State College Welcomes Class of 1954!

Greater University Day Scheduled For Saturday 23

The Part That Hurts Papa

While son William writes on, Charles Earle, executive makes with the pen on a checkbook as Mrs. Earle watches. A native of Rockyville Centre, Long Island, N. Y., Bill will enroll in the College's famed School of Textiles. The Earle family sets a prototype for many such financial ceremonies as the freshman class gets in the groove for the coming year. In the reception room at Owen Hall Mr. and Mrs. Earle managed to smile happily before departing for home minus not only their son, but a sizeable chunk of their bank account. (Photo by John Mattox, courtesy of the Raleigh Times.)

State Freshmen Unloading for New Year

Typical members of the Class of 1954 are Edward Vick of Macleesfield, left, and Allen Sherman of Yadkinville, shown removing their gear to Owen Dormitory in the Freshman Quadrangle. Vick, a mechanical engineering student, and Sherman, a major in civil engineering are the vanguard of an expected 875 new students who began arriving on the campus Thursday. The 54 men were to attend at week of orientation prior to the opening of the fall term on registration days September 18-20. The total registration for the fall term is expected to be around 4,200. This represents a drop from last year's figure of 4,603. (Photo by John Mattox, courtesy of the News and Observer.)

North Carolina State College

Half-Time Ceremonies and Dance Feature Full Day of Activity

Saturday, September 23, is Greater University Day. The occasion is the annual varsity football war between Carolina and State in Kenan Stadium. Greater University Day was created in order to promote better coordination and co-operation between the three facets of the Greater University.

An all-day program has been planned which starts Saturday morning with a meeting at which all the representatives of the Greater University Student Council will be present. Later, at the Planetarium, a luncheon will be given for the representatives.

The half-time ceremony will find the presidents of the student governing bodies from the three colleges, the chancellors of the three colleges, Governor Scott and Greater University President Gordon Gray on the field.

There will be a sizeable gathering of unescorted W.C. girls on hand for the football game and the

dance in the evening. The dance will be informal and will be held in Woollen Gym.

The contingent from State will be headed by the Greater University Student Council Chairman, Hank Odum, and Secretary Charles LeGrand. Supporting these two will be Jack McCracken, President of the Student Government, Hal Brown, Vice-president of the Student Government, Bob Scott, Secretary of the Student Government, Harvey Schevick, Treasurer of the Student Government, Gene Jeffords, President of the Inter-dormitory Council, Charles Pugh, president of the YMCA, Bill Haas, Editor-in-chief of the Technician, Sam Furches, and Jack McCormack, council members and alternates Jeff Brooks, H. R. Caldwell and T. E. Hollowell.

Raleigh's "Miss Brightleaf" to Head Pep Rally

Virginia Garner, winner of the "Miss Brightleaf" contest for Raleigh held this Spring will be on hand to spark State's first Pep Rally. Later, the easy-to-look-at Miss Garner will head a torchlight procession through downtown Raleigh as the State cheering body winds up its "Beat Carolina" ceremony. The Friday night rally will be in preparation for Saturday's game which will begin at 7:30 in Keenan Stadium at Chapel Hill. For a story on Miss Garner, see p. 9.

Harvard Architect Joins Design Staff

Dean Joseph Hudnut of Harvard University's Graduate School of Design has been appointed as a visiting professor in the School of Design at State College.

Dean Kamphoefner of the School of Design said that the Harvard teacher would spend a week during each of the three school terms of the forthcoming academic year at State College and would conduct daily seminars during those visits for students in the School of Design.

Confining his attention to architectural history, Dean Hudnut will lecture on "The Plan of Rome" during the fall term, "The Plan of Paris" during the winter term, and "The Plan of London" during the spring term.

He will also deliver one public lecture each of the three terms on the general theme, "The Traditions of Architecture." His first public lecture will be on the topic, "The Classical Tradition," and the second will be entitled "The Roman Tradition." His final lecture will be on

DEAN HUDNUT

"The Tradition of Functionalism."

Lauding Dean Hudnut for his work as a teacher, Dean Kamphoefner labeled him "the father of modern architectural education in America. Prior to going to Harvard in 1936, Hudnut was dean of architecture at Columbia University and taught at the American Institute in Chicago and at the University of Virginia.

New Freshman Class Welcomed To State

State College welcomed a new class of freshmen Thursday.

The new students began arriving for a week of orientation Thursday morning and attended their first class meeting in Pullen Hall Thursday night at 7:30 o'clock.

Chancellor J. W. Harrelson spoke to the freshmen at their meeting Thursday night. Dean of Students E. L. Cloyd presided and made announcements relative to college regulations and to the orientation program.

Approximately 875 freshmen are expected to enroll at the college this week. Advanced students and transfer students from other colleges and universities will register September 18, 19, and 20.

Class work for all students will begin on Thursday, September 21, when the institution will open its 62nd year of service.

Registrar W. L. Mayer has predicted that the total enrollment for the forthcoming school year will be between 4,000 and 4,200. The peak enrollment for the last academic year was 4,603.

The all-time high in enrollment was reached in the fall of 1947 when 5,335 students—mostly veterans of World War II—converged on the campus, and the pre-war student body set a record in the fall of 1941 when around 2,600 students reported for classes.

The number of veterans attending State this fall is expected to show a sharp decline since most of the former service men completed their work for degrees last summer.

Effect of the outbreak of war in Korea on this year's enrollment is uncertain at the present time.

When students report to the campus this week, they will observe an expanding physical plant as authorized by the 1947 and 1949 sessions of the General Assembly. The college is currently conducting a \$15,300,000 expansion program, with several buildings now under construction.

N. C. State, now the center of technological education and research in the Southeast, first opened its doors to students on October 3, 1889.

Establishment of the institution was due largely to the militant efforts of Col. Leonidas L. Polk, hard-hitting editor of The Progressive Farmer; the Watauga Club; and the provisions of the Merrill Act of 1862. From its humble beginning, the college has marched straight ahead to take a position of leadership among the institutions of technology in the United States.

State College has grown from its one building in 1889 to a physical plant valued in excess of \$12,000,000 today, with a precedent-setting expansion program now under way. The enrollment has advanced from 72 students—who reported to President Alexander Q. Holladay during the first academic year—to over 4,000.

The teaching staff has jumped from President Holladay's original faculty of six to approximately 440 now. Over 1,000 persons are employed on the campus.

Managers Named

The following students have been appointed to the position of building managers for the various dormitories: Owen, John White; Tucker, William May; Alexander, David Sides; Bagwell, Lawrence Wall; Becton, Douglas Watts; Berry, Hilary Daughtery; Syme, R. N. Jones; Turlington, Emory Wilson; Gold, P. C. Kochhar; Welch, Roy Huffman; Fourth, Hal Saunders; Watauga, Dick Gillon.

These students will serve the dormitory occupants by keeping directories posted, reporting needed repairs, supervising trunk rooms, keeping home addresses and other pertinent information about the residents.

Professor Ruffner Retires After Thirty Years Service

Messages Received

Among the messages received were letters from Congressman Thurmond Chatham, Dr. H. C. Byrd, president of the University of Maryland; Judge Julius G. Adams of Asheville; Agriculture Commissioner L. Y. Ballentine; and from officials of the four national livestock breed associations, the University of North Carolina, the University of Georgia, Clemson College, VPI, and the Pennsylvania State College.

Professor Ruffner received gifts of luggage, silver, a watch, and a radio.

Prior to joining the State College faculty in October, 1919, Professor Ruffner served as assistant quartermaster for Isthmian Canal Commission, taught the first course in poultry science at the University of Maryland, was extension dairyman in Virginia, and held the post as assistant to the State veterinarian for Maryland.

He was appointed professor of animal husbandry and dairying at N. C. State in 1919. As head of the College's Animal Industry Department for many years, he supervised official testing of dairy cattle in the State, designed the present College dairy barns, and built the institution's rich grassland farm. In addition, he has judged dairy shows throughout the Southeast.

Virginia Native

He was born on a farm near Warrenton, Fauquier County, Virginia, on May 22, 1882, and was educated at the Rockingham Military Institute, the College of William and Mary, and the University of Maryland. He was graduated from the latter institution with the Class of 1908 and later did graduate work at Cornell University and N. C. State College to earn his M.S. degree.

Professor Ruffner is a past president of the Raleigh Lions Club and is a member of the Methodist Church. He resides with Mrs. Ruffner at 1910 Park Drive in Raleigh.

Prof. Robert H. Ruffner, a veteran faculty member in the Department of Animal Industry at State College, retired on June 30, 1950, after more than 30 years of service on the institution's staff. He was honored for his academic work and scientific achievements at a banquet in the college dining hall on the day of his retirement.

Scores of congratulatory messages were dispatched to Professor Ruffner by agricultural scientists, statesmen, educators, fellow teachers, and former students. All of the letters were presented to him at the banquet in a bound volume bearing his name.

Lauded by Harrelson

Chancellor J. W. Harrelson of State College lauded the retiring staff member's record of service and said:

"You are greatly respected by the administration here and universally loved by the former students. A down-to-earth philosophy on education and a genuine sympathy for students and their problems place you at the top of the student ratings."

Dr. James H. Hilton, dean of the College's School of Agriculture and director of the Agricultural Experiment Station, told Professor Ruffner that "it must be a source of genuine satisfaction to you to know that you have contributed so much to so many."

Other speakers on the banquet program included Dr. D. W. Colvard, head of the State College Animal Industry Department; Dr. Z. P. Metcalf, associate dean of the Graduate School; R. S. Edmiston of Mooresville, president of the North Carolina Ayrshire Breeders Association; Allan Mims of Rocky Mount, president of the North Carolina Guernsey Breeders Association; C. E. Rankin of Morganton, president of the North Carolina Holstein-Friesian Association; and Melvin G. Cording of Wallace, president of the North Carolina Jersey Cattle Club.

The toastmaster was A. R. Morrow of Charlotte, manager of Morcroft Farms.

DESIGN SCHOOL MOURNS LOSS OF PROFESSOR

Matthew Nowicki, who was listed among the victims of the plane crash near Cairo, Egypt, Aug. 31, was a member of the State College faculty since September, 1948.

He held the title of acting head of the Department of Architecture in the College's School of Design and was a design consultant for the United Nations.

A native of Poland, Professor Nowicki handled a number of architectural assignments while on the State College staff. He designed the interiors of the Carolina Country Club in Raleigh and was a consultant to William H. Dietrick, Raleigh architect, in designing the new State Fair Coliseum. He was also a consultant on the design of the proposed State Archives and Museum Building.

Surviving are his widow, Mrs. Stanislaw Sandecka Nowicki, who was also on the college staff as a visiting assistant professor in the School of Design; and two sons—Paul, 9 and Peter, who was born last April.

The Nowicki family resides at 1817 North Smallwood Drive.

Professor Nowicki was scheduled to arrive in New York Friday night and was to return to his home in Raleigh Saturday morning. He was expected to resume his duties at State College next week in preparation for the opening of the fall term in September.

