

Slow Down!

Now that the four or five year grind is ended for several hundred of State's students, we again face that ratrace which is known as the graduation ceremony.

A Final Word

This week's TECHNICIAN is the final edition for the school year as well as the last paper for the 1949-50 staff. We would like to take this opportunity to thank many people and organizations on the campus for their cooperation in helping to make this a successful year for the TECHNICIAN.

Don't Die on Third

Last week in this space we asked that the student body be allowed to accept greater responsibility in the administration of its affairs. This week we wish to call upon the student body to demonstrate that it can, and will, support its own leaders.

With The Greeks

By FRANK PERKINS
This issue of the Technician will be the last this school year so I will try to cover some of the functions that have happened this school year.

Sponsored Dances
The different fraternities that sponsored dances this year are: Pi Kappa Alpha with their annual PIKA Ball, Sigma Chi with their annual Sweetheart Ball, Phi Epsilon Pi and Sigma Pi with their annual Dances, and Alpha Gamma Rho and Pi Kappa Phi with their Annual Rose Ball.

with their studying for exams. They plan to have a party at the new lake that Truly Uphurch has just finished. It will start Saturday afternoon and it is to be for the Seniors that will be leaving school this term.
No Stags
This is going to be an all date party—that is to say that no stags will be allowed. They will feed their dates Barbecued Chicken and from what I hear Truly's food is the best that anyone can find.

AROUND The TOWER

By SANFORD GLUCK

Toward the end of every year columnists and reporters comb through the country delight in compiling lists. This seems to be a favorite American pastime—annually we have lists varying from The Ten Girls I'd Most Like to Keep Warm in Alaska to The Ten Books All College Students Should Read.

1. Perhaps the most important achievement this year has been increasing the internal structure of the Campus Government by creating ex-officio members. It was realized that thirty three men were not enough representatives for a school of our size, so various students were designated as ex-officio members with the hope that they would more fairly represent the students.

2. Two important amendments to the By-Laws of our Constitution were passed. The first created the Elections Board, which will hereafter work with the Dean of Students on approving candidates for office and arranging for elections. The second amendment calls for approval of all student organization constitutions by the Campus Government. Also under this category can be included the future formation of an Appropriations Committee to handle disbursement of the Student Activities Fee.

3. Increasing school spirit is one of the functions of the Campus Government which is hardest to evaluate. However, this year the Campus Government helped sponsor and organize the Pep Club, and will continue to work through it to attain a higher degree of school spirit.

9. This year's Council has continued two ideas which were started last year: Faculty Rating and the awarding of Goodwife Diplomas. Both of these projects were duplicated this year because it was felt that they would benefit the students and the School.

10. Participation in the Greater University Student Council was one of the most worthwhile functions of our Campus Government this year. The G.U.S.C. sponsored the first Greater University Day last September, and State College had and will have in the future a large part in demonstrating the unity of the Consolidated University.

The job of compiling a whole year's work in a few sentences is a difficult one—too many things must be left out. The above named achievements, though, should serve as a brief summary. Behind these ten items lie months of work, planning, and thought.

General Deposit
In years past, many students have depended upon receiving the refund of the general deposit which they made at the beginning of the school year. J. G. Vann, Assistant Controller, advises those who intend doing the same thing this year to find another source of funds.

The refund of the \$20 General Deposit collected from students attending school NOT under the G. I. Bill will be made by check as soon as possible after the Spring term ends. It is necessary for the Business Office to obtain a list of all charges made against students from military supply and breakage of other college property before these refunds can be made.

If your home address has changed since the beginning of the current school year, it is suggested that you come by the Business Office and leave your new address, so that checks can be mailed to the proper address.

FOR SALE: Quality tuxedo size 38. See James Hollinger 320 Syme.

Pictured above are three State College students who will head the activities for the Wesley Foundation next year. They are, left to right: President, Harvey L. Bungardner of Kings Mountain; Vice-President, Joe Everett of Newsome, Va.; and Treasurer, Ralph Cool of Asheville. The complete slate of officers includes: Vice-President, (Mrs. Meredith) Miss Jeannette Leopard; Secretary, Miss Shirley Stought, Meredith.

Kenosha - Card Game? Deoderant?

Editor's Note:
This is the first, one a series of articles dealing with some of the less widely publicized aspects of State College rapport.
The object—to promote more interest and a better understanding in all phases of the college life. The series will be resumed in the fall and will continue throughout the school year.

