Thousands Of Alumni Expected Here Agromecks To Be Distributed Next Week

To Be Largest Yearbook Ever Published At State

Most Colorful Of South's Yearbooks

The biggest question of the term was answered today when Horace Taylor, Agromeck Editor-In-Chief, announced that the first shipment of the 1949 yearbook will be in Raleigh early next week. Distribution dates will be announced by Taylor as soon as the first shipment arrives.

Most Colorful In State

Officials of The Observer Printing House in Charlotte praise the yearbook highly and state that it is the most colorful in the state; and, with the exception of the University of Texas yearbook, it is probably the most colorful in the entire South.

The cover combines a maroon and gray color scheme, with a life-like wolf and the numerals in gray on a maroon background. A red and blue scheme is followed throughout the book with an animated wolf as the main theme. Division pages are enlivened by the wolf depicting activities of the various divisions.

More Pages And Pictures

The 1949 Agromeck will probably hold the record for number of pictures and pages for many years to come. There are over 4,615 pictures compared to 3,894 last year, including an increase of 700 individual student shots. The 1949 volume contains 460 pages, an increase of 52 pages over the 1948 edition.

The book is divided into six sections, college, classes, fraternities, organizations, features, and athletics; and each of the sections has

Livestock Day Show Begins This Afternoon

Approximately 52 animals, including 14 classes of livestock, will be shown in the Livestock Day Exposition to be presented by the students in State College's School of Agriculture at the college dairy farm Saturday morning from 9 until 12 o'clock.

been increased in number of pages. In addition to the regular section of sponsors for campus student leaders, there is an Agromeck Staff Sponsor section this year.

One of the most enlivening themes in the 1949 Agromeck is the art work on the division pages, for which Horace Taylor must be given almost full credit.

Taylor, a senior in the School of Design, combined his artistic ability with a natural "feel" for page layouts to edit one of the most lively and interesting yearbooks ever to be published at State College.

Class "Growth" Pictures

The series of pictures depicting the growth of the classes is sure to bring more comment than any one section of the book. The series includes five shots, representing each of the classes and is a detailed reproduction of the maturing of the young freshman through the formative sophomore year, into the youth of the junior class, to the maturity of seniorhood, and finally to a full-fledged graduate!

Coliseum Named

State College's \$1,500,000 coliseum will be named after William Neal Reynolds, a member of the wealthy Winston-Salem tobacco family.

The executive committee of the board of trustees of the Greater University of North Carolina gave its approval recently to a plan to name the coliseum after Reynolds.

Colonel John W. Harrelson, chancellor of State College, explained that Mrs. Charles Babcock of Winston-Salem, a niece of Reynolds, contributed the first \$100,000 toward construction of the coliseum in 1942. At that time, Mrs. Babcock was informed that she would be permitted to name the huge structure. Her \$100,000 donation was one-third the estimated cost of the coliseum when work began originally.

The coliseum will be used for basketball and other sports events and also will provide State College with a much-needed place for agricultural conventions and exhibits. The building is expected to be finished by December 1. It will seat about 13,000 persons.

Committees Named To Interdorm Council

With the election of officers and appointment of the standing committees, permanent organization for the Interdormitory Council seemed complete this week. Alex Vann, newly-elected president, named his committees and has worked on many of the details of organization and administration during the past few days.

Working with Vann as officers of the Council will be Eugene Jeffords, vice president; Ruben Miller, secretary; and Don Anderson, treasurer. A. C. Barefoot, dormitory coordinator, was named executive secretary, and Mr. J. J. Stewart, student housing administrator, is faculty advisor.

The Council, which will work in much the same manner as the Inter-Fraternity Council, will have as permanent committees a rules committee, an athletic committee, a building and grounds committee, a social committee, and a dormitory life committee. Russel C. Crowell was named chairman of the Rules Committee, with Doug Watts athletic chairman, Bob Thrower, Building and Grounds; Eugene Jeffords, Social; and Bobby Brown, Dorm Life.

Band Concert Pleases Crowd

Several hundred persons including students, faculty, townspeople, and out-of-town visitors assembled on the lawn surrounding the Memorial Tower Sunday afternoon to hear the State College Concert Band present its May Day concert, the first outdoor concert of this season.

Two-Day Affair Will Begin With Registration Today

State College's alumni will hold their annual gathering Friday and Saturday and will be entertained by a record-breaking series of campus programs and events.

H. W. (Pop) Taylor, executive director of the College's Alumni Association, reported Monday that final plans have been laid for the two-day affair.

The thousands of former students who are expected to return to the campus will attend athletic contests, class meetings, luncheons, and receptions, and will witness engineering displays, a livestock exposition, and the additions to the campus since last year.

L. Y. Ballentine, State Commissioner of Agriculture, will be the principal speaker at the annual alumni luncheon in Leazer dining hall on Saturday, May 7, at 12:30 p.m. The concluding feature of the Saturday program will be a reception at the Alumni building from 4 to 6 p.m.

Director Taylor said that extensive plans, which include the efforts of both the students and faculty of the college, have been made to entertain and inform the alumni.

Former students from North Carolina, South Carolina, Georgia, Virginia, Tennessee, Maryland, Ohio, Kentucky, West Virginia, New York, Pennsylvania, Illinois, and the District of Columbia have already indicated their intentions of attending the gatherings.

Here's the schedule for Friday, May 6:

10 a.m. to 4 p.m. Registration—YMCA; 12 noon to 10 p.m. Tours of Inspection of the School of En-

gineering; 12:15 ROTC Parade—Drill Grounds; 3 p.m. Basketball Game Reds vs. Whites—Frank Thompson Gymnasium; 4:30 to 5:30 p.m. Reception—Chancellor and Mrs. J. W. Harrelson's home; 6 p.m. informal class dinners at places to be designated by the various classes; 6 p.m. "Old Timers" Dinner for the Classes of 1893 to 1899 in Room A Leazer Dining Hall; 8 p.m. Track Meet, Wake Forest College vs. N. C. State—Riddick Stadium; and 9 p.m. informal class parties.

The schedule for Saturday, May 7:

9 a.m. to 12 noon Registration—YMCA; 9 a.m. Tours of various schools of the college; 9 a.m. Livestock Day Program—Dairy Barn Pavilion; 10:30 a.m. Executive Committee Meeting—Alumni Building; 11:45 Meetings of all class officers—YMCA; 12:30 Annual Luncheon—Leazer Dining Hall, Commissioner Ballentine, speaker; 4 to 6 p.m. Reception—Alumni Building.

Band, Bugle Corps Travel To Tarboro

The Redcoat Band and the ROTC Drum and Bugle Corps will march in a parade in Tarboro Wednesday, and the Corps will also play in Laurinburg at the State-Clemson game on May 16. After the parade in Tarboro the Band will continue eastward to Williamston to play a concert under auspices of the Williamston High School Band.

Civil Engineers Take Honors At Exposition

Students in the Civil Engineering Department were awarded the first prize for their exhibit at the 17th annual Engineers Exposition here last week.

Second prize went to the Chemical engineers, and the Ceramic students took third prize. The exposition opened at noon Friday with a parade and opening exercises, and closed with the annual St. Patrick's Dance Saturday night.

Miss Peggy Utt, of Winston-Salem, was crowned queen of the Engineers' Exposition during the opening exercises at Memorial Tower. Miss Utt was sponsored by the Civil Engineering Department and was selected from photographs of candidates submitted from each department in the School of Engineering. She reigned over the entire exposition, including the Saint Patrick's Dance in Frank Thompson Gymnasium, April 30.

Presentation of the awards was made during the annual Saint Patrick's Dance, which closed the exposition.

The civil engineering exhibit was centered around scale models of

super highways, including clover-leaf intersections. Second and third place honors went to the Chemical and Ceramic Engineering Departments, respectively.

