

The Inquiring Reporter

By JACK McCORMICK
What do you think State College needs most?

Ed Thurman, Sr.; School of Design

"I think that the internationally recognized architectural teaching at State College should be allowed to guide the trends in campus Architecture. An extensive study has been made for a new Student Union building. Plans have been drawn with the student in mind. A few powerful individuals, with no daily contact with our campus, wish to alter these plans in a manner which seems to be suited to their own peculiar tastes. To date, no architectural precedent has been followed at State College. The plans for the new Student Union Building, as originally conceived by the architect, would be an intelligent step toward setting the precedent for the well planned campus we so badly need."

Robert Lopez, So.; M.E.

"I think we need some roads on the campus so that we don't have to walk through a sea of mud to get to our dormitories. I also think we could use some lights on the campus so that we can get around the campus at night without breaking our necks."

Gene Jeffords, So.; Textiles

"Better student-faculty relationships; this coupled with an effort on the part of the faculty to make students cognizant of the fact that once out of college, a general knowledge is as desirable as technical knowledge. The College has made great progress toward this end, but there is still room for improvement. Better student-faculty relationships will aid in the realization of this goal much sooner than possible under the present relationship."

Textile Sorority Installed Recently

Kappa Sigma Phi, professional textile sorority installed the Beta Chapter in its national organization at a ceremony Saturday, February 18, at North Carolina State College School of Textiles.

National Officer Present
Representatives from the Alpha Chapter at Philadelphia Textile Institute were present to conduct the installation. Among those were Miss Martha Jungerman, Professor of Weaving and Designing at that school.

The State College chapter has been functioning as a local sorority since March 1949 when it was inaugurated with six charter members.

Membership
The present membership consists of five regular members and two honorary members, the latter being Mrs. J. T. Parker, an alumna of the School of Textiles, and Miss Katharine McDiarmid, the faculty advisor for the sorority. President of the organization is Mrs. Bettye H. Jones.

This sorority, the only national one of its kind, hopes to integrate women in the present textile field, socially as well as professionally, and to promote interest in women in the textile profession.

Curran Elected

Bob Curran, rising senior in ceramic engineering and TECHNICIAN columnist, was elected president of the American Ceramic Society at State College for the 1950-51 year at a meeting held last week. He will succeed Duard Linn, who graduates in June.

At the same election meeting, the following men were elected to office:
Harry Foster, vice president; Bob Boyce, secretary; Fred Calvery, treasurer; Bill Barnhardt, Engineers Council representative; and Ken Hansen, alternate to Engineers Council.

Chi Epsilon Society Conclave Convenes Here; Students To Vote On Honor System Soon

Council To Vote On Issue Tuesday

By BILL HAAS
"A person is not educated if he is not honest."

With this quotation, the State College Student Government begins its proposed constitution for a revised honor system at N. C. State. Both students and faculty members have been demanding a stronger, more workable honor system or the complete abolition of the present "Pseudo-Honor System" that is now in effect at State College.

After a long, arduous session, the Student Government has outlined a proposed constitution which will be printed in its entirety in next week's TECHNICIAN.

Eliminates Proctors
The new constitution will eliminate the existence of proctors and will make each student responsible for his own conduct on tests.

Development of the individual student's respect for his own honor and promotion of welfare of the college community are two aims of the new honor system.

As it is drawn up, the proposed constitution will abolish the present "honor system," which is, in effect, nothing more than a proctor system with the word honor substituted for proctor.

Answer to Many Demands
Cheating, cribbing and all the various forms of using invalid information on quizzes has increased on the State College campus to the extent that both students and faculty members have demanded that the Student Government "do something about it."

The proposed constitution is the answer to that demand. The establishment of an "honorable" honor system on the State College campus has been the number one task of the Student Government for at least the past three years, and much credit should go to Student Body President Hoyle Adams and his Council for the constitution which is to be presented to the students next week.

Students are requested not to just accept or reject the plan. Discussion in club rooms and dormitory rooms is needed in order to determine the overall value of the new plan.

At Spring Term registration, a vote will be taken to determine the acceptance or rejection of the new honor system. If the plan is accepted, Honor Council officers and members will be elected at the regular campus-wide election time later in the Spring Term.

Covers All Dishonesty
The primary aim of the proposed system is to abolish the campus-wide seige of cheating on tests, but other violations of honorable conduct will come under the jurisdiction of the honor council, as outlined in the Honor Code which follows:

... Any adequate conception of honor demands that a student shall not lie, cheat, make false or misleading statements, either verbal or written, or willfully commit any act with deliberate intent to deceive or defraud."

The proposed constitution for a revised honor system for N. C. State College is a direct demand for mature thinking and action on the part of every student on the campus.

Accrediting Board

The visiting committee of the National Architectural Accrediting Board is expected at the Architecture Department of the School of Design on February 23 and 24.

The committee is composed of representative from the American Institute of Architects, The Association of Collegiate Schools of Architecture, and the National Council of Architectural Registration Boards. Walter A. Taylor, a director of the American Institute of Architects from Washington, D. C., Professor Herbert Beckwith from the School of Architecture and Planning at M.I.T., and Gordon Bushnaff, a designer in the office of Skidmore, Owings and Merrill of New York, will inspect the facilities, faculty, students, library and equipment of the Architecture Department in order to determine whether or not it warrants being accredited by them.

Dean Kamphefer expects that faculty members and students alike will be interviewed and interrogated during the process.

Receives Engineering Award

Pictured above is Herman Seibel, second from the left, receiving a gold watch from Dean J. H. Lampe of the School of Engineering as winner of the Outstanding Engineer Award. The award was presented during intermission at the Annual Engineers' Ball held last Saturday night at Memorial Auditorium. (Staff photo by Dick Wooten)

Seibel Named Winner Of Annual Engineering Award

Herman Eugene Seibel, a senior in mechanical engineering, was chosen Saturday as the most outstanding student in the School of Engineering at N. C. State College for the 1949-50 academic year.

The 27-year-old student, a veteran of World II, was awarded an engraved gold watch by Dean J. H. Lampe of the College's School of Engineering, who praised Seibel for both his scholastic and extra-curricular accomplishments.

Award Presentation
Presentation of the award was made during a special ceremony at the annual Engineers' Ball in Memorial Auditorium Saturday night. Lewis M. Allen of Raleigh, president of the Engineers' Council of the college, introduced Dean Lampe and presided over the ceremony held at the intermission period during the ball.