Kenosha, Kenosha, ever heard of Kenosha? Must be something to replace Canasta, or a new under-arm deoderant perhaps?
These things it is not, neither is it Hadocal spelled backwards or a new song title; however, if you have ever had occasion to thumb through a student directory you will find that it is a medium-sized Wisconsin city, one which has sent an extraordinary number of outstanding figures to State College with the last few years.

Scheviak
Scheviak, a junior in textile management, is engaged in the following extra-curricular activities: President of the Order of 30 and 3, a member of the Blue Key, Delta Kappa Phi, Sigma Tau Sigma, past Managing Editor of the Technician, present Editor of the Tower, past member of the YMCA Cabinet, the Publications Board, and the Cadet Officer's Association. He is also the alternate representative to the Campus Government and recently was tapped by the Golden Chain.

and 3, Phi Eta Sigma, Sigma Pi Alpha, State College Handbook Business Manager, Publications Board member, Campus government representative, President of the YMCA, a member of the Greater University Student Council.

Three Luminaries
This year we can readily point out three luminaries in the persons of Paul Foght, Harvey Scheviak, and Earl Dicks. The trio has become widely known for their diversified campus activities. All figured prominently in the most recent student elections in one fashion or another.

Earl Dicks has this impressive array of activities ascribed to him: Member of the Golden Chain, the Blue Key, Delta Kappa Phi, Scabbard and Blade, Order of the 30

Scholarships Awarded
Scholarships are awarded high school seniors of Kenosha, two a year for four years—until this year when the quota was cut to one. The scholarships are awarded on the basis of the student's scholastic record and financial need. Regular college entrance exams are given to all who apply for the scholarships. All are required to write a letter stating why they want the aid.

Vetville Mutual May Close

A program to determine whether or not the residents of Vetville wish to retain a community store is now in progress. Residents who will be here after June of this year are being visited and given an opportunity to sign a pledge to buy a share of stock as evidence of their interest. If the present stockholders decide to close the store, the pledges will not be called.

Plans For Freshman Week Being Made

By CAMERON BRITTLE
Freshmen arriving at State College this fall will be greeted by one of the best Freshman Orientation programs in the history of State College, according to Dean Ned Wood. Freshmen will be given every possible assistance in making the many adjustments required in making the transition from home and high school to college life. Freshman Week this fall will be directed by a three-man committee composed of Harold Strawbridge, representing the Campus Government; Gene Jeffords as President of the Inter-Dormitory Council, and Charles Pugh as President of the YMCA. This committee has been meeting with Dean Wood in the past weeks to formulate plans for the orientation program, and they report that all the general plans are laid, with only details to be worked out during the summer.

Major Changes
The plans now proposed for Freshman Week contain some major changes from the procedure used last year and in the preceding years. The most outstanding change is the plan to divide the incoming Freshman Class into groups of from 18 to 25 members, each under the supervision of a Freshman Counsellor appointed by the Dormitory Assistant Office. Each Freshman Counsellor will be responsible for supervising the Orientation Week activities of his group, and he will remain the counsellor for that group during the year. Thus it is hoped that the mass meetings heretofore held in Pullen Hall can be replaced by smaller and more informal discussions between the counsellors and their groups.

Division
According to Dean Wood, the di-

vision of Freshmen will be carried out according to dormitory room groups so that each counsellor and his group will be living close together.

The Campus Government will undertake as its part of Freshman week operations to meet the incoming students at bus and train stations and the airport, putting up signs, giving directions, and manning the information booths. The Campus Government also hopes to be able to provide some entertainment for the frosh during the week.

YMCA Activity
The YMCA will, as in the past, assist in handling trunks and luggage and will operate a shuttle bus between the main part of the campus and Owen and Tucker Dormitories.

Alpha Phi Omega, a national service fraternity newly organized on the State College campus and headed by Robert Knopp will handle all Freshman Week activities for the Freshmen living in Raleigh with their families.

Purpose
The primary purpose of this comparatively new Freshman Week Program will be to give the new student as much assistance as possible in crossing the gap between home and college and learning the procedures and customs of campus life, according to Dean Wood. He added that he and the Committee felt that the new program could do a great deal to get the Freshmen off to a good start in their life at State College.

Pep Club
The Pep Club will have its final meeting of the year next Tuesday night in the Conference Room at the YMCA at 6:30. Final plans for the first Pep Rally of next fall and the Community Sing are to be discussed, so all members who wish to remain active are especially urged to be present.

