Sponsor Orchid Ball

The sponsors and their escorts for the Sigma Pi Orchid Ball which will be held tomorrow are Miss Margie Crow of Atlanta, Georgia, with Charles LeGrand, President; Miss Alyce Yates of Raleigh, with Max Savage, Vice-President; Miss Shirley Nemmers of Raleigh, with Waveland Davis, Secretary; Miss Becky Buchanan of Dover, Delaware, with Mickey Tolan, Treasurer; Miss Mary Frances Allen of Statesville, with George Freeman, Dance Chairman; Miss Susie Gaines of Central, South Carolina, with David Young, Historian; and Miss Dwan Swindell of Washington, North Carolina, with Tucker Page, Alumni Secretary.

72% Say Yes

Vote Too Low for Hansen, OK for Odom; Honor Week Planned to Create Interest

A plan to intensify the Campus Government's efforts in creating more student interest in its proposed honor system was adopted by the Council Tuesday, following a final report on the results of the recent honor system survey.

The renewed campaign calls for a "honor week" next quarter during which attempts will be made to subordinate all other student ac-

The new motion specifies that a thorough publicity campaign be used "to let the students and faculty know the nature of the publicity week."

Various methods to stimulate more interest in the honor system were discussed ranging from informal classroom discussions to a student-faculty convocation in the Coliseum.

Although the new motion did not call for a campus vote on the matter, the discussion trend indicated that the Council would follow Hank Odom's suggestion to wait until interest hit its peak before putting the question to the students. Odom expressed fear that the honor system would get lost among election propaganda if voted on during spring elections.

Although Hansen will remain chairman of the committee, he expressed his opinion that he did not "think we should undertake the project further" because he felt that not enough students were willing to support the system. He interpreted the results as "discouraging" and showing that only 62 per cent of the students would actually support the move because at least 10 per cent are "not likely to support it."

Odom, however, called the results "encouraging." He said that the 72 per cent figure indicates that the idea has made much progress over the past four years.

Hansen reports that plans of his committee will be forthcoming soon.

Trial Postponed

The trial of three students accused of scalping basketball tickets at the State-Duke game February 10 has been postponed until Tuesday night, February 27, reports Campus Government President Jack McCracken.

The postponement became necessary when one of the faculty jurors failed to appear for the Wednesday night trial. The Juror said that he did not know he had been appointed to Jury duty.

The seat of a student Juror who failed to appear was filled by an alternate.

activities to discussions and meetings on the new code.

Kenneth Hansen, Chairman of the Honor System Committee which made the survey, reported that complete returns of all schools voting showed that 72 per cent of the students expressed a willingness to support the move. The School of Agriculture was the only school which did not vote, he said.

Dean Campbell To Speak At Sigma Pi Orchid Ball

Tomorrow Sigma Pi Fraternity will hold its second annual Orchid Ball, celebrating the 53rd anniversary of Founders' Day.

A banquet will be held at 5:30 p.m. in the Virginia Dare Room of the Sir Walter Hotel. Immediately following the banquet, the members and their guests will attend the State-Georgetown basketball game at the Coliseum. After the game, the group will return to the Virginia Dare Room for a dance from 9:30 to 12:00 p.m.

The banquet and dance will be formal, and each date receives a lavender orchid in accordance with the fraternity's colors. Miss Alyce Yates of Raleigh has been chosen as the Sigma Pi Sweetheart. She will be presented with a gift by the members of the fraternity.

Short Speeches

During the banquet short speeches will be made by Chapter president Charles LeGrand and Provincial Archon Dude Newsome. The principal speaker is to be Dean Malcolm Campbell of the Textile School.

Sigma Pi is one of the older fraternities on the State campus, having established Rho Chapter on (Continued on Page 6)

Politicians Warned To Check Averages

The campus politicians are beginning to oil up their campaign machines for next term's campus-wide elections.

Several changes in candidate requirements were made by the 1949-1950 Council of Campus Government, and potential candidates are warned to check these requirements before too late in the present term.

