 Mrs. Charles Dees - Nell Ivey  
 Mary Warrick  
 Mrs. Mary Harrington  
 Shirley Vaughan  
 Mrs. Margaret Goodwin  
 Joan Rutherford - Marie Rooks  
 Lyrena Wilkerson

**MILITARY BALL**

Scabbard and Blade, the Cadet Officer's Association, and the Arnold Air Society will present the 1951 Military Ball tomorrow night at Frank Thompson Gym from nine until twelve. Sponsors for the event are: Constance Moore for Harry Barr, Treasurer of Cadet Officers' Association; Nell Ivey for George Martin, Treasurer of Arnold Air Society; Mrs. Mary Harrington for Lawrence Harrington, Commander of Arnold Air Society; Mrs. Margaret Goodwin for W. S. Goodwin, President of Cadet Officers' Association; Marie Rooks for Richard Bryant, Dance Committee; Joan Rutherford for James Nemaac, Dance Committee; Shirlly Vaughan for King Overby, Dance Committee; Mary Warrick for Gerald Ward, Dance Committee; and Mrs. Charles Deese for Charles Deese, Regimental Commander. Music for the dance will be provided by the Duke Ambassadors. Chaperones for the dance are Lt. Colonel and Mrs. James Stell, Captain and Mrs. William Vickery and Captain Mozingo and Miss Anna Mozingo.

### YMCA Nominations

Members of the student body are urged to make suggestions to the Nominating Committee of the State College Y.M.C.A. for student officers of the Y.M.C.A. through Harold Shepherd, Chairman.

Suggestions will be considered by the Nominating Committee with the candidates selected by this committee appearing on the ballot in the primary elections on April 13.

Ideas are welcomed for potential candidates for president, vice-president, secretary, and treasurer for the year 1951-52. When suggestions are made, the following attributes should be considered:

- (1) Devotion to the purpose of the Young Men's Christian Association.
- (2) Willingness of the nominee to give the office to which elected first place in his extra-curricular activities.
- (3) The academic standing of the nominee and
- (4) his ability to get along with people and to enlist their cooperation.

(Continued on Page 10)

### College Union Plans Nearing Completion

College Union plans have progressed to an advanced stage, reports Director Jerry Erdahl and should be ready for advertising at an early date.

The Budget Bureau has recently returned the plans to the architect for final corrections, which is the last step before the Budget Bureau advertises for construction bids.

Erdahl says that the changes called for by the Budget Bureau are minor. Details, such as the number of lights in the ballroom, fireplace details, finishing materials, and the number of loudspeakers in the lounges and snack bar are examples of the changes recommended by the Budget Bureau.

The Union will be located on Hillsboro Street, directly across from the Capital Life Insurance Building and in line with the Alexander-Turlington pedestrian underpass.

### Study Courses Offered Again This Spring

For the fourth successive term, a series of classes in effective study procedures is provided for interested students of State College. Most students can improve the effectiveness of their work. These classes provide an opportunity for them to give particular attention to the methods now being used and to ways to bring about changes for the better.

The classes this term will begin the week of April 9th, with the time of meeting of one section at least being tentatively set for Tuesdays and Thursdays at four o'clock. In previous terms there have been two sections, and there will be a second section this time if a sufficient number enroll. Students who wish to get further information about the course should see Mr. Rogers at 105 Peele.

Various factors affecting the success of a student in his college work will be examined. Among

## Politicians Oil Machines; April 9 Filing Deadline

### Dues Collection Ends For Junior-Senior

The Junior Class Finance Committee has announced that collection of dues will end on Tuesday April 3.

All Juniors who have not paid their dues and Seniors who did not pay their class dues last year must pay their dues on or before Tuesday April 3, or they will not be accepted.

Those who want bids for the Junior-Senior Ring Dance must pay dues before they can obtain bids.

**In Auditorium**

The Ring Dance is scheduled for Memorial Auditorium on Saturday night May 5, with a concert to be held in the afternoon in the Textile Auditorium.

The Dance Committee is trying to obtain Ray Anthony, but a few more dollars are needed. No more than \$1,500 can be paid for a band with available funds. Anthony cannot be obtained with this amount. An alternate choice is Johnny Long, who can be obtained with available funds.

Dues will be collected on Tuesday April 3 in the YMCA all afternoon and evening.

### HS Day Plans Progress According To Schedule

Plans for State College's new "High School Day" to be held on Saturday, April 21, are rapidly shaping up. The joint student-faculty project will be held in connection with the popular annual Engineers Exposition.

All high school students in the state and other interested persons are being invited to attend the wide range of activities planned by the various divisions of State College.

Each of the schools comprising the college, reports Dr. Anderson, chairman of the faculty-student committee making arrangements for the event, have arranged a special series of exhibits, tours, demonstrations, and programs depicting the far-reaching functions of the institution. All of the events have been designed for the entertainment and education of high school students.

A report of the activities now being planned by the various schools of the college follows:

The School of Agriculture will conduct tours of both on-campus and off-campus activities. On-campus tours will include agricultural exhibits, farm machinery, food processing, dairy and agricultural research. Off-campus tours will include visits to experimental plots and various livestock farms.

A comprehensive exhibition of the work of students in all five years of the academic program will be featured in the School of De-

(Continued on Page 10)

Spring is here, and with it comes the annual election of the officers and leaders for our next school year. The campus wide elections are slated to take place on Thursday, April 19th for the primaries and Thursday April 26th for the final election, by order of the Campus Government at its last regularly scheduled meeting.

