Campus Government Puts Teeth In Honor System

May 1-7 To Be Week Of Indoctrination

BY HARVEY SCHEVIK

Plans for the intensification of the State College Honor System will get into full swing next week, announced Fred Kendall, Campus Government president. May 1-7 will be set aside to indoctrinate the Honor System in the minds of everyone.

The project is being planned and developed by the school and departmental honor committees. Campus Government letters have been sent to all deans, departmental heads, and members of the Faculty Council urging their cooperation, but the real work is being done by the students.

Stress Personal Honor

Kendall stated that the purpose of the program was "to stress, encourage, and inspire the development of a higher sense of personal honor on the part of every State College student and every other citizen of the College community."

"The backbone of the plan," declared Kendall, "will be short talks in every class by class members which will lead the students to realize their personal responsibility in upholding our Honor Code. With an Honor System such as is outlined in our Campus Government constitution, a spirit will be born which will be greater than any seen on the gridiron or any athletic field."

It is pointed out that once the campus can realize the advantages of a good Honor System, all proctoring, alternate quizzes, and seating arrangements will be eliminated. Only through complete effort on the part of every student can such a sense of honor be established.

Under the Honor System it is the duty of a student to first speak to the person seen cheating. By doing this, the offender will be made to realize the seriousness of his offense when it is told to him by the student. Through such an act on the part of the individual student, the Honor System will be functioning properly.

Senior Class Meets To Select Gift

On the agenda of the Senior Class meeting May 5 will be the subject of a gift from the class to the school. At that time it will be decided whether a gift is to be given; and if so, what it is to be. A gift committee appointed by Class President Oscar Bozeman will submit a report at the meeting.

Among the gift possibilities suggested are: (1) A reflection pool to be erected on each side of the entrance to the Coliseum. (2) A series of plaques naming the greatest events in the lives of present and past classes. (3) A giant United States flag to be hung from the ceiling of the Coliseum. (4) A stone and brick ensemble with benches to be placed on the lawn southeast of Holladay Hall.

Large water colors of the suggested gifts will be on display in the D. H. Hill Library rotunda from May 2 until May 5.

All seniors are urged to voice their opinions in regards to a class gift. Be at the meeting, and make your presence felt!

Livestock Day To Be Opened By Contest

BY JOE HANCOCK

Final plans were announced today for the sixth annual Livestock Day program to be held in conjunction with the alumni day program on May 7.

The program will begin on Friday afternoon, May 6, with a student judging contest. The contestants will visit the various college farms judging sheep, beef cattle, dairy cattle, and hogs. Students in the contest will be excused from classes.

Saturday Program

The main program will be held Saturday morning from 9 until 12, when the contest on student showing and fitting will be held. The show will be conducted in the new judging pavilion that has just been completed at the college dairy farm. Bleachers have been installed for the event, and accommodations for 1,000 persons have been assured, according to Paul Church, program chairman. Busses will be available to take spectators to the pavilion, and all agricultural students will be excused to attend the event.

The climax to the Livestock Day program will be a banquet to be held in the west side of the cafeteria Saturday night at 7. The speaker for the occasion will be Dr. Milton P. Jarnagin of Athens, Georgia.

Judges for the contest will be former members of the college judging team. They are Harold Stinson, Harper Van Hoy, Cecil Wells, and J. W. Wilkerson.

Last Year's Winners

The winners of last year's contests were: Grand champion and fitter, John Collins of Troutman; beef cattle, Billy Benfield of Mooresville; and sheep, Paul E. Church, Jr. of North Wilkesboro.

Engineer's Fair Opens Two Day Stand At Noon

The Seventeenth Annual Engineers' Exposition started its two day reign of the School of Engineering at noon today. After the grand opening, the doors to all the engineering buildings were opened for students and general public alike to enjoy and marvel at the scientific displays and demonstrations that were within. Scores of exhibits depicting recent advances in the engineering world are now being displayed at all the engineering departments on campus.

The exhibits will remain open until 10 o'clock tonight, so that all the visitors may have a chance to view the displays. The doors will open again Saturday morning at 10 o'clock and will remain open until Saturday afternoon at 5 o'clock.

Student Guests

Thousands of North Carolina high school students, teachers, and other interested persons from all parts of the state are expected to arrive today and tomorrow to tour the exhibits. One of the objectives of the Exposition, as stated by W. C. English, Jr., president of the Engineers Council, is to familiarize the people of North Carolina, especially high school students, with the functions of engineering and the activities of the engineering students at North Carolina State College.

Registration of the high school students and of the other guests is being held at the Theta Tau Information Booth, which is located at Memorial Tower. Lodging is being provided by the college for overnight high school guests.

Departmental Judging

The judging of the various departmental exhibits will be accomplished by three North Carolina high school principals. This committee is composed of Mr. Thomas T. Hamilton, Jr., New Hanover High School, Wilmington, N. C.; Mr. James R. Hawkins, Harry P. Harding High School, Charlotte, N. C.; and Mr. J. A. Woodward,

Press Group Elects Joe Hancock Vice-President

Pictured above is Joe Hancock, Managing Editor of THE TECHNICIAN, and recently elected Vice-President of the North Carolina Collegiate Press Association. Hancock was chosen by the college press group at its business meeting last Saturday morning prior to the adjournment of the three day convention.

James A. Gray High School, Winston-Salem, N. C.

The awards will be based on the scope and number of exhibits, the originality of the exhibits, the manner of presentation, the thoroughness with which the exhibits portray the respective department's field of engineering, the informative value of the exhibits, and the percentage of students within each department that are actively participating in the exposition.

The prizes will consist of \$25.00, \$15.00, and \$10.00, for the first, second, and third place winners respectively. The awards will be given at the annual St. Patrick's Dance Saturday night.

Technician Named For Three Awards

Joe Hancock, managing editor of the TECHNICIAN was elected vice-president of the North Carolina Collegiate Press Association at the Association's annual convention here last weekend.

Other officers elected for the year 1949-50 are Ellen Metz of Woman's College, president; Garland Rakestraw, Guilford College, secretary; and Leo Derrick of Wake Forest, treasurer.

The association also announced the presentation of its annual awards to publications and student writers for their work at the various colleges and universities during the past year.

The State "A" award went to The Carolinian, student newspaper at the Woman's College. The "B" award was presented to The Maroon and Gold of Elon College, and the "C" award went to The Hill-top of Mars Hill Junior College.

Other association awards are as follows:

Best editorial cartoon—Dot Swan of The Lenoir-Rhynean; best headline—The TECHNICIAN of State College; best humorous cartoon—Clarence Brown of The Duke and Duchess; best news photograph—Bernie Batchelor of The TECHNICIAN; best short story, "Spring and Fall"—Bob Loomis of Duke University.

Best poem, "The Accounting"—Nancy Norman of The Carolina Quarterly; best general column—Jim Platter of The Lenoir-Rhynean and Hoyle Adams of The TECHNICIAN; best editorial—Ed Joyner of The Daily Tar Heel; best humorous feature, "The Diary of a Carolina Gentleman"—Tookie Hodgson of The Tarnation, University of North Carolina.

Best feature, "I Go Haggling"—Ruth Wolfe of The Carolina Quarterly; best sports column—Billy Carmichael, Jr., of The Daily Tar Heel; best news story—Bill Buchan of The Daily Tar Heel; best humor magazine—The Tarnation, the University of North Carolina; best literary magazine—Coraddi, Woman's College.

Best make-up—The Duke Archive and Coraddi; best technical magazine—The DukEngineer; best yearbook—Pine Needles, Woman's College; and best all-around magazine—The Wake Forest Student.

The association began its annual meeting at the Carolina Hotel and State College Thursday. State College was the host school.