Star Gazers Society Elects New Officers

The Astronomical Society of North Carolina State College has elected the following officers for the new year. Elections were held Wednesday, May 17.
President—Bob Greenberg
Vice-President—R. K. Corbett
Secretary-Treasurer—Richard Monroe
Faculty Advisor—Dr. R. H. Snyder.
The society has announced that meetings will continue to be held twice a month during the summer; since enough of the members will be in Raleigh and since the summer evenings are comfortable ones for observing.
Overhaul Lab
Dr. Clifford Beck, head of the Physics department has plans to completely overhaul the observatory and mount a 12" reflecting type telescope in the dome where the 5" refractor is now mounted. The Physics department has four telescopes and various other pieces of astronomical equipment, all of which may be used by the society. A regular course in astronomy is offered during the spring term.
R. K. Corbett, who lives at 24-B Verville will be in charge of the society this summer, in the absence of Bob Greenberg.

Head Agriculturist

Pictured above are the new editor and business manager of the Agriculturist, scientific journal published by the students in the School of Agriculture. On the left is Editor Bill Carpenter, rising junior in agricultural economics, and on the right is Jim Hinkle, business manager, a rising senior in dairy manufacturing.

Alpha Zeta Officers

At the regular Alpha Zeta meeting Wednesday night the following elected officers for 1950-51 were installed:

Chancellor, Sam Furches; Censor, Homer Sink; Scribe, George Spain; Chronieler, Lewis Dameron; Treasurer, Allen Skarup.

Membership is based on scholarship and leadership. To become a member, a student must be in the upper two-fifths of his class and must have been in school at least five terms.

A member must possess those traits and qualities of leadership that will be recognized in his chosen field.

Retiring officers are: Chancellor, Lolo Dobson; Censor, Charles Pugh; Scribe, Sam Furches; Chronieler, Roy Rudolph; Treasurer, Tarry Prevette.

Swiss Student Visits State College Campus

Anton Salomon Buhler of Zurich, Switzerland, son of a Swiss dairy farmer, has returned to the Quail Root Dairy Farm near Durham after visiting the State College campus to observe dairy training programs.

Buhler is a special student in this country under the supervision of the Extension Service of the U. S. Department of Agriculture. His visit to the State College campus was arranged by Fred Sloan, program planning specialist of the College's Agricultural Extension Service.

The Swiss farm boy, who attended a dairy field day during his visit to State College, will return to his native country on July 7.

Plans Underway For New Dance Band

Plans are already in the making for a dance band at North Carolina State College that will compare with the better college bands in this part of the country.

Since Al Millman left school the "Statesmen," as his band was called, gradually became scattered and the band almost became non-existent. Later Sammy Cauble, a former Statesman himself, began using the name although he used a combo instead of a big band. After four years of successful dance bands, Summey will be graduating. Therefore, Gene Wallace and his orchestra will attempt to carry on the old name of "Statesman."

Textile Frat Names Man Of The Year

J. C. Cowan, Jr., of Greensboro, president of the Burlington Mills Corporation, was presented "the man-of-the-year award" of the State College Chapter of Phi Psi, national professional textile fraternity, at the organization's annual banquet meeting at the Sir Walter Hotel here Saturday night.

Cowan's record as a textile industrialist was lauded during the meeting. Presentation of the award was made by Prof. T. C. Hart, director of instruction in the State College School of Textiles.

UNC Graduate
A native of Rutherfordton, Cowan was associated with the Stonecutter Mills Company from 1921 to 1931 when he joined the staff of Burlington Mills. He began with the latter company as a superintendent in 1931, was appointed its vice-president in charge of manufacturing in 1938, and now holds the position as president.

He is a 1921 graduate of the University of North Carolina in Chapel Hill.

Following the presentation of the award to Cowan, he delivered a speech to the fraternity's membership. In his talk, he outlined the role of 108 graduates of the State College School of Textiles who are now employed in various capacities by Burlington Mills.

Shirley Speaks
Dean John W. Shirley of the Basic Division at State College also addressed the group. He spoke on "Education Today and Tomorrow," Charles Buie of Biscoe, president of Phi Psi, presided over the banquet program and introduced Dean Shirley and Professor Hart.

Phi Psi, which annually awards a trophy to its "man of the year," is regarded as the world's largest textile fraternity. Its members now hold textile positions in many parts of the world.

