WSSF Will Be Initiated With Visit By Miss Thomas

The World Student Service Fund initiates its 1949 program on Sunday morning, January 30, at the Fairmont Methodist Church with a talk to the college class by Miss Rhoda Traherne-Thomas.

Miss Thomas brings to the WSSF an unusual background. She was born in and educated in Wales, living there until the outbreak of the war. By the time Miss Thomas was twelve years of age, she had crossed the Atlantic nine times and had visited many of the countries in Europe.

At the outbreak of hostilities Miss Thomas came to Canada and then to the United States. She attended school in New York, at Ashley Hall in Charleston, S. C., and graduated from Smith College. She has also done graduate work at the University of Wisconsin.

While in college Miss Thomas was on the Christian Association Cabinet for two years and was a member of several Student Christian Movement regional committees.

After the end of the war she revisited Wales, England, Holland, and returned to the United States via Iceland. At which time she assumed the responsibility of heading the very successful Smith College Relief Committee which contributed \$7,000 to the WSSF.

At present Miss Thomas is on a tour of southern colleges and universities. She plans to visit nineteen colleges in North Carolina.

Activities for Sunday, January 30, include a talk to the college class at the Fairmont Methodist Church at 9:30. Following this Miss Thomas will speak at the regular church service at the Verville YMCA. That night the YMCA and church groups will sponsor a meeting at the college YMCA auditorium.

Monday, Miss Thomas will speak to the YMCA Cabinet at their regularly scheduled supper meeting in Room A of the cafeteria at 6:00 p.m.

At 7:00 p.m., Tuesday night, the Freshman Fellowship of the YMCA will be privileged to hear Miss Thomas speak at Tucker dorm.

MISS RHODA THOMAS

McIntyre To Play For Engineer's Ball

Hal McIntyre and his orchestra, featuring Frankie Lester and Betty Norton, will play for three dances, Feb. 18-19 at the annual Engineers' Ball.

Hal McIntyre is a former member of the late Glenn Miller's band and has been greatly influenced by the late band leaders music and executive ability. Mac plans to play numbers at the Ball in the ratio of 5:1, that is, five slow numbers to 1 fast number.

The first dance, Friday night, February 18th will be informal and will run from 9 until 12. Saturday afternoon, February 19, Hal will play for an informal afternoon tea dance from 3-5 and all students, regardless of curriculum, will be admitted by registration card. Saturday night from 9-12, a semi-formal dance and feature of the whole Engineers' Ball will be given.

The dance committee, of the Engineers' Council, headed by Louis Allen, has done excellent work in bringing this fine band to State College.

Advisory Budget Committee Recommends Tuition Raise

The Advisory Budget Committee of the 1949 Legislature has recommended that the tuition at the three units of the Greater University of North Carolina be increased to at least \$150. At present, State College's tuition is \$90, Carolina's is \$81, and at Woman's College it amounts to \$50. The Advisory Budget Committee made the recommendation to the Board of Trustees of the Greater University.

In the budget estimate, the increase for State College would be \$60.

The Board of Trustees by law determines the tuition fees, and the Visiting Committee, of the Board of Trustees, which met here at State Monday adopted a resolution that they resented the attempts of the Advisory Budget Committee to "ram the increase through." The entire Board of Trustees will consider the proposed increase on February 21. If the Board does not wish to increase the tuition they will ask the General Assembly to make up the deficit.

The students at Chapel Hill have protested any increase in tuition and they are requesting the students at Woman's College and State College to join with them as they feel that an increase is far too excessive on a percentage basis. The increase amounts to 200 per cent at Woman's College, 67 per cent at State College and 85 per cent at Carolina. The national average increase in any state supported institution has been only 30 per cent for the entire period of 1939-47. The national average tuition in schools of arts and sciences is \$98, for agricultural schools \$89, and for engineering schools \$100.

O. Max Gardner, Jr., who is strongly opposed to the proposed increased tuition, brought the matter up at the Visiting Committee meeting Monday. Max, a law student now at Carolina, was elected to the Board of Trustees while still a student at State College. In his opinion, he feels that the increase would not be felt so much now while the government is paying the tuition for the majority of the students as later when the veterans have graduated.

Gardner said further, that he felt it would be highly inconsistent (Continued on Page 4)

Development Of Personality Urged By Harrelson

"Personality development should be taught to N. C. State students," declared Chancellor J. W. Harrelson at a call meeting of the entire faculty Monday.

Chancellor Harrelson strongly advised the general faculty not to neglect students as individuals in their zeal to teach "subjects" alone.

"It has been called to my attention that many of our alumni fail to possess pleasing personalities which are essential in the business world. People without well-developed personalities accomplish very little in administrative and executive fields," he asserted.

"It is the responsibility of the faculty to assist in teaching these traits," the Chancellor advised. "It is an astounding thing to think of the industries who are looking for personalities and can't find them."

The Chancellor called for more personalized teaching and better cooperation between student and teacher. "The development of a good personality cost no money, but it reaps large dividends," he pointed out.

Traffic Violators

Eleven State College Students were fined \$7.95 each for violation of Campus traffic regulations.

The students were Thomas L. Booth, Jessie A. Aldridge, Jr., J. N. Smith, E. D. Miller, Robert Gleason, Eugene F. Pittville, Macy Falknor, D. Keith Ahie, William S. Hall, James McKinley Davis, Jr., and Noah Linis Dixon.

Russian Reporter To Speak Friday

Robert Magidoff will appear here on Friday evening, February 4, at 8:00 p.m., in Pullen Hall, N. C. State College, on the Public Lectures Program, under the sponsorship of the Engineers' Council. He was born in Kiev, came to the United States as a boy, became an American citizen and attended New York City schools. He was graduated from the University of Wisconsin in 1932 and soon after returned to Russia to do postgraduate work. Since then he has spent the major part of his time in the Soviet Union, working first for the Associated Press and later joining the National Broadcasting Company as its Moscow correspondent.

Junior Class Selects Rings This Week

The contract for the manufacture of rings for the class of 1950 was awarded to the Josten Ring Company of Owatonna, Minnesota at a meeting of the Junior class January 20. Four other companies submitted bids, but the ring committee selected Josten, who, in their opinion, offered the best advantages as to price and quality.

On Monday, Tuesday, and Wednesday of this week the company's representative has been filling orders in the YMCA. By ordering early, the company has promised personal delivery of the rings by April 10.

Prospective buyers have a choice of three sizes, 17 pennyweight which sells for \$36.84, 14 pennyweight for \$34.19, or the 12 pennyweight which sells for \$31.92. All prices include 23 per cent tax. Each student will have a choice of either a high, medium, or low buff or a facet face for the stone of his ring. He will also have a choice of four kinds of finishes; either Military brown, antique green, double oxidized gold, or Russian. The class voted that the shape of the mandrel would be oval.

In upholding the choice of the ring committee, President Emmett Bringle of the Junior class gave the following reasons for giving the contract to the Josten Company.

1. Second lowest price at the outset.
2. Encrusting was cheaper.
3. Representative will deliver initial shipment personally.
4. Made of special processed gold.
5. Will engrave full name and address if possible.
6. Lettering will be better balanced to the size of ring.
7. Setting of stone guaranteed to be square.
8. Ring will be completely replaced in future years for \$10, using old stone.

New Interdormitory Council

By GILBERT MAXWELL
Plans are now complete for a full-scale Inter-Dormitory Council, it was announced here this week by Fred Kendall, president of the Campus Government. The new council will resemble the older Inter-Fraternity Council, both in organization and function.

The Council is a direct outgrowth of the Dormitory Clubs which are being organized in every dorm on the campus. The dorm clubs have a president, a vice president, and a secretary-treasurer which are elected by the men in the dorm. In addition, there are section representatives from each floor, who with the officers, comprise the club council. Each Dormitory Club selects two representatives, one of which is the president, to the Inter-Dormitory Council. This Council is in turn organized in the same manner as the Dormitory Club.

Putting the governing of dormitory life entirely in the hands of the student is the ultimate aim of the Inter-Dormitory Council. The Council will represent more than

three thousand men out of the five thousand at State, and with their support and interest it could be the most powerful body on the campus. The Chancellor, Dean Cloyd, Dr. Anderson, and the dormitory officials have reviewed the plan and have given it their blessing. The actual organization process will get underway as soon as the dormitories have finished electing their officers and can name their Council members.

