Split-T Receives Rousing Welcome From Fans

Sweet Stuff, and . . .

Emanating charm all over the place, these WC gals get into the spirit of Greater University Day as they greet some lucky State College men. The Woman's College ladies attended the State-Carolina game in mass and sat in a very charming group at the goal line. There is little doubt that the girls did a great deal to improve relations between the three branches of the Greater University.

Duke - Homecoming Game

By PAUL FOGHT

The plush homecoming carpet will be rolled out for the Duke game on October 14 instead of at the VPI game on October 28. The Athletic Department has given the student body permission to make this change in order that the homecoming activities could obtain sponsors. Last year's sponsors had expressed dissatisfaction over the night contest as a homecoming game.

The Monogram Club, last year's dance sponsors, and Blue Key, sponsors of the dorm decorations, felt that they would be unable to arrange these events for a night game. Mr. Clogston and the administration conceded the point and cooperated in making the switch possible. They are to be congratulated for this since the Duke game is a sure sell-out and the VPI tilt will draw well without the homecoming label.

CG Appropriation
The Campus Government has voted an appropriation of ten dollars for each dormitory to help defray the cost of their decorations. Each dorm may also solicit funds up to a total of 25 dollars.

Julius Lasnick, president of Blue Key, is arranging for judges for the decorations and prizes to award to the winning dorms and frat houses. The Raleigh Merchants Bureau last year awarded prizes to Syme, Tucker, and Owen dormitories, and HKA, TX, and KA fraternities.

The Homecoming dance will be held in the Coliseum with music furnished by a name band. The price of the dance will be announced as soon as the Monogram Club has contracted for the band.

The winner of the traditional Miss Wolfpack contest will be crowned at the dance. George Pickett, president of the Monogram Club, has released the following rules pertaining to the contest:

- Rules**
1. We think it best and fairer for each dormitory, fraternity and Vetville to select its own contestant for "Miss Wolfpack" and submit that one contestant for final judging rather than having all contestants from all organizations judged in the finals.
 2. Anyone enrolled in school is eligible to submit a contestant and anyone is eligible to be a contestant.
 3. The contestant representing each organization in the finals (Continued on Page 4)

Power, Tricks, Speed Result In 60-6 Win Over Campbell

By BILL HAAS

When two hundred pounds of dynamite is set loose under your feet, there is nothing to do but explode, and that is just what the Campbell Camels did last night!

State's freshman football team blasted charge after charge of Split-T and T under the Camel's feet and came out on the very lengthy end of a 60-6 score.

A single package of dynamite was Ed Hughes, 190 pound half-back from Buffalo, N. Y. Hughes single-handedly demolished the Camel defense with three quick tallies in the first half.

One Sided Affair

The demolition job was a lopsided affair from the start, with the Wolfcubs rolling to 30 first downs against eight for the Camels. The Dromedaries weren't able to get to the old watering hole until late in the final period after Coach Jim Gill swept the benches clean and sent all his cubs away from the den for a little fun on their own.

Swanger Earned His Meat

The fanciest cavorting of the cubs was exhibited by Tommy Swanger, a high-spirited wolflet from Hamburg, N. Y. Swanger romped away for several long runs, highlighted by his 55 yard scoring streak. Both a 50-yard foray for fresh meat and a 64 yard jaunt to the feed trough by Swanger were called back because of penalties.

Hughes' three trips over the diagonals were shorter but no less sensational as he scored from the one, the five, and the twenty for State's three initial T.D.'s.

Camels Finally Get Drink

With four minutes to go in the game, Clodfelter tosses one to Joe Whaley for the only Campbell score, to prevent a complete blank-out.

Fraternities Go To War As Rush Week Opens

Fraternity warfare bursts forth again over the campus at noon Saturday when the annual battle for freshmen pledges is launched.

Three phases of action are on tap to capture the ambitious newcomers. Groundwork for master plans will be in the making when the freshmen swarm about chapter houses between Saturday and noon Tuesday.

Called "Visiting Days," the charms of leather-cushioned chairs and intramural trophies will be the first weapons used to attract the bewildered guests.

Tuesday marks the start of rushing as the battle is intensified. Reserve weapons in the form of impressive parties will be rolled out to complete the campaigns.

A week long silent period starts at midnight Saturday, when the din of the fierce battle calms to an unbreakable silence.

Theta Chi, the youngest fraternity on the campus was officially welcomed to the fold at the first IFC meeting last Monday.

. . . Rough Stuff

This unlucky individual didn't receive such a sweet welcome as he tried to crash the gate at the game last Saturday. The wish in many spectators' minds as they watched the incident was that the young man on the ground might be one of the amateur painters who did such a poor job of decorating both the State College and the chapel bell towers and other spots on the campuses. (Photos by Dick Wooten.)

Agriculture School Merger

Merger of the Extension Service, the Experiment Station, and the School of Agriculture at N. C. State College into the School of Agriculture and the coordination of all three divisions of the college under the direction of the dean of agriculture was announced Saturday (September 23) by President Gordon Gray of the Consolidated University of North Carolina and Chancellor J. W. Harrelson of State College.

In a major reorganization of the agricultural training, research and extension programs at State College, President Gray and Chancellor Harrelson also announced the retirement of Dr. I. O. Schaub, veteran director of the Extension Service, and the appointment of top administrators in the School of Agriculture.

Approval of the changes in organization and of the new appointees was granted at a meeting of the executive committee of the Consolidated University's board of trustees in Chapel Hill, Saturday morning, September 23.

Dr. James H. Hilton, who has been dean of the School of Agriculture and director of the Experiment Station since January 1, 1948, will continue as dean of agriculture under the new reorganization plan. In this capacity, he will be the chief administrative officer of the agricultural functions of State College.

Other top-ranking officials in the School of Agriculture will be David S. Weaver, who will succeed Dr. Schaub as director of extension; Dr. Ralph W. Cummings, who will

be director of research; and Dr. Carey H. Bostian, who will be director of instruction.

Dr. Schaub will retire on October 1 but will remain on the college staff for the rest of the fiscal year to assist Dean Hilton in an advisory capacity. The new appointments and the merger of the three chief agricultural divisions of the college into the School of Agriculture will become effective on October 1.

Dr. Hilton, a native of Catawba County, has been a member of the college faculty since January 1, 1945, when he became head of the Department of Animal Industry. He was promoted to the post of dean of agriculture and director of the Experiment Station on January 1, 1948, upon the resignation of Dr. L. D. Baver.

Possessing wide experience in teaching and research work, Dr. Hilton has worked as a county farm agent in Iowa, assistant State club leader in Iowa, instructor at Iowa State, and a research scientist and

State College Unveils its First Movie

These State College administrative officers and alumni leaders watch Dr. Landis Bennett, head of the College's Visual Aids Department, as he threads the film of the first full-length motion picture ever made of the institution into the projector prior to the premiere showing of the movie yesterday afternoon. Members of the Council of State, Raleigh civic leaders, newspaper and radio representatives, and other friends of the school attended the showing of the 20-minute color film which was produced by the General Alumni Association. Left to right: H. W. (Pop) Taylor, executive director of the General Alumni Association; Guy F. Lane of Ramscur, association president, Mrs. Lane; Col. Henry Kendall, chairman of the association's executive committee; Mrs. J. W. Harrelson, wife of the State College chancellor; and Chancellor Harrelson. (Photo by John Mattox.)

GUSC Planetarium Meet Plans For New GU Prexy

Plans for the inauguration of President-elect Gordon Gray were presented to the Greater University Student Council at its first meeting last Saturday morning in the Morehead Planetarium.

Discussion of the painting incidents on the State and Carolina campuses were discussed along with plans for Greater University Day.

Inauguration exercises are scheduled to begin on October 8 at Women's College in Greensboro, followed by exercises in Chapel Hill and at Carolina and State on October 9 and 10 respectively.

The Council expressed regret over the painting of the Memorial Tower and with blue paint and of State's Memorial Tower and Coliseum with red paint. The group promised to "do all within our power to stem the tide" and prevent future vandalism.

Don Van Noppen of Carolina, chairman of the program committee of Greater University event, was congratulated by John Sanders, President of the Carolina Student Government, for the excellent program planned for the event.

In order to have as much student participation as possible in the first official program for the new president. Members of the Council were requested to assist with the official Reception on October 9 at Chapel Hill in the Planetarium.

Hank Odom, of State, President of the Council, called the painting incident "childish and inexcusable."

Head Agromeck at N. C. State

LOUIS MUSTIAN, JR.

ARTHUR S. DeBERRY, JR.

Louis Mustian, Jr., of Kittrell, left above, and Arthur S. DeBerry, Jr., of Tarboro have been elected as editor and business manager, respectively, of The Agromeck, student yearbook at N. C. State College, for the 1950-51 academic year. Both men are juniors in the School of Textiles at State College, and both are members of the Tompkins Textile Society and the Board of Student Publications. Mustian is a member of Phi Psi, national professional textile fraternity, and DeBerry is a member of the Cadet Officers' Association.

The Major Seek to Enlist Talented Tootlers, Tonsils

The State College Glee Club was organized this week, and rehearsals are now regularly scheduled for 7:00 to 8:00 p.m. on Mondays, Tuesdays and Wednesdays, in Pullen Hall. Forty members have enrolled this week, and it is anticipated that nearly that many more will join next Monday or Tuesday.

All additional students who wish to sing in the Glee Club must affiliate themselves by October 2nd, and to maintain membership in good standing, one must attend at least

two of the three weekly rehearsals, the minimum required to accomplish the aims of the club to perfect a repertory for the proposed campus, concerts and trips. Several more first and second tenors and a few more baritones are needed at present to balance an unusually good bass section, so come on, all ye tea house tenors and bath house baritones and have fun singing in a good college glee club.

Every rehearsal is important from now on, as the State College

Glee Club will collaborate with the glee clubs of Woman's College and the University to form a massed chorus which will sing in the Coliseum on October 10 when the honorable Gordon Gray will be officially inaugurated as President of the Greater University. The next immediate objective will be a concert in Pullen Hall on November 19th. Other public performances and one or more trips are included in the club's plans. If you are interested, you must join without further delay.

Major Katschinski announced that the Catawba College Band will be on hand Saturday night to share halftime and pregame ceremonies and sideline music with the State College "Redcoat" Band.

Local Gal Can be Maid of Cotton Festival

It is Maid of Cotton time again, and once more King Cotton is seeking the fairest in the eighteen southern and southwestern states where he reigns.