Lampe Speaks To Industrial Meeting

"If our engineering training is to be modern and of the most aid to our students, we must know through actual contact, as well as through reading, the day-by-day progress and development of our industrial world," Dr. J. H. Lampe, dean of the School of Engineering at State College, said in an address before the 28th Annual Industrial Conference which was concluded last Saturday at State College, Pa.

Dean Lampe chose as his subject "On-Campus Training" and appeared on the program with leading industrialists and engineering educators from throughout the nation.

Medium for Discussion

The annual industrial conferences are planned to provide a medium for the discussion of problems of mutual interest to the industries and engineering educators. This year's program was based on the theme of productivity, profits and progress. Sponsors said that each of these words "propounds a current problem to modern industries existing in our democratic society."

"We cannot," Dean Lampe stated, "stand apart from industry and depend alone on textbooks and course notes. We must maintain a liaison with industry which will bring us knowledge of industrial research activity, industrial 'know-how,' and economic and industrial control adjustments.

Engineering a Practice, Profession

"It is essential that engineering administrators and engineering teachers never forget that engineering is a practice and a profession. There must be developed a further understanding as to the contributions that can be made by proper engineering education for

industry on the one hand and by helpful industrial interest and support to engineering colleges on the other hand."

"To realize such a goal, initiative must be taken by both groups. Industry, both large and small, should be interested in the educational opportunities for its potential employees."

In conclusion, Dean Lampe stated that the graduate who has completed a college engineering curriculum must be "first and foremost a technically qualified individual."

"In addition," he continued, "today's engineering college should see to it that such a man also has an appreciation of and is ready to take part effectively in the problems of our community and industrial life. Such a program under the guidance of competent engineering educators is a 'must' for our contemporary engineering colleges."

4-H Supper Club

Fred Wagoner, assistant State 4-H Club Leader with the State College Extension Service, will speak at a dinner meeting of the State College 4-H Supper Club in Room A of the college dining hall tonight at 6 o'clock. Program plans for the summer months also will be outlined.

DORMITORY INTRAMURALS

By NEILL POSEY

This year has been a good year for dormitory intramurals.

Near the end of the winter term the students through the Inter-Dormitory Council voted Mr. J. F. Miller, Director of Physical Education and Intramurals, as the college staff member who had done the most for athletics at N. C. State College during the past year.

Two weeks ago the students themselves won the Big Four Sports Day intramural event—a fitting touch to end a good year.

Good Planning

The success of the Big Four Sports Day was largely due to its planning and execution by Mr. Gales Perry of the P. E. staff.

Throughout the year No. 1 Becton (Athletic Director Bob Dobbins) has dominated the dormitory league in the win department. As early as the end of the winter term no team had much of a chance of catching the No. 1 Becton team in total intramural points.

The team won the championship in the intramural major sports of touch football and basketball and

probably softball by the time this column reaches you.

Winners

However, other dormitory teams did win championships. The dormitory winner in each intramural sport for the year is listed below:

- Fall Term
 - Touch Football—No. 1 Becton
 - Volleyball—No. 2 Becton
 - Handball—No. 2 Becton
 - Wrestling—No. 2 Turlington
- Winter Term
 - Basketball—No. 1 Becton
 - Swimming—No. 2 Turlington
 - Table Tennis—Berry
 - Boxing—No. 1 Becton
 - Spring Term
 - Softball—No. 1 Bagwell
 - Tennis—No. 1 Becton
 - Track—No. 2 Turlington

The year has been hectic on dormitory league Athletic Directors. Only four out of the original 13 that started the year finished the year.

They are Julius Siler of Veville, Sid Credle of Welch, Bob Dobbins of No. 1 Becton and Neill Posey of Berry.

W. V. Griffin of No. 2 Turlington who graduated at the end of the winter term received the I.D.C. award as the best dormitory Athletic Director of the year. The official league best Athletic Director has not been named as yet. (He will be on Awards Day, May 30.)

Completes Second Year

The Intramural Athletic Board has completed its second year. Through the efforts of Chairman Wiley Gouge and his interested colleagues 3,000 was obtained to operate the combined dormitory and fraternity league. The board has functioned in every way to aid Mr. Miller in his intramural program.

The subcommittee of the board for the publicity of dormitory sports obtained approximately 40 inches per issue in the Technician on dormitory sports alone—more than in any previous year.

Yes, the year has been a good one. Nevertheless the next one may be better.

The Committee for Allocation of Student Activity Fee has appropriated \$3,600 for the combined league use.

Wiley Gouge, an experienced man, will again be Chairman of the Intramural Athletic Board.