The council presents the award annually in recognition of top-ranking student achievement.

Seibel was selected for the coveted honor by a State College faculty committee, composed of

Chancellor J. W. Harnelson, Dean of Students E. L. Cloyd, and Dean Lampe.

Outstanding Record
Dean Lampe said that Seibel has made a scholastic record of 93 out of a possible 95, that he is "one of the outstanding citizens in the college community," and that he has earned 20 per cent of his college expenses while continuing his studies.

Seibel, the father of two children, entered the college in the fall of 1946 following 28 months of service as a paratrooper in the U. S. Army and previously has had industrial experience as an electroliner at the Norfolk Navy Yard and a posting clerk for the H. J. Heim Company in Norfolk.

He is chairman of the State College Student Branch of the American Society of Mechanical Engineers; vice-president of Tau Beta Pi, honorary mechanical engineering fraternity; and treasurer of Phi Eta Sigma, scholastic honor society.

Affiliations
His other professional and hon-

orary affiliations include membership in Pi Tau Sigma, Phi Kappa Phi, Theta Tau, Blue Key, the Engineers' Council, and the Departmental Honor Committee.

In addition to discharging his collegiate duties and taking an active part in extra-curricular affairs, Seibel earned money to pay his college expenses by working as an electrician's helper for the Carolina Power and Light Company and as an employee of the college's service department.

Vetville Resident
Seibel resides with his wife and two children at Apartment 12-B in Vetville, prefabricated housing project for married veterans attending State College. He is the son of Mr. and Mrs. Herman Seibel of 296 Major Avenue in Norfolk, Va.

He lists his most interesting subjects of study as mathematics, machine design, machine drawing, and engineering mechanics, and hopes to find employment after graduation in research, design, power plant equipment, or production.

Reaction To Exam Schedule Indicates Opposition To Plan

By BOB HORN

The questions arising from the publication of the PROPOSED examination schedule have piled up steadily since the last printing of the TECHNICIAN.

The comments on the forms submitted to the Office of Registration, while varying from one extreme to the other, have been generally colorful. One especially prized by Mr. Mayer read, "Looks awfully good on paper, but it seems to me very impractical."

Many Conflicts

According to Mr. Mayer's unofficial tabulations, about 40 per cent of the students registered conflicts. He said the response was far from overwhelming as only three or four hundred forms had been received by Wednesday. This was not understandable in view of the fact that the schedule was posted on a majority of the bulletin boards, and extra forms were distributed to the various department heads, besides those printed in the TECHNICIAN.

Of the remarks passed in regards to the schedule a few appeared outstanding. All the wondering and arguing was not done by the students. The faculty also contributed many favorable and unfavorable comments. For example, the head of the Physical Education Department is faced with the prospects of having to administer his exam to well over a thousand students during the closing hours of the exam period. He then has to determine his grades and hand them in on time.

Final Decision
And so it goes. The schedule was printed for the purpose of finding out whether or not it could be put into operation. Those who devised it were aware of its short-

comings, just as they are aware of the flaws in the present set-up. From the results of the forms turned in, the final decision to use or not use the schedule will be drawn. Perhaps that decision will be tempered by the action of the Faculty Council.

A fair summary can be had only if the student response becomes more intense. The Registration Office must make out the regular schedule in addition to computing the results of the proposed schedule. All students are therefore urged to act immediately. Fill out the form and mail it or bring it to Mr. Mayer's office.

Well Received

The State College Glee Club and the Little Symphony Orchestra won the acclaim of a large audience in Pullen Hall last Sunday, in a program of works by Bach, Handel, Mozart, Schubert, Mendelssohn, and some by more modern composers.

The Glee Club left this morning for a short concert trip. They will present a concert at Campbell College this morning, and tonight they sing in Raeford, with possibly another concert between the two places.

The band will present a concert Sunday afternoon at 3:00. Admission will be free. See program elsewhere in this issue.

Local Chapter Host To National Meeting

By PAUL FOGHT

The vanguard of delegates to the national conclave of Chi Epsilon, honorary civil engineering fraternity, reached the State College campus yesterday afternoon.

Around 150 delegates from 33 of America's top-ranking educational institutions have assembled here for the two-day national gathering, first of its kind to be held in the Southeast.

College Record Album To Be Made Soon

By ACIE EDWARDS

Songs and music of State College will be available in the near future for the listening pleasure of all, whether home on vacation or in the dorm room celebrating a victory. Record albums of the songs will be ready for delivery about the middle of April at \$5 per set.

There will be three ten-inch records of the unbreakable, red plastic type made. The following musical selections have been tentatively decided upon.

Record I—"Alma Mater," "We're On Our Way," and "State College Keeps Fighting Along" all sung by the College Glee Club.

Record II—"North Carolina State," sung by the Glee Club, and "Cavatina," played by the College Orchestra.

Record III—Composed of two marches, "Trooping The Line," by the Red Coat Band and Drum and Bugle Corps, and "The Wolfpack," by the Red Coat Band.

Albums Well Received
Nelson Cornell of Custom Records has been contracted to record the songs. It was his company that Lorenz G. Straub, head of the Department of Civil Engineering at the University of Minnesota.

Dr. Babcock is the author of "Railway and Highway Engineering," a widely known book, and is a member of the American Society of Civil Engineers, the Boston Society of Civil Engineers, the American Railroad Engineering Association, and the American Road Builders Association.

In addition to his work at the University of Minnesota, Dr. Straub is director of the University Falls Hydraulics Laboratory and served during the last war on the National Resourced Board.

Dr. Hutchins Speaks At Auditorium Monday

By ALLEN SKAARUP

Dr. Robert M. Hutchins—Chancellor of the University of Chicago—will speak in the Memorial Auditorium on Monday, February 27, at 8:15 p.m. This is the final lecture of the eleventh annual Institute of Religion sponsored by the United Church.

"World Government"
Dr. Hutchins' topic will be "World Government." Originally this address was to be given in the United Church auditorium, but the Institute recently decided upon the Memorial Auditorium. All the faculty and students of State College are cordially invited to attend this free lecture by the well-known educator and intellect.