When informed of Nowicki's death, Chancellor J. W. Harrelson of State expressed his and the institution's "deep regret" and said that the architectural educator would be "greatly missed in the School of Design at State College."

Chancellor Harrelson lauded Nowicki as "very distinguished architect and artist" and commented:

"His coming to America from Poland was this nation's gain, and his coming to the State College was our gain. We will miss him."

Professor Nowicki left Raleigh on June 28, carrying with him architectural plans for a new capital city for the Punjab Province in India. He had been in India since June conferring with Punjab authorities about the building of the new metropolis.

When India was partitioned in 1947, the Punjab Province was split in two, and the old capital of Lahore was given to Pakistan. With Prime Minister Jawaharlal Nehru's approval, the Indian province decided to build itself a capital city from the ground up.

A New York architect, Albert Mayer, 52, who was stationed in India as a lieutenant colonel with the Army engineers during World War II, was chosen by the Indian officials to plan the new city. Mayer was enthusiastic about the "blue-

printed city," dubbing the project as "an architect's dream."

He called on the State College professor, a native of Poland and a consultant to the United Nations design board, to draw up the architectural plans for the city. Nowicki began his work on the task early this year and completed most of his preliminary drawings for exhibition at the annual convention of the American Institute of Architects in Washington on May 10.

The AIA members were delighted with Nowicki's blueprints. So were the Indian officials, including Punjab's Chief Minister, Gopi Bhargava, who exclaimed: "It will be the world's most charming capital."

Mayer's and Nowicki's plans include civic centers, business areas, residential sections, and governmental buildings. Provisions will be made for a population of 150,000—with plans for expanding the metropolis to 500,000.

Time Magazine, in its issue of June 19, compared the work on Punjab's new capital to that of Peter the Great who built St. Petersburg, Major Pierre Charles l'Enfant, who designed Washington, D. C., and to a United States architect, Walter Burley Griffin, who planned Australia's Canberra.

Nowicki, whose father was the Polish Consul-General in Chicago from 1921 to 1925, studied at the Chicago Art Institute and was graduated from the Technological Institute of Warsaw in 1936. His work as an architect is known throughout the world.

Professor Nowicki was a former faculty member of Pratt Institute and was a Polish delegate on the headquarters committee of the United Nations in the fall of 1946, working on the selection of a permanent UN home.

While he was associated with State College, he continued as a UN consultant until his work on the design of the assembly building was completed.

A requiem mass was celebrated for Matthew Nowicki in the Sacred Heart Cathedral here Thursday morning at 9 o'clock. Monsignor J. Lennox Federal was in charge.

Dorm Direction Signs

There'll be no more wandering around aimlessly searching for the correct dormitory this year.

Bright red and white directory signs have been placed conspicuously on the front of each dorm, heralding the correct name of the building.

Students returning to school this fall can thank two hard working groups for this new addition to the dormitories. The Interdormitory Council and the Industrial Arts Club are responsible for this advantageous addition to the school.

Sneak Preview on Freshmen Impressions

By BOB HORN

We don't presume to know the exact impressions with which a State frosh will be struck as he approaches this magnificent academic layout. Perhaps, like others before him, he will revolt and retreat aghast to the sanctity of the place from whence he came.

There are always an impressive number, though, of those sturdy souls, who remain to assault the coldly academic and highly technical State College facade. To this latter group we offer an encouraging bravo. Once the last year's dust has been cleared away and the reigning Statemen take over the mismanagement and maldirection of student activities, an esprit de corps emerges which is usually of sufficient strength to carry the student body through the remainder of the year.

Amidst the gripes, the groans, the atmosphere of general confusion and complete bewilderment which usually prevails such familiar cries as, "The Mop-up is robbing us of every cent we've got," "Is that the cafeteria's best?" "Where's Polk Hall?" "I've got 20 hours for the first term." "How do you get to Peace?" (you don't; you go to pieces first) "How do you ring up a St. Mary's belle?" can be heard permeating the air.

It has been our constant and somewhat sad observation that whatever portion of your meager funds the Mop-up and book store do not claim, the cafeteria and lunch rooms soon will. You may, with careful planning, have enough left over every third month or so to pay the cleaner's bill or to attend a bargain hour show at the local cinema. (At the Ambassador from 1 to 2 P.M.)

We realize of course that first impressions are apt to be somewhat distorted, but we offer them nonetheless. If you look closely, the glitter and glamor of State will penetrate the technical haze and will emerge a truly fine and inspiring thing. If it is obscured at first, don't be given to fits of despondency or lack of hope, for as they repeatedly remind us over the radio, "Life can be beautiful"—Even at State College.

With a thirteen million dollar building program in full swing, the chances of there being any peace and quiet on the campus are remote in the extreme. Beware then, of forming any new paths or shortcuts through the maze of construction equipment. Just as surely as the world is not made of green cheese—the engineers will contrive to run a ditch, a wooden barricade or a concrete conduit through it. Also, the mud may bother you a little at first, but one becomes accustomed to it. Last year the gooey fudge banks came dangerously close to claiming three hapless freshmen who wandered aimlessly into one of the most active construction areas. The wanderers were trapped in the area for an entire weekend after a spring monsoon. A spontaneously organized search party found them weak but uninjured after the not too happy exposure.

We hope that there will be no recurrence of that near catastrophe.

About Honor

Before you as freshmen came to State College a great deal was said and done about a new honor system. While you are here and perhaps after you have gone, much more will probably be accomplished along the line of instituting a new honor system. You are therefore and extensively all proposals encouraged to consider intensively concerning such a new system. Size up its every aspect, investigate it thoroughly and thoughtfully so that you will understand it in all its implications and commitments.

In the past a basic lack of understanding was predominantly responsible for a new system not being unanimously accepted by the college voters. State College most

Architect Club Officers

JESSE R. NORRIS, JR.

SHELTON C. CANTER

ELIZABETH B. LEE

CHARLES A. MOSS, JR.

Pictured here are the newly elected officers of the N. C. State College Student Section of the American Institute of Architects who will serve during the 1950-51 academic year. The organization is composed of students in the School of Design at State College. Top row, left to right: Jesse R. Norris, Jr., of Raleigh, vice-president, and Shelton C. Canter of Wilkesboro, president. Bottom row, left to right: Elizabeth B. Lee of Lumberton, secretary, and Charles A. Moss, Jr., of Gastonia, treasurer.

assuredly does need something to replace the faltering sham and excuse for an honor system which it now has, and which has, for many years, been obsolete.

True, State College has never dedicated itself to the production of honorable men. Nonetheless an impressive number of such men have been graduated from the institution. There is no doubt that the number could have been greater. That is why a new honor system was proposed.

A well organized and properly functioning honor system requires years of patient and determined cultivation before its full worth can be measured. Many foundations for such a system have been laid. Unfortunately most of them crumbled from lack of attention and upkeep. Last year an honor system similar to those which are in fine working order at Wake Forest and the University of Virginia was put before

the student body to vote upon. The proposal was defeated, not because it was a bad one, but because a majority of those who did not favor it were not properly informed of its organization and function. Make sure that if another such system is proposed that you are fully oriented.

Saying "Hello" May Help You

After a heavy rainstorm has abated, a close inspection of some of the sidewalks and doorsteps may reveal the remains of a little notice which the student government had painted on the pavements two years ago. The now-obscure letters once brightly said, "At State College everybody says hello." This was somewhat of an understatement. At State College everybody should say hello, but seldom is the energy required for the utterance ever expended. Most of the time State Collegers pass each other in blissful oblivion or calculated indifference.

Always First With All That's New

Get the Most Out of It

The freshman class that now is entering State College faces a problem similar to the one that faced their older brothers just a few short years ago.

World unrest and indecision clouds the mind of every new student. The tendency in such a situation is to ride along just to kill time.

Regardless of the war situation and your draft status, you came to State College to get an education. Cast out the thought of possibly leaving school at the end of a term or a year. Look ahead to four years of uninterrupted study. Go to school full time, not on a part time basis.

Even if you are forced to leave school at any-time because of the impending war, the credits you receive will still be acceptable upon your return. Get as much work done as possible. You will find that studying is a little harder after a forced vacation such as the vanishing veteran college man took from 1941 to 1946.

Don't waste time. Get the most out of your first years at State College!

BH

N. C. State's Alma Mater . . .

Words by A. M. FOUNTAIN, '23
Music by B. F. NORRIS, '23

Where the winds of Dixie softly blow
O'er the fields of Caroline;
Where the tall pine tree sentinels stand
As a guardian at thy shrine;
Where the bravest hearts of men are found,
That are loyal through and through,
There stands, ever cherished, N. C. State,
Firmly, strong and true.

Chorus

Then lift your voices! Loudly sing
Our Alma Mater's praise!
Over all the earth her song shall ring,
Whose notes we proudly raise;
Her glories we shall sound afar
From hill to ocean side;
Our hearts ever hold you, N. C. State,
In the folds of their love and pride.
Shout afar our tribute loud and strong,
That the whole wide world may hear,
Tell the story to all the land, ye,
Her sons, and have no fear.
As she grows the greater ev'ry hour,
As she scales the topmost height,
Our voices will blend in triumph songs
For the Red and White.
Though the years come and go their way
Down the path where ages trod;
Though the workings of men may lead,
As we leave our native sod;
Yet no time or cline can e'er dispel
Any love that holds thee near,
Nor keep from our hearts thy memory,
Alma Mater, dear.

Entered as second class matter, February 10, 1920, at the post office of Raleigh, North Carolina, under the act of March 3, 1879

A Challenge

The most important class at N. C. State is the Freshman Class. The freshmen are so important because they are the foundation. They are the new and fresh men from whom come new ideas, new leaders, and new workers that have the energy to outdo their predecessors. From these freshmen comes the school spirit and the actual support of all campus activities.

A freshman looks ahead to four years of college life; therefore, he is not content to let the college activities remain in the doldrums. He does all in his power to improve them for the future generations of freshmen.

There is a challenge. That challenge is to convince the upperclassmen that the present freshman class is the best one yet. The lowly freshman is not so low after all, for he has the responsibility of introducing new life into an old institution.

State College welcomes and challenges the freshman.

RM

A Statement of Policy

This is a statement of policy. It is a promise and a pledge. It may be interpreted as a warning or even as a threat. It is a statement of our convictions.

THE TECHNICIAN is taken over this week by a new editor, managing editor, business manager and their appointed staff members. THE TECHNICIAN will be a good paper this year; the new staff will expend every energy toward making it the best N. C. State has ever seen.

We think we understand the responsibility the student body has placed in us. We know that by giving us the top position on this paper, the students have given us a sword, a two-edged sword that may be used for good—or for evil.

We intend to wield that sword and wield it often. We intend to use it to cut down anything that stands in the way of progress or freedom of thought and expression. We intend to use it in carving out of raw materials called talent and ambition and energy a proud voice of democracy.

