## Mims Announces For C. G. Presidency

### Crowell Elected As Syme Dorm Organizes

Work has been going on in Syme Dormitory in the form of organizing Syme Dormitory Club. A Dormitory Council was set up with the members being elected by the students. Officers for the club were elected and are Russel C. Crowell, president; T. G. Macon, vice president; and A. W. Moore, secretary-treasurer. The council members include: C. W. Mayo, Marshall Tatum, T. C. Macon, M. G. Erwin, H. W. Burroughs, Ralph Jones, R. M. Sasnett, A. H. Thigpen, C. P. Holmes, M. S. Brown, W. A. Wooten and D. C. Caldwell.

Various committees were appointed by President Crowell, and these committees are getting off to a good start on the work before them. The Social Functions committee is now working hard on the plans for an entry from Syme in Stunt Night, and is planning a social event for the beginning of next term. The Athletic Committee is now working on plans for more and better inter-dormitory sports.

With the cooperation of all men in Syme dormitory, this organization promises a bright future for all members of the club.

### Announce For Primary

VIRGIL G. MIMS, JR.  
For President of Campus Government

SCOTT EUBANKS  
For Head Cheerleader

## Adopt Council Amendment; Discuss Joining N. S. A.

### Council Meets

The Interdormitory Council will meet for the first time in the Conference Room of the YMCA March 10 at seven o'clock, it was announced this week by Campus Government President Fred Kendall.

The Council's first business will be selecting its officers and setting up its organization. Future plans and actions of the Council will also be discussed. The Council is composed of the president and one special representative from each Dormitory Club. Indications are that it will be organized and will function in much the same manner as the Interfraternity Council, exerting jurisdiction over dormitory affairs.

### ASME Elections

The annual election of officers will be held at the ASME meeting next Tuesday night, March 8, at 7:00 p. m. in room 100 Page Hall.

BY OSCAR WILLIAMS

In session Tuesday the Council passed the Greater University Council amendment. It is now officially incorporated in the Campus Government By-Laws.

Virgil Mims of the Campus Traffic Court related the difficulties caused by motor scooters. The chief difficulties have arisen from owners parking in the wrong places and riding to too many classes.

The College Traffic Committee is considering a new solution. It plans to set aside several motor scooter parking areas. Students would be expected to leave their vehicles there and walk to classes.

### Filing Deadline

March 29, at 4:30 p. m. is the filing dead line for the general elections. All candidates must have their registrations in by that time.

The Office of Registration has stopped re-registration in all departments. Seniors are excepted from the new ruling. Representatives generally opposed the rule, and the Welfare Committee will take the matter up with Mr. Mayer.

### No WSSF Contribution

A motion to donate \$50.00 to WSSF was defeated. The decisive argument was that Campus Government funds should be spent for the benefit of State students. This action reverses the policy of the Council last year which contributed \$500.00 to the overseas student aid fund.

Alternates who serve at least one term as Council Representatives will receive full recognition. The Council approved the policy, making alternates eligible to receive Campus Government keys.

### NSA Discussion

The issue of joining National Student Association came in with a broadside of discussion. This is one issue where full discussion is essential before a sound decision can be made. President Fred Kendall hopes to have the question settled next term.

Dave Wise, freshman representative from the School of Education was present Tuesday.

### Cafeteria Bookshelves

The Investigating Committee is

(Continued on Page 4)

## Four File Intentions To Enter Campus Elections

BY HARVEY SCHEVIK

Virgil Graham Mims, Jr., is the first person to announce his candidacy for the office of President of the Campus Government in the spring elections to be held April 7 and 14.

Mims, who is in Industrial Engineering, has been connected with student government work since his entry in State College. Elected as Freshman Representative of the School of Engineering to the campus government in 1946, Mims has been engaged with the organization since then as a non-voting committee member.

At the end of his freshman term of office he was unanimously requested by the campus government members to remain on the Welfare and Traffic committees as a member. In the past two years in which he has served in this capacity, Mims has attended campus government discussions and has assisted in their work.

### Against Tuition Raise

The presidential candidate is presently the president of the Order of Thirty and Three, campus leadership fraternity, and is Vice Chairman of the Student Council of the Greater University, both offices which expire at the end of next term.

"I am against an increase in tuition and I feel that student action in the future can possibly bring about a free tuition system," stated Mims. He also asserted that he will be able to devote full time to the job because he has only 36 credit hours remaining before graduation in June 1950.

Mims, who is married and 26 years old, is a veteran of the Air Corps in which he served for three years and flew European tour of missions. Raleigh is his hometown.

### Other Candidates

Two candidates have announced their intentions of running for head

(Continued on Page 4)

## Stunt Nights Will Be Held In April

Blue Key announces that Student Stunt Night, formerly held in the fall term, will this year be held during the spring term.

This year something new will be tried: Stunt Night will be spread over three different nights:

April 1 — Preliminary contests between social fraternities to select best three contenders.

April 8 — Preliminary between dormitories to select best three contenders.

April 15—Final night: selection of winner out of the six final contenders.

The presidents of the dormitories and fraternities are reminded to begin work on their stunts now in order to have them ready by the first of April.

## Industrial Faculty Organizes Chapter

Five members of the faculty of the School of Engineering assisted in the organization of a regional chapter of the Society for the Advancement of Management in Greensboro last week.

Aiding in the founding exercises were Prof. David E. Henderson, head of the College's Department of Industrial Engineering, and Conrad deK. Bliss, Robert W. Llewellyn, James A. Nelson, and John Farrell, all teachers in the department.

Professor Henderson, faculty adviser of the student chapter of the organization at the college, was appointed as the program chairman for the meeting to be held in March.

## Monogram Club Sponsors Annual Red, White Game

Saturday, March 5, at 2:00 p. m. is the time when the "Boys in Red" get together with the "Boys in White" on the greensward of Riddick stadium. It is agreed by all parties concerned that there will be no tea and crumpets served ala buffet. These past weeks the boys have been polishing their helmets and shoulder pads diligently while carrying on such delightful chit-chat as "See you at two, CORPSE!" or "Flanaghan's Funeral Parlor does beautiful work, DEAD MAN!" The footballers are preparing for a real old-fashioned face-in-the-dirt head-on, and invitations are kindly extended to all to witness this friendly (ugh!) bone-crushing event.

The teams have been drawn, and they stand to date: RED TEAM: Saunders, Malk, Bridger, centers; Watts, Burnett, Nicholson, Joyce, Brewer, Bagonis, guards; Dostanko, Lesko, Cegelis, Costa, Beaver, tackles; Simon, Branyan, Ferrell, Cheek, ends; O'Rourke, Burkhardt,

W. Ferrell, fullbacks; Carlson, Tencick, blocking-backs; Thompson, Mooney, Eveland, tailbacks; Dinan, Goodman, Sloan, wingbacks. WHITE TEAM: Martin, Tafaute, Harding, centers; Byler, Schacht, Calvano, Daneu, Musser, guards; Turbyfill, Morse, LaClair, Davis, Swart, Gazlay, tackles; Brown, Romanowsky, Hart, Kossilla, Turner, ends; Johnson, Bruno, fullbacks; Bowlby, Moore, Allman, Slack, Milbrook, blocking-backs; McArthur, J. Smith, wingbacks; O. Smith, Keiser, Flowers, tailbacks.

The burning question in everyone's mind is what is the team going to be like next season. That question can be answered for yourself for the small fee of 50 cents per ticket. The proceeds of the game are going toward furnishing the new Monogram Club room, and the athletes hope there will be a big turn-out. The lines are drawn, the bets are made, the chips are down, and it's "rock-em-and-sock-em" at the BIG RED-and-WHITE GAME!

## WVWP Appoints Two Staff Members

John O. Dayvault, Jr., of Kannapolis and Paul D. Miller, Jr., of Statesville have been appointed as the technical manager and the production manager, respectively, of Radio Station WVWP, student broadcasting system.

Announcement of the appointment of the two students was made today by Ralph Young of Charlotte, station manager.

