Racial Segregation

The same heart beats in every human breast.

—Matthew Arnold.

The decision of the Student Legislative Council not to practice segregation in seating of the delegates at the Student Legislature down in the Capitol building shows moral integrity, intelligence, and courage in the face of the widespread opposition to the abolishing of segregation in the State.

The race problem can never be solved until racial segregation has been abolished. This belief is held by all progressive and God-guided thinkers of the day. We can never be at rest under the eyes of God until we abolish forever hatred among groups and races, prejudices against groups or color, and the myth that one race is superior to another.

On the other hand, we face reality. Racial segregation will not work in the State of North Carolina at this time. We do not know exactly why little progress has been made toward the evolution of a mature society in this State which recognizes the equality of man before God.

These and other happenings were of such a variance among any established logic or convention that an indelible mark has been handed down to this day which rebels against being ruled by a Negro or finds its way into statements like this, "They'd better stay in their place."

Five Years Ago Tomorrow

Remember Pearl Harbor? About five years ago we would have said, "Remember Pearl Harbor!" Now we question your memory and our memory for it would seem that we, as a Nation, are quickly drifting back into the complacency that made the first Pearl Harbor possible.

Are we engaged in a whirl of studies or business to the extent that we do not give thought and effort for peace? If we are, then we are selling short the men who died at Pearl Harbor, our comrades who now rest beneath white crosses in distant lands.

Sunday has been designated "Gold Star Remembrance Day." This is a good time for personal introspection as we remember those who paid the supreme price.

A Fitting Tribute

The 1946 Wolfpack deserves all the praise and glory we can heap upon them for the splendid manner they have gone about making one of the best football records in the nation. We regret that the shortage of newsprint has not allowed THE TECHNICIAN to give the team the amount of publicity and praise which it so richly deserves.

The invitation to play Oklahoma in the Gator Bowl is an honor that is a fitting tribute to a team, our State College Wolfpack, which has displayed unusual skill, a fine competitive spirit, and good sportsmanship in all ten games played this season.

Plan For Registration

(Ed Note: Read carefully the instructions below for the new plan of registration. The responsibility of carrying out this time-saving plan lies on each individual student. Read carefully—don't "screw up the works!")

- 1. Beginning with the January registration students will make out their own rosters and will be responsible for scheduling the proper courses. Rosters need not be approved by Advisers or Deans except for Graduate and Special Students. 2. Before leaving for the Christmas Holidays, a student should prepare a tentative schedule for the winter term observing the following rules in the order listed: a. Schedule any entrance deficiencies. b. Re-schedule any required course failed the preceding term if the course is offered. c. Schedule Military Science and Physical Education unless completed or unless properly excused. d. Schedule English Composition unless completed. e. Schedule all required work which is offered not in conflict with item "h." f. Schedule courses or sequence of courses, continuing from the preceding term at the same hour the course was taken during Graduate and Special Studies. g. Do not schedule a course for which you do not have the prerequisite. (Credit will not be allowed for courses taken without proper prerequisites.) h. Do not schedule two different terms of the same course, or sequence of courses. i. A student will not schedule more than twenty term credits nor less than twelve term credits without the Dean's approval on his roster. Excess credit will not be allowed without Dean's previous approval.

NOTE: Any variation from these rules should have the approval from the Dean (or Director of Instruction).

- 3. A student should go to his adviser for such information and guidance as he desires concerning his schedule. 4. Registration Dates: a. All students classified as "Freshman" or "Junior" on their fall registration cards will register on Friday, January 3 beginning at 8 a.m. The gymnasium will be closed between 1 p.m. and 2 p.m. b. All students classified as "Sophomore" or "Senior" on their fall term registration cards will register on Saturday, January 4 beginning at 8 a.m. The gymnasium will be closed between 1 p.m. and 2 p.m. c. Graduate and Special Students may register on either day. d. Students entering who were not in school at the close of the fall term will see their Advisers on Friday, January 3 and complete registration on January 4.

NOTE: It is imperative that students observe the above time schedule.