Scholastic Average

The major change made was in scholastic requirements for all offices which rate six points in the office rating system. Including in this six point range are all major offices, such as Campus Government posts, publication editorships, and publication business manager jobs.

A candidate for a six point office must meet the following requirements:

Have an average of 75% or better (by the formula of the Registration Office, shown below) with at least 10 points above a "C" on (Continued on Page 6)

Debate Team Gets National Honors

Pictured here with their faculty director are members of the State College debate team, all of whom won votes for national individual ranking in Direct Clash debating during recent competitions at Columbia University, the College of the City of New York, and Brooklyn College. Left to

right: William J. Setzer of Raleigh, Bruce Roberts of Mars Hill, Miss Rachael Ammons of Mars Hill, and Prof. Edwin H. Paget, director of forensics at State College, who accompanied the team on the New York debating tour. (Photo by John Mattox, State College.)

Debaters Win

Two State College students have won the highest honors open to them in the field of direct clash debating.

That fact was reported this week by Prof. Edwin H. Paget, who wired college authorities from New Brunswick, N. J., where the students won national individual ranking in debating in competition with the Rutgers University debating team.

Rachel Ammons and Bruce Roberts, both of Mars Hill, gained the top debating recognition. Miss Ammons is a junior in the College's School of Engineering, and Roberts is a Junior in the School of Education.

"The Contribution of John Wesley to Protestantism," by Rev. E. B. Fisher.

YMCA, Conference Room, Y, 6:45 p.m., A Weekly Series, "Greater Concepts of The Christian Faith," Dr. Roger Crook, Meredith College Religion Faculty.

All organizations wishing their meeting dates announced should leave the information at the YMCA desk.

Tree Expert To Speak At Forestry Meeting

On Tuesday March 6 at 8 p.m. in 118 Withers, Xi Sigma Pi, National Honorary Forestry Fraternity, will present Dr. R. E. McArdle, who will speak on some phase of forestry.

Dr. McArdle is a prominent figure in the field of forestry and is a former Dean of the School of Forestry at the University of Idaho. He also was a Director of the Southeastern Forest Experiment Station.

At present Dr. McArdle is Assistant Chief of the United States Forest Service, in charge of cooperative work in State and private forestry.

The program will be given with the cooperation of the Campus Public Lectures Committee, and is not restricted to students in the School of Forestry.

Everyone is invited to attend.

FOR SALE: Several slide rules, triangles, and one set of German-made drawing instruments. Reasonable price. Marie Costello, 5-C Glen Lennox, Chapel Hill. Ph. 2-6529.

Water Color Show

An exhibition of water colors and drawings by Tomi Lupton Hires of Goldsboro, is being seen in Weatherspoon Gallery at Woman's College, Greensboro, through February 28. Mrs. Hires, 1944 Woman's College graduate, has traveled extensively in Cuba and Guatemala and much of her subject matter reflects this travel experience. North Carolina scenes are also depicted in the exhibition.

Highway fatalities jumped 17 per cent during 1950 over 1949, giving the year the sixth highest fatality record for the past 20

Open Handball Tournament

There was a good turn out for the open handball tournament. The 2nd and 3rd round of the contest will be held on Monday, Feb. 26.

Those men qualifying to play in the second round are: Schwartz, Myers, Alley, Launer, Epstein, Anderson, Probitsky, Filries, Strassler, Ross, Margolis, Soling, Cohen, Webster, Brettler, and Rachmel.

years and the second highest since World War II, the Department of Motor Vehicles reported.

Travel and study ABROAD this summer

Full-credit... all-expense... university-sponsored... study tours via TWA

Plan now for this perfect summer! Spend half your time sightseeing in Europe, the other half in residence study. Tours planned for this summer (4 to 9 weeks) in: Switzerland, France, England, Ireland, Spain, Italy, India and General European (no residence). All air travel by luxurious TWA Constellations.

For information on tours, mention countries that interest you most when writing to: John H. Furbay, Ph. D., Director, TWA Air World Education Service, 80 E. 42nd St., New York 17, N. Y.

