

First Women Officers of YMCA

Mrs. R. W. Osbeck of Knightdale and Arlington, S. D., right, and Mrs. W. C. Chamber of Canton exchange congratulations following their election as president and vice-president, respectively, of the West Campus Branch of the State College YMCA in Yerville. They are the first women officers of the College "Y" and are probably the only women officers of any YMCA in the United States. The two women are wives of World War II veterans attending the college. The West Campus YMCA maintains a social and religious center and sponsors a wide range of programs for married veterans attending the institution and their families. Mrs. Osbeck's husband expects to graduate from the college with a B.S. degree in general engineering this spring, and Mrs. Chamber's husband is a junior in poultry science. Mrs. Osbeck is employed in the College's Statistics Department while Mrs. Chamber works in the Animal Industry Department. Both are enthusiastic about their new duties at the "Y."

Russian

Students interested in the study of Russian are advised to consult with Dr. V. Pikner, 114 Peele Hall, for admission to a class which is in process of organization. It should be understood that this is a private class and carries no college credit. This instruction is offered solely in the interest of those who wish to learn Russian. A report of the work done in the class will be submitted to the Department of Modern Languages.

Dr. Pikner is available for interview Monday, Wednesday, and Friday from 11:00 to 12:00; Tuesday, Thursday and Saturday from 9:00 to 10:00 and from 11:00 to 12:00.

Election Candidates

All candidates in the coming campus elections interested in receiving publicity through the TECHNICIAN are requested to turn in their pictures (glossy print), platforms and other pertinent information to the TECHNICIAN office, Basement Tompkins Hall, not later than Monday night at 7 p.m. It is important that this material be in early in order that the election edition be made up on schedule.

Pep Club Elections to Be Held Soon

The regular meeting of the Pep Club will be held in the YMCA auditorium this coming Tuesday instead of the usual M.E. shop building, every member is especially urged to attend this important meeting. Officers for the coming year are to be elected and the final order for Pep Club keys is to be taken.

Anyone interested in promoting better school spirit at N. C. State is urged to join the Pep Club. Any such person should attend this meeting to be held Tuesday at 8:30 in the YMCA auditorium.

Alumni Meet In May For Annual Reunions

Thousands of the alumni of State College will return to the campus on Friday and Saturday, May 5 and 6, for their annual meetings and class reunions.

Features of the May 5 program include a military dress parade by the College's ROTC Regiment, the opening ceremonies of the annual Engineers' Exposition, the Red and White basketball game in the William Neal Reynolds Coliseum, and a reception in the home of Chancellor and Mrs. J. W. Harrelson at 1903 Hillsboro Street.

The program for May 6 will consist of the Engineers' Exposition in the School of Engineering, a livestock show at the dairy barn pavilion presented by students in the School of Agriculture, the annual alumni luncheon in Leazer Dining Hall, a baseball game between Wake Forest College and State College, a track meet between Wake Forest and State, and a concert on the carillon bells of Memorial Tower.

Chairmen of the reunion classes are as follows: Class of 1900—J. O. Schaub of Raleigh; 1905—John A. Park of Raleigh; 1910—John W. Sexton of Raleigh; 1915—Frank K. Kramer of Elizabeth City and E. L. Cloyd of Raleigh; 1920—F. D. Cline of Raleigh; 1925—Clyde R. Hoy, Jr., of Canton and A. A. (Al) Johnston of Raleigh; 1930—R. S. Dunham of Cary; 1935—J. K. Stephens of High Point, 1940—Charles Hunter of Charlotte and Eugene Starnes of Raleigh; and 1945—Bill Heyward of Greenville, S. C.

Alexander Club Officers

Alexander Dormitory Club Officers and Representatives—1950-51. Seated—Marshall Vernon, V. Pres.; Frank Diener, Jr., Pres.; Robert Phelps, Sec.; Standing—Steve Harris, Leon Coulter, Richard Sly, Charlie Seabery, Joe Berryhill, Bill Stanford (abs.)

Honor System Plan Defeated

Local Fraternity Host To Meeting This Weekend

This weekend, Nu Chapter of the Alpha Gamma Rho Fraternity will be host to the officers of six chapters in this region at a provincial training school to be held at the Y beginning Saturday morning. Delegations will attend from Alabama Polytechnic Institute, West Virginia University, the University of Florida, Louisiana State College, University of Maryland, and the University of Georgia.

Each chapter is sending its newly elected officers to the school. The faculty advisors of the chapters as well as the National Officers will attend the conferences and assist in the training program.

Appointed

Three State College students have been appointed as second lieutenants in the Officer's Reserve Corps of the United States Army. It was announced today by Colonel Samuel A. Gibson, Head of the Military Department at N. C. State College.

Claud H. Powell of Warsaw was commissioned in the Infantry and Marvin R. Godfrey of Elizabeth City and Wade M. Hobson, of Booneville were tendered commissions in the Quartermaster Corps.

All three men recently completed the Advanced Course of the Army Reserve Officer's Training Corps. Students successfully completing this program are eligible for appointment as second lieutenants. The Army ROTC at State College offers courses of instruction leading to commissions in either the Infantry, Signal Corps, Quartermaster Corps, Corps of Engineers, or the Ordnance Department.

Musser Resigns As C. G. Vice-President

By SANFORD GLUCK

The first meeting of the Campus Government Council for this term took place, as usual, at noon last Tuesday. It was a great shock to those on the Council to hear of the resignation of Vice-President Charlie Musser. This resignation was necessitated due to Charlie's leaving school at the end of last term to accept a job. He only had one course to complete before graduation, and rather than risk losing the job he left school. The Campus Government will sorely miss their dynamic "Vep," and he is wished the best of luck in his new station as a working man. According to the Constitution, a new Vice-President will be chosen from among the members of the Campus Government Council at their next meeting.

"Goodwife Diplomats"

The Promotions Committee, under

Ag Club Meets

The Ag Club held its first meeting for the spring term on Tuesday evening, March 28, 1950, in the west end of the college cafeteria. The members present heard two inspiring talks by Art Petser and Jess Butler respectively. During the meeting ice cream, cookies, and cigarettes were distributed to and enjoyed by everyone. The Ag Club extends thanks to John Kinkle, who secured the cigarettes from the Phillip Morris Company.

The next regular meeting of the Ag Club will be held April 4, 1950, at 7 o'clock in room 118, Withers Hall. This meeting will be in conjunction with the primary election for editor and business manager of the N. C. STATE AGRICULTURIST. Additional entertainment will be presented.