The Council and Dorm Clubs will gradually take over the function of making rules for the dorms. They will elect their own dorm assistants to provide guidance for the clubs and do the administrative work. The new set-up is expected to provide a broader social life for the men in the dormitories and in general make life at State College a little more pleasant. Both the Inter-Dormitory Council and the Dormitory Clubs will depend on student interest to make them effective. If you want the Council to succeed, let it be known by showing your interest in its work.

Seniors Vote One-Day Graduation Ceremonies

By JOHN THOMPSON

The Senior Class met at 12 o'clock noon last Tuesday in Pullen Hall for the purpose of voting on a motion submitted by the President of the Senior Class, Oscar K. Bozeman. This motion concerned the length of the graduation exercise. That is, should the exercises last two days or one?

Bozeman called the meeting to order. This was followed by a treasurer's report by Earle Hunt, Senior Class treasurer.

The following motion was made, seconded, and passed by an overwhelming majority. In fact, there was only one negative vote.

The Senior Class, 1949, in regular session at 12:00 o'clock noon, 25 January, 1949, hereby submits the following resolution, and strongly request that every effort possible be made to insure its formal adoption:

(1) Whereas, the present program of graduation exercise extends over a period of two days, thereby making it necessary for parents and friends of graduates to remain in Raleigh overnight, which generally is a great handicap, or an impossibility.

(2) Whereas, we, the Class of '49, feel the same as all graduating classes before us, that graduation time is a great occasion for ourselves, parents, and friends; therefore, we, in formal session, overwhelmingly request favorable action on the following petition.

That beginning with graduation exercises of the Class of 1949, and continuing for an indefinite time thereafter, the complete graduation exercises be held on one day, Sunday, following final examinations; that the Baccalaureate Sermon be held at 11:00 o'clock on said Sunday (Continued on Page 4)

Sears-Roebuck To Renew Scholarship

A \$200 scholarship will be awarded next year to one of the 20 freshmen who have just received their last installment on \$100 scholarships for this year, as announced by the office of Dean of Agriculture.

The Sears-Roebuck Foundation is making possible these awards. Next year's \$200 award will be made to the freshman making the highest grades during his freshman year.

Eugene Yonts of Lexington, a freshman in Agricultural Education, made the best record of the twenty freshmen last term. Yonts made 42 points on 18 credit hours. William C. Wilson of Carthage is second and Thomas H. Garner of Farmer and Rex Shuler of Clyde are tied for third place.

The \$200 sophomore award for the present school year was won by William F. Miller, of Laurel Springs.

Concert In Pullen Open To All Students

A swing concert by Charlie Barnett's orchestra in Pullen Hall beginning at 3:30 p.m. tomorrow afternoon will open the weekend for the lint-dodgers. For the first time in concert tradition, the swing concert will be open to all State College students . . . Ags and Engineers included.

The annual Lint Dodgers' Ball

Winter Enrollment Tops Five Thousand

The winter term enrollment of State College is composed of 5,081 students, the College's Office of Registration reported today.

The final tabulation of the enrollment figures showed that there are 57 women and 5,024 men. Included in the total figure are 3,410 veterans of World War II.

The enrollment as divided by schools follows: 1,052 students in the School of Agriculture and Forestry; 259 in the School of Design; 385 in the School of Education; 2,418 in the School of Engineering; 914 in the School of Textiles; and 53 graduate and unclassified students.

A breakdown of the students by classes showed that the senior class, with 1,406 students, is the largest class. The junior class was second with 1,216. The freshman class has 1,112 and there are 1,065 sophomores. The total number of graduate students stands at 229.

A total of 223 veterans enrolled for the first time during the winter term. New freshmen reporting for the first time numbered 47, and there are 70 students who transferred from other colleges and universities.

will be held tomorrow night in Frank Thompson Gym 9:00 p.m. until midnight. Music will be by Charlie Barnett and his orchestra, a coast-to-coast "name" band. Barnett's band will feature Frances Lynne and Chuck Clark, and present its new style of music at the Ball.

First Outing Club Is Great Success

Last Friday night marked the initiation of the N. C. State Outing Club meeting at the YMCA into the ranks of organizations on the State College Campus. Although its existence is as yet provisional, the final acceptance of the club is pending presentation of the constitution, which is now being drafted, to the Faculty Council.

Starting the ball rolling was Frank Brandt who for his wide range of experience in the field of hiking, outing, and sporting was elected chairman of the Club. Other officers elected were as follows: vice-chairman, Jim Huff; secretary, Leon Coulter, and treasurer, Max Halber. The organization, although completely independent of any group or headquarters, has its counterparts in nationwide collegiate outing clubs on various campuses. Activities and programs of the club will be hikes, (short, all-day, and overnight) canoeing, mountain climbing, (skiing), picnics, square dances, and other outdoor diversions.

Members present at this first meeting were Jerry Johnson, Earnest Colton, George Feldman, Joe Weaver, Bill Arden, Tom Sprinkle, Leslie Barnhill, Dick Wallenhorst, Fred Pokorny, Ed Needham, Bob Christie, Don Strickhouser, A. C. Tournage, Sam Rich, Fox Tate, Tom Sheets, Bob Thomason, Don Keever, Tom McCall.

The next meeting of the club will be on Friday, January 28, 1949 at 7:15 p.m. at the Y.M.C.A. at which time refreshments will be served and new members will be introduced.

Oil Executive Cites Need For Research

The future of the United States depends upon its engineering skills and its capacity to develop new products for human consumption, Capt. A. A. Nicholson, assistant to the vice-president of the Texas Oil Company, said in a talk at State College.

Captain Nicholson, speaking at a meeting of the Raleigh Section of the American Society of Mechanical Engineers Monday night, stated that the research and development work of engineers will lead to the production of more goods for the use of mankind and will bring higher living standards and more employment.

This production, he said, will ultimately promote permanent peace.

Nicholson was introduced by Frazier M. Edwards of Raleigh, supervising lubrication engineer for the Texas Company. The program chairman for the meeting was Prof. T. C. Brown of the State College Department of Mechanical Engineering.

WSSF Representative To Speak Here Sunday

Miss Rhoda Traherne-Thomas, representative of the World Student Service Fund, will speak at a public meeting of the YMCA Auditorium at 7 p.m., January 30. She is being sponsored by the religious groups on the campus.

Miss Thomas, a graduate of Smith College, was born in Wales. She received part of her education there and in England before the blitz. Later she came to the United States and attended school in New York City and Charleston, S. C. She visited France and Norway before the war, revisited Wales and England in 1947, spent some time in Holland, and returned to the United States via Ireland.

Miss Thomas will also speak Sunday morning, January 30, at the 11 a.m. church services at the West Campus YMCA; Tuesday night, February 1, to the Freshman Fellowship Club; Sunday morning, January 30, at the College and Couples Class at Fairmont Sunday School; and Monday night, January 31, at the 6 p.m. supper meeting of the Y Cabinet.

Dorm Doings

By GILBERT MAXWELL

Taking first place in dormitory news this week are the elections which are taking place all over the campus. Owen and Tucker were to have finished their elections by the middle of the week, with other dorms rapidly following suit. There has been a great amount of excitement over the elections, and the politicians and would-be politicians have had a field day. Especially tense is the presidential race in Berry, where Reuben Miller and Willard Davis will face off in the final election next week.

It will be of great benefit to get the elections over as soon as possible, so that the inter-dormitory council may be organized and begin functioning. There are many problems that the council can tackle as soon as it becomes a reality, and the sooner this happens, the sooner we will get some action. The council has the blessing and support of the administration, and with your support should make rapid strides toward becoming one of the most powerful forces on the campus.

Party for Upper Owen

The boys out in Upper Owen are

at it again—they have arranged a party at Peace College tomorrow night. Plans call for an informal dance with ample refreshments. Bill Humbert, social chairman in Upper Owen, is in charge of arrangements. He has been assisted by a committee composed of Peachy Spruce, Douglas IX, George Hawkins, and Jerry Filicciate. They have been assisted by Miss Joyce Fowler, director of physical education at Peace.

It might be well to point out that there is opportunity for other dorms to throw parties, in cooperation with Peace or the business women's sorority here in Raleigh. If you want a party, get a group together and contact your social chairman. There's no point in letting somebody else have all the parties. You, too, can be a social butterfly.

