IFC Sponsors First Annual Greek Week

By GILBERT MAXWELL

State College's first annual Greek Week will be held here Tuesday, Wednesday, and Thursday of next week. Sponsored by the Inter-Fraternity Council in cooperation with faculty and administration, chapter advisors, and local alumni, Greek Week is designed to bring about a broader meaning to fraternity and college life and promote good fellowship among members of all fraternities.

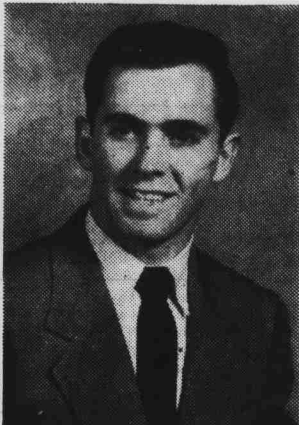

The feature event of the entire week will be the final banquet at seven o'clock Thursday night. At the banquet members of the various fraternities will not sit in groups, but will spread out in order to meet more people and encourage friendship and good will. Several chapters will attend church services in a body either the Sunday preceding Greek Week or the Sunday immediately following the occasion.

Art Handley, president of Lambda Chi Alpha, is chairman of the Greek Week committee, which includes a representative of each chapter at State College. These men are Jack Smith, Lambda Chi Alpha; Norman Bidler, Pi Kappa Alpha; Bill Barnhardt, Kappa Sigma; Bill Beal, Sigma Chi; Carl Pritchard, Sigma Pi; Richard Willard, Phi Kappa Tau; Pete Koch, PET; Jim Holloway, Sigma Pi Epsilon; Bill Sumner, Delta Sigma Phi; Al Brown, Kappa Alpha; George Wilson, Sigma Nu; Luke Lewis, Sigma Alpha Epsilon; Jim Blue, Pi Kappa Phi; Sandy Glueck, Sigma Alpha Mu; Joe Clements, Tau Kappa Epsilon; and Cy Little, Alpha Gamma Rho.

In a meeting Tuesday night, the committee discussed and planned a program for Greek Week which emphasizes fellowship and exchange programs. On Tuesday, the first event will be a series of exchange luncheons in the various frat houses. Tuesday evening's program calls for discussion groups in the chapter houses with alumni and friends, invited to participate. More exchange luncheons are scheduled for Wednesday noon, with "College Night" set for Wednesday evening. College Night will feature exchange smokers in the chapter houses with speakers on college history and tradition. (Continued on Page 4)

Election Of Vice-President Looms As Real Battle As Four Men Enter Primary Race

Four men have filed letters with Assistant Dean W. Ned Wood as candidates for the office of Vice-President of the Campus Government. They are W. S. Bull, Charlie Musser, E. Preston Andrews, Jr., and John M. Holmes.

W. S. Bull is a rising senior from Newport News, Virginia. During the fall he was one of the delegates to the meeting on inter-campus relations at Chapel Hill. He met with members of the General Alumni Association in an effort to coordinate student and campus needs with the Association's program. Bull has been on the cheerleading squad for three years head cheerleader for the past year.

Bull believes that "this is a heck-

ava of a time to raise tuition when other prices all over the country are being reduced, and that among the many things needed on the campus are at least one day of grace between regular classes and the beginning of exams." Bull also stated that "a certain number of cuts per class rather than blanket cuts which will make it virtually impossible to miss one full day without losing points under the present setup.

W. S. Bull is married, 26 years old, and is a former member of the Air Corps where he served as a "personal affairs consultant." On the campus Bull is on the Junior-Senior ring committee, was Sophomore class treasurer, and is a mem-

ber of the Cadet Officer's Association. He is a member of Delta Sigma Phi social fraternity.

E. Preston Andrews, Jr., is a candidate for the position of vice president of Campus Government. A rising senior in Industrial Engineering from Charlotte, Andrews has served on the Campus Government for one year as Junior Engineering representative and as Treasurer. This period has given him experience which he would like to put back into work next year with the Campus Government. He is a member of Phi Eta Sigma, Scabbard and Blade, Cadet Officers Association, Military Governor's Board, State Charlotte Club, YMCA and the Greater University Student Council, where he is serving presently as one of State's delegates on the project committee. Also, Andrews belongs to PiKA fraternity where he is pledge-master. He is 23 years old, and spent two years in the Navy, 19 months in the Pacific as a Signalman on a Navy Tanker. As a platform, Andrews advocates, among other things, a better freshman orientation, pre-registration for all, a dance fund with contributions from the five schools for a big name band and a dance for all in the Coliseum, and further development of the honor system.

John M. Holmes, a senior in ceramic engineering from Sanford, N. C., is a candidate for vice president of the Campus Government. He has previously served as vice-president of his Junior Class. A member of the American Ceramic Society, John recently finished his term as president of Kappa Sigma social fraternity. In his freshman year he was a companion of St. Patrick.

As senior representative to the Interfraternity Council, John was a member of the Investigating Committee of that body. He has also served on the Junior-Senior Dance Committee, the Ring Committee, and a committee which dealt with Governor Cherry and Dean Lampe, among others, in helping obtain money for increased student laboratory facilities.

Holmes is a veteran of three and a half years service in the Air Force and served overseas in Italy.

Charlie Musser, junior in For-

(Continued on Page 4)

Stunt Night Results Are Announced

Preliminary Stunt Night for the fraternities took place on Friday night, April 1. The three best stunts were selected to compete against the three best dormitories' stunts on April 15.

The fraternities selected were: Sigma Phi Epsilon which presented a pantomime entitled "The Light Went Out"; Pi Kappa Alpha presented a stunt that gave a brief review of a wide variety of entertaining stunts; Delta Sigma Phi presented a stunt that was built around a band called "The Band to Forget."

Although only three stunts were selected for the final night, the other contenders presented entertaining stunts.

On Friday, April 8, the dormitories will compete against each other in Pullen Hall at 7 o'clock.

Let's try to have a crowd out to see these stunts, so the students that are taking part in the stunts will know that someone appreciates their effort to provide entertainment for the student body.

Bids For Junior-Senior Ring Dance Are Ready

Invitations and tickets for the annual Junior-Senior Ring Dance will be given out to members of the two classes on Monday and Tuesday, April 11 and 12. Since plans for the dance are near completion, the distribution of admissions will take place in the YMCA lobby. Students who were Juniors last year, and who paid their class dues then, will be given guest bids for the event.

The dance, which will last from 8:30 until 12 on Saturday night, April 16, will feature a large-scale ring ceremony for members of the Junior Class and their dates. Music will be by Claude Thornhill and his orchestra. Due to the large size of the class of 1950, and the many members of the Senior Class who will attend as guests, the dance will be held in the Memorial Auditorium.

The Ring Ceremony, traditional highlight of the Ring Dance, will take place at the end of the dance intermission. All Juniors with dates will be invited to take part in the procedure which, though short, should be very impressive. Upon arriving at the dance, all Juniors will be informed of the plans for the ceremony so that they may know how to take part.

These preliminary instructions

are for members of the Junior class who wish to participate in the ceremony.

1. Go immediately to the desk in the lobby, where you will be given red and white ribbon.

2. Attach your class ring to this ribbon and place around your date's neck. Rings are traditionally worn in this manner until the Ring Ceremony at intermission.

3. Shortly before the intermission at which the ceremony will be held, an announcement to this effect will be made. As soon as the intermission begins, go IMMEDIATELY to the lobby without your date and take your place in one of the lines at either door. There will be marshalls there to assist you.

4. The ceremony will begin as your line moves onto the dance floor through the trellises at the end of either aisle. Follow the couple in front of you as you form a double circle on the dance floor.

5. Watch the class president and his date in the large ring in the center of the floor. As she removes the ribbon from her neck, detaches the ring, and places it upon his finger, your date should do the same.

6. The rest is up to you!

A NO-BREAK DANCE WILL FOLLOW.

C.G. Votes Tuesday To Join National Student Association

State College will join the National Student Association. In session Tuesday the Council voted to join NSA for the remainder of the year.

In contrast to previous sessions no discussion preceded the vote. For more than a term NSA has been the topic of violent weekly debate in the Council. Strong debate had been expected Tuesday, but it failed to materialize.

Strengthens South

NSA is the largest student organization in America. Membership in it will give State College a voice in shaping its national policy. It will also strengthen the present weak Southern representation.

The NSA purchase card system may be installed in Raleigh. Through this plan students buy local merchandise at reduced rates.

Central Lost & Found

The Engineers Council has sug-

gested that the Campus Government set up a central lost and found department. The agency would be supported by auctions of articles unclaimed after six months. The Council will adopt rules next week.

Economy Measure

Treasurer Preston Andrews suggested a campaign to reduce wasted electricity. Andrews reported that power plant statistics show that often the school is using one-third more current than needed.

The idea is that if people would cut out lights not in use, there would be an appreciable drop in fuel costs. The Council will consider a definite plan next Tuesday.

Special Meeting

The Council meets Friday to vote on the amendment lowering the scholastic average needed by a candidate. The change would lower the minimum average from 75 to "C."

Sophomores Invade Dance Customs With A Host Of New Ideas for Annual Hop

BY GILBERT MAXWELL

With the arrival of the Sophomore Hop tonight and tomorrow night in Frank Thompson Gym, a completely new idea in college dances will make itself known at State College. Hank Odom, hard-working chairman of the Dance Committee, makes no secret of the fact that this year's Hop will be entirely different from any other in State dance history. And from the long list of new and exciting features, it may well be the best dance in a long, long time.

The Duke Ambassadors, hailed as the best college band in the South, will play for both dances, which will run from nine until twelve. Frank Thompson Gym will take on the appearance of a night club for the occasion, with tables and chairs for those who are not dancing. Another new feature of the dances will be a floor show at intermission, and Odom has hopes of serving refreshments to sops and their dates via classy waiters. Still another feature will be favors for dates. Tonight's dance will be informal, while the affair tomorrow night will be semi-formal.

Dance Committee

Working with Hank Odom on the dance committee were Clair Roberts, Harold Strawbridge, John Lambeth, Scott Eubanks, and Johnny Kearns. Lambeth was chairman of the important floor committee, which includes Don Lawrence, Roger Dobson, and Roger Troxler. The finance committee consists of chairman Alfred Lowder, Max Sink, and representatives in each dormitory on the campus. Chaperons for the dances are Mr. and Mrs. Milton Hobbs, Mr. and Mrs. Conrad Bliss, Major and Mrs. James J. England, and Mr. Clinton Jones, and Miss Jean McLamb of Clinton. Pictures of the sponsors appear elsewhere in the TECHNICIAN.

Fred Whitener, a North Carolina boy who plays every known reed instrument, is the present leader of the Duke Ambassadors. He inherited the maestro's role from Tommy Faye, last year's leader. The Duke musicians have made numerous appearances throughout the South during the last few years and their position as the leading band of this section of the country has become more secure with every appearance. They are expected to add to their laurels here this weekend.

The officers of the Sophomore Class are Henderson Scott, president; Hank Odom, vice president; John Umberger, secretary; and Max Sink, treasurer. These men, together with the members of the various committees, have done a lion's share of the work in planning and arranging the Hop. Their goal has been to make this year's Sophomore Hop the best ever.

Sweetheart

Miss Jean Millikan of Greensboro, a sophomore at Salem College, has been chosen as the "sweetheart" of Sigma Chi. She was selected for the honor at the annual banquet and dance of the Delta Epsilon Chapter of Sigma Chi at the college last week-end. She was escorted by Fred Frisell, III, of Burlington.

Leaves College

Another familiar face left State College recently when Miss Nell Barker resigned from her position as cashier in the Business Office on March 31. Miss Barker held this position for over seven years and made many friends during her stay.