Dayvault, son of Mr. and Mrs. J. O. Dayvault of Kannapolis, is a senior in mechanical engineering and is a member of the college chapter of the American Society of Mechanical Engineers.

Miller, son of Mr. and Mrs. P. D. Miller of Statesville, is a sophomore in chemical engineering and is a member of the college chapter of Sigma Pi Alpha, national honorary language fraternity.

## Notice To All Aspirants!

Campus elections for officers for the year of 1949-50 will be held starting on April 7, 1949 for the primary elections and ending with the final elections on April 14, 1949. All students who desire to become candidates should inform the Assistant Dean of Students in writing before Tuesday, March 29, 1949.

The following campus offices will be voted upon:  
Officers of the Campus Government.

Publications—Editors and business managers of the TECHNICIAN and Wataugan.

Athletic Council Representatives. Head Cheer Leader.

Y.M.C.A. officers.

Alumni Athletic Trophy.

Faculty Representatives to the Campus Government.

Class representatives to Campus Government, beginning with this year, will be elected during the same period within the separate schools.

There will be only one issue of the TECHNICIAN to be published before the primary on April 7. Therefore, that one issue will be devoted almost entirely to the publicity of the various candidates. In order to do this, Tuesday afternoon, March 29, at 4:30 is the ABSOLUTE DEADLINE for bringing publicity releases for the TECHNICIAN.

The TECHNICIAN would like to run pictures of candidates, and each candidate is urged to bring his picture to TECHNICIAN office before the above mentioned deadline.

This year's elections promises to be the most spirited held in recent years, and the TECHNICIAN would like to contribute to the utmost in publicity for the candidates, but all effort will be made to give space impartially. The candidates are reminded that their cooperation is necessary to do this.

# State To Be Featured On Atlanta Radio Show

Atlanta's WSB announces that the late evening musical program, "Platter Party" will be dedicated to N. C. State for an entire week beginning Tuesday evening, March 8.

Bob Watson, the "Platter Party" host and originator of the three-year-old broadcast, has asked that all campus organizations and individuals send in requests in advance if they want to be mentioned during the week. The program will continue to be largely musical but Watson will intersperse information about the college and its achievements.

The program is aired Tuesday through Saturday from 11:30 to 12:00 midnight. WSB is on the dial at 750 kc.

The salutes to various southern colleges and universities will continue throughout the winter and spring. Mail surveys have shown that half of the listeners of the "Platter Party" are college students. WSB and Bob Watson inaugurated the campus salute last September to enable students in the South to learn more about the goings-on at other schools around them.

BOB WATSON

## Dance Is Voted At Freshman Class Meet

The Freshman Class met last Tuesday at 12 o'clock in Pullen Hall to make plans for a Freshman Dance.

Paul Langley, class president, called the meeting to order. Virgil Mims, a member of 30 and 3, spoke to the class saying that 30 and 3 wished to assist the Freshman in their plans for a dance. He also told of the "King for a Day" activities last year and said that 30 and 3 was willing to sponsor such a program for this year's freshmen.

Following Mims' talk, Buck Pruden moved "that the Freshman Class have a dance in connection with a 'King for a Day' pro-

## Suggestions Issued By Court To Students

The College Traffic Court issues the following suggestions to students who drive motor scooters and motor bikes:

1. Park on either end of the street in front of the cafeteria or under the side of the stadium adjacent to the laundry.
2. Do not drive down the street by the cafeteria steps.
3. Do not park in "no parking" areas.
4. Do not ride from class to class on the main campus.
5. Stay off of side walks.

The College Traffic Committee is planning to establish a parking area for students in the area of Withers Hall.

gram." This motion was seconded and passed overwhelmingly.

A question of the president's power was decided by a motion giving the president "power to appoint any committees that are needed in connection with the dance." This motion, made by John Thompson, was also seconded and passed.

A third motion by Louis Early set the class dues at two dollars. These dues are to be collected at the spring term registration. Of the fifty-one members present, only six voted against this motion.

## Campus Bits

### Prof's At Conferences

Dr. J. Bryant Kirkland, dean of the School of Education, will attend a conference on research related to future programs of agricultural education, at Washington, D. C., March 1-4.

The conference will feature discussions on problems and possible changes in vocational education in agriculture and what research is needed to bring about a better educational program.

Dr. J. W. Goodman, assistant di-

rector of the State College Extension Service, will lead a discussion on training of extension personnel in North Carolina, on March 5.

The meeting is held to make recommendations in line with the needs for in-service training of extension workers in this state. A review of the in-service training program of other states will be discussed.

NICE ROOM—adjoining bath in private home for student or student and working wife. Reasonable, see J. F. Sansom in Print Shop or call 3-3491.

Bud Niven had a fine time at the Engineers Ball—thanks to a Little Cissie from Duke.

## Thirteen Chemical Students Honored

Thirteen leading students have been initiated into the membership of the college chapter of Gamma Sigma Epsilon, national honorary chemical fraternity, it was announced today.

The fraternity selects student members who have made outstanding academic records in the field of chemistry. Membership requirements are based on character, scholastic standing, and demonstrated ability in chemical study.

Following is a list of the society's new members:

John K. Allen, Greenville; Jack M. Davis, Charlotte; Gordon D. Duncan, Daytona Beach, Fla.; James Floros, Charlotte; Eugene Glock, Brooklyn, N. Y.; Solomon P. Hersh, Winston-Salem; James H. Holmes, Hamlet; John S. Noell, Raleigh; Robert E. Overing, Raleigh; Francis M. Patton, Jr., Asheville; Harry J. Suggs, Gastonia; Roy S. Thomas, Jr., Greensboro; and Lyle V. Wade, Greensboro.

Gamma Sigma Epsilon was founded at Davidson College in 1919 and today has chapters in 17 colleges and universities throughout the country. At N. C. State College, the Alpha Beta Chapter awards each year an engraved cup to the senior judged most proficient in chemistry.

Dr. W. A. Reid of the College's Chemistry Department is the faculty advisor. Other faculty members are A. H. Grimshaw, W. E. Jordon, and L. F. Williams.

# With The Greeks

BY TED WILLIAMSON

The fraternity activity will be pretty slow for the rest of the winter term. Maybe that is as it should be for, after the IFC Mid-Winters last week-end, we won't mind a break and, besides, exams begin a week from tomorrow. The week-end was a good one for almost everyone, though, and a lot of us will remember it for a long time — though for different reasons.

Some guys and their dates got locked out of the gym on Saturday night because the turn-out was greater than the IFC had anticipated. Two things can be done in the future to prevent this: fewer guest bids might be issued or the Municipal Auditorium hired. Since we don't want to hold closed dances, the latter suggestion seems in order. This could have been done this time, by the way, had the IFC foreseen the size of the crowd. It is not true that the IFC was officially refused permission to hold the dance downtown. Another factor will enter the picture in the next few years, too. The number and size of the fraternities will increase. This should make us look with even more favor upon the auditorium as the place for our dances.

**THIS IS IMPORTANT:** The Greeks have always attempted to maintain a scholastic average above the all-men's average. They have done so almost every year, most of the time to their great credit. They are required to maintain such an average in order to hold major social functions. This idea is a good one and should be continued but, if the Greeks are to remain at the level to which they aspire, they must consider a basic fact: *the pledges make the fratern-*

*ity.* That we have been cognizant of that is evidenced by the fact that pledges are required to have a C average before initiation. We have fallen down in our planning, though, in that we do not choose men, in every case, who will be able to maintain their average, or even attain it at all. This is evidenced by the number of young men who are dropped from the pledge rolls each year. The solution to this problem is not simple. We can help the pledges with their work, and we owe them this, but we must look further back, too. *The IFC should require a man to have been a student for one term, at this college, before he is allowed to pledge a fraternity.* The advantages of this suggestion apply to some of our other problems too but that is another story. The IFC knows it already anyway.

## Campus Officer Resigns Position

T. S. Rhodes, Traffic Supervisor of State College, has announced his resignation which will become effective April 1, 1949.