We know that in many cases the sword may cut into innocent flesh, and cause pain. If such be the case, we'll bind up the wounds. But this sword, this voice, will be used to criticize, to cut into and expose to view good and bad, despite the fact some will suffer for it.

THE TECHNICIAN will commend when commendation is deserved; it will condemn when condemnation is needed. It will look into every situation and will, if in any way possible, take the side of the student. At the same time, the student body is not always right—most of the time, maybe, but not always.

It will be our duty to record and to comment and to interpret and entertain. All these things, THE TECHNICIAN will do. If at any time we seem to be failing to carry out these duties, these promises, we hope

State College Keep Fighting Along

Words by H. M. RAY
Music "Caisson Song" by COL. E. L. GRUBER

Play the game, fight like men,
We're behind you lose or win—
State College Keep fighting along!
Scrap 'em men; hold 'em fast;
You'll reach victory at last—
State College Keep fighting along!
Rise men, to the fray, and let your banners wave,
Shout out our chorus loud and strong;
And where'er we go we'll let the whole wide world know,
Old State College keeps fighting along!

Students To View State College Movie

Completion of a 20-minute motion picture with sound and in color depicting the work of State College during a 12-month period was announced today by H. W. (Pop) Taylor, executive director of the College's General Alumni Association.

Preparation of the film took place over a three-year span. The film covers all of the varied activities of the college and its allied agencies.

The movie's production was sponsored by the General Alumni Association and will be shown before alumni groups throughout the world. It will also be shown before State College students, faculty and staff members, civic clubs, and in all of the State's public schools.

Taylor directed the production of the film. Dr. Landis Bennett, head of the College's Visual Aids Department, did the photographic work, and Rudolph Pate of the College News Bureau wrote the script.

The film's premiere will be held in the auditorium of the School of Textiles Building at the college tomorrow afternoon at 5 o'clock. A group of newspaper and radio representatives, Raleigh civic leaders, faculty and administrative officials of State College, and other friends

of the institution have been invited to attend the first showing.

Showings for the faculty will be held in the School of Textiles Building Monday at 7:30 p.m. and 8:30 p.m. The freshman class will see the film in the Varsity Theatre Tuesday morning at 9:30 and 10:30 o'clock.

Advanced students and transfer students who will arrive to register for the fall term next week have been invited to attend showings of the picture in the School of Textiles Building Monday night at 7, 8, and 9 o'clock and Tuesday night at 7, 8, and 9 o'clock.

Students with surnames beginning with the letters A through B are invited to the 7 o'clock showing Monday night, and those with surnames beginning with C through F are asked to see the 8 o'clock show Monday night. Those with surnames beginning G-J are invited to attend the 9 o'clock show Monday night.

Students with surnames starting with the letter K-N are invited to the 7 o'clock show Tuesday night, and those in the group O-SI are asked to go to the show at 8 o'clock Tuesday night. The remaining students Sm-Z are invited to the final show Tuesday night at 9 o'clock.

we'll be told about it. Unfortunately, it's only the grippers who are inveterate letter-to-the-editor writers. Satisfied readers or pleased readers don't make it a point to let a newspaper staff know how they feel.

In our editorials, we plan to take definite, vigorous stands on all important questions. We have no use for a lily-livered editor who has a spine like that of a jellyfish. We don't like fence-straddling, and we are just a little suspicious of a middle-of-the-roader. You won't find any fence-straddling in *The Technician* this year.

If anyone disagrees with us—and we certainly hope they will—they will be given an opportunity to air their views in these columns. The paper belongs to the students, and one of its most important functions is to give the students voice. Let-

ters to the editor will be encouraged.

On the other hand, it is not the duty or the right of the editor to pen blistering editorials on every subject suggested to him by some student with a gripe. The editor would write the denunciation and take all the criticism for it, if there would be any, simply because one person had a gripe.

This year's editor of *The Technician* believes in student government. He believes it can work, and work effectively. He will strive at all times to contribute to that effectiveness by bringing out into the open all phases of student government activity.

Our pledge to you is this: We will give you the finest volume of *The Technician* students here have yet seen. We're willing to put that much work and time into the paper's publication.—HAAS

Graduate Fellowship Offered In Ceramics

Establishment of a graduate fellowship, valued at \$1,200 annually, in the Department of Ceramic Engineering was announced recently by Dr. W. W. Kriegel, department head.

The fellowship, which will provide recipients with a year's graduate study in ceramic engineering at the college, was created by six ceramic industrial companies. It will be open to candidates for M.S. and Ph.D. degrees in the School of Engineering at State College.

Selection of thesis problems and the awarding of the fellowship each year will be handled by the College's School of Engineering. The initial research work to be conducted by the first recipient, Dr. Kriegel said, will be in the field of whitewares, which includes porcelains, dinner ware, and other ceramic products.

Strengthen Program

The fellowship, Dr. Kriegel stated, will strengthen the graduate program of the college and will enable the Department of Ceramic Engineering to extend its research investigations into subjects which have not been studied thoroughly in the past.

He expressed the college's appreciation to the companies for the grant and hailed the development as another step toward scientific progress in the State.

Industrial firms establishing the fellowship are the Harris Clay Company of Spruce Pine, N. C.; the Consolidated Feldspar Corporation of Kona, N. C., and Trenton, N. J.; the Feldspar Flotation Corporation of Spruce Pine; the Feldspar Milling Company of Burnsville, N. C.; the North Carolina Feldspar Corporation of Erwin, Tenn.; and the United Feldspar and Minerals Corporation of Spruce Pine and New York City.

These companies decided to create the fellowship at a recent meeting with Dr. Kriegel in the offices of the Harris Clay Company in Spruce Pine.

Company representatives attending the meeting were R. W. Lawson, president of the Consolidated Feldspar Corporation; Scroop W. Enloe, president of the Harris Clay Company; W. F. Deneen, president of the North Carolina Feldspar Corporation; Carroll Rogers, Jr., manager of the Feldspar Flotation Corporation; Scroop W. Enloe, Jr., assistant to the president of the Harris Clay Company; Roy Weld, manager of the Harris Clay Company; John E. Boyd, vice-president of the United Feldspar and Minerals Corporation; and Carroll Rogers, Sr., president of the Feldspar Milling Company.

A.A.U.P. ELECTS PROFESSOR CLARK

Prof. Joseph D. Clark of the State College English Department has been elected president of the college chapter of the American Association of University Professors for the 1950-51 school year, chapter officials announced recently.

Other new officers of the chap-

ter, which has 60 members at State College, are Selz C. Mayo, vice-president; Philip M. Rice, secretary; and Francis McVay, treasurer.

Members of the tenure committee are Jesse Doolittle, chairman, Key L. Barkley, and Rudolph Freund. The membership committee is composed of Frank Roop, chairman, L. W. Seegars, Lee Roy Martin, and G. N. Webb.

State Student Wins Honorable Mention

Last Fall the Ferro Enamel Corporation, Cleveland, Ohio, through its Vice-President in Charge of Research, Dr. G. H. McIntyre, announced a Contest, open to all students in Ceramics or Ceramic Engineering, graduate or undergraduate, registered in schools and colleges in the United States and Canada. The contest offered, for the best papers dealing with Porcelain enameling technology, prizes totaling One Thousand Dollars. Purpose of the contest, according to Dr. McIntyre, was to stimulate interest in Porcelain enamel education. He said at that time that all companies benefit in proportion to the education given scientific workers and that therefore it is to the best interests of industry to foster education.

Winners in the Ferro Contest were named at the 52nd Annual Meeting of The American Ceramic Society, held at the Statler Hotel in New York. Judges named were Dr. McIntyre, Charles S. Pearce, Secretary, The American Ceramic Society and Edward Mackasek, Managing Director, Porcelain Enamel Institute, Inc., Washington, D. C.

Prize Winners Named

In a short ceremony following a regular technical session of the Enamel Division of The American Ceramic Society, the winners were announced by Dr. G. H. McIntyre, Chairman of the Contest Judging Panel.

Welch Wins

John Calvin Welch, Jr., a student at State College won Honorable Mention in the contest with his paper titled, "Preparation of Low Temperature Enamels for Aluminum Metals."

Dr. McIntyre announced that his company will repeat the Thousand Dollar Award Contest in 1951. Further announcements will be made through the Ceramic Engineering Schools.

I. D. C. To Be Great Aid To Freshmen

One organization on the State College campus that will be of greatest assistance to the new freshmen is the Interdormitory Council.

The IDC is a babe-in-arms as far as age is concerned, but the group is one of the hardest working and smoothest functioning clubs on the campus.

The council is in its second year of operation. Under the leadership of Alex Vann, first IDC President, it grew from an idea to a full-fledged club.

Heading the council this year is Gene Jeffords. Jeffords is a quiet, unassuming war veteran whose size belies his vitality. Every new freshman on the campus will soon know Gene to speak to or will at least know who this little ball of fire is.

A representative from the IDC is chosen to cover dormitory intramural events and have them printed in the TECHNICIAN. Athletic Directors in each dormitory organize the various teams and conduct the activities of these teams throughout the year.

Some of the accomplishments of the Inter-dormitory Council include better dormitory recreation in the form of "Day Rooms," many parties with the local college girls and business girls, a strongly integrated dormitory group comparable to the fraternities, and many other outstanding achievements.

Design School Names Two New Instructors

Appointment of two teachers to the faculty of the School of Design for the 1950-51 school year was announced recently by Dean Henry L. Kamphoefner.

The two new men are Cecil Dean Elliott, who will hold the rank of assistant professor of architecture, and George W. Qualls, who will serve as an instructor of architecture. Both men are natives of Oklahoma and veterans of World War II.

Training

Elliott received his undergraduate training at the University of Oklahoma and earned his master's degree at Harvard University. He worked for one year as an instructor at the University of Oklahoma and was an assistant professor for one year at the University of Minnesota. He is now a designer in an architectural office in Chickasha, Okla.

Dean Kamphoefner said that Elliott was graduated from the University of Oklahoma with the highest academic record of any student in that institution's history.

1950 Graduate

Qualls, a 1950 graduate of the State College School of Design, won several prizes in architectural competitions as a student at the college. One of the awards which he received was presented by the Brick and Tile Association. He is a native of Oklahoma City, Okla., and has been accepted as a graduate student at Harvard in the fall of 1951.

Dorm Counselors Welcome Freshmen

Freshmen Dormitory Counselors arrived on the campus on September 13th and jumped right into their job of welcoming the new freshmen and making them feel at home at State College.

The counselors will see that the new students are familiarized with the campus layout and meet their schedules promptly during orientation week.

The chief counselor of Owen Dormitory is Jonathan Fulton. His helping counselors are James M. Ward, Jr., C. Robert Bradford, Eugene L. Jeffords, Richard Pitts, Jefferson D. Brooks, III, Julius Lasnick, James A. Shuping, George W. Hawkins, James Harvart, Frank Jenkins, James G. Rogers, and Robert Knoop.