Announcement of the 1951 Maid of Cotton contest by the National Cotton Council opens the search for the cotton industry's thirteenth good will and fashion ambassador. The 1951 Maid will succeed Elizabeth McGee of Spartanburg, S. C., who in 1950 carried cotton's message to France, England and thirty cities in the United States. Elizabeth was a student at Holton-Arms School in Washington, D. C., when she was chosen for the coveted honor.

The winner of the annual contest will make a 50,000-mile international tour. She will be presented with an all-cotton wardrobe created for her by the nation's foremost designers. During her six-months' reign, she will deliver the cotton industry's greetings to dignitaries throughout the nation and in foreign countries.

Any girl who is between the ages of 19 and 25, is at least five feet five inches tall, has never been married, and was born in a cotton-producing state may enter. Judging is based on personality, background and appearance.

Approximately twenty contestants will be selected to participate in the finals at Memphis in late December. They will appear before a seven-member judging committee composed of cotton industry leaders and representatives of the organizations sponsoring the Maid of Cotton tour. These include the National Cotton Council, Memphis Cotton

Carnival Association and Cotton Exchanges of New York, New Orleans and Memphis.

Immediately following her selection in Memphis, the new Cotton Maid will fly to New York for a month's stay in preparation for her tour. During that period she will receive make-up and modeling instruction at a famous studio, hold press interviews, pose for fashion photographs and appear on national radio and television programs.

She will be introduced to the nation's outstanding designers, who will present her with originals for her all-cotton wardrobe, including costumes for every occasion and every season. She will open the tour early in February with a fashion show at Burdette's, leading department store in Miami. In each of the cities on her schedule the Maid will appear as featured model in similar cotton fashion shows.

Preceding Maids have been Alice Hall of Memphis, 1939; Mary Nell Porter of Memphis, 1940; Alice Earle Beasley of LaGrange, Tenn., 1941; Camille Anderson of Memphis, 1942; Bonnie Beth Byler of Lepanto, Ark., 1943; Linwood Gieclard of Donaldsonville, La., 1944; Jennie Erle Cox of West Point, Miss., 1945; Gwin Barnwell of Gastonia, N. C., 1946; Hilma Seay of Memphis, 1947; Matilda Nail of Fort Worth, Texas, 1948; Sue Howell of Bakersfield, Calif., 1949; and Elizabeth McGee of Spartanburg, S. C., 1950.

Applications must be submitted by Dec. 1. Entry forms and instructions may be obtained from the National Cotton Council, P. O. Box 18, Memphis 1, Tenn.

Campus Interviews on Cigarette Tests

Number 1...THE PUFFIN BIRD

*"What's all the huffin' and puffin' about?
I've been a Puffin all my life!"*

You may think this "bird" is funny — but he's no

odder than many of the cigarette tests you're asked to make these days.

One puff of this brand — one sniff of that. A quick inhale — a fast exhale — and you're supposed to know what cigarette to smoke from then on. The sensible test doesn't have to rely on tricks and short cuts. It's a day-after-day, pack-after-pack tryout — for 30 days. That's the test Camel asks you to make! Smoke Camels regularly for 30 days. Your "T-Zone" (T for Throat, T for Taste) is the best possible proving ground for any cigarette. After you've made the Camel 30-Day Mildness Test, we believe you'll know why...

More People Smoke Camels than any other cigarette!

Foreign Scholarship Opportunity Revealed

Mr. Rex Beach, the campus Fulbright Program Adviser, has received notice from the United States Department of State of the award of a scholarship for foreign study to George Edwin Patton, B.S. '48, of Franklin, North Carolina to enable him to study landscape architecture at The American Academy, Rome Italy.

The award is made by the Department of State under the provisions of Public Law No. 584, (79th Congress), the Fulbright Act. It is one of approximately six hundred grants for study abroad included in the program for the academic year 1950-51. As provided by the Act, all students are selected by the Board of Foreign Scholarships, appointed by the President. Students are recommended by the campus Fulbright committees and by the Institute of International Education.

The countries in which these opportunities will be available are Australia, Belgium, Burma, Egypt, France, Greece, India, Iran, Italy, the Netherlands, New Zealand, Norway, the Philippines, Turkey, and the United Kingdom.

The Fulbright Act Authorizes the Department of State foreign currencies and credits acquired through the sale of surplus property abroad for programs of educational exchange with other nations. Grants are normally made for one academic year and are renewable only in exceptional cases. Grants to Americans usually include round trip transportation, tuition or a stipend, a living allowance and a small amount for necessary books and equipment. All grants under the Act are made in foreign currencies.

For graduate study: Students who will be enrolled in American colleges and universities in the academic year 1950-51 should apply to the Fulbright Program Advisors on their campuses in September or at the beginning of the academic

year. All applications must be submitted for student awards by October 31, 1950.

Graduate study opportunities in each country are as follows: Belgium and Luxembourg 20; Burma 3; France 220; Greece 10; Italy 100; the Netherlands 25; New Zealand 10; the Philippines 6. In Australia, Austria, Egypt, India, Iran, Norway, Turkey, and the United Kingdom the number of awards is not known at the present time but will be announced later.

Anyone on this campus who is interested in one of these grants has until October 31st to apply through Rex Beach, 111 Peele Hall.

Statistician Completes Pineapple Survey

Prof. J. A. Rigney, head of the Department of Experimental Statistics at State College, has returned to the college after completing a special three-month assignment in Hawaii.

He left the campus in June for Honolulu, where he assisted the Experiment Station of the Hawaiian Sugar Planters' Association to establish a new Department of Experimental Statistics. He also reviewed the statistical techniques now in use by the association and assisted in revision of these techniques.

In the course of his work, he visited 27 of the 28 plantations in the association. These plantations are located on four islands.

Following his guidance, the association set up a Department of Experimental Statistics and named R. J. Borden, a native of Massachusetts, as the department head. Borden is scheduled to arrive at State College on September 20 and begin a three-month period of study here.

Dr. L. D. Baver, former dean of the School of Agriculture at State College, is director of the Experiment Station of the Hawaiian Sugar Planters' Association and was responsible for obtaining Professor Rigney's services.

Diversified Education

Granted, every student at State College has the primary aim of gaining "book learning," but a little outside activity around the campus can add richly to your education.

A very important service to the school, plus both scholastic and aesthetic knowledge, is your gain for a few hours each week on one of the college's publications.

State College has more publications than any institution in the State, including newspaper, humor magazine, and technical journals.

The editors and business managers of the nine campus publications want and need your help. There's a lot of work to be done, and there's a lot of personal satisfaction to be derived from journalistic participation.

Call at any or all of the publications and see what they have to offer you.

It's Murder!

We realize that the pathways from classes to the outer rim of Lower Slobbovia at Tucker and Owen dorms aren't exactly primrose, and that the students must trudge homeward in the road, but . . .

You are making a dangerous practice of taking up too much of the road. At night, it is almost impossible to see a pedestrian until the driver is almost upon him. Someone is going to get hurt and hurt badly before the roads are finished.

Make the best of a bad situation, and try to make it home on the side of the road instead of the middle.

Entered as second class matter, February 10, 1920, at the post office at Raleigh, North Carolina, under the act of March 3, 1879

Is It Worth It?

Some criminally enterprising students on the campus are saving themselves a few dollars, but they are risking a lifetime of success by their acts.

Many students are having to make a second trip to the bookstore for complete sets of books. Most of the student pocketbooks can't stand this extra burden.

It's only fair to warn the sticky fingers that stealing is a very serious violation on this campus. One of the many penalties for stealing is immediate dismissal from school; and, brother, when you are thrown out of school for stealing, it is a mighty tough brand to erase!

Your church hears of the incident, business men in your town are advised, and the act is permanently recorded in school records for any prospective employer to read when he wants.

Is the immediate monetary saving worth that?

The Same Old Story

"Now that the settled veterans are gone, and the younger students have taken over the campus, we'll see more and more vandalism such as was displayed during Greater University Day activities at State and Carolina."

Right or wrong, this is the general consensus of opinion of the upper classmen on the State College campus. For three years, State and UNC played their so-called "bitter rivalry" contest without any evidence of the wasteful and thoughtless destruction that was so prevalent on both campuses during the 1940's.

Suddenly, after a three year lapse, both campuses were smeared with red or blue paint which caused very few laughs and many hours of hard work to remove.

We won't try to blame any group on the campus, either freshmen or upperclassmen; but we will ask that you guilty individuals do a little serious thinking before you commit another such very unfunny and very unwise trick on any campus at any time. The puny laughs you derived from the malicious prank were completely drowned out by cries of disgust from both your fellow students and townspeople of Raleigh and Chapel Hill.

IT DOES COUNT

Sponsored by the Interdormitory Council

What is School Spirit?

A friend of ours—a member of the Campus Government—asked us last year what we thought he could do right now to bolster school spirit at State College. We asked him what he meant by school spirit, and he replied that it seems to be something we don't have in the middle of an unsuccessful football season, but which we do have some of during basketball season. "I can notice the difference in the whole general campus attitude," he said.

We couldn't recommend much, because we assumed that a more powerful football team was more than he could afford. But if he were willing to define school spirit as something more than mass hysteria over being represented by a Great Team, then perhaps we could add something.

What more can school spirit be? We may define it generally as a

feeling of pride arising from an association with or a participation in the things which we admire about our school. Certainly this pride does not end with our sports teams. We like to think that it includes participation in campus affairs; not just a vicarious thrill or false sense of accomplishment from watching someone else perform. We like to think that it includes real friendliness and comradeship at State College; not just a collective resentment toward other schools which have apparently outdone us. We like to think that it includes scholarly achievement; not just telling others how difficult State is.

If we really have good spirit in our school, it will show itself in the respect we have for all its properties and the extent to which we take individual responsibility for its welfare and good name as well as in the way we cheer at a ball game.

With The Greeks

By FRANK PERKINS

With another year of college now in full swing the monotonous chime of the class bell is again our dictator. Along with its hourly interruption goes the thought—another hour has passed as slowly as it came. But for the numerous greeks, back to school means much more than the thought of classes and many long hours of tedious studying, it brings together a group of students who learn to live with one another. They share the same pleasures and discomforts that even the family does. I asked a fraternity man what benefits he received from the brotherhood and he immediately answered, "Why, it's a home away from home." This statement is very brief but strictly to the point.

If you were to ride by any of the fraternity houses you would probably see the lawn full of chairs and other pieces of furniture where fall house cleaning is in full progress. It is amazing how much junk and dust can collect in such a short period of time. All of them seem to be preparing for a big rush week with parties and smokers almost every night.