The "Astronomical Society of North Carolina State College" will present at its regular meeting Wednesday night April 5th, Dr. Francis C. Ansonbe of Winston-Salem. Dr. Ansonbe will deliver a lecture concerning some of the well known constellations and some of the superstitions attached to these constellations.

This newly formed organization has as one of its aims the desire to bring together for the purpose of an interchange of ideas, those persons in this vicinity who have an interest in various phases of astronomy.

The meeting will be held in Room 207-A of Daniels Hall beginning at 7:45 on Wednesday night, April 5th, and all interested persons are invited.

Welcome Home

Several hundred loyal Wolf-pack supporters crowded Raleigh-Durham airport Wednesday afternoon to welcome home the State basketball team from the NCAA Basketball Tournament in New York.

Announcement of the rally was made on the campus shortly before noon, and a good crowd was on hand to cheer the members of the squad as they got off the plane shortly after 3:30. Each player received an ovation as he left the plane, with All-American Sam Ranzino receiving a great ovation. Captain Dick Dickey remained in New York for the East-West Charity Game which will be played on Saturday.

The players were interviewed by Head Cheerleader Scott Eubanks and then escorted to waiting cars for the victory parade to the campus. Paul Horvath entertained the crowd with his comical rendition of the New York cheerleaders, and Joe Harand yielded his usual blush when queried about his romantic techniques.

The Highway Patrol escorted the cavalcade to Raleigh where they proceeded down Fayetteville Street amid a loud blare of horns and red and white streamers and then to the campus. The program was sponsored by the Pep Club.

The Student's Wives Club will meet at 7:30 p.m. on Tuesday, April 4. There will be bridge, beginners bridge, and rummy. Prizes will be awarded and refreshments served to all corners. All veterans' wives are cordially invited.

Very Light Vote Recorded In Recent Balloting

The light vote recorded in the referendum on two amendments to the Campus Government Constitution has resulted in the shelving of the proposals. Official returns released by the Campus Government show a total of only 1887 students voted.

The Constitution of the Campus Government states that amendments to the constitution shall require a two-thirds majority vote of the student body in order to become a part of the constitution. The total of 1887 ballots is far less than even a simple majority of the total enrollment.

Both Proposals Defeated

Of the two proposals, the amendment to reorganize the Honor System and establish an Honor Court received the greater number of total votes. 1317 votes were counted as favoring this amendment and 570 as opposing. This gives the proposal a two-thirds majority of the votes cast, but not the required majority of the student body.

Voting was even lighter on the amendment to allow the presidents of the senior, junior, and sophomore classes, and the presidents of the Interfraternity Council and the Interfraternity Council to become members of the Council of Campus Government. Of 1855 votes cast, 1478 were affirmative and 377 were negative. This amendment also failed, although more than two-thirds of the students who voted favored its inclusion in the Constitution of the Campus Government.

Unaware of Vote

In spite of the efforts of the Campus Government, it is apparent that many students were unaware of the referendum or did not realize that the balloting was to be done at registration. The Campus Government had distributed circulars among the student body prior to the spring holidays and the TECHNICIAN of March 3, devoted the editorial page to presenting the "Proposed Honor Court Constitution."

The student body may reinstate these amendments by presenting a petition to the Council of the Campus Government.

Advanced Course

Veterans and other categories of students, who are interested in obtaining information on the Advanced Course of the Reserve Officer's Training Corps are invited to contact the Military Department in Room 1, Holladay Hall. The Professor of Military Science and Tactics will hold a meeting at 12:10 p.m. each Monday and Wednesday, to answer questions that students might have on the ROTC program.

Geology Trip

Five seniors in the Department of Geological Engineering at State College have returned to the campus following a tour of sites of geologic interest in the State.

Seniors making the trip were W. C. Cole, Ashland, Ky.; M. B. Corriher, Jr., Mooresville; P. A. Hager, Statesville; C. H. Robinson, Gastonia; and N. E. Taney, New York, N. Y.

The trip was planned by Professors E. L. Miller, Jr., and J. M. Parker. III. Professor Miller accompanied the seniors.

Dairy Publication Being Distributed

The 1950 edition of "Meat and Milk," the annual publication of the students in the Animal Industry Department at State College, is now being distributed to its subscribers.

The 50-page volume is dedicated to Leland I. Case, animal husbandry specialist of the College's Agricultural Extension Service, who is completing 27 years of continuous service at the college this year.

Student Articles

Articles by students on the new developments in the Animal Industry Department, pictures of the graduating students in the department, photographs depicting the work of students and faculty members during the current academic year, and a wide range of other features are included in the publication.

Editorial Staff

Editorial and business tasks associated with the publication of "Meat and Milk" were directed by a staff composed of Editor Dixon; George L. Ellis of Goldsboro, business manager; Eugene Carroll of Danville, Va., circulation manager; and Dr. H. A. Stewart, faculty adviser.

The periodical is published by the College's Animal Industry Club, headed by President Wade M. Hobson of Booneville.

Textile Articles Presented At Meeting

Technical papers prepared by three students in the School of Textiles at State College will be featured at the annual spring meeting of the Piedmont Section of the American Association of Textile Chemists and Colorists at the Robert E. Lee Hotel in Winston-Salem Saturday.

The papers will be based upon original scientific investigations conducted by the students. Similar presentations will be made at the meeting by two textile students from Clemson College.

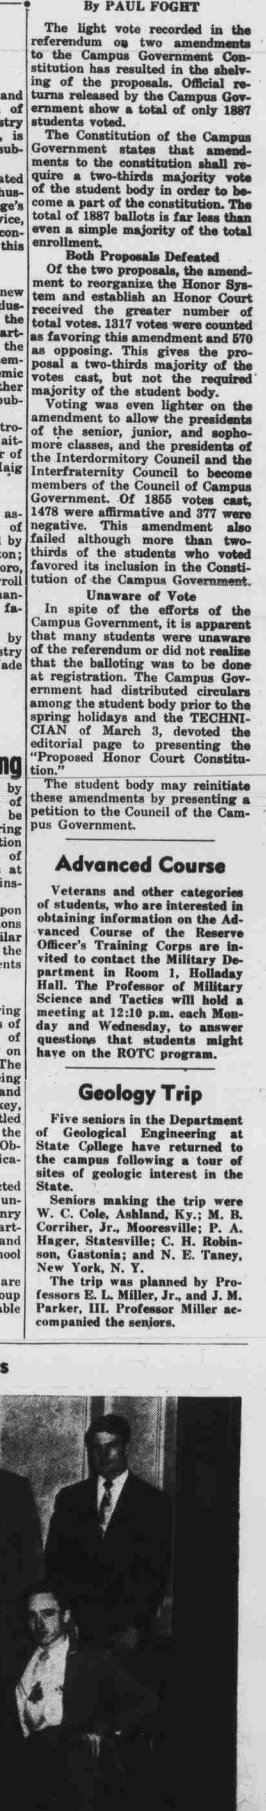

Student Papers

State College students preparing the papers are Kenneth Jenkins of Asheville and Harold Keels of Greensboro, who worked jointly on a research project entitled "The Effect of Abrasion on the Dyeing Characteristics of Cotton," and Hanri Cikurel of Izmir, Turkey, whose presentation will be entitled "An Investigation Between the Amount of Dye and Sensation Obtained and Its Possible Application in Textile Dyeing."