After returning from spring vacations, the dorm clubbers are settling down and starting to make the fur fly in all directions. Of course, the top news of the term is that the Inter-dormitory Council is in the final stages of organization. The names of the officers should be ready for release next week. At the meeting last Tuesday night, several rather important items were discussed at length. Foremost in interest was the plan advanced by the men from the far reaches of Alexander, Turlington, Owen, and Tucker to make a polling place available for them out there. Campus Government prexy Fred Kendall considered the idea and said he would present it to the Campus Government that night. Alex Vann reported that he met with Mr. L. L. Ivey and found that Mr. Ivey was very anxious to help the Council in any way that he could. Vann pointed out that if the Council is going to be able to expect the cooperation of college officials, it must first gain the cooperation of the students.

Willie Griffith reported on the work of his committee which investigated certain grievances of the men in the dorms. He was able to report success on practically every count, and the Council voted to retain the Griffith Committee as a standing committee. The Council also voted to make the president of the Campus Government or a representative appointed by him an ex officio member of the Council. Mr. J. J. Stewart was elected faculty advisor to the Council by a unanimous vote.

Stunt Nite—Song Fest

There are two activities coming up that every dormitory should

have a part in—Blue Key's Stunt Night and Mu Beta Psi's Singing Contest. These are chances for the dorms to show off their talent and spirit and the club which fails to participate is losing the chance to serve its members and its school. The idea is not necessarily to win, but to participate. Come on, fellows, let's get in there and really show 'em some interest.

Speaking of interest, there was a-plenty of it connected with Berry's dorm party last Saturday. The whole dorm was a beehive of activity all day Saturday, and the crew that went out to Stewart's Lake really went all out for fun. The only drawback was that there weren't enough boys at the party. These dorm outings are loads of fun and you are missing half your life when you don't go to them.

Here and There

Dorm athletic directors met with Professor Miller in the Gym last Thursday night to discuss plans for intramural activities this term. Among other things, a Big Four Meet was talked. Charles D. Bryant has returned from practice teaching to his post as athletic director in Owen. Other new athletic chiefs are S. H. Fogleman in Bagwell, John R. Hancock in Turlington, and Fred Satterwhite in Tucker.

The boys out in Tucker are quite excited over their new canteen and radio station. They are also going ahead with plans to furnish their recreation room. It looks like we'll soon be saying "Club Tucker" instead of Tucker Dorm.

Special Notice

All students MUST bring their registration cards to the polls on election days in order to vote.

Information Needed

If you are graduating in June, 1949, and have not as yet received a card from the Promotions Committee of the Campus Government concerning the Petticoat Commencement, please send a card with the following information to the Promotions Committee, Campus Government, Box 5695, State College Station:

Wife's Full Name
Mailing Address
Your Signature
The Committee would like to thank all concerned for the fine response to the cards previously mailed.

The presentation of the diplomas to the wives of the graduating seniors will take place after the presentation of the undergraduate degrees and before the presentation of the graduate degrees.

It is hoped that as many wives as possible will be present to receive their diplomas. However, if the wife is not there, the diploma will be mailed to her home.

Four Departments Announce Plans For Coming Engineers' Exposition April 29-30

Several departments in the Engineering School have announced final plans for their exhibits in the annual Engineers' Exposition to be held April 29 and 30.

The Geological Engineering department has planned rock displays, featuring N. C. minerals and rocks, and fluorescent minerals under lamps. Plans also call for a display of departmental lab equipment, a historical geology exhibit, an exhibit of a mine model showing the complete underground workings of the mine, project slides of geologic structures and physio-graphic features, and the Primrose Hall of Fame.

The Chemical Engineering department plans to have glass blowing demonstrations, a magic show, industrial displays, and an open house in the various laboratories as the nucleus of its exposition program.

Several pieces of equipment in the laboratory will be kept running. Some of the operations to be illustrated are: the making of cement, the making and testing of paper, and several unit operations.

Ceramics Exhibits

Several experiments will be carried out by the Ceramics department in their displays for the fair. A demonstration of casting has been planned. Prepared slips will be poured into plaster molds of vases, mugs, ash trays, and other articles. The casting will be removed from the molds a few minutes after excess slip is poured out of each. A standing exhibit representing the steps that are taken to produce the end product will also be displayed.

Other exhibits include discussion of the dry press process of making

ROTC Inspection

The Annual Department of the Army and Department of the Air Force Inspection of the ROTC units at N. C. State College of A&E will take place on Thursday and Friday, 14 and 15 April. The inspecting board will consist of seven Army officers and two Air Force officers.

The inspection will consist of, examinations, oral and written, in all classroom subjects covered in ROTC instruction during the year, demonstrations of practical instruction and a drill field inspection of ROTC organizations. The drill field inspection is scheduled for 11:00 a.m., Thursday, 14th April on Doak Field. In case of inclement weather this part of the inspection will be held at the same hour 15 April. The drill field inspection will be preceded by a parade and review. The public is invited to attend this ceremony.

ceramic products with free samples, a lecture and demonstration on enameling, free samples of ceramic jewelry, and a display of the funnel kiln.

Industrial Engineers

The theme of the Industrial Engineers' exhibit will center around "Productivity and the Indian Motorcycle." They will attempt to show how industrial engineering plays a part in the efficient process of manufacturing a motorcycle. The motorcycle will be traced through all its stages.

The awards will be presented at the annual St. Patrick's Dance, which will conclude the events, Saturday night, April 30.

Candidate

Lawrence A. White, a Junior in Agricultural Engineering, will be a candidate for the office of Business Manager of the Agriculturist at the final elections, Tuesday night, April 12. White has served on the business staff for the past year and has also assisted in the editorial work.

Powder Room

The YMCA plans to provide a "Powder Room" for dates after the Blue Key Stunt Nite on Friday, April 8 and 15. Stunt Nite will be at seven o'clock and will be held in Pullen Hall April 8 and in Riddick Stadium April 15, unless it rains, in which case the contestants will move up to Pullen.

Plastics Official To Speak Wednesday

BY HARPER THAYER

Mr. George S. Laaff, director of Research and Development for the Bolta Company will speak at 7:30, Wednesday night, April 13, in Withers Hall. His subject will be mainly concerned with problems and opportunities in plastics manufacturing.

The American Institute of Chemical Engineers and the Society for the Advancement of Management are co-sponsoring Mr. Laaff's talk. The entire student body and the college faculty are cordially invited to the meeting.

He will touch in particular on the following queries: What are the opportunities for young engineers in the plastics manufacturing industries? What type of academic background should a young engineer possess who desires to work in the plastics field? What of the future of plastics in general and what, in particular, can be said for the growth of the plastics industry in the South? How can our colleges and universities best contribute to the continuing development

GEORGE S. LAAFF

of this important industry?

Mr. Laaff graduated from Cologne University in Germany in 1929 with a BS in chemical engineering and immediately came to America. He did not work until 1933, when he was placed in charge of phenolic resin, varnish, and compound manufacture.

EDITORIALS

An Unused Gold Mine . . .

Recently Mu Beta Psi, the local music honorary fraternity, inaugurated a program to promote group singing on the campus among the fraternities and dormitories. This idea brought to mind one of short-comings of State College that could and should be corrected.

This sore spot is State College's glee club. Schools with an enrollment of around 500 students on the average have better and larger glee clubs. Yet, State College, with an enrollment of over 5,000 has so few members in its glee club that it is a continual struggle to keep the group alive. This condition will not be different until some changes are made.

The cause for the poor showing of our glee club is certainly not one that cannot be remedied. In the past years, before the war, the State College glee club was of fair size and good quality. But as was indicated in a special feature last fall in *The Technician*, Major Kutschinski's work has grown with the enrollment and, therefore, has to work like the proverbial one-arm paper hanger. The result of this has been that the glee club has received the short end of the Major's efforts. Tied in with that also is the fact that the Major is first an instrumentalist, and second, a choralist. Our fine Redcoat Band can attest to the Major's abilities.

There is a wealth of vocal material here that is not even being tapped. That can be shown two ways—by the way the boys sign up for glee club at the first of the year and by a look at the cards filled out at fall registration by everyone. State College could and should have just as good a glee club as is found at Wake Forest, Duke, Carolina, or Davidson.

The need, as we see it, is for a part-time worker in choral work to come to State College and direct our glee club. It should be someone who has the background to teach the boys as well as direct them, with the time to put into preparation so it will be interesting and attractive.

There are several such persons in Raleigh that would be ideal for the position and glad for a chance to direct the group. One such person stated to us that he would come out the required three nights a week and direct the group because of his love of working with

male choral groups and his desire to see State College have a group comparable to nearby colleges. Another director goes down to Campbell College to direct their glee club. These two we know of, and there are others.

The College can afford to pay a part-time aide to Major K. in this capacity, and there is no doubt but that the college would be amply repaid by the first class music given by the group.

Point Of Information . . .

The confusion on the part of many students regarding the proposed amendment to the by-laws of the Campus Government is certainly not surprising, and this shall be an attempt to explain the proceedings. Lack of familiarity with Roberts Rules of Order has been partially responsible for the postponements and arguing that has occurred, as well as laxness in interpreting the content of the Constitution.

To enlighten those who have missed out on the mix-up, we THINK we can relate the story. It seems that an amendment to the by-laws was introduced before the Campus Government which would allow a person's eligibility to run for a campus office of six or more extra-curricula activity points to be determined by the "C" formula instead of the "F" formula.

The "C" formula is simply net credit points equal to or greater than net credit hours earned. This is also the requirement for graduation, and for remaining in school.

The "F" formula, as we understand it, is the formula that determines your numerical grade, such as 75. This formula is very harsh if a person has any failures to his credit—it counts off more for each hour failed than the "C" formula.

The final reading and vote was nullified because an uninvited speaker entered into the debate. The bill was voted down, incidentally. Then last Tuesday, the council voted on the amendment, passed it, but the faculty council called the group on another technicality. As a result, the elections were postponed for a week.

Several good candidates are caught in the middle of the whirlpool because of their scholastic standing. One candidate has 61 extra quality points, but can't run unless the amendment is passed at the meeting today, while some candidates who do have a 75 don't have many extra points above a "C."

There are many good points on both sides of the argument. There are too many for us to go into at this time, and besides it must be decided by the Campus Government members alone. But we, being a college newspaper editor, as usual believe that both sides are wrong, and that we have the solution. We believe that after this election, when there is more time, this a better idea to trash out:

That all candidates for campus office which carry six or more extra-curricula activity points must have a certain number of quality points over and above the number required by that person for a "C" average. The number, of course, to be determined by the Campus Government. At the same time, a re-evaluation of extra-curricula point offices might be in order to clear up some of the contradictions found in the Constitution. And a regular Elections Board, such as is found at many other schools, should be set up to approve candidates.

IFC Sponsors

(Continued from Page 1)

The Greek Week idea originated with Dr. John Moseley, president of the University of Nevada and one of the most outstanding fraternity leaders in America. Many colleges and universities have adopted the idea and it appears to be on its way toward becoming an annual national event. The purpose of Greek Week, as outlined by the national committee, are: (1) To promote acquaintance and good feeling among the fraternities, (2) To educate pledges and new initiates with the more important items of State College, its history and its traditions, (3) To dignify and enable the pre-initiation period and to strengthen the initiation itself, (4) To provide a climax for the year's work from which will issue strength and inspiration to carry out remaining projects in the spring and give an impetus to opening tasks of the chapters in the fall, and (5) To make the pledge soon to be initiated a better student and more loyal alumnus.

Election

(Continued from Page 1)

estry from Frankfort, West Virginia, has entered the race for vice president of the Campus Government. While Musser attends forestry camp this term, his campaign is being run by his manager Ralph Barksdale.

Musser is best known at State for his athletic feats, which include starring roles on both the football and wrestling teams. All-Southern in football for two years, he has lost but one wrestling match since joining the team. In addition to his athletic activities, Chuck, as he is known to fellow students, is a member of Alpha Zeta, Xi Sigma Pi, the Order of Thirty and Three, and is secretary of the Monogram Club.

Musser entered State in 1946, transferring from Tulane University. He is married and lives in Wilmot Apartments.

Ground Breaking

Dean J. H. Lampe extends a cordial invitation to all students, faculty members, staff, and other interested persons, to attend the Ground-Breaking Ceremony for the Engineering Laboratories Building to be held Tuesday, April 12, at 12:30.