Gales Perry of the P. E. staff who has made a success of his first year as assistant to Mr. Miller in intramurals will continue to assist Mr. Miller more and more.

Student Leaders

Student leaders of the dormitory league either elected or appointed are as follows:

Dormitory member to the Intramural Athletic Board: Jim Twyford of Welch and Bob Smith of Turlington.

Chairman of the dormitory sports publicity sub committee: Jim Twyford.

First All-American Graduates In June

By PAUL HODUL

State College will soon bid goodbye to its first All-American, Basketball Captain Dick Dickey.

After playing four brilliant years for the Wolfpack, Dickey will graduate in June.

Exploits Well Known

Most of you know about his exploits on the court and the greatness he achieved by being named All-American. All of us knew him by his game heart that would never stop fighting until the final whistle.

Of all the games Dickey played, the Villanova contest this past season was probably his greatest exhibition. Twice he was felled by a painful cramp, but he came off the floor hustling more than ever.

His ferocity seemed to increase with each physical injury. At times he reminded one of a tiger stalking its prey. Even though he possesses a small stature as compared with the giants in the game today, his rebound ability can never be questioned.

Whenever there was a need for anyone to rip the leather off the boards, the red-head dynamo was there to fulfill the job. He appeared to play his best when the going got toughest. When a field goal was needed to keep the Pack within hailing distance, Dick was sure to come through with those brilliant one-handed jump shots from anywhere near the key-hole.

If this didn't accomplish the trick, Dick would power drive through a host of would-be guards and literally leap above the hoop and dunk it in.

DICK DICKEY, Forward N. C. State

Great Performer Off Court

Off the court, Dickey is one of the greatest guys you want to meet. He possesses a type of sincere modesty that does not have to be acted upon for the benefit of the public. His warm, friendly smile is always given to anybody regardless of importance.

There is no doubt that Dick will go on to even greater heights in his chosen profession after leaving State. We would like to wish you loads of luck in your new endeavors Dick—whatever they may be—and fully realizing that being an All-American on the court and off the court as you are, your endeavors towards further fame should not be too difficult.

VIEWS ON SPORTS

By BOB CURRAN

This being the last column of the school year, it is more or less appropriate to sum up sports for the year.

Football

The football team, after losing a tough opener to Carolina, had a mediocre season, which was highlighted by a win over the Deacons from Wake Forest. Captain Bob Bowly received the Jacobs Blocking Trophy despite a bad knee injury, which kept him out of action for awhile. Smo Saunders, Chuck Musser, Elmer Costa, Bernie Watts, Little Ed Mooney, and Captain-Elect Tony Romanowsky won assorted honors for the footballers.

With new coaches Darrell Royal and Wade Walker from the U. of Oklahoma, (that's the school that makes it a yearly habit of beating Carolina in bowl games), and Jim Gill from the Hill, teamed with returning lettermen Costa, Tofaute, O'Rourke, Romanowsky, and Mooney, the outlook for next season looks bright.

Basketball

Coach Everett Case's basketball team continued their winning ways, by copying their fourth straight Southern Conference championship. The season was climaxed by a bid to the NCAA Tournament in New York, where the Pack won third place.

Ranzino and Dickey were chosen on almost all of the All-America teams selected. With Dickey, Cartier, and Stine gone, Coach Case will bolster next year's varsity with freshman stars. Kukoy, Lovington, Goss, Yurin, Morris, and transfer Paul Brandenburg.

Baseball

Led by All-Southern Bill Fowler and Billy Smith, Vic Sorrell's Wolfpack nine ended up in second place in the Big Four standings behind the Demon Deacons of Wake Forest. Pitching standouts for the Pack were Page, Lewis, Beam, and Bob Smith. The Pack was further aided by Charlie Westbrook and Babe Dinan from the football team.

Track

Under the leadership of a new coach, Tom Fitzgibbons, the tracksters concluded a highly successful season by winning four and losing only two. The most impressive win was over highly rated and previously undefeated VPI, Virginia State Champions.

Captain Herb Goldberg and Chuck Chambers were the consistent winners in the dashes, with Tyler Wadsworth, a local boy, running the middle distances.

Dave Dubow and Ted Dostanko handled the distances and field events all season. Bobby Jones, a freshman miler from Virginia, and Charlie Garrison were the most impressive freshman runners.

Tennis

With Coach John Kenfield, Jr. taking over the job of pulling the netmen out of a slump, the tennis team ended up the season with an 8-8 record.