Retiring officers of the association are Emmett Bringle of State College, president; Paul Moyle, Jr., of Wake Forest College, vice-president; Bunny Harris of Meredith College, secretary; and Tom Cookery of Duke University, treasurer.

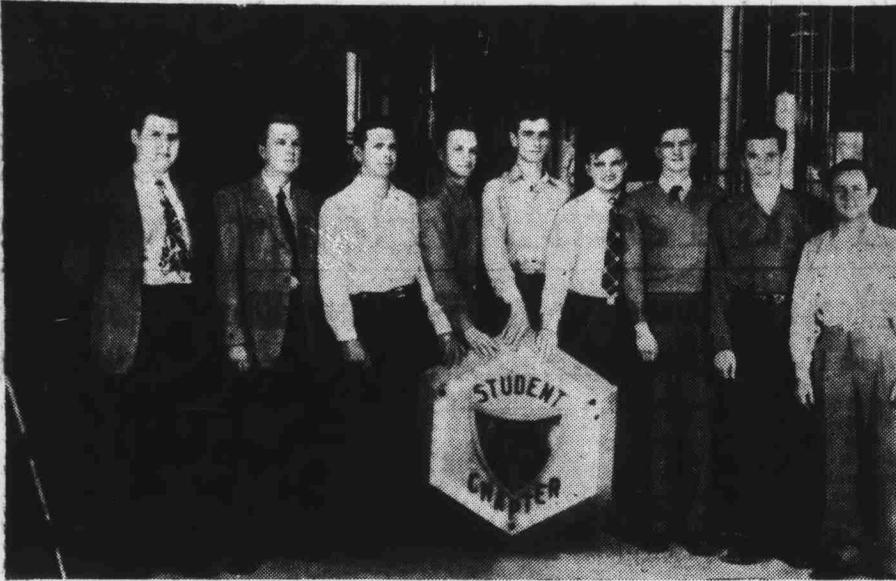

Notice

Tickets which have been issued for the St. Patrick's dance tomorrow night state that the dance will be held in Memorial Auditorium. This is an error. The dance will be held in Frank Thompson Gym at 9:00 p.m. tomorrow.

Members Of New Interdormitory Council

Shown above are the members of the State College Interdormitory Council. In the first row, l. to r. are John Dillard and Weldon Cable of Bagwell; Charles Cone and Bob Thrower, Welch; Ruben Miller, Berry; and Scott Eubanks and David Lane, Watauga. Pictured in the back row, l. to r., are Harry Bates, Turlington; Wallace Moore, Syme; Lewis Hine, Tucker; Alex Vann, Becton; Bob Brown, Tucker; Doug Watts, Becton; Eugene Jeffords, Owen; Russel Sasnett, Syme; Bruce Darden, Owen; Don Anderson, Berry; Jack McCracken, Turlington; Phil Broughton, Alexander; Ralph Bostian, Turlington; and A. C. Barefoot, dormitory coordinator. Alex Vann is President of the Council, Eugene Jeffords is vice president, Ruben Miller is secretary, and Don Anderson is treasurer. Barefoot is executive secretary of the body.

Old and new officers for the A.I.Ch.E.: left to right, R. Gustafson, new reporter; R. S. Thomas, new treasurer; J. R. Clark, new secretary; J. Owens, new vice-president; Robert Becker, new president; Hugh J. Horne, old president; Robert Yoder, old vice-president; H. R. Ketchie, old secretary; J. D. Hartsoe, old treasurer. L. B. Potter, old reporter, not pictured.

Now Hear This:

Lt. Cmdr. W. P. Warren, USNR, Reserve Program Officer South-eastern Area, Office of Naval Research, will be at State College at a time and place tentatively set at 1930 Tuesday 10 May, 1949, in 207-A Daniels Hall, in connection with the activation of a unit of Naval Research on this campus.

Interested personnel will please obtain application blanks from Raymond Stainback in Room 106 Daniels Hall, in order that they may be filled out previous to the meeting and thus expedite action.

Any information as to changes in plans for the meeting as tentatively set will be posted.

Book Exchange

The Student Book Exchange will be open in the evenings beginning Monday May 2. Students who left books are asked to check at the Exchange to see if the books have been sold. Anyone desiring books may buy them beginning May 2.

WANTED: Upper-classmen skilled in leadership, sailing, boating of all kinds, athletics, and other camp activities. Must have good character references and ability to lead and work with boys for eight or ten weeks this summer as counselors on staff at Camp Sea Gull, a wonderfully equipped coastal camp for boys, Arapahoe, N. C. Good pay, wonderful environment, room and board. Only those with outstanding qualifications need apply. Apply Wyatt Taylor, Director of Camp Sea Gull, Raleigh Y.M.C.A., Raleigh, N. C.

PLANNING ANY WEEK-ENDS AT THE BEACH THIS SPRING?

Wrightsville Beach has become a popular week-end resort for college students and we offer ideal accommodations for house parties or any size group. We have 16 apartments and a house with 12 bedrooms so can offer housekeeping facilities or hotel accommodations.

Engineer Speaks

The student branch of the American Society of Heating and Ventilating Engineers held their regular meeting April 12 in Page Hall.

W. D. Graham of Greensboro, who is an engineer with the Trane Company, spoke on "Comfort Air Conditioning." Mr. Graham gave some illustrations of different methods of conditioning office buildings.

FOR SALE to State Student: Four room prefabricated house, fully furnished if desired. Located on college property at 2723 Clark Ave. Phone 3-6304.

Notice

There will be an important meeting of the American Society of Mechanical Engineers Tuesday, May 3rd, 7:30 p.m. in room 100 Page Hall. Elections will be held for Representatives to the Engineering Council and for Faculty Advisor. There will also be a movie shown entitled, "Steam Power."

HOUSE FOR SALE: Cheap. 3 rooms and bath. Occupancy in June. Come discuss price. 107 Dan Allen Dr. Behind Textile Bldg. or call 4934.

Open Forum

Dear Editor:

Actually it should hardly be necessary to refute such an ineptly written and erratically hysterical indictment of the WATAUGAN staff such as that featured on your editorial page in the April 22 issue under the "According to Hoyle" heading, Mr. Adams somehow—possibly unwittingly—managed to get one true fact into his half-page of misconceptions and obvious falsehoods—it is true that only two issues of the WATAUGAN have been published this year. "Columnist" Hoyle, however, failed to take note of a similar dearth of new issues of the *Southern Engineer*, and some of the other campus publications.

Let me first clear up the reason for the lack of WATAUGAN issues, and then with your indulgence I will verbally assault Mr. Adams by way of rebuttal for his totally uncalled-for remarks about the WATAUGAN staff. I'll make it simple: the tie-up, believe it or not, is in the print shop. For ex-

ample, a Christmas issue went to the shop in the middle of November—it had to be killed. No one wants to read Christmas stories (funny or otherwise) in the middle of January. That's when the printing would have been complete. The College has more than doubled its program of extension courses, all of which are provided—totally or in part—with forms and printed matter of all description by the Print Shop. Although I have been given to understand that the Publications Board has a half interest in this shop, apparently the College publications are getting the short end of it. Mr. Adams calls upon the Publications Board for action. Very well, I call upon it, too, and louder. We of the WATAUGAN would also appreciate some action—but from the Print Shop.

Mr. Adams has pointed out that some of the campus publications are woefully understaffed. He has obvious reference to the *Technician*, for surely only a dire need of copy could drive any self-respecting editor to bore the students weekly with such misdirected diatribes as are (Continued on Page 3)

Pi Tau Sigma Initiates Fifteen Members

Friday, April 22 at 8 p.m. in Page Hall, 15 outstanding mechanical engineering students were formally initiated into Pi Tau Sigma, honorary mechanical engineering fraternity. These pledges were selected on the basis of the following factors: scholastic standing, faculty rating, and member's opinions. The faculty rated the candidates on character and personality. Some of the qualities on which the members rated the candidates were as follows: social adaptability, honesty, personal cleanliness and neatness, soundness of principles and morals.