Government To Bring In Foreign Students

The first large-scale Government program to bring students from former enemy countries to the United States as a part of the reconstruction effort in those areas will get under way immediately. This announcement was made today by Donald J. Shank, Vice President of the Institute of International Education. The program is made possible under the terms of a contract signed recently between the Department of the Army and the Institute, providing funds set aside by Congress to assist nationals of Germany, Japan, and Austria to come to this country to study. The students will start arriving next fall for the academic year 1949-50.

It is hoped that arrangements can be made to bring a total of 300 students by September, Mr. Shank said. Of this number, 150 will be German, 100 Japanese, and 50 Austrian. Both graduates and undergraduates, they will come for one year, returning to their homelands at the end of that time. They will study in a great many academic fields.

There are some 200 Germans and Austrians studying in United States educational institutions this year, as well as a few Japanese. They have, however, come here mainly under private sponsorship. This contract provides the first Government support for a wider program of international education for students from these countries.

It has been felt for some time by Government and Army officials that, if the democratic ideal is to be fostered in formerly totalitarian countries, opportunities must be given to the young people who are the future leaders to broaden the contacts with the outside world that were so long denied them. Material reconstruction must be accompanied by re-education.

The students selected to come to the United States will be those who it is believed, will be able to interpret American democracy to their fellow countrymen on their return home. They will all be screened for academic qualifications by civilian selection committees in each country, and for political affiliations by Military Government officials.

All students MUST bring their registration cards to the polls on election days in order to vote.

Disguised Damsels Detected In Dormitories

Two very, very brave girls from a nearby college disguised themselves in blue jeans and shirts, rolled their hair up under baseball caps and proceeded to prove that girls could enter State College dormitories unnoticed—almost!

One of them told the editor of their escapade in and out of several dormitories Saturday night beginning at about 9 o'clock. They prepared for their trip determined that it should be known afterwards by the residents that they had been visited. To this, they prepared a handful of carefully lettered cards, such as "Wake up, boys, two girls have been here," and placed them on the dormitory assistants' doors and over water fountains. More or less personal notes were left on a couple of doors where the occupants' names were recognized.

Their little trip almost came to an end when they were detected in Bagwell by one student who was a little too slow to catch them. This close call shook them up a little but they continued on to prove their point.

When queried further, she replied that the boys sure do sing beautifully in the showers. Any other comment, she said, can be read in the next issue of the *Tarnation*, Carolina's humor mag.

An open letter to the student body was received Tuesday and is printed below:

Dear boys,

We're still puzzling—was it out of the goodness of your hearts that you didn't nab the two disguised females as they sprinted through your dorms last Saturday night, or did you know about it?

Yes, we two college sophomores actually invaded the sanctity of Turlington, Alexander, Becton and Bagwell dormitories without even once being cross-examined. However, we do feel credit should be given to the two suspicious guardians of second Becton and the human bloodhound who breathed down our necks all the way through first Bagwell. In contrast, our tour through all three floors of Alexander was quite leisurely. We only had to hide in an empty shower

Student Fund Drive Officially Closed

Final figures for the 1949 World Student Service Fund drive were announced here this week by Al Armatruda, treasurer of the campaign. Net collections amounted to \$1,791.05. The total amount donated was \$1,956.04, from which expenses totaling \$164.99 were subtracted.

The organizations which sponsored the WSSF drive divided the campus into districts and each organization solicited its own area. In addition, all donations to Brotherhood Week and funds raised in the "Take a Foreign Student to Lunch" campaign were poured into the WSSF fund. The lunch for foreign students plan contributed the largest single amount to WSSF, \$305.94. Second was the \$203.47 contributed by the YMCA organization, and the Freshman Y's campaign in Owen and Tucker netted \$177.55 for third high.

A further breakdown reveals that other amounts over one hundred dollars were collected by the Wesley Foundation in Becton, \$143.29; from the faculty and staff, \$165.25; donated by Student Supply Stores, \$100.00; collected by Baptist Student Union in Bagwell, \$128.36; and collected in Trailwood, \$100.00. The WSSF dance proceeds amounted to \$73.86. Other collections ranged from \$18.00 to \$63.00. While some few returns are yet to be reported, Armatruda stated that he believed the drive to be about 95 per cent complete.

room once.

It's amazing to us that you didn't get suspicious — even though we were dressed as males. We were rather self-conscious about those strands of hair that kept escaping from under our caps; and even to our critical eyes, our "mascara five-o'clock shadow" didn't look too authentic. Did you see that juggling act we did with our clipboards to keep our signs out of sight? We do hope you noticed those signs we left around. They were the most colorful calling cards we could think of!!

Anyway, nothing could be more colorful than the rooms we saw. Was it three or four beds out of the several hundred that were made up? Tell us, is it really comfortable to live in such squallor? When is the state going to furnish you with ashtrays instead of pasteboard boxes for your cigarettes?

We ask you—who's the claustro-

phobic that cracked the hall door to third Alexander—and the Becton zoologist that drapes a skeleton over his door—and the "Irishman" on first Turlington who hangs out such a cute little note pad? Pardon us for reading your bulletin boards, but we do admire your propaganda technique. That notice about Becton dorm's picnic sounds intriguing.

Sorry we can't disclose our more interesting findings to you now, but we're saving them for the next issue of the *Tarnation*. Too bad we had to resort to a Carolina magazine,—we knew the *Watauga* wouldn't be interested.

If you have any complaints or comments, please address them to "J and H" in care of the *Technician* editor.

Observantly yours,
Two College Females,
(... crafty, ain't we?)

P.S. Notice to all other dorms: please don't feel hurt that we failed

Bing Crosby Will Elect Crescent Girl

Hollywood movie star Bing Crosby will select the North Carolina Lambda Chi Alpha Crescent Girl to be presented at the annual four-chapter fraternity dance at the Hope Valley Country Club April 29.

Members of the four fraternity chapters at North Carolina State, Wake Forest, Duke, and North Carolina have submitted photographs of sweethearts to Crosby to be judged. The winner will be crowned during intermission ceremonies at the formal dance, following selection by the well-known Hollywood actor from photographs submitted by the four chapters. Approximately six hundred

to visit your halls, too; we were scared away before we finished our tour.

Lambda Chis and their dates including alumni and honored guests will attend the Hope Valley dance.

Pat Gill, from Raleigh, North Carolina, Social Chairman of the Lambda Chi Alpha chapter at Duke University is in charge of all arrangements connected with the dance.

Sedder Supper

Sedder Super will be served at the Temple Beth-Or at 6:30 on April 13. Price of the supper will be \$2.00, and reservations may be made by called 2-1965 by Sunday.

Eight Men Enter Field For Four YMCA Offices

This year, the YMCA lists eight candidates for election—one for president, two each for vice president and treasurer, and three for secretary. Earl T. Dicks, Jr., unopposed candidate for president, is a junior in Textiles from Kenosha, Wisconsin. Here at State he has been a member of the Campus Government, has served on the Textile School Honor Committee and has worked on the staffs of both the radio station and the College Handbook.

Horace C. Hudgins, candidate for vice president, is a Forestry sophomore from Greensboro. His activities include membership on the YMCA cabinet, the staff of the radio station, and the Cadet Officers Club.

Charles Ray Pugh, sophomore in Dairy Husbandry hailing from Asheboro, is the second candidate for vice president. He has been a member of the Y cabinet, the Ag Club, Protestant Religious Council, Phi Eta Sigma, and is pledged to Alpha Gamma Rho.

Harold Shepard is one of three candidates for secretary. He is a sophomore in Ag Education from Salisbury. Since entering State, he has entered into the activities of the Ag Club and the YMCA.

James A. Shuping, sophomore in mechanical from Morganton, is a candidate for secretary. He has been president of the senior Methodist Youth Fellowship at Edenton Street Church, a member of the Glee Club and the YMCA.

The third aspirant for the secretarial post is Russell Shouse, a sophomore in EE from Winston-Salem. His activities include membership in the Band, Glee Club, and Westminster Fellowship of the West Raleigh Presbyterian Church.

Samuel Wade Furches, Jr., candidate for treasurer, is a sophomore in Dairy Manufacturing from Mocksville. He has been a member of the Y cabinet, the Student Council, the College Handbook staff, the circulation department of the Agriculturist, and has served as chairman of the YMCA New Student Committee, chairman of the annual old clothes drive, and chairman of the WSSF dance committee.

John C. Umberger, a chemical engineering sophomore who calls Durham home, is a candidate for treasurer. He has been secretary of the sophomore class, treasurer of Wesley Foundation, and has been a member of the YMCA cabinet and the Order of Thirty and Three.

Thousands of Students Ask For U.S. Friends

University students, business school students, architecture, law and medical students — men and girls—are begging American college students to exchange letters with them, so that they can learn American ideas and points of view. "I am a displaced person from Latvia," writes one boy. "I am learning to be a chemist and my favored hobby is journalism. What has happened in the minds of American college boys since we were in our mental blackout?"

Students who would like to exchange ideas and discuss questions of the day (in English) with the new generation in Japan, with German students, Dutch, British, Greek, or others, are urged to write to:

Letters Abroad
United Nations Council of Philadelphia
1411 Walnut Street
Philadelphia 2, Pennsylvania

Simply give your age, whether you prefer to write a man or girl, and what your chief interests are. There is no charge, as this service is being extended by the United Nations as a move towards greater world understanding.

Open Forum

Dear Editor:

Now that the coliseum has more than the customary two men and a boy working on it, and we can see progress being made on it, I think the time has come to think of a name for "The house that Case built."

Every day we hear the term "Duke Indoor Stadium" and of course we all know what is meant by it. Doesn't this sound rather cold and impersonal though? Don't you agree that we should have a name for our's, other than the "Coliseum?"

Since Frank Thompson Gym was named in honor of a State College man who gave his life in World War I, it seems fitting to follow a similar plan this time. The coliseum should be named for a State College man who served his country in World War II.

General "Bill" Lee is perhaps the most famous name connected with State College and World War II. We should be proud to honor "Bill" Lee by naming our Wolfpack's home the "Bill Lee Coliseum." That way the memory of the man who

founded the parachute troops would be honored, and we would be honored, too, by having his name here on the campus.

B. B. AYCOCK

Dear Editor:

I have read with interest in a recent *Technician* a letter to the editor concerning my text *Engineering Thermodynamics* and our course in Thermodynamics. It is very gratifying to feel that my efforts are appreciated.

However, credit should be given to the various instructors who have worked with me and who are striving to bring our course in Thermodynamics within the grasp of the average student and at the same time attain the high standards to which we are all striving.

There are many reasons for failures in this course last year. However, the blame for these failures should not be charged to our department head, Prof. Hanson. The setting of a quota for required failures in any course is entirely foreign to his viewpoint. It would give all of us much pleasure if every student so mastered the subject that we could, conscientiously, pass everyone enrolled in the course.

J. S. DOOLITTLE

Wagoner Leaves To Become County Agent

Fred H. Wagoner, a familiar campus personality, has resigned his position in the office of the Dean of Agriculture to accept work as assistant county agent in Edgecombe County.

After graduating in June, 1947, with a B. S. degree in Animal Industry, he took a position as administrative assistant in the office of the Dean of Agriculture, in charge of student records. During that time he has also been doing graduate work in agronomy. His new job will be with the 4-H Club of Edgecombe.

Fred and his twin brother, John, came to State from Gibsonville in Guilford county. Prior to that they had both won many honors, especially in 4-H club work, among them a four-year scholarship award for the best record in 4-H club work for Fred.

Fred and John were both members of the varsity football team where Fred played tackle. He was also a member and co-captain of the varsity wrestling team, and in 1943 was Southern Conference runner-up in his division.

While at State Fred was very active in extra-curricula activities. He was president of the campus government during his senior year. Fred was a member of Golden Chain, Monogram club, Blue Key, Alpha Zeta, YMCA cabinet, AGR, Ag Club, Publications Board, Athletic Council, and was Business Manager of the *Agriculturist*.

He was a member of the 4-H Honor club and the Sears Scholarship club. In 1946 he was the winner of the Swift Collegiate essay contest.