New House

The SAE's have moved from their home on Horne St. to a mansion out on Hillsboro. From the location of their new home it is hard to tell whether they are going to Carolina or State this year. They tell me that it is a wonderful place to have a Beer Party because their luxuri-

ous home has "5" bathrooms. The PiKa's also plan to move from their abode at 1720 Hillsboro to another location sometime in the near future.

A few of the PiKa's, namely Moultrie Watts, Charlie Parks and Kenneth Winston want to go radical and move the PiKa house to Cincinnati. The reason is because this is where the National Convention was held and they found three "Queens" that completely snowed them. Whether the PiKa's gained anything from this convention isn't known as yet but the representatives from Alpha Epsilon Chapter said they had a whale of a good time. If you don't take my word for it get Moultrie to show you the pictures that were taken on the trip.

Pi Kapp Delegate

The Pi Kapp's also sent a representative, Chick Ammons, to Portland, Oregon for their National Convention. From all that I can gather he came back with a car full of papers and new resolutions which Tau will try to put into effect this school year. He tells me he gained a lot from his trip to the West Coast—if not Fraternally then socially because every week finds Chick calling some different girl he met during his weeks stay.

The I.F.C. has put some teeth in their program for rushees this year so Frats let's keep on our toes in order to avoid any infractions of these regulations.

HOMECOMING—

(Continued from Page 1)

should be presented to the final judges in the following manner: (a) A maximum (and we urge it to be a minimum) of three photographs; one in a full length dress, one in a bathing suit and a portrait, all in black and white or sepia. The elimination of tinted photographs assures better likenesses of the contestants. (b) These photographs should be enclosed in a folder with the name and address and sponsoring organization of the contestant on the folder. This information should not be on the photographs, so as to assure impartiality in judging.

4. There will be four judges; one representing the Inter-Fraternity Council, one representing the Inter-Dormitory Council, and two representing the Merchants Bureau of Raleigh.

5. All entries must be submitted by October 7.

GUSC—

(Continued from Page 2)

Authorities at both institutions are still seeking information about the identity of the painting vandals. Odom says that identity of the State culprits (when and if located) will be tried by the Carolina Men's Council.

After deciding the next Council meeting place will be October 8 at Women's College in Greensboro, the remainder of the session was devoted to routine matters.

Odom suggested that the policy of exchanging student newspapers among the student governments be continued for another year.

After a report by Treasurer Tom Sully the question of finances was postponed until next meeting.

A man who is oppressed by his own self-condemnation, never fails to boast.

Linheads Learn At Local Lectures ??

A new feature in the list of State College events will be inaugurated in the auditorium of the Textile School on October 12 when Dr. Benjamin B. Gossett will present an address. This will be the first in the B. B. Gossett Textile Lecture series.

Dr. Gossett has donated a fund to the School of Textiles to provide a program of outstanding addresses by leaders in textiles and allied fields.

Only sophomores, juniors, and

seniors from the school will be permitted to attend the lectures. Because of the limited seating capacity of the auditorium the remaining seating capacity must be reserved for outside visitors.

The list of speakers for the coming year includes the Editor of the Textile World; Herrman H. Shell, president, Sydney Blumenthal Co.; Dr. Lillian Gilbreth, famed industrial engineer and wife of the man who found children to be cheaper by the dozen; Dr. Cladius Murchison, economic advisor; Tom Carrow, president, Cotton Council; and J. Spencer Love, chairman of the board, Burlington Mills.

Dean Malcolm Campbell of the School of Textiles made these announcements at a meeting of the school's upper classes yesterday noon. The Dean opened the meeting by stating that he felt that the school was going to have one of the best years in its history. He closed it with a few remarks about his recent trips through the southwest and to South America.

BELL TELEPHONE SYSTEM

Students Operate State College Radio Station

Shown here in the studios of WVWP, campus radio station at N. C. State College, are the retiring officers and newly elected officers of the station. The station, now in its fifth year of operation, broadcasts a wide variety of programs keyed to student tastes during a regular daily schedule. Left to right: Wade DuBose, Jr., of Richmond, Va., retiring manager; Paul D. Miller, Jr., of Statesville, newly elected manager; Frederick O. Smetana of Concord, retiring business manager; and Joel N. Heim of New York City, new business manager.

Campus Kilocycle

By ADRIAN TROELEMAN
Radio Editor

This feature has been inaugurated to assist our campus radio station, WVWP, in informing the student body of their activities. With each appearance of this column we hope to tell you a little more about the programs and personnel of the station.

WVWP resumed operations last week sending over the kilocycles programs designed especially for you. The service, according to Station Manager Paul Miller, has improved considerably since last year due to the acquisition of a transcription service. Now, you will be able to request the latest of your favorite recordings during the nightly OPEN HOUSE Program at 10 p.m.

The state starts broadcasting at 11:30 a.m. when it presents an uninterrupted program of dinner music which lasts until 1:45 p.m. The next broadcast is at 5:30 p.m. with music of the same nature until 7,

at which time the station starts its regular program with GAY SPIRITS, a program of bright and lively recordings.

On Monday, Wednesday and Friday night at 7:30, the VOICE OF THE WOLFPACK presents a half hour of special interest to Veterans. This is followed by TWENTIETH CENTURY SERENADE, an uninterrupted flow of transcribed music designed to provide a medium of relaxation for your early evening study periods. It usually includes recordings by orchestras, such as David Rose, Carl Chandler, or Buzz Adlam.

If you like Latin American music don't miss SOUTH OF THE BORDER at 9. The highbrows especially will enjoy CONCERTMASTER, a recorded program of the world's most inspiring music. It runs from 9:30 to 10 p.m.

As I mentioned before at 10 p.m., OPEN HOUSE an all recorded, all request program is presented. All you have to do is to

call 7861 and the music you like to hear will be played for you.

ACCENT ON MELODY, music of tranquility, styled with the accent on melody will be carried to you over the air waves at 11 p.m. to be followed at 11:30 by a program of the top tunes in America today.

At midnight the station concludes the day with a half hour program of past musical favorites entitled ONCE IN AWHILE.

If you want to keep pace with the news in the world of sports, don't forget to tune in the SPORTS REVIEW at 7:30 on Thursday nights with Joel Heim as your reporter.

At 7:30 on Wednesday nights the campus news of the week will be brought to you by Adrian Troeleman.

Well, all you have to do now, is to turn your dial to 580 and find out for yourself what the station is worth.

If there are any among you who would like to become station members, drop by the station as soon as possible and see Carl Ingersoll, the production manager. There are several openings on the announcing and technical staffs also.

Letter Writing Clinic

The English Department is instituting this year a new service for students who wish consultation on problems of application letters. The object will be to enable seniors and other students applying for jobs to take advantage of expert advice in the preparation of letters, data sheets, and record-application folders leading to successful placement in industry.

Professors A. B. R. Shelley and T. L. Wilson will be available for free consultation in Pullen 106 and Pullen 3, respectively. Plans are being made for the preparation of a set of sample forms to be distributed upon request. This service is in addition to the regular work given by the department in Business Correspondence.

Joel Heim, the business manager asked me to tell you that he needs some people on his staff also. So if you feel that you have the time and the interest don't hesitate to make yourself available.

Command!

BE A LEADER!

Leaders of tomorrow are being made today—on the college campuses of America. And the Army ROTC is training the best of them.

Prepare now for leadership in national emergency and in the competitive world after graduation. Get your U. S. Army Commission, and learn to be a leader of men in civilian life while you earn it.

Point your path toward success in business and industry—success and leadership in the duties of citizenship—by learning in Army ROTC courses to make the quick, sound decisions that count. Of such stuff is leadership made.

FRESHMEN:

Register now for basic Army ROTC training!

QUALIFIED JUNIORS:

Sign up now for advanced Army ROTC training!

Hair Thin? Over Weight? You too Can be an - - - Overt Personality

By BOB HORN

In an atmosphere where specimen shrubs and technological genii are cultivated, another living organism also manages to flourish with a great deal of vigor—the overt personality or “character.” Such a one is Bob Curran, newly appointed Sports Editor of the Technician.

Mr. Curran is unique if only by virtue of the fact that his stay at college has been one of the most extended on record. He is well past the halfway mark of a decade in that respect. Curran, a jovial six-foot-three, 240 pound Irishman, was graduated from George Washington High School in New York City in June, 1941. While in attendance at that institution he played varsity basketball. Thus his coverage of local sports events has a basis of personal game experience as well as a spectator's viewpoint.

Basketball at LIU
His college career began at Long Island University in 1942 when he

was awarded a basketball scholarship. His stay there was cut short, when, after one semester, he was drafted into the Army Air Corps' communications division. He specialized in VHF radio control net systems and became a sergeant before being discharged in 1946 with a disability. The major portion of his three and a half years of service were spent in the European theater of operations.

A free man once again he so-journeyed to State College to major in Ceramics. This year he is President of the State College Chapter of the American Ceramic Society.

Feathers Furor

As a sports columnist for the Technician, Curran managed to set a lively pace for his readers. Whether or not his followers could be termed legion is open to question. Last year he created such a furor among the football players that his physical well-being was actually in jeopardy for a while. In so many not-too-well chosen words he rapped the coaches and players of the football team for not having the stamina to produce the results which they were being paid to produce.

Many of the players rallied to the defense of the coaching staff. An equal number did not. Those in-betweens stood by and amused themselves while the battle raged. One night an aggregation of football stalwarts paid writer Curran and impromptu visit. Said he, “I was really scared there for a minute.”

When queried about why he remained scared for so short a time he explained, “I arbitrated like mad, and they turned out to be a pretty good bunch of fellows.”

Curran Charm

Since that incident the teams have developed a certain amount of respect for the erstwhile rabble rouser and have even begun to sub-

mit to the Curran charm. Now, on Friday or Saturday nights one often finds Mr. Curran holding basketball court on the front steps of his fraternity house. Around him are gathered the stars of today's and tomorrow's hardwood, listening eagerly and attentively to the Curran war stories and miscellaneous deliverances. He generally reclines in an overstuffed chair while delivering his extemporaneous lectures. Staring at the ceiling, his arms flail the atmosphere as if to diffuse the Curran culture more rapidly among the deciples.

No subject is too deep or diverse for this able conversationalist. The extent of his knowledge appears to be worthy of the highest commendation. Just how, where and when he acquired his vast accumulation of assorted news bits, no one is exactly certain. Those who come in frequent contact with him are certain, however, that his gay, gregarious manner and overt charm make him one of the truly outstanding characters of the present collegiate generation.

Merger

(Continued from Page 1)

assistant chief of animal husbandry at Purdue University. He resigned his post at Purdue to come to State College in 1945.

David S. Weaver, the new director of extension, became assistant director of the Extension Service on January 1, 1948, after about 25 years of service as head of the College's Department of Agricultural Engineering.

