Metchoir

game to 3rd Bagwell, 6-0, last Monday; however, both teams showed up well on defense and it was still any body's ball game until the final whistle. Fowler, ace Bagwell backfield star, ran the pigskin 15 yards on an end reverse for the only tally of the game which proved to be the winning tally for the Bagwell men. On the Off-Campus squad, Cherry showed potential abilities as he lead his teammates to a 6-0 win over Welch. He looked extremely strong in his backfield slot.

**Last Minute Score**

Probably the most thrill-packed tilt of the past week was 1st Alexander's win over Berry. The game

was Berry's until the final 10 seconds of playing time when a pass was heaved to a sleeper for the Alexander tally. This tied the score at 6-6. The extra point failed, however, Alexander walked away with the victory on first-downs.

Evans and Sheppard were the outstanding factors in Sigma Chi's 15-0 chalk up over Pi Kappa Phi on November 5. Evan's passing and running ability and Sheppard's pass receiving were a little too much for the fighting Pi Kappa Phi's. Cotton Ligim was the man who blocked a P.K.P. punt for the safety that went to supplement the two touch-downs that the Sigma Chi's had already made.

The PiKA's Jones, Holloman, and Bridger scored the three touch-downs that went for their victory over the men from Kappa Alpha. The final score, 20-0.

## Intramural Results

**FOOTBALL**

Vetville 6, S. Watauga 0  
2nd Turlington 0, 1st Becton 0  
3rd Bagwell 6, 2nd Alexander 0  
3rd Becton won over 3rd Turlington by default  
Off-Campus 6, Welch 0  
1st Alexander 6, Berry 6  
TKE 0, Sigma Nu 0  
Sigma Chi 15, Pi Kappa Phi 0  
SPE 13, Sigma Pi 0  
PKA 20, KA 0  
Kappa Sig 6, SAE 0  
Trailwood 14, 1st Syme 0  
1st Alexander won over 1st Turlington by default

2nd Syme won over N. Watauga by default.

**VOLLEYBALL**

PKA defeated Sigma Chi, 15-5, 15-3

Sigma Pi defeated TKE 15-2, 15-5  
SAM defeated SAE, 15-12, 10-15, 15-6

SPE defeated Sigma Nu, 15-5, 15-1  
KA defeated Pi Kappa Phi, 15-9, 8-15, 15-11  
PET defeated Kappa Sig, 15-12, 12-15, 15-10

Vetville defeated Becton, 15-4, 15-10  
3rd Becton won by forfeit over 3rd Turlington  
3rd Syme won by forfeit over 1st Bagwell

Berry defeated 2nd Turlington, 15-12, 15-8

S. Watauga won by forfeit over 1st Syme  
2nd Becton won by forfeit over 2nd Alexander

## Charging Wolfpack Lineman

Charlie Musser, freshman guard, has been one of the mainstays in the State line throughout the season despite a series of injuries. His play has been a prime factor in the record chalked up by the Wolfpack forward wall. Musser is expected to join the wrestling team as soon as the football season ends where he will wage a strong battle for the heavyweight position.

# State Wolfpack Meets Deacons In Homecoming Battle

## SPORTS TALK

By MAC McDUFFIE

In the "Sports Observer," Dick Herbert wrote that State might get a new stadium at the site of the present practice field. Certainly State has outgrown Riddick Stadium, and that is the chief reason for planning a new one, but there are several improvements that should be taken into consideration when and if a new stadium is begun.

First, it does not seem feasible to install a lighting system. Night football has never reached the proportions of afternoon games and many of the large schools will not play games under lights. Then, too, the present system of arcs in Riddick Stadium could go a long way toward gaining the distinction of being the worst in the nation. Spectators and players alike have complained of not being able to see the ball.

Secondly, State's present press box is a disgrace. It has been in a second-rate condition for years and very little has been done to alter the situation. Many out-of-town writers have come to State and left griping because they had to climb a vertical ladder with a typewriter.

Basketball is being talked more frequently on State's campus. Many afternoons find large groups of students in Frank Thompson Gym watching Coach Everett Case's Red Terrors practice. The performance of several of the freshmen is heart-warming, but it appears at this early date that the experience of last year's veterans is going a long way toward rating a starting berth this season.

State College has a student body with outdoor sportsmen in the definite majority, as is evidenced by the bull sessions. For the first time in several years, classes will be suspended on Thanksgiving Day and many of the boys seem to have a day of hunting or fishing in mind.

Naturally, many of the boys have never heard of fishing in November, but the ardent anglers will tell you a few unbelievable tales about bass fishing in cold weather.

Black bass are the most plentiful game fish in North Carolina, and there is no closed season. This tackle-bursting fish has few equals as a fighter and no superiors. They offer consistent sport and will strike at any time of the year in this state. The black bass has been caught in northern states until ice

began to form on the lakes. Bass are not as selective over baits as trout and have been known to strike anything thrown at them.