Dr. Hutchins was born in New York City in 1900, and received his education at Oberlin College and Yale. Honorary degrees have been conferred upon him by West Virginia University, Oberlin, Berea, Lafayette, Harvard, Tulane, Illinois, and Copenhagen. His educational experience includes service at the following institutions: Lake Placid School, 1921-1923; Yale, 1925-1927; and University of Chicago since 1927. Dr. Hutchins became Chancellor of the University of Chicago in 1945.

For his meritorious military service with the U. S. Army and the Italian Army in 1917-1919, Dr. Hutchins received the Italian decoration "Croce di Guerra."

Noted Author
Dr. Hutchins is also a noted author having written the following books: "No Friendly Voice," "The Highest Learning in America," "Education for Freedom," and "A Proposal to History."

Apart from all of these distinctive achievements, Dr. Hutchins has been for a long period a vigorous critic of American educational policies and an equally dynamic leader in educational reform at the University of Chicago. With his staff and advisors, he has made the University of Chicago a pioneer of education.

Arrangements
The students were assisted in making the arrangements by Professors W. F. Babcock, Jack A. Williams, and other faculty members in the Department of Civil Engineering.

Schools Represented
The institutions which have sent representatives are as follows: Purdue University, the University of Colorado, the University of Utah, the University of Missouri, Illinois Tech, the Virginia Polytechnic Institute, Cornell University, the University of Michigan, Manhattan College, the University of Texas, Brooklyn Polytechnic Institute.

The University of California, the University of Wisconsin, the University of West Virginia, the University of Southern California, the University of Tennessee, Iowa State College, the University of Illinois, The University of Minnesota, Pennsylvania State College.

Massachusetts Institute of Technology, the University of Mississippi, Alabama Polytechnic Institute, Kennesaw Polytechnic Institute, the College of the City of New York, Oklahoma A & M College, Georgia Tech, Michigan Tech, the University of Alabama, the University of Connecticut, Cooper Union, Ohio State University, and the University of Cincinnati.

"It's got to be heavy to stand up against that hair tonic he uses."

Not Workable Here

Last Friday's explosion in the form of new examination schedule has reverberated from every nook and corner of State College.

When the smoke finally cleared from this latest bombshell, the results were easily discernable. On one side were those who are passively in favor of the plan, while those who oppose the change are determined to fight to the end in an effort to defeat any attempt to put the proposed schedule into effect.

The TECHNICIAN is among the latter forces. It is our opinion that any attempt to put the schedule into effect would be disastrous, and we are doubtful that the type schedule proposed could ever be worked successfully here.

It was emphasized when the schedule was released that it was only tentative and would be modified if too many conflicts arose. According to the registration office, over forty per cent of those who have returned slips have conflicts; therefore it is evident that many changes in the schedule must be made. These changes cannot be made, and a successful schedule completed, before exam time. Every student should have at least a two week notice as to what days his exams fall on, and any attempt to put the plan into effect this quarter would be a definite handicap to the students.

As to whether or not the type system proposed could ever be used, we are extremely dubious. While we have no complaint as to the idea behind the system, we feel that State College is not constructed to handle the new program. Several departments have voiced violent opposition to the plan because of lack of facilities, and it is evident that quite a few changes would have to be made to put the plan into effect.

It is again emphasized that the plan is only a PROPOSED one, and that the reaction to the proposal will decide its fate. Every student is urged to aid the registration department in its earnest attempt to remedy a ticklish problem.

A Sad Parting

For four consecutive seasons, State College has had one of the nation's best basketball teams; and for four consecutive seasons, one name has stood out above all the other GREATS on the club.

Tomorrow night, Dick Dickey will compete in his last regularly scheduled game for the Wolfpack. Dick has been a favorite on the court and on the campus. He has compiled a list of honors which is the envy of every basketball player in the nation.

Last Tuesday night Dick was awarded the 30 & 3 Most Valuable Player trophy. Probably this award will head the list of honors, because the men who played with him and knew him best made the selection.

Since the game tomorrow night marks Dickey's last appearance at State, let's follow the team's suggestion and vote Dick our most valuable player with a prolonged, rousing cheer which will surpass all cheers ever heard in this section of the country!

Dorm Doings - - -

Have you decided which one is the "Jerk"? ... Did you read the I.D.C. Column last week, "It Does Count"?

The questions they asked you and the things they gave you to think about were all leading up to the report on student-faculty relations submitted by the Dormitory Life Committee.

This committee, composed of Bob Brown, Chairman, Bill Dalrymple, Scott Eubanks, and David Lane, members, intends to encourage in every way possible wholehearted student cooperation with the faculty in and out of class. The student-faculty relations will improve when and if we, as State College Students, begin, in larger numbers, to consider our professors as friends as well as teachers.

Recommendations

The Dorm Life Committee makes the following specific recommendations:

- 1. That the President of I.D.C. instruct his Executive Secretary and Social Directors to encourage in every way the inviting of faculty guests to dormitory club parties.
2. That the President of I.D.C. write a letter to the Dean of each school explaining this project and asking him to designate a faculty member as his Executive Secretary.
3. That the Council look at the possibility of sponsoring a student-faculty day during spring term as was held annually before the war.

Owen-Tucker Social

The Owen and Tucker Dorm Clubs are combining their efforts and resources in sponsoring a picnic and dance on March 4th.

These two clubs are going all out for this event in that they are inviting "W.C." girls down. Approximately 200 W.C. girls will arrive at about 4:00. Plans are now to have a picnic in Pullen Park followed with a dance in the Gym.

Tucker Dorm Club will present a skit during intermission. The boys behind all this are James Shapiro and Harold May, Social Chairman; Lloyd Williams, Billy Richardson, and Don Regan, Decorations; John Blair, George Hawkins, Lloyd Dillon, James Rodgers and William Colton, Food and Entertainment; Bill Raper and Leon Bissette will be in charge of music and group singing.

Owen Elections

The primary elections were held in Owen this week. The nominees

for dorm club officers are: Buck Moore, Eugene Jeffords, Alton Henderson, Richard Goode, Cham Johnson, George Gilbert, William Miller, Lathan Moore, Jerry Filicetto, William Cox, James Rodgers, James Casey, Otto Tessler, and Aubrey Hardee.

The final elections are now under way and the three men with the highest number of votes will be President, Vice President and Secretary, respectively. The final outcome will be in this column next week.

Tucker Finals

Wade Foy piled up the most votes out in Tucker to win the job of President.