The three students conducted their research investigations under the supervision of Prof. Henry A. Rutherford, head of the department of Textile Chemistry and Dyeing in State College's School of Textiles.

The students whose papers are selected as the best in the group will be presented gifts of valuable textile books.

Becton Club Officers

Becton Dormitory Club Officers and Representatives—1950-51. Seated—R. Robbins, V. Pres.; D. Knowles, Sec.; R. Scott, Pres. Standing—W. Shin, E. Seaman, E. Hollowell, H. Baker.

Student-Faculty Relations

In a recent Inquiring Reporter column of the Technician a student answered the question, "What do you think State College needs most?" with a statement which should surprise no faculty member on the campus.

This student said that he felt that State College needed a better Student-Faculty relationship. The student was a campus leader and, evidently, had been doing some serious thinking about the question before it was ever presented to him by the inquiring reporter.

Long and loud complaints from students at State College prompted the editors of the Technician to present the question in its regular column.

The students feel that just receiving regular instruction from a teacher doesn't make the man (or woman) a teacher. There must be a closer relation between the students and faculty members in order that both parties may get the most benefit from the association.

The instructors are our leaders for at least four years. We are forming habits here that will either benefit or harm us later in life. Most of those habits are learned in the classroom, and the instructors are our leaders during classroom periods; what they teach, we accept, either consciously or unconsciously.

Recognizing the fact that the students were due the best possible association with their instructors, Chancellor Harrelson wrote the following letter to the faculty last week suggesting possible steps toward a more sound student-faculty relationship:

TO THE FACULTY:

The North Carolina State College is fast approaching the position when it will be generally recognized throughout the entire United States as the foremost technical school in the South. Without a doubt we are building one of the greatest faculties in the nation, and I'm sure all concerned feel justly proud of this fact. Students are asking for opportunities to become better acquainted with the faculty.

We are one big team working toward many outstanding objectives. Based on this, I plan to focus our attention occasionally to what seems to me certain important aspects of our work.

I'm not so sure that we, the faculty and administration, have spent enough time in establishing adequate personal communication with our students; and as a result, I have a feeling we have not sufficiently oriented the new student to State College life, including academics, and continued the process during his entire stay here. The student activities program is big and continuous. Yet when we realize that as professors and administrators we are looked upon by the students and their parents as leaders, both in and out of the classroom, it adds considerably to our responsibility to them and to the institution.

May I request that you give this problem serious thought with the idea in mind to build a real esprit de corps among our students, a better State College, and more important, prepare our students so they will become our future important leaders of industry.

As a step toward this worthwhile goal, may I suggest that each teaching faculty member, beginning the first day or so of classes this term, spend considerable time in general discussion with the students. Experience has demonstrated that it's more beneficial to not cover all such ideas at one time. Some think a few minutes once each week is preferable. Such discussion with your classes might include:

- 1. That State College IS INTERESTED IN THEM AND THAT WE WANT TO HELP THEM IN EVERY WAY POSSIBLE to become well-balanced individuals. That they are now State College men and we depend on them and believe in them.
2. How you think your course is related and beneficial to both a scientific and general education and how it will help them—and also the general procedure you will follow.
3. The students—where they live, their course of study, ambition in life, why they came to State, what they want to get here, etc.
4. Something about yourself, training, experience, travel, home, hobbies, etc.
5. When they might see you for additional assistance or suggestions about class work. (We are their leaders.)
6. And perhaps just a general discussion about questions they or you might have in mind. (I now meet once each week with a cross-section of student leaders simply to discuss, in objective terms, campus activities, policies, and procedures. The experience has been most beneficial.)

I should appreciate any suggestions you might have in order that everyone might profit by the other fellow's experience.

J. W. HARRELSON, Chancellor

This letter to the faculty shows that Chancellor Harrelson is definitely interested in a better Student-Faculty relationship at State College. Comments from several faculty members indicate that the suggestions tendered by Colonel Harrelson will be put into effect immediately.

The letter and its acceptance by faculty members marks the avend of a new era at State College, and now it is up to every student to do his half of the job of cementing relations on the campus.

Entered as second-class matter, February 10, 1960, at the post office at Raleigh, North Carolina, under the act of March 3, 1879.

The Inquiring Reporter

By JACK McCORMICK

What is your opinion of the proposed honor system?

Alex Yann, Sr. Agronomy

The honor system is long overdue at State College. One main point necessary for success of the program is an excellent Freshman orientation, plus student-faculty cooperation. One objection I have heard is the reluctance to report someone for cheating. This is a childish aversion and an evasion of the real issue.

J. S. Pruitt, Jr. Chem. Engineering
The honor system is a wonderful idea if all the students will cooperate. However, I think the faculty will also have to cooperate by making quizzes more reasonable so that the students don't have to cheat to get a passing grade. By reasonable quizzes, I mean quizzes that follow the line of instruction in the particular class.

F. J. Myers, Instructor, Eng. Mech.

An honor system would certainly be most desirable at this institution but I don't believe State College is prepared to have such a system installed at this time. Most important, I think it is necessary for all students to realize that upon graduation they will be entering honorable professions which require absolute honesty. In short, they must be taught to think professionally.

Research Participant
Dr. Pike, an associate professor in the Department of Chemical Engineering, is the first research participant from State College to work at Oak Ridge although two staff members, Dr. Nathan S. Hall and Dr. J. A. Weybrew of the State College School of Agriculture, have attended the radioisotope techniques course there.

Dr. Pike, who will return to his duties at the college in early summer, has been assigned to the Chemical Technology Division of the Oak Ridge National Laboratory.

Varied Experience
He has had a varied experience in the chemical engineering field. He spent four years as a chemical engineer with the Standard Oil Company at Whiting, Indiana, and was on the faculty of the University of Minnesota for six years prior to joining the staff at State College.