The deadline for candidates to file their intentions of running for office has been set for noon on Monday, April 9th. The list of candidates will be posted in Dean Wood's office where all intentions of running are to be submitted.

**Regulations**

The following are the regulations pertaining to campus elections as established by the Campus Government.

1. No election campaign fund may exceed \$75.00.
2. No candidate may campaign in such a manner as to disturb classes.
3. Notices must not be tacked or nailed to trees. String or scotch tape may be used.
4. Each candidate must remove his posters within 24 hours after the final election.
5. No campaign will take place within fifty feet of the poles. (a line ten feet in front of the stairs of the Y.M.C.A.)
6. Candidates for each of the four major offices of the Campus Government must submit a statement in writing to the Campus Government prior to the primary election that he is a member of the rising Junior or Senior Class and if elected he will not graduate from N. C. State College during his term of office of one calendar year.

Students are also urged to check on their extra-curricular points. No student can hold offices aggregating more than thirteen extra-curricular points. The point system is to be found in the Constitution and By-Laws of the Campus Government. A scholastic average of 75 per cent is required for all candidates planning to run for campus offices.

Notices have already been sent out to the six schools, Agriculture, Education, Engineering, Design, Forestry, and Textiles, informing them that the various school elections must be held on or before April 9th. From these elections two members from the rising sopho-

(Continued on Page 6)

### Veterans Notice

There have been some instances in which veterans have been charged for books and supplies after they draw more than the term's allotted amount. In most cases, the veteran is entitled to draw ALL supplies and books that are required for the course, even after he has overdrawn his account.

If the Student Supply Store closes your account, check with the V.A. representative in the Business Office before making any payment for supplies.

### New Russian Course

Dr. V. Pikner has announced that he will again offer private courses in the Russian language. This quarter he will offer two courses: elementary Russian and an advanced course for those who have previously studied Russian with him.

These are private classes and a fee is charged. No college credit is given although acknowledgment will be made on the student's record. Those interested may contact Dr. Pikner at his office; 114 Pelee Hall.

### Spring Picnic

The College Sunday School Class of Fairmont Methodist Church and the Wesley Foundation will have a picnic tomorrow, Saturday, March 31st. Softball and other outdoor games will be played. All members are urged to be

### Agronomy Club News

It was announced at the last Agronomy Club meeting, March 8, that work on the second Agronomy Club Annual, "Crops and Soils," is in progress.

The club now has two contestants for the ladies' milking contest which occurs at livestock day, May 12.

A group of the faculty associated with plant breeding was present. Each faculty member gave a talk on his respective field. Those present were Dr. Middleton, small grains; Mr. Hanson, legumes; Dr. Mann, tobacco; Dr. Gregory, peanuts; Dr. Harvey, corn; Dr. Stephens, cotton; Dr. Gerstel, cotton, and Mr. Kime, also with cotton.

present. There is no charge. Meet at the Fairmont Fellowship Center at 2:30 p.m.; we will leave from there.

### Rehearsals Resumed By State Glee Club

State College Glee Club rehearsals have been resumed, and all interested students are urged to attend.

A proposed joint chorus with members of the Woman's College Glee Club had to be turned down because there has not been enough interest on the State College campus.

There is still a possibility of forming the proposed chorus if enough students turn out for practice sessions.

A schedule of practice sessions follows:

Glee Club: Monday, Tuesday, Wednesday at 7:00 p.m. in Pullen Hall.

Orchestra: Monday, Tuesday, Wednesday at 7:30 in Pullen Hall.

Concert Band: Monday at 4:15 and Thursday at 7:00 in the gym.

### Wildlife Notice

The first meeting of the spring term for the Leopold Wildlife Society will be held Tuesday evening, April 3, at 7 p.m. in Room 8S, Patterson Hall.

Important business to be taken up will be the big spring outing planned for this term and the election of a new secretary. A program for the evening is being prepared

### Uniforms

Colonel Gibson, PMS & T at State College announced today that M. Dumas and Sons of Charleston, S. C., a reliable uniform establishment will visit State College on April 2 and 3 for the purpose of displaying uniforms and taking orders from advanced ROTC students, both Army and Air Force.

The display will be in the Military Division Supply room in the gym between the hours of 9 a.m. and 5 p.m.

also. All Wildlifers, friends, and guests are requested to be present for this meeting.

## COLLEGE GIRLS CHEER HADACOL

At left: Miss Irene Siktentanz, 3323 Cleveland Avenue, Port Huron, Mich.

At right: Miss Elaine Krupzak, 5082 Lapeer Road, Port Huron, Mich.

This is typical of thousands of letters telling how HADACOL relieves the real and basic cause of deficiency distresses. For HADACOL provides more than the minimum daily requirement of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron, plus helpful quantities of Phosphorus and Calcium. It builds up the hemoglobin content of the blood (when Iron is needed) to send these precious Vitamins and Minerals surging to every part of the

**Hadacol May Relieve Cause of Troubles When Due to a Lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron, that Interfere with Fun and Studies!**

The marvelous benefits of HADACOL, today's great nutritional formula, are equally helpful to young and old alike who are suffering from a lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin.