Be Happy-Go Lucky!

We students like a lift to class
 When we're too tired to hike
 And what provides the biggest lift?
 You bet! A Lucky Strike!

Reva C. Parisi
 Pittsburgh College

LUCKIES TASTE BETTER THAN ANY OTHER CIGARETTE!

Fine tobacco—and only fine tobacco—can give you the perfect mildness and rich taste that make a cigarette completely enjoyable. And Lucky Strike means fine tobacco. So if you're not happy with your present brand (and a 38-city survey shows that millions are not), switch to Luckies. You'll find that Luckies taste better than any other cigarette. Be Happy—Go Lucky today!

These classes held at early morn
 Are really awful pains
 But Lucky Strikes before each class
 Relieve the study strains.

Charles Boculis, Jr.
 University of Alabama

From campus east to campus west
 Here's how they greet each other,
 "Forget the grind—just ease your mind
 And have a Lucky, brother!"

Swimmers Top Devils

By BOB CARLSON

It was "Lightning" Bill Despres that came through to win for the Wolfpack swimmers last Tuesday. Despres, long an outstanding State tankster, made a grand finale to end his swimming career here at State, by bringing home to victory, as anchor man, his leg of the 400 yd. freestyle relay.

Meet Nip and Tuck

The meet was a nip and tuck battle all the way with State taking the 300 yd. medley, 200 yd. breaststroke, 100 yd. freestyle, and Duke taking the diving, 50 yd., 220 yd., 440 yd. events. The meet came

to the last event with Duke leading 37-31. The final event had to be won and was won to give the victory to the Pack.

Other standouts were Lojko, Nunis, Jones, Martin and Harris. The entire squad was also to be commended for their share of the victory.

Although the team deserves all of the praise for the win, the winning strategy of Coach Willis Casey should not be overlooked. It was through his careful planning and placing of men in the right positions that produced the final margin in State's favor.

The State Freshman Team triumphed over the Duke Freshman

Hot Race Seen for Ag Club Elections

Ag Club elections will be the important business of the day at the Tuesday February 27 meeting of the group.

Nominations and primary elections will be run off at the meeting, which will be held in 118 Withers at 6:30.

Jack Sheets, Program Chairman, announced that there is a probability that Governor Kerr Scott will speak to the group.

Hilton Spoke

At the last meeting of the club, Dr. J. H. Hilton made a brief address, in which he stressed the part research and education are playing in the progress of agriculture. Dr. Hilton encouraged the students to "continue to work hard and develop a philosophy of life."

The address by Dean Hilton was followed by a talk by M. W. Taylor, Agricultural Attache, British Embassy, who spoke on the contrast between U. S. farming and that of the United Kingdom.

35-25. Leaders for the freshman were Arata, Sonara, Deyton, Hull, and Kost.

Baptism of Fire

Whether a man be devoutly religious, merely a warm observer of the teachings of the Bible, or an unbeliever, he must think very seriously of the chain of events which are predicted definitely in the Bible and which are following the line of prognostication closely.

Many references are made in scripture of the next destruction of the earth by fire. The end is predicted to follow "wars and rumors of wars."

We have had the wars and the rumors for longer than most of us have been alive. Recent developments have seen a city-engulfing flame caused by one bomb—the Atom Bomb.

And now science has developed another more devastating bomb, the Hydrogen Bomb.

The Hydrogen bomb releases its energy after a chain of reactions. Hydrogen is a highly explosive element, and Hydrogen is present in much of the earth.

We can't possibly say what will happen when this chain reaction is finally started. Will it explode the relatively small shell of its casing and stop? Or will the chain be unbreakable?

Will all the Hydrogen present in the earth be excited into activity? Will the masterminds of the world finally succeed in fulfilling the prediction that the world will be destroyed by fire?

We are afraid to try to put an answer to the question. We can only hope that a more sane answer is discovered before the war masters are forced to push the button that will give the solution to the question!