- 5. Student Procedures on Registration Day: a. Any student who has failed so much work that additional advice is needed should go on registration day to the office of his adviser before making out his schedule. b. Each student in his room (or some vacant classroom) should neatly and accurately make out four copies of his roster, selecting courses in keeping with the prescribed regulations under item 2 above, and also as follows: (1) The student's full name and classification should be placed on the roster as it appears on his fall term registration card or permit to register. (2) The student should not fill out the two columns of his roster headed "Teacher Assignment" and "Room." (3) The student should then write and sign the following statement immediately below the last entry on his roster, "I have made out this schedule according to the regulations." c. The student should then report with four copies of his roster to the gymnasium and complete the following items in the order listed: (1) Clear with Treasurer. (2) Present one copy of his roster (the same one each time) to each department for class assignment. (3) When all assignments have been made, he should copy the room numbers on all copies. (The approval under "Teacher Assignment" need not be copied.) (4) Report to the registration desk with the four copies of his roster, and Treasurer's receipt if not a veteran. Veterans will have their rosters stamped by the Business Office in lieu of a receipt. (5) Each student will receive one copy of his roster and his registration card. This completes his registration.

- 6. Regulations for Advisers and Deans (Director of Instruction). 1. Advisers and Deans will be available in their offices on Friday, January 3 and Saturday, January 4 from 8:30 a.m. until 1:00 p.m. and from 2 p.m. until 5 p.m. 2. Advisers should give preference to students seeking advice because of failures, and any returning students who were not in school during the fall term. Students who neglected to secure advice during December. Advisers should not work with students who are trying to register on the wrong date unless no other students are waiting. 3. Deans should approve all rosters carrying more than 20 hours of credit or less than 12 hours of credit. It is suggested the Dean write on the rosters "Approved for ? Credits." 4. Advisers and Deans should not retain any rosters. 5. Advisers should not use time in making out a student's schedule. 7. Regulations for Academic Departments. a. Each department will have one or more staff members at the gymnasium for Friday and Saturday, January 3 and 4 from 8 a.m. to 1 p.m. and from 2 p.m. until 5 p.m. It is essential that at least one department member who can assign students to classes remain in the gymnasium until all students are registered. b. Workers should stop work for the noon hour promptly at 1 p.m. and return promptly at 2 p.m. c. Workers need only approve and enter the room number on one copy of the student's roster, after entering the student's name on the proper class roll. d. Each department may change the class hours on a student's schedule if this does not cause a conflict with other classes.

- 8. Regulations for Business Office. a. The Business Office will use the Auxiliary gymnasium during the two days of registration. b. Non-veterans will receive a receipt or temporary registration card when they clear their accounts. c. Veterans will have their roster approved by an appropriate stamp to indicate they have been cleared by the Business Office. It will be sufficient to stamp two copies. 9. Regulations for Registration Office. a. The Registration Office will check the following items: (1) Clearance with Business Office. (2) Class assignment approvals. b. The Registration Office will retain three copies of the student's roster. (One for the Registration Office and two to be sent to the Academic Dean.) c. The student will be given one copy of his roster and his registration card. d. The Registration Office will be open from 8:30 a.m. until 5 p.m. and from 6:30 to 8:30 p.m. on Thursday, January 2 to enable students to secure blank rosters.

NOTE: These registration changes have been made to give the student more freedom of action and to avoid delays occasioned by waiting in long lines. With these changes go on added responsibility for the student. Students are expected to understand and follow these rules. For example, Friday is devoted to the registration of Freshmen and Juniors. Sophomores and Seniors are expected to stay out of the gymnasium. Likewise Freshmen and Juniors will not register on Saturday. Reminders and Suggestions for Students. 1. Courses which are dropped after the final date for roster changes are recorded as failures. 2. A failure subtracts from your points a number equal to the number of hours failed. 3. If you fail one or more subjects consider reducing your load the next term. 4. If you are not maintaining a good C average or better, consider reducing your load and improve the quality of your work. 5. If you are behind on the count, consider repeating courses which you have previously passed with a D grade. 6. If you desire to review a course which you have previously passed with a satisfactory grade, enter it on your roster plainly marked "Auditing." Audited courses carry no credit or change of credit. You may audit only courses which you have already passed. 7. If you are behind on either credits or points, or both at the end of the year, consider coming to summer school following. 8. A student must pass at least six hours each term for his first three-term period, with a total of at least thirty hours at the end of that period. 9. He must pass at least eight hours each term for the period comprising the next three terms with a total of at least thirty-five hours for that period. 10. He must pass at least ten hours each term thereafter with a total of at least forty hours for each three-term period. 11. He must have at least a C average by the end of the first summer school with a total of at least thirty hours in college and must have at least a C average at the same corresponding time each year thereafter.