Tucker Dormitory is led by Chief Counselor Wade W. Foy, Jr. He is assisted by Counselors Rolf Kaufman, Bobby B. Brown, Edward Murrow, S. Eugene Younts, Donald F. Fincher, John A. Dinan, Herbert Soanick, Paul J. Johnson, Lambert M. Sutton, Paul R. Foght, Billy A. Pressen and Robert A. Bowers.

Music Lovers Have Variety of Choices

If you have had any kind of musical background, you have an opportunity to continue your favorite musical activity by joining one or more of the college musical organizations. Those interested should join at once, for every rehearsal is an important step toward each goal of achievement during the school year.

Freshmen auditions for Bands (R.O.T.C., Redcoat and Concert) will be held in the Band Room in the basement of the Frank Thompson Gymnasium on Tuesday, Sept. 19 between 9:30 and 10:30 a.m. whichever time does not conflict with the applicant's scheduled attendance at the Varsity Theater. This late audition is held for the benefit of those who did not attend the auditions on Friday, Sept. 15.

Upper class "Redcoat" bandsmen are to call for their uniforms and locker assignments Tuesday or Wednesday, Sept. 19 and 20. Freshmen chosen for the "Redcoat" Band will be notified concerning uniforms. Full rehearsal and drill for the "Redcoat" Band Thursday night, 7:00 p.m. September 21, and if possible, one on Wednesday night also.

This band will put on a show at the Carolina game in Chapel Hill September 23, and at all the home games, at Wake Forest and Norfolk, Virginia. The band will also play for the more important pep rallies. The Redcoats also have a very important part in the Inaugural ceremonies for President Gray on October 10.

The Glee Club will meet each Monday, Tuesday and Wednesday at 7:00 p.m., beginning Sept. 25, in Pullen Hall, for one hour. The first appearance will be in the Coliseum on October 10, when it joins the glee clubs of Woman's College and Carolina in a massed chorus, accompanied by the State and Carolina Bands. The Glee Club will present at least one concert each term in Pullen Hall, as well as make one or more trips later as sufficient repertory has been mastered.

The orchestra meets in Pullen Hall each Tuesday night at 8:00 p.m. in preparation for at least one symphony concert each term. Membership in the orchestra is open to qualified musicians not enrolled as students, as well as regular college students.

Receive Architectural Awards

KENNETH SCOTT

THOMAS MARSHALL

Thomas Fuller Marshall of Tulsa, Okla., right, was recently selected to receive two awards presented by the American Institute of Architects for his "general excellence in architecture" as a student in the School of Design at N. C. State College, and Kenneth M. Scott of Charlotte, left, was the runner-up for the honors. Marshall was awarded the AIA medal and a copy of Henry Adams' book, "Mont-Saint-Michael and Chatres," and Scott was presented a copy of the book. The awards were presented on the basis of scholarship, character, and "general all-around ability and promise in the profession." The presentations were made at a meeting of the Raleigh Council of Architects by William H. Deitrick, past president of the North Carolina Chapter of the American Institute of Architects. These awards are presented only to students in accredited schools of architecture.

Special Counselors for P.L. 16 Vets

A personal counselor to assist the individual disabled veteran in his rehabilitation program under Public Law 16 has been appointed by the North Carolina Veterans

Administration Regional Office.

In making such a counselor available to the disabled veteran, the VA is attempting to give assistance to those veterans who have

not progressed as successfully in their rehabilitation program as they would like because of problems peculiar to the individual veteran, J. D. DeRamus, Regional manager, explained.

Evan R. Ray, who recently completed three years' work as psychologist in the Durham VA Mental Hygiene Clinic, has been selected for the counselor post.

Ray will be stationed at the Regional Office in Winston-Salem, however, when there are sufficient cases in a specific area of the state, he will travel to a centrally-located city in each such area and confer by appointment with the veterans desiring personal counseling.

V. A. Outlines Loan Guaranty Rights

The Veterans Administration today outlined conditions under which World War II veterans who have used their loan guaranty rights under the GI Bill may have their entitlement to VA-guaranteed loans for homes, farms and businesses restored under certain special circumstances.

The Housing Act of 1950 authorized the VA to restore the amount of loan guaranty entitlement used by a veteran to purchase property which subsequently is taken over for public use, destroyed by fire or other natural hazard, or is "disposed of because of other compelling reasons devoid of fault on the part of the veteran."

A further condition is that the VA must have been relieved of liability in connection with the government guarantee on the loan with no claim having been made against it, C. H. Ball, loan guaranty officer for the N. C. region, explained.

In defining "other compelling reasons," Ball said it first must be shown that failure to restore the used entitlement would result in a "substantial hardship" to the veteran. Examples of conditions under which restoration may be made were outlined as follows:

1. Reasons of health, such as where a home is disposed of because the type of dwelling or climate of the locality is injurious to the veteran or a member of his family, as evidenced by a doctor's certificate;
2. Employment reasons, such as loss of employment which requires removal to another city or town, or where the veteran is transferred by his employer. In such cases, the VA said, the reason for moving must be one which could not have been anticipated at the time the property was purchased. Loss of temporary employment, or persons subject to an employer's rotation policy, as in the case of a regular military personnel transferred periodically, do not qualify;
3. Such other reasons as the VA finds in individual cases to be com-

pellent," where disposal of the property became a practical necessity due to factors over which the veteran had no control.

The VA emphasized that entitlement cannot be restored where the veteran's mortgage indebtedness is assumed by a third party, with the VA remaining liable on the loan guarantee. Also, restoration will be made but once for any veteran, except in very unusual circumstances.

Prior to the GI loan amendments contained in the Housing Act of 1950, approved April 20, an eligible veteran was entitled to a VA guarantee of 50 percent of a real estate loan, up to a maximum guarantee of \$4,000. For veterans who have used none of their loan guaranty entitlement, the Act raised the home loan guarantee to 60 percent of the loan, and a maximum of \$7,500.

Ball said that where a veteran had used none of his loan guaranty entitlement other than that which is restored under the new provision, he will be considered as having used none of his loan rights and, therefore, eligible for the higher guarantee.

Application for restoration of used entitlement should be made to the Loan Guaranty Officer of the VA Regional Office which issued the guarantee on the loan. A written statement should be submitted setting forth the reasons for the request; details of the damage, destruction, condemnation, loss or disposal of the property; the amount realized from the sale, condemnation award or insurance settlement and the disposition made of it; and whether the property is to be restored.

In the case of requests based on reasons of health or employment, a doctor's certificate confirming the health factor, or a statement from the employer evidencing loss of employment or of transfer and the reasons for it, should be supplied.

All applications should include the veteran's certificate of eligibility, if one was issued to him; otherwise, his discharge certificate.

new students will be the guests of Brooks Recreation Center on the nights of September 27 and 28.

Transfer students will be given a free night at Brooks on October 4th.

Arrangements have been made with the manager of The Ambassador Theatre to honor freshmen on the nights of September 25 and 26. tickets in registration line. State's

Free Tickets

Although it may seem that all you do is pay out your dad's hard-earned cash to everyone you meet on the campus, that is not entirely the case.

The city of Raleigh and some of its more generous merchants will give the new freshmen a few free days in the Capital City.

Wins Scholarship

THOMAS R. BOYETTE, JR.

Thomas Roy Boyette, Jr., of Rocky Mount, a 1950 graduate of the Rocky Mount High School, has been awarded a scholarship at the Morehead City Technical Institute, a branch of N. C. State College. Boyette plans to enter the Institute in September. He was chosen to receive the scholarship on the basis of his scholastic record and for submitting an essay on "Why Diesel Is the Modern Power." A feature article on the Morehead City branch of State College will appear in a future issue of THE TECHNICIAN.

Dean Wood's Advice To Freshmen

From the office of the Dean of Students come a few timely and worthwhile suggestions which are listed below. All incoming freshmen are urged to look them over carefully.

1. Be sure to get all books, supplies, equipment, etc., needed for classes.
2. Take an interest immediately in extra-curricular affairs; however, do not take on too much.
3. If you need assistance with mathematics or English, be sure to go to the special tutoring classes at night. Watch for the schedule in the Blue Bulletin.
4. If you begin to have academic difficulties, go see your academic advisor immediately for suggestions and assistance.
5. Be sure to attend every class so as not to lose credit points. One sure way to keep on the beam is by getting to class on time.
6. The primary function of the Dean of Students Office, located at Holladay Hall, is to be of service to you in every way possible in non-academic matters. Dean Cloyd, Room 107, and Dean Wood, Room 102, Holladay Hall, both welcome you to their offices at any time regarding any situation or problem that might arise. This includes such things as personal problems, finances, organizations, fraternities, loans, absence from school, etc.
7. Many of you are your own boss for the first time—we are counting on you to make a good showing.
8. Your student counselor will become a very important part of your college career. He is your friend. Stand up for him when he needs your help.
9. Remember what you do and say is a direct reflection on your family and college. They are both counting on you to become the leaders of tomorrow. Time spent at college is very short in terms of a lifetime.
10. Read every issue of the "Blue Bulletin," the official college information sheet. It will be posted in your dormitory three times a week. Please, in consideration of your fellow students, do not take them down. Remember, you are held responsible for knowing all items concerning you.

How To Find A Job

It's unfortunate but true that too many young Americans have gotten into the habit of relying upon the government to get them a job. That conviction is expressed in the September American Magazine by one of the country's up-and-coming young business executives, Eugene Gilbert, founder and president of the Gilbert Youth Research Organization.

Research, he relates, shows that "60 percent of the boys in high school and college want the government to guarantee that they get a job."

In a signed article entitled "If I Were Looking For A Job" this successful 24-year-old, Chicago-born executive draws upon his own experiences to give some helpful advice to young men and women. The "pie-in-the-sky" philosophy that produced easy pickings during war, and immediate postwar, years no longer prevails, says Gilbert whose article adds:

"If I were looking for a job to-

day, I'd start out with all the enthusiasm I could muster to find my opportunity and sell myself. I'd start out by knowing the product or abilities I have to sell. You aren't likely to get hired if you have no idea what you want to do or can do.

"By being enthusiastic you unconsciously let your prospective employer know about yourself. Sometimes that's all that is needed to get the job."

To those confused about the type of work they want or their abilities, Gilbert's advice is take an aptitude test or examination that will help discover your potentialities.

His article points out that such organizations as Chambers of Commerce, the National Association of Manufacturers, the Department of Labor and the Department of Commerce can supply information that not only will help one determine what he wants to do but in what locality he's likely to find the type of work desired.

Wolfpack Meets UNC Tarheels In Opener

Miss Raleigh Brightleaf Leads "Beat Carolina" Pep Rally And Parade

By BOB HORN

Virginia Garner, "Miss Bright Leaf" of Raleigh, will be on hand at Riddick Stadium Friday night, September 22 to add inspiration to the first Pep Rally of the school year. After a fifteen minute broadcast by Station WRAL's Ray Reeve, at 7:30, Miss Garner will lead a Torchlight procession from Riddick Stadium through downtown Raleigh. This year's annual "Beat Carolina" rally is being sponsored by the college Y.M.C.A.