End This Confusion

The results of the Honor Committee's recent straw vote revealed that 72 per cent of the students polled "will" support an honor system. This constitutes a demand that the Campus Government answer their order with a renewed campaign to sell the present Honor System to all the faculty and students. CG properly answered that demand by calling for a "selling" campaign next quarter.

The Honor System, which was established along with and as a part of CG in the spring of 1945, was not intended to represent the best honor system obtainable, but, rather, it was proposed merely as a basis from which later Councils might build. This foresight is shown by the insertion of the operational details in the By-Laws so that succeeding Councils could easily make changes which would assure its success.

Past Campus Governments have ignored the present Honor System and attempted to cram through a new and more elaborate scheme. Their failures have resulted in confusion to faculty and students and the breakdown of the Honor System.

But blame for the failure can not be placed on the students alone, for the faculty and administration play a big role in perfecting the ideal.

When the Council members read their Constitution they will find that they already have the duty and power to improve the Honor System. Another Campus vote is as unnecessary as the recent straw vote. Secure faculty advice and improve the present system.

CH

Not Ready?

As a test of democratic thinking in State College, THE TECHNICIAN posed a very controversial question in this week's Inquiring Reporter.

Several students were asked their opinion of the possibility of admission of Negro students to State College. To a man, the students raised a vociferous NO!

Most of them were true to the Old Southern Tradition, "Would You Let Your Daughter Marry A Negro?" Some said that they wouldn't room with a negro; some said that the fine parents of the South would take their children out of State and send them elsewhere.

We got what we asked for, but we are surprised that at least one man didn't favor true democratic education rather than the old sticky "give 'em equal facilities of their own."

Greater University officials and our own Governor are nonplussed over the question. There are accusations of delay and strong disapproval of the plan of admitting negro students to branches of The Greater University.

Our beloved South is progressing; industrially and spiritually. We feel that we are handling "OUR" problem of the negro adequately.

But even the fiercest antagonist of the negro situation must admit that the negro student has a very good argument.

We don't feel that wholesale admittance of the negro to North Carolina colleges is wise. But we do feel that a selected few could be admitted in the Graduate level as a first step.

After these few made contact; and with the position they would be placed in, they would almost surely make an excellent record scholastically, then more negro students should be admitted at lower levels.

It would not be a slow erosion of all our Southern Traditions. The plan would serve to show that the Negro IS human and does deserve the best in education, and is ready for it on the highest levels.

The plan would help North Carolina to maintain its title as the most progressive state in the South and would help up to move into the title of most progressive state in the union.

Other colleges have tried the plan; and, in all but a very few instances, it is working.

"Equal Facilities" is not the answer to the question. It has gone beyond that point. The plan could work at State College and at The University at Chapel Hill.

We feel that State College, despite the hurried answer of the students who write for this week's Inquiring Reporter, is ready to accept Negro students at the graduate level.

Leanings and Gleanings

By BILL HAAS

CLAY "Who Is This Guy?" Felker recently waxed nostalgic in The Duke Chronicle over the famous old Goody Shoppe in Durham. This old boozler wonders along with the "Guy" just how many of you State Men have quaffed a quart or two in the Goody Shoppe?

down. What no steeplejacks at the Hill?

ONLY two straws per bottle of milk. If you are thirsty, or in a big hurry, you can borrow a buddie's straws, but only two will be issued to a man! The Diamondback, of Maryland U. tells of the alarming straw-mania that has taken over the dining hall. Potential engineers built TV Antennas, bridges, houses, etc. using their tablemates mashed potatoes as a foundation and straws as the building material. Costly, huh?