The prize for the largest percentage attendance at the Exposition grand opening was won by the Ceramic Engineering Department.

Judges were Thomas I. Hamilton, Jr., principal of the New Hanover High School in Wilmington; James R. Hawkins, principal of the Harry P. Harding High School in Charlotte, and J. A. Woodard, principal of the James A. Gray High School of Winston-Salem.

Golden Chain

The annual Golden Chain tapping ceremony will be held on Memorial Lawn in front of Holaday Hall Wednesday, May 27 at 6:00 p.m., according to Dick Fowler, president of the senior honorary society.

Twelve outstanding juniors are tapped by Golden Chain each spring. All candidates must attend the ceremony to be eligible for membership.

Plans Are Underway For Student Union Here

BY GILBERT MAXWELL

State College will definitely have a Student Union, and it may not be too long before it is a reality, according to Dean E. L. Cloyd. Dean Cloyd has just this week returned from a meeting of the Association of College Unions in Colorado Springs, where he attended sessions aimed at giving aid to colleges, that are planning student unions.

Dean Cloyd says that he intends to start work on the new union in the near future. He plans to have a meeting of the whole student body first to acquaint them with the project and then submit questionnaires to the students in order to find what the student body wants in a Student Union. The Dean hopes to get this much done before the end of this term and have definite plans ready by next fall.

The idea of a Student Union at State is not a new one; in fact, Dean Cloyd has been working on it for the past two years with the hope that sometime funds might be available. Last August Chancellor Harrelson appointed a com-

mittee with Dean Cloyd as chairman to study the problem of how much money would be needed to start work on the building. The committee decided that a primary grant of \$800,000 would be a good start and this amount was requested of the State Legislature, which approved the full amount.

Building To Be By Units

The money appropriated by the Legislature will be used to construct the first unit of the building, which will be erected in such a manner that later additions may be made without ruining the appearance of the building.

The architects at the Colorado Springs conference, who are among the world's best, advised the colleges planning unions that the cost of furnishing the buildings would be about fifteen to twenty percent of the total construction cost. This would make the cost of furnishing the proposed building here run between \$120,000 and \$160,000. It is hoped that student organizations with money in their reserve funds will invest it in the furnishing of the Student Union and thereby bear

(Continued on Page 4)

"Red Shoes" Shown Here

"Red Shoes" Enchants Preview Audience

BY BILL HOFFMAN

The story of the "Red Shoes," a J. Arthur Rank, Eagle Lion production, is a lavish expansion of the Hans Christian Andersen fairy tale wherein a pair of little red shoes dances its wearer to death.

Added to this is the art-obsessed producer who demands his artist's body and soul for the dance. Thus, conflict, suffering, and emotional fervor of genius are created.

If you can easily ignore time-worn aspects of the theme, you will probably enjoy the richness and vitality of characterization, ingeniously developed and penetratingly observed, the photographic splendor of such locals as the Riviera which looks like living kodachrome slides, and a ballet sequence that will, with its clever camera work, entertain even those who find ordinary reproductions of ballet insipid.

The implacably charming, suave producer is brilliantly played by Anton Walbrook, the heroine ballerina is portrayed by exquisitely graceful Moira Shearer, and the young composer's part is handled by Marius Goring with sensitivity and finesse.

The ballet couples pagaentry with surrealisms which finds subtle parallel in the heroine's actual life—typical of the film's artistry and maturity which should have made Hollywood blush.

Textile Elections

Election of officers for the coming year were held at a recent meeting of Tompkins Textile Society. John Todd was elected in the presidential race to head the organization.

Bill Barnhardt was elected vice president of the society and Hall Wingfield was voted secretary. The treasurer's post was given to Dick Wilkins while the reporter's job was voted upon Wells Denyes.

Retiring officers of the textile group are: Frank Williams, president; Carl Burkhardt, vice president; Jerry Tompkins, secretary; Bill Brooks, treasurer; and Harvey Scheviak, reporter.

FOR SALE—On campus to student or instructor. Four room house, living room, 2 bedrooms, kitchen and breakfast room combined. Recessed tub and shower. Furnished or unfurnished. Electric hot water heater, stove, dishwasher, and washing machine. Price reasonable. Call 9637 at night for appointment.

LOST—Gold "Lord Elgin" watch with gold wrist band. Finder please notify Eugene Hunter—109 Turlington—Reward.

Concert Program

The State College 35-piece Little Symphony Orchestra and the State College Men's Glee Club will combine in the presentation of a concert program in Pallen Hall Sunday, May 8, at four o'clock, marking the close of National Music Week observance on the campus. The Orchestra will play Mozart's G minor Symphony (No. 40) and Grieg's "Sigurd Jorsalfar" Suite, and the Glee Club will sing a miscellaneous group of numbers covering a wide range and variety of types of typical male chorus selections.

The Glee Club was well received in its performance at the American Legion Luncheon Club Thursday, while the Orchestra met with enthusiastic response in its program before the Parent-Teacher Club and students at Needham Broughton High School Monday night.

Outing Club Represented At Annual Conclave

State College was represented this year for the first time at the annual conference of the Intercollegiate Outing Club Association.

The meeting was held at the Yale Engineering Camp, East Lyme, Connecticut from April 30 to May 1.

The association lived up to its name by offering such pleasant between-meeting activities as square dancing, singing, canoeing, ice box raiding, and just plain sociability.

At the meeting a number of decisions were made, including the publishing of a new handbook and establishing a new regional setup which will include North Carolina.

The N. C. State Outing Club had previously presented three honorary NCSOC memberships to friends at other colleges. Two of these honorary members attended the conference and were elected to two of the four national offices.

Dick Bailey of RPI became the new Senior Alumni Secretary, and Ernie Anderson of Amherst was named Chairman of "College Week," the annual gathering of Outing Clubbers in the mountains in early September.

State College representatives Leon Coulter and Frank Brandt stated that their time was well spent at the convention and that they feel that they did a lot to put N. C. State "on the map."

Tonight at 7:15 the State College Outing Club will hold its last business meeting of the year in room 15 Holladay Hall, and all interested persons of the college community are invited to attend.

On the agenda for the final meeting are election of officers for next year, plans for seashore and mountain weekends this month, a square dance, a summer program, future policy on membership, plans for

attending "College Week," and news from the Intercollegiate organization.

Y Officer Installation

The installation service for Y.M.C.A. officers and cabinet members will be held on Thursday night, May 12, at 7:30 p.m. in the Y.M.C.A. Auditorium.

The installation address will be given by Mr. Hubert M. Willis, of Elkin, North Carolina. Mr. Willis is a member of the Class of 1942. During his four years at N. C. State College he took an active part in the Y.M.C.A. and other student activities. Since his graduation he has worked with the United States Soil Conservation Service. He is now located at Elkin, N. C. where he is a leader in the church and civic affairs.

Students, faculty and citizens of Raleigh are cordially invited to attend.

LOST—Pi Tau Sigma key. It has my name engraved on it. Finder please return to R. G. Wallenhorst, 2610 Van Dyke Ave. Phone 2-3223. Reward.

Notice

All members of the last spring's Astronomy Class (Physics 123) and others interested in Astronomy as a hobby please meet in Daniels 113 on Wednesday night, May 11 at 7:30 p.m.

LOST—Black metal drawing instrument box Friday 22 at Q-3 or the Coliseum. Finder contact Shinn, 123 Tucker. Reward.

Marjorie Hughes sings with father Frankie Carle's band on Columbia Records' new "LP Dance Parade" series.

Willis, Jr., vice president; Phil Broughton, president; Harry Bates, third floor and Interdorm representative; and John Beamon, second floor representative. In the rear are M. B. Vernon, second floor representative on the left, and Henry C. Champion, secretary-treasurer.

"Red Shoes" To Be Reduced For Students

Students and faculty members of State College will be admitted to the showing of "Red Shoes" at a price of \$1.00 plus the certificate which may be picked up in the YMCA and Mop-Up.