He received his Ph.D. degree in chemical engineering from the University of Minnesota and was awarded a M.S. degree in chemical engineering by the Massachusetts Institute of Technology after completing his undergraduate work at the University of Virginia. He is a member of Alpha Chi Sigma, Phi Lambda Upsilon, Gamma Alpha and Tau Beta Pi.

Iowa Trip
Dr. W. W. Krieger, head of the Department of Ceramic Engineering at State College, has returned to Iowa State College, where he served on an accreditation committee to inspect that institution's ceramic engineering teaching and research facilities. He was assigned to the committee by the Engineering Council for Professional Development, the national accreditation agency for engineering schools.

Visit Paper Company

Pictured above is a class of Forestry Students who recently visited the Halifax Paper Company in Roanoke Rapids. Their visit was in conjunction with a new forestry course in fiber processes.

Lawrence Cantiliffe, Herbert Kahan; Standing, back row—A. F. Rowe, Thomas Griffin, I. R. Bunch, James Dee, John Lampe, A. W. Bragg, William Broadwell, W. A. Tuttle, Professor Carter, W. B. White, and Halifax's Chief Forester, Tom Harris.

With The Greeks

By JACK McQUINN

Tau of Pi Kappa Phi, out of the news since our last issue, ended the winter season with a United Nations ball. The affair was something of a ripper we hear, with many strange and mystifying costumes being worn. Not so mystifying, perhaps, was a very sheer and exotic bit of net worn by the daughter of a certain West Raleigh music director. Mrs. John Norrell and Hazel "The Geek" Moore won the awards for outstanding costuming.

Alpha Gamma Rho will observe Founders Day at a banquet to be given at the Tarheel Club this Saturday night. Guests will include officers from six other chapters of A.G.R. who will be here for the weekend Provincial Training session given officers of the fraternity.

New Projects

The Interfraternity Council is currently dreaming up many new projects for the quarter. Although most are still in the proposed stage, we hear roundabout that our good friend, Charlie Spivak is being considered for the Finals in June, also Beneke and V. Monroe. It certainly is nice to know the I.F.C. has a couple millions stuck away. The Council is also interested in obtaining some of our Greek population for parts in the Easter services to be conducted in the Little Theater amphitheater. Any one who would like to take on one

of these parts should either call a Council member or see one of his chapter officers.

Pi Kappa Phi's Interfraternity Sing is just around the corner so here's fair warning to all Greek groups who would like to add a really fine looking cup to their collection. The date of the sing is May 12.

The next Dance worthy of note on the campus will be the Annual Pika Ball on Easter Monday. This will be a black and white affair open to all Greeks. We happen to know that this Ball, year after year, is an event of great interest and in certain consumptive respects, even unique.

Now that the spring weather has arrived most State men are planning on NUMEROUS weekends at the beach; also as the blood runs a few hundred Rankine degrees on the warmer side this time of year, we naturally expect increased activity and social intercourse between those two great institutions, Meredith and State. Of course we can't be certain sentiment will run as warmly between the two schools as it did last spring, however, we have this fresh quote from the Meredith Twig, a Meredith girl "—likes to smooch," and fervently believes "boys will be boys." So, we'll take that for what it's worth, while lacking the best first-hand evidence.

OPEN FORUM

To the Students of N. C. State College:

The enrollment this term is estimated to be somewhat more than 3800 students. Of this number, 1887 of us—less than half—less than the number who turned out to the airport to welcome the basketball team after the L.I.U. game, found the minute necessary to cast a vote in the Referendum held at registration. The Campus Government and Honor System Constitution requires a 2/3 majority of the student body for an amendment to be passed. I doubt that any proposal—with the possible exception of one to suspend classes and graduate everyone cum laude would draw a vote large enough to pass even with 100% of the vote for the affirmative.

1887 votes of 3800 students. This is indeed a sad commentary on the future of the state of North Carolina and the United States of America. Of course if the 2,000 who did not vote were not in favor of the proposals, then they accomplished their end. However—they did not express their views in the proper manner. They neglected their duty to cast a ballot. If this were true of immature college students alone—it would not be too serious. This is, unfortunately, not the case. This proportion seems to hold true in all matters where the people of this country are "allowed" to cast their free ballot of opinion. Your vote doesn't count? Continue with that stupid attitude and we will soon be a "former democracy." Or perhaps you have no opinion. Then my congratulations! Anyone who is a college student and is not able to form an opinion on a controversial issue is an extraordinary creature.

And since when is casting a vote for or against a matter "getting messed up in politics?" If the proposals had been killed out right by a vote of 3800-0 it would not have

brought about this sermon. Such is not the case. The proposals did not lack of attention. This is similar to animals dying from lack of food, or an engine giving out because of lack of lubrication.

General Campus Elections are coming along the 13th and 20th of April. Is it possible for you to get out of the rut and into the groove? This is a challenge to each and every one of you. Try it—vote. It doesn't hurt.

GILBERT E. NEWTON.

Psychology Seminar

Dr. George A. Douglas, Head of the Department of Sociology at Davidson College spoke at the regular State College Psychology Department seminar at four o'clock Monday afternoon, March 27th. The title of Dr. Douglas' presentation was "Social Science and Social Values."

Professor Douglas came to Davidson College in the fall of 1949. He has held positions previously at Hood College, Baltimore College and Lawrence College. Dr. Douglas did his undergraduate study at the University of Michigan and his graduate work at the University of Wisconsin and Johns Hopkins University. He was granted the Doctor of Philosophy degree by the latter institution in 1959.

The speaker is in demand for engagements with youth and religious gatherings, having done research in evolving a concept of social values. He was on the program of the Southern Hazen Conference which met last year at Swannons, North Carolina, and is also on the program for this year's meeting of the Regional Council on Family Relations and the regional meeting of the Sociological Society.

Ag Engineers Return From Farm Tour

A tour of North Carolina farms and agricultural manufacturing plants has been concluded by nineteen students in the Department of Agricultural Engineering at N. C. State College.

The group visited the Buck Steam Plant near Salisbury, the Rowan Farmers Dairy at Salisbury, the Bailey Brothers Farm at Woodleaf, the D. C. McLaughlin Farm near Mooresville, the R. H. Edmonson Farm near Mount Ulla, the Farmers Cooperative Exchange at Statesville, the William Prossly Farm at Scotts, the Iredell Frozen Foods at Statesville, and Lookout Hydroelectric Plant near Statesville.