NOTE: Items 8, 9, or 10 do not apply to the first term a veteran enters or reenters college.

OPEN-FORUM

Dear Jack, I want to take this occasion to tell State College about its school spirit.

Students, your support has given State College the reputation of having the best school spirit of any other school in the Southern Conference this year. I am not making this statement because of recent Gallup Poll findings, but because of the compliments that have been paid to the school through me.

Articles have been written in the school papers of just about every college that we have played, complimenting State on its support of the team. Wake Forest and Davidson said that we had more spirit than any other team that they had played. Sports announcers and coaches of other schools have given our team support a plug on numerous occasions.

Coach Feathers and the entire football squad have felt the stimulative effect of our "Well, let's give a yell for N. C. State," and they want me to thank all of you for them. Maybe our enthusiastic support of the team has been due to its tremendously successful season, but the fact still remains that we have regained the famous, pre-war "Big Red" spirit and we should be proud of it.

I would like to thank each of you, on behalf of the cheering squad, for your splendid support. Don't forget that there is going to be a roll call on January 1, to yell the "gators" and the foe right out of the "bowl."

Sincerely yours, Bruce E. Beaman Head Cheerleader

The Technician adds its congratulations to the student body for the fine spirit it has shown during this season's football games. This display of spirit is due largely to the excellent cheering squad State had this year. Beaman and his squad deserve much credit for a successful season. Ed.

STRONG FINISH—Eight won and two lost isn't bad at all. In fact, we think it's just dandy. Especially since it got us in the Gator Bowl. We are getting there fast. We really have a fine ball club and good coaching. We were mighty happy last Saturday, but we were mighty saddened by the sight of big John Wagner roaring the side lines and wanting in there in the thick of it despite his bum knee. Tough luck, Wag.

FINALS—This time next week, we'll all be struggling and beating our slim share of brains out because of the finals. We sincerely hope there aren't any suicides this time. So many times we have wandered, dazed and bleary eyed into a class, deposited ourselves on a seat, took a look at the final exam, and got right back up saying, "I'm in the wrong room. I ain't" never seen nothin' like this before." But the prof wasn't going to let a victim out of his clutches so he reassures us that we are in the right room, and says, "Open your eyes, old blind Pu, and you'll see all your classmate's bright, shiny pans." But we didn't, because we knew if we did, we would bleed to death. Let us all stagger through the best way we can.

COMMUNISM????? We would like for someone to tell us why people in different income classes have to pay different amounts of rent for the new pre-fab apartments. It seems to us that just because one guy rakes in more dough than someone else, is no reason for soaking him more for the same thing. We know of one guy who goes to class in the daytime and works at night in order to make ends meet, and because of his earning a few more dollars, he has to pay more for his apartment than another person would who did not work at night. If this guy has enough "get up and go" about him to work nights, then he must certainly should not have to pay more for his apartment. If that isn't out and out communism, then it is hedging very close to it. It certainly isn't this corner's conception of a democracy at work. We invite a blast on this deal.