The next two boys getting the most votes were Thomas E. Dupree taking the Vice-President's job and William Smith claiming the Tucker Pencil or Secretary.

Welch Tie

Jack Mercer won out over Jim Twyford for the position of Vice-President in a second election.

Seems that the boys in Welch have been making a few pledges. No, they are not pledging money. They are planning to have more socials and more meetings in order to establish closer ties among the occupants of the dormitory.

Second Change Box

Louis Hine heard how the change box at the telephone booth was working in Alexander Dorm. He decided to set up a similar one in Welch.

This act shows that Louis has a great deal of confidence in his fellow students, also a desire to do something for them.

Louis' faith is still unshaken because the box remains by the booth with the original amount in it. The only thing that Louis has to do is keep the box supplied with nickels because the quarters and halves seem to accumulate.

Bagwell Finals

John P. Langley, came out of a hot race as the victor for the office of President in the Bagwell Dorm Club elections. Guy E. Knowles will serve as Vice President and Charles J. Moore ranked up the most votes for the Secretary's job.

One thing happened in Bagwell during the final elections that dare say has not happened in any of the other dorms. On one floor every man voted. This 100% vote is the result of some hard and heavy campaigning.

Two Vice-Presidents

In the Turlington elections, Ben Humble received the most votes for President of the dorm club. Bob Smith will serve with Humble as Secretary.

For the office of Vice-President, two men will be serving with Humble. They are Charles Shackleton and Bobby Wright. Both boys will serve because they have tied in two run off elections. The President of the club will designate one of the Vice-Presidents to serve on I.D.C.

AROUND THE TOWER

By SANFORD GLUCK

The one thing which most of us at State College are looking forward to with great anticipation is the Student Union. We've heard about the size and functions of the building itself, but not many of us know the large part that the students will play in the project.

Synonymous with the Student Union on our campus is the name of Jerry Erdahl, its Director. Jerry has been connected with State College since early this school year, helping with the plans and coordinating the work of the many groups concerned with the building of the Union. If its future depends on experience, the powers-to-be certainly have chosen the right man. After graduating from the University of Wisconsin with a degree in sociology, Jerry taught cartooning for a while and then followed the rest of eligible American manhood into the Army.

Rest Camp Work

On the Island of Capri he received his first lesson in dealing with people while doing rest camp work. Don the Beachcomber hired him immediately after Jerry's release from the Army and made him Assistant Manager of the famous Beachcomber Restaurant in Hollywood. It didn't take much persuasion, however, to induce Jerry to return to his Alma Mater as Manager of the University of Wisconsin Student Union. Two years later brings us to last September, and Jerry's arrival in Raleigh.

It wasn't until I had a long talk with our Union Director that I realized how fully the Student Union would dominate our lives. It will be the main controlling and coordinating body on the campus, having the final say on virtually everything that concerns State College students except schoolwork.

Governing Board

The main group running the

Union will be the Governing Board, composed of alumni, faculty, and students. The students will have twice as many representatives as the other groups, though, and thus twice as many votes. This Board will deal with the overall policies and budget control of the Union. Directly under the Governing Board will be the Directorate, a body composed of the Chairmen from each one of the standing committees, and also Campus Government representatives. Some of the many committees which will be needed to capably run the Union are those dealing with music, films, dances, forums, arts and crafts, games, banquets, and practically every other recreational activity imaginable. There will also be a student President and Vice-President of the Union, to be chosen each year by the Governing Board on a proportional basis.

To Be Student-Run

As can be readily seen this undertaking will be both student-planned and student-run. Roughly speaking there should be from two to three hundred students working on the many committees. Many of us will also have an opportunity to earn some extra money by working part-time in the snack-bar, dining room, information desk, or in the reading or record rooms.

If space permitted, I could go on for pages and pages telling of the wonderful advantages which the Student Union will bring to State College. The most important thing, though, is that it will be ours. Whatever good will come out of the Union will be traceable directly back to the students. This is a tremendous project, and will require a lot of work, but it will also knit together all the groups and organizations on the campus with an unbreakable bond of friendship and cooperation.

Open Forum

Dear Sir:

We are always hearing "What's the matter with the team?" Well Saturday night the team was alright, but what happened to the Engineers Ball?

Memorial Auditorium is admittedly hard to decorate, but surely something can be done to break its banish barrenness. The decorations consisted of emblems of four or five of the technical societies and a lovely looking green sign over the orchestra. Quite a contrast to the atmospheric decorations a little further west in Raleigh.

The music was fine if you only wanted to dance every third or fourth number. Those of us who do not dance to "red hot" or Latin numbers used more energy moving on and off the dance floor than in dancing.

The engineers with the largest school and most money should be able to provide the best dance of the year, but this year something was the matter with the "Drawl." Speaking, I am sure, for at least two-thirds of the juniors and seniors I would like to take this opportunity to ask the Junior-Senior dance committee to—PLEASE get a band that plays danceable music or instruct them to play danceable music. If the "big name" bands can't slow down to the speed of we poor State College students let's get someone local who can. We want to dance, not perspire.

Sincerely, JOHNNY FULTON.

To the Editor:

I am writing this letter to you with the hope that some of the officials in the Athletic Department will read it and relieve a very bad situation. On Wednesday, February 15, 1950 at 9:00, student and date tickets for the Villanova Basketball game became available.

My feeling about the ticket situation is this: I feel that no student at State College should be denied a date ticket if he wants one. Now, I have one request—if there is not going to be enough tickets to go around, I would suggest that the Athletic Department have sympathy cards printed for its poor unfortunate souls who stand in line from 8:30 to 10:30 the FIRST morning that tickets are available and then when the ticket desk is in sight hear the old familiar yell "NO MORE DATE TICKETS." All I want is a date ticket or sympathy card!! Don't you think I am entitled to something for two hours of WASTED TIME? R. M. SARNETT.

With The Greeks

Last Thursday the Interfraternity Council spent a busy two hours patting itself on the back for the job done on the Midwinters. Well they could too, for the dancers were the best we've had in many a term. It's unfortunate that Chairman Herb Brenner and his IFC Dance Committee can't continue in office and plan a rip-roarin' Finals for us. We seem to have a generally fast stepping Council this year though, so it's safe to expect a similar performance from the new dance committee next term. The committee will consist of one man each from EII, ZAE, IKA, EII & KE. Incidentally, the budget for our last dances this spring will run around the \$3100 mark.