The following men were initiated: Geln C. Almond, Albemarle, N. C.; Harold D. Black, Jr., Concord, N. C.; Edwin C. Burns, Pittsboro, N. C.; Francis H. Cooper, Raleigh, N. C.; Thomas J. Draper, Boykins, Va.; Euclid C. Holleman, Apex, N. C.

More initiates are: James C. McConnell, Boone, N. C.; Daniel F. McCulloch, Charlotte, N. C.; Charles M. Mitchell, Jr., Winston-Salem, N. C.; Frederick O. Smetana, Concord, N. C.; John A. Smetana, Baltimore, Maryland; William E. Smith, Spindale, N. C.; Theophilus T. Thorne, Rocky Mount, N. C.; Thomas R. Tillett, Timberlake, N. C.; Larry E. Westmoreland, Jr., Canton, N. C.

Picnic, Smoker On Ag Club Schedule

Dr. I. O. Schaub, Director of Agricultural Extension Service, will be the guest speaker at a joint smoker sponsored by the Forestry and Ag clubs next Tuesday night, May 3.

Freshmen in the Ag and Forestry schools are especially invited to attend the meeting. This will be an excellent opportunity for all newcomers and old students who haven't taken advantage of the club's facilities to become acquainted with the club.

The usual smoker refreshments will be served at the meeting, with a few good "Traveling Salesman and the Farmer's Daughter" jokes thrown in!

Place of meeting has not been decided yet, but students are advised to watch bulletins and posters for the announcement.

Forestry Club Picnic

The Forestry Club will hold another of those funful picnics tomorrow at Sunset Lake. After the eats are finished, dancing will be the order of the evening. There are some rumors around that the moon always shines at Sunset Lake, too!

Transportation will be furnished and will leave Ricks Hall at 5 P.M.

Notice

Due to a change in the baseball schedule, the annual Freshman Pig Chase will be postponed until May 14.

HOUSE FOR SALE: Furnished, including refrigerator, \$650 cash. See after 5:30 P.M. at 133 Trailwood.

FOR RENT—Student or faculty—5 room house in West Raleigh. Telephone 8437.

(Continued from Page 2)

continued in Mr. Adam's so-called column. He has seen fit to lecture the WATAUGAN staff on the amount of work that they should be required to put in. It appears that we must "make time" for our publications work. Well, brother, that is just about the size of it. Agricultural Education may lend itself to the rounding out of the scholar with extra-curricular activities, but Engineering, or Design, where most of us are toiling, impose certain limitations on time that are probably too much for his agriculturally educated mind to bother with.

I particularly resent his boorish remarks about the "crew" that lined up at the Publications Banquet to receive keys. The key given to me that night represented a lot of work—most of it no doubt accomplished many nights long after Half-cocked Hoyle had trudded off to bed. That holds for the rest of the "crew", too.

Mr. Adams has seen fit to hand down an ill-considered judgement

on the WATAUGAN staff, and has, in consequence, fully earned this rebuke: Get your facts straight, pick the right target, and move out of that glass house, sonny, or look out for more rocks.

Yours,
J. Clark,
13-B, Vetville.

Editor's Note: We were surprised to find that the print shop was at fault in the "dearth" of Wataugans this year, according to Mr. Clark; so we did a little investigating. Copy for the Christmas issue in question was received by the print shop on January 27, 1949. On February 7, ten and a half working days later (counting date of acceptance and release of copy) the print shop returned galley proof to the Wataugan staff. Corrected galley proof was submitted to the print shop on March 2, 1949, and incomplete makeup was turned in to the printers on March 10. All this copy and galley was part of the "Christmas Issue" that Mr. Clark mentioned. Now, we ask, who is the "er-

ratically hysterical indicter?"

Crowding the print shop facilities even more, the Wataugan staff also submitted copy on March 10, 1949 for the issue which was supposed to follow the Christmas magazine. Galley proof for this issue was returned to the Wataugan staff on March 15, and neither corrected galley nor makeup has been submitted to the print shop since that date, almost a month and a half past.

Referring to the last paragraph of Mr. Clark's letter to the Editor, the TECHNICIAN is the STUDENTS' glass-house. When we deserve rocks, toss away; we can take it!

No personal offense is meant by this Editorial note, but facts are facts; and we intend to stand behind our writers when they are correct!
B. H.

Dear Sir:

May I request space in your column to describe the method of determining priority of eligibility for housing in Vetville?

These principles were adopted several years ago by the veterans

and have since then been followed.

Applications are classified first according to the term for which the student entered college after his military service, if he was married at the time of his entrance. His name is listed in the order of his application.

If the applicant was not married when he entered school, his priority group is determined by the date of his marriage. Next, priority in each group is given to those applicants who have children. Each applicant is requested to sign an information blank, a copy of which becomes his certificate of eligibility for occupancy in Vetville.

Theodore S. Johnson
Veterans' Adviser
Library Building

(Ed. Note: We feel that there is a better answer than this to the problem of obtaining an apartment in Vetville, and we would like to have any substantiated material from the students pertaining to the matter, in view of further investigation of the problem by THE TECHNICIAN.)

According to **Hoyle**

S. O. S. . . .

Our country cousins 'way out in Alexander, Turlington, Owen, and Tucker, have informed us that the one thing in the world they now need to make their isolation a bit less inconvenient is a stairway to help them get up the embankment which lies between them and the halls of learning.

It seems that in dry weather they don't have much trouble getting over the top, but in wet weather all they can do is take a running start and hope for the best. They have been told that they can use the road and so walk around the embankment. They could also fly to the moon if they had time.

Of course the problem is not quite as crucial as the mud they had to contend with last fall and winter, but neither is the solution as difficult or as expensive, since some wooden steps could be erected without too much trouble. We think their gripe is justified, their request reasonable.

The 23rd Qualm . . .

Note: This little item was discovered hidden away in a dorm room a couple of weeks ago, and we thought it good enough to pass on to everyone. The author is unknown, but our thanks go to him anyway.

STATE is my master; I shall not rest;
It maketh me to lie down in cold barracks,
It leadeth me through chill rains.
It consumeth my time; It leadeth me in the
paths of scholarliness, for its name's sake.
Yea, though I walk through the valley of the
Office of the Dean,
I will hold no hope; his rules and his staff,
They confound me.
They prepareth an exam before me in the
presence of mine enemies;
They anointeth my papers with red;
My grades runneth lower.
Surely homework and misery should follow
me all the days of my life,
And I shall dwell in the halls of STATE
forever.

M' Gawsh! . . .

There's a letter in this week's "Open Forum" that's a real lulu. Don't miss it!

Use Blue Bulletin . . .

There are organizations on this campus that do not utilize some of the facilities offered to them by the college. One very important facility is the Blue Bulletin. The Blue Bulletin is the "Official Bulletin" for the college.

The publication of the paper is undertaken by the Registration Department, second floor, Holladay Hall. The message center handles the distribution to all dormitories and buildings on the campus. The bulletin is printed and distributed three times weekly—Tuesday, Thursday, and Saturday. Any person or organization desiring to notify students in their respective organization or to the college in general are urged to use the services offered to them by the Blue Bulletin.

Notices for publication may be left either with the secretary in the Assistant Dean of Students Office or they may be taken directly to the Registration Office. Notices left for publication on either Monday, Wednesday, or Friday—3:00 PM being the deadline—will appear in the bulletin on Tuesday, Thursday and Saturday respectively.

In order that the bulletin may be of value to all persons on the campus—every one should either read the bulletin daily or have the information pertaining to that school read to the class. With a distribution covering the campus, there are still many people who never read or hear about coming events.