For many years a leader in North Carolina's rural electrification program, Professor Weaver has had considerable influence in bringing power and light to the farmers of the State. In 1933, he organized the North Carolina Rural Electrification Survey, which was the forerunner of the 1935 North Carolina Rural Electrification Act. He served as secretary of the State's Rural Electrification Authority from 1936-40 and became chairman of the authority in 1940. In 1949, he was chancellor of Alpha Zeta, national honorary agricultural fraternity.

Dr. Ralph W. Cummings, who has been associate director of the Experiment Station, was promoted to director of research under the new plan of organization. He was born on a farm near Reidsville, Rockingham County, and is an alumnus of State College. He joined the college faculty in 1942 as head of the Department of Agronomy and was advanced to the position of associate director of the Experiment Station in 1948.

Dr. Cummings received his B.S. degree from N. C. State in 1933 and his Ph.D. degree at Ohio State in 1938. He was appointed to the Experiment Station and Agronomy Department staffs at Cornell University in 1937 and served in that capacity until coming to State College in 1942. He held the title of professor of soils at Cornell.

Dr. Carey H. Bostian, the new director of instruction, is a native of Rowan County. He received his A.B. degree from Catawba College in Salisbury in 1928 and later earned his master of science and Doctor of Philosophy degrees in genetics from the University of Pittsburgh.

He joined the faculty of N. C. State College in the autumn of 1930 and assumed the duties as assistant professor of zoology. He was promoted in 1936 to the rank of associate professor of zoology and also became an associate in poultry genetics in which capacity he handled problems relating to poultry breeding.

In 1945, Dr. Bostian was promoted to professor of zoology and was appointed assistant director of instruction in the School of Agriculture on January 1, 1946.

Robert W. Shoffner, who will be assistant director of extension replacing David S. Weaver, is a native of Alamance County. He received his B.S. degree in agriculture from N. C. State in 1929 and later did graduate work at the University of Wisconsin.

A former county agent in Cleveland County, he was director of joint projects of the TVA and Extension Service from 1935-40, was appointed as specialist in farm management for the Extension Service in 1940 and was advanced to district agent of the Extension Service in 1945.

In addition to his duties with the Extension Service, he has served since 1946 as assistant manager of the N. C. State Fair.

STUDENTS! MAKE MONEY WRITING LUCKY STRIKE "HAPPY-GO-LUCKY" JINGLES!

It's easy! It's fun! No box tops to send! No essays to write! Just write a simple four-line jingle, and you may make \$25! Start today!

Write a "Happy-Go-Lucky" jingle, like those you see on this page, based on some phase of college life. If your jingle is selected for possible use in Lucky Strike advertising, we will pay you \$25 for the right to use it and your name in our advertising. Start today. "Happy-Go-Luckies" will soon be running in your paper. Send in your jingles—as many as you like—right away, and \$25 can be yours pronto if your jingle is chosen. Be the first to write a jingle in your school. Watch this paper for more "Happy-Go-Luckies."

READ THESE SIMPLE INSTRUCTIONS

1. Write your "Happy-Go-Lucky" four-line jingle on a plain piece of paper, or postcard, and send it to Happy-Go-Lucky, P.O. Box 67, New York 46, N. Y.
2. Be sure your name, college and address are included—and that they are legible.
3. Every student of any college or university may submit jingles.

Be Happy-Go Lucky!

Enjoy truly fine tobacco! Enjoy perfect mildness and rich taste!

L.S./M.F.T.-Lucky Strike Means Fine Tobacco

A Growing Fame

Professor Matthew Nowicki

By BOB HORN

In the last issue of the TECHNICIAN an article announcing the death of Matthew Nowicki, acting head of the School of Design's architecture department appeared. Since then, many students and most of the faculty members of the School of Design have expressed their sentiments concerning the loss of the late professor. The writer therefor feels that it is incumbent upon him to present a tribute to Matthew Nowicki as a supplement to the initial article—a tribute which will attempt to reveal a cross-section of the feelings of the entire School of Design population.

Surely no man ever approached greatness with more modesty and reserve than did Professor Nowicki. To know the man was to like him. He was completely accessible and unassuming at all times. Always he took the time to explain himself thoroughly, and he had a rare knack for presenting a clear explanation of his subject. He was modest in the extreme. The prospect of obscurity never bothered him. When asked if he objected to not being accorded full credit for

a certain design or operation he replied that it did not matter saying, "Time will take care of that. The important thing is to have produced the work." A patient and persevering advocate of organic design in architecture, his brain was so fertile and potent, that no design was ever partially his; it was all his or not at all, and it was always of the highest quality.

In most of the accounts of his death he was listed as a consultant

to this or that architectural firm. Actually he was much more than that. Professor Nowicki seldom, if ever, sacrificed to outside pressures, the design principles which he held sacred.

State College students are fortunate in that they will have, a tangible remembrance rather than a fading memory of this splendid man to attribute to his genius. The remembrance will be in the form of the Student Union Building which is expected to become a reality within the next two years. Many glowing reports have been heard concerning the concept and design of the building. None of them, I am sure, will do justice to the completed structure.

Few men ever contributed more to the progress of the civilized world than Professor Nowicki. He was constantly engaged in the process of creating and building something new and something vastly superior to that which preceded him. With a clear head and a well

formulated plan of attack he met all the challenges, and they are legion, with which the field of architecture is beset. From his productive mind radiated a wealth of ideas, each more brilliant than its predecessor. He was the sort of person to whom one looked for leadership. He inspired confidence, and by his very being was incentive enough to spur one on to do his best work.

Although it is highly improbable, if in the history of the School of Design, one man is graduated who promises to measure up to the stature of Professor Nowicki, the production of that single individual will in itself be ample justification for the school's existence.

The position of head of the Department of Architecture in the School of Design can be filled; however, Matthew Nowicki himself will remain irreplaceable. While he was in our midst perhaps he was not fully appreciated. Now that he is gone we can but mourn his loss and attempt to perpetuate his ideals and his concepts as best we can. The State Fair Grounds, the State Archives and Museum, and the Student Union Building, the United Nations Secretariat, the blueprint capital of the Punjab Province all bore the marks of Matthew Nowicki

Wanta' Wataugan?

All off-campus students who are interested in having the Wataugan mailed to them must leave their addresses at the office in the Publication Building.

Students interested in working on the staff of State College's humor magazine are requested to see either the editor or business manager as soon as possible. A staff meeting will be held 7:30 October 3.

Technical Mag Sounds Call for Journalists

All engineering students who are interested in working on a technical publication are requested to get in touch with C. A. Legrand or D. R. Young, Phone 20268, 2513 Clark Avenue. This includes both old staff members and prospective staff members. There are plenty of jobs open for those who are willing to work.

—the marks of greatness which we cannot and will not soon forget.

He was and will be remembered as a distinguished gentleman, an architectural genius, and a man of such superior mental stature as to be hailed as unique in our time.

From Wolf To Panther In One Easy Lesson

Remember Big John Huzvar, the 235 pound fullback who was stamped with a future All-America label when he enrolled at State several years back?

Well, the gigantic line blaster is back in the local spotlight but he returns in a different uniform. He's a member of the University of Pittsburgh team which invades Duke Stadium Saturday to give the Blue Devils their first home opposition of the season.

Huzvar, a six foot-four inch sophomore, will be one of the biggest backs ever to play on Duke Stadium turf. He attracted rave notices when he enrolled at State in 1947. He was only a freshman, eligible for varsity competition under Southern Conference rules at that time, but the mark of future greatness was there.

He was a member of the Wolfpack team which bowed to Duke, 7-0, but he never stayed around long enough to live up to the advance billing that made him the most publicized freshman player in the area.

Huzvar left the Raleigh campus to join the Marines, and when he was discharged in August, 1948, he entered Pittsburgh, fully matured and 15 pounds heavier than his playing weight at N. C. State.

Dixie Classic

December 28-29-30
William Neal Reynolds Coliseum

Thursday afternoon, Dec. 28—2 P.M.: Wake Forest vs Rhode Island State; 3:30 P.M.: N. C. State vs Tulane University.

(Consolation Bracket Championship finals).

Saturday Night, Dec. 30—7:30 P.M.: Loser of Game 6 vs Loser of Game 7; (Third and Fourth Place Winners); 9:00 P.M.: Winner of Game 6 vs Winner of Game 7 (Championship and Runner-up Games).

Teams Participating

Duke University, North Carolina State College, University of North Carolina, Wake Forest College, U. S. Naval Academy (Annapolis), Colgate University, Rhode Island State, and Tulane University.

Wolfpack Makes First Home Appearance Against Catawba Indians Tomorrow Night

Tomorrow night at Riddick Stadium, Coach Beattie Feathers' Wolfpack will meet the Catawba Indians of the North State Conference. In the first and only meeting between these clubs in 1944, State's war torn team narrowly eked out a 12-7 win.

Coach Bob Spangler, an ex-Duke star, in his first year as head coach at Catawba, will have the Indians operating from a winged T-formation. Leading Catawba will be a fleet of fast backs, led by Johnny Coble, from Mt. Airy. Other standout backs will be Harold Carter at tailback; Joe Popp, an expert passer, at quarterback; and Bobby Fesperman at wing.

Heads Athletics

ROY B. CLOGSTON
Athletic Director
N. C. State

Under Roy Clogston's guidance during the past 2 years State's athletic program has prospered. His popularity has grown by leaps and bounds and everywhere he has made additional friends for the school's athletic program.

Clogston took over the athletic reins at State on August 1, 1948 after a 20-year tenure as athletic director at St. Lawrence University, Canton, N. Y. His background includes a degree in physical education from Springfield College and a Master's degree from New York University in physical education. He is 46 years old.

A Navy veteran of World War II, Clogston attained the rank of commander. He served as rehabilitation officer on Guam and other South Pacific bases and directed a far-ung program, which received numerous commendations from higher-ups in Washington.

Of an athletic nature himself, Clogston enjoys golf, tennis and swimming. He's also had extensive coaching experience, having tutored St. Lawrence football teams during his long stay at the Canton, N. Y. school.

Clogston lends a personal interest

(Continued on Page 16)

In their last two appearances against Newberry and Erskine, the Indians have scored six times, and this club is being called one of the best teams in the history of the Salisbury school. Catawba has never beaten a Big Four team, and tomorrow night they will be gunning to turn the trick.

A victory over the Pack would mean a successful season for Spangler's Indians regardless of what comes in their remaining games.