Mr. Rhodes has accepted a position with the Norfolk and Southern Railroad. His duties will be with the Detective Department of the railroad, which keeps law and order on trains. Rhodes will be assigned to trains running between Raleigh and Charlotte.

A successor to Rhodes has not been named. Several applications have been accepted to date and a successor will be named in the near future.

## Logger's Brawl To Entertain Foresters

The foresters are headin' for the woods again but not for any study purposes. Hill Forest, long used as the locale for the sophomore summer camp required of all students in forestry, will assume a different role Saturday, March 5, when the participants of the Logger's Brawl move in for an evening of feasting and dancing.

According to Mr. Webster, the word "brawl" means a sort of a dance, and since the affair will feature a "sort of a dance" for the foresters, it was appropriately named the Logger's Brawl.

All members of the Forestry Club are invited to attend the Brawl. They will be treated to a barbecue supper, and later may square dance to the strummings of Curt Furr's Lumberjacks. Or, if they prefer a fox trot, a record player will be provided to give out with the blues numbers.

All members attending will be dressed as typical foresters and their dates will adorn themselves in gingham. Before the night is over, prizes will be awarded to those whose dress most nearly typifies that of a forester. The main cabin and chow hall at the forest will be decorated in festive fashion to accentuate camp site.

### Exhibit Design Photos

Modern garden design is the theme of an exhibit of photographs now on display at the Department of Landscape Architecture of the School of Design in Patterson hall, according to Prof. H. L. Kamp-hoefner, dean of the School of Design.

The photographs are of gardens designed by Thomas Church of San Francisco, Calif., nationally known landscape architect.

## Public Lecture

Tuesday, March 8, 1949, at 8:00 P.M. in Pullen Hall, Mr. Buckminster Fuller will give a lecture on "The Designer Takes the Initiative."

Mr. Fuller has, in recent years, been a consulting editor of "Fortune," editor of a technological survey for Chrysler, head mechanical engineer to the Board of Economic Warfare, and special assistant to the Deputy Administrator of the Foreign Economic Administration. In the latter capacity his chief responsibility was surveying the staggering world housing crisis accelerated by the war.

## City Court Fines Prof

Professor John A. T. Kingsbury, of the Sociology Department was fined \$22.55 in Raleigh City Court on Friday, according to R. L. Rhodes, campus traffic manager. Mr. Rhodes stated that staff members as well as students are supposed to adhere to campus traffic

## Southern Engineer Heads To Be Elected In Winter Quarter

The Advisory Board for the "Southern Engineer" magazine met at 6:30 p.m. Wednesday, February 23, at the S & W Cafeteria. Dean J. H. Lampe, Chairman of the board, conducted the supper meeting.

A new policy was enacted, providing for the election of the Editor and Business Manager of the "Southern Engineer" at the end of the Winter Term.

Others present at the meeting in addition to Dean Lampe were: G. C. Thompson, J. S. Moore, Dan Stewart, W. C. English, H. A. Horne, David Lane, D. E. Henderson, C. E. Jones, and Miss Audrey Bryson.

On three different occasions Mr. Rhodes said he had given Professor Kingsbury a ticket which the professor had ignored.

107 FAYETTEVILLE ST.

Here's Sam Donahue and Patsi Mahar, a featured singer with his band, comparing notes on Camel Mildness.

I LEARNED FROM THE 30-DAY TEST THAT CAMELS ARE REALLY MILD AND HAVE A GRAND RICH, FULL FLAVOR, TOO

I'VE KNOWN THAT FOR YEARS, PATSI. THAT'S WHY CAMELS ARE MY FAVORITE CIGARETTE!

**Money-Back Guarantee!** Try Camels and test them as you smoke them. If, at any time, you are not convinced that Camels are the mildest cigarette you ever smoked, return the package with the unused Camels and we will refund its full purchase price, plus postage. (Signed) R. J. Reynolds Tobacco Company, Winston-Salem, North Carolina.

How Smooth can a swing song be?

Hear Sam Donahue playing

*Gypsy Love Song*

(A CAPITOL RECORDING)

... and you'll know!

Sam Donahue's new waxing is a real something. Yes! It's smooth, it's swifty, it's something terrific for a fast Lindy—or what-do-you-do? In music, Sam knows that whether you dance it fast or slow—you'll want it *smooth*. And when it comes to cigarettes, Sam himself wants a cool, smooth-smoking cigarette. That's why Sam says, "Camels suit my 'T-Zone' to a 'T'. Camels are the mildest cigarette I've ever smoked—and they taste great, too!"

How MILD can a cigarette be?

Smoke CAMELS for 30 DAYS —and you'll know!

In a recent coast-to-coast test of hundreds of men and women who smoked only Camels for 30 days—an average of one to two packs a day—noted throat specialists, after making weekly examinations, reported

**NOT ONE SINGLE CASE OF THROAT IRRITATION DUE TO SMOKING**

# Camels

**Please Protect Our Students!**

Must we wait until the tragic moment when some State College student is maimed or killed by a glare-blinded motorist before something will be done by school officials to improve the walkways to the dorms?

A veritable death-trap is the road leading to the Alexander, Turlington, Owen, Tucker dorm group. In years past, students could walk to these outlying dormitories in comparative safety, but now that Verville has been incorporated and the traffic on the road increased, North Carolina's budding engineers must take their lives into their hands on every trip to or from the dorms.

Granted, there has been quite a bit of activity on the road, with the coliseum construction in full swing this winter. First one side of the road is dug up and tossed into the center of the drive, then the other, with students being forced to climb small mountains to get to class.

When one auto is approaching another at night, with a pedestrian caught in the middle, it's a case of "may the best man win." Blinding headlights completely obscure the helpless figure of the walking student. It is absolutely unnecessary for State College to have a manslaughter case in its records because of the conditions of the road leading to the four largest dormitories on the campus.

It is highly advisable for the administration to rush the pipe-laying alongside the road and then widen the stretch of road at least to the turn-off onto Western Boulevard. An absolute necessity, also, is the laying of sidewalks down both sides of the road to the dorms, **WITH STREETLIGHTS!**

Let's not wait until someone is killed. Please protect our students NOW!

—HAAS.

**Why Do College Men Fail . . .**

From the Georgia Tech *Technique*  
Why does the college trained man frequently fail at his first job?

The answer—he is still a child in one way or another, because he lacks one or more of seven basic traits.

That is the answer given by Dr. Robert N. McMurry based on a survey by his management firm which studied 1,170 trainees directly hired from college by 247 companies.

He listed the seven traits as:

The ability to stay long enough with a company to repay the investment in training.

The ability to accept responsibility.

Perseverance, or the ability "to follow a path to the end," even if the path is unfamiliar.

Self-reliance.

The quality of being agreeable to different groups and different persons.

Identification of his personal goals with those of the firm.

And the ability to exercise authority without belligerence.

"Absence of these traits, or any one of them, indicates failure of an individual to grow emotionally," said Dr. McMurry.

He said his study was based on experience

**THE TECHNICIAN**

North Carolina State College  Published Weekly By the Students

Editor-in-Chief . . . . . AVERY BROCK  
Business Manager . . . . . BOB McLEOD  
Managing Editor . . . . . HOYLE ADAMS

Entered as second-class matter, February 10, 1920, at the post office at Raleigh, North Carolina, under the Act of March 3, 1879.

with the 1,167 trainees recruited directly from college who were trained at the expense of \$2,750 each for the first year, exclusive of such items as supervision and breakage.

Of the whole group, only a small percentage were judged desirable at the end of the first year. The others had left or had proved unsatisfactory and were discharged.

The way to avoid this loss, Dr. McMurry said, is "to keep clearly in mind the qualifications for the job, and to use a patterned interview which permits the interviewer to explore all facets of the applicant's background.

"This latter will give the interviewer a factual basis for judging whether the trainee does have the qualities the company seeks—and this judgment must be made upon a careful evaluation of what the candidate has done rather than on what he says he will do."