One very definite means of extending this information is through the members of the faculty. If each professor and instructor were to read portions of the bulletin pertaining to that school—a great step forward would be taken to inform the students and build interest in campus activities. Personal endorsements would also be of great aid in influencing the students. Teaching not only pertains to a required subject . . . a student learns much from the interests and ideas of his professors. It is hoped that all professors and instructors will take a few minutes at the beginning of their class period to read articles of interest to their class.

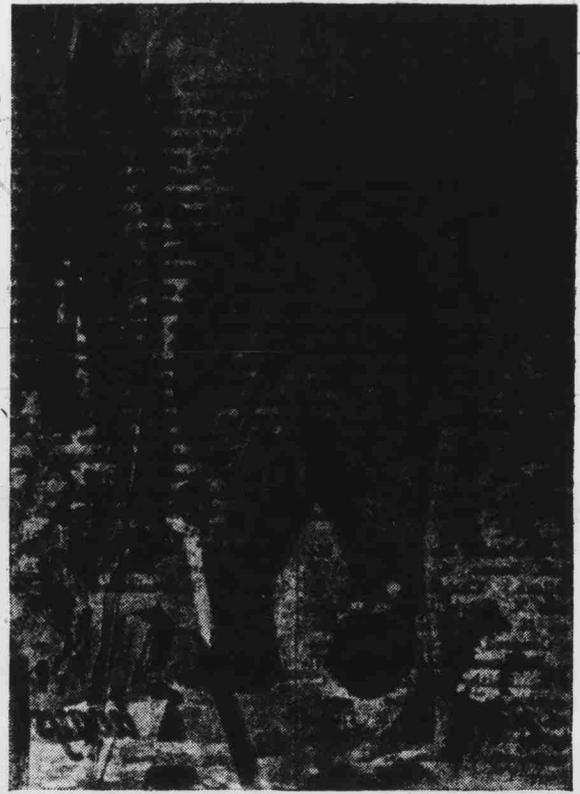

Let's read and make use of the Blue Bulletin. It is our responsibility to know what goes on around the campus.

Sponsors For Big Four Lambda Chi Alpha Ball

Shown above are the sponsors for the annual ball held by the Lambda Chi Alpha chapter at Carolina, N. C. State, Duke University, and Wake Forest College. Johnny Bothwell will play for the dance Friday night, April 29, at the Hope Valley Country Club. Pictured in the upper left-hand corner is Miss Jean Gardner, who will be with Jack B. Overman, president of the Wake Forest chapter. Miss Dot Schrumm, with John H. Hammond, social chairman of the State College chapter, is in the upper right-hand corner. In the second row, left to right, appear Miss Nan Hedden, for Robert S. Holland, president of the Duke chapter; the Lambda Chi Alpha coat of arms; and Miss Margaret Smith, for Pat Gill, social chairman, Duke chapter. From left to right in the bottom row are Miss Edith Kiser, for Ed Schrum, secretary of the State College chapter; Miss Mary Nell Boddie, for Steve Cole, social chairman of the Carolina chapter; and Miss Joyce Jefferson, for Frank Gossett, president of the Carolina chapter.

Sergeant Leighton To Retire After 27 Years

Master Sergeant Henry P. Leighton, on duty with the Military Department, N. C. State College, will retire from active service with the Army on May 31, after more than 27 years continuous service, sixteen years of which has been at N. C. State College.

Sergeant Leighton first came to State College for duty with the Military Department in December 1928 and remained until May 1942, when he was called to active duty as a Warrant Officer in the Army of the United States. He remained on duty as an officer for four years and five months, reaching the grade of Major in the Adjutant General's Department before his separation from the service following the War. On October 12, 1946 he reenlisted as a Master Sergeant and was returned to duty with the Military Department at State College. He has been on continuous duty with the Department since that date.

Upon retirement, Sergeant Leighton will reside in Chapel Hill, N. C.

Colonel Samuel A. Gibson, PMS&T, in announcing Sergeant Leighton's retirement stated: "We regret to lose the efficient services of Sergeant Leighton. He will leave the Army with a superior record after many years of service. His retirement is well earned and he has the best wishes of all officers and enlisted personnel in the Department. His services will be missed. A review by the ROTC regiment will be held in honor of Sergeant Leighton at 12:15 p.m., Wednesday, May 4. The public is invited to attend."

Theta Tau Elections

Theta Tau, national professional engineering fraternity, announced the election results of April 13. The following officers were formally installed April 20:

Regent, Tom Osborne; Vice-Regent, Bill W. Bowers; Scribe, Russell Sasnet; Treasurer, Harold Rhudy; Corresponding Secretary, Larry Westmoreland; Marshall, Richard M. Parker; Inner Guard, Ed Palmgreen; Outer Guard, George Andrews.

Dean Lampe Leads In Ground-Breaking

Ground-breaking exercises for the Engineering Laboratories Building at State College were held recently as construction workers pushed plans to finish the structure within the next year.

Dean J. H. Lampe of the College's School of Engineering used a big power shovel to dig the first spade of soil toward the erection of the

mammoth building, which will cost \$1,245,151.00. A crowd of several hundred persons watched the operation.

St. Patrick's Order Holds Dance; Ritual

St. Patrick's Dance will be held at Frank Thompson gym, at 9 p.m., with admission by ticket only. Tickets will be available for visiting high school students at the Theta Tau. Dick Levin and his Orchestra will provide the music for the event.

During the intermission at the dance, the colorful ritual of the Order of St. Patrick will take place. To be eligible for Knighthood in this order, a senior, at the time of his election, must have fulfilled all requirements for graduation at the Commencement immediately following such election; must be an active member in good standing of the technical society of his department; must have so conducted himself during his residence as to have been a credit to his department and School of Engineering; and must have done during his residence in college his full share of the work in his department connected with the annual Engineers' Exposition.

To be eligible to Companionship in the Order of St. Patrick, a freshman must be one of the two outstanding members of his class in the department in which he is registered.

Alumni To Be Honored By ROTC Regiment

The ROTC regiment will hold a parade and review in honor of the alumni of State College on Friday, May 6, at 12:15 p.m. The following officers of the alumni association have been invited to receive the review:

W. H. Rogers, Jr., President; Henry A. Kendall, First Vice President; M. A. Morgan, Second Vice President; Edwin Pate, Chairman Executive Committee.

Members of the alumni association are invited to attend as guests of honor of the ROTC. Seats will be provided on the field near the reviewing stand for those attending.

WANTED: To get in contact with student that came out to 2301 Lake Drive looking at hound puppies. T. W. Lawrence, Dial 8058.

FOUND: Pencil—inscribed "100%—Sept.-Oct. 1938." Call or see Jim Alexander at 313 Syme Dorm.

The Campus Dispatch

By OSCAR WILLIAMS

The Campus Government voted its whole-hearted support of the Honor Emphasis drive at the Tuesday meeting. The Council is deeply interested in making the campaign a success.

The present Lost and Found department in the YMCA will be strengthened and made effective. The welfare committee is carrying out the project, which includes a weekly list in the TECHNICIAN of found items.

Bookshelves At Last

Bookshelves should be installed in the cafeteria before the term ends. Plans have been drawn and presented to the college shops for construction.

A few girls are showing interest in a proposed coed's club. An organization meeting was sceruled for this week.

Staff Parking

The Campus Government is asking students to play ball on open fields rather than on the grass around Holladay and the Tower. These are two of the better-looking places on the campus, and rough play is fatal for the gay young blades of grass.

If students do not cooperate, the administration may be forced to paint a yellow line around the entire area.

Ideas Needed

The Council considers the blue bulletin a failure so far as keeping students informed is concerned. Until a better system is devised the Council is requesting teachers to read the present bulletin to their classes.

President Fred Kendall announced the method of selecting Greater University Student Council representatives. The State delegation will consist of the four Council officers and seven men appointed by the president.