Fred married Miss Dorothy Mann of Mebane. They have one son.

As yet no one has been named to fill the vacancy left by Fred's resignation, according to Dr. C. H. Bostian.

Berry Dorm Club Officers

These are the officers and floor representatives of the newly-organized Dorm Club in Berry. From left to right in the front row are Reuben Miller, president; Bob English, basement representative; Chris Pappas, third floor representative. In the back row are Richard Gustafson, second floor representative; Don Anderson, vice president; Willard Davis, first floor representative; and Harry Mercer, secretary-treasurer.

First Issues Of Agromeck Are Expected First Of May

BY HARPER THAYER

Practically all the material is now in for the 1949 Agromeck. The first portion went to press a week ago on Friday, February 18. Editor Horace Taylor said that he hoped that the first issues would be distributed the first week in May.

The feature section was the first in due to the hard work of Betty Ann Cline, a Raleigh freshman. Everybody who has pictures in the sponsor section can pick them up now at the Agromeck office.

Bill Haas has handled the sports section. It is the only section that is still being written. Arrangements have been made to include all of the basketball and swimming meets for this season. This includes any post-season tourneys that the Wolfpack may play in.

Joe Norwood was in charge of the fraternity section. Scott Stidham is the managing editor and, in addition, has handled the military portions. The organizational section has been under the watchful eye of Emmett Bringle.

Special praise is in order for tireless Bernie Batchelor, the photography editor. He has been very busy all year taking and developing innumerable shots of individuals, groups, and campus life in general.

The amount of ads was increased this year in the budget. Later it was found that advertising was

harder to sell this year than has been the case for several years. Nevertheless, Reid Farrell, the business manager, has surpassed the required quota.

In connection with monetary matters, all bills have become due and people owing same are reminded of this.

Special Notice

All students MUST bring their registration cards to the polls on election days in order to vote.

Private Russian To Be Taught Again

Dr. Valentin Pikner, economics professor, has announced that he will again offer a private course in Russian this term.

The course will be for beginners and will be under the supervision of the Modern Languages department. The course is planned to include thirty hours of classwork and will include studies of the Russian alphabet, spelling, reading, pronunciation, history, and the translation of simple sentences. Students interested in the course are requested to register with Dr. Pikner, 104 Peele Hall, daily from 11-12 A.M.

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

POOR old Sheedy had a hang dog look before he tried the Finger-Nail Test and switched to Wildroot Cream-Oil. Today—he's a blue ribbon winner. Regular use of Wildroot Cream-Oil now gives him a snappy, well-groomed look. No longer is he bothered by dryness and loose, ugly dandruff. He's out of the dog house for good with his girl friends. Why not dog trot down to your nearest drug store for a bottle or tube of non-alcoholic Wildroot Cream-Oil right now! And ask your barber for professional applications. You'll find that once you start using Wildroot Cream-Oil containing Lanolin, you're a gay dog in even the best society.

Wildroot Company, Inc., Buffalo 11, N. Y.

For Agromeck Editor

Scott F. Stidham, a rising senior in Industrial Engineering today announced his candidacy for editor of the 1949-50 Agromeck. Stidham, whose home is in Jonesboro, Arkansas, has served this year as associate editor of the yearbook.

The editorial candidate transferred to State from Arkansas State College where he was active in campus affairs, having served as president of his freshman class there. His previous journalistic experience in high school, his capacity as associate editor of his campus newspaper at Arkansas State during his freshman year, and his activities as associate editor of the Agromeck this year have given him a well-rounded background.

Stidham is vice-president of the Society of Industrial Engineers, a member of the Society for the Advancement of Management, representative to the Engineers' Council, and a member of Scabbard and Blade.

When questioned about his candidacy, Stidham stated that he was in position to take a minimum scho-

SCOTT F. STIDHAM

lastic load next year, and felt that this would enable him to devote sufficient time to the editorship to assure the best possible yearbook.

Strawbridge, Dance Committee; and Miss Martha Lippard, Albemarle, for Alfred N. Lowder, Albemarle, Finance Committee.

Michigan Tries Merit Rating Of Professors

Editor's Note: The following is a news release clipped from the Winston-Salem Journal.

Ann Arbor, Mich.—Five professors and instructors who flunked a campus-wide student popularity poll may be fired and 42 who won "A" ratings may receive raises, University of Michigan authorities said today.

The university passed out 50,000 questionnaires three months ago to students in the College of Literature, Science and Arts asking that they rate their professors on 10 points.

About 11,000 students answered in the survey, flunking five of their teachers and giving superior ratings to 42 out of the 410 professors and instructors in the college.

The results compared so favorably with what department heads think of their instructors that a similar survey will be conducted annually for the next five years as a partial basis for granting faculty pay increases and promotions, according to Lloyd S. Woodbourne, assistant dean of the college.

If the five teachers who flunked this year's test fail in succeeding years they may be replaced or re-

assigned, Woodbourne said.

Among the points on which the teachers were rated were difficulty of the course, clarity of presentation of subject matter, approachability, ability to stimulate interest and general ability. A space also was provided for students to write in additional comment.

How Is Your Average . . . ?

The dogwood is in full bloom, baseball is well underway, and seniors are having interviews. It is spring.

Did it sneak up on you? Will you have a C average by the end of this term? If not, will you be so far below that you cannot expect to make up the deficiency in summer school? If you are completing your second year in college (including work done at another college if you are a transfer student), you must have as many honor points as hour credits earned, in order to continue in college next year. So, rising juniors, check up. And, of course, rising seniors have to have the C average, too.

Your adviser can tell you how you stand. If there is any question about the accuracy of his records, or if the count is very close, it would do well to check with the official records in the Registration Office. It may be, too, that when you know your situation, you will want to reconsider your educational objective or your choice of vocation. If what you have attempted has not worked out, it may be taken as an indication that something else would be better. A talk with your adviser can help in thinking through this matter. He may suggest that you talk further with Dr. Anderson or Mr. Rogers at The Student Personnel Office in 105 Peele Hall.

At any rate, early recognition of your status will make it more likely that you will and can do something about it. It is not too late for better study methods, or simply more time put in, if your point deficiency is small. One student, who lacked a C average, gained nineteen points in a single term. Most don't do that well. Certainly, unless there is some change in a student's situation which will contribute to better

work, it is not to be expected that this term will be any different from preceding ones.

Every year many students are surprised to receive the letter which informs them that they may not return for the fall term because of not measuring up to the C-average Rule. Many even claim not to have heard of the requirement. "But that's not me nor you."

PHILLIPS-JONES CORP., N. Y. 1, N. Y.

Graduate Honors Basketball Team With Unique Method

For the first time in North Carolina history, a boat has been named for a sports squad. Mr. W. S. (Bill) Wells, a graduate of State College in the class of 1924 has named his shrimp trawler "Wolfpack" in honor of the 1949 Southern Conference champion basketball team.

Mr. Wells got his idea from a boat named "Notre Dame" which has sailed along the Atlantic coast. The State graduate decided that it would be appropriate to name his newest craft for one of his Alma Mater's athletic teams, so the basketball team was so honored.

Others Honored

Several other schools, according to Mr. Wells, have had their athletic teams honored in this manner. Both he and his son have seen boats named for athletic teams from such schools as Tulane and the University of Alabama along the Atlantic coast.

Mr. Wells reports that the "Wolfpack" is the most modern boat on the east coast. The trawler is 54 feet long and is powered by a 100 horsepower caterpillar diesel engine. The boat has facilities for a crew of three, has a shore to ship

telephone, and many other modern conveniences. The "Wolfpack" covers the Atlantic coast from St. Augustine, Fla., to Pamlico sound.

A picture similar to the cut above has been given to the basketball team to be autographed and hung in their trophy room. The picture has been made in post card form and is being sold in the drug stores of Southport. Plans are being made to have the cards for sale in the Student Supply Store soon.

A standing invitation has been extended by Mr. Wells for the basketball team to take a trip on the "Wolfpack" any time they are in the vicinity of Southport.

President of A.S.M.E. Scheduled To Speak

James M. Todd, president of the American Society of Mechanical Engineers for 1949, is scheduled to speak in Durham at the Union Ballroom of Duke University at 6:30 p.m.

Mr. Todd will address the Raleigh section of the ASME and also the student branches at North Carolina State College and Duke University at a joint meeting. The subject of the meeting will be "Engineering Success and Successful Engineers." He will also speak in Greenville, S. C., Savannah, Ga., and Atlanta, Ga., on his tour. Mr. Todd will be accompanied on the trip by Mr. Arthur Roberts, Jr., vice-president of Region IV of the ASME.

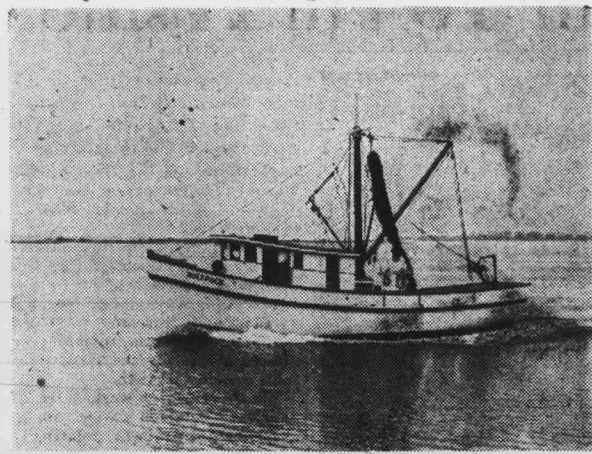

Mr. Todd, a native of New Orleans, has been most active in the ASME since 1922, when he joined the organization as a junior member. He was manager of the Society from 1933 to 1936, vice-president from 1936 to 1938, and was elected to the grade of fellow in 1944. He has served on many committees both as member and as chairman, and served as chairman of the New Orleans section for three years.

As vice-president of the board of the Jefferson Lake Sulphur Company in charge of engineering, Mr. Todd has had mining assignments in Mexico, and in Central and South America, and is recognized as one of the leaders in the mining and production of crude sulphur.

He is licensed to practice mechanical and electrical engineering in the states of Alabama, Mississippi, and Texas, and has had a part in the effort to bring professional registration for mechanical and electrical engineers in Louisiana. Mr. Todd maintains an engineering office specializing in air-conditioning, power plants, the equipment of large buildings and industrial plants, and has been responsible for the design and installation of many of the important installations in the New Orleans and Houston areas.

President Todd is a graduate of Tulane University, where he was also given his graduate degree in mechanical engineering in 1930. He is a member of Tau Beta Pi and the Louisiana Engineering Society. He organized the New Orleans Section of the American Institute of Electrical Engineers and served as its first chairman. Mr. Todd is an Episcopalian, and a member of prominent clubs in his city.

"Wolfpack"

Livestock Fitting Is Latest Ag Activity

Prizes, experience, and entertainment are being offered to any agriculture student who wishes to put in a little practice at preparing livestock for shows. Dairy cattle, beef cattle, and sheep are listed as the three groups open to students. Anyone desiring to try his hand at fitting an animal for showing is asked to meet in back of Polk Hall every day at 4 o'clock. Transportation to the farm is furnished.

ASHVE To Meet

The student chapter of the American Society of Heating and Ventilation Engineers will meet Tuesday, April 12, at 7:30 p.m. in room 113, Page Hall. Mr. Floyd E. Adams of Richmond, Va., factory representative of the Burnham Boiler Corporation, will speak

CAMPUS CAPERS LAFF 'N' LEARN

JOHNNY HELPS CECILE ACHIEVE ALACRITY AND OBLIVATE OBLOQUY

I DON'T CARE IF I DO FLUNK! PROFESSOR MOELLER IS TOO RUSSY FOR WORDS...HE JUST DRIVES ME WILD!

TCH! TCH! I DID THINK SHE WAS SO CHARMING... AND NOW MY NEW SECRETARY IS ACTING LIKE A PERFECT PTERODACTYL!