Phi Epsilon Pi rings the bell this week for their efforts in furthering our "good neighbor policy." The New Member Class of P.E.P. invites all fraternitymen on campus to attend an informal party at the Phi Epsilon house (207 Park Avenue), immediately following the Villanova-State basketball game, Saturday evening, February 25. It is the desire of this group that the party serve to start the ball rolling in bringing men on the State College Campus closer together.

New Officers Pi Kappa Alpha resolved itself into a serious mood last week and elected a new slate of officers. (Retiring Secretary Jack Lowmire (Wilmington) reports that there was no bloodshed at the polls either.) The newly elected officers are as follows: President, Grady Tharrington; Vice-President, Pete de Wit; Secretary, Dick Kellum; Treasurer, Buddy Flynn; Corresponding Secretary, Don Pike.

ALBRIGHT REALLY BOWLS 'EM OVER SINCE HE STARTED USING VITALIS!

Vitalis advertisement text: "You'll bowl 'em over, too—if you use your head—and 'Live-Action' Vitalis care. Here's the scoop—give your noggin that famous '60-Second Workout.' 50 seconds' scalp massage (feel the difference)... 10 seconds to comb (and will the gals see the difference)... You'll look neat and natural. Bye-bye loose flaky dandruff and dryness, too. So get help to Vitalis—see the man at the drug store or barber shop pronto." Includes Vitalis logo and "LIVE-ACTION" text.

Nice Spot To Be In! Nice SHIRT To Be In!

ARROW WHITE SHIRTS \$3.65 up

Put yourself in an Arrow white shirt and you'll find out it's a nice spot to be in! Why? — because Arrow collars are the world's best looking and best fitting — give you that well-dressed look that people admire.

Arrow whites are comfortable, too, with exclusive Mitoga tailoring that follows your body. They're made of fine, long wearing fabrics. Sanforized (less than 1% shrinkage).

We have several of your favorite collar styles in Arrow whites—why not stop by today for a fresh supply?

George Fox Named Scholarship Winner

George W. Fox of Randleman, a junior in the School of Textiles, has been awarded the Owens-Corning Fiberglass Corporation Scholarship for two years of study, Dean Malcolm E. Campbell announced recently.

The scholarship, valued in excess of \$1,000, will cover the tuition and fees of Fox for both his junior and senior years and will provide an additional expense allowance of \$50 per month during a 20-month period.

Based on Scholastic Achievements Dean Campbell said the selection of Fox for the valuable award was based upon his scholastic achievements, his leadership abilities, potential executive qualities, and his participation in extra-curricular activities. He won the award in competition with the other members of the junior class now enrolled in the School of Textiles.

The Owens-Corning Fiberglass Corporation, Dean Campbell said, has also extended to Fox an opportunity to work in one of its plants during the summer of 1950. The corporation, however, does not place any obligation upon the holder of the scholarship to accept employment upon graduation.

Excellent Record

Dean Campbell said that Fox has made "an excellent record" in his studies at State College and that he has taken a leading part in student affairs.

Fox, son of Mr. and Mrs. John V. Fox, entered the School of Textiles at the college in June of 1947 following his graduation from Randleman High School. He expects to graduate from the college in June, 1951.

He is a member of the Tompkins Textile Society and is the representative of the Junior Class on the School of Textiles Honor Committee. He is a former vice-president of Phi Eta Sigma, freshman honor society, and is a member of Phi Psi, national textile honor fraternity.

In announcing the presentation of the scholarship to Fox, Dean Campbell paid tribute to the corporation for offering the award. The scholarship, he reported, has provided an attractive incentive for higher academic achievements in the School of Textiles.

ASCE

The American Society of Civil Engineers will have a meeting next Tuesday night, February 28, at 7:30 o'clock in the Y.M.C.A. Auditorium. Included in the program is the movies of the "State vs. L.U. Basketball Game." All members, and civil engineering students are urged to attend.

Miss Lorene Thomas

Pictured above are the sponsors for the Founders' Day Banquet and Orchid Ball of the Rho Chapter of Sigma Pi Fraternity at N. C. State College to be held in the Virginia Dare Ballroom of the Sir Walter Hotel Saturday night, February 25. The banquet will begin Saturday night at 6 o'clock, and the Orchid Ball is scheduled from 9:30 until 12 o'clock Saturday night. Dick Levin and his orchestra will provide the music. Shown here are the sponsors, with their escorts listed. Top row, left to right: Miss Margaret Bristol of Statesville with Dudley Moore of North Wilkesboro, Sigma Pi treasurer; and Miss Anelia Shannon of Waxhaw with Ed Hines of Mount Airy, chairman of the ball committee. Middle row, left to right: Miss Mittie Venters of Raleigh with Carl C. Fritchard of Greensboro, chapter president; and Miss Ruth Gray of Raleigh with Hugh A. Williams, Jr., of Spencer, alumni secretary. Bottom row, left to right: Miss Virginia Terry of Bayside, N. Y., with Wesley Barnes of Greensboro, historian; Mrs. Louis A. Corning, III, with Louis A. Corning, III, of Hamlet, secretary; and Miss Lorene Thomas of Enfield with Max Savage of Rocky Mount, vice-president.

Valuable Book Collection Received By Library As Memorial To Noted Alumnus

A permanent memorial to the late Dr. J. Sidney Cates, one of America's agricultural pioneers and a noted staff writer of *The Country Gentleman*, has been established at State College.

Dr. Cates' widow, Mrs. Theodosia D. Cates of Arlington, Va., and her daughter, Elizabeth, have given his books to the N. C. State College Foundation for use in the D. H. Hill Library.

Valuable Collection

Authorities of the college announced that the books, representing a valuable collection of scientific volumes on agriculture and a wide range of agricultural bulletins and pamphlets, will constitute a lasting memorial to the native North Carolinian. A special book plate, bearing the name of Dr. Cates, has been designed and will be placed on each volume in the extensive collection.

Dr. Cates, born in Graham, N. C., on August 10, 1877, received his bachelor's degree in agriculture from State College in 1902 and earned his master's degree from the same institution in 1904.

He was a graduate student at Cornell University from 1904-05 and was awarded his Ph.D. degree by American University in 1916. N. C. State College conferred an honorary doctorate upon Dr. Cates in 1939.