Here's what these two pretty coeds, who may have been suffering from such deficiencies, have to say: "We are two college students writing you this letter. Before taking HADACOL we were nervous, restless and unable to sleep at night. We found we were foggy all day and ached all over. Now after taking only 3 bottles of HADACOL we are different persons. We are full of life and energy and our aches have completely disappeared. Thank you for your wonderful discovery of that remarkable product, HADACOL."

body and to every body organ.

Why not find out today why thousands say, "Only HADACOL gives you that Wonderful Hadacol Feeling." At your druggist: Trial size only \$1.25; large family size, only \$3.50.

### SENATOR DUDLEY J. LE BLANC The Best Friend You Ever Had

Senator Dudley J. LeBlanc

Senator LeBlanc has been in public life since he was quite a young man and has always advocated the cause of the oppressed and downtrodden. It was he who introduced the law in Louisiana that gives every deserving man and woman in Louisiana a pension of \$50.00. It was he who introduced the law creating the office of Service Commissioner, the duties of which office is to see that every deserving ex-soldier and veteran receives his just reward from the Federal and State Government. It was he who has consistently fought the battle of the school teachers in the halls of the legislature. He worked untiringly for the farmers and

the laboring man. You can place your confidence in a man who has by his past activities demonstrated to you that he is your friend. If you are suffering from deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron, don't hesitate, don't delay, buy HADACOL today.

# Charles Boney, Former Student, Reaches Finals In 38th Paris Prize Architecture Contest

Charles H. Boney of Wilmington, who received his bachelor's degree from the School of Design at State College in 1950, has been chosen as one of the finalists for the 38th Paris Prize in Architecture.

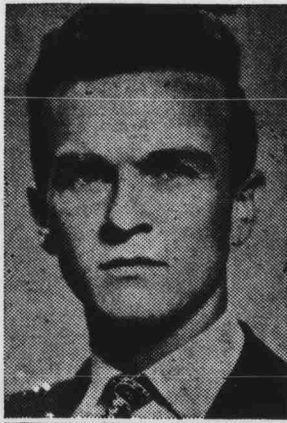

In announcing the development here, Dean Henry L. Kamphoefner of the College's School of Design said the award is regarded as the leading academic scholarship in the field of architecture and is valued in excess of \$5,000.

As a final step toward the honor, Boney will enter a nine-day design problem on April 7 in competition with 11 other persons representing six colleges and universities. The winner in this competition will receive the prize.

The award, Dean Kamphoefner said, will provide 12 months of travel in Europe and six months of travel in the Western Hemisphere.

Boney entered a series of eliminations for the award last month. His work in a 48-hour design exercise took him to the finals.

He is the son of Leslie N. Boney, architect of Wilmington. Mr. Boney,

CHARLES H. BONEY

a member of the State College Class of 1903, is the father of two other alumni of the institution—Leslie N., Jr., and William J. All of the Boneyes are now practicing architecture in Wilmington.

# Chi Epsilon Initiates Eleven New Members

Eleven new members were initiated into Chi Epsilon, national honorary Civil Engineering fraternity, on Friday, February 23.

The formal ceremony was held in the faculty room of the YMCA. After the initiation, the old and new members joined in a banquet at the S&W Cafeteria.

The new members, under the direction of Master-of-Ceremonies Boone Keiger, furnished the entertainment at the banquet with several short skits and talks.

Chi Epsilon was established to recognize the student civil engineer with high scholastic ability. It is founded on the belief that a fraternity with the broad principles of scholarship, character, practicality, and sociability would be an incentive to greater achievements in the civil engineering profession. Chi Epsilon tries to aid in the development of these characteristics in the undergraduate engineer and, thereby, contribute to the improvement of the whole engineering profession.

Professor Carroll Lamb Mann, for many years a professor in the

# Trackmen Wanted

Coach Tom Fitzgibbons has sent out an urgent call for all men who are interested in track. Fitzgibbons announced Wednesday that he had only one sprint man back for this year's team.

Positions are wide open in every event. Any men with or without track experience are urged to contact Coach Fitzgibbons in his office in the Coliseum.

Practice sessions are held every afternoon after 3:00 on the track.

CE department, was elected to be an honorary member of the local chapter.

The new members initiated were:

- John Perry Allen, Kannapolis, N. C.; Harold Norman Bellucci, New London, Connecticut; Reginald Buie, Pensacola, Florida; Thomas Campbell Fite, Charlotte, N. C.; Charles Emmett Hicks, Jr., Norfolk, Va.; Howard Franklin Morris, Greensboro, N. C.; Robert Charles O'Neal, Manteo, N. C.; Alan Craig Roland, Kernersville, N. C.; Carl Horatio Smith, Harrelsville, N. C.; Robert John Tredik, Roselle, N. J.; Hal Gordon Waddell, Jr., Burlington, N. C.

# Doff That Mufti, Son The Army Is Calling

Approximately 115 State College students now in the Army ROTC Regiment at the institution will be affected by the U. S. Department of the Army's announced intention of calling ROTC graduates to active service during the summer.

Announcement of the number of State College students involved in the Army's plans was made yesterday by Col. Samuel A. Gibson, director of the Division of Military Training at the college.

The Army announced last Friday that it would call into active duty around 10,000 ROTC cadets who will graduate from the nation's colleges this summer. All of the students, the Army said, would be commissioned during July, August, and September.