Student Trip

Accompanying the students were Professor John W. Weaver, Jr., of the Agricultural Engineering Department at the college; Joe N. Howard of Greensboro, agricultural engineer with the Duke Power Company; and Marvin T. Goddings of Spartanburg, S. C., agricultural engineer with the Duke Power Company. Students making the trip were as follows:

- W. H. Bender, Norlina; C. H. Blue, Vass; E. H. Frazier, Liberty; J. W. Glover, Henderson; W. H. Hasty, Jr., Maxton; R. F. Hinshaw, Liberty; J. F. Lee, Four Oaks; T. E. McPhail, Tomahawk; A. W. Mercer, Pink Hill; J. A. Miller, Gastonia; T. G. Miller, Jr., Jefferson; D. R. Moore, Hurdle Mills; L. M. Proffitt, Burnsville; C. A. Routh, Winston-Salem; J. P. Sanders, Four Oaks; L. C. Smith, New Hill; J. D. Traywick, Marshville; L. A. White, Youngsville; and J. M. Williams, Charlotte.

Dormitories Elect Officers For Year

Election of 30 students as officers of ten State College dormitories was announced today by James J. Stewart, Jr., director of student housing at the college.

The student officials and their dormitories are as follows: Alexander Hall—Frank J. Diener, Jr., of Greenville, president; Marshall B. Vernon of Milton, vice-president; and Robert B. Phelps of Windsor, secretary.

Bagwell Hall—John Paul Langley of Rocky Mount, president; Guy E. Knowles of Wadesboro, vice-president; and Charles J. Moore of Washington, N. C., secretary.

Ecton Hall—Robert W. Scott of Raleigh, president; Robert S. Dobbin of Union, S. C., vice-president; and Douglas B. Knowles of Wallace, secretary.

Berry Hall—John W. Arden of Asheville, president; Frank L. Dillard of Hertford, vice-president; and Richard G. Jewett of Englewood, N. J., secretary.

Gold Hall—John B. McLeod of Robbins, president; A. A. Mahdawi of Kerbala, Iraq, vice-president; and George W. Fields of Charlotte, secretary.

Owen Hall—Jerome J. Filicetto of Thornwood, N. Y., president; Eugene L. Jeffords of New York, N. Y., vice-president; Chalmers C. Johnson of Gastonia, secretary.

Syme Hall—William T. Simpson of Burlington, president; Lewis W. Dameron of Bessemer City, vice-president; and William L. Carpenter of Lincoln, secretary.

Tucker Hall—Wade H. Foy, Jr., of Richmond, Va., president; Thomas E. DuPree of Kinston, vice-president; and William M. Smith of Rutherfordton, secretary.

Turlington Hall—Ben F. Humble, Jr., of Asheboro, president; Robert H. Wright of Charlotte, vice-president; and Robert F. Smith of Charlotte, secretary.

Welch Hall—Ronald B. Greene of Zebulon, president; Robert J. Mercer of Bolivia, vice-president; and Roy A. Huffman of Newton, secretary.

Footsie Palmer Inks With Pro Baseball

Leslie H. (Footsie) Palmer, former star fullback at North Carolina State, has signed to a baseball contract with the Lee Miners of the Mountain States League.

Palmer, a six-foot, one-inch, is a second baseman. For the past three years, he has played semi pro baseball in North Carolina.

Palmer played professional football in 1948 with the Philadelphia Eagles and in 1949 with the Charlotte Clippers.

Wildlife Position

Civil service examinations have been announced for Wildlife Management Biologist, Fishery Management Biologist, and Biologist (Federal Aid Supervisor). The positions to be filled are in the Fish and Wildlife Service of the Department of the Interior and are located throughout the United States. The salaries range from \$3,825 to \$6,400 a year.

To qualify, applicants must have completed an appropriate college course or have had 4 years of appropriate experience. In addition, they must have had from 1 to 3 years (depending on the grade level for which they wish to be considered) of professional experience in the field of work for which they apply. No written test is required.

Full information and application forms may be obtained from most first- or second-class post offices, civil service regional offices, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications must be received in the Commission's Washington office not later than April 11, 1950.

ASME President

James P. Ricks, Jr., of Rocky Mount has been elected chairman of the State College Chapter of the American Society of Mechanical Engineers for the 1950-51 school year; chapter officers reported today.

Ricks will succeed Eugene Seibel of Raleigh, who served as chairman during the current academic year.

Other new officers elected are H. C. Quay of Harrisburg, vice-chairman; C. G. Deese of Kannapolis, recording secretary; A. G. Johnson of Greensboro, corresponding secretary; and W. M. Munn of Rocky Mount, treasurer.

Representatives named to the Engineers' Council are A. S. Johnson, Jr., of Shawnee, Okla.; L. H. Waller of Wilson; and Munn. Alternate council representatives will be W. E. Waddell of Rocky Mount; and L. R. Wensil, Jr., of Concord.

The American Society of Mechanical Engineers is a national organization devoted to the advancement of mechanical engineering standards and to the improvement of engineering education.

Field House University, Louisiana (Baton Rouge)

The Daily Reveille

Vol. 52, No. 130 LEXINGTON

President A. J. F.

5¢

Meeting the gang to discuss a quiz—a date with the campus queen—or just killing time between classes—the Field House at Louisiana State University in Baton Rouge is one of the favorite places for a rendezvous. At the Field House, as in college campus haunts everywhere, a frosty bottle of Coca-Cola is always on hand for the pause that refreshes—Coke belongs.

Ask for it either way... both trade-marks mean the same thing.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY

Spring Intramural Sports Program Announced

Honor for Dickey

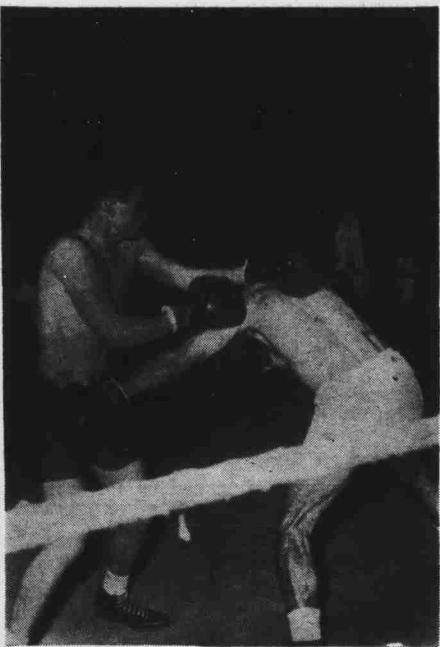

Dick Dickey, State's great All-American was named the best performer faced by the LaSalle College basketball team in the 25 games played this season by the Explorers.