Vet Apartments

The Campus Government has begun an investigation of the allotment of veterans' apartments on the campus. The Council feels that the names and data listed in a recent letter by Arthur H. Boyer warrant an investigation.

There will probably be a report on this matter next week.

Music Week To Be Observed

In observance of National Music Week, Mu Beta Psi, honorary Music Fraternity is sponsoring programs by the State College musical organizations.

Sunday, May 1, at 4:00 p.m. the "Redcoat" Band will play a concert at the Memorial Tower, weather permitting—otherwise in Pullen Hall. (See program elsewhere in this issue).

Monday night at 8:30 the Little Symphony Orchestra will play a concert at Needham Broughton High School complimentary to the Parent-Teachers club and students. (Regular rehearsal Tuesday night.)

Thursday at 1:25 p.m. the Glee Club will entertain the American Legion Club at its weekly luncheon. Rehearsals will be held at

PET Officers Elected

The State College chapter of Phi Epsilon Tau has elected their fraternity officers for the year 1949-1950. Those elected were: Robert Goodman, President; Peter Koch, Vice-President; Charles Bondy, Treasurer; Monroe Brettlter, Secretary; Michael Silver, Sergeant-at-arms.

Error On Ballot

An error on the finals ballot last Thursday caused a lot of extra voting and counting of ballots for the office of Junior Representative to the Athletic Council. Since there are two Junior Representatives on the council, both Vic Bubas and Clair Roberts will be seated in the council, and the vote-cast will be disregarded.

7:00 p.m. Monday, Tuesday and Wednesday. It is tentatively planned to present a program at one of the girls' colleges Saturday night.

Friday, of course, the R.O.T.C. Band and Drum & Bugle Corps will provide the customary martial music for the Regimental Parade honoring the visiting alumni.

Sunday afternoon (May 8) at 4:00 p.m. a joint program in Pullen Hall is being planned by the Glee Club and Orchestra.

Freshman Dance Will Be Held May 28

The Freshman Dance will be held Saturday, May 28 at Frank Thompson Gym from 8 to 12 midnight. The dance committee has laid plans for getting one of the best bands in North Carolina and has invited a prominent personage of North Carolina to participate in the crowning of the King for a Day.

Paul Langley, president of the Freshman class said only 600 tickets could be sold to the dance and that they would have to go on a first come first served basis. Only one-third of the class has paid their dues to date, but he pointed out that the tickets were being sold rapidly.

The dance committee voted not to present sponsors at the intermission, but to have the crowning of the King at that time. Besides getting a date with a North Carolina beauty winner, the King will receive over 250 dollars worth of cloths to be picked by himself. Paul Langley also announced that the Freshman class will have a compulsory meeting on April 21, at 12:00 noon in Pullen Hall for the purpose of making final arrangements for the dance and to provide a time when students can pay their dues.

Dorm Doings

By GILBERT MAXWELL

With the stir and bustle of elections safely out of the way, we can now revert to the more peaceful ways of Dorm Doings and the people it glorifies.

Congratulations are in order to the Syme club for the manner in which they made that unprecedented sweep of the Mu Beta Psi singing contest as well as Blue Key Stunt Nite. Such accomplishments speak for hard work from somebody, and are deserving of our sincere praise. Syme also hit the bull's-eye with a very fine picnic last weekend. It seems that they had a lot of the ingredients that make such outings successful—food and girls.

While we are on the subject of parties, it might be well to mention Tucker's party which is scheduled for next week. This is to be a truly magnificent affair and there will be no less than 150 girls from the Woman's College in Greensboro down for the event. It just naturally goes without saying that any party that has that many girls from W. C. is going to be a whopping success.

Vann At Work

Alex Vann, newly elected president of the Interdormitory Council, is already at work on the many problems of organization and administration that face the infant board. He is working to set up a more or less permanent organization at the outset, so that there will be no misunderstanding later. Elected along with Alex were vice president Eugene Jeffords of Owen, secretary Ruben Miller of Berry, and treasurer Don Anderson of Berry.

One of the first things done by the Council was the setting up of the West Campus polling place in the Alexander-Turlington mop-up. The Council suggested such a set-up to the Campus Government, and furnished the men to hold the poll after the Campus Government approved the plan. The vote cast out there was lighter than most people expected, but many people voted who probably would not have voted otherwise, and that is justification enough.

Odds 'n' Ends

The canteen and radio station out in Tucker seem to be going strong now, much to the satisfaction of all. We have heard that there are some pretty hot records in the collection that are played over the Tucker network. The Berry Club surely must have had a fine party last time—they're already planning another one for the second week in May. Another party that was a whopping success was the Becton party of a few weeks back. Dorm

IRC Meeting

There will be a meeting of the State College International Relations Club next Thursday, May 5, at 8 p.m. in the Y.M.C.A. Cabinet Room. The purpose of the meeting is to discuss future programs and policies for the current term and the election of officers for the next school year. Present members and any individuals interested in domestic and international affairs are cordially invited to attend.

Eta Kappa Nu Initiates Members

On Friday evening, April 22, Beta Eta Chapter initiated 19 electrical engineering fraternity. These men were chosen to membership in Eta Kappa Nu because each has demonstrated that he has marked ability, as evidenced by scholarship and individual attainments, and because each possesses qualities which indicate that he will be a success in his chosen profession.

The men chosen from the graduate school were: Preston Coker, Jr. of Williamsburg, Va.; C. V. Falco of Yonherb, N. Y.; Howard Hamer of Brooklyn, N. Y.; Luther R. Herman of Hickory, N. C.; J. B. Linker, Jr. of Chapel Hill, N. C.; and Howard C. Turnage of Chapel Hill, N. C.

The five seniors selected were:

Harvey Hook of Elon College, N. C.; Richard M. Parker of Rocky Mount, N. C.; Claude H. Van Dyke of Tazewell, Va.; George C. Winston of Baltimore, Md.; and Walter Whitsett of Reidsville, N. C.

The eight new members from the junior class are: L. T. Baker of Turtle Point, Pa.; Issac Corbell of Knott Island, N. C.; Roy E. Gaines of Sanford, N. C.; William E. Hollowell, Jr. of Rocky Mount, N. C.; Joseph M. Keever of Raleigh, N. C.; W. H. Kennedy of Warsaw, N. C.; Russell M. Sasnett of Dur-

ham, N. C. and Jack Smith of Wilson, N. C.

The initiation was concluded by a banquet. Several of the new members displayed their talent for entertaining for the enjoyment of the members and guests present.

Aquinas Club Elects Officers For Year

A term full of interesting activities was planned at the Communion-breakfast meeting of the Aquinas Club. Officers for the coming year were also elected: Al Amatruda, President; Bill O'Connor, Vice-President; Jean Whitehead, Secretary; and Marcel Martin, Treasurer. The voting was very close for all officers and, run-off elections were necessary to fill the offices.

The organization made plans to continue its efforts to encourage better participation and activity at future regular meetings; so as to fulfill the primary purpose of the club in providing religious instruction for State College Catholic students.

The club decided to present a gift to Father O'Connor as a token of their appreciation for his time and effort spent with the Aquinas Club. Father O'Connor has been the Chaplain of the club for several years and is now assigned to a Pastorate in Brevard.

Plans for the softball team schedule were discussed. The Aquinas Club team has been assured of a game with the Knights of Columbus and the Canterbury Club, both of Raleigh. A game with the St. Patricks Club of Charlotte was to be arranged.

The plans for the "Nite Club" Social were revealed by Rodney O'Donoghue, Chairman of the Social Committee. The event is to be held at the Sacred Heart Cathedral Hall the evening of May 14. A floor show is to be presented and the general atmosphere of a nite club will prevail. All members and their dates are invited to attend. The admission charge will be fifty cents per couple. Refreshments will be on sale à la nite club style. Tickets may be bought from the Entertainment Committee members, Al Amatruda in Syme 207 and Rod O'Donoghue in 311 Alexander.