Coach Feathers will once again rely on his starting backfield of Ed Mooney, Jim O'Rourke, Ray Barkouskie, and little Jimmy Smith. In his last appearance against Carolina, Ed Mooney ran up a total of 244 yards on the ground and in the air. The fleet back is one of the leading groundgainers in the Southern Conference and one of the top candidates for All-Southern honors.

Up front in the line, Elmer Costa, Captain Tony Romanowsky, big Tom Tofaute, and guards Vince Bagonis and Walt Schacht will give the Wolfpack a load of defensive power.

Unlike last week, the Wolfpack will not be "underrated," but for the second week in a row they will be undermanned. Barring last minute injuries, Coach Feathers will enter the contest with a small, but determined squad of 37 men. Except for a few minor bruises, the Pack will be at top strength for the night tilt. Ed Mooney and Jim O'Rourke suffered minor bruises in the Carolina game, but they should be ready to lead the offensive play for the Pack.

Kickoff time at Riddick Stadium is scheduled for 8:00 P.M.

Probable Starting Lineups

NCS	Position	Catawba
Allman	LE	Stanfield
Beaver	LT	Lee
Schacht	LG	Price
Tofaute	C	Henry
Bagonis	RG	Donaldson
Costa	RT	Goodman
Romanowsky	RE	Oxidine
Barkouskie	QB	Popp
Mooney	LH	Carter
Smith	RH	Fesperman
O'Rourke	FB	Linder

Views and Previews

BY PAUL HODUL

It would have been much sweeter to taste the fruits of victory against our natural rivals from the Hill, but somehow the sting of defeat didn't seem to hit home with its usual resounding clearness. If ever the Red and White deserved a victory, last Saturday was the day. Except for a few lapses in our line defense, the playing was excellent. The old "hustle" and spirit to spring an upset was definitely in view to the 42,000 fans observing the contest.

Ed Mooney with his bullet like passes kept the air-conscious offense moving. It was quite evident at the start of the contest that the strategy decided upon by the coaching staff was strictly a passing contest. Realizing that the Carolina team had too much up front the strategy decided upon was very logical and with a few breaks the Wolfpack could have pulled a stunning upset. A team that uses a passing attack as its chief weapon of offense must have capable receivers. This challenge was most assuredly met by O'Rourke, Webster, Smith, and Butler. There were many instances of circus catches by these "glue fingered" receivers. As for line action, dependable Elmer Costa was again carrying on where he left off last season. His aggressive charging broke up many of Carolina's offensive plays before they could get rolling. Captain Romanowsky played his usual steady game. Ray Barkouskie was another standout performer. He continually plugged up holes that were made in the primary defense by the powerful Carolina line. He showed much promise of becoming a future star in the Wolfpack lineup.

The team play was quite evident, with every player doing his job. As for the bright future of our team this fact is certainly evident. Everyone of our opponents will know that they have been in a rugged game before the sixty minutes are over. Barring any serious injuries during the remainder of the season, State will be a definite headache for any eleven. As the season goes on, the up and coming sophomores should receive the experience that is so essential in making a smooth working aggregation.

As a weekly addition to this column football prediction will be made by various members of the staff and by Joel Heim, sportscaster for W.V.W.P., the State College radio station.

D. H. HILL LIBRARY

North Carolina State College

Pack Stalls "A" Model, Holds UNC To 13-7 Win

By LEN COLLEY

The State College Wolfpack proved the experts wrong on at least two counts as they went down swinging before Carolina's depth and experience in last Saturday's season opener before some forty thousand fans in beautiful Kenan Stadium.

In the first instance, State's team, supposedly too short on material and experience to make a go of it took the initiative from the opening minutes of the game, and except for an extremely few key plays, retained the advantage, both on offense and defense.

State picked up on the first break of the ball game when Rizzo fumbled the opening kickoff and the Wolfpack came up with the ball on the Tar Heel 34 yard line. From this point, the Wolfpack unfolded one of the major surprises of the game in an unprecedented passing attack with Mooney passing a good fifty per cent of the offensive plays. Passes from Mooney to Smith and Butler gave State that early first down inside the Carolina five yard line. Here the attack bogged down as O'Rourke was stopped on a close play that left the ball on the one yard line and a fumble on the next play put the deep freeze on the whole picture.

After a series of downs in which Carolina failed to gain, the Tar Heels kicked only to have the play nullified by a State offside penalty. Just two plays later, Bunting swept right end for 73 yards and the first score of the game. Sherman's kick was good and the score read Carolina 7, State 0.

The remainder of the half saw both sides gain fairly well but with no definite scoring threats.

State opened the third quarter in grand fashion as they took the kickoff and drove from their own 23 yard line all the way down the field to score, with Mooney passing to Webster on the goal line for the score. Barkouskie kicked the extra point to knot the game at seven all.

Carolina's final touchdown of the game came when a series of plays gave the Chapel Hill lads a first down on the State 12 yard line. At this point Bud Wallace, a 195 pound sophomore from Kinston, provided the steam to keep the roller in lurch as Wallace cut over left guard to score from the eight yard line.

The hero of the game, from any point of view, remains little Ed Mooney, who completed 14 out of 28 passes for a total of 215 yards, handling the ball on nearly every play. The strategy employed by Coach Feathers was undoubtedly superb for the material he had and because of the reserve standpoint. Mooney deserves lots of applause for the cool manner in which he handled himself in the engineers seat, along with the unsung heroes up there in the line, Elmer Costa, who played a fine game at tackle, Tom Tofaute, and Tony Romanowski. The real key to the team's success, remains however, the remarkable way in which the untried sophomores came through when the chips were down. Two most notable were Dave Butler, who played a lot at end, and another Fayetteville boy, J. C. Britt, who performed capably at a guard position.

Lineups and Scoring Summary

N. C. State
Left ends: Allman, Butler; Left tackles: Beaver, Hillman; Left Guards: Schacht, Cox; Centers: Tofaute, Martin; Right Guards: Bagonis, Britt, Nicholson; Right Tackles: Costa, Davis; Right Ends: Romanowsky, Sloan, Ferrell; Quarterbacks: Barkouskie, Kaiser; Left Halfbacks: Mooney; Right Halfbacks: Smith, Potts; Fullbacks: O'Rourke, Webster, Yeates.

North Carolina
Left Ends: White, Norris, Nickerson, Walser; Left Tackles: Ruffin, Hansen; Left Guards: Kimel, Gregory, McDonald, Bestwick; Centers:

This week's schedule:

Friday night—The Citadel vs U. of Miami.

Saturday — West Virginia vs Washington and Lee; University of Richmond vs Wake Forest; VMI vs George Washington; Pittsburgh vs Duke; North Carolina vs Notre Dame; Cincinnati vs William and Mary; Quantico Marines vs VPI; South Carolina vs Georgia Tech; Clemson vs Missouri; and Navy vs Maryland.

Saturday night—Furman vs Davidson; Catawba vs N. C. STATE.

War Dance!

The Pep Club is sponsoring a "Beat Catawba" rally tonight in Riddick Stadium. All students are urged to attend this rally in order to give the team our full support and to show them how much we appreciated last Saturday's swell game.

Special "Pep Club Booklets" were issued this week to all students. The booklets contain all our school songs and yells, our game schedule, and the school calendar. Students are asked to bring these booklets to every game in order to be able to follow our songs and cheers.

The Pep Club was formed for, and has as its main function, the promotion of better school spirit. Harold Strawbridge, President of the Pep Club, has issued an invitation to all students who are interested in promoting school spirit and in joining the Pep Club, to attend the club's future meetings. Meetings are held every Tuesday night from 6:30 to 7:30 at the College YMCA. The club is open to all students and no previous experience is required.

Agromeck Pictures

Proofs for AGROMECK pictures are being shown at the AGROMECK office to only those students who have received postal cards telling them that their pictures are ready.

Any student that hasn't had his picture made must make an appointment before October 11. Due to the decrease in enrollment and the number of pictures to be made all appointments scheduled for dates later than October 11 must be moved to an earlier date. Your co-operation will save the photographer as well as the student much time.

Miketa, Holdash; Right Guards: Wiley, Dudeck; Right Tackles: Kuhn, King; Right Ends: Higgins, Bilpuch; Quarterbacks: Rizzo, Carson; Left Halfbacks: Bunting, Wallace, Hesmer; Right Halfbacks: Gantt, Port, Cooke; Fullbacks: Hayes, Shveda, Wiess.

N. C. State 0 0 7 0 7
Carolina 7 0 0 6 13

N. C. State Scoring: Touchdown, Webster; PAT: Barkouskie.

North Carolina Scoring: Touchdowns, Bunting, Wallace; PAT: Sherman.

Cagers Cavort Thru Long List of Opponents

One of the most ambitious basketball schedules ever attempted by a Southern Conference team was revealed recently for North Carolina State's Wolfpack by Athletic Director Roy B. Clogston. The slate includes 26 contests, featuring 17 home games in the 12,000 seat William Neal Reynolds Coliseum.

Boasting such inter-sectional teams as Michigan, Eastern Kentucky, Temple, LaSalle, Louisville, Villanova, Loyola of Baltimore, Georgetown and Yale, the 1950-51 card for Coach Everett Case's cagers is the toughest slate ever tackled by the powerful Wolfpack.

The State five, which annexed its fourth consecutive Southern Conference championship last season, will appear on the road nine times in such spots as Washington, D. C., Philadelphia, Pa., twice, Louisville, Ky., and Norfolk, Va., for inter-sectional battles and at Durham, Chapel Hill, Wake Forest and Davidson for Southern Conference scraps.