AFTER a month atop its windy perch, Old Glory finally got a soldier's burial or burning, as the case may be! The flag had been flying over the Chapel Hill Post Office for more than a month... Rope stuck and they couldn't get it

Like The Wide Open Spaces? Go Hiking With The Outing Club

By MAX HALBER
Hey! Who is the blond dish in bluejeans and red sweater on the front steps of the "Y"? And look at the two fellows with boots and hunting knives! It's Sunday and those characters clash like mad with the quiet, dressed-up panorama of the Day of Rest.
What's coming off? So you put your hands in your pockets, amble up to the "Y" steps and ask the fellow with the turtle-neck sweater and engineers boots: "Say, what's going on?" The fellow turns his rosy cheeks to you and draws: "This is the Outing Club. We're going on a hike. Wanna come along?"
Meets Every Sunday
The club was formed two years ago by a student for all real nature and out-of-doors lovers on the cam-

pus. Hardly a Sunday goes by, clement weather or raw, that a group of the Outing Club doesn't band together, meet at the YMCA around 1:30 and take to the woods and hills.
Granted, the surrounding terrain doesn't offer the thrills and spills of, say, western North Carolina or the Sierra Nevada, but it is surprising how many idyllic wood-lots, streams, and rolling hills invite those guys and gals who want to enjoy a quiet forest or cross a river on a log or run down a hill.
Overnight Trips
Several times a term, food committees count their pennies and buy a bunch of grub to feed a couple dozen hikers. They are going, perhaps, to Hanging Rock State Park for the whole weekend or they might go to Smith Island

to watch the waves lap at Cape Fear. They'll scramble up the lighthouse Saturday night and point out the Big Dipper and the Cassiopeia and exclaim their compassion for their contemporaries back in the city, going to the movies, munching on popcorn, listening to automobile horns, and inhaling good old carbon monoxide.
Just two weeks ago the Outing Club celebrated its second anniversary with a square dance where girls, hot chocolate, cookies, music, open fireplace, and prizes highlighted the evening. Also there are monthly meetings at which a camping movie might be shown or the curator of the State Museum illustrates a short interesting talk on snakes with slides or someone tells about his mountain-climbing in California.

Proud Owners
But the pride of the club are its own room at Winston Hall, a 10-foot metal skiff, and enough pans and pots and dishes to serve several dozen people. For the overnight camps there are tarps, an axe, and all the daring spirit that can be raised.

The Inquiring Reporter

INQUIRING REPARTER
The University of Maryland plans to allow Negroes to enter next year. The University of Kentucky also plans to open its doors to Negroes. Recently, several applications for entrance to the University at Chapel Hill have been received from Negroes. What is your opinion on the possibility of having Negro students here at State
E. W. Moore
I.E. Freshman
I think there are sufficient Negro Colleges in these United States to provide a Negro with the type of education he is seeking. He should attend these schools. If this were not true, then and only then, should a Negro be permitted to enter State College. If the Negro should enter State College, there would have to be restrictions on living quarters. I would not stay in school if a Negro was assigned to be my roommate.

James F. Renfro
Sen. Forestry
It seems to me that the Negro faction is pushing things just a little too far and just too soon. They deserve equal rights, that is certainly true, but the Negro Colleges in the state are equal to ours in every way. Why shouldn't the Negroes concentrate on building up their own colleges, rather than expanding their efforts trying to enter white schools.
Thomas Ward
Soph. Tex.
NO. Negroes should not definitely not be admitted to State. Instead of being a progressive move, it would tend to greatly aggravate racial prejudices, and would be deeply resented by the student body.
Bill Patterson
Jr.; Tex., Syn.

I do not think Negro students should be admitted to State College. The system of Negroes attending school with white students would not work like it does in the Northern Schools. There would only be an increased friction between the two races, and many parents would not allow their sons and daughters to go to a school that allowed Negro students to enter.
Irvin Edwards
Soph. Arch.
No, Negroes should not be admitted to State College, I see no need for Negroes to attend State when they have colleges of their own, and to my knowledge their schools are just as adequate as State. If their schools do not meet the educational standards of State College, I think that is a problem for the State of North Carolina to solve. Of course, it may cost more for the State to support extra Negro schools, but it has worked before, and why shouldn't it work from now on.
William M. Adams
Jr. Agronomy
Negroes should not be admitted to Carolina and State College. Equal opportunities for education of the Negroes and the Whites can be maintained in separate schools.

sales would continue by mail through Monday, Feb. 26. All orders should be for either \$7.00 or \$5.00 season books and should include 25c for insured mailing and handling. Checks or money orders should be made payable to the Southern Conference Basketball Tournament and addressed to Box 5425, Coliseum Box Office, Raleigh, N. C.