—Lloyd Brady, AP

**Looking For A College . . .**

I'm looking for a college that may be somewhat "different" from the generally accepted idea of the modern education mill.

Even now, I think I can imagine an uplifting of scholastic eyebrows and heads shaking in disapproval at the emeryty of anyone who would question the status quo. I'm looking for a college big enough in vision and strong enough in character and leadership to defy the shibboleth, "the customer is always right."

I'm looking for a college of such moral fiber that it cares more about producing leaders than it cares about large registration or large graduating classes. I'm looking for a college of such independence that it will say to me—and will make the saying stick—"like it or not, you're restricted in your electives and must take many required subjects, some of which you may not care for at all. You must do this because our purpose is to educate you broadly at the same time we train you intensively along restricted lines. Of course, we want you well prepared for your life work, for the practice of your profession when you have finished here, but we also want you educated to really live and to know why you live. We want to prepare you for at least reasonable success—and distinction if possible in your chosen work—but we want you to have far more than technical or professional skill alone and the ability to amass money, for desirable as this may be, it is empty vanity if you are ignorant of appreciation of those things which make life big and broad and fine."

I want to be an engineer, but I don't want my mental horizon limited by technics and formulae alone. I hope I have a long time to live, so I want to live well. I want to be an engineer who can build for the eternal future, but while I am on this earth I want to know how to appreciate a fine picture, a great work of art, and thoughts expressed in inspired writing. I do not want to be so big and hard and cold—so much the robot—that I cannot appreciate the sunset, a simple poem, the song of the thrush, the deep silence of the forest, the stars above on a clear night. I want to be able to stand in awe and wonder before the majestic beauty and the thundering roar of the waterfall, without thinking of it as harnessed in penstocks and calculated in terms of horsepower delivered on the line.

I think it is high time that I looked for a college of this kind because I believe we have gone about as far as we should go in technology alone without taking a generation or two to rediscover some of the qualities of soul so necessary for finer lives, to a finer people, and a finer society.

—Trained Men, Internat'l Corresp. Schools.

**OPEN FORUM**

To the Editor:

Shall we, the students of State College, empower a group of students in the Mid-West to speak for political issues? The Campus Government has under consideration a proposal to join the National Student Association.

If we join the organization, we are empowering that body to speak for us. Of course, we will have a small voice in the organization. We will have five votes out of approximately 700 to 1000.

The organization has a broad and controversial program. The Campus Government should not act on this controversial issue until the student body has been fully informed of what the organization is and does. Then the students should be given an opportunity to express their opinions on the issue in an open hearing or at the campus wide elections.

WALTER CLARK.

**Forum To Discuss Students' Stories**

Short stories by William C. Dodson and S. K. Burman, State College students, have been chosen for discussion at the annual writer's forum at Woman's College of the University of North Carolina on March 17.

"To the Moth I Killed Last Evening" and "Old Weavers" by Dodson, and "The Mulberry Tree" by Burman will be discussed by authors Jean Stafford and Peter Taylor at the meet.

These stories were selected from many sent in by colleges from all over the East and will be published in the Arts Forum issue of *Coraddi*, announced Dr. L. C. Hartley.

The forum is held annually for the assembly and encouragement of young college writers. Burman and Dodson will be given an opportunity for a conference with one of the leaders of the forum.

**Adopt Council**

(Continued from Page 1)  
looking into the possibility of installing book shelves in the cafeteria. No action has been taken on the matter since it was reported last fall that the administration was working on the project.

**Petticoat Commencement**

The Campus Government of North Carolina State College will present to the wives of graduating seniors a diploma.

The inauguration of such a plan will acknowledge the real effort of many wives to assist their husbands through college.

If you are married and will graduate in June 1949, you will receive a questionnaire from the Campus Government by March 10th. In the event that you do not receive your questionnaire by that date, please send the following information to the Promotions Committee, Campus Government, Box 5695, N. C. State College:

- Questions:  
(1) I will graduate in June 1949.  
(2) Wife's full name.  
(3) Wife (will) (will not) be present at graduation ceremonies.  
(4) Address after graduation.  
(5) Signature.

**Mims Announces**

(Continued from Page 1)  
cheerleader and one student has stated his running for the office of editor of the *Agriculturist*.

Scott Eubanks, a sophomore in Mechanical Engineering from Greensboro and Dwight J. Ham, a Floriculture sophomore from Charlotte, are candidates for head cheerleader. Eubanks has been a cheerleader for a year, is a member of the A.S.M.E. and is connected with the dormitory council for Watauga Dorm. Ham has had two years experience as a cheerleader at State College, previously being a high school yell man.

Lolo A. Dobson, a junior in Agronomy, is campaigning for the office of editor of the Ag magazine which will be voted upon at the regular Ag Club meeting April 12. Dobson is managing editor of the *Agriculturist*, vice president of the Ag club, junior class secretary, departmental honor committee chairman, and a member of Alpha Zeta.

The Council extended its wishes for quick recovery to Bradford Wiggins. Representative Wiggins was injured in an automobile accident last week end.

### Nine Engineers Honored By Theta Tau

Shown above are the nine engineers who were recently initiated into Theta Tau, national engineering fraternity, at the YMCA during formal exercises. Professor T. C. Brown, of the Mechanical Engineering Department, was also formally installed into the national office of Grand Outer Guard by Professor Ames of Iowa, Grand Regent. The men are, left to right front row: George H. Andrews, civil engineer of High Point; Jack Raymond Long, civil engineer of Greensboro; Duard C. Linn, ceramic engineer of Landis; Richard Thomas Johnson, industrial engineer of Henderson; William Findlay Thompson, industrial engineer of Detroit; back row: Laurence Ernest Poteat, mechanical engineer of Bakersville; Harold Clingman Rhudy, civil engineer of Greensboro; Ross Warren Lampe, chemical engineer of Raleigh; and Harold Bern Williamson, electrical engineer of Washington, N. C.

### Appointments Made In Agronomy Dept.

Several appointments in the Agronomy Department were announced by Dr. W. E. Colwell, department head, this week.

These appointments are: Dr. W. V. Chandler, in corn fertility, from Ohio State College; Dr. E. T. York, Jr., in peanut fertility, from Cornell University; Dr. Samuel Tisdale, in tobacco fertility, from Purdue University; and Mr. James A. Wison, research instructor and tobacco investigations.

Other appointments in the School of Agriculture include Dr. Frank Haasis, plant pathologist, to be located at the Vegetable Research Laboratory, Wilmington, N. C., and Dr. Henry Townes, entomologist, to work with tobacco insect problems.

### Math Department Needs Teachers

Six teaching fellowships will be offered next term by the Math Department, announced Dr. H. A. Fisher, head of the department, this week.

Dr. Fisher explained that these fellowships would be open only to engineering graduates, students who have the necessary recommendations. The students will be chosen on their scholastic standing and general ability.

Fisher further stated that the students chosen for these fellowships will teach only half-time while continuing their graduate studies. These students will be under the supervision of the senior members of the department who will act as their advisers.

### 107 Graduate

W. L. Mayer, Director of Registration, announced that 107 students expect to graduate at the end of this term. Graduating students would not, however, receive their diplomas until exercises in June.

### Ambassadors To Play For Sophomore Dance

BY GILBERT MAXWELL

The Duke Ambassadors, one of the best college bands in the country, will play for the Sophomore Hop April eight and ninth, it was announced this week by Hank Odum, class vice president and dance committee chairman. The band is led by Fred Whitener, a North Carolina boy who has played every reed instrument known to man.

Odum said that there will be dances Friday and Saturday nights in Frank Thompson Gym, but no tea dance Saturday afternoon. The Friday dance will be informal; the one Saturday night will be semi-formal. As an added attraction, the Hop will feature a floor show, with tables for everybody. The gym will be decorated and lighted in the night club motif.

At present only about a fourth of the members of the class have paid their dues, but class officers hope to increase the percentage through a collecting campaign now in progress and by collecting dues

at registration for the spring term. The dance committee has expressed hope that sophomores will pay their dues as soon as possible so that a reasonable estimate may be made as to the number of people that will attend the dance.