In a refreshing Wednesday afternoon interview with TECHNICIAN reporters, Miss Garner spoke freely and frankly of her attitude toward State College and its inhabitants. Said she, "I can always, without any trouble at all, find something nice to say about State, especially its basketball team." An employee of the Siddell Studio on Fayetteville Street, Miss Garner went on with a little of her personal history. She is a Raleigh native, and rather proud of it. After enduring Peace College for two years she was graduated an art major this past summer. She has aspirations of becoming a portrait painter, a vocation for which she has trained for eight years. The young artist was also quite pleased to have just been commissioned to do her first major job—a full-length portrait in pastels.

As lovely in the flesh as her picture indicates, the "Miss Brightleaf" winner is certain to add immeasurably to the glamour aspects of the forthcoming pep rally. A Queen in a city where queens have become more numerous than lamp posts, Miss Garner leaves little to be desired. For the benefit of those exuberant souls who may seek to become better acquainted with her, we hasten to add that she is going "fairly steady" with a prospective Duke man who was just graduated from Carolina. This fact, of course, does not put her completely out of circulation—that would constitute a major catastrophe.

When being interviewed she casually remarked that Peace College had, "taken the best out of her." We could argue that point in print for some time, but will let you judge the validity of the statement when you see her at the Pep Rally. Many will then no doubt agree that they would be glad to settle for what's left.

Football Mishaps

State's light football roster has been hit twice—and hard. Letterman end Roland Simon was stricken with polio leaving the team short—very short of veteran ends. Tom Morse, a letterman tackle has been removed indefinitely from the lineup by a leg injury received in an automobile accident.

N. C. State-Carolina Football Tickets

The following ticket information on the State-Carolina football game was released today by Willis Casey, Assistant Athletic Director:

(1) All students will purchase coupons from the ticket booth in front of the State College YMCA for \$1.00. Athletic books are required in order to purchase coupons.

(2) Date coupons may be purchased at same time for \$3.00.

(3) Coupons will be exchanged for a ticket in Student section at gate 1 after 12:30 the day of the game.

(4) Dates for picking up coupons at the YMCA are September 19 thru Friday, Sept. 22 at noon.

Writer Sticks Neck Out In Predicting Winners

In Francis Wallace's 11th football preview—an exhaustive report of gridiron stars-in-the-making and probable results of games in every section of the country—the university at College Park is regarded as one of the great teams in the nation to beat. Wallace predicts it will be the No. 12 team in the country when the final votes are in—with Notre Dame still on top as the No. 1 club and national champion.

Surveying the Southern football scene, Wallace characterizes Duke as the "crown pretender, with visions of royal days returning based on the hope that sinewy sophomores will add starch to fast but light veterans." Among the probable 20 top teams come December, the Collier's associate editor lists Duke as team No. 19.

Southern players chosen on Collier's preseason All-America squad include Krouse, Ward and E. Modzelewski of Maryland; Holdash, University of North Carolina, Ragazze, William & Mary, Papit of Virginia, and Cox and Eason of Duke.

Collier's preseason All-America Eleven lines up with McColl of Stanford and Foldberg of Army, ends; Gain, Kentucky, and Toneff, Notre Dame, tackles; McFadin, Texas, and Richter, California, guards; Pierik, Cornell, at center; and Williams, Notre Dame; Rote,

Wolfpack Captain

END TONY ROMANOWSKY
N. C. State

State Meets Tulane In Classic Ice Breaker

Pairings for the Second Annual Dixie Classic were announced recently by officials of the largest basketball tourney in the South. Dates of the event are December 28, 29, and 30.

State College's Four-in-a-row Southern Conference champs and third place NCAA contenders will meet Tulane in the opening round of the Classic.

Teamed with Wake Forest, Duke, and Carolina, State will play host for the event. There is little doubt that the Wolfpack hardwood club will be favored to take its second title in the Dixie Classic.

The event will cover three days, with four contests on tap for each day.

Other opening round games put Wake Forest against Rhode Island State's high scoring quint, Carolina versus Navy, and Duke against Colgate.

Losers in opening round play will go into a consolation bracket. Ticket orders will be accepted at the Coliseum office after October 1.

All-Campus Mural Tourney Announced

For the first time in the history of the College, an All-Campus intramural tournament is being planned by the Physical Education department.

During the fall term, golf and wrestling tournaments will be conducted. Any member of the student body is eligible, whether he be a dormitory man, a fraternity member, or an off-campus student.

The purpose of the tournament is to acquaint more students with the various athletic activities on the campus and to include a larger percentage of students in these activities.

Any number of men from a dorm or fraternity may enter. In the golf tourney, the four top scores from each organization will be combined for a medalist cup, which will be presented to the sponsoring fraternity or dormitory.

Plans are in the making to start the golf and wrestling events soon after classes begin.

Full information may be obtained from Professor Tom Hines in the Industrial Recreation offices in the Field House or from Mr. Johnny Miller at the Gym.

Full House Expected At Kenan Stadium September 23

By JACK BOWERS

A bitter grid rivalry will be renewed Saturday afternoon in Kenan Stadium at Chapel Hill, when State's Wolfpack will meet Carolina's Tar Heels in the season's opener for both teams. A "Greater University Day" sellout crowd of over 44,000 is expected.

Coach Beattie Feathers, starting his seventh season as head mentor of the Pack, will have fewer lettermen, a smaller squad and less overall experience for the 1950 season than in any of his previous years at State. Therefore, the outlook is not particularly bright, but is certainly not one of complete despair.

The departure of no less than 17 capable lettermen, all of whom were regulars on either the offensive or defensive teams, indicates that sophomores hold the key to the Wolfpack's success.

In past seasons the Pack under Feathers has always been deep in powerful linemen, strong defensively, but in many respects not the offensive team that was desired. The new season finds a complete reversal of form. Instead of a potentially strong defensive club, the State team this year should be a bit weaker on defense, but with redoubled offensive power.

Strong Tailbacks

The strongest point in this reasoning is the presence of three top-notch tailbacks. Ed (Scooter) Mooney, the No. 1 ball-carrier on the squad, proved his worth last year. Little Ed gained nearly 1,000 yards on the ground and in the air and according to NCAA figures, Mooney was the nation's 49th offensive

(Continued on Page 14)

Cross-Country Practice

Long distance running is the order of the day for Coach Tom Fitzgibbons' Cross-Country team.

The rotund Virgininian's 1949 distance team was undefeated in dual meets and took the State championship in the tournament.

Fitzgibbons has sounded his appeal for prospects for the 1950 squad. Any high school track men and all other students interested are requested to contact Coach Fitzgibbons immediately.

Thumbnail Sketches:

Watch For These Men In Saturday's Game

THE TACKLES

DAVIS, FRED—6-0, 200 lbs. Senior. Rocky Mount, N. C. A two-letter man, Fred has played both tackle and guard during his three years on the Wolfpack. Likely will be the leading candidate for a starting job this season along with Elmer Costa and Tom Morse, the two other monogram holders. Vicious tackler and good blocker, Fred is one of the most spirited performers on the team. Studying Civil Engineering and is a top student. Played prep school ball under Coach Joe Caruso at Rocky Mount. Son of Mr. and Mrs. J. E. Davis, 1134 Sycamore St., Rocky Mount, N. C.

HILLMAN, JAMES — 6-3, 235 lbs. Sophomore. Kane, Pa. Starred on frosh team last year and likely will play important role on varsity this season. Has weight and speed to become valuable defensive performer. Navy veteran. Studying Rural and Industrial Recreation. Son

of Mrs. W. Daud, 403 Westmore Road, Kane, Pa.

SWART, WILLIAM — 6-2, 205 lbs. Junior. Wilmington, N. C. Has been on Jayvee squad for the past two seasons, but is expected to blossom forth into regular this year. Has speed and weight to become valuable asset in line. Blocks well and likes it rough and tough. Is especially good on defense. Prepped under Coach Leon Brogden at New Hanover High, Wilmington. Studying Agriculture. Son of Mr. and Mrs. Dirk Swart, P. O. Box 838, Wilmington, N. C.

COSTA, ELMER—6-1, 225 lbs. Junior. Haledon, N. J. One of the finest linemen ever turned out at State. Has earned two monograms. Can block and tackle with the best in the South. Has amazing speed for big man. Selected Associated Press "Sophomore of the Week" in Southern Conference last year

following great performance against University of Maryland. Made 2nd team All-Southern last year and five All-America honorable mention listings. Navy veteran. Was all-conference and all-state New Jersey as high school star in Paterson, N. J. Studying Rural and Industrial Recreation. Son of Mr. and Mrs. Joseph Costa, 8 Geyer St., Haledon, N. J.

BEAVER, FRED—6-1, 195 lbs. Junior. Asheville, N. C. Has seen little action during his previous two years at State, but has developed fast, particularly during the last spring drills. It is likely that Fred will be one of Coach Feathers' leading tackle candidates this season and probably will be Costa's No. 1 understudy. Studying Textile Manufacturing. Made All-State North Carolina in 1947 at Lee H. Edwards High, Asheville. Son of Mr. and Mrs. C. E. Beaver, 108 Michigan Ave., Asheville. Played in East-West Shrine Bowl game at Charlotte, N. C.

MORSE, TOM—6-0, 202 lbs. Junior. Pittsburgh, Pa. Has earned two previous letters at tackle and is a cinch to be starter this season, barring injuries. Likes it rough and is

one of the most consistent performers on the team. Veteran of Army Airborne unit in World War II. Prepped at Carrick High, Pittsburgh, Pa. Studying Rural and Industrial Recreation. Should be one of the best tackles in Southern Conference this year. Son of Mr. and Mrs. Calvin Morse, 877 Rivermont Drive, Pittsburgh, Pa.

THE CENTERS

MARTIN, JOHN—6-2, 195 lbs. Senior. Larksville, Pa. Rough and rugged characterizes Martin, who has earned two monograms at center for the Wolfpack. Used almost exclusively on defense, he is great line backer and will share offensive chores with Tom Tofaute. Studying

TACKLE ELMER COSTA
N. C. State

Rural and Industrial Recreation. Prepped at Larksville High under Coach Mike Shimko. Son of Mr. and Mrs. John C. Martin, 85 Brown Street, Larksville, Pa. All-Scholastic in 1947.

HARDING, JOHN—6-0, 190 lbs. Senior. Kirklint, Ind. Although he has failed to earn a letter in three previous years on the squad, Harding will be counted on as a leading reserve this season. Good tackler and line backer. Studying Rural and Industrial Recreation. Married. Army veteran with two children.