HUMOR!!!! We hunted high and low for our usual high (?) grade of humor this week and we got so many stinking jokes that we just about gave up, but our luck turned when we went down to Trailwood to talk to our pal, Billy Bailey, one and one half year old son of Warren and Ruth Bailey. "Bill," we says, "You got mighty sharp looking hair. You must have gotten it from your ma." "No," says Billy, "I got it from my pop. His is all gone." Then we were talking to Morris Pickler who at one time aspired to be a lawyer, and we asked why he quit aspiring. The great Pickler just tells us this little joke and walks away without so much as a "so long." Farmer: "An' how's Lawyer Jones a-doin', Doc?" Medicine Man: "Poor fellow. He's lying at death's door!" Farmer: "That takes the cake! At death's door and still a-lyin'!" Everybody else turned poet, so we did too. So we'll end with this little ditty. Little typewriter on the table, You do more than I am able, You get in my page of Corn, Sure as heck, each Tuesday morn. Ed's Note: (Its corn, to be sure.) Let's beat Oklahoma on New Year's Day!

Trailwood Talks

By EDWARD G. ROBINSON When the grocery store in Trailwood was built and began to sell to the people, everyone thought that the prices on articles were to be cheaper than we could buy from surrounding stores. This reporter has been comparing the prices in the Trailwood store with the prices of the surrounding stores and has

found the prices in the Trailwood store to be from one cent to ten cents higher than any of the surrounding stores. Most of us have to watch our budget pretty close and cannot pay high prices that are on every grocery store shelf. The cooperative store will be run by us and you can be assured of paying a fair price for all articles. There was also a promise of fresh meats, but to this date there has been only cheese in the meat box. It has been reported to me that Swift and Co. and also another large meat packer has offered to bring meat out here and yet the store would not permit it. I myself know personally that Mrs. Fox refused to have a meat counter put in the store, for what reasons I do not know. So, people of Trailwood what are you going to do about it? For one thing when your alterman comes to your door and asks you to buy a share in the cooperative store do so for your own sake.

Coach Of The Year?

(Ed. Note:) This is a portion of an article by Furman Baker of the Charlotte News which nominates Beattie Feathers as the Coach-of-the-Year in the Southern Conference. They'll never forget the day Beattie Feathers came out for football at Bristol High School in Virginia. When he sided up to the coach he was barefooted and wore an old pair of overalls. Two years later he was playing first-string fullback at Bristol when he weighed just 145 pounds. Now they'll never forget Beattie Feathers at North Carolina State. He's just given fame-starved Wolfpack constituents the biggest highlight of success they've had since 1927, the year of State's only conference champions. By New Year's Day, when State plays in Jacksonville's Gator Bowl, it will have become the most written-about football team in State's history. Feathers already has been the subject of more copy this year than any coach State ever had, and today he gets glorifying treatment again. Feathers more or less dropped in at State for dinner in 1943. Backfield Coaches Phil Dickens and Babe Wood had gone off to war and Doc Newton's staff was shot. So was Beattie's job at Appalachian, because up at the little mountain school where he'd been head coach for a year, they'd discontinued football. The year 1943 was a miserable one for State and the athletic council decided not to renew Newton's contract. The job was offered Feathers and the most surprised party was he. He'd figured he was strictly wartime freight. It took him just a year to convince himself and the athletic council that he was good goods for peacetime. He was signed to a new three-year contract after winning seven and losing two in '44. The '45 season wasn't so gay. State lost six and won just three, but nobody kicked Feathers' boys around. Virginia gave them their worst licking, 35-6. In any crowd, Feathers is the quietest man around. He wouldn't even be caught tooting his own horn on New Year's eve. He thinks he has the easiest set of assistants to get along with any coach ever had. He depends on Lyle Rich, Babe Wood and Bob Snuffridge for a lot of his strategies, but the feat of organizing and producing the great 1946 team is his. He's the man who'd have been on the fire, if State had had another of those '43 seasons. Another thing, he has to tolerate a situation at State that would cause glorified coaches like Carl Snavely, Wallace Wade and Bob Neyland to tear their hair in a rage. Seldom this Fall has he been able to get his entire squad on the field for a complete practice. State's a school for learnin' and nothing comes before academic work. Labs, afternoon classes and such have kept every man on the squad out of practice circulation at least one day a week. Curt Ramsey, the big tackle, for instance, usually makes a full practice not more than a day a week. He's an engineering major. Bert Dresler, another tackle and kickoff specialist, flunked out and had to leave in the middle of the season. It was nothing unusual to see the lights turned on and the squad working away into the night. It's a daily occurrence that Feathers and his staff gather in the fieldhouse office at 8:00 each morning to organize the day's work. That's why Beattie Feathers is the Southern Conference coach of the year. That's why his football team is going to the Gator Bowl. He's worked hard at it.