Air R.O.T.C. Forms Wing And Prop Frat

A new military fraternity, Wing and Prop, has recently been organized on the campus. It is an Air Force fraternity and is open to all members of the Advanced Air R.O.T.C.

Under the guidance of Major England and with the aid of Dave Black and Jay Bliss the local unit at State College organized and received its charter from the national organization last term.

At a meeting held last term, Bill Mashburn was elected temporary president, and the constitution was drawn up and approved. There will be another meeting of the Wing and Prop Wednesday, May 4, 7:30 p.m. Room 15, Holladay hall. This will be the last meeting open for unrestricted membership. After this meeting, membership will be gained by pledgeship only.

Agronomy Head Named Chairman

Dr. W. E. Colwell, head of the Department of Agronomy has been appointed chairman of the committee on fertilizers of the American Society of Agronomy.

Announcement of Dr. Colwell's appointment as head of the ten-member committee was made by Dr. Firman E. Bear, president of the society.

The committee composed of agronomists from states in various sections of the nation is charged with the responsibility of keeping the society advised on all fertilizer matters.

Specifically, the committee will make a study of fertilizer grades and ratios as recommended by the various states and will revise the book, "Hunger Signs in Crops." The group will also aid in arranging a conference on fertilizer application at Milwaukee, Wis., next fall and will work with United Nations agencies in coordinating agronomy projects.

Program Developing Cited By Henderson

"Today colleges and universities are going all out to extend their 'classrooms' from the campus into the economic, industrial and cultural life of their various states and the nation", Prof. David E. Henderson, head of the Department of Industrial Engineering, stated in an article published in the April issue of *Furniture South Magazine*.

In the article, entitled "Furniture Training in the College," Professor Henderson asserted that "the Engineering School at State College is hard at work and has met with some success in developing new programs for the special needs of its students, both on-campus and off-campus."

The article emphasizes the furniture manufacturing and management program, to be available in September to students at the freshman and sophomore level. The department head pointed out that the development of this new program is a good example of the cooperation possible between industry and education.

The purpose of the furniture manufacturing and management program, according to Professor Henderson, is "to prepare graduates for technical positions in industry . . . and to emphasize the application of engineering to furniture manufacturing."

Professor Henderson points out

Wood Grading Course Slated For May 24-27

Southern pine lumbermen will have an opportunity to obtain the latest information on grading through a short course scheduled for May 24-27 at State College, Dr. Richard J. Preston, Jr., director of the College's Division of Forestry, reported today.

Presentation of the course will be under the direction of Roy M. Carter, head of research and teaching in wood technology. He has obtained as his assistant, C. J. Sykes, inspection supervisor for the Southern Pine Inspection Bureau, who will give the main instruction on lumber grading during the four-day session. Several other men from the Southeastern Forest Experiment Station, the College's Extension Service and State forester's

office will aid in giving the instruction. Aids to determining quality lumber will be presented by W. R. Smith of the Forest Utilization Service, Southeastern Forest Experiment Station, who will introduce tree and log grades. "These log grades are based on lumber grades," Preston stated, "and can be a big help in selecting logs or timber tracts that will cut out high grade lumber."

Softwood lumber operators and inspectors and representatives of concentration yards, retail yards, planing mills, finishing plants, and others dealing in softwood lumber are expected to attend the course. Enrollment is limited to 25, and the enrollment fee to cover instruction costs will be \$30 per person.

In commenting on the course, Dr. Preston said: "Both lumber producers and distributors are aware, for the first time in several years, that a knowledge of grades is again essential. With sawmills accumulating larger supplies of lumber, particularly in the poorer grades, although better grades are still in demand, sawmill men realize that knowing and mak-

ing quality lumber is very important.

"That is why we are scheduling this short course. Likewise, the distributor is more interested in getting lumber on grade than he has been for several years."

AICHe Holds Yearly Election

The American Institute of Chemical Engineers Student Chapter elections were held April 5th and the following men were selected to fill the offices for the coming year:

President, Robert Becker; Vice President, Jim Owens; Secretary, J. R. Clark; Treasurer, Roy S. Thomas; Reporter, Richard Gustafson; Engineers Council, Clyde Moore and Jack Howell; Engineers Council Alternates, George Roe and Rodger Crosby.

After the votes for the post of reporter (unanimous on the first ballot) were counted, the alarm was given which resulted in a vigorous search for a possible conflagration. The alarm was attributed to the gaseous byproducts of a passing coal-burning locomotive.

ing quality lumber is very important.

"That is why we are scheduling this short course. Likewise, the distributor is more interested in getting lumber on grade than he has been for several years."

It serves her right!

MARY JANE gives the telephone in her house a real work-out.

But we're not worried a bit. We know Mary Jane's telephone is going to keep right on delivering good service year after year. Because the Bell System puts a lot of time, thought, and testing into making telephone equipment as rugged and trouble-free as possible.

Tests are constantly under way at the Bell Telephone Laboratories. There, for example, new types of telephone instruments are put through a school of hard knocks. Dials and other parts are given strength and wear tests. Even the bottom of the telephone set has been designed and checked to make sure that it will not scratch or stain furniture.

Such tests—on little things as well as on big things—help give you the world's best telephone service at the lowest possible cost.

Pack Nine vs UNC Today; Frosh Seek Victory

FRANKLY SPEAKING

By Frank Pettinelli

One misty morning this week we were all lined up in size places at the Technician office meeting "the chief." It was a sad moment when Bill "the chief" Haas came to the end of the group and with a bit of morning dew in his left eye bid a fond adieu to the boys of the sports staff. We presented our chubby new boss with an initialed platinum aspirin box and he shamelessly wept as we sang "Take me out to the ball game."

But in all sincerity we hope to continue editing a sports page as fine as the one "the chief" has put out in the past.

Our somewhat erratic baseball club broke into the lonely win column last Saturday once again while thumping Chapel College by the nice round score of 10-6. Jack MacComas, who was elected by the students to receive the Alumni Athletic Trophy, supplied the big punch, but the stout relief chucking of Irvin Page and a home run blast by Mussack might be the indicators of once-hidden talent, that could well awaken the potentially winning Wolfpack.

"Set. Uhn two, uhn two, uhn two . . ." Twenty two men wait for the pigskin to be passed to the tailback and then the sharp sounds of helmets and body gear meeting finds its way thru the rise of dust from Riddick Stadium. Beattie Feathers boys are at it again and they are looking like a ball club that will offer much grief to the rest of the teams in the Southern Conference.

However, certain factors pop up, like injuries which have taken a toll even this early during scrimmages. Bernie Watts, the charging guard who has become one of the greatest men to play around (?) in the Duke backfield, is out indefinitely with a broken arm. Kosilla, Beaver, and Bruno have been sidelined for a short time by bruises and "Big Jawn" Martin's face will look like a tender piece of sirloin for a while.

They have started off on the right foot and we can expect to see some very good ball games this coming September.

Speaking about rough sports, State's newly formed soccer team lost a tough, fast-moving game to Carolina this past Saturday afternoon by a 3-1 count. Three of State's men were hurt, and one of them got it right in the neck. A clinic in soccer will be given on May 14 Saturday morning at U.N.C. and any student interested in attending can see Coach DeGroat at the Gym for details.

Approximately eighteen young men on this campus are eager to start an "Errol-type Flynn" fencing team. There are also numerous students who either have hidden desires to learn the fascinating art of fencing, (sport useful in rescuing feminine-type-women) or to watch the clashing of swords in the flesh instead of seeing this guy Don Juan do it in the movies.

Jack Bowers will have a nice juicy tale about fencing in next weeks issue. Read about it and before long everyone will be dueling with their instructors over various and sundry things.