Library Receives Private Library

The personal library of the late H. H. Brimley, Raleigh naturalist and author, is now in the process of being incorporated into the D. H. Hill Library, according to H. C. Brown, college librarian.

The collection of more than 250 volumes was presented to the library over two years ago by Mrs. Bessie Love Brimley. The lack of personnel to process and catalog the books had heretofore delayed their placement on the circulation shelves. A few volumes at a time will be made available to the public during the process of absorption.

Besides birds, the collection of books pertains to many subjects. Wildlife, hunting and fishing, the sea and ships, pirates and pirate lore, exploration and adventure, and falconry are among the topics.

The Campus Dispatch

It is not what he has, nor even what he does, which directly expresses the worth of man, but what he is.

AMIEL, *Journal*.

By OSCAR WILLIAMS

Tuesday the Campus Government Council considered the problem of students who break through the registration line. Students have created the problem by devising ingenious methods of registering before their alphabetical group.

There is feeling that now is a good time to consider preregistration at State. With this system students would register for their classes before going home for vacations and holidays.

Departments would have ample time to work out satisfactory schedules, and students would have more time at home. The present confusion and conflicts at the beginnings of terms would be eliminated.

West Haven Gets \$150.00 for a recreation building from the Campus Government Treasurer. The appropriation passed unanimously after Treasurer Preston Andrews reported that it would not upset the budget.

Higher Tuition?

Secretary Jim Gardner bought up the proposed tuition increases. The Greater University Board of Trustees is considering an increase that would raise tuition at State 60 per cent.

The Welfare committee will recommend whether or not the Campus Government should take an official stand against the increase.

NSA Speaker

Helen Jean Rogers, Secretary of the National Students Association,

will speak here February 22. Miss Rogers will make a talk on her organization Tuesday night at the YMCA.

The Council urges students to take advantage of the opportunity to hear a first-hand report of NSA. Miss Rogers' visit may decide the issue of whether or not State joins NSA.

Duke, State AIEE Chapters To Meet

Next Tuesday State College will be host to the members of the American Institute of Electrical Engineers from Duke and State at a joint meeting to be held in the YMCA auditorium. The meeting is slated for 8:00 and features Mr. N. H. Erlandson of the Carolina Power and Light Company as guest speaker.

Mr. Erlandson will talk on "The Design of Distribution Circuits." The talk will cover the economical design of distribution feeders, the voltage limits governing the design of these systems, and the methods by which the desired voltage limits can be obtained.

Mr. Erlandson is well qualified to speak on distribution circuits. After receiving the Bachelor of Science and Electrical Engineer degrees from the Armour Institute in 1926, he came to work for the Carolina Power and Light Company, where he is now distribution design engineer.

Refreshments will be served following the talk. All students and faculty members are invited to attend.

Chemical Fraternity Honors Thirteen

On Thursday evening January 20, 1949, thirteen new men were initiated into the Alpha Beta Chapter of Gamma Sigma Epsilon national honorary chemical fraternity. Each year Gamma Sigma Epsilon selects its new members from outstanding students who have distinguished themselves in the field of chemistry. Members are selected on their character, scholastic standing, and ability in their fields of chemical study.

The following men were initiated into the N. C. State College Chapter of Gamma Sigma Epsilon: John K. Allen, Greenville; Jack M. Davis, Charlotte; Gordon D. Duncan, Daytona Beach, Fla.; James Floros, Charlotte; Eugene Glock, Brooklyn, N. Y.; Solomon P. Hersh, Winston-Salem; James H. Holmes, Hamlet; John S. Noell, Raleigh; Robert E. Overing, Raleigh; Francis M. Patton, Jr., Asheville; Harry J. Suggs, Gastonia; Roy S. Thomas, Jr., Greensboro; Lyle V. Wade, Greensboro. Arrangements are being made to honor these new members at a banquet.

Gamma Sigma Epsilon was founded at Davidson College in 1919 and today has chapters in seventeen universities throughout the country. At N. C. State College the Alpha Beta Chapter awards each year the Gamma Sigma Epsilon cup to the senior judged most proficient in chemistry.

Officers of Alpha Beta Chapter are Arthur A. Cline, Grand Alchemist; Jonathan I. Thigpen, Recorder; Norman E. Taney, Visor; Glenn P. Moser, Sergeant-at-Arms; Dr. W. A. Reid of the Chemistry Department is the faculty advisor.

KA's Turn Rebel For Annual Ball

Possibly you have seen some boys around the campus during the past few days who are in the process of growing burns, mustaches, or maybe a complete beard. Don't think these boys too out of place as they are only preparing for the Confederate Old South Ball that is to be held in Memorial Auditorium on February 5.

The chapters of Kappa Alpha Fraternity at Carolina, Duke, Wake Forest, and State are sponsoring the ball jointly. Such balls have been held in other parts of the country by other KA chapters with a great deal of success.

The events for the week-end begin officially on Friday night, February 4, at midnight when the four chapters will secede from the Union for twenty-four hours. The proper authorities will be notified of this action. Saturday's activities will begin at noon with a luncheon at the KA house on Hillsboro Street for the national officers of the order. A reception with all chapters attending will be held at the Bon Air Supper Club from 2 to 4:30. At 5 p.m. a parade will be formed

Barnwarming Plans Revealed By Ag Club

Johnny Satterfield is going to play for the annual Barnwarming to be held March 5. It was also announced that only those dressed in blue bib overalls for the boys and cotton dresses for the girls will be admitted to the dance.

These plans were announced at the Ag Club meeting last Tuesday night, when plans were also announced for the annual Livestock Day. The Day will be held at the same time and in conjunction with an Alumni meeting on April 29 and 30.

Next February 8, the Ag Club program will be an amateur show. All students in agriculture who are interested in putting on some kind of an act for the club are urged to contact Bill Allen.

down Fayetteville Street with everyone in full regala. Later in the evening a banquet at the Bon Air will complete the activities prior to the ball later that night.

Blue Barron and his orchestra will furnish music for the ball Saturday night at the auditorium. Decorations will emphasize a Confederacy motif, and all the guests will be dressed in costumes depicting this era in American history.

How rhythmic can a rhythm song be?

You'll know when you hear Blue Barron's new waxing for MGM Records—
"Powder Your Face With Sunshine"

The Barron has a foot-tapping arrangement here—a combo of Dixie, shuffle and 2-4 time. It's sure-fire styling for a danceable hit tune. And on the flip, Blue puts "Cruising Down the River" into fast waltz time. Blue Barron likes to mix his rhythms—but in smoking, he sticks to one brand—Camel. Here at the right, Blue is telling his vocalist, Betty Clarke, about Camels.

How MILD can a cigarette be?

Make the CAMEL 30-DAY TEST... and you'll know!

Yes, make the 30-day Camel Mildness Test. See for yourself how mild Camels are. In a recent test of hundreds of people who smoked only Camels for 30 days, noted throat specialists, after making weekly examinations, reported

I KNOW HOW MILD A CIGARETTE CAN BE! I'VE SMOKED CAMELS FOR YEARS!

THE 30-DAY MILDNESS TEST CONVINCED ME. CAMELS ARE SO MILD—AND TASTE SO GOOD!

NOT ONE SINGLE CASE OF THROAT IRRITATION due to smoking

Camels

Money-Back Guarantee!

Smoke Camels and test them in your own "T-Zone." T for taste, T for throat. If, at any time, you are not convinced that Camels are the mildest cigarette you ever smoked, return the package with the unused Camels and we will refund its full purchase price, plus postage. (Signed) R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

EDITORIALS

No Corsages . . .

Corsages are out of place at State College Dances. Although most of the students here know and abide by this fact there are always a few who either haven't heard that corsages just aren't given or who are hell-bent on impressing everyone with the size of their bank-roll. The only exception to the no-corsage tradition is in the case of the sponsors for the dances. These corsages are invariably purchased by the organization putting the dance on and are given as a token of thanks to the young ladies sponsoring the event.

We don't mean that there is a rule that you can't send flowers; we mean that it just isn't done.

An Oral Exam . . .

In last week's issue of *The Tiger*, Clemson's student paper, it came to light that State College is not the only place where there is some concern about cribbing on the part of students. Editor McNeil Howard offers his solution for cribbing and honor systems, which is surely foolproof.

While the verbal blows are falling hot and heavy about the honor system, the Editor may as well get his two cents worth in.