CECILE, DEAR, YOU'LL NEVER MAKE THE PROFESSOR LIKE YOU, IF YOU START OUT ACTING LIKE A MEAN OLD VIRAGO

O, I FEEL SO IRRITABLE I COULD SNAP HIS HEAD OFF! MY THROAT FEELS RASPY AND DRY FROM SMOKING SO MUCH, TOO

OH DEAR! WHAT A TERMAGANT OUR STAR BUSINESS COURSE PUPIL, CECILE, IS!

O-O CIGARETTE HANGOVER!

LOOK HERE, I DON'T KNOW WHY PROFESSOR MOELLER BOTHERS ME SO MUCH, BUT I WISH YOU'D ALL STOP NAGGING ME

NOBODY'S NAGGING YOU, PET. WE WANT TO HELP YOU CLICK AS A TYCOONESS WITH OUR NICE PROF. I THINK JOHNNY HAS A GOOD IDEA

YOU'VE GOT CIGARETTE HANGOVER! WHY NOT SWITCH TO PHILIP MORRIS AND ENJOY YOUR SMOKING.

BUT TIME AND PHILIP MORRIS REALLY PROVE SOMETHING

BEHOLD OUR FORMER OFFICE CRONE IS NOW A VERITABLE ERATO!

AN ECDYSIASTIC CHANGE, INDEED - THANKS TO PHILIP MORRIS!

THAT'S RIGHT, CECILE! PHILIP MORRIS IS THE ONE CIGARETTE PROVED DEFINITELY LESS IRRITATING.

PLEASE LISTEN DEAR

WELL, I'LL GIVE 'EM A TRY

THANK YOU DEAN, FOR SAYING PROFESSOR MOELLER HAD SUCH A NICE SECRETARY

I'M DELIGHTED! OUR ERSTWHILE CERBERUS HAS BECOME A PEREGRINATING BANNER OF WELCOME! SHE'S VERY SWEET!

PHILIP MORRIS HAS CERTAINLY WORKED WONDERS FOR CECILE

Use These Words With Tongue-in-Cheek!
(Plan to use ONE every week!)

CERBERUS (sir-bur-us) - The three-headed watchdog of Hades.

CIGARETTE HANGOVER (Never pro-nounce it! De-nounce it!) - That stale smoked-out taste, that tight dry feeling in your throat due to smoking.

ECDYSIASTIC (ek-diz-ee-as-tik) - a complete stripping-off of outer covering.

ERATO (err-ah-p) - Muse of Joyous Poetry.

OBLOQUY (obb-lo-kwee) - Heaped-up scorn or abuse.

OBLIVATE (obb-vee-ate) - to go around or avoid.

PEREGRINATING (pair-ig-rin-ay-ting) - Roving about.

PTERODACTYL (teer-oh-dak-till) - A prehistoric winged lizard.

TERMAGANT (ter-mag-ant) - A nasty nagger.

TYCOONESS (tyc-keon-ess) - A rich Tired-Business-Woman.

VIRAGO (veer-aw-go) - A shrew or cranky female.

Here's the Moral to Complete Our Tale -

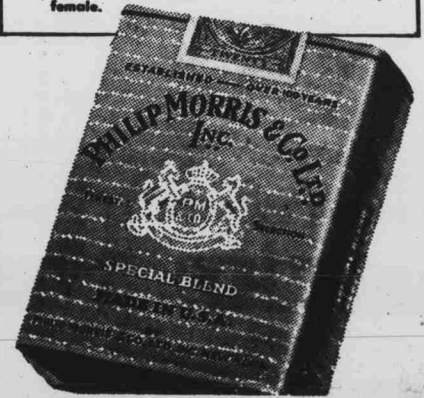

Behind our playful plot, our intentions are serious: we want you to discover for yourself the welcome DIFFERENCE in cigarettes that PHILIP MORRIS can bring you.

Established PROOF of that difference is too extensive to be detailed here—but pre-medical and chemistry students, who will be especially interested can get it in published form FREE, by writing our Research Dept., Philip Morris Co., 119 Fifth Ave., N. Y.

CALL FOR

PHILIP MORRIS

R. E. Fadum To Fill Position Vacated By Mann

Appointment of Dr. Ralph E. Fadum, regarded as one of America's top-ranking engineering educators and scientists, as head of the Department of Civil Engineering at N. C. State College was announced this week by Dean J. H. Lampe.

Dr. Fadum, now professor of soil mechanics at Purdue University will assume his duties at State College on July 1. He will succeed Professor C. L. Mann, who retired from the position last fall after over 50 years of service on the institution's faculty.

Dean Lampe said that Dr. Fadum's appointment to the post has been approved by Chancellor J. W. Harrelson, a faculty committee, and the Executive Committee of the Board of Trustees of the Consolidated University of North Carolina.

Eminent engineers, educators, and scientists from throughout the country have highly endorsed Dr. Fadum for the work. In his capacity as department head, he will direct all programs of research and education in the field of civil engineering at the college.

Native of Pittsburgh

Dr. Fadum, a native of Pittsburgh, Pa., was educated at the University of Illinois, where he was awarded his B. S. and C. E. degrees in June, 1935; and at Harvard University, where he received his M.S. degree in June, 1937, and his Doctor of Science degree in June, 1941.

His teaching experience includes tenures as a faculty member in the Graduate School of Engineering at Harvard University and as a professor at Purdue University, where he is now teaching soil mechanics. He taught soil mechanics, structures, and civil engineering at Harvard during the period from 1935 to 1943.

DR. RALPH E. FADUM

He was appointed as an assistant professor in the Department of Civil Engineering at Purdue in 1943, was promoted to the rank of associate professor in 1945, and was advanced to the position of professor in 1947.

In addition to his academic and scientific accomplishments at Purdue and Harvard, Dr. Fadum has an extensive professional and industrial record. He assisted A. Casagrande, a consulting engineer of Cambridge, Mass., in the preparation of plans for the water supply dam for the city of Bogota, Columbia, in 1942 before becoming a full-time teaching and research worker.

He worked as an assistant to the hydraulic engineer of the Niagara-Hudson Power Corporation in Buffalo, N. Y., in 1935; was assistant to W. P. Craeger, consulting engineer of Buffalo, in 1936; was plant

construction engineer for the Chicago Bridge and Iron Company in Greenville, Pa., in 1937; and assisted Casagrande in designing the foundations for the New England Mutual Life Insurance Company's main building in Boston, Mass., in 1938 and 1939.

Dr. Fadum also worked on foundation investigations for Dry Dock Associates of Portsmouth, Va., in 1940; and was associated with Jackson and Moreland, structural engineers of Boston, in foundation investigations for the Boston Edison Company in 1942.

A noted research worker, Dr. Fadum has conducted a wide range of experimental projects relating to the fields of civil engineering, soil mechanics, education, and structures. Most of his research activity has been done at Purdue and Harvard Universities.

Dr. Fadum's honorary and professional affiliations include mem-

bership in the American Society of Civil Engineers, the Boston Society of Civil Engineers, the American Society for Engineering Education, the American Association of University Professors, the Society of the Sigma Xi, Tau Beta Pi, Phi Kappa Phi, Chi Epsilon, and Delta Upsilon.

Dr. G. A. Hawkins, dean of the Graduate School at Purdue, described Dr. Fadum as "one of the outstanding young engineers on the Purdue University campus" and said that he "is well recognized in his professional area."

Dr. Philip C. Rutledge, chairman of the Department of Civil Engineering at Northwestern University, said that Dr. Fadum would be "an excellent choice" for the State College work and described him as a man with "extensive teaching and educational experience and with an excellent reputation for professional competence."

Ode To My Slide Rule

Women are babbling all the time,
Of dates, and drinks, and dresses,
Which wouldn't help at all when I'm
Computing strains and stresses.

My slipstick conquers without a
doubt

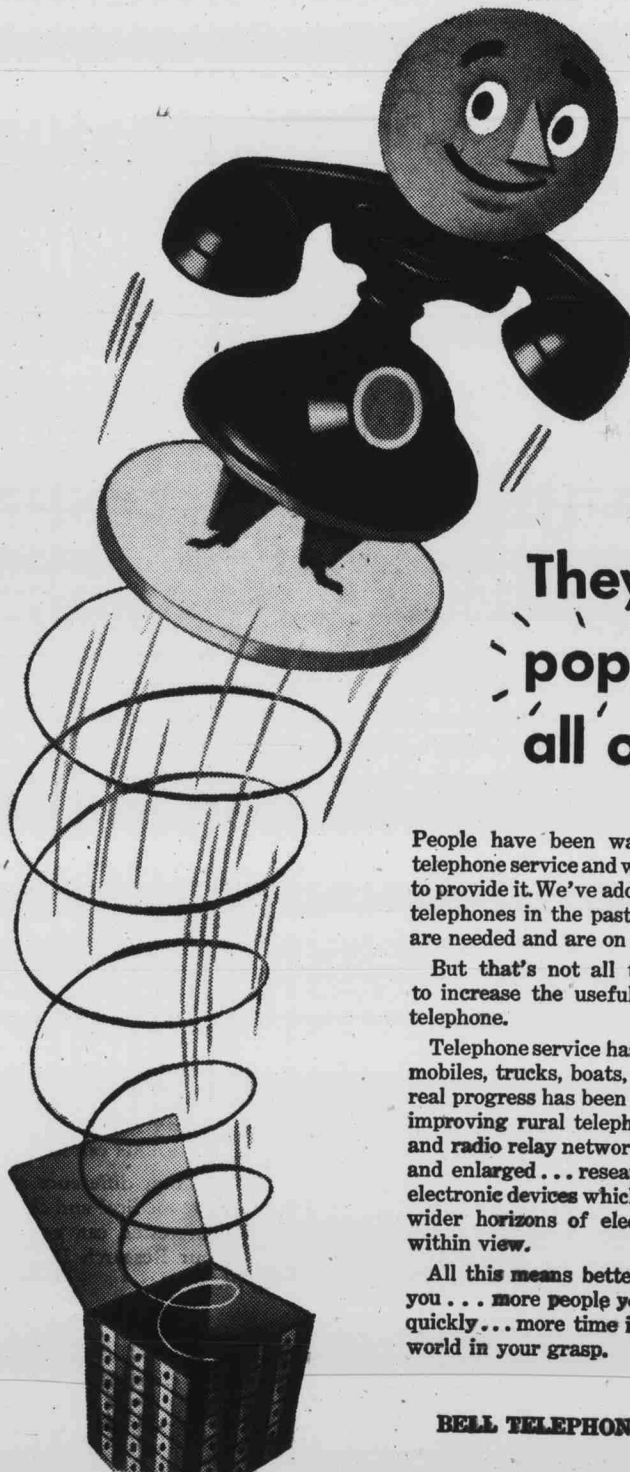

Whole hosts of sines and surds,
And helps me work in peace without
An avalanche of words.

Slide rules are always accurate,
Women never so;
And though they're not affectionate
They never answer "No!"

So hence with women's wanton
ways

With eyebrows, lips and curls,
My little log-log-decitrig
Is worth a dozen girls!

Unknown

They're
popping up
all over

People have been wanting more and more telephone service and we've been working hard to provide it. We've added nearly 9,000,000 new telephones in the past three years. Still more are needed and are on the way.

But that's not all that we've been doing to increase the usefulness and value of the telephone.

Telephone service has been extended to automobiles, trucks, boats, trains and airplanes... real progress has been made in expanding and improving rural telephone facilities... wire and radio relay networks have been developed and enlarged... research has started on new electronic devices which promise to bring even wider horizons of electrical communications within view.

All this means better telephone service for you... more people you can reach easily and quickly... more time in your day... a larger world in your grasp.

Publications Honor Staffs With Banquet And Keys

Seventy-four students were awarded keys by the Board of Student Publications for meritorious service to campus journalism at the annual Publications' Board Banquet in Leazer dining hall last Friday night.

The publications keys were presented to the students by Rudolph Pate, editor of the State College News Bureau. Avery C. Brock, editor of the *Technician*, was in charge of arrangements for the banquet, and Horace Taylor, Jr., editor of the *Agromeck*, was chairman of the committee on the awards of keys.