Assisting Odum in making the preliminary plans for the hop have been Clere Roberts, Scott Eubanks, John Lambert, Bub Niven, Johnny Kerns, W. S. Clements, and Hal Strawbridge. Henderson Scott, class president, and the dance committee have worked and will continue to work to make this year's Sophomore Hop the best one yet. They ask for the support of every member of the sophomore class in their task.

### Candidates Notice

March 29, at 4:30 p.m. is the deadline. All candidates running in the general election must file their application with the Assistant Dean of Students by then.

The 29th is also their deadline for turning in pictures for the election issue of the TECHNICIAN.

**Sponsors For The Barnwarming At N. C. State College**

Pictured here are the sponsors for the Barnwarming Dance presented annually by the students in the School of Agriculture at N. C. State College. Gingham dresses and blue denim overalls will be the "formal" attire for the rustic event, which will be held in Frank Thompson Gymnasium on the college campus Saturday night, March 5, from 9 until 12 o'clock. Johnny Satterfield and his orchestra will provide the music. The sponsors, with their escorts listed, are shown here. Top row, left to right: Miss Margaret Polk of New Orleans, La., with Don Biggerstaff of Bessemer City, chairman of the dance committee; and Miss Betty Jane Sumner of Cherryville with Glenn D. Hunt of Dallas, editor of The Agriculturist. Shown at the center is Miss Shirley Brown of Wilmington with Bill Hall of Yadkinville, president of the Agricultural Club. Bottom row, left to right: Miss Elene Fox of Hickory with George King of Clinton, member of the dance committee; and Miss Carolyn Ballentine of Fayetteville with Wade Hobson of Boonville, business manager of The Agriculturist.

**Vetville Scene Of Recent Activities**

Rabbi Harry Kaplan of Temple Beth Or, Raleigh, spoke on "Brotherhood" at church services in the Vetville YMCA last Sunday. His appearance was timed with Brotherhood Week, sponsored by the National Conference of Christians and Jews. D. B. Green, of Vetville, presided at the services, and Mrs. Lewis F. Dunn directed the choir. The Students' Wives club held its March meeting last Tuesday night in the Vetville YMCA. Mrs. T. W. Wood of the Faculty Wives club was in charge. Bridge, rummy, and beginners bridge was played, with prizes being awarded the winners. The Vetville Mutual Grocery is now sponsoring a new membership

drive. Four valuable prizes will be presented to the four current members selling the largest amount of stock. The contest is designed to increase the assets of the store and to bring it more business by favorable publicity, in the end resulting in lower prices to the customers.

The first meeting of the Red Cross Home Nursing Course was held in the Vetville YMCA Monday night, February 21. Mrs. R. M. Jackson, Jr., and Miss Alma Kernmon of the Wake County Chapter of the Red Cross organized the class, and Miss Mildred Mason, floor supervisor at Mary Elizabeth Hospital, is the instructor.

NICE ROOM—adjoining bath in private home for student or student and working wife. Reasonable, see J. F. Sansom in Print Shop or call 3-3491.

**A.I.Ch.E. Enjoy Movie At Meeting**

In the evening of March 1, A.I.Ch.E. members enjoyed "Treasure from the Sea," a Walt Disney animation stating the uses and advantages of magnesium as a structural metal. At the social hour a surplus of cokes and cookies proved quite entertaining.

Nominations were made for next term's elections, April 5. The following offices have for candidates:

President — Jim Owens, Robert Becker; Vice President — Clyde Moore, Dwight Beaty, John C. Resor; Secretary—Jack Howell, J. R. Clark; Treasurer—Roy S. Thomas, Ross Lampe, Ed Huchin; Reporter—Richard Gustafson; Engineers' Council Delegates—Robert Becker, J. R. Clark, Roger Crosby, Jack Howell, Clyde Moore, Jim Owen, George Roe, Earnest Seaman; Engineers' Council Alternate Delegates—Dwight Beaty, Waverly D. Davis, Ross Lampe, and George Roe. Since most sophomores were unexpectedly unable to attend the

meeting March 1, offices are expected to be thrown open for further nominations at the next meeting of the society, April 5. Elections will follow the nominations.

### Turlington Dorm Club Officers

These men run the Turlington Dorm Club. From left to right in the front row are Cleo Parthemos and Parris, first floor representatives; Ralph Bostian, president; William Griffin, vice president; and Leon Holland, secretary-treasurer. Second row: C. L. Klutz, third floor representative; J. C. Alexander and Joe Upchurch, second floor representatives; and Price Brawley and W. N. Ward, third floor representatives. Dwight Ham and C. H. Hutchinson, second floor representatives; and third floor representatives Fred Shugart are on the back row. First floor representatives Jack McCracken and Elbert Midyete were absent when the picture was taken.

## Dorm Doings

By GILBERT MAXWELL

After several weeks of elections and preparations, the long-awaited first meeting of the Interdormitory Council has been announced for March 10 by Fred Kendall, Campus Government prexy. At this meeting, at seven o'clock in the Y conference room, plans will be laid for selecting the officers of the Council, and future business will be discussed.

If there is anything you wish to have expressed in the meeting, contact your Dorm Club president or Council representative and let him really be your representative. If the Council is to accomplish what it should, if it is to govern wisely, it must have easy access to the thoughts and opinions of all of us who live in the dorms. If you have anything to say, that is why you should say it to the men who will sit on the Council to speak for you. If their words are to have any weight, it can only be because they express the wishes of the three thousand men they represent.

There has been considerable com-

ment on the general excellence of the dormitory intramural teams this term. The credit for this sizable accomplishment belongs to the athletic directors in the dorms—men such as Wade Hobson in Gold, Watauga's Archie Corriher, Bill Austin of Alexander, Bill Hord in Becton, Phil Corbin of Berry, Owen's Steve Conrad, Howard Soloman, and Jay Berkett, Marvin Grant and Bob Wheless in Tucker, Rayborn Hinshaw of Bagwell, Hal

McKnight of Syme, Welch's Bill Hall, and Vance Griffin in Turlington. They've all done a swell job, and we wish 'em all the luck in the world come next term. By the way, Dorm Club entries for spring term intramurals must be in by the fifteenth. Get yours in early!

#### Elections Completed

With election returns in from Bagwell, Syme, Becton, and Alexander, this year's Dorm Club elections are all wrapped up. Gold alone chose not to organize a Dorm Club. John Dillard was elected president in Bagwell, while Syme chose R. C. Crowell as their chief. Alexander's officers are Phil Broughton, president; Ed Willis, vice president; and Henry Champion, secretary-treasurer. Becton

named Doug Watts president, Alex Vann vice president, and J. McNulty secretary-treasurer.

#### Spring Social Events

Just about everybody has some sort of social on tap for next term. Bagwell, Becton, and Turlington have scheduled dances, with Tucker, Owen, and Alexander planning some variations of the usual dance idea. Berry and Welch are working on skating parties and picnics. Speaking of skating, some of the fellows have been having a fine time at the skating flings down at Brooks Recreation Center. The Y and your Dorm Club officers came through once more when they arranged the complimentary tickets for you.

Well, that about does it for this term. Good luck on exams! We'll see you again in the spring, when a young man's fancy lightly turns to what he's been thinking about all winter.

FOR SALE: Whizzer motor bike, 49 license and inspection. \$70.00. King Overby, Room 341, Tucker Dorm.

FOR SALE: Bus-House partly furnished. \$500.00. J. A. Williams, 116 Trailwood.

### Y Officers

Suggestions for next year's YMCA officers are now being considered by the nominating committee. Anyone having suggestions for officers must turn them in to Ralph Dixon, Chairman of the nominating Committee by March 31.

# Management Consultant To Supervise Service Program

Appointment of John Farrell of Plymouth, Mass., a top-ranking management consultant, as visiting lecturer in industrial engineering was announced this week by Dean J. H. Lampe of the School of Engineering and Prof. David E. Henderson, head of the Department of Industrial Engineering.