"The Red Shoes," Technicolor musical romance which will open at the Colony Theatre Sunday, May 8, has been named one of the "ten best films of 1948" by the National Board of Review, the national preview group representing civic, school and religious bodies.

This great honor accorded the

Michael Powell-Emeric Pressburger production links it with the other outstanding films chosen by the Board of Review as balance of the list of "ten best"—"Hamlet," "The Search," "Sitting Pretty," "Gentlemen's Agreement," "Johnny Belinda," "Joan of Arc," "I Remember Mama," "The Bishop's Wife" and "The Snake Pit."

Significant of the unusual interest in the picture which exists in every part of the country, the vote of the National Board of Review, which represents groups in every state, was taken when "The Red Shoes" had opened in only three cities: New York, Washington and Boston. Since that time the film has opened in many key cities, where it

has been received with the same acclaim as its initial engagements. "The Red Shoes" will be presented at the Colony Theater twice daily with all seats reserved.

LOST—Eversharp Pen, gold top, grey barrel on Tuesday morning around 8 a.m. between Trailwood and Tompkins Hall. Reward—Notify Tim Aycock, 136 Trailwood or call 9405.

LOST—Neutral covert cloth top-coat somewhere on campus. Has label of a Radio City, New York firm, on inside pocket. Finder please contact J. W. Westbrook, Apt. 28-F, Verville or phone 9498—Reward.

Salisbury Youth Wins Scholarship

Willie C. Poplin of Salisbury has been selected to receive the Abraham and Charles Erlanger Textiles Scholarship and will begin his academic studies in the School of Textiles in September, Dean Malcolm E. Campbell announced today.

Poplin, a senior in the Bogden High School and a full time employee of the North Carolina Finishing Company in Salisbury, was chosen as the recipient of the scholarship in competition with sons and daughters of the employees of three North Carolina textile enterprises operated by the Erlanger family of New York. Employees of the plants are also eligible.

The scholarship is valued at \$1,600 and covers four years of college training. The families of the late Abraham and Charles Erlanger

established a trust fund in 1945 in an amount sufficient to maintain the scholarship at State College in commemoration of the late industrialists who were among the nation's textile leaders.

Fifty-six sons and daughters of the employees of Erlanger Mills, Inc., in Lexington, the North Carolina Finishing Company in Salisbury, and the Alexander Manufacturing Company in Forest City entered the preliminary competition. Six candidates were selected from that group, and the final tests were conducted at State College last Wednesday.

Dean Campbell said that the candidates were considered on the bases of high school scholastic records, extra-curricular activities, oral and written examinations, and on other factors relating to character and personality traits.

The six final contestants were given a luncheon in their honor and were taken on a tour of the School of Textiles and the college campus last week.

Civil Engineers' Exhibit Wins First Place

Engineer's Exposition Queen

Taking time out from his duties as Chancellor of N. C. State College is Colonel Harrelson. The pleasant task the Colonel is performing here is the crowning of the Queen of the 17th Annual Engineer's Exposition. Miss Peggy Utt, Winston-Salem, is the beautiful "queen for a weekend." Miss Utt was sponsored by the Civil Engineering Department.

AICHE Picnic

The Student Chapter of the American Institute of Chemical Engineers will hold their annual picnic at the Crabtree State Park from 3-11 p.m. on May 13th.

All Chemical Engineering and Chemical Engineering General students are invited to attend. Tickets are on sale in Room 111, Winston Hall; the price is one dollar per person. There will be food and refreshments for everyone and transportation to and from the campus will be furnished.

Get tickets now for you and your best girl and come on out to Crabtree and join in the fun that's always found when Chem. E.'s get together!

Agromeck Notice

All pictures which were run in the 1949 Agromeck may be picked up at the Agromeck Office in the Publication Building any time. Pictures include sponsor shots, organizations, fraternities, and individual class pictures.

Electric Strain Gage

Kenneth Horton, pointing at the gage, and Ken Coble demonstrate the Universal Testing Machine and the Electric Strain process of testing structural beams. The beam undergoing test is an aluminum I-Beam. A load has already been applied and data is being taken from the two gages. The beaming gentleman on the right is Mr. Thomas T. Hamilton, prominent educator and principal of New Hanover High School in Wilmington. Mr. Hamilton was one of the judges in the exposition.

Chemical, Ceramic Depts. Second, Third

Pictured below are three scenes from the Civil Engineering exhibit for the 17th Annual Engineer's Exposition and a shot of Colonel Harrelson crowning Miss Peggy Utt queen of the exposition.

Coincidentally, Miss Utt was sponsored by the Civil Engineers, so it looks like the "Bridge Builders" made a grand slam of the entire weekend.

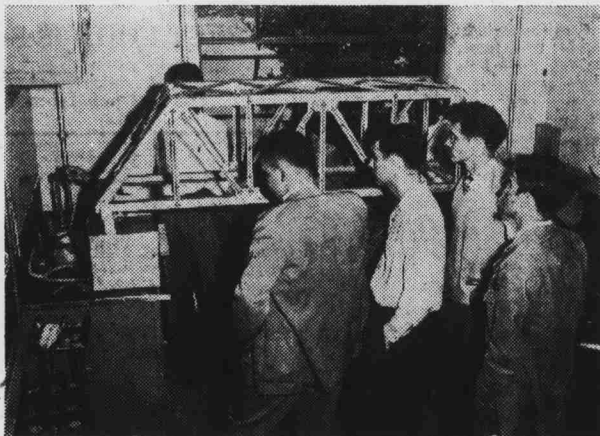

The TECHNICIAN wishes to apologize to the Chemical Engineering and the Ceramic Engineering departments for not printing pictures of their exhibits, but we didn't have any available in time for this issue.

Sophs Elect Officers

Members of the rising junior class elected Buddy Boyles to be their president for the school year of 1949-'50 in a class meeting in Pullen Hall Tuesday. More than four hundred members of the class attended the meeting.

Charlie Buie was chosen vice president from a field of six candidates, and Jack McCracken barely nosed out Roger for secretary. McCracken's margin of victory was two votes.

Effects Of Quicksand

Probably, members of Mechanics 311 classes shuddered when they saw the familiar truss headache in this picture; but Linwood Dail, far left, and Joe Ray, on the right behind the bridge are only showing interested spectators what happens if you build your bridges without proper soil analysis. Water flowing into the beach sand simulates a quicksand effect and causes the foundation to sink.

Student Union

(Continued from Page 1)
part of the cost.

The student body will also be called upon to vote upon a proposed Student Union fee that will pay the operating costs of the union. The policy of running unions with student fees is standard at colleges that have unions, and their fees usually range from three to five dollars per term or semester. The Union will be run by a manager trained in the work and such other student and hired personnel as may be necessary.

Will Follow Student Preference
The first unit of the Student Union will include those services and conveniences that the student body expresses the most interest in having. This does not mean, however, that everything can be included.

Disc-A 'n' Data

BY BOB FREEMAN

An informal Hooper-type survey on the State campus has revealed that during the week between 11:05 p.m. and Midnight, the radio program most likely to succeed is WPTF's "Our Best to You." A further checkup indicates that most of the avid listeners stick around for the 12 o'clock news from NBC. But by 12:05, when WPTF goes into its signoff routine, most of the radios are silenced.

You stay-up-laters probably figure that the air goes dead after that. Not so, lads, not so. As soon as WPTF cuts its transmitter, you start hearing some mighty interesting music coming from off in the distance someplace. By zeroing your radio in at 670 kc, you'll find that the music isn't so far away after all (only from Chicago's WMAQ). Then a familiar voice will remind you that you're listening to the 11:60 Club.