Dickey, who poured in 21 points against LaSalle in a losing cause as the Explorers romped to a 66-51 win over the Wolfpack at Raleigh, received 13 first-place votes of the 14 players balloting.

LaSalle, which finished 10th in the national ratings, also selected their game with State as the best officiated. Southern Conference Officials Harold Belle and Dalton Williams worked the contest.

On the basis of two points for every first place and one for every second, Dickey received a total of 26 points. Bob McDonald of Toledo was second with 24, followed by Chuck Cooper of Duquesne and Frank Kuzara, San Francisco, both of whom had 23. Western Kentucky's Gene Rhodes' 16 points were good enough for the fifth position.

Low Blow?

Fast and furious action marked the recent bouts in the intramural boxing program. Shown above are two of the leather-slingers who participated in the events held last term. In the dormitory division, First Becton took the honors in the boxing program, winning out over Owen. (Staff photo by Dave Lambert)

Big Four Sports Day To Feature Activities

By NEILL POSEY

Spring term intramural activities will consist of league play in the sports of softball, tennis, horse shoes, and track and the Big 4 Sports Day.

N. C. State will be host for the Big 4 event on May 18. Competition will be in softball, volleyball, table tennis, horse shoes, golf, and tennis.

Clip the following and post on your room bulletin board.

Softball

1. Games will start at 4:00 and 6:15 and will be limited to one hour from time game starts. (If called, refer to score of last full inning.) Games are scheduled for Red Diamond (RD), Track Field (TF), and Freshman Field (FF). Rained out games will be scheduled on Alexander Field (AF) and Track Field.
2. Official rules will be played. Games will be 5 innings. Three full innings must be played in case a

game is rained out. If called, refer to score of last full inning.

3. A team cannot start a game with less than seven players. Games should start on time, but remember if a team does not show up within 15 minutes after scheduled time they forfeit.

4. No cleated shoes are permitted for safety and equality of playing conditions.

Tennis

1. A team will consist of four players, and no player can play both doubles and singles.
2. Matches will be played on one court, starting at 4:00 and continued until finished. Courts 7-8-9-10 are reserved.
3. Two singles matches and then one doubles match will be played consisting of the best two out of three sets. Note: No duce sets will be played, team first getting six games wins.
4. Games rained out will be played the next day or succeeding day at the same time and court. Matches must be decided before the date of the next bracket. Report results to office.
5. Balls will be furnished but players must provide rackets.

Horse Shoes

1. A team consists of four players, and no player can play both doubles and singles.
2. Matches will be played on one court at 4:00 or 6:00 as scheduled. Two singles matches and one doubles match played of the best two out of three games of 21 points.
3. Games rained out will be played the next day or succeeding days at the same time and court. Matches must be decided before the date of the next bracket. Report results to office.

Track

1. Dorm prelims will be held on Friday, May 5, at 4:00, frats Tuesday, May 9. Both championships to be held on Friday, May 19 at 4:00.
2. Dorm Athletic directors will meet at the gym May 4 the night before your prelims, gratis meet May 18 at 7:00. Bring your entries to these meetings, none accepted later.
3. Events: 100 yd., 440 yd., 1/2 mi., 12 lb. shot, discus, high jump, broad jump, and four man 440 yd. relay.
4. Each organization can enter two men in an event, but no individual can be entered in more than two events and the relay.

State Netters

Loss Meet, 9-0

State's tennis squad opened its season last Saturday by taking a 9-0 drubbing from Michigan State.

The visitors won every set except one which was dropped in a doubles match.

State's number one player, Arthur Culbertson, did not play and will not for the rest of the season because of scholastic difficulties, according to Coach John Kenfield. The Wolfpack's next match will be here April 1 against ECTC. The summaries (all matches won by Michigan State):

Singles

- Len Brose defeated Caldwell Ragan, 6-2, 6-1.
- Dave Mills defeated Charlie Boney, 6-2, 6-1.
- Ken Kimble defeated Leon Skeen, 6-3, 6-3.
- Dick Rieger defeated Charlie Morris, 6-2, 6-4.
- Keith Kimble defeated Bill Burns, 6-3, 6-4.
- Dan Terrillo defeated Bill Jones, 6-2, 6-3.

Doubles

- Brose and Mills defeated Ragan and Skeen, 8-6, 6-1.
- Rieger and Ken Kimble defeated Ed Hall and Tom Osborne, 4-6, 8-6, 6-3.
- Dan Guy and Doug Curley defeated Jones and Morris, 6-2, 6-3.

DORMITORY INTRAMURALS

By NEILL POSEY

Charlie Harrell, remember that name, for behind his softball pitching arm No. 1 Becton hopes to win the softball championship and thereby become the first team in dormitory intramural league history to win the triple crown—winning the championship in the three major intramural sports touch football, basketball and softball.

The softball schedule just released places Welch, No. 1 Bagwell, No. 2 Bagwell and No. 2 Alexander in No. 1 Becton's section. Thus to even reach the double elimination playoffs No. 1 Becton must defeat last year's champion, Welch, and two sliding powers, No. 1 and No. 2 Bagwell. Only possible weak team in the section is No. 2 Alexander.

Sid Credle, Athletic Director of Welch had his first softball practice last Monday. He believes in an early start. Quarterly his teams are the first ones on the practice field.

Needs Pitcher

Credle is moaning and groaning, a perpetually past time of athletic directors, about his hunt for a pitcher to oppose Charlie Harrell. Says Sid, "in hitting and fielding we will be all right but where am I going to get a pitcher." Only suggestion this writer has is that you might try pitching yourself Sid.

A few years ago the then third Bagwell team was a softball power. In the last two years the team slipped as sluggers graduated. This year the three Bagwell teams were reduced to two. Both Bagwell teams are still strong enough to make the odds about even when they play No. 1 Becton.

No. 2 Bagwell Strong is perhaps the strongest. Bob Morrison and Bill Patterson, rookie sluggers on the old third Bagwell team are seniors now. Patterson, if he makes the varsity baseball nine will become ineligible for intramural softball. Morrison has an extremely high batting average last year but doesn't want to see it quoted. That is one of his favorite superstitions. He is afraid that if much shouting is done over the figure he may be jinxed this year.

Charlie Harrell is considered a top pitcher in the town recreational league also. His pitching for No. 1 Becton may be just the little extra push that that team needs to become the champion. Brassi Bar, Bob Dobbins, Hank Frazier and Doug Watts will provide part of the power at the plate.