National Recognition

Dr. Cates achieved national recognition and acclaim for his research discoveries in agriculture and for his editorial work on *The Southern Planter*, of which he was editor from 1912-14, and *The Country Gentleman*, which he served as staff writer from June, 1919, until his death on October 18, 1949.

Working in several of the nation's research centers since the turn of the century and continuing his studies by applying his laboratory findings on American farms, Dr. Cates made discoveries leading to the control of troublesome weeds which had hampered crop growing for ages and developed the principle that weeds alone made farm tillage necessary.

Pioneer Work

Dr. Cates also did pioneer work on important legumes, especially lespedeza. He was an early advocate of soil conservation and wrote the first magazine story on hybrid corn.

In addition to his editorial jobs, Dr. Cates was assistant to the North Carolina State chemist from 1902-04, was a scientist with the

U. S. Department of Agriculture from 1905-12, and did executive work for the Office of Farm Management of the U. S. Department of Agriculture from 1914-19.

He was a member of the American Association of Agricultural Scientists, the American Society of Agronomy, Kappa Sigma, Alpha Zeta, Phi Kappa Phi, and the Chevy Chase Club.

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

THIS may look like your roommate, but don't be deceived. The Schmo in this picture has lots more brains. He has the Wildroot Cream-Oil concession in a side show. And incidentally, if you'd like to ape men who get ahead, with women of course, start grooming your dome with Wildroot Cream-Oil. It's the non-alcoholic hair tonic containing soothing Lanolin. Grooms you hair neatly and naturally without that plastered-down look. Relieves annoying dryness and removes embarrassing loose dandruff. Helps you pass the Finger-Nail Test. Get a tube or bottle of Wildroot Cream-Oil hair tonic at your drug counter today. Don't swipe your roommate's... it may be unsanitary. Besides, he's liable to grunt and growl if you do. And next time you visit your barber, have him give you a professional application.

NOT ONE SINGLE CASE OF THROAT IRRITATION due to smoking CAMELS!

Wolfpack To Meet High-Scoring Villanova Wildcats In Reynolds Coliseum For Last Game Saturday Night

Mermen, Grapplers Win

Coach Willis Casey's tankmen started off another busy week-end last Friday by edging Davidson 36-30 in an exhibition tank meet at the losers pool. The Davidson squad copped the 300-yard medley and the 400-yard freestyle relays. Harris of State was the only double winner taking the 50 and 100-yard freestyle events.

Getting off to an early start, State mermen notched their 10th win of the season Monday afternoon at Frank Thompson Gym by defeating the University of Virginia Cavaliers 45-30.

Bill Ward of Raleigh led the State tankmen with victories in the 50 and 100-yard freestyle races and also as anchor man in the 400-yard freestyle relay.

Although the Wolfpack had the meet wrapped up going into the 400-yard relay with a 38-30 edge, Ward pulled away from Charlie Williams, the Cavalier ace, in the final 100-yards of the event and winning by three yards. The relay was hard fought with the three

opponents all even in the first 300 yards.

Backstroke ace Matt Lojko, Pete Cloud, and Marcel Martin piled up a 10-yard victory in the 300-yard medley relay to give the Wolfpack its early lead.

The final meet of the season for the Pack tankmen will take place on Wednesday, March 1, against the Duke Blue Devils at Frank Thompson Gym pool.

Coach Al Crawford's grapplers racked up their third win of the season Friday by trouncing Presbyterian 29-5. In the 155-pound clash Dunton pinned Thompson in eight minutes 14 seconds to account for the only event taken by Presbyterian.

State heavyweight Charlie Musser turned in the outstanding performance as he pinned McKissick in one minute 33 seconds.

The Pack matmen will also close their grappling season here tonight at the Coliseum against Virginia Tech. The matches will begin at 8 p.m. sharp.

DORMITORY INTRAMURALS

By NEILL POSEY

Berry upset No. 2 Tucker in the Table Tennis finals on February 15. They won 2-1.

Tucker dorm was acknowledged by most observers as the dorm stronghold in this sport. Both Tucker teams, No. 1 and No. 2 held eliminations to cut down each squad to four players. They used their own excellent table for the eliminations.

Berry dorm, on the other hand, just managed to gather together a four man squad. Berry has no tables.

Nevertheless, Berry in winning the finals, beat both Tucker teams. The win is not a "great" upset—may not be an upset at all. Stanley Cohen, intramural table tennis official privately predicted to this writer that Berry would win the championship. Of course, he couldn't say anything before the win.

In only two out of five games was Berry forced to use his doubles combination. One of those games was the finals in which Manager R. B. Kemper and W. T. Rankine of Berry defeated A. P. Jervey and L. S. Hales of No. 2 Tucker.

Smooth Play

Most noticeable was their smooth team play—an extremely important item in Table Tennis doubles play. Each man set up point making returns for his partner.

Kemper consistently placed his shots in spots that caused Jervey and Hales to tangle with each other in trying to return the ball. At times their crossups were quite comical.

Rankine unexpectedly added points with his newly perfected smash to his usual number gained off his tricky apparently slow spinning serve.

The sparse use of the double team attests to the fine single play of Frank Morgan and Charles Keely.

Both men transferred to Berry this quarter. Both are good intramural athletes in most intramural sports.

Frank Morgan who plays No. 1 Singles for Berry had defeated three men last term in the Alexander dorm eliminations before he transferred to Berry.

Only one man Peter Pan of Gold-Watauga holds a victory over Morgan. This writer believes that Morgan could beat Pan now that he has several matches behind him and has several wins over rated intramural players. The match would be close however for Pan is good—mighty good.

Left-Handed

Morgan plays left handed and

consequently his smashes are against a right handed man's weak side. Morgan says his toughest games were against a left handed from Becton.

Keely transferred to Berry from Turlington. How and why such a capable intramural athlete slipped out of W. V. Griffin's hands is still a mystery. (Griffin is the highly talented and successful Athletic Director of Turlington.)

Keely plays No. 2 Singles spot of the Berry team. He drives well, places shots well, serves well—in fact, performs all Table Tennis shots well.

He is, however, inconsistent. One of his games is brilliant, the next is just good. When his game is "on," however, you better bring a rope river to put his fire out.

Recognition should go to Kemper for his managerial ability. His knowledge of the game, rules and methods of play and strategy, is quite complete for an intramural manager. Several times official Cohen had off the record consultations with Kemper before rendering a decision on a disputed point. Intramural managers like Kemper are not readily found.