Casey said that approximately 3,000 season books are still on sale. Some 2,000 tickets have been broken down into individual session sales and orders are being accepted now. Individual session tickets are priced at \$0.50 and \$1.00 for afternoon sessions and \$1.50 and \$2.00 for the night sessions.

All \$9.00 tickets in season books were sold on the first day orders were accepted, Casey reported. He said that approximately 4,000 of

the \$9.00 seats had been available and that they had been exhausted on orders postmarked at 12:30 p.m. Friday, Feb. 9, the first day orders had been accepted. Casey said that approximately 400 orders had been returned to purchasers in the \$9 bracket, but that these buyers had been given an opportunity to secure \$7 tickets by returning their reservation slips immediately.

Beginning today both season books and individual session tickets will be available across the counter at the Reynolds Coliseum or by mail. All mail orders must include 25 cents in addition to the cost of tickets for insured mailing and handling.

The field of teams to participate

in this year's tournament will be named at the meeting of the Southern Conference Basketball Committee, Sunday, Feb. 25 at the Hotel Carolina. Pairings will be announced over two state-wide radio networks by Eddie Cameron of Duke University, chairman of the committee.

Six teams have already been assured of berths this year, including N. C. State, West Virginia, William and Mary, South Carolina, Duke and Virginia Tech. Four other teams are still in the fight for tournament positions.

Seven games will be played. Two games are on tap Thursday afternoon, Thursday, March 1, beginning at 2 p.m.

the C-Average rule. If a candidate does not meet this requirement, he must have at least 40 credit points above a "C" average, ignoring the percentage formula rule.

The Registration Office formula follows:

Net Points minus hours failed multiplied by 10, then divided by credit hours earned plus hours failed. This result is added to 65. The final result must be 75 or above to qualify a student as a candidate for a 6 point office.

WILLIAM NEAL REYNOLDS COLISEUM
NORTH CAROLINA STATE COLLEGE
RALEIGH, N. C.

A Special Offer to the Patrons of the Coliseum
SEE ICE CYCLES OF 1951 AT REDUCED RATES

Ice Cycles of 1951, one of the world's greatest theatrical productions on ice, will be presented in William Neal Reynolds Coliseum at North Carolina State College in Raleigh April 11, 12, 13, 14, 16, and 17. John H. Harris, producer of the brilliant performance, says that he has never been so enthused over any attraction as he is over Ice Cycles of 1951.

As a special courtesy to the many patrons of the Coliseum, the management has decided to offer a discount of 20 per cent on the ticket prices for the show on April 11 only. The reduction will be figured on the basic prices of the tickets, and a list of these prices, showing the regular and reduced figures, is printed on the attached order form.

You might be interested in knowing the principal feature of this year's great show. It will be Walt Disney's world-renowned TOY SHOP with those famed characters, Mickey, Minnie, Pinocchio, Dumbo, Pluto, and Donald Duck.

This feature will be only one of ten big production numbers. The acts and main production numbers are all regarded by Producer Harris and other show officials as the most outstanding and most thrilling features ever offered by a troupe performing on ice.

Since this special offer is in advance of box office sales the offer will be good for a limited time only. All orders must be postmarked prior to midnight March 12th, 1951. Remember that the offer is good for the show of April 11 only. We can, naturally, fill orders only as long as seats remain. It is recommended that you mail your order immediately. If you do, you will get the first choice of seats.

Georgetown Here Tomorrow Season Finale For Wolfpack

The Wolfpack will wind up its regular season play tomorrow night with an inter-sectional game against the Hoyas of Georgetown University.

The Pack will be seeking its 25th victory of the season as against four losses, and a victory tomorrow will set the State College record at 132 wins and 26 losses since the advent of Coach Everett Case.