Dr. Lodwick Hartley, head of the English department, was toastmaster in the absence of Dr. Frank H. Jeter, chairman of the board and director of all college publications, who was ill.

Following the presentation of the keys, the Selah Singers, a quartet of WPTF radio artists, presented a musical program. After the banquet, the dance was held in the ballroom of the Carolina hotel, with the Norwood Lane quartet providing the music.

The students who were honored for work on the eight student publications and the radio station and the organization they represent are as follows:

The Agromeck, yearbook—Bernie W. Batchelor, Nashville; David C. Black, Charlotte; Richard M. Wooten, Hendersonville; Kenneth W. Winston, Raleigh; William G. Smith, Rutherfordton; George R. Waller, Clinton; Robert G. Thrower, Rocky Mount; and Beverly Ross, Durham.

The Technician, newspaper—Avery C. Brock, Mount Olive; William C. Haas, Wilmington; Willard S. Bull, Jr., Newport News, Va.; Joseph S. Hancock, Raleigh; James A. Hollinger, Gastonia; Melvin Horowitz, New York City; Wade C. McLean, Addor; John G. Lampe, Raleigh; W. Robert Phelps, Monkton, Md.; L. Eugene Tatem, Norfolk, Va.; and Herbert Brenner, Winston-Salem.

The Agriculturist, magazine of agricultural students—Lolo A. Dobson, Statesville; G. B. Smith, Monroe; and James Harry Prevette, Statesville.

The Handbook, student guide—A. Worth Stinson, Monroe; William H. Cochrane, Jr., Franklin; and Earl T. Dicks, Kenosha, Wis.

The Wataugan, humor and literary periodical—Vernon D. Niven, Jr., Charlotte; Robert A. Sapp, Washington, N. C.; Sanford O. Gluck, New York City; James R. Clark, Raleigh; Roderick M. Hughes, Wilson; John W. Joseph, Winston-Salem; Jesse R. Norris, Jr., Raleigh; David T. Grigg, Gastonia; David N. Spainhour, Lenoir; W. J. Alston, Concord; William T. Ray, Chapel Hill; James R. Severs, Charlotte; and Emmett W. Bringle, Covington, Tenn.

Radio Station WVWP—Peter W. Swanson, Jr., Clifton, N. J.; Beryl L. Heffner, Shelby; Thomas B. Williams, Asheboro; Howard Jacobs, Raleigh; Charles C. Mitchell, Bronx, N. Y.; Frederick O. Smetana, Concord; Henry W. DuBose, Jr., Richmond, Va.; Walter H. Geller, New York City; R. A. Goodman, Indianapolis, Ind.; Paul D. Miller, Statesville; and Lawrence J. Linker, New York City.

The Pinetum, yearbook for forestry students—John C. Barber, Moyock; Steve G. Boyce, Ansonville; Acie Carlton Edwards, Scotland Neck; Wade Jones, Winston-Salem; Sam H. Long, Florence, Ala.; Marcus A. Mulkey, Charlotte; Ernie L. Munger, Highlands, N. C.; Thomas S. Rhyme, Charlotte, and Noel C. Sharp, Canton.

The Textile Forum, magazine for

textile students—Charles A. Harris, Jr., Roxboro; C. Martin Michie, Jr., Roxboro; D. Bruton Fitzgerald, Candor; William M. Barnhardt, Charlotte; Sidney B. Holt, Graham; Gilbert E. Newton, Yonkers, N. Y.; Philip Richard Williams, Wilson; R. Robert Friedman, Elmhurst, L. I., N. Y.; Robert D. Freeman, New York City; and R. L. Ward, High Point.

The Southern Engineer, magazine for engineering students—Graham C. Thompson, Detroit, Mich.; Earl R. Cook, Kannapolis; P. H. Mooneyham, Portsmouth, Va.; Jayson B. Deyton, Spruce

Pine; and F. W. Butner, Winston-Salem.

In addition, Oscar K. Bozeman of Baton Rouge, La., president of the senior class and member of the Board, was awarded a key.

Organizations, Notice

All campus organizations are requested to report the names of next year's officers, as soon as elected, to the Assistant Dean of Students Office, 102 Holladay Hall. The Dean of Students Office acts as a clearing house for campus organizations; therefore, a complete up-to-date list of organizations and officers must be maintained at all times. The various presidents are responsible to see that their organization reports are in order at all times.

Requirements Given For Cadet Training

Major George B. Herndon, Aviation Cadet Project Officer for the Army and Air Force Recruiting Service, will be at 215 Rigsbee Avenue, Durham, N. C., on 14 and 15 April, 1949, to give examinations to all applicants. Examinations will begin promptly at 1:00 P.M. on the 14th.

Applicants desiring transportation to and from Durham should see Major Reed at the Army Recruiting Station here in Raleigh prior to the date of departure.

All State College students taking this examination should sign a roster in the Dean of Students Office, Room 102, Holladay Hall.

Qualifications for Cadet training are:

Age: 20 to 26½.
Education: Two years of College or the ability to pass an equivalent examination. (The examination is written, requires two hours to complete, is the multiple-choice type, and covers five subjects.)

Single or Married: For the first time since the early days of Cadet training (except for the war years) married men are being accepted.

Physical Condition: Good, with high requirements for eyes, ears, heart, and teeth.

Moral and Personal: Applicants must have high moral and personal qualifications.

All students MUST bring their registration cards to the polls on election days in order to vote.

Officers Of Bagwell Dorm

Shown above the the officers and floor representatives of the Dormitory Club in Bagwell. They are from left to right, first row: John Dillard, president; Slocum Fogleman, vice president; Joe Kayler, secretary-treasurer; and Weldon Cable. In the second row, l to r., are Jack Eller, Bob Carr, Harry Halstead, Joe Lentz, Luke Conrad, Edwin Proctor, and R. L. Hartsell. Dillard and Cable are Bagwell's representatives to the Interdormitory Council.

Disc-A 'n' Data

BY BOB FREEMAN

The big mark-down sales on shellac albums that so many of the record shops are putting on should not be mistaken for a "postwar economic readjustment" in the record industry. Actually, the industry is undergoing a technical revolution that will eventually cause the shellac records to become as obsolete as the celluloid collar, and the dealers don't want to be caught with a big stock of unsalable merchandise.

If you haven't been to your favorite record shop lately, you ought to stop down to see and hear the new RCA-Victor 45 rpm record player. Then compare it with the standard 78 rpm shellac discs. That should suggest one of the reasons why 78 rpm is on the way out. Another good reason is the Columbia LP 33 1/2 rpm system, which has been catching on rapidly since first being introduced last summer.

The battle for supremacy between LP and the RCA "doughnut" is shaping up. In the long run, only one system will be able to win public favor. Columbia has had more time to gain a foothold. But Victor is prepared to wage a long war.

Both systems have the advantages of convenience, improved tone fidelity, non-breakable discs, and, after the initial investment, savings on records. For initial investment, Columbia has a slight edge over Victor. They have cut the price of their player from \$29.95 to \$19.95. In some localities, two

LP records are thrown in as an extra inducement. Victor's unit sells for \$24.95, with a complete phonograph listing at \$39.95. Whether Victor will be able to reduce these prices is speculative, since their device, with its automatic change mechanism, is a good bit more complicated and expensive to manufacture than the LP attachment.

The improvement in tone fidelity is the primary argument for both systems. The use of vinylite for the discs and a light-weight pickup on the records has reduced surface noise to an absolute minimum. Tests have been made to show that the vinylite discs far surpass shellac records in number of playings for clear reproduction. Friends of ours who are avid listeners tell us that LP reproduces high tones very well, and the medium and low tones not as well. They also inform us that the fidelity for the new Victor records is very high in all tonal ranges. This may be true, but we do not think that it is a strong commercial point, since the average listener will notice little difference beyond the elimination of the surface scratch.

It seems to us that, with non-breakability common to both, the outstanding point of difference is the convenience, and this will make one and break the other commercially. Columbia, employing the standard 10-inch and 12-inch sizes for most of the LP releases (a 7-inch record is also available) can compress eight ordinary shellac

sides into two sides of microgroove vinylite. This provides for a completely smooth flow of music for something like 25 minutes—which can be increased to over 4 hours of continuous listening if a standard drop-type changer is used.

Victor says that they offer the same features of smoothness in continuity with their "camera-shutter" changer, which requires only 2 seconds for a change. (Actually, the time elapsing from the last note of one record to the first note of the succeeding record is closer to 5 seconds.) The 5 1/2 minute doughnut record would permit only an hour or so of uninterrupted music before requiring the stack to be changed. Victor's unit, however, is considerably more convenient than the LP attachment because it re-

quires so much less space. The records can be stacked in an ordinary bookcase, thanks to their small (6 1/2 inch diameter) size, while the LP records still require special cabinets. Thus, storing would present less of a problem for Victor records than for Columbia records.

Maybe, as one record dealer tried to persuade us, the only solution is to purchase records from each company, since each offers selections and artists that the other cannot match in certain fields. And from the dealer's point of view, the argument is quite good. But we're going to wait awhile and listen a lot before we decide. How about you?

Personals

To "THE Two."

It would have been a pleasure to have caught you. Now we are bitterly weeping on each other's shoulder. Please don't stay away. Please, oh please, come back.

Us Lonesome Boys in Alex. and Turlington.

Lambda Chi Selects Next Year's Officers

Art Handley, president of Lambda Chi Alpha, today announced the names of the men who will be the fraternity's officers for next year.

John Hammond will be the new president and senior representative to the Interfraternity Council. Bryan Higgins succeeds Hoyle Adams as vice-president, Jack McCracken replaces Millard Smith as treasurer, and Herb Rea will take over as secretary from Ed Schrum.

Other officers include Jack Smith, rush chairman; L. C. Hasty, social chairman; Grady Anderson, house manager; Millard Smith, steward; Ken Ryman, ritualist; and John McNeill, alumni secretary.

Hoyle Adams was named correspondent and editor of the chapter newsletter, and was re-elected as a representative to the Interfraternity Council. The newly elected officers will assume their duties next week, and will work under the guidance of their predecessors for the remainder of the spring term.

TOWN HOUSE RESTAURANT NEWS

HI GANG,

Looks like Eubanks, (Scott, see you are get'n a "Town House Restaurant" plug already) is the only guy in the elections tak'n advantage of our offer to let the "prospects for office" hang their posters on our wall!

Just think, while the gang (we feed about 1000 of you boys a day—1000 votes!) eats, they can pro and con you all apart or put you all together! See, you can be elected from the "Town House" Restaurant! See what we mean? All you that are run'n for office have much to gain and nothing to lose by hanging your poster on our walls. So have your manager bring in your campaign and let us hang it up for you!

So you, Liverman, McDade, Odom, Scheviak, Maxwell, Lampe, Newton, Williams, Smith, Dobson, Ham (Ham — and Restaurant, mnn, okay so it is a bad joke!) and Vann and all those that we have not mentioned, don't forget we are waiting for that poster!

Hey, we best say a word or two about our own house—we serve the best food in town—at the very lowest prices in town!

See you all at breakfast,

Mary, Chuck, & Buck —

Wolfpack Cindermen Score In Annual Relays At Carolina

BY JOE HANCOCK

Freshman sensation Bill Albans of Carolina stole the whole show last Saturday as he won three events in the annual Carolina Relays held in Chapel Hill.

The Cranford, N. J., Olympic star took first in the broad jump, 120 high hurdles, and the 100 yard dash. His broad jump was a record-breaking leap of 22 feet, five and one-eighth inches.

Cindermen from State figured in the scoring in five events. Jim Byler and Dusty Dostanko placed third and fourth respectively in the shot, Goldberg took second in the 100, and Joe Davis placed fourth in the broad jump. The local tracksters also took thirds in the 440 yard relay and the shuttle hurdle relay.

An almost new set of records will have to be entered into the books after last Saturday's event. Six new records were set, two by Carolina, and one each by Tennessee, Penn, Princeton, and Maryland. The Tar Heels broke records in the broad jump and javelin, Penn broke the old mark in the sprint medley relay, while Tennessee, Princeton, and Maryland took new marks in the pole vault, distance medley relay, and the 440 yard relay respectively.