### Who Will Be Called?

Two groups of students will be affected by the Army's order:

"A. Those deferred from induction by Selective Service under an ROTC agreement and who have

# Why Are We Fighting?

By DR. VALENTIN PIKNER

For the third time in a half century this nation is engulfed in a massive international conflict. We now struggle with the intricate tactics of a modern, "cold" war, while the peace treaties of the last old fashioned "hot" war remain unsigned.

"Hot" wars, fought by gentlemen in accordance with international law, can be won by men who fight only for survival. Victory in modern total warfare will go to the powers who can best utilize their entire physical, moral and intellectual resources.

### Moral Strength

In this democratic nation victory depends upon the moral strength and intellectual conviction of the people. We can't win anything if we don't know who or what the enemy may be or why we are fighting.

The TECHNICIAN recently printed a letter from a G.I. in Korea who wrote, "I can say one

thing for certain and this is, no one over here has a clear idea of what we are fighting for."

That question is constantly repeated by Americans fighting in Korea and by Americans comfortably seated in their own homes. The Greeks, our brethren in arms, never have to ask that question. They have already confronted on their own soil our common enemy—the Cominform.

### Destroy Western Life

Our boys had scarcely noticed the growth of a great force—international communism—which has set as its goal the destruction of the Western way of life and the extermination of its institutions. They

had taken for granted the existence of our Western civilization; never stopping to examine the institutions of democracy and freedom. They were living like Alice in Wonderland when suddenly they were called on to protect this way of life from aggressive evil forces who would destroy all.

Through their propaganda these forces have made it appear that they are building a "paradise" for all the people of the world. In reality, however, they are only a gang of Russian nihilists wrapped in the mantle of international communism who are fanatically and ruthlessly trying to impose their way and their understanding of life upon the rest of the world. Exterminating everything not serving the ends of Russian imperialism as well as international communism. This movement is after us and everything that we appreciate.

### U. S. Greatest Obstacle

Because we are the leading power of the free world we are the greatest obstacle in their relentless drive for world domination.

International communism, alias Russian imperialism, pretends to

play the role of a protector of all underprivileged peoples and nations. It does this while exploiting economically and politically in a most ruthless way all the nations and countries it has conquered.

One of its latest victims was China and now it is Korea. The answer to why we are fighting in Korea will be found by studying Russian strategy. The international

al communist movement — Cominform—obviously is operating after a "Grand Plan" and is intelligently developing its world strategy for world conquest.

### Nations are Pawns

The world for them seems to be a chess board with the nations of the world as pawns. The game always starts by first pushing the (Continued on Page 5)

## Doug Decides

This is not the forerunner of a "McArthur for President" drive, but we feel that Doug could do a better job at settling the world situation than some of our Washington and New York forensic societies.

Poor Mr. Mac has done himself in for sure now. He has committed the most heinous of military crimes. He went over the heads of his "superiors" in Washington, and he stepped on the toes of the world's master debating society up in New York.

The General told the Chinese communists what our State Department should have told them long ago. He said let's stop this slaughter or we are really gonna' get mad.

The U.N.'s war of words has done us no good to date, and it has shown no signs of accomplishing anything. And all the while U. S. troops are being killed in the senseless see-saw battle that rages from the southern tip of Korea to the unapproachable 38th parallel.

UN (or should we say US?) military leaders are forbidden to scout the enemy beyond the Manchurian border; they are forbidden to send troops across the holy 38th; they are allowed only to permit the slaughter of UN troops on the south side of the "parallel."

We don't feel that General MacArthur was entirely right in making the statement which is causing such a furor, but we do feel that it is time to stop all the debating and get down to some similar solution of this useless war.

Maybe what we need is a few MacArthurs in the UN.

## Victory, Or . . . ?

In a recent action, the Executive Committee of the University of North Carolina Board of Trustees made provisions for the admittance of "qualified" negro students on the graduate level in the University.

This action may be construed as a victory for the forces that are striving to make education in North Carolina fair for all citizens of the state, but that little rider, "qualified," may be a thorn in the sides of negro applicants which will be hard to withdraw.

The trustees were men enough to admit that there is a possibility that negro students

aren't being offered equal educational rights in North Carolina; but by sticking in the word "qualified," they have done little to clear up an already muddled situation.

Naturally, no school is going to admit any student unless he is qualified. There was no need for the word, but we feel that the trustees had to hold on to their last fragment of southern white supremacy by sticking it in.

Now, the problem virtually is out of the hands of the trustees. If the trustees accept the recommendations of the Executive Committee, they very subtly will have dropped an even hotter potato into the laps of the chancellors of the three divisions of the University.

Whose victory?

## Stem the Tide

At this time it appears that enrollment for the spring term will decline by another 300 students. The steady decrease in enrollment being experienced by this institution is senseless and avoidable. However, unless the administration changes its present attitude of accepting the situation as unavoidable, State College will become either a ghost campus or a military school and the result, in any case, will be a great loss to the State.

The number of students who have been drafted or recalled by the reserves in the past seven months is inconsequential when compared to the total number of students who have left the campus since September. The great majority of those who left did so because they could not see any opportunity to continue and complete their college training. In despair they left school to enlist, take essential jobs, or merely to wait for their draft calls.

If they had been assured that the college administration was taking vigorous steps to obtain draft deferments they would not have left. The Carnegie Institute of Technology, with a 2000 man student body, has yet to lose a student to the draft or by enlistment. Why? Because the president of the college personally goes to bat for every student receiving a draft notice.

Apparently personal letters and calls by the president of the college are more effective than transform letters.