An explanation of why Section 1, No. 1 Becton's section, is filled with softball powers will be interesting to some teams, No. 1 Becton and Welch at least. Since in intramural play a team may be entirely different from the one of the previous year, Mr. J. F. Miller, Intramural Athletic Director, has arbitrarily select a method of making up the sections.

According to Rank

The method he chose was that of placing a team in a section according to its rank in total points at the beginning of the quarter. One

of the first four teams headed each of the four sections.

In Section 1, the fifth, ninth, thirteenth, and seventeenth place teams filled in the section headed by No. 1 Becton.

In Section 2, the sixth, tenth, fourteenth and eighteenth place teams filled in this section headed by second place No. 2 Turlington. The other two sections were made up in like manner.

Even if No. 1 Becton muffs its chance for the triple crown she will win the year end crown for the team with the highest number of intramural points. That is if she doesn't have a complete re-lease, which No. 2 Turlington, No. 2 Becton and No. 1 Syme better not count on.

The latest official point release places the first four teams in the order mentioned above. Points collected by No. 1 Becton are 816, by No. 2 Turlington 703, by No. 2 Becton 545 and by No. 1 Syme 468.

Simple subtraction shows that No. 1 Becton is 113 points ahead of its arch rival No. 2 Turlington. For the past two years No. 2 Turlington has lost games to No. 1 Becton but has managed to collect more intramural points. This year that team will find it hard to catch No. 1 Becton.

No. 1 Syme Moves Up No. 1 Syme pole vaulted up seven places from eleventh to fourth by winning the team championship in swimming and placing third in basketball.

Among the rest of the pack the most outstanding advance was made by little Berry which climbed six notches from fourteenth to eight mainly through winning the Table Tennis championship. Berry has 389 points.

Successful Year

Many consider the intramural dormitory league to be one of the most successful in years. Yet athletic directors have been coming and going so fast this year that this writer has had trouble just meeting all of them.

Out of the 18 directors that started the tough football season only three have managed to survive down to the present softball season. They are Bob Dobbins of Becton, Sid Credle of Welch and Neill Posey of Berry.

The other 10 directors didn't survive for one of the following reasons: graduated, fired, dropped college or wanted to live in his fraternity house. J. J. Stewart released the following tentative list of directors for this term: Alexander—Frank Richardson, Bagwell—H. N. Numis, Becton—Robert Dobbins and E. G. Seaman, Berry—Neill Posey, Gold-Wassange—Tarry Helms, Owen—Bob Bradford, Syme—Unnamed, Trailwood—Unnamed, Tucker—Bobby Brown, Turlington—L. C. Cloninger, Verville—Unnamed, Welch—Sid Credle, and West Haven—Unnamed.

Wolfpack Nine Enjoys Successful Road Trip

By BILL THRONBERG
The sunny climes of Florida sat very well indeed with the recently returned State College baseballers. In a tour of some of the better Florida baseball schools, the Wolfpack spotted their opponents several weeks of practice, then methodically patted three out of four of the teams they met.

In the first of two scheduled games with Rollins, the second of which was rained out, State came off a 5-4 winner. Three days later, Florida-Southern squeezed out a 9-8 victory over the State nine. But the following days, State bats, powered chiefly by Westbrook, Fowler, Billy Smith, and Wilheim, battered out 11 runs against Stetson University and 13 off Jacksonville Naval Air Station for 11-6 and 13-4 wins over these teams.

Cold Weather
After early season practice was interrupted so consistently by cold and rainy weather, Coach Vic Sorrell figured that the brand of ball displayed on the Florida tour would be the best measure of this 1950 Wolfpack club. And the results have cast a more optimistic ring into the reports from the coaching staff than has been evident in the past several years.

Although Ernie Johnson was lost thru graduation, the pitching staff stands improved over that of last year. Irvin Page worked a fine nine-inning game against Jacksonville and Lunford Lewis also showed up well on the road. Then Bob Smith, Welch, Bean, and Everett Lail will be around to back up these two starters.

Stronger Afield
Just as importantly, this Wolfpack squad should be stronger afield, and capable of pounding out more runs than the '49 outfit. Charlie Westbrook in the outfield, and Billy Smith at first base and backstop Bill Wilheim, all up from the past freshman team, have been hitting well and cover their positions like veterans. Bill Fowler has an outfield position back after last year behind the plate and the change in scenery seems to be

doing him good—his has been one of the busiest bats on the squad thus far.

But the most outstanding feature of this team is the fight and hustle shown in practice and early games. It is in this spirit that Coach Sorrell feels will push his squad into the thick of the conference fight.

Sneak Preview
Students may catch a peek at the Wolfpack this Saturday afternoon when, weather permitting, the varsity will play a practice game with Dave Baxter's freshman team. Then Tuesday afternoon, Coach Lee Goch trundles his mechanical pitching machine and a major portion of last year's championship Wake Forest team into Devereux Meadow for a game which carries no conference value, but which should be interesting to see, since most of the pitching will be done by the mechanical arm.

On Wednesday afternoon, the McCrary Eagles come to Devereux for a game limited to flesh and blood pitching prowess. Both of these games will begin at 3:30. The Wolfpack then officially opens its Big Four schedule on Saturday, April 8, in Durham against the Duke Blue Devils.

With exception of pitchers, a probable starting line-up for these games should read something like this:

Dinan	2B
Westbrook	RF
Fowler	CF
B. Smith	1B
Wilhelm	C
Chock	LF
Council	3B
Norrell or Brinson	SS

Pack Whips Baylor In NCAA Contest

State Takes Third In N. Y. Tourney

State's rämpaging Wolfpack closed a highly successful 1949-50 season last Tuesday night by taking third place in the NCAA basketball tournament in New York with a 63-41 victory over a mediocre Baylor squad. The win, which gave the Pack a season's mark of 27-6, marked the final appearance of All-American Dick Dickey, Warren Cartier, and Charlie Stine.

Held to a one point lead in a dull and uninteresting first half, 21-20, the Pack forged ahead after the rest period on Sam Ranzino's 20 point contribution.

Ranzino Gets 21
Although held to one point in the first half due to a combination of blistered feet, turned ankle, and Baylor's slow game, Ranzino got hot in the second stanza to rack up his 21 point total.

State, slowed down almost to a walk by the slow, deliberate play of the Texans, couldn't get going until late in the game. The Pack's shooting and passing was at its worst.

The scoring was so slow for most of the game that it appeared that the Wolfpack, needing only 48 points to break Kentucky's three-game tournament record, was not going to get that many. But two successful free throws by Ranzino with a minute and a half left ran State's total to 49 and a new mark.