Farrell will supervise and direct an enlarged program of manufacturing and management services for North Carolina industry and will offer an expanded industrial training program at the institution.

Dean Lampe said that Farrell will aid in carrying out the school's over-all program for industrial development and management in the State and will enable the school to help industry in solving some of its management bottlenecks.

**Was High Ranking Official**  
Farrell resigned a position as assistant to the president of the Indian Motorcycle Company in Springfield, Mass., to assume his new duties. In his capacity with the company, Farrell performed executive and staff duties in all elements of the operation, such as marketing, manufacturing, and the administration of management controls, budgets, and cost analyses.

A veteran of both World Wars, Farrell has had wide experience in industry. Prior to his work with the Springfield firm, he was an industrial relations and management consultant, handling considerable work for the McGraw Hill Publishing Company from February 1, 1946 to May, 1947. In this position, he also had wide contact in job evaluation and office methods.

Farrell was personnel director for the Rogers Diesel and Aircraft Corporation of New York from January, 1944, to September, 1944. Prior to that time, he was assistant to the vice-president of Barnes and Noble of New York, a position in which he discharged personnel, management, and merchandising duties.

**Former Telephone Official**  
He was an official of the personnel administration for the Bell Telephone System from 1925 to

## Ag Club Elections

Primary elections were held by the Ag club last Tuesday night for officers for the Spring term. The following men will be voted on at the final elections to be held next Tuesday night, March 8, at the regular meeting:

President: John Hollowell and William S. Hall; vice president: Bill Allen and Max Sink; secretary: D. G. Harwood and Louis Dameron; reporter: Dean Angel and H. R. Caldwell; and for picnic chairman: Pete Austin and John Branch.

All members of the club are urged to be at these elections to see that the right man is put in the right office.

# Ten-shun—Military Ball Bids Ready

The last opportunity to get bids to the Military Ball will be at the front of the cafeteria at one o'clock on Monday and Wednesday, March 7 and 9.

Ask anyone who attended last year's Military Ball and they will tell you that it was one of the best dances given on the campus during the school year. This year's Military Ball promises to be even better.

The 1949 Military Ball will take place between the hours of 9 and 12 on the second of April at Frank Thompson Gym. The Cadet Officers Association and the Scabbard and Blade, the organizations that sponsor the ball, announced that Johnny Satterfield and his orches-

tra have been signed for the occasion. Satterfield's orchestra has been very popular on the campus over the past few years and is generally regarded as the best band in the vicinity. It is a particularly mellow outfit and plays very danceable music.

The ball is open to all students taking military at State College and all Reserve Officers on the campus. Bids for the students in the basic division are \$2.50 and those in the advanced division and military graduates of the college are required to join the Cadet Officers Association or be members of Scabbard and Blade. Reserve Officers who have obtained their commissions in other manners should contact Cadet Lt. Col. Bill Campbell or Cadet Lts. Harper Thayer, Sandy Gluck, or Gil Newton.

Many guests including Governor W. Kerr Scott have been invited.

# Cadet Officers

There will be a meeting of the Cadet Officers Association in room 15, Holladay Hall at 7 P.M., Wednesday, March 9. At this time, the Military Ball bids will be given to all members. Also any student in the advanced division of the ROTC may join the association and receive his bid.

The 1949 Military Ball will be the most colorful dance of the year with all military students wearing their dress uniforms and the ladies in their formal gowns.

## Every Good Story Points A Moral—

Behind our playful plot, our intentions are serious: we want you to discover for yourself the welcome DIFFERENCE in cigarettes that PHILIP MORRIS can bring you.

Established PROOF of that difference is too extensive to be detailed here—but pre-medical and chemistry students, who will be especially interested can get it in published form FREE, by writing our Research Dept., Philip Morris Co., 119 Fifth Ave., N. Y.

# CALL FOR PHILIP MORRIS

# Sporting Around

By HAAS

Next term I plan to run for the job of Editor in Chief of *The Technician*; and, as a candidate, I am getting a practice shot at editing the paper this week. Frank Pettinelli, one of the staff writers, is handling the sports section this issue and his column follows:

*There're some tables down at Stoney's where the boys all like to dwell, and they talk about their favorites until twelve.*

*Yes they talk about their favorites with their Trommers raised on high, and they joke and laugh and get a little high.*

Years pass by and Stoney's remains, and so do the boys with their Trommers and their favorites—the swimmers, the football players, the basketball players, and many other young athletes who never get more than a season pass to the Infirmary.

But they still have their home-spun managers who promote them nightly from the halls of Syme to booth at Stoney's. Let's give out with a thanks to all the "gee's" from Stadium Dorm from the Dickey's to the Dubow's. They help a lot of Joe's to remember that a slide rule shouldn't smoke every day of the week.

This term you might have been walking to a class (or in your sleep—same thing), to the mop-up or just anywhere on the campus, but as sure as final exams someone would stop you and sincerely ask "what's wrong with our basketball team?" You might have an answer by now, but I'd like to shoot off my face for a sentence or two.

State has a fine basketball team and they are rated in the upper brackets by the dentists who pass out the polls on the various quintets. But this season, as in the past, they have had trouble thumping teams into the boards beyond the confines of North Carolina. This is not an opinion, but a fact. It is a fact that has plagued every team in any particular sport since the invention of the horse, (or other means of locomotion) along with the discovery of the "home-court."

We have on the team some of the greatest forwards and guards in the nation, but to look at an unbiased mirror, lets admit that we have been weak in the pivot slot all along.

Summing it up, there is nothing wrong with State's five. They are a group of human beings who have proven that human beings are human (Eng. 101-2 MWF).

As things shape up now they will probably play in the Eastern NCAA playoffs (It says here). Let's keep our eyeballs crossed and hope.

Since this is the final fume we of the *Technician* shall issue this term, leave us expound the long-awaited meaning of S.A.G.E. Hold your Homburgs students—S.A.G.E. stands for "Southern Association of Grit Eaters".

A few of the boys on the track squad went over to the indoor track meet at the country club last week and said hello for only a few events such as the shot-put (Dostanko and Byler Placed third and fourth) the 60 yard dash (Wadsworth placed second), the high jump (Splawn tied for second, and Cook tied for third). Bob is a member of State's frosh basketball team. Well at least they tried.

The Southern Conference swimming tournament will take place at Chapel Hill this coming weekend. Coach Willis Casey expects State to fight it out with V.M.I. and Duke for second place. Our cuzzins from the "pastures" (taken from a Tar Heel ad) are expected to romp home with the title.

Pretty soon everyone will be running out to Deveraux Meadow with bus transfers between their teeth, eager as bunnies to see Coach Vic Sorrell's play (catch a fly your up) baseball. Tryouts are going on right now as hot as midnight oil for exams so don't miss the boat. You too can become a Willie Evans or a Joe DiMaggio. Come On down to Spok Field (Uniform "B") and shag a few. There's lots of room for everyone including those .400 hitters.

We'll be seeing you all next term. That is Son, if the grits and "K" rations hold out.

P. S. We just received word that Kentucky has decided to accept a bid to the N.C.A.A. along with the N.I.T. berth. The last word in low blows has just been given. If we didn't know it before we know it now. Mr. Rupp (the "baron") is laughing up his sleeve at every basketball team in the nation. He has, and is, definitely proving that Jack Armstrong is dead and buried. Some people bite off more than they can chew and many gals and guys will be pulling for every team opposing Kentucky. And so will we.

Today's moral—Don't ever send a boy on a man's errand.

# Hardwood Chatter

PETTINELLI

Every great ball club has at least one man on its roster who sometimes gets lost in the overshadowing brilliance of his teammates. He usually learns the patient and not so edifying art of sitting on a wooden bench while fair-haired boys have their names plastered in all directions. And usually he is a quiet Joe who doesn't feel quite as bad about his absence from the field of glory as do one or two sports writers who cry in their beers over "the injustice of it all".