The tide can and must be stemmed. The nation's need for college trained specialists is greater than the need for more dog faces. The national administration seems willing to permit many students to remain in college, but if the individual student is not assured of his importance, he will hopelessly and mistakenly drop out.

WHY ARE WE FIGHTING?—

(Continued from Page 4)

little powers into the fight. After they have played their role in fighting and confusing the enemy the King decides the outcome of the game. The game, then, revolves around protecting your King and mating the enemy's King.

In this fashion the Cominform has been fighting the free world since 1920. Rarely are their conquest made on the battlefield. They have little desire to become involved in a real hot war, the outcome of which would not be certain and which might destroy their whole grand strategy of international conquest.

Murder and Sabotage

Safer and more effective are sabotage, propaganda, class warfare, intimidation and murder. Important in this vile bag of tricks is the method of involving their satellite powers in disputes with neighboring free nations. This strategem is not very dangerous to the Cominform "King," because the Western world sticks to the pre World War I concept of international law and practice. Because of this the satellite "pawn" will be blamed for the aggression and the "King" will be free to negotiate further manipulations.

Ed. Note—This is the first in a series of three articles written to

explain the Western world's war with communism. Dr. Pikner, a native Estonian, is a member of the Economics Department. His conclusions are based on actual experience, for he has lived under a Russian occupation.

In 1944 he fled to Sweden, leaving his post as a professor of economics at Tallinn College. For two years he worked as an economist for the Royal Swedish Social Board.

In 1947 he became a member of the State College faculty. He had previously been in the United States from 1927 to 1934, while at Columbia University and while employed by the Irving Trust Company of New York City.

OPEN FORUM

GRAIN STORAGE GRIPE

Dear Editor:

The Y.M.C.A. Cabinet and the Council of Campus Government recently endorsed a resolution calling for shipment of excess grain stored in the U. S. to the starving people of India for transportation costs. Several members of the student body feel that these organizations had no right to take such action. We as potential leaders are in

no position to fail to see the problems of the world. Success will call for more foresightedness than a mere glance as far as the tip of our noses. Concerns broader than those of the State College Campus are important, because soon, possibly sooner than we hope, we will find ourselves in world situations calling for both diplomacy and concern.

In addition to its humanitarian

Campus Interviews on Cigarette Tests

Number 15...THE LONG-WATTLED UMBRELLA BIRD

"They must think I don't have enough sense to get out of the rain!"

It made L. W. madder than a wet hen when they asked him to judge cigarette mildness by taking one puff, one huff, one whiff or one sniff. Our common sense friend enjoys a good smoke too much ever to settle on any brand in such a snap-judgment way! For him and for millions like him, there's only one convincing way to test cigarette mildness.

It's the Sensible Test... the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke —on a pack after pack, day after day basis. No snap judgments needed! After you've enjoyed Camels—and only Camels—for 30 days in your "T-Zone" (T for Throat, T for Taste), we believe you will know why...

More People Smoke Camels than any other cigarette!

**CAMPUS ELECTIONS—**

(Continued from Page 1)

more, junior, and senior classes will be chosen. These two names will then be placed on the final ballot

to determine which man will represent his class from his school on the council.

**Two Polling Places**

There will be two polling places

this year, one in the main room of the Y.M.C.A. and the other on the west end of the dormitories in the Owen-Tucker region. The polls will be open from 7:30 in the morning until 6:30 in the evening. The Campus Government will be in charge of the polling places and will count the votes.

All candidates in the coming elections interested in receiving publicity through the TECHNICIAN are requested to turn in their pictures (glossy print), platforms, and other pertinent information to the TECHNICIAN office, Basement Tompkins Hall, not later than Monday, April 2nd. It is important

that this material be in early in order that the election edition be made up on schedule.

In addition to the regularly enrolled students, all faculty members and administrative officers of State College are entitled to cast their votes. The clerical and office staffs are, however, not eligible to vote. ALL STUDENTS MUST PRESENT THEIR REGISTRATION CARDS AT THE POLLS IN ORDER TO QUALIFY AS VOTERS.

**J. Paul Sheedy\* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test**

DON'T let those stripes fool you. J. Paul was no prisoner of love! His hair looked like a tiger rag, and he was feline mighty low. But did Sheedy buy a wig? No! He's not a cheetah! "I hate to be catty," his roommate said, "but even an ugly puss looks better with Wildroot Cream-Oil! Non-alcoholic. Contains soothing Lanolin! Relieves annoying dryness. Removes loose, ugly dandruff. Helps you pass the fingernail test!" Sheedy got Wildroot Cream-Oil, and now he has every girl on campus waiting in line for a date! So, be cagey... get a tube or bottle of Wildroot Cream-Oil Hair Tonic at any drug or toilet goods counter today. And ask your barber for professional applications. Then you'll be the cat's pajamas. But don't delay. Meow is the time.

# Famous Drawings Seen

A widely-acclaimed exhibition of engineering drawings from foreign lands is on display here this week.

The display includes hundreds of drawings from approximately 75 foreign countries and has already been seen by more than 100,000 persons when shown over 60 colleges and universities throughout the United States.

Items in the collection were assembled by Prof. T. C. Brown of the Drawing Division of State College's Mechanical Engineering Department, who has worked on the project for over a year.

### World-Wide Works

Engineers from European, South American, African, Indian, and Japanese areas have submitted works for inclusion in the exhibition. Both student work and professional drawings are among the items to be shown.