TACKLE FRED BEAVER
N. C. State

TOFAUTE, TOM—6-2, 205 lbs. Junior. Yorkville, Ohio. Probably one of the best centers in the South. Tofaute can do a topnotch job on either offense or defense. As a line backer he has few peers on defense and his offensive blocking and ball-snapping rank with the best. Last

season he was selected to several all-star teams, including honorable mention All-America by the United Press. Tom is fast and covers punts well. Marine Corps veteran. Studying Rural and Industrial Recreation and hopes to go into coaching field after graduation. Has earned two monograms at State. Son of Mr. and Mrs. J. H. Tofaute, 108 Garden Ave., Yorkville, Ohio.

THE TAILBACKS

MOONEY, ED—5-10, 170 lbs. Senior. Draper, N. C. Here's the kid who'll be at the throttle of State's offense this season. Past experience proves he's one of the best. NCAA statistics rank Mooney as the nation's 16th top kickoff return man last year when he lugging back 12 returns for 327 yards for an amazing average of 27.3 per try. As a punter "Little Ed" had an average of 42.1 yards for 10

GUARD FRED DAVIS
N. C. State

punts. Mooney's overall offensive play was terrific. He was among the nation's 50 leading ball carriers in 1949 although he played for a team which won only three times in 10 games. On 201 plays "Scooter" gained 509 yards rushing and passed for another 428 yards. He was responsible for seven touchdowns and amassed an offensive total of 937 yards, or nearly five yards for each time he handled the pigskin. Mooney has earned two previous

SKETCHES

(Continued from Page 10)

monograms at State and should be headed for his greatest season this year. Barring injury the little Draper, N. C., senior may be one of the nation's best backs in 1950. As a high school star at Draper, N. C., he scored more than 300 points. Studying Rural and Industrial Recreation. Enrolled in advanced R.O.T.C. training unit at State.

GUARD JAMES C. BRITT
N. C. State

POTTS, EDWARD O. (TED)—5-9, 175 lbs. Sophomore. Alexandria, Va. A fireball last year as a freshman, Potts has some phenomenal kicking averages of 54, 52 and 51 yards in three contests as well as doing some better than average running and passing. Although he's small, Potts is built like a tank, rugged and tough: As prep scholar

TACKLE TOM MORSE
N. C. State

at George Washington High in Alexandria he ran away with all the honors, being selected All-Metropolitan (Washington, D. C.) All-State Virginia, All-Northern Virginia and All-Suburban Washington. Studying Industrial Engineering at State. Son of Edward O. Potts, 438 E. Nelson St., Alexandria, Va.

WEBSTER, ALEX—6-2, 195 lbs. Sophomore. Kearney, N. J. Powerful runner, Webster was a star last year as a freshman and looks like bigtime varsity material. Is the biggest tailback candidate ever to attend State, but despite size has speed to go with it. Under Coach Arthur Arguar at Kearney High, Webster made All-State and All-Metropolitan. Studying Rural and Industrial Recreation. Son of Mrs. Rena Webster, 163 Wilson Ave., Kearney, N. J. State's 1950 opponents will see plenty of this lad before the season is over.

TACKLE JAMES HILLMAN
N. C. State

THE FULLBACKS

O'ROURKE, JIM—6-0, 180 lbs. Junior. Pittsburgh, Pa. Hard-driving Jim will be the workhorse of the Wolfpack this season. Already established as a great defensive player, O'Rourke will be seen more of as a ball-carrier this season. He's Feathers' No. 1 fullback and looks like one of the best. Has earned two previous monograms at State. Studying Civil Engineering. Prepped at Central Catholic High in Pittsburgh, Pa. Army veteran. Son of Mrs. Mary E. O'Rourke.

YEATES, HARVEY — 6-0, 198 lbs. Sophomore. Buffalo, N. Y. Although he played center as a freshman, Yeates has been shifted to fullback for his varsity assignment. In spring practice looked very much the part of a hard-charging line-plunger and much is expected of him this season. Is fast enough to do the 100-yard dash in 10.3 sec-

onds and won 3rd place in North Carolina Freshman track meet last year. Studying Rural and Industrial Recreation. Prepped at Bennett

TACKLE REGIS LESKO
N. C. State

High, Buffalo, N. Y. under Coach Fred Braunn where he was All-state fullback. Son of Mr. and Mrs. Victor G. Yeates, 268 North Park Avenue, Buffalo, N. Y.

SPRITZ, RICHARD — 6-1, 190 lbs. Sophomore. Clairton, Pa. Although he failed to impress as a freshman back, Spritz has shown improvement in off-season practice. Likely will be 3rd man at plunging spot and is expected to see action frequently. Studying Rural and Industrial Recreation. Prepped at Clairton High under Coach H. G. Wilkinson. Selected All-Valley and W.P.I.A.L. Honorable Mention. Son of Mr. and Mrs. Nicholas Spritz, 555 Farnsworth St., Clairton, Pa.

THE BLOCKING BACKS

BARKOUSKIE, RAY—6-0, 190 lbs. Sophomore. Kulpmont, Pa. Hard-hitting Ray looks like one of the best sophomores on the current squad. Has excellent timing on blocks and is determined. Probably will be No. 2 man at his position.

END TONY ROMANOWSKY
N. C. State

and likely will head offensive unit. Studying Rural and Industrial Recreation. Prepped at Franklin D. Roosevelt High, Kulpmont, Pa. under Coach Bob Magaleski. Son of Mr. Benjamin Barkouskie, 831 Spruce St., Kulpmont, Pa.

TENCICK, JOHN—5-10, 185 lbs. Senior. New York City, N. Y. Vet-

eran of two previous seasons, Tencick has plenty of experience with a pair of letters to his credit. Although he has stood in the shadow of the great blocker, Bob Bowby, twice Jacobs' Blocking Trophy winner, Tencick has developed rapidly. Studying Industrial and Rural Recreation. Excellent student. Son of Mrs. Antonia Tencick, 75 Fort Washington Ave., New York 32, N. Y.

KAISER, VITUS—5-11, 185 lbs. Junior. Erie, Pa. Although he started off as a freshman tailback two years ago, Kaiser has developed in-

TACKLE JAMES JOHNSON
N. C. State

to one of the best blocking backs ever to don a uniform at State. He is likely successor to Bob Bowby as team's No. 1 blocker and should be one of the leading candidates for the Jacobs Blocking Trophy this year. There are few men in the conference who can do the offensive blocking job as well as Kaiser. Studying Industrial and Rural Recreation. Prepped at Cathedral High,

END GENE FERRELL
N. C. State

Erie, Pa., under Coach James Sowell. Played in two all-star games and was All-City tailback. Son of Mr. and Mrs. John Kaiser, 2617 Cherry St., Erie, Pa.

THE WINGBACKS

SMITH, JIMMY—5-8, 170 lbs. Junior. Miami, Fla. Played briefly on varsity squad in 1948, but because of scholastic difficulties did not compete last season. Smith is one of the most rugged defensive men for his size in the Southern Conference and may develop into an offensive threat. Studying Mechanical Engineering. Prepped at Miami Senior High under Coach George Trogden. Son of Mr. and Mrs. J. E. Smith, 1540 S.W. 13th St., Miami, Fla.

McARTHUR, GEORGE — 5-11, 175 lbs. Junior. Paterson, N. J. Played mostly on defense last season, but is being groomed as ball-

(Continued from Page 11)
 carrier this season. Good pass defense man and made seven interceptions in 1949. Prepped at East-side High, Paterson, N. J., under Coach Rumana. Made all-conference, all-state and all-metropolitan. Studying Rural and Industrial Recreation. Son of Mr. and Mrs. George McArthur, 829 E. 24th St., Paterson, N. J. Only letterman available at wingback position.

SLOAN, NORMAN—6-0, 180 lbs. Senior. Indianapolis, Ind. Former basketball player under Coach Everett Case, Sloan gave up the hardwood sport to try his hand on the gridiron two years ago. Has yet to make the grade, but could see action this season. Has speed, but needs finesse to become good ball-carrier. Studying Rural and Industrial Recreation. Married. Navy veteran.

THE ENDS

HART, ED—6-1, 170 lbs. Senior. Tarboro, N. C. Has failed to come up to expectations in his last three seasons as varsity squad member, but might see some action this year. Good pass receiver, but weak on defense.

BUTLER, DAVID—6-1, 180 lbs. Sophomore. Fayetteville, N. C. Likely will be used consistently as offensive performer. Blocks well and good pass receiver. Very aggressive on defense. Likes it rough and tough and despite lack of weight can hit as hard as any lineman on squad. Was regular on 1949 freshman squad. All-State and All-Conference performer at Fayetteville High under Coach Bill Doyle. Son of Mr. and Mrs. E. H. Butler, 215 Windsor Drive, Fayetteville, N. C. Studying Textiles.

JOHN TENCICK
 N. C. State

Fayetteville, N. C. Likely will be used consistently as offensive performer. Blocks well and good pass receiver. Very aggressive on defense. Likes it rough and tough and despite lack of weight can hit as hard as any lineman on squad. Was regular on 1949 freshman squad. All-State and All-Conference performer at Fayetteville High under Coach Bill Doyle. Son of Mr. and Mrs. E. H. Butler, 215 Windsor Drive, Fayetteville, N. C. Studying Textiles.

FERRELL, GENE—6-0, 183 lbs. Junior. Raleigh, N. C. Expected to play considerably this season, particularly on defense. Is very good tackler and diagnoses plays well. Seldom gets "sucked in" from his position. Played in only one contest last season, but developed fast in spring drills. Played regular as

freshman in 1948. Starred at Needham Broughton High, Raleigh, under Coach Lee Stone. Son of Mr. and Mrs. C. D. Ferrell, 612½ Holden St., Raleigh. Studying Rural and Industrial Recreation.

ALLMAN, BERNARD—5-11, 180 lbs. Junior. Parkersburg, W. Va. Converted from blocking back to end, Allman is a good bet to be one of the top flankers on the squad. A knee injury a year ago forced him to the sidelines, but after an operation during the summer he is ready to go. Very aggressive and capable of playing either offensive or defensive position. Regular on 1948 freshman team as blocking back. All-State West Virginia under Coach James Scott at Parkersburg High in 1947. Played in the West Virginia North-South all-star game. Son of W. H. Allman, Route 1, Parkersburg. Studying Textiles.

ROMANOWSKY, TONY—6-0, 192 lbs. Senior. Girard, Ohio. Captain of the 1950 squad, Tony has lettered for the past three seasons. He is the most experienced flanker on the team and is expected to play both offense and defense. Excellent pass receiver and rough on defense. Probably will start all 1950 games. One of the team's most dependable men. Can go 60 minutes if necessary. Excellent student. Studying Civil Engineering.

THE GUARDS

NICHOLSON, JOHN—6-0, 190 lbs. Sophomore. Raleigh, N. C. Starred as freshman at State in 1948. Held out of action last season. Probably will be one of the Wolf-pack's No. 2 guards. Very fast and aggressive and one of the best

WINGBACK GEO. MacARTHUR

blockers on the team. Has great potentialities, but needs more experience. Studying Mechanical Engineering. Excellent student. Son of Mr. and Mrs. J. L. Nicholson, 1223 Canterbury Rd., Raleigh, N. C.