Let's cry in our beer a while over Charlie Stine, the good-looking State forward who sees most of his action in Frank Thompson gym around 4 p.m. in the afternoon. So we won't sound totally one-sided about the sad plight of Charlie, leave us say here and now that he is always good for a few fast, fluent "pernts" when he does get into the game.

Charlie came all the way from Frankfort, Ind.—to get an education. He is a very happily married boy (and who wouldn't be with a lovely wife like Mrs. Martha Stine) who has one year of eligibility to play ball.

From where we have been sitting all season it hasn't looked like Charlie has been bitter over his failure to play. In fact he is the first one to show emotion over the trials and tribulations of any particular State five that happens to be fighting for a K.O. on the court.

Mr. Stine is an old hand at the hustling, rustling-bust em' where they ain't type of mid-west ball. Ev Case has a fast-moving reserve in the form of "rubber-legs" Charlie who could probably give Barney Ewell a rough time in a sprint or two.

He will shoot at the slightest provocation (from the hip), and he's mighty accurate from the far corner "podner."

Charlie is a M.E. major and one of his ambitions is to find out what the hell S.A.G.E. is. We have a feeling that he hasn't got long to wait.

This is the last of a galaxy of utterings that have been oozed out with the purpose of acquainting the troops with a few of the dribble-happy gents from Stadium Dorm. If it has lacked specific information and statistics, and yet given you an informal introduction to the team it has achieved its purpose. Until next year when we will Hardwood Chatter off again, —thirty.

# Most Valuable Player—Warren Cartier

# Preacher Pre-Flight Downed By Pack

Last night in the third game of the opening of the annual Southern Conference tournament the highly favored Wolfpack romped over a Wake Forest team by the convincing score of 64-42.

This win will send State into tonight's semifinals against Tom Scott's White Phantoms at 7:30.

The story was a State one all the way with Sam Ranzino and Paul Horvath leading the scoring with 10 and 14 points respectively. However the State scoring was spread out evenly as none of the Pack really were hot from way out.

From the first tap-off to the last buzzer the contest was decidedly slowed down by the numerous fouls called by the officials. It was a hard, aggressive forty minutes of basketball.

Joe Harand and Paul Horvath hauled the ball off the boards with the greatest of ease to enable State to maintain control and wind up the first half with a 34-19 score under their thumbs. Jack "Dribble Happy" Mueller led the Wake Forest Deacs to just about nowhere in nothing flat with a total of 11 points.

Cartier and Dickey found the nets for 7 and 9 points respectively.

# Wolfpack Overpowers Favored LaSalle in Philly

BY CHARLIE LEGRAND

After trailing at intermission, 29-21, N. C. State's rampaging Wolfpack swept from behind to defeat a favored LaSalle squad 60-56 in Philadelphia's Convention Hall last Saturday night. The game was the opening round of a double header event and was watched by some 6,000 excited fans.

After trailing 16-5 at the end of ten minutes and 26-13 at the end of 15 minutes, the Pack fought back and narrowed the gap to eight points at the half.

With Sammy Ranzino leading the way, the Statemen roared back in the second period to score 39 points and end the season with the impressive win over a team which the bookies had made a 14 point favorite.

Sam, who tallied only one basket in the first half, connected on nine of an even dozen in the second half to lead the rallying State squad. Dick Dickey, State's other half of the 1-2 scoring punch, was second with nine, and Horvath and Hahn connected for seven each.

Many observers felt that the win placed State high on the lists for a post season tournament bid and ended any dreams the LaSalle supporters might have had. The win was State's 22nd in 30 ventures onto the hardwood this season.

## Frosh Tankers Close Undefeated Season

Coach Bill Kelley's Freshman Wolfpack Swimming Team closed their season last Tuesday when they out-splashed the Blue Imps of Duke University in a preliminary to the meeting of the Duke-State Varsity Tankmen, 30-18.

The victory was the sixth straight of the campaign for the Baby Pack; they now boast victories over Carolina twice, Duke twice, Augusta Military Academy and Staunton Military Academy.

In the Duke clash, the State Yearlings were led by Rendell who besides winning the 100 yard Freestyle event also tied for first place with Capro of State in the 50 yard freestyle race. The yearlings also took the 20 yard freestyle relay, with Scott, Capro, Rendell and Jones teaming to take that particular race.

### Summaries

150 Medley relay: Won by Duke (Burnette, Greenbaum, Crandall). 1:29.

50 Freestyle: Tie for first place between Capro (S) and Rendell (S), Harris (D). :26.6.

100 Freestyle: Rendell (S), Jones (S), Campbell (D). 1:00.6.

100 Backstroke: Burnett (D), Martin (S), Wilson (S). 1:07.8.

100 Breaststroke: Greenbaum (D), Lewald (S), Carriker (D). 1:12.2.

200 Freestyle relay: Won by State (Scott, Capro, Rendell, Jones). 1:47.8.

## Bowling Results

Man-Mur's State College bowling league is rolling along in fine style. Sigma Chi Fraternity is still on top of the Brother loop, Becton No. 1 is holding out in the number one spot in the Wednesday Dorm league, Turlington No. 1 has taken over undisputed lead in the Thursday league, and Owen Basement moved from second to the top rung during the week.

Lauten of SPE knocked out a high set of 386, which is one of the highest pinfalls in any of Man-Mur's leagues, according to Les Mincey, alley manager.

Here's how the standings look this week:

Fraternity League		High Individual Average—Lauten, SPE, 110.	
	W	L	
Sigma Chi	15	3	
SAE	11	7	
Kappa Sigma	10	8	
Sigma Nu	10	8	
SPE	10	8	
SAM	9	9	
Pika	9	9	
Lambda Chi	8	10	
Phi Kappa Tau	7	11	
Tau Kappa Epsilon	7	11	
Pi Kappa Phi	6	12	
Kappa Alpha	2	16	

Wednesday Dorm League  
High Individual Average—D. Watts, Becton No. 1, 109.

	W	L
Becton No. 1	9	3
Bagwell No. 2	9	3
Bagwell No. 3	8	4
Alexander No. 1	7	5
Tucker No. 3	7	5
Bagwell No. 1	7	5
Welsh No. 1	6	6
Becton No. 2	6	6
Becton No. 3	5	7
Alexander No. 2	4	8
Tucker No. 2	1	8

Thursday Dorm League  
High Individual Average—J. Harrell, Berry No. 1, 113.

	W	L
Turlington No. 1	11	1
Owen No. 1	10	2

## Natators After UNC's Conference Crown

During this weekend the State tank team is in Chapel Hill participating in the 16th Annual Championship Classic. Coached by Willis Casey, the Wolfpack swimmers have won all their Southern Conference meets this season and will be favored to nab second place in the meet behind the powerful Blue Dolphin squad from Carolina.

Led by Bill Kelly, Matt Lojko, Wells Denyes, Fred Stafford, Pete Cloud, Frank Mandel, Conan Gold, Bicky Morris, Dick Shober, and divers Snookie Nunis and Harry Cramer, the State team will be trying to end Carolina's seven year domination of the event.

The Blue Dolphin squad, which has won the event seven times in a row, will be led by Captain Dick Twining, Jimmy Thomas, Norm Sper, Buddy Carne, Floyd Drew, Jesse Greenbaum, and Steve Osburn.

Alexander No. 3	9	3
Berry No. 1	8	4
Syme No. 1	8	4
Turlington No. 2	7	5
Tucker No. 4	6	6
Watauga No. 1	4	8
Syme No. 3	4	8
Owen No. 2	2	7
Watauga No. 2	2	10
Bagwell No. 4	2	10
Syme No. 2	0	9

Friday Dorm League  
High Individual Average—J. Beeker, Alexander No. 6—107-8.