It seems that the question is one of educational methods rather than of morals. This throws the whole thing in the lap of the faculty.

If the major premise that no written examination, no matter how well-designed, really finds out how much the student knows, is accepted, then the solution would lie in oral comprehensive examinations such as are in use at "progressive schools" already. Without question, there is no way for cheating to take place on an oral quiz.

Then, any kind of honor system is simply a frantic measure, a seemingly futile attempt, to improve an inefficient process.

Do away with the ten hour lab reports, the exhaustive (exhausting) written exams, and other assinine, needless routines that are required, and you have removed the impetus for "skinning".

An honor system seems so juvenile for college men that it is analogous to playing ring-around-the-roses on Bowman Field.

Of course, at a place where the student body is as large as State's, the exam schedule would really be a complicated masterpiece.

The Greater University Council . . .

Sometime this month, the Campus Government will vote on whether or not State College will participate in the Greater University Student Council. A full report on all the work that has been done in the formation of the proposed Student Council will be presented and will contain excerpts from the minutes of the State College delegation meetings and the names of those students who have worked hard to make it work.

There has been expressed in the opinions of some students a belief that the Student Council is Carolina-born and bred, that State College and W. C. will be the scape-goats for everything that the Carolina leaders want. In short, no good will come of it for State College. Now, before the idea develops further, is a good time to dispel any fears about the Greater University Student Council.

It is true that the idea came from student leaders at Chapel Hill. And in the opinion of the students from the institutions that have worked on it, it should have been thought of a long time ago. That idea has developed from a meeting of a handful of students representing the three institutions during the fall term to a constitution and a list of projects that were accepted at a meeting two weeks ago.

The foundation has been built on firm ground, and equality has been the keynote of all meetings. Some of the points to substantiate this are: (1) all action taken by the Council must receive three votes, one from each group. In other words, the State College delegation would cast one vote, and that one vote would be decided by a majority of the members of the delegation. No action would be taken on anything in which all schools do not agree; (2) Each school shall have at least one officer, and (3) the place of the meetings will rotate among the three schools.

When the State College group went to the first called meeting, it took a list of principles which it thought would be ideal for such a group. The other two delegations readily accepted them. Therefore, the group action will be based on principles drawn up by State College students. Two State College men served on the Constitution committee. And the Constitution was accepted with little or no change.

The list of projects mentioned at the meeting two weeks ago were published in *The Technician* last week. And for those who were concerned about the group working on appropriations, the nearest action taken was the appointment of two students from each school to serve on a liaison committee between the Council and the administration of the Greater University.

Now is the chance to remove the quotes when we speak of "brother" institutions, and to promote the kind of adult relationships between the student bodies that is needed. It can be the beginning of a great work at unifying the three units to pull for better instruction, better campus life and spirit, better physical plants, and other things yet unthought of. Eleven State students have worked hard with those from Carolina and W. C. and are satisfied with the results. They have put full faith in it. Let's help make it work!

N. C. STATE COLLEGE STUDENT GOVERNMENT FALL TERM FINANCIAL REPORT—1948

Balance brought forward Sept. 16, 1948	\$609.76
<i>Income for Fall Term</i>	
Fees	\$415.73
Meals	171.20
Total amount to be accounted for	\$1196.69
<i>Expenditures for Fall Term</i>	
Office Expenses	
Printing	\$ 21.94
Operating expenses	
Supplies	\$10.00
Telephone	25.64
Miscellaneous	17.57
	52.21
Salaries	245.00

Total Expenditures	\$1081.14
Balance on hand Dec. 31, 1948	115.55
	\$1196.69
* Incurred during summer school.	
* For summer school \$86.25.	
† Lost on meals \$13.60.	
E. P. Andrews, Treasurer.	

Latest Draft Information

The State College Deferment Board which will recommend first year Basic ROTC students for deferment from induction under the Selective Service Act will begin meetings early in February. The Board consists of eight members, five of whom are members of the Military faculty and three of whom are members of the Academic faculty.

Academic faculty members of the Board are:
W. L. Mayer, College Registrar; R. N. Anderson, Director of Student Personnel; and W. Ned Wood, Assistant Dean of Students.

Military faculty members of the Board are:
Lt. Colonel Howard E. Price, Signal Corps; Lt. Colonel Eugene A. Dees, Infantry; Lt. Colonel James H. Stell, Infantry; Captain Elwin O. Brown, USAF; and Captain Henry Romanek, CE.

Records Considered

Recommendations of the Board will be determined by a consideration of both the Academic record and Military record of students and the score made on Qualifying tests to be given in January.

It is expected that all first year Basic students with good Academic and Military records and a good Qualifying test score will be recommended for deferment. Those recommended for deferment will be notified as soon as the Board submits its report and recommendations to the PMS&T and the PMS&T for air in the case of air students which will be early in March. Those recommended for deferment and who accept the terms of deferment will be certified for deferment to their local Selective Service Boards and will continue in a deferred status as long as they remain in good standing in the ROTC and in their college courses. Students whose records do not

meet the required standard for deferment when the Board meets in February may be reconsidered for deferment during the spring term. If their academic and Military records have improved to a satisfactory degree and they have a passing score on the Qualification test they may be recommended for deferment at that time. Students who enrolled in first year Basic ROTC at the beginning of the second term and those who enroll at the beginning of the third term will be considered for deferment by the Board during the spring term.

Second Year Students

Second year Basic students who desire to apply for the Advanced Course and who have not yet done so should submit applications before 10 February. Those selected for deferment and who accept terms of deferment will be certified to their local Boards, prior to the end of the Academic year. The number of second year Basic students to be deferred this spring and the number from this group to be selected for enrollment in the Advanced course next September will depend on Advanced course quotas to be assigned the college. An increase in quota is expected before the end of this Academic year.

Second year Basic students who apply for the Advanced course and whose applications are accepted will be notified early in March. Veteran students who apply for Advanced courses prior to 10 February for enrollment in September 1949 will be notified of acceptance of their applications at the same time.

Seniors Vote

(Continued from Page 1)

day; and that formal graduation exercises be held later on that afternoon, thereby, permitting a social period between the Sermon and final exercises, and permitting the graduate, his family, and friends to leave for home on the same day.

Respectfully submitted,
Oscar K. Bozeman,
President of the Senior Class, 1949.

Two other motions were made, seconded, and passed. One gave Bozeman the authority to appoint a Senior Gift Committee; the other gave him the power to appoint a committee to investigate the possibility of selecting and getting a good speaker for the occasion.

Following these motions the meeting was adjourned by a vote of the class.

TUITION

(Continued from Page 1)

for North Carolina, having one of the lowest per capita incomes to have such a high tuition as recommended. The Constitution of North Carolina says that education shall be free as far as practical and shall be encouraged in Article IX, Sections 1 and 6.

"I feel that an increase in tuition will discourage education and will violate the basic principles of free education as set forth in the North Carolina Constitution," Gardner concluded.

Sponsors for 1949 Lint Dodgers' Ball to be held in Frank Thompson Gymnasium Saturday, January 29.

Top row from left to right: Miss Ann Cutts of Cordale, Ga. for Bill Brooks, Chairman; Miss Rose Marie Witmer of Raleigh, for Carl F. Burkhardt; Miss Mary Lou Smith of Richmond, Va. for Hall Wingfield.

Second row: Miss Ferne Hughes of Rainelle, W. Va. for Allison Davant; Miss Joyce Tomlin of Statesville, N. C. for Bob Spilman; Miss Betty Barnwell of Richmond, Va. for Rodney Coleman. Pictures of Miss Mary Louise Prett of Sumter, S. C. for Frank Williams and Miss Spot Baskerwall of Richmond, Va. for Jerry Tompkins were not available at publication.

FOUND—A pair of gloves were left in front of Room 101 C. E. Building, Monday, January 3. The owner may obtain them by coming by Room 104 and identifying them.

LOST—In or around machine shop a wallet containing money and important personal papers. Reward will be given finder for returning. Philip Matthews, 219 Becton.

"ALL OVER THE CAMPUS"

OWLING AROUND

WITH
AL DUGAN

Everyone is talking about the weather. The weather doesn't bother me. If it gets hot I'll drink Coca-Colas and if it gets cold I'll drink coffee and if it rains I'll wear a hat. Modern man has definitely conquered the elements with the help of today's engineer and Sears and Roebuck.