The voice belongs to Dave Garroway, who runs a network show on Sunday nights that features some "jokes" and a lot of in-person music. But during the week, he becomes the best disc-jockey on the air. The records he plays range from Dixieland to Bop, with stops all along the way—and nothing that can be considered in bad musical taste. In contrast with most platter spinners, his comments serve as background for the music. (Usually, it's the other way around.) Even the commercials are interesting!

The Club goes off the air around 1:25 with Garroway's theme, "Sentimental Journey." Chances are you've never heard this version

Students To Tour Europe This Summer

On July 6, 1949 a group of students will leave New York for a nine-week tour of Israel, under the sponsorship of the Intercollegiate Zionist Federation of America. En route the group will stop over in Italy for sight-seeing in Rome and the Vatican.

The first few weeks in Israel will be spent traveling through the country, visiting cities and settlements, factories and refineries, seaports, laboratories and points of historic and archaeological interest.

Participants will attend a three-week course at the Hebrew University featuring outstanding lecturers who will address the group in English.

As a special feature, the trip will include a stay at a cooperative settlement. Members of the group will work side by side with Israeli youth in order to gain an intimate picture of their new way of life.

The cost for the project has been estimated at \$1050. However, students accepted under the IZFA quota will receive a subsidy to bring the cost down to \$950.

For detailed information write: Israel Tour Committee, IZFA, 131 West 14th Street, New York 11, N. Y.

Ind. Engineers Hold Elections

Elections were held last Tuesday night at the Society of Industrial Engineers' business meeting. Robert J. Troutman was elected to the office of president and Alton H. Thigpen was made vice-president. John Dillard was selected as secretary with Bill Hoffman becoming treasurer.

Harper Thayer and Alton Thigpen were picked as members of the Engineers' Council. Two alternates were also picked to this position. Avery Brock and Charles LeGrand received this honor.

A report by Milton Doyle was given on progress on the Engineers' Fair. Further committee assignments were made and then a beauty contest was held by the group to pick a sponsor for the fair. Miss Alma Brigman of Raleigh, sponsor for Bill Penland, won the contest.

Winners Announced In Military Contests

The Military Department has announced the winners of the platoon and company competition. For the past week there has been competitive drill to determine the Best Drilled Platoon and Company in the three battalions here at State. The method of determining the winners was left up to the individual battalions. The competition ran high and it was difficult to pick the best, however the ones appearing below had a slight edge and will fight it out for Honor Platoon and Company of the regiment the week of May 9-13. Here are the winners by battalions:

First Battalion—Best Platoon:

2nd Platoon, "A" Company; Cadet Lieutenant George E. Pickett, Plt. Leader; Arthur B. Troup, Plt. Sergeant. Best Company—Undetermined.

Second Battalion—Best Platoon: 1st Platoon, "E" Company; Cadet Lieutenant Louis Kramer, Plt. Leader; John A. Crawford, Plt. Sergeant. Best Company: "G" Company; Lloyd E. Tatum, Company Commander; John H. Axley, First Sergeant.

Third Battalion—Best Platoon: 2nd Platoon, "I" Company; Cadet Lieutenant James M. Potter, Plt. Leader; Scott Eubanks, Plt. Sergeant. Best Company: "I" Company; "Pete" McDowell, Company Commander; Carlton Blue, First Sergeant.

you know they're Milder,
much Milder."

Sheldon Jones
PITCHER FOR THE NEW YORK GIANTS

Shown above are the sponsors for the Second annual Installation Banquet and dance held by Phi Epsilon Tau. It will be held Saturday night, May 7th at the Womans Club in Raleigh. Pictured top row left to right are Miss Doris Freedman of Durham, N. C., for Monroe S. Brettler of Brooklyn, N. Y., chairman of the Social Committee, Miss Marjorie Gray Whitley of Smithfield, N. C., for Howard Jacobs of New York City, chairman of the New Member Committee, Miss Lois Dubin of Atlantic City, N. J., for Kenneth Gottlieb of Haddon Heights, N. J., chairman of the Floor Committee. Bottom row, Miss Myrtle Taylor of Louisburg, N. C., for Norman Korostoff of Far Rockaway, Long Island, past president, Miss Betty Perner of New York City for Peter Koch of New York City, Chairman of the Invitation Committee, Miss Iva Dean Morris of Zebulon, N. C., for Robert Goodman of Indianapolis, Ind., president elect, and Miss Sue Krim of New York City, for Michael J. Silver of New York City, President of the New Member Class. Hal Reynolds and his orchestra will provide the music. Fraternity guests will be Assistant Dean of Students and Mrs. W. Ned Wood, the Rev. and Mrs. Charles C. McCoy, City Manager and Mrs. Roy Braden, and many alumni and friends.

Sig Eps Hosts For District Convention

District V of the Sigma Phi Epsilon fraternity will hold its first annual convention here at State this weekend. Delegates will be here from Carolina, Davidson, Duke, and Wake Forest.

The meeting will begin at 9:30 tomorrow morning and will terminate at noon on Sunday. A banquet will be the feature attraction on Saturday night with Dean E. L. Cloyd as the main speaker.

Five delegates are coming from each of the other schools. R. D. Beam, the district governor, will give an opening address and then there will be round-table discussions for the rest of the day. Among the topics for discussion will be chapter house management, alumni relations, and fraternity ideals.

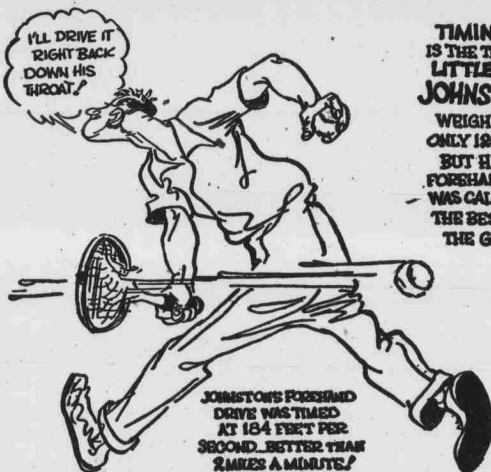

The meetings will all be held at the home of the host chapter, N. C. Beta, at 2512 Clark Avenue. The general convention committee is composed of Floyd Blackwell, Thornton Rose, and Jim Holloway.

PLANNING ANY WEEK-ENDS AT THE BEACH THIS SPRING?

Wrightsville Beach has become a popular week-end resort for college students and we offer ideal accommodations for house parties or any size group. We have 16 apartments and a house with 12 bedrooms so can offer housekeeping facilities or hotel accommodations.

Career Study Booklets Available To Students

Recently received at the Student Personnel Office are a number of career studies which should be of interest to many State College students. These pamphlets bring together pertinent facts about each of many different vocations. Each represents the results of careful study of available information concerning a particular field of work.

Among the topics covered for each vocation are: beginning jobs; the various branches of the field; what may be considered as advantages and disadvantages; personal qualifications; education and training needed; earnings; how to get started; and probable opportunities.

Such printed material can be of considerable value to a student as a supplement to information which he can get in other ways, as, for instance, by means of talks with people in various vocations. It can give him the basis from which to start in seeking specific information particularly applicable to his own situation.

One reputable publisher of such material is The Institute for Research. Some of their recent items include: "Civil Engineering as a Career," "Music as a Career," "Journalism as a Career," "Personnel Work in Commerce and Industry," "Sanitary Engineering, Art, Textile Designing, Agricultural Engineering, County Agricultural Agent, Aeronautical Engineering, Beef Cattle Breeding and Raising.

Dorm Doings

By GILBERT MAXWELL

Interdorm Council prexy Alex Vann announced the standing committees for the coming year this week. The committees named were Rules, Athletic, Building and Grounds, Social, and Dormitory Life. Under the organization adopted by the Council, these committees will bear the burden of making the Council a success. The men named by Vann are capable and have shown a tremendous amount of interest in the problems they will be facing, so there should be no worry on that score.