The exhibition is displayed on the second floor of Page Hall and will be open to the public without charge from 8 a.m. until 10 p.m. daily through Saturday, March 31.

A popular event wherever shown, the exhibition drew more than 15,000 when displayed at the University of Kansas. Among other institutions of higher learning sponsoring showings have been the University of Washington, the University of Oregon, the Massachusetts Institute of Technology, and the University of Cincinnati.

Engineering drawing is the graphic language used in industry as a means through which engineers and designers may express their ideas for the design of new machines and structures. Like music and mathematics, it is regarded as a universal means of expression.

# Views and Previews

BOB CURRAN, Sports Editor

Basketball is just about over for another year, and all that is left is to see how Paul Horvath and Sam Ranzino do in the annual East-West All Star game, and how Ranzino does when he tours with the College All-Stars against the fabulous Harlem Globetrotters. There are also a few more All-America teams to be picked, which will undoubtedly include Sam Ranzino. To date Sammy has made first team on every All-America team that has been selected.

It was a little disappointing to see the Pack get eliminated in their opening game in the National Invitation Tournament, and by the same token it was more than a pleasure to see them dump Villanova in the NCAA. With a little more reserve strength, they might have gone further in the NCAA. As it was they did a lot more than anyone expected them to do, and I'm certain that everyone is mighty proud of them.

Seeing the sophomores and juniors do so well in the NCAA, is a good indication of what is in store for the followers of Coach Everett Case's Wolfpack next year. Barring any unforeseen happenings, the Pack looks like a sure winner for the next couple of seasons.

Despite the three losses in the Garden to Seton Hall, Illinois and St. Johns, the Wolfpack was still one of the biggest favorites with the crowd. Everytime the Pack makes the trip to New York, a few more Yankees get converted. At the rate they are going, it doesn't look as if the North is here to stay.

I had a chance to talk with former Wolfpack basketball star Eddie Bartels after the Illinois game, and also Bones McKinney of State and Carolina. Eddie played this past season with Scranton of the American Basketball League, and he helped his team win the league championship. He also played awhile with the Washington Caps, and he was going great guns till the team had to fold up for financial reasons.

Bones started the season as player-coach of the Washington Caps, and he switched to the Boston Celtics after the folding of the Caps. Bones was in New York for the NBA playoffs with the New York Knickerbockers. Bones insists that this is his final season of basketball, but he's been singing that same tune for the past few years. After the way he went in the last game against the Knicks, when he got 17 points, it looks as if he'll be around for a few more years.

Eddie informed me that his old side-kick Bob Garrison has left Tennessee, for some unknown reason. His other side-kick Joe Harand recently became a papa.

From what I've been reading in Ben Templeton's column in the Raleigh Times, the students of this School haven't been the only ones that have been getting shafted by the Coliseum management. It seems as though the Alumni Association of Raleigh High School has also been subjected to the same treatment. I certainly hope that Ben Templeton keeps making like Senator Kefauver till something definite is done to solve the whole situation.

The latest report has it that the Coliseum lost money during the past year. They damn sure didn't lose any money on the Raleigh Alumni Association dealings.

Before I call it quits on basketball for this year, I'd kind of like to offer my belated congratulations to Lee Terrell, who was elected Captain of the basketball team before the Villanova game. Lee replaced Sam Ranzino, who I think is still the greatest basketball player that ever played for the Wolfpack.

# Johnny Miller Makes Mural Announcements

1. A list of students eligible to play for each organization should be in the Intramural files. If you have a list already in, additional names may be added.

2. The College Honors and Award Day has been set for May 8. We, of course, will not be in a position to take part. If this date is not placed in the last week of May, I am recommending to the Student Advisory Council that we have an Intramural Awards Day and Dance to climax our year's program.

3. The point standings for the first five teams are:  
P.K.A. 957, Sig Chi 820, Sig Nu 766, T.K.E. 523½, and K.A. 511.

Syme No. 1 579½, Becton No. 1 573, Berry 550, Welch 523½, and West Haven 523.

### Big Four Sports Day

1. Will be held at Duke May 15; if rain, May 16.

2. Events are: softball, volleyball, tennis, golf, horse-shoes, table-tennis, handball.

3. We will have an open selection in picking our team representatives without Intramural winners as a basis.

4. We must find the best players in each sport that we have in college. Every Athletic Director, the Technician, and students are requested to help. Look your man over, think of other students in school who have superior ability in any of the sport events—send them to the Intramural office, or tell us about them.

5. This is a most important undertaking and State College must meet the challenge. It will take the cooperation of all. Each group must get together to select their team and then practice together. We must have seven teams ready—Let's start now—Do you know some good golf players, etc, etc?

### Softball

1. Games will be played on Freshman Field (FF) and Track Field (TF) starting promptly at 4:00 and 5:15. We are forced to play two games on each field each day. Games called at 4:00 will have to stop at the last full inning before 5:15.

2. Official rules will be used, except the game will be five innings, no cleated shoes are permissible. Three full innings constitute a game in case of rain.

3. Rained out games will be scheduled on Friday when possible and at the close of the regular schedule before the double elimination series between the four section winners in each league.

(Continued on Page 10)

# Wolfpack In Twin Meeting With Ohio

By M. WEBBER

Unsuccessful in their first two outings against Indiana and Wake Forest, Coach Vic Sorrell's Wolfpack Baseball Team will meet the strong Bobcat nine of Ohio University today and tomorrow, in an attempt to gain their first win of the young season.