Howard Turner Makes All Southern Team

For the third consecutive year, Howard Turner has made the All-Southern team. He along with Charlie Justice of Carolina, Nick Sacrinity of Wake Forest, and Jack Cloud of William and Mary compose the starting All-Southern backfield. The Wolfpack placed three members on the All-State team. Turner made the starting backfield, Paul Gibson was placed on one end, and Taylor Moser made All-State tackle.

Terrors Down Cherry Point Marines, 63-33

Coach Everett Case's 1947 Red Terrors successfully opened their basketball season with an impressive 63-33 victory over the Cherry Point Marines last Tuesday night. Dick Dickey set the scoring pace for State with 15 points. Ritter led the losers with 9 points. The Terrors play a return match with Cherry Point at Cherry Point tomorrow night, and meet the Hanes Hosiery Mill team here next Tuesday night.

SPE Tops PiKA, 7-2 And Gold Edges 3rd Bagwell, 13-12 In Football Finals

Fraternity Championship Series table with columns for Team, W, L, Pct.

By C. A. DILLON An inspired SPE nine, outplayed in the first half, roared back in the third and fourth periods to push across a touchdown after a sustained drive of 42 yards to out score the PiKA's 7-2. The losers had picked up 2 points in the second period after Boger's pass from deep in the end zone was grounded in the end zone.

The scoring play came on fourth down with the ball on the PiKA 5. Haines faded back to the 10 and tossed a high pass to Rierison deep in the end zone. But a PiKA drive late in the ball game almost turned the tables on the winners. With less than two minutes to go, the SPE's attempted a pass with the ball on their own 42. Lampke made a beautiful one handed interception and returned the ball to the midfield. Holloman scooted around left end for twelve yards, and a pass to Fonvielle gained twenty four more yards down to the SPE 14. One pass fell incomplete, but another to Neal gained eight yards to the six with only 3 seconds to play. Holloman passed to Lampke down on the one for what was a first down as the game ended.

The SPE scoring drive came near the end of the third period. Miller kicked out for the PiKA's and Foreman raced the ball from his own 40 to the PiKA 42 before being tagged. One pass was incomplete, and on second down, Rierison lost a yard, but a third down pass netted seven yards to the 36 and a fourth down pass was complete to Boger on the PiKA 30 for a first down. Haines lost one yard, and an incomplete pass made it third down on the PiKA 31 for the SPE's as the third quarter ended. On third down, a third down pass to Haines was complete, and on fourth down, the SPE's gambled on a long pass and it worked—one to Boger down on the 15. Boger lateralled it to Rierison who carried to the 10, for another first down. Haines attempted to go through the line, but he failed to gain. Foreman passed to Haines for five yards, and a third yard pass dropped harmlessly to the ground in the end zone. On fourth down, Haines threw the touchdown pass to Rierison. Thus, on the SPE scoring drive, on each set of downs, their ever important fourth down plays netted them what yardage was needed for either the first downs, or the actual score. On defense, both lines played magnificent games, with the SPE guards and the PiKA ends leading each team's defensive maneuvers. Foreman's short bullet passes, and Haines' long ones sparked the SPE's drive, and Holloman's all-around tailback abilities were the standout of the loser's offense. The PiKA's led in first downs, eight to three. Incidentally, the two points which the losers garnered off the SPE's in the second period were the first points which the winners have yielded all year. On the other hand, this was the first time the PiKA's hadn't scored at least two touchdowns in a single game.

Dorm Playoff Standings

Table with columns for Team, W, L, Pct.

By GEORGE HARRELL Gold dormitory took a hard won decision from 3rd Bagwell by the score of 13-12 to win the dorm Tag Football Championship for 1946.