	W	L
Owen Basement	9	3
Owen No. 3	9	3
Owen No. 4	7	5
Alexander No. 6	6	6
Owen No. 5	5	7
Becton No. 4	4	8
Alexander No. 4	2	10

## Swimmers Beat Duke For Clean Conf. Slate

BY JOHN LAMPE

Featuring Bill Kelley of Raleigh, Coach Willis Casey's Varsity Tankmen took the measure of Duke University in Durham last Tuesday afternoon, 41-34. This was the last contest of the season for the Wolfpack swimmers and also was their fourth win in the Southern Conference as against no defeats.

The contest against the Blue Devils was a thriller throughout and was decided in the last event of the afternoon, the 400 yard relay. In the last lap of the relay Bill Kelley of State and Bill Brackney of Duke battled it out to the finish line with Kelley edging out Brackney to give State the necessary points for the victory. Kelley also won the 200 yard breast stroke event and swam in the winning 300 yard medley relay.

Lojko took the only other first for the Wolfpack, winning the 150 yard back stroke race.

The varsity summaries:  
300-yard medley relay: Won by State (Mandel, Kelley, Gold). 3:11.4.

220 Freestyle: Adams (D), Den-

yes (S), Morris (S). 2:26.8.  
50 Freestyle: Linaweaver (D), Lojko (S), Overdorff (D). :25.1.  
Diving: Conner (D), Cramer (S), Nunis (S). Point score—111.66.  
100 Freestyle: Brackney (D), Stafford (S), Linaweaver (D). :55.6.  
150 Backstroke: Lojko (S), Gubbins (D), Mandel (D). 1:44.7.  
200 Breaststroke: Kelley (S), Fischell (D), Neely (D). 2:42.7.  
440 Freestyle: Adams (D), Denyes (S), Morris (S). 5:33.8.  
400 Relay: Won by State (Stafford, Gold, Lojko, Kelley). 3:46.6.

## J. Paul Sheedy\* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

IF PEOPLE are whiskering about you, better check up on your hair. Before J.P. switched to Wildroot Cream-Oil hair tonic, he was wide open for all kinds of catty remarks about his ratty appearance. Not so today! Now that he's using Wildroot Cream-Oil regularly, annoying dryness and loose, ugly dandruff are gone. His hair stays put all day. He can pass the Wildroot Finger-Nail Test without batting an eye.

J.P.'s experience leads us to suggest that you try non-alcoholic Wildroot Cream-Oil containing Lanolin, too. Get yourself a bottle or tube today at your drug or toilet goods counter. And, have your barber give you professional applications. You'll agree that for well-groomed hair Wildroot Cream-Oil is purr-fect!

### 81-46 Crushing of W&L Closes Season

BY JACK BOWERS

Last Friday evening before a crowd of 2500 fans in the City Arena at Norfolk, Virginia, forward Dick Dickey came up to his 1948 All-America form and led the Wolfpack of State to an 81-46 win over the helpless Generals of Washington and Lee.

Pouring 14 points through the net in the first half and ten in the second for a 24 point total, the Alexandria, Indiana junior paced the Pack to its 14th victory in 15 conference starts.

The Generals made it close the first ten minutes tying the score three times. However, the Pack, with Dickey and Ranzino providing the spark, pulled away to a 38-24 halftime lead. In the second stanza, it was only a question of how high the State cagers wanted to make the score.

Coach-Everett Case used his entire squad, with the exception of injured guard Vic Bubas, and everyone scored. Following Dickey in the scoring column were Sam Ranzino, with 17 points, and Paul Horvath, with 10.

Including the 60-56 victory over LaSalle, the charges of Coach Case scored a total of 1889 points for an average of 62.9 points per game in racking up 22 victories in 30 regular season's games.

The big guns of the State attack this season were All-Southern forwards Sam Ranzino and Dick Dickey. Ranzino scored 364 points for a 12.1 average per game and Dickey, playing in three less contests, scored 323 points for a 12.0 points per game.

On defense, the Pack held the opposition to 1459 points for an average of only 48.6 points per contest.

### Grapplers Lose To Conference Champs

In the preliminary to the State-Washington and Lee basketball game in the City Arena at Norfolk, Virginia, last Friday evening, the powerful matmen of Washington and Lee, Southern Conference champions, trounced Coach Al Crawford's State grapplers 24-6.

The Generals captured six of the eight matches, losing only the 165-pound class and the heavyweight event. Don Troxler gained a decision in the 165-pound class and Charlie Musser out pointed his man in the heavyweight division.

Musser provided the biggest thrill of the evening as he closed the current season undefeated with a 5-0 decision over the General's mammoth heavyweight grappler, Jerry Jack. However, Jack, appearing to outweigh Musser by about 100 pounds, was on the defensive during the entire bout.

The loss to the Generals left the Wolfpack grapplers season record at five wins, three losses, and one tie. The wins were over Carolina, The Citadel, Davidson, Newport News Navy Apprentice School, and VPI. The losses came at the hands of Duke, Navy, and W. & L., and the time with VMI.

Coach Al Crawford announced that State will not participate in the 12th annual conference tournament being held at W. & L. today and tomorrow because of impending finals. Last years team finished in a tie for second place with the VMI matmen.

### Notice

The swimming meet scheduled for Feb. 28, between Augusta Military and State's Freshmen has been cancelled. The spreading of pink-eye infections necessitated the cancelling.

### Mural Memos

BY PAUL HODUL

Basketball games took place on Monday, and the Wrestling Finals on Tuesday. The Wrestling Finals lived up to all its early publicity. A large crowd enjoyed the bouts from start to finish. Here are the final results by weight-division for Dormitory and Fraternity.

115 lb. class: Leonard (S.P.E.) was defeated by Pritchard (Sigma Pi). Time.

125 lb. class: Kendall (P.K.Phi) was defeated by Tharrington (P.K.A.). Time. Cockings (3rd Syme) was defeated by Peele (1st Owen). Fall.

135 lb. class: Ross (P.K.A.) was defeated by Barnes (Kappa Sig). Time. McIntyre (1st Becton) lost to Wright (2nd Turlington). Fall.

145 lb. class: Hudson (T.K.E.) over Roberts (K.A.). Time. Powell (2nd Becton) over Hancock (2nd

Turlington). Time.

155 lb. class: Bost (T.K.E.) over Gottlieb (P.E.T.). Double Fall. Hardin (Y.M.C.A.) over Cahoon (2nd Turlington). Double Fall.

165 lb class: Dew (K.A.) over Cloud (Kappa Sig). Fall. Bales (3rd Syme) over McDowall (Watauga). Time.

175 lb. class: Fishel (K.A.) over Fitzgerald (Sigma Chi). Fall. Culp (Y.M.C.A.) over Smith (2nd Turlington). Fall.

Unlimited: Weeks (K.A.) over Rusher (Sigma Nu). Fall. Goodin (Basement Syme) over Angell (Y.M.C.A.). Fall.

Basketball saw limited action last week, as both leagues were gearing themselves for the coming finals. In Fraternity action S.A.M. and Kappa Sig put on a Real-Sports Magazine thriller. Two extra overtime periods and a sudden death period took place before a

winner could be determined. Kappa Sig finally won 32 to 29 in the sixth minute of the overtime period. T.K.E. had an easy time dumping Sigma Pi 23 to 14. Joe Linville (player for SAGE of the City League) led the way with six field goals for twelve points. P.K.A. routed S.A.E. 32 to 11. Bridger's thirteen points doomed SAE early in the game. A.G.R. pulled a close one out of the fire by a 27 to 20 count. S.P.E. outclassed Sigma Nu 20 to 15.

The dormitories had six games in their week of hoop-action. R.

Laister with six points led his 1st Bagwell five to a 21 to 19 victory over 3rd Bagwell. 3rd Becton slashed 1st Alexander by a 26 to 15 score. Y.M.C.A. enjoyed the exercise while winning easily 23 to 6.

Other scores were as follows: 3rd Tucker over B. Becton 27 to 14.

Berry over 2nd Bagwell 21 to 10. 2nd Alexander over 3rd Turlington 28 to 7.

Basketball Finals will be held March 7-8-9-10 and 11. March 2nd will be reserved for any tied Section Play-Off.