The scoring was as follows:

Shot put: 1. Seligman, Carolina (47 feet, 10 1/2 inches); 2. O'Leary, Duke (47 feet, 9 inches); 3. Byler, State (45 feet, 11 1/2 inches); 4. Dostanko, State (44 feet, 4 1/2 inches).

850-yard relay: 1. Maryland (Alexion, Ostry, Mathews, McGowan); 2. Tennessee; 3. State; 4. Carolina. Time: 1:23.6. Javelin throw: 1. Kirk, Carolina (195 feet, one and 1/4 inches); 2. Eichorn, Maryland (194 feet, seven and 3/4 inches); 3. Tyrell, Maryland (178 feet, 11 inches); 4. Moser, Maryland (178 feet, 8 inches). New meet record. Old record: 187 feet, Lach, Duke, 1942.

120-yard high hurdles: 1. Albans, Carolina; 2. Taylor, Carolina; 3. Morrow, Carolina; 4. Reeves, Duke. Time: 14.7.

High jump: 1. Moody, Carolina (6 feet 3 1/4 inches); 2. Tie between Joyner, Carolina (194 feet, 11 inches); 3. Peterson, Carolina (194 feet, 6 inches). New meet record. Old record: 12 feet, 10 inches, Bensley, Yale, 1948.

100-yard dash: 1. Albans, Carolina; 2. Goldberg, State; 3. Myers, Tennessee; 4. Meriwether, Virginia Tech. Time: 10.1. Broad jump: 1. Albans, Carolina, 22 feet, 5 1/4 inches; 2. Moody, Carolina (21 feet, 11 inches); 3. Reeves, Duke (20 feet, 8 inches); 4. Davis, State (19 feet, 10 1/2 inches). New meet record. Old record: 22 feet, 3 1/2 inches, Ausbon, Duke, 1947.

Distance medley relay: 1. Princeton (Howell, Acker, Smedley, Wrensch); 2. Tennessee; 3. Carolina; 4. Pennsylvania. Time: 10:27.8. New meet record. Old record: 10:38.9, Maryland, 1948.

Discus throw: 1. Seligman, Carolina (142 feet, 3/4 inch); 2. Vann, Davidson (136 feet, 7 1/2 inches); 3. Raxrin, Virginia Tech (133 feet, 4 inches); 4. O'Leary, Duke (127 feet, 8 1/2 inches).

440 yard relay: 1. Maryland (O'Steen, Wilson, McGowan, Alexion); 2. Tennessee; 3. State; 4. Virginia Tech. Time: 43.2. New meet record. Old record: 45.5, Maryland, 1948.

Sprint medley relay: 1. Pennsylvania (Kirk, Lyman, Scott, Strasburg); 2. Carolina; 3. Duke; 4. Tennessee. Time: 3:34.1. New record. Old record: 3:37.6, Duke, 1947.

Two mile run: 1. Hart, Pennsylvania; 2. Scott, Tennessee; 3. Creamer, Maryland; 4. Devaul, Tennessee. Time: 9:53.1. One mile relay: 1. Maryland (Alexion, Ostry, McGowan, Mathews); 2. Princeton; 3. Pennsylvania; 4. Tennessee. Time: 3:22.4.

Shuttle hurdle relay: 1. Carolina (Morrow, Albans, Moody, Taylor); 2. Virginia Tech; 3. State. Time: 61.5.

Freshman division:

440 yard relay: 1. Virginia Tech (Gale, Hardy, Johnson, Peasley); 2. Carolina; 3. State. Time: 46.5 seconds.

Sprint medley relay: 1. Maryland (Browning, Timmis, Emerson, Buehler); 2. Virginia Tech; 3. Carolina; 4. Davidson. Time: 3:41.0. New meet record. Old record: 3:47.6, Duke, 1942.

Shoestring Catches

BY FRANK PETTINELLI

Coach Vic Sorrell—Some twenty years ago, the Detroit Tigers didn't offer much competition to the rest of the clubs in the young American League. But they had a quiet young man on the roster who spelled "poison" with a capital "P" to the rest of the teams in the junior circuit. Even the powerful tyrants, the New York Yankees, found the curves of the Detroit ace quite troublesome. He beat Miller Huggins' powerhouse gang, which included "The Babe," consistently at Detroit and in New York.

Today, that once-heralded major-leaguer spends his afternoons drilling N. C. State's baseball squad with the fundamentals of the game so firmly rooted in his life.

Victor Sorrel arrived to coach State during the 1946 season and the team slugged its way to a Southern Conference title that year.

This season Coach Sorrell has hopes of capturing the crown once again and it seems as if the team to beat is Wake Forest, the New York Yankee stronghold he once opposed as a youthful and famous curveballer.

Freshman Coach Dave Baxter—After the end of State's baseball season, big, smiling Dave Baxter will leave his post as freshman coach to cover the initial sack for the Burlington Bees who are now in the reorganized class B Carolina League.

Dave is a rugged, powerful player who knows the game like the inside of his first baseman's mitt. His instruction to the State freshmen has been well-exercised this Spring and he is helping to develop some fine talent we hope to see in varsity action next year.

Perhaps Dave might have been a big-time ballplayer if he had not decided to continue his education, but rather than shoot at the high-salaried turnstiles of far away places, Dave has remained, as strange as it seems, a student and coach at State College.

Manager Harry Brown—When you are out at the ball park some afternoon and you hear a throaty individual bark "Here goes old Harry," you can bet your boots he's not talking about Harry S. Truman.

The gent he's referring to is your friend and mine, Harry Brown, the former Bagwell Manor flash and present N. C. State baseball team manager.

Harry has rendered his services to State's diamond troupe since '48 and his pleasant attitude and friendly smile made him a favorite around the campus and at the ball park.

Tennis Team Meets Albright Tomorrow

Saturday afternoon at 2:30 the Wolfpack netters will take on their second northern foe of the young season when they tangle with Albright College of Reading, Pennsylvania.

The first Yankee foe was Colgate, which was met in the opener this Spring. The contest ended in a 3-3 tie when rain interrupted the match.

Coach Seegers, ably assisted by Coach Ed Cloyd, will probably start his usual line-up of Bill Weathers in the number on espot and Co-Captains Art Culbertson and Charles Boney in the two and three positions.

Number four berth will be held by Caldwell Ragan, who has improved a great deal since last season. Pete Kohn will be at the fifth spot with the sixth spot wide open.

Coach Seegers has a choice of several players, including Monty Montesanti, McDermid, and Skeen.

Mural Memos

BY PAUL HODUL

The Grapefruit Leagues all over America are coming to an end after a brief season. The classy "wil-low welders" are now in proper physical shape for real hostilities starting in mid-April. Not to be outdone by their experienced brothers, a miniature Grapefruit League has been created on the college campus. With so many of the boys getting into shape for softball, a close race is expected for the championship in that department. Tennis, horseshoes, swimming, track and volleyball will be the other intramural events featured this term.

Lets make this the best term of all. Many of the races are still very close for annual recognition so every game counts. Here's the way things shape up as far as standings. In the fraternity standings PKA is leading with 822 points. The other teams rate as follows:

Sigma Chi	701 Points
S.P.E.	588 Points
K.A.	569 Points
Sigma Pi	558 Points
S.A.M.	520 Points
P.E.T.	494 Points

In the dormitory loop 2nd Turl-

ington is leading with 654 points. Y.M.C.A. is in close range with 557 points. The remainder are rated this way:

1st Becton	541 Points
Trailwood	529 Points
2nd Becton	526 Points
3rd Syme	504 Points
B. Syme	468 Points

The first seven teams are listed in each league. Going back to last term for a moment, I'd like to announce the All Dormitory-All Fraternity and All Campus Basketball teams. Here's the way the experts picked them.

All Fraternity Team	
Mackie	A.G.R.
Bridger	P.K.A.
Rucker	S.P.E.
Geist	S.A.M.
Davis	Sigma Chi
Buie	Sigma Chi

All Dormitory Team	
Plum	2nd Becton
Smith	2nd Turlington
Cheek	Y.M.C.A.
Nintzel	1st Bagwell
Frazier	1st Becton
Thompson	3rd Alexander

All Campus Basketball Team	
Mackie	A.G.R.
Geist	S.A.M.
Buie	Sigma Chi
Smith	2nd Turlington
Frazier	1st Becton
Thompson	3rd Alexander

See you next week, scholars. By that time I should have some results on the different contests around the campus. It will give us all a preliminary view as to who the power-houses will be.

Pack Nine Tangles With William & Mary

BY PAUL HODUL

The Wolfpack nine of Coach Vic Sorrell will embark on their second night contest this Friday at 7:30 p.m. against the Indians of William & Mary. The surprise announcement that the game would be played at night was made by Athletic Director Roy Clogston Tuesday. The Indians lost to Davidson 4-1 on Monday. Ervin Page probably will do the hurling for State.

State expects to be at top strength for this game with the return of 3rd baseman Hank Uley almost assured. The hard hitting inflielder has been out of action with a pulled leg muscle.

Next Tuesday the baseball team will play its first Big Four foe at Devereaux Meadows. Game time is scheduled for 3:30 p.m. Ernie Johnson, dependable righthander, will probably handle the pitching assignment. Powered by the heavy bat of Stu Erickson, Duke should offer State stiff competition.

Netters Stop USC 7-2 In Conference Opener

BY JOHN LAMPE

Using a potent one-two punch composed of Bill Weathers and Art Culbertson, Coach Walt Seegers Wolfpack tennis team won its first Conference match of the season with a 7-2 victory over South Carolina U.

The Pack was in complete control of the match all the way, taking all but one singles and one doubles contest.

Weathers and Culbertson, two outstanding Wolfpack netters, took the first two singles events, while Caldwell Ragan, Pete Kohn, and Angelo Montesanti took the measure of their opponents in the last three singles engagements.

Weathers, holding down the number one berth, had his hands full controlling Ben Turner of the Gamecocks before finally taking his match. Weathers gained the first set easily 6-3, but Turner kept in the game with a 4-6 second set. Weathers had enough left to win out in the last set 6-3 to take the match.

Charlie Boney, in the number three position, played one of the best matches of the afternoon before bowing out. Constan gained the initial set 6-3, but Boney battled long and hard in the second, winning 10-12. Constan played a steady game to regain the initiative and took the last set 6-2.

State dropped one more match against the Gamecocks in doubles play. Constan and Roth of South Carolina combined to take the number two doubles event, defeating Montesanti and Kohn 7-5, 6-4.

The summary:

Singles
Bill Weathers (S) defeated Ben Turner (SC), 6-3, 4-6, 6-3.
Arthur Culbertson (S) defeated Fred Atkinson (SC), 6-3, 6-3.

Doubles
Theo Constan (SC) defeated Charles Boney (S), 6-3, 10-12, 6-2.
Caldwell Ragan (S) defeated Bob Briggs (SC), 6-0, 6-0.

Other
Pete Kohn (S) defeated George Roth (SC), 6-3, 4-6, 6-3.
Angelo Montesanti (S) defeated Ray Long (SC), 6-2, 6-1.

Other
Weathers-Ragan (S) defeated Turner-Atkinson (SC), 6-2, 7-5.
Roth-Constan (SC) defeated Montesanti-Kohn (S), 7-5, 6-4.
Bill Burns-Tom Osborne (S) defeated Long-Briggs (SC), 6-4, 6-4.

ROTC Is Awarded Proficiency Rating

Colonel Redding F. Perry, Commanding Officer, N. C. Military District, Raleigh, N. C., representing Lt. Gen. Alvan C. Gillem, Commanding General, Third Army, Atlanta, Georgia, presented on 6 April to Colonel J. W. Harrelson, Chancellor of N. C. State College of A&E, a Certificate of Proficiency of the ROTC units at State College for the academic year ending in 1948. This Certificate of Proficiency which is signed by Honorable Kenneth Royall, Secretary of the Army, and General Omar Bradley, Chief of Staff of the Army, was awarded to the ROTC at State College as a result of a Superior rating received at the annual ROTC inspection conducted by officers of the Army and Air Force last May.