Georgetown comes to Raleigh with a record of eight wins in 18 starts, but their losses have come from some of the stiffest competition in the country. Wins Over Navy and Loyola

The Hoyas boast wins over Navy, Canisius, Geneva, Mt. St. Mary's, American University, Loyola of Baltimore, St. Francis, and Gannon. Sullivan and Bill Bolger, 6'3" and Their losses have come against La-salle, Long Island University, Maryland, and George Washington, among others.

Georgetown, an all sophomore team, will floor the tallest team that State College has faced this year.

Their starting lineup averages 6'4" per man and includes Barry 6'6" respectively, at forwards, Hugh Beins, a 6'7" pivot man, and at the guard positions are 6'5" Murphy Dennis and the team's only shorty Bob Makatura who is a mere 5'10".

Have Been Erratic

The Georgetown team has been very erratic this season. They have been sensational at times, but on other occasions they have looked like City College when the dump is on.

The Hoyas will be going all out for a win over State, and victory number 25 for the Casemen will be a tough one if the Washingtonians have a good night.

The starting lineup for State will be Captain Sam Ranzino and probably Bob Speight at forwards, Paul Horvath at center, and Vic Bubas and Lee Terrill at guards.

Ranzino and Horvath Over 1000 Ranzino and Horvath have been going at a rapid pace, having scored (Continued on Page 8)

Views and Previews

BOB CURRAN, Sports Editor

In a recent survey conducted by the District Attorney's Office in New York City, it was found that there are more "business men" per basketball team, than in any other city in the United States. So far that is! Wouldn't it have been a helluva note if CCNY and LIU played each other. With all the young "get rich quick entrepreneurs" performing, the game might have ended in a scoreless tie.

At the rate the stars are falling by the wayside, there won't be enough teams left by tournament time to stage a decent tourney. Best that the NIT stage a Business Men's Convention.

With the Southern Conference Tournament less than a week away, there are still a lot of questions to be answered. Will the Wolfpack accept a bid to the NCAA if they win the Conference Tournament, or will they bypass it for the NIT? My guess is that Coach Everett Case will accept bids to both tournaments, if bids are extended. Of course the bids will have to have the approval of the administration, and that's when something will hit the fan: I sure hope that the good fathers of this institution will favor both tourneys. Without Ranzino, Horvath and Bubas in the line-up for the NCAA, things do look sort of futile if State does get that bid. I don't doubt that the Pack would give a good account of itself without the three stars, but with them, things would look so much brighter. If the bid to the NIT is accepted, the Pack might even get a chance to meet The Blue Grass Baron and his Wildcats from Kentucky. It's a cinch old Adolph will never schedule a regular game, not while he's in his right mind.

Tuesday night the Freshman and Varsity basketball teams completed a clean sweep over the Big Four. For the third year in a row, the Freshmen won the title, and for the fifth year in a row, their big brothers on the Varsity did the trick. Coach Case's Southern Conference record now stands at 74 victories and only six defeats in his five years as Wolfpack coach. Not bad for a country boy coaching a bunch of farmers, eh what? His overall record, with just one regularly scheduled game to go now stands at 131 victories, and 26 defeats. If I remember correctly, some clown recently wanted to know just exactly what he has done as a basketball coach at State College.

Coach Willis Casey's Swimming Team wound up their home season with a 38 to 37 victory over the Blue Devils, last Tuesday afternoon. Bill Despres, one of the Pack's mainstays for the past few years, was the big hero of the afternoon. Anchoring the relay team in the last event, Wild Bill really made like a fish to lead the team to victory. I understand that Bill is allergic to water, as far as drinking it goes, and as a result he very seldom drinks it.