### Lose Opener to Hoosiers

In the season opener against Indiana, the Pack was beaten 9-7, and against Wake Forest in the traditional Easter Monday game, the Pack suffered their second defeat 6-2.

In the first two games, Coach Sorrell's team was hampered by the loss of Pepper Martin with a sore arm, and Eddie Morris who was up in New York with the basketball team. Morris has since reported for practice, and will probably start at first base, with Captain Don Cheek being shifted to the outfield. Martin's arm is still in bad shape, and it is still doubtful as to whether he will be at the hot corner come this afternoon.

### Lack of Hitting

Hampered by sloppy fielding and lack of hitting with men on bases, has slowed the Wolfpack down considerably. In the Wake Forest game, the Pack managed to get men on second and third with none out, and to load the bases with none out, and each time they failed to score. The eight errors committed by the Pack more than spoiled the five hit pitching job turned in by

Lewis, Smith and Beane. Smith held the Deacs hitless during his pitching stint, but he was bothered by wildness.

Coach Bob Wren's Bobcats have also been bothered by lack of fielding in their early games against Michigan State, Elon and Lenoir Rhyne. Gene Hughes, the Bobcats big first baseman has been the leading batsman during the trip through the South.

Rod Andrew, Shelly Swank, Joe Kovach and Glen Hursey will share the mound duty for Ohio University, and Johnny Biskup and Johnny Turk will do the receiving.

### Experienced Infield

Coach Vic Sorrell's starting infield will have either Pepper Martin or Bryant at third, Uzzle at short, Brinson at second, and either Cheek or Morris at first.

In the outfield will be George Thomson, Horbelt and Fuscoe, who had three for four against the Demon Deacons.

Behind the plate will be McGillis, and on the mound will be either Lewis or Smith.

Both games are slated for Dev-ereux Meadow, with today's game slated for 3:30 p.m.

### Faculty Men Promoted In Various Schools

Promotion of 25 State College faculty members was announced last week by Chancellor J. W. Harrelson.

Staff members who were advanced to higher rank represent the various schools and divisions comprising the college. The promotions have been approved by the trustees of the Consolidated University.

The list of promotions:

R. J. Monroe, from the rank of assistant professor to associate professor in statistics; N. C. Teter, from assistant professor to associate professor in agricultural engineering; D. S. Grosch, from assistant professor to associate professor in zoology.

T. L. Quay, from assistant professor to associate professor in zoology; W. C. Gregory, from associate professor to professor in agronomy; N. S. Hall, from associate professor to professor in agronomy; C. N. Clayton, from associate professor to professor in biological sciences.

D. E. Ellis, from associate professor to professor in botany; Paul O. Richter, from research associate professor to research professor in entomology; Henry K. Townes, from research associate professor to research professor in entomology; J. A. Weybrew, from research

### Syme Dorm Leads In Close Race With Becton For Intramural Trophy; Berry Close Behind

By BILL GEILER

As we launch into another intramural season, we would like to look back on a few of the highlights of the past quarter. In basket ball it was Welch who took the honors. In swimming it was Turlington No. 2 and in boxing Becton No. 1 walked off with the honors. A word must also be said for Berry dorm who took the table tennis title. A few new stars were born and a few of last term stars had to take a back seat. As for the dorms, Syme No. 1 took over the lead in points but they are closely followed by Becton No. 1 and Berry. Here is the way the top five teams stand in the point totals to date:

Syme No. 1 579½; Becton No. 1 573; Berry 550; Welch 523½; West Haven 523.

It looks like a close finish right down to the wire.

In the fore mentioned events the all-dorm and all-campus selections were as follows:

#### Basketball

- All-Dormitory**
- B. D. Barr ..... Syme No. 1
  - R. N. Jones ..... Syme No. 1
  - J. Moore ..... Welch
  - R. F. Smith ..... Turl. No. 2
  - F. Schrum ..... Tucker No. 2
- All-Campus**
- Christian ..... PKA
  - D. Spencer ..... PKA
  - R. Loffin ..... Sig Chi
  - B. D. Barr ..... Syme No. 1
  - J. Moore ..... Welch
  - R. N. Jones ..... Syme No. 1

#### Swimming

- All-Dormitory**
- Twyford, Welch, 25 yd. F.S.
  - Deal, Turl. No. 2, 50 yd. Br.
  - Castor, Tucker No. 2, 100 yd. F.S.
  - Greenberger, Becton No. 1, 50 yd.

Back S.

- Parker, Turl. No. 2, Diving
- Pippenger, Deal, Parker, Turl. No. 2, 150 yd. Medley

#### Boxing

- All-Dormitory**
- Zolfagari, Berry, 125 lb. class
  - Lancaster, Turl. No. 1, 135 lb. class
  - Dobbins, Becton No. 1, 145 lb. class
  - Jochum, Owen No. 1, 155 lb. class
  - Thomas, Tucker No. 1, 165 lb. class
  - Alley, Becton No. 1, 175 lb. class
  - Haas, Verville, Unl. class

#### Table Tennis

- All-Campus**
- Plemmons B., P.K.P.
  - Strange, P.K.P.
  - Colle, F., Berry
  - Southerland, W., Spme No. 2

There you have them. Stars one and all in their own right with that little extra something that makes them stand out. Here's hoping that we may add a few more names to this list in this new term.