Taking advantage of every break and capitalizing on Cradle's bulls-eye passing, Gold led at half-time 13-0. In the first half it was all Gold with Bagwell not being able to get started. In the final half, 3rd Bagwell dominated the play while Gold was swamped under the Bagwell rushing and could not make any gain except for a 22 yard pass from Cradle to Gibson.

Gold scored first in the first quarter on a 6 yard pass from Cradle to Mays after Gibson had intercepted DeMarco's pass on the Bagwell 26, and Cradle had passed 26 yards to Mays to the 6. The extra point, which proved to be the winning point of the game was good on a fake kick and pass from Mays to Beam.

In the second period, Thrower of Gold broke through the Bagwell line and recovered DeMarco's fumble on the Bagwell 18 yard line. Cradle then faded back and twirled the ball to Beam who made a beautiful catch on the 6 yard line before stepping out of bounds. After an incomplete pass, Gibson raced around his left end for Gold's second and final tally. Thrower's kick for conversion was wide.

Bagwell Retaliates

Bagwell's first score came on the second play of the second half after Whitfield recovered a Gold fumble on the 4 yard line. On the next play Brown carried the ball over for a touchdown on a quarterback sneak. Evans' kick for the extra point was blocked. Their next score came after an exchange of punts on a sustained drive starting on their own 44 yard line. Brown passed to Mitchell for a first down on the Gold 43. Evans then passed to Brown to the 11 yard line. Evans then went through the center of the line to the 7. On the next play, Evans faded back and looped a pass to Brown who took it in the corner of the end zone for a touchdown. Evans' kick for conversion was wide.

The game ended with Bagwell on Gold's 28 yard line. Bean, Thrower and Rogers played consistent ball in the line for Gold, while Mays and Gibson were outstanding in the Gold backfield along with Cradle whose passing was nothing short of sensational. Whitfield and Pallidino shared honors in the Bagwell line with DeMarco, Brown and Evans shining in the backfield.

It might be interesting to note that Gold's offense entirely consisted of passes. They passed 27 times. It seems that 3rd Bagwell has a little tough luck when it comes to championship games. For the past three years, they haven't lost a game in league play. In 1944, they won the championship, but last year they lost out in the championship game and this year did the same. Acknowledgment should be given to the managers of these two teams for their fine work this year. Melvin Glasner of 3rd Bagwell has done a fine job with his team. He was also the manager last year. Whelass deserves a great deal of credit for moulding his Gold team, the 1946 Dorm Champions.

Honorary Fraternity For Textile Students Initiation Tonight

At the supper meeting of Sigma Tau Sigma Scholastic Fraternity to be held in the Private Dining Room of State College Cafeteria tonight at 7 o'clock, the following students are to be initiated: E. N. Browner, Jr., Hope Mills, N. C.; Joe L. Finley, Wellford, S. C.; G. R. Harper, High Point, N. C.; H. J. Jaramillo, Medellin, Columbia; E. W. Koury, Burlington; W. D. Moser, Burlington; S. C. Schwartz, Baltimore, Md.; D. S. Stillwell, Charlotte; Sidney Anne Tooley, Belhaven; Ji Tsun Woo, Shanghai, China; E. D. Yachan, Santiago, Chile; Alvin Margolis, Brooklyn, N. Y. James Rotan, Cramerton; Herman Harris, James MacDonald, Jr. W. A. Newell; P. W. Nipper; Robert...

Prof. Jack Brogden will become a honorary member upon initiation into the fraternity. Each candidate for membership puffers a pantamine or skirt of a comical solution of a textile problem presented by the Fraternity. The initiation program follows a week of wearing the blue and white colors signifying eligibility into active membership.

Dean Malcolm E. Campbell, Textile School, will speak on "Responsibilities of Sigma Tau Sigma Fraternity." The initiation program will be in charge of Jack Harris who is serving as Master of Ceremony.

This fraternity was organized in 1929, but discontinued in 1943 due to decreasing membership. In October 1945 several eligible members re-activated the chapter, and it is now taking active part in the activities of the Textile School. Prof. T. R. Hart was elected Faculty Advisor and holds that position at present.

The officers of the fraternity are Elizabeth Frazier, Pres., Wake Forest; Jack Harris, Vice-President, Baltimore, Md.; Cyma Saltzman, Sec. New York; Bob Levin, Treas., New York.