True, spring and early fall are the best seasons for bass fishing, but you've missed some big ones if you haven't tried your favorite pond in late November or early December. The bass don't offer as much fight and take the plug slower, but the results are usually more gratifying. It is useless to carry your fly rod along and as a rule surface plugs fail, but an assortment of underwater plugs may solve your empty creel problem. The same fish in cold weather may strike three or four times as pike and jack do in the summer months.

Cold-water anglers advise one to reel their plugs at a depth of about four feet underwater in areas where the depth of the water varies from six to 15 feet. Use highly-colored plugs, but that is no set rule and one should never fail to have at least one black plug in the tackle box.

Bass, usually an isolationist, change their mode of living in cold months and are found in groups. One way of fishing is to swing the boat in and out from the bank, trying different depths. When you get a strike, work that spot thoroughly before leaving; however, don't waste all day because it may have been a stray that hit your plug.

If you've never done much fishing, November fishing isn't recommended because it gets very cold in an open boat, but if you are one

## Coach Peahead Walker's Team Seeking Win Over State and Bowl Invitation

State's Wolfpack and the resurging Wake Forest Demon Deacons meet in Riddick Stadium tomorrow afternoon at 2 o'clock as a feature of State's Homecoming Day celebration. The Deacons are favored by a two-touchdown margin.

Coach Beattie Feathers' charges go into the battle with a large collection of injuries. John Huzvar, George Blomquist, Bill Stanton, Bill Thompson, Charlie Musser, George Allen, Ted Dostanko, and Ralph Barksdale are all on the list. Blomquist and Huzvar will definitely miss the game.

Last week, State was overwhelmed by Carolina, 41-6, while the Deacons were registering a surprising 14-13 victory over Boston College to keep alive their hopes for a post-season bowl bid.

The Deacons are after revenge

for the 14-6 defeat handed them last year, but they still fear an upset. It is remembered that in 1945, when they were as much a favorite as they are this year, that they were able to win only by the very small margin of 19-18. They are also aware of the fact that State is always tough in Riddick Stadium.

Coach Peahead Walker's crew is a fast, tough, charging eleven with a vaunted passing attack, while Coach Feathers' crew has nothing to boast since Carolina ruined its defensive record.

The Wolfpack backfield against the Deacons will probably find Footsie Palmer at tailback although he may have to see action at fullback. George Allen should get the starting nod at fullback, however, with Bob Bowby at blocking back and Oscar Boseman at wingback. The starting line will probably have Al Phillips and Fred Romanosky, ends; Ted Dostanko and Jim Rees, tackles; Bernie Watts and Charlie Musser, guards, and Harold Saunders, center.

## Baldwin To Address Dairy Foundation

An annual meeting of the North Carolina Dairy Foundation will be held in Withers Hall at N. C. State College on Saturday, November 15, at 10:15 a.m.

Feature attraction of the meeting will be an address by Dr. I. L. Baldwin, dean of the School of Agriculture at the University of Wisconsin and director of the Wisconsin Agricultural Experiment Station. Dr. Baldwin, a former dean of the Graduate School at the University of Wisconsin, is noted for his accomplishments as an agricultural scientist, educator, and administrator. His address will probably deal with the significance of foundations in building stronger programs of farm research and education.

George S. Coble of Lexington, president of the Dairy Foundation, will preside over the meeting.

Julien Rattelade

WANTED: A refrigerator. See Ken Coble.

Vaughn Monroe

(Continued from Page 2) State Teachers College and hired them across the miles while the band was in New York. They are featured on almost all of Monroe's new recordings and are heard regularly on his CBS radio series. Monroe's rise to fame has been almost phenomenal when compared

Trial System

(Continued from Page 3) good points, and it should be the objective of this year's council to correct the errors of the past. This year's Council President, Jennings Teal, is a serious, intelligent leader, and I feel that the 1947-48 Student Government will do much to further the cause of Campus Government at N. C. State.

Sincerely yours, Bill Newell, '47

to the presuccess struggles and headaches that most top-name bands had. Proof of Monroe's popularity is found in the surprise success that he achieved this summer pinch-hitting for Abbott and Costello on the Camel program. In the course of the summer the orchestra built up such a big listening audi-

ence that New York radio columnist proclaimed it the biggest summer replacement program on the air. Rather than give up the advertising goldmine, the sponsor promptly bought time on another network for the program and switched it there when Abbott and Costello returned. When Producer Borris Morros

started searching for the nation's most popular dance orchestra for an important featured role in his motion picture "Carnegie Hall," he had a difficult job on his hands. That Vaughn Monroe came out the undisputed champion is a tribute which the handleader will not easily forget.

"He knows and knows that he knows"

According to the old saying that's the definition of a wise man — and the young man who knows Campus Togs is wise indeed.

Once he has known the comfort, self-assurance and perfect satisfaction of a handsome, well-styled, faultlessly fitting Campus Togs suit, he is sold on the Campus Togs label for good.

He's in the "know," too, about the year-around saving on his clothing budget that the Campus Togs habit means.