The State netmen were doing fine until they paid a short visit to the country club at Chapel Hill this Monday at which time they received the proverbial axe. As Pete Kohn would say "we wuz moided." That's all right Pete, Vic Sexias and crew are a little too rich for many peoples blood.

Last week student newspaper aspirants from Asheville to the coast of Eastern North Carolina came with typewriters and much printers ink in their blood to the annual meeting of the North Carolina Collegiate Press Association held here in Raleigh. The three day affair was a big hit except for the fact that all phases of newspaper work were discussed—all except sports.

I may be wrong, but it seems as if there are many students who are deeply interested in sports here, and at the many schools in North Carolina. The sports aggregation hopes that next year a sports panel will be definitely included in the discussions.

While everyone is playing and talking baseball at this time of the year, yarns and tales about the big leaguers of the past are discussed from tables at Stoney's to cocktail lounges at the Waldorf.

One in particular that's always good for a few guffaws concerns the antics of Lefty Gomez the former N.Y. Yankee pitching star. On one hot summer day the N.Y. club found themselves in trouble with men on first and second base, none out, and "El Goofy" on the mound. The next batter he faced hit a solid grounder right to the mound. Lefty picked up the ole sphere, hesitated, and threw the ball to Tony Lazzeri the second baseman who was in no position to do anything, much less start a double-play. Now Tony was considered a smart ballplayer and the sports writers had been recently singing his merits aloud and far.

After the inning was over Tony walked over to Lefty and asked, "Why did you throw the darn ball to me Lefty." Gomez smiled and said "What the heck, I've been reading what a smart boy you are, so I figured you would know what to do with it."

When Joe McCarthy asked him why he pulled the boner Lefty told the former N.Y. manager "Gee Joe, I got confused. There are too many Romans on this club; DiMaggio, Crosetti, Lazzeri—Gee!"

By HARVEY JACKSON

This afternoon would be a fine time for the State horsehiders to win a ball game. They are scheduled to come to blows with the Country Club nine at Chapel Hill. After thumping Carolina once this week by 10-6, coach Sorrell's boys lost a tough one to Wake Forest by 1-0.

Ernie Johnson, who has had the breaks against him quite a few times this season, will probably take the mound for the Pack at 4:00 p.m. on Carolina's Emerson field. Bill Fowler and Jack McComas, who are right in the heavy artillery section of the batting order, will be banked on to supply the woodwork. Beside a costly error against Wake Forest the squad has been playing exceptionally well on defense. If they can supply Johnson with a few base hits the chances are Carolina will have two losses under their belts at the hands of the Pack during one week.

Johnson of State will be faced with the problem of stopping Ryan and Varney of U. N. C., who have been slapping the old pellet around frequently this week. Both of these boys looked very good against Wake Forest.

The Sorrellmen can break into second place, and out of a tie with Carolina in Big Four standings if they score a win this afternoon.

Frosh Meet U.N.C. Here

Coach Dave Baxter's freshman baseballers will bang heads with the freshman Chapel Hillers, who downed them by a 4-0 count last Saturday afternoon, this afternoon at 3:00 p.m. in back of the coliseum.

Sam Welch, a young frosh twirler will be coach Baxter's selection to toe the rubber against the growing ballplayers from "the Hill."

Not only are the junior Wolfpackers out to avenge a previous loss to Carolina, but also to chalk up their first win of the season. In three games to date they have dropped games to Carolina, Duke and Wake Forest.

A double win in both of these games would add a little spark to both of these clubs, and as large a student attendance as possible would certainly help the frosh team morally.

Pack Golfers Bow To W. F., Meet Richmond, Wm. & Mary & U.N.C.

Led by Arnold Palmer of La-trobe, Pa., the Golfers of Wake Forest topped Coach Charlie Tripp's Golf Crew by the score of 15½ to 11½ in a match which was played on the Carolina Country Club course.

Palmer, a semifinalist, in the recent North-South Amateur Tournament, shot a three under par 69 to lead the Demon Deacons. Palmer's fine round gave him medalist honors over State's Charlie Gibson who shot a one under par 71.

The match against Wake Forest was a return engagement for the Pack; they played the Deacons over in Deacontown earlier in the season and lost by identically the same score.

Thus far this season Coach Charlie Tripp's Golf Team boasts a record of nine wins and three losses. The losses all being in the Southern Conference, two to Wake Forest and one to South Carolina. The golfers have two wins in the Southern Conference, Carolina and Duke, while the other wins have been over Amherst College, High Point twice Davidson College twice, Newberry College and South Carolina.

This week the State College varsity golf team has three very im-

Tomorrow Brings State-Duke Clash

Tomorrow afternoon at 3:00 p.m. at Devereaux Meadow the State Wolfpack will go after the Duke Blue Devils in another Big Four baseball game. This will be the second meeting of the current season for the two teams; the Wolfpack won the first one two weeks ago 8-7 on some timely hitting by Bill Fowler.

Coach Vic Sorrell will call on either Ernie Johnson, the meal-ticket, or Irving Page to do the pitching for the Pack. The Blue Devils will probably counter with Al Curtis, the star of their hurling department.

This contest, like all other State-Duke meetings, will undoubtedly be a close one with both teams fighting to strengthen their positions in the Big Four standings. The Blue Devils will also be out to avenge the earlier defeat.

McComas Receives Athletic Trophy

Jack, who spends a lot of time on coach Vic Sorrell's baseball team at the shortstop post also dribbles a mean basketball for coach Everett Case on the hardwood. Besides other various phases of excellent student activity, these are two good reasons why the Shelbyville speedster was elected by the student body to receive the Alumni Athletic Trophy. Well earned and well deserved Jack!

portant Southern Conference matches. On May 2 the team will journey to Richmond to meet the Spiders of Richmond University. The following day the Trippmen meet the Indians of William and Mary, and on May 6 the Pack will clash with UNC. All of these games are away.

The golf team has a very impressive record so far this year, and the boys have eyes to capture the Southern Conference laurels.

Varsity And Freshman Nines Defeated

State Drops Close One To Strong Deacs

In the bottom half of the eighth inning Deacon shortstop Charlie Hoch found himself on second base due to a wild throw by Jack McComas. Irvin Page in his first starting assignment faced the next batter Teague, and Mr. Teague lined a bingle into right to score the run that wrapped up the pitching duel.

Page pitched a fine ball game allowing only six hits, and Moe Bauer, always a potent Deacon dose as far as the Pack is concerned, also checked well giving up the meager total of five hits.

State's scoring chance came to naught when Hank Utley banged out a triple and Bauer got Fowler, McComas and Livingston without the slightest noise from Utley on third.

Fresh Lose

Not letting the varsity outdo them, our diamond "young uns" dropped two ball games this week to Carolina and to W. F. The Chapel Hill frosh beat Dave Baxter's charges by a 4-0 count, while the Baby Deacs won over the boys from the other side of the Stadium Dorm, 7-3.

Next Wednesday afternoon the freshman baseballers will once again meet a powerful Wake Forest frosh squad. The likely starting chucker for the contest will be Lewis, State's ace frosh moundsman. Here is the State-W. F. varsity boxscore:

State	Ab.	R.	H.	O.	A.	E.
Evans, cf	4	0	0	4	0	0
Utley, 3b	4	0	1	3	1	0
Fowler, c	3	0	1	3	1	0

McComas, Mussack Star As Pack Wins

By JACK BOWERS

In a Big Four game played last Saturday afternoon at Devereux Meadow, the State College Wolfpack strengthened their hold on second place in the Big Four standings by stomping Carolina 10-6.

Although outfit 14-9 by the Tar Heels, the State lads hit in the clutch to provide the margin of victory. It was Jack McComas, who starred defensively against Wake Forest, who provided the clincher for the Pack. In the bottom half of the second with the score at 3-1 due to rightfielder Bill Mussack's four bagger, McComas caught one of "Wild Bill" McGinn's fast pitches on the nose for a grand slam homer.