Director to be Honored

Tomorrow night at the Villanova game the Inter-Dormitory Council plans to honor the dormitory athletic director it considers the most outstanding.

This will be the initial presentation of the award. The Student Supply Store has graciously furnished the award.

The selection committee is made up of the president of the Inter-Dormitory Council, Alex Vann, and the two dormitory intramural Athletic Board members Harold McKnight and Neill Posey.

Inside "poop" from their meeting indicated the choice was a tough one but didn't indicate who the man was. William Griffin, Sidney Credle and Robert Dobbins received much consideration. But directors like H. W. Burroughs, Slocum Fogleman and Neill Posey just couldn't be overlooked. The choice must have been a tough one.

Odds and Ends

William "Wild Wool" Griffin, highly successful Athletic Director of Turlington graduates this quarter. The man who fills his shoes will have to be top notch to maintain the record Griffin has. Rumors (accurate if rumors can be accurate) indicate that John Hancock may be the man. This writer does not know yet.

Slocum Fogleman, Athletic Director of Bagwell plans to resign for undisclosed reasons. His Bagwell teams usually have had a better than 500 win record. His record as Athletic Director is good.

Busy man Vestal Fulp may suc-

By LLOYD V. CAPPS

Basketball fans will have their last opportunity to see State's Wolfpack in action at the Coliseum this season when the high-scoring Villanova Wildcats come to town Saturday.

A sell out crowd will be on hand to see Dick Dickey, Warren Cartier and Charlie Stine finish out their playing days on the home court. Joe Harand is the only player who came with Coach Everette Case to State that will not conclude his eligibility.

Rated Ninth

As a result of winning over Carolina 70-44, Tuesday, State now has a won-loss record of 21-4. They are rated ninth in this week's Associated Press poll.

State's five iron men came out of the rugged Carolina game in good physical condition. They will have to continue their hard work to stop the Villanova scoring attack. The Wildcats have a record of eighteen victories and four defeats and average 73.5 points a game.

All-American

All-American center Paul Arizin is the big gun on the Main Liner's team. Last season he gained nationwide attention by scoring 85 points in a single game. This is the highest number of points ever scored by a collegian. His 542 points during the regular season led Villanova to a 22-3 record and a NCAA tournament bid Arizin, who stands only 6'3", has scored 552 points this season and is leading the nation in scoring with a 26.5 average. While most of his points come by virtue of an amazing jump shot, he has also developed a set shot this season.

Villanova's starting guards are 5'11" Joe Hannan and 6'1" Leo Wolf. Hannan is the fastest man on the squad and one of the top speedsters in the nation. Wolf is Coach Alex Severance's defensive star and will probably draw the assignment of guarding State's Sam Ranzino. Leo's greatest defensive feat came when he held All-American Ralph Beard without a field goal in the NCAA playoffs.

Top Forwards

The number one forwards are 6'3" Brooks Ricca and 6'2" Tom Sabol. Both are fast and good rebound men.

Villanova defeated State 62-59 last season. They are one of the few teams remaining on the list that Coach Case must defeat to complete his revenge cycle.

ceeded Fogleman if Fulp can be talked into the job. However, several men like Alex Vann and J. J. Stewart are fighting for his services.

This writer picked four teams to win their section and thus be eligible for the finals. Those four teams play each other in the playoffs. They were No. 2 Becton, No. 1 Becton, No. 2 Turlington and No. 1 Syme.

FRATERNITY INTRAMURALS

By PETER KOCH

As the term draws quickly to a close, the lineup for the basketball championships is all set, except for the team who will represent Section 3. In this section, Sigma Pi and TKE are tied with (4-1) records. Most likely a playoff will be necessary to determine who will be in the playoffs. Sigma Chi will represent Section 1, PIKA will represent Section 2, and Sigma Nu will be in from Section 4. The teams in Sections 3 and 4 each have one more game remaining before the regular schedule is finished.

Week's Games

Let's take a look at last week's games—Sigma Chi clinched matters in Section I by wallowing Phi Ep by a 36-18 score, and thus finishing their schedule undefeated. Ahead by 4 points at the half, the Chi's turned it on in the second half to win going away. Buie swished 11 points thru for the victors, and Brooks scored 9 for PEP. The PIKA's had a little more trouble in subduing Kappa Sig. Two points behind at the end of the first half, the PIKA's came back in the second half to overcome the deficit and win by a 26-21 margin. Christian led the PIKA scoring with 11 points, and Burns hit for 7 for Kappa Sig. TKE smashed Sigma Pi by a convincing 32-9 margin. Sigma Pi was held to 2 field goals from the floor by the TKE defense.

White pushed thru 7 for the winners, and Leonard got 6 for Sigma Pi. Sigma Nu won their fifth game in a row, smashing Delta Sig 25-10. Francis led the Sigma Nu scoring with 8 points, and Moffitt marked up 7 for Delta Sig.

SAM Wins

In other games, SAM scored practically at will, as they trounced Lambda Chi 42-14. Pinto got 9 for the Sammys and Long scored 7 for the losers. PKE edged SAE by a 19-14 score. Futch scored 7 for the winners and Avery tallied 6 for SAE. That's all the basketball for the week.

Here are the final standings in Sections 1 and 2.

| Section 1 | W. | L. |
|------------|----|----|
| Sig Chi | 6 | 0 |
| PEP | 4 | 2 |
| PKE | 2 | 4 |
| SAE | 0 | 6 |
| Section 2 | W. | L. |
| PIKA | 5 | 1 |
| SAM | 4 | 2 |
| Kap Sig | 3 | 3 |
| Lambda Chi | 0 | 6 |

Sigma Chi won the ping-pong championship last week by topping PIKA in the finals. Sigma Pi won over Sigma Nu in the third place playoff.

VIEWS ON SPORTS

By BOB CURRAN

Tomorrow night will mark the farewell home appearance of the State College Wolfpack basketball team. It will also mark the final home appearance of three of its stars, Captain Dick Dickey, Warren Cartier, and Charlie Stine.

Charlie Stine has been used mainly as a sub for the past four years, but he is one of Coach Case's most valued. Charlie hasn't had much opportunity to play this year, but I remember a Dook game a few years back, when Charlie hit a batch of foul shots in the last few minutes to beat Dook. I also remember many other games in the past four years that Charlie substituted in, and did a good job. Charlie is the most experienced player of the Case system, having played for Coach Case in high school. He was one of the most potent scorers on the team during his freshman year, and would have played regular on any other team in the Conference.