Speaking about this term we have some real live competition coming up in the four major sports we are going to carry this quarter. Of course leading the parade we have softball. Becton with flinging Charley Harrell back should prove to repeat the victory they took last year. Welch, Syme No. 1, and Berry should give them a real fight for it with an unknown number of dark horses that may show at any time. As for tennis, track, and horse-shoes it is anybody's guess.

The only sport to get underway this week will be softball and here is the schedule.

- April 2
- Syme No. 1 vs. Becton No. 2, 4:00 P.F.
  - Becton No. 1 vs. Owen No. 2, 4:00 T.F.

### OPEN FORUM—

(Continued from Page 5)

aspects, the "Grain-to-India" resolution can but do good for us should we want to think in terms of a power struggle. The Indian people would be favorably impressed with new sources of food and cannot fail to recognize the U. S. as the contributor.

In a recent letter to the editor, the right of the Council of Campus Government to act on such a resolution was questioned. In the first place, the resolution as passed did not bear the endorsement of the entire student body, but that of the Council. If the Campus Government had deemed it wise to table or defeat the resolution, it was their privilege. Furthermore, has it ever been the policy of the Campus Government to forward all such matters to the whole student body for adoption? For example, State College membership in NSA? the teacher rating program?

Favorable replies from Sen. Clyde R. Hoey, Rep. Thurmond Chatham, and others indicate the interest of Congressmen in knowing the feeling of the public on local, national, and international programs. I maintain that every individual and group has a right to its own opinion on "Grain-to-India" resolutions or otherwise, but let us not assume a pseudo-neutrality. Let us learn that life is larger than ourselves.

Sincerely,  
Charles R. Pugh.

Berry vs. Alex No. 1, 5:15 F.F.  
Welch vs. Verville, 5:15 T.F.

- April 4
- Alex. No. 2 vs. Bagwell No. 2, 5:15 F.F.
  - Tucker No. 2 vs. Bagwell No. 1, 5:15 T.F.
  - Turl. No. 2 vs. Owen No. 1, 4:00 F.F.
  - West Haven vs. Syme No. 2, 4:00 T.F.

Well that is the way they will stack up for the first week of the new term unless old man weather takes a hand. Here's wishing luck to all the teams for a successful campaign in the spring term.

**Pou Appointed**

Appointment of James F. Pou of Charlotte as assistant director of foundations at North Carolina State College is announced here by L. L. Ray, foundations director at the institution.

Pou, now manager of the Building Division of the Carolinas Branch of Associated General Contractors of America, Inc., will begin his duties at the college on April 1.

He will be associated with Director Ray, who is in charge of the administration of six major foundations supporting teaching, research, and extension functions of State College.

These organizations are the North Carolina Agricultural Foundation, Inc., the North Carolina Architectural Foundation, Inc., the North Carolina Dairy Foundation, Inc., the North Carolina Engineering Foundation, Inc., the North Carolina Textile Foundation, Inc., and the North Carolina State College Foundation, Inc.

**YMCA NOMINATIONS**

sign. Included are exhibits of designs, drawings, and models of architecture and landscape architecture plans.

Open house in industrial arts and in the psychology clinic will be observed in the School of Education. Included are exhibits and demonstrations in various fields, such as woodworking, ceramics, metalworking, radio and electricity, and the graphic arts.

The 19th annual Engineers' Exposition will be featured in the School of Engineering. There will be exhibits and demonstrations of the work done in all the major engineering branches: geology; electrical engineering; ceramics; mechanical engineering (with air option); industrial engineering; civil engineering; physics; chemical engineering; engineering research; and for the first time Diesel engineering.

Tours of the Richlands Creek Farm Forest and to the Wood Products Laboratory will be offered by the School of Forestry. At the Richlands Creek Farm Forest, the planting, spacing, and grazing

plots will be visited. At the Wood Products Laboratory, there will be demonstrations of veneer manufacturing, gluing, sawmilling, kiln drying, and preservative treatment.

Textiles open house will be observed in the School of Textiles. A one-hour and a two-hour tour of the School of Textiles are planned, with exhibits and demonstrations of planning and processing fabrics from the raw materials (cotton, wool, and synthetics) to the finished products.

**STUDY COURSES—**

(Continued from Page 1)

them are: use of time; actual procedures in getting an assignment; reading skills; study conditions; preparing for and taking examinations; and concentration and motivation.

**JOHNNY MILLER —**

(Continued from Page 8)

**Track**

1. Frat Prelims, Wednesday, April 18—Dorm Prelims, Tuesday, April 17. Frat-Dorm Finals Wednesday, May 2. (The time will be announced later.)

2. The events: 100 yd.; ¼ mile; 12 lb. shot; discus; high jump; broad jump; medley relay team of three men, running 880 yd.—440 yd.—100 yd.

3. Each organization may enter two men in an event, but no individual can enter more than two events and relay.

4. All Athletic Directors will meet at the Gym at 7:00 the night before his Prelims. He should bring his entry list so heats can be arranged. No additions will be permitted at a later date; however, substitutions can be made in the office up to noon of the day of your prelims.

**Open Table Tennis Tourney**

1. An open Table Tennis Tourney will be held about April 23. Any student or faculty are eligible to enter.

2. Entries should be made in the P. E. Office or on the Basement Bulletin Board before April 20.

3. A trophy will be awarded the winner.