State will not appear in New York City's Madison Square Garden during the regular season for the first time since Case took over the coaching reins at the West Raleigh institution. Long a favorite

Tuesday, November 28	Furman University at Raleigh, N. C.*
Saturday, December 2	Loyola College of Baltimore at Raleigh, N. C.
Tuesday, December 5	Davidson College at Raleigh, N. C.*
Thursday, December 7	George Washington U. at Washington, D. C.
December 8-14	Term Examinations (idle)
Thursday, December 14	Eastern Kentucky at Raleigh, N. C.
Saturday, December 16	Temple U. at Convention Hall, Phila, Pa.
Monday, December 18	University of Michigan at Raleigh, N. C.
Wednesday, December 20	Villanova College at Raleigh, N. C.
December 28-29-30	Dixie Basketball Classic (North Carolina State, Duke, Wake Forest, North Carolina, Tulane, Navy, Colgate, Rhode Island State. (2nd Annual)
Monday, January 1	Yale University at Raleigh, N. C.
Wednesday, January 3	George Washington U. at Raleigh, N. C.*
Saturday, January 6	Duke University at Durham, N. C.*
Tuesday, January 9	Davidson College at Davidson, N. C.*
Friday, January 12	William and Mary College at Raleigh, N. C.*
Saturday, January 13	Villanova College at The Palestra, Phila, Pa.
Saturday, January 16	Wake Forest College at Wake Forest, N. C.*
Saturday, January 20	LaSalle of Philadelphia at Raleigh, N. C.
Tuesday, January 23	Virginia Tech at Raleigh, N. C.*
Saturday, January 27	University of North Carolina at Raleigh, N. C.*
Wednesday, January 31	University of Louisville at Louisville, Ky.
Saturday, February 3	William and Mary College at Norfolk, Va.
Tuesday, February 6	Temple University at Raleigh, N. C.
Saturday, February 10	Duke University at Raleigh, N. C.*
Tuesday, February 13	University of Louisville at Raleigh, N. C.*
Saturday, February 17	University of N. C., at Chapel Hill, N. C.*
Tuesday, February 20	Wake Forest College at Raleigh, N. C.*
Saturday, February 24	Georgetown University at Raleigh, N. C.
March 1-2-3	Southern Conference Tournament (site unnamed)
March 20	NCAA Quarterfinals at Raleigh, N. C.

in the big city, State finished in third place in the 1950 National Collegiate Athletic Association tournament at the Garden, but was unable to get together with Garden officials for this season's play.

The Wolfpack card for the new season finds five new inter-sectional foes, including Yale, Eastern Kentucky, Loyola of Baltimore, Temple and Georgetown. They replace San Francisco, Long Island University, Loyola of Los Angeles and Washington and Lee.

The Wolfpack will tangle with a total of 13 Southern Conference foes, nine of which will be met in the Reynolds Coliseum. This year's schedule of 26 games is three more than last season's 23-game card.

For the second year State will play host to the Dixie Basketball Classic in the Reynolds Coliseum, Dec. 28-29-30. In addition to the Wolfpack, seven other teams, including Duke, North Carolina, Wake Forest, Tulane, Colgate, Navy and Rhode Island State have accepted invitations to participate. The Coliseum will also be the site of the Eastern NCAA quarter-finals, March 20.

The complete schedule, which opens Nov. 28 against Furman University and closes out on February 24 against Georgetown of Washington, D. C., follows:

Varsity and Freshman Booters Open Practice

The boot and butt sport of Soccer has been promoted to an official intercollegiate sport for this season, after a successful trial term last year.

Players will have to answer the conference's many eligibility rules and letters will be given for the new varsity sport.

Soccer has long been the baseball of many countries, and has just recently begun to gain recognition in the U. S. Because of this fact, most of the players now on State's soccer team are students from foreign countries.

Coach Eric Degroat has built a nucleus around these experienced men and now hopes to add local talent to the team for a stronger club.

The varsity team will travel for three weekend sessions in Virginia. Washington and Lee, Virginia U., Roanoke College, and Richmond Professional Institute are the four teams which will be met on Cavalier soil.

Home matches are scheduled with Duke, Carolina, and Maryland, with a return match with UNC in Chapel Hill.

The freshman booters are scheduled for six contests, with two each at Carolina and Duke and two tentative unannounced games.

Due to the loss of All-Southern wing Ruly Rivadenyra and left wing George Echavareis and other outstanding men, there are openings for several men on the squad.

Practice sessions will be held every afternoon on Doak Field. For any additional information, contact Coach DeGroat in the P.E. Department.

Dorms Prepare For Fall Sports Season

Syme

Last year Syme Dorm won third place in dormitory intramurals and this year we are striving for first. Many good men were lost through graduation, the draft, and various other reasons; but those who remain along with the new roomers should make a powerful threat in every sport.

Last year Syme lost the football championship to a fast, aggressive Becton team; lost to Turlington in the basketball semi-finals; came out third in softball; and did nearly as well in the other sports.

Turlington

Athletics in Turlington dorm are under the direction of Lamar Cloninger, who is starting his second year in this spot.

In intramural sports, Turlington boasts one of the best records at State College. Turlington No. 2 has won either first or second place in this field for three years. Bob Smith heads this team. Smith won the trophy for best all-around athlete in 1948-49.

With Red Garrow managing Turlington No. 1, this club is expected to make a name for itself in the mural league.

Alexander

Frank Richardson, a 25 year old senior, is the Athletic Director of Alexander for the second year.

Frank is a native of Princeton, New Jersey; where he participated in football, basketball, and baseball. Richardson also saw service with Navy basketball and baseball teams during the war.

The feeling in Alexander is very optimistic toward this year's dorm teams. Ray Graves and John Emerson, last year's managers, are back again. Both these men are seniors and have played a lot of good ball for Alexander.

Emerson will defend his boxing title in the middleweight division.

One reason for the strong intramural spirit is the addition of new men to the teams and the return of such stalwarts as Bill Rodgers, Buck Breeze, Dick Sly, Ernie Welsh, Joe Berryhill, John Emerson, Bob Phelps, Dewitt Blackwelder, and Frank Richardson.

All new dorm residents are urged to show up for practice sessions to help put Alexander Dorm in the intramural headlines.

Off Campus

An intramural league for off-campus students is impossible to organize; therefore, each dormitory will be permitted to sign up two men in each of the following sports: football, basketball, softball, volleyball, track, swimming, boxing, and wrestling. One man may be signed up in each of the following sports: tennis, table tennis, handball, and horseshoes. This will give many off-

campus students an opportunity to participate in intramural sports.

Each dormitory athletic director must turn in the name and address of any off-campus student he signs up, before he can play in any sport.

Off-campus students can apply to the dormitory athletic director they wish to play for. Directors can readily see that a premium is placed on their initiative in contacting off-campus students that they want for their dorms.

WARNING: Athletic directors cannot drop a man signed up, to add another. Off-campus students cannot sign up with but one unit.

Bagwell

Herman Nunis of Charlotte is beginning his second semester as Athletic Director for Bagwell Dorm.

Bagwell teams of the Spring term did not live up to expectations because of a lack of interest among the boys. This situation is expected to be corrected during the 1950-51 season.

The third floor softball team won most of its games and made a good showing in track, while the first and second floor combinations won the tennis championship.

Mainstays in Bagwell intramurals will be Tom Edgerton, Henry James, Don Bunn, Bob Chadwick. These men showed lots of interest and spirit, and along with Dale Jones and Bob Mayo from Tucker, should help lead Bagwell to a successful intramural season.

Pack Guard

GUARD JOHN NICHOLSON
N. C. State

John Nicholson, 190-pound reserve guard, is expected to see plenty of action Saturday night when the Wolfpack plays host to the Catawba Indians in Riddick Stadium. Held out of action last season, "Nick's" aggressive play will be an asset to the Pack this year.

Little Theater Goes Broadway With Hart

"Light Up The Sky," Moss Hart's smash Broadway comedy hit of last season, will be the first production of the Raleigh Little Theater group this fall.

"Light Up The Sky" is the story of a play, its author, its producer, and its cast. Hart takes you behind the scene of a Broadway play in a hilarious account of what actually goes on back stage.

This play calls for a cast of eight men and five women. Any State College student who is interested is urged to attend the tryouts.

Four plays will be presented this season. They will be selected from the following list:

A Streetcar Named Desire, Come Back, Little Sheba, The Happy Times, Goodbye, My Fancy, Tobacco Road, The Innocents, Mr. Roberts, The Madwoman of Chailot, Clutterbuck, and Detective Story.

The Raleigh Little Theater, headed by Ainsley Pryor, is not a social organization. It is a practicing civic theater using local, non-professional talent. The sole aim of the group is to bring to the people of Raleigh good theater and good cultural entertainment.

State students who are interested in good theater entertainment may purchase a Student Season Ticket (good for five plays) for four dollars.

Ag Profs Take Leave To Study Elsewhere

Lt.-Col. W. H. Pierce and M. S. Williams, faculty members in the Department of Agricultural Economics at State College, have been granted one-year leaves of absence to take advanced studies at other institutions. Dr. H. Brooks James, department head, announced recently.

Dr. James said that Colonel Pierce will take academic work leading to a Ph.D. degree in agricultural economics at the University of Minnesota and that Williams will enroll for graduate study leading to a Ph.D. degree in farm management at Purdue University.

Williams, a native of Orange County, will leave Raleigh Tuesday for Purdue. He received his B.S. degree from State College in 1947 and his M.S. degree from the same institution in 1949. He and his wife, the former Mary Jeffreys of Youngsville, reside at 1914½ Sunset Drive in Raleigh.

Colonel Pierce, a native of Columbus County, earned his B.S. degree from State College in 1936 and was awarded his M.S. degree by the University of Minnesota in 1948.

Both Williams and Colonel Pierce have been awarded General Education Board fellowships for their graduate study, and both will return to their duties at State College following the completion of their academic training.

Reid New President of Phi Kappa Phi

Dr. W. A. Reid of the State College Chemistry Department has been elected president of the college chapter of Phi Kappa Phi, national honorary scholastic fraternity, for the 1950-51 school year.

Officers named to serve with Dr. Reid are Prof. F. W. Cook of the Poultry Science Department, secretary; and Prof. Roger P. Marshall of the English Department, journal correspondent.

ASME

The first ASME meeting of the year will be held Tuesday, October 3 at 7:00 P.M. in room 100 Page Hall. All old members are requested to be present at this meeting. The business of a membership drive heads the list of important matters. Every member should be present and take part in the drive.

Cats Wear Red Hats Short On Manpower

This may be the day of two platoon football, but in the camp of the Davidson Wildcats, "two-platoonism" is just another ism as far as football is concerned.

Head Coach "Cruel" Crowell Little, trying desperately to get his 37 man squad in top condition before the September 30 opener with Furman, feels he'll be lucky if he can field two good teams, both on offense and defense, much less trot out a flock of Wildcats that just do specialty numbers.

Though the 1950 Wildcat crew may be small in number, indications point to a stronger bunch in future years under the new Davidson athletic set-up. With a good representative freshman squad showing this season, Little estimates he will have around 55-60 men to work with for the 1951 football wars.

If flag and color can win football games, Davidson's Wildcats will be in line for plenty of honors this fall.

The 1950 'Cats, moving out from under a somber black sombrero to a brilliant scarlet red headgear, will present a colorful array of football players when fall clashes take place on Southern gridirons.

Bright red jerseys with ebony black trousers, touched off with a red and white stripe down the side, offer a colorful picture this season.

The 'Cats are moving away from the old standard black helmets and khaki trousers that have characterized them in the past, and the brilliance and color of the uniforms this season seems to pre-view the football revival that is taking place on the Davidson campus.