Russell C. Crowell is chairman of the Rules Committee, aided by Weldon Cable, A. W. Moore, and Charles Cone. The Athletic Committee has as chairman Douglas Watts and members Ralph Bostian, Jack McCracken, and A. W. Moore. On the Building and Grounds group with chairman Robert G. Thrower are Reuben Miller, Don Anderson, and Phil Broughton.

Jeffords Heads Social Committee
Eugene Jeffords is chairman of the Social Committee, which is composed of Bruce Darden, John Dillard, and Harry Bates. The Dorm Life Committee has Bobby Brown as chairman, flanked by David Lane, Scott Eubanks, and Lewis Hine.

All the standing committees have some work already cut out for them. The Building and Grounds group, for instance, inherits the project of getting the old Freshman Quadrangle cleaned up and covered with grass. They also are working on getting lights along the street leading out to Owen and Tucker, getting steps built on the embankment behind the Diesel Building, and many other things. One thing in particular that was discussed at the first two Council meetings was enclosing the canteen in the old freshman quad. This, too, will be a job for the Building and Grounds Committee.

Rules Group Has Hard Task
Perhaps the hardest chore of all will fall on the Rules Committee. They will have the job of framing the rules and bylaws of the Council. It will not be easy to work out all the intricate details of organization and procedure for such a far-reaching body. If the members of the Rules Committee do a perfect job, they will be something more than superhuman.

The other committees will face obstacles no less difficult. The Athletic Committee can do much to improve the intramural program and increase participation; the Social Committee faces a huge task in integrating and coordinating the dormitory social program and in helping dormitories with their social functions; and the group on Dorm Life can do a tremendous service to State men in making college take on a broader and deeper meaning. They can be especially beneficial to freshmen by indoctrinating them in the ideas of the

Council and Dorm Clubs.

Syme Has Party This Week

The Syme party that we wrote about last week, wasn't last week at all, it seems. Instead, it was postponed until this weekend because of all that bad weather. We hazard a guess that it will justify our premature praise, anyway.

Tucker's party last week was certainly all that could have been hoped for, according to the reports that have been circulating this week. The only unhappy people were the girl friends out at Meredith, who thought that they were unjustly deserted for the W. C. gals. They've promised to forget and forgive, though—provided it doesn't happen again.

Owen gets on the bandwagon with a party this weekend that has great promise, and Berry will have their second blow-out of the term on May 14. There's just nothing like these parties, except more of 'em.

30 and 3 Officers

In election of officers for the Order of Thirty and Three, Harvey Scheviak was voted president of the sophomore leadership organization.

Ralph H. Scott was elected vice president, John Umberger was elected secretary-treasurer, and Harvey Millsaps was appointed recording secretary.

Three of the newly elected officers were initiated into the organization this year and are rising juniors. Millsaps is a rising senior in Dairy-

Scheviak, who is majoring in textiles, is active in publications work, being news editor of the *Technician* at the present time. An ag student, Scott has been president of the sophomore class for the past year. The new secretary-treasurer, chem engineering student John Umberger, was also a sophomore class officer, serving as secretary.

APARTMENT to sublet—To State College veteran. June 10 to Sept. 15. Furnished including gas range, and G. E. refrigerator. Gordon Adell, Apt. 9-F, Vetville or Ext. 265, Dairy Mfg. Dept. Creamery.

Ryan Professorship In Furniture Set Up

The establishment of the James T. Ryan Professorship will enable the Industrial Engineering Department to inaugurate a four year college training program in Furniture Manufacturing and Management next September.

This Professorship was established by the Furniture Foundation in honor of James T. Ryan, executive director of the Southern Furniture Manufacturers Association. The man selected for this professorship will head the new curriculum in Furniture Manufacturing and Management.

In 1912, Jim Ryan became secretary of the Southern Furniture Manufacturers Association, and in 1942, its Executive Vice President. Under his leadership the association has grown from a membership of 20 to 400 furniture manufacturers located in 16 southern states employing 65,000 workers and making one-third of the nation's 2,000,000,000 annual furniture production.

The James T. Ryan Professorship was established because of the need for University training in the furniture industry. The Furniture Manufacturing and Management program will be available this fall to qualified students at the freshman and sophomore level.

Dr. J. H. Lampe, dean of the School of Engineering, recently said that "the program has been worked out in conjunction with representatives of the manufacturers. Their viewpoint," he continued, "is based on a survey made among the entire membership of the Southern Furniture Manufacturers Association."

The Dean asserted that results of the survey indicate an overwhelming interest in college level training to prepare men for work in this industry.

This new curriculum will emphasize the application of engineering and overall manufacturing "know-how" to Furniture Manufacturing. It will be strong in related subjects covering management, labor relations, accounting, marketing and sales, and will stress the human side of modern production methods and techniques.

Prof. Henderson asserted that the Industrial Engineering Department is expecting to announce momentarily the appointment of the man chosen to fill the James T. Ryan Professorship.

Design Students Meet

The student Architectural Organization of the School of Design held its regular meeting Tuesday night, May 3. This organization, composed of members of the old Beaux Arts Society as well as new members, is in the process of becoming a junior chapter of the American Institute of Architects.

At the winter meeting of the North Carolina chapter of the American Institute of Architects,

the senior members voted to grant this student organization a charter, which is in the process of being issued at the present time. It is expected that the organization will be recognized before the end of the Spring Term.

The following officers for the coming year were elected at the Tuesday night meeting:

President, Grover P. Snow; Vice-President, Carl F. Andrews; Secretary, W. E. Atwater; and Treasurer, Frank I. Ballard.

The Campus Dispatch

BY OSCAR WILLIAMS

State may get preregistration. The Campus Government is investigating the possibilities of installing preregistration and will hear Registrar W. L. Mayer on the subject next week.

Secretary James H. Gardner has visited Carolina and obtained details of their preregistration system. It is not perfect, but the mistakes are being corrected. The Tar Heels consider it better on the whole than the general type now used at State.

Basic Theory

The basic theory of preregistration is simple. Essentially a student registers for his courses of the following term before leaving school. Then when he returns after the holidays, he picks up his class tickets the night before classes begin.

Longer Holidays

Consequently students do not have to cut short vacations by two days to register before classes start.

The major problems are the score of forms that students have to fill out and cases of students failing courses or not returning to school. Gardner reported, however, that the registrar at Chapel Hill is gradually ironing out the wrinkles.

20c A Year

The Athletic Department operates the intra-mural sports program for 5,000 students on a budget of \$1,000 a year. Treasurer Preston Andrews explained to the Council the handicaps caused by a lack of funds. The basic fact is that a thousand dollars can not provide a very thorough sports program for State students.

Andrews reported that some money is available student activities funds if it can be obtained.

Reports of athletic equipment taken from the Athletic Department have been exaggerated according to Andrews. It was reported that there is, nevertheless, considerable loss of equipment be-

cause of an inefficient and undermanned checking system.

The net result is that money for replacements comes out of students' pockets. Andrews is continuing the investigation.

Investigation Continues

The Campus Government Investigating Committee is continuing its work on the allotment of Veteran Housing. A report may be ready next week.

Medical Affairs Coordination Planned

The executive committee of the board of trustees of the Greater University of North Carolina took steps yesterday to coordinate medical affairs at the university at Chapel Hill and agricultural affairs at State College here.

Chancellor Robert House of the university was authorized to appoint an administrator to coordinate medical affairs, including the school of medicine, school of pharmacy and the newly authorized dental school.

Chancellor John W. Harrelson of State College likewise was given authority to name an administrator for agricultural matters. The administrator would coordinate activities of the school of agriculture, extension division, experiment station and agriculture foundation.

Both administrators are to serve directly under the chancellors of their respective institutions. How much they will be paid was not decided.

The executive committee also named a committee composed of Tom Pearsall of Rocky Mount, Mrs. May L. Tomlinson of High Point and Clyde K. Council of Wanaish to study the division of responsibility between the president of the Greater University and the chancellors of the branches at Chapel Hill, Raleigh and Greensboro.