Soccer To Be Varsity Sport This Fall

The Athletic Department has made plans to put Soccer in the Fall Varsity Sport Column for 1950. This will make the deserving players eligible for Varsity Monograms and Freshman Letters at the end of the fall season. Last year the Club, as it was called then, won four and lost three against experienced teams. The Freshman Club won three, lost one, and tied two.

Started as a Club

Soccer was started by the Co-mopolitan Club two years ago as a club, and they played the University of North Carolina during spring practice. Most of the players were foreign students who had some experience in their home lands where soccer is the same to them as football is to us.

The next winter, 1949, Eric DeGroat was asked to help out the boys and more of the yankee boys showed up. Two games were scheduled for the spring at Carolina and the first game was lost 3-1. The second game was held during the first meeting of the Southern Conference Soccer Coaches Clinic and their under excellent refereeing the State boys won a 1-0 victory over the well trained Carolina squad.

Last fall the Athletic Department supported the Club with shoes, uniforms, soccer balls, and travel. The season was very satisfactory and boys learned a lot. Raul Riveradenza, of Mexico City, was named to the All-State Soccer Team by the coaches in North Carolina. This coming fall there will be eight games for the Varsity and six games for the Freshmen. In the Spring of 1951 the Soccer Clinic

will be held here at State College when there will be an attempt to gain recognition in the National Intercollegiate Soccer Association.

Old Hands Leaving
Many of the old hands will be leaving this summer and there will be plenty of opportunity for the local boys to learn the game and participate in the games with other colleges.

Varsity Schedule 1951

Oct. 17 University of North Carolina at Raleigh
Oct. 20 Duke Univ at Raleigh
Oct. 27 Wash and Lee at Lexington
Oct. 28 Roanoke College at Salem
Nov. 3 Univ of Maryland at Raleigh (Sou. Conference Champs)
Nov. 10 Richmond Professional Inst. at Richmond
Nov. 14 University of North Carolina at Chapel Hill
Nov. 25 University of Virginia at Charlottesville

Freshman Schedule
Oct. 23 University of North Carolina Frosh at Chapel Hill
Oct. 30 Duke Frosh at Durham

SPORTS PERSONALITIES

By JIM TWYFORD

Wiley Gouge is one of the most active students in the Intramural Athletic Program. Wiley is presently one of the Athletic Directors of West Haven, but for the last two years he has been director of Trailwood. He compiled a very impressive record while he was at Trailwood. Besides participating in all of the sports and being Athletic Director, Wiley is also Chairman of the Intramural Advisory Board.

Wiley is a Junior in Textile Management and expects to graduate in 1951. He attended the Lee H. Edwards High School in Asheville and joined the Army shortly after he finished. However, he was in an accident and was discharged in 1945. He entered State in 1944, transferred to Mars Hill and re-entered State in 1947. While he was in high school he won the Golden Gloves Championship in the fly-weight division in 1940 and 1941. He played a lot of football when he was at Mars Hill, too.

After Wiley reentered State in 1947, he immediately broke into the intramural sports. He plays football, basketball, softball and most of the minor sports. His football team won the championship for two consecutive years in the seasons of 1947-48 and 1948-49.

Dormitory Track Results

2. Berry, 19
3. Welch, 15
4. No. 1 Becton, 11

Dormitory Softball Results

Championship Series
No. 1 Becton 10, No. 2 Turlington 9
No. 1 Syme 9, Verville 8
No. 1 Becton 3, No. 1 Syme 2
No. 2 Turlington 8, Verville 7

Trailwood always had strong teams in the other sports and they always gave a team a fight in every game.

Wiley and his wife moved to West Haven in January of 1950. He has one more year to participate in sports and he will be Athletic Director again next year. There is no doubt about it that West Haven will have some strong teams next year because Wiley will be a big help to any team and his sportsmanship and enthusiasm is indeed an asset to any community.

Fowler And Smith Named All Conference; Tarheels Walloped In Big-4 Finale

Pack Winds Up Season In Ashboro Tonight

By BOB CURRAN

State College was well represented on the Southern Conference All-Star nine, with Captain Bill Fowler and first sacker Billy Smith being named by the conference sports writers group this week.

Fowler, a senior, has played the outfield and caught for the Pack for the past four years. He has been one of the consistent hitters for Vic Sorrell's nines and is expected to sign a pro baseball contract this summer.

Billy Smith, playing his first season of varsity ball for State, was named for his brilliant infield play at first base. Although only a sophomore, Smith will probably bypass his remaining two years of eligibility to turn pro.