Funds Raised For Leaf Fellowship At State

Contributions totaling more than \$11,000 have been received by the North Carolina State Grange for the purpose of establishing the E. G. Moss Fellowship in tobacco research at N. C. State College, it was announced here today.

At the same time, Grange officials announced that plans have been made for an intensified drive to raise the additional funds needed from interested farm families.

Harry B. Caldwell, State Grange master, said the fellowship will serve as an incentive for the training of young scientists in the field of tobacco research. This, he added, will spur the development of North Carolina's biggest cash crop.

The fellowship is to be named in honor of the late E. G. Moss, who served as director of the Tobacco Branch of the Agricultural Experiment Station at Oxford from 1910 until his retirement in 1947. Moss, who died last year, was considered one of the nation's pioneer workers in tobacco research.

North Carolina banks and other business establishments will receive contributions from farmers selling tobacco this fall and from businessmen and others who wish to make donations. The Grange will request a contribution from every farm family.

Banks and other establishments making collections will send the funds to T. W. Allen of Creedmoor, who is chairman of the Grange's fund-raising committee, or to Grange Master Caldwell at Greensboro. E. Y. Floyd of Raleigh, director of the Plant Food Institute of North Carolina and Virginia, is vice-chairman of the committee.

The fellowship is designed to help overcome one of the biggest problems which Moss faced in his work—that of a shortage of trained tobacco scientists. This shortage has become especially acute with the greatly expanded tobacco research program in the State.

Nominees for the fellowship will be recommended on the basis of demonstrated ability in graduate work and in original research.

Former End

END ROLAND SIMON
N. C. State

Remember some sensational pass snatches last season? The man responsible for many of them was Ronald Simon. Just in case you are wondering why Simon isn't one the 1950 roster, there is a good reason.

Late in the summer, Simon contracted a case of Polio which threw him for a loss. The Pack end will not see action this season, although he is back in school now and recovering from the effects of the dread disease. Simon is the second man lost because of Polio. Don McCormick suffered an attack in 1947 and was forced to retire from football ranks. Don is now manager of the team.

Yankee Hurler

THOMAS BYRNE

Tommy Byrne is one of the main reasons that the Yankees are still in the thick of the American League pennant chase. Byrne is a former Wake Forest star who "somehow" found his way to New York. The Yankees are always in the home stretch race for the pennant; and with 14 game winner Byrne on the mound, there is high hope that the Yanks will see a little post-season play in the series.

Group Division Settles Ticket Dissatisfaction

In order to settle the unsatisfactory distribution of seats at the football games last season, the Athletic Department has arranged students according to groups. The group arrangement allows alternating groups to get the choice seats each game.

The following schedule has been announced for picking up tickets: Duke tickets may be picked up starting Monday October 9, with Group 2 leading off. Group 3 gets

ducats Tuesday, Group 4 on Wednesday, Group 1 Thursday, and all students on Friday October 13.

Annie Oakleys for the VPI contest will be distributed beginning Monday October 23, with Group 3 getting the choice. Group 4 picks up on Tuesday, Group 1 Wednesday, Group 2 Thursday, and all latecomers Friday.

Final home game tickets will be distributed to Group 4 on Monday, November 6, to Group 1 on Tuesday, Group 2 Wednesday, Group 3 Thursday, and all students Friday.

The ticket booth outside the Student Supply Store will be used for distribution, unless there is bad weather. In case of rain, the Y lobby will be used.

Tickets will be issued from 8:30 a.m. until 5:00 p.m. ALL TICKETS MUST BE PICKED UP BY 5:00 P.M. ON THE DAY PRECEDING THE GAME.

Groups are divided as follows: Numbers 1-1100—Group 1
Numbers 1101-2200—Group 2
Numbers 2201-3300—Group 3
Numbers 3301-4400—Group 4

Intramural Program Rolls Into Action

The sports activities which cover more students on the campus than any others are the intramural events of the school year. With the opening of both the fraternity and dormitory football leagues, the lid pops off the mural pot next week. A full schedule of both dorm and fraternity schedules follows:

Fraternity Football

- Games start at 4:15 Limit 1 hour.
- Field No. 1 and No. 2 on Doak Field; Field No. 3 on Baseball Field.
- Games rained out will be played week of Nov. 13-17.

Two Former Tennessee Stars Begin Third Season Together

BEATTIE FEATHERS Head Coach

BEATTIE FEATHERS
N. C. State

Very few coaches in the nation claim 15 years of actual football playing experience at the age of 39, but such is the record of North Carolina State's Beattie Feathers, who started out at the age of 15 as an All-State fullback at Bristol High and went on to gain All-America honors at the University of Tennessee and become one of the most valuable players in National Professional football league history.

Feathers' grid career got off to an auspicious start at the age of 15 when he made first-string fullback at Bristol High. For four years he ruled the roost and was called by many people the greatest high school fullback ever produced in the Old Dominion. His accomplishments include selection four times as All-State Virginia and two seasons as All-Southern high school.

LINE COACH AL ROTELLA
N. C. State

professional football careers in history with the Chicago Bears. In his freshman season as a pro he gained 1,080 yards from scrimmage on running plays alone, a record which stands today as the best compiled by a single individual. He averaged 9.8 yards per try for the 1934 season, almost a first down on each attempt.

It was only the beginning for the fleet-footed, long distance kicking Feathers. As a running mate to the fabulous Bronco Nagurski, Feathers was literally running amuck among the National League teams. The Bears were winning from all comers and Feathers and Nagurski were doing the punching.

For four years, 1934-35-36 and 37, Feathers remained with the Bears. But with the wane of power at Chicago, Feathers was declared a free agent and was immediately signed to a contract by the Brooklyn Dodgers. During 1938 and 1939 Feathers held down first string positions with the Dodgers. In 1940 he moved to the Green Bay Packers where he finished out his pro career. Injuries had kept him from hitting his peak, but he was always a threat.

Thus in 1941 with 15 years of football behind him, Feathers accepted a position at Appalachian State Teachers College at Boone, N. C., as assistant football coach. When the Mountaineers faltered with a 4-5 record that season Feathers was made head coach.

With the outbreak of war, Appalachian decided to drop football, but it was no time for Feathers to stop. He came to North Carolina State as an assistant to Williams (Doc) Newton in 1943 and was given the job of tutoring the Wolfpack backfield. In 1944 Newton resigned to accept the head coaching position at the University of South Carolina and Feathers was promoted to head coach of the Wolfpack.

The rest is State College history. Feathers' first team won seven games in nine starts. The war drained off most of the eligible football manpower in 1945 and the Wolfpack could do no better than win three games in nine contests. But Feathers bounced right back. In 1946 with a freshman dominated outfit the Wolfpack copped eight victories in 10 games and State got its first bowl bid—a Jan. 1st affair in Jacksonville, Fla., in the Gator Bowl.

ALBERT ROTELLA Line Coach

A native of Paterson, N. J., and University of Tennessee alumnus, Rotella joined the State coaching staff a year ago. He is well versed in the Wolfpack style of play and has lent his personal knowledge of the game to those under his guidance. He is married and 28 years old. The Rotella's have one child.

Al started his football career at (Continued on Page 16)

Attention Better Halves

All student wives, regardless of where you live, are cordially invited to join the Student Wives Club which meets once a month at the West Campus "Y." The first meeting will be Tuesday, October 3, at 8:00 P.M. Dues are only 50c for each school term and are payable at the first meeting if convenient. There will be bridge, beginners bridge, canasta, prizes, and refreshments. Don't miss this first chance to join the Club, get acquainted, and take part in all the fun.

Hikers Venture Forth

The North Carolina State College Outing Club will start its year's activity with a short hike to Crabtree Park Sunday afternoon. The hike will end in a weiner roast. There will be a sign posted on the small bulletin board on the porch of the "Y." Anyone interested in going is invited to sign up. New members are always welcome. Hike time—1:30 Sunday starting from the "Y."

Sears-Roebuck Makes More Farm Friends

Thirteen North Carolina farm boys have received scholarships in the School of Agriculture at N. C. State College.

The scholarships, all of which are donated by the Sears-Roebuck Foundation, are valued at \$150 each. Half of each award were presented to the recipients on September 22, and the remaining half will be paid in January, 1951.

"The awards," Dr. Bostian, Associate Dean of Agriculture said, "were made on the basis of need, scholarship and potential leadership. The majority of the winners and alternates graduated from high school with 'A' or nearly 'A' averages."

Dr. Bostian said that 55 applications were submitted for the scholarship awards.

Recipients of the scholarships are John K. Atwell, China Grove, Route 1; Tull Beal, Sanford, Route 3; John H. Bollinger, Salisbury, Route 6; Glenn Byrd, Burlington, Route 3; Carl Gregory, Erwin, Route 1; Ernest C. Pasour, Bessemer City, Route 1; Carl Patterson, China Grove, Route 1; Willie Perrell, Woodleaf; Ned Rash, Smethport; Carroll Southards, Wesser; Billy J. Stines, Dallas, Route 2; Joseph C. Wallace, Rosehill, Route 3; and Ray Worley, Robbinsville, Route 1.

Alternates for the awards are Dewey A. Adams, Bunnlevel, Route 1; Robert G. Sneed, Danville, Va., Star Route (Casswell County, N. C.); Charlie C. Armstrong, Creswell, Route 1; and Paul Bobby Cone, Middlesex, Route 2.

RUSSIAN CLASS: Students interested in the study of Russian are advised to consult as soon as possible with Dr. V. Pikner, 114 Peele Hall, for admission to a class which is in process of organization. It should be understood that this is a private class and carries no college credit. This instruction is offered solely in the interest of those who wish to learn Russian. A report of the work done in the class will be submitted to the Department of Modern Languages.

Dr. Pikner is available for interview Monday, Wednesday and Friday from 11:00 to 1:00 and Tuesday, Thursday and Saturday from 10:00 to 11:00.

State Textile Profs Contribute To Book

John F. Bogdan, Ivan Y. T. Feng, and Richard C. Davis of the College's School of Textiles contributed to the volume, which is entitled, "Cotton Production, Marketing, and Utilization."

The book was edited by W. B. Andrews, author and publisher of State College, Miss. He commented about the contributions of the N. C. State scientists as follows:

"The experiences of these men give them an excellent background for bringing you the story of cotton from the bale through the various processes which convert it into yarn and cloth, which when dyed and made into cotton goods, furnishes the larger part of the clothing and satisfies other needs of the people of the world."

Prof. Speaks to ASTM

Dr. W. C. Bell, research scientist with the Department of Engineering Research in State College's School of Engineering, reported on the results of an experimental project at the college before a meeting of the American Society for Testing Materials at Bedford Springs, Pa., yesterday. His topic was "Research Developments in the Field of Whitewares."