This committee was requested to report back, if possible, prior to the next meeting of the board of trustees, now set for May 26.

It was decided that the building committee of the board of trustees would be placed in charge of the building program at each of the institutions.

Charlotte Club

The Charlotte club will meet Thursday, May 11th in the YMCA Auditorium. All Charlotteans are requested to attend this very important meeting. Officers will be elected and a report on the dance will be made.

Record Concert

The regular Friday night record concert will be held tonight in Room 8 North in Patterson Hall. The change of room is for this week's concert only. The program includes Enesco's Romanian Rhapsody No. 1, Rachmaninoff's Rhapsody on a Theme of Paganini and Berlioz' Symphony Fantastique.

Ben White will provide the comments.

Ag Engineers Add Member To Staff

Appointment of Thomas V. Wilson to the staff of the Department of Agricultural Engineering was announced today by Dr. James H. Hilton, dean of the College's School of Agriculture and director of the North Carolina Agricultural Experiment Station.

Dean Hilton said that Wilson will handle all engineering courses in the soil and water field. He has already assumed his duties.

Wilson was born on a farm near Piedmont, S. C., and received his B.S. degree in agricultural engineering in 1942 from Clemson College. He was in the Army Air Force immediately after graduation until his discharge on December 17, 1945, and served three months of this time in active overseas duty.

Later he was employed as an instructor in the Department of Agricultural Engineering at the University of Georgia, where he was responsible for planning and teaching soil and water conservation and also assisted in courses in surveying.

Fulton To Head Wesley Foundation

Johnny Fulton, rising Junior in Electrical Engineering from Greensboro, N. C., was elected President of Wesley Foundation for the year 1949-50. Johnny has been very active in the programs and recreational events of the Methodist student group since his entrance at State College in the year of 1947. He served as secretary of the organization this year.

Elected vice-president from Meredith was Mary Jo Shaw of Raleigh, a day-student and member of Fairmont Methodist Church with which Wesley Foundation is affiliated.

John Umberger was elected vice-president from State. John hails from Durham and is a rising Junior in engineering. He served as Treasurer of Wesley Foundation this year, secretary of the Sophomore Class, and was on the YMCA Cabinet.

As Secretary for the coming year, the group selected Jack Bass of Hendersonville, a rising senior in Electrical Engineering.

Wilton Ward, rising Senior in Agricultural Education was elected Treasurer. Wilton is from Clinton and served as vice-president of Wesley Foundation part of last year.

Editor of "The Methodist Student," monthly newssheet, will be Glenn Hardesty, rising Senior from Newport, N. C., who is retiring president of Wesley Foundation.

The Methodist student group for State and Meredith, will have its Annual Banquet on Saturday night, May 14. Theme of this year's gala

affair will be "On With the Show," a vaudeville review, with end men, songs, and dancing for entertainment, and food prepared by the Wesleyan Service Guild of Fairmont Methodist Church. The Banquet will be at the Fellowship Center, 2511 Clark Avenue.

Members of Wesley Foundation should see council members about tickets to the Annual Banquet or call the Wesley Foundation office, 3-1861, for reservations. Dates and friends are welcome. Tickets will also be available at the regular Sunday night meeting of Wesley Foundation.

Gala Athletic Program Today For State Alumni

BY BOB CURRAN

FRANKLY SPEAKING

By Frank Pettinelli

Bill Carmichael, the well-liked and athletic-minded comptroller of the Greater University of North Carolina, sent a well-fed group of young athletes, and their somewhat elderly supporters, on a jaunt ten years into the past; reversed gears, and sped them along into the always intangible future, as the main speaker at the Monogram Club's initiation banquet held at the Club Bon-Air a week ago Thursday.

He spoke about dreams—dreams like building a coliseum for State College that were considered fantastic ten years ago—dreams where in ten years from now State students might be playing and sitting in a stadium that could seat 50,000 fans! Can you think of an after dinner speech that would smooth-out the digestive system more evenly than Mr. Carmichael's?

After Mr. Carmichael's speech, Elmer Costa (and four pounds of turkey) rose from the table and delivered a serious speech, which differentiated between the relative qualities of a woman and a football. Following Elmer's thesis, footballers Joyce, Carlson, Johnson, and O'Rourke sang a tune and then "big Jawn" Martin and "little Jawn" Tencick debated over the controversy "Who would I rather be marooned on an island with; a mule or Lana Turner?" Don Cheek, Preston Greene, and Angelo Montesanti told a few jokes (the affair was stag), and the two "be-boppers," Bob Garrison and Joe Harand, put on a skit that may make "Variety" this week.

Some of the prominent "wheels" at the affair were faculty members Dr. Fisher, Mr. Morgan, and Mr. Dunlap. Harry Stewart, "Skinny" Wilson, Harry Klyman, and Mr. Heath were a few sponsors present who were guests of the Monogram Club. Sports writers Dick Herbert and Neal Patrick, announcers Hank Morgan and Jim Reid, and our own "big Ed" Storey also attended. The coaching staff turned out in full array in class "A" uniforms along with Tom Hines, Head of the Industrial Rec. Dept. and Dr. Miller, Head of the Physical Education Dept.

Congratulations are on hand for Tom Gould, President of the Monogram Club, Oscar Bozeman, master of ceremonies, and program committee members Ralph Barksdale, Vic Bubas, and Ogden Smith for arranging the fine banquet.

Two sections of a wall that extends the entire length of a corridor on the east side of Stadium Dorm have already caved in. Fortunately, no one was hurt, but every other section can be moved from their original and desired positions by merely leaning against them! About three feet from these unstable portions of our wonderful stadium, there are rooms in which athletes on scholarships are living. We do not know what the school intends to do about the matter, but something had better be done before an accident occurs and State's coaching staff finds themselves visiting the starting line-up at Rex hospital.

Coach Everett Case is probably the hardest man to catch napping this side of "Hominy Grits." Informal basketball practice has been going on for two weeks and from all indications the boys are rounding into shape for—guess what? Summer practice for guess what? September practice for—what we hope will be the greatest basketball season ever had by the Wolfpack.

The newly formed and fast-growing Industrial Recreation Club held a "get-together" meeting and dinner Wednesday night that turned out to be one of the best informal spring evening affairs held at "ye olde" State College. Tom Hines' boys really mean business when it comes to recreation.

After "chowing up" in the grill room, Warren Carroll showed the guests a short movie entitled "Little League Baseball." This movie was right down the alley for anyone interested in organizing teams for community recreation. It told a story of young boys and the people who gave these boys the proper facilities to play baseball. It told a story that soon might occupy the lives of the men and women who are studying Industrial Recreation.

Immediately after the picture, a few of the boys gave their interpretation of how a poker game would progress if men acted like women. A short quiz on animal life was then given, with a few prizes being handed out to the people who knew their birds and bees.

All told, the "get together" got there by a short and pleasant route that we know will be filled with many more enjoyable and worthwhile endeavors by the Industrial Recreation Club, and the students enrolled in Industrial Recreation.

It's 5:40 p.m. A sweating crowd is leaving Devereux Meadow and Ed Storey, State's athletic publicity director, is one of that eager crowd. But what's this? Ed looks at his wrist watch. He says "oh nuts!" The nuts he refers to are directed at the way traffic conditions are conducted after State ball games. It's 5:44. Will "big Ed" make his Monday night radio program? Listen in next week. Will that boy make good? Reel five!

MANMUR SODA SHOP

In The Bowling Alley Across From Patterson Hall

In conjunction with N. C. State Alumni Day the State College Athletic Department has arranged a full day of athletic events for State's alumni. This afternoon at 3:00 p.m. there will be a Red-White basketball game, and tonight at 8:00 State will meet Wake Forest in track. There will also be a frosh baseball game with Duke at 3:00 p.m. Coach Everett N. Case will divide the basketball team into two teams for the Red-White game. The team has been practicing for the past month in preparation for this meeting.