Warren Cartier, known to all as "the Swede," has been the sixth starter for the past four years. In his four years he missed playing in one game, and that was the L.L.U. game this year when State pulled the ironman act. The Swede is the clutch player on the team, and he gets his points when they count the most.

This was proved last year when he hit four points in the final moments of the La Salle game to give State a 60-56 win. His value was also proved when his teammates voted him the most valuable player on the squad last year. Warren has played guard, forward, and center during the past four years and he'll be missed when Coach Case looks down the bench when Horvath commits his third personal.

As for Richard L. Dickey, I could start writing now and never even commence to tell you how great he is. When Dick received the Thirty and Three award at the halftime of the State-Carolina game, they honored one of the greatest, if not the greatest basketball stars ever to play in the Southern Conference.

Dick has established more records than any other one individual, and his worth to the team is incomparable. Dick's latest honor came when he was selected to play in the East-West All-Star game to be played in New York next month. Coach Case will have to travel far and wide before he'll ever be able to replace Dick Dickey, a truly great All-American.

Wolfpack Trounces Tar Heels 70-44

Woflets Post Win In Preliminary Test

Tuesday night, for the tenth consecutive time, the State Wolfpack beat the Carolina White Phantoms, this time by a 70-44 score.

From the opening whistle, when Guard Joe Harand hit two quick baskets, the Wolfpack was never headed. With Dickey and Harand hitting consistently, the Pack quickly built up a lead, and at halftime they left the floor leading 31-14.

Big Paul Horvath, who was held scoreless in the first half, came back after the intermission to score 11 points.

Howard Deasy, the Phantom's big guard, led Carolina's scoring with 19 points.

Strategy Fails

Tom Scott attempted to use the same strategy to stop the Pack as was used in the last meeting, by dropping the defensive man off Joe Harand.

To counteract this, Coach Case moved Harand to forward, and the gunner hit for 13 points. This was the highest number of points Harand has hit this year, and along with his usual brilliant defensive play, was one of the big factors in the Pack's 21st win of the season.

Dickey Hot

Dickey Dickey, State's All-American, scored 12 points in the torrid first half, and wound up as the Wolfpack's high scorer with 16 points.

The victory over Carolina clinched the top seeded position for State in the Southern Conference Tournament, with a record of 12 wins in 14 starts.

In a preliminary game to the varsity scrap, the freshman team defeated the Carolina yearlings 61-47, to win the Big-4 Freshman Championship.

Sammy Hits Again

Sammy Ranzino, currently leading the Pack scorers with 438 points, is shown above dropping in two of his 24 points against Duke. The Pack trounced Duke 68-50. Paul Horvath (84) of State, and Dave Scarborough (11) look on. (Staff photo by Dick Wooten)

"Poor Carolina"

"Poor Carolina" was written in the heavens as well as on the scoreboards Tuesday.

A plane drawing a banner accurately spelling out Tar Heel doom in these terms cruised through the afternoon skies over Raleigh and Chapel Hill. This action was the result of a spontaneous effort by an energetic group on the State campus. This small group, primarily from the first floor of Alexander dorm, raised the money for the project by a brief canvas of Alexander, Burlington, and Owen dorms. Jack Sherrill, acting as spokesman for the group, said that he found most students felt very sympathetic towards Carolina, and thus the money was raised quickly.

The plane and banner were rented from Serv-Air and the pilot was F. J. Peppoon, a State College student. The plane first passed over the Raleigh campus at 2:45, it then cruised over Chapel Hill until returning to circle the State campus again at 3:45.

Strong Becton Teams Lead Cage Race

The two strong Becton teams, No. 1 Becton and No. 2 Becton, came off the floor Thursday night, February 16, with a win apiece, undefeated and winner of their respective sections.

No. 1 Becton will represent Section I in the double elimination finals while No. 2 Becton will represent Section IV.

No. 1 Becton rolled over No. 2 Owen 37-14, while No. 2 Becton took No. 1 Owen 34-21.

No. 1 Becton was led by two fast and tricky guards, Hank Frazier and C. Harrell, who were high scorers with nine points apiece.

Coach D. B. Fleming used his whole squad of 13 men and kept No. 2 Owen on the run.

No. 1 Becton: C. Harrell 9, H. Frazier 9, B. Barr 4, D. Watts 4, Knowles 4, W. Campbell 1, E. Procter 3, G. Helms 1, C. Blue 2.

No. 2 Owen: D. R. Jarrett 6, C. G. Biggs 6 and J. C. Loughridge 4.

No. 2 Becton with Al Skarrup, J. D. Sasser and "Mike" Michalove, controlling both back boards had little trouble with No. 2 Owen except for their sharp shooting forward Franklin who made five straight set shots from way out.

Skarrup with 12 points and sasser with nine points were high scorers for the winners.

No. 2 Becton: Al Skarrup 12, J. D. Sasser 9, M. Michalove 2, Richardson 2, P. Woodard 4, C. Mayer 5.

No. 1 Owen: Franklin 10, Saville 6, Taylor 4 and Dever 1.

GOOD FOOD 24 HOURS A DAY

The restaurant with a personality

Two things every college man should know!

1. This is a Father. The kin you love to touch. Crusty old character. Wants you to be college-bred, but knows it's a four-year loaf with his dough. Spends time wondering how you'll turn out and when you'll turn in.

2. This is the "Manhattan" Burt. A doll-up, button-down with the soft roll that's the college man's staple diet. White and solid colors—all Size-Fixt (average fabric residual shrinkage 1% or less).

GABARDINE

Styled in a Masterful Manner by

VARSLITY TOWN

Casual, Carefree Saddles

The Mansfield Benton

White elk with a rich black veal saddle framed in a thick red rubber sole. A real complement to a young man's casual wardrobe. Handsome . . . practical . . . priced right.

Ask for the Mansfield Benton.

\$9.95

The expressive soft drape modeling and the pliant handkerchief front tailoring consistently carry through their "fine clothes" character.

\$60.00

a penny postcard

gives the gruesome details—and shows you—not so gruesome—how you, too, can "whip the bait and ride the gravy train to fame and fortune" as a Renault representative in your orbit.