Tomorrow night All-America Sammy Ranzino, Vic Bubas and Paul Horvath will make their last appearance in a regularly scheduled game for the Wolfpack. At the conclusion of all tournament games, the famous No. 77, that Sam has worn for four years will be retired for all time. Last year Dick Dickey's equally famous No. 70 was retired. I wonder what number will be the next to go? If retiring numbers gets to be a yearly happening, the Pack will soon run out of them. Oh well, they can always use letters. Lou Bello will really go out of his mind signaling a foul on letter M.

I'd like to take time in this column to thank Mr. Johnny Miller and his staff for the fine intramural program that they have arranged for the student body of this school. Besides the regular sports of basketball, softball, volleyball, and touch football, there is track, swimming, wrestling, boxing and just about every sport imaginable. If the money dolers loosen up a little more when they appropriate money for intramurals, they might even be able to bring the program up to a par with the one over at the Chapel Hill Country Club.

Sigma Chi Wins Fifth Straight; Frat Boxers Ready For Finals

By T. E. RICKS

Fraternity basketball saw another slow week last week, when the boxing prelims dominated the weekly scene. The boxing finals were held on the 22nd, so check next week's column for the champs. Here are the results from the preliminaries.

115 lb.—Corn (SPE).
125 lb.—Waters (Sig Chi) over Odom (SAE). Waters takes on Wrape (Sig Nu) in the finals.
135 lb.—Jones (Sig Chi) over Jackson (Sig Nu). Jones against Crosby (PiKA) in the finals.
145 lb.—Fleming (PiKA) over Armstrong (Sig Nu). Fleming meets G. Winecoff (Sig Chi) in final bout.
155 lb.—Capel (Sig Chi) over Halsey (Sig Pi). Rogers (Sig Nu) over Nott (PiKA). Rogers over

Stickley (KA). Capel and Rogers clash in finals.
165 lb.—Weinige (PiKA) over LeGrande (Sig Pi). Cook (Sig Nu) over Neal (PKP). Weinige and Cook meet in final rally.
175 lb.—Jolly (Sig Pi) over Smith (Sig Nu), and DeWitt (PiKA) over Muse (PKP).
Unlimited lb.—Stowe (KA) versus Trippe (PiKA) in the finals.

Basketball
Sigma Chi racked up their fifth straight win of the season with an impressive 34-16 victory over PEP last week. Wyatt of the winners was the outstanding man in the game. In addition to good floor work he contributed 15 points to his team's score. Epstein was high man for his squad with 8. SAM remains undefeated after

trouncing over the Lambda Chi boys (47-15). The 47 points made by SAM topped the season's record of 41 points which was made by AGR last week. Jacobs was high scorer with 9. Hayworth led the losers on 7.

Cotten's 9 points gave Sigma Nu a satisfying edge over their PKP opponents in a contest that ended 21-13. Plemmons helped his men out by adding 6 points to their score.

PiKA added another win to their record last week by defeating PKT 37-20. The winners held the PKT's to 4 points in the first half, but they made 14 in the second half of play. Christian (PiKA) took game honors with his 14 points. Roddey (PKT) was next with 10.

GEORGETOWN—

(Continued from Page 7)
over 1000 points between them this season. Ranzino has 589 while Horvath is close behind with 437.

With one regular season game, a possible three games in the conference tournament, and the possibility of other post-season tournament games remaining, Sam is a good bet to break his record scoring total of 624 set last season.

Horvath has a great chance of going over the 500 point mark, and if he should it will be the first time in the history of the Southern Conference that two players on the same team have done so.

Bobby Speight has played excellent ball in the last few games. His shooting accuracy has improved tremendously, and he seems to get faster with every game.

Bubas Floor General
Vic Bubas, the great Pack floor general, has been shooting more in

but it has not hurt his astounding percentage in the least. He still leads the club in that department.

Leading the fast break along with Ranzino, Lee Terrill has been out of this world. He was especially great in the Wake Forest game Tuesday night.

A crowd of 10,000 is expected for this game, the finale of the 1950-51 regular season.

There will be no preliminary game tomorrow night. The State freshmen wound up their season with a thrilling double overtime victory with the Baby Deacons of Wake Forest Tuesday night. Game time tomorrow is 8:15.