State fans will be happy to see the return of Big Ed Bartels, who will team up with Ranzino, Gurski, Stine, Garrison, Bubas, and Terrill, Stoll, Lumley, Wiggins, and Anderson from last year's great freshmen team. The White team will be led by Dickey, Horvath, Harand, and Cartier along with Cook, Jackmowski, Johnson, Holt, and Waddell. This game will be played at Frank Thompson Gym.

Tonight at 8:00 p.m. under the arcs Coach Willis Casey will send his track team after their third win of the young season, when they meet Wake Forest. State's hopes will rest on Herb Goldberg and Bob Currin in the dashes, and Jim Byler and Ted Dostanko in the field events. Once again Joe Davis will be counted on in the broad jump and hurdles, along with John Tencick.

The first night track meet a few weeks ago proved quite a success, and a large turnout is expected tonight.

Students will be allowed to see the game AFTER all Alumni have been seated.

Var. Nine Registers 8-6 Win Over Heels

BY BILL MARGOLIS

In a big four game played last Friday at Chapel Hill, the Wolfpack took possession of second place in the Big Four by blasting Carolina 8-6.

Although out-hitting the Tar Heels all the way, it was not until the top of the ninth that our lads pulled the game out of the fire. With the score tied, it was Cheek who hit a triple with a man on that decided the issue in State College's favor.

Ernie Johnson went all the way to gain his second victory. He allowed nine hits, but was extremely tight in the clutches.

Second baseman B. Livingston had an exceptional day at the plate as he made four hits one of which was a homer. In addition he drove in five runs.

On May 11, State's horsehiders will meet Carolina for the last time this season at Devereux Meadow. The Tars will be out to even up the series with State which stands at 2 to 1 at the present time.

Frosh Score First Win

The Frosh nine won over the U. N. C. freshmen by a — score here last Friday and they will meet the baby Tars at Chapel Hill again next Wednesday. Brinson and Martin of the junior baseballers are hoped to come through with the same type of stickwork they displayed against the Duke Blue Imps this past Monday. Either Tom Garner or Sam Welch will take the mound against the growing boys from "the Hill."

LOST—Lord Elgin watch. Please call Vernon Niven at 3-4808.

LOST—ITS key. It has my name engraved on the back. Finder please return to R. G. Wallenhorst, 2610 Van Dyke Ave. Phone 2-3223. Reward.

W. F. Dubs State Again Frosh Win 3-2

BY PATRICK DOWNEY

The powerful Demon Deacons again proved to be too much for the State Varsity horsehiders. State went down 9-2 Wednesday afternoon for their third loss against the Deacons. This victory made it eighteen in a row for Wake Forest; so State is not the only team that is having trouble with the Preachers.

Wake Forest got to State's starting hurler, Ernie Johnson, for two runs in the second frame and one more tally in the third. Then Ernie got his knuckler working and he held the Deacs hitless until the seventh. Meanwhile the Pack made their bid. They scored one run in the fourth on a single, a walk, and an error, and in the seventh another error gave State its final tally.

Wake Forest locked up the game in the seventh and eighth with powerful hitting and some amazing baserunning.

Moe Bauer gets credit for the win, his third over State, and Ernie Johnson takes the loss.

All was not dark for State on Wednesday, for the Frosh team defeated the Wake Forest Juniors at Devereux Meadow 3-2. The "babes" were trailing the biggest part of the game, but they came back and tied up the game in the eighth, and then added the winning run in the last half of the ninth on a triple by Brinson and a long hit by Wilhelm.

Duke Dumps Pack, 7 to 4; Frosh Win

BY HARVEY JACKSON

The Duke University Blue Devils racked up their initial Big Four victory of the season on Monday afternoon, as they downed the State College Wolfpack, 7-4, behind the effective hurling and timely hitting of lanky righthander Bud Ayers.

Bob Smith started on the hill for the Pack, but was pulled in favor of reliever Irv Page with one out in the fourth. Page gave up only four hits during his stay on the mound, three of these coming in the ninth inning. In all, Duke collected twelve base knocks while the State stickmen were chalking up ten, four for extra bases.

The Blues took a one run lead in the first inning after Bergeron had walked, moved to second on Folger's bingle, and scored on Erickson's single to right. Neither team made another serious threat until Duke picked up their second tally in the third frame. Two successive hits, a double by Folger to start the inning and a single by L. Sires, brought another Devil across the platter. They made it 5-0 in the fourth as three more runs came in on singles by Hancock and Ayers and two costly errors by the Pack infield.

The Statesmen suddenly came to life in the bottom of the fourth as they reached Ayers for three hits, all extra base blows. Hank Utley walked to start the fireworks, and was thrown out at first as Buck Livingston was safe on a fielder's choice. Speedy Jack McComas then unloaded a terrific smash up against the fence in deep leftcenter to bring Livingston scampering home with the ice-breaker for the Pack. Fowler scored McComas with a sharp double to left and came home on a carbon copy by Ned Council.

This was all the scoring punch the packmen could muster until the ninth frame. With two out, pinch-hitter Ben Cathey belted a line double into deep leftfield and scored when Bill Evans' cracked out his third single of the afternoon. Hank went out to first baseman Hancock to kill the threat and end the ball game.

The Blue Devils and the Wolfpack will face each other again on Saturday afternoon in their third Big Four meeting of the season. This one will be reeled off before a Duke partisan crowd on the flats of Durham, and should prove to be another thriller for the fans. A

Shoestring Catches

By BOB CURRAN

Last week this column erroneously reported that Hank Utley was in the Navy. I have been informed by 5,000 students and the War Department that Hank was a bombardier in the Air Force. So sorry. I'm also glad to know that someone else read the column beside my mother.

BILL MUSSACK

When Vic Sorrell realized that Bill Mussack's baseball talents were being wasted in the first base coaches box, he inserted Bill in right field. Bill promptly showed his gratitude by greeting our Carolina "Cuzzins" with a homerun. Since then the old Bagwell Manor flash has been getting his share of base knocks. Outside of baseball, Bill's main hobby is dancing, and if there's a dance within walking, riding or flying distance of State College you'll find him there. Bill is a senior in Civil Engineering, from Scotland Neck, N. C. and if he can figure out a way to combine dancing with his engineering he'll be the greatest. He can engineer

good turnout by the student body for this game would aid no little in helping provide a victory for the State boys. So what say fellows, let's get out.

Frosh Score Win

The Baby Wolfpack out-sparked their "big brothers" on Monday as they walloped three Duke University Blue Imp pitchers for 13 hits in winning 8-5. Tom Garner went the distance for the winners. He gave up eight hits, but was never in serious trouble.

Duke drew first blood in the opening frame, but this lead was short-lived. The Packers came right back in the top of the second to count four times. The Imps knotted the count in their half of the second, but fell behind for good when the Baby Pack tallied a run in the third. From here on out it was all State.

Brinson and Martin wielded the heavy clubs for the Pack, each collecting two hits in three appearances.

himself into more dances for free, so it shouldn't be too difficult.

During the past off seasons Bill formerly combined his football talents with Harry Brown, the baseball team's manager, to lead Bagwell Dorm to a few football championships, and he was All-Campus for two years. Bill poses one of the strongest arms on the team, and he hopes Vic will give him more of a chance to use it—So do we.

IRVIN PAGE

The name Page seems to be synonymous with good pitchers. Joe Page led the N. Y. Yankees (the damn was censored) to a pennant in his freshman year, and Irvin would like to do the same for the Wolfpack. Page started his first Varsity game against Wake Forest, and he lost a heart-breaker to the Preachers 1 to 0. Previous to this his only college pitching was relief duty against Michigan State and Carolina. It was because of this relief work that he earned a starting assignment, and he should be taking his turn for a long time.