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

SHEDDY WAS NEEDEY! He was the worst neck on campus, and everybody looked down on him the minute they spotted his messy hair. Poor Paul was gonna zoo somebody until he heard about Wildroot Cream-Oil. Now, he's head and shoulders above every guy at school! Non alcoholic Wildroot with Lanolin keeps hair neat, and well-groomed all day long. Relieves annoying dryness, removes loose, ugly dandruff. So don't overlook Wildroot Cream-Oil hair tonic. Necks time you visit the nearest drug or toilet goods counter, get a bottle or tube of Wildroot. And giraffe your barber for professional applications. For a generous trial supply, free, send this ad with your name and address to Dept. D, Wildroot Co., Inc., Buffalo 11, N. Y.

Kampus Kop Puts Tab On Traffic Violators

Over 100 traffic tickets have been issued since registration, reports Campus Traffic Officer J. A. Burnette.

Chief reason for the unusually large number of tickets is the reluctance of faculty and students to register their vehicles with the College Traffic Bureau.

Deadline for registration has been extended to 11:00 a.m., Saturday, September 30, by Prof. C. G. Mumford, Chairman of the College Traffic Committee.

Operators of vehicles used on the campus who have not registered by then will be cited to the College Traffic Violations Bureau for action.

Officer Burnette expects students to lead in registration with over 1300 while the staff will approach the 1000 mark.

Nuclear Engineering School Obtains Two Outstanding Atomic Professors

N. C. State College's School of Engineering took another step toward advancing its new nuclear engineering training program today.

Dean J. H. Lampe of the School of Engineering and Dr. C. K. Beck, head of the Physics Department, announced the appointment of Dr. Newton Underwood of Nashville, Tenn., and Dr. Raymond L. Murray, of Oak Ridge, Tenn., to the new nuclear engineering department of the School of Engineering. Both men will hold the rank of professor of physics and research scientist.

Dr. Underwood has already assumed his duties. His appointment has been approved by Chancellor J. W. Harrelson of State College, Acting President W. D. Carmichael,

Jr., of the Consolidated University of North Carolina, and a special committee of the board of trustees.

A native of Atlanta, Ga., Dr. Underwood served as a member of the Physics Department faculty of Vanderbilt University in Nashville, Tenn., from 1936 to 1950 and resigned a position as professor of physics at that institution in June of this year to accept the N. C. State assignment.

He was granted a leave of absence by Vanderbilt to work as a research physicist with the Manhattan Project in 1940-41 and another leave of absence to work on an atomic project at Oak Ridge, Tenn., in 1947-48. He also did special research at Oak Ridge this summer.

While a member of the physics faculty of Vanderbilt, he also worked on instrumentation research with that university's School of Medicine.

Prior to joining the Vanderbilt staff in 1936, he worked on the faculty of Hood College at Frederick, Md., for four years.

He was educated at Emory University, where he obtained his B.S. degree in mathematics cum laude in 1928; and at Brown University, where he earned his M.S. degree in physics in 1930 and his Ph.D. degree in physics in 1934.

The 44-year-old teacher is a

member of the Society of the Sigma Xi and Phi Beta Kappa.

Dr. Underwood is married to the former Miss Hazel Briggs, and they have three children—Emory, Marian, and Robert.

30-year-old Dr. Murray studied under Prof. J. Robert Oppenheimer, the internationally famous atom physicist, at the University of California during 1941-42 and did research on the electromagnetic isotope separation method at the University of California's radiation laboratory under Physicist E. O. Lawrence in 1942-43.

He was production and research supervisor at the Electromagnetic Separation Plant in Oak Ridge, Tenn., from 1943 to 1950. His fields of specialization include the theory and experiment of nuclear reactors, arc discharges, and particle accelerators, such as cyclotrons.

During his tenure at Oak Ridge, he taught courses in mathematics and physics at the University of Tennessee in nearby Knoxville.

Dr. Murray's appointment has been approved by Chancellor J. W. Harrelson of State College, Acting President W. D. Carmichael, Jr., of the Consolidated University of North Carolina, and a special committee of the board of trustees. He has already assumed his duties at the college.

A native of Lincoln, Neb., Dr. Murray received his B.S. degree with distinction in education from the University of Nebraska in 1940 and his M.A. degree in physics from the same institution in 1941. He earned his Ph.D. degree in physics from the University of Tennessee this year.

He is a member of the American Physical Society, the American Institute of Physics, the Society of Sigma Xi, Phi Beta Kappa, and Pi Mu Epsilon.

He is married to the former Ilah

State College On Film Shown On Campus

An audience of about 200 persons warmly applauded a 20-minute motion picture on State College which had its premiere showing at the college late Friday afternoon.

Brief opening ceremonies were held prior to the show. Taking part in the exercises were Chancellor J. W. Harrelson, Dr. Frank H. Jeter, Agricultural editor of the college; Guy F. Lane, of Ramsey, president of the General Alumni Association; Henry E. Kendall of Raleigh, Chairman of the association's executive committee; and H. W. (Pop) Taylor, executive director of the association.

The movie is in color and includes a commentary and college songs. It covers all of the functions and activities of the institution during a 12-month period and was produced over a three-year span. The film was under the direction of H. W. Taylor. The photographic work was done by Dr. Landis Bennett, head of the College's Visual Aids Department, and Rudolph Pate, College News Bureaucrat, wrote the script.

Mae Rengler and they have three children.

As a member of the State College staff, Dr. Murray will remain as a consultant on a cyclotron project at Oak Ridge.

Both Dean Lampe and Dr. Beck said that they considered these appointments as a "forward step" in the nuclear engineering program which is being launched for the first time in the State College School of Engineering this fall.

The college, Dean Lampe and Dr. Beck said, is the first institution in the United States to receive permission from the Atomic Energy Commission to build a nuclear reactor, known more commonly as an atomic pile, and is also the first to offer formal courses leading to both graduate and undergraduate degrees in this new field of science.

HELP WANTED—Staff members, reporters and circulation men. If interested, drop by the TECHNICIAN office and let's talk it over. Easy work. Good hours.

LOST—Tobacco pouch, light brown pigskin, near end of term last May. Initials, C A H. Return to Technician office. Sentimental value.

LOST: Blue Shaeffer fountain pen Monday. 132 Woodburn Rd. Martina Fillmore.

WANTED—All students to send the TECHNICIAN home. Price is only \$1.50 for the entire year.

Freedom Bell, Symbol Of Crusade For Freedom

FREEDOM Bell, symbol of CRUSADE FOR FREEDOM, cast in solid bronze, weighs 10 tons, stands nine feet high, measures 98 inches in diameter. In bas-relief, five figures represent the major races of man. On Oct. 24, United Nations Day, Freedom Bell will be installed behind the Iron Curtain in the Western Sector of Berlin, and will peel out daily thereafter the message of freedom to the world. Enshrined in its base will be signatures of millions of Americans who have signed the Declaration of Freedom.

Mooney Rises To Fame After Broken Nose

By BILL HAAS

A broken nose plus some hard plugging has gained Ed Mooney, State's star tailback, the nation's number one backfield name this season.

The smashed proboscis was not Mooney's, but it was the beginning of his rise up the football ladder of greatness.

In the Clemson game two seasons past, one of State's all-time greats made the sad mistake of leading with his nose. Gwynn Fletcher was in the safety spot for the Pack when Clemson's Fred Cone broke away for an apparent T.D.

Fletcher Tough Man

But the South Carolina "bull-back" hadn't reckoned with the tenacity of one Newt Fletcher. On the ensuing tackle, Fletcher lost the services of his much-needed smeller; and Ed Mooney scurried out onto the field to fill in the vital safety spot for State.

Has Improved Steadily

From that scurry on, Mooney has been one of the most oft mentioned names on the Pack campus, and off it, also!

Ed went on to make a name for himself during the 48-49 season, and then he came back strong last year as a top ground gainer in the nation.

Now, with only one game behind him for the present year, Mooney is almost certain to be ahead of all his pigskin colleagues over the land in the yards gained department. His 244 yards in the air and on the ground would be hard for the best to top.

Credit Goes to Receivers

When praised after the game for his excellent tossing, Ed said, "I was just throwing them; the credit goes to those boys who had to chase them down."

Bossy to Get the Eye in Dairy Judging Contest

The Southern Intercollegiate Dairy Products Judging Contest, featuring entries from ten or more colleges and universities in the South, will be held at State College on October 13, Dr. W. M. Roberts on the College's Animal Industry Department announced yesterday.

The teams will compete in judging milk, butter, cheese, and ice cream. Awards will be presented during a banquet in the State College dining hall on Wednesday night, October 13.

Dr. Roberts said that he would announce the names of colleges and universities sending teams to State College for the event in a few days.

Following the N. C. State contest, the student judges will enter the Collegiate Students' International Contest in Judging Dairy Products at Atlantic City, N. Y., on October 16.

CLOGSTON

(Continued from Page 9)

to the school's athletic program. He is constantly endeavoring to improve facilities in all sports and has been instrumental in expanding the program in general. Recently he was responsible for the addition of soccer to State's intercollegiate schedule and the employment of a coach.

The State athletic director is fast becoming one of the top men in the Southern Conference, thus expanding the reputation he enjoyed in Upper New York State as one of the leading small college athletic directors in the country.

A bachelor, Clogston makes his home in a recently purchased cabin just off Highway 70A. He has the reputation for being a gracious host, performing most of the culinary arts himself.

Clogston is also active in the civic life of the community. He is a member of the Lions Club and Elks Club and on the national scene is a member of the National Collegiate Athletic Association's committee for Physical Education, Health and Recreation.

TENNESSEE STARS

(Continued from Page 13)

Paterson High where he played alternately at tackle and guard. Following an auspicious prep school career and being named to several All-State New Jersey teams, Rotella entered Tennessee where he became a star in his own right. Rotella saw three years of service in World War II and returned to Tennessee in 1946 to finish out his eligibility. In 1947 he was an assistant line coach for the Vols.

Line Coach Murray Warmath of Army regards Rotella as one of the coming line mentors in the game. Warmath, who coached Rotella at Tennessee, says, "Al has the unusual ability to get across his personal experience in football to the young men under his guidance and I predict a bright future for him as a coach."

A Lewis STYLE FLASH

Varsity-Town Clothes

PACEMAKERS FOR SMART AMERICA

GREAT DRAPE styling is a great appearance asset to any man. Straighter, longer jackets and a bit extra shoulder breadth do much for ease and grace.

Open Friday Nights Until 9 P.M.