Ernie Johnson, who had a bad day for the Pack, gave up ten of the 14 Tar Heel hits. However, he received credit for the win on the strength of Irving Page's excellent relief hurling.

Catcher Bill Fowler played an outstanding defensive game as he made several difficult catches of high spiralling fouls.

The box:

Carolina	Ab.	R.	H.	O.	A.	E.
Allen, cf	5	0	0	2	0	0

Shoestring Catches

By BOB CURRAN

HANK UTLEY

If nicknames have any bearing on persons ability, it certainly holds true in the case of "Hank" Utley. Like the great hitter "Hank" Greenberg, late of the Detroit Tigers, our Hank is also a hitter of like proportions. One of the leading hitters on the '48 Wolfpack team; he is due to be up among the leaders again this year.

When Hank was forced to retire from the line-up early in the season with a pulled leg muscle, the Pack took a turn for the worse, but when he returned it seemed to be just what the doctor ordered, and the Big Red quickly returned to winning ways, as testified by Dook and Carolina. Mr. U. hails from Concord, N. C. where he played football and baseball for the local high school. During the great conflict, he served in the Navy, where he developed his powerful hitting wrists swabbing the decks.

Upon his release from the Navy he took up residence at State College, to study Chem. E.

Hank is a member of PKA social fraternity, a prospective pledge of S.A.G.E., and probably a future big leaguer.

DON CHEEK

When Coach Vic Sorrell needed a first baseman, he called on Don Cheek. When he needed an outfielder, he called on Don Cheek once again. At the present time Don has settled down in left field for the Pack, but Vic is liable to shift him at any moment. In the meantime Don continues to play his good steady game of baseball for State.

Cheek came to Raleigh from Shelby, N. C., but he does not have any political aspirations as do most of Shelby's native sons. During the off season he played basketball in the Raleigh City League, where he was elected to the All Star Team. Don, a sophomore at State College, has two more years of eligibility left, unless he decides to forego a college education to enter pro baseball, which wouldn't be hard to take after State College.

Cinder Meet At U.N.C. Tomorrow

Tomorrow morning at 11 a.m. at Fetzter Field in Chapel Hill, the thincads of Coach Willis Casey will take on the Tar Heels of Carolina in a dual meet. The meet is being held in conjunction with the annual Blue-White inter-squad football game, which are being held later in the day.

The State lads will be led by Joe Davis, who personally accounted for 13 points in the Pack victory over the South Carolina gamecocks last week. Davis will compete in the broad jump, the low hurdles,

WANTED: Outstanding faculty member with expert ability in handicraft and woodwork to serve eight or ten weeks this summer on administrative staff of Camp Sea Gull, a coastal camp for boys, Arapahoe, N. C. Excellent pay, wonderful environment, comfortable living quarters, room and board. Apply Wyatt Taylor, Director, Raleigh Y.M.C.A., Raleigh, N. C.

and the javelin throw. In the dashes Coach Casey will send Herb Goldberg and Bob Curran against Carolina's sensational Bill Alban. In the field events State will be led by Dostanko, Byler, and McCloud. John Hunter will contest Carolina's Sam McGill in the distance runs.

Tennis Men Tops Until Duke, U.N.C.

BY JOHN LAMPE

Coach Seeger's Varsity Tennis Team currently boasts a record of seven wins, two losses, and one tie. Six of these wins were in the Southern Conference while the loss and the tie were to inter-sectional opponents.

The Wolfpack Netters opened racket season against a northern foe, Colgate University. The contest was called off at the end of the singles due to a heavy down-pour. The singles were split, each team taking three matches.

It was at this point that the racket wielders of Coach Seegers and Cloyd began to mark up the victories. Playing three matches in Raleigh, the Red and White dumped South Carolina, Wake Forest and Albright of Reading, Pa. successively. The netters then took off on an invasion of the Dominion State, where the Wolfpack crushed three more opponents. At Richmond they defeated the University of Richmond, then travelled to Lexington, Va. where they stopped two more Southern Conference teams, Washington and Lee and V.M.I.

Returning to Raleigh after the trip North, the netters ran into two stumbling blocks and dropped matches to the Blue Devils of Duke University and the University of North Carolina.

The seventh triumph came in a victory over the Wake Forest Demon Deacons in a return engagement played in Deacon town.

Thus far this season, the netters have been led by Bill Weathers at the number one post. Weathers, a standout for Coach Seegers, has only dropped two singles contests in nine encounters. Two other racket men who deserve a lot of credit are Art Culbertson and Caldwell Ragan. Art, playing the number two spot, has only dropped one singles engagement this season. The loss was to Clark Taylor, the number two man of the powerful Tar Heel net team. Caldwell Ragan has identically the same record as Culbertson, eight and one. However, Caldwell's loss was to Duke's number four man. He also has the distinction of being the only man in the lineup to win in the engagement against the strong Tar Heel Tennis Team. Caldwell defeated Duke Wilder in a stirring three set match 3-6, 6-1, 6-2.

Baby Pack vs. Duke

The Baby Wolfpackers of Coach Dave Baxter attempt to remedy an earlier set-back by the Blue Imps come Saturday afternoon (4 o'clock) at the local Durham Estate. (Duke University to you Freshmen). Tommy Welch or Tommy Garner will probably do the hurling for our young diamond minded athletes. The rest of the line-up will probably be juggled in the hope that a winning combination may be discovered.

Mural Memos

By PAUL HODUL

The softball aggregations of Cow College featured seven games last week. 1st Becton mauled 1st Syme by a one sided score of 17-1. Morrison and Barrett connected for 3 hits each for 3rd Bagwell as they romped over 3rd Alexander 13-4. Off-Campus felt the effects of their sloppy play in the field—8 errors—as they lost by a 10-9 score to Welch. Martin with two homers and a double aided the losers cause, but continual circus fielding by a certain center fielder hindered the cause. (Probably due to much pinophile playing eh?)

Three other scheduled Dormitory contests were forfeited.

In the Fraternity league four games were played. T.K.E. battled S.P.E. all the way as they

finally emerged victorious 8-6. Harvey Jackson led the T.K.E. batters with 2 for 2 including a homer. "Bubsie" Curran, an aging rightfielder, made a beautiful one handed catch for T.K.E., but it is reported that he may be farmed out due to the young rookies coming up. Robinson of P.K.A. led his team to slugging victory, 10-9, over Sigma Pi. Williams of Sigma Pi blasted out 3 hits for the losers. K.A. squeezed by P.K.P. 3-2. In the last game played Sigma Chi used the multiplication table as they tripled S.A.M. 9-3.

Tennis got under way in the eliminations on Wednesday with 8 games being played, and 8 more games sceduled for next Tuesday. The Fraternity League in tennis

has its start on May 9 with 6 games to be played.

Here are some announcements for the coming leather Carnival. The Fraternity Boxing Prelims take place Tuesday, May 3 at 7:30 and the Dormitory Prelims are scheduled for Wednesday, May 4 at 7:30. The weights will be 115, 125, 135, 145, 155, 165, 175, and unlimited. With a 4 pound leeway in meeting the weights. Two one minute rounds will be fought in the prelims, and 14 oz. gloves used. All entries must have their doc-

tor's O.K., if they did not get any for wrestling. Special hours for this have been set for the convenience of the students by Dr. Combs, College Physician, on Wednesday, April 27 and on April 29 at 5:15 to 5:45.

All contestants must bring their O.K. and weigh in at the gym office not later than 5 p.m. the day of their fight. Failure to do this will eliminate a contestant from being matched.

The boxing ring will be up in the main gym. Students should keep these dates in mind and arrange to attend.