Adult Bible Class

Gladys Jackson, director of Religious Education of the West Raleigh Presbyterian Church, has announced the opening of a new Sunday School class, the Young Adult class. The purpose of this class is to fill the gap between the College Department and the Adult department. It will be made up largely of couples, but all young adults are welcomed, whether single or married.

The first meeting will be held on Sunday morning, December 8th at 9:45 in the church auditorium. Reverend Agsten will teach. Dean E. L. Cloyd will teach the remaining Sundays in December.

Legislature Meets

(Continued From Page 1)

others; Johnson C. Smith, Charlotte; John L. Holton, J. Metz Rollins, I. Grantham Simpson, Troy A. Young, Jr., with Frank W. Baker, and Moses S. Belton as observers; Black Mountain College, Black Mountain; Henry Adams and three others; Catawba College, Salisbury; Alex S. Barringer, Albert Correll, Clinton S. Clark, and Earl Koehler; Brevard College, Brevard; A. L. Bramlet, and five delegates; St. Mary's, Raleigh; Jean Strickland and three others; University of North Carolina, Chapel Hill; Ruth Michaels, James Wallace, Don Shropshire, Al Lowenstein, and twelve others, and State, Raleigh: Max Gardner, Jr., Lee R. Roper, Phil Upchurch, Doug House, Al Green, and others.

Parliamentarians Appointed

Parliamentarians have been appointed and provided with advance copies of rules which were adopted from the 1945 General Assembly Rules. The Senate Parliamentarian is James R. Fowler of State, and the House Parliamentarian will be provided by Carolina. The use of the General Assembly rules for the Student Legislature was made possible by the cooperation of Secretary of State Euse.

Housing is being arranged in Raleigh for the delegates, most of whom will spend Friday night in Raleigh. Because of the housing shortage some nearby schools have indicated that they may cooperate by returning to their campuses for the night.

This year's Assembly will be more representative of the students of the state than former assemblies, a fact indicated by the list of twenty-four colleges which includes: Atlantic Christian, Louisburg, Pembroke, Elon College, Shaw University, Brevard, A&T, Duke, Meredith, Guilford, Fayetteville Teacher's College, Carolina, Campbells, East Carolina Teacher's College, Johnson C. Smith, St. Augustine's, Kittrell College, Woman's College, Lees McRae, St. Mary's, Pfeiffer, Carolina, Black Mountain and State. Other colleges are expected to attend, but their names had not been received when we went to press.

Ag Club Has Election

The "Ag" Club met Tuesday night in the west side of the cafeteria. The program consisted of a smoker and the election of officers for the Winter Term. After ice cream was served, smoke and heated campaign talks began to fill the air. Officers elected for the Winter Term are as follows: President, Guy Jones, Kinston, N. C., Vice-president, Bill Younts, Greensboro, N. C.; Secretary, John D. Mackie, Yadkinville, N. C. and Reporter, Wade Johnson, Booneville, N. C. Alton Wilson, Hillsboro, N. C. was appointed program chairman.

A Message From Our President

To the Citizens of the State College Community:

It is every man's responsibility as a citizen of the State College Community to conduct his personal life in the common good of N. C. State College and all its citizens.

Recently a few inconsiderate students have been guilty of disturbing the rights of others by exploding firecrackers in the dormitories and elsewhere on the campus. Many of us veterans have not yet fully recovered from war nerves, and these sudden explosions are detrimental to our mental health. The rest of the students do not want their studies interrupted by these uncalculated disturbances.

Article IX of the By-Laws of the Campus Government and Honor System states:

"Any student who discharges firearms, or explosives of any kind in the dormitories or on the campus, except as prescribed by the R. O. T. C. Department, shall be punishable at the discretion of The (Student) Council."

The purpose of the Campus Government and Honor System is not to punish students and faculty may exercise their rights as citizens of the State College community. To do this is to be alert, each person on the campus, to stamp out this totally undesirable nuisance.

Let us all work together to promote a genuine sense of civic responsibility in every person at N. C. State College.