The complete All-Star nine:

Moe Bauer, Wake Forest, Pitcher; Leroy Sires, Duke Catcher; Billy Smith, State, 2nd Base; Charlie Teague, WF, 1st Base; John Sykes, So. Car., Shortstop; Gene Hooks, WF, 3rd Base; Bill Fowler, State, Outfield; Ray Matthews,

Clemson, Outfield; Fred Knoebel, Clemson, Outfield.

The State Wolfpack clinched second place in the Big Four baseball standings by beating the Tarheels, 6-1, behind the six hit pitching of sophomore righthander Lunsford Lewis.

Lewis pitched all the way for State, and after the Tarheels touched him for four hits in the first two innings, he pitched hitless ball until the ninth.

In the final frame, Carolina's first two batters touched Lewis for singles, but he retired the next three batters in order.

Charlie Westbrook, footballer from Goldsboro, led the State batters with three for five. Big Don Cheek homered for the Pack in the fourth frame.

The Wolfpack will finish up the 1950 season by playing the McCrary Eagles at Ashboro tonight.

Chambers And Goldberg Shine In All Star Meet Under Arcs

FRATERNITY INTRAMURALS

By PETER KOCH

The school year is rapidly drawing to a close, so let's go back thru the year and take a quick look at what happened along the intramural front as far as the fraternities were concerned. Football held sway in the fall term, and after the last block was thrown and the last touchdown scored, Sigma Chi came out on top with the championship. Sigma Nu took top honors in volleyball, and Phi Ep took the handball championship for the third year in a row. Sigma Chi led PIKA at the end of the fall term by only 9 points.

The winter term schedule showed 4 sports—Sigma Chi won the basketball championship, and Kaps Sig walked off with top honors in swimming. Sigma Chi took the ping-pong title, and PIKA was the team winner in boxing. The KA's and PIKA's each had two winners in the wrestling finals. As we headed into the spring term PIKA led Sigma Chi by 8 points on the overall point standings.

Spring Sports

The spring arrived with softball, tennis, track, and horseshoes in the spotlight. SPE took the tennis championship, and Lambda Chi won the horseshoe elimination. Sigma Chi won the team championship in track. As yet, the softball champ has not been decided, but Sigma Chi or TKE will come out on top. At

the minute, it looks like the boys from The Sigma Chi house are the frat intramural champs this year. Congrats to the winners. That just about winds up the resume of frat athletics for the year.

The track finals were held last week and Sigma Chi was the team champ beating out PIKA and Sigma Nu. Here are the team results followed by the event breakdown.

Sigma Chi	29
PIKA	18 1/2
Sig Nu	15
SPE	10 1/2
SAE	6
100 yd. dash—Lassiter (PKA)	
Cheatham (SAE), Thompson (Sig Pi)	(11.2)
440 yd. run—Davis (Sig Chi)	
Robertson (SAE), Fleming (PKA)	(51.4)
1/2 mile—Jones (Sig Chi), Armstrong (Sig Nu), Le Grand (Sig Pi)	(3:44.4)
440 yd. relay—Sigma Nu, SPE, PIKA, Sig Chi, 49.4	
Broad Jump—Evans (Sig Chi), Sadler (PKP), Cramer (PIKA)	20 1/4"
Shot Put—Romanowsky (Sigma Nu), Steen (PIKA), Ligon (Sig Chi)	45'11 1/4"
Discus—Fleming (SPE), Cartier (Sig Chi), Steen (PIKA)	109'10"
High Jump—Tie between Bizzel, Kap Sig and Davis (Sig Chi)	three way tie for third place between Dalton (KA), Winston (PKA), and Shapard (Kap Sig) 5'6"

That just about winds it up for this year.

Dorm Doings..

Tonight in the First Annual Inter-Dormitory Council Dance which features Summey Cauble's Band, and no admission charges. The band is supplied free by the Musicians' Union. We hope that this dance will help establish a precedent to more universal and less expensive good entertainment here at State College.

Smith and Twyford on Intramural Board

Gene Jeffords, President of I.D.C. announced that the dormitory representatives on the Intramural Advisory Board for next year will be Robert F. Smith from Turlington Oormitory and J. W. Twyford from Welch.

Both of these men have been very active in intramural sports, and are well known as athletic leaders in their respective dormitories. Smith is also a member of the varsity baseball team, and Twyford is Assistant Publicity Director for dormitory intramurals. The dorms will be well represented by these capable men.