The story I want to tell has nothing to do with the weather except if it hadn't of been warm he would never have had his window down. This friend of mine, I would tell you his name but he is really a very timid fellow and the embarrassment would only add to his misery. Just so no one will know who it is we will call him John. He has a brother who we shall call Dick.

John has been going home every available week-end to see a certain filly who we will call Honey-chile. John had been making a play for Honey-chile for quite sometime and it looked like anything could happen. So, as young people sometimes do they drove out to the country club in their town one recent p.m. The weather was lovely, the moon was lovely, the girl was lovely, the lake was lovely, and the window was down in the car as the couple found each other. When out of the night and from nowhere a horse stuck his head in the window into the front seat and neighed a good loud neigh. Honey-chile opened her eyes and let forth with a yell that was heard all the way to the club house.

Things haven't been the same with John since and he is not at all happy about the fine weather we are having.

More Blablablablab

The present dance rule at State prevents couples from leaving during a dance. This is ridiculous when you consider the fact that all of us have been responsible for our personal conduct a good many years and this restraint is nothing short of insult. It is even more ridiculous when you consider that many of the couples attending the dances are married. As long as we're on the subject why discontinue the dances at 12?

Bands charge just as much for a three hour dance as a four hour dance and if the dance last till one there is no reason that girls having to return to their respective cells can't leave.

We would like to see an investigation and possible revision of these rules. We are well aware of some of the issues involved, but we are sure that there is nothing involved that couldn't be revised so as to make our dances on the college level.

Thanks To Herb

Thanks to Herb Brenner for the wonderful work he has done the last two years on the TECHNICIAN. We hate to see you leave the regular staff and we'll all miss HERB'S HECKLINGS.

Scabbard and Blade Initiates Twenty-two

The local chapter of the National Society of Scabbard and Blade, held formal initiation ceremonies for twenty-two new members on Friday, January 14. The new men are: Jack Alston, Bob Butchart, Ralph Coble, J. C. Collier, Bernard Coward, Fred Dameron, Earl Dicks, Irving Gower, Rayborn Hinshaw, Wade Hobson, Frank Hutchins, Dan McCulloch, Jack McQuinn, Clyde Moore, Ben Partin, George Pickett, Beverly Ross, Fred Smetant, Bill Sumner, Jack Tate, Don Troxler, and Tom Wood.

Laura Haunts Little Theatre

By HOFFMAN

"Laura . . . but she's only a dream." For the benefit of those born recently, this illusion is preserved until the middle of the first act, when everyone discovers that she is more or less than a dream. Broadway, Hollywood . . . everywhere, and now suspense? Not a modicum.

Since the plot has leaked out, "Laura" must stand on its merits as a production. The props (impressive from the wallpaper to the cast-kicked coffee table) do help, but cannot replace a dearth of atmosphere which the movie developed through skillful use of music and lighting.

The emptiness because of Laura's death, contempt for the murderer, McPherson's falling in love with Laura's portrait, the joy of finding her alive, the growing warmth between Laura and McPherson as the plot unfolds—this sequence of moods which the audience must feel to distinguish "Laura" from run-of-the-muck whodunits is simply not created on the Little Theatre stage.

Charles Lambert is Mark McPherson from the word homicide. Except for a slight want of detectively confidence, his casual best is as good as it is unsupported. If anyone with a peculiarly sympathetic imagination begins to strike a spark of pity for the supposed-dead Laura, (Nancy Vaughan), the not-dead Laura soon appears with a bucket brigade of obduracy. This is due in part to the

ridiculous idea that every actor must be provided with a liberal supply of hells and damns if he is to appear sophisticated. Laura should be lovable, not Broadway.

Playing the part of a sarcastic, middle-aged wit who turns sour grapes to sherry in his rhetoric, Elmer Oetinger produced a strained quality of half-discernable eloquence with monotonous consistency. Bing Aspinwall, who stirs the thickening plot as a suitor, is simply delighted with his every word, every action—annoying, but forgettable. Incidentally, this role required a Southern accent, so Bing and his inability to produce same were imported from Rhode Island.

"Pygmalion" opens March 7 for a week's run. Strength thespians, strength.

Smoke a LUCKY to feel your LEVEL best!

Luckies' fine tobacco picks you up when you're low . . . calms you down when you're tense!

Luckies' fine tobacco puts you on the right level—the Lucky level—to feel your level best, do your level best.

That's why it's important to remember that LUCKY STRIKE MEANS FINE TOBACCO—mild, ripe, light tobacco that makes a thoroughly enjoyable smoke. No wonder more independent tobacco experts—auctioneers, buyers and warehousemen—smoke Lucky Strike regularly than smoke the next two leading brands combined.

Light up a Lucky! Luckies' fine tobacco picks you up when you're low, calms you down when you're tense. So get on the Lucky level where it's fun to be alive. Get a carton and get started today!

L.S./M.F.T. — Lucky Strike Means Fine Tobacco

College Calendar Filled With Activities This Term

By ACIE EDWARDS

State College is usually referred to as an Agricultural College virtually lacking in culture, but our social calendar for the Winter term belies that statement if social affairs have any thing to do with culture. The Fall term was a term of many activities on the social side, but then the activities assumed a nature more of quantity than quality. This term the reverse is true. There will not be as many happenings this term as last, but when they do happen, they will be "big events."

Looking at the social calendar one sees that the next "big" event billed for this noble institution is mid-term reports due February 7. But we will skip lightly past that date down to the eighth when the odd ticket holders will see the State-Wake Forest basketball game and then on the eleventh the evens are scheduled to see a promising thriller when Duke comes to Memorial Auditorium.

Theta Tau Festivities

On February 12, the Bon Air will assume an atmosphere of festivity when Theta Tau, professional engineering fraternity, goes down to let the good times roll. Another basketball game, State-Davidson, will take place on the fifteenth to the enjoyment of the even ticket holders.

The eighteenth and nineteenth will really see an air of festivity

penetrate Raleigh, for those are the dates when the Engineer's Ball comes to town. On Friday night the engineers will dance from 8:30 to 1 and then replacements will take over and they will waltz from 9 to 12 on Saturday night.

Midwinters Feb. 25

Then comes the State-Furman game on the twenty-second. The twenty-fifth and sixth will see the Midwinters taking place in Frank Thompson Gym. Another "big" event. The boys without culture then take over the limelight when the Ag Club holds its annual Barn-warming in the Gym on March 5. The eighth will produce something called Buckminster Fuller which will either speak or occur in Pullen Hall at 8 p.m. No one seemed to know what the name indicated or implied, at least no one whom we were able to contact. We just assumed that it was a social event since it appeared on the social calendar.

This Buckminster Fuller will mark the close of the social activities (that is, if Buckminster Fuller is a social event) for this term as finals begin on March 12, and the term ends officially on the 18. But before the term does end, we will have seen a full term of convivial events.

Wonder what the social calendar over on the Hill has in stock for this term?

Harvey Hook Wins AIEE Paper Contest

The student chapter of the American Institute of Electrical Engineers decided the winner of the current student papers contest at a meeting last Tuesday night. The contest is sponsored each year to determine the student representative who will present his paper at the annual southern district student convention of the AIEE in the spring.

As an added incentive the three top papers won automatic grades of A on the third term of Pro-Seminar. The winners of the first and second places also received cash prizes.

Harvey O. Hook won first place with his presentation of "A Stereophonic Broadcasting System." He will represent State College at the convention in March in competition with the students of seventeen other southern schools.

The second and third places went respectively to Archie Corriher for his paper entitled "Contact Rectifiers" and Robert Edward Merritt with "A Method for the Reduction of Static in Radio Receivers."

Participation in the contest was more active than was expected, possibly because the convention is being held in Baton Rouge concurrently with the Mardi Gras.

Engineers' Ball

Engineers, be sure to get your tickets to the Engineers' Ball. Your last chance is Tuesday night, February 1, between 8 and 10 p.m. in the YMCA. Take your registration card.

Walser, Kamphoefner Write For Quarterly

In a letter to the Technician last week, Roy C. Moose, Editor of The Carolina Quarterly stated that the forthcoming issue of the magazine will contain two articles by professors at State College.

Dean Kamphoefner, Dean of the School of Design, has contributed an article on "Contemporary Architecture and the Southern Tradition" in which he discusses the work being carried on at State College in an effort to perfect an architecture indigenous to the South.