Irvin is only a freshman in the Textile School, so he'll be around for three more years. Before coming to Cow College Irvin pitched for Chas. L. Coon High School in Wilson, N. C. and the Pearl Harbor Submarine Base while in the Navy. Irvin is very anxious to get another crack at the Demon Deacons, so it looks as if their winning streak is not long for this world.

U.N.C. Defeats State Trackmen 81-45

Saturday morning the Tar Heel track squad defeated State 81 to 45 at Chapel Hill. Coach Willis Casey's runners were only able to win three and tie for a fourth first place in the fourteen events. Joe "The Hook" Davis continued his winning ways in the broad jump, with a jump of 20 feet and 8 1/2 inches.

Herb Gdlberg, the fleet footed nature boy from the mountains finished second in both the 100 and 220 yard dashes. Big Jim Byler and Ted Dostanko, two of States foot-

ballers, finished one-two in the shot put.

The summaries:

Shot put: 1. Byler (S), 46 feet 3 inches; 2. Dostanko (S), 34 feet 9 1/2 inches; 3. Ogden (C), 42 feet 3 inches.

Pole vault: Tie for first between Home (C) and Blue (S), 12 feet; 3. Russell (C), 11 feet.

High jump: 1. Saunders (C), 6 feet; tie for second between Joyner (C) and Pickett (S), 5 feet 10 inches.

Javelin: 1. Baldwin (C), 162 feet 3 3/4 inches; 2. House (C), 157 feet 2 inches; 3. Harris (C), 152 feet 6 1/2 inches.

Discus: 1. Ogden (C), 129 feet 10 inches; 2. McLeod (S), 120 feet; 3. Byler (S), 117 feet 10 inches.

Broad jump: 1. Davis (S), 20 feet 8 1/2 inches; 2. Cowles (C), 20 feet 5 1/2 inches; 3. Byler (C), 20 feet 4 1/2 inches.

One mile run: 1. McGill (C), 2. Hunter (S), 3. Hooper (C), Time 4:32.4.

440-yard run: 1. MacKenzie (C), 2. Terrell (C), 3. Orrmans (S), Time 49.9.

100-yard dash: 1. Crimmins (C), 2. Goldberg (S), 3. Marshall (C), Time 16.0.

120-yard high hurdles: 1. Fitzgibbons (C), 2. Byatt (C), 3. Sexton (S), Time 15.5.

880-yard run: 1. Holden (C), 2. MacKenzie (C), 3. Ransberry (S), Time 2:02.4.

220-yard dash: Crimmins (C), 2. Goldberg (S), 3. White (C), Time 22.2.

Two-mile run: 1. Ross (C), 2. Hunter (S), 3. Davenport (S), Time 10.40.

Tennis Team Tangles With Terrapins Wed.

Coach Seeger's Varsity Tennis Squad will tangle with another Southern Conference foe on Wednesday, May 11, when they meet the University of Maryland on the local campus courts. The match will start at 2:30.

After the clash with Maryland the Southern Conference Tennis Tourney will be the next engagement on the schedule for the Pack netters. The tournament will be held at Chapel Hill, starting Thursday, May 12 and last until Saturday, May 14.

Boasting a record of 8 wins, 3 losses, and one tie, Coach Seeger's netters have established themselves as one of the powers in the Southern Conference tennis circles. Wins have been registered over Wake Forest twice, University of South Carolina, University of Richmond, Virginia Military Institute, and Washington and Lee. The two defeats in the conference were both in the Big Four at the hands of the Blue Devils of Duke and Vic Seixas and Company of the "Hill."

Coaches Seegers and Cloyd will start their usual line-up against the Terrapins with Bill Weathers at the first position, followed by Co-Captains Art Culbertson and Charlie Boney at two and three respectively. The number four slot will be handled by Caldwell Ragan, five by Pete Kohn, and at six will be "Monty" Montesanti.

The doubles pairings will probably see Bill Weathers and Caldwell Ragan combine as the number one team, Culbertson and Boney will be the number two crew, while the third spot will most likely see some new faces. Coach Seegers has many capable men who can handle the job. Bill Burns, Bill Patten, Tom Osborne, Leon Skeen or Tom Hurt are among those who may get the call.

For the first time this year the Wolfpack tennis team dropped a match without winning a single contest against Virginia 9-0 last Friday afternoon.

A scheduled Elon tennis match was postponed this week due to rain.

Frosh Netmen Seek Win

Saturday the Freshmen Netters of Coach Seegers will journey to Buies Creek where they will tangle with the Camels of Campbell College. The contest will be the second this season against Junior College opposition.

Coach Seegers is expected to use his usual line-up against the Camels with Bill Jones at the number one post, Joe Maddux at two, Charlie Morris at three, Bob Margetts at four, Ray Crouse at five, and Bob Croyson at the sixth singles position.

In the three doubles matches, Bill Jones and Charlie Morris will probably be the number one crew, Joe Maddux and Bob Margetts, number two, and the number three team will be made up of Ray Crouse and Bob Croyson.

Previously the frosh have beaten Oak Ridge Military Academy by a 7-2 margin, and this Wednesday against Louisburg Junior College the young netmen scored a smashing 9-0 victory that showed signs of fine varsity material possibly for next year.

Mural Memos

BY PAUL HODUL.

The yearly monsoon season has arrived in Raleigh, but softball enthusiasts from Fraternities and Dormitories disregarded this hindrance, and continued their respective schedules. A total of ten games were played. Charlie Harrell of 3rd Becton turned in a beautiful pitching performance as his team defeated 2nd Bagwell (3-1). Syme Basement which probably possesses a more modern "merry-go-around" of run-makers defeated 1st Syme (12-8). Cole with 3 for 3 helped 3rd Tucker pull a close one out of the fire against 3rd Alexander (5-4). Off-campus romped to a quick victory over Owen Basement as they collected twelve runs in one

inning. Martin, W. D. White and Bill White banded out 3 hits apiece for the winners. Mabry aided the losers cause by connecting for 3 solid bingles. The final count was (12-7). In the last Dormitory game played 1st Alexander defeated 3rd Turlington by a (8-5) score.

The Fraternities completed the weeks schedule by playing six games. Kappa Sig slipped by Sigma Pi (6-5). Angel collected three hits for the losers. P.E.T. and S.A.M. displayed equal ability as P.E.T. won (2-1). P.K.A. dumped Sigma Nu to a quick loss (7-1). Fix, with 2 hits, helped Sigma Nu end the week with a .500 average as they blasted Sigma Pi into submission (10-4). T.K.E. combined

five hits and four walks to score six runs in one inning which was more than enough to hand the K.A. outfit loss number one. (6-2). The win gave T.K.E. a 3 and 0 record in league standings. Two other Fraternity games were forfeited. Lets get on the ball over there for the games!

The cinder athletes better start conditioning themselves because it won't be long before track starts. Here are the latest announcements:

May 10—Dormitory Track Prelims, at 4 o'clock.

May 13—Fraternity Track Prelims, at 4 o'clock.

Events:

1. 100 yd.: 440 yd.: $\frac{1}{2}$ mile: 440 yd. relay (use of batons): 12 No. shot.: Discus: High Jump: Broad Jump.

2. Each club can enter 2 men in

Golfers Trim W.&M.

State's golfers defeated William & Mary 16-11 in a hard-fought match at Williamsburg Tuesday. Bob Trumbull had the best round for State with a 70, while W. & M.'s Doug Weiland and State's George Presinger shot 71's.

an event. No individual can be entered in more than 2 events and the relay.

2. Entries must be turned in by Mgr's at meetings held at 7 o'clock at the Gym on nights before your meet. Mr. Hines will conduct this meeting to arrange heats and other instructions. No entry will be accepted after 12 o'clock on the day of the meet and no changes will be permitted at the track.

4. No spiked shoes are permitted.