Present at the presentation in addition to Colonel Perry and Colonel Harrelson was Colonel Samuel A. Gibson, PMS&T, Lt. Colonel Eugene A. Dees, Executive Officer to the PMS&T, Major James J. England, Air PMS&T, and E. Preston Andrews, Jr., Cadet Colonel of the ROTC regiment.

The presentation was made preceding a parade and review of the ROTC regiment at which Governor W. Kerr Scott received the regiment as guest of honor of the ROTC.

Bowling News

After a week's layoff from rolling, the Man Mur State College League is back at work knocking over the pins. Here are the latest results:

In the fraternity league, Sigma Chi increased its lead over SAE by three full games on last week's 2-1 win over Lambda Chi Alpha. SAE dropped two games to Sigma Nu. Walsh of Sigma Nu rolled 368 for high set of the week.

The Wednesday league lead is knotted up with 2nd Bagwell and 3rd Bagwell tied with 14 wins and 7 losses each. First Becton and 3rd Becton are tied for second with 13 wins and 8 losses. John Fields of 2nd Alexander rolled 335 for high set last week.

First Syme took three games from Turlington in the Thursday league to take over the lead from the "Cary" lads. J. P. Harrell, who is knocking off the highest average in the entire college league, was high man with a 335 set last Thursday.

The Friday league hasn't gotten back into the rolling yet, but first place is still held by 3rd Owen.

In the college league tournament, being held at Man Mur Alleys 33 entries are rolling now with over 100 expected by the deadline time this afternoon at 4.

J. R. Hart of TKE is leading in the tournament with 356 plus 24 pins handicap for a total of 380. Randy Warren of 4th Tucker is running a close second with 359 plus 6 for a 365 total.

The tournament is limited to men who bowl in the fraternity or dormitory leagues. Entry fee is \$1.00, with 1st prize to be 30 per cent of total entries.

Any man who has been rolling in the league at Man Mur is eligible to roll in the tournament. Contact Les Mincey and get on the alley and knock 'em over.

Davis and Goldberg Lead In Track Win

The Wolfpack track team opened its dual season with a 69-57 win over the William and Mary Indians on the local track last Wednesday afternoon.

Joe Davis racked up 12 points for top honors, with Herb Goldberg close behind with 10.

The summary:
100-yard dash: (1) Goldberg (S), (2) Williams (WM), (3) Rosenfeld (WM). Time: 10 seconds.
220-yard dash: (1) Goldberg (S), (2) Williams (WM), (3) Rosenfeld (WM). Time: 22.3.

Pack Drops Three To Michigan, VPI, Cats

After leading the Michigan State Spartans 8-0 in the early innings of their game last Friday night, the State College Wolfpack diamond team started bungling in the fielding department and the Spartan batters found their eye to go ahead and whip the Packers 13-10.

A virtual battery of pitchers came up against the slamming Michiganders with five State hurlers unable to stop the barrage that gave Michigan the victory.

VPI Wins

Too much baseball in one week kept State from playing at top form against VPI Saturday afternoon at Devereux, and the Techmen took a one-sided 6-0 win from Coach Sorrell's nine.

Davidson Wildcats Get Revenge.

After losing a close game to State on the local diamond last week, the Davidson Wildcats had revenge in their mind as they met the Pack crew on the Davidson field.

Charlton Torrence scattered seven hits over the route to keep the Staters from threatening all the way, whipping the Pack 3-1.

Ernie Johnson's first heave was belted for a round-tripper by Charley Pearson, Cat shortstop. Ernie went for eight innings against the Cats, holding them to six safeties before Bob Smith took over in the ninth.

The single State run was scored by John Norrell who doubled, went to third on a long fly and was sent home by a single by Captain Willie Evans.

The Pack meets William and Mary tonight at Devereux at 7:30 in the second night game of the season.

440-yard dash: (1) Garrison (WM), (2) Orrmins (S), (3) Dowling (WM). Time: 51.7.

880-yard run: (1) Dick Scofield (WM), (2) Lindsay (WM), (3) Rasbury (S). Time: 2:05.4.

One mile run: (1) Lindsay (WM), (2) Baker (WM), (3) Hunter (S). Time: 4:38.5.

Shot put: (1) Byler (S), (2) Hoitama (WM), (3) Dostanko (S). Distance: 45 feet, seven inches.

Discus: (1) McEod (S), (2) Hughes (WM), (3) Dostanko (S). Distance: 121 feet, one-half inch.

Javelin: (1) Bartels (S), (2) Davis (S), (3) Hank Frazier (S). Distance: 166 feet.

Pole vault: (1) Three way tie: Blue and Sexton (S), Reymier (WM). Height: 11 feet.

High jump: (1) Sanford (S), (2) Taylor (WM), (3) Davis (S). Height: 5 feet, seven inches.

Two mile run: (1) Lawson (WM), (2) Baker (WM), (3) Hunter (S). Time: 10:28.4.

120-yard high hurdles: (1) Gordon Watt (S), (2) Deierhol (WM), (3) Sexton (S). Time: 15.9.

Broad jump: (1) Davis (S), (2) Rosenfeld (WM), (3) Smith (S).

220-yard low hurdles: (1) Tencick (S), (2) Davis (S), (3) Drake (WM). Time: 26.3.

Raleigh Caps Contest Slated For Monday

Coach Vic Sorrell and his diamond crew will remain at home and play another club on its home field Monday afternoon at 3:30 when the Pack plays host to the Raleigh Caps or the Caps play host to the Pack; take your choice!

After displaying some hard hitting and tight fielding in the opening games and some sorry hitting and bungling fielding in later games, the Pack is clamping down into some semblance of good baseball and is expected to give the Class B Raleigh Caps a fight for their money.

Bob Smith, State's new find in the hurling grab-bag this year, may get the starting nod for the Red and White team.

The local amateur bookies on the campus are taking odds that Jack McComas won't knock out one of his famous round-trippers against the Caps, but some of the sports prognosticators are willing to take a little chunk of the easy money that he will.

Don Cheek, hero of the home Davidson game, will be looked to for some heavy swatting, as well as backstop Bill Fowler.

The Caps are fresh out of the sunny ranges of Florida and are in top shape for the performance. A game with the Boston Braves Saturday may take out a little of the old pepper and tune the Caps down to State's frequency and give the Packers an upset win over the Carolina League champs from the '48 season.

Scabbard and Blade Holds Election

New officers elected Thursday night by G-3, the local chapter of the National Society of Scabbard and Blade are: Captain, Clyde Moore; 1st Lt., Scott Stidham; 2nd Lt., J. C. Collier; 1st Sgt., Dan McCulloch. All four are members of the advanced course in Military Science.

FOR SALE: 1941 Buick Sedanette, clean, excellent mechanical condition. Radio and heater. \$850.00. Apt. 7-B. Western Blvd. Phone 6944.

Tennis Court Reservations

I am familiar with the fact that students come down to the tennis courts and wait several hours before getting a court to play. Many times they leave without getting to play. There are some students who are inconsiderate of others and keep a court several hours. Student opinion has been expressed that the use of the courts should be extended to serve most students possible.

There is an opportunity to serve our students as a whole. I am going to assume this responsibility starting next week and will make reservations for students who wish to use the courts on Friday, Saturday and Sunday. On other days students will have to continue taking their chances in getting a court. On these days courts must be reserved to meet requirements of the organized programs for Varsity and Freshman Tennis Squads, the P.E. Classes and the Intramural Tournament. There will be some available courts but you should give way to these organized programs as gracefully as possible, which after all are for our students.

1. A court may be reserved for a one hour period.
2. Reservations will be made only for a group of four persons.
3. Reservations must be made in

person at the P.E. Office, in order to get names of group, and give you your reservation slip. (Reservation will not be made to play on same day.)

4. Reservation will be made only between 4:00 to 6:00 on M.T.W.Th. and F.

Every one is aware of the fact that State College is woefully lacking in tennis courts to serve her student body. Director Clogston is doing every thing within his power to get additional courts built.

Those absent when the picture was taken are Bill Austin, Charles Sappenfield, John Thompson, Ellis Smith, Paul Johnston and Paul Focht.

Stay Away From Coliseum At Night

BY JAMES HOLLINGER

Anyone who has ventured to place a foot inside the Coliseum any night recently well knows that there is a night-watchman on the job with a whistle. The watchman is a burly negro who views all evening visitors with a suspicious eye.

The TECHNICIAN sent a reporter out to the Coliseum to get the story on visiting regulations. The reporter spoke to the superintendent, C. E. Kirkpatrick, a stern, business-like construction engineer. Mr. Kirkpatrick's attitude to visiting students seemed to be that of a welcoming father.

"They have been mighty nice," said the superintendent, speaking of the students wandering around the Coliseum, staring fascinatedly at the work. There had been a rumor that the insurance company had objected to trespassers. Mr. Kirkpatrick denied this and stated that there had been no claims for accidents.

He was not concerned for the safety of visitors as long as they are careful and keep out of the way. "They can look out for themselves," he said.

Visitors are welcome on the Coliseum grounds only during work-days. The watchman will not allow anyone in the building when he is on duty. In the evening and night students are requested to stay off the grounds entirely.

Many people go out to look at the Coliseum on Sunday afternoon. The watchman will allow them on the grounds because of their sheer weight in numbers, but no one is permitted to enter the building.

Important Meeting Of Aero Students

BY JAMES HOLLINGER

All students in Aeronautical Engineering have been invited to attend an important meeting of the I.Ae.S., next Tuesday, April 12, in Page Hall, room 102.

The Aero students will plan a festive party to celebrate everything. Exhibits for the Engineers Fair will be discussed, and there will be an election of officers. The president of the local chapter of the Institute of Aeronautical Sciences, Sam Owen, urges all Aero engineers to be present at the meeting.

More than half-a-dozen exhibits for the Engineers Fair are being planned, and more volunteers for projects are expected at the meeting. To signal the beginning of the ceremonies and to attract a crowd, a miniature jet engine will be run.

The model jet engine, which sounds like an express diesel train going through a tunnel, has the public appeal necessary to start the fair with a roar. Following the scientific note, there will be speeches and a parade. Dr. Clyde A. Erwin will make the principal address.

President Sam Owen reminds the Aero students that the prize for the best exhibit is sufficient to cover the price of a keg of beer. The party which will be planned is scheduled to be given soon before the students become loaded down

with work.

All officers of the I.Ae.S. will be replaced at the election to be held Tuesday night. The rising senior class will have nomination privileges. The small size of the Aero department will allow any person present to have a good chance at getting the office he wants. Officials of the society urge all Aero students to attend the meeting and elect the officers they want.

Special Notice

All students MUST bring their registration cards to the polls on election days in order to vote.

NCCPA Convention Here

The annual convention of the North Carolina Collegiate Press will be held in the Carolina Hotel in Raleigh April 21 and 22, according to President Emmett Bringle.

Delegates will register between 1:00 and 5:30 p.m. on Thursday, the 21, under the supervision of Paul Moyle of Wake Forest, Vice-President of the Association. Moyle will also be in charge of housing of delegates.

Discussion panels are being planned and competition between members of the association in the following fields have been announced.

1. "All State A" Newspaper (Open to: N. C. State, U. N. C., Duke, Wake Forest, Davidson, W.C.U.N.C.)
2. "All State B" Newspaper (Open to: All other four-year schools.)
3. "All State C" Newspaper (Open to: All junior colleges.)

President Bringle has announced that a luncheon, banquet, and possibly a dance were among the program plans for this year's convention.

Van Horn To Conduct Tennis Clinic At State

Welby Van Horn, former Davis Cup player and National Professional Singles Champion in 1945, will be on the campus Sunday afternoon to conduct a tennis clinic and exhibition match.

The clinic will start at 2:00 p.m. and will be followed by the exhibition match on the State College courts.

Sponsors for the clinic and exhibition are A. G. Spalding Brothers, Lewis', Inc., and the Raleigh Tennis Club.

Special Notice

All students MUST bring their registration cards to the polls on election days in order to vote.