Fred H. Wagoner
President, Campus Government
and Honor System.

Student Council Busy As End of Term Nears

Last week the Student Council was busy getting some long standing agenda and various issues under its belt in preparation for the next term. Cleared out of the way was the investigation and report on the college laundry situation which has been severely criticized by the student body as a group. Appearing as a feature article on the first page is a detailed report on the investigation and steps being taken to render better service in the future.

Other items considered at the meeting included discussion about the shooting of fireworks by a few thoughtless students. Before the meeting adjourned the advisability of changes in the present cut system was brought to the Council's attention. The Investigation Committee has already gotten started in distributing questionnaires to other college campuses to find out what type of cut system is employed in these comparable institutions. This report and the action taken by the

Nursery Opening

West Raleigh day nursery opens Monday, December 9th in the West Raleigh Presbyterian Church. Hours are 8:30 to 1:00 every day. For information concerning the Nursery call Mrs. Howard Massey at—20480.

Council will come up at the beginning of the next term. The development of the issue should prove to be very interesting.

Foresters Hear Talk On Paper Manufacture

Mr. Kenety, paper and pulp manufacturer, spoke to the members of the Forestry Club Tuesday night on "Paper and Pulp Production." Mr. Kenety is the Executive Secretary of the American Pulp and Paper Manufacturers Association.

He discussed the history of pulp manufacture briefly and told the foresters about the different processes used in paper plants in America, to acquaint the boys with an industry which is, in Mr. Kenety's words, "begging for good men."

Gregory Speaks On Peanut Production

Problems of peanut production were discussed by Dr. W. C. Gregory, head of peanut research at State College, at the regular meeting of the Agronomy Society Tuesday night. According to Dr. Gregory, the most pressing problems of production are a mechanical harvester, fertility, insects, and breeding.

Some plans have been drawn for a mechanical harvester but a working model has not been completed. This may cut the labor at harvest time down as much as 90 percent, according to Dr. Gregory. More has been done to combat diseases and insects than for any other problem. The next meeting will be held in Room 85, Patterson Hall on January 18. All members and all who are interested in agronomy are urged to be present.

Old Clothes

Anyone who did not get the chance to turn in clothes for the "Old Clothes" drive conducted last night may do so at the Y.M. C.A. desk.

Legion Holds Meet

State College Post No. 293, American Legion, held its third meeting of the fall term Monday night, December 2. R. E. Norment, Jr., a freshman in the School of Engineering, was elected to fill the post of Second Vice-Commander. The post endorsed a resolution approving a pay raise for teachers. Full particulars of this resolution will appear in next week's issue of THE TECHNICIAN.

F. F. A. Members

The F. F. A. will meet on every first and third Monday night at 7:00 in Room 121, Tompkins Hall, beginning next term. Watch for an announcement for time and place of picture for the Agromeck next week.

Masons

The State College Masonic Club will hold a meeting in the front north dining room Tuesday night. All masons are welcome. Time will be 6:00.

Phi Kappa Phi Names Fifteen New Members

The honor society of Phi Kappa Phi here at State College has elected 15 seniors as its student membership for this school-year. Prof. W. M. Hicks, president, announced this week. One of the highest honors that can come to a student of an engineering school, membership in the society is determined by high scholarship, character and leadership ability. Only members of the senior class and faculty members previously elected are eligible for Phi Kappa Phi which is to the technical school as Phi Beta Kappa is to the liberal arts school.

Seniors elected to this high honor are: A. A. Armstrong of Gastonia; I. D. Austin, Kelford; W. M. Bland, Jr., Portsmouth, Va.; R. E. Brickhouse, Warrenton; S. B. Burwell, Henderson; E. R. Cole, Phoebus, Va.; E. R. Conway, III, Greenville, N. C.; C. E. Grigaby, Hilton Village, Va.; J. H. Humphrey, P. H. McDonald, Carthage; M. J. Pickler, New London; J. B. Sinson, Booneville; J. R. Turberville, Atlanta, Ga.; S. C. Wilbur, Charlotte; and M. S. Williams, Hillsboro.