Ranzino got four baskets in the first seven minutes and 25 seconds of the second period, and these points enabled the Wolfpack to take a lead which never was threatened seriously by the Bears, who ap-

peared to be content with trying one-handed push shots from beyond the foul circle.

Ties Record
Toward the end the contest turned into a foul shooting contest as Baylor resorted to rough tactics in their efforts to stop State's offensive. Ranzino tied a tournament mark by making 11 free throws. The record was made by George Glasmack of North Carolina back in 1941. Sammy missed three of his 14 attempts from the penalty line.

gym. You dormitory league members should contact your representative if you have any request or suggestion.

Three old business items will be considered. As outlined in J. F. Miller's letter to board members they are:

"1. The board arrange conferences with the student activity fee committee to see that their appropriation to intramurals is made permanent and moneys available at the beginning of each year.

"2. A policy determined to aid the Inter-Fraternity and the Inter-Dormitory Council in making their appointments to membership on our board.

"3. You are familiar with the trophy awards we make each year. Have you any recommendations for any changes in awards for next school year?"

Big Four Day
This year State will be host school for the annual Big 4 Sports Day. The events will be softball, volleyball, table tennis, horse shoes, gold, and tennis.

This year gold and tennis replaced handball and badminton. State does not have the facilities or space to take care of a large number of participants in these sports, hence the switch.

Teams to represent State will be selected from our own league

champions. Some, however, must be openly selected. In a sport like volleyball, dormitory and fraternity champions will play each other to determine who will represent State.

Tuesday, March 28, at 7:00 p.m. at the gym a softball umpire clinic was held. Most noticeable fact was that the league needs more softball officials. Students, here is a chance to make extra money and enjoy yourself while doing it.

Team Pictures

Pictures of the champions in basketball, volleyball, boxing, swimming and table tennis are in the P. E. Office. If you care to own a drop by the P. E. Office and order the one you desire.

The dormitories asked for a game between the basketball champions of each league. Sigma Chi, the fraternity champion, obliged and stomped No. 1 Becton, the dormitory champion, 36-19. All the dormitories had to say was maybe it will be different in softball.

Major Roy Carlson, U. of Iowa, Training Executive, U.S. Air Force!

Born in Red Oak, Iowa, Roy graduated from Thomas Jefferson High School at Council Bluffs. He was ready to enter the University when war changed his mind.

He went to work at Consolidated Vultee in San Diego, building PB-1 and B-24's. But it wasn't long until he had put in his application for Aviation Cadet training.

Cadet Carlson won his wings in April, 1943, was assigned to P-47 "Thunderbolts" with the 368th Fighter Group in England, to break ground for the Normandy invasion.

Roy completed 125 combat missions, leading many of them, supporting the invasion and the advances on into Germany. Won Air Medal, D.F.C., many other decorations. Promoted to Captain, then to Major.

Back home, he married the lovely Army nurse from Lowell, Massachusetts, whom he had met at Cannes, France. After the honeymoon, he returned to finish his studies at the University of Iowa.

Major Carlson is now Chief of Operations, 2471st Air Force Reserve Training Center, at O'Hare International Airport, near Chicago. Has two husky sons, a fine job, a great career still ahead of him!

If you are single, between the ages of 20 and 26½, with at least two years of college, consider the many career opportunities as a pilot or navigator in the U. S. Air Force. Procurement Teams are visiting many colleges and universities to explain these career opportunities. Watch for them. You may also get full details at your nearest Air Force Base or U. S. Army and U. S. Air Force Recruiting Station, or by writing to the Chief of Staff, U. S. Air Force, Ath Aviation Cadet Branch, Washington 25, D. C.

YMCA Hears Report On Washington Meeting

The YMCA last night heard a report from Lyndon Sikes who attended a series of seminars on national and international relations which were held in Washington, D. C. and New York City prior to examinations.

Sikes, a Sophomore in Agricultural Economics from Greensboro, was one of 50 students from 18 states and the District of Columbia who attended the programs sponsored by the Methodist Student Movement. The purpose of these meetings was, "To understand the processes of federal government and world government and prepare for effective Christian citizenship."

The first meeting, a "Christian

Citizenship Seminar for Students," was held in Washington from February 26 to February 29. During this time Sikes made personal visits to Senators Hoey and Graham and to Representative Carl Durham.

From February 28 to March 2 a "UN Student Seminar" was held in New York. During Sikes' visit to Lake Success he was impressed by the activity of the UN in working towards solutions for international food and health problems.

In addition to his report to the YMCA, Sikes will later address the Wesley Foundation and other campus groups.

Musser Resigns

(Continued from Page 1)

It pledges the School's cooperation in the National Student Association, the Greater University Students Council, and the Southern Association of Student Body Presidents, and also endorses the Student Legislature and the North Carolina Collegiate Press Association.

Elections

A last item of business is con-

cerned with the pending campus-wide elections. Students are reminded that the last date for filing intentions to run for an office with the Dean of Students Office is Monday, April 3. The Primary elections will be held on April 18, and

the Final elections will be held on April 20. At these elections, the officers of the Campus Government, the Campus Government representatives, editors and business managers of the campus publications, Y.M.C.A. officers, and Head Cheerleader will be voted upon.

SPORTS JACKETS

... are right for EASTER

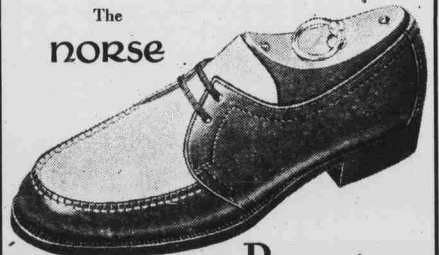

Here is 1950 styling in a navy sports jacket with contrasting slacks that is tops for a smart, comfortable appearance on Easter.

The two button low roll lapel and patch pockets offer the most in spring styling.

RELAX and ENJOY the casual ease of

The NORSE

by Bostonian

It's refreshing! It's casual! It's right! You'll like its easy-going, slip-on comfort.

Two-toned for styling, that counts everywhere!

Two things every college man should know!

1. This is an Art Major. Really a sketch. Thinks Monet makes the world go round. His question in life is where does Van Gogh's ear go? Knows Rembrandt is nothing to sneeze at. Often goes to bed with shades half drawn.

2. This is a "Manhattan" Spartak shirt. We've a whole gallery of these solid-colored rayon masterpieces, in a paletteful of colors. Just picture yourself in one.