The standard feature, called the "Southern Writer" is written in this issue by Mr. Richard Walser of the Department of English. In his article, Walser discusses Thomas Wolfe's reputation abroad, giving a new slant to a favorable subject here in North Carolina.

Mr. Moose said that both of the articles were among the best the magazine had ever received.

Design Student Wins Cash Award

J. G. Lee Everidge of Oklahoma City, Okla., fifth year student in architecture in the School of Design, has been awarded a \$750.00 prize in the "hidden talent" architectural competition sponsored jointly by the Museum of Modern Art of New York City and The Architectural Record, Dean Henry L. Kamphoefner announced recently.

Dean Kamphoefner also said that the competition submission of David Webb George of Cleveland, Okla., another State College student, was selected for exhibition by the museum and publication by the magazine.

Out of 550 private architects, students and draftsmen from all parts of the United States who competed, Everidge placed second. The purpose of the competition was to discover and encourage latent architectural talent by rewarding the successful competitors with cash awards and national publicity. Everidge's second prize winning design

will be placed on exhibition at the Museum of Modern Art in New York and will be given national publicity through publication in The Architectural Record.

Everidge began his architectural training at the University of Oklahoma before the war, and after 14 months in the Army Air Corps, he returned to that school. He left last summer with a large group of Oklahoma students when several mem-

bers of the University of Oklahoma faculty came to North Carolina to establish the new School of Design at State College.

The design by David Webb George, although not a winner of any of the money prizes, was selected for showing in the exhibition of the winning solutions which go on exhibition at the Museum of Modern Art on February 1.

We've proved it!

Problem: To hold down costs, and speed the extension of telephone service.

Solution: High-strength wire whose use allows the span between poles to be increased from 150 feet to more than 300. One pole now does the work of two.

The problem, of course, is a continuing one for telephone people. High-strength wire with required electrical qualities is only one of many things they have developed to help solve the problem in these days of high construction costs.

In total, their developments are the reason why telephone service here is the best in the world—the reason why a telephone call costs only a few pennies.

Wrestlers Pin Citadel To Gain Three-Way Tie For Second

The State College wrestlers continued on their winning way by trouncing the Citadel squad 21-9. Led by undefeated Charlie Musser, powerful Don Troxler who has won his last three matches, and Rubin Beal, fast 145 pounder, who all scored pins, also Royston Rudolph and John Poplin who decided their men, the State squad fought from behind to beat the Citadel boys with plenty to spare. After Frank Staed and William Rickert both lost by decisions, State won four straight matches before Roger Troxler was decided by Huddle. Musser then completed the evening's work by pinning Kessler in 1.13 of the first round for the fastest pin of the night.

Wrestling Summaries

- 121—T. H. Maddox, The Citadel, decided Frank Steed. Score: 7-3.
 - 128—R. B. Scarborough, The Citadel, decided William Rickert. Score: 5-0.
 - 136—Royston Randolph, State, decided W. F. Kessler. Score: 3-1.
 - 145—Rubin Beal, State, pinned S. F. Bryant after 1:20 of the second period.
 - 155—John Poplin, State, decided J. A. Scott. Score: 10-2.
 - 165—Don Troxler, State, pinned W. S. Skinner after 2:05 of the first period.
 - 175—J. P. Huddle, The Citadel, decided Roger Troxler. Score: 5-2.
- Heavyweight: Charles Musser, State, pinned R. Kessler after 1:13 of the first period.

Cook, Stoll Continue Point Making Spree

Coach Carl "Butter" Anderson's State College freshman basketball team added two victories to its long string this week by getting triumphs over the freshman teams of North Carolina and Wake Forest. The two wins make the total victories now number seven with one loss which came at the hands of the Blue Imps of Duke University.

The Tar Babies fell to the rampaging State Frosh January 20th by the score of 59-46. The State yearlings took a lead in the first few minutes of the ball game and never let up after that time. They had established a 39-24 lead at the half and went on to extend the margin in the second half.

The Baby Pack offensive was led by Bob Cook who tossed in 19 points, which was the high score for both teams. Joe Stoll was second for the State Frosh in the point-making department with 16 markers.

In the Wake Forest game, which was played last Tuesday night as a preliminary to the Quantico game, the Baby Pack gained another Big Four victory when they took the measure of the Wake Forest Freshmen 52-40.

The first half was nip and tuck with the lead changing hands several times and the score at half-time was very close 26-25 with State having a slight margin. The second half was a different story, however, with the State boys pulling away from the Deacons early in the second period to end the game with a comfortable lead.

The State team was led offensively and defensively by Jacknowski of Brooklyn, N. Y., who besides doing a great job in scoring 15 points, gathered in a good many rebounds and played a superb floor game. Following Jacknowski in the point getting was Bobby Holt of Greensboro who garnered 14 points.

Freshmen Fly South For Burgaw Battle

The airways are going to be crowded from now on with teams from State College. Coach "Butter" Anderson is taking his freshman team on a trip through the clouds Monday morning.

The "high-flying" freshmen, winners of seven of eight games they have played this season, are traveling down to Burgaw, N. C. to meet the Wilmington All-Stars.

It seems that the folks in that quiet little town about twenty miles from Wilmington have been following the activities of Coach Anderson's tribe all season and want to see the local freshmen in action.

Wilmington agreed to meet the Wolflets in Burgaw for the benefit of the Burgawans.

The All-Stars will probably give State's high scoring freshmen a tussle for their money Monday night. Wilmington boasts such high scorers as Legs McCoy and a couple of lesser McCoy's, two or three of the Collie boys, and a Croom or two.

All the members of the All-Star

Swimmers Lose To LaSalle, 41-34

Two pool records fell as State and LaSalle swam Friday afternoon in Frank Thompson Gymnasium. Led by Joe Verdeur, Olympic Champion breaststroker, the LaSalle College Explorers beat a fine State team 41-34.

Verdeur swam the 200 yard event in 2:21.3 to cut 7 seconds off the old pool record. Another pool record was set by Farrell Devlin, LaSalle 220 yard free style expert, in 2:17.

Swimming Summary

300-yard medley relay: Won by LaSalle (Ed Richards, Joe Verdeur, Allan Rhodes). Time: 3:02.

220-yard freestyle: (1) Farrell Devlin, LaSalle; (2) Matt Lojko, State; (3) Henry Furlong, LaSalle. Time: 2:17. New pool record.

50-yard freestyle: (1) Robert Regan, LaSalle; (2) Bill Kelly, State; (3) Frank Wahl, LaSalle.

Diving: Won by Snookie Nunis, State. 78.3; (2) Paul Flack, LaSalle. 74.6; (3) Martin Gehlhaus, LaSalle 67.

100-yard freestyle: (1) Robert Regan, LaSalle; (2) Bill Kelly, State; (3) Frank Wahl, LaSalle. Time: 53.9.

150-yard backstroke: (1) Matt Lojko, State; (2) Joe Staunton, LaSalle. Time: 1:46.6.

200-yard breaststroke: (1) Joe Verdeur, LaSalle; (2) Charlie Gravey, LaSalle; (3) Pete Cloud State. Time: 2:21.3. New pool record.

440-yard freestyle: (1) Well Denyes, State; (2) Henry Furlong, LaSalle; (3) Cola Morris, State. Time: 5:30.1.

400-yard freestyle relay: Won by State, Fred Stafford, Matt Lojko, Coman Gold and Bill Kelly. Time: 3:49.2.

Psychology Students Visit Dix Hill

Many State students attended the clinic held at Dix Hill, the State Institution for mental diseases, on Monday, January 17. The clinic was held for psychology classes of the Raleigh Colleges, and student nurses from various hospitals throughout the state.

An interesting discussion was held by the head psychologist of the hospital concerning the diseases of the mind.

Several cases of schizophreneia and manic depression were presented to the audience. The psychologist talked at length to the inmates, and the audience was permitted to question each one.

team are former stars from Wilmington's top rate high school squad.

Start Work Monday

Coach Vic Sorrell announced today that baseball practice for varsity pitchers and catchers will begin February 1st in the gym.

All students interested in trying out for the team should consult the bulletin board at the gym or the

cafeteria for time of workouts.

As soon as the weather permits, team practice will be held on Doak Field. Coach Sorrell stated that he is starting his hurlers and catchers early in hopes of uncovering some pitching talent to bolster his mound staff for the spring campaign.