Final Meeting

The Inter-Dormitory Council held its final meeting last night, May 25th. Among the projects and plans discussed were:

- (1) Support and encourage attendance for Honors Day at the Coliseum on May 30th.
- (2) Appointments for dormitory athletic, social and publicity chairman for next year.
- (3) Freshman orientation week next fall.
- (4) Possible improvements of the social and recreational rooms in the dormitories.

Freshman and Varsity Trackmen Perform

By LEN COLLEY

Charlie "Chuck" Chambers, senior trackster from State, sprinted off the four individual trophies to lead the field of fine cinder stars meeting in the first Big Four Invitational Track Meet at the State track Tuesday night. The largest crowd ever to witness a meet at the local track was on hand to see seven track records fall before the relentless performances of the best State, Duke, Carolina, and Wake Forest could offer.

State's fine entry rang up a total of four first places: winning the mile run, the 440 yard run, the 220 yard run, and the mile relay. Jones, of the State freshman team nosed out his teammate Dave Dubow, to win in a record time of 4:22.2. Chambers added two more by dash-ing to wins in the 220 and the 440, generally considered the toughest race in track. In the final, the State mile relay team composed of the Goldberg, Orrman, Wadsworth, and Chambers raced to victory in a record performance of 3:24.1, breaking their own mark set previously this year.

Pictures Placed in Social Rooms

Vestal Fulp, I.D.C. photographer, is placing numerous pictures of dormitory officers, intramural athletic teams and dormitory social affairs in various dormitory social rooms on the campus. Fulp is doing this as a personal contribution—he deserves many thanks!

Honors Day

Honors Day will be held May 30th in the Coliseum. It will be an all-award day at which time intramural awards for sports and other outstanding recognitions will be presented. The entire student body is urged to attend this significant event. The band will play a few pieces and Governor Scott will be among the honored guests.

Chambers Honored

Midway in the proceedings, State's Chambers was again honored when he received the Thomas I. Hines trophy as the outstanding senior track performer, as chosen by the track coaches of each of the big four. The trophy was presented by Coach Tom Hines, former State track coach. The Daytona Beach, Fla. senior wound up four successful years with the State track squad at Tuesday night's meet.

The last event of the night, the mile relay, provided the most interesting race of the meet. Wadsworth last year's freshman flash, took over in the third lap of the four lap event, and managed to take a slight lead with a brilliant sprint which started Chambers around the final lap just a pace ahead of the field. He kept the lead around the backstretch, but stumbled and almost fell on the far turn, and for a second, it seemed as if he would lose out. He regained his balance, however, and put on the most powerful finish drive of the night to cop the event for the State team.

O'leary and Connor Star for Duke

Duke had its stars in strong man Jim O'leary, who took first in the shot put and discus throw, and John Connor, whose pole vault of 13 feet, 6 1/2 inches broke all track, Duke, and Southern Conference records for the event. Carolina's outstanding performer of the meet was sophomore Bill Albans, the one man track team, who swept to first place in the 120 yard high hurdle and broke the existing broad jump record by seven inches. Albans' versatility in the master of events makes him a definite threat for the Deacathon event in the next Olympics.

The meet, the first of its kind to be held at the State track was a success in every respect. Besides the numerous records which fell, the large crowd of some two thousand persons served notice that the sprint derbies were here to stay with the fans.

Tokes Beat Sigma Chi; Lumley Star Pitcher

In the finals of the fraternity softball championship, T.K.E. defeated Sigma Chi by scores of 5-3 and 13-3. Poss Lumley allowed only five hits in the last game to win his ninth straight contest. He is undefeated this season in intramural play.

Bob Thrower, the fastest player in fraternity softball, pitched both games for Sigma Chi, and despite the scores, he pitched two fine ball games. Both hurlers were bothered by bad fielding.

McGee Stars

The final game was a close

pitchers battle till the third and fourth innings, when the Tokes scored 12 of their 13 runs. The rallies were highlighted by the hitting of Clyde McGee, Paul Hodul and Gene Pettinelli. The Sigma Chi's were led at the plate by their catcher, Suggs and their heavy hitting third baseman, Dick Johnson.

Even though the Sigma Chi's lost in softball, they still gathered enough points to win the fraternity athletic trophy.

The Tokes will play No. 1 Becton, winners of the dormitory play-offs for the campus championship, this Monday. Poss Lumley will face Charlie Harroll of Becton, who is also undefeated.