COX, WILLIAM—5-10, 180 lbs. Sophomore. Knoxville, Tenn. Made last year's freshman team as regular and looks like topnotch varsity material. Good blocker and pulls out of line well. Likely will work with Nicholson as second team regulars. Does well on defense. Studying Textiles. Son of Edward L. Cox, 2717 Selma Ave., Knoxville, Tenn.

SCHACHT, WALTER—5-9, 185 lbs. Junior. Alexandria, Va. Worked as second team guard last season behind All-Southern Bernie Watts and this year steps into Watts' starting position. Very good tackler and great blocker. One of the most aggressive men on squad. Very fast and tough. Marine Corps veteran. Played prep school ball at George Washington High, Alexandria, Va., under Coaches A. E. Doran and P. R. Mackey. Studying Textiles. Son of Mr. and Mrs. Walter E. Schacht, Ft. Belvoir, Va.

BAGONIS, VINCE—5-10, 195 lbs. Junior. Luzerne, Pa. Earned monogram as sophomore last season and will have the job of replacing All-Southern Charlie Musser at one guard slot this year. Rough and tough, Bagonis also can block and has plenty of speed. Studying Mechanical Engineering. Prepped

at Luzerne High under Coach Red Brady. Son of Mr. and Mrs. Joseph Bagonis, 741 Willard St., Luzerne, Pa.

CALVANO, RALPH—5-9, 190 lbs. Junior. Hawthorne, N. J. Saw little action last year as sophomore but likely will play more often this season. Is determined defensive man, but lacks speed for pulling out of line. Looks about 5th guard on squad. Studying Electrical Engineering. Navy veteran. Son of Mr. and Mrs. Alfred Calvano, 294 Hawthorne Ave., Hawthorne, N. J. Prepped at East Side High, Paterson, N. J., where he was all-conference honorable mention. Oldest man on 1950 squad at 27 years of age.

O'BRYANT, CHARLES—6-2, 190 lbs. Sophomore. Reidsville, N. C. Saw only little action as freshman and likely will have tough time making varsity team. O'Bryant, however, showed marked improvement during off-season drills and could develop as season progresses. Needs experience, and may get it the hard way. Studying Textiles.

BRITT, JAMES C.—6-2, 200 lbs. Sophomore. Fayetteville, N. C. One of last year's top freshmen, Britt likely will be scrapping Bagonis and Schacht for a starting job on the varsity this season. Had a knee injury as a frosh lineman, but has already overcome this handicap and looks like will develop into one of the finest linemen in State College history. Is very aggressive and likes it rough and tough. Has weight and power to be a great lineman. Made All-Southern at Fayetteville High in 1948 under Coach Bill Doyle. Studying Textiles. Son of Mr. and Mrs. C. P. Britt, 1025 Person Street, Fayetteville, N. C.

Vets Reentering Service Get Education Extension

A recent Veterans Administration extension of the July 25, 1951, cut-off date for resuming GI Bill training applies only to veterans who already started their studies and are prevented from going on with them by reason of their return to active military or naval duty.

But, the VA said, the extension does not apply to those veterans who never had GI Bill training at the time they re-entered active service. For them, the July 25, 1951, date still holds.

The VA explained that its decision to extend the cut-off date for veterans stopping training in order to go into active service is entirely consistent with the law and with a VA regulation of April 1 on the deadline.

That regulation states that veterans actually must be in training on July 25, 1951, if they want to continue afterwards. The only exception is for an interruption for reasons beyond a veteran's control. An interruption for the purpose of going on active duty, the VA ruled, falls within that category.

Veterans who interrupt their studies in order to enter military service will be permitted to resume their training within a reasonable period following their release from service—even though they get out after the deadline date.

Under the law, the July 25, 1951, cut-off date applies to World War II veterans discharged before July 25, 1947. For those few discharged afterwards, the cut-off date is four years from date of discharge.

"The Eyes of State Are Upon Him"

TAILBACK ED MOONEY
N. C. State

The clean face and shining numerals which Ed Mooney wears in this shot will not be the order of the day Saturday afternoon in Kenan Stadium. The Draper, N. C. Tailback is expected to do a lot of ball toting in the Carolina game. Mooney was the key man in State's offense last season and was the leading ground gainer.

1950 SCHEDULE

Date	Opponent	Kickoff	Place
Sept. 23	U. of North Carolina	2:30 p.m.	Chapel Hill, N. C.

(Continued from Page 9)

SMU; Karras, Illinois; and Heath, Oklahoma, backs.

Here's the way Wallace figures Southern teams will finish the season in the won-lost column:

Maryland, 9-1; Duke, 8-2; Virginia, 7-3; North Carolina, 6-4; William & Mary, 7-4; South Carolina, 5-3; Clemson, 5-3; North Carolina State, 5-5; West Virginia, 5-5; Wake Forest, 4-5; Washington and Lee, 7-3; VPI, 4-5; VMI, 5-5; and George Washington, 4-5.

But Wallace doesn't say which game Maryland might lose, and adds—"the crystal ball points to six undefeated squads—and Maryland could make it seven; but it also indicates that any of them might lose as many as three games." He picks, as undefeated Notre Dame, Cornell, Tennessee, Texas, Stanford and Ohio State.

"Hard-hitting Jim Tatum is about ready in his fourth year to unveil Maryland as a major-leaguer," Wallace points out. "He has 15 of his first 22 returning, including what may be the best one side of a line in college ball—guard Bob Ward, tackle Ray Kreuse and end Elmer Wingate—and 200-pound junior fullback Ed Modzelewski. Strong sophomores, too—and a gamble on one of these, John Scarbath at quarterback to fuse the split-T. The Terrapins would up last season with a 20-7 Gator Bowl win over Missouri and are aiming for a bigger dish."

The Collier's football roundup lists these Southern players as stars this Fall:

Rowden, Scarbath, R. Modzelewski and Wingate, Maryland; Miller, Nutter and Scott, Virginia; McCut-

cheon, Broyles and Thomas, W & L; Konstantinos, Lehr and Berlich, West Virginia; Powers and Lawrence, Duke; Stump, Goodwin and Chembly, VMI; Jasenek, Furman; Strickland, Sparks and Johnson, South Carolina; Lewis Magdziak, Weber, Gonier, Connors, Mioduszewski and Kreamchek, William and Mary; Mingo and Nutter, VPI; Mooney and Costa, North Carolina State; Higgins, Hayes, Bunting, Kuhn, Dudeck, Wallace and Bossean, North Carolina; Smith, Wake Forest; Davis, George Washington; and Cone Mathews, Wyndham, Smith and Hair, Clemson.

Here is how Wallace rates the top 20 teams in the nation:

1—Notre Dame; 2—Cornell; 3—Texas; 4—Stanford; 5—Tennessee; 6—Ohio State; 7—Oklahoma; 8—Army; 9—LSU; 10—Michigan; 11—Illinois; 12—Maryland; 13—Southern Cal.; 14—Southern Methodist; 15—California; 16—Kentucky; 17—Alabama; 18—Princeton; 19—Duke; and 20—Wisconsin.

Wallace's pre-game forecasts are impressive. Among major selections last year, the preview had the first two-teams—Notre Dame and Oklahoma—on the nose and 10 of the first 20 in the final poll. Of eight sectional champions, three won, and two second choices came through. Of eight conference champions, there were four winners and one tie. Last year he previewed 33 key games certain to affect championships, with 22 winners, 11 losers and two ties as the result.

This Fall he makes a preseason choice of General Bob Neyland of Tennessee as Coach Of The Year, but includes as other candidates in the running Tatum of Maryland, Wade of Duke and Guepe of Virginia.

Air Force Officers Study Nuclear Physics

The U. S. Air Force will transfer 15 additional officers to the School of Engineering at State College next week.

Announcement of the transfer of the new group from the Air Force's Institute of Technology at Wright-Patterson Field, Dayton, Ohio, was made here yesterday by Dean J. H. Lampe of the College's School of Engineering and Dr. Clifford K. Beck, head of the College's Physics Department.

The Air Force men will enroll in the new nuclear engineering curriculum which is being offered at the college for the first time this fall. A group of 15 other officers were assigned to the School of Engineering for the same purpose a few months ago, making a total of 30 Air Force men who will take the advanced studies.

Thirty civilian students also will be enrolled in the nuclear course, making a total student body of 60 in that field of study.

The Air Force, Dean Lampe and Dr. Beck said, has agreed to augment the college's nuclear engineering facilities in order that the additional group could be trained here.

State College, officials said, is the first institution in the United States to have received permission from the Atomic Energy Commission to build a nuclear reactor, known more commonly as an atomic pile, and will be the first to offer courses requiring the use of this type of equipment.

State-Carolina Gridiron Clash

(Continued from Page 9)

player for the 1949 season. Although he kicked only 10 times last year, Ed had a 42.1 yard average, and he was ranked 16th in the nation on kickoff returns with an amazing average of 27.3 yards for 12 runbacks.

Two others who are certain to see plenty of action are Sophomores Alex Webster and Ted Potts. Webster, a 197-pounder, who comes from Kearney, N. J. will be State's biggest tailback. He is a great runner and proved it as a freshman. Potts, a 160-pound, five-foot, seven inch from Alexandria, Va., should be another Mooney. His passing is brilliant and he looks to be an even better punter than the Draper, N. C. senior.

The rest of the backfield will have to hustle to keep step with the likes of Mooney, Potts and Webster, but there is talent at the other positions too. At blocking back, Vitus Kaiser, a Erie, Pa. junior, looks like an excellent replacement for 1949 Jacobs Blocking Trophy winner, Bob Bowlby. Two others, John Tencick, a senior letter-winner, and Ray Barkouskie, a sophomore, will give this position good depth.

Fullback lacks depth, but makes up for it in the presence of dependable Jim O'Rourke of Pittsburgh, who should have his greatest season. Although not a giant-200-pounder, O'Rourke can run as hard with his 180-pounds as any bigger man. Behind O'Rourke are two sophomores who'll need to prove their worth. They are Dick Spritz, a 200-pounder from Clairton, Pa., and Harvey Yeates, a promising sprinter from Buffalo, N. Y.

On the wing, Feathers will be hard pressed to find an offensive replacement for Bill Thompson, who has graduated. Candidates include

only one letterman, George McArthur, who was used mostly on defense last season and Jim Smith, who has practically no experience.

Weak Ends
Stiffest problem in the line appears to be at the ends where only Captain Tony Romanowsky is available with experience. Three others, Gene Ferrell, Bernie Allman and Dave Butler, must develop if the Wolfpack flanks are to be adequately defended. Ferrell and Allman have both been on the squad before, although Allman was a blocking back and Ferrell saw no action last year. Butler is a sophomore who shows some promise defensively, but needs offensive improvement.

The tackles should be one of the squad's strong points with Elmer Costa, 1949 All-Southern, and his running-mate, Tom Morse, both returning. Behind these two stalwarts is letterman Fred Davis, two 1949 reserves, Fred Beaver and James Swart and a pair of husky sophomores, Jim Hillman and James Johnson.