Sporting Around

By HAAS

Spring is on the way and all the young men's fancies are turning toward colleges all over the country. Season is now open on graduating high school athletes.

Two Tar Heel lads who would look good in red and white uniforms are Don Evans of Charlotte and Francis Frederer from Wilmington. Evans is an outstanding backfield ace at Central Hi. The Gate City boy is also a capable swimmer.

Frederer is a big hunk of beef from New Hanover High in Wilmington. He hasn't been in Wilmington long, but the folks there think he is one of the best linemen ever to represent the port city. The big boy is also a standout on the basketball court.

Two junior college hardwooders that would add to Coach Case's parade of stars are now performing down at Campbell Junior College. Walt Deal and Bill Mason might be interested in joining the team.

Just a few hints to the coaches. Some of these boys are excellent material, and they aren't too far away. No big expenses necessary to go hunting them. And it would look good for State College to have a few more native members on its teams.

Seats In The Auditorium

The athletic department has arranged the best method possible for students to see the basketball team play. Seats are numbered and aren't too close together for comfort. But there are a few uncooperative people who insist on crowding into the better seats and causing the legal ticket holders inconvenience and discomfort.

Ushers are on duty to help ticket holders find their seats. If necessary, more ushers could be put on duty to check to see if the persons occupying seats belong there.

Swimming

Bill Kelly, Raleigh's contribution to the State tank team, really showed his true worth in the LaSalle meet last week. In the final event of the afternoon, Kelly was anchor man in the 400-yard freestyle relay. Bill hit the pool a good 15 yards behind his man and came up to win the event by inches.

The versatile natator had a hard afternoon cut out for him when he had to meet Bob Regan of LaSalle in the 50 and 100-yard free events. Kelly missed a first in both races by inches.

Snooky Nunis turned in a fine performance on the board for Coach Casey's team. Nunis scored 79.6 points for a first in the diving event.

The NCAA tank meet will be held in the Chapel Hill pool March 24-26. State will enter several men in the event.

Golf

In the second practice meet of the year, Coach Charlie Tripp's links-men handed the Fort Bragg team a one-sided loss. George Preisinger and John Wood led the locals with 75 cards on the par 72 course at Fayetteville Sunday. The 46½-16½ win was the second over a Fort Bragg team. Two months ago, Tripp's team downed the Fort Bragg "Brass Hats."

The golfers will open their regular season March 21st against Davidson in Charlotte.

Maurice Brackett turned in a three under par 68 at the Country Club course recently. Huntly Spencer, a Winston-Salem freshman, carded a 2 below par 69 on the Twin City course last week. Spencer is one of the outstanding golfers on Tripp's freshman team, along with Rick Kidd.

Wrestling

Intercollegiate wrestling at State is taking on the aspects of a favorite spectator sport this season. Athletic Director Roy Clogston is interested in wrestling (he was team coach at St. Lawrence) and wants to see more students out watching the matches. Most people confuse the collegiate variety of the grunt and groan sport with that poor show that is put on by the professionals.

College wrestling is a fast, clean sport and is an interesting one to watch. There are plenty of good seats available at all the matches. Come out and watch Chuck Musser and Don Troxler and the rest of Al Crawford's men pin their next opponent February 5th when Davidson comes to town.

BOWLING

A fraternity duckpin bowling league has been set up, with the games being rolled at Man-Mur alleys. Last Tuesday night was opening night of the frat league. Les Mincey reported that all teams were well matched. In order to keep the poorer clubs on a level with the champs, the league is run on a handicap basis.

Dormitory competition is due to start next week as soon as the teams can be organized and a schedule arranged. Contact your dormitory representative for the full dope on league news.

After the fraternity and dormitory leagues get to rolling smoothly, there is a possibility of the veteran's settlements getting a league . . . both the ladies and gents may be represented in a tournament.

All-Southern

VIC BUBAS' NAME IS BEING WHISPERED AROUND AS ONE MOST LIKELY TO APPEAR ON THE '48-'49 ALL-SOUTHERN LIST. Vic is one of the most improved men on the squad. Last season he didn't appear too often in the game. Now, he is the best defensive man on the team, and his scoring from way out on those set-shots can be very dangerous. Ask the Carolina players for verification of this!

Hardwood Chatter

By FRANK PETTINELLI

Whoever said that Wisconsin produces only aesthetic cows which give succulent dairy commodities was way off the beam.

Along with the Green Bay Packers, Wisconsin has endowed the world (North Carolina State College, too) with an excellent basketball player whose voice is a cross between Charles Boyer's and a bass drum.

The gentleman we speak of is none other than Warren ("Swede" or "Wimpy"—depending on your choice of comic strips) Cartier. Warren has played every position on State's quintet and has done so in a very commendable manner. He has also proved his ability to come through during "da Croocial" moments of countless 40 minute workouts.

Ole' Swede is the proud possessor of a resounding "B" average, a charming wife named Fran, and a little son named Joel, who already has learned to palm the ball.

Next to playing ball, Warren's favorite hobbies are hunting and fishing, two pastimes he acquired while attending West Green Bay High School where he made All-State basketball and football.

"Wimpy" (change of comic strips) is registered in Industrial (Continued on Page 11)

Conference Leaders Tangle With Richmond Tonight, G.W. Tomorrow

By JACK BOWERS

The State College Wolfpack today is firmly entrenched atop the standings in the Southern Conference race with a record of five wins against no setbacks.

Coach Everette Case's cagers have rolled with ease over George Washington, Davidson, Furman, North Carolina, and have defeated the Duke Blue Devils. Several of these teams were so called conference powers before their meeting with the 'Pack.

Tonight, the Statemen journey to Richmond, Virginia, for a conference engagement with the University of Richmond Spiders. The Spiders, with two wins and three losses in conference play, currently hold down tenth place in the standings. Richmond should not give the Case men too much trouble.

Tomorrow night in Washington, D. C., the Colonials of George Washington will be host to the 'Pack. George Washington, alternately hot and cold this season, are resting in seventh place in the mad scramble for a tournament bid with a conference record of four wins and three losses.

Last season, the Colonials were runner-up to State in the regular season's play and were being counted as heavy contenders this season. However, in a previous meeting with State this season, the Colonials were routed 66-37. If the George Washington quint is hot tomorrow night, the score could be considerably closer.

Tuesday night, the 'Pack will return to Memorial Auditorium for their first meeting with the Deacons of Wake Forest. The Deacons in conference play have a record of four wins against as many defeats. They are tied with Davidson for eighth place in the standings. The Deacs will be considerably weaker than in previous games this season because of the loss of their leading scorer Willard Kaylor. Kaylor, with 163 points in 15 games, was ruled ineligible for further conference play earlier this week. However, the State cagers are looking forward to a tough battle.

Hoopmen Trounce '48 All-Navy Champs, 64-40

State Trounces Carolina but Loses to Undefeated Navy

State's wrestling team rolled to its first victory January 19th, defeating the Carolina matmen 21-11. Frank Steed, Bill Rickard, Ruston Rudolph, Don Troxler, and Charlie Musser all won their matches. Steed, Rudolph and Troxler pinned their men while Rickard and Musser easily decided their foes. Rubin Beal lost in the second period when he was pinned by Fisher, and John Poplin and Roger Troxler lost decisions to Kemp and Stioff, respectively.

On Saturday, January 15, State lost to a powerful Navy Squad 28-5. State's Steed fought to a draw with Edward, and Don Troxler decided Holloway 10-3 for the only points made by the State squad.

The squad, coached by Al Crawford former Olympic Star, has been working hard and is rounding into excellent shape. Let's all come out and support our matmen in the next home match.

Tank Crew Seeks Fourth Victory Here

Coach Willis Casey's Varsity Swimming Team will be after their fourth victory Friday afternoon when they go against one of the swimming powers of the Southeastern Conference, the Engineers of Georgia Tech. The contest will take place at 4 o'clock in Frank Thompson Pool.

The record thus far this season shows that the Wolfpack Swimming Team has three wins and one loss, the victories coming over V. P. I., William and Mary, and the University of Virginia while the loss was to LaSalle of Philadelphia.

The clash between the two teams will be the first for State since the close decision they dropped to LaSalle who was so ably led by the Olympic Star, Joe Verdeur. State was only edged out in the contest 41-37 and will be trying to snap back in the win column in the tangle with the Georgians.