The guards will miss the likes of Charlie Musser, Bernie Watts, Jim Byler and Ralph Burnett, all graduated, but two promising lettermen, Vince Bagonis and Walter Schacht are expected to do a bang-up job as their replacement. The rest of the guard contingent boasts three very good sophomores in J. C. Britt, John Nicholson and William Cox. They need experience, but should do a capable job.

At center the Wolfpack can match stars with the best in the Southern Conference with 210-pounder Tom Tofaute of Yorkville, O. back for another season. Tom was honorable mention on at least three All-America squads last year and should be headed for his best year. He'll get some Grade A assistance from John Martin.

Barring injuries to key players, the fifteen lettermen and eleven reserves returning, coupled with the sophomores, should improve last year's 3-7 record.

Swimming Practice

Coach Willis Casey sent out a call today for all entering freshmen and upperclassmen who are interested in becoming members of the State College tank team.

Practice starts October 1 at the Frank Thompson pool. For any additional information, contact Coach Casey at the Coliseum office.

Late Again!

Since registration in the majority of the state's schools does not close until after the middle of this month, the Veterans Administration cannot promise to get subsistence checks for part of September into the hands of all veteran-students early in October.

Official registration papers must necessarily pass through at least four major processing steps before the U. S. Treasury can drop the veteran-enrollee's subsistence check into the mails for him. And, as past experience has shown, other shortstops can enter into the picture in a large number of the cases.

For that reason, the VA's North Carolina Regional Office today advised veteran-students to arrange for enough money to tide them over for the first six weeks without depending upon their VA subsistence checks.

As fast as the schools supply the VA office with the completed certificates of eligibility or reentrances, awards will be written and turned over to the finance division for vouchering to the Treasury for payment.

It is expected the Treasury office in Richmond will accept these vouchers through the first week of October. However, after the Treasury cut-off notice, the next payments will not reach the veterans until November 1 and will include pay for part of September along with that for October.

Even though the registration papers reach the VA before the Treasury cut-off date, there are many factors which could cause sufficient delay to bar payment before November 1. Chief among these would be the veteran's records not yet transferred to the North Carolina VA office, the veteran's enrollment involves a change of course, or the veteran's certificate of eligibility is not completely filled out.

Commissions Awarded To 50 State Men

Commissions as second lieutenants in the Officers' Reserve Corps have been awarded to 50 State College graduates.

The students, all of whom graduated Sunday, July 20, were commissioned following four years of study as ROTC cadets.

"Your commission," Colonel Price said in a brief talk to the new officers, "carries with it the grave moral obligation of extra responsibility and service as a citizen of this nation. For the benefit of this country and your fellow citizens, I strongly recommend that you keep your commissions active."

Colonel Price made his remarks during a formal commissioning ceremony which he conducted.

The new officers and their branches of the Army are as follows:

Infantry—Irvin D. Binder, New York City; William L. Burns, Greensboro; Harry Cramer, High Point; Louis Cramer, High Point; Harry M. Dalton, Charlotte; John W. Glover, Henderson; Joseph C. Hawley, Lillington; Louis L. Holder, Raleigh; Horace C. Hudgins, Greensboro; William F. Humbert, Spray; George W. Lancaster, Jr., Pemberton; Robert G. Pender, Charlotte; George E. Pickett, Jr., Fort Belvoir, Va.; Willis H. Rea, Jr., Newport News, Va.; Otis Gray Rucker, Jr., Kinston; Leonard R. Sasser, Goldsboro; and Joseph F. Turner, Jr., Jackson.

Quartermaster Corps—Paul S. Campbell, China Grove; James M. Conner, Covington, Tenn.; Norman J. Concool, Brooklyn, N. Y.; Charles N. Dobbins, Jr., Yadkinville; David A. DuBow, Hillside, N. J.; Rayborn F. Hinshaw, Liberty; Dennis L. Johnson, Burlington; George W. King, Clinton; William D. McCorkle, Memphis, Tenn.; Pope McCorkle, Jr., Memphis, Tenn.; Edward Clarence Moon, Jr., Charlotte; Ralph E. Pardue, Yadkinville; Gordon Watt, Jr., Charlotte; John R. Wilkins, Greensboro; and Thomas A. Wood, York, S. C.

Corps of Engineers—William Hardy Blalock, Reidsville; Sam L. Calhoun, Waynesville; William Roy Cash, Charlotte; William C. Cole, Ashland, Kentucky; Cloyce C. Rogers, Charlotte; and John W. Spence, Seven Springs.

Signal Corps—John H. Davis, Andrews; Edwin B. Gentry, Greensboro; Kenneth G. Gouge, Boynton Beach, Fla.; and William W. Raper, Jr., High Point.

Ordinance—George W. Fields, Charlotte; Reginald H. Jones, Roxboro; J. Walter Joseph, Jr., Winston-Salem; Herbert Kahan, Port Chester, N. Y.; Thomas A. Monroe, Laurinburg; James N. Owens, Jr., Charlotte; Sheldon Ruben, Portsmouth, Va.; and Tommy A. Weisner, Greensboro.

Sooners Turn Staters

WADE WALKER
N. C. State Line Coach

Wade Walker, one of the greatest linemen ever turned out at the University of Oklahoma by the frank admission of Coach Bud Wilkinson, joined State's football staff with the opening of fall practice Sept. 1. He is a native North Carolinian, hailing from Gastonia.

Termed by Wilkinson "the greatest blocking tackle in modern day Oklahoma football history," Walker's job at State will be two-fold. He'll work with Freshman Coach Jim Gill on the installation of the split T-formation and help out Coach Feathers with varsity line play.

Now 25 years old, the six-foot, 200-pound giant earned practically every honor in the books for a lineman at the University of Oklahoma. He was co-captain of the Sooner teams of 1947 and 1948 and made more first-team All-Americans than any other single lineman in the nation in 1949. The first-team list includes Collier's, Look, Associated Press, NEA Service, Telenews, Bill Stern's MGM team, Cleveland Press, United Press and several others not so prominent.

Walker got his degree in Education from Oklahoma during the summer after the completion of practice teaching assignments. He along with Mrs. Walker and their six-months-old baby will make their home in Raleigh in the Country Club Home Apartments.

Wade is a close personal friend of Coach Darrell Royal. The two were teammates at Oklahoma and members of the great team of Coach Bud Wilkinson which rang up a string of 21 consecutive football victories.

"I would rather fail in a cause that will ultimately succeed than succeed in a cause that will ultimately fail."—Wilson

The most serious impediment of a man's speech is the inability to say, "no."

DARRELL ROYAL
N. C. State Backfield Coach

DARRELL ROYAL
Assistant Backfield Coach

A native of Hollis, Oklahoma, Royal joined the State Wolfpack football staff in June. He is a graduate of the University of Oklahoma where he was an All-America footballer under Coach Bud Wilkinson. Royal quarterbacked the Sooners to victory over Louisiana State in the 1950 Sugar Bowl Classic and is regarded by his former coach as "one of the most adept T-formation I ever coached."

During the 1949 season Royal called the plays for the Sooners and did most of the passing for the team. He connected for an amazing 53.9 per cent and had a string of 76 consecutive completions without

N. C. State's All-Time Record Against 1950 Opponents

Team	Played	Won	Lost	Tied	State Points	Opponents Points	First Played
North Carolina	40	5	28	6	189	679	1894
Catawba	1	1	0	0	12	7	1944
Clemson	26	7	18	1	152	299	1899
Duke	25	7	17	1	171	470	1924
Maryland	9	3	3	3	75	66	1909
Virginia Tech	27	11	14	2	129	263	1900
Richmond	11	10	0	1	263	15	1902
Davidson	40	24	10	6	465	197	1899
Wake Forest	43	24	17	2	591	472	1908
Wm. and Mary	7	5	2	0	162	67	1920
Totals	229	97	137	22	2,209	2,535	

an interception from the 1948 game with Texas to the 1949 season's finale against Oklahoma A. & M. Royal also holds the modern Oklahoma record of 32.3 yards per try for each punt return, which was set during the 1948 season. Mr. Royal also holds the modern day Oklahoma record for pass interceptions with 17 during his career. Coach Wilkinson regards Royal as one of the best pass defensive performers ever developed at Oklahoma. Royal's duties this season will be divided between the State freshmen and the varsity. With the Wolflet yearlings he'll work with Head Coach Jim Gill in teaching the intricacies of the split-T-formation, which will be the new system for all State teams in 1951. On the varsity he'll assist Coach Feathers with backfield coaching chores.

Coke Parties Given For Dorm Freshmen

The Owen and Tucker Dormitory Clubs are giving a series of informal "Coke" parties for all new freshmen members of these clubs during Freshman Orientation Week. Club Presidents, Jerome J. Filicetto of Owen, and Wade H. Foy, Jr., of Tucker, and their social chairmen, George W. Hawkins and Herbert Sosnick, proposed and planned these parties. They are being carried out under the direction of Chief Counselors Jonathan Fulton of Owen and Wade Foy of Tucker and their Section Counselors.

Freshmen dormitory residents in this way get an early chance to become acquainted with one another and with their dormitory leaders.

James Percy Gill, Head Freshman Coach

A native of Richmond, Missouri, Jim Gill takes over as head freshman football coach at State with

JIM GILL
N. C. State Freshman Coach

the opening of the 1950 season. He joined the athletic staff on June 1. Coach Gill is a graduate of the

University of Missouri where he took an AB in Physical Education. He was a star on the Missouri football team and after his graduation took up a coaching career at the Missouri School of Mines and Washington University, St. Louis, Mo.

After five successful seasons at the School of Mines, Gill moved to Chapel Hill, N. C., where he was an instructor in the Navy program at the University of North Carolina. After his discharge from the Navy, Gill joined the football coaching staff at Carolina as an assistant to Coach Carl Snavely. He remained at Carolina from 1945 through 1949, resigning as assistant line coach to take the freshman coaching position at State.

It will be Coach Gill's task to begin the installation of the split T-formation at State. He'll be assisted by two veteran T-formation stars, Darrell Royal and Wade Walker, former University of Oklahoma All-Americans.

Coach Gill is married and makes his home on Kent Road on Western Boulevard in Raleigh.

Wolfpack Line Plunger

FULLBACK JIM O'ROURKE
N. C. State

Thanks To Big Ed

The sports staff of the TECHNICIAN is deeply indebted to genial Ed Storey, State's Athletic Publicity Director, for the mats and much of the sports material furnished for this special football issue.

Due to a lack of space, all of the 1950 football squad members were not shown. However, the staff will endeavor to print these pictures in forthcoming editions.

Freshman Soccer Schedule

- Oct. 23—Carolina at Chapel Hill
- Oct. 30—Duke at Durham
- Nov. 6—Duke at Raleigh
- Nov. 13—Carolina at Raleigh
- Nov. 20—Duke at Durham
- Nov. 27—Carolina at Chapel Hill