Against the Engineers Coach Casey will again call on Bill Kelley to show the way for his swimming crew. Kelley will probably work in three of the races, namely the 50 and 100 meter contests, and also as anchor man in the 400 meter relay.

Close behind Bill Kelley will be diver Harry Cramer of High Point who also has added many points to State's total in previous contests, winning the diving events in the tangles with William and Mary, Virginia, and V. P. I. Coach Casey has plenty of strength in this board event with Snookie Nunis of Charlotte who contributed almost as many points to the diving as does Cramer.

The Wolfpack will also be strong in two other events, the 150 yard back stroke and the 440 free style. In the backstroke race Sophomore Matt Lojko of Providence, R. I. will be Coach Casey's ace while another Sophomore Wells Denyes of Kenosha, Wisconsin will furnish the points in the free style race. Both of these men did well against LaSalle, copping their respective event.

Trailwood Mayor

Warren Goucher is the new Trailwood Mayor as a result of the election held January 18th. Other officials elected were Frank Dawson, Senior Alderman; Ruth McSwain, Recreation Director; Betty Trasler, Secretary and Treasurer; and Bill Meeks, Publicity Director.

Horvath Hits 24 For High Mark

By CHARLES LEGRAND

Led by lanky Paul Horvath and lithe Dick Dickey, the Wolfpack trounced a highly regarded Quantico Marine team in Memorial Auditorium Tuesday night by a score of 64 to 40. With Horvath, Dickey and Cartier showing the way the Wolfpack completely outplayed the Marines to run to 4 their present win streak.

The Pack jumped into a quick lead and led 15 to 5 after only a few minutes of play. From there on they pulled steadily away and the outcome of the game was never in doubt. Horvath, who hit for nine field goals and six of seven free throws for a total of 24 points, played his best game of the season. He captured many rebounds under the marine goal and held the highly regarded Marine center, Waldrop, to a total of six points. Dick Dickey, State's All American candidate, played a great game also and had six field goals and eight of ten free throws for a total of 20 points to place as runner up in the scoring column.

The Wolfpack which has been poor on free throws this year showed much improvement in that department making 22 out of 29 for a percentage of .760 which is good shooting anytime. State had an excellent first half hitting on 47 per cent of their shots from the floor and held a lead of 42-27 at the intermission. The biggest first half margin was 20 points and came after 14 minutes had elapsed with the score 35-15.

Box Score:

Yearling Cagers In Virginia Today

By FRANK PETTINELLI

This afternoon State's freshman hoopsters will journey to Fort Royal, Virginia where they will engage the quintets of Augusta and Staunton Military Academies in a two game series ending tomorrow night.

On the evening of February 2nd, Coach Anderson's Baby Pack will jaunt to Wake Forest to offer the Junior Grade Deacons a chance to prove that last Tuesday night's 52-40 drubbing was not a passing fancy.

Howie "The Hawk" Jackowski, who loves to run all over Memorial Auditorium and hum "Give Me the Moon Over Brooklyn" while scoring frequently, will expect to see much action against the two academies and the stumbling Baptist freshmen.

Lee "The Lip" Terrill, with his usual dependable ball-handling and defensive play, will be heavily relied upon. Although Lee's abilities aren't obvious in the scoring column, he is a floor man of the Katkavek and Bubas variety.

Bob "Baby Doll" Cooke is expected to shamble around the ole' bucket and gun his way to a few more points.

Stoll and Holt (sounds like a law firm), both of whom can shoot, fake, jump, and sing "Dixie" in two part harmony exceedingly well, will probably start as forwards.

The freshmen's next appearance on the home court will be against Carolina's yearling squad on February 8th.

Cagers Clip "Coy" Phantoms

Sixth Straight Win Over UNC Easy As Rest

By BILL HAAS

Last Saturday night 3,600 very definitely partisan fans jammed into Memorial Auditorium to see the long awaited slaughter of the University basketball team. The only unhappy spectators who were on hand for the 67-36 trouncing were a few dejected Carolina newsmen.

With all their secret weapons against Coach Tom Scott's famed "sliding zone" defense in tow, the Pack moved into the contest with an eye open for that net.

It took ten minutes and only a few of the tricks of the trade to break up that highly touted zone. Bob Garrison gave the White Phantoms a few scares as he set out near mid-court and gave the board a good warm-up.

Then along came State's favorite, Vic Bubas to break up the Tar Heel play house. Vic just let a few of his set shots drop through with only a swish of the nets and the Phantoms weren't so scarce around State's fore-court any longer.

The Carolinamen took a time-out and decided they had better go ahead and play the game the way Coach Case wanted it, just to make it easy on themselves, and they came out of their respective holes and started tagging along behind Dickey and crew and watched the buckets drop through.

Ironically, neither of the two teams high scoring artists got into the two figure numbers Saturday night. Vic Bubas might as well have had hand-cuffs on Coy Carson. The conference scoring leader managed only one basket from the floor.

Kappler did a good job of keeping Dick Dickey away from the hoop, aided by Dick's still-sore leg.

The Pack was never threatened after the first ten minutes and held a comfortable 31-19 lead at half-time.

Although Dickey couldn't connect from the floor too well, he dropped in four charity tosses in four attempts for a 1,000 average from the foul line.

VA Report

The Veterans Administration Advisement and Guidance Center at N. C. State College received 5,441 requests for assistance during 1948, William R. Steininger, VA Vocational Adviser in Charge, disclosed recently.

He reported that 1,273 veterans were given vocational advisement during the year to help them determine what occupations they should enter. Other contacts included personal adjustment counseling with ex-service men and women and informal informational interviewing.

Andrews Wins Main Event Of Afternoon

By CORKY WEBB

State College completely dominated the show in their recent trip to Virginia when Coach Willis Casey's tankmen whipped three Virginia clubs.

Further proof that State College has a well-rounded tank squad was offered at the William and Mary-N. C. State swimming meet.

George Andrews, balding manager of the State team, was challenged to a 20 meter race by the W. & M. team manager. Andrews, despite advancing age, promptly accepted the challenge and splashed his way to a stunning victory over the Virginia lad.

Unofficial time for the event was 1:30:20 (1 hour, 30 minutes, 20 seconds).

Frosh Natators Join Hoopsters In Trip To Virginia

Freshman Swimming Coach Bill Kelly will take his team to Virginia to meet two military school squads this weekend, joining "Butter" Anderson and the freshmen basketballers.

State's undefeated yearling tankmen will open the two day stand at Fort Royal, Virginia when they meet Augusta Military Academy this afternoon.

Tomorrow morning, the team will move into Staunton, Virginia for a match with the Staunton Military Academy swimmers.

Outstanding men on the team are four North Carolina bred men. Wilson Craig, Thurston Wilson, and Arthur Troup are all Raleigh residents and hold out in the distance events. Troup also is a standout in the backstroke division.

Walter Jones of Sylvia is the fourth Tar Heel star on the squad. Jones is Coach Kelly's ace free style sprinter.

The freshman squad had taken two meets at the expense of Carolina's highly touted junior squad to remain undefeated this season.

Chess Club

The State College Chess Club will hold an exhibition Friday, January 28, at 7:00 p.m. in the Faculty club room in the YMCA. The champion of North Carolina and Tennessee will play fifteen games at one time.

Hardwood Chatter

(Continued from Page 9)

Arts and meets with the Athletic Council as a student member. He is also a member of Kappa Phi Kappa.

Fortunately, Cartier declined an offer by Northwestern U. and migrated South with a few "Swallows from Indiana."

His settled attitude and sense of responsibility have made him a valuable asset to State's sometimes adolescent hoopsters.

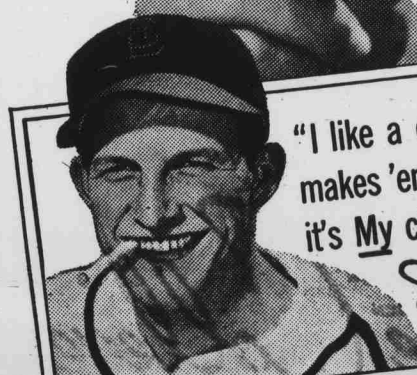

It's too bad that Warren has only one more year of eligible ball left to play. However, all good things must come to an end, and maybe the backboards of Frank Thompson gym will last a little longer with the disappearance of Cartier's strong shot and popular No. 79 jersey.
